What sort of tomorrow will our children and young people face?

- What forces are shaping the world we live in?
 - How can we prepare children and young people to deal with the unpredictability of the future?
- How can we foster creativity and resilience to enable them to respond to whatever the future may bring?
 - In a rapidly growing city, which is ethnically and culturally diverse, what will it mean to be a citizen of Cardiff?

'Successful Futures' review of the curriculum in Wales

February 2015

Four Key Purposes:

- Ambitious, capable learners who are ready to learn throughout their lives.
- Enterprising, creative contributors who are ready to play a full part in life and work.
- Ethical, informed citizens who are ready to be citizens of Wales and the world.
- Healthy, confident individuals who are ready to lead fulfilling lives as valued members of society.
