**CYNGOR CAERDYDD  
CARDIFF COUNCIL**

**COUNCIL:**

**30 JANUARY 2020**

## **AMENDMENT SHEET**

**ITEM 6: TRANSPORT WHITE paper: CARDIFF'S TRANSPORT VISION - 2030**

### **REFERENCE BACK**

Proposed by: Councillor Adrian Robson

Seconded by: Councillor Shaun Jenkins

Council notes legal advice that the White paper has already been agreed by Cabinet, as the decision maker, and is going to Council at the request of the Cabinet for noting and therefore cannot be amended.

Council therefore refers the Transportation white paper to Cabinet for the following reasons:

- *To welcome the much needed and overdue proposed transport infrastructure improvements contained in the white paper, in particular expanding on the Metro plans, tram-train routes and stations.*
- *To amend the white paper to explicitly guarantee that any congestion charge (or similar) would only be investigated after all infrastructure improvements are implemented. Resources, such as officer time and expense will be used towards transport infrastructure improvements.*
- *To amend the white paper that Cardiff residents will be exempt should any congestion charge (or similar) be explored after all the infrastructure improvements are completed – and that in the event of Welsh Government overruling Council's decision, the boundary of any congestion charge (or similar) zone will follow the Cardiff municipal boundary.*
