ECONOMY & CULTURE SCRUTINY COMMITTEE

14 JANUARY 2016

Present: County Councillor McKerlich(Chairperson)
County Councillors Dilwar Ali, Howells, Hyde, Stubbs and
Weaver

50 : APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillors Javed and Govier, Councillor Ed Stubbs advised that he would be late due to work commitments.

51 : DECLARATIONS OF INTEREST

No declarations of interest were received.

52 : MINUTES

The Minutes of the meeting of the Economy and Culture Scrutiny Committee held on 3 December 2015 were agreed as a correct record subject to the inclusion of Councillor Hyde's apologies and signed by the Chairperson.

53 : SUMMER READING CHALLENGE

The Chairperson welcomed Councillor Bradbury, Cabinet Member Community Development, Co-Operatives and Social Enterprise, Sarah McGill Director Communities, Housing & Customer Services, Isabelle Bignall Assistant Director Customer Services and Nicola Richards Central Library Manager to the meeting.

The Chairperson invited the Cabinet Member to make a statement in which he said that the previous year had been another successful one and the presentation to follow would demonstrate that.

Members were provided with a presentation on Summer Reading Challenge which included key issues such as: Overview, Consistency of service, Strategy, The Launch, The Programme, Summer Reading Challenge goes digital, Partnership working, The Results, Promotional events, Authority Performance, Qualitative Assessment (including case study) and The Big Friendly Read – Summer Reading Challenge 2016/17.

The Chairperson thanked Officers for their presentation and invited questions and comments from Members:

- Members noted it had been an excellent year and were happy that the stretched target of 70% was staying. With regards to school promotional events, Members asked if there was anything more that Members could be doing to help, as many Members sit on School Governing Bodies. Officers accepted the offer of help and noted that the challenge had reached a plateau with regards to numbers; Officers would contact Members in due course.

- Members stated that Llandaff North and Fairwater libraries were due to close for refurbishment and asked how this would affect the numbers of children able to take part in the challenge. Officers advised that they have a travelling library to go to these areas and that when Grangetown and Roath libraries closed for the same reason there had only been a decline in numbers of 400.
- Members asked for further information on the Budget and whether it was under any threat. Officers advised that the Summer Reading Challenge had a separate budget provided by the Reading Agency and that it was not under any threat; Officers also added that the challenge brings in lots of support from the local business community.
- Members asked if there was any spin off from the challenge such as parents being encouraged to listen to their children read. Officers stated that this had happened in last years challenge particularly with the traveller community. The Central Library Manager stated that parents are also encouraged when they bring their children to the library and listen to the professional story tellers; the Cabinet Member added that library rhyme and story times also involve parents reading.

The Chairperson thanked the Cabinet Member, officers and other witnesses for attending the meeting, giving their presentations and statements and for answering Members questions.

AGREED – That the Chairperson writes on the Committee’s behalf to the Cabinet Member to convey their comments and observations.

54 : ADULT COMMUNITY LEARNING - 2014/15 RESULTS

Sarah McGill (Director – Communities, Housing & Customer Services, Isabelle Bignall (Assistant Director – Customer Services) and John Agnew (Corporate Customer Services Manager)

Members were advised that Councillor De’Ath Cabinet Member for Skills, Safety & Engagement was currently on paternity leave so was unable to attend for this item.

Members were provided with a presentation on Adult Community Learning (ACL) Performance Data 2014/15, which included information on: ACL Partnership Success Rates; Performance Data – Progress Against Partnership Targets for 2014/15 and Factors Contributing to Results.

The Chairperson thanked Officers for their presentation and invited questions and comments from Members:

- Members asked if the numbers of students had increased. Officers advised that there had been a dip in numbers due to the increase in enrolment fees and the fact that information on the courses wasn’t reaching the people it should; Officers now work with Communities First more closely to reach people and to understand outcomes and benefits. The option to enrol and pay online has also been introduced and now numbers were increasing by approximately 10% term on term.

- Members sought further information on online enrolment and the ESOL courses. Members were advised that around 30% of students use the online enrolment option and that it was not mandatory. Members were further advised that ESOL provision is run by Cardiff & The Vale College and they are working on bringing waiting lists down and increasing funding. Officers noted that Committee had previously suggested Cardiff & Vale College be invited to attend a future meeting to provide information on Life in the UK/UK Passport and that this would be progressed.
- Members asked how the YMCA had such high target success rates. Officers advised that the YMCA results were national Results and added that people using the YMCA facilities are obliged to complete the courses.
- Members noted that the Authority's target was lower than Cardiff & Vale College; Officers stated that the target was based on a national comparator for the previous year and that that 87% statistics had been checked and verified by Welsh Government. Members considered it would be useful to see the numbers behind the percentages for comparison purposes.
- Members asked why the target percentage was low (72%) in 2012/13. Officers explained that in 2011/12 it had been an historic poor performance and was at 45.7%, the responsibility was then given to Sarah McGill's Directorate and processes were put in place to remedy the poor performance such as splitting programmes to measure the differences in North and South Cardiff, Leisure Courses/Communities First Courses; Certification being awarded across the board; Better management of the service; Improved performance of staff and Accreditation after each module. It was also noted that there had been both General Fund and Grant provision for ACL.

The Chairperson thanked the Cabinet Member, officers and other witnesses for attending the meeting, giving their presentations and statements and for answering Members questions.

AGREED – That the Chairperson writes on the Committee's behalf to the Cabinet Member to convey their comments and observations

55 : 2016/17 BUDGET PROPOSALS - FOR CONSULTATION

The Chairperson advised that statements would be given by organisations and stakeholders of groups affected by the 2016/17 Budget Proposals – for Consultation. The Organisations/Stakeholders attending Committee were Artesmundi, The Riverside Banner Project and What Next?Cardiff.

The Chairperson welcomed Andrea Heath, Rehana Nadeem and Kensi Hayaan of the Riverside Banner Project to the meeting and invited them to make their presentation to Committee. They were joined by Richard Berry of WAWA Ltd. Many points were made and are summarised as follows:

- Cuts to the Arts would be detrimental to the City, there is a particular case for Cultural Arts as it is less physical than other art forms;
- A budget of £62k is provided by the Council, which funds 14 projects. In 2015/16 almost 1000 people, 9000 participations and 29000 people have seen the work produced in exhibitions and programmes;
- Cultural project grants are only open in Communities First Areas, they were introduced at time of cuts as a new community model aimed to target those in need in deprived areas, any further cuts would be disastrous.
- Cultural schemes guarantee grant funding into Community First Areas, match funding is then sourced; almost doubling the value of the Council contribution.
- Cultural Schemes encourage local people to integrate with their community;
- Programmes are designed specifically for protected characteristics such as Ethnic Minority Women and Older People, their loss would have a huge impact for equality;
- Riverside Banner Project is a platform for the community to come together with all generations sharing their skills & cultures;
- It gives a voice to the minorities, an expression of identity, provides community cohesion, provide culturally appropriate venues and encourages non traditional audiences;
- Students from low income families who take part in Art are three times more likely to get a degree as it is proven to improve numeracy, literacy, health, wellbeing and self esteem;
- Riverside Banner Project provides employment for 4 people;
- A £5k project had brought in £9k in fees and contributions, there are benefits and longevity from the all the interchanging as all projects cross and all gain exponentially.

The Chairperson thanked witnesses for the presentation to the Committee and invited questions and comments from Members:

- Members asked whether the Project had applied for the Neighbourhood Partnership Grant and were advised that they had been in receipt of a Neighbourhood Partnership Grant for the last few years.
- Members were concerned that a project that has such positive effects on mental health and isolation and that could provide women only classes could be under threat of budget cuts, it could potentially save a lot of money whilst only saving a small amount.
- Members asked if classes provided by the Project could be accessed elsewhere and were advised that there were classes available for women in the community but they tended to be more structured classes such as learning English.
- Members were interested to find out what schemes/projects were potentially being left uncut and to what expense to those facing potential cuts.
- Members noted the positive effects that Arts can have on peoples lives and improve quality of lives; Members also noted that the Authority was facing unprecedented cuts and that decisions needed to be made. Members

commended the work undertaken by the project and the spin offs and collaborations that have also come from it.

The Chairperson thanked witnesses for answering Members questions and accepted Councillor Peter Bradbury Cabinet Member Community Development, Co-Operatives and Social Enterprise and Roger Hopwood Arts and Theatre Manager's request to address the Committee having observed from the public gallery.

Councillor Bradbury stated that many tricky decisions would need to be made. He added that he has listened to the presentation and questions and would feed them back to Cabinet colleagues and get a response to Scrutiny. He explained that the Arts Active programme would be expected to be delivered by the new operator for the Alternative Delivery Model (ADM) at St David's Hall.

Members were advised that Roger Hopwood would send a breakdown of the whole budget line to Committee Members and also that the £453k will be tied up in the ADM at St David's Hall.

The Cabinet Member stated that St David's Hall and the New Theatre were being kept open in very challenging times; the Council was continuing lots of projects including the Cultural Centre at Western High, Being involved in the Roald Dahl centenary; the Cabinet Member has written to the Culture Minister regarding Cardiff being culturally important and supporting local groups and helping them to find grants from other sources.

Councillor Bradbury apologised he was unable to remain to hear the remaining two stakeholders presentations.

The Chairperson welcomed Carl Grainger and Karen Mackinnon of Artesmundi to the meeting.

Members were provided with a presentation which included information on Visitor satisfaction metrics, National and International Profile, Economic Impact, Creating a stronger community, The Importance of Cardiff's Investment and Consequences.

The Chairperson thanked witnesses for the presentation to Committee and invited questions and comments from Members:

- Members asked how much the Welsh Government contributes through the Arts Council and were advised that the contribution was £140k per year, this was up for review and the proposal for 2016/17 would be announced in March.
- Members noted that other Cities had previously been interested in Artesmundi and asked whether they had been approached. Members were advised that there were no negotiations going on at all and that they had no interest in leaving Cardiff, however they would need to look other projects as they don't have a venue and work in partnerships.
- Members asked if there was any lottery funding available and were advised that they received lottery funding via the Arts Council for Wales, this has been used for specific projects such as outreach work. It was added that match

funding still needed to be found as the Arts Council for Wales provided 70% maximum for any project.

- Members asked for further information on the leverage on Cardiff's funding. Members were advised that it was approximately 10/1 and that the £80k of Cardiff meant a turnover of £900k.
- Members asked if there were any other grants obtained specifically match funded to Cardiff's input. Members were advised that the £80k funding over two years from Cardiff was unrestricted funding used for sub projects that could then apply for match funding.
- With regards to Economic Benefit, Members asked whether there had been any discussions with local hoteliers and businesses who benefit from the large number of visitors to the City, for potential investment. Members were advised that this was just starting they were looking at ways of trading, it was complicated as they are a registered charity and being a trader means a risk of loss.

The Chairperson thanked witnesses for answering Members questions.

The Chairperson welcomed Laura Drane and Mathew Talfan of What Next? Cardiff to the meeting.

Members were provided with a presentation by Laura Drane and Mathew Talfan and the following points were made:

- It was recognised that there was a tough financial settlement, which has come on top of other hard settlements.
- Arts and Culture had a positive effect on health and wellbeing,
- How a vibrant arts scene attracts businesses, visitors and students;
- Leverage was stated as being £1b investment leading to £250b outturn;
- Arts and Culture impacts on regeneration,
- It has positive economic impact and creates a brand abroad;
- Arts makes real and valuable connections with people the city and the region, it binds Cardiff together and connects Cardiff to the world.
- Art has a wider impact on the Cardiff brand and affects the profile and credibility of Cardiff;
- It was important to show that Cardiff has something distinct to offer to be a liveable city, to be cultural, interesting, with an exceptional quality of life, where citizens can grow and develop on all levels and engage with the wider world.
- Cuts threatens to undermine all this, there needs to be an ongoing dialogue and a whole strategy to help the City in the longterm.

The Chairperson thanked witnesses for their presentation and invited questions and comments from Members:

- Members stated that Councils don't forget the value of such movements but budgets are cut further and further. Members noted the key point made regarding working with the cultural sector in a long term way. It would be helpful for long term working to know which cuts were fatal and which would slow down schemes.

- Members asked if any other local authority examples could be provided. Members were advised that Bristol has signed up to a memorandum of understanding to Arts England and Manchester had a commitment to Arts and Culture.
- Members noted that Cardiff was in competition with other cities to be a liveable city and asked what damage the cuts would cause. Members were advised that the cuts would effect participants, individual artists, community groups, arts buildings and that the ecology of the arts is very complex so the damage would be felt.
- Members asked how Arts benefit other parts of the public sector services provided by the Council. Members were advised that there had been research undertaken by Kings College London on the benefits of Arts, such as community cohesion, health and wellbeing, raising educational attainment/attendance/behaviour and a positive effect on social care.

The Chairperson thanked the Cabinet Member, officers and other witnesses for attending the meeting, giving their presentations and statements and for answering Members questions.

AGREED – That the Chairperson writes on the Committee’s behalf to the Cabinet Member to convey their comments and observations

**CITY AND COUNTY OF CARDIFF
DINAS A SIR CAERDYDD**

ECONOMY & CULTURE SCRUTINY COMMITTEE

15 FEBRUARY 2016

**DRAFT CORPORATE PLAN 2016–2018 AND BUDGET PROPOSALS
2016/17**

Reason for the Report

1. To provide Members with context for the scrutiny of those sections of the Council's draft *Corporate Plan 2016 - 2018* and draft *Cabinet 2016/17 Budget Proposals* that relate to the Portfolios and Directorates falling within the remit of this Committee.

Background

2. The Council's constitution allows for all Scrutiny Committees to scrutinise the draft budget proposals prior to their consideration by Full Council. The Committee's consideration of the budget will allow Members to feed its comments or recommendations to the Cabinet when it considers the draft budget proposals on 18 February 2016. The proposals will then be presented to Full Council on 25 February 2016.
3. The scope of the scrutiny is as follows:
 - The relevant sections of the *Corporate Plan 2016 - 18*, in terms of aims & priorities, actions and monitoring of implementation of these;
 - The relevant Budgetary Proposals in terms of their alignment with the *Corporate Plan* – to test whether they support delivery of the aims and priorities detailed in the *Corporate Plan*; and
 - The relevant Budgetary Proposals in terms of potential impact on service delivery, service users and citizens of Cardiff.

Structure of the papers

4. Attached to this report are a series of appendices which will aid Members in their scrutiny of the budget proposals:

Appendix A	Draft Corporate Plan 2016 – 2018;
Appendix B	Post Consultation Changes, includes: <ul style="list-style-type: none">- Summary of Post consultation changes- Post consultation changes – Financial Resilience Mechanisms and Additional Pressures- Schedule of amended 2016/17 savings proposals
Appendix C	2016/17 Savings Proposals Overview
Appendix D1	City Operations Directorate Savings Proposals
Appendix D2	Communities, Housing and Customer Services Directorate Savings Proposals
Appendix D3	Economic Development Directorate Savings Proposals
Appendix E	Financial Pressure 2016/17
Appendix F	Capital Programme 2016/17 – 2020/21
Appendix G	Employee Implications of Budget
Appendix H1	City Operations Directorate Budgetary Analysis
Appendix H2	Communities, Housing and Customer Services Budgetary Analysis
Appendix H3	Economic Development Budgetary Analysis
Appendix I	Changes for Cardiff Consultation – Executive Summary

5. Throughout the appendices, the following colour coding is used:

Shaded pink – City Operations Directorate proposals, which all fall within this Committee’s terms of reference.

Shaded yellow - Communities, Housing and Customer Service Directorate proposals that fall within this Committee’s terms of reference;

Shaded green – Economic Development Directorate proposals that fall within this Committee’s terms of reference;

The lines that are greyed out in these documents fall under another Scrutiny Committee's terms of reference and will be scrutinised by them accordingly.

Structure of Meeting

6. The meeting will be structured by Directorate, with Cabinet Members and officers invited to attend the Committee and present their sections of the Corporate Plan and Cabinet Budget Proposals 2016/17 that fall under their area of responsibility.

The meeting will be structured as follows:

- Financial Overview and final Welsh Government settlement;
- Economic Development;
- City Operations;
- Communities, Housing & Customer Services.

7. The following Cabinet Members and officers have been invited to attend the Committee Meeting to present their relevant sections of the Corporate Plan and Draft Budget Proposals, and to answer Members' questions:

- Cllr Graham Hinchey – Cabinet Member, Corporate Services & Performance;
- Christine Salter – Corporate Director, Resources;
- Ed Janes - Principal Research and Consultation Officer
- Cllr Peter Bradbury – Cabinet Member, Community, Development, Co-operatives & Social Enterprise;
- Cllr Phil Bale – Leader, Economic Development & Partnerships;
- Neil Hanratty – Director, Economic Development;
- Cllr Bob Derbyshire – Cabinet Member, Environment;
- Andrew Gregory – Director, City Operations
- Cllr Dan De'Ath – Cabinet Member, Skills, Safety & Engagement
- Sarah McGill – Director, Communities, Housing & Customer Services;

8. Cllr Graham Hinchey, Christine Salter and Ed Janes have been invited to open the meeting with an overview of the final Welsh Government settlement and the Councils finances and to discuss relevant feedback from the Changes for Cardiff Consultation.

Summary of Draft Corporate Plan 2016 – 18

9. The draft Corporate Plan, attached as **Appendix A**, sets out the aspirations for the Council for the next three years. It sets out how the Council will to deliver the vision of ‘becoming Europe’s most liveable capital city.’ Seven shared outcomes are identified that need to be achieved if Cardiff is to achieve this vision. These are:

- People in Cardiff are Safe and Feel Safe;
- People Achieve their Full Potential;
- Cardiff has a Prosperous Economy;
- Cardiff is Fair, Just and Inclusive;
- People in Cardiff are Healthy;
- Cardiff is Clean and Sustainable;
- Cardiff is a Great Place to Live Work and Play.

10. The Administration has identified four priorities. These are intended to will help to prioritise services, and inform the difficult decisions that have to be made. The priorities are:

- Better Education and Skills for All;
- Supporting Vulnerable People;
- Creating more jobs and better paid jobs; and
- Working together to transform services

11. Targets for 2016/17 are shown under each of the Improvement Objectives detailed in the draft Corporate Plan 2016 -18, under the heading ‘Measuring Progress’. The Plan confirms that each Directorate will publish a Delivery Plan which will provide greater detail on how objectives contained in the Plan will be

delivered. The Corporate Plan, Directorate Delivery Plans and Organisational Development Plan will together shape dialogue with external stakeholders.

12. The Plan (page 8) clearly sets out the level of financial challenge facing the Administration, Council and City, coupled with the demographic pressures creating additional need. The Administration commits itself to working closely with staff and trades unions in maintaining strong and effective services during a time of austerity and uncertainty.
13. Commenting on last year's Corporate Plan 2015-17, the Wales Audit Office noted that "the Council had made a step change in improving the quality of its 2015-16 Improvement Plan when compared to the previous year."¹
14. This Cover Report considers the sections of the Corporate Plan 2016-2018 and Budget Proposals 2016/17 relevant to this Committee terms of reference. This is split by directorate and will highlight the priorities and improvement objectives (paragraph 27 onwards).

Previous Committee Scrutiny of the Corporate Plan

15. Each year this Committee considers a final draft of the Corporate Plan at its February meeting, alongside the draft Budget Proposals. During its scrutiny of the 2015-17 draft Corporate Plan in February 2015, the Committee made the following comments and recommendations:
 - Members welcomed news that the Great Western Cities partnership would be complimentary to the Cardiff City Region plans, rather than creating any form of conflict.
 - Members raised concerns that plans for the Multipurpose Arena appeared somewhat vague despite having been discussed for many years
 - Members saw the logic in creating a critical mass of Council services within a central location through a City Centre Superhub, however felt strongly that the building must retain its identity as a library.

¹ WAO Cardiff Council Annual Improvement Report 2014-15 (August 2015)

Summary of Budgetary Position

16. As at 12 February 2016, the Council finds itself with a funding shortfall of approximately £33,128 million for 2016/17 (before savings or Council Tax increase). The shortfall comprises of:

BUDGETARY GAP:-	£000
Resources Available	572,816
Resources Required	605,944
TOTAL GAP – to be found from Savings and Council Tax	33,128

17. The budgetary gap has decreased from the forecast gap of £45.6 million in December 2015. This is largely due to the Welsh Government provisional settlement resulting in an additional £11.56 Million for Cardiff Council, compared to the amount estimated for the Budget consultation as at December 2015. Due to the timings of the UK Government Comprehensive Spending Review, the Welsh Government Final Settlement to local authorities is not due to be announced until 9 March 2016.

18. The resources available comprise £572,816 and are made up as follows:

Resources Available	£000
AEF – Aggregate External Finance	426,285
Council Tax (at nil increase)	144,461
Use of Reserves to support the budget	2,070
TOTAL GAP	572,816

19. The Provisional Settlement, coupled with consideration of the responses to the consultation undertaken on draft proposals, has led to revised proposals. A summary of the Post Consultation Changes is shown at **Appendix B**, and includes:

- Summary of Post consultation changes – £14.095 million
- Post consultation changes further details – Financial Resilience Mechanisms and Additional Pressures– £4,971 million.

- Schedule of amended 2016/17 savings proposals (post consultation) – £2,833 million

20. Overall savings proposals have been identified, as shown in **Appendix C**, as follows:

Funded by:-	£000
Directorate Savings	20,344
Council Wide Savings	2,895
Addressable Spend Savings	5,596
TOTAL SAVINGS	28,835
Net Income from Council Tax	4,293
Total from Savings and Council Tax	33,128

21. In terms of the Directorate savings proposals of **£20,344** million:

- **£5,326 million** are savings from **employee costs**;
- **£9,850 million** are saving from **other spend**;
- **£3,923 million** from increased **income**; and
- **£1,245 million** is to be confirmed.

22. To enable the Committee to understand the prioritisation of proposed consultation savings across Directorates, the table below sets out the level of savings proposals as a percentage of overall consultation budgets for each Directorate:

Total Savings	Employee Costs £000	Other Spend £000	Income £000	TBC	Total £000	% of Total
City Operations	1,820	3,013	1,903	850	7,586	37.29 %
Communities Housing & Customer Services	465	188	606	0	1,259	6.19 %
Corporate Management	54	253	0	0	307	1.51 %
Economic Development	273	263	355	395	1,286	6.32 %

Education and Lifelong Learning	1,249	1,580	245	0	3,074	15.11 %
Governance and Legal Services	50	10	65	0	125	0.62 %
Resources	780	313	749	0	1,842	9.05 %
Social Services	635	4,230	0	0	4,865	23.91 %
TOTAL	5,326	9,850	3,923	1,245	20,344	100 %

23. Details of the Directorate Savings Proposals are shown at **Appendices D1, D2 and D3**. These proposals provide risk analysis information in terms of residual risk, achievability and Equality Impact Assessment. Where a screening identifies a red or red/amber risk a full Equality Impact Assessment is undertaken. Members can view these at: <https://www.cardiff.gov.uk/ENG/Your-Council/Council-finance/Council-Budget/2016-17/Pages/Equality-Impact-Assessment-Budget-2016-17.aspx>

Financial Pressures 2016-17

24. **Appendix E** shows the Financial Pressures identified for 2016/17, these total to £2.233m. None of these Financial Pressures fall within the remit of this Committee's Terms of Reference.

Council Capital Programme 2015/16 to 2019/20

25. The 2016/17 budget outlines capital expenditure proposals of **£414.443 million** for the financial years 2016/17 to 2020/21, of which £114.329 million is earmarked for 2016/17. The full Capital Programme 2016/17 - 2020/21 can be found at **Appendix F**, with the schemes relevant to this Committee highlighted according to the following colour scheme:

Shaded pink – City Operations Directorate

Shaded yellow - Communities, Housing and Customer Service Directorate

Shaded green – Economic Development Directorate

Directorate Budgetary Analysis

26. The Directorate Budgetary Analysis sheets attached at **Appendix H1, H2 and H3**, and provide current year information by service divisions within the Directorates. Each line is coded alphabetically (on the far left) and the letters correspond to the 'cross-reference' column on the Savings Proposals spreadsheet.

Economic Development Directorate

Corporate Plan 2016-18

27. Cllr Phil Bale (Leader, Economic Development & Partnerships) and Cllr Peter Bradbury (Cabinet Member, Community Development, Co-Operatives and Social Enterprise) will be in attendance and will be invited to give a short statement on the sections of the *Corporate Plan* relevant to their Cabinet Portfolio, the Budget proposals for Consultation, and any key information raised through the Cardiff Debate consultation exercise. He will be joined by Director of Economic Development Neil Hanratty who will provide a presentation on the Corporate Plan, Budget Proposals and Consultation Results for the Sport, Leisure & Culture Directorate relevant to the Committee's terms of reference.

Priority 3 – Creating more jobs and better paid jobs (Page 26 of Appendix A)

28. The *Corporate Plan*'s third priority is "Creating more jobs and better paid jobs". The Plan states;

Increasing the number and quality of jobs is essential to improving the quality of life for people in the city and wider region. The Council is therefore committed to helping create the conditions that will enable businesses to succeed, for attracting high quality investment and for more and better jobs to be created in the city.

Working closely with the business community and other public and third sector organisations – in the city, across the wider city-region, nationally and internationally - will be essential in creating the right environment to deliver sustainable economic development.

[...]

Economic success in the knowledge economy is dependent on growing, attracting and keeping talented people, and so quality of life is becoming as

important as the quality of job opportunity on offer. As Cardiff grows its development will need to be managed in a sustainable, resilient and inclusive way if the city is to retain its high quality of life, with a particular focus on achieving a modal shift towards sustainable travel.

29. This Priority has three outcomes that the Council wishes to achieve:

- 3.1. Cardiff has more employment opportunities and higher value jobs
- 3.2. Cardiff has a high quality city environment that includes attractive public space and good supporting transport infrastructure.
- 3.3. All young people in Cardiff make a successful transition into employment, education and training.

This third objective is new for the 2016-18 Corporate Plan and was not present last years commitments.

30. In order to achieve these outcomes a number of commitments are identified, alongside the Lead Cabinet Member responsible for their delivery. Included below are commitments relevant to this Committee terms of reference:

3.1 Cardiff has more employment opportunities and higher value employment

- Facilitate growth in the Financial and Professional Service sector by working with partners to deliver 300,000 square feet of Grade A office accommodation within the Cardiff Central Enterprise Zone by March 2018
Lead Cabinet Member - Cllr Phil Bale
- Deliver with partners a proposal to Central Government for a City Deal for Cardiff by March 2017, along with a subsequent programme for delivery
Lead Cabinet Member - Cllr Phil Bale
- Implement a delivery strategy for regeneration of the city centre including progressing a planning application for a Multi-Purpose Arena by March 2017
Lead Cabinet Member - Cllr Phil Bale

- Work with Cardiff University to deliver the masterplan for the Civic Centre heritage quarter including a detailed options appraisal for City Hall by March 2017

Lead Cabinet Member - Cllr Phil Bale

- Develop Cardiff Bay as a creative industries cluster including a plan for the regeneration of the Mount Stuart Square heritage quarter and the continued development of the Cardiff Bay waterfront by March 2017

Lead Cabinet Member - Cllr Phil Bale

- Continue the development of the International Sports Village as a major leisure destination including a review of the plan for the waterfront site by March 2017

Lead Cabinet Member - Cllr Phil Bale

3.2 Cardiff has a high quality city environment that includes attractive public space and good supporting transport infrastructure.

The commitments given for this Improvement objective do not directly link to the Committee terms of reference; however the following will have an inevitable impact in terms of economic growth and regeneration in Cardiff and the wider Capital City Region:

- Work with partners to design and deliver a new transport interchange - including a new bus station - as part of a high quality gateway into the city by December 2017

Lead Cabinet Member – Cllr Ramesh Patel

- Support Welsh Government and other stakeholders in the formulation of proposals to develop the Cardiff City Region Metro

Lead Cabinet Member – Cllr Ramesh Patel

The merits of these commitments will be tested by the Environmental Scrutiny Committee as these are predominantly Transport initiatives.

3.3 All young people in Cardiff make a successful transition into employment, education and training.

Again, many of the commitments here fall under the responsibility of the Children and Young People Scrutiny Committee. The following commitment is however relevant to this Committee:

- Enhance the range of opportunities for young people to develop employability skills and secure employment in Cardiff

Lead Cabinet Member – Cllr Phil Bale

31. Members have the opportunity to scrutinise the above Projects and initiatives and the outcome measures contained within the draft *Plan*, to test their synergy with budgetary proposals.

Draft Budget Proposals and Capital Programme

32. This section of the report provides the Committee with an opportunity to consider the draft Cabinet budget proposals for the Economic Development Directorate and their alignment to the sections of the *Corporate Plan* 2016 - 2018 which relate to this Committee's terms of reference. The proposals contain four key documents which are appended to this report:

- **Appendix D3: Directorate Budget Savings Proposal Summary** – This table provides a detailed analysis of the budget savings proposed for the Economic Development Directorate, also shown is the risk analysis for each proposal. The proposals falling within the terms of reference of this Committee are shaded **green**.

The savings proposals within this Committee's terms of reference total to £867,000, and cover the following areas:

- Economic Development Income – Line 68 - £88,000
- Economic Development Revenue Budget – Line 74 - £51,000
- Cardiff Business Council – Line 75 - £120,000
- Tourism Income – Line 79 - £33,000
- Arts Venues and Arts Active – Line 82 - £430,000
- Cardiff Contemporary Project Budget – Line 85 - £50,000

- Function rationalisation – Line 86 - £95,000.

These savings are broken down into the following categories:

Category	Saving
Employee costs	£95,000
Other	£256,000
Income	£121,000
TBC	£395,000
Total	£867,000

- **Appendix G: Employee Implications of Budget** – This table provides a summary of the impact on posts across the Council. The employee implications of savings proposals within Economic Development are highlighted **green** (line 20). In total these amount to 3.00 full time equivalent posts.
- **Appendix B: Schedule of Amended 2016/17 Savings Proposals** – This table (on page 4) provides a list of those proposals that have been amended or removed following the Changes for Cardiff Consultation exercise. The following proposals have been amended (highlighted **green**) ;
 - **Reduced Service in Tourism - £47,000** – Proposal removed
 - **Reduce Arts Grants to Organisations - £68,000** – Proposal removed
 - **Remove Arts Grants to Artes Mundi – £20,000** – Proposal removed
 - **Remove Budget for Cardiff Signer of the World - £36,000** – Proposal removed
 - **Cease Cardiff Contemporary Initiative - £37,000** – Proposal removed
- **Appendix F: Capital Programme 2016/17 – 2020/21** – Highlighted in **green** are the proposed projects that fall under the Economic Development Directorate:
 - Ongoing Schemes – Lines 24, 25, 26, 39 and 44
Cardiff Capital Fund /S4C - £75,000
Central Square - Integrated Transport Hub - £20,000,000

- Central Square - Public Realm - £8,620,000
- New Theatre – Priority Works - £95,000
- St David’s Hall – Priority Works - £267,000
- Additional Borrowing – Line 71
- Cardiff Enterprise Zone - £15,000,000

Previous Scrutiny of Proposals

33. Following the approval of the 2016/17 Budget Proposals – For Consultation by The City of Cardiff Council’s Cabinet on Thursday 10 December 2015, this Committee has received representations from affected stakeholder groups at its meeting on 14 January 2016. The focus of these representations was the proposed savings in relation to arts and culture. Following this item, the Committee agreed to write to Cllr Bradbury, Cabinet Member (Community, Development, Co-operatives & Social Enterprise) with a number of observations and recommendations. These are summarised below:

- Members recognise that hard decisions must be made as to where required savings will be found, and as such, do not feel able to demand that all proposed cuts to the arts be removed. Members would, however, be disappointed if the full level of proposed savings from the arts was accepted in light of a more favourable settlement from the Welsh Government.
- Members stressed that the impact of each proposal should be considered individually, and combined as a collective contribution to the Arts in Cardiff.
- Members sought reassurances that arts funding decisions are underpinned with an assessment of the impact these proposals would have on the organisations involved, and the groups accessing their services.
- Members recognise the need for a strategic approach to the Council working with the Arts Community, or a clear vision from the Council with respect to Arts and Culture in the city.
- Members sought assurances that the savings proposals from the Arts were discussed within the Cultural Conversation forum established by the Leader.
- Members recognise that some events, such as Cardiff Singer of the World and Antes Mundi are highly mobile and could be hosted in many other major UK cities. Members fear that if funding from Cardiff Council is removed they

may look to relocate to another city that is willing to provide this finance.
With this in mind Members stress the need to assess the full impact of all the cuts being proposed.

34. As noted in **Appendix B**, following the Changes for Cardiff Consultation, four proposals relating to Arts and Culture funding were removed from the 2016/17 Budget Proposals.

Equality Impact Assessments

35. As noted in paragraph 23, all savings proposals provide risk analysis information in terms of residual risk, achievability and Equality Impact Assessment. Where a screening identifies a red or red/amber risk a full Equality Impact Assessment is undertaken. The following proposals were subject to a full Equality Impact Assessment, and can be accessed via the links provided. It is important to note that some of the proposals given were removed, as shown in **Appendix B**.

- Reduce Arts Grants to Organisations

City Operations Directorate

Corporate Plan 2015-17

36. Cllr Peter Bradbury (Cabinet Member, Community, Development, Co-operatives & Social Enterprise) and Cllr Bob Derbyshire (Cabinet Member – Environment) will be in attendance and will be invited to give a short statement on the sections of the *Corporate Plan* relevant to their Cabinet Portfolio, the Budget proposals for Consultation, and any key information raised through the Cardiff Debate consultation exercise. They will be joined by Andrew Gregory who will provide a presentation on the Corporate Plan, Budget Proposals and Consultation Results for the Sport, Leisure & Culture Directorate relevant to the Committee's terms of reference.
37. The Corporate Plan recognises the importance of the Cardiff's sporting and cultural offer under the heading 'Delivering for Cardiff: Our Core Business' (**page 11 of Appendix A**). This states;

*Supporting the city's **leisure and recreational offer** not only ensures that people in Cardiff have a wide choice of physical activities, but it also helps keep people healthy and reduces the likelihood of long term health problems.*

*Cardiff has a long and successful track record of delivering **major sporting and cultural events**. Hosting **Rugby World Cup matches and the first Test match in the Ashes Cricket series in 2015**, will again demonstrate the city's capacity to deliver globally recognised events. In the next few years, the city will host the World Half Marathon, a leg of the Volvo Round the World Race and club football's biggest game – the Champions League Final.*

Cardiff has a strong cultural offer but, due to budgetary pressures, the Council needs a new model to support art and culture in the city. By working with artists and communities, art and culture are being taken out of museums and galleries and into the communities of Cardiff. It is an exciting agenda and a real demonstration of how the Council can support the Arts in the future.

Priority 3 – Creating more jobs and better paid jobs

38. As outlined above previously in paragraph 28, economic success in the knowledge economy is dependent on growing, attracting and keeping talented people, and so quality of life is becoming as important as the quality of job opportunity on offer. As Cardiff grows, its development will need to be managed in a sustainable, resilient and inclusive way if the city is to retain its high quality of life, with a particular focus on achieving a modal shift towards sustainable travel.
39. A key measure identified in the Corporate Plan (Page 30 of Plan) in order to deliver on this commitment is the Number of green flag parks and open spaces – with a target of 10 set for 2016/17.

Priority 4 – Working together to transform services

40. The Corporate Plan's fourth priority is "Working together to transform services". The Plan states;

The Council needs to fundamentally change the way it delivers services to ensure that it can provide long term sustainable services at a time of reducing budgets and increasing demand.

In order to do so, a three year Organisational Development Programme (ODP) is underway to:

- *review the shape and scope of the organisation and the way in which services are currently delivered to meet demand;*
- *enhance citizen engagement and widen opportunities for people and communities to shape services around their needs;*
- *identify delivery models that may be established to meet demand pressures and reflect budgetary realities;*
- *significantly strengthen performance management, workforce development and staff engagement arrangements;*

- *identify opportunities for further efficiency savings through better internal and external collaboration, integration of service delivery and better use of assets and infrastructures.*

41. One of the three objectives identified to achieve this priority is relevant to this Committee terms of reference;

4.1 Communities and partners are actively involved in the design, delivery and improvement of high valued services

In order to achieve this improvement objective the following is one of the commitments made:

Establish the future leisure needs of the city and develop options for alternative models for the sustainable delivery of leisure infrastructure and services by June 2016

Lead Cabinet Member – Cllr Peter Bradbury

42. Members have the opportunity to scrutinise the above Projects and initiatives and the outcome measures contained within the draft *Plan*, to test their synergy with budgetary proposals.

Draft Budget Proposals and Capital Programme

43. This section of the report provides the Committee with an opportunity to consider the draft Cabinet budget proposals for the City Operations Directorate and their alignment to the sections of the *Corporate Plan 2016 - 2018* which relate to this Committee's terms of reference. The proposals contain four key documents which are appended to this report:

- **Appendix D1: Directorate Budget Savings Proposal Summary** – This table provides a detailed analysis of the budget savings proposed for the City Operations Directorate, also shown is the risk analysis for each

proposal. The proposals falling within the terms of reference of this Committee are shaded **pink**.

The savings proposals within this Committee's terms of reference total £1,793,000, and cover the following areas:

- Canton Community Hall – Line 1 - £43,000
- Cardiff International Sports Stadium – Line 2 - £78,000
- Alternative Delivery for Leisure – Line 3 - £850,000
- Insole Court – Line 4 - £59,000
- Parks business administration – Line 6 - £24,000
- Tree Management – Line 7 - £25,000
- Parks Income – Line 8 - £41,000
- Grounds Maintenance Service – Line 9 - £450,000
- Outdoor Sports Facilities – Line 10 - £50,000
- Victoria Park Paddling Pool – Line 11 - £45,000
- Landscape Design Fees – Line 12 - £128,000.

These savings are broken down into the following categories:

Category	Saving
Employee costs	£282,000
Other	£395,000
Income	£266,000
TBC	£850,000
Total	£1,815,000

- **Appendix G: Employee Implications of Budget** – This table provides a summary of the impact on posts across the Council. The employee implications of savings proposals within City Operations Directorate are highlighted **pink** (line 15). In total these amount to 9.50 full time equivalent posts.
- **Appendix B: Schedule of Amended 2016/17 Savings Proposals** – This table (on page 4) provides a list of those proposals that have been amended

or removed following the Changes for Cardiff Consultation exercise. The following proposals have been amended (highlighted **pink**) ;

- **ADM Leisure – Reduction £150,000** – Reduced from £1m to £0.850m

- **Appendix F: Capital Programme 2016/17 – 2020/21** – Highlighted in **pink** are the proposed projects that fall under the Economic Development Directorate:
 - Ongoing Schemes – Lines 31, 36, 40 and 50
 - Eastern Leisure Centre - £1,500,000
 - Leisure Centres – Priority Works - £437,000
 - Parc Cefn Onn- £130,000
 - Water Play Park at Victoria Park - £185,000
 - Bids for New Capital Schemes – Line 60
 - Replacement of Athletics Track – Cardiff International Stadium - £500,000
 - Grant Funded Schemes – Line 66
 - Harbour Authority Grant (Welsh Government) - £1,750,000
 - New Invest to Save Bid – Line 77
 - Leisure Centres – Alternative Service Delivery - £4,000,000

Equality Impact Assessments

44. As noted in **paragraph 23**, all savings proposals provide risk analysis information in terms of residual risk, achievability and Equality Impact Assessment. Where a screening identifies a red or red/amber risk a full Equality Impact Assessment is undertaken. The following proposals were subject to a full Equality Impact Assessment, and can be accessed via the links provided. It is important to note that some of the proposals given were removed, as shown in **Appendix B**.

Communities, Housing & Customer Services Directorate

Corporate Plan

45. Cllr Daniel De'Ath (Cabinet Member – Skills, Safety & Engagement) and Cllr Peter Bradbury (Cabinet Member – Community, Development, Co-operatives & Social Enterprise) will be in attendance and will be invited to give a short statement on the sections of the *Corporate Plan* relevant to their Cabinet Portfolio, the Budget proposals for Consultation, and any key information raised through the Cardiff Debate consultation exercise. They will be joined by Sarah McGill who will provide a presentation on the Corporate Plan, Budget Proposals and Consultation Results for Communities, Housing & Customer Services relevant to the Committee's terms of reference.

Priority 1 – Better education and skills for all

46. The *Corporate Plan*'s first priority is "Better education and skills for all". Of importance to this Committee is the third improvement objective under this priority – **1.3 Adult Learners Achieve their potential**. The Plan states: "*The Council is committed to supporting those on low income. Income poverty can have a profound impact on people's aspirations. Unemployment and financial exclusion has an impact on household income as well as broader effects on the health, well-being and safety of citizens.*"

The Adult Community Learning (ACL) service offers a broad range of adult education courses that help support the citizens of Cardiff to meet their learning aspirations. It is delivered through the Cardiff and Vale Community Learning Partnership, and offers a broad range of adult education courses that help support local people to meet their learning aspiration.

By increasing the number of accredited courses delivered to priority learners and improving levels of enrolment, the Council will support adult learners to achieve their full potential.

The Council also provides Into Work Advice services in Hubs across the city, which includes hosting Job Clubs to support job seekers and providing work preparation courses.

47. In order to achieve these outcomes a number of commitments are identified, alongside the Lead Cabinet Member responsible for their delivery. Included below are commitments relevant to this Committee terms of reference:

- Increase the number of courses for priority learners in Communities First areas by March 2017 ensuring an increase in enrolment, retention and attainment, which leads to an increase in the overall success rate for learners

Lead Cabinet Member – Cllr Dan De’Ath

- By March 2017, the Into Work service will:
 - Offer taster sessions in different employment sectors
 - Hold 2 major Jobs fairs in collaboration with partner agencies
 - Hold guaranteed interview events in community buildings across the city
 - Put together an employment offer which provides sourcing, training, shortlisting and assistance in interview process to employees for organisations.

Lead Cabinet Member – Cllr Dan De’Ath

Priority 4 – Working together to transform services

48. As stated in previously in paragraph 39, the Corporate Plan’s fourth priority is “Working together to transform services”. Under this Committee’s terms of reference the work undertaken under the Libraries Strategy and Hubs Strategy will be of importance.

49. One of the three objectives identified to achieve this priority is relevant to this Committee terms of reference;

4.1 Communities and partners are actively involved in the design, delivery and improvement of high valued services

In order to achieve this improvement objective the following is one of the commitments made:

- Progress the agreed Community Hubs development programme by delivering new Hubs in:
 - Fairwater by June 2016;
 - Splott by October 2016;
 - Llanedeyrn by December 2016;
 - Llandaff North by January 2017; and
 - Agreeing plans for Llanishen and St Mellons Phase 2 Hubs by July 2016.

Lead Cabinet Member – Cllr Peter Bradbury

50. Members have the opportunity to scrutinise the above Projects and initiatives and the outcome measures contained within the draft *Plan*, to test their synergy with budgetary proposals.

Draft Budget Proposals and Capital Programme

51. This section of the report provides the Committee with an opportunity to consider the draft Cabinet budget proposals for the City Operations Directorate and their alignment to the sections of the *Corporate Plan 2016 - 2018* which relate to this Committee's terms of reference. The proposals contain four key documents which are appended to this report:

- **Appendix D2: Directorate Budget Savings Proposal Summary** –This table provides a detailed analysis of the budget savings proposed for the City Operations Directorate, also shown is the risk analysis for each proposal. The proposals falling within the terms of reference of this Committee are shaded **yellow**.

The savings proposals within this Committee's terms of reference total £429,000, and cover the following areas:

- Adult Community Learning – Line 56 - £49,000

- Libraries / Hub Strategy – Line 57 – £250,000
- Into Work Services – Line 58 - £130,000.

These savings are broken down into the following categories:

Category	Saving
Employee costs	£295,000
Other	-
Income	£134,000
TBC	-
Total	£429,000

- **Appendix G: Employee Implications of Budget** – This table provides a summary of the impact on posts across the Council. The employee implications of savings proposals within City Operations Directorate are highlighted **yellow**. In total these amount to 9.00 full time equivalent posts.
- **Appendix B: Changes since Consultation Proposals** – Following the Changes for Cardiff Consultation exercise there have been no changes made to the proposals from the Communities, Housing and Customer Services
- **Appendix F: Capital Programme 2016/17 – 2020/21** - Highlighted in **yellow** are the proposed projects that fall under the Economic Development Directorate:
 - Ongoing Schemes – Lines 45 and 46
 - St Mellons Hub - £3,320,000
 - STAR Hub - £2,019,000
 - Citizens Hubs - £1,803,000
 - Bids for New Capital Schemes – Line 55
 - Citizens Hubs - £649,000
 - Grant Funded Schemes – Line 64
 - Cymru Museum Archives and Libraries (CYMAL) - £80,000

Equality Impact Assessments

52. As noted in **paragraph 23**, all savings proposals provide risk analysis information in terms of residual risk, achievability and Equality Impact Assessment. Where a screening identifies a red or red/amber risk a full Equality Impact Assessment is undertaken. The following proposals were subject to a full Equality Impact Assessment, and can be accessed via the links provided. It is important to note that some of the proposals given were removed, as shown in **Appendix B**.

Refocusing Services from Hubs

Consultation and Engagement

53. A number of mechanisms are being used to consult and engage with citizens and stakeholders to gather their views regarding the budget proposals. These include:

- Cardiff Debate –
 - i. *Changes for Cardiff*, consisting of on line and hard copies of consultation survey re budget proposals, launched 11th December 2015 and running till 12th January 2016.
 - ii. A series of drop in events in the city centre and each neighbourhood partnership area and with representative forum for young people, 50+ fora and Access Focus Group.
- Links on the Cardiff Council website to the Council Budget, featuring links to the Cardiff Debate, a video explaining the budget position, links to the proposals, background papers, Equality Impact Assessments, details of how to have a say and the on-line survey and the timeline for the budget process².
- Engagement with Trade Unions.
- Engagement with Cardiff Partnership.
- Audit Committee.
- Cardiff Third Sector Council.
- Schools' Budget Forum.
- Employee Consultation.

54. In consultation with both the public and partners a range of ideas have been explored as to how savings and income can be maximised, although the scale of cuts required means that consideration must be given to the level of services provided, and in some instances whether the resources remain to enable them to continue. The reality of this is that to maintain or improve some services, reductions will need to be made in other areas.

55. The Cabinet report setting out the 2016/17 Budget Proposals – For Consultation, was approved on 10 December 2015, included details of the consultation and engagement used in the development and consideration of the budget

proposals. The timetable for the budget consultation process ran from the 11th December 2015 until 12th January 2016. Results have now been analysed and an Executive Summary can be found at **Appendix H**. A full copy of the consultation document is available via the Council website:

Of particular interest to the Economy and Culture Scrutiny Committee are the headline findings in relation to the arts questions (pages 6, 7 and 11 of main report), and the full results for arts and culture (pages 66 - 75 of main report). Appendix 2 also contains a log of the additional comments provided to the consultation; there are substantial comments in relation to the arts proposals (pages 28 - 36 of Appendix 2).

Way Forward

56. Officers will make a presentation on the budget position, consultation proposals, financial pressures and capital items falling within the terms of reference of this Committee. The Cabinet Members and Officers will also be available to answer questions arising from their presentations and the attached papers.

57. Following consideration of the budget proposals, presentations and answers to Member questions, the Committee may wish to provide its comments, concerns and recommendations for the Cabinet at its business meeting on 18 February 2016.

Legal Implications

58. The Scrutiny Committee is empowered to enquire, consider, review and recommend but not to make policy decisions. As the recommendations in this report are to consider and review matters there are no direct legal implications. However, legal implications may arise if and when the matters under review are implemented with or without any modifications. Any report with recommendations for decision that goes to Cabinet/Council will set out any legal implications arising from those recommendations. All decisions taken by or on behalf of the Council must (a) be within the legal powers of the Council; (b) comply with any procedural requirement imposed by law; (c) be within the powers of the body or person exercising powers on behalf of the Council; (d) be undertaken in accordance with the procedural requirements imposed by the Council e.g. Scrutiny Procedure Rules; (e) be fully and properly informed; (f) be properly motivated; (g) be taken having regard to the Council's fiduciary duty to its taxpayers; and (h) be reasonable and proper in all the circumstances.

Financial Implications

59. The Scrutiny Committee is empowered to enquire, consider, review and recommend but not to make policy decisions. As the recommendations in this report are to consider and review matters there are no direct financial implications at this stage in relation to any of the work programme. However, financial implications may arise if and when the matters under review are implemented with or without any modifications. Any report with recommendations for decision that goes to Cabinet/Council will set out any financial implications arising from those recommendations.

RECOMMENDATION

The Committee is recommended to give consideration to the information received at this meeting, and to submit any recommendations or comments to the Cabinet prior to its consideration of the final budget proposals.

Corporate Plan 2016-18

Our vision is for Cardiff to become Europe’s most liveable capital city. This Plan sets out what the Council will do to achieve that ambition, how we will do it and how we will measure our progress.

People love living in Cardiff. It’s got the capital city feel, but with a real sense of community. It’s got the benefits of a big city, but without many of the drawbacks and it is a city where having a great career or a great quality of life isn’t an ‘either/or’ question.

The recently published Liveable City Report sets out how Cardiff is performing on a wide range of issues which together make a great city. The Report takes a fascinating look at life in the city, highlighting where we are performing well, whilst also identifying where we need to improve. Overall, it paints a picture of a city that’s going places, but equally one where deep inequalities persist.

As a Council we are clear about our priorities for taking the city forward and tackling inequality:

- Better education and skills for all;
- Supporting vulnerable people;
- Creating more and better paid jobs;
- Working together to transform services.

Despite ongoing public sector austerity, we are making progress in each of these priorities.

In **education**, we have protected school funding, spending more and delegating a greater proportion of budget to schools than other Welsh local authorities. We are investing £168m to modernise our schools, and our focus on improving performance has helped GCSE results improve by 10% since 2012.

We have backed our commitment to **supporting vulnerable people**, spending around £91m on adult social services and £137m on social services. We provide over 13,000 social homes for people in most need, and have recently signed a contract to deliver another 1400 affordable homes in the city. We have worked with our partners to make 2,320 offers of accommodation to help those affected by the UK Government’s Welfare Reform programme.

We’re **creating more and better paid jobs** in the city through the regeneration of Central Square, the new bus interchange, alongside a new Local Development Plan and the proposed £1.2bn Cardiff Capital Region City Deal.

We’re making efficiencies and **transforming our services**. Our community hubs are a great example, where a number of different partners offer a range of services all under one roof. This improves access to services and helps us save money. That is why I was pleased to see three new community hubs open in Cardiff Central, Grangetown and Rumney over the last year.

In the face of increased demand for our services and rapidly reducing budgets we are delivering for the city.

I believe great cities need great public services. No matter the scale of the challenge, we are committed to delivering great public services for the people of Cardiff, and to making the capital city of Wales a great place to live and a city of opportunity for everyone, regardless of background.

Cllr Phil Bale | Leader, City of Cardiff Council

Our Vision for Cardiff:

'To be Europe's most liveable Capital City'

Being a liveable capital city means achieving seven shared outcomes

Co-operative Council: Delivering the Vision

We will be a Co-operative Council, **connected to the citizens and communities** of Cardiff

Cardiff will **connect Wales to the world** and be a **Capital city that attracts business, investment, talent and tourism**

Co-operative Values: We Are Cardiff

Our Priorities:

Delivering Our Vision

The Cabinet’s vision for Cardiff is to become **“Europe’s most liveable capital city”**.

This vision will be achieved by delivering seven outcomes which have been jointly agreed by public service and third sector partners in the city, as identified in Cardiff’s Single Integrated Plan - **“What Matters”**:

- **People in Cardiff are safe and feel safe**
- **Cardiff has a thriving and prosperous economy**
- **People in Cardiff achieve their full potential**
- **Cardiff is a great place to live, work and play**
- **People in Cardiff have a clean, attractive and sustainable environment**
- **People in Cardiff are healthy**
- **Cardiff is a fair, just and inclusive society**

The ‘Liveable City Report’ captures how the city is performing against a range of high level indicators associated with each outcome and will be published annually.

The Corporate Plan captures the Council’s contribution to delivering Cardiff’s seven

outcomes, setting out the organisation’s priorities and what will be done to deliver against these priorities. **Other city partners have an important contribution to make** and, while the Council works with many of them on a range of issues, this plan focuses on the Council’s contribution to the delivery of the seven city-wide outcomes.

It is not an expression of everything the Council does, but a statement on the strategic priorities of the organisation. Directorate Delivery Plans will provide greater detail on how objectives contained within this plan will be delivered, and will also contain details of Council activity which is not included in this Plan. Each individual employee’s contribution to Corporate & Directorate plans will be captured through the Personal Performance and Development Review process.

Statutory Requirements

This Corporate Plan meets the Council’s duty to publish an Improvement Plan and set improvement objectives in line with the requirements of the **Local Government (Wales) Measure 2009**. The Council’s improvement objectives are identified under each of our priorities.

The City of Cardiff Council also supports the aims of the **Well-being of Future Generations (Wales) Act 2015** and welcomes the move to place sustainability at the heart of decision-making in Wales. The Act identifies **national well-being goals for Wales**, towards which the City of Cardiff Council is committed to contributing. The Council and its Public Service Board partners believe delivering the well-being goals will rely on effectively coordinating all local resources as part of a whole area approach. The City of Cardiff Council’s well being objectives will therefore be the outcomes identified within the What Matters Strategy.

This approach effectively demonstrates the contribution of the Council, and the collective contribution of local organisations across Cardiff, to the national outcomes framework set by Welsh Government.

The Council is also committed to all its statutory obligations, such as the duties expressed within the Single Equality Act and the Welsh Language Standards.

“Well Being Goals”	Local Area “Well-Being Objective” (Cardiff’s 7 outcomes)	The City of Cardiff Council Priorities
A prosperous Wales	Cardiff has a thriving and prosperous economy & People in Cardiff achieve their full potential	Sustainable economic development & Education and skills for people of all ages
A resilient Wales	Cardiff is clean, sustainable and attractive	
A healthier Wales	People in Cardiff are healthy	
A more equal Wales & A globally responsible Wales	Cardiff is fair, just and inclusive	Supporting vulnerable people & Working with people and partners to design, deliver and improve services
A Wales of cohesive Communities	People in Cardiff are safe and feel safe	
A Wales of vibrant culture and thriving Welsh language	Cardiff is a great place to live, work and play	

Delivering the vision: Europe's Most Liveable Capital City

Pressures facing the city: Austerity and Growth

The Council's vision will need to be delivered against a backdrop of pronounced financial pressures and increasing demand for public services.

Between 2013 and 2034 Cardiff's population is expected to increase dramatically, with the city experiencing the biggest percentage increase in population of any major British city. This growth is a sign of success – people want to live in Cardiff. However, it will also put additional demand pressure on public services. It will mean, for example, a big increase in the number of school age children and the number of older people, which in turn will put greater pressures on a number of important council services such as schools and adult social care.

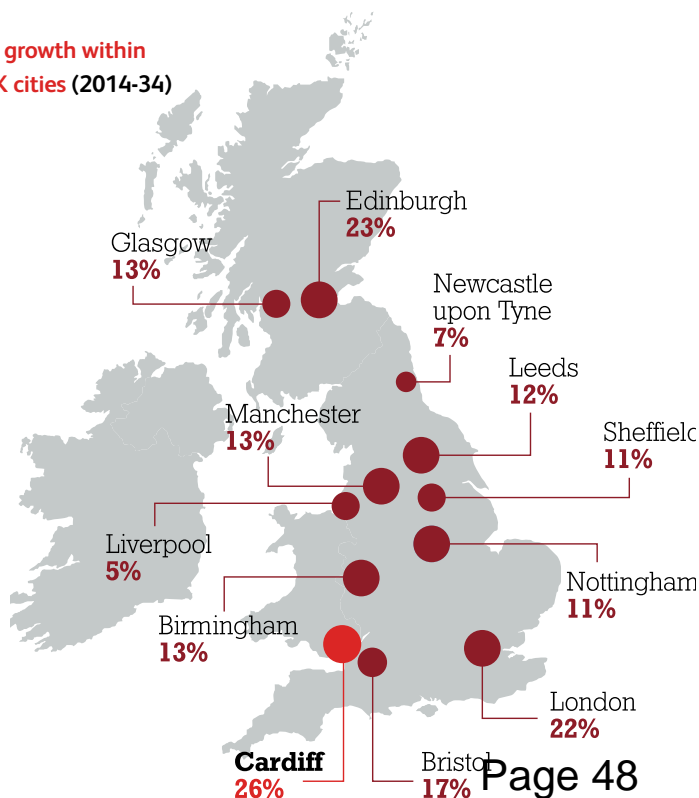

At the same time, the amount of funding available for public services is projected to continue to fall. The Council faces a budget shortfall of **£78m over the next three years**, in addition to the **£190m reduction in the budget over the past decade**. Less money means that providing the support

and services people need is becoming more difficult. These pressures are faced by other public and third sector organisations in the city as well. Over the next three years, public services across Cardiff need to save in excess of £100m each year. We must therefore guard against costs and pressures being unintentionally pushed onto other organisations or providers.

This will require close working with our partners. It will also mean that a number of difficult choices will need to be made about which services are delivered - and how they are delivered - in the future

Our Workforce

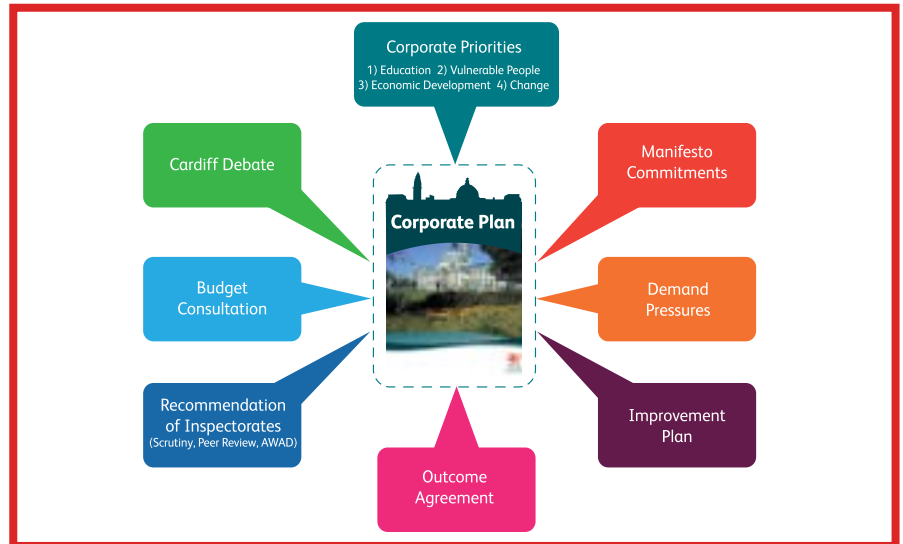

The Council believes that our workforce is our most valuable asset. Council employees are responsible for delivering services across the city and its communities every day and, in delivering this plan, the contribution of staff will be crucial.

In 2015/16 a programme of staff engagement has been underway to ensure that the organisation understands the challenges front-line staff experience in delivering service priorities, and fully considers the opportunities that they identify to improve performance. This has included Chief Executive roadshow events, where members of staff get to meet the Council's Chief Executive and discuss the Council's priorities, as well as a 'staff ambassadors' scheme which now has over 150 members.

Recognising the need to ensure staff interests are fully understood during a period of organisational change, the Council and the Trade Unions have agreed to work in partnership on a programme of reform. The agreement will see the Council's Leader, Cabinet and Trade Unions work together to reform the delivery of Council services. Key principles will include working together to provide a level of certainty for staff on major issues, to protect jobs wherever possible and to reform council services in a cost-effective manner.

Shaping the Corporate Plan

A number of factors help shape the Corporate Plan, including local priorities and the views of the citizens of Cardiff, national priorities as set by the Welsh Government, and the recommendations of inspectorates and audit bodies in relation to the Council's performance and areas for improvement. The Council is committed to openness and engagement and has been running the Cardiff Debate - an extensive programme of citizen engagement - to provide an ongoing conversation with citizens, communities and partners. The graphic below illustrates how the Council is responding to some of the feedback and themes emerging from the consultation undertaken to date:

Cardiff Debate Feedback	Responding to Community Voices

Between 11th December 2015 and 12th January 2016 the Council consulted on its draft budget.

This was a wide-reaching process including 20 Community Engagement events and a Youth Council event. The online version of the survey had 11961 views, with the accompanying video played 5294 times. In addition 5000 hard copies of the questionnaire were distributed, ensuring greater accessibility. This all contributed to 3348 completed questionnaires.

A large proportion of respondents (88.5%) recognised the crucial fact that a budget gap means there are difficult choices to be made. There was strong support for exploring new ways of working (76%) as well as increasing digitalisation of services (88.1%).

Just over 1 in 3 respondents (34.3%) said they supported the idea of community and third sector groups running more services, with a similar number (35.1%) being unsure or opposing (31%).

The difficult question of charging more for some services received a fairly positive response, with close to half (46.5%) supporting this proposal.

While the Cardiff Debate and budget consultation are just two of several elements shaping the Plan, they have helped ensure services are responsive to local need and their outcomes have been considered in the development of the Plan.

The Need to Prioritise

The City of Cardiff Council can no longer do all the things it has done in the past. With reducing funding and increasing demand, the Council must be clear about its priorities.

Our priorities:

- Better education and skills for all;
- Supporting vulnerable people;
- Creating more and better paid jobs;
- Working together to transform services.

For each priority, a limited number of improvement objectives have been established.

For each improvement objective, high level commitments and performance indicators have been chosen, and associated targets have been identified to measure progress.

To ensure there is a clear accountability for delivering each objective, a Lead Member, or in some instances Members, are identified.

Measuring Progress

The delivery of the Corporate Plan will be monitored through the Council's strengthened Performance Management Framework, including:

- Performance Challenge sessions of the Council's Senior Management Team;
- Joint Cabinet and Senior Management Team Performance Challenge meetings;
- A Challenge Forum involving Members, Senior Officers and external peer support to challenge the Council's progress against its improvement journey and delivery of the Corporate Plan.

Aligned monitoring and reporting cycles for finance and service performance information will further support this and afford far greater visibility of the Council's overall performance position – against which progress will be monitored on an ongoing basis.

› Key Terms

City Wide Outcomes

- Seven high level outcomes, which have been agreed with partners and are contained in Cardiff's Single Integrated Plan – "What Matters".
- Achieving these outcomes requires action across a range of organisations.

Council Priorities

- The Council's priorities recognise the most important areas that need to be addressed in the short to medium term.

Improvement Objectives

- For each priority 2-3 Improvement Objectives have been identified. These reflect specific areas where the Council wishes to see improvement.
- Improvement Objectives are expressed clearly and simply, to explain the future condition (or specific local outcome) we want to achieve and are therefore outcome focused improvement objectives.

Commitments

- Commitments are specific initiatives that the Council will undertake to deliver the Improvement Objectives and contribute to City Wide Outcomes

Measuring Progress

- Progress will be measured by a set of indicators.
- These will include nationally set indicators (known as NSIs and PAMs), service improvement data which is collected by local authorities across Wales, and local indicators chosen by the Council.

Delivering for Cardiff:

Our Core Business

Everyone in Cardiff uses public services and many of them are provided by the Council. It is sometimes easy to forget about all the important services that the Council delivers - every day - to people across the city.

Each year the Council **delivers over 700 services to 352,000 residents in 151,000 households**, helping to support local communities and improve the lives of local people. Many will be aware that the Council is responsible for collecting bins, cutting grass and cleaning streets, but it also provides support for older people and people with disabilities, it runs schools and manages a high quality housing stock, as well as looking after children who are in care.

The Council also ensures delivery of **leisure facilities across the city** which makes a positive impact on the health and well-being of communities. **Parks and green spaces** - which are a huge part of the city's appeal - are maintained by the Council. The Council will continue to work with

"friends groups" to make the best use of important natural assets and vital recreational areas. This is in addition to working with partners to improve community engagement and local management of green spaces and community facilities.

Supporting the city's **leisure and recreational offer** not only ensures that people in Cardiff have a wide choice of physical activities, but it also helps keep people healthy and reduces the likelihood of long term health problems.

Cardiff has a long and successful track record of delivering **major sporting events**. Hosting **Rugby World Cup matches and the first Test match in the Ashes Cricket series in 2015** again demonstrated the city's capacity to deliver globally recognised events. In the next few years, the city will host the **World Half Marathon**, a leg of the Volvo Round the World Race and club football's biggest game – the **Champions League Final**.

Cardiff has a strong cultural offer but, due to budgetary pressures, the Council needs a new model to support art and culture in the city. By working with artists and communities, art and culture are being taken out of museums and galleries and into the communities of Cardiff. It is an exciting agenda and a real demonstration of how the Council can support the Arts in the future.

As well as those living in the city, over 80,000 people commute into Cardiff every day from across the city-region. This represents over one third of the city's workforce. Keeping the city and the city-region moving is therefore a top priority. This will require planning and delivering with our neighbours across the Cardiff Capital Region.

Within the city boundaries the Council plays a crucial role as it **maintains roads and highways** as part of a wider strategy for dealing with traffic and congestion. Other important issues, like fixing potholes, are also addressed whilst a joined up transport strategy to keep the city moving during peak traffic is taken forward by the Council. This includes encouraging a shift towards more sustainable modes of travel, enabling people to get around Cardiff in a convenient, safe and more environmentally friendly way.

Council staff continue to work every day to keep Cardiff's streets clean and the Council also **monitors air quality and noise** and ensures that **public and consumer safety** is upheld to the highest standards.

While the financial pressures are undoubtedly challenging, the Council will continue to deliver and support a wide range of public services on behalf of citizens and communities across the city. Doing so will be fundamental to delivering the vision of becoming **Europe's most liveable capital city**.

Our Priorities and Improvement Objectives

Priority 1: Better education and skills for all

- 1.1 Every Cardiff school is a good school
- 1.2 Looked after children in Cardiff achieve their potential
- 1.3 Adult learners achieve their potential

Priority 2: Supporting vulnerable people

- 2.1 People at risk in Cardiff are safeguarded
- 2.2 People in Cardiff have access to good quality housing
- 2.3 People in Cardiff are supported to live independently

Priority 3: Creating more and better paid jobs

- 3.1 Cardiff has more employment opportunities and higher value jobs
- 3.2 Cardiff has a high quality city environment that includes attractive public spaces and good supporting transport infrastructure
- 3.3 All young people in Cardiff make a successful transition into employment, education or training.

Priority 4: Working together to transform services

- 4.1 Communities and partners are actively involved in the design, delivery and improvement of highly valued services
- 4.2 The City of Cardiff Council has effective governance arrangements and improves performance in key areas
- 4.3 The City of Cardiff Council makes use of fewer, but better, buildings

Priority 1:

Better education and skills for all

Priority 1: Better education and skills for all

The Council is committed to helping all citizens and communities achieve their full potential, and to developing a well-educated workforce that the city's growing economy requires. Creating an excellent and inclusive school system and high quality opportunities for adult learning are therefore amongst the Council's highest priorities.

Because education doesn't begin and end at the school gate, meaningful collaboration with partners in the public, private and third sectors, and with parents and citizens across Cardiff will be essential to delivering the improvement required, and to making sure that this priority is achieved. All this forms an important part of delivering against our city wide outcome of helping people in Cardiff achieve their full potential.

City Performance

Relative to the UK core cities, Cardiff has a high number of adults educated to degree level or equivalent, as well as a low number of people with no qualification. This suggests that the city has a highly skilled workforce.

Standards achieved by learners in Cardiff schools are now improving at a faster rate than previously and many at a faster rate than the rest of Wales. 2014 saw a significant step forward in nearly all measures but we want to see further and more rapid improvement in performance. We have put in place clear plans to drive this improvement across the Council and in all schools, working closely with the Central South Consortium.

year 2014/15 build on the improvements seen the previous year and indicate that improvement actions are now having a positive impact on outcomes for learners. However, we want to see further and more rapid improvement in performance, in particular for vulnerable learners facing challenges and barriers to successful learning and attainment. We have put in place clear plans to drive improvement across the Council and in all schools, working in partnership with the Central South Consortium.

In 2014/15, in the **primary phase**, at the end of the **Foundation Phase** and **Key Stage 2**, improvements continued at a faster rate than across Wales. The proportion of pupils achieving the Foundation Phase Indicator and Core Subject Indicator is in line with national averages. At **Key Stage 4** there has been further significant improvement in the Level 2 inclusive threshold to 59.3%. This has halved the number of secondary schools where less than 40% of pupils achieve five GCSEs grades A*-C including English or Welsh and mathematics from six to three since 2013/14.

School Performance

Within Cardiff's schools, standards of attainment continue to improve in all key stages and in many indicators at a faster rate than across Wales as a whole. Despite this strengthening picture, outcomes at the end of each key stage are not yet high enough. The results for the academic

In the **primary sector**, the proportion of schools in the categories requiring least support (green and yellow in the national categorisation model), is in line with both the Consortium and Wales figures, with around a third of primary schools in these two support categories. In the **secondary sector**, the proportion of schools in the green and yellow categories is below both the Consortium and Wales figures, with just under half of Cardiff schools in these two support categories

Attendance in primary schools continues to improve. The primary figure for 2014/15 was 95.1%, above the average primary attendance for Wales of 94.9%, and Cardiff is now 6th out of the 22 local authorities in Wales. The 2014/15 overall **attendance figure for secondary schools** remained the same as in the last academic year at 93.8%, which matches the Welsh average. This places Cardiff 11th out of the 22 local authorities in Wales for secondary school attendance.

Areas of particular focus in the year ahead are:

- Standards of pupils' literacy and numeracy, particularly in some schools in the more disadvantaged areas of the city;
- The proportion of pupils leaving school and not continuing to ongoing education, employment or training;
- The achievement of vulnerable pupils, particularly at Key Stage 4 in the Level 1 and Level 2 thresholds;
- The markedly low performance in three of the city's secondary schools where the local authority has now taken intervention action;
- The number of schools which have been judged in Estyn's inspections to have standards, provision and leadership which are not good enough.

Improvement Objective 1.1: Every Cardiff school is a good school

1 What do we want to achieve?

Our vision is that all children and young people in Cardiff attend a good school and develop the knowledge, skills and characteristics to become personally successful, economically productive and actively engaged citizens.

Over the next five years we will be striving to:

- Deliver consistently excellent outcomes for learners;
- Secure the best people to lead, teach, support and govern our schools;
- Offer inspiring, sustainable, community focused schools fit for the 21st Century;
- Deliver a self-improving school system, forming strong and dynamic partnerships between schools in the region;

- Ensure that schools are connected with the communities they serve and with business and enterprise in the city region.

The Council will make significant investment in new school buildings to transform some secondary schools and to meet the needs of the rapidly growing primary age population in both English and Welsh medium schools.

We also need the best leaders and teachers to be supported by good governing bodies. We will work closely with the Central South Consortium to achieve this and we want our schools to make the most of partnerships with colleges, universities, business and the creative and cultural sector in Cardiff.

We expect schools to ensure that every school leaver moves on successfully into ongoing education, employment or training and we will work together to deliver targeted support to address barriers to learning and ensure progression for all learners. This will focus on learners with the greatest need for support, including looked after children, those eligible for free school meals and those with additional learning needs.

2 Commitment

In order to achieve the above the Council will:

Improvement Objective 1.2: Looked after children in Cardiff achieve their potential

1 What do we want to achieve?

The Council is committed to providing high quality care and support for looked after children to help them achieve their potential. Closer working across Council Directorates, Cardiff schools and partner organisations is crucial, and is supported by the Corporate Parenting Advisory Committee and a new Corporate Parenting Strategy.

The commitment and quality of support provided by the Looked After Children Education Team was commended in feedback from the Care and Social Services Inspectorate Wales, following an inspection in May 2014. More young people are now

being supported at university and, though challenges remain, the overall picture is one of stability and improvement. A new scheme was launched in April 2014 to provide care leavers with opportunities to secure work placements in Council departments and those already placed have acquired new work related skills. This supports wider efforts to ensure positive progression routes for all care leavers. As a result of work concerning Transitions undertaken by the Corporate Parenting Panel during 2014-15, the Cabinet agreed to increase the grant payable to care leavers on leaving care from £1,100 to £2,000.

The new Corporate Parenting Strategy sets out the shared vision of the City of Cardiff Council and the Cardiff & Vale University Health Board to work together to ensure the best possible outcomes for children who are looked after or who have left care, so that they can be happy and lead fulfilling lives. By virtue of its role as 'Corporate Parent', the Council has a duty to nurture, respect and be ambitious for all its looked after children and young people, as every good parent would for their own child.

Improvement Objective 1.3: Adult learners achieve their potential

1 What do we want to achieve?

The Adult Community Learning service is delivered through the Cardiff and Vale Community Learning Partnership and offers a broad range of adult education courses that help support the citizens of Cardiff to meet their learning aspirations. The Council is especially focussed on supporting those on low income because income poverty can have a profound impact on people's aspirations as well as broader effects on the health, well-being and safety of citizens.

The Council's contribution to Adult Community Learning in Cardiff focuses on two key areas:

- **Learning for Work:** This focuses provision on priority learners as defined by the Welsh Government, and these learners include those currently not in Education, Training or Employment and those aged 50+ who are currently unemployed. Key learning categories include English for Speakers of Other Languages and Basic Skills, Digital Literacy and Welsh medium provision.

- **Learning for Life:** This element provides opportunities for recreational lifelong learning courses on a cost recovery basis. These courses are available to all community members.

By increasing the number of accredited courses delivered to priority learners and improving levels of enrolment, the Council will support adult learners to achieve their potential. This work will build on the recent improvement in Adult Community Learning Success Rate from less than 60% to over 85%.

The Into Work Advice Service provides free help and advice for Cardiff residents searching for work or people who are looking to upskill to improve their chances of employment, including providing work preparation courses and hosting Job Clubs in 13 different Hubs and community venues to support job seekers. The Into Work team assists on average 4,000 customers every month with CV writing, application forms and covering letters, Universal Job Match help, Job Search, and help with how to use email and the Internet.

The Council also holds local and city-wide Jobs Fairs which are attended by both employers and job seekers. In conjunction with the Department for Work & Pensions, two city-wide Jobs Fairs are held during the year which brings together major employers, local providers and Council services. In addition, local employer recruitment events are held in different areas of the city and we also support local guaranteed interview events in community buildings across the city.

We are working to widen digital inclusion within communities by helping people 'get online' through learning basic computer skills, using the Internet, creating an email address, completing online applications for jobs and benefits and help with online shopping, paying bills online and social media. The digital inclusion agenda is also assisting preparations for the full roll out of Universal Credit across the city and the Council will be supporting all new claimants and helping people to maintain their Universal Credit account online.

Priority 2: Supporting vulnerable people

The Council is committed to prioritising services that support the people of Cardiff who are most vulnerable.

This includes older people in need of care and support, children in care, and people that require safeguarding from issues such as sexual exploitation, abuse and human trafficking. It also includes supporting those who are homeless, or need access to good quality housing.

Supporting vulnerable people is hugely important if Cardiff is to effectively manage the growing demand pressures on services, promote social justice within the city, help address inequality, and respond to the requirements of the Social Services and

Well-being (Wales) Act 2014.

Difficult times mean that more people need access to support and the Council has taken a number of actions to help those in need, for example working with partners to minimise the impact on those affected by welfare reform.

Developing a better understanding of the needs of individual service users and communities, and reshaping services in response, will be crucial, as will placing an increased focus on preventative action.

Doing this will require joined up working between different organisations in the public, private and third sectors because our

partners in South Wales Police, Cardiff and Vale University Health Board, the Probation Service and a number of voluntary and third sector organisations also commit much of their resources to helping vulnerable people.

The Council will also prioritise the delivery of high quality and affordable social housing across the city. This will include changing the way Council housing is allocated to ensure those with the highest need have access to housing, as well as ensuring private sector homes are fit for purpose.

City Performance

While Cardiff makes the greatest contribution to the Welsh economy, the local authority has the one of the highest percentages of areas that are among the most deprived in Wales. This means that there are high levels of inequality within the city. For instance, over a quarter (28.6%) of households in Cardiff were deemed to be living in poverty, meaning that 41,256 households were classified as below the poverty line.

Social Services and Well-being (Wales) Act 2014

The new Social Services and Well-being (Wales) Act 2014 provides the legal framework for improving the well-being of people who need care and support, and carers who need support, and for transforming social services in Wales.

The Council is working on the implementation of the Act and the associated Outcome Framework during 2016/17. As many of the measures in the Outcome Framework are new measures, it is not possible to set targets for these. Over 2016/17 the Council will work to establish a baseline position which will then enable a robust target setting

methodology to be implemented. Where the Outcome Framework Measures were previously National Strategic Indicators or Public Accountability Measures, targets have been set for 2016/17.

Improvement Objective 2.1: People at risk in Cardiff are safeguarded

1 What do we want to achieve?

The Council is committed to supporting children, young people and adults who may be unable to take care of themselves, and empowering individuals to protect themselves from significant harm or from exploitation. The Council, along with its partners, will continue to play a lead role in protecting and safeguarding individuals who need care and support from abuse and neglect or any other kinds of harm.

The Social Services and Well-being (Wales) Act 2014 aims to address these issues while giving people greater freedom to decide which services they need. The aim is to offer consistent, high-quality services across the country. Cardiff is well positioned to respond to the Act, which places safeguarding vulnerable adults on the same statutory footing applicable to children under previous legislation.

The Council also recognises the need to focus on developing a range of more effective services to prevent issues escalating, which may result in vulnerable children or adults being separated or cared for away from their families. Doing this effectively will offer a better quality of life for the individual and will be more cost-effective for the Council.

2 Commitment

In order to achieve the above the Council will:

Lead Member

Improve the system for protecting children from significant harm by implementing new Multi Agency Safeguarding Hub (MASH) arrangements for managing referrals by June 2016	Cllr Sue Lent
Improve the recruitment and retention of children’s social workers, ensuring the Council achieves and maintains a vacancy rate for children’s social workers below 18 % by March 2017	Cllr Sue Lent
Implement key elements of the Cardiff Child Sexual Exploitation Strategy in collaboration with partners by March 2017	Cllr Sue Lent

Improvement Objective 2.2: People in Cardiff have access to good quality housing

1 What do we want to achieve?

Housing is at the heart of well-being, and so the Council is committed to delivering high quality, sustainable and affordable homes, particularly for those in most need.

Demand for housing of all tenure in Cardiff is high, particularly for social housing. The Council will therefore prioritise work to increase the level of housing available for Council tenants as well as maximising the delivery of affordable housing. Achieving 100% compliance with the Welsh Housing Quality Standard also demonstrates that the housing offer for Council tenants is of a high quality.

The City of Cardiff Council works to ensure landlords and agents comply with their legal obligations under the Housing (Wales) Act 2014 and is the host licensing authority for the Welsh Government's Rent Smart Wales scheme. This is an all-Wales registration and licensing scheme, which works to prevent rogue agents and landlords letting and managing properties, driving up standards in the private rented housing sector. The scheme also seeks to raise the awareness of tenants, landlords and agents of their rights and responsibilities.

As the licensing authority for Rent Smart Wales, the Council processes landlord registrations and grants licences to landlords and agents. Landlords and agents must register by November 2016. After this date, enforcement work will begin to ensure compliance.

We also recognise that acting on homelessness is an immediate concern if we are to support the most vulnerable. That is why the Council will also ensure it has effective and efficient measures in place to support those who are homeless.

2 Commitment

In order to achieve the above the Council will:

Lead Member

Deliver circa 1500 new homes for Cardiff through the Housing Partnering Scheme, as part of a phased approach by 2024, 40% of which will be affordable housing.	Cllr Susan Elsmore
Develop a robust 5 year plan to maximise the delivery of new affordable housing units across Cardiff to help tackle housing need of all types whilst ensuring the need is addressed across all delivery methods, including Section 106 developer contributions, windfall sites and Registered Social Landlord & council house building programmes	Cllr Susan Elsmore
Continue to work with partners to mitigate the impact of the welfare reform changes and to ensure that those affected still have access to good quality housing	Cllr Susan Elsmore
Promote the Rent Smart Wales service to communicate the new requirements of landlords and agents and review related processes in preparation for the implementation of the enforcement provisions in November 2016	Cllr Bob Derbyshire
Through working in partnership, engage with Rough Sleepers in the city to support them in finding suitable accommodation	Cllr Susan Elsmore

Improvement Objective 2.3:

People in Cardiff are supported to live independently

1 What do we want to achieve?

Helping people to live independently means enabling potentially vulnerable people to develop the skills they need to live on their own, supporting them with reasonable adaptation to their homes and providing more preventative services before their needs become critical. This is done by identifying an individual's strengths and skills through a re-ablement approach. Doing so provides people with dignity and independence whilst reducing the demand for domiciliary packages and traditional models of care.

To achieve this and respond to the growing demand for support, the Council must change the way it provides services. We are therefore looking at important issues such as preventing hospital admissions, facilitating quick and safe discharge from hospital and allowing people to remain at home to retain and regain their independence. In response we have established a new Gateway service, which provides a single point of contact for anybody that needs support, with an emphasis on independent living and joining up all available services.

Many young adults leaving the care system also remain highly vulnerable and need additional support from a range of agencies to enable them to live independently. The Council will therefore ensure effective transitional support is in place, and the Council's accommodation gateway for vulnerable young people is already improving access to accommodation for care leavers and young single homeless people.

2 Commitment

In order to achieve the above the Council will:

Lead Member

Improve the effectiveness of transitional support for disabled and vulnerable children approaching adulthood	Cllr Sue Lent Cllr Susan Elsmore
Promote and increase the number of adults using the Information, Advice and Assistance Service to access information and signposting to enable them to remain independent in their community and to act as a gateway to accessing advice and assistance	Cllr Susan Elsmore
Explore with the UHB the feasibility of an integrated model for the management and delivery of health and social care services in adult social care	Cllr Susan Elsmore
Work with our health partners to reduce the total number of Cardiff residents who experience a delayed transfer of care from hospital by 2017	Cllr Susan Elsmore
Continue to increase the uptake of direct payments as an alternative to direct provision of care for Cardiff adult residents with care and support needs in line with the Social Services and Well-being (Wales) Act by 2017	Cllr Susan Elsmore

Priority 3:

Creating more jobs and better paid jobs

Priority 3: Creating more jobs and better paid jobs

Increasing the number and quality of jobs is essential to improving the quality of life for people in the city and wider region. The Council is therefore committed to helping create the conditions that will enable businesses to succeed, attracting high quality investment and creating more and better jobs in the city.

Working closely with the business community and other public and third sector organisations – in the city, across the wider city-region, nationally and internationally – will be essential in creating the right environment to deliver sustainable economic development.

City Performance

Cardiff's economic performance is substantially stronger than any other area of Wales and the city plays a vital role in creating jobs for the city-region. Cardiff is also one of the most competitive of the UK's Core Cities, with faster jobs growth over the last 10 years and, more recently, faster rising average wages and lower unemployment rates, which are at the lowest levels since February 2009.

Other indicators, such as Cardiff's high proportion of graduates and fast growing population, point to a strong period for the city economy. The city also has one of the fastest growing financial services sectors, as well as competitive clusters in businesses such as the creative industries and advanced manufacturing. This growth has been

reflected in investment across the city in recent years, including the development taking place in Central Square. The challenge for the city is to convert its strengths into better outcomes. As it stands, the output per head in Cardiff is below the UK average. There is a need to improve overall levels of business performance and productivity and to support a greater range and choice of opportunities.

Economic success in the knowledge economy is dependent on attracting and keeping talented people, and so quality of life is becoming as important as the quality of job opportunity on offer. As Cardiff grows, its development will need to be managed in a sustainable, resilient and inclusive way if the city is to retain its high quality of life, with a particular focus on achieving a modal shift towards sustainable travel.

Improvement Objective 3.1: Cardiff has more employment opportunities and higher value jobs

1 What do we want to achieve?

The Council will work with partners in the public and private sectors to create an environment which supports the development of new business and the growth of current businesses, as well as attracting inward investment. This will require investment in infrastructure; creating a supportive environment for start-ups and existing businesses as well as a proactive

approach to securing inward investment and attracting visitors. Doing this will increase the number and quality of the jobs available for people in the city and across the city-region.

The high quality portfolio of business premises delivered in the city centre has already secured the new BBC HQ in Central Square, bringing high quality jobs into the

city centre. The Council will continue to deliver projects to help attract employment in high value sectors such as the creative industries and financial and business services.

2 Commitment

In order to achieve the above the Council will:

Lead Member

Facilitate growth in the Financial and Professional Service sector by working with partners to deliver 300,000 square feet of Grade A office accommodation within the Cardiff Central Enterprise Zone by March 2018	Cllr Phil Bale
Deliver with partners a proposal to Central Government for a City Deal for Cardiff by March 2017, along with a subsequent programme for delivery	Cllr Phil Bale
Implement a delivery strategy for regeneration of the city centre including progressing a planning application for a Multi-Purpose Arena by March 2017	Cllr Phil Bale
Work with Cardiff University to deliver the masterplan for the Civic Centre heritage quarter including a detailed options appraisal for City Hall by March 2017	Cllr Phil Bale
Develop Cardiff Bay as a creative industries cluster including a plan for the regeneration of the Mount Stuart Square heritage quarter and the continued development of the Cardiff Bay waterfront by March 2017	Cllr Phil Bale
Continue the development of the International Sports Village as a major leisure destination including a review of the plan for the waterfront site by March 2017	Cllr Phil Bale

Number of visitors to Cardiff	+2%

Improvement Objective 3.2: Cardiff has a high quality city environment that includes attractive public space and good supporting transport infrastructure

1 What do we want to achieve?

Economic success will be reliant upon much more than delivering major urban regeneration schemes. It will demand a much broader approach to ensure that the city develops in a sustainable, resilient and inclusive manner.

Creating sustainable communities, with high quality housing, great parks and open spaces and excellent transport links, will be a priority. This will mean securing investment in Cardiff's transport infrastructure and services allowing people to travel around the city – and the city-

region – in a convenient and clean way. A new transport interchange and gateway to the city, created at the heart of the transport network, is a key priority.

2 Commitment

In order to achieve the above the Council will:

Lead Member

Work with partners to design and deliver a new transport interchange - including a new bus station - as part of a high quality gateway into the city by December 2017	Cllr Ramesh Patel
Support Welsh Government and other stakeholders in the formulation of proposals to develop the Cardiff City Region Metro	Cllr Ramesh Patel
Approve a new Cardiff City Transport Strategy following public consultation and stakeholder engagement by October 2016	Cllr Ramesh Patel
Deliver first phase of the Action Plan for Cardiff Bay by December 2016	Cllr Ramesh Patel
Work with neighbouring Local Authorities and other relevant stakeholders to prepare a Strategic Development Plan (SDP) for the Cardiff Capital Region by 2021	Cllr Ramesh Patel

Improvement Objective 3.3: All young people in Cardiff make a successful transition into employment, education or training

1 What do we want to achieve?

The City of Cardiff Council is committed to helping people make a successful transition into employment, education or training. We recognise the importance of having a skilled and qualified workforce for the prosperity of the city, the success of business and, most importantly, the wellbeing of our citizens and their families. We are particularly concerned with supporting some key groups of young people who may need additional support. We will ensure that they have access to vocational training to develop the skills

they need to succeed in the workplace and are connected to opportunities in the local economy, such as apprenticeship and work placement schemes.

While there has been a steady improvement year on year in the proportion of young people who are engaged in education, employment or training at age 16, there is much more to do to increase the number of young people who secure a positive destination after leaving school.

We know that we cannot achieve this by ourselves. Through the Welsh Government Youth Guarantee and Cardiff Commitment we will bring partners from the public and private sector from across the city together to help create opportunities and pathways for our young people, particularly those vulnerable groups who face the biggest barriers to progression.

2 Commitment

In order to achieve the above the Council will:

Lead Member

Improve multi agency arrangements: <ul style="list-style-type: none"> to ensure the early identification of children and young people at risk of not progressing to ongoing education, training or employment after leaving school; and to ensure that identified children and young people receive early and appropriate support 	Cllr Sarah Merry
Strengthen and extend the existing 'lead worker' model to directly support the transition of young people from school into employment, utilising European Social Fund resources to extend capacity for the next 3 years	Cllr Sarah Merry
Improve information sharing and tracking systems between partners for young people pre and post 16 by September 2016	Cllr Sarah Merry
Implement the Welsh Government Youth Guarantee and Cardiff Commitment to ensure appropriate progression routes for all learners by September 2016	Cllr Sarah Merry
Enhance the range of opportunities for young people to develop employability skills and secure employment in Cardiff	Cllr Phil Bale

Priority 4:

Working together to transform services

Priority 4: Working together to transform services

The Council recognises that there is an urgent need to change the way it delivers many services to ensure that their long term sustainability is secured and that underperformance in some statutory services is addressed. In order to do so, a rolling three year **Organisational Development Programme (ODP)** has been established to:

- Review the shape and scope of the organisation and the way in which services are currently delivered to meet demand;
- Enhance citizen engagement and widen opportunities for people and communities to shape services around their needs;
- Identify delivery models that may be established to meet demand pressures and reflect budgetary realities;

- Significantly strengthen performance management, workforce development and staff engagement arrangements;
- Identify opportunities for further efficiency savings through better internal and external collaboration, integration of service delivery and better use of assets and infrastructures.

This chapter captures the work being undertaken under the Organisational Development Programme.

Organisation's Performance

The level of citizen satisfaction with Cardiff Council Services in 2015 was 69.3%, according to the Ask Cardiff Citizen Satisfaction Survey. This was higher than the reported satisfaction with local councils in England, with 67% of respondents very or fairly satisfied. While there are obvious issues with comparing two separate surveys, there were similarities in the nature of the questions asked, which suggests Cardiff is performing above the English average in terms of citizen satisfaction. It must be noted that satisfaction has decreased significantly since the 2014 Ask Cardiff Survey (from 88.7%) and the challenge will be to improve this satisfaction level at a time of budget shortfalls.

City of Cardiff Council Performance against statutory indicators

Position	Cardiff attainment
Top Quartile	4 Statutory indicators (9.5%)
Second Quartile	10 Statutory indicators (24%)
Third Quartile	12 Statutory indicators (29%)
Bottom Quartile	16 Statutory indicators (38%)

In terms of Council performance against nationally set performance indicators there remains a clear need to improve. When Cardiff's performance is set against that of other Welsh local authorities, 38% of the Council's statutory performance measures are in the bottom quartile.

The Council has maintained a marked improvement in the number of permanent staff completing personal development reviews, a crucial component of an organisation where performance management is central to delivery, and staff remain clear about their contribution to the organisation's priorities.

Improvement Objective 4.1: Communities and partners are actively involved in the design, delivery and improvement of highly valued services

1 What do we want to achieve?

Responding to the budget and demand pressures that the Council and its public sector partners face means thinking differently about how services are designed, delivered and commissioned. This is particular true for those services which, though non-statutory, are highly valued by the residents of Cardiff.

This means increased partnership working, with other local authorities and public services, including co-locating services within community facilities or 'Hubs,' sharing assets or buildings, pooling budgets, or introducing multi-agency teams to work

with residents and communities to provide more integrated services. It also means being more focused about when and where services are delivered. Within the organisation, a 'One Council' approach is enabling more joined-up working between departments and makes services easier to access for residents - with a focus on increased use of digital channels where appropriate.

It also means developing and implementing alternative models for delivering services. Traditionally, the Council has been a direct provider of many services.

Through the ODP, the Council is developing other approaches, such as commissioning and working with community groups, reducing the cost of delivery while maintaining the quality of service. This approach aligns with feedback from the Cardiff Debate, which suggests that residents value the quality of services and not necessarily who is responsible for their delivery. Identifying how some services can effectively, and fairly, be commercialised and engaging people more meaningfully in designing services are also components of this agenda.

2 Commitment

In order to achieve the above the Council will:

Lead Member

Introduce a new model of provision for play services by April 2017, with a transition provision operable until the new grant commissioning model is in place	Cllr Peter Bradbury
Establish the future leisure needs of the city and develop options for alternative models for the sustainable delivery of leisure infrastructure and services by June 2016	Cllr Peter Bradbury
Ensure the new approach to the delivery of infrastructure services, including Waste, Cleansing, Parks, Highways, Design, Fleet and Facilities Management services, is operational by March 2017	Cllr Bob Derbyshire
Implement service changes for Cardiff to enable the Council to exceed its statutory recycling target (58%) by March 2017	Cllr Bob Derbyshire
In line with the agreed commercialisation strategy, develop and implement a continuing programme of specific commercial opportunities to commence by October 2016	Cllr Graham Hinchey
Progress the agreed Community Hubs development programme by delivering new Hubs in: <ul style="list-style-type: none"> Fairwater by June 2016; Splott by October 2016; Llanedeyrn by December 2016; Llandaff North by January 2017 and Agreeing plans for Llanishen and St Mellons Phase 2 Hubs by July 2016. The number of visitors to Libraries and Hubs across the City	3,000,000

Improvement Objective 4.2: The City of Cardiff Council has effective governance arrangements and improves performance in key areas

1 What do we want to achieve?

The Corporate Assessment undertaken by the Wales Audit Office in 2014 identified areas where governance arrangements could be strengthened and also emphasised the importance of effective performance management in ensuring that the

Council's priorities are delivered. Significant improvements have already been made to the Council's performance management arrangements in the last year. These will continue to be strengthened, working in partnership with the Wales Audit Office and

other external partners, with a particular focus on driving improvement in priority areas including Education and Children's Services.

2 Commitment

In order to achieve the above the Council will:

Lead Member

Further embed performance management tools consistently across the Council to ensure continuing performance improvement in key areas by 2017	Cllr Graham Hinchey
Further reduce sickness absence by March 2017 through continued monitoring, compliance and support for employees and managers	Cllr Graham Hinchey

*the revised basket of NSIs and PAMs exclude those measures now covered by the Social Services and Well-being Outcome Framework

Improvement Objective 4.3: The City of Cardiff Council makes use of fewer, but better, buildings

1 What do we want to achieve?

The Council owns, or has an interest in, a large property estate with a current use value of around £1bn. This includes over 500 operational buildings used to deliver Council services and around 500 properties retained for investment purposes.

The current cost of operating the property estate is the second largest call on the Council's budget, after staff, at circa £50m per annum, including planned maintenance. There is also a growing maintenance backlog in excess of £100m.

The Council will focus on reducing the cost of ownership of the operational property by rationalising the estate and by improving the quality of buildings that are retained. An important part of this agenda will involve improving co-operation around property with partners.

2 Commitment

In order to achieve the above the Council will:

Deliver the approved Property Strategy, including:

- Implement new Investment Estate arrangements in order to improve performance and returns by March 2017
- Implement annual Corporate Asset Management Plan by March 2017
- Complete Operational Estate utilisation review to guide future use of all assets and inform decision making by March 2017

FINANCIAL PRESSURES 2016/17

No	Pressures Title	Value of Pressure 2016/17 £000	Risk Assessment	
			Residual	EIA
1	Reduction in Single Environment Grant - The Sustainable Waste Management Grant, Tidy towns and Flood prevention grants will be combined into one new grant entitled "Single Environment Grant" with an anticipated reduction of 6.4% in 2016/17. This grant is used to support recycling processing and initiatives, to drive recycling and avoid fiscal fines, to make local environmental quality improvements, prevent fly tipping and also support flood prevention activities.	456	Red	Green
2	Waste - Increased recycling market gate fees - To support the costs of introducing new recycling materials for the public. These will include mattresses, carpets and other materials such as hygiene waste.	175	Red	Green
3	Supplementary Planning Guidance - To provide additional support following approval of the Local Development Plan.	75	Amber-Green	Green
4	City Centre / Neighbourhood Street Cleansing & Drainage /Gully Cleaning - It is proposed that a Neighbourhood Services team be created to support cleansing and enforcement activities outside of 'normal' working hours, on a 2pm-10pm shift in the districts. The team would comprise of operatives who are skilled to not only remove waste and litter, but also able to gather evidence in order to pursue enforcement action. In addition these resources will support the Tidal Parking and ensure additional focus through increased capacity in the service to enable a deep cleanse and help to prevent drainage and surface highway flooding issues. Further, to support business and reputation of the county, street washing will be re-introduced to the City Centre, and make provision for street washing in the districts in areas where liquids can cause pavements to become unclean, but also potentially hazardous, e.g. fruit fall or fast food oils. This proposal includes the creation of nine new posts, two of which will be new apprenticeships.	220	Amber-Green	Green
CITY OPERATIONS TOTAL		926		
5	Reconfiguration of Capital Times Offer - Review of the existing Capital Times offer with development of Email/Online Tools and the creation of a new print product.	86	Amber-Green	Green
CORPORATE MANAGEMENT TOTAL		86		
6	Additional Solicitors to meet demands of workload - Additional resource proposed to fund new posts in legal services. This will enable further legal work to be carried out in-house with less reliance placed on more costly external services. In particular additional legal posts are sought to carry out work relating to child protection and procurement (to support work undertaken to facilitate the Council's new target operating model).	158	Green	Green
7	Member Support - To enable preparation for the implementation of the Local Government Act.	100	Amber-Green	Green
GOVERNANCE & LEGAL SERVICES TOTAL		258		
8	Social Services and Well Being Act (Information, Assistance & Advice) - Section 185 of the Social Services and Well Being Act 2014 places a new duty on the Local Authority to meet the care and support needs of its prison population. HMP Cardiff has a population of 814. Anticipated duties include the provision of information, assistance and advice to families, suitable assessments of a person's need for care and support, provision to meet identified care and support needs and facilitation of raising concerns of persons in the secure estate and their families in relation to care and support. It is anticipated that this new duty will require 1.5 additional social workers (£68,000) and two mental health support workers (£75,000.)	143	Red	Red-Amber
9	Social Services and Well Being Act - Advocacy - Section 182 of the Act requires local authorities to arrange for an advocacy service to be made available for people with care and support needs. Although an advocacy service is already provided for certain groups of service users it is anticipated that under the Act this service will be extended. The additional cost is difficult to estimate at this stage but an indicative value of £50,000 is included.	50	Red	Red-Amber
10	Families with No Recourse to Public Funds - Anticipated increase in the level of support payments to families with children who have no recourse to public funds. This reflects an ongoing and anticipated further increase in the level of migrant families with children. Local Authorities must not withhold Section 17 Children's Act 1989 support for families, as doing so would breach their rights under the European Convention of Human Rights.	150	Red	Red-Amber

No	Pressures Title	Value of Pressure	Risk Assessment	
		2016/17 £000	Residual	EIA
11	Early Help Strategy - Additional resource requirement to fund a range of measures forming part of an Early Help Strategy. The component elements will provide additional support to families and young people and will contribute to an anticipated reduction in the number and cost of looked after children. The proposals include the establishment of an Adolescent Resource Centre to offer support to +11 children, the introduction of a safer families initiative and the development of family group conferencing. The combined annual cost of these initiatives is estimated at £410k and will include additional Council staff and payments to voluntary sector organisations. The pressure bid supports a number of initiatives forming part of Social Services savings proposals for 2016/17.	410	Red	Red-Amber
12	'When I'm Ready' Post 18 Foster Care/ Connected Persons Assessments for Foster Carers -From 1.4.16 Welsh Local Authorities must have implemented a 'When I'm Ready' scheme providing financial support for young people currently in foster care past the age of 18. Financial impact will depend on numbers of post 18 children accessing the scheme and the level of offsetting benefits and allowances that individuals can claim. There is also increased pressure on the fostering service in relation to 'connected persons' assessments. There is a significant increase in demand for assessments of prospective foster cares who are family, friends or who have a prior connection with a child/young person who is looked after. There is also additional pressure from Courts to complete assessments in a shorter timescale.	200	Red	Red-Amber

Changes for Cardiff

Results and Feedback Report

1. Executive Summary

This Executive Summary provides an overview of the Budget Consultation exercise. It is not a detailed summary of the full report, but an articulation of some of the key findings.

1.1 Background

The consultation on the *Changes for Cardiff* Budget Proposals ran from 11th December 2015 until 12th January 2016. The city-wide public consultation was communicated and shared through a range of mechanisms, whilst face-to-face engagement events were undertaken in locations across the city.

The consultation took three forms:

- **City-wide public consultation** on issues of general interest set out in the [“Changes for Cardiff”](#) document
- **Service-specific consultation** with identified service users/groups or organisations.
- **General consultation** – this included all of the Council’s other savings that have been released for consultation, including internal changes within the Council such as; back office efficiencies, staff changes and process improvements.

A full set of the proposals can be seen at www.cardiff.gov.uk/budget.

1.2 Headline Figures

3,348 people took the time to complete the *Changes for Cardiff* questionnaire and public views were also given via petitions, social media, attendance at 'drop-in' public engagement events, and through correspondence.

From those completing the survey in response to the 2016/17 budget proposals, the following headline figures can be seen. Please note that numbers in brackets indicate responses:

Do you recognise that a budget gap of a potential £45.6m for 2016/17 means that difficult budget choices are required?

Do you support the Council in exploring new ways of working with other organisations to deliver its services?

Would you support the Council charging more for some services if it meant that they could be continued? (e.g. meals for older people, leisure and cultural activities, etc.)

The City of Cardiff Council is increasingly looking to provide services online. Do you support the increased digitalisation of services which will encourage residents to contact the Council and make payments online, while maintaining face-to-face and phone methods for those who need it most?

Cardiff Check Report

Do you think that community groups and the third sector should be asked to run more services and facilities? (e.g. running local community buildings, maintaining local open spaces etc.)

Is an emphasis on early intervention and prevention an approach that you support?

Do you agree with the new model of day service provision?

Changes for Cardiff

Do you agree with the proposal to continue the Meals on Wheels service?

Back Report

Do you support the Council's plan to deliver care services on an area basis?

Do you agree that delegated school budgets should contribute to the financial challenge facing the Council?

Do you agree with our new model for play services being delivered from a range of community facilities?

Do you agree with the City of Cardiff Council's decision to cease funding? (Cardiff Contemporary Initiative)

Cardiff

Back Report

Do you support the decision to cease funding for Arts Active?

Do you agree with a phased removal of the grant for Artes Mundi?

Do you agree with a phased removal of the grant for Cardiff Singer of the World?

Cardiff

Back Report

Do you support the Council's proposal to seek alternative funding for Operation Mistletoe?

Do you believe that the private sector, including pubs and clubs, should make a financial contribution to managing the night-time economy in Cardiff?

Do you support further enforcement activities with increased fines for non-compliance?

Do you support a different grounds maintenance regime being considered?

1.3 Overarching Themes

It is clear that respondents to *Changes for Cardiff* recognise that the financial challenge, alongside other service demand pressures, means that difficult budget choices are required. This understanding is reflected throughout the responses to the Council's budget consultation, with broad support for many of the proposals, notably for the Council to explore new ways of working and increased digitalisation of services.

- Q1. The financial reality:** An overwhelming **88.5%** (2,708) of respondents recognised that a £45.6m budget gap for 2016/17 meant that **difficult budget choices** are required. This response was consistent with last year's consultation (**88.7%**).
- Q2. Support for new ways of working:** **76.0%** (2,320) **supported** the Council in **exploring new ways of working** with other organisations to deliver its services. Again, this level of support was consistent with last year (**75.1%**).
- Q3. Greater charging:** There were mixed levels of support for the Council **charging more for some services** if it meant they could be continued with **46.5%** (1,417) supporting the proposal **24.0%**, (732) disagreeing but **29.5%** (901) 'not sure'.
- Q4. Increased digitalisation of services:** **88.1%** (2,691) of respondents supported the increased digitalisation of services with only **7.0%** (214) against.
- Q5. Community involvement:** **34.3%** (1,047) of respondents agreed that **community groups** and the **third sector** should be asked **to run more services and facilities** – **30.6%** (936) said 'No'; **35.1%** (1,072) said 'Not sure'.
- Q6. Volunteering:** **23.7%** (715) of respondents were currently engaged in volunteering in the city with 887 respondents expressing an interest. The highest levels of interest for volunteering were seen in relation to libraries, litter picks and parks maintenance.
- Community interest - volunteering:** Individuals (**19.2%**) or groups expressed an interest in becoming more involved in the delivery of services. Many were interested in volunteering to assist in delivering a Council service.
- Q7. Local insights:** The nature of the feedback received from different areas on similar issues varied. This has provided the Council with a **valuable insight into what different areas consider appropriate solutions** to identified issues and is further explored and supported in **Appendix 2**.

1.4 City-wide Budget Proposals

Social Care

The City of Cardiff Council is working with its partner organisations to focus resources on developing services based on early intervention and prevention in respect of social care.

Q8. 90.0% (2,645) of respondents were **in favour of the early intervention approach**.

Day Services for Older People

Provision of elderly care services is facing challenges which will result in changes to the way that elderly day services work in the city. Building on last year's budget consultation, the Council has developed a model for day services with a set of proposals that will deliver the outcomes that people will want in order to improve their lives.

Q9. 59.3% (1,788) of respondents **agreed with the new model of day service provision** whilst **6.2%** (187) were **against** and **34.5%** (1,040) **'not sure'**.

Q10. 87.3% (2,642) **agreed** that the Council should **continue to invest in day centres** for those with assessed high care needs.

Q11. There was broad agreement (**68.7%** / 2,082) that it is better to have modern high quality services designed to meet today's need for **support for those with dementia along with health and social care services located in one place**. However, **9.3%** (281) disagreed and **22.1%** (669) were 'not sure'.

Q12. The majority of respondents agreed that the Council should **support individuals in accessing community facilities to enable them to live independently** and achieve their personal outcomes (**87.7%** / 2,660).

Meals on Wheels Service

Q13. 82.4% (2,492) agreed with the proposal to **continue with the Meals on Wheels service**.

Q14. Nearly two-thirds (**61.4%** / 1,862) agreed that the **cost of a meal should increase by £1** to allow the service to continue to provide a sustainable service. **15.5%** (469) were against and **23.2%** (704) weren't sure.

Q15. The Council is considering ways to **expand the Meals on Wheels service** and **88.2%** (2,606) agreed there should be flexibility to use the service when needed e.g. during recovery from hospital.

In addition, **71.7%** (2,097) supported provision to **sheltered housing**; **70.8%** (2,076) supported **delivery to group settings** including luncheon clubs and community groups and **69.2%** supported options of **provision of an evening meal** (2,033).

Opinion was mixed in respect of the **option to open up the service to anyone** who wants to receive the service (**36.5%** / 1073 in favour, **32.8%** / 964 against and **30.6%** / 899 not sure).

Q16. Three quarters of respondents stated that individually they would not or did not know of anyone who would **benefit from the service** (**74.5%** / 2,110). **25.5%** (721) said that they or a relative / friend would benefit.

School Delegated Budgets

The additional financial demands falling upon school delegated budgets in 2016/17 are estimated to be approximately £13.541m. The budget proposals include an additional £9.511m funding for school delegated budgets which would represent an increase to schools of 4.6%. The Council anticipates that the Welsh Government will continue to ask local authorities to protect school delegated budgets.

Q18. 57.9% (1,753) of respondents supported the proposal to increase **Delegated School Budgets** of £205.609m by £9.5m.

Q19. 44.8% (1,349) agreed that school budgets should **contribute to the financial challenge facing the Council**, whilst 17.8% (536) disagreed and 37.3% (1,123) were not sure.

School Meals Provision

School Meals are supplied to every primary and secondary school in Cardiff (with the exception of Cardiff High School) which cost £2.20 and £2.65 for set meals in primary and secondary schools respectively.

Q20. Only 11.8% (357) of respondent households **used the service** whilst 59.7% (1,810) did not and 28.5% (863) weren't sure.

Children's Play

Q21. Over 70% (71.9% / 2,170) support an **increase in the cost of meals** by 10p each day, compared to 13.1% (396) who disagreed and 14.9% (451) who weren't sure.

As part of the budget approved in February 2015, the Council agreed that an alternative model be put in place for play services which included funding to support the transfer of play centre buildings into community use. In 2016/17, there will be a new delivery model for Children's Play services which is responsive to the needs of children and young people. Play, including after school and holiday club activities, will in future be run from a range of community facilities within Neighbourhood Partnership Areas.

Bereavement & Registration Services

Bereavement Services is responsible for the undertaking of over 4,000 funerals per year as well as maintenance across 7 sites including Thornhill Cemetery and Crematorium, Western Cemetery and Cathays Cemetery. Available cemetery space within the city is becoming critical and investment is required to ensure new sites can be developed in the future. The City of Cardiff Council's Crematorium and Burials Services income from crematoria and burials has been reinvested in the cemeteries and crematoria to ensure long term provision can be maintained. The price of a burial or cremation fee ranges from £500 - £675 and the Council propose to increase the cost by 10%.

- Q33.** **32.0%** of respondents **felt positively towards the Crematorium and Burials service** stating that they were "very" (16.0%) or "fairly" (16.0%) satisfied with the service whereas **1.9%** (57) of respondents felt either "fairly" dissatisfied (1.5%) or "very" dissatisfied (0.4%).

- Q35.** Over half (**52.8%** /1,588) of respondents supported an **increase in burial or cremation fees** by 10%, compared to **21.9%** (658) against and **25.4%** (764) not sure.

The **Registration of Births, Deaths and Marriages** is a statutory service provided by the Council and most fees charged are set at a national level however some are set by the Council.

Investment is required to modernise the service and make it more accessible for the public.

Commercialisation

The Council has a view that provision of frontline services should be supported by increasing commercial activities. The Council will be reviewing fees and charges in comparison to other local authorities and changing the ways of working to raise more income from trading, advertising and sponsorship.

Q41. Overall, respondents **supported increasing commercial activities** in the following areas:-

<input type="radio"/> Transport	65.5% (1,953)
<input type="radio"/> Leisure & Culture	62.3% (1,851)
<input type="radio"/> Recycling & Waste	60.6% (1,805)
<input type="radio"/> Environment	59.4% (1,759)
<input type="radio"/> Parks	52.0% (1,544)
<input type="radio"/> Planning	50.1% (1,477)
<input type="radio"/> Libraries	49.0% (1,455)
<input type="radio"/> Education	41.1% (1,216)

The Environment

We want our city to have green flag parks and open spaces in addition to a high quality city environment and an attractive public realm. This means having clean and well managed streets in addition to challenging poor social responsibility in neighbourhoods. The City of Cardiff Council will be increasing enforcement of offences and the issuing of Fixed Penalty Notices with increased fines
