### 38 Application for the Approval of the Fitting of Roof Mounted Dual Sided LCD Advertising on TX4 Hackney Carriage Vehicles

The Committee was advised that an application had been received from Eyetease Limited for approval to fit roof mounted dual sided LCD advertising screens to TX4 Hackney Carriage vehicles. The Eyetease system had been approved for use by Transport for London.

Member of the Committee considered the report. Members felt that the Committee had discussed LCD roof mounted advertising at length in the past and had approved its use in principle, albeit for a different LCD system. The Committee considered that the Head of Regulatory Services should be granted delegated authority to approve similar applications in future.

RESOLVED – That:

- (1) The application made by Eyetease Limited in respect of the iTaxitop roof top illuminated signs on TX4 Hackney Carriage Vehicles be approved;
- (2) The Head of Regulatory Services be authorised on behalf of the City of Cardiff Council to approve roof top advertising signs for use on hackney carriage vehicles.

The meeting terminated at 10.45 am
