CITY & COUNTY OF CARDIFF COUNCIL CYNGOR SIR A DINAS CAERDYDD

AGENDA ITEM 9

POLICY REVIEW & PERFORMANCE SCRUTINY COMMITTEE

4 November 2014

CORRESPONDENCE – INFORMATION REPORT

Background

1. Following Committee meetings, the Chair writes a letter to the relevant Cabinet Member or senior officer, summing up the Committee's comments, concerns and recommendations regarding the issues considered during that meeting. The letter usually asks for a response from the Cabinet Member to any recommendations made and sometimes requests further information.

Issues

2. A copy of the Correspondence Monitoring Sheet detailing the Committee's correspondence and those responses received is attached at **Appendix A**. For ease of reference, the lines of those letters to which the Committee has received a full response and where no actions are left outstanding have now been removed from the document. Where new information has been added since the Committee last considered a correspondence report, this information is highlighted in **bold**. Attached to this report are copies of recent correspondence.

1 July 2014 meeting

3. The Committee received an update on the Council's Property at this meeting. The Chair's letter is attached at **Appendix B**; the response is attached at **Appendix C**.

Draft Property Strategy

4. A letter from the Chair to the Leader regarding the Draft Property Strategy is attached at **Appendix D**. A copy of the Cabinet Member's response is attached at **Appendix E**.

30 September 2014 meeting

- 5. The Committee considered the Council's Communications at this meeting. A copy of the Chair's letter is attached at **Appendix F.**
- 6. The Committee also considered the response to the Committee's Inquiry regarding Public Engagement with Scrutiny at this meeting. A copy of the Chair's letter is attached at **Appendix G.**

Legal Implications

7. The Scrutiny Committee is empowered to enquire, consider, review and recommend but not to make policy decisions. As the recommendations in this report are to consider and review matters there are no direct legal implications. However, legal implications may arise if and when the matters under review are implemented with or without any modifications. Any report with recommendations for decision that goes to Cabinet/Council will set out any legal implications arising from those recommendations. All decisions taken by or on behalf of the Council must (a) be within the legal powers of the Council; (b) comply with any procedural requirement imposed by law; (c) be within the powers of the body or person exercising powers on behalf of the Council; (d) be undertaken in accordance with the procedural requirements imposed by the Council e.g. Scrutiny Procedure Rules; (e) be fully and properly informed; (f) be properly motivated; (g) be taken having regard to the Council's fiduciary duty to its taxpayers; and (h) be reasonable and proper in all the circumstances.

Financial Implications

8. The Scrutiny Committee is empowered to enquire, consider, review and recommend but not to make policy decisions. As the recommendations in this report are to consider and review matters there are no direct financial implications at this stage in relation to any of the work programme. However, financial implications may arise if and when the matters under review are implemented with or without any modifications. Any report with recommendations for decision that goes to Cabinet/Council will set out any financial implications arising from those recommendations.

Recommendation

The Committee is recommended to note the content of the letters attached to this report and decide whether it wishes to take any further actions, or request any further information.

MARIE ROSENTHAL

County Clerk and Monitoring Officer 29 October 2014

Committee	Committee item	Recipient	Comments/Information requested	Response date	Response	Further Actions

01/07/2014	Property Update	Leader (Cllr Bale), Cabinet Member Corporate Services & Performance (Cllr Hinchey)	- expressed its disappointment that the Property Paving report had not been made available despite considerable	received 07/10/2014)	The response stated that it had been decided that the proposed Paving Report would not provide enough detail to warrant a report to Cabinet, so the intention was to take the full report to Cabinet in October and would be available for scrutiny on 30th September. The Investment Review will report in late October. Although maximising the potential of the assets is essential, the Council's approach will be holistic. A list of investment properties was provided, but lease and rental agreements were deemed to be commercially sensitive. Officers were working with their counterparts elsewhere and this would be used to inform the Property Strategy. Two reports regarding the Hubs would be taken to Cabinet in the autumn and the Property Strategy would also address the initiative.	None
02/09/2014	WAO Corporate Assessment	Leader (Clir Bale)	Committee: - welcomed the early opportunity to consider the Assessment which enables issues to be built into the Committee's work programme; - noted the Leader's receptive stance to the report; - noted how many issues raised had previously been highlighted by the Committee - workforce planning, achievability of budget savings, asset management - but recognised that steps had been taken to address some of these already; - noted that the WAO will follow up on progress in summer 2015, so will carry out interim scrutiny of the Organisational Development programme at December and March Committee meetings; - anticipates scrutinising the Property Strategy at its 30 September 2014 meeting and the methodology for the Cardiff Debate at its 4 November 2014 meeting; - noted the issues for Scrutiny itself to address and will consider scrutiny improvement under the Organisational Development programme; - noted the negative impact which WAO found managerial and Cabinet changes had brought and anticipated that this would be taken into account as the Council planned any further restructures - asked to be engage with before any such changes are made.	Not yet received		
	Reforming Local Government White Paper	Leader (Clir Bale)	Committee: - emphasised that Cardiff's position as Capital City should not be lost; - recommend that the Cabinet's proposed response is presented to Council for debate and approval prior to submission on 1 October; - requested that the additional Welsh Government guidance regarding voluntary mergers is forwarded.	Not yet received		

Committee date	Committee item	Recipient	Comments/Information requested	Response date	Response	Further Actions
02/09/2014	Qtr 1 2014/15 Performance	Cabinet Member for Corporate Services & Performance (Cllr		Not yet received		
02/09/2014	Challenge Forum	Corporate Services	Committee: - agreed that the Forum could be a powerful mechanism for encouraging real changes in performance and welcomed its initially focus on Education and Children Services; - requested Forum members to attend Committee to brief them on their work and aid their scrutiny of relevant issues (performance and Organisational Development); - requested written updates on the Forum's future work and recommendations, to be reported to other Committees as relevant; - requested more notice of future meetings to ensure the Chair's attendance	Not yet received		
30/09/2014	Property Strategy	Leader (Cllr Bale)	The Chair: - expressed his disappointment that there had been a further delay in presenting the draft Property Strategy to Committee; - highlighted the importance which the WAO had placed on the Council's management of its assets; - further expressed his disappointment that he had only been informed of the delay on the morning of the publication of Committee papers.		Cllr Hinchey responded stating that officers needed a little more time to prepare the report, so he had decided to postpone it to November Cabinet and that he would be happy to bring it to the Committee's 4 November meeting. The Strategy will now cover the investment portfolio. There will also be further opportunities to consider the Annual Asset Management plan.	None.
30/09/2014	Communications & Capital Times	Leader (CIIr Bale)	On Communications, Committee: - Recognised the steps which had been taken to respond to the WLGA Peer Review and APSE report - Recommended that social media should be used in a more appealing way; - Acknowledged that there is some way to go in improving employee engagement, albeit that steps have been taken; - Recommended that more efforts are made to ensure staff without access to ICT and frontline staff are engaged with; - Recommended improvements to communication with members to ensure that they are able to communicate effectively with communities effectively - Requested a full copy of the APSE report.			

Committee date	Committee item	Recipient	Comments/Information requested	Response date	Response	Further Actions
			On Capital Times, the Committee: - Expressed congratulations to the team for the levels of income achieved by the paper; - Was reassured that the Cabinet Member ruled out a wholly online publication in future; - Could see positive aspects to returning to 12 printed editions in terms of accessibility and its good reputation; - Asked for further information to inform further budget scrutiny: numbers of unique hits on the web editions; the full costs of published version including journalists' time; the costs of publishing statutory notices elsewhere; - Recommended that the Capital Times should be developed into a more effective engagement tool for more serious issues such as the WAO Corporate Assessment and the Budget; - Recommended that the Capital Times should be monitored to avoid suggestions of political bias.			
30/09/2014	Scrutiny Inquiry response		Committee: - welcomed the positive response to the Inquiry; - noted that there is still some way to go in increasing public engagement with scrutiny and hoped that Scrutiny would be able to tap in to the Council's holistic approach; - noted that modern.gov should be operational in December, but emphasised that those who don't or prefer not to use ICT should not be forgotten; - recommended that more cost effective ways of increasing engagement should be experimented with; - recommended using Cardiff Debate and community events to engage with the public; - recommended that more should be done to communicate the outcome of scrutiny; - was supportive of the proposal to trial webcasting of the Budget Scrutiny meetings.

POLICY REVIEW & PERFORMANCE SCRUTINY COMMITTEE 1 July 2014 Property Update

Thank you for attending the Policy Review and Performance Scrutiny Committee to brief the Committee on progress with developing a Property Strategy.

The Committee was disappointed that the Property Paving report which had been scheduled for this meeting was not available in time for the Committee to scrutinise it, although we understood from the Director for Economic Development that it will now be presented to the Cabinet at its July meeting as planned. You will recall that the Committee has highlighted on numerous occasions the urgency with which this issue should be addressed. You made it clear that a Property Strategy will be presented to the Cabinet in October at the latest, so the Committee therefore wishes to have the opportunity to consider this in pre-decision at its 30 September 2014 meeting. We were grateful for your reassurance that you will ensure that there is sufficient time on the Cabinet's agenda for this important issue.

We were informed at the meeting that the non-operational, or 'investment', estate will be subject to a separate report, once an externally commissioned review of the estate is completed. We will therefore schedule a separate scrutiny to consider this in detail, so please confirm an appropriate timescale.

In terms of the information given at this meeting, the Committee largely welcomes the vision for the Council's estate, in terms of rationalisation; developing more effective public sector collaboration around property; and making sure the estate is fit for purpose and more accessible. However, we would like to reiterate our previous recommendation that the Council's approach to the management of its estate should take into account not only cost effectiveness and potential income, but must address how the estate can meet the community, social and environmental needs of citizens. Members were in agreement that the objectives set out in officers' presentation did not fully convey that the cost effectiveness of the estate is only one of several guiding principles in decisions regarding the Council's property. The definition of cost effectiveness must be dependent on the estate being fit for its identified community purpose. We recommend that community needs are given the prominence both in the Paving report and the Strategy.

The aims contained within officers' presentation referred to the vision of creating a network of Community Hubs across the city, centred on secondary schools. Committee discussed the seeming uncertainty around the future of the Community Hubs programme. We ask that you and Cabinet colleagues ensure that a way forward is decided as soon as possible and that it is clearly conveyed to the public, to provide reassurance for communities. An overarching Hubs Strategy is also needed as soon as possible.

Members also recommend that our asset management plan should take a medium to long term view of the estate, rather than taking a short-term annual point of view, again to ensure more public certainty.

There were two points about which Members requested further information and we would be grateful if this could be forwarded: a list of the Council's non operational/investment properties, including details of the leasing and rental agreements to which they are subject. We also asked for more details of what other Councils are doing in terms of asset planning. When the Committee considered the non-operational property review in April 2013, officers stated that work was ongoing to explore our performance in comparison with the Core Cities and that clear performance indicators must be developed for our estate. This was something that the Committee very much welcomed at the time and we look forward to the results of this work

Thank you again for attending the Committee meeting. As there are recommendations and requests for information included in this letter, we would be grateful for a formal response. I look forward to seeing you at Committee again after the summer break.

Yours sincerely,

COUNCILLOR NIGEL HOWELLS
CHAIR, POLICY REVIEW AND PERFORMANCE SCRUTINY COMMITTEE

Dyddiad / Date:

2nd September 2014

Councillor Nigel Howells **Cardiff County Council** Atlantic Wharf Cardiff **CF10 4UW**

Annwyl / Dear Nigel,

Thank you for your letter and for inviting us to the Policy Review & Performance Scrutiny Committee of 1 July 2014. The work of the committee is incredibly valuable and is very much appreciated. Officers continue to work on the development of the Property Strategy, and your views and suggestions will be considered and incorporated in the development of the final report.

Whilst work had been undertaken to develop the Property Paving Report, it was considered that it would not provide enough detail to warrant a report to Cabinet at this stage. Subsequently, the intention is that a full report will now be presented to the October Cabinet. We will ask officers to speak with the Council's scrutiny team to ensure this report is also considered at your 30 September meeting.

In terms of the Leader's portfolio responsibilities in this area, specifically the review of the non-operational estate, a brief has been developed seeking specialist property advice. It is anticipated a draft report of this work will be provided by late September, with a final report in October. As part of the brief, consideration will be given to the potential for our estate to generate additional income or capital receipts and/or to support the regeneration of communities. It will also consider the most appropriate management models to support the successful delivery of these outcomes. Given the scale of the financial challenges faced by the Council it is essential we maximise the potential of our assets to support better outcomes for our citizens and communities. Rest assured, however, the Council's approach will take a holistic approach - not focusing solely on cost effectiveness - and will also look at how we can support community, social and environmental needs.

ATEBWCH I / PLEASE REPLY TO:

Leader's Office, Room 525, County Hall, Atlantic Wharf, Cardiff CF10 4UW Tel (029) 2087 2500 Fax (029) 2087 2599

We attach a list of council owned non-operational and investment properties as requested. Officers have informed me, however, that details of rents and lease terms are commercially sensitive and confidential and as such cannot be included. We are happy though to raise with officers any strategic level questions you may have on rent values and lease agreements.

I am also aware of the work within other portfolios relating to property, including the Community Development, Co-Operative and Social Enterprise portfolio. We also note your comments regarding the Community Hubs programme and the need to take a medium to long-term view of the estate. Two reports will also be taken to Cabinet in September outlining plans for hubs in Llandaff North and Splott. We will also make sure these initiatives are addressed as part of the forthcoming Property Strategy.

With regard to getting a better understanding of how we compare with Core Cities, officers are meeting and speaking with colleagues from other cities and will be including the knowledge gained from these meetings as part of the Property Strategy, including improvements to current arrangements for benchmarking and monitoring performance. As part of our review of the non-operational estate, we will also seek to gauge best practice from the Core Cities. Interestingly, the corporate property manager will shortly be meeting his counterparts from the other three UK capital cities, and this will provide an invaluable opportunity to compare property management best practice and to consider working more closely together in future to develop a common approach to the management of our property assets.

Thank you again for your letter and the time and support of the Policy Review & Performance Scrutiny Committee. If you require any further information please let me know.

Yn gywir, Yours sincerely,

Councillor Phil Bale City of Cardiff Council County Hall Cardiff CF10 4UW

County Hall Cardiff, CF10 4UW Tel: (029) 2087 2087

Neuadd y Sir Caerdydd, CF10 4UW Ffôn: (029) 2087 2088

Dear Councillor Bale.

POLICY REVIEW & PERFORMANCE SCRUTINY COMMITTEE 30 September 2014 Draft Property Strategy

I am writing to express my great disappointment as Chair of Policy Review and Performance Scrutiny Committee that there has been a further delay in presenting the Draft Property Strategy to the Committee.

You will be aware from your time on the Committee that we have been waiting some considerable time for the opportunity to scrutinise the Draft Strategy. The importance which we have placed on the Council's management of its assets in the challenging budgetary situation faced by the Council, has only been echoed by the findings of the Wales Audit Office Corporate Assessment. The Auditor General concluded that 'the Council is not managing its land and property assets well', having commented in previous years that progress has stalled.

Last week's report to Cabinet presenting the Corporate Assessment set out a timetable for further Audit Office work with the Council, including a milestone to check progress on the strategic approach to property management in November 2014. The Cabinet and senior officers have on several occasions assured the Committee that this work is progressing with urgency. We have left flexibility in our agenda for 18 months in order to scrutinise the issue. You last attended on 1 July 2014 and confirmed that the Draft Strategy would be presented to Cabinet at the latest in October 2014 and would be available for pre-decision scrutiny. I am concerned that if this issue slips any further, the Council will not be able to present the Audit Office with sufficient evidence of progress in this area in November.

I was informed of this delay on the morning of the publication of the Committee's agenda and papers. This has led to considerable disruption to the Committee's meeting next week. You will recall that the Wales Audit Office advised strongly that Scrutiny agenda management in terms of the number of Committee items should be improved. The need to defer items in this way has a considerable impact on the Committee's workload. Pre-decision scrutiny of the Draft Property Strategy will now necessitate either a lengthy agenda of up to six significant items at the Committee's 4 November 2014 meeting, or the calling of a special meeting. I'm sure you will appreciate Members' commitment to scrutinising the many important issues which

the City is facing and anticipate that you and your Cabinet will help us in doing so in future.

I would be grateful for your swift response to the points raised above, to my letter dated 8 July on the same subject, and for your assurance that there will be no further delays in presenting the Draft Strategy to the Committee.

Yours sincerely,

COUNCILLOR NIGEL HOWELLS

Dear Councillor Howells

Policy Review & Performance Scrutiny Committee - 30 September 2014 Draft Property Strategy

In response to your letter regarding the Property Strategy and the short delay in presenting this report to Scrutiny and to Cabinet, I am advised by officers that they require a little more time to complete the work and I have therefore decided to take this report to Cabinet in November.

As I am sure you will appreciate, the Cabinet is more than aware of the WAO context and the important role that property has in supporting organisational development, and therefore I believe it is imperative that we provide officers with the additional few weeks they have requested to ensure we get it right. It will also allow the current on-going work to review the Council's Investment Estate to be completed and we will be able to incorporate this work within the Property Strategy.

I remain committed to the scrutiny process and given that your letter recognises the strategic importance of the Property Strategy I would hope you can find room on your 04th November agenda to receive this item and to contribute to the process before it is considered by Cabinet.

Moreover, there will be a need for on-going engagement with the Scrutiny Committee as the Property Strategy will set a framework for managing the Council estate which will need to be followed up on an annual basis by Corporate Asset Management plans which will define the specific actions that will need to be taken to deliver the objectives of the Strategy.

I hope this clarifies matters and I look forward to discussing the Strategy with you and your colleagues in a few weeks time.

PLEASE REPLY TO / ATEBWCH I: Cabinet Support Office / Swyddfa Cymorth Y Cabinet,

Dear Councillor Bale.

POLICY REVIEW & PERFORMANCE SCRUTINY COMMITTEE 30 September 2014 – Communications and Capital Times

Please pass the Committee's thanks to the Deputy Leader for attending Committee to represent you, and to your officers for the assistance they provided at the last Policy Review and Performance Scrutiny Committee meeting.

Communications

The Committee welcomed the opportunity to scrutinise the draft Communications Strategy and to consider the results of the APSE Review of the Council's Communications and Media function. We recognise the efforts which have been taken to respond to the WLGA Peer Review and the APSE Review, in more clearly setting out the Council's vision and in communicating with citizens through the Cardiff Debate (which we look forward to scrutinising in depth at our next meeting). In addition to this we would like to recommend that more thought is given to using social media in an appealing way; Members feel that at times our Twitter feed in particular can be quite dry.

It is evident that there is still some way to go in terms of engaging effectively with our employees from Members' conversations with constituents, albeit that some improvements have been made. Discussions at Committee focussed on how best to ensure that those without access to ICT are able to participate. We noted that the Chief Executive has made efforts to visit frontline employees by holding staff roadshows at various locations and recommend that more are scheduled. We also believe that due emphasis is placed by managers on the quality of interactions with their employees.

The Committee believes that communication with Members needs to be considerably improved. The Members' Newsletter and Diary do not inform Members about significant issues in a way that enables them to engage with communities meaningfully. We recommend that this issue is addressed as soon as possible.

The County Clerk and Monitoring Officer offered to provide the Committee with the full APSE Review of the Council's Communication function, on a confidential basis. We would be grateful if this could be arranged in order to inform future scrutinies.

Capital Times

In terms of the Capital Times, Members were surprised by the levels of income which the paper has achieved historically. The Committee would be grateful if you would pass on Members' thanks and congratulations to those officers who have worked so hard to bring in quite substantial levels of advertising income and have made it a trusted source of information in the city.

The County Clerk and Monitoring Officer set out several options for the paper's future, including moving to a weekly digital newsletter or returning to twelve printed editions. We were reassured to hear from Councillor Lent that wholly online distribution is not likely, as we feel that this may exclude sections of the community who do not, or prefer not to, access ICT. The Committee could see several positive aspects to reinstating the full twelve printed editions of the Capital Times: the largely good reputation which it has with its readership and the likelihood that the the online version may not be the best way to communicate with hard to hear communities, for example. In order to facilitate our scrutiny of any pertinent budget proposals in February, we would be grateful for further information in terms of number of unique hits which the online editions of the Capital Times have received. Members also asked for a breakdown of those costs not reflected in the £19,000 per printed edition. such as the journalists' time, and for details of the costs of publishing statutory notices elsewhere. If it could be proved that the income would cover the costs of producing additional printed editions of the paper, we would in principle be supportive of a return to twelve editions.

The Committee strongly recommend that the Capital Times is developed to be a more effective tool for communicating openly and honestly with the citizens of Cardiff regarding the more challenging issues facing the Council and the City. It seems a pity that the Wales Audit Office's Corporate Assessment was not covered, for example, in order to open a conversation with communities about how the Council can improve. Given its distribution, the Capital Times should also be a key tool in engaging the public in difficult budget decisions.

There was considerable discussion at the meeting regarding the need to ensure that the Capital Times is balanced and avoids all suggestion that it shows bias towards the Cabinet or ruling group. The Committee recommends that, as discussed at the meeting, the monitoring of Capital Times content is reinstated to ensure that political balance is definite.

Many thanks again to those who attended the meeting and I look forward to your response to the comments and recommendations above.

Yours sincerely,

COUNCILLOR NIGEL HOWELLS

Dear Councillor De'Ath,

POLICY REVIEW & PERFORMANCE SCRUTINY COMMITTEE 30 September 2014 - Public Engagement with Scrutiny Inquiry response

On behalf of the Committee, many thanks to you and your officers for attending Committee to present the combined response to the Committee's Inquiry regarding public engagement with Scrutiny. We welcome the positive response to the Inquiry's recommendations.

Having considered the progress which has been made to date in increasing public awareness of and engagement with Scrutiny, it is obvious that there is still some way to go. The Committee recommends that a holistic approach is taken, to consider the Council's whole mechanism for engagement. Scrutiny should be able to tap into that overall approach, rather than running along separate, parallel lines, particularly given resource restraints.

We welcome the acquisition of modern gov and hope that it will indeed make information about Scrutiny more accessible to the general public once it is operational in December. However, this Committee has always emphasised that we should not forget those citizens who do not have access to, or prefer not to use, ICT as their primary method of contact with the Council. We agree that Ward Councillors are vital in bringing their expertise and knowledge of local matters to decisionmaking. The Committee also recommends that the Council is proactive in employing more inventive and cost-effective ways of involving the public in what Scrutiny does. Members suggested trialling calls for evidence via social media or the Capital Times several months in advance of Committee items. We could also benefit from community events and Cardiff Debate sessions to promote Scrutiny and gain citizens' views within communities, rather than expecting communities to come to us. We would hope that some relatively economical methods could be found for engaging the public and generating enthusiasm about the democratic process, if we are happy to experiment, review and adjust our practices. Members further recommend that more is done to report the outcome of Scrutiny, closing the feedback loop, perhaps via the Capital Times or the Scrutiny webpages.

The Committee noted your proposal that it may be useful to trial webcasting of Scrutiny Committee meetings by holding the next Budget Scrutiny meetings by using the existing equipment in the Council Chamber. The Committee was supportive of this idea, assuming that the pilot is fully assessed in terms of its effectiveness before any longer-term or more costly arrangements are put in place.

We would be grateful for response to the comments and recommendations above and thank you again for attending the meeting.

Yours sincerely,

COUNCILLOR NIGEL HOWELLS
