There have however been changes within the overall position including an increase in the overspend on directorate budgets as a result of further pressures on the Children's Services budgets within Social Services, an increase in the projection for capital financing costs and a reduced surplus on Council Tax collection. **CYNGOR CAERDYDD  
CARDIFF COUNCIL**

**CABINET MEETING: 15 MARCH 2018**

---

**CORPORATE PLAN 2018-21**

**LEADER (COUNCILLOR HUW THOMAS)**

**AGENDA ITEM: 2**

---

**REPORT OF CHIEF EXECUTIVE**

**Reason for this Report**

1. To enable the Cabinet to consider the draft Corporate Plan 2018-21 and recommend it to Council for approval.

**Background**

2. The Corporate Plan forms part of the strategic policy framework set out in the Council's Constitution and is considered annually by the Council. The document outlines the organisation's strategic policy priorities and forms part of the required statutory improvement framework as it discharges the Council's obligations under the Local Government (Wales) Measure 2009 to publish a stage one plan, which sets out how the Council plans to achieve its priorities for improvement. The Plan also discharges the Council's responsibilities under the Well-being of Future Generations (Wales) Act 2015.
3. In July 2017, the Cabinet approved a new policy programme for the next five years, entitled 'Capital Ambition', which sets out the Administration's principles, priorities and ambitions for the city. This includes the following four priorities, each of which contains a series of 'commitments for Cardiff' covering a wide-range of Council services:
  - **Working for Cardiff** – Making sure that all our citizens can contribute to, and benefit from, the city's success.
  - **Working for Wales** – A successful Wales needs a successful capital city.
  - **Working for the Future** – Managing the city's growth in a sustainable way.
  - **Working for Public Services** – Making sure our public services are delivered efficiently, effectively and sustainably in the face of the rising demand and reducing budgets.

4. On 14 December 2017, the Cabinet approved the establishment of a 4-year Capital Ambition Delivery Programme, with corresponding corporate governance and performance management arrangements, to support the implementation of the Administration's agenda and to refocus services to meet the challenges faced by the Council and the city's wider public services. This sets out how the Administration's priorities for Cardiff will be achieved, providing clarity on *what* will be delivered, and *by when*. The Corporate Plan usually covers a 3-year period and is subject to an annual refresh.

## Issues

### Corporate Priorities

5. To ensure that the Council's resources support the delivery of the Administration's new priorities, a new Corporate Plan for 2018-21 has been developed in tandem with the process for developing and setting the Council's budget for 2018/19. A copy of the Corporate Plan 2018-21 is attached as **Appendix A** to this report.
6. This has taken place in the context of sustained and severe financial pressures within public services. The Council has agreed to make £14.3m in budget savings in 2018/19 to help plug a budget gap of £25m. This is in addition to a projected budget gap of £91m over the three years from 2019/20 to 2021/22 and £145m in budget savings which have already been achieved over the past five years.
7. The Corporate Plan 2018-21 will be supported by Directorate Delivery Plans, which will set out in greater detail how well-being objectives will be delivered, as well as how directorate business will be taken forward. These key business planning documents will be supported by a significantly strengthened Performance Management Framework.

### Well-being Objectives

8. The Well-being of Future Generations (Wales) Act 2015 places a duty on public bodies to carry out sustainable development which means that the Authority must set and publish well-being objectives, supported by a well-being statement, which make progress towards meeting the seven national well-being goals that are set out below:
  - A prosperous Wales
  - A resilient Wales
  - A healthier Wales
  - A more equal Wales
  - A Wales of cohesive communities
  - A Wales of vibrant culture and thriving Welsh Language
  - A globally responsible Wales

9. The Council must also act in accordance with the 'sustainable development principle' by embedding the following five ways of working:
  - Long Term
  - Prevention
  - Integration
  - Collaboration
  - Involvement
10. The Corporate Plan 2018-21 has been developed in accordance with the statutory requirements of the Well-being of Future Generations (Wales) Act 2015 and the sustainable development principle. It also takes account of the draft Well-being Plan for Cardiff that has been developed by the Cardiff Public Services Board in accordance with the statutory requirements of the Well-being of Future Generations (Wales) Act 2015. The two strategic policy documents will also be considered at the same meetings by both the Cabinet and Council during March 2018.
11. The Corporate Plan and the Well-being Plan are key documents in delivering Capital Ambition and translating the Administration's priorities into deliverable organisational objectives. The Corporate Plan focuses on the issues and services that the Council has prioritised and the Well-being Plan focuses on areas of collaborative advantage in the delivery of public services in the city.
12. The Council must agree and publish well-being objectives that are designed to maximise the Council's contribution to achieving each of the seven national well-being goals. In accordance with the development of the draft Well-being Plan, Cardiff Council has adopted the same seven well-being objectives as the Cardiff Public Services Board:
  - A Capital City that works for Wales
  - Cardiff grows in a resilient way
  - Safe, confident and empowered communities
  - Cardiff is a great place to grow up
  - Supporting people out of poverty
  - Cardiff is a great place to grow older
  - Modernising and integrating our public services
13. These well-being objectives demonstrate what public services in Cardiff want to achieve, reflect their shared aspirations and the common understanding of the challenges facing the city.
14. In defining these draft well-being objectives, an integrated corporate approach has been developed in order to combine the Council's well-being and improvement objectives. This has been based on a comprehensive audit and self-assessment by directorates, which was undertaken to explore the extent to which the directorates contribute to each of the well-being goals, what more could be done and what further action could be taken to make progress towards the goals.

15. Following on from this exercise, a number of steps or actions have been developed, supported by appropriate performance indicators, in order to measure progress.
16. Both the Council and the Cardiff Public Services Board will measure progress towards achieving the well-being objectives using the same indicators of city performance. This will enable partners in Cardiff to keep track of how the city is performing and help demonstrate Cardiff's contribution towards achieving the Welsh Government's aims to improve well-being nationally.
17. The Council must publish a 'statement' about its well-being objectives at the same time as the objectives are published. Both requirements should be contained in the Corporate Plan, explaining:
  - Why the Council considers that its well-being objectives will contribute to the achievement of the well-being goals;
  - Why the Council considers that its well-being objectives have been set in accordance with the sustainable development principle, including an explanation of how the Council will involve people with an interest in achieving the well-being goals. Those people must also reflect the diversity of Cardiff's population;
  - The steps to be taken to meet the well-being objectives in accordance with the sustainable development principle;
  - How the Council will govern itself to meet its well-being objectives;
  - How the Council will keep the steps it takes to meet its well-being objectives under review;
  - How the Council will ensure that resources, including financial, are allocated annually for the purpose of taking steps to meet its objectives;
  - When the Council expects to meet its well-being objectives;
  - Any other information about the well-being objectives that is considered to be relevant.

#### Consultation and Engagement

18. The development of the Corporate Plan 2018-21 has been informed by the findings of the annual Ask Cardiff survey and the budget consultation process for 2018/19.
19. The Policy Review and Performance Scrutiny Committee has been involved throughout the development of the Corporate Plan 2018-21. On 6 December 2017, the Committee considered the proposed arrangements to deliver the Administration's Capital Ambition policy

statement and was briefed on the planned approach and draft structure for developing the Corporate Plan 2018-21. The Committee then considered an early draft of the Corporate Plan on 17 January 2018, which included the proposed objectives and performance measures.

20. The Key Performance Indicators contained in the draft Corporate Plan 2018-21 were also considered by the Policy Review and Performance Scrutiny Committee's Performance Panel on 31 January 2018. This session provided an opportunity for the proposed targets to be challenged and cross-scrutiny committee observations to be fed into the target setting process ahead of formal pre-decision scrutiny of the draft Corporate Plan 2018-21 in February 2018. It was also considered by the Committee's Chair to be '*a significant step forward in facilitating scrutiny impact on the Council's strategic planning processes*' with an "*unprecedented*" level of engagement.
21. A copy of the draft version of the Corporate Plan 2018-21 and/or extracts detailing various steps and performance indicators relevant to each committee were considered formally by the Council's five Scrutiny Committees at meetings held between the 12<sup>th</sup> and 14<sup>th</sup> February 2018. This enabled consideration of the draft Corporate Plan 2018-21 alongside the Cabinet's draft budget proposals for 2018/19. Copies of the letters received from each of the Scrutiny Committee Chairs following those meetings are compiled within **Appendix B** to this report.
22. The Corporate Plan 2018-21 includes a basket of performance measures with clear targets, which consist of a mixture of (statutory) National Strategic Indicators (NSIs) and Public Accountability Measures (PAMs), as well as "Local" indicators selected for their particular relevance to directorates. The Council continues to recognise the importance of statutory indicators and respond to the demands of the external performance landscape; however, an emphasis is also placed on selecting measures of success which are relevant for Cardiff.
23. A copy of the Corporate Plan 2018-21 will be published on the Council's website by 1 April 2018 and, as in previous years, an interactive and more accessible version of the Corporate Plan that communicates the Council's priorities and objectives will also be provided.

#### Directorate Delivery Plans

24. The "business as usual" and more service focused commitments will be included in Directorate Delivery Plans to be prepared by Q1 2018. The Directorate Delivery Plans will continue to provide an important link between the Corporate Plan, the work of directorates and the objectives set for individual employees. Directorate Delivery Plans will also further integrate financial and service planning, more detailed action about progressing Corporate Plan well-being and improvement objectives, as well as details of other important activities not included in the Corporate Plan. A Balanced Scorecard approach is also intended to provide a sharper focus on the key issues.

25. In addition, Directorate Delivery Plans will provide clear lines of responsibility, increased accountability and be subject to effective management challenge and scrutiny. This will ensure that team and individual employee objectives are aligned with Council's key strategic priorities. This will support the Council's continued drive to improve compliance with organisational performance management requirements, including Personal Reviews. In this way, the Council will maintain an overview and manage the key organisational functions of:
- identification and delivery of priorities;
  - service and financial planning;
  - timely performance management integrating financial and service performance; and
  - objective setting for, and performance of, individual members of staff.

### **Reason for Recommendations**

26. To enable the draft Corporate Plan 2018-21 to be considered by the Council on 22 March 2018 and published thereafter by 1 April 2018, subject to any consequential amendments that may be required.

### **Financial Implications**

27. This report sets out the Council's Corporate Plan for the period up until 2021. Implementing these strategic priorities and improvement objectives will need to be in accordance with the amounts set out in the 22 February 2018 Budget Report which included both revenue and capital budgets for 2018/19, the indicative Medium Term Financial Plan for the period up to 2021/22 and the indicative Capital Programme for the period up until 2022/23.
28. Some of the objectives contained in this report will be subject to further detailed reports which will be accompanied by a robust business case. The plan clearly identifies the demand and financial pressures within which the Council is operating in terms of both revenue and capital budgets with associated impact on the level of borrowing. These will include sufficient financial detail in order to set out the full and robust financial implications as well as be fully informed of associated risks. This is particularly the case for proposals, which have yet to be developed to be included in the current budget proposals. These proposals will need to be fully appraised for the financial impact, affordability and considered as part of the Council's Medium Term Financial Plan for future years.

### **Legal Implications**

29. As noted in the body of the report, the Corporate Plan outlines the Council's strategic policy priorities and its plans to achieve its priorities for improvement (in discharge of the statutory improvement duties set out under Part 1 of the Local Government (Wales) Measure 2009). The Plan also fulfils the Council's statutory duties under the Wellbeing of Future Generations (Wales) Act 2015 (WBFG Act) with regard to the publication of Well-Being Objectives and a Well-Being Statement, as detailed in the

body of the report. Decision makers must be satisfied that the Well-Being Objectives, as set out in the Corporate Plan, will contribute towards achievement of the statutory Well-Being Goals (listed in paragraph 8 of the report); and note that once the Well-Being Objectives have been set, decision makers must have regard to the same, and must be satisfied that all reasonable steps have been taken to meet those Objectives.

30. The duties imposed on the Council under the WBFG Act include a duty to act in accordance with the 'sustainable development principle', which is defined as meaning that the Council must act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs. Put simply, this means that Council decision makers must take into account the impact of their decisions on people living their lives in Wales in the future. There are a number of factors which the Council must take into account in this regard, specifically, decision makers must:
- Look to the long term;
  - Focus on prevention by understanding the root causes of problems;
  - Deliver an integrated approach to achieving the seven well-being goals;
  - Work in collaboration with others to find shared sustainable solutions; and
  - Involve people from all sections of the community in the decisions which affect them.
31. Decision makers must be satisfied that the Council's formulation of the Corporate Plan is compliant with the sustainable development principle, having regard to the factors above. In considering the requirements of the WBFG, due regard must be given to the Statutory Guidance issued by the Welsh Ministers, which is accessible using the link below:  
<http://gov.wales/topics/people-and-communities/people/futuregenerations-act/statutory-guidance/?lang>
32. Effective consultation is required for lawful decision making on policy matters, and the Local Government (Wales) Measure 2009 and the WBFG Act impose express consultation requirements. The report sets out the consultation undertaken in fulfilment of the Council's duties in this regard.
33. In considering this matter, the Council must also have regard to its public sector duties under the Equality Act 2010. The Council's decisions must have due regard to the need to: (a) eliminate unlawful discrimination; (b) advance equality of opportunity; and (c) foster good relations on the basis of the protected characteristics defined in the Act. The protected characteristics are:
- Age
  - Gender reassignment
  - Sex
  - Race – including ethnic or national origin, colour or nationality

- Disability
- Pregnancy and maternity
- Marriage and civil partnership
- Sexual orientation
- Religion or belief – including lack of belief

34. The Corporate Plan is part of the Policy Framework, which is comprised of the key policies and strategies listed in Article 4.2 of the Constitution. The Cabinet is responsible for recommending any policy, plan or strategy which forms part of the Policy Framework, to full Council. The decision on whether to adopt the draft Corporate Plan is a matter for full Council.

## **RECOMMENDATIONS**

Cabinet is recommended to:

1. approve the Corporate Plan 2018-21 for consideration by Council on 22 March 2018; and
2. recommend to Council that authority be delegated to the Chief Executive, in consultation with the Leader of the Council, to make any consequential amendments to the Corporate Plan 2018-21 following consideration by Council on 22 March 2018 and prior to publication by 1 April 2018.

# Leader's Introduction

---

Cardiff is now a true economic, cultural and political capital city. It's a city of strong and safe communities, great schools and universities, and creative, talented, welcoming people.

The city economy is growing, jobs and businesses are being created and unemployment is at its lowest level this decade. The city's profile has never been higher, and visitor numbers are growing every year. It's a far cry from the city that was grappling with the challenges of deindustrialisation only a generation ago. Undeniably, Cardiff is Wales' strongest economic asset and the nation's best opportunity to secure sustainable economic success.

But there are major challenges too. For too long, the gap between rich and poor has been allowed to grow and many of Cardiff's communities are amongst the poorest in Wales. Indeed, if the 'Southern Arc' of Cardiff, from Ely in the West to Trowbridge in the East was considered a single local authority, it would be far and away the poorest in Wales. Too many people in Cardiff – many from working families – are struggling to meet their basic needs. Rates of child poverty in Cardiff are the highest in Wales. Almost one in every three children in our city now live in poverty. In some wards, it's higher than one in two.

One city, two worlds. Of prosperity and poverty. Our Capital Ambition is all about bringing these two worlds closer together.

This document sets out a programme of action, with commitments and targets, for how we intend to do this, in the face of what remain severe budget challenges faced by all public services. It sets out how we will continue to invest in and improve our schools, our plans for building more affordable housing and tackling homelessness, and how we will protect the city's most vulnerable people. It contains bold plans for tackling congestion and air pollution; improving recycling rates and keeping our streets clean.

In total, it contains a series of commitments which will help change the lives of many, many people in this city for the better. It's a plan that is ambitious for the future of our local public services, for the people and communities we serve and for the people of Wales.

**Cllr Huw Thomas**  
Leader of Cardiff Council

## Capital Ambition

Following the local government elections on 4 May 2017, a new Council Administration was formed. To outline its ambitions for the city, the Administration set out a new policy programme for the next five years, entitled ‘Capital Ambition’.

Capital Ambition identifies four priorities:

- **Working for Cardiff:** Making sure that all our citizens can contribute to, and benefit from, the city’s success.
- **Working for Wales:** A successful Wales needs a successful capital city.
- **Working for the Future:** Managing the city’s growth in a sustainable way.
- **Working for Public Services:** Making sure our public services are delivered efficiently, effectively and sustainably in the face of the rising demand and reducing budgets.

## Delivering Capital Ambition

*Delivering Capital Ambition* sets out how the Administration’s priorities for Cardiff will be achieved, providing clarity on *what* will be delivered, and by *when*.

## Supporting Future Generations

In accordance with the requirements of the Well-being of Future Generations (Wales) Act, *Delivering Capital Ambition* sets out Cardiff’s **Well-being Objectives**, the **steps** it will take to achieve them and how we **measure progress**.

### Glossary of Terms

- **Well-being Objective:** sets out what the Council wants to achieve
- **Outcome Indicator:** a measure of city-wide performance
- **Steps:** what the Council will do, and by when, to help achieve each Well-being Objective
- **Key Performance Measures:** measures of operational performance that indicate if the steps the Council are taking are effective
- **Target:** sets out a numerical value on Key Performance Measures to be achieved
- **Budget Setting Process:** how each public body will ensure that resources are allocated annually for the purpose of taking steps to meet its objectives
- **Self-Assessment:** a process that directorates undertake to help shape Well-being Objectives and identify the commitments for inclusion in *Delivering Capital Ambition*

## Setting Well-being Objectives

The Well-being Objectives were set following a **self-assessment** process undertaken by each directorate. This process was designed to ensure that each directorate had due regard to the sustainable development principle by encouraging a consideration of the five ways of working.

**Long term:** The objectives and steps in this plan were informed by the Wellbeing Assessment 2017, the Population Needs Assessment and work on Future Trends undertaken by the Cardiff PSB.

**Prevention:** Drawing on the evidence, our objectives and steps are designed to tackle both the immediate demand pressures on public services and the root causes of these pressures, most importantly through tackling poverty and inequality.

**Collaboration:** The Wellbeing Objectives in this plan were developed in close collaboration with our public service partners, and the Public Services Board in Cardiff has adopted the same seven Well-being Objectives, reflecting their shared aspirations and the common understanding of challenges facing the city.

**Integration:** The Wellbeing Objectives cut across departmental siloes, focussing on what all Council services can do to improve the wellbeing of the people of Cardiff, and contribute to the 7 national wellbeing goals.

**Engagement:** In developing the Wellbeing Objectives we have drawn on the results of the Ask Cardiff citizen survey – which received over 5600 responses – and on focus groups with ‘seldom heard’ groups.

## The Council’s Policy Framework

*Capital Ambition* sets out the Administration’s policy agenda, focused on four priorities.

The Corporate Plan and the Well-being Plan are key documents in delivering *Capital Ambition*, as they translate the Administration’s priorities into deliverable organisational objectives.

- **Corporate Plan:** focuses on the issues and services which the Council has prioritised
- **Well-being Plan:** focuses on areas of collaborative advantage in the delivery of public services

The Public Services Board in Cardiff has adopted the same seven Well-being Objectives which they want to achieve, reflecting their shared aspirations and the common understanding of challenges facing the city:

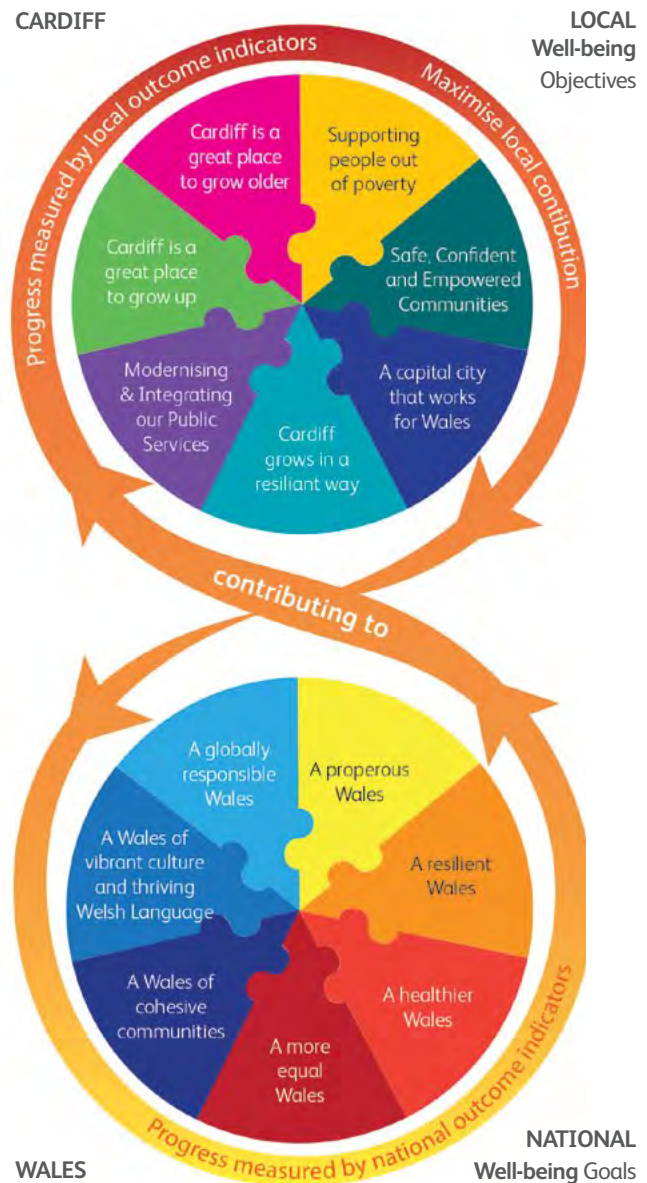

Both the Council and the Public Services Board will measure progress towards achieving the Well-being Objectives using the same indicators of city performance. Not only will this enable partners in Cardiff to keep track of how the city is performing, it will also help demonstrate Cardiff’s contribution towards achieving the Welsh Government’s aim to improve well-being nationally.

### Contribution to National Well-being Goals

The Welsh Government has set out national well-being goals. Cardiff Council and the Cardiff Public Service Board have agreed local Well-being Objectives, which are complimentary with the national Well-Being Goals.

In order to measure Cardiff’s progress towards achieving the 7 Well-being Objectives, a series of high level outcome indicators were selected which provided objective measures of the city’s performance. Outcome indicators are high-level indicators which measure long-term trends. They provide an overview of the city’s performance, both over time and relative to other cities and local authorities. The trends they measure are difficult to influence directly and no single body or organisation can be held accountable for delivering them. Because both Cardiff Council and the Cardiff Public Service Board are working towards the same 7 Well-being Objective, it was agreed that the Council and the PSB should adopt a complimentary set of indicators when measuring progress against the Well-being Objectives.

Whilst Cardiff Council and the PSB have recognise the same set of outcome indicators for measuring progress, the Council’s Corporate Plan focuses on those most relevant to the Council. A selection of the outcome indicators are included in the Corporate Plan, with most of the data sets allowing Cardiff’s contribution to national performance to be tracked and measured.

## City Context: Cardiff Today

### Growth and demographic change

Between 2005 and 2015, Cardiff's population grew by 11%. This growth trend is set to continue with a projected growth of just over 20% between 2017 and 2037 - or an additional 73,000 people - making Cardiff one of the fastest growing UK Core Cities. This also means that, over the next 20 years, population growth in Cardiff is expected to outgrow the combined population growth of every other local authority in Wales.

### Population Growth 2017-2037

### Strong economy but persistent inequality

Cardiff is one of the fastest-growing and most highly-skilled cities in Britain. The city economy is growing, jobs and businesses are being created and unemployment is at its lowest level this decade. The city's profile has never been higher, and visitor numbers are among the highest they've ever been. Undeniably, Cardiff is Wales' strongest economic asset and the nation's best opportunity to secure sustainable economic success.

That said, Cardiff's total economic output (GVA) - although much higher than other parts of Wales - compares relatively poorly to the top performing major British cities. After 10 years of continual growth the city's economy is not becoming more productive. This has meant that the gap between rich and poor has grown with many of Cardiff's communities amongst the poorest in Wales. Indeed, if the 'Southern Arc' of Cardiff, from Ely in the West to Trowbridge in the East, was considered a single local authority, it would be far and away the poorest in Wales. Too many people in Cardiff - many from working families - are struggling to meet their basic needs. Poverty is damaging for our economy and our society, it places major pressures on public services, and casts a long shadow over too many lives.

### Austerity

The Council's priorities must be delivered in the context of a budgetary position that continues to deteriorate rapidly. The Council is approaching a £¼bn in cumulative savings made over the past 10 years, including over £105m from 2014/15 to 2016/17. With funding for schools and social services broadly maintained, this has necessitated a significant reduction in the proportion of Council spending on other services, from 39% of the budget in 2005/06 to 24% in 2017/18. Alongside funding reductions, the Council has lost a number of staff, with a reduction of over 20% in non-school staff numbers since 2012/13.

Looking ahead, the Council anticipates that it will have to make savings of £91m over the next three years, with other public services organisations facing similar pressures. The Council, along with its public service partners, is therefore facing a continued period of severe budget constraints at a time when demand for services is projected to rise significantly and citizen expectations of excellent quality services remains high.

### Implications for local public services

The reality is that public services must focus on a smaller number of key priorities, and Capital Ambition makes clear those priorities for the Council. Moving forward, both the Council and all its delivery partners must ensure that our services are as streamlined and as joined up as possible if lasting solutions are to be delivered to complex problems. Removing the barriers that prevent people from getting a job, delivering the best outcomes for children in our care and helping people to live independently all require services to be delivered without boundaries. This will mean a relentless focus on service integration to deliver the outcomes that we want to achieve, whilst re-focusing investment into prevention and early intervention in order to tackle issues before they escalate.

# Capital Ambition Priority: **Working for Cardiff**

## Well-being Objective:

# Cardiff is a great place to grow up

For many children and young people in our city, Cardiff is a great place in which to grow up. Education provision and the achievements of learners are both improving. The city offers a wealth of opportunities in sports, leisure and culture. And as the economy develops, there are a widening range of job opportunities within reach. However, currently not all of our young people are benefitting, and we know that we need to do more to address this inequality in achievement, participation and progression in the working world.

### Becoming a Child Friendly City

Cardiff is one of the five cities in the UK to be developing, in partnership with UNICEF UK, as a 'Child Friendly City'. This means we place the rights of children and young people at the heart of our policies and strategies; we involve young people in decision making and commit to addressing barriers which limit their lives.

### Every School in Cardiff is a Great School

Education remains the top priority for young people in Cardiff, the most vital investment into the city's economy and the surest route out of poverty for individuals. That is why the city is committed to building on the progress of recent years to make sure that every school in Cardiff is a good or excellent school, and that the gap in educational outcomes, particularly for vulnerable young people and those from more deprived communities, is reduced. Projections indicate an increase of 5,700 (18%) in the number of primary school age pupils, and an increase of over 9,000 (37%) in the number of secondary school age pupils by 2036. With Cardiff's existing school system operating at or near full capacity, significant investment will be needed to build new schools and to refurbish and improve existing accommodation. Given the scale of the investment and importance of schools in communities, they must be at the heart of the city's approach to community life, with strong links to other public services to local people and community groups. Our vision is that all children and young people in Cardiff attend a great school and develop the knowledge,

skills and characteristics that lead them to become personally successful, economically productive and actively engaged citizens. To make 'every school a great school', we will continue to drive forward the strategic priorities included in Cardiff 2020.

### Supporting Vulnerable Children and Families

Parents have the most significant influence on children and on their future lives. Outcomes for children are best when they are supported to grow and achieve within their own families, as they know them best. In all cases, we will adopt a 'Think Family' approach which looks at the family as a whole and co-ordinates support across the public services, tailored to each family's needs and strengths. Public and third sector partners including teachers, health practitioners, social workers, youth workers, third sector practitioners, early years practitioners and play workers will work together to deliver a joined-up approach to enable the right conversations to take place at the right time, between the right people and for solutions to be found at the earliest possible stage, particularly for the most vulnerable children and families.

The identification and protection of vulnerable children needs to be everybody's business. Within our local communities we want individuals to feel empowered to identify where they feel a child is at risk, raising concerns that may not be picked up through the provision of universal services for families. This will be supported by a Children's Services approach which places an emphasis on prevention and early intervention to give children the best possible outcomes and better manage the pressure on public services.

## Well-being Objective:

# Cardiff is a great place to grow older

As the city grows, and life expectancy continues to increase, the number of older people living in Cardiff aged between 65 and 84 is expected to rise significantly; over 44% in the next 20 years. The number of people aged 85 and older is also expected to nearly double by 2030. At the same time, older people will increasingly become an important asset to the city, making a significant contribution to the economy and our local communities.

These demographic changes will place additional and significant pressures on public service delivery in Cardiff, particularly in terms of health and social care provision. The cost of delivering social care is already increasing, with a 50% rise in costs for delivering services for older people between 2011 and 2016 (£21.3m to £31.9m). There is no sign of these pressures relenting.

### Joining up Social Care, Health and Housing

There is a need to find working solutions to both immediate social care pressures and longer-term challenges. Working in ever-closer partnership with the Health Service and the third sector, joining up our services at a community level, working closely with partners – including voluntary groups, unpaid carers and volunteers – will be crucial to ensuring that as many people as possible are supported to live fulfilled and independent lives in their communities.

To reduce demand and cost pressures on public services at a time of reducing budgets, there is a need to re-focus investment on prevention and promoting independent living. This is not only a more sustainable approach to meeting an individual's needs in later life, but will also deliver better health outcomes.

The adoption of a preventative approach within social care, health and housing services will be of central importance. This will require the accelerated integration of public services for older people that are delivered in Cardiff, including joining up our resources and services at a community level. It will also underpin the continued development of a full range of preventative services that are geared towards reducing the demand pressures of an ageing population and can empower people to live independently in their home.

### Age Friendly and Dementia Friendly City

The city's ageing population, especially those with long-term medical conditions or chronic health issues such as dementia, will place increasing demands on health and social care services. For example, by 2035, it is predicted that over 6,000 people in Cardiff will be living with dementia, up from 3,400 people today.

Cardiff's status as an age-friendly and dementia friendly city will require structures to be adapted and services to be accessible to, and inclusive of, older people with varying needs and capacities. Additional community and primary care services will be required to meet the needs of those older people with specific medical conditions or more complex care needs. This means ensuring that policies and programmes of work that focus on the needs of older citizens, particularly those who are most disadvantaged, are central to the work of service providers. Assessment, diagnosis and care planning practices will require genuine collaboration with older people, their carers and their families, so that their care plan reflects what is important to them and achieves the outcomes they value.

In order to help meet the health and social care needs of an ageing population in Cardiff, it will be important that new communities are designed in a way that accommodates the needs of older people, including the development of new housing that supports extra care provision and promotes independent living. This will need joint planning and provision of a range of future accommodation options to meet the demand for housing and enable people to remain at home. There is also a need to tackle social isolation and loneliness within local communities through the development of accessible, local and strong community networks to support the needs of older people where they live. Enabling older people to play a role in their communities, developing inter-generational services and improving access to community activities can dramatically improve physical and mental health, reducing the risk of falls and helping older people enjoy independent lives for longer.

## Well-being Objective:

# Supporting people out of poverty

Despite Cardiff's economic growth and success during the last 30 years, poverty and inequality persist within local communities. Over 60,000 people in Cardiff live in some of the most deprived communities in Wales. In addition, if the 'Southern Arc' of Cardiff from Ely in the West to Trowbridge in the East, which has a population of over 150,000, was considered as a local authority area in its own right, it would be by far the most deprived in Wales.

### **Socially Responsible Employers**

An economy which creates more and better jobs, paying at or above the Living Wage, is vital to tackling poverty. Cardiff Council proudly pays staff the Real Living Wage, providing an honest day's pay for an honest day's work. The Living Wage Foundation also named Cardiff Council its Living Wage for Wales Champion for 2017-18 in recognition of the Council's 'outstanding contribution to the development of the Living Wage in Wales, above and beyond the requirements of accreditation.' The Council will continue to actively encourage other employers in the city to pay the Real Living Wage.

Public services in Cardiff employ nearly 46,000 people and contribute over £1bn of spend to the local economy. In addition to delivering vital public services, public bodies such as the Council are major employers who have the potential to make a real impact on tackling poverty in the city. This includes adapting procurement policies to deliver a greater amount of community benefits and increase spend in the local economy. It also includes promoting the Cardiff Commitment and creating employment opportunities, including apprenticeships and work placements, for local people, particularly young people, from Cardiff's most deprived communities.

### **Tackling Poverty**

Tackling poverty is vital to creating a strong economy. A focus on creating more and better-paid jobs in Cardiff must therefore go hand-in-hand with effectively removing the barriers to work – whatever they may be for all citizens. This will require continued support for those affected by Welfare Reform as the transition to Universal Credit is rolled out, while providing effective, joined-up employment support services across the city. In the same way, the Council must help ensure that regeneration schemes, major projects and fast growing sectors are supported by appropriate skills and training programmes. Cardiff's emerging locality approach, which joins-up public services at a local level in a way that makes sense for each particular community, building on the success of the Community and Well-being Hub Model, will be the heart of the city's approach to tackling poverty. The reform of the Welsh Government's flagship anti-poverty programmes also provides an opportunity to simplify and target funding, with the flexibility to respond to individual families' and communities' strengths and challenges.

### **Tackling Homelessness and Rough Sleeping**

There is no more striking instance of poverty and inequality than the sight of people sleeping rough on the streets of the nation's capital. What is more, the solution is not as straightforward as offering a roof and a warm bed. With nearly half of service users reporting experience of institutional care, substance misuse and other complex needs, delivering lasting solutions will require intensive collaboration. An integrated response across social care, health and housing will be needed, working with the city's regional partners to intervene early, as well as addressing the complex dependency issues faced by each individual.

## Well-being Objective: Safe, Confident and Empowered Communities

Communities are at the heart of well-being. They play a vital role in connecting people with the social networks and the day to day services we all depend on. The Council will therefore prioritise activities to make sure that communities in Cardiff are safe, that people in Cardiff feel safe and that they have easy access to the services that they need. We will also continue to deliver services, at the local level, in a well-planned, connected and integrated way.

### Safeguarding and Supporting Vulnerable People

One of the Council's first duties is to safeguard people in Cardiff – particularly vulnerable children and adults – from harm, abuse or other types of exploitation. An important part of this agenda involves supporting individuals in maintaining control over their lives and in making informed choices. Helping those who need care and support will remain a clear priority. The Council will continue to collaborate with partners, playing a lead role in protecting and safeguarding individuals who need care and support from abuse, neglect or any other kinds of harm.

### Safe and Inclusive Communities

Cardiff is a safe city. Cardiff citizens are a third less likely to be the victim of crime than a decade ago. However the perception is very different and the fear of crime has not decreased. Citizens do not have the confidence that they, their families and their communities are safe. And while Cardiff is safe for the overwhelming majority, a small number of people – particularly children and women – are subject to abuse, violence and exploitation. The Council will work with partners to develop new and integrated approaches to protect individuals at risk, as well as tackling community safety issues in our local communities.

More broadly, cities must be vigilant against the threat posed by the tiny minority who do not share our values. It is recognised that countering the threat of all forms of radicalisation and extremism can only be achieved by working in close partnership with organisations and communities. The Council will nurture community cohesion – the sense of belonging felt by communities, and the strong and positive relationships within them – and understanding, where individuals have the opportunity to connect and become engaged with their community.

### Regenerating Local Communities and Citizen Centred Services

The Council will seek to empower communities by aligning community services, making sure that developments and investments in local communities are well-planned and maximising the impact of public investment through a new approach to 'locality working', building on the success of the Community Hub programme.

Work will be undertaken to promote relationships within communities with a strong focus on civic engagement. Just over a quarter of people in Cardiff are participating in some form of volunteering through charities, youth groups, environmental and faith groups. Volunteering makes communities more resilient, and helps people gain confidence, learn new skills and give back to those around them, benefiting community cohesion.

We know that more people want to volunteer than currently do and the Council has a role to play in helping people support the city they live in. This forms an important part of the New Deal approach, with Cardiff residents and the Council working together to address the issues affecting the city and realise our shared ambitions.

### Supporting Sports, Leisure, Culture and Green Spaces

Healthy communities require access to a range of leisure facilities, including parks, green spaces as well as sports and leisure facilities. The Council will work to increase participation in sport and physical activities, unlocking continued support for sporting, play and physical activity facilities, particularly in the city's most deprived communities.

Culture in Cardiff is one of the main reasons why people love living here. Our theatres, music venues, and museums are at the heart of what the city has to offer. Learning about the city's heritage boosts community pride and strengthens a sense of place. By working in partnership with Cardiff's cultural communities we can encourage public engagement with art and culture whilst nurturing and promoting the wealth of artistic talent and activity already present in Cardiff.

Supporting the Welsh language is a key step towards creating a truly bilingual capital city and the Council will continue to deliver on its commitments to making this a reality.

# Capital Ambition Priority: **Working for Wales**

## Well-being Objective: A Capital City that Works for Wales

Cardiff's regeneration story is a significant one. It has been transformed from a city weighed down by de-industrialisation in the 1970s to one of the most competitive in the UK. It is a young and talented city with a growing business base, a start-up culture and a thriving visitor economy. If we are to continue to deliver for the people of Cardiff and Wales however, we cannot stand still. We will therefore have a relentless focus on delivering more, and better, jobs for the people of Cardiff. The momentum seen in both the Central Square development and in Cardiff University's Innovation System demonstrates that we are well placed to respond to the challenge.

We will therefore build a more **Connected Capital**, securing investment in the physical and digital infrastructure that unleashes the potential of our city's people. We need to upgrade our city infrastructure to support the development of more home-grown business and attract more inward investment. Moving beyond City Deal, our role as the driver of the city-region economy must be promoted and exploited. Cardiff must also continue to be an outward looking, international city, acting as the connecting point between Wales and the world.

We will build on our success as a **Business Capital**, with a relentless focus on creating new jobs and opportunities for people in Cardiff and across the city-region, raising productivity for the city and for the nation. We know that whilst Cardiff has been successful in developing and attracting jobs we need to continue to climb the value chain. We also know that if we are to raise income levels we will need to become more productive.

We will develop a more **Inclusive Capital** by providing a range and choice of jobs across the city so that everyone can access an opportunity to reach their full potential. We must ensure big city projects translate into economic prosperity, and the benefits need to be felt in all of the city's communities.

We will build a **Smarter Capital**, working with partners to leverage the investment potential of key high-value sectors: the creative and digital industries, and financial and professional services - sectors in which Cardiff already has companies with international significance. Our universities need to become central to our ambitions in the way that they have not been in the past. The Council also needs to engage more with business and embrace the full potential of public private partnerships which have served the city so well in the past.

Cardiff has developed a deserved reputation as a **sporting and cultural Capital City**. From the Champions League to local park-runs, sport and leisure has an impact on all aspects of city life. Investment in sporting infrastructure has focussed on the west of the city, and opportunities remain to build on this to cement the city's position not only as a place where major sporting events take place, but also one with world class facilities for use by elite athletes through to those in the local community. We will continue to invest in the city's sporting infrastructure and ensure a full programme of international events.

# Capital Ambition Priority: **Working for the Future**

## Well-being Objective: Cardiff Grows in a Resilient Way

Cardiff's growth will create major economic and cultural opportunities. It will also put pressures on city infrastructures and public services. Capitalising on the opportunity of growth and ensuring that its benefits are widely felt, whilst mitigating its effects, will define Cardiff's development over the next 20 years.

### Housing

Cardiff's Local Development Plan sets out that 41,000 new homes will need to be built by 2026. Whole new communities will soon be created that do not currently exist and making sure that these communities are well-planned and well-connected, with easy access to public services, community facilities and green and blue spaces, will be a strategic priority.

### Transport

A shift to more sustainable forms of transport will be needed. Given the projected increase in population, a shift to more sustainable forms of transport will be needed. With 20% more people expected to commute to work and a 32% net increase in traffic, all this will put a strain on already congested roads. As a consequence, journey times are expected to increase by approximately 41%. The Council has therefore set a target for a '50:50 modal split by 2021 with 50% of journeys to be made by sustainable transport. Meeting these ambitious targets will require investment into public transport systems, cycling infrastructure and cleaner vehicles and promoting behaviour change, all of which must be supported by major employers and public service partners. Getting this right will provide a boost to the city economy, to quality of life overall and can be expected to bring major health benefits through increased levels of cycling and walking, and improved air quality.

### Waste and Recycling

As the city grows, it will create more waste. Cardiff has a good track record for recycling and composting, with recycling increasing from 4% in 2001 to 58% in 2016/2017. These improvements will need to be continued if Cardiff is to meet the Welsh Government targets of recycling 64% of waste by 2020, rising to 70% by 2025. Focus will need to be placed on minimising the waste produced in the first place, encouraging increased household and business recycling, and optimising our re-use and household recycling centre performance.

### Clean Streets

It is recognised that clean streets are a priority for the city's residents. Frontline services will focus on tackling all forms of littering, a zero tolerance approach will be adopted and communities will be empowered to help deliver a city environment that befits the nation's capital and which local people can be proud of.

# Capital Ambition Priority: **Working for Public Services**

## Well-being Objective:

# Modernising and Integrating Our Public Services

The Council recognises the need to modernise its systems and processes to support service delivery. This will mean streamlining and simplifying the way the Council does business, making better use of the Council's asset base and finding new and better ways of working to take advantage of new technology. Equally important is the need for the Council to work across the public services in order to deliver lasting solutions to complex problems. Typically this will require change across services, often working in partnership with other organisations, with local communities and with those who receive the service. Traditional organisational and service boundaries will need to be broken down, and services will need to be redesigned, with stakeholders, assets and resources brought together around the particular needs of people and local communities.

### Delivering Strategic Change

Delivering the priorities outlined in this Plan will therefore require a significant refocusing of the Council's change management capacity. In particular, a small number of key priorities will require a mobilisation of corporate leadership and resources including dedicated project teams with corresponding governance and performance management arrangements. The Capital Ambition Delivery Programme focuses on two discrete components: Modernisation and Resilient Services. Modernisation will focus on the transformation of corporate systems and processes that support service delivery, whilst Resilient Services will focus on the transformation of front-line services.

Modernising Council services will mean using technology to help the Council better manage increasing demand for services whilst increasingly providing digital access to services indistinguishable from that available to citizens in every other aspect of their lives. Equally, being more inventive and creative with our assets means that running costs can be reduced whilst at the same time better supporting when and where we deliver services. It is also acknowledged that delivering this change will require continued investment in the workforce, with the Cardiff Manager Programme and the work of the Cardiff Academy important pointers to the Council's commitment in this area.

### Sustainable Services and Organisational Performance

Despite having to achieve budget savings of over £145m during the last 5 years and losing 22% of non-school Council staff, Cardiff Council has continued its journey of improvement. In 2016/17, Cardiff's performance improved to 13th position out of the 22 Local Authorities in Wales, increasing from 17th in the previous year. Education performance remains significantly better than the all-Wales position and, overall, 60% of Cardiff Council indicators were ranked 1st to 11th out of the 22 Local Authorities.

Cardiff was also ranked third for the level of citizen satisfaction with Council services and emerged as one of the most trusted public service providers in Wales according to one of the Welsh Government's most wide-reaching opinion surveys. The Council's Annual Complaints report also shows a decrease in complaints for the fifth year running whilst noting an increase in compliments received.

In terms of customer service, the Council has areas of consistent good practice, such as our network of Community Hubs, our First Point of Contact providers, park rangers, event stewards and library staff. Service delivery across a number of visible services is also good, despite dealing with a high volume of demand on a regular basis. For example, Waste Management make over 24 million collections with a less than 1% failure rate. Good customer engagement is clearly evident within front line service delivery teams and the Council will continue to work to ensure that customer management is characterised by the same level of excellence throughout the organisation.

Maintaining this journey of improvement will therefore require a focus on the Council's priorities, but also on the successful delivery of the Capital Ambition Delivery Programme, which seeks to improve efficiency and service performance whilst ensuring the long-term sustainability of key frontline services.

Dear Councillor Thomas,

**Policy Review & Performance Scrutiny Committee: 6 December 2017**

Thank you for attending the above committee. On behalf of the Members, this letter captures the committee's agreed comments and observations in respect of the Delivering Capital Ambition report and preparations for delivering the Corporate Plan 2018 -19.

Firstly, the Committee wishes to record its appreciation for the Cabinet's inclusive approach to scrutiny engagement with these important strategic plans whilst in their development stages. We look forward to sight of the draft Corporate Plan and an opportunity to scrutinise the structure and content of the Plan, including smart objectives and Key Performance Indicators (KPI's) at our meeting on 17 January 2018. May I remind you that papers for this meeting will be published on 10 January 2018. In respect of the Corporate Plan 2018-19, the Committee's new Performance Panel particularly welcomes your offer of a target setting session later in January and will consider sharing this session with the Chairs of all scrutiny committees.

Members wish to reinforce the importance of a strong alignment between all planning documents that comprise the performance framework. We note you are confident that the mechanisms for achieving this are all in place and that the Corporate Plan will clearly state the objectives, actions, targets and measures to deliver Capital Ambition. As a Committee, we will be looking for strong links between the Well-being Plan, the four-year Capital Ambition programme and the Corporate Plan.

The Committee welcomes the proposal for fundamental reviews and notes there has been in depth analysis of services and external factors, prior to selecting priority

areas for review. We note the creation of a Cabinet Performance and Delivery Group, and would welcome a strong link to this new group, to consolidate governance arrangements going forward. I would welcome a conversation as to what shape this might take and whether it would be full Committee or the Performance Panel that upholds such a link.

Members were looking for reassurance that there had been some tangible action on the City Deal in addition to the setting up of governance arrangements. We note a business plan is required for the City Deal setting out all ten Councils' aspirations, and that £500m over 20 years is perhaps less transformational than all would aspire to, however an example of demonstrable progress to date is the semiconductor project.

We would welcome sight of the workforce development toolkit, and we will programme scrutiny for March 2018, as indicated on the Cabinet Forward Plan

All Members consider it is important that organisational culture embraces digitalisation. We note you agree it is important management and staff work together to ensure the citizen remains central to the design of Council services. We wish to re-iterate that consistency of customer service organisation-wide is key. Similarly, we take on board your view that changing citizen and neighbourhood cultures is also important, and that the 'Total Street' approach (paragraphs 48 and 49 ) is considered to encourage this rather than burdening citizens with improving their neighbourhoods.

Closely aligned to organisational culture, we consider breaking down directorate silos is critical to delivering a seamless council service. We note managers understand the benefits of joining up frontline services and that you are encouraging a more open span of management control. The example of Total Street where the organisation is taking steps to align all street scene services will be the test of how effectively Capital Ambition is delivered.

The Committee has some concerns as to where the Council sits on Welsh Government's programme for local government reform in the shape of regional collaboration on shared services (paragraph 35). Given that Local Authorities are very different across Wales Members consider Cardiff should benefit from the

regional aspirations of Welsh Government, and agree with you it is important the Council retain control of key services.

Finally, Capital Ambition places communities front and centre. We acknowledge you consider the focus should be on inequalities, particularly of health and opportunity. However all communities have needs and we would therefore urge that Capital Ambition works for the whole City.

*To recap, in addition to the above observations, the Committee:*

- Will programme scrutiny of the 2018-19 draft Corporate Plan on 17 January 2018, and requests that papers are made available in time for statutory publication on 10 January 2018;
- Welcomes your offer of a Corporate Plan 2018 -19 target setting scrutiny session later in January with the Committee's new Performance Panel, which we will consider sharing with the Chairs of all scrutiny committees;
- Has asked me to discuss with you what shape the Committee's link with the new Cabinet Performance and Delivery Group might take, to consolidate performance governance arrangements going forward;
- Will programme scrutiny of the workforce development toolkit for March 2018, as indicated on the Cabinet Forward Plan.

Once again, on behalf of the Committee, please pass my sincere thanks to all who attended PRAP Scrutiny Committee for the consideration of Delivering Capital Ambition. We look forward to your response and wish you all the best in drafting the Corporate Plan 2018-19 to deliver your Capital Ambition.

Annwyl / Dear David,

Thank you for your letter dated 11 December 2017.

I have noted the Committee's observations on the Delivering Capital Ambition report and process for delivering the Corporate Plan 2018-19, and I look forward to attending the next meeting on 17 January 2018 to discuss the draft Corporate Plan document. I welcome the committee's engagement in helping to shape the Plan at this early stage and continuing our commitment to early engagement.

The Committee have also previously raised the issue of target setting within the Corporate Plan, which is why I proposed a focused session on target setting with the Committee's new Performance Panel. I appreciate your willingness to engage, and have therefore requested that officers arrange this session. The involvement of other Scrutiny Committee Chairs in this exercise, subject to their availability, is welcomed. I believe this would be an important opportunity to outline and raise awareness of the target setting process ahead of the formal pre-decision scrutiny of the Corporate Plan, alongside the budget, by all the relevant Committees at their February meetings.

In addition, I can confirm that the workforce planning toolkit forms part of the Council's Workforce Strategy, which is due to be considered by the Policy Review and Performance Scrutiny Committee in March 2018.

With reference to the new Cabinet Performance and Delivery Group, I would welcome the opportunity to meet with you – together with my Cabinet colleague, Councillor Weaver, who chairs this group – to discuss how we can work constructively with the Policy Review and Performance Scrutiny Committee in the future. I will ask my office to put in place the necessary arrangements.

Dear Councillor Thomas,

**Policy Review & Performance Scrutiny Committee: 17 January 2018**

On behalf of the Members thank you for attending the above Committee, particularly in light of your other diary commitments. We appreciate your ongoing early engagement with us at this drafting stage of the Corporate Plan 2018-21, and the opportunity specifically to comment on the draft objectives.

Firstly, I wish to confirm that this Committee's Performance Panel looks forward to the informal session you have offered on target setting, to take place on Wednesday 31 January at 11.30am in the Scrutiny Chairs Room 263c, County Hall. This session, together with the observations of last week's meeting, marks a significant step forward in facilitating scrutiny impact on the Council's strategic planning processes.

Members welcomed the Corporate Plan 2018-21 as a useful document. We acknowledge that you have sought to embed the Capital Ambition Delivery Programme within the Plan, and sought alignment with the Public Service Board's Well-being Plan. Captured below are the committee's agreed comments and observations in respect of the draft – no status document, as at 17 January 2018.

The Committee considers that the Plan underplays the role Economic Development plays in achieving the objective '*A Capital City that works for Wales*'. We feel there are significant and visible projects and initiatives, such as those linked to the City Deal that should be listed as actions the Council will take to make progress. Similarly, performance measures (KPI's) for this objective are noticeably light compared with KPI's identified to measure other objectives. Members suggest that you consider

KPI's such as the number of new jobs generated, and the number of new businesses launched. We understand it can be difficult for the Council in its enabling role to develop KPI's for Economic Development over which it does not have complete control, but note that the Council's 'ambition' needs some quantification.

During the scrutiny, Members made specific references to the following steps/ actions:

*Cardiff is a great place to grow up*

- Page 3 - We consider the line '*Strengthen the management of the existing education estate*' would align more effectively under Page 20 – *Assets and Property: modernising & integrating our Public Services*.
- Page 3 - We consider the Council should be involved in activities to prevent young people reoffending. We therefore suggest that one useful performance measure under the support vulnerable young people section would be the percentage of youth re-offenders.

*Cardiff is a great place to grow older*

- Page 5 - Members consider the actions for this objective focus on remaining and promoting independence; however, the performance measures reflect satisfaction with care and support, rather than adults feeling more able to live independently with the care and support they receive.

*Cardiff has safe, confident and empowered communities*

- Page 9 -. Members consider this objective focuses on children and adults being protected from risk of harm and abuse, whilst the performance measures generally show outputs regarding training delivery, rather than measuring the desired impact resulting from the training. We would like to see more measures that reflect the steps/actions closely in this section, particularly measures for the action '*effective citizen engagement activity, giving people a voice in shaping Council services*'.

*A capital city that works for Wales*

- Page 13 - Develop a Live Music Strategy – We would like to know how this would be measured.

- Page 13 - The Committee considers that under this Well-being Objective there should be a reference to the quality of urban architectural design.

*Cardiff's population growth is managed in a resilient way*

- Page 16 - The Committee is of the view that it would be sensible for the Plan to factor in known and predicted population growth in relation to the delivery of some key services, such as waste management. We are seeking clarity on the future of alternative delivery models in areas such as waste management.
- Page 16 - Develop a City Food Strategy – we consider there needs to be clarification that this line relates to street food events and sustainable food initiatives, as you explained at the meeting.
- Page 18 - In the waste management performance measures there is no reference to improved productivity targets.

*Modernising and integrating our public services*

- Page 20 - The Committee recommends the inclusion of improving the contribution from income earning streams, and measuring the outcomes from partnership working.
- Page 20 - The Committee considers that under this objective the step to 'Get people and communities more involved in decisions' needs to be given clear performance measures.

Once again, on behalf of the Committee, please pass my sincere thanks to all who attended PRAP Scrutiny Committee for the consideration of the draft Corporate Plan. We look forward to your response, to our target setting session on 31 January, and to final pre-decision of the Plan on 14 February 2018 at 2pm, when you will be first on the agenda.

Yours sincerely,

Annwyl / Dear David,

Thank you for your letter of 25 January 2018, and for the Committee's consideration of the draft Corporate Plan 2018-21. The views and observations of the Committee are valued, particularly in helping to shape the Corporate Plan at an early stage of development. This letter seeks to respond to the Committee's observations in turn and outline the consequential changes made to the Plan.

The Committee recognised the role of Economic Development as a small enabling service that could not be held accountable for some city wide indicators such as GVA and unemployment. It is accepted however that the Plan would benefit from including measures on employment growth, which have now been included in the draft that will be shared with the Committee ahead of its February meeting. An objective has also been included to recognise the role of the City Deal in supporting Economic Development across the City and wider region, whilst acknowledging the role of the Capital City Region Cabinet.

The Corporate Plan also reflects the Committee's observation that effectively managing assets and property – which support delivery of Council Services in a number of areas – should be included under the well-being objective 'Modernising and Integrating our Public Services'. However the component of this work relating specifically to school buildings is also included under the well-being objective 'Cardiff is a great place to grow up' in recognition of the strategic importance of investing in the condition of school buildings to ensure that every school in Cardiff is a good school.

We agree with the Committee's assertion that preventing youth re-offending is an important area of work, where the Council has a role to play, along with partner organisations. The Corporate Plan, therefore, now includes an objective, and corresponding key performance indicator, focused on preventing young people from reoffending.

The Committee also noted that performance measures relating to independent living reflect satisfaction with the care and support received, rather than adults feeling more able to live independently following the provision of care and support packages. As a consequence a performance measure has been included which reflects the extent to which people believe they are capable of living independently following support from the Independent Living Services.

Whilst Committee Members welcomed steps focused on ensuring that children and adults were protected from risk of harm and abuse, it was noted that performance measures focused on outputs rather than outcomes. Whilst the Corporate Plan must focus on ensuring key outputs are delivered, broader outcome measures are now included. The key performance indicator on the Multi Agency Safeguarding Hub measures both the effectiveness of preventative services and the work that the Council is doing to protect vulnerable children. With regards to adults, there is a basket of performance measures which capture how people feel about Council services and that their voices are heard. These are primarily included under the well-being objective 'Cardiff is a great place to grow older'.

Regarding the development of a Music Strategy, Sound Diplomacy are now working with Cardiff Council and stakeholders across the city. A key part of Sound Diplomacy's methodology will include auditing a number of measures such as the number of music venues, spaces and places within the city as well as the jobs and skills related to the sector. This exercise will help identify relevant and appropriate key performance indicators for inclusion in the Music Strategy.

The Committee also emphasised the importance of ensuring a high quality of urban architectural design. Whilst there are obvious difficulties in developing a measure for what is, in many ways, a subjective matter, the need for high-quality urban design is fully acknowledged. In response to this issue, the Council will convene regular Design Reviews of proposals submitted to the Local Planning Authority and will make recommendations based on the views of the multi-disciplinary panel. Furthermore, it is proposed that an annual Design Review Monitoring document is published, containing case studies and examples of recommendations made.

On the broader point of population growth, the Council and its Public Services Board Partners continue to undertake work to understand the impact of demographic pressures on services.

To provide the clarity sought by the Committee, the objective relating to a food strategy has now been further developed, to make clear what the strategy will seek to achieve.

Furthermore, the importance of improving productivity in relation to waste and street scene services is widely acknowledged. Whilst the value of having key performance measures relating to productivity is fully recognised, as a first step, a step on analysing APSE benchmarking data has been included in the Plan: 'Improve the productivity and performance of Street Scene Services by reviewing a range of customer-focused APSE benchmark indicators to establish relative performance and identify opportunities for further improvement'. This will allow the Council to identify an appropriate basket of customer-focused indicators which can be examined in greater detail to ensure that they are appropriate and relevant.

The Committee also noted the need to more clearly articulate how people and communities could be more involved in decision making. The importance of engaging people and communities in decision making is fully recognised, though the Committee will appreciate that there is no one single measure of involvement. The Corporate Plan therefore includes a step to ensure engagement activity is as representative as possible as well as a basket of indicators relating to engagement with decision making, including promoting voter registration, increasing external contributors to Scrutiny meetings and increasing webcast hits for key meetings.

Finally, concerning the outcomes of partnership working, both the Corporate Plan and the Well-being Plan are key documents in delivering the Administration's aspirations. Whilst many of the steps included in the Corporate Plan will be delivered in partnership, the Well-being Plan focuses specifically on the areas of collaborative advantage that can only be achieved by working with Public Services Board partners. Furthermore, the Council and the Public Services Board have committed to working towards the same seven well-being objectives, measured using the same city-level outcome indicators, reflecting common aspirations for the city and a shared understanding of the challenges.

Once again, I would like to thank all Members of the Committee for their continued engagement and support with the development of the Corporate Plan. The productive and constructive dialogue with the Scrutiny Committee is welcomed and I look forward to building on this positive relationship.

Yn gywir,  
Yours sincerely,

Dear Councillor Thomas,

**PRAP Performance Panel, target setting session: 17 January 2018**

On behalf of all Scrutiny Chairs, and Members of the Policy Review and Performance Scrutiny Committee's Performance Panel, a sincere thank you for the valuable session held today to consider in some detail the Corporate Plan target setting process. We particularly appreciate the opportunity to feed cross scrutiny committee observations into Cardiff's final draft *Corporate Plan 2018- 21* before it is presented to formal Cabinet. We look forward to seeing the final draft alongside budget papers, when all Committees will aim to test the budget proposals against the Cabinet's stated Capital Ambition priorities. Captured below are some key issues raised during our discussion that you may wish to explore further.

The performance targets set out in the Corporate Plan for 2018-19 are intrinsically linked to the requirement that the Council successfully sets a balanced budget in February 2018. We are concerned that sometimes targets and budgets are not achieved and we would encourage that targets set are stretching but attainable to avoid a projected overspend as early as Quarter 1. We accept that often budgets such as Children's Services will need to be re-balanced. However, we feel there is an opportunity to ensure budget savings aspirations are firmly reflected in the performance targets set out in the Corporate Plan. We accept the Corporate Plan is what the organisation wants to achieve, however it can fail if we see performance management as separate from budget management. We feel it should be possible to frame financial targets as an integral part of the Corporate Plan, and encourage you to consider this. Members feel they should be able to understand from reading the Plan, which KPI's are indicative of the real pressures on the budget.

Members made specific references to the following lines:

- Lines 46-48. Members consider these lines can deliver many of the aspirations in the Corporate Plan. We would therefore encourage you to raise the profile of the Council's vision for schools, and consider setting a 5-year target to achieve an ambitious improvement in the number of green schools. We recommend that benchmarking against successful areas in England would enable us to understand the City's potential to achieve levels of good-excellent schools within the region of 80%, a level that has been achieved elsewhere.
- Line 59 – We encourage you to consider whether we should be more ambitious in setting a target of 94.5% attendance for secondary schools, given this is not an improvement on the outturn of 2016/17, and is lower than the target set in 2016/17.
- Lines 38 & 39 – Please look further into the maths of these interdependent KPI's. We suggest increasing the total number of visitors (Line 39) to Cardiff will require a larger than 2% increase in the number of staying visitors (Line 38).
- Lines 75, 76 & 77 – We acknowledge these are new statutory performance indicators linked to the Well-being of Future Generations Act and as such are difficult to set, however wish to suggest a target between 60% and 70% based on the benchmarking information listed.
- Line 71 – Members are most concerned about the levels and cost to the Council of sickness absence, particularly in areas such as waste management. We consider the cost of agency staff to cover sickness absence has a direct impact on Council budgets, and the Council consequently has less money to spend on services. We have seen that when the whole organisation addresses an issue such as sickness absence it can make a real difference. We consider it vital to success in reducing sickness absence that a high level of proactive management focus is constantly maintained, emanating from the top.

Once again, on behalf of the Committee, please pass my sincere thanks to all who attended the PRAP Performance Panel. We consider this additional informal engagement session you offered to support effective scrutiny of the Corporate Planning process was a productive and worthwhile opportunity.

Yours sincerely,

**COUNCILLOR DAVID WALKER**

Annwyl / Dear David,

Thank you for convening the target-setting session with members of the Performance Panel, and the other Scrutiny Chairs on 31 January 2018. I very much share your view that this additional engagement session was a productive and worthwhile opportunity.

I was also pleased to continue the constructive dialogue with Members from across the Scrutiny Committees as we discussed the target setting process, the performance measures selected as well as the proposed targets for 2018/19. Once again, the Plan has been further strengthened as a result of this engagement, and this letter seeks to outline the response to the issues raised.

I am in full agreement with the Panel's view that financial targets form an integral part of the Corporate Planning and Budget Setting process. That is why, in the same way as the Corporate Plan and the Budget are developed in tandem, the achievement of savings targets and performance reporting will be monitored and reported concurrently. The achievement of savings will be reported on a quarterly basis as part of the published Budget Monitoring Report. Similarly, the Performance Reports will continue to be presented on a quarterly basis. Taken together they provide a regular update on achievements against budget targets, policy objectives and performance measures.

With regards to education, the Council is committed to building on the progress of recent years to make sure that every school in Cardiff is a good or excellent school. In relation to target setting, planned changes to the curriculum and assessment framework in Wales over the next 2-5 years limit the possibilities of accurately predicting future categorisation, as criteria will most likely change.

In the 2016-17 academic year a new set of GCSE qualifications, and new rules for reporting school performance measures, were introduced in Wales. These changes made a significant difference to the results at Key Stage 4, particularly in the Level 2+ threshold, which is the headline measure for secondary school categorisation. Cardiff schools exhibited a higher degree of resilience than elsewhere in Wales, but are still in the process of embedding the changes in 2017/18. In addition, further changes have been introduced in 2017/18 to Welsh Baccalaureate and science GCSE. Looking forward, schools are also unclear of the assessment framework for 2018/19, which is set to be announced by Welsh Government in March 2018.

With regards to the secondary school attendance, the 2017-18 target is 0.3 percentage points higher (94.5%) than the 2016-17 result (94.2%). The target reflects the fact that there was a slight decrease in secondary attendance in 2016-17, to 94.2% compared to 94.5% in 2015-16. This was due to challenges in certain schools. The target set for 2017-18 reflects an ambition to get back to the previous level and then build from there in subsequent years.

In response to the Panel's request to revisit the performance measures relating to increasing the number of day visitors and the overnight visitors to the city, the Council's approach is aligned with the Welsh Government's National Tourism Strategy, 'Partnership for Growth'. This National Strategy sets an annual target of achieving a 2% increase in both day visitors and overnight visitors, or 10% over 5 years. Cardiff's approach to marketing the city is therefore aligned with the activities of the national body, Visit Wales. This means that the Cardiff offer can be projected more broadly through promotional activities at the national level, whilst national campaigns are reflected at the city level allowing for consistency of approach.

With regards to new statutory indicators for social services, I remain eager to set performance targets. I am, however, advised by the service area that there are inherent difficulties in doing so for 2018/19. The way that reablement is categorised by different local authorities in Wales has resulted in skewed performance figures and therefore any baseline set would be based on unreliable data. Regarding the two qualitative measures around adults' perceptions, Welsh Government has acknowledged that the guidance for the collection of this information was overly prescriptive and unhelpful. For example, the survey was only available in paper format in the first instance and the requirement to submit a sample excluded a large number of potential respondents. Also, family members and friends of potential respondents were not allowed to support people to complete the survey, which again restricted the number of responses received. Welsh Government, in recognition of these issues, have issued revised guidance for 2017/18, however this will impact on both responses themselves as well as response rates. It is for these reasons that setting targets requires a reliable baseline in the first instance. Equally, whilst Cardiff continues to monitor the position of English cities where similar information is available, the differences in regulatory regimes mean that it is difficult to benchmark performance based on English indicators alone.

On the issue of sickness absence, the Policy Review and Performance Committee recently considered an item on this issue in some detail at its January meeting. The Council recognises the issue and engaged APSE to conduct a review of sickness absence last Autumn which was shared with Members. The Council welcomed the observations of the Policy Review and Performance Committee arising from this substantive item from the January meeting and will respond to the March meeting.

Once again, I would like to place on record my gratitude for the continued engagement of Scrutiny Committee colleagues. The development of the 2018-21 Corporate Plan has benefited from enhanced engagement with the Committees and I look forward to continuing with this partnership.

Dear Huw,

**Policy Review & Performance Scrutiny Committee: 14 February 2018.**

On behalf of the Policy Review and Performance Scrutiny Committee sincere thanks for attending Committee yesterday together with Councillors Weaver and Goodway to facilitate consideration of the draft Corporate Plan 2018-21 and the draft Budget Proposals 2018-19. The Committee is grateful for your time, and for the co-operation of all Directors and officers in attendance to answer Members' questions. This letter captures the observations and concerns of the Committee in a structure that reflects the Committee proceedings. Firstly, comments on the Corporate Plan, secondly on the overarching budget position, followed by comments on the budget proposals of the specific service areas that fall within the terms of reference of this Committee.

**Draft Corporate Plan 2018-21**

Firstly, I wish to commend your responsiveness to Members concerns and observations raised in previous correspondence from the Committee and its Performance Panel. This is unprecedented. We warmly welcome such a step forward in co-production of the Corporate Plan, and we look forward to continuing this level of constructive dialogue with the Cabinet. Our observations are generally positive, the Committee considers that the process of developing the new Administrations Capital Ambition into the Corporate Plan has been worthwhile, and looks forward to the organisations greater focus on a culture of tracking targets to deliver the Corporate Plan. There are however, a few further comments you may wish to address, as follows:

- We are seeking reassurance that you consider there is a strong connection between the objectives of the Well-being of Future Generations Act and the Corporate Plan, particularly around the health aspects of the legislation. We note the Future Generations Commissioner's reassuring response to Cardiff's Well-being Plan, and the ongoing work with partners to secure the right basket of indicators, however we concur there is a task ahead to fully embed the Well-being of Future Generations legislation across the Council. Members feel there is an opportunity to strengthen our commitment to addressing health inequalities.
- In respect of the Well-being objective *A Capital City that works for Wales*, the Performance Panel previously commented on the interdependency of the KPI's for this objective. We suggested that to increase the total number of visitors to Cardiff (by 3%) would require a larger than 2% increase in the number of staying visitors. We wish to re-iterate this point, and stress that we consider this economic development indicator could be more ambitious and aim to increase the proportion of visitors that stay overnight in the City.
- The Committee has some concerns about the reference to the Corporate Landlord Model in the Working for Public Services section of the Plan. As you are aware the Committee is currently undertaking an inquiry on this model of estate management, and evidence gathered to date indicates it requires complete buy-in from the organisation. We are therefore concerned that '*ensure all of the Council's estate is compliant by the end of 2018*' reduces the model to compliance when it is clearly so much more. We would therefore encourage you to reflect on the wording in the Steps section at page 51.
- In respect of the aspiration to deal with the asset maintenance backlog via the Corporate Landlord Model, we are reassured that asset management governance has been strengthened, care will be taken to achieve the best value for Council assets disposed of, and also not to release assets that could weaken the Council's position. We are however concerned as to whether receipts from the disposal of surplus property will be great enough to support a £40m maintenance backlog.

## Overarching Budget Proposals 2018-19

- The Committee is concerned that Council Tax is increasing by 5%. This is considerably higher than the 3.7% anticipated, despite the financial settlement being better than expected. We note that the employers pay award at 2% currently on offer is the main reason given for this. However, in our letter of 20<sup>th</sup> September 2017, following scrutiny of the Budget Strategy, we highlighted concerns on this matter. Since we were assured in September that the 3.7% potential council tax rise had taken into account a pay rise of 2%, we find it difficult to accept this as justification for the council tax increase to 5%. The committee therefore asks you for further clarity on the reasons for this rise.
- Members are interested in how Cardiff compares with other Welsh Councils, and indeed English Councils, in respect of its long-term debt. We are therefore minded to revisit an earlier benchmarking exercise.
- We have some concerns around retaining control of borrowing and revenue commitments. On the matter of borrowing, we are concerned about the risk of debt impacting on the Council's overall budget. We note officers' view that the Council cannot borrow in advance of need and that interest rates are always fixed, but Members are not reassured by this. We consider the Council is not in a position to predict future interest rates, and therefore is at risk of fixing borrowing at a higher rate.
- We note your explanation in respect of the £11m cost of parking enforcement, which generates an income of £12.1m per annum. We understand this includes support for the highways budget and in fact, the actual cost of parking enforcement is £6.2m, and we can reference more detail at Appendix 19 of the full budget report to Council.
- The Committee referenced an additional £8.4m in the budget for Social Services, writing out a previous saving. There are many red risks in adult social care and notably the out of county placement of children. The savings are ambitious. We accept that the new senior management structure will

assist, and we have to accept some risks, but we are seeking reassurance that there will not be an increase in care costs to the service user.

- Members have some concerns that income generation is a repeated theme across Directorate budget savings proposals. We note the actual figures, that only £2.4m of £14.3m is from income generation, and we agree with officers that income generation lines will always be more risky, recognising that easy savings have already been offered.
- The Committee notes the proposal to reduce dependency on agency spend across the recycling and waste services team, by improving attendance at work. We have heard in a previous scrutiny the challenge of sickness absence, particularly in frontline services such as waste, and therefore question how achievable the proposal is.

### **Resources Proposals**

- We acknowledge the Resources Directorate is losing proportionately more staff than other Directorates.
- The Committee observed a different culture in the Resources Directorate compared with some other Council services. Members heard that ICT systems should be fit for purpose, improve efficiency and streamline processes, and this did not necessarily mean they should be developed in house. We note the Directorate's appetite to push boundaries, illustrated in services such as procurement.
- In respect of the Council's Digital First aspiration, the new Chief Digital Officer will clearly take this forward. We would hope that no proposed savings would prevent digital progress. However, we do urge care to ensure that e billing does not exclude those who are not technically resourced. We are therefore reassured that Council Tax customers must opt-in to be billed electronically.

## **Economic Development Proposals**

- The Committee notes you consider savings proposals to expand the market share for Pest Control, and to generate more income from Building Cleaning and Security Services are all achievable.
- We welcome the comprehensive review of the Council's estate and the much clearer picture of the estate it will provide, particularly in respect of Council land, noting that details will be digitalised onto a database.
- In respect of the International Pool subsidy removal, we are concerned about the impact on charges, staffing and services. We are pleased to hear the operator (Parkwood Leisure) considers no diminution of service will be necessary as a result, and that the same pricing terms have been agreed.
- Corporate Landlord – As we highlighted in our scrutiny of the Corporate Plan the Committee is focussed on the importance of the Corporate Landlord Model, and the potential it offers to put in place the controls required for successful management of the estate. We note the resourcing plan is currently under development and are reassured there will be no job losses affecting this team, and in fact, the corporate estate team will grow.
- Corporate Landlord – Members acknowledged it will take time to generate the £40m required to tackle the operational estate maintenance backlog with the release of non-operational estate, and that there will continue to be a budget allocated for maintenance. We note also your view that it will take 5-10 years to eliminate the current backlog of schools maintenance.

## **Governance & Legal Services Proposals**

- The Committee notes the reduction of two posts from the scrutiny function and the consequence that there will be a reduction in the capacity for undertaking task group inquiries. We note that this follows the decision to retain five scrutiny committees in recognition of the importance of the function, and that the saving is risk assessed as red-amber in terms of achievability reflecting its political sensitivity. We understand there will be less opportunity for inquiry

work and that external links with universities and charitable organisations are to be encouraged where appropriate, to continue such member led research.

- In respect of Legal Services, we note that internally delivered services are more cost effective, but that there will always be occasions that the right expertise is not available in-house. We recognise that childcare legal cases are complex and are pleased to hear officers are confident the Council will attract such expertise, and that generally the retention and recruitment of solicitors has not been difficult.

May I thank you once again for the time you and your Cabinet have committed to enable scrutiny consideration of the Corporate Plan 2018-21 and Budget Proposals 2018-19 at all five Scrutiny Committees this week.

Yours sincerely,

**COUNCILLOR DAVID WALKER**

Dear David

**Policy Review & Performance Scrutiny Committee – 14 February 2018**

Thank you for your letter dated 15 February 2018 and the useful comments raised. I can assure you that Cabinet was able to reflect on the points raised prior to our meeting on 15 February 2018.

**Draft Corporate Plan 2018-21**

I want to reassure the Committee that there is a strong connection between the national goals contained within the Well-being of Future Generations Act and the well-being objectives contained within both the Cardiff Well-being Plan and the Council's Corporate Plan. All of the well-being objectives have been designed to maximise the authority's contribution to the goals.

With regards to the Council's commitment to addressing health inequalities in the city through working with public service partners, each of the seven well-being objectives in the Corporate Plan contributes towards the national well-being goal of 'A healthier Wales'. For example, the Council recognises that poverty is one of the greatest contributory factors to poor health and, therefore, the 'Supporting People out of Poverty' objective in its entirety contributes towards this goal. Similarly, 'Safe, Confident and Empowered Communities' confirms that the Council will respond to the recommendations of the Parliamentary Review of Health & Social Care in Wales and includes performance measures about the number of individuals participating in parks/outdoor sport. In addition, 'Cardiff grows in a resilient way' includes both steps and performance measures around improving air quality and increasing active travel in Cardiff.

With regards to visitor numbers to Cardiff, it is important to recognise that a 3% increase in the total number of visitors to the city over the next year is an ambitious figure and, if achieved, would put Cardiff ahead of the five-year target that has been set in 'Partnership for Growth', the Welsh Government's National Tourism Strategy.

Delivering our vision of becoming Europe's most liveable capital city

The Council welcomes correspondence in English and Welsh and we will ensure that we communicate with you in the language of your choice, whether that is English, Welsh or bilingual as long as you let us know which you prefer. Corresponding in Welsh will not lead to any delay.

Cyflawni ein gweledigaeth o ddod y brifddinas orau i fyw ynddi yn Ewrop

Mae'r Cynghor yn croeso i chi gyswrtu gobeithaeth yn Gymraeg a Saesneg a byddem yn sicrhau ein bod yn cyfathrebu'n chi yn eich dewis iaith bwrdd yn Gymraeg, yn Saesneg neu'n ddwyieithog dim ond i chi i chi wybod i chi pe un sydd well gennych. Ni fydd gobeith yn Gymraeg yn creu unrhyw gedi.

This challenging target needs to be considered in the context of very strong competition in the tourist market from other cities.

The Cabinet wholly support and recognise that the Corporate Landlord Model is much wider than compliance and have made presentations to the PRAP Scrutiny Task and finish group to explain this. The Corporate Landlord Delivery is a five year programme and in year 1 - 2018/19 - these are the first two priorities; to review the estate and to ensure compliance. Further improvements will follow. A minor amendment to wording in the corporate plan has been agreed to clarify this and Cabinet look forward to receiving the task and finish report.

### **Overarching Budget Proposals 2018-19**

I note the concerns of the Committee in respect to the Budget Strategy planning assumptions on pay award and the link to an increase in Council tax from previous Budget strategy assumption. I would like to remind the Committee of my letter dated 10 October 2017 where I state the following;

- *The difference between a 1% and a 2% pay award, taking into account the above position on schools' growth, is £2.8 million. The reflection of pay awards beyond 1% in the MTFP will be considered when the position on the public sector pay cap is afforded greater clarity in the UK budget on 22 November and subsequently in the final Local Government Settlement in December.*

To explain the change between the consultation and final settlement position, I refer you to Appendix 12 of the Cabinet Budget Report which details the movements post consultation.

It would be helpful to bring Members attention to paragraph 437 of the Budget Report which states that whilst approving the Capital Programme for the period up to 2022/23, members should be aware that the later years of the programme will be subject to an on-going review of the Council's financial resilience. Amongst other factors that will be considered will be the interest rate position at that time.

As set out in the Budget Report, the S151 Officer is content that the Programme is affordable both in relation to 2018/19 and over the longer term. There are clearly significant financial challenges in the future though and these are set out in the Medium Term Financial Plan overview within the report. In this regard, any further capital investment over this period and in the future will need to be carefully considered within the overall context of future budgets and the financial resilience of the Council. This is made clear by the S151 Officer within the report.

It was explained to the Committee that in line with the CIPFA Prudential Code for Capital Finance in Local Authorities a number of financial indicators are included within the Budget Report. The Prudential Code was updated in December 2017 and as part of the 2019/20 Budget full Council will receive and be asked to approve a Capital Strategy that sets out the long term context in which both capital expenditure and investment decisions are made. The Budget Strategy Report in July 2018 will consider the main requirements of the Capital Strategy and set out the timescales for approval by Council.

I acknowledge that the savings proposed by Social Services are ambitious but it is important in these challenging times that directorates look at all savings opportunities and set themselves stretching targets in terms of their achievement. The Director is clear as to how these savings can be made and these will be closely monitored as the financial year progresses. Within the Social Services proposals, the only budget saving that impacts on costs to service users is the £350,000 (savings line 40) arising from an increase in the maximum weekly charge for non-residential care which reflects a change to the levels advised by Welsh Government as part of their charging policy for these services

The budget saving proposal in relation to improved attendance in Waste Management was discussed in some detail in the Environment Scrutiny Committee. The Assistant Director was clear that although challenging, measures have been put in place that will enable this saving to be achieved.

On all other points, the Committee's comments are noted.

#### **Directorate Proposals**

I note the Committee's comments in respect of these proposals.

I hope that this letter captures all the points raised in your letter and thank you again for your support in the budget process.

---

**CARDIFF'S LOCAL WELL-BEING PLAN**

**LEADER (COUNCILLOR HUW THOMAS)**

**AGENDA ITEM: 3**

---

**REPORT OF CHIEF EXECUTIVE**

**Reason for this Report**

1. To enable the Cabinet to approve Cardiff's Local Well-being Plan (**attached at Appendix A**) for consideration by Council on 22 March 2018, noting that publication will be subject to approval by all statutory members of the Cardiff Public Services Board.

**Background**

2. On 6 July 2017, Cabinet approved Capital Ambition as a statement of the new administration's priorities with the document also discussed and noted at the subsequent meeting of the Council. Capital Ambition spells out an urgent need to change public services, with a focus on partnership working and service integration and that the Council must work *"across the public services in order to deliver lasting solutions to complex problems"*.
3. The Delivering Capital Ambition report, approved by Cabinet on 14 December 2017 set out how the Council's Corporate Policy and Performance Framework would be reshaped to ensure the delivery of the administration's priorities, including the development of the Corporate Plan and Departmental Delivery Plans. The report also makes clear that delivering Capital Ambition will require coordinated action by the Council and its partners.

**The Cardiff Public Services Board**

4. Established in April 2016, the Cardiff Public Services Board (PSB) replaced the existing Cardiff Partnership Board. The PSB is a statutory board, required under the Well-being of Future Generations Act (2015), and is chaired by the Leader of Cardiff Council, with membership drawn from the city's public and third sector leadership. The Cardiff PSB's membership can be found at **Appendix B**. The Cardiff PSB is supported by the PSB Delivery Board, chaired by the Council's Chief Executive. The PSB Delivery Board also functions as Cardiff's statutory Community Safety Partnership (CSP).

5. Under the Well-being of Future Generations Act the Cardiff PSB is statutorily required to:
  - i. Undertake a Well-being Assessment, to assess the state of economic, social, environmental and cultural well-being in its area. This must be undertaken every 5 years, and be published in advance of local elections.
  - ii. Set Well-being Objectives that are designed to maximise the PSB's contribution to the national well-being goals, as defined by the Well-being of Future Generations Act.
  - iii. Publish a Local Well-being Plan which sets out the areas of 'collaborative advantage' in which the board members will work in partnership to improve well-being in the city, particularly through greater alignment or integration public and community services.
  - iv. Carry out and publish an annual review of their plan showing progress.
  
6. The Local Well-being Plan is statutorily required to:
  - i. set out local objectives and the steps proposed to meet them
  - ii. explain why the PSB considers that meeting the local objectives will contribute to achieving the national well-being goals
  - iii. explain how the local objectives and steps have been set in response to the local well-being assessment
  - iv. specify time periods within which the PSB expects to meet the objectives
  - v. explain how steps are taken in accordance with the sustainable development principal.
  
7. In producing the Local Well-being Plan the PSB is required to consult widely. This includes:
  - i. 14 week consultation with the Well-being of Future Generation's Commissioner on how to take steps to meet the local objectives to be included in the plan. This must take place prior to public consultation on the draft plan.
  - ii. 12 week statutory consultation on the draft Well-being Plan.
  
8. The Local Well-being Plan must be approved by the decision making body of each of the board's statutory members, and finally by the PSB, no later than one year after the local elections.

## Development of Cardiff's Well-being Plan

9. In March 2017, the Cardiff PSB approved the Cardiff Well-being Assessment. The Assessment provided a comprehensive analysis of Cardiff's social, economic, environmental and cultural well-being, identifying the key opportunities and challenges facing the city. The data used to inform this Assessment included the 46 National Indicators for well-being, Ask Cardiff survey indicators; and additional indicators recommended by Public Services Board partners and other stakeholders. An assessment by Neighbourhood Partnership was also undertaken to highlight the differences in outcomes across the city. The Cardiff Liveable City Report provides a summary of the Well-being Assessment, and the full assessment can be accessed on the Cardiff Public Services Board website (<https://goo.gl/1E9mBU>).
10. In June 2017, the Cardiff PSB recommended that the vision for Cardiff Well-being Plan focus on 'inclusive growth' and on ensuring that the benefits of Cardiff's growth are felt across all the city's communities, and developed seven draft Well-being Objectives that maximised the PSB's contribution to achieving this ambition. On 26 June 2017, Cardiff PSB submitted seven draft well-being objectives to the Future Generations Commissioner for advice on how these objectives could be best delivered, as required by statute. The response from the Commissioner was received on 2 October 2017 – **attached at Appendix C**.
11. On 29 September, the Cardiff PSB approved a draft of the Well-being Plan for public consultation. A 12 week statutory consultation on Cardiff's Draft Well-being Plan ran from 13 October 2017 - 5 January 2018. Engagement activities included an online survey and a series of engagement events and focus groups with seldom heard groups and communities, including:
  - 20 locality and partner events covering each Neighbourhood Area
  - Cardiff Youth Council Grand Council
  - 50 + Forum focus group
  - 2 BAME focus groups
  - Cardiff Deaf Club meeting
  - Cardiff and Vale Action for Mental Health
  - Friends and Neighbours Group (Butetown)
12. Alongside this, the annual Ask Cardiff citizen survey 2017 contained for the first time a series of questions on citizen well-being and citizen satisfaction with life in Cardiff. The findings of these consultation exercises can be found as an appendix to the Well-being Plan (**see Appendix 2 to Appendix A**).
13. Cardiff Policy Review and Performance Scrutiny Committee (PRAP) has the statutory responsibility for scrutiny of Cardiff's PSB. Cardiff's Well-being Plan has been considered by PRAP on 18 July 2017 (to consider the draft Well-being Objectives) and 15 November (to consider the draft Well-being Plan). Responses from PRAP can be found at **Appendix D**.

14. In response to the feedback from the Future Generations Commissioner, the public engagement exercise, formal submissions from stakeholders and the views of Scrutiny, the draft Well-being Plan was revised and approved in principle by Cardiff PSB on 27 February 2018.
15. Prior to the Well-being Plan being approved for publication by the Cardiff PSB it must be approved individually by each statutory member of the Public Services Board; namely Cardiff Council, Cardiff & Vale University Health Board, South Wales Fire & Rescue Service and National Resources Wales. The South Wales Police and Crime Commissioner will also be considering the plan for approval. The timetable of approval meetings is attached as **Appendix E**.

### **Cardiff's Well-being Plan**

16. Cardiff Public Services Board's Well-being Plan (**Appendix A**) contains the following seven Well-being Objectives:
  - 1: A Capital that works for Wales**
  - 2: Cardiff grows in a resilient way**
  - 3: Safe, Confident and Empowered Communities**
  - 4: Cardiff is a great place to grow up**
  - 5: Supporting people out of poverty**
  - 6: Cardiff is a great place to grow older**
  - 7: Modernising and Integrating Our Public Services**
17. These are consistent with the Council's Well-being Objectives, as contained in the Corporate Plan.
18. For each Well-being Objective the plan lists the 'steps' or actions that the city's public services will do, together, to achieve them. The steps therefore focus on areas of 'collaborative advantage', areas of public service delivery which fundamentally require partnership working between the city's public and community services. The partnership governance and delivery arrangements are currently being reviewed to ensure that they are able to deliver the steps identified in the plan.
19. A small number of city-level outcome indicators have been identified to measure progress against each Well-being Objective over the course of the Well-being Plan. The indicators will be reported on annually as part of Cardiff PSB's (statutory) annual report.
20. As noted above, the Well-being Plan has been developed in tandem with the Council's Corporate Plan. The Plan has also been aligned to the Cardiff & Vale Area Plan for Care and Support Needs 2018-2023, required under the Social Services and Wellbeing Act (2014), notably in relation to care and support for Older People (Well-being Objective 6: Cardiff is a Great Place to grow older) and for other vulnerable population groups defined in the Social Services and Wellbeing Act (2014).

21. As required under the Well-being of Future Generations Act, an annual progress report will be published on progress against the city level indicators and steps in the plan.

### **Reason for Recommendation**

22. To enable the Cabinet to approve Cardiff Well-being Plan for consideration by Council on 22 March 2018, noting that publication will be subject to approval by all statutory members of the Cardiff Public Services Board.

### **Financial Implications**

23. The Corporate Plan and Capital Ambition Document set out delivery outcomes that are in alignment with the delivery of the Cardiff Well-being Plan and the Council's 2018/19 Financial Budget. Implementing these strategic priorities and improvement objectives will need to be in accordance with the amounts set out in the 22 February 2018 Budget Report which included both revenue and capital budgets for 2018/19, the indicative Medium Term Financial Plan for the period up to 2021/22 and the indicative Capital Programme for the period up until 2022/23.
24. Where objectives contained in the appendices will be subject to further detailed reports these will be accompanied by a robust business case. These reports will include sufficient financial detail in order to set out the full and robust financial implications as well as be fully informed of associated risks.

### **Legal Implications**

25. The Public Services Board is required to prepare and publish a local well-being plan, which sets out the local well-being objectives and the steps that it proposes to take to meet them. These must be designed to maximise the Board's contribution to delivering the well-being goals within its area. The Plan must be published within one year of the 2017 local government elections, i.e. the first well-being plan must be published by 3 May 2018 and will cover a five-year period. Further detail of the Board's obligations is to be found in paragraphs 5 – 7 of this Report. The Plan must be approved by each of the Board's statutory members, of which the Council is one.

### **Impact assessments**

26. An Equalities Impact Assessment [EIA] is attached at **Appendix F**. Findings from this assessment have informed the proposals set out in this Cabinet report. Further EIAs will be completed for any additional specific areas of risk identified following this Cabinet decision.

### **HR Implications**

27. There are no direct HR implications arising from this report. However, the Council's directorates will all have a key part to play in the

achievement of the objectives set out in the Well-being Plan. Workforce planning and employee development will be key requirements to ensure that the Council has in place the right roles and employees with the necessary skills, to deliver. Initiatives such as the Council's Apprenticeship and Trainee Schemes and the support for employees to become Welsh speakers are part of this.

## **RECOMMENDATION**

Cabinet is recommended to approve the Well-being Plan for consideration by Council on 22 March 2018.

# Foreword

Cardiff is now a true economic, cultural and political capital city. It's a city of strong and safe communities, great schools and universities, and creative, talented, welcoming people. No wonder Cardiff is now consistently ranked by our own residents as one of the best cities in which to live in Europe. It's a far cry from the city that was grappling with the challenges of deindustrialisation only a generation ago.

Our ambition is to make sure that for the generations to come Cardiff is an even better place to live and work, where the benefits of growth are felt by all our citizens, our region and our nation.

We recognise that there are serious challenges to overcome. Foremost among these is inequality. The gap between rich and poor in the city is too wide, and it is growing. This poverty casts a long shadow over too many lives, it places pressure on public services and it breaks the bonds that help to create a strong society. Making sure that as many people as possible can benefit from the city's growth will therefore be at the heart of the work of the Cardiff Public Services Board.

So too will making sure that Cardiff grows in a sustainable way. That so many people are choosing to live and work in Cardiff is good news, but growth will strain our city's infrastructures and put new demands on our public services. We will work together to make sure that they are fit for the future. As public service leaders we know that many of the most complex issues we face cannot be dealt with by a single organisation acting alone. Whether it be protecting our most vulnerable children, helping those who are homeless, tackling radicalisation or supporting older people to stay happy and healthy in their own homes, we know that we have neither all the answers, nor all the means to solve the challenges we face. These we must work on, together.

Together we can make Cardiff a great place to live for all our residents. A city in which every citizen, regardless of background, has the chance to fulfil their potential and can contribute to, and benefit from, the city's success.

This plan sets out how we will make this happen.

“ Together we can make Cardiff a great place to live for all our residents ”

## What is Cardiff's Public Services Board?

Cardiff's Public Services Board (Cardiff PSB) brings together the city's public service leadership and decision-makers, including those from the Local Authority, Health Board, Natural Resources Wales, Welsh Government, the Third Sector and the Fire, Police and Probation services. The purpose of the PSB is to improve the economic, social, environmental and cultural well-being of Cardiff by strengthening joint working across the city's public services.

## What is a Well-being Plan?

The Well-being Plan sets out the Cardiff PSB's priorities for action over the next 5 years, and beyond. The plan focusses on the areas of public service delivery which fundamentally require partnership working between the city's public and community services, and with the citizens of Cardiff.

The Plan contains Well-being Objectives, high-level priorities that the Cardiff PSB have identified as being most important. It also contains 'Commitments,' or practical steps that the city's public services, together, will deliver over the next 5 years.

The Well-being Plan should therefore be seen as a complementary document to the strategic plans of each PSB member (see **Appendix 1**), focusing on delivering 'collaborative advantage' in areas of city life and public services which cut across all public and communities services.

The Plan responds to a wide ranging evidence base on the quality of life and public services in Cardiff, and how these might change over the years to come. This includes:

- The Well-being Assessment: a comprehensive study of the quality of life in Cardiff undertaken in 2017

- The views of the people of Cardiff: a programme of engagement on the development of the plan (see **Appendix 2**)
- The Cardiff Future Trends report: a report for the PSB that sets out the long term trends facing Cardiff and the impact these will have on the city's public services.

### Well-being of Future Generations Act

The Well-being of Future Generations (Wales) Act is about improving the social, economic, environmental and cultural well-being of Wales. It requires public services to work together through Public Services Boards to improve the well-being of each Local Authority area and contribute to the 7 national well-being goals. The contribution of this Plan and its Commitments against the National well-being goals can be found in **Appendix 3**.

It is designed to help make local communities better and public services more sustainable, and will make the public bodies listed in the Act think more about the long-term, work better with people and communities and each other, look to prevent problems and take a more joined-up approach (known as 'the 5 ways of working').

For each well-being objective identified by Cardiff's PSB, the plan illustrates which of the national well-being goals it contributes to. Similarly, the Well-being Objectives contained in the plan should not be viewed in isolation, but as a mutually reinforcing programme of change which, collectively, will help public services in Cardiff respond to the pressures they are under and improve the lives of the people of Cardiff, particularly the city's most vulnerable citizens.

## Why do we need a Well-being Plan?

Cardiff is going through a period of rapid change. The city is facing a series of critical challenges, like how to make sure that city's rapid population growth and economic success help all citizens; how the gap between the city's most and least deprived can be reduced; how to make sure the city's public services and infrastructures are resilient to this growth; and how to deliver excellent public services, particularly for the city's most vulnerable people, at a time of austerity.

No one public service can respond to these challenges alone. It will require close partnership working between Cardiff PSB members and other organisations in the public, private and third sectors, and most importantly of all, with the citizens of Cardiff.

## How did we develop the Well-being Plan?

By looking at Cardiff today and the Cardiff of tomorrow, the Well-being Assessment identified the key challenges and opportunities facing the city. These findings, consultation feedback and the priorities for its member organisations provided the context for the Cardiff PSB to develop its well-being objectives and 'Commitments'.

A draft Well-Being Plan was produced for consultation, which ran from 13 October 2017 to 5 January 2018. Engagement activities included an online survey and a series of engagement events and focus groups with seldom heard groups and communities, including BAME groups, disability groups and the Youth Council. Additionally, the annual Ask Cardiff citizen survey contained, for the first time, a series of questions on citizen well-being and citizen satisfaction with life in Cardiff, aligned to the questions of the National Survey for Wales.

The draft Well-being plan was reviewed and amended, reflecting on the findings of these engagement activities and the formal consultation responses received from the Future Generations Commissioner, Welsh Government and stakeholder organisations across the city.

## Measuring progress

To measure progress in improving the well-being of Cardiff, progress against each well-being objective will be measured against a combination of national, regional and local indicators.

In addition, the Cardiff PSB will also measure the reported well-being of the people of Cardiff in the annual Ask Cardiff survey across the following areas:

- Life satisfaction
- Worthwhile
- Happiness
- Anxiety

These indicators will be reported on annually with updates on progress against individual indicators published as data becomes available.

The technical document at **Appendix 4** provides an indication of whether or not data can be disaggregated according to local area, equality group and other contextual information that will aid analysis.

# Cardiff Today and Tomorrow

---

## Cardiff Today

Cardiff has a population of 361,500 and is one of the fastest growing major British cities. It is at the heart of the Cardiff Capital Region of 1.5 million people and makes up nearly a quarter (24%) of this population.

Cardiff today is a relatively wealthy, safe, green and healthy city. The capital city of Wales consistently sits near the top of polls, surveys and reviews of quality of life in cities in the UK and Europe. Cardiff's culture, sport, shopping and its public and green spaces are ranked by its own citizens as amongst the best in Europe and residents are also consistently happy with the quality and efficiency of public services in the city, particularly compared to other European cities.

The city economy is growing. Jobs and businesses are being created, unemployment is at its lowest level this decade, visitor numbers are growing each year and skills levels across all levels of attainment are high. The capital city plays a vital role in creating jobs for the wider city-region, with 2 out of 3 new jobs created in the Capital Region over the last 10 years having been created in Cardiff.

Cardiff has a long history of being an open, welcoming and multi-cultural city. With 15.3% of the city's population coming from a non-white background, and over 100 languages spoken in the city, Cardiff is by far the most ethnically diverse local authority area in Wales. It is also a safe city. Over the last decade, crime has fallen dramatically with fewer burglaries, incidents of criminal damage and antisocial behaviour.

People in Cardiff today could be described as being healthier than ever before. Levels of general health are high with life expectancy for men and women continuing to rise, and women in Cardiff projected to live longer than those in the majority of the 'Core Cities', though more than half the population are underweight, overweight or obese and rates of smoking and drinking remain high.

Yet while Cardiff performs strongly across a number of city-wide indicators of well-being, large inequalities exist within the city. Some of the poorest wards in Wales are to be found within walking distance of some of the most affluent and wards with the highest unemployment rates are within a few miles of Wales' major commercial centre. Almost a third of households and over a quarter of children under the age of 20 are living in poverty.

Large disparities in levels of unemployment, household poverty and workless households exist across the city, and these economic inequalities closely align with health, crime and educational inequalities, with for example a healthy life expectancy gap of 22 to 24 years between the most and least deprived communities. These trends predate the economic crisis and subsequent recession, being evident throughout the period of economic growth the city experienced in the years preceding the 'credit crunch'.

## Cardiff Tomorrow: Trends, Opportunities and Challenges

Cardiff's population is projected to grow by over 20% in the next 20 years, faster than any other major British city apart of London. This increase in population (73,000 people) will be greater than all other 21 local authorities in Wales combined (69,000).

This growth will provide major economic, social and cultural opportunities for Cardiff and the wider region. A young and highly skilled population points to a period of strength for the city economy, and can support a shift to a more innovative, productive and low carbon economy that will be needed if the city is to respond to a complex and uncertain economic environment characterised by Brexit and ongoing globalisation, public sector austerity and rapid and disruptive technological change.

Ensuring that the benefits of growth are widely felt will be a major challenge. Too many people in Cardiff are struggling to make ends meet and this poverty casts a long shadow over people's lives. For example, though life expectancy is expected to rise for the poorest men in Cardiff, healthy life-expectancy is projected to decrease. Without a shift towards

a more inclusive economy and society, where all citizens feel able to contribute to and benefit from the city's success and the gap between the richest and poorest being reduced, these trends are unlikely to improve.

Population growth will lead to increasing pressures on the city's public services, physical infrastructure and the environment. 40,000 homes are projected to be built, and whole new communities will exist in 2036 that don't exist today. All the city's communities – new and old – will need to be well-planned and well-connected, with access to employment, great public services, retail and green spaces. Growth will bring increasing pressure on the city's transport, energy and water infrastructures and investment, innovation and changing behaviours will be needed to ensure that its impact can be managed in a resilient way.

Deprivation and growth will put pressure on the city's public services. Living in poverty leads to poorer health, lower pay, higher crime and greater pressures on public services at a time of reducing budgets. The city's growth will not be evenly spread across ages and demographics, with the number of young people and older people expected to rise significantly, two groups who rely more than others on public services. Responding to these pressures at a time of continued financial austerity has been, and will continue to be, a major challenge for the city's public and community services.

## The Public Service Challenge

Over the years ahead, public services will need to adapt and respond to the rapid growth in population, the demands and changing expectations of citizens, the consequences of poverty and significant and ongoing resource constraints. To make sure that the city's public services are fit for the future they will need to be characterised by the following five principles or ways of working:

**Delivering today, looking to tomorrow:** Public services are already being reformed in response to the long term challenges facing the city and they will need to continue to change over the years ahead, sometimes radically. Cardiff PSB will oversee special areas of public service reform today, whilst making sure its eyes are on the horizon, leading the changes that will ensure that public services are fit for the future.

**Preventing problems before they happen:** Across a range of services we will place a focus on intervening early, addressing the root causes and aiming to, wherever possible, prevent problems before they happen. This will mean identifying and working with vulnerable children and families to put in place the support they need at the earliest possible stage, way before crisis point is reached; it will mean working to keep people independent and healthy in their own homes and communities for as long as possible; and it will mean working to tackle poverty and create a more inclusive city, where all citizens feel able to contribute to and benefit from the city's success.

**Joining-up our public services:** No public service can meet the challenges they face alone. Whether it be through delivering efficiencies through sharing buildings and back-office functions or supporting some of the city's most vulnerable people, public services will need to work in ever closer partnership. This will mean accelerating community based collaboration through Community and Well-being hubs, bringing together public and third sector services under one roof in the communities that are in greatest need, and joining-up our services so that public and third sector employees are working together as one team to ensure the right support is provided in the right way, at the right time.

**People Power:** Keeping our communities safe, hitting our sustainable transport targets or looking after our most vulnerable people cannot be achieved by the public services alone. We will look to strike a new deal with citizens and communities so that local solutions are developed in partnership with local people involving people and communities in the decisions that affect them.

**One Cardiff:** PSB members are committed to working towards the common goals and objectives set out in this plan, complemented by our respective strategic plans and our work with Cardiff's communities. In everything that we do, the PSB will work to make Cardiff a more prosperous, resilient, healthy, just and inclusive city. A capital city that works for Wales.

## Well-being Objective 1

---

# A Capital City that Works for Wales

---

## Introduction

Cardiff is the economic, political and cultural capital of Wales. As well as playing a vital role in creating jobs and attracting investment into Wales, it is the home of Welsh sport, politics, music and the arts, hosting major international sporting and cultural events, and provides specialist public services for the people of the wider Capital Region.

A successful Wales needs a successful capital city. Looking to the future we will work together to make sure that Cardiff continues to attract and deliver major sporting and cultural events, tourists, investment, businesses and students in to Wales and to position Cardiff as a capital city of international significance in a post-Brexit global economy.

## Cardiff Today

Cardiff is the economic powerhouse of Wales, playing a vital role in creating jobs and attracting investment, providing cultural and leisure opportunities and 'national' public services to the people of the Capital Region and Wales.

It has not always been this way. Cardiff has been reinvented over the past quarter of a century. In response to deindustrialisation, a programme of major urban regeneration projects from Cardiff Bay to the redevelopment of Central Square, have helped raise Cardiff's international profile and reposition the city as a great place to visit and an even better place to live and study. The 2017 UEFA Champions League Final underlined the extent to which Cardiff is now positioned as a front ranking European Capital City. The city economy is also demonstrating strong performance across a number of headline indicators, with jobs growth up, unemployment down, visitor numbers up and growth in the number of new companies created.

That said, Cardiff's total economic output (GVA) – what we could think of as the city's 'GDP' – although much higher than other parts of Wales, compares relatively poorly to the top performing major

British cities and is significantly behind European comparators. Furthermore, while jobs are being created in the city economy – over 20,000 in recent years alone - there are not enough 'high value', well paid jobs being created.

Furthermore, after 10 years of continual growth in the years preceding the economic crash of 2008, economic output per capita – GVA per head - is only now returning to pre-crisis levels, and 25 % of the city's workforce currently earn less than the National Living Wage. Together, these figures suggest that Cardiff, like other UK Core Cities, has its own 'productivity puzzle' to solve.

Cardiff is at the heart of the Cardiff Capital Region of 1.5 million people and makes up nearly a quarter (24 %) of the city-region population. The capital city is the economic engine of the city-region, with nearly two out of three net jobs created in South East Wales over the last ten years created in the city. Each day 90,000 people – or over 40 % of the city's 200,000-strong workforce – commute into Cardiff. Across all aspects of life – from work, travel, leisure and public services - Cardiff's impact can be felt way beyond the administrative boundaries of the local authority area.

People who can speak Welsh (National Indicator 37)

## Cardiff Tomorrow

Global trends indicate that cities will be where the majority of population and economic growth can be expected to take place in the 21st Century, and where new jobs, smart businesses and highly educated and skilled people will be increasingly concentrated. These trends are also evident in Wales, with the majority of the growth in new jobs and businesses in the Cardiff Capital Region taking place in the capital city. Looking to the future, the capital city represents Wales' strongest economic asset and best opportunity to secure economic success. In short, a successful Wales needs a successful capital city.

Cardiff's development has over the last twenty years focused on improving quality of life, attracting talented people to live and work in the city, alongside a series of major investments in sports stadia and cultural venues, and the hosting of major national and international sporting and cultural events. The city must continue to make the most of these economic assets, building on the success of the UEFA Champions League Final 2017 to attract more international events and visitors, while also promoting locally organised events which reflect Cardiff's character and Wales' cultural distinctiveness, and seeking to minimise the negative impact of major events on some local communities, businesses and the environment.

The city economy now needs to move up another gear. In order to increase productivity, and to meet the long-term challenge of technological change and automation, this will mean a shift towards attracting and creating higher value businesses. Given the high skill levels and the presence of three universities in the city, the raw materials for making progress are there. The momentum seen in both the Central Square development and in Cardiff University's Innovation System indicate that this shift is beginning to take place.

Cardiff's role as the economic power of the city-region and its relationship with the surrounding local authorities, partners and populations must also continue to broaden and deepen in order to drive prosperity and tackle poverty in the capital city, the Valleys and Wales. The Cardiff Capital Region City Deal, the associated delivery of the Cardiff Metro and the establishment of effective city-regional governance will be fundamentally important in delivering sustainable, inclusive economic growth, helping to create job opportunities, tackle congestion, reduce the city-region's carbon footprint and address air pollution issues.

For the last 200 years Cardiff has been the connecting point between Wales and the world. Brexit has been projected to hit Cardiff harder than other UK cities and every other part of Wales. In a post-Brexit Britain, Cardiff must continue to be the inclusive outward looking international city it always has been, bringing the best of the world to Wales, and taking the best Welsh industry and culture to the world.

## Our Commitments for Cardiff:

### We Will:

Strengthen Cardiff's role as the economic, cultural capital city of Wales, supporting the development of the Capital Region and ensuring that the City Deal and the Cardiff Metro deliver for the people of Cardiff and Wales.

Seek to make sure that Cardiff has the funding and fiscal powers it needs to lead the Welsh economy and deliver capital city infrastructure and services on behalf of the people of Cardiff, the Capital Region and Wales.

Understand the impact of Brexit on Cardiff's economy, public services and communities and develop the city's response, including the shape of any successor programmes for European Funding streams in Wales.

Continue to deliver major events in the city, building on the success of the Champions League Final, in partnership with Welsh Government and the private sector.

Aim to double the number of Welsh speakers in Cardiff by 2050 through supporting the delivery of the Bilingual Cardiff Strategy.

# Cardiff grows in a resilient way

---

## Introduction

Cardiff is one of Britain's fastest growing cities, and is by far the fastest growing local authority area in Wales. Successful cities are those in which people want to live and this growth is welcomed and a sure sign of strength for the city. However, this growth will bring challenges too, putting pressure on both the city's physical infrastructures, community cohesion, its natural environment and public services. Managing the impacts of this population growth and of climate change in a resilient and sustainable fashion will be a major long term challenge for Cardiff.

## Cardiff Today

Over the last 10 years Cardiff's population grew by 12%, making it one of the fastest growing major British cities. This is set to continue. Over the next 20 years, Cardiff is projected to grow significantly faster than any other Welsh local authority area and faster than all major cities apart from London.

This will put pressures on the city's transport, energy and water infrastructures. Transport in Cardiff is currently dominated by private car journeys, with a relatively small percentage of commuters using public transport and lower levels of cycling and walking compared to a number of other core cities.

Furthermore, over 90,000 people travel in and out of Cardiff every day from neighbouring local authority areas, 80% of whom do so by car.

Travel within the city is one of the most important issues for Cardiff's citizens, with 74% feeling that travel and transport problems in Cardiff are serious or very serious. The city's reliance on cars also contributes to Cardiff's carbon emissions being high compared to many other British cities, and some city centre wards – notably in some of the city's most deprived communities – are particularly vulnerable to high levels of Nitrogen Dioxide pollution.

Cardiff's green spaces are amongst its most important assets. Cardiff was awarded a record 11 green flags for its parks in 2017 and nearly 80% of people are satisfied with our parks and open spaces, though access to green space varies across the city.

Access to the outdoors is one of the biggest factors which citizens identify as contributing to their well-being. As well as providing a safe space for children to play and be active from an early age with long term benefits for physical and mental health, the natural environment contributes to strong and cohesive communities, providing a space for interaction and engagement and joint community activities such as gardening and growing food.

Cardiff's 'blue space' – its waterways, rivers and drainage, and Cardiff Bay - is also a huge asset to the city, but as a city located on the banks of rivers and on the coast, Cardiff is inherently at future risk from flooding. Although a small percentage of houses in Cardiff are deemed to be at high risk of flooding, some communities are at risk and many of these in the city's more deprived 'Southern Arc.'

## Cardiff Tomorrow

Cardiff's growth will create major economic and cultural opportunities. It will also put pressures on city infrastructures and public services. Capitalising on the opportunity of growth and ensuring that its benefits are widely felt, whilst mitigating its effects, will define Cardiff's development over the next 20 years.

Cardiff's Local Development Plan sets out that 41,000 new homes will need to be built and 40,000 new jobs created by 2026. Whole new communities will soon be created that do not currently exist. Making sure that these communities are well-planned and well-connected, with easy access to public services, community facilities and green and blue spaces, will be a strategic priority.

A shift to more sustainable forms of transport will be needed. With growth, a 32% net increase in traffic, a 20% increase in the numbers of people commuting to work is projected and an associated increase in journey times of approximately 41%, will put strain on already congested roads. A '50:50 modal split' will be needed by 2021 (50% of journeys to be by sustainable transport) and an even more challenging 60:40 modal split by 2026. Meeting these ambitious targets will require investment in public transport systems, cycling infrastructure and cleaner vehicles, alongside support for behaviour change, supported by major employers and public services. Getting this right will provide a boost to the city economy, to quality of life overall and can be expected to bring major health benefits through increased levels of cycling and walking and improved air quality.

The consequences of climate change and extreme weather events, such as flooding and heatwaves, will need to be built in to all aspects of managing Cardiff's future growth. The risk of flooding, including both river and surface water flooding, for the city's new communities and some of its

most at risk and most deprived, will need to be mitigated, ensuring that buildings, infrastructure and key transport links are protected. Pressures, including degraded habitat and pressure on water quality from sewage, combined sewer overflows, misconnections and industrial estates, must also be managed as Cardiff grows. With demand on energy infrastructures projected to outstrip all other major British cities, options for increasing localised energy production will need to be explored.

As the city grows it will create more waste. Cardiff has a good track record for recycling and composting, with recycling increasing from 4% in 2001 to 58% in 2017. These improvements will need to be continued if Cardiff is to meet the Welsh Government targets of recycling 64% of waste by 2020, rising to 70% by 2025. Focus will need to be placed on minimising the waste produced in the first place, encouraging increased household and business recycling, and on the procurement of sustainable goods and services.

Growth will also put pressure on the city's social infrastructures, including schools, hospitals and GP practices. For example, the growth in the number of school age children will mean significant additional investment will be needed to build new schools and to refurbish and improve existing schools. Though Cardiff is a relatively young city, perhaps the most significant change will be the 75% growth in the number of people over 75. Adopting an integrated, long term approach to planning and delivery of public services in the city's new communities will therefore be a priority.

## Our Commitments for Cardiff:

We Will:
Adopt an integrated approach to the planning and delivery of public services in the city's new communities.
Aim for 50% of all journeys in Cardiff to be by sustainable travel by supporting the development and delivery of the Cardiff Sustainable Transport Strategy.
Take a city-wide response to air pollution through supporting the development and delivery of a Cardiff Clean Air Strategy.
Ensure that the city is prepared for extreme weather events associated with Climate Change, including raising awareness and encouraging behavioural change amongst residents, businesses and visitors to the city.
Seek to reduce the carbon footprint of the city's public services by working to ensure that all public buildings are energy and waste efficient.
Explore the potential for divesting public investments from fossil fuel companies.

Well-being Objective 3

---

Safe, Confident  
and Empowered  
Communities

---

## Introduction

Safe, confident and empowered communities are at the heart of well-being. They have a unique role to play when it comes to much of what we most value – our environment, safety, welfare, health and happiness. Moreover, communities often possess the knowledge, skills, passion, creativity and an understanding of the local area that service providers simply do not have. Ensuring that local communities are safe and empowered is therefore a fundamental component of a successful city.

## Cardiff Today

Cardiff has a long history of being an open city with strong and diverse communities. With 15% of the city's population from a non-white background and over 100 languages spoken in the city, it is already by far the most diverse local authority area in Wales, and with a third of the city's school population now coming from a non-white British background, it will be even more diverse in the future. These changing demographics will add to the city's cultural diversity and vibrancy, but a continued focus on community cohesion - the sense of belonging felt by communities, and the strong and positive relationships within them – will become more and more important as major international issues like Brexit, climate change, global migration and terrorism have a local impact.

Cardiff has a strong foundation to build on in terms of civic engagement with just over a quarter of people in Cardiff participating in some form of volunteering, through charities, youth groups, environmental and faith groups. Volunteering makes communities more resilient, helping people gain confidence, learn skills and give back to those around them, benefiting community cohesion. It also improves people's ability to cope with ill-health and encourages healthy lifestyles.

There are also high levels of interest in influencing key decisions that affect the city as a whole. Although Cardiff saw an average turnout of 43.6% across its wards at the 2017 Welsh Local Elections, there was a 70.4% turnout for the UK General Election a month later and a 69.7% turnout for the EU Referendum

in 2016. In the context of austerity and decisions such as Brexit and local government reform, it is increasingly important that people have their say and at the local level have the opportunities to play a role in their communities.

Cardiff is a safe city. Taking into account population growth, overall crime has fallen by 29% over the last 10 years. Put simply, Cardiff residents are a third less likely to be the victim of crime than a decade ago. There has not, however, been an equivalent fall in fear of crime. Residents do not feel confident that they, their families and their communities are safe. Women are less likely to feel safe in their communities compared to men, and residents in Cardiff East and disabled people are amongst those least likely to believe Cardiff is a safe city. And while Cardiff is safe for the overwhelming majority, a small number of people – particularly children and women – are subject to abuse, violence and exploitation, with, for example, a significantly higher number of domestic related offences recorded in Cardiff South West and Cardiff South East.

Cardiff is home to one of Wales' five prisons and around half of all crime across the UK is committed by people who have already been through the Criminal Justice System. Cardiff's reoffending rate of 32.8% in 2015 stands higher than the Welsh average, and that of most other 'Core Cities'. The cost of this reoffending to the public is estimated to be between £9.5 and £13 billion per year across the UK. The impact of reoffending can be destructive and long-term, affecting not only victims of crime and their families as well as the wider community, but also the offender and their family.

## Cardiff Tomorrow

Early intervention and prompt, positive action is at the heart of building safe, confident and resilient communities, and is crucial to reducing demand on all our public services. Local communities often possess the knowledge, skills, energy and creativity – alongside an understanding of the local areas – that service providers simply do not have. It is vital therefore that public services listen to, understand, and respond to each community’s story.

Empowering communities and making public services resilient will require a new approach to ‘locality working’. The new approach will be centred on joining-up community services, coordinating spatial development and maximising the impact of public investment. This will mean increasingly joining up public services ‘on the ground’, with the co-location of statutory and third sector teams and the creation of joint systems and cultures. This will need to be backed up by the pooling of available resources, so that all public and third sector employees, from teachers and police officers to health practitioners, community and youth workers are operating as part of one team to make sure that the right service is delivered at the right time, in the right way, with solutions found well before the point of crisis is reached, or emergency services are needed.

Every community has differing demographics, strengths and weaknesses and so public services will need to be designed so that they reflect and respond to these differences guided by the best evidence. It will mean being more focused about when and where services are delivered, dependent on the specific needs of each area, and pursuing prevention wherever possible, with local solutions developed in partnership with local people and between public, third and private sectors. It will also involve engaging communities on health improvement approaches to address health inequality and working with the Third Sector to provide increased volunteering opportunities and support for social enterprise through community involvement plans.

This will not only support the delivery of community services but will also empower individuals to take steps to play a role in the well-being of their communities.

The foundations for this approach are already in place, with community based collaboration exemplified by the community and wellbeing hubs. The hubs bring together public and third sector advice and support services so that they are all under one roof in the heart of some of the city’s most deprived communities.

In order to protect the city’s most vulnerable citizens and communities a joined-up approach, across the public and third sectors, and with communities and families, will be needed. Tackling human trafficking, child sexual exploitation, domestic abuse and the illegal trading of drugs will require early intervention and prompt positive action, across public and community services, to give people the support they need, when they need it. Similarly, countering the threat of all forms of radicalisation and extremism can only be achieved by working in close partnership with organisations and communities, building trust and promoting an environment where people have the confidence to report extremist behaviour. Cardiff will nurture community cohesion and understanding, where individuals have the opportunity to connect and become engaged with its diverse communities.

Significant progress has been made in reducing the number of first-time entrants into the criminal justice system. However, the success of the prevention programmes and the reduction in custody rates means that there is a much more complex, but smaller, cohort of young people being managed in the community, who require the most intensive interventions. If their offending and re-offending is to be addressed and their safeguarding is to be achieved, a coordinated and effective response to emerging issues across the city, such as Child Sexual Exploitation, organised crime and exploitation, knife crime and anti-social behaviour will be needed.

## Our Commitments for Cardiff:

We Will:
Invest in and involve communities in the delivery of integrated, locally-based public and third sector services in Community and Wellbeing Hubs.
Give people a greater voice in shaping public services through developing and delivering co-created Community Development and Involvement Plan/s.
Promote volunteering and social action, including development of a city volunteering portal.
Protect our most vulnerable citizens, adopting integrated approaches to tackling trafficking, child sexual exploitation and domestic abuse.
Tackle radicalisation in our communities by building cohesion and trust, and promoting an environment where people have the confidence to report extremist behaviour.
Reduce offending and improve life opportunities for the 18-25 age group by developing an integrated, locally-focussed, approach to offender management.
Reduce levels of drug use and substance misuse and levels of reoffending, and improve levels of sustained, long-term recovery, through delivering a jointly commissioned substance misuse and recovery support network of services.
Make sure that newcomers from the UK and overseas are welcomed and can build new lives in Cardiff, including delivering the ‘Inclusive Cities’ project.
Deliver a safe and vibrant night time economy, working in partnership with the Business Improvement District.

## Well-being Objective 4

---

Cardiff is a great place to grow up

---

## Introduction

Cardiff is already a good place for many of its children and young people to grow up, with a fast improving school system alongside the advantages that a capital city can bring such as an extensive range of leisure, sporting and cultural opportunities. However, the inequality evident in Cardiff can have a profound effect on the lives of children and young people and their families, and children who are disadvantaged - whether through disability, poverty, family circumstances, illness, neglect or abuse - will require particular help and support from across the public and third sector services and from within their communities.

## Cardiff Today

Cardiff is already a good place for many of its children and young people to grow up. In particular, young people identify the city's good health services, its low crime, strong inclusive communities and the access to green spaces, sports, leisure and culture as some of the great things about living in the capital city.

Education is consistently ranked as the top priority for the city's young people, and a child's experience of education is one of the most important factors that impacts on their life chances and future well-being. Performance in the city's school system is now improving after years of underperformance. GCSE performance continues to improve with 62.5% of pupils in Cardiff in 2015/16 achieving at least five A\* to C grades, including mathematics and English or Welsh, an increase of 12.6 percentage points over the last four academic years.

Although Cardiff is the commercial heart of the Welsh economy and contains many of the nation's most prosperous communities, over a quarter of dependent children under the age of 20 in the city are living in poverty, ranging from just 5.2% in Rhiwbina to almost half of those in Ely. Growing up in poverty can have a detrimental impact on a child's future prospects and well-being; and a child's experiences at an early age, prior to entering school, can lead to delayed development in language, emotional and social skills and poor general health.

As is the case nationally, there is a significant gap in educational outcomes between pupils from low-income families and those from more affluent backgrounds in Cardiff. Children living in the most deprived communities are also more likely to suffer poorer health outcomes today and demonstrate symptoms which point towards poor health in the future, such as obesity, low immunisation rates or poor dental health. They are also more likely to have feelings of isolation, be drawn into anti-social behaviour, young offending or suffer the effects of crime. Evidence suggests that children from low-income families are also more likely to be at risk of Adverse Childhood Experiences and the rates of children considered to be at risk, being placed on the child protection register, or taken into care, are significantly higher in the city's most deprived communities.

## Cardiff Tomorrow

The number of young people (under 18s) in Cardiff is projected to increase by 25 % over the next 20 years, compared to an all-Wales increase of 0.8 %. It will therefore be increasingly important to make sure that young people feel able to influence decisions about where they live and the services that they receive. That is why Cardiff is committed to becoming a UNICEF Child Friendly City and to embedding a Child Rights approach across all aspects of city life.

Education remains the top priority for young people in Cardiff, the most vital investment into the city's economy and the surest route out of poverty for individuals. That is why the city is committed to building on the progress of recent years to make sure that every school in Cardiff is a good or excellent school, and that the gap in educational outcomes, particularly for vulnerable young people and those from more deprived communities, is reduced.

Projections indicate an increase of 5,700 (18 %) in the number of primary school age pupils, and an increase of over 9,000 (37 %) in the number of secondary school age pupils by 2036. With Cardiff's existing school system operating at or near full capacity, significant investment will be needed to build new schools and to refurbish and improve existing accommodation. Given the scale of the investment and importance of schools in communities, they must be at the heart of the city's approach to community life, with strong links to other public services to local people and community groups. And as the economy changes - 65 % of children entering schools today will end up working in new job types that do not exist yet - links to local businesses will become increasingly important to making sure that young people are equipped with flexible and transferrable skills and the experience they need to find a good job, develop a good career and succeed in life.

Young people tell us that mental health support is one of their top priorities. The stresses of doing well at school, securing employment and the influence that social media can have on their self-esteem are key concerns. Supporting young people to fulfil their potential and to be resilient to the pressures of modern life will play a central role in maintaining their sense of well-being.

Parents have the most significant influence on children and for their future lives. Outcomes for children are best when they are supported to grow and achieve within their own families, as they know them best. In all cases, we will adopt a 'Think Family' approach which looks at the family as a whole and co-ordinates support across the public services, tailored to each families' needs and strengths. Public and Third Sector partners including teachers, health practitioners, Social Workers, Youth Workers, Third Sector practitioners, early years practitioners and play workers will work together to deliver joined up approaches to enable the right conversations to take place at the right time, between the right people and for solutions to be found at the earliest possible stage, particularly for the most vulnerable children and families.

The identification and protection of vulnerable children needs to be everybody's business. Within our local communities we want individuals to feel empowered to identify where they feel a child is at risk – this may be a shop keeper asked to serve a child cigarettes for their parents, or refuse collectors who identify broken bottles and rubbish next to well used children's toys – raising concerns that may not be picked up through the provision of universal services for families.

## Our Commitments for Cardiff:

### We Will:

Place the voice and experience of young people at the heart of public services in Cardiff through adopting a Child's Rights approach and becoming a UNICEF 'Child Friendly City.'

Adopt a 'Think Family' approach, making sure that public services are joined up and that children and families are given the right support, in the right way, at the right time in the first 1000 days of a child's life.

Develop placed-based approaches to integrating public services for children and families in the city's most deprived communities through a 'Children First' pilot in Ely and Caerau.

Develop innovative approaches to identifying those at risk of Adverse Childhood Experiences (ACEs), putting in place multi-agency response to support children and families before they reach crisis point.

Work with communities and across partners in the public and private sector to tackle Child Sexual Exploitation.

Improve mental health and emotional well-being for young people by delivering an integrated approach to Children and Young People Emotional and Mental Health Support.

Support young disabled people and their families through the delivery of the Disabilities Future programme.

Make sure young people are prepared for and given opportunities to participate in the world of work through delivery of the 'Cardiff Commitment', in partnership with the private and third sector.

Well-being Objective 5

---

Supporting people  
out of poverty

---

## Introduction

Cardiff's strong performance across a range of well-being indicators, disguises deep and entrenched inequalities across the city. Over 60,000 people in Cardiff live in the 10% most deprived communities in Wales. If the 'Southern Arc' of Cardiff, from Ely in the West to Trowbridge in the East, was considered a single local authority area it would be the most deprived in Wales by a considerable margin.

Living in poverty can cast a long shadow over people's lives – life expectancy and other health indicators are lower in the more deprived wards of Cardiff, air quality is poorer, there is less access to green space and crime in the city is concentrated in these areas. How to ensure that all citizens benefit from the capital city's economic growth is one of the most complex and challenging issues facing Cardiff over the years to come.

## Cardiff Today

Cardiff has been reinvented over the past 20 years. Despite the jobs created and the investment attracted, the proceeds of economic growth have not been felt by all of the city's residents and many of the poorest communities in Wales can be found in its capital city. Almost a third of Cardiff households are living in poverty, with a high proportion of children living in workless and low-income households and concentrations of unemployment and in-work poverty closely aligning with poor health, crime and educational inequalities across the city.

In-work poverty is a growing problem in the city. Around a quarter of people in employment earn less than the National Living Wage, and casual employment, enforced self-employment, zero-hours contracts and other forms of insecure work mean constant stress and worry for an increasing number of people.

Childcare issues (low availability and affordability), lack of skills (especially digital skills) and the inflexibility of the welfare system all create barriers to work, while Welfare Reform can have a disproportionate impact on more vulnerable sectors of the population, with 72% of households affected by the benefit cap in Cardiff being lone parents and an average of 3.3 children in affected households.

Over 50% of respondents to the 2016 Ask Cardiff Survey reported being concerned with being able to afford a decent standard of living. Rising housing, food and fuel prices have increased the cost of living, particularly for people living in the poorer wards in the city. Fuel poverty is a growing issue as is food poverty, and residents including older people affected by these issues often have to make the choice between 'heat or eat'. The social impacts of this are evident from the Ask Cardiff survey where over 13% of respondents did not feel they were able to invite a friend or a child's friend over for a meal due to money worries. Rising levels of Foodbank usage also highlight the frequency with which individuals and families are falling into

financial crisis affecting their ability to maintain a healthy diet for themselves and their families. The school holidays are a particular crunch point for low-income families. Cardiff's School Holiday Enrichment Programme 'Food and Fun', which has been rolled out across Wales, now provides free meals to children from 21 local schools.

Housing, a central component of quality of life, remains relatively unaffordable compared to other major British cities with the average house costing around eight times the average salary. Furthermore, there is a close correlation between wards containing high levels of deprivation and high levels of social housing. Along with the rise in the number of people living in poverty, the rise in those facing destitution and homelessness is one of the most pressing issues in Cardiff, with the number of those recorded sleeping rough having doubled since 2014. Sleeping rough is dangerous and can damage people's lives permanently - the average life expectancy of a rough sleeper is just 47 years of age, which is 30 years younger than the general population. Furthermore, the longer an individual remains on the streets, the more likely that secondary issues such as begging, drugs or alcohol misuse can become an issue.

The 2017 Ask Cardiff survey revealed disparities between the most and least deprived areas of the city across a range of questions in terms of well-being, including:

- 51.3% of respondents from the most deprived areas reported being satisfied with their local community as a place to live compared with 91.3% of respondents from the least deprived areas.
- Over a quarter of respondents from deprived communities reported they were dissatisfied with their mental and emotional health compared with under a tenth of respondents from the least deprived areas.
- People living in the most deprived areas of the city scored below the Cardiff average against all the personal well-being indicators measured (levels of happiness, satisfaction, anxiety and feeling worthwhile).

## Measuring Progress:

## Cardiff Tomorrow

An economy which creates good jobs, paying at or above the Living Wage, is vital to tackling poverty. Equally, tackling poverty is vital to creating a strong economy. A recent study by Core Cities has shown that while around 60 % of the ‘productivity gap’ between the Core Cities and the UK average is due to ‘in-work’ factors, which can be addressed by investment in transport infrastructure, broadband, research and innovation and business support, around 40 % of this gap is due to deprivation, low skills’ levels, and people being disengaged from the labour market.

A focus on creating good jobs must therefore go hand in hand with effectively removing the barriers to work – whatever they may be and for all citizens. Supporting adults into employment will also help future generations; children who see their parents in employment have an increased chance of working themselves, reducing the likelihood of poverty affecting multiple generations within a family. This will require continuing to support those affected by Welfare Reform as the transition to Universal Credit is rolled out, while joining-up a currently fragmented approach to employability across the city, and ensuring that regeneration schemes, major projects and fast growing sectors are supported by appropriate skills and training programmes.

Tackling entrenched disadvantage, physical and mental health inequality and narrowing the gap in life chances across the city will mean adopting targeted approaches to tackling poverty, integrating public services at a local level and working closely with residents in the city’s most deprived communities. Cardiff’s emerging locality approach, which joins-up public services at a local level in a way that makes sense for each particular community, building on the success of the Community and

Wellbeing Hub Model, will be the heart of the city’s approach to tackling poverty. Allied to this, the reform of the Welsh Government’s flagship anti-poverty programmes provides an opportunity to remove unnecessary barriers and reimagine them in a coordinated and cohesive way, with the flexibility to respond to individual families and communities strengths and challenges.

Developing a joined up approach to those who have fallen into destitution will require close partnership working. There is a strong overlap between more extreme forms of homelessness and other support needs, with nearly half of service users reporting experience of institutional care, substance misuse and street activities such as begging. Furthermore, people with complex needs are at serious risk of falling through the cracks in service provision. An integrated response across health, housing and social care will be needed, working with the city’s regional partners towards an approach that intervenes early in response to the needs and challenges faced by each individual.

Public services in Cardiff employ nearly 46,000 people and contribute over £1bn of spend in the local economy. In addition to delivering vital public services, as major employers they also have the potential to make an impact on tackling poverty by creating opportunities for people, particularly young people, from Cardiff’s most deprived communities (for example, via the Cardiff Commitment) or through adapting procurement policies to deliver a greater amount of community benefits and increase spend in the local economy.

## Our Commitments for Cardiff:

We Will:
Aim to provide more well-paid jobs in Cardiff through acting as an advocate for the Real Living Wage initiative across the public, private and third sector employers, and including its consideration in commissioning and funding decisions.
Support people who are adversely affected by welfare reform by providing an integrated approach, locally delivered in Community and Well-being Hubs.
Develop an integrated approach to employment services in Cardiff, helping people to find work, stay in work and progress at work, working in partnership with Welsh Government, DWP and training providers.
Ensure that the Welsh Government’s flagship anti-poverty programmes (Communities First Exit Plans, Families First, Flying Start and Supporting People) are designed and delivered in a co-ordinated way.
Seek to end rough sleeping in the city and tackle the causes of homelessness.
Seek to increase the impact of public services as anchor employers on tackling poverty and promoting ‘fair work’ practices by developing cross-public service approaches to ‘Social Responsibility’, ‘Community Benefits’ and ‘Ethical Employment’.
Support a city wide Food Partnership to ensure citizens have access to sustainable, healthy and affordable food, including the continued roll out of the school holiday enrichment programme.
Undertake additional research on how best to tackle health inequalities and reduce the healthy life expectancy gap.
Work to support delivery of Cardiff’s Sport and Physical Activity Strategy to increase participation of current and future generations in sport and physical activities, particularly in our city’s most deprived communities.

## Well-being Objective 6

---

Cardiff is a great  
place to grow older

---

## Introduction

How a society treats people as they get older reflects its values and principles, and sends an important message to future generations. Cardiff's ambition is for the city to be a great place to grow older, where older people are more empowered, healthy and happy, supported by excellent public and community services and integrated within all areas of community life.

## Measuring Progress:

City level outcome indicators that the PSB will seek to impact

Percentage of people aged 65+ who reported their general health as being very good or good
Percentage of people aged 65+ reporting they felt involved in any decisions made about their care and support
Percentage of people aged 65+ reporting they received the right information or advice when they needed it
Percentage of people aged 65+ reporting they live in the right home for them
Percentage of people aged 65+ reporting loneliness
Life satisfaction among older people

“ Cardiff’s ambition ... where older people are more empowered, healthy and happy ”

## Cardiff Today

Although Cardiff is a young city, over 50,000 citizens are over the age of 65 years old and life expectancy and healthy life expectancy has increased steadily over the last 20 years. Looking across Cardiff, a greater number of older people live in the North and West of the city. For example, in Cardiff North, 19 % of the population are over the age of 65 and 3 % over the age of 85, compared to only 6.3 % over 65 and 0.9 % over 85 in Cardiff South East.

The majority of older people in Cardiff (68 %) report being in good, very good or excellent health, higher than the Welsh average. That said, increased life expectancy has meant a greater number of people suffering from ill health in later life and relying ever more on public services. Older people are more likely to require longer and more frequent stays in hospital, with nearly two thirds of people currently admitted to hospital over the age of 65. Frailty is commonly associated with aging. People who are frail, often have complex medical conditions, have a lower ability for independent living and require assistance with everyday tasks. In particular, falls leading to hip fractures place considerable pressures on health and social care services.

Increased life expectancy has also meant that more older people are vulnerable to social isolation and living in poverty in older age. The creation of the Independent Living Service has been crucial in helping older people to access the financial support to which they are entitled (equivalent to an additional £4.9 million in welfare benefits since October 2015) and facilitating preventative interventions to reduce slips, trips and falls. Important support services and advice are also being provided through third sector organisations across Cardiff, such as Age Connects and Care & Repair.

Current demand pressures and costs associated with an aging population are significant, and show no sign of reducing. Finding solutions to these long-term challenges will mean public services working in ever closer partnership to help older people stay safe, as healthy and independent as possible, and to lead lives that have value, meaning and purpose.

## Cardiff Tomorrow

As the city grows, and life expectancy continues to increase, the number of older people living in Cardiff is projected to rise significantly, with the number of citizens between 65 and 84 projected to rise by 44 % over the next 20 years, and the number over 85 years old expected to nearly double.

Older people will increasingly become an important asset to the city, making a significant contribution to the economy, the life of the city and its communities. As the city grows, it will also be important that new communities are designed in a way that accommodates the needs of older people. This will need joint planning and provision of a range of future accommodation options to meet the demand for housing and enable people to remain at home.

In order to tackle social isolation and loneliness, local communities need to have accessible, local and strong community networks to support the needs of older people where they live. This will be a prominent feature in Cardiff's approach to 'locality working' and, as the city grows, in designing and delivering new communities. Enabling older people to play a role in their communities, developing intergenerational services and improving access to community activities can dramatically improve physical and mental health, reducing the risk of falls and helping more people enjoy independent lives for longer.

A growing older population will also have increased health and care needs, placing pressure on budgets and resources. As well as demands on services due to frailty in older age and long-term medical conditions, an increasing number of older people will suffer from chronic health issues, such as dementia. The number of people with dementia aged over 75 years old is predicted to rise significantly. By 2035 it is predicted that over 6000 people in Cardiff will be living with the condition, up from 3400 today.

To reduce the pressure on public services at a time of reducing budgets, adopting a preventative approach will be of central importance. Accelerating the integration of services for older people, joining up our resources and services at a community level, will make sure that as many people as possible are able to receive care in their communities whilst investment is focused into prevention and promoting independent living. This is not only a more sustainable approach to meeting an individual's needs in later life, reducing pressures and costs on the city's health and care services, it will also deliver better health outcomes.

Being an age-friendly and dementia friendly city will mean adapting its structures and services to be accessible to and inclusive of older people with varying needs and capacities. This means ensuring that policies and programmes of work that focus on the needs of older citizens, particularly those who are most disadvantaged, are central to the work of service providers. Assessment, diagnosis and care planning practices will require genuine collaboration with older people, their carers and their families, so that their plan reflects what is important to them and achieves the outcomes they value.

## Our Commitments for Cardiff:

### We Will:

Building on the First Point of Contact and Single Point of Access services, further develop digital services along with easily accessible telephone, online and face-to-face access points for the region, for both professionals and the public.

Develop resilient communities with local services, infrastructure and strong community networks to meet local needs where older people live.

Develop and provide a range of future accommodation options to meet demand and enable people to remain at home for as long as possible.

Develop improved assessment, diagnosis and care planning practices which are built upon genuine collaboration with older people and their carers and families, so that their plan reflects what is important to them and achieves the outcomes they seek.

Develop Cardiff as a dementia friendly city.

Well-being Objective 7

# Modernising and Integrating Our Public Services

---

## Introduction

Public services in Cardiff are undergoing a period of rapid change. Over the years ahead they will need to continue to adapt in response to the rapid growth in population, the changing expectations of citizens, the consequences of poverty and significant and ongoing resource constraints.

No single service can meet the challenges they face alone. New, integrated approaches to service delivery will be needed, characterised by a drive to break down and reshape organisational boundaries, systems and cultures around the needs of those receiving the service and the communities in which they live. Service providers in Cardiff have a strong track record of working together, but this now needs to go up a gear to create a culture of one public service with one purpose - to deliver for the people of Cardiff.

## Cardiff Today

Public services in Cardiff are experiencing a period of unprecedented challenge.

The city's public services have faced a period of continued and severe budget reductions. For example, over the past 10 years, Cardiff Council alone has made a quarter of a billion pounds in cumulative savings, reduced the number of non-school staff by 22% and anticipates having to make a further £81m in savings by 2021. This is a situation mirrored across public services, with the health service, police and fire all having made substantial savings and facing ongoing budget reductions. Aligned with this, third sector organisations across the city have dealt with financial cutbacks as the available grant funding has reduced and eligibility criteria tighten.

At the same time, the city's services are facing a period of rapid and sustained increases in demand. In response, public services in the city have been changing. Recent years have seen a shift towards increased collaboration and integration of services at a community level, including the co-location of services within community facilities or Hubs and introducing multi-agency teams to make sure that the right service is provided at the right time, by the most appropriate organisation and in the right way.

Similarly, many of the issues facing Cardiff and its services – from transport to homelessness - reach across geographical boundaries. Increasingly projects and initiatives are undertaken on a cross-boundary basis, for example the Shared Regulatory Service Partnerships between Cardiff, Bridgend and the Vale, the Cardiff Capital Region City Deal which encompasses 10 local authorities or the Project Gwyrdd collaboration on waste services. As public services move to modernise and drive efficiency, the need for regional collaboration will become increasingly important in delivering economies of scale, particularly for 'back office' and shared services.

Citizen expectations, allied to rapid changes in digital technology, are already transforming the delivery models for local public services. People now expect digital public services that are indistinguishable from other services they access, and so this digitalisation will need to accelerate over the years ahead. All public services are already seeking to automate processes, shift customer transactions and services into online channels of communication and use 'smart' technologies to manage services and infrastructure more efficiently, while ensuring that 'digital exclusion' does not occur for residents unable to access services in this way.

## Measuring Progress:

Objective 7 - Modernising and Integrating Our Public Services

To what extent do you agree that the quality of public services in Cardiff is good overall?

## Cardiff Tomorrow

Over the years ahead, services will need to adapt and respond to the twin challenges of increasing demand and reducing resources.

Increasingly, service providers will work together to align strategies, pool resources and focus on where collective planning and delivery can produce the best for citizens and communities across the city. This will mean the co-location of different parts of the public services alongside community services, in the same building. In many cases, the formation of single multi-agency teams, with pooled funding, jointly agreed outcomes, common processes, technologies and cultures will become increasingly common. To support this integration, a cross-partner approach to the strategic planning of the public sector estate in the city will be developed.

Services will be designed and delivered at the spatial scale which makes the most sense. Cardiff, as the capital city, will have the capacity to deliver some national services; the Capital Region is seen as the right level for managing spatial development in housing, transport and economic development; health and social care will increasingly be managed across Cardiff and the Vale of Glamorgan; and at 'locality' or 'neighbourhood' level, aligning public and third sector assets and services at the local and hyper-local level will also be pursued. As organisational siloes are broken down and cross service teams become the norm, the ability to work

across boundaries and cultures will become more and more valuable. Allied to this, a joint approach to management and development of the city's public sector estate, staff development and improved interconnectivity of information systems across sectors will enable integrated working and will help change the way services are delivered.

Alongside a more integrated public service, an 'asset-based' approach to community engagement which listens to and involves those receiving the service in the design of and the decisions taken about their service will be needed. Allied to a better understanding of the experience of those who use our services, cross partner approaches to data-sharing and analysis will be strengthened so that the Public Services Board members are using the best intelligence when taking decisions on how services should be planned and delivered in the future, with a particular focus on designing and investing in preventative services which seek to get to the root cause of an issue, or intervene early before bigger, more damaging issues can emerge.

## Our Commitments for Cardiff:

### We Will:

Adopt a cross-public services approach to the management of public property and assets.

Develop and appropriately skill the city's public service workforce to meet changing needs and demands.

Develop a joined up approach to consultation and engagement

Pilot a new City Innovation Hub to develop new solutions to big city challenges, working with all service partners.

Seek to deliver public and third sector services and workforce that are representative of the city and its communities, especially Black, Asian, and Minority Ethnic (BAME) communities.

“ Working together ... to create a culture of one public service with one purpose ”

## Measuring Progress - Well-being Indicators

Setting measurements against each well-being objective will assist Cardiff PSB in evaluating the level of success in raising the well-being of the city, and identify areas that require additional focus or revised commitments. These will be reported annually.

The measures chosen below are a combination of national, regional and local indicators, selected to clearly demonstrate progress against each objective.

It is recognised that while reporting annually, and the need to demonstrate short term impact, many of the progress measures chosen will require a long-term view in order to achieve the desired target.

Additional indicators have been included to measure the reported well-being of the people of Cardiff, taking a holistic view of well-being rather than being aligned to a particular Objective within the Plan.

# 1. INTRODUCTION

This report has been produced by the Cardiff Research Centre on behalf of the Cardiff Public Services Board.

It summarises the results of a range of consultation and engagement activity with the citizens of Cardiff which took place in Summer/Autumn of 2017, bringing together findings from:

- The Ask Cardiff Residents and Visitor Survey
- Engagement on the Draft Well-being Plan
- Cardiff Annual Transport Survey
- Consultation on the Cardiff and Vale of Glamorgan Area Plan

Considered together these findings will help the PSB to better understand how the people of Cardiff experience the city and our public services, and ensure that the city's Well-being Plan is appropriately addressing the most important issues and concerns of residents.

---

## 2. METHODOLOGY

The results contained within this report have been drawn from a range of engagement activities that took place in late 2017. These included online survey work, locality based events and focus groups with ‘seldom heard’ population groups.

### 2.1 Ask Cardiff

Ask Cardiff is the annual citizen survey undertaken by Cardiff Council on resident satisfaction with life in Cardiff and public services.

Ask Cardiff 2017 included 50 questions on life in Cardiff, the quality of public services, and for the first time a series of Well-being questions. It was an online only survey and ran from 9<sup>th</sup> August 2017 until 25<sup>th</sup> September.

#### Response

Ask Cardiff 2017 received 5598 responses, exceeding the previous record of 4,431 achieved in 2015 by 1,167.

Table 1 - Ask Cardiff Response

	<b>Ask Cardiff 2014</b>	<b>Ask Cardiff 2015</b>	<b>Ask Cardiff 2016</b>	<b>Ask Cardiff 2017</b>
<b>Total responses</b>	<b>2972</b>	<b>4431</b>	<b>4024</b>	<b>5598</b>

#### *Sample size*

The significant increase in the overall number of responses across all groups has enabled a far more robust analysis to be undertaken when looking at specific groups in isolation.

Results have been disaggregated by spatial area, using the city’s 6 Neighbourhood Partnership Areas, and by sub-population grouping, including ‘deprivation’ to indicate the results received from those living in the 20% most deprived areas of the city.

Table 2 below indicates that a sample size big enough to give Confidence Intervals less than 5% plus or minus, was achieved in five of the six Neighbourhood Partnership Areas, matching that of the 2016 Ask Cardiff survey.

The response from City & Cardiff South has been traditionally low but was significantly higher for the 2016 and 2017, potentially due to the additional dissemination and promotion carried out by Cardiff Research Centre.

The traditionally low response rate from residents in Cardiff East has continued, although the number of responses shows a marked increase compared to earlier surveys. The Confidence Interval achieved remains above 5%, so whilst analysis within this area remains relevant, the Confidence Interval should be taken into account when considering the results.

Table 2 - Ask Cardiff 2017: Confidence Intervals for a 95% Confidence Level

NMA	Sample Size Achieved	Population 16 Plus (2015 MYE)	Sample Size Required For A CI Less Than 5% +/-	Confidence Interval Achieved +/-
Cardiff East	333	36,700	379	5.35
Cardiff North	1,780	95,100	382	2.30
Cardiff South East	699	68,500	382	3.69
Cardiff South West	789	55,900	381	3.46
Cardiff West	1,219	61,600	381	2.78
Cardiff City & South	459	39,300	380	4.55
<b>Cardiff Total</b>	<b>5,598</b>	<b>357,200</b>	<b>384</b>	<b>1.30</b>

### Weighted Data

Weighted Data refers to when the data collected from survey respondents are adjusted to represent the population from which the sample was drawn. In the case of the data collected as part of the Ask Cardiff survey for 2017, the overall data was weighted for some of the questions to ensure its representativeness in terms of age, gender and neighbourhood partnership area.

Within this report reference is made at times to the 'weighted' i.e. adjusted response and the 'observed' data i.e. the actual response received.

The difference within these figures is typically no more than one or two percentage points, something that could be explained by standard deviation and should not be cause for concern. **The strong similarity between the observed and the weighted data indicated a high level of robustness in the data collection.**

## **2.2 Focus Groups and Community Engagement**

To ensure consultation invited views from across the city, the opportunity was taken to engage with residents at a series of community engagement events that had been planned across the city. 20 'locality' events were held during November and December 2017.

Focus group work was also undertaken with the following groups:

- Race Equality First, Black Asian Minority Ethnic (BAME) women's group
- Members of the Deaf community

## **2.3 Cardiff's Well-being Plan Online Survey**

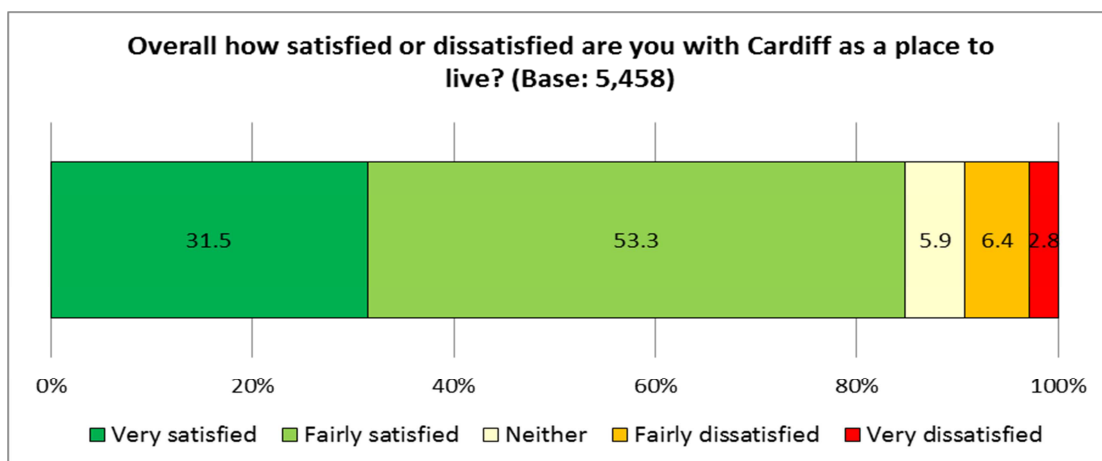

The online survey asked for views on Cardiff PSB's proposed priorities or Well-Being Objectives (WBOs) for addressing the main challenges the city is facing now and in the future (i.e. meeting the needs of a rapidly growing population, making sure the city's public infrastructure and services are resilient to this growth and reducing inequality).

116 survey responses were received.

## SECTION 3: CITY LIFE AND PUBLIC SERVICES

### 3.1 Overall how satisfied or dissatisfied are you with Cardiff as a place to live?

Approximately six out of seven respondents (84.8%) were satisfied with Cardiff as a place to live. This shows a slight decline of 4.9% from data collected in 2016.

This closely correlates with the National Survey for Wales's results, undertaken in 2016, which reported satisfaction with Cardiff as a place to live at 88%, 8th highest in Wales and the highest urban area in Wales.

Overall satisfaction was lowest amongst respondents identifying as disabled (75.9%) and those living in the most deprived areas of the city (79.4%).

Focus group work typically found the things that people like most about the city are its parks and green spaces, access to culture, leisure and shopping and its size i.e. large enough to provide all of the benefits of a major city but small enough that you do not feel lost amongst it. Recurring themes in what caused the most dissatisfaction to people were transport and litter, particularly in their local neighbourhood.

## 3.2 The Quality of Public Services

Two-thirds (65.5%) agreed that the quality of public services in Cardiff is good overall. This is a slight reduction compared to 73% in the 2016 survey.

Base sizes shown in brackets. Excludes 'Don't Know' responses.

Respondents identifying as disabled, and those living in the most deprived areas of the city were least likely to rate the quality of public services as good overall (48.2% and 50.9% respectively).

### 3.3 Priorities for the city

Consultation on Cardiff's Draft Well-being Plan asked residents whether they agreed with its 7 well-being objectives and steps for improving quality of life and addressing the main challenges facing the city's public services.

Respondents were asked to identify their top three priorities for the city and for themselves and their family. The table below shows that the top three objectives identified for the city differ from those which were priorities for people individually:

Well-being Objective	Face to Face		Online		Combined	
	City priority	Personal priority	City priority	Personal priority	City priority	Personal priority
1. A Capital that works for Wales	5	6	4	7	4	7
2. Cardiff's population growth is managed in a resilient way	5	7	3	5	5	6
3. Safe, confident and empowered communities	2	1	1	1	2	1
4. Cardiff is a great place to grow up	4	2	6	3	6	3
5. Supporting people out of poverty	1	4	2	5	1	5
6. Cardiff is a great place to grow older	7	3	7	2	7	2
7. Modernising and Integrating Our Public Services	3	5	5	4	3	4

## SECTION 4: WELL-BEING

### 4.1 How do you feel about yourself?

Respondents were given four statements, and asked to indicate using a 0-10 scale how satisfied they felt with their life, how happy and anxious they felt the day before completing the survey and the extent to which they felt the things they did in their life are worthwhile.

Mean scores were calculated for each of the questions posed. Where scores are better than the mean by more than 0.2 (higher for satisfaction, happiness and feeling worthwhile, and lower for anxiety) cells are highlighted in green; those which are worse by 0.2 or more are in red. Those scoring up to 0.2+/- of the mean are marked as amber.

Respondents aged 55+ and living in Cardiff North scored above average against each of the measures. Under 35s, those from a minority ethnicity, people living in the most deprived areas of the city, and respondents who identify as disabled, all scored below the average against the well-being indicators.

	Satisfied	Happy	Anxious	Worthwhile
All respondents	7.1	7.0	3.6	7.0
Under 35	6.9	6.7	3.9	6.6
55+	7.4	7.4	3.4	7.3
Female	7.1	7.0	3.7	7.1
Male	7.2	7.1	3.5	7.0
Minority ethnicity	6.8	6.8	4.0	6.9
Deprivation	6.5	6.5	3.9	6.5
Identify as disabled	5.8	5.8	4.0	5.7
Welsh speaker	7.3	7.3	3.9	7.3

At ward level, the following maps show a north/south divide with lower levels of happiness, feeling worthwhile and life satisfaction and higher levels of anxiety, more likely to be found in the south of the city.

Happiness: Average Score by Ward (Ask Cardiff 2017)

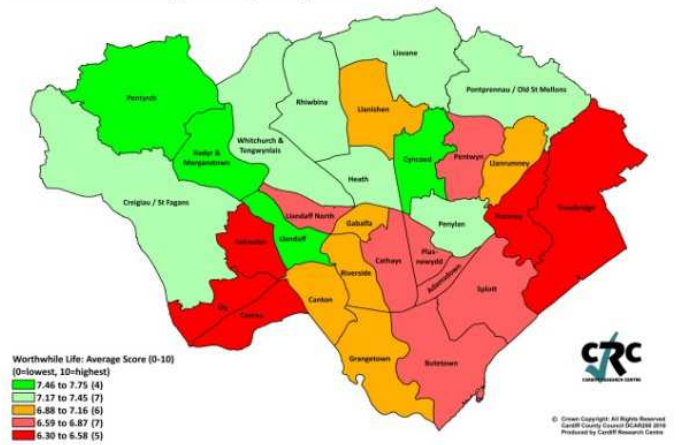

Anxiety: Average Score by Ward (Ask Cardiff 2017)

Life Satisfaction: Average Score by Ward (Ask Cardiff 2017)

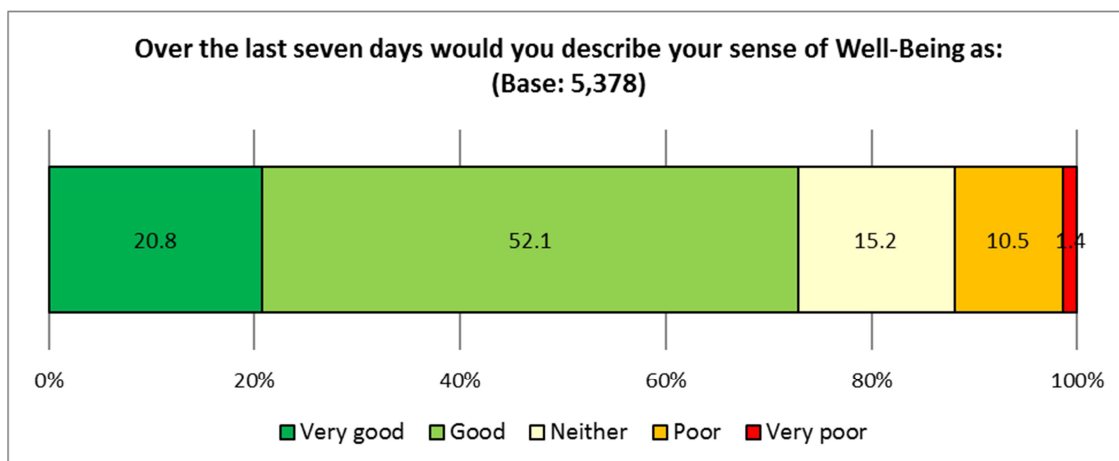

Worthwhile Life: Average Score by Ward (Ask Cardiff 2017)

## 4.2 Over the last seven days how would you describe your sense of well-being?

Just under three-quarters of respondents (72.9%) felt their sense of well-being had been 'good' or 'very good' over the preceding week.

Base size excludes 'Don't Know' responses.

The sense of well-being was lowest amongst respondents who identified as disabled (45.0%) and those living in the most deprived areas of the city (62.4%).

## 4.3 Over the last 12 months my sense of well-being has:

Three out of five respondents (60.2%) stated that their sense of well-being had remained unchanged over the past year; almost a quarter (23.0%) felt it had declined.

Base sizes shown in brackets excludes 'Don't Know' responses

Almost half (46.7%) of those who identify as disabled and 30.1% of those living in the most deprived areas of the city reported their sense of well-being had declined over the last 12 months.

## 4.4 To what extent are you satisfied / dissatisfied with your physical and mental health?

Around three quarters of respondents were satisfied with both their physical and their mental and emotional health (72.7% & 73.4% respectively).

Base sizes shown in brackets. Excludes 'Don't Know' responses.

Satisfaction with physical health for those living in deprived communities dips to 63%, and for those who identify as disabled to 37% (with 50% dissatisfied).

Similar patterns are seen with respect to mental health, with 62% of those living in deprived communities expressing satisfaction, and only 48% of those who identify as disabled (against a city average of 73%).

## 4.5 Access to Mental Health Services

Focus group research with current users of mental health services in the city highlighted the importance of having 'somewhere to go' in the management of mental health.

The 4 Winds open access centre is the only resource of its kind in the city with users calling for similar resources to be provided in other parts of the city and naming it as '*invaluable in offering support*' particularly when the process of diagnosis via a GP '*may take several months*'.

Social isolation was identified as a significant issue for those battling mental health problems, comments provided included:

*"People left on their own trying deal with things end up drinking, taking drugs, self-medicating. These are the people that then end up homeless, on the streets and it may be too late to bring them back."*

*"I worry that when I'm older I'm going to be isolated."*

*"For 25 years I lived alone in a bedsit, I had to get physically unwell before I got help for my mental health."*

---

Service users highlighted the benefit of community groups in combating both mental health and social isolation:

*“Any time you actually get groups of people together, ideas start to flow, that’s how answers to problems are found.”*

*“I’ve started going to ‘Eating Well for Life’ – it was nice to meet people with different problems.”*

Concern regarding mental health services and adequate provision was a recurring theme in conversations and engagement with younger people.

## **4.6 Access to GP’s & Health Services**

The time taken to access GP appointments was raised as a concern across all focus group discussions with up to four weeks reported as a waiting time. Difficulties were reported even in instances when pre-existing conditions such as diabetes were listed.

A number of knock-on effects were recounted in discussions arising from difficulties in accessing timely GP appointments, these included:

- Incidents of wrongful or ineffectual self-medication;
- Reliance on out of hours service;
- Non-emergency trips to A&E;
- Cases where serious symptoms had not been identified leading to greater health problems.

The current telephone system was not felt to work well with callers experiencing busy lines, too few appointments, a lack of consistency in the doctor seen and gate-keeping from reception staff leaving patients feeling *‘fobbed off’*. Some respondents including younger people suggested an online booking process for GP appointments as a way to free up some time and make the process easier.

Both Black, Asian, Minority Ethnic (BAME) and deaf participants of focus groups expressed concern over the availability and quality of interpretation services both in GP surgeries and hospital settings.

## **4.7 Access to physical activity**

The importance of exercise in relation to improving both physical and mental health was raised across all focus group activities.

However, BAME women highlighted the need for more gender specific exercise sessions with many reporting to feel unable or uncomfortable participating in mixed male/female activities.

---

Simple exercise was considered to help with a wide range of issues e.g. weight control, diabetes, mental health, social cohesion.

*“Everything works hand in hand, if you exercise then you are more likely to eat well, feel well and look better.”*

Young people were keen to see a greater emphasis placed on exercise and sport in school. Young BAME males commented that there are lots of opportunities to play sports but they are sometimes inaccessible due to demand and are offered to those who pay first so good times are all taken.

## **4.8 Food and Diet**

Conversations with younger people in particular raised concern with regard to healthy diets. Menu choices in schools and colleges were considered generally poor with options typically consisting of fast food such as burgers, pizza and chips with healthier option more difficult to find.

*“School food is good but it isn’t healthy – every day is pizza day, there is salad but it is covered in mayo which kind of defeats the object.”*

*“Good food can affect your mood and health.”*

The popularity of caffeine drinks in school and colleges was also highlighted as a concern. Whilst some schools were reported to have banned the sale of such drinks on-site, consumption continues with the effects *“making people hyper”* and *“messing with their brains”*. Many of the young people consulted with felt that stronger restrictions on these types of drinks in school would be appropriate.

Participants considered that the ability to eat healthily might also be influenced by location and income. To eat healthily was widely considered to be more expensive. The disappearance of grocers, butchers etc. from local communities means that those without the ability to travel to superstores are increasingly restricted in the produce they are able to purchase locally. Low-income families, BAME, and the elderly were identified as most likely to be affected in finding it increasingly difficult to shop healthily locally.

## SECTION 5: A CAPITAL CITY THAT WORKS FOR WALES

### 5.1 Cardiff's economy

Almost two-thirds of respondents (64.2%) agreed that “*Cardiff has a thriving and prosperous economy*”, compared to 13.5% disagreeing with this statement.

Base: 5,095. Excludes 'Don't Know' responses.

Respondents identifying as disabled (19.3%), those living in the most deprived areas of the city (17.0%) and those from a minority ethnicity (16.7%) were most likely to disagree that “*Cardiff has a thriving and prosperous economy*”.

Respondents living in Cardiff North were far more likely to agree with this statement (88.2%) with agreement in other areas of the city ranging from 57.5% in Cardiff South East and 66.8% in Cardiff West.

### 5.2 My employment situation

Most respondents (82.3%) reported that their employment situation had not changed over the past year. Slightly more felt their situation had declined compared to those who felt it had improved (9.3% and 8.4% respectively).

Base: 5,102. Excludes 'Don't Know' responses.

Respondents under the age of 35 were most likely to have seen an improvement in their employment situation (24.1%), followed by those from a minority ethnicity (13.9%) and those living in the most deprived areas of the city (13.6%).

Respondents who identify as disabled (17.4%) and those from a minority ethnicity (16.6%) were most likely to report a decline. Those residents in Cardiff East, Cardiff South West and Cardiff West were more likely to report a decline than an improvement in their employment situation.

### 5.3 Future job/career prospects in Cardiff

Around three in five respondents (61.4%) described themselves as 'very' or 'somewhat' confident about their future job/career prospects in Cardiff.

Base: 3646. Excludes 'Don't Know' responses.

People aged under 35 (67.8%), Welsh speakers (65.0%) and women (63.5%) were most confident regarding future job/career prospects. By contrast, those identifying as disabled (37.5%) and people from an ethnic minority background (51.3%) were amongst the least confident.

## SECTION 6: CARDIFF GROWS IN A RESILIENT WAY

### 6.1 Air Quality

Opinion was divided amongst respondents overall, regarding the quality of the air in Cardiff with 37.5% agreeing that the quality is good, compared to 34.4% who disagree.

Base sizes shown in brackets. Excludes 'Don't Know' responses.

Respondents from a minority ethnicity (44.9%) those aged under 35 (41.7%) and residents in Cardiff North (41.7%) or Cardiff West (39.4%) were most likely to agree that the quality of the air in Cardiff is good.

Welsh speakers (41.5%), those living in the most deprived areas of the city (37.7%), respondents identifying as disabled (37.3%) and those resident in Southern areas of the city were most likely to disagree that air quality in the city is good.

Engagement with young BAME citizens revealed some concerns amongst the group with regard to air quality and the fear that this may present a disproportionate impact on communities, particularly in Cardiff City & South which has a high proportion of ethnic minority residents.

### 6.2 TRANSPORT AND GETTING AROUND

This year, a separate survey to understand usage of and satisfaction with, travel and transport in Cardiff was launched.

A total of 4,802 responses were received – 88.7% were Cardiff residents, 10.2% living elsewhere in Wales, and the remainder either living elsewhere or not specifying their home location.

A full report on this survey will be available on [www.cardiff.gov.uk/haveyoursay](http://www.cardiff.gov.uk/haveyoursay).

### 6.3 How serious do you think travel and transport problems are in Cardiff?

Almost three-quarters (73.8%) of respondents deemed travel and transport problems in Cardiff to be either serious (49.1%) or very serious (24.7%). In contrast, just 1.7% felt there were no problems.

Base sizes shown in brackets. Excludes 'Don't Know' responses.

Two-thirds of respondents in employment reported they travelled to work alone in their car/van at least once a week – this figure fell to 15.8% for a driver with passengers, and 9.8% as a passenger.

Respondents to the well-being plan survey emphasised the need to look at Cardiff's transport infrastructure as a whole (cycling, car, bus and train routes), the cost of public transport, and to invest in the wider region to increase use of sustainable modes of travel and reduce road congestion.

### 6.4 How satisfied are you with the following facilities in Cardiff?

Three in five respondents (59.4%) were 'satisfied' with walking facilities and around half (54.8%) with public transport in the city. Just one in five (22.5%) were satisfied with cycling facilities in Cardiff.

Base sizes shown in brackets. Excludes 'Don't Know' responses.

Cycling provision was thought to be good in the centre but described as 'patchy' the further out you go. Additional complaints were made of existing cycle lanes often coming to an abrupt stop which can make re-joining the flow of traffic dangerous.

## 6.5 Cardiff has a clean and attractive environment

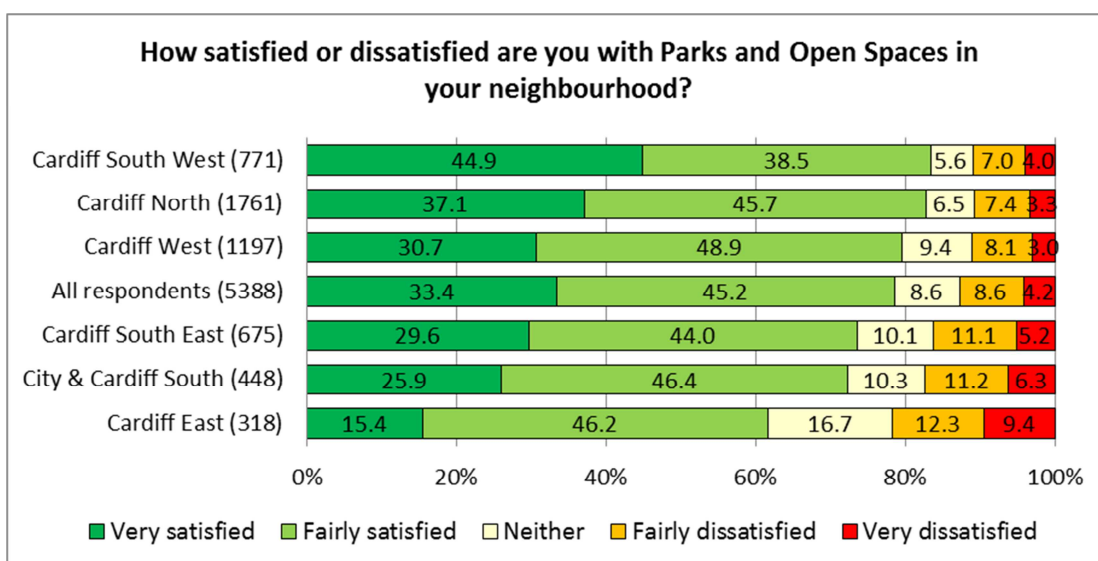

Almost half of those surveyed (47.6%, down from 53.3% in 2016) agreed that Cardiff has a clean, attractive and sustainable environment, while 30.0% disagreed.

Base: 5357. Excludes 'Don't Know' responses.

Respondents living in the most deprived areas of the city and those identifying as disabled were least likely to agree with this statement (38.7% and 39.6% respectively). Geographically, agreement with the statement was lowest amongst residents of Cardiff South East (39.8%).

The parks and green spaces of the city were one of the most highly regarded aspects of the city with Bute Park viewed as the 'jewel in the crown'. However, levels of satisfaction with parks and green spaces varied across the city, with a gap of 22% between Cardiff North and Cardiff East.

Participants were clear that they want to see the city's green spaces preserved.

*"We don't want to see all of the city's green spaces turned over to buildings"*

Some concern was raised over the management of some green spaces with paths and parkland around Colchester Ave and Forest Fawr reported to have become inaccessible due to lack of maintenance - *"there's a difference between managing it for wildlife and letting it become overrun and rotting,"*

Generally Cardiff was described as having many 'lovely walks' although these are not well promoted or sign posted. Rumney wetlands was given as a specific example of an area that could benefit from more people knowing about it.

## 6.6 Cleanliness in my local area

Almost two out of five respondents (38.3%) felt that cleanliness in their local area had declined over the previous 12 months.

Base size: 5411 Excludes 'Don't Know' responses.

Amongst respondents living in the 20% most deprived areas of Cardiff this figure rose to almost half (47.6%). Similarly, 48.7% of respondents living in City & Cardiff South believed cleanliness in their local area to have declined over the last twelve months.

Waste collection services were generally reported to be good with collections coming regularly and on time. However, respondents believed some residents in their local areas lacked knowledge about how to dispose of waste and separate it correctly leading to problems with cleanliness in the area. Additional support and education was suggested, to include migrants that may be new to the city and vulnerable adults who may have mental health issues.

Private landlords, specifically in the Riverside/Canton areas were identified as contributing to untidiness in the area with participants commenting:

*"When the properties are being emptied ready for the next tenant they are really careless throwing things out... there is always broken glass left lying around for weeks.*

Leaf mulch was also identified as a problem, blocking drains and resulting in serious falls particularly amongst the elderly with Pontcanna highlighted as a particular problem area.

The introduction of alley gating measures were viewed as a significant success. Garages situated at the back of Home Bargains in Canton were described as once being a frequent target for arson attacks and fly tipping, something that the measures had resolved.

Dog fouling was identified as a problem in several areas with Claude Road in Roath specified as having a serious problem. Respondents were in favour of prosecuting dog owners but recognised that it was difficult to catch a perpetrator.

## 6.7 Accessing Nature

Base sizes shown in brackets. Excludes 'Don't Know' responses.

Analysis by demographic and geographic groups revealed:

- Respondents who identify as disabled and those from the most deprived areas of Cardiff were the least likely to have visited any of the places listed.
- With the exception of 'local parks', those living in Cardiff West were most likely to have visited all of the outside spaces listed. Conversely, respondents in Cardiff East were least likely to have visited all outside spaces with the exception of Woodland/Forest Farmland.
- Almost 9 in 10 (87.0%) of all respondents had visited a park or other local space in the previous four weeks compared to just three quarters (76.9%) of residents in Cardiff East.

## 6.8 How concerned are you about Climate Change, which is sometimes referred to as 'Global Warming'?

More than three-quarters of those surveyed (77.1%) were either 'fairly' or 'very concerned' about Climate Change.

Base: 5,355 . Excludes 'Don't Know' responses.

Under 35's (82.8%) expressed greater concern for Climate Change than those aged 55+ (73.2%), Females (82.3%) more so than Males (71.7%) and those living in the southern half of the city compared to those living in the north.

## SECTION 7: SAFE, CONFIDENT AND EMPOWERED COMMUNITIES

### 7.1 How satisfied or dissatisfied are you with your local community as a place to live?

Over three quarters (77.3%) of respondents described themselves as ‘satisfied’ with their local community as a place to live.<sup>1</sup>

Respondents living in Cardiff North (86.5%) and Cardiff West (85.2%) were most satisfied with their local community, contrasting with residents of Cardiff South East (60.9%), City & Cardiff South (63.5%) and Cardiff East (65.2%).

Those living in the most deprived areas of Cardiff were notably less satisfied (35.3%) with their local community as a place to live.

Base sizes shown in brackets excludes ‘Don’t Know’ responses.

The things that people liked and disliked about their local community differed significantly across the city. Areas in the north of the city residents liked the attractiveness and peacefulness of the area but bemoaned its isolation and lack of amenities. In comparison, residents in City & Cardiff South enjoyed the access to shops, transport and local amenities but disliked the litter and prevalence of fly tipping.

<sup>1</sup> There is no trend data for this question. Previous surveys asked “Overall, how satisfied or dissatisfied are you with Cardiff as a place to live?” rather than specifically “Your local community”. No significant difference was found between the weighted and the observed data.

Issues relating to drugs and drug dealing were received from residents in both the east and the south of the city. A resident in Grangetown commented:

*“You see them doing their exchanges even on a morning taking the kids to school, they zoom in, in their cars to do their deals and zoom off again, we know what they are doing.”*

In the east of the city, numerous comments were made regarding the increased use of laughing gas on the streets of the neighbourhood. Young people were reported to be the primary users of the drug with empty gas canisters often seen littering the streets.

## 7.2 Over the last 12 months my level of community involvement has:

Approximately four in five respondents (81.4%) stated their level of community involvement had not changed over the last 12 months. Equal proportions reported either an increase or a decline in community involvement over that time.

Base size: 5079. Excludes 'Don't Know' responses.

Respondents from a minority ethnicity were most likely to report a change in the level of their involvement - one in six (16.7%) reported their involvement had increased, whilst around one in seven (14.8%) stated it had declined.

Almost a fifth of respondents identifying as disabled (18.4%) had reportedly reduced their level of community involvement over the last twelve months.

Participants that were also mental health service users were particularly enthusiastic about opportunities for volunteering. It was felt that there are many people in the community who would benefit from getting involved and accepted that the *“traditional image of the relationship between the Council and the public as them and us needs to change”*.

Difficulties however were explained in the way that mental health illness 'fluctuates' meaning that some days volunteers might be able to do something but another day

maybe not. This can lead to problems making long-term commitments to a project whilst more drop in/out projects may work better.

There was also concern raised over the relationship between volunteering and benefit claims. Whilst volunteering is non-paid and therefore should not impact on payments, the group gave examples of where volunteering had impacted on their assessment – i.e. ability to work. The related stress involved in trying to resolve issues had meant that some service users were cautious of volunteering in the future. Participants described a lack of education amongst those in the benefits agency surrounding mental health and volunteering.

### 7.3 To what extent do you agree or disagree that people in Cardiff are safe and feel safe?

Just over half of all respondents, 54.2%, agreed that People in Cardiff are safe and feel safe - a notable decline from the 74.4% who agreed with this statement in the 2016 Ask Cardiff survey.

Base sizes shown in brackets

Respondents under the age of 35 were most likely to agree that 'People in Cardiff are safe and feel safe' (61.8%).

However, there has been a decline in the percentage of respondents agreeing the 'People in Cardiff are safe and feel safe' across each of the comparable demographic groups, and each of the six Neighbourhood Partnership Areas.

Disagreement with the statement was highest amongst residents in Cardiff East (36.5%), those identifying as disabled (38.5%), and those from the 20% most deprived areas of the city (37.7%).

Further research is required to fully understand the story behind the data. Possible influencing factors may go beyond the actual risk of crime and include perceived fears, possibly fuelled by major incidents or reporting within the wider media.

## 7.4 How safe or unsafe do you feel in the following situations?

Respondents to the latest Ask Cardiff Survey were found to feel less safe in all situations listed than was reported in 2016.

Base sizes shown in brackets.

The most significant declines were found in the following areas:

- Walking in the city centre after dark – A fall of 11.8%
- Cycling in the day – A fall of 13.0%
- Cycling after dark – A fall of 10.6%

Respondent's feelings of safety in their own neighbourhoods after dark also fell by 7.4% from the 2016 figures.

Analysis by local area and demographic group reveals that:

- People in Cardiff East, feel less safe than those in other areas of the city, in a variety of scenarios.
- In Cardiff West 83.9% of respondents reported feeling either 'very' or 'fairly safe' when walking in their neighbourhood after dark compared to just 55.6% of those from Cardiff East. Additionally, just over one in ten respondents (11.1%) in Cardiff East reported that they would feel 'very unsafe' in this circumstance.
- Almost half (45.8%) of those resident in Cardiff East felt unsafe travelling by bus after dark compared to just over a third of respondents from all other areas (between 33.7% and 35.9%), and for the sample overall (36.2%).

- 
- Over half (52.6%) of respondents living in Cardiff East reported feeling 'unsafe' when walking in the city centre after dark compared to around a third (34.1%) of respondents from City & Cardiff South.
  - More than half of respondents in each of the Neighbourhood Partnership Areas felt unsafe when cycling after dark (ranging from 52.4% of residents in City & Cardiff South, rising to 63.1% of residents in Cardiff North).
  - Almost all respondents felt safe in their home during the day. After dark, this figure drops slightly ranging from 90.0% in Cardiff South East to 96.6% in Cardiff West.
  - In the scenarios presented, those identifying as disabled typically reported feeling less safe than other demographic groups whilst women generally felt less safe than men.

A third (33.2%) of all respondents believed anti-social behaviour to have increased in their local area in the past twelve months compared to just 4.5% who believed it to have decreased. Amongst respondents living in the 20% most deprived areas in Cardiff the proportion believing anti-social behaviour in their local area had increased over the past year rose to half (50.5%).

Many of the specific problems detailed related to groups of young people 'hanging out' in neighbourhoods, particularly after dark, causing people to feel unsafe.

*"Where I live (Fairwater) overlooks school playing fields, I love it. It almost feels like the country with the stream and trees. In the night-time it is different, there are a lot of teenagers in gangs of about 10-15. They make the place feel unsafe and eerie so that is not so good at all."*

*"Sometimes around the area (Gabalfa) there are groups of teenagers who come and smash everything up, garage doors, shops and cars. Nobody stops them, people are afraid of them, I don't think that they are from the area, they come as a group and sometimes smell of drugs."*

*"In the school holidays especially we have problems with groups of youths on the streets which can be quite intimidating on times." (Tremorfa)*

## 7.5 My neighbourhood is a place where people get on well together and help each other.

In 2017 three in five respondents (59.5%) agreed that their neighbourhood is a place where people get on well together and help each other. This shows a slight decline from 2016 when 64.5% agreed with this statement, no significant difference was found between the observed and the weighted data.

Base sizes shown in brackets.

Welsh speakers (68.4%) and respondents aged 55+ (65.2%) were most likely to agree that their neighbourhoods are places where people get on well together and help one another. Disagreement with this statement was strongest amongst respondents classified as living in the 20% most deprived areas of the city (29.9%) and those identifying as disabled (23.6%).

Geographically, agreement with this statement was shown to be lowest in Southern and Eastern areas of the city.

Interviews and discussions revealed a handful of examples of both very good and very poor relationships with neighbours. Most striking however was the number of people who had no discernible relationship at all with their neighbours. Numerous participants referred to knowing their neighbours “by face but not by name.”

*“My neighbours don’t really mix, everyone is just living their own lives”.*

*“I know my neighbours by faces but not names, we just say hi/hello”.*

Where neighbour relations were better, people reported sharing chores such as grass cutting, exchanging food (particularly where neighbours were of different ethnicities) and showing general consideration for one another. Communication and education were described as ‘key’ to good neighbourly relationships:

*“It all starts with communication and talking, then you realise that you have so much in common. Education in all aspects is the name of the game.”*

The importance of education in schools and in families with regard to religion was also stressed to increase understanding and community cohesion.

## SECTION 8: CARDIFF IS A GREAT PLACE TO GROW UP

Response rates from young people (under 18) are very low to the online survey work. The priorities below are drawn from the focus group work undertaken, including:

- A day long 'Grand Council' of the Cardiff Youth Council to consider the Well-being Plan
- Focus group with BAME young people

### 8.1 Routes into employment

Engagement with young people in the city highlighted their concerns with regard to leaving education and joining the workforce. Pupils widely reported feeling insufficiently supported in finding work with the focus in school firmly placed on exam results as opposed to preparation for the world of work.

There was widespread demand from young people for more work experience opportunities. Existing opportunities were said to be poor, with the responsibility of arranging placements lying with pupils and their families rather than through an official schools system. As such, opportunities are biased by a range of factors including family support, personal connections and the school you come from, with some employers unwilling to take pupils from schools with a poorer reputation.

It was felt that an increase in real work opportunities prior to leaving full time education would better prepare young people for the world of work and enable them to better understand the requirements of potential employers when making applications.

Young people considered that at present their time in the education system is primarily driven by academic results rather than preparing them for the next steps in life. Participants in the Youth Grand Council delivered a clear message for an increased focus on Personal, social, health and economic (PSHE) lessons delivered by specifically trained teaching staff. Pupils were keen for these lessons to be utilised to prepare them for life i.e. practical guidance on things like paying bills, looking for work, opening bank accounts and teaching values such as equality and diversity.

Young Black Asian Minority Ethnic (BAME) participants raised concern over the GCSE attainment gap between BAME and white pupils and questioned what was being done to address the divide. Participants reported making use of the 'Into Work' team and receiving help with cover letters, CV's etc. Despite the assistance, it was reportedly still difficult to find a part time job, leading to feelings of possible discrimination.

---

## 8.2 Mental Health and Young People

Mental health services for young people were identified as one of the top priorities for change. Poor mental health amongst young people was described as a *“health epidemic that is being ignored”*. Current services were deemed difficult to access, with a crisis needing to be reached before a referral is made. Excessive waiting times, lack of early interventions and support systems were believed to exacerbate problems, including stress in preparing for exams, social pressures including those arising from social media and home life pressures.

As well as providing different routes into the world of work (e.g. non-academic options, apprenticeships and opportunities to work with voluntary organisations), a stronger focus on building the confidence of young people was emphasised. In particular, investment in extra-curricular provision and cultural experiences at weekends and school holidays would help to re-engage children and give them the interpersonal skills needed to lead happy and successful lives.

## 8.3 Youth Facilities / Services in the Community

The need for more youth facilities was also highlighted. The Ask Cardiff Survey revealed that levels of satisfaction for youth services are relatively low across the city, particularly in the most deprived 20% of communities. Direct engagement with young people (under 18) frequently raised the problem of a lack of places to *“hang out and meet with friends”*.

## 8.4 Transport

Particularly amongst younger people, the cost of Cardiff Bus services was reported as *‘too expensive’*. Rival local firms were described as cheaper, but less reliable. The cost of travel from the valleys and surrounding areas into Cardiff to access culture and jobs was thought to be prohibitive to many people. To help combat the problems raised young people suggest a scheme that would allow tickets to be used across services.

The cost of journeys by bus, especially when weighed against convenience and comparative costs for taking a car made this an unviable option for many of the people spoken to.

*“It only costs £3 to park for 2 hrs in town”.*

It was felt that either bus routes need to be faster and more direct to justify costs, or prices reduced considerably as compensation with one participant explaining:

*“You don’t mind travelling on Megabus and it taking ages because it’s only £1!” Right now a short journey from Butetown to Canton takes 45mins making it an unattractive option.”*

---

The 'iff' card, available to 16-18 year olds for discounted travel, was used by many of the young people spoken to. Whilst they were in favour of the scheme they also reported significant delays in the application process and difficulties in using the online application system, with several reports made of failed applications.

Over-crowding on services, particularly at peak times was also rated as a significant cause of dissatisfaction. Services were described as 'packed' and 'rammed' with services frequently missed due to a lack of space available. Additional services were suggested on specific routes e.g. school routes at times of known peak demand. Pupils at St. David's relayed how they had successfully campaigned to get a larger capacity bus provided for their school, something that others were keen to replicate.

Young people reported that whilst they had received encouragement from teachers to walk and cycle whilst in primary school this backing had dissipated since joining high school. Pupils shared a reluctance to wearing protective headwear, labelling this as 'geeky'. Further deterrents included a lack of suitable storage space available at the school and an unwillingness to use the available bike sheds, an area which tended to be frequented by older male pupils, something younger girls felt intimidated by.

It was generally felt that a more active role could be played by schools in encouraging the take up of cycling. The provision of a free cycle helmet as part of your school uniform was suggested as a step that would send a clear message in support of this as a means of travel to and from school.

## SECTION 9: SUPPORTING PEOPLE OUT OF POVERTY

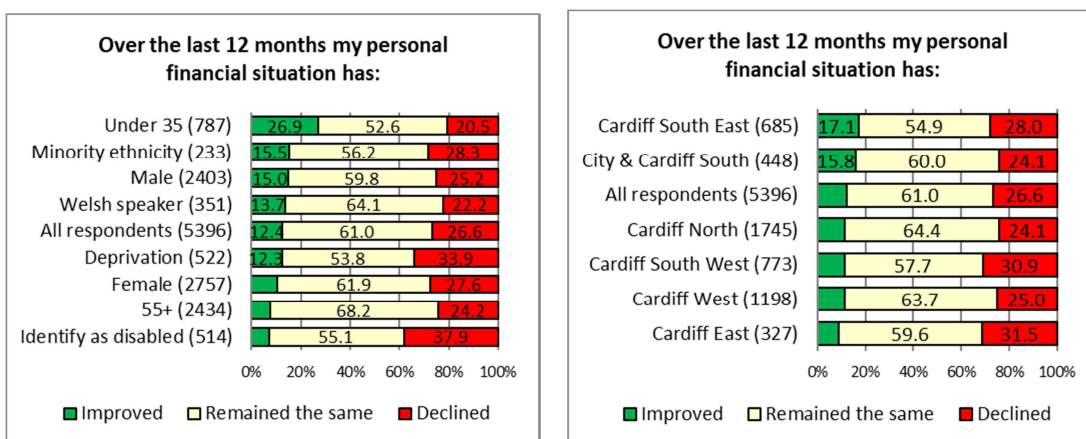

### 9.1 Over the last 12 months my personal financial situation has...

Approximately one in four (26.6%) reported their personal financial situation has declined over the past year.

Base size: 5396. Excludes 'Don't Know' responses.

This rose to one in three (33.9%) of those living in Cardiff's 20% most deprived areas and almost two in five (37.9%) of those identifying as disabled.

Base sizes shown in brackets. Excludes 'Don't Know' responses.

## 9.2 Access to good quality housing

Overall 63.1% of respondents agreed they have access to good quality housing.

Respondents living in the 20% most deprived areas of the city were least likely to agree with the statement (45.1%). Geographically the level of agreement was lowest in the East of the city i.e. Trowbridge, Llanrumney and Rumney (51.5%).

Access to good quality housing was widely regarded as one of the most important criteria in addressing well-being.

All focus groups were conscious of a visible rise of homelessness on the city's streets. There was some frustration that buildings in the city lie empty whilst there are people without a home on the streets. Developers, it was felt, should be prevented from allowing this to happen, furthermore it was suggested that empty buildings could be acquired and changed to hostel accommodation, to look after both the homeless and their dogs.

Members of the 50+ Forum suggested that when building new developments the properties within should be 'adaptable' i.e. partitions able to be added and removed to change the purpose of the building depending on need e.g. families, one room accommodation.

More than once focus group participants highlighted instances of makeshift and potentially illegal migrant accommodation springing up in local areas. Participants questioned the safety and legality of this accommodation and probed whether public services were aware of the situation.

As well as providing affordable housing, the need to help people at risk of poverty manage their finances and take the steps to be ready to find work was highlighted. Peer mentoring and participation in cultural, physical and social activities to help raise confidence were also seen as important as well as providing those on benefits more temporary job placement opportunities to gain work experience.

### 9.3 Over the last 12 months my housing situation has:

Most respondents (87.2%) stated their housing situation was unchanged over the last 12 months, with almost equal proportions reporting it to have improved (6.6%) or declined (6.2%).

Respondents under the age of 35, and those living in City & Cardiff South were most likely to report an improvement in their housing situation (17.7% and 11.5% respectively).

Focus group participants raised concerns about private sector housing standards with comments including:

*“I have been in 4 rental properties in 3 years and do not feel that private landlords are adhering to the rules. I don’t think that they have even heard of Rent Smart Wales, many of the properties are over-priced and nasty.”*

*“Where flats are being let above commercial properties and houses are being split there seems to be zero implementation of planning permission.”*

*“On what basis is a home allowed to be let. Many are overcrowded, damp, no sound proofing or ventilation, who is checking on this? This all makes me feel very unsafe.”*

---

## SECTION 10: CARDIFF IS A GREAT PLACE TO GROW OLDER

The majority of older people who responded to the Ask Cardiff survey were satisfied with Cardiff as a place to live (85.6%) and reported their sense of well-being remaining good or very good in the previous 12 months.

The following issues were emphasised throughout the engagement work:

### 10.1 Living at home, in their community

The need to value and respect the older generation by involving them in the future of their communities was raised, as was the need for improved support and facilities in the home to enable older people to live independently in their own homes for longer.

*“You have a better recovery following a hospital stay if you are in your own environment; you also prevent bed blocking and have a speedier turnover.”*

*On providing appropriate support: “...10 minutes a day, what can someone really do in that time?”*

Specific proposals include providing access to befriending services, the arts and physical and social activities to tackle social isolation and ward off chronic illnesses such as dementia; and that plans for all new houses should be required to have a toilet both upstairs and downstairs to help make homes suitable ‘for a lifetime’.

### 10.2 Accessing Services

Information on the full range of services for older people needs to be embedded into the health care system so that older people can make informed decisions.

It is perceived by some that opportunities for accessing services and improved facilities in the home are a postcode lottery, with perceived lack of equality in the costs that the elderly are expected to cover for services. Many elderly in the city were described as ‘asset rich but financially poor’ and it was felt they were unfairly discriminated against for owning their own home.

*“Not fair that some people have to pay but others don’t”.*

*“Better off being poor – if you have money, you won’t get anything from the Council.”*

Frustration was expressed with the apparent lack of communication between services when having to provide the same information to different agencies.

---

The increasing need to use electronic means of communication to access and interact with services is also of significant concern for older people and their well-being. Reasons for not being able to and not wanting to use technology included lack of knowledge, IT literacy, security concerns and loss of social interaction.

*“To have money or a cheque in my hand and visit a post-office – that to me feels safer.”*

*“Perhaps a weekly trip to the post office or bank is the main outing for an elderly person on their own. A natter in the queue actually has a huge impact on their well-being.”*

It was felt that the means in which the public communicate with services needs to remain a matter of choice and the ability to access local community services for face to face interaction should be maintained.

### **10.3 Getting Around**

Although there was general support for the pedestrianisation of the city centre it has made it more difficult for the more elderly or infirm to get around and could present a barrier to some. The reintroduction of the hop on hop off bus that could circle the city centre was suggested.

The importance of safe environments and access to services when walking in the local community and the city centre are also key issues for older people, especially in terms of tackling social isolation. Poor maintenance of pavements and street lighting, blocked drains and speeding cyclists were all mentioned as particular safety hazards. A lack of public toilets was also raised as a potential barrier to older people being able to leave the house to access services, meet up with friends or go shopping.

Safety at night time in the city centre is also a particular concern for older people. It is felt that the night time economy is not ‘for their generation’ and aimed instead at younger age groups, particularly at weekends. The fear of being knocked over or falling was sufficient to deter many elderly from venturing into the city centre at night. It was felt that older people had to make the most of mid-week opportunities to enjoy the city centre i.e. theatre, restaurants etc.

## Advice from the Future Generations Commissioner for Wales: Cardiff PSB

Dear Cardiff Public Services Board and supporting officers,

Thank you for seeking my advice on how you might take steps to meet your draft well-being objectives, which currently are:

- A Capital City that works for Wales.
- Cardiff's population growth is managed in a resilient way.
- Safe, confident and empowered communities.
- Cardiff is a great place to grow up.
- Supporting people out of poverty.
- Cardiff is a great place to grow older.
- Modernising and integrating our public services.

My team have found that talking to you regularly and seeing your work as it progresses has given them a valuable understanding of how you work together. I hope you have also found these regular touch-points helpful in giving you advice along the way. I was keen that my advice would be useful to you and the context within which you work. I am building an understanding of this now across Wales, seeking to share my learning of different approaches and what seems to work well or not.

I would encourage you to read this letter in conjunction with my response to your well-being assessment. My reviews of the assessments should be seen as 'feed-forward', rather than 'feedback', helping you to consider how to approach continuous assessment and well-being planning. As you know, I have also recently published ['Well-being in Wales: Planning today for a better tomorrow'](#), which highlights key findings and recommendations for all PSBs and public bodies on the key areas of change needed to make better decisions for future generations. Both resources are also intended as advice to you.

The purpose of this advice is not to give you my opinion on your well-being objectives or your draft plan. These are determined and owned by you, as a collective PSB. Instead, this advice is intended to help you challenge the way things are done and demonstrate how you are doing so through your well-being plan. Therefore, the first part of my advice is about how you might work together differently, apply the sustainable development principle and use the five ways of working to challenge business as usual in taking steps to meet your objectives. The second part of my advice is based on your draft objectives and provides prompts, resources and contacts to help you demonstrate through your well-being plan that you have used the five ways of working and seven well-being goals to shape your steps.

***Adopting different ways of working to take steps to meet your draft objectives:***

I have said to every PSB that, in setting their steps and publishing a well-being plan, I would like to understand what this means for their area specifically and how this is different to what has been done before. By this, I mean what services will be affected, what commitments you have made and how things are changing for Cardiff. Achieving the ambitions of this Act is about the 'what' and the 'how' i.e. what are you doing to contribute to our shared vision of the seven national well-being goals? The goals acknowledge that sustainable development connects the environment in which we live, the economy in which we work, the society in which we enjoy and the cultures in which we share, to people and their quality of life, so what are you going to do differently together to meet these? And, how you are applying the sustainable development principle to shape your actions for Cardiff?

As I have said to PSBs, I know you don't have all of the answers yet as you are developing your approach to working together differently and consulting on your draft plans. It is really encouraging to see that you are relating the draft objectives and steps to the context of Cardiff and attempting to explain your contributions to the seven goals. I hope this advice helps you to do this in the best possible way and I would advise that you will need to demonstrate how your PSB has considered the following in relation to each of your objectives:

- **Long-term:** As I said in my response to your well-being assessment, talking about the 'Cardiff Today and Cardiff Tomorrow' is to be commended. I can see you have thought about the long term trends in your draft plan. Your focus is understandably on Cardiff and public services, so I would advise that you build on this from a perspective outside of Cardiff as you think about the steps you could take. What do you understand about what's happening in the rest of Wales and how this is going to impact on Cardiff? What are the global long-term trends, opportunities, risks and likely scenarios for this issue? Have you explored their impact on your steps? Are there current gaps in your data or understanding? What fore-sighting or future trends information do you need to understand this issue better? What capacity, confidence and expertise do you need to fill gaps in knowledge? To inform the action you take, you will need to adequately map and consider the future trends for each of your objectives. My office is working with others to build capacity in this area and, as your support team are aware, Welsh Government have been adding to the 'Future Trends' report resources, which you should make most use of by accessing available through Objective Connect or by contacting David Thomas. [The Oxford Martin 'Now for the long-term'](#) report shows global and national future trends that we all need to react to in carrying out sustainable development.
- **Prevention:** In considering this issue, do you have an understanding of what you are trying to prevent? What are the root causes of the issue and when would be the best point to intervene? Are you clear on whether it is primary prevention i.e. seeking to prevent something before it has even occurred; secondary prevention i.e. preventing something from getting worse; or tertiary prevention i.e. softening the impact of something that has ongoing effects; that is needed?

This is the difference between encouraging someone to wear a bicycle helmet (primary prevention of head-injury); putting someone in the recovery position if they have fallen from their bike (secondary prevention of the injury worsening) and counselling after the accident (tertiary prevention to help ongoing injuries from worsening). Many PSBs haven't used their assessments to fully understand both the current situation and the scale and nature of the response required. At the moment, your high level steps are encouraging but it is not clear how services and resourcing will change in Cardiff to be more preventative. I appreciate you might not know the full picture yet, but I want to see all PSBs exploring how they break cycles and dig deeper into data to see the implicit messages in the data to better understand the causes and effects of key issues and trends to inform your steps.

- **Collaboration:** It is important that the people who sit around the PSB table can bring the best range of insights, constructive challenge, data and solutions to the PSB. Have you got the right people around the table, at the right level to make decisions around this issue? Who else might you need to be collaborating with to better understand this? As recommended in my report on the Well-being Assessments, now is a timely opportunity to review the invited membership of the PSB and consider who are the 'unusual' suspects that you may need to work with to take steps to meet this objective?

In delivering the steps, how might your organisations collaborate? You will need to demonstrate how your PSB is considering the steps that need to be taken together and across organisational boundaries in order to effectively meet your objectives. This could include jointly funding support, co-locating staff, breaking down traditional structures, arranging job-swaps and secondments and, importantly, pooling resources. I will want to see how you have considered these benefits and how the steps you will take move you towards achieving this collaboration.

- **Integration:** For each of your objectives, you must demonstrate that you are seeking to maximise your contribution to each of the statutory definitions of the well-being goals. How are you going to stop just doing something that meets the objective, and instead, demonstrate that you are taking steps which maximise your contribution to each of the goals? Instead of looking at this issue in a traditional and general sense, have you looked at the definition for each of the goals to widen your understanding of well-being for this issue and the opportunities which might exist for meeting these goals through each of your objectives? How well do you understand the contribution your organisation makes at the moment to this objective? And do you understand how different is the contribution you will need to make going forward for this objective?

How can you plot what's going on elsewhere in your organisations, the strategies and plans at a regional or a national level, to connect and lead with others on achieving this objective? Have you yet acknowledged the barriers or tensions that have arisen and what steps can you (or others) take to remove them? Who else is needed around the PSB table to help you interconnect decision-making and improve well-being for this issue?

- **Involvement:** I can see you have started to think about how you meaningfully involve people in shaping and delivering your objectives and steps. I want to see a demonstrated continued focus on this for all PSBs. In fulfilling this, how are you taking steps to understand the lived experiences of people in your area and how is this shaping your actions? How are you actively seeking better ways of involving people in decision-making? How can you collaborate with members of the community in meeting these steps? As with the Social Care Wales Board, what options are there for involving people with lived experience on Boards and partnership groups?

I am reiterating to all PSB members that setting objectives and steps is not business as usual. In the past, we have drawn out themes and priorities and written plans that show what we are doing anyway. Even now, despite the evidence in the assessments showing a range of alarming trends, it seems PSBs are only engaging in safe and non-contentious territory. To adapt your ways of working requires a fundamentally different approach and you need to give yourselves the time and space as a PSB to question whether current approaches to public service delivery are fit for the future. It is time to explore key pressures and tensions in policy and delivery that you are dealing with every day as leaders of your own organisations.

Your approach to holding workshop sessions as part of your PSB meetings and getting out of civic centre meeting rooms to discuss what actions you are going to collectively take is something I am recommending to all PSBs. I have made the recommendation in ['Well-being in Wales: Planning today for a better tomorrow'](#) that we move away from seeing PSBs as a local authority-led committee meeting, with PSBs building a mutual understanding and respect of each other's professions. The PSB should be about a new way of working, not driven by any one organisation's culture. The Chair of the PSB, how and where meetings are held and how the PSB is supported can all shift mindsets and allow for healthier challenge to 'business as usual'.

As leaders in the capital city of Wales, I know you sit in many meetings, partnership structures and have involvement in many initiatives. See the PSB as an opportunity to wear those different hats, to raise challenges and as an opportunity to integrate and collaborate at your influential level. For your draft plan to be delivered, your leadership needs to permeate throughout your organisations. Communicating why the work of the PSB matters to your own senior management teams and using the well-being plan to challenge current practices within your own departments is crucial to creating the culture change your draft plan advocates. How can you empower your staff to attend partnership meetings, be tasked with the work of the PSB and make things happen? Across Wales, I have been hearing that this particularly applies to middle management, who are perhaps struggling to compromise current frameworks with the Act. I have a role to recognise and mitigate barriers, but so do you – as senior leaders, in challenging your managers to work differently and be 'safe to fail'.

You will need to demonstrate how each of the public bodies represented at your PSB are taking all reasonable steps in the exercising of their functions to meet the PSB's objectives. I appreciate that during the first phases of implementation of the Act this may be challenging, as the objectives of individual public bodies have been set. But, whilst I am sympathetic to the needs of PSBs and public bodies to have time to work towards alignment I will

want to see that the work of the PSB is not seen as something separate to the priorities of its member bodies. Over the next few months, I want to see PSBs demonstrating how all members can maximise their contribution to, for example, a low carbon society, healthy functioning ecosystems, safe and well-connected communities or protecting the Welsh language, through the objectives and steps they have set.

I am seeing models of co-ordination and PSB support that differ across the country. Where it is a commitment of more than one PSB member organisation, there is an underlying recognition that people are signed up to this challenge. I would advise all PSBs to at least move to closer working arrangements across your organisations, a multi-agency virtual team with a senior leader or more formal secondments and co-location. There are several resources that may be of use, such as [Designing Multi-Agency Partnerships; Leading Culture Change](#) and [Stepping up: a framework for public sector leadership on sustainability](#). Taking a different approach is challenging and requires you, not your supporting officers but people in positions of leadership, to play your part and be brave in driving the changes needed. I hope you continue to lead an intelligence-based approach to finding different solutions to how things have been previously done.

***Advice on how you might take steps to meet your draft objectives:***

From the regular conversations you have had with my team, I know your supporting officers have worked hard over the summer to draw on your assessment findings, gather professional knowledge and draft your objectives and steps. In general, as you go about holding workshops to explore each of your objectives, I think seeking to understand the differences across the city will help to inform the steps you decide to take. Consistently using the five ways of working to challenge your usual approach and seeking to maximise your contribution to the seven well-being goals in each of your objectives will give you a framework for planning and delivery.

You should be considering what local services will be impacted if you redirect investment? Are there long-term trends for particular communities that you believe will get worse if you don't take action? Which communities would benefit and how? What can you do things differently that contributes to each of the seven goals? I know you will be continuing to work on this throughout the next year or so and have engaged with Y Lab to run a City Innovation Hub to help you consider new solutions. I will be really interested to see this learning shared and I want to see how you're demonstrating this thinking in your published well-being plan, even if this is stating that you don't have the answers yet and explaining what you're going to do about it!

- ***A capital city that works for Wales.***

Cardiff's growth and reinvention are a good example of how rapidly things can change in a generation. As you have acknowledged, the city is enjoying a raised international profile, positive economic outputs and a thriving cultural scene. Meeting this objective certainly relies on celebrating and building up these positive factors, but in doing so, you must consider how your actions can cause rapid change for the next generation and for future generations to come.

You are clearly thinking about the risks and opportunities facing Cardiff in the medium term, such as Brexit, attracting investment and delivering major events for the city. I would suggest that these are short term steps with long term consequences, and you need to further consider scenarios for Cardiff and take steps to either prevent or encourage these to occur. For instance, understanding the impact of Brexit is something that needs to be undertaken rapidly as part of your continuous well-being assessment of Cardiff. This information can then give you evidence to set out clear longer-term steps on what your, as a PSB, intend to do to manage, mitigate and resolve issues that arise. Seeking to attract more major events to the city is also a medium-term action. How can you do this in a way that maximises your contribution to the seven well-being goals? Could profit from these major events be invested in initiatives that seek to reduce carbon emissions, given that so many will travel to be at events like the Champions League Final?

Cardiff is also experiencing a rise in tourism and, attracting more major events to the city will only increase this in coming years. How can you encourage sustainable tourism; active travel routes; creating small and local business opportunities across the city? Other PSBs are also seeking to increase tourist numbers and grow their economy. Cardiff will be a destination for many, so how can you work together to encourage people to sustainably explore other corners of Wales? Encouraging a focus around the culture and language of the city, the cohesion and attractiveness of communities, and the beautiful natural environment surrounding Cardiff can also help you maximise your contribution to all of the goals. Could this also involve people undertaking apprenticeships or training to support people out of poverty?

The Cardiff Capital Region is an exciting opportunity for South Wales, but I have previously expressed concern that the deal is being progressed with those involved seeing the Well-being of Future Generations Act as something you assess your actions against, rather than shaping how things are planned and agreed. You play a central role in steering these opportunities as the economic centre of the region. I would advise that, as people in positions of leadership, you need to influence the current negotiations with the economic, environmental, social and cultural well-being of people across the region in mind. The Joseph Rowntree Foundation estimates that poverty costs the whole region £2.2 billion per year. Increasing GDP has little impact on reducing inequalities, and in eight out of the ten Local Authority areas in the region, child poverty is above the Welsh average. So, interpreting the value of the City Region as purely economic would be misplaced. Yes, this is a positive economic opportunity but how can we balance our responsibilities to develop a city region that is sustainable and puts people at the centre. My [letter to those involved in December 2016](#) hopefully provides you with some advice on the matter and [I also recently commented](#) in response to Dr Mark Lang and Professor Terry Marsden's recent report "[Re-thinking Growth: Toward the Well-being Economy.](#)"

My team have also been working with Transport for Wales on proposals for the Metro and rail franchise. This has been a positive dialogue to date and I have shared with them our 'Future Generations Framework', developed in partnership with the New Economics Foundation, which has also been shared with your support team. The purpose of this framework (originally intended for projects concerning infrastructure) is to help public bodies use

the Well-being of Future Generations Act as a framework for thinking when developing projects; it can also be used to review progress as the project develops. We are working on ensuring the framework is applicable to a wider range of projects including policy/programme development. In the meantime, I would advise you use it as a PSB in your workshop sessions and we would be interested to hear any feedback on its usefulness to your work.

I am encouraged to see you appreciating the influence and reach you have as a PSB. I would advise that, as public service leaders, you continue to consider what actions you can take or influence to meet this objective. Do your organisational policies currently seek to help sustainable local businesses? How can your procurement procedures maximise what you can do to be a globally responsible city by cutting down on transporting goods, investing in local trade and placing value on long-term usability rather than focussing on cost alone? How can you integrate your support for these businesses and link with policy and service delivery opportunities at a national and regional level? In return, what social responsibilities do businesses have to their communities? Can you better integrate your work so this contributes to a more equal Wales and your objective to support people out of poverty? [Forum for the Future](#) have published reports on this and my office are working with [Value Wales](#) to pilot new approaches to procurement in the context of the Act with Local Authorities and other public bodies.

Your draft plan discusses that the ambition is to attract more high quality and high value businesses. I suggest this will need to be balanced with your duty to improve the social, cultural and environmental well-being of the city also. As you have said, congestion, air pollution issues and the city's carbon emissions are already an issue, which would only be exacerbated by certain kinds of business. In contributing to a prosperous Wales, you must demonstrate you're working to "an innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately...". In considering growth, you need to put a low carbon economy at the centre of your objective. This also links to the steps of your second draft objective in improving air quality; as 40% of the workforce currently commute into Cardiff and 80% of inbound commuters are by car. This poses a problem for people commuting to these potential new businesses with your assessment identifying that the road traffic is the major cause for high levels of nitrogen oxide in the city. I would suggest that this needs careful thought and modelling over the long term; and should be central to delivering a sustainable capital city.

As you have recognised, however, the future of work and patterns of employment is changing, which will inevitably have an impact on how we interact with work. The [Future of Work report](#) predicts that 65 percent of the children who are now starting school will find themselves working jobs as adults that don't even exist yet. [And, according to McKinsey](#), technology could automate 45 percent of the tasks people are currently paid to do. Have you modelled how this could impact on the local economy? How can you act for the long-term now and seek to instill skills in young people that are fit for the future? What opportunities are there to take advantage of likely automation? What action can you take now, as public service providers, to encourage learning and jobs in the foundational economy, around local care, retail and food industries, which are jobs less likely to be automated in future and good for the local economy? A [recent report by the Joseph Rowntree Foundation](#) highlights the value of the social economy in creating jobs, strengthening skills and employability. How can you

encourage equality through initiatives? Cardiff is a diverse city and [there are persistent pay gaps](#) across the UK between white males and other groups. How can you encourage people to gain more meaning from their work? In the future, work / life balance will become more important and a recent [World Economic Forum blog](#) asks 'What is the meaning of work?' and quotes: "I believe in a future where the point of education is not to prepare you for another useless job, but for a life well lived." These are the kinds of long-term trends I want to see PSBs exploring in setting their steps.

The further and higher education institutions in Cardiff, across Wales and in England should be engaged in this conversation, given that Cardiff attracts so many young people for work. Is there an equality of opportunity across the city? Children and young people have pointed out that teamwork, communication and confidence are as valuable as good grades when entering the workplace (in the [Prince's Trust recent Results for Life report](#)), so, linked to supporting people out of poverty, how are young people across the capital having the opportunity to gain these skills?

You should be maximising your contribution to a Wales that has a vibrant culture and thriving Welsh language in every draft objective. Given the ambition to double the number of Welsh speakers in Cardiff and the Welsh Government's target of one million Welsh speakers by 2050, as set out in '[Cymraeg 2050](#)', how are you actively growing Welsh in the city? How can you encourage businesses to place value on recruiting Welsh speakers? Alun Davies AM [announced funding for growing bilingual small businesses](#) recently to increase visibility of Welsh in our communities. Can you adopt a business support system based on businesses maximising their contribution to the seven well-being goals? The Welsh Language Commissioner's team have been working with my office, considering how they best help PSBs to consider the role they can play; please let my team know if you would like to discuss this.

Several other PSBs are drafting similar objectives and steps including Powys; Ceredigion; Newport; Pembrokeshire; and Caerphilly.

- *Cardiff's population growth is managed in a resilient way.*

As I have already advised, achievement of this objective is interconnected with a capital city that works for Wales – this is the sustainable development principle in practice, where you will need to balance economic growth and positive inward migration with improving environmental, social and cultural well-being. I am encouraged to see you thinking about the impact of more people in Cardiff over the next ten years and I would encourage you to think even further ahead than this in your planning and delivery. Most of the homes that we live in are around a century old, the street infrastructure a couple of centuries old in some areas and our transport is certainly last century. This is an opportunity to think about new and existing infrastructure that is fit for the future, that will last our children and their children, and even their children's children.

Cardiff's Local Development Plan has set out new communities to be created by 2026. In considering the development of these areas, and those beyond 2026 now, I advise that the seven well-being goals are used as a frame to shape the thinking of planning and development. Housing is the cornerstone of well-being; how it is built, affordability, where it is located and how suitable it is to the needs of its inhabitants now and for the future can have a massive impact on health, equality, community cohesion, the environment. Most of the older housing in Wales fall short of energy efficiency, homes are being built for families and without flexibility of use, and we are consistently seeing large estates being built with little appreciation for active travel, far from walking distance to shops, pubs, green or blue space, or public services.

The [Resolution Foundation](#) finds that across the country, millennials [are spending three times as much as their grandparents on housing](#), with today's 30-year olds half as likely to own a home as their parents - a long term trend now worsening for future generations. As well as developing housing that meets demographic change, Wales also has an opportunity to develop housing that better meets modern conceptions of what it means to live well, adopting technology to allow people to live low-carbon lives. This, of course, links to several of your other objectives on growing older, growing up in Cardiff, supporting people out of poverty and modernising public services. There is no question that if we are to change people's travel habits and reduce our carbon emissions, we need homes in communities that are fit for the future. The [Welsh Government has launched a £20 million innovative housing fund and](#) over the next two years, it will support both the supply of affordable housing and the improvement of the quality of housing that is delivered. PSBs should be seeking to influence how this fund is utilised and understand the impact it has on Wales to inform their long-term steps on housing.

Infrastructure goes beyond housing and how you plan, design and locate future developments, buildings, infrastructure and other public and community spaces as part of your Local Development Plan is critical to creating a prosperous and environmentally resilient city. [The Closing the Circle](#) report on the circular economy and the Welsh Environment is a useful report by Constructing Excellence in Wales, giving practical examples of where the public sector can look to minimise waste and resources in future projects. You can also take inspiration from some of the projects mentioned in the recent [Constructing Excellence Awards](#), such as the Active Classroom. Having a consideration of how 'green' these buildings are, both in terms of energy efficiency and sustainable construction, is a quick win for you as a PSB. The [Wildlife Trust in Wales report into green infrastructure](#) outlines how green infrastructure delivers a wide range of proven, tangible, and cost-effective economic, social and environmental benefits. The [Design Commission for Wales](#) also has case studies and resources on design that focuses on users, maximises energy efficiency and has been shown to significantly improve patient recovery in health.

Clearly, an influx of people and the logistics of getting people from one place to another is a vital consideration. I am encouraged by the targets you are setting yourselves to shift transportation modes over the next ten years. Clearly the Metro and improved rail links will be part of this, but how are you looking longer term to popular ownership of electric vehicles? Some PSBs are already installing electric charging points around their areas and encouraging staff to purchase electric vehicles through use of an electric pool car. Have you modelled what

impact driverless cars could have on the city and of future housing developments? Some predict that car ownership will drop significantly and that there may be an [increase in people moving out of cities](#), due to being able to work and travel. There is an opportunity to create more sustainable transport solutions for the growth of population and economy in Cardiff and I advise you collaborate with some 'unusual suspects' to understand the implications of planning this for the long term.

With population growth comes threat to our natural environment. Cardiff is a celebrated green city with parkland, green spaces, rivers and coastline. Although urban, as your well-being assessment states, it is home to many natural habitats and the connectivity of green space around the city means different species thrive. The people of Cardiff experience enhanced health and well-being because of the natural green and blue space on offer. You have a duty to "maintain and enhance a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change" within the Act and I would advise that you consider the place-based approaches to doing so. You have stated that access to green space is not the same across the city and that different parts of the city face different risks for the environment. Understanding this and integrating it with your other objectives could provide multiple benefits of involving the communities in creating green space, that also serves the purpose of mitigating risks. How can you also contribute to a Wales of vibrant culture and thriving Welsh language? The definition for this goal is "a society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation." Getting people outdoors, participating in sport, celebrating their culture and heritage through the green spaces of Cardiff should be encouraged. I am impressed by the '[Greener Grangetown](#)' and [Dwr Cymru Rainscape](#) project in this respect and I would encourage more like this. How can other members of the PSB be collaborating on this? In taking a place-based approach and involving the community, what other benefits can be realised in relation to cohesion, education and health?

Climate change is a huge global challenge, but we all have a responsibility; [Zero Carbon Britain's recent 'Making it Happen'](#) report sets out what we can do for future generations to act on climate change now. I would like to see the PSB considering the specific effects for Cardiff more in their short, medium and long-term actions. In the future, the effects of climate change are likely to cause droughts in the summer, meaning a shortage of water, declining bio-diversity and a knock-on effect for agriculture. Much of Wales is reliant on agriculture for the economy and we all rely on the environment for food, water and recreation. You have recognised that Cardiff is at risk of flooding, so I would suggest you need to look at critical infrastructure at risk. Are current approaches adequate to cope? How can you use scenarios to imagine what preventative action you could take to protect water supplies and transportation in the event of extreme weather?

Your own responsibilities as organisations needs to be clear in the steps you take to meet this objective. How can you, as senior officers, create organisations that are more globally responsible and contributing to a resilient Cardiff? Although the public sector only accounts for a relatively small amount of Wales' emissions, you are uniquely placed to influence emissions far more widely in areas such as transport of goods and people, use and investment in energy, land use and procurement. [The Welsh Government recently published](#) carbon emission

levels subdivided by Local Authority and a [Call for Evidence](#) to explore the most effective mechanisms for achieving a carbon neutral public sector by 2030. I will be hosting an event on the 9<sup>th</sup> November, in partnership with Welsh Government and Natural Resources Wales to: explore how the public service in Wales can involve people in collaborating and integrating their work, to take greater account of the long-term carbon implications of their activities, and help prevent the effects of climate change becoming even worse.

The [WWF environmental footprint calculator](#) serves a sharp reminder to us all of our potential to impact change and the impact communities can have on carbon emissions. [NESTA has a guide](#) to working with communities to tackle climate change, including the 'Big Green Challenge', where participants changed their lifestyles to reduce their carbon footprint and an extreme example includes the [Isle of Eigg in Scotland](#), where the community are having a positive impact on their environment by introducing renewable community energy schemes, building sustainable businesses and improving biodiversity. We have clear commitments to meet in terms of carbon reduction, the UK has pledged to have zero emissions by 2050 and every Welsh Government has pledged for more green jobs. But despite Wales being a place of great potential in providing natural energy, only 10% of Wales' electricity in 2013 was provided through renewable energy. Last year, the National Assembly for Wales Environment and Sustainability Committee produced '[A Smarter Energy Future for Wales](#)', with 19 recommendations for how Wales could transform its approach to energy. More recently, Smart Energy GB have produced a report on '[A Smart Energy Future for Rural Areas](#)', giving examples and case studies of rural areas across the UK who are making that transition.

Other PSBs seeking to protect their environment and undertake further work to understand the risks for their communities include Blaenau Gwent; the Vale of Glamorgan; Carmarthenshire; Pembrokeshire and Caerphilly.

- [Safe, confident and empowered communities.](#)

Cardiff's diversity and inclusivity are to be welcomed and celebrated. As you have recognised, this diversity is growing and it is important that feel welcome, a sense of belonging and ownership over their new communities. This applies to both the large numbers of people arriving in Cardiff and those who already live here. "Attractive, safe, viable and well-connected communities" improves every aspect of well-being. A lack of these things can create tensions, poor well-being and, in extreme cases, criminal behaviour. It is encouraging that you are considering how best to prevent this and encourage involvement of people in the solutions.

Only by understanding the differences across communities in Cardiff through listening to people and spending time there can you begin to see where the PSB can add value. Involving people is central to achieving this objective and I would advise each of your organisations to commit to the National Participation Standards. You may wish to contact [Participation Cymru](#), who can support your officers in gaining the skills vital for effective and meaningful involvement. [Co-production Network Wales](#) could help you consider time banking schemes, provide examples of good coproduction and help you to identify and engage community leaders. I know you already have locality and neighbourhood structures in place; this is a good start but how often are they truly empowered to

take a decision, tweak a service or solve a problem that makes a big difference for that area? This work should also be taking an asset based approach, helping people across Cardiff to recognise their strengths, see the positives about their communities and build upon them. For instance, your assessment states that there is an issue of inequality when it comes to feelings of safety in the city, particularly for women and disabled people, who have a perception that some areas are unsafe. How can breaking down barriers between geographical and demographic communities help to alter preconceptions?

Deepening your understanding of communities is best learnt from the lived experiences of people who live there. Involving your staff, getting out and about to speak to people and collaborating with them to deliver projects is a way of winning the trust of communities and seeing positive results. Similar work is already being done in [Trowbridge and St Mellons](#) through the Big Lottery funded Building Communities Trust. You may not know who the potential community leaders and connectors are in some areas, so if you are committed to this, re-purpose your resources to do more work in communities, to begin to know a place as the people who live there know it. No doubt that doing this will help you in understanding how tackling population change might be approached on a place-basis and give you an understanding of the environment in that locality too. Again, involving 'unusual suspects' in the work of the PSB, schools, colleges, the Community Councils and the third sector play an important role in connecting people.

Bringing people together with their different cultures, cooking, art and performance creates cohesion and a sense of belonging. Many people will only get involved in something if it's fun and of benefit to them. How can you use sport, heritage, language, traditions and natural environment to enable people to participate? There is a real opportunity here for you to think about how you maximise your contribution to the national goals. As we know, sport knows no language limits and can be extremely powerful in bringing people from all walks of life together. Sport Wales are keen to work with PSBs on how they can maximise their contribution to the seven well-being goals. [The Arts Council for Wales' strategy, which](#) outlines some of the benefits involvement in creative activity can have on the health, cohesion and skills of the population could help you recognize how projects can have multiple benefits for your organisations. How can the National Museum and National Library for Wales help to create a new story for the communities of Cardiff? The [Cultural Commissioning Programme, funded by Arts Council England](#) seeks to help commissioners of public services understand how they can improve outcomes by integrating arts and cultural activities into a range of services, including mental health and well-being, older people and place-based commissioning. Truly putting the power in the hands of people who know their area best often has unexpected positive results, shown by the work that ['Nurture Development' do around Asset Based Community Development](#); and the [Centre for Regeneration Excellence Wales' 'Deep Place' study in Tredegar](#) showing how an understanding of place can have multiple benefits on well-being.

Digitilisation means the world is now a different place and this is only set to continue over the long term. This recent report on [Digital Childhoods](#) from Barnados shows the pace at which technology is moving and the way children now consume information. How are your organisations harnessing the power of technology to help you meet this objective? Clearly, there are implications of how safe the web is for the people of Cardiff. How can it be

used in a positive way? What changes might you have to make to your organisational systems and policies to enable people to get more involved in communities and shape local services? How can you use technology to gather community intelligence and involve people? I see public services in Wales stuck in the early 2000s in the way they call residents to a community hall for 'engagement'. Currently, research shows that children aged between five and 16 years spend an average of six and a half hours a day in front of a screen; [28% of young people use social media](#) as their primary news source; and [43% of 'millennials' are driven to make financial donations through social channels](#). There is a real opportunity to engage with people that is most convenient to them and is part of their daily life, not an additional chore. "[Monmouthshire Made Open](#)" is an example of an online platform that has anticipated how people might contribute to improving their area in the future, with opportunities to share ideas, ask the community, start a project and seek volunteers or resources. Matthew Gatehouse, working with Monmouthshire PSB, would be able to share their learning with you on establishing this website.

As leaders of local agencies, you have a key role to play in promoting and supporting community cohesiveness, given your role in community leadership and support, and role in community capacity building through, for example, facilitating networking and coordination, and providing training for community groups and employees. The research documented in '[What Works in Community Cohesion](#)' provides a useful reference for PSBs on the different dimensions of community cohesion. Ask yourselves if current provision is appropriate to manage these issues? Are these issues currently managed adequately and in what areas might they need more collective or preventative action? What is the impact of inaccessibility? What impact does perceptions of safety have on people's ability to access services or play an active role in their communities? How do levels of volunteering differ across the county? How involved are the many volunteers in the work of the PSB?

As public services, we often deal with the symptoms of adversity; crime, substance misuse, housing issues, domestic violence, anti-social behaviour rather than the root causes. Tackling crime is a complex task, but the five ways of working in the Act provide a blueprint for looking at problems and can provide a focus for you, as a PSB. Getting better at prevention by integrating family services, listening to where the family needs support or has concerns and preventing issues from escalating will be crucial, linked to your objective on Cardiff being a great place to grow up. You have already innovated in this area, with the work of [Professor John Shepherd around the night time economy](#). This involved looking at the problem from a number of perspectives, collaborating with different partners and finding quite simple solutions by redesigning services. We are so often dealing with the crisis issue that impacts on our service, we forget to look around us and recognise that there should be another preventative way to the problem. Information sharing and evidence based work is hugely important in preventing criminal and extremist behaviour which, of course, relies on community knowledge, trust and confidence. [Nesta and the Alliance for Useful Evidence have published 'Using Research Evidence'](#) as a guide to public bodies to encourage a confidence in taking new approaches. short, sharp interventions by empowered individuals.

You will not be surprised to note that other Public Services Boards are also considering setting objectives around engagement, developing / sustaining strong social networks, fostering belonging and shaping services. In

particular, you may wish to share ideas with Vale of Glamorgan; Ceredigion; Newport and Powys PSBs, who have supplied me with similar draft objectives.

- *Cardiff is a great place to grow up.*

I have been working closely with the Children's Commissioner for Wales, to produce advice on taking a child's rights approach to maximising contribution to the seven national well-being goals. It is encouraging to see you have identified that involving children and young people in the Cardiff of tomorrow is good for them and good for you as public services. The Well-being of Future Generations Act upholds the spirit of the United Nations Convention on the Rights of the Child (UNCRC) and it is important to recognise children's rights across each of the well-being goals and how they should inform Wales' approach to implementing the five ways of working.

As you have identified, poverty, abuse, discrimination and other forms of disadvantage can have long-lasting effects on children and young people's well-being and can severely impact their prospects of securing a prosperous, healthy, safe and socially active future. Childhood is a key window of opportunity and the positive interventions Wales puts in place now to protect and provide for children will help to secure a more prosperous, healthy and cohesive future for Wales. Consideration should be given to how well public bodies and PSBs factor children's rights into processes for consultation, decision-making and programme-planning. This will include developing in a children's rights policy focus, enabling children to learn about their rights and empowering them to play an active role in their communities. To support this work, a toolkit is being tested and will be available before the end of the year. The Children's Commissioner's office would be happy to advise on engaging with children and young people and taking a child-rights approach to securing well-being for future generations.

I would advise you to be clear about what this means for Cardiff in your well-being planning. What local evidence have you used (or will you use) to understand the specific areas of successful preventative interventions? What local services will be impacted if you redirect investment to the first 1000 days of a child's life? How might putting in place a multi-agency response to adverse childhood experience (ACE) play out in reality for your organisations? As I said above, we often treat the symptoms of things that have happened to people in childhood, rather than taking a preventative approach. The complex socio-economic situations in many communities in Wales would suggest that families are not receiving the right support at the right time, and cycles are continuing to the next generation. This costs public services and individuals greatly – late [intervention services for young people are estimated to cost England and Wales £17bn per year](#) (£6bn on child protection and safeguarding, £5.2bn on crime and anti-social behaviour, £3.7bn on youth economic inactivity, £680m on school absence and exclusion, £610m on child injuries and mental health problems, and £450m on youth substance misuse). Prevention is at the core of this objective and I would advise that your organisations recognise it is part of all of their responsibilities to prevent poor outcomes.

Dealing with ACEs is as much about having an ACE aware public service and identifying where ACEs have happened, as making sure that services families access are integrated. In the steps you take, it is important to not just focus on childhood but to review initiatives that focus on mental health, substance misuse, criminal justice,

housing services and others to ensure they are preventative, joined up and actively seeking to better situations for families and for future parents to stop the cycle continuing to the next generation. I don't doubt that this means fundamentally challenging the way we currently do things, the 'thresholds' we apply to helping people and the relationship we have with citizens. Alyson Francis, Director of the ACE Support Hub, has recently worked with my office to write to you outlining that ACEs are not another thing to do, but an opportunity to reconsider how we deliver services together that make sense for the families receiving them. The ACE Support Hub could also act as a central place for PSBs to share practice, as almost all of the PSBs in Wales have discussed early years, children and ACEs in their draft objectives and steps.

I advise that understanding the lived experiences of people who have been through trauma in their lives also give a fresh perspective on shaping preventative services. Currently, our services are often not set up in a way that would deliver this objective. We deal with people in neat 'service-user' categories, such as 'homeless', 'domestic abuse victim', 'anti-social behaviour perpetrator', 'substance misuser', 'problem tenant', which often create barriers for people to receive the help they most need. This way of working means we fail to join up the dots, to integrate and to spot signs of a worsening situation. Involving people is central to challenging the system because only by understanding the lived experiences of people can we design services that are fit for current and future generations. This example ['Why poor people don't plan long-term'](#) provides an insight into the barriers people face in overcoming inequality and the case studies [contained in this report by Locality](#) demonstrate the financial and social costs of not taking this holistic and preventative approach to people's lives.

Many things impact on the life chances of children and young people and this objective links to your others in involving communities in understanding the barriers for children and young people's ambitions. I said in my feedback to your assessment that truly understanding the root causes of issues was important before we impose our ideas of 'what's right' on to people. For example, Social Finance were commissioned by Newcastle City Council to do some deeper digging for them to help them address the problem with NEETs (those Not in Education, Employment and Training). Whilst traditional focus looks at GCSE attainment, what this analysis shows in reality is that academic achievement is not the most significant factor at all, instead showing that 67% of 17-19 year olds who were NEET had come from the 25% of 17-19 year olds who had multiple contacts with social services during their childhood. The research showed that those who had had as little as six interactions with social services spent almost three times longer out of education or training. This study demonstrates that looking at the issue in a more holistic way clarifies the steps you can take as a PSB to achieve your objectives.

A [2013 review carried out by the London School of Economics for the Joseph Rowntree Foundation](#) found that children in lower-income families have worse cognitive, social-behavioural and health outcomes. Crucially, this study demonstrated that it was in part because they are poorer, not just because low income is correlated with other household and parental characteristics. This is echoed within your draft plan on the attainment gap between pupils from lower and higher income households. How can the PSB collaborate with others to improve the economic well-being of families across the region? This links to your aspirations around the City Region and supporting people out of poverty. How can these communities, in particular, be focused on? If we know that by

the time children in some areas reach reception class in school, the circumstances of where they live already affects their well-being, then we need to be intervening at a much earlier stage in responding to these trends. The [New Economics Foundation work](#) on investing in children might be helpful, which highlights the need to address both material wellbeing and external circumstances – such as housing, poverty, and schooling – as well as psychosocial well-being and inner resources.

As well as income, we know that maternal and familial health has a big impact on a child's life. Between 10% and 20% of women develop mental health problems during pregnancy or within a year of giving birth. These illnesses are one of the leading causes of death for mothers during pregnancy and the year after birth. Despite this, women in around half of the UK have no access to specialist perinatal mental health services and in other geographical areas, services are inadequate. Considering the impact of services like this on young families is important if you are to take a cross-sector approach. The ['Mums and Babies in Mind' project in England](#) has given a focus to local leaders to create a pathway across sectors that provide expectant and new mothers with the right support at the right time. I would also advise you to use the related knowledge gathered by Public Health Wales on the [First 1000 days](#) of a child's life and the benefits that can be realised from investing in the early years to determine what steps you can take now to improve the well-being of our future generations. Public Health Wales have established a national 'Health and Sustainability Hub' to co-ordinate their own work around the Act and, through your PSB representative, you might find it useful to link with the national team for further evidence and knowledge.

Most PSBs have identified draft objectives connected to early years, giving children a good start in life and preventing ACEs including Cwm Taf, Wrexham, Bridgend, Blaenau Gwent, Newport and Conwy / Denbighshire. Alyson Francis and I are also on the panel of the [Good Practice Exchange Wales webinar on understanding ACEs](#) on the 7th November, which may be helpful to you in considering your steps for this objective.

- ***Supporting people out of poverty.***

Your assessment recognises that, as with many cities in the UK, there is a widening gap between wealth and poverty; with a third of people in Cardiff currently living in poverty. Poverty affects every part of well-being and it is stark in Cardiff with a healthy life expectancy gap of 22 years for women and 24 years for men between the least and most deprived areas. Although there will be multiple reasons for the deprivation experienced in some parts of the city and no easy solutions, there are steps you could take as a PSB to strengthen the resilience of these areas and prevent the adverse impacts of poverty. As with all of your draft plan, this is interconnected to your other draft objectives, as supporting people out of poverty is not just about economic well-being, but about seeing the value of people in a different way. I am encouraged that you have started to consider what role you can play as leaders of the public and voluntary sector in Cardiff and you should appreciate the influence you can have other partnership arrangements and organisations in Wales.

This objective demands strong leadership, as I have advised above, that permeates throughout each of your organisations. To take steps to meet this objective, you will need to be brave in pooling resources, changing

policies and taking risks by trying different approaches. You will need to communicate these changes within each of your organisations. The seven areas of change in the Act: corporate planning, financial planning, workforce planning, procurement, assets, performance management and risk are the core organisational activities where applying the five ways of working would ensure the sustainable development principle frames how you work.

As you have stated, public services in Cardiff employ 46,000 people and contribute over £1bn to the economy. I would advise you to look at the economic impact you can have as public sector providers in these areas across the seven national well-being goals. For example, how can a collective commitment to sustainable, local procurement benefit your local economy? What employment opportunities can you offer, such as collaborative apprenticeship schemes, to local people far removed from the job market? How can you encourage jobs in the foundational economy, around local care, retail and food industries? Your surrounding PSBs are rich in farmland and, as farming is the cornerstone of the £6.1billion Welsh food and drink supply chain industry, what can you do to create links and help businesses to thrive in the city?

Your assessment identifies that Cardiff is one of the most skilled cities, with hardly any people with no qualifications at all. Unlike other parts of Wales, the poverty experienced by some in Cardiff is probably not due to lack of aspiration. Here, understanding this issue is so important for you as a PSB before you take action. What are the barriers to reliable and well-paid work? How have people fallen into hard times? What impact does community factors like housing, safety and facilities have on people's outcomes? What is having an impact on people's lives that you, as public services, can seek to prevent? Re-purposing resources to truly listen to and involve the people who live in the more deprived areas of Cardiff is important to gain an understanding of how they perceive the assets and deficits of their community. In many of the well-being assessments, I read that communities branded as 'deprived' or 'in poverty' by statistics rarely define themselves like that and many people took pride in their local natural environment, community buildings and the way people get along together. Identifying the assets of these areas and involving people in how you build upon them will help in coming up with solutions to reduce inequality together.

For such a complex issue, integration across the seven well-being goals is particularly important in how you take steps to meet this draft objective. Taking a different approach and building on some of the advice I have provided above to bring people together around culture, language, heritage could be the engagement you need to make a difference. What opportunities are there around community food growing in the city, for example? I am pleased to see that you have looked beyond the economic aspect of reducing inequality and deprivation, in considering the issue that those living in poverty are also most at risk of environmental impacts, including being away from green spaces. You have identified that air emission scores are higher in deprived areas and, although there will be many reasons, respiratory disease is much more common in deprived areas. What steps can you take to reverse some of these effects or prevent future generations from having to deal with the situation worsening?

Housing quality is consistently an issue that arises out of deprivation, which has an impact on health, social cohesion and personal finances. Homelessness is a particular issue for Cardiff at the moment; I have already stated that integrating services and truly understanding the issue is critical to solving it. As your assessment also

found, older people are more vulnerable to fuel poverty and the health risks associated with cold and damp conditions; and your assessment highlights the high number of older people living alone. Recent statistics from Fuel Poverty Coalition Wales show that 1 in 3 households in Wales live in fuel poverty, with an estimated cost of cold-related admissions amounting to over £100 million and causing 475 deaths per year. Fuel poverty is currently a bigger killer than alcohol related deaths in Wales. Taking steps to ease fuel poverty and generally improving housing quality will have benefits elsewhere in the public sector. So, collaborating with registered social landlords and private landlords to take action on how new and existing homes could become more energy efficient might be a step the PSB wish to explore. The Passivhaus Standard is one such way of building and refitting homes for the future ([www.passivhaus.org.uk](http://www.passivhaus.org.uk)).

Again, draft objectives around reducing inequality are common across Wales, including Caerphilly, Blaenau Gwent, Monmouthshire, Powys and your neighbouring Vale of Glamorgan.

- *Cardiff is a great place to grow older.*

Your wellbeing assessment identifies that with general population growth, the number of older people in Cardiff is likely to increase significantly too by over 44% in the next twenty years. Your assessment acknowledged that this can create a pressure on health and social services, but with health and life expectancy improving, I advise you recognise how much of an asset the older population are in terms of caring, volunteering and contributing to the economy. The work of the [Older People's Commissioner](#) is particularly helpful in exploring the steps you could take to meet this objective and includes her recent guidance to PSBs.

Now that you have draft objectives and are considering your response, I would advise that you dig deeper into the data. Your first draft step is based on community infrastructure, networks and services. Ask yourselves if current provision is appropriate to manage this growing issue? Are these issues currently managed adequately and in what areas might they need more collective action? How fit for the future is IT provision? What are the limitations on public transport provision? How do levels of volunteering differ across the county? How involved are volunteers in the work of the PSB? Understanding the lived experiences of people could give you an important insight into how different communities are functioning and where your services would be most helpful. For instance, are there ways the PSB could encourage and reward community activism in ways that would help you meet your objectives in particular areas? The Royal Town Planning Institute's report on '[Poverty, Place and Inequality](#)', includes several recommendations around why place-based approaches are key to tackling inequality between and within communities.

Research [by Ageing Well Wales](#) has shown this and suggests that loneliness in older people is both about how connected people are to their communities physically and about feeling purposeful in society, affecting their mental and physical health. Although technology is not going to provide all of the answers to isolation, think about the long-term impact it could have on our population. The older people of tomorrow are the younger people of today, who have far more technological skills at their fingertips. In our sharing economy, could there be

solutions around carpooling or community transport connected to social media? Plus, there are already examples of drones delivering medical supplies, video calling instead of GP appointments and virtual classrooms happening now. The '[Hypervillage](#)' concept developed by FutureScape imagines villages connected by their assets, [encouraging people in rural communities to capitalise on technology](#). How have you thought about the long-term possibilities of employing technological solutions for this issue?

How are you considering your own roles in responding to the challenges of demographic change? I am keen to see PSBs looking at preventative and asset-based approaches to their draft objectives. Currently, social services and health are barely dealing with the current demand and, unfortunately, many are looking at traditional models of resourcing 'crisis' intervention to deal with this. One of your steps is very much around working differently to involve people and their families in their care. This is where the five ways of working should be challenging your thinking and I will be interested in seeing how you influence and task the Social Services and Well-being Regional Partnership Board in delivering your response to your objectives. [This report by the Young Foundation](#) provides inspiration on 'Innovating better ways of living late in life', challenging the traditional siloes we are working in. Creating flexible and age friendly communities and environments can prevent people from needing social care, from becoming isolated, from suffering ill-health or having an accident at home.

You have a role in planning, housing and transportation of creating places that are adaptable and able to change for at least the next two generations. Wales has an opportunity to develop housing that better meets demographic change, adopting technology to allow people to live independently for longer. It is encouraging to see that you want Cardiff to be age and dementia friendly as a city. Programmes like the [World Health Organisation's Age Friendly Cities](#) initiative have encouraged and recognised those cities that have made themselves more age-friendly adapting buildings, transport and planning rules, which enable older people to stay healthy and connected to things that matter to them for longer; [Laguna woods](#), the first city exclusively for older people in the US and the Marjala suburbs in Finland are examples of design suited to multiple abilities. As well as responsibilities around planning and designing infrastructure, there are numerous innovative global projects encouraging co-housing, supported housing and homeshares. [Students are living rent free in nursing homes](#) in exchange for socialising and providing basic care to the older residents; Australia and New Zealand have introduced '[HomeShare](#)' schemes, and, as part of their national government's demography strategy, [Germany](#) has introduced intergenerational housing for older people and young families in need. In Singapore, young people are given a \$50,000 grant if they move within 1km of their aged grandparents. These are all innovations that are proving to have an impact.

This demonstrates the intrinsic link between your community environment and your well-being. As the Ageing Well in Wales research states, isolation is as much about being physically alone as feeling a part of something. Some research suggests that [just 5% of those over 65 years old](#) have any form of structured contact with younger people. [Intergenerational projects are shown to have benefits](#) for young and old, with both older and younger people taking on the role of mentor. How can you collaborate to create more opportunities for people to come together? How can increased involvement improve the health of older people in your area? The recent report

['Health and Wellbeing in Rural Areas'](#) produced by Public Health England and the Local Government Association highlights issues of rurality in England, but also includes several useful case studies, such as the Fish Well Improvement project in Norfolk, that aims to improve health and well-being in these local areas. [Solva Community Council](#) in Pembrokeshire are an interesting example of how volunteers and older residents have benefited from a scheme to reduce isolation and improve well-being. In some parts of Wales, the third sector are acting as community connectors (funded through the Intermediate Care Fund) to help vulnerable people of all ages access things in their community and prevent the need for statutory services. There are many good examples of projects that seek to bring people together to learn new skills, socialise and build their resilience in later life, like [Men's Sheds Cymru](#), happening across Wales that the PSB could encourage and support.

Continuing to learn through life has been proven to have benefits for people's mental and physical well-being, as well as social well-being. There is a real opportunity here for you to consider how you maximise your contribution to the well-being goals. How can you encourage activities that promote art, culture, learning the Welsh language, caring for natural habitats, creating community food growing initiatives, for instance, that help with people's well-being? Looking to the long term, how can these activities prevent some of the preventable ill-health people are suffering that compromises their independence?

In some areas, community organisations have been funded to act as community coordinators for older people through the Social Services and Well-being Act – linking them with local activities and services in their area and helping them to stay active and well. If proved successful, how can similar initiatives be jointly resourced and recognised by the PSB? The third sector have a wealth of knowledge and experience in this respect. [WCVA produced wider information](#) on how the third sector play a role in contributing to the Act including resources on the seven well-being goals.

Other PSBs with similar objectives include Monmouthshire, Conwy / Denbighshire, Neath Port Talbot, Ynys Mon and Gwynedd and Newport.

- *Modernising and integrating our public services.*

The backdrop that public services are working to at the moment is incredibly challenging and I am aware that the Well-being of Future Generations Act is seen as another 'thing' public sector workers have to do. However, I would encourage you to see this Act, and communicate to your colleagues about it, as an enabler. It is a way of challenging the method we have always taken to organising ourselves, making decisions and providing people with services. This draft objective is encouraging that you are taking steps to change how public services operate in the city, to make far more sense to the citizens of Cardiff. The five ways of working and seven national well-being goals are intended to help you to do this by prompting you to think of how things can be more integrated, by collaborating with others, have multiple benefits across quite disparate services but things that matter in people's lives, which you can only understand by better involving 'real people' in the day-to-day work of your organisations.

As public bodies, you have many statutory responsibilities and deliver a multitude of services on a daily basis. The duties of the Act are not intended to be an additional burden, but a way of maximising the benefit of these activities. My team have told me about how this is already being realised in some areas of business in Cardiff like, for example, City Innovation Hub and your collaborations with lots of organisations in the city. I will be interested to see how the Act is being applied in practice by all members of the PSB over the coming year across the seven corporate functions of the Act. How your own objectives reflect the work of the PSB and how you use the PSB as a charge to other departments, partnership groups and organisations for meeting these objectives.

I have given lots of advice in this letter and in my recent 'Well-being in Wales' report on this very theme. I would suggest you now need to be brave in taking steps to lead Wales in doing this; share your mistakes and your successes with my office, and with others; and hope to create a better Cardiff for future generations.

Other PSBs seeking to create organisational change through their objectives include Torfaen, who are looking at organisational development in the context of the Act, Pembrokeshire, Caerphilly and Carmarthenshire. Again, my office is happy to connect you if this is helpful.

**I hope you have found this advice helpful in moving forward towards publishing a well-being plan for formal consultation. Please get in touch with my team if you want further contact details for any of the organisations and reports mentioned in this letter.**

I am also learning the best ways to advise, support and monitor how public bodies are seeking to apply the five ways of working and maximise their contribution to the seven well-being goals, so I would welcome any feedback from you, supporting officers and the Cardiff PSB Scrutiny Committee on how I have chosen to approach this statutory duty and the advice I have given.

I look forward to receiving your draft well-being plan for consultation and please keep in touch with me and my team.

Kind regards,

Sophie Howe

Dear Councillor Thomas,

### **Policy Review & Performance Scrutiny Committee: 18 July 2017**

Thank you for attending the Policy Review and Performance Scrutiny Committee last week, to share Cardiff Public Services Board (CPSB) progress, and the Board's draft Well-being objectives. Your input will assist the Committee to factor its statutory scrutiny responsibilities under the Well-being of Future Generations (Wales) Act 2015 (WFG) into work programming for 2017/18. Following the scrutiny Members agreed that I pass on the following observations captured during the Way Forward.

The Committee wishes to commend Cardiff's longstanding record of non-statutory partnership working. This has clearly proved an excellent basis for taking forward the statutory requirements of the WFG Act. We acknowledge that core city leaders across the UK consider such statutory requirements on partner organisations to be of huge benefit to a local authority. The Committee therefore welcomes your discretionary offer for myself, as Chair, to attend the CPSB from time to time to ensure the committee's observations are fed into proceedings. We feel this will maintain strong lines of open accountability, and benefit both parties.

Given the benefit of our statutory remit, the Committee considers its role must be greater than simply a statutory process, and, to be more meaningful, we should aim to measure progress. Importantly, the Committee considers that to enable such an approach it will be looking for measurable targets and outcomes in the final Well-being Plan. We were therefore pleased to hear that you too consider the Well-being Plan will require targets in order to ground the work of the Board.

We note that there is likely to be a small number of strategic partnership working groups supporting the work of the CPSB. Members observed that, whilst the Act itself and the seven outcomes for Wales are vague, there is potentially an opportunity for greater input from health.

The new Committee is keen to reassure itself of the soundness of the consultation undertaken at needs assessment stage, on which the draft objectives have been based. I acknowledge that following the Committee's previous scrutiny you kindly provided us with the full list of such consultation activities, to reassure the committee that all hard to reach groups had been encouraged to contribute.

The focus of our meeting was to set a firm context and understanding of work programming opportunities, and we have identified two occasions on which we will plan to consider Cardiff's Well-being Plan. Firstly during the 12 week consultation period (Autumn 2017). Secondly, we would request a pre-decision scrutiny opportunity prior to final approval by the Board. (Spring 2018). We are therefore proposing, subject to final discussion and approval at our meeting on 20 September 2017, that our draft work programme includes two partnership scrutiny items.

*To recap, the Committee:*

- Welcomes your offer for myself, as Chair, to attend the CPSB from time to time to establish strong lines of open accountability, and benefit both parties.
- Will be looking for measurable targets and outcomes in the final Well-being Plan that enables it to monitor progress over time.
- Proposes that its draft work programme, to be agreed on 20 September 2017 includes scrutiny of Cardiff's Well-being Plan, during the 12-week consultation period (Autumn 2017) and prior to final approval by the Board. (Spring 2018).

Once again, on behalf of the Committee, please pass my sincere thanks to all who attended PRAP Scrutiny Committee for consideration of the draft Well-being Objectives. On this occasion, a response is not required. Should a matter come to your attention that would benefit from the Committee's involvement we will aim to co-operate and we look forward to maintaining an ongoing constructive exchange between the Board and Committee.

Yours sincerely,

Dear Councillor Thomas,

### **Policy Review & Performance Scrutiny Committee: 15 November 2017**

On behalf of the Policy Review and Performance Scrutiny Committee thank you for attending Committee to facilitate scrutiny of Cardiff's draft Well-being Plan. Members were delighted to welcome such broad representation from Cardiff's PSB. Please pass on our sincere thanks to Cardiff & Vale Heath Board, Natural Resources Wales, South Wales Fire Service, South Wales Police, and Cardiff Third Sector Council. The Members wish to pass on the following comments and observations as statutory consultees in the Boards consultation.

The Committee recognises that the Well-being of Future Generations Act signals a substantial change in the delivery of public services. We note the Future Generations Commissioner's comment in her letter that it is not intended to be an additional burden on public bodies, given current financial pressures. We are therefore surprised at the length and timing of the Commissioners advisory letter on Cardiff's draft well-being plan, and note this advice would have been useful in informing the consultation. We are heartened that partners consider the requirements of the WBFG Act, although a challenge, an opportunity and a necessity that will assist in the delivery of sustainable services, rather than a burden on the public sector. Clearly, this challenge will benefit from the strong platform of partnership working built up over many years in Cardiff,

As Leader, you are clear that there must be a strong correlation between Cardiff's Well-Being Plan and the Council's Corporate Plan for Delivering Capital Ambition.

We too consider it is essential that all partners' corporate plans align with Cardiff's Well-being Plan, and will be seeking greater assurance of this in future scrutinies. We feel both Natural Resources Wales and Cardiff and Vale Health Board were clear this would be the case, and we would urge that all partners are able to demonstrate clear links.

The Committee's role is to monitor the progress of the PSB and we consider this is made more difficult by an absence of clear targets in the draft Plan. We note you are following a statutory timeline to deliver the final Plan. We understand you are not at the target setting stage and have some work to do on performance indicators. However, we feel it would have been useful if targets had been a part of the consultation exercise and urge you to consult on those targets as they emerge.

Members have some concerns about budget arrangements for partnership working. Specifically, whether all partner bodies are spending proportionately on supporting partnership arrangements and whether the cost of supporting the PSB is factored into the Council's budget setting for 2018/19. We accept there is no centralised budget other than a secretariat to support partnership working, and note there will be more detail in budget proposals. We note the alignment of policy objectives, and directing existing activities to work more effectively, is critical to better collaborative work.

In respect of specific objectives, the Committee observed:

Objective 1 - *A Capital City that Works for Wales*. We wish to highlight the disparity in wealth across the City and endorse the view that everyone should have an equal chance to benefit from Cardiff's success. In terms of the private sector, Cardiff is a unique asset, with power centralised to drive the South East Wales economy. However, we note Cardiff is one of the lowest funded authorities per capita and generates significant business rates for the whole of Wales. We are therefore pleased that you acknowledge Cardiff has a leading role to play in ensuring major developments assist in reducing inequalities across the City. The committee would encourage you to continue to stress these funding imbalances in your future contacts with Welsh Government

Objective 2 - *Cardiff's Population Growth is managed in a Resilient Way*. The Committee considers the phrasing of this objective suggests managing population growth to ensure resources for current and future populations, and could be more accurately phrased as *The impact of Cardiff's Population Growth is managed in a resilient way*.

Objective 3 - *Safe, Confident and Empowered Communities*. Members note the consultation is online but certain communities require a stronger focus/more encouragement to contribute and therefore a series of focus groups are planned with hard to reach communities that will talk about community issues not simply the Plan. We note the police development work to be more representative and connect with communities via their community cohesion programme, and encourage partners to share knowledge and experience of work with hard to reach communities.

The Committee urges the Board to use partnership knowledge to effectively integrate services. There was clear commitment from partners, and we endorse the approach highlighted by Health to ask what is best for the citizen and work backwards to arrive at the bodies/partners that should work together to deliver improved service. The Multi Agency Support Hub is a particularly good example.

We wish to re-iterate it would be appropriate that the Well-being Plan is Health Impact Assessed at the planning stage, in line with the Public Health Act.

Members are concerned that transformation in service delivery should not be isolated to the public sector. We consider some ambitions will need to be in tandem with the private sector, business, and charities. Therefore, care should be taken to ensure the Plan includes reference to communicating with, and involving, the private sector to seek their ideas and feedback.

Importantly, during the Way Forward Members commented on the look and feel of the Well-being Plan Survey document. They feel statements are generally positive and closed, and have some concerns that in taking this approach the consultation document does not open up debate. Therefore, we respectfully suggest future consultation exercises would have greater credibility if a more open style of questioning were adopted.

-

Finally, the Committee is delighted that partners are welcoming of the scrutiny framework, recognising that the joint challenge of partners in holding the Board to account re-enforces the benefits of strong relationships between partners. We note that you have commissioned a review of partnership governance arrangements that will need to be in place in advance of publication of the final Well-being plan in May 2018, and look forward to oversight of governance arrangements, in line with our statutory scrutiny responsibilities.

Once again, on behalf of the Committee, please pass my sincere thanks to all partners who attended the PRAP Scrutiny Committee for consideration of the draft Well-being Plan. We value the ongoing constructive exchange between the Board and the Committee. We are not expecting a response however would ask that you factor our comments and observations into the consultation to inform the final Plan. We will factor consideration of the final Well-being Plan and governance arrangements on our work programme for the New Year.

Yours sincerely,

**1. What are the objectives of the Policy/Strategy/Project/ Procedure/ Service/Function?**

Cardiff's Local Well-being Plan has been developed in accordance with the Well-being of Future Generations (Wales) Act 2015. Having undertaken a local well-being assessment for the area in 2016, this plan responds to the challenges facing the city, setting out 7 areas for action (well-being objectives) and proposing what the city's public services will do, together, to achieve them (our commitments).

**2. Please provide background information on the Policy/Strategy /Project/Procedure/Service/Function and any research done [e.g. service users data against demographic statistics, similar EIAs done etc.]**

In March 2017, Cardiff PSB published a Well-being Assessment - an analysis of Cardiff's social, economic, environmental and cultural well-being and identifies the key opportunities and challenges facing Cardiff as the city grows.

<https://www.cardiffpartnership.co.uk/well-being-assessment/>

This assessment provided the basis for developing a local well-being plan to manage Cardiff's growth and its impacts in a sustainable and resilient way.

The evidence base used to inform the Cardiff's Well-being Assessment, includes:

- The 46 National Indicators for well-being (Welsh Government);
- Ask Cardiff survey indicators; and
- Indicators recommended by Public Services Board partners and other stakeholders.

**CITY OF CARDIFF COUNCIL  
CYNGOR DINAS CAERDYDD**

**CABINET MEETING: 15 MARCH 2018**

---

**CARDIFF CAPITAL REGION CITY DEAL JOINT WORKING  
AGREEMENT BUSINESS PLAN**

**AGENDA ITEM: 4**

---

**REPORT OF CHIEF EXECUTIVE**

**Reason for this Report**

1. On 26 January 2017 the Council approved a Joint Working Agreement (JWA), including the establishment of a Cardiff Capital Region (CCR) Joint Committee, to administer the City Deal, which had been agreed with the UK and Welsh governments.
2. The role and responsibilities of the Joint Committee, which comprises leaders of the ten constituent local authorities of the Cardiff Capital Region, relate specifically and exclusively to the City Deal - enabling the joint development and implementation of a programme for investment, linked to the City Deal's Wider Investment Fund. But the Committee's powers were also confined to the first £50 million of funding from HM Treasury (HMT) until a 'reserved matter' - approval of the JWA Business Plan - was discharged by individual councils.
3. This report seeks approval for the Business Plan - enabling the Cardiff Capital Region to unlock the remaining £445 million of the Wider Investment Fund. It includes *inter alia* an in principle commitment to allocate £40 million to the modernisation and redevelopment of Cardiff Central Station, subject, amongst other things, to approval of a detailed business plan, which will result in a strategically critical £160 million project delivered in partnership with the Welsh and UK governments, the private sector and Network Rail.

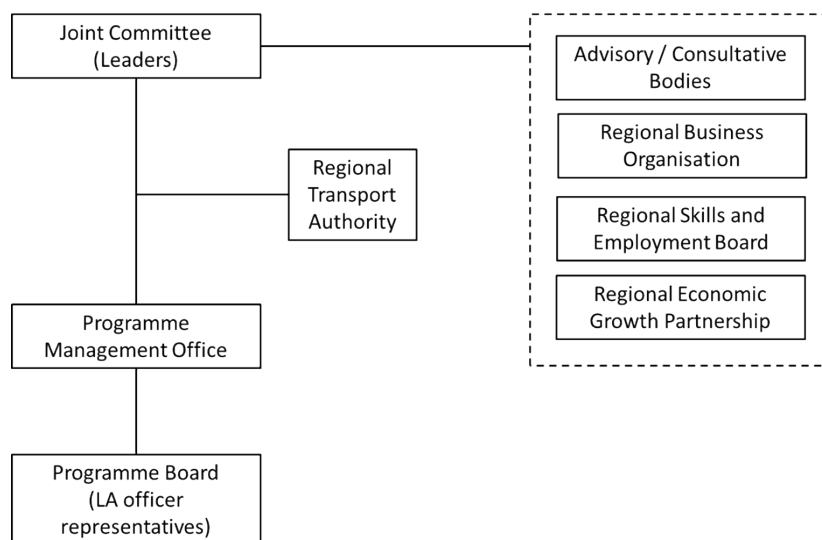

**Background**

4. As the Council report of 24 March 2016 noted, the City Deal was signed on 15 March 2016 by the ten local authority leaders of the Cardiff Capital Region, the First Minister of Wales, the Welsh Government Minister for Finance, the Secretary of State for Wales and the Chief Secretary to HM Treasury. The resulting 'Heads of Terms' agreement outlined the parameters for the detailed development of the City Deal and set out how the ten local authorities would work in partnership with the Welsh Government and UK Government to support economic growth.

5. As its core proposition the City Deal provides funding to support investment in projects to stimulate economic growth: £734 million is allocated to Metro; £495 million makes up the Wider Investment Fund to support additional economic development activities. The latter provides the focus for the Joint Committee and consists of a local government capital contribution of £120 million with the remaining £375 million provided by the UK Government over a 20 year period. Any expenditure incurred in advance of receipt of the flow of UK Government monies also requires borrowing by local authorities.
6. In effect, councils agreed to work within the framework of a total affordability envelope of £210.8 million, with contributions apportioned to individual local authorities on the basis of 2015 population data. For Cardiff this means responsibility for 23.7% - £50 million - of the total local government cost of the City Deal.
7. Progress is subject to five year 'Gateway Reviews' by an independent panel established by the UK Government, which will include an assessment of the economic impact of investment decisions made by the City Deal Joint Committee.
8. Subsequent work focused on developing appropriate governance arrangements to underpin this partnership. This resulted in the Joint Working Agreement which includes provisions for the following:
  - a Joint Committee representing the ten Cardiff Capital Region local authorities;
  - areas of delegation for the Joint Committee that focus on the management of the City Deal fund and project approval;
  - establishment of Cardiff Council as the Accountable Body;
  - financial principles for the Joint Committee;
  - matters reserved to individual Councils; and
  - the means by which decisions relating to the programme of investment (linked to the Assurance Framework) are agreed.
9. The Joint Committee works on a one member, one vote basis and decisions are made by simple majority reflecting the position in other city-region arrangements. Meetings require a quorum of seven.
10. In approving the Joint Working Agreement the Council delegated responsibility for overseeing the implementation of the City Deal to the Joint Committee, with only the 'reserved matters' being brought back to the Council for approval. The key reserved matters are the approval of the Joint Working Agreement Business Plan - the focus of this report - and any expenditure in excess of the Affordability Envelope. The Wider Investment Fund can only be drawn down once the JWA Business Plan is approved by all ten Councils. Furthermore, the individual councils' contributions to the Wider Investment Fund can only be released once the Business Plan is approved.

11. Finally, in relation to the Joint Working Agreement, councils are committed to participation in the Joint Committee for a minimum of five years or, if later, the completion of the first Gateway Review. This "lock-in" provision also features in other collaborations involving the Council, including the Shared Regulatory Service.
12. As the previous report to the Council made clear - and for the sake of completeness only - if the Council sought to withdraw from the joint working arrangement during the lock-in period it would be in breach of the provisions of the Joint Working Agreement, unless a negotiated arrangement could be reached with the other councils. Entering the agreement created a legitimate expectation that the Council would remain a party to the City Deal arrangements for at least the lock in period.

### Assurance Framework, Governance and Resource Structure

13. The Joint Working Agreement also sets out the need for partners to adhere to an agreed Assurance Framework covering the systems, processes and protocols to ensure an evidence-based and independent assessment of the governance, risk management, and control processes of the Wider Investment Fund.
14. The Assurance Framework forms part of the Joint Working Agreement, which sets out the decision making processes of the City Deal. The diagram above outlines the governance and reporting structure of the Assurance Framework with all investment decisions subject to a process of business case development and due diligence.
15. The Joint Working Agreement also stipulated that the Joint Committee would establish sub-committees and groups (advisory/consultative bodies), including the Regional Transport Authority and the Cardiff Capital Region Skills and Employment Board.
16. Further details on the Joint Working Agreement and Assurance Framework are outlined in the Council's report of 26 January 2017.

## **City Deal Update**

17. Since the establishment of the Joint Committee there has been significant progress in the development of the Cardiff Capital Region City Deal. This has included the establishment of a number of sub-committees and advisory groups, approval of an investment proposal relating to the compound semi-conductor sector, as well as in principle support for a number of additional schemes, including Cardiff's Metro Central initiative.

### *Compound Semiconductor Cluster*

18. On 2 May 2017 the Cardiff Capital Region Joint Committee approved by a majority decision a £38.5 million investment to support the purchase and initial fit out of industrial space in Newport to deliver the development of a Compound Semiconductor Cluster for the city-region. The investment has been approved in the form of a loan - as the loan is repaid, it will be recycled back into the investment fund.
19. Work has since begun on the cluster development, which has included the purchase of a building and the agreement of a lease with a tenant. A lease for the building has been signed by a Cardiff-based company, IQE, which is a global player in the compound semi-conductor market. It is expected that in taking up space in the building, IQE will create over 500 new highly skilled jobs, as well as safeguarding over 500 jobs within the sector.
20. The project is also aimed at supporting a wider cluster within the sector for south-east Wales, aiming to address the productivity gap that exists between Wales and the rest of the UK.

### *Regional Economic Growth Partnership*

21. The Cardiff Capital Region Joint Committee meeting of 20 November 2017 approved the establishment of the Regional Economic Growth Partnership and the appointment process for its board. Mr. Frank Holmes was appointed Chair of the Regional Economic Growth Partnership, supported by a board that represents public, educational, voluntary, and private sector organisations.
22. The Regional Economic Growth Partnership is responsible for:
  - reviewing and commenting on the Regional Economic Strategy;
  - providing review and challenge to City Deal investment decisions;
  - providing an advocacy role for the city-region;
  - promoting the uptake of external funding sources;
  - providing advice on proposed interventions; and
  - acting as a named consultee for the Joint Committee.

### *Regional Business Council*

23. A Regional Business Council has also been established to ensure that the city-region has a representative body for businesses in place. The members of the Regional Business Council Board encompass a broad range of business backgrounds and sectors, including representatives from the FSB, IoD, CBI, and South Wales Chamber.

### *Regional Transport Authority*

24. The Joint Committee agreed to establish, as a sub-committee, the Regional Transport Authority (RTA) on 20 November 2017. The report noted that the membership of the RTA would comprise two members of the Joint Committee, who will act as Chair and Vice Chair of the sub-committee, along with Cabinet Members responsible for transport from each local authority of the Cardiff Capital Region.
25. The Regional Transport Authority has been given certain delegated decision-making powers which were expressly granted by the Joint Committee, and fall within the delegated powers of the Joint Committee. Any member of the Authority may request that any matter delegated to the sub-committee is referred to the Joint Committee for decision. Expansion of the role and responsibilities of the Regional Transport Authority to cover non-City Deal matters would require the approval of individual local authorities.
26. The objectives of the RTA, subject to funding, are to facilitate the City Deal by:
  - a) developing and coordinating proposals for an integrated regional transport strategy that supports the strategic economic and spatial aspirations of the City Deal; and
  - b) working in partnership with Welsh Government and Transport for Wales to define and develop the priorities of the South East Wales Metro concept and support its delivery, including the development of a single integrated ticketing platform for public transport across the region.

### *Metro Central*

27. The Metro Central project aims to deliver a new Central Transport Interchange at the heart of Cardiff's city centre Core Employment Zone. The project encompasses a new central bus station, the modernisation of Cardiff Central train station, and delivery of a range of other transport infrastructure such as a new coach station, a cycle hub, and public realm improvements. The aim is to improve the capacity of the Central Interchange to accommodate increased frequency of services delivered through the South East Wales Metro investment and to provide an infrastructure platform for jobs growth in Cardiff's Core Employment Zone.

28. The timing of the Metro Central investment is critical to ensure infrastructure is delivered at the same time as construction works in the surrounding area to minimise disruption, and to align with the investment in the Metro. The regeneration opportunities surrounding the station are primed for delivery but require commitments with regards to transport infrastructure, in order to build the necessary confidence in the private sector to encourage acceleration of investment. It is estimated that Metro Central will help to secure 30,000 additional jobs, £2 billion of investment, and £1 billion of additional GVA.
29. At the Joint Committee meeting of 15 January 2018, it was agreed in principle to allocate £40 million from the Wider Investment Fund towards the Metro Central project to assist with securing match-funding from UK Government, Welsh Government and the private sector, and ultimately to assist with delivery of the project.
30. This allocation is subject to:
  - a) discharge of the JWA Business Plan reserved matter (which this report seeks to address);
  - b) formal approval of the Full Business Case by the Joint Committee in accordance with the Assurance Framework and full consideration by the appropriate advisory bodies and sub-committees;
  - c) completion of necessary GRIP and WeITAG processes; and
  - d) commitment to match-funding from Welsh Government, UK Government and the private sector, as outlined in this report.

### *Additional Projects*

31. The Joint Committee has also agreed in principle to support additional projects covering the establishment of a Regional Housing Investment Fund; the development of a digital strategy to secure a step-change in digital connectivity; and a programme to increase employment and training opportunities across the city-region. This addressed Cardiff Council concerns that the JWA Business Plan needed to include sufficient detail about projects to demonstrate the purpose of City Deal investments across the city-region.

### Regional Housing Investment Fund

32. The Regional Housing Investment Fund will seek to support house building, ranging from larger builders and developers on stalled housing sites on former industrial sites, through to small builders, community builders, custom builders, and regeneration specialists, on smaller sites across the region. It will also seek to stimulate the SME building sector across the city-region.
33. It is intended that the Fund will also support the sector through the provision of development finance, including loan funding to support the costs of building homes for sale or rent; and infrastructure finance to support site preparation and the infrastructure needed to enable housing to progress and to prepare land for development. It is also proposed to provide a Custom

Build Scheme releasing smaller plots of public sector land with a full package of support for SMEs to deliver new homes in local communities.

34. The finalisation of work on the development of the Regional Housing Investment Fund proposition will require extensive specialist work to be undertaken. As a result, £100,000 has been allocated to develop a detailed business plan in accordance with Assurance Framework requirements.
35. It needs to be noted that the JWA Business Plan makes clear that the focus of the Housing Investment Fund will be on former industrial areas within the Valleys. This does not preclude Cardiff projects but it is anticipated that funding will tend to be concentrated in areas of housing market failure.

### Digital Strategy

36. Work on the development of a digital strategy encompasses a number of interconnected proposals to enhance the digital capability and potential of the Cardiff Capital Region. The proposals include enhancements of the city-region's digital infrastructure, to ensure fast and efficient movement of data through a new "dark fibre" network.
37. Related project proposals seek to strengthen transatlantic digital connectivity; capitalize on the existing Cardiff Internet Exchange, based in BT Stadium House, which was delivered by Cardiff Council in partnership with BT and LINX; and securing better fibre connectivity at a community level with steps to address remaining "not spots" in partnership with the Welsh Government. Emerging technologies feature through work to explore the potential of 5G, and the development of a network of sensors across the city-region to support the Internet of Things. An open data proposal is also being developed with a view to improving public services, as well as assisting regional business development.
38. The Joint Committee has agreed to allocate £100,000 in 2018/19 for the scoping of a digital strategy, as well as an allocation of £30,000 to provide a resource to support the project work of the Open Data Working Group.

### Skills for the Future

39. The Skills for the Future project aims to provide region-wide school engagement with pupils and parents to offer careers advice and guidance, support for businesses to address barriers to participation, a skills investment fund, and a commitment to support delivery of over 10,000 additional apprenticeships, graduate internships and upskilling employees in the private sector.
40. The Skills for the Future project will use its initial development funding to work up proposals relating to:

A regional skills brokerage service - a local authority-led and impartial service that works with businesses, projects and investments, in conjunction with economic development and business support services, to secure

appropriate and relevant skills support through education, training and other providers.

School engagement - activities to encourage career choices that align with future demand whilst promoting parity of esteem between different pathways to help young people attain quality and sustained employment.

Access to apprenticeships including shared apprenticeships – employer engagement to increase the number and range of apprenticeships available in the region and schools engagement to increase the number of young people choosing apprenticeship pathways. Delivered in conjunction with work-based learning providers and extending access through shared apprenticeship programmes.

A graduate internship programme – employer engagement to increase the number of graduate opportunities available including placements and internships, delivered in conjunction with our Universities.

Regional SME support – to encourage apprenticeship and graduate take-up by SMEs there will be a financial incentive and provision of a human resource support service. In the immediate term the service will support SMEs to maximise the use of the current Welsh Government apprenticeships subsidy of up to £3,500. Through City Deal, it is intended that a skills investment fund will be created for SMEs to support business development, with a proposed £1,000 subsidy for new graduate employment.

A New Skills Investment Fund – a co-investment fund for SMEs that supports the upskilling of existing employees to meet technical, specialist and higher level skills needs, that can be accessed in the absence of other sources of funding.

41. No specific budget was allocated for the Skills for the Future project, but a further more detailed report is expected to be considered by the Joint Committee in April. Much of this agenda aligns well with the Council's Capital Ambition, in particular the Cardiff Commitment, and the project will potentially provide some additional support to deliver the Cardiff Commitment on a larger scale and in partnership with neighbouring local authorities.

## **Regional Working**

42. The City Deal is primarily an investment-driven programme but it also reinforces a trend towards greater collaboration at the city-region level.
43. Projects such as Skills for the Future will serve to foster further collaboration to ensure that labour market issues are tackled in a way that reflects the cross-boundary realities of the city-region economy. The Regional Transport Authority seeks to create better links between local transport authorities, and initial steps, considering taking forward a Strategic Development Plan for the region, illustrate a generalised move towards stronger regional planning arrangements.

44. Such an approach has been a longstanding aim of this Council and is welcomed by the administration. For example, a city-regional approach to economic development functions such as place promotion and business support is expected to create not just operational efficiencies, but also efficiencies in terms of co-ordination of activities at a wider level.
45. This approach also aligns with the Welsh Government's commitment to join up services at the regional level. The new Economic Action Plan - Prosperity *for All* - states that regional working will be a key principle in the future. The Welsh Government aims to "*deliver a stronger regional voice through a regionally-focussed model of economic development, building upon and enhancing existing cross-government work with the regions*".
46. However, while the Cardiff Capital Region Joint Committee may represent a focal-point for further collaboration across a range of policy areas, the Joint Working Agreement does not provide it with any further powers other than to deal with issues and funding relating to the City Deal. Any further delegation of powers would need to be subject to further approval from all participating local authorities and subject to the appropriate governance proposals.
47. In this context, the Council is keen to explore opportunities for greater collaboration in the delivery of strategic economic development, skills & training, regeneration, transport, planning, and housing functions on a city-regional basis. The Council would, however, need to assess any proposal in the future for extended delegations to any regional decision-making body, particularly in terms of the extent to which it safeguards Cardiff's success as the Capital City of Wales and addresses important issues of democratic accountability.

### **The Joint Working Agreement Business Plan**

48. As noted above, the Joint Working Agreement requires the constituent councils to take a further decision, as a "Matter Reserved to The Councils", on the approval and adoption of the Joint Working Agreement Business Plan prior to unlocking further funding to the Wider Investment Fund.
49. Subsequently the City Deal Programme Management Office has led the development of a Joint Working Agreement Business Plan. The prior in principle agreement of the above projects has also informed the development of the Joint Working Agreement Business Plan.
50. It is important to note that if the reserved matter relating to the Joint Working Agreement Business Plan is not approved, then the Council would still be locked into the Joint Committee for the lock in period. This would serve to constrain the Committee since it would not have an agreed plan against which to deliver the City Deal investment programme. In practice all parties have been actively involved in the preparation of the Joint Working Agreement Business Plan and on this basis it is hoped that it will be agreed by all councils.

51. Clause 7.1.4 of the Joint Working Agreement states that the JWA Business Plan shall, amongst other matters, address the following:
- a) the updated Affordability Envelope; (see section 9 of the JWA Business Plan)
  - b) the methodology for agreeing the nature, scope and prioritisation of projects to be developed for the overall benefit of the Cardiff Capital Region (in accordance with the terms of the Implementation Plan); (see section 3 of the JWA Business Plan)
  - c) the methodology and responsibility for any external audits in relation to this Agreement; (see section 9 of the JWA Business Plan)
  - d) the methodology and responsibility of any performance monitoring along with any performance indicators to enable the Joint Committee to measure progress against the JWA Business Plan (see section 3 of the JWA Business Plan); and
  - e) any revenue and capital monitoring reports to be prepared for the Joint Committee and the frequency of such reports. (See section 9 of the JWA Business Plan)
52. Subsequently a Joint Working Agreement Business Plan document, attached as Appendix B, has been produced that covers:
- The Strategic Context which includes:
    - Our Vision; and Strategic Objectives
  - Our Approach
  - Spatial Priorities
  - Our Strategic Themes (Programme Themes) which include:
    - Skills and Employment;
    - Innovation;
    - Connecting the Region; and
    - Regeneration and Infrastructure.
  - Indicative Five Year Spend Profile
  - Additional Opportunities for Regional Funding
53. The Business Plan also identifies and provides some detail on emerging opportunities which will be considered and developed within the life of the plan, including:
- Skills for the Future;
  - Innovation Portfolio;
  - Metro Plus;
  - Digital Portfolio;
  - Housing Investment Fund; and
  - Strategic Sites.
54. In relation to the 'Metro Plus' proposal the JWA Business Plan outlines the commitment, subject to approval of the Full Business Case, completion of necessary GRIP and WeTAG processes and commitment to match-funding from Welsh Government, UK Government, and the private sector, to support the Metro Central project as a key component of the City Deal.

55. In summary, the JWA Business Plan provides a high level overview of the spending priorities of the Cardiff Capital Region City Deal, subject to necessary approvals. It does not, however, commit all of the Wider Investment Fund and allows flexibility for further project decisions. The Plan (which will take the City Deal past its first Gateway Review, due in December 2020) also indicates that other proposals will emerge, within the life of the plan, all of which will be rigidly assessed in accordance with the Assurance Framework.
56. Final decisions on funding approval will lie with the Cardiff Capital Region Joint Committee. In the case of projects such as Metro Central this means that the Joint Committee must be satisfied that the necessary conditions required by the City Deal Assurance Framework have been met.
57. In approving the Joint Working Agreement Business Plan the Council will enable, should the nine other Councils also approve, the Cardiff Capital Region Joint Committee to have complete control of City Deal spending. All decisions relating to the £495m investment fund will be determined by the Cardiff Capital Region Joint Committee, subject to projects passing the necessary Assurance Framework requirements.
58. Table 1 below outlines the required financial commitment to the Cardiff Capital Region City Deal. Over the lifetime of the project Cardiff's contribution will total £50m, 23.7% of the total local authority contribution. The proportions have been allocated based on 2015 National Statistics population estimates, which will be used as the baseline throughout the lifetime of the City Deal and were agreed by councils in January 2017.

### **Reason for Recommendations**

59. To agree the CCR JWA Business Plan in accordance with the requirements of the JWA and to discharge the necessary reserved matter that will release local authority funding to the City Deal Wider Investment Fund.

## **Financial Implications**

60. The attached report seeks approval of the Joint Working Agreement Business Plan (JWA Business Plan), which is attached at Appendix B. Section 9 of the JWA Business Plan provides details of the Cardiff Capital Region City Deal Wider Investment Fund, which amounts to £495 million. This consists of £375 million HM Treasury grant received over a period of 20 years with the balance (£120 million) met by the ten city deal partnering authorities as 'Council Contributions' on an agreed basis.
61. The JWA Business Plan outlines the current position in respect of approvals to-date, in-principle commitments and sums available for future revenue and capital projects as these are brought forward for consideration and approval. For these reasons, the JWA Business Plan is an evolving document, which will be updated at least annually to reflect updates in respect of new approvals and also to report on the actual performance of approved projects i.e. those projects that are in the implementation or operational phases of their respective lifecycles.
62. Therefore, the JWA Business Plan can only provide an indication of the financial implications arising from the Wider Investment Fund at this time. The actual approvals outlined above have been supplemented by an indicative programme of investment along with a range of other financial and technical assumptions, details of which are set out below in order to arrive at the indicative cost figures.
63. In line with the Assurance Framework, all investment proposals will be subject to business case development and approval. The business case will provide detailed information on matters such as expenditure profile (and whether it is revenue and/or capital in nature), and the proposed funding streams. The business case will also need to be clear on the proposed delivery mechanism and how risks will be allocated and managed.
64. The Joint Working Agreement (JWA) defines the Affordability Envelope as:
- “means the overall costs and investment by each Council pursuant to their proportion of the Councils' Contribution under this Agreement over the evaluation period, which shall not exceed in aggregate £210,800,000 (two hundred and ten million eight hundred thousand pounds) and shall include, without limitation, all interest, inflation and UK Government cost to carry and shall be updated and will be reflected within the terms of the JWA Business Plan (as part of its approval by the Councils) to include, amongst other matters, the annual spend profile for each Council”*
65. The approved affordability envelope has been set at £210.8 million and is based on the indicative modelling that was undertaken in January 2017 and informed the reports approved by each constituent council in January/February 2017. This represented a significant reduction of £63.8 million against the sum (£274.6 million) approved by councils in March 2016, when the Heads of Terms were signed.

66. As outlined above, the Joint Working Agreement acknowledges that the affordability implications arising from the ‘whole-life cost’ of the Wider Investment Fund will change over time, as investment decisions are made. Clause 7.1.4.a requires the inclusion of the ‘Updated Affordability Envelope’ when the JWA Business Plan is submitted to the constituent councils for approval. Agreeing any increase to the affordability envelope is a matter reserved to each council.
67. The affordability model has been updated to reflect the changes made since the Joint Working Agreement was approved by councils in January/February 2017. The updated modelling suggests that the ‘whole-life cost’ of the Wider Investment Fund to the constituent councils remains within the approved affordability envelope of £210.8 million.
68. The changes include the assumption that the ‘Reserved Matter’ is discharged by 31 March 2018, thereby allowing a ‘switch’ of funding for the capital element of the Compound Semi-Conductor project. This is designed to preserve HMT Contribution revenue grant to meet the cost of future revenue-based projects that may come forward.
69. The indicative whole-life affordability implications for each partnering authority are shown in Table 1 above. Cardiff’s updated Affordability Envelope remains at £50.0 million, over the term of the City Deal.
70. At its meeting of 22 February, Council approved its 2018/19 Capital Programme and its Medium Term Financial Plan (MTFP) as part of the budget report. The approved budget includes appropriate amounts in respect of City Deal capital contributions and the resulting annual revenue implications, which are shown in Table 2 below.

Table 2: Approved City Deal Capital Contributions and Revenue Implications

Financial Year	Capital Contributions £m	Revenue Implications £'000
2018/19	4.20	221.8
2019/20	1.20	342.3
2020/21	1.20	429.0
2021/22	1.89	606.3
2022/23	1.89	847.8
<b>Total</b>	<b>10.38</b>	<b>2,447.2</b>

#### Technical Assumptions

71. As outlined earlier, the updated affordability envelope is based on an indicative programme of investment along with a range of other financial and technical assumptions. Key assumptions include:
- **Indicative investment profile spend:** based on actual approvals to-date plus the typical spend profile of City Deals results in the following

cumulative profile - Years 1-7 = £195 million, Years 1-11 = £479 million, and Years 1-20 = £495 million);

- **Repayment Period:** borrowing is assumed to be repaid over 25yrs, but in-line with the requirements for Minimum Revenue Provision (MRP), the actual repayment period will need to reflect the economic life of the individual assets being funded;
  - **Interest Rate:** an average rate of 3% has been assumed. At the time of writing, the current 25yr PWLB rate is 2.62%, which provides headroom of 14.5% at this time, however, this is a reduction against the 22.0% headroom that existed in January 2017;
  - **Funding Drawdown priority:** all revenue expenditure is funded exclusively from HMT revenue grant. Generally capital expenditure will be first met from HMT capital grant 'in-hand', with the balance being funding in accordance with the 'funding ratio', i.e. 75.8% temporary borrowing in lieu of future capital grant (referred to as the 'Cost of Carry') and 24.2% from Council Contributions (in the form of local authority borrowing);
  - **Inflation:** is excluded, i.e. all figures are stated in nominal terms and therefore inflation will need to be met from within the overall £495 million sum.
72. The validity of these assumptions will be reviewed on a regular basis and updated as appropriate. In particular, it has been suggested that Cardiff Capital Region City Deal may wish to revisit the basis (priority) on which funding is drawn down and applied to annual expenditure.
73. The current assumption used for indicative modelling purposes is based on the overall Wider Investment Fund funding allocations, i.e. once available grant has been applied, 75.8% of the annual expenditure is funded through temporary borrowing (Cost of Carry), with the remaining 24.2% draw down against Council Contributions (£120 million local authority borrowing element).
74. However, from a cost management perspective, fully prioritising Council Contributions ahead of temporary borrowing will reduce the overall Cost of Carry over the life of the fund. Finally, whilst it is assumed that all Council Contributions are borrowed, in practice this will be a matter for each individual local authority to decide.
75. The report also highlights the following requirements of:
- Clause 7.1.4.- *“the methodology and responsibility for any external audits in relation to this Agreement”.*
76. This requirement will be addressed through the Annual Audit Plan agreed with the relevant external auditors and presented to Regional Joint Committee for consideration and approval and;

Clause 7.1.4.e – “any revenue and capital monitoring reports to be prepared for the Joint Committee and the frequency of such reports.”

77. Regional Joint Committee will receive regular revenue and capital monitoring reports throughout the year advising on matters such as: Approved Budget, Actual Position To-Date, Commitments and Projected Out-turn. These reports will be supplemented by the appropriate Project Performance Reports, advising on all aspects of the Wider Investment Fund.
78. HMT grant funding will be paid to the Accountable Body on behalf of the ten Cardiff Capital Region City Deal (CCRC) constituent councils. The funding must be used solely to support the objectives of CCRC through the implementation of projects and schemes agreed by the Regional Joint Committee and in accordance with arrangements set out in its Joint Working Agreement, Wider Investment Fund, Assurance Framework, and the JWA Business Plan.

- 1) Assurance Framework

As projects are presented for approval, it is important that the requirements of the Wider Investment Fund Assurance Framework are complied with as this is a key requirement of HM Treasury funding terms and conditions, as set out by Welsh Government.

- 2) Gateway Reviews

An outcome-based Gateway Review of Cardiff Capital Region City Deal led by HM Treasury will be undertaken in 2020/21. Funding for 2021/22 and beyond is conditional on the region successfully passing this Gateway Review, whilst any unspent funding up to this point may be subject to repayment if the Gateway Review is not passed.

It has been confirmed that in any year, where funds have been committed and/or there is a clear intention to spend, carry forward of funding to future years will be permitted. Carry forward in respect of the final year (2020-21) will also be permitted providing that the Gateway Review is passed.

### **Draft Legal Implications**

79. The body of the report sets out the relevant provisions of the Joint Working Agreement ('JWA') in relation to the JWA Business Plan ('Plan'). They form part of the legal implications, to which regard should be had but to avoid duplication are not repeated in this section.
80. Pointing out the obvious, the JWA Business plan is a key document in relation to the delivery of the Cardiff Capital Region City Deal. The content of the Plan serving to create a legitimate expectation that the matters referred to (proposals, projects and themes) will be progressed as set out in the Plan. Accordingly, it is important that Regional Joint Committee and each constituent council is content with the content of the JWA Business plan. As regards the progression of individual themes and projects, and as stated in the body of the report, matters will need to be considered in accordance with the provisions of the Assurance Framework, at which stage

any legal issues raised by a project can be considered and detailed legal advice provided. The Plan refers, in section 10, to a case being made for a range of powers to be devolved to the local authorities of the Cardiff Capital Region. To the extent that any further powers are sought to be delegated to the Regional Joint Committee, then this will be a matter for each of the Councils comprising the CCRCD to determine.

81. In considering this matter regard should be had, amongst other matters, to:

(a) the Councils' duties under the Well-being of Future Generations (Wales) Act 2015, (The Plan noting at section 3 that, '... we (CCRCD) will follow the five ways of working and sustainability principles detailed in the Well-being of Future Generations (Wales) Act 2015, and reflect and support the well-being goals); and (b) Public sector duties under the Equalities Act 2010 (including specific Welsh public sector duties). Pursuant to these legal duties Councils must in making decisions have due regard to the need to a) eliminate unlawful discrimination, harassment and victimisation and other conduct that is prohibited by that Act; b) advance equality of opportunity between people who share a relevant protected characteristic and those who do not; and c) foster good relations between people who share a protected characteristic and those who do not. Protected characteristics are: a. Age; b. Gender reassignment; c. Sex; d. Race – including ethnic or national origin, colour or nationality; e. Disability; f. Pregnancy and maternity; g. Marriage and civil partnership; h. Sexual orientation; i. Religion or belief – including lack of belief. In Wales, public sector bodies listed are required to take certain steps in order to demonstrate that they have due regard to the public sector equality duty. These Welsh specific equality duties include assessing the impact of policies and procedures on equality (often called Equality Impact-Assessment).

82. A Well-being and Equality Assessment has been undertaken and is included in Appendix C. Regards should be had to the same in reaching a decision on this matter.

### **Well-being and Equalities Assessment**

83. A Well-being and Equalities Assessment has been undertaken and is attached as Appendix C.

84. The Assessment demonstrates that the detail contained in the draft JWA Business Plan demonstrates compliance with the well-being 5 ways of working, supports the well-being goals and identifies that the City Deal is expected to have a positive impact on all groups and people with protected characteristics.

### **RECOMMENDATION**

It is recommended that Cabinet recommends to Council for approval the Cardiff Capital Region Joint Working Agreement Business Plan in the form attached as Appendix B to this report.

# Cardiff Capital Region City Deal

## Executive Summary

1. Cardiff Capital Region has secured a deal worth £1.2 billion. Over its lifetime, local partners expect the City Deal to deliver up to 25,000 new jobs and leverage an additional £4 billion of private sector investment.

2. This City Deal will provide local partners with the powers and the resources to unlock significant economic growth across the Cardiff Capital Region. It is a deal that builds on the region's sectoral strengths, its high skill base and three successful universities. The City Deal also provides an opportunity to continue tackling the area's barriers to economic growth by: improving transport connectivity; increasing skill levels still further; supporting people into work; and giving businesses the support they need to innovate and grow.

3. This deal will also develop stronger and more effective leadership across the Cardiff Capital Region, enabling ten local authority leaders to join up decision making, pool resources and work more effectively with local businesses.

4. The Cardiff Capital Region City Deal includes:

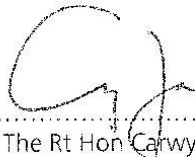

- **£1.2 billion investment in the Cardiff Capital Region's infrastructure.** A key priority for investment will be the delivery of the South East Wales Metro, including the Valley Lines Electrification programme.
- **Connecting the region.** The Cardiff Capital Region will establish a new non-statutory **Regional Transport Authority** to co-ordinate transport planning and investment, in partnership with the Welsh Government.
- **Support for innovation and improving the digital network.** To develop capabilities in Compound Semiconductor Applications the UK Government will invest £50 million to establish a new Catapult Centre in Wales. The Cardiff Capital region will also prioritise investment in research and development and provide support for high value innovative businesses.
- **Developing a skilled workforce and tackling unemployment.** The Cardiff Capital Region Skills and Employment Board will be created (building on existing arrangements) to ensure skills and employment provision is responsive to the needs of local businesses and communities. The Cardiff Capital Region and the Welsh Government will work with the Department of Work and Pensions to co-design the future employment support from 2017, for people with a health condition or disability and/or long term unemployed.
- **Supporting enterprise and business growth.** A Cardiff Capital Region Business Organisation will be established to ensure that there is a single voice for business to work with local authority leaders.
- **Housing development and regeneration.** The Welsh Government and the Cardiff Capital Region commit to a new partnership approach to strategic planning. This will ensure the delivery of sustainable communities, through the use and re-use of property and sites.

## Introduction

5. The Cardiff Capital Region is comprised of ten local authorities: Blaenau Gwent; Bridgend; Caerphilly; Cardiff; Merthyr Tydfil; Monmouthshire; Newport; Rhondda Cynon Taff; Torfaen; and Vale of Glamorgan. It is the largest city-region in Wales and accounts for approximately 50% of the total economic output of the Welsh economy, 49% of total employment and has over 38,000 active businesses.

6. The Cardiff Capital Region is an area where people want to live and work. With two cities (Cardiff and Newport) at its core, the region has seen significant regeneration and investment over recent decades. Cardiff, as the capital city, is now dynamic, fast growing and forecast to have a higher population growth rate over the next 20 years than any other city in the UK.

7. The area is home to a range of competitive business clusters with significant international and indigenous businesses across sectors such as: financial services; creative and digital industries; advanced manufacturing; life sciences; energy; and energy supply. These business clusters are serviced through a wide and supportive ecosystem. This ecosystem contains a thriving higher education sector which includes Cardiff University, Cardiff Metropolitan University and the University of South Wales..

8. However, despite these strengths, numerous challenges remain. Gross Value Added, which is a measure of goods and services produced in an area, is lower than all but one of the English Core City Regions. There are also connectivity issues across the region which makes it more difficult for people in Valley's communities to access economic opportunities.

9. Recognising these opportunities and challenges all the signatories to this deal are working together to realise the vision for the Cardiff Capital Region, which is to: *“work together to improve the lives of people in all our communities. We will maximise opportunity for all and ensure we secure sustainable economic growth for future generations”*. This City Deal provides local partners with further powers and tools to realise this vision.

## Key Elements of the Deal

### Cardiff Capital Region Investment Fund

10. This City Deal sets out a transformative approach in how the Cardiff Capital Region will deliver the scale and nature of investment needed to support the area's growth plans. Central to this will be the development of a 20 year £1.2 billion Investment Fund, which the Cardiff Capital Region will use to invest in a wide range of projects.

11. Both the UK and Welsh Government are contributing £500 million to this fund respectively. The Welsh Government funding will be provided over the first seven years of the Investment Fund, from 2016/17 to 2022/23. The ten local authorities in the Cardiff Capital Region will contribute a minimum of £120 million over the 20 year period of the Fund. In addition, over £100m from the European Regional Development Fund has been committed to delivering the City Deal.

12. The Cardiff Capital Region believes investments in these areas will deliver up to 25,000 new jobs and bring forward at least £4 billion of additional investment from local partners and the private sector by 2036.

### South East Wales Metro

13. A key priority, which the City Deal Investment Fund will support, is the delivery of the South East Wales Metro. The scheme has the potential to provide a significantly improved public transport system that will transform the way people travel around the region.

14. Given the importance of the Metro to the UK Government, Welsh Government and Cardiff Capital Region, a proportion of the Investment Fund will be pre-allocated to the delivery of this scheme. This pre-allocation focuses on both phases of the wider Metro scheme. These are:

- The delivery of the Valley Lines Electrification programme. This City Deal reconfirms the continued shared ambition of both Government's and the Cardiff Capital Region to deliver this element of the wider Metro scheme. £325 million of the £1.2 billion Investment Fund has already been committed to the delivery of this scheme (£125 million from the UK Government, £94 million from the Welsh Government and £106 million from the European Regional Development Fund).
- The delivery of the wider South East Wales Metro scheme. The Welsh Government will pre-allocate over £400m further funding from the Investment Fund to deliver the wider ambitions around the Metro scheme, which is the subject of ongoing design work. As part of this City Deal the Welsh Government commits to involving the Cardiff Capital Region in the co-design of the wider Metro scheme and in the procurement of a delivery organisation.

15. The Department for Transport will agree the arrangements for making the agreed contribution to the Valley Lines Electrification project with the Welsh Government.

The Welsh Government will agree with the local authorities the arrangements for managing the funding of the Metro scheme, and how it interacts with funding for additional Metro investments delivered through this City Deal.

### **Wider Investment Priorities**

16. The remaining element of the Investment Fund will be used to take forward a wide range of projects and schemes that support economic growth across the Cardiff Capital Region. Decisions on the prioritisation of these schemes will be taken by the Cardiff Capital Region Cabinet. Schemes taken forward could include: further transport schemes; investment to unlock housing and employment sites; and development of research and innovation facilities.

### **Investment Fund Assurance Framework**

17. The ten local authorities across the Cardiff Capital Region commit to writing and adopting an assurance framework for this Investment Fund. This will be agreed by the UK and Welsh Government. By adopting the assurance framework prior to the commencement of the Investment Fund, the Cardiff Capital Region will ensure that schemes that are taken forward (outside of the South East Wales Metro which will be subject to a separate assessment against an assurance framework) represent good value for money and are underpinned by a robust business case.

18. This assurance framework will be based on existing best practice from the UK Government and Welsh Government. In addition the framework will also draw upon any local best practice for managing investment decisions across the Capital Region. Key elements that the assurance framework will include are:

- purpose, structure and operating principles of the framework;
- arrangements to ensure value for money and effective delivery through strong project development, project and options appraisal, prioritisation, and business case development;
- a description of the arrangements for supporting the effective delivery and implementation of projects and schemes, including relationships with delivery bodies; and
- arrangements which enable effective and meaningful engagement of local partners and the public in the investment decisions taken and subsequent scrutiny of these decisions.

### **Investment Fund Gateway Assessments**

19. Cardiff Capital Region will be required to evaluate the impact of the Investment Fund in order to unlock funding that has not been pre-allocated to the South East Wales Metro programme. This will be comprised of gateway assessments every five years. To underpin these gateway assessments, an independent review will be commissioned to evaluate the economic benefits and economic impact of the investments made under the scheme, including whether the projects have been delivered on time and to budget. This assessment will be funded by the Cardiff Capital Region, but agreed at the outset with the UK Government. The next five year tranche of funding will be unlocked if the UK and Welsh Governments are satisfied

that the independent assessment shows the investments to have met key objectives and contributed to national growth.

### **Local Authority Borrowing**

20. Throughout the course of the City Deal programme the ten Cardiff Capital Region local authorities will be responsible for financing the capital investment programme. The difference in the profile between the proposed investment and the capital grant funding may require a local authority or authorities to borrow to fund any difference in expenditure and grant. The cost of any external borrowing is the responsibility of the relevant local authority or local authorities and is to be managed in accordance with prudential principles – it must be prudent, affordable and sustainable.

21. In a scenario where a future Investment Fund Gateway is not achieved, leading to any reduction or cessation of City Deal grant, then it will be the responsibility of individual local authorities within the Cardiff Capital Region to manage the financial impact of this within their local authority budget, utilising reserves or surpluses as required.

### **Additional Flexibilities**

22. In order to deliver the Cardiff Capital Region's City Deal commitments and a longer-term economic strategy, the ten local authorities have requested greater financial autonomy and flexibility. As part of this City Deal the Welsh Government will explore with the Cardiff Capital Region:

- the devolution of business rate income above an agreed growth baseline to provide funding for the City Deal programme;
- providing the ability to levy an infrastructure supplement;
- creating the option for the local authorities to use alternative finance sources; and
- removing conditions around some specific Welsh Government grants, to allow funding to be pooled at the regional level in areas such as school support and interventions that seek to address poverty.

### **Connecting the Cardiff Capital Region**

23. Transport has a key role in delivering economic growth and improving outcomes for people by connecting communities, business, jobs, facilities and services. However across the Capital Region there are significant congestion and transport capacity issues that need to be addressed. The City Deal Investment Fund and South East Wales Metro will make a significant contribution to improving transport connectivity.

24. In addition to this investment the Cardiff Capital Region will establish a new non-statutory Regional Transport Authority to co-ordinate transport planning and investment, in partnership with the Welsh Government. The Cardiff Capital Region Transport Authority will be responsible for:

- pooled local transport resources;
- regional planning for the local transport network;

- working with Transport for Wales to ensure objectives for transport investment are aligned;
- exploring the creation of a single integrated ticketing platform for public transport across the Cardiff Capital Region;
- working in partnership with the Welsh Government to define the priorities of the South East Wales Metro concept and to support its delivery; and
- working in partnership with the Welsh Government to promote the development of integrated aviation routes from Cardiff Airport and St Athan Enterprise Zone, to deliver economic benefit.

## **Investing in Innovation and the Digital Network**

25. The Cardiff Capital Region has an aspiration to extend the “arc of innovation” that runs along the M4 corridor into the Cardiff Capital Region. Capitalising on the research strengths of the Region’s three universities, the Cardiff Capital Region will designate an “Innovation District” that helps to: create and nurture new high growth businesses; increases investment in research and development; and provides the skills that businesses need now and in the future.

### **Developing the Compound Semiconductor Sector**

26. To transform the UK’s capability, and help position Cardiff as the European leader in Compound Semiconductor applications, the UK Government will invest £50 million to establish a new Catapult in Wales. This new Catapult will complement the work of other organisations in Wales who are already working in this important area, including the Compound Semiconductor Institute at Cardiff University and the Compound Semiconductor Centre, a joint venture between Cardiff University and IQE.

27. Recognising this opportunity, the Cardiff Capital Region will prioritise interventions that support the development of an internationally-competitive Compound Semi- Conductor cluster. Local partners believe that this will put the UK at the heart of an emerging global growth technology.

### **Innovation Investment**

28. To accelerate the growth of innovation and facilitate investment in research and development, the Cardiff Capital Region will seek to prioritise:

- mechanisms to support high growth sectors;
- the development of new facilities and employments sites;
- new approaches to public service delivery;
- the Software Academy in Newport and related programmes across the Capital Region;
- investment in intellectual property creation and commercialisation;
- adding value and complimenting existing innovation support; and
- developing a cyber-security academy with the University of South Wales.

### **Innovate UK**

29. Innovate UK is now planning to increase its footprint and presence in Wales, in order to: raise the awareness and engagement in Innovate UK programmes and activities; to strengthen its links with business, universities and other key partners; and to work with the Welsh Government to promote and support innovation.

## **Data**

30. Cardiff Capital Region commits to developing proposals for how better and more flexible use of data could be used to drive innovation across the public sector and within the wider economy. The Cardiff Capital Region will present a clear case to the UK Government for how a different approach to the use of specific data would improve service delivery and would benefit particular groups.

## **The Digital Network**

31. Innovation will also be a central theme within the Cardiff Capital Region's ambition to deliver an outstanding digital infrastructure and wider ecosystem to support economic growth. To continue to build on investments in next generation broadband, and the Region's reputation as one of the fastest growing tech hubs in the UK, the Cardiff Capital Region will prioritise:

- exploring the case for direct international connectivity;
- the mobile infrastructure across 4G and 5G technologies that add value to existing provision;
- increasing Wi-Fi services across public transport;
- digital solutions to solve the big problems, such as smart housing, citizen payments and open data challenges; and
- facilitating collaboration between stakeholders to identify and exploit opportunities.

## **Developing a Skilled Workforce and Tackling Unemployment**

32. This City Deal will improve the co-ordination and delivery of skills and employment support across the Capital Region. It will help to increase the number of people moving into work (including those that have been out of work for a long time), increase the number of people undertaking an apprenticeship or other relevant skills provision and give people the skills they need to compete in a global employment market.

### **The Cardiff Capital Region Skills and Employment Board**

33. To ensure skills provision is adapted to local economic and social needs and provides the best value for money, the Cardiff Capital Region will strengthen the existing Learning, Skills and Innovation Partnership. This will be re-launched in 2016 as the Cardiff Capital Region Skills and Employment Board.

34. The Partnership will represent a wide range of stakeholders, including: business bodies; higher and further education; local authorities and the Welsh Government.

It will be responsible for:

- Cardiff Capital Region's skills and worklessness strategy;
- pooled local authority skills resource;
- producing an annual regional plan for employment and skills. This annual plan, led by industry, will set out how both the existing skills needs of businesses and the Capital Region's future skills challenges will be addressed;

- influencing and monitoring the delivery and impact of employment and skills programmes across the Region;
- ensuring an industry led approach to the design and delivery of apprenticeship programmes meets the needs of both business and apprentices;
- supporting the Welsh Government’s “Curriculum for Wales, Curriculum for Life” plan, by encouraging closer alignment between future employer skills needs and education provision across the region; and
- ensuring European Union funding investments in skills and employment add value and align with other programmes.

## **Work and Health Programme**

35. Cardiff Capital Region and the Welsh Government will work with Department for Work and Pensions to co-design future employment support from 2017, for people with a health condition or disability and/or long term unemployed<sup>1</sup>, many of whom are currently referred to the Work Programme and Work Choice.

36. The respective roles of the Department for Work and Pensions and Cardiff Capital Region in the co-design include:

- Department for Work and Pensions setting the funding envelope; however Cardiff Capital Region and the Welsh Government can top up this if they wish, but are not required to.
- Cardiff Capital Region and the Welsh Government setting out how they will join up local public services in order to improve outcomes for this group.
- Department for Work and Pensions setting the high level performance framework, ensuring support appropriately reflects labour market issues. The primary aim will be to reduce unemployment and move people into sustained employment.
- Cardiff Capital Region (working with the Welsh Government) will have input into determining specific local outcomes that reflect their labour market priorities, however these outcomes should be complementary to the ultimate employment outcome. In determining any local outcome(s) Cardiff Capital Region and the Welsh Government will work with the Department for Work and Pensions to take account of the labour market evidence base and articulate how these will both fit within the wider strategic and economic context and deliver value for money.

37. Before delivery commences the Department for Work and Pensions, Cardiff Capital Region and the Welsh Government will set out an agreement covering the respective roles of each party in the delivery and monitoring of the support. This will include a mechanism by which each party can raise and resolve any concerns that arise.

38. The Department for Work and Pensions sets the contracting arrangements, including contract package areas, but should consider any proposals from Cardiff Capital Region on contract package area geography.

39. Providers will be solely accountable to the Department for Work and Pensions, although Cardiff Capital Region and the Welsh Government will be involved in the tender evaluation.

40. The Department for Work and Pensions and Cardiff Capital Region will develop a mechanism by which Cardiff Capital Region (working with the Welsh Government) can escalate to the Department for Work and Pensions any concerns about provider performance/reaching local agreements and require the Department for Work and Pensions to take formal contract action where appropriate.

## Supporting Enterprise and Business Growth

41. The Cardiff Capital Region is committed to improving the co-ordination of local and national business support arrangements. This includes working in partnership with the Welsh Government to address identified barriers to growth, support spatial and sectoral priorities and to target emerging opportunities for driving economic performance.

### The Cardiff Capital Region Business Organisation

42. Local partners recognise that ensuring there is a strong business voice to guide both the design and delivery of business support across the region will be critical.

43. Therefore working with public sector partners, the business community, and representative bodies, Cardiff Capital Region will establish a Cardiff Capital Regional Business Organisation. This organisation will provide a clear business voice that will influence and shape business support programmes. In creating the Board, a mapping and consultation process will be undertaken with existing advisory Boards operating within the Region. This will ensure roles and remits are complimentary and add value. The Board will be responsible for:

- articulating the regional needs of business;
- identifying regional priorities for existing business support services; and
- designing future business support programmes.

44. Membership will be drawn from across a range of sectors and interests, including social enterprises and mutuals. A joint Confederation of British Industry, Federation of Small Business, Institute of Directors and South Wales Chamber of Commerce statement outlined the underlying principles for the Business Organisation. The final structure will be designed by the Cardiff Capital Region business community.

### Integration of Local Business Support Services and Resources

45. To ensure that relevant business support and promotional activities are delivered at the Capital Region level, local resources will be aligned to create an Integrated Delivery Unit. This unit will deliver regionally significant aspects of economic development. This includes: business development; marketing; tourism; and inward investment.

46. The Integrated Delivery Unit, working in collaboration with the Welsh Government and the proposed Regional Business Organisation, will ensure that any new business support provision complements existing national initiatives. In addition, through this collaborative approach, the Welsh Government is committed to working with the Cardiff Capital Region to explore where existing business support provision can be built on or expanded, whilst avoiding duplication. A number of existing programmes (for example Business Wales, which offers a one stop shop advice and referral service to SMEs and Entrepreneurs) have already been designed through consultation with industry and have the potential to be aligned with identified regional needs and priorities.

47. Further to this, the Welsh Government is also committed to working in partnership with the Cardiff Capital Region to promote the area at a global level. As part of this, the Welsh Government will ensure greater levels of visibility with the Welsh Government's own overseas offices. In addition the Welsh Government will

continue to work closely with UK Trade and Investment to ensure that its propositions are promoted and co-ordinated across the UK Trade and Investment overseas post network.

## Housing Development and Regeneration

48. Delivering an increase in house building across the Cardiff Capital Region will help to address critical housing shortages especially for first time buyers and those unable to join the 'housing ladder'. House building is also a critical element of the economy as it: stimulates demand within the supply chain during construction and through purchases by the eventual occupiers; contributes to a more balanced regional planning framework; and is a major employer in its own right.

49. The City Deal presents a unique opportunity for the ten local authority areas to come together to develop and deliver a strategic approach to housing, regeneration and economic growth which will create an accessible, liveable, 'worklife integrated' and highly connected Capital Region. To support this ambition the Cardiff Capital Region will:

- Commit to the development of a partnership between the Cardiff Capital Region and the Welsh Government to take a strategic and balanced approach to housing and regeneration, focussing development on where it is most needed – in a regional and coordinated way.
- Ensure that new housing is linked to the delivery of sustainable and balanced communities, through the re-use of property and sites. Further, both the Welsh Government and Cardiff Capital Region will ensure that proposals to improve the efficiency and quality of the housing stock are aligned with other regeneration outcomes.
- Establish a collective way of working, for example, through an asset development vehicle to progress speculative opportunities for potential Cardiff Capital Region regeneration ventures.
- Develop an integrated public-private housing offer, with clarity over tenure, mix type, design and affordability with prototyping for 'settlements of the future'.
- Utilise innovation in local procurement to secure supply chain benefits, local labour and other social clauses to maximise value.
- Establish the delivery of renewable energy-led regeneration and housing programmes and ensure the principles of 'clean-tech' are anchored within physical development initiatives. This will contribute to ensuring 'futureproofing' and creation of new supply chain networks.
- Engage the affordable housing sector providers in the region as one network. Working with Cardiff Capital Region this network will develop a regional "Housing Plus" strategy in which added value benefits such as training construction apprenticeships, energy resilience and job creation are clearly set out and adopted. This will provide a framework against which site regeneration schemes can be prioritised for investment.

50. In both the planning and delivery of new housing and regeneration projects, the Cardiff Capital Region will ensure that there is alignment to current Welsh Government programmes including Creating Vibrant and Viable Places – the Welsh Government's regeneration framework and increasing the supply and standards of housing.

## Cardiff Capital Region Governance

51. The ten local authority partners of the Cardiff Capital Region City Deal have agreed to establish governance model that:

- complies with the existing statutory framework that exists in Wales to deliver this City Deal;
- strengthens and streamlines the existing governance and partnership arrangements across the Capital Region;
- improves business involvement in local decision making;
- provides confidence and assurance to both the UK and Welsh Government that the local authority leaders are making decisions which will drive economic growth across the Capital Region; and
- enables local authorities to explore with the Welsh Government alternative governance arrangements in the medium term.

### Cardiff Capital Region Cabinet

52. Utilising the existing statutory framework, the ten local authorities will establish a Cardiff Capital Region Cabinet. The Cabinet will have the status of a Joint Committee and will be the ultimate decision making body in the governance structure.

53. The establishment of a Capital Region Cabinet will be the first step in the development of greater city-region governance across the Cardiff Capital Region. The Cabinet, which will comprise the ten participating local authorities, will provide the basis for initial decision making regarding the Investment Fund. In addition the Cardiff Capital Region Cabinet will be responsible for:

- management of the Cardiff Capital Region Investment Fund;
- additional devolved funding provided to the Capital Region;
- the Cardiff Capital Region Transport Authority;
- contracting with Transport for Wales on prioritised Metro projects;
- control over devolved business rate income above an agreed growth forecast, subject to Welsh Government agreement;
- strategic planning including housing, transport planning and land use;
- influencing skills and worklessness programmes;
- an Inward investment and marketing strategy; and
- considering the scope for strengthening Capital Region governance further.

54. A comprehensive agreement will be drawn up between the participating authorities which will bind and commit each individual local authority and any successor authority (in the event of local government re-organisation) for such duration as is necessary to deliver the City Deal. The agreement will also allow for the possibility of additional functions and powers to be devolved to the Cabinet in the future.

55. The Cardiff Capital Region commit to reviewing the City Deal governance and exploring the future options for moving to even stronger and effective governance that is legally binding. The review will include consulting the Welsh Government and the UK Government to identify actions needed to take forward future governance options.

### Strategic Regional Planning

56. The Cardiff Capital Region, in partnership with the Welsh Government, will commit to the creation of an integrated strategic development plan that incorporates housing and employment land-use with wider transport plans. The strategic plan will provide the underpinning blue-print for development across the city-region.

### **Cardiff Capital Region Economic Growth Partnership**

57. A Cardiff Capital Region Economic Growth Partnership will be established to bring together business, higher education and local government. The partnership would be responsible for setting the overarching city-region economic development strategy, as well as monitoring and making recommendations to the Cabinet with regard to City Deal implementation. The partnership will have a specific role to provide advice on investment decisions. This will ensure the City Deal and other interventions make an impact on economic growth and increase employment.

58. The Partnership's membership and terms of reference will be established using the best international practice such as the Danish Growth Forums, as well as the Local Enterprise Partnership model in England and the Economic Leadership Board established in Glasgow.

### **Independent Growth and Competitiveness Commission**

59. The Cardiff Capital Region will establish an independent Growth and Competitiveness Commission to support the city region's economic and investment strategy. It will review activities related to the City Deal as well as wider economic and growth interventions.

60. The Commission's first task will be to review the evidence about the functional economic area and advise how best to generate Gross Value Added growth and support the ambitions of a dynamic capital region.

61. The Commission will be jointly established by the ten local authorities that comprise the Cardiff Capital Region in consultation with the Welsh and UK Governments.

62. The Commission will examine the challenges and opportunities for economic growth and competitiveness and make recommendations for how the Cardiff Capital Region can achieve its full growth potential.

### **Delivery, Monitoring and Evaluation**

63. Cardiff Capital region will work with the UK Government and the Welsh Government to develop an agreed implementation, monitoring and evaluation plan in advance of implementation, which sets out the proposed approach delivery and evaluating the impact of delivery.

64. The Cardiff Capital Region City Deal will be monitored by the Joint Cabinet. The joint programme management team will provide the Cabinet, the UK Government and the Welsh Government with quarterly performance report that will:

- highlight City Deal successes;
- provide a performance narrative for each element of the City Deal against agreed implementation plan timescales;
- provide information on outputs and outcomes agreed;
- identify mitigating actions for projects and programmes that are not being delivered to agreed timescales.

65. The UK Government and Welsh Government will work with the Cardiff Capital Region to agree a timetable for the production of these reports and will convene regular progress meetings.

66. The Cardiff Capital Region commit to recognising the “City Deal” in promoting and branding investments made as a result of this Deal. This includes acknowledging the UK Government equally alongside other funding partners. The Cardiff Capital Region may wish to explore a single unique brand identity that represents the whole Capital Region area and all the partners involved in delivering the City Deal.

# 1 Introduction

## 1.1 What is an Assurance Framework?

An Assurance Framework is a set of systems, processes and protocols designed to provide an evidence-based and independent assessment of the governance, risk management, and control processes of an organisation. The independence inherent to the Assurance Framework is derived from the separation between the sponsorship of projects/programmes and their appraisal and evaluation.

The Assurance Framework demonstrates how organisations will monitor, measure and scrutinise how objectives are being met and risks managed. It also details the processes used to ensure an adequate response to risks or lack of performance.

HM Treasury define Assurance Frameworks as “an objective examination of evidence for the purpose of providing an independent assessment on governance, risk management, and control processes for the organisation.”

## 1.2 Why does the CCRCW need Assurance Frameworks?

Adherence to the processes detailed in this Assurance Framework will assist in ensuring that funding and resources utilised for the purposes of the Cardiff Capital Region City Deal Wider Investment Fund (Wider Investment Fund) will be used appropriately to deliver stated outcomes.

## 1.3 Scope of the CCRCW Wider Investment Fund Assurance Framework?

The Cardiff Capital Region City Deal Investment Fund is a £1.229 billion fund consisting of a pre-allocated sum of £734m to the Metro Project and £495m to the Wider Investment Fund.

This Assurance Framework will apply to the Wider Investment Fund consisting of £375m funding provided by the UK Government and £120m committed by the constituent authorities.

The Assurance Framework will also apply to any:

- additional devolved funding provided to the Cardiff Capital Region;
- additional borrowing by the constituent authorities provided to the Cardiff Capital Region; and
- devolved business rate income above an agreed growth forecast, subject to Welsh Government agreement.

This framework does not extend to the Metro Project funding of £734m (consisting; £125m UK Government; £503m Welsh Government; and £106m ERDF funding) which is covered by a separate Assurance Framework.

## 1.4 Who is the Assurance Framework for?

The commitment to utilise the processes detailed in this Assurance Framework provides surety to the Welsh Government and UK Government related to funding provided for the CCRCW Wider Investment Fund.

The Assurance Framework is also designed to provide Constituent and non-Constituent Authorities, stakeholders, businesses and the public confidence in the activities associated with the Wider Investment Fund.

## 1.5 Approval and Monitoring of the Assurance Framework

Both the Welsh Government and UK Government must formally approve this Assurance Framework and any proposed amendments and may, from time to time, monitor its use.

The Accountable Body, for the Wider Investment Fund is responsible for ensuring adherence to the Assurance Framework. The Cardiff Capital Region Joint Assurance Committee will provide an independent scrutiny and audit function.

## 1.6 What is covered in this Assurance Framework?

This document is split into three further sections:

- **Section 2** details the governance and decision-making systems that underpin the Wider Investment Fund Assurance Framework;
- **Section 3** defines the Regional Economic Strategy and the Regional Impact Assessment tool and outlines how Candidate Schemes will be chosen, assessed and approved; and
- **Section 4** outlines the processes that will be followed to ensure effective management and review of the Framework.

This Assurance Framework document should be read in conjunction with the CCRCW Joint Working Agreement.

## 2 Governance and Decision Making

### 2.1 Geography of the Cardiff Capital Region

The Cardiff Capital Region is geographically defined by the area consisting the “Constituent Authorities” of:

- (1) BLAENAU GWENT COUNTY BOROUGH COUNCIL

### 2.2 CCR City Deal Wider Investment Fund Governance Structure

The current governance structure associated with the Cardiff Capital Regional Cabinet<sup>1</sup> (Regional Cabinet), including the Wider Investment Fund, is shown in Figure 1. This provides details of the advisory, support and scrutiny arrangements established to underpin the Regional Cabinet and is structured to provide transparency and democratic accountability.

The detail and functioning of the Regional Cabinet and associated governance structure is included in the Joint Working Agreement<sup>2</sup> and associated terms of reference, however, a general description related to roles and responsibility related to the Wider Investment Fund is provided below.

<sup>1</sup> The Cardiff Capital Region Cabinet has been established as a Joint Committee with delegated powers from the constituent authorities as defined in the Joint Working Agreement. The City of Cardiff Council will act as the Accountable Body for funding flowing through this assurance framework; however the Regional Cabinet will be the ultimate decision-making body.

<sup>2</sup> The Joint Working Agreement is the comprehensive agreement that binds and commits each individual authority and any successor authority (in the event of local government re-organisation) for such duration as is necessary to deliver the City Deal.

### **2.2.7 Advisory/Consultation Body – Welsh Government**

The Welsh Government, although not indicated as an advisory/consultation body on the CCRCW Wider Investment Fund governance chart, have statutory responsibilities and investment programmes covering many areas encompassed by the Wider Investment Fund.

It is therefore critical that any proposed investments are additional, complementary and support actions or proposals being implemented or developed by the Welsh Government. This can only be ensured by a close working relationship and effective information sharing.

Related to the Wider Investment Fund the Welsh Government will be:

- invited to actively participate in the work being undertaken in each portfolio area; and
- consulted on all Candidate Schemes.

## 2.2.8 The Independent Growth and Competitiveness Commission

The Regional Cabinet established a ‘task and finish’ Commission to:

- Review the evidence about the functional economic area and advise how best to generate Gross Value Added growth and support the ambitions of a dynamic capital region in a successful Welsh Economy; and
- Examine the challenges and opportunities for economic growth and competitiveness and make recommendations for how the Cardiff Capital Region can achieve its full growth potential, and contribute most to the Welsh Economy.

The membership of the Commission consisted of Greg Clark, Helen Molyneux, Alexandra Jones, Julie-Ann Haines and Kevin Gardiner and they were supported by Cardiff University.

The Commission was established in August 2016 and completed its task on 16<sup>th</sup> December 2016 by publishing its recommendations. A number of the Commission’s recommendations are referenced in this Assurance Framework.

## 2.2.9 The Regional Office

The Regional Office will provide the Regional Cabinet, the UK Government and the Welsh Government with quarterly performance reports<sup>6</sup> that will<sup>7</sup>:

- Highlight City Deal success;
- Provide a performance narrative for each element of the City Deal against agreed implementation plan timescales;

- Identify mitigating actions for projects and programmes that are not being delivered to agreed timescales.

The Regional Office will be responsible for ensuring that this Assurance Framework is adhered to by developing, implementing, maintaining and monitoring a comprehensive performance management system and evaluation framework that will operate at both the corporate level and at the scheme level.

The Regional Office will ensure that all submitted schemes are eligible and that details of Candidate Schemes are issued to the appropriate Advisory/Consultation Bodies for their observation and those observations are used as part of the Assessment Framework.

The Regional Office will be responsible for the management of the programme contained in the Regional Economic Strategy, gateway reviews, and the annual Business Plans including performance and financial management of the delivery programme, undertaking due diligence as required.

The Regional Office will provide support to the Regional Cabinet including administration, engagement, and communication including events and press. The Regional Office will act

---

<sup>6</sup> The UK Government and Welsh Government will work with the Regional Cabinet to agree a timetable for the production of these reports and will convene regular progress meetings.

<sup>7</sup> Cardiff Capital Region City Deal Heads of Terms Item 64

as the delivery mechanism to enable the Accountable Body to discharge its duties in respect of the City Deal Wider Investment Fund.

The Regional Office will remain functionally independent of the Accountable Body and will be responsible for discharging those functions set out above; it will not discharge those statutory requirements which are the responsibility of the Accountable Body as the Legal entity.

### **2.2.10 The Cardiff Capital Region Programme Board**

The Cardiff Capital Region Programme Board (Programme Board) membership will consist of the City Deal Programme Director, CEX/Managing Director and/or nominated Director, Programme Manager, Strategic Directors, or equivalent, from each constituent authority, specialist officers, and legal and financial representatives from the Accountable Body.

Related to the Wider Investment Fund the Programme Board will have three distinct roles:

- Providing Portfolio support by:
  - appointing Theme Leads, from their membership, to support the Portfolio Leads and Portfolio Officers established by the Regional Cabinet;
  - under each Theme establish a Strategic Regional Group and, as required, Task & Finish Groups to develop Wider Investment Fund proposals;
  - under each Theme develop a series of Candidate Schemes for assessment under the Candidate Scheme Appraisal Framework;
  - advise on the strategic direction for the portfolio area and assist in the development of a portfolio work programme to drive forward delivery.
- Monitor Portfolio development by:
  - providing support and collective challenge to the Portfolios and Themes including the Strategic Regional Groups and Task & Finish Groups, to ensure their work progresses the development of proposals in line with the Regional Economic Strategy including objectives and targets;
  - oversight of performance and delivery of the portfolios
- Prepare recommendations on individual Candidate Schemes and the overall programme of the Wider Implementation Fund by:
  - ensuring that all Candidate Schemes are assessed in accordance with the Wider Investment Fund Candidate Scheme Appraisal Framework;
  - preparing recommendations on Candidate Schemes whilst ensuring due regard is given to the observations provided by the Advisory/Consultation Bodies and the independent assessment;
  - providing recommendations to the Regional Cabinet on all Candidate Schemes;
  - considering the Wider Investment Fund programme of schemes as a whole to ensure they work effectively together to maximise outcomes by assessing 'total impact' and not just economic considerations;
  - providing recommendations to the Regional Cabinet on Wider Investment Fund delivery programme as a whole.

To allow the Programme Board to undertake all three functions a clear distinction will be drawn between those involved in specific Candidate Scheme development and those preparing recommendations on those schemes to the Regional Cabinet. A robust system of declaration of conflict of interest will be put in place.

## **2.3 Status and Role of the Accountable Body**

One of the constituent authorities will be defined as the Accountable Body for the Regional Cabinet and the Wider Investment Fund and will be responsible for ensuring that funding decisions made by the Regional Cabinet are lawful and appropriate.

As the Accountable Body, overall financial arrangements are managed and accounted for through its financial systems and subject to the Standing Orders and Governance systems of that body. Funding allocated to the Regional Cabinet as part of the Cardiff Capital Region City Deal will be paid to the Accountable Body who shall ensure that those funds remain identifiable from the Accountable Body's own funds.

The Accountable Body shall, subject to the statutory role of each constituent Council's monitoring officer in relation to their Council, provide for the purposes of the Wider Investment Fund the services of its monitoring officer and employ any staff appointed by the Regional Cabinet. Subject to the statutory role of each constituent Council's s151 officer in relation to their Council, the Accountable Body shall provide for the purposes of the Regional Cabinet services of its Chief Financial Officer as Treasurer to the Regional Cabinet.

The Accountable Body shall supply the Regional Office with such support services as may reasonably be required, these may include services such as financial, legal, audit and other professional and/or technical services.

The full details and responsibilities related to the Accountable Body will be included in the Joint Working Agreement and will include; ensuring that the decisions and activities of the Regional Cabinet conform with the legal requirements regarding equalities, environmental, legislation, ensuring that funds are used legally and appropriately; and administrative functions such as payroll, preparing statement of accounts, VAT returns and liaising with external audit etc.

In performing this role, the Accountable Body as the Legal Entity therefore has responsibility to discharge all the statutory requirements in respect of the City Deal Wider Investment Fund, and is ultimately accountable for the actions of the Regional Office. The Accountable Body will ensure that it acts in a manner that is transparent, evidence based, consistent and proportionate.

## **2.4 Stakeholder Engagement and Transparency**

Engagement with and feedback from constituent and neighbouring local authorities, stakeholders and the public has been, and will continue to be, key in shaping and defining the Regional Cabinets' actions.

Monthly newsletters will be distributed to stakeholders throughout the City Region informing them of current and planned activities and how to get involved.

Regular social media updates concerning relevant activity will be provided via the CCRCD Twitter handle @CCRCityDeal.

A calendar of events will be developed and made available on the CCRCD website [www.cardiffcapitalregioncitydeal.wales](http://www.cardiffcapitalregioncitydeal.wales), and on-going PR campaign will inform stakeholders of CCRCD activity.

Stakeholders will be able to contact the CCRCDC via the CCRCDC website's contact form [www.cardiffcapitalregioncitydeal.wales](http://www.cardiffcapitalregioncitydeal.wales) or through social media @CCRCityDeal.

The public and stakeholders will be able to provide input via the contact form on the CCRCDC website [<https://cardiffcapitalregioncitydeal.wales>]. Stakeholders will be made aware of how to provide input by being informed via the CCRCDC newsletter which is available online.

Communications, engagement and marketing strategies will be developed and implemented to maximise participation and involvement and will be designed to promote and facilitate the use of the Welsh language and comply with the standards imposed by the regulations approved under the Welsh Language (Wales) Measure 2011.

The Regional Cabinet is committed to transparency in its decision-making and activities, but also recognises that for it to operate effectively there are some circumstances in which it must maintain confidentiality, particularly where commercial sensitivities are involved.

The Regional Cabinet is subject to the same accountability and transparency legislative provisions for decision making as Local Government, including public notice of meetings and the business to be conducted at those meetings, Access to Information Rules and Freedom of Information Act 2000.

The use of resources by the Regional Cabinet is subject to standard local authority checks and balances. In particular, this includes the financial duties and rules which require councils to act prudently in spending, and publish annual accounts. The development of these checks and balances will be overseen and managed by the Accountable Body.

# 3 Strategy, Programme and Prospectus

## 3.1 A Regional Economic Strategy

The Regional Cabinet, using the research and recommendations from the Growth and Competitiveness Commission, are preparing a Regional Economic Strategy that will support a competitive inclusive Cardiff Capital Region, playing to the strengths of the areas within the region to increase overall opportunity, mobility, jobs and investment<sup>8</sup>.

The Regional Economic Strategy will clearly define the regional objectives and include a programme detailing the targets expected from the City Deal during its lifetime and beyond<sup>9</sup>; together with the indicative spend profile for the wider investment fund (comprising of the HMT Contribution and the Council Contribution in the aggregate sum of £586,000,000). Although focussed on the economy the Regional Economic Strategy will also playing a role in improving the social, environment and cultural well-being of the region and may include additional targets to reflect this.

Although the procedures for the use of the Wider Investment Fund are necessarily detailed the principles are straightforward:

- The Regional Economic Strategy will contain a programme which details the expected targets to be achieved from the City Deal;
- Candidate schemes for the Wider Investment Fund will be assessed to measure how they will support the delivery of these targets; and
- A balanced programme of delivery will be managed to ensure that the defined targets are achieved.

The Regional Economic Strategy will be developed in accordance with the 'sustainable development principle' and in setting regional objectives and targets will seek to support and promote the seven well-being goals as detailed in the Well-being of Future Generations (Wales) Act.

## 3.2 A Regional Impact Assessment Tool

To assist in the process of assessing Candidate Schemes and measure to what extent they will support the delivery of the targets, detailed in the Regional Economic Strategy, a Regional Impact Assessment Tool is being developed.

The tool will select a broad range of indicators and factors, which are known to have a positive impact on the targets detailed in the Regional Economic Strategy, and be used to measure the level by which Candidate Schemes can contribution to those targets and assess their value for money.

The tool will be designed to consider wider sustainable development objectives and be able to assess and highlight the positive impact proposed Candidate Schemes can have on both

---

<sup>8</sup> Growth and Competitiveness Commission Report – Recommendation 2 Economic Strategy

<sup>9</sup> It is likely that the Regional Economic Strategy will include the specific outcomes recommended by the Growth and Competitiveness Commission, for example on productivity, at least 90% of UK average, median earnings to 95% of UK figure, 25,000 new jobs, employment rate of 70.5%.

social and environmental outcomes and other indirect and non-monetised benefits promoted by the City Deal and included in the Regional Economic Strategy.

An important aspect of this assessment tool will be its ability to identify the spread of any potential benefits to ensure geographic balance across the region and the ability of schemes to target need.

### **3.3 A Prospectus for Growth and Prosperity**

For the purposes of the Wider Investment Fund schemes can take several forms including projects, programmes, investments, funds, loans, grants and contributions and may seek support in the form of capital and/or revenue funding.

The variation in potential schemes and funding requirements reflects the multi-strand approach advocated by the Growth and Competitiveness Commission<sup>10</sup> and the wider investment priorities of the Regional Cabinet<sup>11</sup> who are committed to invest in those schemes which support regional economic growth and may cover areas as diverse as regeneration & infrastructure, housing, skills, transport, digital, business growth and sector development, research & development and innovation.

Work is being undertaken under each Regional Cabinet portfolio heading to define groupings of schemes. These groupings will be used to produce a prospectus of eligible scheme types. This strategic approach, rather than an open unstructured bidding process, will ensure a comprehensive, balanced programme that is evidence based and targeted to deliver regional economic growth.

Advice and guidance will be sought from the Regional Advisory/Consultative Bodies in the production of this prospectus to ensure that it includes sufficient flexibility to accommodate changing economic priorities, trends and business needs.

The Wider Investment Fund Prospectus (Prospectus) will define the eligible scheme types and detail the full list of Candidate Schemes showing their various stages of development through the Appraisal Framework including those schemes sufficiently developed to be included on the Wider Investment Fund Delivery Programme (Delivery Programme). The Prospectus will therefore be a live document under constant review and update.

To support this strategic approach and ensure a broad range of interventions, based on evidence, the Regional Cabinet may consider introducing initial indicative allocations of funding in relation to each portfolio and theme within the Prospectus. This approach could assist when assessing the affordability of any candidate schemes.

### **3.4 Candidate Schemes**

Having created a prospectus of eligible scheme types, to ensure a strategic approach to investment, a process to allow appropriate schemes to be submitted for consideration will be introduced.

Candidate Schemes can be submitted by the following 'Candidate Scheme Sponsors':

- Portfolio Leads;
- The constituent authorities;

---

<sup>10</sup> Growth and Competitiveness Report Page 4

<sup>11</sup> CCRCD Heads of Terms Item 16

- Welsh Government;
- UK Government;
- Advisory/Consultative Body; and
- Stipulated Stakeholder.

Portfolio Leads are supported by Portfolio Officers, Theme Leads and associated Strategic Regional Groups ensuring that sufficient suitable Candidate Schemes are being identified and developed for appraisal.

Other Candidate Scheme Sponsors can submit proposals directly for appraisal; however, they are encouraged to actively participate in the appropriate Strategic Regional Group. This will ensure the effective development of proposals which can be submitted jointly with the Portfolio Leads.

In addition, the Regional Cabinet may consider issuing a periodic open call for eligible schemes.

### **3.5 CCR Wider Investment Fund Scheme Appraisal Framework**

Regardless of how the candidate schemes have been submitted they will all be required to follow the same appraisal process which has been developed to be transparent and equitable. This will also apply to Candidate Schemes which are only requesting partial support or a contribution and may be subject to other Appraisal Frameworks or assessment processes. Where this is the case, the Wider Investment Fund portion of the investment will be treated in the same way as a standalone scheme.

The Wider Investment Fund Scheme Appraisal Framework is shown in Figure 2 and illustrates the Gateway system to be used including business case requirements, consultation, assessment process, and the recommendation and decision making protocol.

The Assessment Framework will identify those Candidate Schemes in the Prospectus which are eligible to enter the Delivery Programme.

The Regional Office is responsible for co-ordinating and managing the Appraisal Framework including procuring external independent assessments of business cases and for ensuring the separation between the sponsorship of projects/programmes and their appraisal and evaluation.

The Regional Office will produce a set of guidance documentation, including proforma, for Candidate Scheme Sponsors, detailing the various stages of the Appraisal Framework.

The appraisal process is consistent with HM Treasury's Green Book and Business Case Appraisal process and is based on the five cases model; the strategic case; the economic case; the commercial case; the financial case; and the management case.

Figure 2: CCRCW Wider Investment Fund Scheme Assessment Framework

The appraisal process will apply the principle of proportionality, with more detailed information being required for large, complex or contentious schemes. This is important to ensure Candidate Scheme Sponsors are not discouraged from submitting less complex schemes whilst ensuring that large investments are scrutinised and tested appropriately.

### 3.6 Appraisal Criteria

The main factor in assessing candidate schemes will be the extent to which they contribute to the targets detailed in the Regional Economic Strategy and their value for money, however, to make these assessments detailed information on those proposed schemes is required and will be developed by addressing the criteria detailed below.

The City Deal provides an opportunity to continue tackling the area's barriers to economic growth by: improving transport connectivity; increasing skill levels still further; supporting people into work; and giving businesses the support they need to innovate and grow. The City Deal therefore includes<sup>12</sup>:

- Connecting the region;
- Support for innovation and improving the digital network;
- Developing a skilled workforce and tackling unemployment;
- Supporting enterprise and business growth; and
- Housing development and regeneration.

In addition, the City Deal, over its lifetime, is expected to deliver up to 25,000 new jobs and leverage an additional £4 billion of private sector investment.

All Candidate Schemes are required to demonstrate how they will contribute to one or more of these objectives, and others contained in the Regional Economic Strategy, and why the scheme is needed.

The Growth and Competitiveness Commission have recommended that all Candidate Scheme should also demonstrate<sup>13</sup>:

- ❖ Significant scale;
- ❖ A positive impact on GVA;
- ❖ A positive impact on jobs;
- ❖ An impact beyond the local boundary area of where the investment takes place and does not displace activity within the city-region;
- ❖ Alignment with the proposed Metro investment, including investment that can unlock benefits of the Metro and address access constraints;

In addition, schemes need to demonstrate a quantifiable impact on at least two of the following:

---

<sup>12</sup> Cardiff Capital Region City Deal Heads of Terms – Executive Summary.

<sup>13</sup> Growth and Competitiveness Commission Report – Recommendation 3 City Deal Investment Principles.

- Increasing employment rates (by constituency) in areas where employment rates are below the Cardiff Capital Region average;
- Increasing earnings in areas with below average earnings for the Cardiff Capital Region;
- Supporting enterprise growth and productivity gains;
- Supporting people out of employment into employment.

All Candidate Schemes are required to respond to the Growth and Competitiveness Commission investment principles demonstrating how and to what degree they comply with these recommendations.

All Candidate Schemes are required to quantify their economic impact, employment creation, scale-ability and leverage. Candidate Schemes will also have to demonstrate they are deliverable, represent value for money and that they comply with the necessary regulations including legal and state aid requirements.

### **3.7 Business Case Development**

Three stages of business case development are required in the appraisal process:

- the Initial Proposal (Strategic Outline Case);
 

This is particularly important as it will focus on establishing the case for the proposal and although at this stage the scheme is not necessarily expected to be fully worked up or immediately deliverable the level of information must be sufficient to gain a clear understanding of the scheme, how it addresses the Appraisal Criteria, estimated costs and benefits.
- the Outline Business Case (OBC);
 

This will be a substantive business case document and will include a thorough options appraisal to justify the preferred option and an assessment of value for money to underpin the economic case.
- the Full Business Case (FBC).
 

This will build on the information in the OBC and confirm the scheme has the necessary contractual/procurement and delivery arrangements in place to allow the scheme to proceed.

As indicated previously, the appraisal process will apply the principle of proportionality which may result in the OBC and FBC stages being combined depending on the level and quality of information provided and the complexity of the scheme.

### **3.8 Support for Candidate Scheme Development**

The Regional Cabinet may allocate, on request or application, funding to portfolios to support pre-feasibility and feasibility studies, and development of initial proposals and business cases to ensure that high quality Candidate Schemes are available.

### **3.9 Value for Money**

Each Candidate Scheme must demonstrate value for money i.e. the optimal use of resources to achieve the intended outcomes.

The National Audit Office use three criteria to assess value for money:

- economy – minimising the cost of resources used or required – spending less;
- efficiency – the relationship between the outputs from goods or services and the resources to produce them – spending well; and
- effectiveness – the relationship between the intended and actual results of public spending – spending wisely.

In basic terms value for money is the degree to which benefits exceed costs and the use of HM Treasury's Green Book and Business Case Appraisal process in assessed Candidate Schemes is expected to demonstrate the potential value of any scheme.

The Candidate Scheme business case is also expected to refer, where appropriate, to guidance on value for money and other benefits specific to the nature of the proposed scheme, this will include demonstrating social return on investment and local multiplier benefits. The business case may also highlight how the schemes procurement might improve economic, social and environmental well-being of the region and how such improvements might be secured in its implementation.

The Regional Cabinet when deciding on whether to support a Candidate Scheme will take a wide range of evidence into consideration in addition to the level of value for money. There may be occasions when, although the measure of value for money is low, due to the wider regional economic impacts on the Regional Economic Strategy targets, cost effectiveness, environmental and social impact, and leverage of additional funding the Candidate Scheme will be supported.

### **3.10 Assessment Process**

The role of the Assessment Process is to provide the framework through which a judgement can be made about whether each scheme is robust and has been rigorously assessed against a specific set of criteria to ensure that it achieves value for money.

The Candidate Scheme Sponsors will submit a Candidate Scheme Initial Proposal to the Regional Office who will categorise it against the Scheme Prospectus eligibility groupings and refer it to:

- the appropriate Advisory/Consultation Body with a request to provide observation on the proposed scheme; and
- the external business case assessor requesting that they undertake an independent review with reference to the impact assessment tool.

The Initial Proposal, with the observations and review, will be submitted to the Programme Board who are required to assess all available data and determine if:

- The case is sufficiently strong for the Candidate Scheme to move onto the next stage; or
- The scheme is returned to the Candidate Scheme Sponsor with details of where the Initial Proposal is currently not sufficiently strong to allow it to move forward to the next stage.

If the scheme is supported to go to the next stage the Candidate Scheme Sponsor will be requested to submit an Outline Business Case which, when received, will be sent to

the external business case assessor requesting that they undertake a further review of the additional detail provided.

This review will be submitted to the Programme Board who can make the following recommendations to the Regional Cabinet:

- The scheme does not fall within the Wider Investment Fund scope;
- The scheme does not provide sufficient regional benefit and should be rejected;
- The scheme, although not seeking Wider Investment Funding, is supported and should be promoted as it aligns with the overall objectives of the City Deal;
- The scheme's Outline Business Case is currently not sufficiently strong and should be returned to the Candidate Scheme Sponsor for further work; or
- The scheme should move to the next stage.

The Regional Cabinet will consider the recommendations and resolve either to accept them or based on the available data agree an alternative course of action.

If the Regional Cabinet resolve that the scheme go to the next stage the Candidate Scheme Sponsor will be requested to submit a Full Business Case which, when received, will be sent to the external business case assessor requesting that they undertake a further review of the additional detail provided. The Regional Office, in liaison with the Accountable Body, would also be requested to provide both legal and financial assessments of the proposal.

The review and assessments would be provided to the Programme Board who would submit recommendations to the Regional Cabinet.

The Regional Cabinet, as the decision-making body, would have the responsibility of confirming that the Candidate Scheme is eligible for inclusion in the Delivery Programme.

To ensure that the assessment process is equitable the Regional Office are preparing detailed guidance notes and also proforma for use in the process.

### **3.11 State Aid**

Processes are being established to ensure that schemes supported by the Wider Investment Fund are State Aid compliant.

The business case templates will require Project Sponsors to confirm that their scheme complies with State aid Regulations and does not contravene State Aid Legislation. The templates will also require Project Sponsors to outline what advice (e.g. legal advice) they have had in relation to State Aid, and to confirm their acceptance of the following:

*“All applicants need to take steps to satisfy themselves that any CCR Wider Investment Fund funding approved does not amount to unlawful State Aid. A declaration of compliance with EU State Aid regulations will be required prior to any funding being provided. If your project is awarded funds it will be subject to a condition requiring the repayment of any funding in the event that the European Commission determines that the funding constitutes unlawful State Aid.”*

Where required, the Accountable Body will also conduct legal due diligence to obtain further confidence that State Aid requirements have been met.

### **3.12 From Prospectus to Delivery Programme**

The Wider Investment Fund will be used to invest in a broad range of interventions over its life time to unlock significant economic growth across the region and it can only achieve its objectives through the delivery of an effective Delivery Programme that accounts for and takes advantage of the interdependencies between individual schemes.

Each portfolio will undertake work to develop schemes and produce a potential delivery programme. However, it is recognised that each individual programme will vary related to timescales for development and implementation. In addition, financial profiles and limits, for both the Wider Investment Fund and other funding sources, may dictate when and to what scale proposals can be funded.

The final decision to release Wider Investment Funds rests with the Regional Cabinet and to do this effectively they will be responsible agreeing the Delivery Programme which delivers on their commitments, is affordable, and value for money.

Candidate Schemes which have successfully passed through the Assessment Framework will be eligible to be included on the Delivery Programme.

### **3.13 The CCR Wider Investment Fund Delivery Programme**

The Wider Investment Fund Delivery Programme (Delivery Programme) will be informed by the details on the number, size and timescales of schemes being progressed through the portfolio and ideally once a scheme's Full Business Case has been approved it will move directly to the Delivery Programme via an offer letter/contract.

In some instances, due to existing financial commitments or changes in priority, schemes may not progress immediately to implementation and the Delivery Programme should clearly reflect these changing circumstances and how they will affect the scheme.

The Regional Cabinet will undertake regular reviews of the Delivery Programme to ensure that it is suitable to deliver on the broad range of interventions necessary to achieve the targets detailed in the Regional Economic Strategy by tackling the regions barriers to economic growth and that it reflects the regions current economic needs.

These Delivery Programme Reviews will assess the balance of interventions and ensure those schemes most likely to deliver on the targets detailed in the Regional Economic Strategy, which are affordable and can be delivered within required timescales, are prioritised.

To commence the process of programme development the Regional Cabinet will, in the first instance, agree an Implementation Plan outlining its proposals for the first 5 years.

### **3.14 Candidate Scheme Offer of Support and Contract Management**

Candidate Schemes eligible for inclusion on the Delivery Programme will undergo a due diligence assessment.

Following approval by the Regional Cabinet the Regional Office working in conjunction with the Accountable Body will prepare an offer letter/contract for agreement with the Project Sponsor or other relevant applicant.

The offer letter may vary according to scheme type, size and complexity but is likely to contain the following which will be monitored by the Contract Management Team within the Regional Office:

- A financial profile – including monthly income and expenditure:
- A profile of outputs and outcomes to be achieved – with key milestones for delivery;
- A risk management log – detailing potential risks to the successful delivery of the scheme and how they will be managed;
- A monthly/quarterly schedule for returning monitoring information; and
- Post completion requirements

### **3.15 Interim Transition Plan**

To apply the CCR Appraisal Process in full a number of supporting processes and actions need to be put in place including:

- A Cardiff Capital Region Economic Strategy defining the regional objectives and including a programme detailing the targets expected from the City Deal during its lifetime and beyond, together with the indicative spend profile for the Wider Investment Fund;
- A Cardiff Capital Region Impact Assessment Tool;
- Establishing the Cardiff Capital Region Advisory/Consultative Bodies; and
- Producing detailed guidance notes and proforma

To assist in co-ordinating and programming these events an Interim Transition Plan is being put in place which will set time-lines for development and detail how potential schemes will be dealt with during this interim phase.

## 4 Management, Evaluation and Review

### 4.1 Separation between Sponsorship, Assessment and Approval

For this Assurance Framework to be effective it must establish a clear separation between the sponsorship of schemes and their appraisal, evaluation and approval.

All processes and systems will make a clear distinction between those involved in the development of Candidate Schemes and those responsible for their assessment, submitting recommendations related to their suitability and providing approval.

This division of role will apply across the Appraisal and Assessment Frameworks and will mean that those involved in a portfolio will not take part in the appraisal or approval of any Candidate Schemes within that portfolio. This is especially relevant at both the Programme Board, when preparing recommendations, and at the Regional Cabinet when making decisions.

### 4.2 Performance Management System

The Regional Office, in liaison with the Accountable Body, is developing a comprehensive performance management system and evaluation framework which will encompass the decision-making process and programme and scheme delivery. This system will enable the Regional Cabinet to:

- Assess the effectiveness, efficiency and value for money of schemes and the overall programme;
- Monitor impact and progress towards agreed aims and goals, and to understand whether schemes are on track to deliver projected outputs and outcomes;
- Maintain scrutiny and accountability;
- Inform future investment priorities and resource allocations; and
- Inform future activities and delivery and the sharing of best practice.

Monitoring and evaluation of the Wider Investment Fund will operate at two interconnected levels, at the level of individual scheme, as defined at the FBC stage through the Assurance Framework; and at the level of the overall Delivery Programme. For schemes of significant scale or complexity the Regional Cabinet may resolve to procure external evaluation.

It will be important that monitoring and evaluation exercises are scheduled to ensure a sufficient evidence base for the 5-year Gateway Review; they will therefore cover impact and economic evaluation as well as process evaluation.

When undertaking the evaluation exercise use will be made of the Regional Impact Assessment tool and its broad range of indicators and factors, which are known to have a positive impact on the targets as detailed in the Regional Economic Strategy.

It is essential that all schemes have an effective monitoring and evaluation plan in place to assess the effectiveness of public spending over time, and so that lessons can be learnt. Schemes will monitor against the outcomes described in the economic case.

Responsibility for monitoring at a strategic level will lie with the Regional Office, whilst at the scheme level responsibility will lie with Scheme Sponsors, with the Regional Office setting compliance measures and ensuring they are adhered to and reported as required.

Over time, prioritisation and sequencing will also involve a feedback loop through which the outcomes of the monitoring and evaluation work will be used to shape future investment priorities.

### **4.3 Risk Management**

A key role of the Assurance Framework is to ensure that risk is identified, monitored and managed appropriately, both at a corporate level and at Delivery Programme and scheme level.

To identify, monitor, manage and mitigate risks at the corporate level, a Corporate Risk Register is being developed aligned to the Wider Investment Fund objectives.

The key principle of the Corporate Risk Register is to identify strategic risks, determine where and by whom such risks are borne, to establish controls to prevent the identified risk (such as funding shortfall) from materialising or establish ways to reduce the impact. The Register will not be limited to financial risks.

As part of the business case evaluation process, Candidate Scheme Sponsors are required to develop a Scheme Risk and Issues Log. This will detail all of the schemes specific risks that have been identified during the development phase of the scheme.

Within the business case templates, being developed, the Sponsor will be required, for key risks, to estimate the impact of the risk materialising and probability of the risk occurring, attribute the risk with a Red, Amber, Green (“RAG”) rating, identify the risk owner, and provide a strategy for risk mitigation.

Scheme risks will be aggregated and reviewed at the strategic level by the Regional Office.

### **4.4 Contract Management**

On acceptance of an offer of support the Project Sponsor or other relevant applicant will become responsible for overseeing the successful implementation and delivery of the scheme. The Regional Office, in liaison with the Accountable Body, will establish a system identifying responsibilities for the production and submission of monitoring information.

The Regional Office will be responsible for collating, recording and reporting on the progress of the individual schemes as well as the overall Delivery Programme. Where schemes do not achieve their agreed milestones for delivery the responsible person will be required to provide evidence to demonstrate they are able to get back on programme. Schemes which consistently fail to meet projected performance, both financial and output, may have funding withdrawn.

### **4.5 Equality, Diversity and Wellbeing**

A key requirement for the Wider Investment Fund is to ensure that ‘equality duty’ is considered and programmes contribute to a fairer society and pay due regard to eliminating unlawful discrimination, advancing equality of opportunity and fostering good relations.

The Wider Investment Fund will also support the Well-being of Future Generations (Wales) Act by playing a role in improving the social, economic, environment and cultural well-being of Wales.

During the application for Wider Investment Funds scheme sponsors will be required to provide evidence they are complying with their equality duties and are supporting the 7 Well-being goals. This will be assessed through an evaluation of the business case templates submitted by applicants.

## 4.6 Annual Assurance Framework Review

The Assurance Framework is a 'live' document and will be subject to an annual review to ensure that material is kept up to date and to provide quality assurance on the Assurance Framework itself.

It is anticipated that the Assurance Framework will continue to evolve and develop overtime and will reflect any changes to governance arrangements, aims and objectives, economic and social priorities and Candidate Schemes criteria.

There will be a need for the Regional Cabinet in response to changes and initiatives<sup>14</sup> which take place in the period between annual reviews. The Regional Cabinet will, having sought advice if appropriate, instruct interim changes or amendments to be made which will then be regularised at the next annual review.

The Regional Assurance Committee will have a crucial role in both assessing and recommending changes to the Assurance Framework.

## 4.7 Five Year Gateway Review

Through the CCR City Deal Agreement, the UK Government committed to providing the CCR City Deal with £500m over 20 years, £125m for the Metro Project and £375 for the CCR Wider Investment Fund. The £375 million is proportioned as years 1-5 at £50 million revenue, and years 6-20 at £325 million capital. The full allocation of the funding is subject to the CCRCD's successful completion of the Five Year Gateway Review, which will evaluate the impact of the CCRCD's investment of the funding in the five year period up to the Gateway Review.

Five-yearly Gateway Reviews may be used to assess investments' impact and presently the guidance suggests that economic growth will be the primary metric against which impact is assessed. However, more recent reviews recognise the fact that local and national economic impact of the Investment Fund might not be observable after five years. As a result, the national evaluation panel may use appropriate metrics, such as whether investments are being delivered to time and to budget. Although definitive assessment criteria have not been provided it is anticipated that the Regional Cabinet will have the ability to shape the assessment criteria so that it aligns with the objectives set out in its Regional Economic Strategy.

---

<sup>14</sup> Examples of such changes or initiatives would include the Welsh Government's proposal to introduce a National Infrastructure Commission, the National Development Framework and the setting up of a Valleys Task Force.

<b>Deal Element: Summary:</b>	<b>1. South East Wales Metro</b>				
	<p><i>Given the importance of the Metro to the UK Government, Welsh Government and Cardiff Capital Region, a proportion of city deal funding is pre-allocated to the delivery of this scheme (which, for the avoidance of doubt, such funding shall not include any Council's Contribution or any obligation under the Joint Working Agreement). This pre-allocation focuses on Metro phase 2, the delivery of the Valley Lines Electrification and Modernisation programme. This City Deal reconfirms the continued shared ambition of both Governments and the Cardiff Capital Region to deliver this Metro scheme. £734 million of the £1.2 billion funding has already been committed to the delivery of this scheme. As part of this City Deal the Welsh Government commits to involving the Cardiff Capital Region in the co-design of the wider Metro scheme and in the procurement of a delivery organisation, subject to an agreed MoU."</i></p>

<b>Deal Element:</b>	<b>3. Investing in Innovation and the Digital Network</b>		
<b>Summary:</b>	<p>The Cardiff Capital Region has an aspiration to extend the “arc of innovation” that runs along the M4 corridor into the Cardiff Capital Region. Capitalising on the research strengths of the Region’s three universities, the Cardiff Capital Region will designate an “Innovation District” that helps to: create and nurture new high growth businesses; increases investment in research and development; and provides the skills that businesses need now and in the future, significantly improving the commercialisation of IP. Within the context of an Innovation District, there are a set of key and connected interventions that would provide a foundation for investment in innovation growth; grow a cluster of international significance around advanced compound semi-conductors; target and try out new ways of working in public services through a regional ‘testbed’ piloting developments in open and big data and unlocking the economic value of public procurement and building an industrial accommodation strategy for co-working innovation hubs.</p>

# Cardiff Capital Region City Deal

## Executive Summary

1. Cardiff Capital Region has secured a deal worth £1.2 billion. Over its lifetime, local partners expect the City Deal to deliver up to 25,000 new jobs and leverage an additional £4 billion of private sector investment.

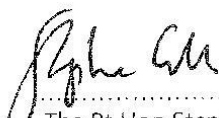

2. This City Deal will provide local partners with the powers and the resources to unlock significant economic growth across the Cardiff Capital Region. It is a deal that builds on the region's sectoral strengths, its high skill base and three successful universities. The City Deal also provides an opportunity to continue tackling the area's barriers to economic growth by: improving transport connectivity; increasing skill levels still further; supporting people into work; and giving businesses the support they need to innovate and grow.

3. This deal will also develop stronger and more effective leadership across the Cardiff Capital Region, enabling ten local authority leaders to join up decision making, pool resources and work more effectively with local businesses.

4. The Cardiff Capital Region City Deal includes:

- **£1.2 billion investment in the Cardiff Capital Region's infrastructure.** A key priority for investment will be the delivery of the South East Wales Metro, including the Valley Lines Electrification programme.
- **Connecting the region.** The Cardiff Capital Region will establish a new non-statutory **Regional Transport Authority** to co-ordinate transport planning and investment, in partnership with the Welsh Government.
- **Support for innovation and improving the digital network.** To develop capabilities in Compound Semiconductor Applications the UK Government will invest £50 million to establish a new Catapult Centre in Wales. The Cardiff Capital region will also prioritise investment in research and development and provide support for high value innovative businesses.

## Introduction

5. The Cardiff Capital Region is comprised of ten local authorities: Blaenau Gwent; Bridgend; Caerphilly; Cardiff; Merthyr Tydfil; Monmouthshire; Newport; Rhondda Cynon Taff; Torfaen; and Vale of Glamorgan. It is the largest city-region in Wales and accounts for approximately 50% of the total economic output of the Welsh economy, 49% of total employment and has over 38,000 active businesses.
6. The Cardiff Capital Region is an area where people want to live and work. With two cities (Cardiff and Newport) at its core, the region has seen significant regeneration and investment over recent decades. Cardiff, as the capital city, is now dynamic, fast growing and forecast to have a higher population growth rate over the next 20 years than any other city in the UK.
7. The area is home to a range of competitive business clusters with significant international and indigenous businesses across sectors such as: financial services; creative and digital industries; advanced manufacturing; life sciences; energy; and energy supply. These business clusters are serviced through a wide and supportive ecosystem. This ecosystem contains a thriving higher education sector which includes Cardiff University, Cardiff Metropolitan University and the University of South Wales.
8. However, despite these strengths, numerous challenges remain. Gross Value Added, which is a measure of goods and services produced in an area, is lower than all but one of the English Core City Regions. There are also connectivity issues across the region which makes it more difficult for people in Valley's communities to access economic opportunities.
9. Recognising these opportunities and challenges all the signatories to this deal are working together to realise the vision for the Cardiff Capital Region, which is to: *“work together to improve the lives of people in all our communities. We will maximise opportunity for all and ensure we secure sustainable economic growth for future generations”*. This City Deal provides local partners with further powers and tools to realise this vision.

## Key Elements of the Deal

### Cardiff Capital Region Investment Fund

10. This City Deal sets out a transformative approach in how the Cardiff Capital Region will deliver the scale and nature of investment needed to support the area's growth plans. Central to this will be the development of a 20 year £1.2 billion Investment Fund, which the Cardiff Capital Region will use to invest in a wide range of projects.

11. Both the UK and Welsh Government are contributing £500 million to this fund respectively. The Welsh Government funding will be provided over the first seven years of the Investment Fund, from 2016/17 to 2022/23. The ten local authorities in the Cardiff Capital Region will contribute a minimum of £120 million over the 20 year period of the Fund. In addition, over £100m from the European Regional Development Fund has been committed to delivering the City Deal.

12. The Cardiff Capital Region believes investments in these areas will deliver up to 25,000 new jobs and bring forward at least £4 billion of additional investment from local partners and the private sector by 2036.

### South East Wales Metro

13. A key priority, which the City Deal Investment Fund will support, is the delivery of the South East Wales Metro. The scheme has the potential to provide a significantly improved public transport system that will transform the way people travel around the region.

14. Given the importance of the Metro to the UK Government, Welsh Government and Cardiff Capital Region, a proportion of the Investment Fund will be pre-allocated to the delivery of this scheme. This pre-allocation focuses on both phases of the wider Metro scheme. These are:

- The delivery of the Valley Lines Electrification programme. This City Deal reconfirms the continued shared ambition of both Government's and the Cardiff Capital Region to deliver this element of the wider Metro scheme. £325 million of the £1.2 billion Investment Fund has already been committed to the delivery of this scheme (£125 million from the UK Government, £94 million from the Welsh Government and £106 million from the European Regional Development Fund).
- The delivery of the wider South East Wales Metro scheme. The Welsh Government will pre-allocate over £400m further funding from the Investment Fund to deliver the wider ambitions around the Metro scheme, which is the subject of ongoing design work. As part of this City Deal the Welsh Government commits to involving the Cardiff Capital Region in the co-design of the wider Metro scheme and in the procurement of a delivery organisation.

15. The Department for Transport will agree the arrangements for making the agreed contribution to the Valley Lines Electrification project with the Welsh Government.

The Welsh Government will agree with the local authorities the arrangements for managing the funding of the Metro scheme, and how it interacts with funding for additional Metro investments delivered through this City Deal.

### **Wider Investment Priorities**

16. The remaining element of the Investment Fund will be used to take forward a wide range of projects and schemes that support economic growth across the Cardiff Capital Region. Decisions on the prioritisation of these schemes will be taken by the Cardiff Capital Region Cabinet. Schemes taken forward could include: further transport schemes; investment to unlock housing and employment sites; and development of research and innovation facilities.

### **Investment Fund Assurance Framework**

17. The ten local authorities across the Cardiff Capital Region commit to writing and adopting an assurance framework for this Investment Fund. This will be agreed by the UK and Welsh Government. By adopting the assurance framework prior to the commencement of the Investment Fund, the Cardiff Capital Region will ensure that schemes that are taken forward (outside of the South East Wales Metro which will be subject to a separate assessment against an assurance framework) represent good value for money and are underpinned by a robust business case.

18. This assurance framework will be based on existing best practice from the UK Government and Welsh Government. In addition the framework will also draw upon any local best practice for managing investment decisions across the Capital Region. Key elements that the assurance framework will include are:

- purpose, structure and operating principles of the framework;
- arrangements to ensure value for money and effective delivery through strong project development, project and options appraisal, prioritisation, and business case development;
- a description of the arrangements for supporting the effective delivery and implementation of projects and schemes, including relationships with delivery bodies; and
- arrangements which enable effective and meaningful engagement of local partners and the public in the investment decisions taken and subsequent scrutiny of these decisions.

### **Investment Fund Gateway Assessments**

19. Cardiff Capital Region will be required to evaluate the impact of the Investment Fund in order to unlock funding that has not been pre-allocated to the South East Wales Metro programme. This will be comprised of gateway assessments every five years. To underpin these gateway assessments, an independent review will be commissioned to evaluate the economic benefits and economic impact of the investments made under the scheme, including whether the projects have been delivered on time and to budget. This assessment will be funded by the Cardiff Capital Region, but agreed at the outset with the UK Government. The next five year tranche of funding will be unlocked if the UK and Welsh Governments are satisfied

that the independent assessment shows the investments to have met key objectives and contributed to national growth.

### **Local Authority Borrowing**

20. Throughout the course of the City Deal programme the ten Cardiff Capital Region local authorities will be responsible for financing the capital investment programme. The difference in the profile between the proposed investment and the capital grant funding may require a local authority or authorities to borrow to fund any difference in expenditure and grant. The cost of any external borrowing is the responsibility of the relevant local authority or local authorities and is to be managed in accordance with prudential principles – it must be prudent, affordable and sustainable.

21. In a scenario where a future Investment Fund Gateway is not achieved, leading to any reduction or cessation of City Deal grant, then it will be the responsibility of individual local authorities within the Cardiff Capital Region to manage the financial impact of this within their local authority budget, utilising reserves or surpluses as required.

### **Additional Flexibilities**

22. In order to deliver the Cardiff Capital Region's City Deal commitments and a longer-term economic strategy, the ten local authorities have requested greater financial autonomy and flexibility. As part of this City Deal the Welsh Government will explore with the Cardiff Capital Region:

- the devolution of business rate income above an agreed growth baseline to provide funding for the City Deal programme;
- providing the ability to levy an infrastructure supplement;
- creating the option for the local authorities to use alternative finance sources; and
- removing conditions around some specific Welsh Government grants, to allow funding to be pooled at the regional level in areas such as school support and interventions that seek to address poverty.

### **Connecting the Cardiff Capital Region**

23. Transport has a key role in delivering economic growth and improving outcomes for people by connecting communities, business, jobs, facilities and services. However across the Capital Region there are significant congestion and transport capacity issues that need to be addressed. The City Deal Investment Fund and South East Wales Metro will make a significant contribution to improving transport connectivity.

24. In addition to this investment the Cardiff Capital Region will establish a new non-statutory Regional Transport Authority to co-ordinate transport planning and investment, in partnership with the Welsh Government. The Cardiff Capital Region Transport Authority will be responsible for:

- pooled local transport resources;
- regional planning for the local transport network;

- working with Transport for Wales to ensure objectives for transport investment are aligned;
- exploring the creation of a single integrated ticketing platform for public transport across the Cardiff Capital Region;
- working in partnership with the Welsh Government to define the priorities of the South East Wales Metro concept and to support its delivery; and
- working in partnership with the Welsh Government to promote the development of integrated aviation routes from Cardiff Airport and St Athan Enterprise Zone, to deliver economic benefit.

## **Investing in Innovation and the Digital Network**

25. The Cardiff Capital Region has an aspiration to extend the “arc of innovation” that runs along the M4 corridor into the Cardiff Capital Region. Capitalising on the research strengths of the Region’s three universities, the Cardiff Capital Region will designate an “Innovation District” that helps to: create and nurture new high growth businesses; increases investment in research and development; and provides the skills that businesses need now and in the future.

### **Developing the Compound Semiconductor Sector**

26. To transform the UK’s capability, and help position Cardiff as the European leader in Compound Semiconductor applications, the UK Government will invest £50 million to establish a new Catapult in Wales. This new Catapult will complement the work of other organisations in Wales who are already working in this important area, including the Compound Semiconductor Institute at Cardiff University and the Compound Semiconductor Centre, a joint venture between Cardiff University and IQE.

27. Recognising this opportunity, the Cardiff Capital Region will prioritise interventions that support the development of an internationally-competitive Compound Semi- Conductor cluster. Local partners believe that this will put the UK at the heart of an emerging global growth technology.

### **Innovation Investment**

28. To accelerate the growth of innovation and facilitate investment in research and development, the Cardiff Capital Region will seek to prioritise:

- mechanisms to support high growth sectors;
- the development of new facilities and employments sites;
- new approaches to public service delivery;
- the Software Academy in Newport and related programmes across the Capital Region;
- investment in intellectual property creation and commercialisation;
- adding value and complimenting existing innovation support; and
- developing a cyber-security academy with the University of South Wales.

### **Innovate UK**

29. Innovate UK is now planning to increase its footprint and presence in Wales, in order to: raise the awareness and engagement in Innovate UK programmes and activities; to strengthen its links with business, universities and other key partners; and to work with the Welsh Government to promote and support innovation.

## **Data**

30. Cardiff Capital Region commits to developing proposals for how better and more flexible use of data could be used to drive innovation across the public sector and within the wider economy. The Cardiff Capital Region will present a clear case to the UK Government for how a different approach to the use of specific data would improve service delivery and would benefit particular groups.

## **The Digital Network**

31. Innovation will also be a central theme within the Cardiff Capital Region's ambition to deliver an outstanding digital infrastructure and wider ecosystem to support economic growth. To continue to build on investments in next generation broadband, and the Region's reputation as one of the fastest growing tech hubs in the UK, the Cardiff Capital Region will prioritise:

- exploring the case for direct international connectivity;
- the mobile infrastructure across 4G and 5G technologies that add value to existing provision;
- increasing Wi-Fi services across public transport;
- digital solutions to solve the big problems, such as smart housing, citizen payments and open data challenges; and
- facilitating collaboration between stakeholders to identify and exploit opportunities.

## **Developing a Skilled Workforce and Tackling Unemployment**

32. This City Deal will improve the co-ordination and delivery of skills and employment support across the Capital Region. It will help to increase the number of people moving into work (including those that have been out of work for a long time), increase the number of people undertaking an apprenticeship or other relevant skills provision and give people the skills they need to compete in a global employment market.

### **The Cardiff Capital Region Skills and Employment Board**

33. To ensure skills provision is adapted to local economic and social needs and provides the best value for money, the Cardiff Capital Region will strengthen the existing Learning, Skills and Innovation Partnership. This will be re-launched in 2016 as the Cardiff Capital Region Skills and Employment Board.

34. The Partnership will represent a wide range of stakeholders, including: business bodies; higher and further education; local authorities and the Welsh Government.

It will be responsible for:

- Cardiff Capital Region's skills and worklessness strategy;
- pooled local authority skills resource;
- producing an annual regional plan for employment and skills. This annual plan, led by industry, will set out how both the existing skills needs of businesses and the Capital Region's future skills challenges will be addressed;

- influencing and monitoring the delivery and impact of employment and skills programmes across the Region;
- ensuring an industry led approach to the design and delivery of apprenticeship programmes meets the needs of both business and apprentices;
- supporting the Welsh Government’s “Curriculum for Wales, Curriculum for Life” plan, by encouraging closer alignment between future employer skills needs and education provision across the region; and
- ensuring European Union funding investments in skills and employment add value and align with other programmes.

## **Work and Health Programme**

35. Cardiff Capital Region and the Welsh Government will work with Department for Work and Pensions to co-design future employment support from 2017, for people with a health condition or disability and/or long term unemployed<sup>1</sup>, many of whom are currently referred to the Work Programme and Work Choice.

36. The respective roles of the Department for Work and Pensions and Cardiff Capital Region in the co-design include:

- Department for Work and Pensions setting the funding envelope; however Cardiff Capital Region and the Welsh Government can top up this if they wish, but are not required to.
- Cardiff Capital Region and the Welsh Government setting out how they will join up local public services in order to improve outcomes for this group.
- Department for Work and Pensions setting the high level performance framework, ensuring support appropriately reflects labour market issues. The primary aim will be to reduce unemployment and move people into sustained employment.
- Cardiff Capital Region (working with the Welsh Government) will have input into determining specific local outcomes that reflect their labour market priorities, however these outcomes should be complementary to the ultimate employment outcome. In determining any local outcome(s) Cardiff Capital Region and the Welsh Government will work with the Department for Work and Pensions to take account of the labour market evidence base and articulate how these will both fit within the wider strategic and economic context and deliver value for money.

37. Before delivery commences the Department for Work and Pensions, Cardiff Capital Region and the Welsh Government will set out an agreement covering the respective roles of each party in the delivery and monitoring of the support. This will include a mechanism by which each party can raise and resolve any concerns that arise.

38. The Department for Work and Pensions sets the contracting arrangements, including contract package areas, but should consider any proposals from Cardiff Capital Region on contract package area geography.

39. Providers will be solely accountable to the Department for Work and Pensions, although Cardiff Capital Region and the Welsh Government will be involved in the tender evaluation.

40. The Department for Work and Pensions and Cardiff Capital Region will develop a mechanism by which Cardiff Capital Region (working with the Welsh Government) can escalate to the Department for Work and Pensions any concerns about provider

performance/reaching local agreements and require the Department for Work and Pensions to take formal contract action where appropriate.

## **Supporting Enterprise and Business Growth**

41. The Cardiff Capital Region is committed to improving the co-ordination of local and national business support arrangements. This includes working in partnership with the Welsh Government to address identified barriers to growth, support spatial and sectoral priorities and to target emerging opportunities for driving economic performance.

### **The Cardiff Capital Region Business Organisation**

42. Local partners recognise that ensuring there is a strong business voice to guide both the design and delivery of business support across the region will be critical.

43. Therefore working with public sector partners, the business community, and representative bodies, Cardiff Capital Region will establish a Cardiff Capital Regional Business Organisation. This organisation will provide a clear business voice that will influence and shape business support programmes. In creating the Board, a mapping and consultation process will be undertaken with existing advisory Boards operating within the Region. This will ensure roles and remits are complimentary and add value. The Board will be responsible for:

- articulating the regional needs of business;
- identifying regional priorities for existing business support services; and
- designing future business support programmes.

44. Membership will be drawn from across a range of sectors and interests, including social enterprises and mutuals. A joint Confederation of British Industry, Federation of Small Business, Institute of Directors and South Wales Chamber of Commerce statement outlined the underlying principles for the Business Organisation. The final structure will be designed by the Cardiff Capital Region business community.

### **Integration of Local Business Support Services and Resources**

45. To ensure that relevant business support and promotional activities are delivered at the Capital Region level, local resources will be aligned to create an Integrated Delivery Unit. This unit will deliver regionally significant aspects of economic development. This includes: business development; marketing; tourism; and inward investment.

46. The Integrated Delivery Unit, working in collaboration with the Welsh Government and the proposed Regional Business Organisation, will ensure that any new business support provision complements existing national initiatives. In addition, through this collaborative approach, the Welsh Government is committed to working with the Cardiff Capital Region to explore where existing business support provision can be built on or expanded, whilst avoiding duplication. A number of existing programmes (for example Business Wales, which offers a one stop shop advice and referral service to SMEs and Entrepreneurs) have already been designed through consultation with industry and have the potential to be aligned with identified regional needs and priorities.

47. Further to this, the Welsh Government is also committed to working in partnership with the Cardiff Capital Region to promote the area at a global level. As part of this, the Welsh Government will ensure greater levels of visibility with the Welsh Government's own overseas offices. In addition the Welsh Government will continue to work closely with UK Trade and Investment to ensure that its propositions are promoted and co-ordinated across the UK Trade and Investment overseas post network.

## **Housing Development and Regeneration**

48. Delivering an increase in house building across the Cardiff Capital Region will help to address critical housing shortages especially for first time buyers and those unable to join the 'housing ladder'. House building is also a critical element of the economy as it: stimulates demand within the supply chain during construction and through purchases by the eventual occupiers; contributes to a more balanced regional planning framework; and is a major employer in its own right.

49. The City Deal presents a unique opportunity for the ten local authority areas to come together to develop and deliver a strategic approach to housing, regeneration and economic growth which will create an accessible, liveable, 'worklife integrated' and highly connected Capital Region. To support this ambition the Cardiff Capital Region will:

- Commit to the development of a partnership between the Cardiff Capital Region and the Welsh Government to take a strategic and balanced approach to housing and regeneration, focussing development on where it is most needed – in a regional and coordinated way.
- Ensure that new housing is linked to the delivery of sustainable and balanced communities, through the re-use of property and sites. Further, both the Welsh Government and Cardiff Capital Region will ensure that proposals to improve the efficiency and quality of the housing stock are aligned with other regeneration outcomes.
- Establish a collective way of working, for example, through an asset development vehicle to progress speculative opportunities for potential Cardiff Capital Region regeneration ventures.
- Develop an integrated public-private housing offer, with clarity over tenure, mix type, design and affordability with prototyping for 'settlements of the future'.
- Utilise innovation in local procurement to secure supply chain benefits, local labour and other social clauses to maximise value.
- Establish the delivery of renewable energy-led regeneration and housing programmes and ensure the principles of 'clean-tech' are anchored within physical development initiatives. This will contribute to ensuring 'futureproofing' and creation of new supply chain networks.
- Engage the affordable housing sector providers in the region as one network. Working with Cardiff Capital Region this network will develop a regional "Housing Plus" strategy in which added value benefits such as training construction apprenticeships, energy resilience and job creation are clearly set out and adopted. This will provide a framework against which site regeneration schemes can be prioritised for investment.

50. In both the planning and delivery of new housing and regeneration projects, the Cardiff Capital Region will ensure that there is alignment to current Welsh

Government programmes including Creating Vibrant and Viable Places – the Welsh Government’s regeneration framework and increasing the supply and standards of housing.

## **Cardiff Capital Region Governance**

51. The ten local authority partners of the Cardiff Capital Region City Deal have agreed to establish governance model that:

- complies with the existing statutory framework that exists in Wales to deliver this City Deal;
- strengthens and streamlines the existing governance and partnership arrangements across the Capital Region;
- improves business involvement in local decision making;
- provides confidence and assurance to both the UK and Welsh Government that the local authority leaders are making decisions which will drive economic growth across the Capital Region; and
- enables local authorities to explore with the Welsh Government alternative governance arrangements in the medium term.

## **Cardiff Capital Region Cabinet**

52. Utilising the existing statutory framework, the ten local authorities will establish a Cardiff Capital Region Cabinet. The Cabinet will have the status of a Joint Committee and will be the ultimate decision making body in the governance structure.

53. The establishment of a Capital Region Cabinet will be the first step in the development of greater city-region governance across the Cardiff Capital Region. The Cabinet, which will comprise the ten participating local authorities, will provide the basis for initial decision making regarding the Investment Fund. In addition the Cardiff Capital Region Cabinet will be responsible for:

- management of the Cardiff Capital Region Investment Fund;
- additional devolved funding provided to the Capital Region;
- the Cardiff Capital Region Transport Authority;
- contracting with Transport for Wales on prioritised Metro projects;
- control over devolved business rate income above an agreed growth forecast, subject to Welsh Government agreement;
- strategic planning including housing, transport planning and land use;
- influencing skills and worklessness programmes;
- an Inward investment and marketing strategy; and
- considering the scope for strengthening Capital Region governance further.

54. A comprehensive agreement will be drawn up between the participating authorities which will bind and commit each individual local authority and any successor authority (in the event of local government re-organisation) for such duration as is necessary to deliver the City Deal. The agreement will also allow for the possibility of additional functions and powers to be devolved to the Cabinet in the future.

55. The Cardiff Capital Region commit to reviewing the City Deal governance and exploring the future options for moving to even stronger and effective governance that is legally binding. The review will include consulting the Welsh Government and

the UK Government to identify actions needed to take forward future governance options.

### **Strategic Regional Planning**

56. The Cardiff Capital Region, in partnership with the Welsh Government, will commit to the creation of an integrated strategic development plan that incorporates housing and employment land-use with wider transport plans. The strategic plan will provide the underpinning blue-print for development across the city-region.

### **Cardiff Capital Region Economic Growth Partnership**

57. A Cardiff Capital Region Economic Growth Partnership will be established to bring together business, higher education and local government. The partnership would be responsible for setting the overarching city-region economic development strategy, as well as monitoring and making recommendations to the Cabinet with regard to City Deal implementation. The partnership will have a specific role to provide advice on investment decisions. This will ensure the City Deal and other interventions make an impact on economic growth and increase employment.

58. The Partnership's membership and terms of reference will be established using the best international practice such as the Danish Growth Forums, as well as the Local Enterprise Partnership model in England and the Economic Leadership Board established in Glasgow.

### **Independent Growth and Competitiveness Commission**

59. The Cardiff Capital Region will establish an independent Growth and Competitiveness Commission to support the city region's economic and investment strategy. It will review activities related to the City Deal as well as wider economic and growth interventions.

60. The Commission's first task will be to review the evidence about the functional economic area and advise how best to generate Gross Value Added growth and support the ambitions of a dynamic capital region.

61. The Commission will be jointly established by the ten local authorities that comprise the Cardiff Capital Region in consultation with the Welsh and UK Governments.

62. The Commission will examine the challenges and opportunities for economic growth and competitiveness and make recommendations for how the Cardiff Capital Region can achieve its full growth potential.

### **Delivery, Monitoring and Evaluation**

63. Cardiff Capital region will work with the UK Government and the Welsh Government to develop an agreed implementation, monitoring and evaluation plan in advance of implementation, which sets out the proposed approach delivery and evaluating the impact of delivery.

64. The Cardiff Capital Region City Deal will be monitored by the Joint Cabinet. The joint programme management team will provide the Cabinet, the UK Government and the Welsh Government with quarterly performance report that will:

- highlight City Deal successes;

- provide a performance narrative for each element of the City Deal against agreed implementation plan timescales;
- provide information on outputs and outcomes agreed;
- identify mitigating actions for projects and programmes that are not being delivered to agreed timescales.

65. The UK Government and Welsh Government will work with the Cardiff Capital Region to agree a timetable for the production of these reports and will convene regular progress meetings.

66. The Cardiff Capital Region commit to recognising the “City Deal” in promoting and branding investments made as a result of this Deal. This includes acknowledging the UK Government equally alongside other funding partners. The Cardiff Capital Region may wish to explore a single unique brand identity that represents the whole Capital Region area and all the partners involved in delivering the City Deal.

	Appendix 1 – List of Defined Terms	92

# 1 Introduction

## 1.1 What is an Assurance Framework?

An Assurance Framework is a set of systems, processes and protocols designed to provide an evidence-based and independent assessment of the governance, risk management, and control processes of an organisation. The independence inherent to the Assurance Framework is derived from the separation between the sponsorship of projects/programmes and their appraisal and evaluation.

The Assurance Framework demonstrates how organisations will monitor, measure and scrutinise how objectives are being met and risks managed. It also details the processes used to ensure an adequate response to risks or lack of performance.

HM Treasury define Assurance Frameworks as “an objective examination of evidence for the purpose of providing an independent assessment on governance, risk management, and control processes for the organisation.”

## 1.2 Why does the CCRC need Assurance Frameworks?

Adherence to the processes detailed in this Assurance Framework will assist in ensuring that funding and resources utilised for the purposes of the Cardiff Capital Region Wider Investment Fund (Wider Investment Fund) will be used appropriately to deliver stated outcomes.

## 1.3 Scope of the Cardiff Capital Region Wider Investment Fund Assurance Framework?

The Cardiff Capital Region City Deal is a £1.229 billion deal consisting of a pre-allocated sum of £734m to the Cardiff Capital Region City Deal Investment Fund in relation to the Metro Project and £495m to the Cardiff Capital Region Wider Investment Fund.

This Assurance Framework will apply to the Cardiff Capital Region Wider Investment Fund consisting of £375m funding provided by the UK Government and £120m committed by the Councils.

The Assurance Framework will also apply to any:

- additional devolved funding provided to the Cardiff Capital Region;
- additional borrowing by the Councils provided to the Cardiff Capital Region; and
- devolved business rate income above an agreed growth forecast, subject to Welsh Government agreement.

This framework does not extend to the Metro Project funding of £734m (consisting; £125m UK Government; £503m Welsh Government; and £106m ERDF funding) which is covered by a separate Assurance Framework.

## 1.4 Who is the Assurance Framework for?

The commitment to utilise the processes detailed in this Assurance Framework provides surety to the Welsh Government and UK Government related to funding provided for the Cardiff Capital Region Wider Investment Fund.

The Assurance Framework is also designed to provide the Councils and any other local authorities, stakeholders, businesses and the public confidence in the activities associated with the Cardiff Capital Region Wider Investment Fund.

## 1.5 Approval and Monitoring of the Assurance Framework

Both the Welsh Government and UK Government must formally approve this Assurance Framework and any proposed amendments and may, from time to time, monitor its use.

The Accountable Body, for the Cardiff Capital Region Wider Investment Fund is responsible for ensuring adherence to the Assurance Framework. The Cardiff Capital Region Audit Committee or Joint Scrutiny Committee (as applicable) will provide an independent scrutiny and audit function.

## 1.6 What is covered in this Assurance Framework?

This document is split into three further sections:

- **Section 2** details the governance and decision-making systems that underpin the Cardiff Capital Region Wider Investment Fund Assurance Framework;
- **Section 3** defines the JWA Business Plan and the Regional Impact Assessment Toolkit and outlines how Candidate Schemes will be chosen, assessed and approved; and
- **Section 4** outlines the processes that will be followed to ensure effective management and review of the Cardiff Capital Region Wider Investment Fund.

This Assurance Framework document should be read in conjunction with the Joint Working Agreement.

Related to the Cardiff Capital Region Wider Investment Fund the Welsh Government will be:

- invited to actively participate in the work being undertaken in each Portfolio area; and

The membership of the Commission consisted of Greg Clark, Helen Molyneux, Alexandra Jones, Julie-Ann Haines and Kevin Gardiner and they were supported by Cardiff University.

The Commission was established in August 2016 and completed its task on 16<sup>th</sup> December 2016 by publishing its recommendations. A number of the Commission’s recommendations are referenced in this Assurance Framework.

The Programme Management Office will be responsible for the management of the programme contained in the JWA Business Plan, gateway reviews, and the Annual Business Plans including performance and financial management of the delivery programme, undertaking due diligence as required.

The Programme Management Office will provide support to the Regional Cabinet including administration, engagement, and communication including events and press. The Programme Management Office will act as the delivery mechanism to enable the Accountable Body to discharge its duties in respect of the Cardiff Capital Region Wider Investment Fund.

The Programme Management Office will remain functionally independent of the Accountable Body and will be responsible for discharging those functions set out above; it will not discharge those statutory requirements which are the responsibility of the Accountable Body as the Legal entity.

### **2.2.10 The Cardiff Capital Region Programme Board**

Other key parties who may attend but shall not have the right to vote include the Programme Directors, Programme Managers, Strategic Directors or equivalent, specialist officers, and legal and financial representatives from the Accountable Body.

Related to the Cardiff Capital Region Wider Investment Fund the Programme Board is intended to have three distinct roles:

- Providing Portfolio support by:

  - advise on the strategic direction for the Portfolio area and assist in the development of a Portfolio work programme to drive forward delivery.
- Monitor Portfolio development by:
  - providing support and collective challenge to the Portfolios and Programme Themes including the Strategic Regional Groups and Task & Finish Groups, to ensure their

work progresses the development of proposals in line with the JWA Business Plan including objectives and targets;

  - providing recommendations to the Regional Cabinet on all Candidate Schemes;
  - considering the Cardiff Capital Region Wider Investment Fund programme of schemes as a whole to ensure they work effectively together to maximise outcomes by assessing 'total impact' and not just economic considerations;
  - providing recommendations to the Regional Cabinet on Cardiff Capital Region Wider Investment Fund delivery programme as a whole.

To allow the Programme Board to undertake all three functions a clear distinction will be drawn between those involved in specific Candidate Scheme development and those preparing recommendations on those schemes to the Regional Cabinet. A robust system of declaration of conflict of interest will be put in place.

## **2.3 Status and Role of the Accountable Body**

One of the Councils is being appointed as the Accountable Body for the Regional Cabinet and the Cardiff Capital Region Wider Investment Fund pursuant to the Joint Working Agreement and will be responsible for ensuring that funding decisions made by the Regional Cabinet are lawful and appropriate.

As the Accountable Body, overall financial arrangements are managed and accounted for through its financial systems and subject to the Standing Orders and Governance systems of that body. Funding allocated to the Regional Cabinet as part of the Cardiff Capital Region City Deal will be paid to the Accountable Body who shall ensure that those funds remain identifiable from the Accountable Body's own funds.

The Accountable Body shall, subject to the statutory role of each Council's monitoring officer in relation to their Council, provide for the purposes of the Cardiff Capital Region Wider Investment Fund the services of its monitoring officer. Subject to the statutory role of each Council's s151 officer in relation to their Council, the Accountable Body shall provide for the purposes of the Regional Cabinet services of its Chief Financial Officer as Treasurer to the Regional Cabinet.

The Accountable Body shall supply the Programme Management Office with such support services as may reasonably be required, these may include services such as financial, legal, audit and other professional and/or technical services subject always to the provisions of the Joint Working Agreement.

The full details and responsibilities related to the Accountable Body will be included in the Joint Working Agreement and will include; ensuring that the decisions and activities of the Regional Cabinet conform with the legal requirements regarding equalities, environmental,

legislation, ensuring that funds are used legally and appropriately; and administrative functions such as payroll, preparing statement of accounts, VAT returns and liaising with external audit etc.

The Accountable Body will ensure that it acts in a manner that is transparent, evidence based, consistent and proportionate.

## 2.4 Stakeholder Engagement and Transparency

Engagement with and feedback from constituent and neighbouring local authorities, stakeholders and the public has been, and will continue to be, key in shaping and defining the Regional Cabinets' actions.

Monthly newsletters will be distributed to stakeholders throughout the City Region informing them of current and planned activities and how to get involved.

Regular social media updates concerning relevant activity will be provided via the CCRCD Twitter handle @CCRCityDeal.

A calendar of events will be developed and made available on the CCRCD website [www.cardiffcapitalregioncitydeal.wales](http://www.cardiffcapitalregioncitydeal.wales), and on-going PR campaign will inform stakeholders of CCRCD activity.

Stakeholders will be able to contact the CCRCD via the CCRCD website's contact form [www.cardiffcapitalregioncitydeal.wales](http://www.cardiffcapitalregioncitydeal.wales) or through social media @CCRCityDeal.

The public and stakeholders will be able to provide input via the contact form on the CCRCD website [<https://cardiffcapitalregioncitydeal.wales>]. Stakeholders will be made aware of how to provide input by being informed via the CCRCD newsletter which is available online.

Communications, engagement and marketing strategies will be developed and implemented to maximise participation and involvement and will be designed to promote and facilitate the use of the Welsh language and comply with the standards imposed by the regulations approved under the Welsh Language (Wales) Measure 2011.

The Regional Cabinet is committed to transparency in its decision-making and activities, but also recognises that for it to operate effectively there are some circumstances in which it must maintain confidentiality, particularly where commercial sensitivities are involved.

The Regional Cabinet is subject to the same accountability and transparency legislative provisions for decision making as Local Government, including public notice of meetings and the business to be conducted at those meetings, Access to Information Rules and Freedom of Information Act 2000.

The use of resources by the Regional Cabinet is subject to standard local authority checks and balances. In particular, this includes the financial duties and rules which require councils to act prudently in spending, and publish annual accounts. The development of these checks and balances will be overseen and managed by the Accountable Body.

## 3 Strategy, Programme and Prospectus

### 3.1 A JWA Business Plan

The Regional Cabinet, using the research and recommendations from the Growth and Competitiveness Commission, are preparing a JWA Business Plan that will support a competitive inclusive Cardiff Capital Region, playing to the strengths of the areas within the region to increase overall opportunity, mobility, jobs and investment<sup>8</sup>.

The JWA Business Plan will develop the regional objectives set out in the Joint Working Agreement and include a programme detailing the targets expected from the City Deal during its lifetime and beyond<sup>9</sup>; together with the indicative spend profile for the Cardiff Capital Region Wider Investment Fund (comprising of the HMT Contribution and the Council Contribution in the aggregate sum of £495,000,000). Although focussed on the economy the JWA Business Plan will also playing a role in improving the social, environment and cultural well-being of the region and may include additional targets to reflect this.

Although the procedures for the use of the Cardiff Capital Region Wider Investment Fund are necessarily detailed the principles are straightforward:

- The JWA Business Plan will contain, amongst other matters, the indicative investment programme for the "Programme Themes" (as such Programme Themes are defined under the Implementation Plan) and any agreed strategic projects together with the indicative spend profile for the Cardiff Capital Region Wider Investment Fund (comprising of the aggregate sum of £495,000,000);
- Candidate schemes for the Cardiff Capital Region Wider Investment Fund will be assessed to measure how they will support the delivery of these Programme Themes; and
- A balanced programme of delivery will be managed to ensure that the Programme Themes are delivered.

The JWA Business Plan will be developed in accordance with the 'sustainable development principle' and in setting regional objectives and targets will seek to support and promote the seven well-being goals as detailed in the Well-being of Future Generations (Wales) Act.

### 3.2 A Regional Impact Assessment Toolkit

To assist in the process of assessing Candidate Schemes and measure to what extent they will support the delivery of the targets, detailed in the JWA Business Plan, a Regional Impact Assessment Toolkit is being developed.

The toolkit will select a broad range of indicators and factors, which are known to have a positive impact on the targets detailed in the JWA Business Plan, and be used to measure the level by which Candidate Schemes can contribution to those targets and assess their value for money.

---

<sup>8</sup> Growth and Competitiveness Commission Report – Recommendation 2 Economic Strategy

<sup>9</sup> It is likely that the JWA Business Plan will include the specific outcomes recommended by the Growth and Competitiveness Commission, for example on productivity, at least 90% of UK average, median earnings to 95% of UK figure, 25,000 new jobs, employment rate of 70.5%.

The toolkit will be designed to consider wider sustainable development objectives and be able to assess and highlight the positive impact proposed Candidate Schemes can have on both social and environmental outcomes and other indirect and non-monetised benefits promoted by the City Deal and included in the JWA Business Plan.

An important aspect of this assessment toolkit will be its ability to identify the spread of any potential benefits to ensure geographic balance across the region and the ability of schemes to target need.

### 3.3 A Prospectus for Growth and Prosperity

For the purposes of the Cardiff Capital Region Wider Investment Fund schemes can take several forms including projects, programmes, investments, funds, loans, grants and contributions and may seek support in the form of capital and/or revenue funding.

The variation in potential schemes and funding requirements reflects the multi-strand approach advocated by the Growth and Competitiveness Commission<sup>10</sup> and the wider investment priorities of the Regional Cabinet<sup>11</sup> who are committed to invest in those schemes which support regional economic growth and may cover areas as diverse as regeneration & infrastructure, housing, skills, transport, digital, business growth and sector development, research & development and innovation.

Work is being undertaken under each Regional Cabinet Programme Theme heading to define groupings of schemes. These groupings will be used to produce a prospectus of eligible scheme types. This strategic approach, rather than an open unstructured bidding process, will ensure a comprehensive, balanced programme that is evidence based and targeted to deliver regional economic growth.

Advice and guidance will be sought from the Regional Advisory/Consultative Bodies in the production of this prospectus to ensure that it includes sufficient flexibility to accommodate changing economic priorities, trends and business needs.

The Cardiff Capital Region Wider Investment Fund Prospectus ("**Prospectus**") will define the eligible scheme types and detail the full list of Candidate Schemes showing their various stages of development through the Appraisal Framework including those schemes sufficiently developed to be included on the Cardiff Capital Region Wider Investment Fund Delivery Programme (Delivery Programme). The Prospectus will therefore be a live document under constant review and update.

To support this strategic approach and ensure a broad range of interventions, based on evidence, the Regional Cabinet may consider introducing initial indicative allocations of funding in relation to each Programme Theme within the Prospectus. This approach could assist when assessing the affordability of any Candidate Schemes.

### 3.4 Candidate Schemes

Having created a Prospectus of eligible scheme types, to ensure a strategic approach to investment, a process to allow appropriate schemes to be submitted for consideration will be introduced.

Candidate Schemes can be submitted by the following 'Candidate Scheme Sponsors':

---

<sup>10</sup> Growth and Competitiveness Report Page 4

<sup>11</sup> CCRC Heads of Terms Item 16

- Portfolio Leads;
- The Councils;
- Welsh Government;
- UK Government;
- Advisory/Consultative Body; and
- Stipulated Stakeholder.

Portfolio Leads are supported by Portfolio Officers, Theme Leads and associated Strategic Regional Groups ensuring that sufficient suitable Candidate Schemes are being identified and developed for appraisal.

Other Candidate Scheme Sponsors can submit proposals directly for appraisal; however, they are encouraged to actively participate in the appropriate Strategic Regional Group. This will ensure the effective development of proposals which can be submitted jointly with the Portfolio Leads.

In addition, the Regional Cabinet may consider issuing a periodic open call for eligible schemes.

### **3.5 Cardiff Capital Region Wider Investment Fund Scheme Appraisal Framework**

Regardless of how the Candidate Schemes have been submitted they will all be required to follow the same appraisal process which has been developed to be transparent and equitable. This will also apply to Candidate Schemes which are only requesting partial support or a contribution and may be subject to other Appraisal Frameworks or assessment processes. Where this is the case, the Cardiff Capital Region Wider Investment Fund portion of the investment will be treated in the same way as a standalone scheme.

The Cardiff Capital Region Wider Investment Fund Scheme Appraisal Framework is shown in Figure 2 and illustrates the Gateway system to be used including business case requirements, consultation, assessment process, and the recommendation and decision making protocol.

The Assessment Framework will identify those Candidate Schemes in the Prospectus which are eligible to enter the Delivery Programme.

The Programme Management Office is responsible for co-ordinating and managing the Appraisal Framework including procuring external independent assessments of business cases and for ensuring the separation between the sponsorship of projects/programmes and their appraisal and evaluation.

The Programme Management Office will produce a set of guidance documentation, including proforma, for Candidate Scheme Sponsors, detailing the various stages of the Appraisal Framework.

The appraisal process is consistent with HM Treasury's Green Book and Business Case Appraisal process and is based on the five cases model; the strategic case; the economic case; the commercial case; the financial case; and the management case.

Figure 2: Cardiff Capital Region Wider Investment Fund Scheme Assessment Framework

The appraisal process will apply the principle of proportionality, with more detailed information being required for large, complex or contentious schemes. This is important to ensure Candidate Scheme Sponsors are not discouraged from submitting less complex schemes whilst ensuring that large investments are scrutinised and tested appropriately.

### 3.6 Appraisal Criteria

The main factor in assessing Candidate Schemes will be the extent to which they contribute to the targets detailed in the JWA Business Plan and their value for money, however, to make these assessments detailed information on those proposed schemes is required and will be developed by addressing the criteria detailed below.

The City Deal provides an opportunity to continue tackling the area's barriers to economic growth by: improving transport connectivity; increasing skill levels still further; supporting people into work; and giving businesses the support they need to innovate and grow. The City Deal therefore includes<sup>12</sup>:

- Connecting the region;
- Support for innovation and improving the digital network;
- Developing a skilled workforce and tackling unemployment;
- Supporting enterprise and business growth; and
- Housing development and regeneration.

In addition, the City Deal, over its lifetime, is expected to deliver up to 25,000 new jobs and leverage an additional £4 billion of private sector investment.

All Candidate Schemes are required to demonstrate how they will contribute to one or more of these objectives, and others contained in the JWA Business Plan, and why the scheme is needed.

The Growth and Competitiveness Commission have recommended that all Candidate Scheme should also demonstrate<sup>13</sup>:

- ❖ Significant scale;
- ❖ A positive impact on GVA;
- ❖ A positive impact on jobs;
- ❖ An impact beyond the local boundary area of where the investment takes place and does not displace activity within the city-region;
- ❖ Alignment with the proposed Metro investment, including investment that can unlock benefits of the Metro and address access constraints;

In addition, schemes need to demonstrate a quantifiable impact on at least two of the following:

---

<sup>12</sup> Cardiff Capital Region City Deal Heads of Terms – Executive Summary.

<sup>13</sup> Growth and Competitiveness Commission Report – Recommendation 3 City Deal Investment Principles.

- Increasing employment rates (by constituency) in areas where employment rates are below the Cardiff Capital Region average;
- Increasing earnings in areas with below average earnings for the Cardiff Capital Region;
- Supporting enterprise growth and productivity gains;
- Supporting people out of employment into employment.

All Candidate Schemes are required to respond to the Growth and Competitiveness Commission investment principles demonstrating how and to what degree they comply with these recommendations.

All Candidate Schemes are required to quantify their economic impact, employment creation, scale-ability and leverage. Candidate Schemes will also have to demonstrate they are deliverable, represent value for money and that they comply with the necessary regulations including legal and state aid requirements.

### 3.7 Business Case Development

The Regional Cabinet will be responsible for deciding how to allocate funding to schemes and prioritise between proposals. There is likely to be considerable variation in types and sizes of schemes proposed under each Portfolio and the Regional Cabinet will require sufficient information and evidence to ensure that they are making informed decisions when choosing the most appropriate schemes for implementation to achieve the objectives set out in the JWA Business Plan.

All Candidate Scheme Sponsors will be required to produce a business case in line with HM Treasury's Green Book using the Five Case Model – starting with an initial proposal (Strategic Outline Case) onto an Outline Business Case ("**OBC**") and finally a Full Business Case ("**PBC**").

The Business Case at each stage of development must evidence that:

- the scheme is supported by a compelling case for change – the strategic case;
- the scheme represents best public value – the economic case;
- the scheme is commercially viable – the commercial case;
- the scheme is affordable – the financial case;
- the scheme is achievable – the management case.

As the business case develops from initial proposal to outline and finally full case the level of detail and the completeness of the 5 cases will develop, however, each stage of the business case must provide a compelling case for the scheme before it will be supported by the Regional Cabinet to progress to the next stage.

Due to the potential variation in size and complexity of proposed schemes the time given to scheme sponsors to develop the various stages of the business case will be provided on a scheme by scheme basis.

As indicated previously, the appraisal process will apply the principle of proportionality which may result in the OBC and FBC stages being combined depending on the level and quality of information provided and the complexity of the scheme.

## 3.8 Support for Candidate Scheme Development

Subject to the terms of the Joint Working Agreement, the Regional Cabinet may allocate, on request or application, funding to Portfolios to support pre-feasibility and feasibility studies, and development of initial proposals and business cases to ensure that high quality Candidate Schemes are available.

## 3.9 Value for Money

A value for money assessment is required to ensure that a proposed scheme provides the most effective way of delivering a stated objective and provides the greatest benefit to the Cardiff Capital Region.

Each Candidate Scheme must demonstrate value for money i.e. the optimal use of resources to achieve the intended outcomes. In basic terms value for money is the degree to which benefits exceed costs and the use of HM Treasury's Green Book and associated documents and the Business Case Appraisal process in assessing Candidate Schemes is expected to demonstrate the potential value of any scheme.

The National Audit Office use three criteria to assess value for money:

- economy – minimising the cost of resources used or required – spending less;
- efficiency – the relationship between the outputs from goods or services and the resources to produce them – spending well; and
- effectiveness – the relationship between the intended and actual results of public spending – spending wisely.

Within the economic case of a Candidate Scheme's Business Case there is a requirement for an assessment of the value for money of the proposed project. This will, in part, include a cost-benefit analysis of the various options considered in the scheme's Business Case compared against a 'do-nothing' option establishing a rationale for the economic case for the proposal based on those elements which can be quantified in monetary terms<sup>14</sup>. This assessment must clearly demonstrate the additionality of a scheme and to do this will need to consider a range of factors including deadweight, what would happen in the absence of the scheme including some of the benefits occurring anyway, displacement, leakage, behavioural changes, and wider benefits.

It must be noted that a value for money assessment provides only one source of evidence and should not be used as the sole measure of success. There are multiple factors developed in a Business Case all of which will present factors which need to be considered when assessing a scheme. This should be supported by use of the Regional Impact Assessment Toolkit and other guidance specific to the nature of the proposed scheme.

The Regional Cabinet when deciding on whether to support a Candidate Scheme will take a wide range of evidence into consideration in addition to the level of value for money. There may be occasions when, although the measure of value for money is low, due to the wider regional economic impacts on the JWA Business Plan targets, cost effectiveness, environmental and social impact, and leverage of additional funding the Regional Cabinet may consider there is a strong rationale for the Candidate Scheme to move forward.

---

<sup>14</sup> A cost-benefit analysis will produce a Benefit Cost Ratio for use in comparing schemes, however, many schemes will have significant non-monetised impacts which need to be identified and presented within their business cases.

### 3.10 Assessment Process

The role of the Assessment Process is to provide the framework through which a judgement can be made about whether each scheme is robust and has been rigorously assessed against a specific set of criteria to ensure that it achieves value for money.

The JWA Business Plan, building on the appraisal criteria detailed in 3.6, will set out the detail by which schemes will be assessed.

The Candidate Scheme Sponsors will submit a Candidate Scheme Initial Proposal to the Programme Management Office who will categorise it against the Scheme Prospectus eligibility groupings and refer it to:

- the appropriate Advisory/Consultation Body with a request to provide observation on the proposed scheme; and
- the external business case assessor requesting that they undertake an independent review with reference to the Impact Assessment Toolkit.

The Initial Proposal, with the observations and review, will be submitted to the Programme Board who are required to assess all available data and determine if:

- The case is sufficiently strong for the Candidate Scheme to move onto the next stage; or
- The scheme is returned to the Candidate Scheme Sponsor with details of where the Initial Proposal is currently not sufficiently strong to allow it to move forward to the next stage.

If the scheme is supported to go to the next stage the Candidate Scheme Sponsor will be requested to submit an Outline Business Case which, when received, will be sent to the external business case assessor requesting that they undertake a further review of the additional detail provided.

This review will be submitted to the Programme Board who can make the following recommendations to the Regional Cabinet:

- The scheme does not fall within the Cardiff Capital Region Wider Investment Fund scope;
- The scheme does not provide sufficient regional benefit and should be rejected;
- The scheme, although not seeking Cardiff Capital Region Wider Investment Funding, is supported and should be promoted as it aligns with the overall objectives of the City Deal;
- The scheme's Outline Business Case is currently not sufficiently strong and should be returned to the Candidate Scheme Sponsor for further work; or
- The scheme should move to the next stage.

The Regional Cabinet will consider the recommendations and resolve either to accept them or based on the available data agree an alternative course of action.

If the Regional Cabinet resolve that the scheme go to the next stage the Candidate Scheme Sponsor will be requested to submit a Full Business Case which, when received, will be sent to the external business case assessor requesting that they

undertake a further review of the additional detail provided. The Programme Management Office, in liaison with the Accountable Body, would also be requested to provide both legal and financial assessments of the proposal.

The review and assessments would be provided to the Programme Board who would submit recommendations to the Regional Cabinet.

The Regional Cabinet, as the decision-making body, would have the responsibility of confirming that the Candidate Scheme is eligible for inclusion in the Delivery Programme.

To ensure that the assessment process is equitable the Programme Management Office are preparing detailed guidance notes and also proforma for use in the process.

### **3.11 State Aid**

Processes are being established to ensure that schemes supported by the Cardiff Capital Region Wider Investment Fund are State Aid compliant.

The Business Case templates will require Project Sponsors to confirm that their scheme complies with and does not contravene State Aid legislation. The templates will also require Project Sponsors to outline what advice (e.g. legal advice) they have had in relation to State Aid, and to confirm their acceptance of the following:

*“All applicants need to take steps to satisfy themselves that any Cardiff Capital Region Wider Investment Fund funding approved does not amount to unlawful State Aid. A declaration of compliance with EU State Aid regulations will be required prior to any funding being provided. If your project is awarded funds it will be subject to a condition requiring the repayment of any funding in the event that the European Commission determines that the funding constitutes unlawful State Aid.”*

Where required, the Accountable Body will also conduct legal due diligence to obtain further confidence that State Aid requirements have been met.

### **3.12 From Prospectus to Delivery Programme**

The Cardiff Capital Region Wider Investment Fund will be used to invest in a broad range of interventions over its life time to unlock significant economic growth across the region and it can only achieve its objectives through the delivery of an effective Delivery Programme that accounts for and takes advantage of the interdependencies between individual schemes.

Each Portfolio will undertake work to develop schemes and produce a potential delivery programme. However, it is recognised that each individual programme will vary related to timescales for development and implementation. In addition, financial profiles and limits, for both the Cardiff Capital Region Wider Investment Fund and other funding sources, may dictate when and to what scale proposals can be funded.

The final decision to release Cardiff Capital Region Wider Investment Funds rests with the Regional Cabinet and to do this effectively they will be responsible agreeing the Delivery Programme which delivers on their commitments, is affordable, and value for money.

Candidate Schemes which have successfully passed through the Assessment Framework will be eligible to be included on the Delivery Programme.

### **3.13 The Cardiff Capital Region Wider Investment Fund Delivery Programme**

The Cardiff Capital Region Wider Investment Fund Delivery Programme (Delivery Programme) will be informed by the details on the number, size and timescales of schemes being progressed through the Portfolio and ideally once a scheme's Full Business Case has been approved it will move directly to the Delivery Programme via an offer letter/contract.

In some instances, due to existing financial commitments or changes in priority, schemes may not progress immediately to implementation and the Delivery Programme should clearly reflect these changing circumstances and how they will affect the scheme.

The Regional Cabinet will undertake regular reviews of the Delivery Programme to ensure that it is suitable to deliver on the broad range of interventions necessary to achieve the targets detailed in the JWA Business Plan by tackling the regions barriers to economic growth and that it reflects the regions current economic needs.

These Delivery Programme reviews will assess the balance of interventions and ensure those schemes most likely to deliver on the targets detailed in the JWA Business Plan, which are affordable and can be delivered within required timescales, are prioritised.

To commence the process of programme development the Regional Cabinet has, in the first instance, agreed an Implementation Plan outlining its proposals for the first 5 years and this is attached to the Joint Working Agreement.

### **3.14 Candidate Scheme Offer of Support and Contract Management**

Candidate Schemes eligible for inclusion on the Delivery Programme will undergo a due diligence assessment.

Following approval by the Regional Cabinet the Programme Management Office working in conjunction with the Accountable Body will prepare an offer letter/contract for agreement with the Project Sponsor or other relevant applicant.

The offer letter may vary according to scheme type, size and complexity but is likely to contain the following which will be monitored by the Contract Management Team within the Programme Management Office:

- A financial profile – including monthly income and expenditure;
- A profile of outputs and outcomes to be achieved – with key milestones for delivery;
- A risk management log – detailing potential risks to the successful delivery of the scheme and how they will be managed;
- A monthly/quarterly schedule for returning monitoring information; and
- Post completion requirements

### 3.15 Interim Transition Plan

To apply the Appraisal Process in full a number of supporting processes and actions need to be put in place including:

- A JWA Business Plan to be developed pursuant to the Joint Working Agreement;
- A Cardiff Capital Region Impact Assessment Toolkit;
- Establishing the Cardiff Capital Region Advisory/Consultative Bodies; and
- Producing detailed guidance notes and proforma

To assist in co-ordinating and programming these events an Interim Transition Plan is being put in place which will set time-lines for development and detail how potential schemes will be dealt with during this interim phase.

## 4 Management, Evaluation and Review

### 4.1 Separation between Sponsorship, Assessment and Approval

For this Assurance Framework to be effective it must establish a clear separation between the sponsorship of schemes and their appraisal, evaluation and approval.

All processes and systems will make a clear distinction between those involved in the development of Candidate Schemes and those responsible for their assessment, submitting recommendations related to their suitability and providing approval.

This division of role will apply across the Appraisal and Assessment Frameworks and will mean that those involved in a Portfolio will not take part in the appraisal or approval of any Candidate Schemes within that Portfolio. This is especially relevant at both the Programme Board, when preparing recommendations, and at the Regional Cabinet when making decisions.

### 4.2 Performance Management System

The Programme Management Office, in liaison with the Accountable Body, is developing a comprehensive performance management system and evaluation framework which will encompass the decision-making process and programme and scheme delivery. This system will enable the Regional Cabinet to:

- Assess the effectiveness, efficiency and value for money of schemes and the overall programme;
- Monitor impact and progress towards agreed aims and goals, and to understand whether schemes are on track to deliver projected outputs and outcomes;
- Maintain scrutiny and accountability;
- Inform future investment priorities and resource allocations; and
- Inform future activities and delivery and the sharing of best practice.

Monitoring and evaluation of the Cardiff Capital Region Wider Investment Fund will operate at two interconnected levels, at the level of the individual scheme, as defined at the FBC stage through the Assurance Framework; and at the level of the overall Delivery Programme. For schemes of significant scale or complexity the Regional Cabinet may resolve to procure external evaluation.

It will be important that monitoring and evaluation exercises are scheduled to ensure a sufficient evidence base for the 5-year Gateway Review; they will therefore cover impact and economic evaluation as well as process evaluation.

When undertaking the evaluation exercise use will be made of the Regional Impact Assessment Toolkit and its broad range of indicators and factors, which are known to have a positive impact on the targets as detailed in the JWA Business Plan.

It is essential that all schemes have an effective monitoring and evaluation plan in place to assess the effectiveness of public spending over time, and so that lessons can be learnt. Schemes will monitor against the outcomes described in the economic case.

Responsibility for monitoring at a strategic level will lie with the Programme Management Office, whilst at the scheme level responsibility will lie with Scheme Sponsors, with the Programme Management Office setting compliance measures and ensuring they are adhered to and reported as required.

Over time, prioritisation and sequencing will also involve a feedback loop through which the outcomes of the monitoring and evaluation work will be used to shape future investment priorities.

### **4.3 Risk Management**

A key role of the Assurance Framework is to ensure that risk is identified, monitored and managed appropriately, both at a corporate level and at Delivery Programme and scheme level.

To identify, monitor, manage and mitigate risks at the corporate level, a Corporate Risk Register is being developed aligned to the Cardiff Capital Region Wider Investment Fund objectives.

The key principle of the Corporate Risk Register is to identify strategic risks, determine where and by whom such risks are borne, to establish controls to prevent the identified risk (such as funding shortfall) from materialising or establish ways to reduce the impact. The Register will not be limited to financial risks.

As part of the business case evaluation process, Candidate Scheme Sponsors are required to develop a Scheme Risk and Issues Log. This will detail all of the schemes specific risks that have been identified during the development phase of the scheme.

Within the business case templates, being developed, the Sponsor will be required, for key risks, to estimate the impact of the risk materialising and probability of the risk occurring, attribute the risk with a Red, Amber, Green (“RAG”) rating, identify the risk owner, and provide a strategy for risk mitigation.

Scheme risks will be aggregated and reviewed at the strategic level by the Programme Management Office.

### **4.4 Contract Management**

On acceptance of an offer of support the Project Sponsor or other relevant applicant will become responsible for overseeing the successful implementation and delivery of the scheme. The Programme Management Office, in liaison with the Accountable Body, will establish a system identifying responsibilities for the production and submission of monitoring information.

The Programme Management Office will be responsible for collating, recording and reporting on the progress of the individual schemes as well as the overall Delivery Programme. Where schemes do not achieve their agreed milestones for delivery the responsible person will be required to provide evidence to demonstrate they are able to get back on programme. Schemes which consistently fail to meet projected performance, both financial and output, may have funding withdrawn.

### **4.5 Equality, Diversity and Wellbeing**

A key requirement for the Cardiff Capital Region Wider Investment Fund is to ensure that ‘equality duty’ is considered and programmes contribute to a fairer society and pay

due regard to eliminating unlawful discrimination, advancing equality of opportunity and fostering good relations.

The Cardiff Capital Region Wider Investment Fund will also support the Well-being of Future Generations (Wales) Act by playing a role in improving the social, economic, environment and cultural well-being of Wales.

During the application for Cardiff Capital Region Wider Investment Funds scheme sponsors will be required to provide evidence they are complying with their equality duties and are supporting the 7 Well-being goals. This will be assessed through an evaluation of the business case templates submitted by applicants.

## **4.6 Annual Assurance Framework Review**

The Assurance Framework is a 'live' document and will be subject to an annual review to ensure that material is kept up to date and to provide quality assurance on the Assurance Framework itself.

It is anticipated that the Assurance Framework will continue to evolve and develop overtime and will reflect any changes to governance arrangements, aims and objectives, economic and social priorities and Candidate Schemes criteria.

There will be a need for the Regional Cabinet in response to changes and initiatives<sup>15</sup> which take place in the period between annual reviews to update the Assurance Framework. The Regional Cabinet will, having sought advice if appropriate, instruct interim changes or amendments to be made which will then be regularised at the next annual review.

The Joint Audit Committee or Scrutiny Committee (as applicable) will have a crucial role in both assessing and recommending changes to the Assurance Framework.

## **4.7 Five Year Gateway Review**

Through the City Deal, the UK Government committed to providing the Cardiff Capital Region with £500m over 20 years, £125m for the Metro Project and £375 for the Cardiff Capital Region Wider Investment Fund. The £375 million is proportioned as years 1-5 at £50 million revenue, and years 6-20 at £325 million capital. The full allocation of the funding is subject to the Cardiff Capital Region's successful completion of the Five Year Gateway Review, which will evaluate the impact of the Cardiff Capital Region's investment of the funding in the five year period up to the Gateway Review.

Five-yearly Gateway Reviews may be used to assess investments' impact and presently the guidance suggests that economic growth will be the primary metric against which impact is assessed. However, more recent reviews recognise the fact that local and national economic impact of the Investment Fund might not be observable after five years. As a result, the national evaluation panel may use appropriate metrics, such as whether investments are being delivered to time and to budget. Although definitive assessment criteria have not been provided it is anticipated that the Regional Cabinet will have the ability to shape the assessment criteria so that it aligns with the objectives set out in its JWA Business Plan.

---

<sup>15</sup> Examples of such changes or initiatives would include the Welsh Government's proposal to introduce a National Infrastructure Commission, the National Development Framework and the setting up of a Valleys Task Force.

<b>Programme Theme:</b>	<b>1. South East Wales Metro</b>			
<b>Summary:</b>	<p><i>Given the importance of the Metro to the UK Government, Welsh Government and Cardiff Capital Region, a proportion of City Deal funding is pre-allocated to the delivery of this scheme (and, for the avoidance of doubt, such funding shall not include any Council's Contribution or any obligation under the Joint Working Agreement). This pre-allocation focuses on Metro phase 2, the delivery of the Valley Lines Electrification and Modernisation programme. This City Deal reconfirms the continued shared ambition of both Governments and the Cardiff Capital Region to deliver this Metro scheme. £734 million of the £1.2 billion funding has already been committed to the delivery of this scheme. As part of this City Deal the Welsh Government commits to involving the Cardiff Capital Region in the co-design of the wider Metro scheme and in the procurement of a delivery organisation, subject to an agreed MoU.</i></p>

<b>Programme Theme:</b>	<b>3. Investing in Innovation and the Digital Network</b>		
<b>Summary:</b>	<p>The Cardiff Capital Region has an aspiration to extend the “arc of innovation” that runs along the M4 corridor into the Cardiff Capital Region. **CARDIFF CAPITAL REGION CITY DEAL  
WELL-BEING & EQUALITIES ASSESSMENT**

<b>Description of Proposal:</b> Cardiff Capital Region City Deal – Strategic Business Plan for the Wider Investment Fund	
<b>Section 1)</b> Complete the table below to assess how well you have applied the 5 ways of working to act in accordance with the sustainable development principle.	
Page 493	<p><b>Long-term</b></p> <p>How does your proposal balance short-term need with the need to safeguard the ability to meet long term needs by planning for the future?</p>
	<p>The Strategic Business Plan states:  <i>“The City Deal is a long-term programme and no one can, with confidence, predict what changes will occur over the next 20 years.</i>  <i>When considering the current pace of innovation in areas such as artificial intelligence, drones, driverless vehicles, 3-D printing, robotics, and automation, the future infrastructure and skills needs of the region is changing radically.</i>  <i>We must therefore ensure our policies, plans and programmes are flexible and sufficiently dynamic to not only cope with change but to act as a catalyst to drive positive change in the region.”</i>                      The Plan also states:  <i>“Our Regional Strategic Objectives also reflect the need to focus on improving the quality of life of people and communities now and in the future and ensure our approach and actions are responsible and meet our current needs without compromising the quality of life of future generations.”</i>                      This demonstrates that the Regional Cabinet are mindful of their responsibilities and that they will regularly undertake reviews to ensure they are achieving the correct balance in the short, medium and long-term.</p>
Page 493	<p><b>Integration</b></p> <p>How does your proposal demonstrate an integrated approach to considering economic, social, environmental &amp; cultural outcomes together?</p>
	<p>The Strategic Business Plan states:  <i>“We have identified four Strategic Themes where we feel we can make the biggest difference and a real improvement to the wellbeing of people in the region and in so doing support our regional objectives, wellbeing goals and the twin goals, in the Welsh Government’s ‘Prosperity for All: economic action plan’, of growing the economy and reducing inequality.</i>                      City Deal Strategic Themes:</p>

<p>Page 494</p>	<ul style="list-style-type: none"> <li>❖ <b>Skills &amp; Employment;</b></li> <li>❖ <b>Innovation;</b></li> <li>❖ <b>Connecting the Region; and</b></li> <li>❖ <b>Regeneration and Infrastructure.</b></li> </ul> <p><i>Identifying these themes provides a structure and method of developing proposals and schemes. However, the themes are indivisible, and all proposals will be expected to be cross-cutting and contribute, to differing degrees, to our objectives and the well-being goals.</i></p> <p>In addition, when appraising schemes within the City Deal the Strategic Plan states:</p> <p><i>“All proposed schemes will be required to follow the same appraisal process as detailed in the Assurance Framework. Schemes will be assessed on their potential to contribute to our high-level aims and strategic objectives; demonstrate value for money, use of the five ways of working and how they contribute to the well-being goals.”</i></p> <p>Both these statements demonstrate how the Regional Cabinet are taking an integrated approach when developing and assessing proposals and schemes.</p>
	<p><b>Involvement</b></p> <p>How does your proposal involve those stakeholders, who you are seeking to support, and those with an interest in promoting and supporting economic, social, environmental and cultural well-being in the region, whilst ensuring engagement reflects the diversity of the region?</p> <p>The Strategic Business Plan has been prepared using the research and recommendations of the Growth and Competitiveness Commission, as required by the Assurance Framework para 3.1. The Growth and Competitiveness Commission was established as an Independent Commission by the Regional Cabinet specifically to undertake research and extensive consultation on the City Deal, and from this work provide advice and recommendations to the Regional Cabinet.</p> <p>In addition, the Regional Cabinet will be submitting the Strategic Business Plan to each of the regions ten constituent authorities’ councils for approval.</p> <p>This means that up to 536 local councillors, all of whom have been elected by and represent their diverse communities, will determine whether to adopt this Business Plan.</p>
<p><b>Collaboration</b></p>	<p>How does your proposal involve working together with partners (internal and external) to deliver well-being objectives?</p> <p>The City Deal is a collaboration of the ten local authorities of south east Wales.</p> <p>In defining the Regional Cabinets ‘Vision’ there is a statement related to collaboration – <i>“To make the most of the opportunities our combined size gives us, we must all work together – public sector, private sector, education</i></p>

*establishments and our communities – for the benefit of all.”*

In addition, the Strategic Business Plan states:  
*“We are working closely with the Welsh Government and National Government, who are both signatories to the City Deal. We have also been instrumental in establishing stakeholder groups including the Cardiff Capital Region:*

- ❖ Skills and Employment Board - representing a wide range of stakeholders, including businesses, higher and further education, local authorities and Welsh Government;*
- ❖ Regional Business Council – providing a strong business voice;*
- ❖ Economic Growth Partnership – bringing together partners to consider and advise on a sustainable economic growth strategy and investment decisions.*

*We are actively working with the Valleys Taskforce to ensure our aims, objectives and interventions not only align but also complement each other, taking advantage of their engagement processes, to maximise benefits to the region as a whole. We are developing an effective working relationship with the Office of the Future Generations Commissioner for Wales to ensure that opportunities to support the well-being goals are highlighted.”*

This statement only identifies a few of the organisations we work with and demonstrates that the Regional Cabinet is committed to collaboration and as the City Deal progresses and schemes are developed it is anticipated that more stakeholders will form part of our inclusive collaboration approach.

<b>Prevention</b>	How does your proposal put resources into preventing problems occurring or getting worse?
	<p>The Cardiff Capital Region is widely recognised as a region with major strengths, an attractive environment, a strong heritage, a growing economy and emerging opportunities.</p> <p>However, it is also a region where there are concentrations of poverty and where not all have access to the opportunities available. Improving accessibility to opportunities and increasing labour market participation is critical to support an improved quality of life for all the regions residents.</p> <p>By investing resources in promoting skills; employment opportunity; job quality, security and progression the Regional Cabinet aim to promote more inclusive growth within the region.</p>

**Section 2):** Assess how well your proposal will result in multiple benefits for our communities and contribute to the national well-being goals.

<p><b>A prosperous Wales:</b>          An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.</p>	<p>The Regional Cabinets Vision and Regional Strategic Objectives set out their aspirations and with their high-level aims, to create 25,000 new jobs and leverage £4bn private sector investment, establish the economic outcomes they are seeking to achieve when considering use of the City Deal Wider Investment Fund.</p> <p>The Regional Strategic Objectives also reflect the need to focus on improving the quality of life of people and communities now and in the future and ensure the Regional Cabinets approach and actions are responsible and meet the regions current needs without compromising the quality of life of future generations.</p> <p>The Strategic Objectives, as detailed in the Strategic Business, are:</p> <p><b>1. Prosperity and Opportunity - Building the capacity of individuals, households, public sector and businesses to meet challenges and grasp opportunity creating a more productive economy</b></p> <p>The quality of the economic environment of the region will play a crucial role in creating jobs by improving business performance, enhancing opportunity and encouraging innovation. We will nurture the economic environment by:</p> <ul style="list-style-type: none"> <li>➤ providing the right infrastructure including connectivity by means of good transport links and high speed broadband;</li> <li>➤ encouraging a culture of innovation and entrepreneurship by providing the right skills, opportunities and support to engender a confidence to be creative;</li> <li>➤ ensuring that the city-regions labour market is equipped</li> </ul>	<p>In accordance with the Assurance Framework all proposed schemes will demonstrate their potential outputs and outcomes via a 5 Case Business Model, in accordance with HM Treasury Green Book, a tool for scoping and planning a proposal and documenting the expected outcomes.</p> <p>In addition, for Cardiff Capital Region schemes, the business case will also have to demonstrate the use of the five well-being ways of working and how it supports the wellbeing goals and the twin goals in the Welsh Government’s ‘Prosperity for All: economic action plan’ of growing the economy and reducing inequality<sup>1</sup>.</p> <p>Any report to the Regional Cabinet seeking approval for a proposal will be require to be accompanied by a City Deal Well-being and Equalities Assessment.</p> <p>In this way the Regional Cabinet will ensure that any interventions and/or investments will aim to maximise its positive impact on communities and the well-being goals.</p>

**CARDIFF COUNCIL  
CYNGOR CAERDYDD**

**CABINET MEETING: 15 MARCH 2018**

**NEW BURIAL SPACE**

**CLEAN STREETS, RECYCLING AND ENVIRONMENT  
(COUNCILLOR MICHAEL MICHAEL)**

**AGENDA ITEM: 5**

**REPORT OF DIRECTOR OF CITY OPERATIONS**

**Reason for this Report**

1. To seek Cabinet approval to develop an area of existing Council owned land North of the M4 on the A469 for new cemetery space subject to planning approvals being granted.

**Background**

2. Whilst the rise in popularity of cremation has increased over recent years the burial of the dead is still a preferred option for many people due to religious or personal need. The statistics of burial v cremation in Cardiff mirror that of the national figure being around 70/30 in favour of cremation.
3. Cardiff Bereavement Services currently carry out on average 1350 burials per year. 800 of these are full size graves and 550 are burials of cremated remains.
4. Of those burials 450 are undertaken in new full size graves and 200 carried out in new cremated remains graves. This uses approximately 0.5 acres of virgin land per year.
5. The busiest of the sites is Thornhill Cemetery, located on the A469 Thornhill Road. This site itself deals with over 700 burials per year and provides over 200 new graves each year. This site services residents mainly in the north, east and south of the City, with Western cemetery catering for the needs to those residing in West Cardiff.
6. Thornhill Cemetery was first opened in 1952 covering a total of 40 acres including the crematorium facility. The cemetery grounds were extended in 2010 by a total of 5 acres. This was land adjacent to the site already in council ownership that had previously been earmarked for cemetery

space. There are no options for further expansion of the current site due to its borders with residential housing and roads.

7. Having operated since 1953 the site has now approximately 2 years remaining based on current usage before it is full for new burials. It is therefore essential that the Council identify and develop new areas for burial to meet the needs of the City and avoid the embarrassing position of not providing a major burial location in the future. Current estimates are that the existing site at Thornhill will not be able to provide any further new graves after June 2020.
8. Given that Cardiff is still one of the fastest growing Cities in the UK and plans for the future including the recently approved Local Development Plan (LDP) will see it continue to grow at a tremendous rate. Coupled to this is the fact that the death rate is set to increase substantially over the next 10 years due to the 'baby boom' generation beginning to die. It is therefore essential that the Council identify and construct a new substantial sized cemetery to cater for the future needs of its residents.
9. The LDP sets out the provision of over 40,000 new homes in the City which will subsequently have a longer term effect on the death rate in the area and require the City to provide adequate infrastructure through its Bereavement Service to cope with the current and future demand. An increased population ultimately results in an increased death rate.
10. A number of sites have been considered during investigations by officers to identify suitable ground. This has been a challenging exercise in order to try and meet all of the key criteria such as the size of the area required, ground suitability and an accessible location. Work is continuing to consider options for burial land to cover the east of Cardiff and a report to Cabinet will follow with regard to this issue in due course once a suitable area has been identified.
11. The preferred location to continue providing cemetery space in the north of the City has been identified by Bereavement Services in consultation with Strategic Estates and is located on the A469 north of the M4 which is identified in Appendix 1 – Location Plan.
12. This site covers an area of 12.5 acres in total, is less than 650 meters from the existing cemetery at Thornhill, and therefore provides the benefits of being able to be managed from the current site and ensure operational costs are not significantly increased. It also means Capital costs are significantly less, as there will be no need to construct offices, staff facilities and plant and machinery storage.
13. The site is of adequate size to allow for a range of burial options to be provided including traditional graves, lawn graves, cremated remains graves and a dedicated natural burial area.
14. The area totals 12.5 acres; 5 acres however can remain undeveloped at present and would be reserved for use in the future. When fully developed the initial area of the site would provide burial space for

approximately 5500 new graves which would be sufficient at the current rate for approximately the next 25 years, the reserved area could then be developed to provide a further 4000 graves which would last for around another 15 to 20 years.

## Issues

15. There are some issues associated with the proposed site namely that it is currently subject to a Farm Business Tenancy lease which still has 18 years to run. The leaseholder operates the site for grazing and it is connected to his business. He feels that losing any area back to the Authority for burial space could have a detrimental impact on his business. The tenant is however open to discussions to find a mutually beneficial outcome.
16. The Authority can amend or terminate the lease subject to serving 12 months' notice on the leaseholder from the anniversary date that the lease was signed (October); however the Authority must also have in place planning consent for an alternative use for the site first. Subject to cabinet approval of this report a planning application will go forward early in 2018 and if granted notice will be served on the leaseholder by October 2018 in order that the site can come back into Council administration from October 2019. During 2018/19 work will continue to tender and appoint a contractor to undertake the necessary infrastructure works.
17. The site identified for the cemetery provision totals 12.5 acres and is identified in Appendix 2, which also highlights a possible phased approach to the works and expansion of the site. This would mean that the current leaseholder could continue to utilise the land identified in phases 3 and 4 if required until the site needed to expand.
18. Informal discussions have taken place with the tenant which to date have been positive and he fully understands the Authority's position. Officers have explained that the new cemetery development could provide fresh business opportunities at Thornhill Farm such as catering for funerals, sales of cut flowers and an increase in visitors to the farm shop and café through cemetery visitors.
19. Strategic estates are currently in discussions with the tenant to negotiate a mutually acceptable position that may allow the tenancy agreement to be terminated earlier than by October 2019, to date no agreement has been reached outside of the statutory notice period that can be served by the Authority.
20. The site also lies outside the Settlement boundary and within the Green Wedge as defined on the Proposals Map of the Adopted Cardiff Local Development Plan (LDP). Given this the proposal will need to be assessed against the following policies:

KP3 (A): GREEN WEDGE

KP3 (B): SETTLEMENT BOUNDARIES

KP16: GREEN INFRASTRUCTURE  
EN1: COUNTRYSIDE PROTECTION  
EN3: LANDSCAPE PROTECTION

21. Policy KP3 (A): Green Wedge of the adopted LDP identifies land for Green Wedge, whereby development that would prejudice the open nature of this land would not be permitted. Paragraph 4.81 of the LDP states that Planning Policy Wales (PPW) provides specific guidance on the consideration of planning applications within the Green Wedge designation.
22. Paragraphs 4.8.14 to 4.8.18 of Planning Policy Wales (PPW) state that:
  - 4.8.14 when considering applications for planning permission in Green Belts or green wedges, a presumption against inappropriate development will apply. Local planning authorities should attach substantial weight to any harmful impact which a development would have on a Green Belt or green wedge.
  - 4.8.15 inappropriate development should not be granted planning permission except in very exceptional circumstances where other considerations clearly outweigh the harm which such development would do to the Green Belt or green wedge. Green Belt and green wedge policies in development plans should ensure that any applications for inappropriate development would not be in accord with the plan. These very exceptional cases would therefore be treated as departures from the plan.
23. 4.8.16 The construction of new buildings in a Green Belt or in a locally designated green wedge is inappropriate development unless it is for the following purposes:
  - justified rural enterprise needs;
  - essential facilities for outdoor sport and outdoor recreation, **cemeteries**, and other uses of land which maintain the openness of the Green Belt or green wedge and which do not conflict with the purpose of including land within it;
  - limited extension, alteration or replacement of existing dwellings;
  - limited infilling (in those settlements and other development sites which have been identified for limited infilling in the development plan) and affordable housing for local needs under development plan policies; or
  - small scale diversification within farm complexes where this is run as part of the farm business.
24. 4.8.18 Other forms of development would be inappropriate development unless they maintain the openness of the Green Belt or green wedge and do not conflict with the purposes of including land within it.
25. Policy KP3 (B): Settlement boundaries states in all areas outside the defined settlement boundary, otherwise referred to as countryside, there will be a corresponding presumption against inappropriate development.

26. Policy KP16: Green Infrastructure states that natural heritage assets, including the undeveloped countryside are key to Cardiff's character, value, distinctiveness and sense of place and if development results in overall loss of green infrastructure, appropriate compensation will be required.
27. Policy EN1: Countryside Protection states that development beyond the settlement boundaries will only be permitted where the use is appropriate in the countryside, respects the landscape character and quality and biodiversity of the site and surrounding area and where it is appropriate in scale and design. It also states that a landscape assessment and landscaping scheme will be required for significant development proposals.
28. Policy EN3: Landscape Protection states that development that would unacceptably harm the character and quality of the landscape and setting of the city will not be permitted.
29. In the Landscape Study of Cardiff (May 1999) the area is defined as a broad tract of gently rolling countryside located between the foot of the Caerphilly Ridge and the northern edge of Cardiff. Strategically the area forms the lower part of the backdrop of encircling hills and ridges to the north of Cardiff and is therefore an important component of the wider landscape setting of the city.
30. On this basis, in order to be policy compliant, any future planning application submission would need to:
  - Demonstrate the use would maintain the open nature of the Green Wedge and would not conflict with the purpose of including this land within the Green Wedge designation
  - Justify the very exceptional circumstances to provide the proposed land use which outweighs potential harm to the Green Wedge
  - Demonstrates the use is appropriate in this countryside location having regard to LDP policy and National Guidance
  - Include a landscape assessment and landscaping scheme if involving significant development proposals in order to demonstrate acceptability in terms of impact on the landscape character and quality
  - Address any other material considerations
31. It should be noted that this advice is based on the current LDP and National Policies. The policy framework may change over time either through changes to National policy and guidance, potential future Strategic Development Plans or future reviews of the LDP.
32. It should also be noted that the proposal includes around a fifth of the site being developed as a natural/woodland burial area, which will be managed to have a positive impact on the local environment and will encourage native plants and wildlife to flourish.

33. Statutory Tier 1 and 2 tests have been undertaken on the land to establish if the area is suitable for large scale burials and does not hold a high water table. This comprised of dip well testing for a total of 12 months, reports are that the land has a very low water table and would be suitable for burial. Further dip well testing in other areas of the site are currently ongoing as part of the design works and will be submitted for appraisal to the Environment Agency together with the original results as part of the planning application. A Preliminary Ecological Appraisal and tree survey have also been completed.
34. Additional works to be completed as part of the design and planning stage are:
- Obtain CBR values of the bearing strata for the design of new roads, carpark and footpaths;
  - Establish allowable bearing pressure of the ground for the design of suitable building foundations;
  - Soil resource survey to confirm what planting the site will sustain;
  - Check the existing ground for any raised contamination levels
  - Preliminary UXO (unexploded ordnance) survey and ground penetrating ground survey will also form part of the site investigation to satisfy all aspects of the design and planning.
35. Capital borrowing will be required to fund the scheme however the additional revenue required to repay the Capital borrowing will be generated through a phased increase of fees and charges over the next 3 years. This additional income will be ring-fenced in the bereavement reserve to meet the borrowing repayments.
36. A moderate increase of £20 to the main burial and cremation fees which equates to an increase of around 3.5% per year for the next 3 years will provide enough additional revenue to meet the capital repayment costs and still ensure that the other Capital demands on the reserve can still be met.
37. Cardiff's Bereavement Services is well respected throughout the UK for both its quality of service and competitive fees. Benchmarking both with Core Cities and locally shows Cardiff's current fees to be in the mid and lower quartile, it is therefore unlikely that these reasonable increases would have a detrimental effect on residents using the services.

#### **Local Member consultation**

38. Consultation has been undertaken with ward members in Rhiwbina, Thornhill and Lisvane. Whilst it is accepted that there is a clear need for additional burial space for the City some concerns were raised however, these relate specifically to the detail, which will be provided as part of the required planning application.

## **Reasons for Recommendations**

39. Cardiff is an expanding City and needs to continue to provide burial facilities for its residents over the short and longer term. The proposed site provides a cost effective solution, which is also operationally efficient as it can be managed using existing resources based at Thornhill cemetery.
40. The site in total is 12.5 acres and will be provide burial space in the north of the City for the next 35 to 40 years meaning a long-term solution to the current burial space shortage is addressed.
41. The area will be managed to the same high standards as existing sites and will provide a number of grave choices, including traditional graves, lawn graves, cremated remains graves in line with what is available at other sites as well as a dedicated natural burial section.
42. As the Capital City of Wales and an expanding City, Cardiff should be ensuring that it can provide suitable facilities to deal with the dead for the long term. Despite cremation being the preferred option for the majority burial as the oldest form of disposal of the dead will always be required by a significant amount of the population.
43. The development of a new site also ensures that the service continues to generate income through the sale of burial spaces and burial fees.

## **Financial Implications**

44. The estimated total cost of the scheme is £3M which includes all construction costs, design fees and a sum to mitigate risks. This is subject to planning and a tender exercise following detailed design and surveys. Expansion of burial provision in the city is included in the Council's Capital Programme approved in February 2018 and is proposed to be funded through an Invest to Save scheme, subject to due diligence and approval of a business case. Any expenditure incurred is to be repaid over a 20 year period through the generation of additional income through increased fees and charges.
45. The additional revenue required to repay the Capital expenditure will be generated through a phased increase of fees and charges over the next 3 years. This additional income will need to be ring-fenced in a bereavement reserve to meet the repayments as well as ensuring other priorities arising from the Bereavement Strategy for 2014-2024 can continue to be met from any retained income. The operating costs of the new facility will need to be met from existing revenue budgets or additional income for the service.

## **Legal Implications**

46. The Council is a burial authority with power to provide cemeteries in accordance with section 214 and Schedule 26 of the Local Government Act 1972. The land is currently held as agricultural land and will no longer

be required for that purpose when the agricultural tenancy is determined. It can be appropriated to cemetery use pursuant to section 122 of the 1972 Act once the agricultural use has expired.

47. The Council has power to determine the current agricultural tenancy on the site in the circumstances described in the body of the report.
48. A full equality impact assessment will be undertaken as part of the planning application process.

### **HR Implications**

49. There are no immediate HR implications. Once the site is operational and established however, some additional staff may be required to undertake grounds maintenance work at the site in future years. This will be funded from within existing service area budgets when required.

### **RECOMMENDATIONS**

Cabinet is recommended to

1. Support the submission of a planning application to seek the necessary consent for development of the site situated on the A469 north of the M4 and identified on the attached map as Appendix 1 as a municipal cemetery.
2. Agree that officers seek to negotiate a surrender of the current tenancy agreement by the leaseholder in order to take back the required land at an earlier date and subsequently serve the necessary termination notice in respect of the tenancy.

**CARDIFF COUNCIL  
CYNGOR CAERDYDD**

**CABINET MEETING: 15 MARCH 2018**

---

**COASTAL RISK MANAGMENT PROGRAMME**

**CLEAN STREETS, RECYCLING & ENVIRONMENT  
(COUNCILLOR MICHAEL MICHAEL)**

**AGENDA ITEM: 6**

---

**REPORT OF DIRECTOR OF CITY OPERATIONS**

**Reasons for this Report**

1. To provide a briefing to cabinet on the current state of Cardiff's Coastal Defences and the Welsh Government Coastal Risk Management Programme.
2. To seek Cabinet approval for the commitment to procure the detailed design and construction of the coastal defences valued at £11M.

**Background**

3. A report undertaken by Mott MacDonald, *Rover Way Foreshore Coastal Defence Assessment, 2009*; completed an assessment of the conditions of the foreshore along Rover Way to the southeast of Cardiff City Centre. The report concluded that the ad hoc defences in position along Rover Way were in a very poor condition and under established guidelines would not have a residual life beyond the short to medium term. The report recommends a detailed condition survey and upgrading of the existing defences.
4. A report undertaken by Atkins, *Cardiff Council Coastal Erosion Risk Assessment, 2013*, identified that the coastal erosion rates at Rover Way are comparable to the highest coastal erosion rates in Europe. The report recommended that a more detailed engineering and design of rock armouring and revetment is undertaken. The report also recommends consideration of the coast in front of the Dwr Cymru Welsh Water sewage works.

Welsh Government's Coastal Risk Management Programme

5. Welsh Government Coastal Risk Management Programme (CRMP) made a commitment by making £150 million available for borrowing to assist local authorities to meet financial pressures.

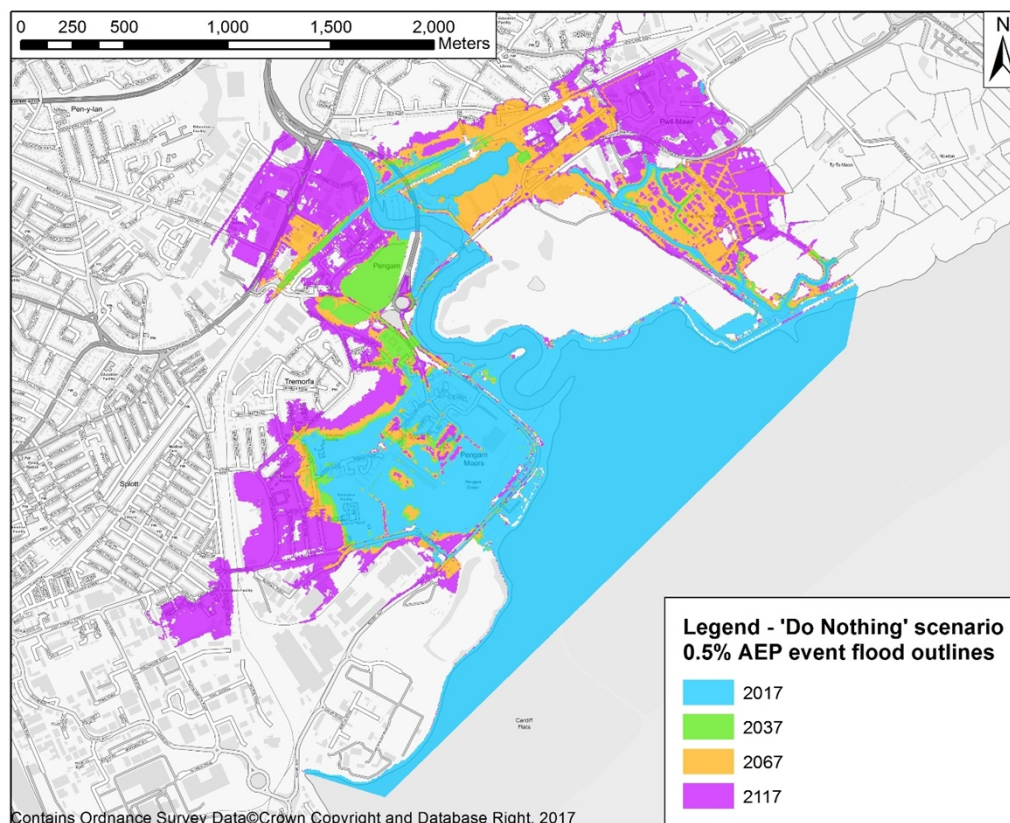

6. The CRMP provides a one-off opportunity for local authorities to implement transformational projects for coastal communities with Welsh Government contributing 75% of project costs.
7. Following the Programmes identification of candidate projects, Cardiff Council was successful in obtaining 100% funding from Welsh Government for the development of an Outline Business Case. The application needed to demonstrate how the Council would accelerate the delivery of Welsh Government's National Strategy for Flooding and Coastal Erosion Management in Wales, encourage innovative solutions that deliver multiple benefits and deliver social benefits by raising awareness and increasing community resilience.

#### Cardiff Council's Outline Business Case

8. The Outline Business Case (OBC) presents the business case and implementation plan for Cardiff Coastal Defences between Rover Way in the west and Lamby way in the east. The project aims to improve the existing coastal and fluvial defences to provide improved protection to people and property from coastal erosion and flood risk, and prevent the erosion of two decommissioned landfill sites; The Frag Tip and Lamby Way Tip
9. The project area includes the coastline along Rover Way, beginning at the eastern end of the privately owned Dwr Cymru Welsh Water (DCWW) defences, extending along the coast along Rover Way and up the west bank of the river as far as the railway line. The extent continues down the east bank of the river and along the coast around Lamby Way Tip to the location of the recently constructed Natural Resources Wales (NRW) defences
10. If no works are undertaken to maintain or improve the existing coastal defences, there will be significant erosion and flood risk across the study area and this will increase over time as asset condition deteriorates and sea levels rise with predicted climate change. Figure 1 shows the predicted flood extents for the Do Nothing scenario for present day and up to 100 years into the future.

Figure 1: Predicted flood extents for a 0.5% AEP event in 2017, 2037, 2067 and 2117

### Implications

11. To the west of the River Rhymney, the coast will continue to erode, with approximately 30m of retreat predicted by 2036, 50m by 2067 and 170m by 2117, based on predicted erosion rates and taking into account predicted sea level rise. This will lead to loss of the Rover Way Travellers site and the adjacent electrical substation within 5 years and further release of large volumes of unknown tip material from the Frag tip into the Severn Estuary. Under present day conditions this erosion is quickly establishing a breach of the coastal defences to the east of the Rover Way Travellers site, resulting in flood risk to significant areas of land behind, including Rover Way, a key arterial route that runs parallel to the defence, Tremorfa industrial estate, areas of residential properties, local amenities and a large supermarket.
12. Along the west bank of the river there are number of sections of embankment with lower crest heights than the surrounding defence. These lower sections will start to overtop as sea levels rise, leading to potential breaches in the unmaintained defences and flooding of the land behind.
13. Along the outside of the river meander close to Lamby Way roundabout, also along the west bank, the embankment is at greater risk of erosion than overtopping. It is estimated that should the bank continue to erode it would be likely to lead to undermining and loss of the Lamby Way Roundabout and sections of Rover Way.

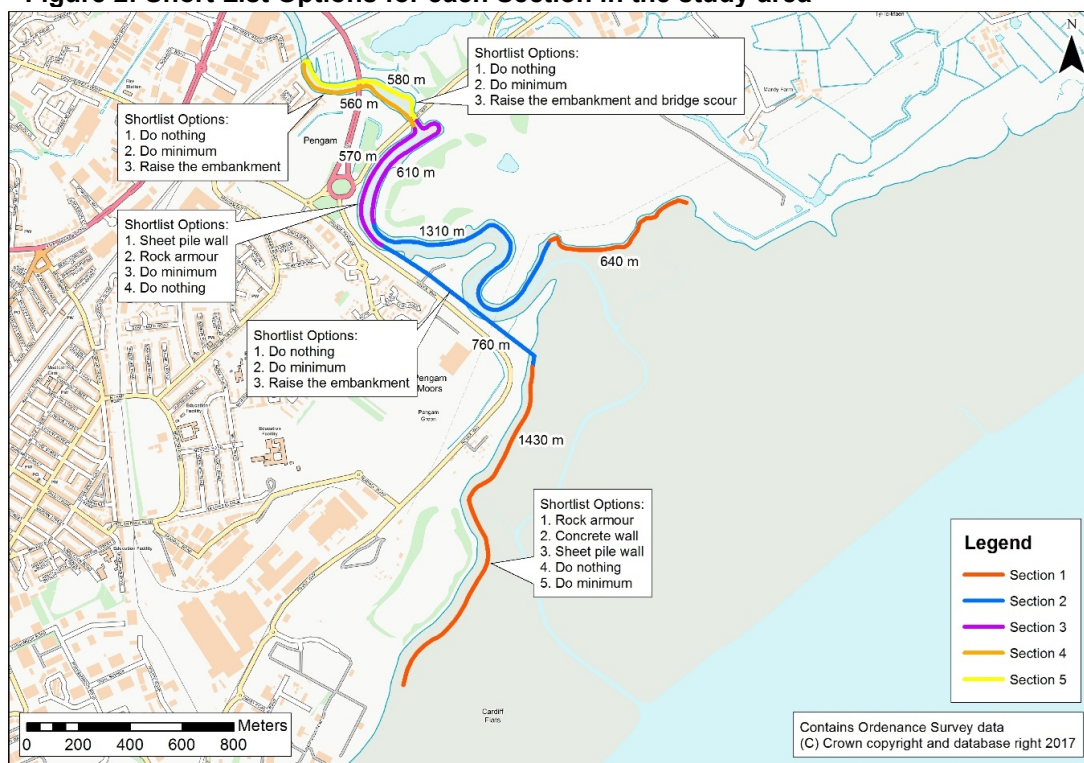

14. Under this Do Nothing Scenario 249 residential properties and 3 non-residential properties are currently at risk of flooding under a 0.5% AEP event, increasing to 1212 residential and 209 non-residential properties by 2117 with sea level rise.
15. At the Lamby Way road bridge, the bridge structure is constricting the river and high flow velocities are leading to exposure of the foundations. If no works are undertaken, this erosion will continue and the foundations could be undermined. In the longer term this would lead to the requirement of significant and costly improvement works to the bridge and potential failure of the bridge and loss of Lamby Way, which provides a key transport link.
16. Along the eastern river bank the soft banks are eroding and a large slip has recently occurred. Work has begun to try to stabilise the bank in this location. However, without significant further improvement works erosion is likely to continue. Although there is no flood risk should the defence fail due to the topography of Lamby Way Tip, there is significant risk from erosion of Lamby Way Tip material into the river and Severn Estuary should erosion continue.
17. The coastal frontage of Lamby Way tip, to the immediate east of the River Rhymney, is predicted to continue to erode. This will lead to erosion of the Lamby Way tip and release of contaminated tip material into the Severn Estuary within 20 years which would be likely to have significant environmental impacts on this designated estuary.
18. The project set out to achieve seven key project objectives:

**Table 1:** Project Objectives

No	Objective
1	Reduce and manage coastal flood risk to people and assets within part of south east Cardiff for the next 100 years, taking into account predicted future climate change.
2	Manage erosion along the coast to reduce the risk of failing coastal flood defences and the release of contaminated landfill material into the Severn Estuary from Lamby Way Tip and the Rover Way Frag Tip, in the immediate future and over the next 100 years.
3	To achieve wider benefits alongside coastal erosion and flood risk management, aligned with WG's 7 Wellbeing Goals and with WG and CCC's vision for development and economic growth of the area.
5	Implement a coastal flood and erosion risk management option which is affordable over the next 100 years.
6	Protect existing features of nature conservation value and seek opportunities to improve biodiversity through the enhancements of existing habitats.
7	Produce technically feasible and buildable engineering options

19. The coastal defences in the study area are owned and maintained by Cardiff Council but there is no current maintenance plan in place and no regular condition surveys or maintenance works are undertaken. As such there are no current investments or revenue costs to report.
20. The OBC assessed a range of options for the area but due to the variation in existing defences and geomorphological process through the study area mean that different options are appropriate for different sections of the defence in the study area.
21. Whilst assessing the options it was found that several of the asset sections could be merged into five sections to enable simpler assessment of the shortlisted options. Figure 2 presents the merged shortlist sections and lists the shortlisted options for each section.

**Figure 2: Short List Options for each Section in the study area**

22. To assess the most appropriate holistic option across the whole study frontage the options were combined to form eight scheme options, which are presented in Table 2. The economic analysis and preferred option assessment are based on these options.

**Table 2: Shortlist Options**

Option	Name	Description
1	Do Nothing	No works undertaken. Allow natural coastal and fluvial processes to continue.
2	Do Minimum	Maintenance works along existing earth embankments. Add small rock toe to the eroding coastal defences to slow erosion.
3	Improve 1	Rock revetment along the coast to manage erosion and wave overtopping (Section 1) Rock scour protection along Lamby Way Roundabout (Section 3) Maintain earth embankments elsewhere and raise low points in earth embankments where required to reduce flood risk. Scour protection added to Lamby Way Bridge.
4	Improve 2	Sheet piling along the coast to manage erosion and wave overtopping (Section 1) Rock scour protection along Lamby Way Roundabout (Section 3) Maintain earth embankments elsewhere and raise low points in earth embankments where required to reduce flood risk. Rock scour protection added to Lamby Way Bridge.
5	Improve 3	Concrete sea wall along the coast to manage erosion and wave overtopping (Section 1) Rock scour protection along Lamby Way Roundabout (Section 3) Maintain earth embankments elsewhere and raise low points in earth embankments where required to reduce flood risk. Rock scour protection added to Lamby Way Bridge.
6	Improve 4	Rock revetment along the coast to manage erosion and wave overtopping (Section 1) Sheet piling along Lamby Way Roundabout (Section 3) Maintain earth embankments elsewhere and raise low points in earth embankments where required to reduce flood risk. Rock scour protection added to Lamby Way Bridge.
7	Improve 5	Sheet piling along the coast to manage erosion and wave overtopping (Section 1) Sheet piling along Lamby Way Roundabout (Section 3) Maintain earth embankments elsewhere and raise low points in earth embankments where required to reduce flood risk. Rock scour protection added to Lamby Way Bridge.
8	Improve 6	Concrete wall along the coast to manage erosion and wave overtopping (Section 1) Sheet piling along Lamby Way Roundabout (Section 3) Maintain earth embankment elsewhere and raise low points in earth embankments where required to reduce flood risk. Rock scour protection added to Lamby Way Bridge.

23. Based on the assessments undertaken the overall preferred option is Option 6: Improve 4:

- Section 1: Rock revetment along the coast to manage erosion and wave overtopping
- Section 3: Sheet piling along Lamby Way Roundabout
- Section 2, 4 and 5: Maintain earth embankments elsewhere and raise low points in earth embankments where required to reduce flood risk.
- Rock scour protection added to Lamby Way Bridge.

24. The proposed scheme will manage flood risk to 1,116 residential and 72 non-residential properties over 100 years, as well as preventing erosion of landfill material, key road infrastructure and the Rover Way Travellers Site.

## **Issues**

25. If the Coastal Protection works are not implemented the coastline will continue to erode presenting significant risk to the area.
26. The Design Stages (including ECI) will be carried out under the terms and conditions of the ECC3 Professional Services Contract (June 2005) (with amendments 2006 & 2011), or similar. The Construction works will be carried out under terms and conditions of the Engineering and Construction Contract (June 2005) (with amendments 2006 & 2011) Option C Target Contract.
27. The NEC Suite of contracts is designed to promote a collaborative team working approach and is well suited to this kind of project. Several 'main options' are available within the NEC contract suite, with selection largely driven by the allocation of out-turn financial risk ownership between the project team. Option C is a target cost contract with an activity schedule. In this contract, the out-turn financial risks are shared between the client and the contractor in an agreed proportion, leading to its colloquial name of the 'pain-gain share' option. This approach has proven to be commercially attractive to Civil Engineering Contractors, as this it encourages proactive engagement with project risks by the whole project team. It sits well with general partnership approach of the NEC Suite, and the application of the NEC Suite to this project, where key project risk ownership would be anticipated to be shared.
28. Delivery of the project will require subsequent procurement exercises being undertaken for both the Design and Construction Stages, with the latter being substantially larger. The consultancy services for the Outline Business Case were procured under the Construction Consultancy Framework (ref. NPS-PS-0027-15) managed by the National Project Service (NPS), using the relevant 'Water Management' Lot under the framework. It is envisaged that the detailed design stage of the project would be procured using a similar arrangement. The construction procurement exercise will be completed following detailed design.
29. The Wales Coast Path and cycleway will be included within any design and construction for the Coastal Defences and the Council will work with Welsh Government to ensure there are no concerns for future phases of the Eastern Bay Link. Multiple benefits are a key consideration in the Welsh Government Coastal Risk Management Programme. Any additional requirements and costs associated with multiple benefits will be assessed following detailed design.
30. The liabilities in relation to contamination of the environmentally designated estuary from the erosion of the tip has not been determined. There will be a need to establish these contamination liabilities prior to

undertaking excavation within the foreshore. It is currently understood that Welsh Government provided a general indemnity to the Council in regard to any pollution incident arising on the land. However, if any such problem arises from activities carried out or permitted by the council after the date of the agreement, then the indemnity is reversed and the Council becomes liable to Welsh Government.

### **Local Member consultation**

31. The Flood and Coastal Risk Management team are in the process of consulting the relevant local members from Rumney, Splott, Trowbridge, Adamsdown and Penylan. These wards are impacted by the extent of flooding, if a scheme did not proceed.

### **Reason for Recommendations**

32. To commit to the funding and deliver the coastal defence scheme.

### **Financial Implications**

33. Welsh Government have grant funded the development of an outline business case as indicated in this report. This has indicated indicative costs for design (£1 million) and construction (£10 million) totalling approximately £11 million (inclusive of VAT). The Coastal Risk Management Programme assumes that the WG would support 75% of design and construction costs (£8 million) whilst the Council will have to find the balance of 25% of the estimated cost (£3 million). Whilst Council's highlighted the affordability issues of such an approach, WG are unlikely to change the initial approach.
34. These infrastructure schemes can be subject to significant variations in costs unless risks are properly identified and mitigated. The next phase will be detailed design and costing which the directorate will use to assess risks and costs in construction prior to any procurement exercise. Accordingly any commitment towards completing construction works will need to be subject to final affordability of the expected construction costs and impact on the Council.
35. Subject to the approval of WG funding, the Council's Capital Programme for 2018/19 to approved by Council in February 2018 includes a capital allocation of £2.220 million with an additional £0.5 million assumed in the Lamby Way landfill provision set up for the aftercare of the site.
36. The costs associated with the design, ECI and construction phases have been estimated and include contingency and inflation allowance. The total value for Coastal Risk Management Plan Approval is approximately **£11,000,000;** The total value of the Welsh Government cost apportionment would be approximately **£8,000,000;** The total value of the CCC cost apportionment would be approximately **£3,000,000.**

## **Legal Implications**

37. Cardiff Council has a discretionary power for managing coastal erosion under the Coast Protection Act (CPA) 1949. The CPA is intended to allow the Coast Protection Authority to carry out capital works. The powers given in respect of such works are generally permissive, thereby recognising the rights and obligations of riparian owners and other relevant parties, together with funding priorities
38. Cardiff Council are the landowners for the area subject to the OBC. The CPA sets out a procedure in regard to proposals for carrying out coastal protection works which includes consultation and possible consents from other affected bodies

## **RECOMMENDATIONS**

Cabinet is recommended to:

1. procure the detailed design and construction of the coastal defences valued at £11M. The funding to be provided on an apportionment of 75% funded by Welsh Government and 25% by Cardiff Council.
2. commit to the 25% funding required to deliver the coastal defences in line with the Welsh Government Coastal Risk Management Programme.
3. Agree that a reassessment of the scheme is undertaken following the completion of the detailed design to confirm financial implications of construction and viability.

#### Ymateb gan Fforwm Derbyniadau Caerdydd

22. Rôl y Fforwm Derbyniadau yw rhoi dull i awdurdodau derbyn ac unrhyw bartion â diddordeb allweddol eraill drafod effeithiolrwydd y trefniadau derbyn lleol, ystyried sut y dylid ymdrin â materion derbyn anodd a rhoi cyngor i awdurdodau derbyn ar ffyrdd eraill y mae modd gwella eu trefniadau. Mae'r Fforwm Derbyniadau'n cynnwys cynrychiolwyr o Esgobaeth yr Eglwys yng Nghymru, yr Esgobaeth Gatholig, Penaethiaid yn y gymuned, ysgolion sefydledig ac ysgolion ffydd, a chynrychiolydd sy'n rhiant-lywodraethwr.
23. Roedd ymateb y Fforwm Derbyniadau'n cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).
24. *Roedd y Fforwm yn cefnogi'r newidiadau a gynigir i feini prawf y derbyniadau meithrin.*
25. *Roedd y Fforwm yn cefnogi'r newidiadau i'r meini prawf cynradd er mwyn sicrhau bod y meini prawf derbyn yn ystyried anghenion teuluoedd yn briodol ac yn deg o ystyried patrwm newidiol darpariaeth addysg nawr ac yn y dyfodol.*
26. *Gallai diddymu'r maen prawf 'cyfeirio brodyr a chwiorydd', o ystyried nifer uchel y newidiadau i ddalgylchoedd a/neu gynigion trefn ysgolion a pha mor aml y mae'r newidiadau'n digwydd, arwain at roi teuluoedd mewn ardaloedd newidiol iawn dan anfantais, yn benodol ar lefel gynradd pan fyddai'r her logistaidd o gludo brodyr a chwiorydd i ysgolion gwahanol yn peri'r anawsterau mwyaf. Yn ogystal, gallai'r polisi cenedlaethol ar gyfer cynyddu nifer y siaradwyr Cymraeg arwain at newidiadau pellach ac mae'n bosibl yr effeithir ar y sector hwn yn fwy ar y cyfan oherwydd y newidiadau a ddisgwylir yn y dyfodol, yn ogystal â'r twf a ddisgwylir yn gysylltiedig â thair CDLI. Felly, mae'r Fforwm yn argymhell y dylid cadw'r meini prawf*

*pan fo mwy o geisiadau na lleoedd ar lefel cynradd, ac y dylid ychwanegu amrywiad i'r maen prawf 'cyfeirio brodyr a chwiorydd' (maen prawf 3b ar hyn o bryd) yn syth uwchben y maen prawf 'byw yn y dalgylch'.*

27. *Mae'r Fforwm yn argymhell y dylid diddymu'r maen prawf cyfeirio brodyr a chwiorydd (meini prawf 3b) yn ôl y cynnig.*
28. *Mewn perthynas â derbyniadau i addysg uwchradd, mae'r Fforwm yn cydnabod mantais pontio gyda chyfoedion fel y nodir yn Opsiwn B fodd bynnag, gallai gweithredu Opsiwn B roi teuluoedd a oedd yn awyddus i roi addysg Gymraeg i'w plant ac a benderfynont wedyn nad fyddai'n addas ar eu cyfer plant dan anfantais pe dymument fynd yn ôl i ysgol Saesneg.*
29. *Mae llawer o blant sy'n mynd i ysgolion cynradd yr eglwys y methu â llwyddo i gael lle mewn ysgol uwchradd ffydd, a byddai Opsiwn B yn eu rhoi dan anfantais wrth wneud cais am le mewn ysgol uwchradd gymunedol.*
30. *Hefyd, gallai gweithredu Opsiwn B effeithio ar ardaloedd yn y ddinas lle mae llawer o fudo, gan roi plant a fyddai'n gorfod symud heb fod bai ar y teulu dan anfantais bellach o ystyried y gallai llawer ohonynt fod eisoes yn agored i niwed.*
31. *Roedd y Fforwm o blaid Opsiwn A.*
32. *Roedd y Fforwm yn croesawu symleiddio'r meini prawf i'w gwneud nhw'n haws i deuluoedd eu deall.*

#### Ymateb i farn Fforwm Derbyniadau Caerdydd

33. *Nodir cefnogaeth y Fforwm Derbyniadau i'r newidiadau arfaethedig i'r meini prawf pan fo mwy o geisiadau na lleoedd derbyn i addysg feithrin a chynradd.*
34. *Nodir cefnogaeth y Fforwm dros gadw'r 'maen prawf cyfeirio brodyr a chwiorydd' 3a ar gyfer derbyniadau i ysgol gynradd.*
35. *Cynigwyd gwaredu maen prawf 3a a 3b (cynradd) a 2a a 2b (uwchradd) i symleiddio a lleihau nifer y meini prawf. Mae'r meini prawf hyn yn rhoi blaenoriaeth i blant y cyfeiriwyd eu brodyr a chwiorydd at ysgol arall gan y Cyngor gan fod yr ysgol arall yn y dalgylch o'r blaen, ac i frodyr a chwiorydd na fu modd iddynt fynd i'r ysgol ddalgylch a gyfeiriwyd wedyn at ysgol arall.*
36. *Prin yw'r ceisiadau (0.06% o'r holl ddewisiadau ysgol) a gyflwynwyd am fynediad at ysgol yn 2017 a fyddai'n bodloni'r meini prawf hyn. Cafodd saith lle eu dyrannu dan y meini prawf hyn ar gyfer derbyn i ysgol yn 2017, byddai pedwar ohonynt wedi'u derbyn ar sail meini prawf eraill.*

37. Nid oedd llawer o'r ymatebion ymgynghoriad a dderbyniwyd gan gynnwys ymatebion y Fforwm Addysg Gymraeg, Ysgol Gymraeg Pwll Coch, Ysgol Pencae, RhAG a rhieni yn cefnogi'r cynnig i waredu maen prawf 3a (cynradd) a/neu 2a (uwchradd) gan fod hyn wedi rhoi sicrwydd i'r rhieni a gofrestrodd plant mewn ysgolion a all fod yn destun newidiadau i ffiniau dalgylch.
38. Mae rhaglen fuddsoddi Band B Ysgolion yr 21ain Ganrif y Cyngor, a gymeradwywyd mewn egwyddor gan Lywodraeth Cymru, yn cynnwys nifer o newidiadau i ddarpariaeth ysgol uwchradd Saesneg gan gynnwys cynyddu capasiti ysgolion. Er mwyn gallu sicrhau bod capasiti arfaethedig ysgolion yn cyfateb yn well â dalgylchoedd yr ysgolion cynradd, mae'n debygol y bydd angen gwneud llawer o newidiadau i'r dalgylchoedd hyn a dalgylchoedd ysgolion eraill.
39. Mae'r mater hwn yn berthnasol iawn i'r sector cyfrwng Cymraeg, y bu llawer o newidiadau i'w ddalgylchoedd yn y deng mlynedd diwethaf oherwydd cynnydd yn nifer y disgyblion sy'n derbyn addysg cyfrwng Cymraeg, a bu'n rhaid gwneud newidiadau o ran trefn.
40. Roedd ymateb ffurfiol y Fforwm Addysg Gymraeg hefyd yn awgrymu y dylai'r Cyngor gadw maen prawf 3a (cynradd) a ehangu hyn i gefnogi ysgolion newydd eu sefydlu ac sydd heb ddalgylch, er mwyn parhau i gynyddu yn nifer y disgyblion sy'n dewis addysg Gymraeg, ac felly i gynorthwyo'r Cyngor wrth weithredu ei Strategaeth Caerdydd Ddwylieithog 5 mlynedd.
41. Felly, mae'r Cyngor yn cynnig y dylid ychwanegu'r maen prawf canlynol fel maen prawf â blaenoriaeth uchel yn y meini prawf pan fo mwy o geisiadau na lleoedd ar gyfer derbyn i addysg gynradd:
- 'Plant sydd â brawd neu chwaer yn mynychu'r ysgol, a dderbyniwyd cyn y newid i'r dalgylch'.*
- Byddai'r Polisi Derbyn yn cynnwys gwybodaeth yn egluro hyn:
- a) Os yw brawd neu chwaer hŷn wedi cael lle ac yn dal i fynychu ysgol a oedd yn ysgol y dalgylch, os yw'r rhiant yn dymuno, bydd y Cyngor yn derbyn brodyr a chwiorydd iau i'r ysgol ddalgylch flaenorol honno.
  - b) Os yw brawd neu chwaer hŷn wedi cael lle ac yn dal i fynychu ysgol gymunedol newydd ei sefydlu sydd heb ddalgylch penodol, os yw'r rhiant yn dymuno, bydd y Cyngor yn derbyn brodyr a chwiorydd iau i'r ysgol honno.
42. Nodir cefnogaeth y Fforwm Derbyniadau dros Opsiwn A o ran derbyniadau i addysg uwchradd.

Ymateb gan y Fforwm Addysg Gymraeg (WEF)

43. Rôl y Fforwm Addysg Gymraeg yw cyfrannu at ddatblygu a gweithredu Cynllun Strategol Addysg Gymraeg; cyfrannu at gynllunio lleoedd cyfrwng Cymraeg rhagweithiol; cyfrannu at ddatblygu a hyrwyddo addysg cyfrwng Cymraeg a chyfrannu at yr uchelgais o ran ymgorffori addysg Gymraeg yn Strategaeth Caerdydd Ddwieithog (2017-2022).
44. Mae'r Fforwm Addysg Gymraeg yn cynnwys cynrychiolwyr y blynyddoedd cynnar, Penaethiaid ysgolion cyfrwng Cymraeg cynradd ac uwchradd, cynrychiolwyr addysg uwch ac addysg bellach ac aelodau sy'n cynrychioli Llywodraeth Cymru, Consortiwm Canolbarth y De, Rhieni dros Addysg Gymraeg, Menter Caerdydd a Menter Iaith.
45. Roedd ymateb y Fforwm Addysg Gymraeg yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).
46. *Mae'r materion sy'n effeithio ar dderbyniadau i'r sector cyfrwng Cymraeg yn wahanol i'r materion sy'n effeithio ar ysgolion cyfrwng Saesneg a'r teuluoedd sy'n eu dewis.*
47. *Er bod digonolrwydd lleoedd addysg feithrin cyfrwng Cymraeg yn dal i beri pryder mewn rhai rhannau o'r ddinas, roedd y Fforwm yn cefnogi'r newidiadau arfaethedig o ran y meini prawf pan fo mwy o geisiadau na lleoedd meithrin.*
48. *Roedd y prif bryderon yn ymwneud â'r cynnig i waredu'r maen prawf 'cyfeirio brodyr a chwiorydd', o ystyried nifer uchel y newidiadau i ddalgylchoedd a/neu gynigion o ran trefn ysgolion a pha mor aml y mae'r newidiadau'n digwydd a all arwain at deuluoedd yn cael eu rhoi dan anfantais mewn ardaloedd newidiol iawn, yn benodol ar lefel gynradd pan fyddai'r her logistaidd o gludo brodyr a chwiorydd i ysgolion gwahanol yn achosi'r anawsterau mwyaf. Yn ogystal, gallai'r polisi cenedlaethol ar gyfer cynyddu nifer y siaradwyr Cymraeg arwain at newidiadau pellach ac mae'n bosibl yr effeithir ar y sector hwn yn fwy ar y cyfan oherwydd y newidiadau a ddisgwylir yn y dyfodol, yn ogystal â'r twf a ddisgwylir yn gysylltiedig â thai CDLI.*
49. *Felly, mae'r Fforwm yn argymhell y dylid cadw'r maen prawf yn y meini prawf pan fo mwy o geisiadau na lleoedd cynradd arfaethedig, ac y dylid ychwanegu amrywiad i'r maen prawf 'cyfeirio brodyr a chwiorydd' presennol (maen prawf 3a) yn syth uwchben y maen prawf 'byw yn y dalgylch'.*
50. *Cafwyd lled-gytundeb ynghylch y meini prawf arfaethedig fel y'i nodwyd yn Opsiynau A a B ar gyfer derbyn i addysg uwchradd. Roedd y Fforwm Addysg Gymraeg yn ffafrio Opsiwn B ar y cyfan, oherwydd ystyriwyd bod trosglwyddo disgyblion gyda'u cyfoedion o'r ysgol gynradd yn bwysig. Roedd aelodau'n cytuno bod anfanteision i rai fel y nodwyd yn y ddogfennaeth ategol ond, wrth bwysu a mesur, roeddent o'r farn bod y manteision yn fwy o ystyried yr effaith ar blant a theuluoedd sy'n ceisio cael mynediad at addysg Gymraeg yng*

*nghyd-destun Caerdydd. Roedd y rhain yn cynnwys cynllunio ar gyfer cwricwlwm effeithiol ac effeithlon a chynnig proses bontio o safon. Credwyd y byddai maen prawf sy'n galluogi cyfoedion i symud gyda'i gilydd lle bo'n bosibl yn cefnogi hyn.*

51. *Roedd y Fforwm Addysg Gymraeg yn cytuno y byddai gwaredu'r maen prawf 'cyfeirio brodyr a chwiorydd' yn briodol yn y cyfnod uwchradd ac yn cefnogi'r gwaith o gynllunio a darparu lleoedd yn fwy effeithlon yn benodol o ystyried y newidiadau posibl allai effeithio ar y sector yn y blynyddoedd i ddod.*

#### Ymateb i farn y Fforwm Addysg Gymraeg (WEF)

52. Er bod llai o ysgolion cyfrwng Cymraeg ar lefel cynradd ac uwchradd, ac y bu llawer o newidiadau yn nhrefn ysgolion a dalgylchoedd, nid oes tystiolaeth sy'n awgrymu y dylid ystyried anghenion ysgolion cyfrwng Cymraeg yn wahanol nac ychwaith y byddai'n fanteisiol creu meini prawf eraill ar sail iaith yr addysgu.
53. Nodir cefnogaeth y Fforwm dros y newidiadau a gynigir i'r meini prawf derbyn i addysg feithrin.
54. Trafodir y pryderon a fynegwyd mewn perthynas â'r cynnig diddymu'r maen prawf cyfeirio brodyr a chwiorydd o ystyried y newidiadau yn y dyfodol yn deillio o bolisi cenedlaethol, gweithredu rhaglen Band B Ysgolion yr 21ain Ganrif, a sefydlu ysgolion newydd o ganlyniad i ddatblygu safleoedd CDLI ym mharagraffau 34 – 41.
55. Nodir cefnogaeth y Fforwm dros gadw'r 'maen prawf cyfeirio bodyr a chwiorydd' 3a ar gyfer derbyniadau i ysgol gynradd.
56. Nodir cefnogaeth y Fforwm dros Opsiwn B o ran derbyniadau i addysg uwchradd, a'r rhesymeg dros hyn.

#### Ymateb Esgobaeth Llandaf

57. Roedd ymateb Esgobaeth Llandaf yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3):
58. *Mae Esgobaeth Llandaf yn brif ddarparwr addysg, ac yn un hirdymor. Mae'n ceisio perthnasau agos a phwrpasol gyda'i holl bartneriaid i sicrhau'r canlyniadau gorau i bob plentyn.*
59. *Nid yw Opsiwn A yn cyfeirio at ysgolion bwydo fel un o'r meini prawf, ond mae'n cyfeirio at fyw mewn dalgylch diffiniedig. Fodd bynnag, mae Opsiwn B yn cyfeirio at blant sy'n byw yn nalgylch diffiniedig yr ysgol, un ai heb frawd neu chwaer neu gyda brawd neu chwaer sydd eisoes yn yr ysgol uwchradd, ac sy'n mynychu ysgol fwydo gysylltiedig.*
60. *Nid yw unrhyw ysgol yr Eglwys yng Nghymru wedi'i chynnwys yn y rhestr honno ac nid oes cydnabyddiaeth o'r ffaith bod cysylltiadau*

*cryf ac ystyrllon eisoes ag ysgolion uwchradd lleol, yn aml yn fwy na'r partneriaethau anffurfiol sy'n diffinio ysgol fwydo. Mae'r Adran 7.7 y Polisi Derbyn i Ysgolion drafft yn benodol yn nodi bod gan y rhai sy'n mynychu ysgolion bwydo flaenoriaeth dros y rhai yn y dalgylch nad ydynt yn mynd i ysgol fwydo. Gan ddefnyddio diffiniad yr Awdurdod o ysgol fwydo fel un sydd â chysylltiadau anffurfiol, dylai'r rhain gynnwys ysgolion yr Eglwys yng Nghymru.*

61. *Byddai cyflwyno Opsiwn B o ran meini prawf pan fo gormod o geisiadau na lleoedd yn anfanateisiol iawn i blant o ysgolion cynradd yr Eglwys yng Nghymru nad ydynt yn dymuno trosglwyddo i un o ysgolion uwchradd yr Eglwys yng Nghymru neu sydd heb gael lle mewn un ohonynt.*
62. *Byddai plant o gefndir lleiafrif ethnig, yn enwedig y rhai sydd â rhieni â sgiliau llythrennedd neu Saesneg gwael, dan anfantais fawr gan eu bod nhw'n llai tebygol o allu fforddio'r drafnidiaeth i ac o ysgol uwchradd yr Eglwys yng Nghymru. Byddai defnyddio ysgolion bwydo fel maen prawf derbyn yn achosi hollt oherwydd byddai argraff rhieni o Ysgolion Eglwysig ac ysgolion cymunedol yn eu gwahaniaethu'n fwyfwy.*
63. *Mae'r Polisi Derbyn i Ysgolion presennol yn cydymffurfio â Deddf Cydraddoldeb 2010 a Chod Derbyn i Ysgolion Llywodraeth Cymru E.3. Mae hyn wedi bod yn amodol ar ddatganiad o'r effaith ar gydraddoldeb yr awdurdod sy'n nodi na chaiff awdurdod derbyn wahaniaethu ar sail anabledd, ailbennu rhywedd, hil ac ymhlith nodweddion eraill, crefydd na chred. Nid yw'n amlwg a fyddai Opsiwn B yn bodloni'r gofyn hwn neu'n ei dorri.*
64. *Rydym yn teimlo'n gryf iawn y byddai Opsiwn B fel cyfres o feini prawf pan fo mwy o geisiadau na lleoedd ar gyfer ysgolion uwchradd yn anfanateisiol iawn i blant o ysgolion cynradd yr Eglwys yng Nghymru. Mae ysgolion cynradd yr Eglwys yng Nghymru wedi bod â chysylltiadau pwrpasol ag ysgolion uwchradd lleol am nifer o flynyddoedd ac yn bodloni diffiniad yr awdurdod o ysgol fwydo.*
65. *Pe byddai Opsiwn B yn cael ei dderbyn, rydym yn credu'n gryf y dylid ystyried ysgolion cynradd yr Eglwys yng Nghymru yn ysgolion bwydo mewn unrhyw Bolisi Derbyn i Ysgolion i'r dyfodol i sicrhau cyfle cyfartal. Mae'r Esgobaeth yn argymhell Opsiwn A.*

#### Ymateb i farn Esgobaeth Llandaf

66. Nodir cefnogaeth Esgobaeth Llandaf dros Opsiwn A o ran derbyniadau i addysg uwchradd.
67. Nodir y pryderon a fynegwyd ar gynnwys maen prawf 'ysgol fwydo' (Opsiwn B) ac effaith hyn ar blant sy'n mynd i ysgol gynradd yr Eglwys yng Nghymru.

68. Mae dadansoddiad o'r data CYBLD (Cyfrifiad Ysgolion Blynyddol ar Lefel Disgyblion Ionawr 2017) mwyaf diweddar (Atodiad 6) yn nodi nad oes llawer o ddilyniant rhwng niferoedd derbyn agrededig yr ysgolion cynradd cymunedol a'r ysgolion uwchradd y mae'r ysgolion cynradd hyn yn eu dalgylchoedd.
69. Cynhaliwyd ymarfer cymharu rhwng niferoedd y disgyblion sy'n mynd i ysgolion bwydo sydd hefyd yn byw yn y dalgylchoedd yn erbyn Nifer Derbyn Cyhoeddedig (NDC) yr ysgol uwchradd gysylltiedig perthnasol, yn y garfan a fydd yn symud i addysg uwchradd yn y flwyddyn ysgol 2019/20. Dengys hyn fod gan 4 allan o'r 13 ysgol uwchradd (Ysgol Uwchradd Gymunedol Gorllewin Caerdydd, Ysgol Uwchradd y Dwyrain, Ysgol Uwchradd Fitzalan, Ysgol Uwchradd Llanisien) fwy o ddisgyblion yn byw yn eu dalgylchoedd a oedd yn mynd i ysgolion bwydo nag oedd o leuedd ar gael iddynt yn yr ysgolion uwchradd perthnasol.
70. Nid yw ychwanegu ysgolion cynradd yr Eglwys yng Nghymru fel ysgolion bwydo ar gyfer ysgolion uwchradd cymunedol wedi'i gynnig gan y byddai hyn, mewn llawer o ardaloedd yng Nghaerdydd, yn gwaethygu'r cydbwysedd rhwng nifer y disgyblion a'r lleoedd mewn ysgolion cynradd bwydo a nifer y lleoedd mewn ysgolion uwchradd cymunedol.
71. Byddai gweithredu meini prawf yn seiliedig ar ysgolion bwydo, fel y'i cyflwynir, yn atal y disgyblion sy'n mynd i ysgolion cynradd yr Eglwys yng Nghymru rhag cael eu hystyried dan y meini prawf pan fo mwy o geisiadau na lleoedd uwch ar gyfer cael lle yn ysgol uwchradd gymunedol eu dalgylch. O ganlyniad, byddai'r plant sy'n mynd i ysgol gynradd yr Eglwys yng Nghymru nad ydynt yn cwrdd â'r meini prawf blaenoriaeth ar gyfer cael lle mewn ysgolion uwchradd yr Eglwys yng Nghymru hefyd dan anfantais wrth wneud cais am le mewn ysgolion uwchradd cymunedol.

#### Ymateb Ymddiriedaeth Esgobaeth Trefynwy

72. Roedd ymateb Ymddiriedaeth Esgobaeth Trefynwy yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3):
73. *Rydym yn deall bod prosesau derbyn i ysgolion yn gallu bod yn gymhleth iawn ac, ar adegau, yn ddadleuol ac rydym yn deall bod pobl am i ni ystyried prosesau eraill a fyddai o bosibl yn well i gymunedau Caerdydd. Fodd bynnag, bydd angen i unrhyw ddewisiadau eraill sicrhau eu bod nhw'n gynhwysol ac yn cynrychioli'r cymunedau y maent yn eu gwasanaethu.*
74. *Ar gyfer derbyniadau i addysg uwchradd, cynigir dau ddewis arall – Opsiwn A ac Opsiwn B – a chynnwys maen prawf 'ysgol fwydo' yn Opsiwn B yw'r gwahaniaeth rhwng yr opsiynau. Mae Atodiad 2 y ddogfen bolisi drafft yn nodi manylion ysgolion bwydo sy'n berthnasol i Opsiwn B, fodd bynnag, nid yw ysgolion eglwysig wedi'u cynnwys er u bod wedi'u rhestru yn Atodiad 1. Felly, mae'r effaith y newidiadau*

*arfaethedig i'r meini prawf a nodir yn nhudalennau 11-13 o gymharu effaith Opsiwn A a B yn ddiffygiol, o ganlyniad i gyfresi data anghyflawn nad ydynt yn cynnwys yr effaith sylweddol ar blant o ysgolion bwydo eglwysig.*

75. *Er bod yr Asesiad o'r Effaith ar Gydraddoldeb a'r ddogfen ymgynghori yn nodi ymrwymiad y Cyngor i gyfle cyfartal, drwy gyflwyno cynnig gyda maen prawf ysgol fwydo sy'n anwybyddu ysgolion eglwysig, mae'n amlwg bod effaith wahaniaethol negyddol iawn. Mae Adran 3.7 yn nodi eich bod yn ystyried na fydd effaith wahaniaethol ar bobl gyda chrefyddau gwahanol, credoau neu ddiffyg cred o ganlyniad i'r cynigion derbyn i ysgolion Rydym yn herio hyn yn awchus. Drwy gyflwyno cynnig gyda maen prawf ysgol fwydo sy'n anwybyddu ysgolion eglwysig, mae'n amlwg bod effaith wahaniaethol negyddol dros ben.*
76. *Does dim digon o leoedd mewn ysgolion uwchradd yr Eglwys yng Nghymru yng Nghaerdydd i bawb sy'n gadael ysgolion cynradd yr Eglwys yng Nghymru. Mae llawer o ysgolion gwirfoddol a gynorthwyr yn sefydledig ac yn ysgolion bwydo sylweddol i ysgolion uwchradd cymunedol, ac mae ganddynt bartneriaethau cryf â nhw. Does dim ots os yw niferoedd y disgyblion yn llai na'r niferoedd sy'n dod o ysgolion eraill, mae hyn yn cynrychioli ymarfer gwahaniaethol.*
77. *Mae Opsiwn B yn amlwg yn gwahaniaethu yn erbyn ysgolion yr Eglwys yng Nghymru, fel cyd-ddarparwyr addysg, ac yn ddiffygiol iawn, gan ei gwneud yn opsiwn nad yw'n gymwys ei ystyried. Mae Esgobaeth Trefynwy'n argymhell y dylid derbyn Opsiwn A fel y mae'r cynnig ar hyn o bryd.*

#### Ymateb i farn Ymddiriedaeth Esgobaeth Trefynwy

78. Nodir cefnogaeth yr Esgobaeth dros Opsiwn A o ran derbyniadau i addysg uwchradd.
79. Nodir y pryderon a fynegwyd dros gynnwys maen prawf 'ysgol fwydo' (Opsiwn B) ac effaith hyn ar blant sy'n mynd i ysgol gynradd yr Eglwys yng Nghymru.
80. Trafodir materion yn ymwneud â chynnwys ysgolion cynradd yr Eglwys yng Nghymru fel ysgolion bwydo ym mharagraffau 68 - 71.
81. Nodir bod 240 lle yn Ysgol Uwchradd yr Eglwys yng Nghymru Teilo Sant ac mae 160 o'r lleoedd hynny'n cael eu pennu ar sail meini prawf ffydd, a 180 lle arall yn Ysgol Uwchradd Esgob Llandaf, a 150 o'r lleoedd hynny'n cael eu pennu yn ôl meini prawf ar sail ffydd, sy'n gwasanaethu disgyblion Caerdydd a'r Fro.
82. Mae 305 o leoedd fesul grŵp blwyddyn yn ysgolion cynradd yr Eglwys yng Nghymru yng Nghaerdydd.

83. Er bod digon o leoedd mewn ysgolion uwchradd yr Eglwys yng Nghymru yng Nghaerdydd ar gyfer y disgyblion sy'n mynd i ysgolion cynradd yr Eglwys yng Nghymru, byddai angen i Gyrrff Llywodraethu bob ysgol adolygu eu trefniadau derbyn er mwyn gwneud lle ar gyfer pob disgybl sy'n mynd i ysgolion cynradd yr Eglwys yng Nghymru yng Nghaerdydd.

Ymateb Grŵp Democratiaid Rhyddfrydol y Cyngor

84. *Mae'r grŵp yn cefnogi'r newidiadau a gynigir i'r meini prawf derbyn i addysg feithrin.*
85. *O ran derbyn i addysg gynradd, mae'r grŵp yn cydnabod bod y Cyngor yn ceisio symleiddio'r meini prawf derbyn er mwyn sicrhau bod rhieni a gwarcheidwaid yn derbyn mwy o wybodaeth ac yn gallu defnyddio'r meini prawf derbyn yn well, gan leihau nifer y plant sy'n methu â chael lle yn eu hysgol gynradd leol.*
86. *Fodd bynnag, mae'r grŵp yn poeni am effaith y newidiadau arfaethedig i'r rheol brodyr a chwiorydd ar ddarpariaeth addysg cyfrwng Cymraeg a mynediad ati. Mae dalgylchoedd cyfrwng Cymraeg yn llawer mwy na rhai ysgolion cyfrwng Saesneg, sy'n peri anawsterau ychwanegol i rieni sy'n wynebu'r posibilrwydd o fod â phlant mewn ysgolion gwahanol. Golyga hyn y gall y cynigion gael effaith andwyol ar deuluoedd sy'n ceisio addysg Gymraeg.*
87. *O ran derbyniadau i addysg uwchradd, byddai defnyddio agosrwydd yn unig wrth flaenoriaethu dyraniadau lleoedd mewn ysgol â mwy o geisiadau na lleoedd yn golygu dibynnu ar un mesur sy'n annheg a fyddai'n cael ei gamddefnyddio o bosibl.*
88. *Mae risg y bydd newid meini prawf derbyn er mwyn mynd i'r afael ag un elfen o annhegwch yn rhoi plant dan anfantaes er y byddai o fudd i rai eraill sy'n methu â chael lle ac sydd mewn ysgol gynradd fwydo ac o'r herwydd yn llai tebygol o gael lle yn eu hysgol uwchradd leol o ganlyniad i'r meini prawf a nodir yn Opsiwn B. Byddai hyn yn arwain at fethu cael lle yn eu hysgolion cynradd na chwaith yn eu hysgol uwchradd leol, ac nid yw hyn yn dderbyniol.*
89. *Roedd y grŵp eisoes wedi cynnig cyflwyno system bwyntiau yn seiliedig ar agosrwydd at ysgol uwchradd a pha mor hir yr oedd pobl wedi byw yn nalgylch yr ysgol honno, ac roeddem yn siomedig nad yw hyn wedi cael ei ystyried.*
90. *O ystyried y ddau opsiwn a gyflwynwyd, mae'r grŵp o'r farn nad yw'r norm a gynigir yn Opsiwn A yn mynd i'r afael â'r annhegwch y mae llawer o deuluoedd yn ei brofi. Opsiwn B, er gwaethaf ei ddiffygion, yw'r gorau o'r ddau. Byddai rhoi'r rheolau dalgylch a brodyr a chwiorydd ynghlwm â bob mawn prawf, yn ychwanegol i faen prawf ysgolion bwydo yn unig yn lliniaru rhywfaint ar yr annhegwch anfwriadol sydd yn y system fwydo.*

91. *Opsiwn arall gwell fyddai'r system bwyntiau a gynigwyd yn flaenorol.*
92. *Barn y grŵp yw y dylai'r Cyngor weithio gyda Llywodraeth Cymru i ddiweddarau'r Cod Trefniadaeth Ysgolion i alluogi defnyddio cymhwysedd Grant Datblygiad Disgyblion fel maen prawf ar gyfer derbyn i ysgolion.*
93. *Roedd hefyd yn bryderus iawn nad oedd fawr trafodaeth ar y ddarpariaeth cyfrwng Gymraeg yn y ddinas yn yr adroddiad Sefydliad Ymchwil, Data a Methodoleg Gymdeithasol ac Economaidd Cymru (WISERD). Er bod cyfeiriad at yr iaith Gymraeg yn yr Asesiad o'r Effaith ar Gydraddoldeb, mae hyn yn ymwneud ag ymrwymadau statudol yn hytrach nac unrhyw asesiad pellach a gynhaliwyd gan y Cyngor ar effaith y newidiadau arfaethedig ar addysg Gymraeg a'r rhai sy'n ceisio addysg Gymraeg.*
94. *Mae'r grŵp ar ddeall nas ymgysylltwyd yn ffurfiol â'r Fforwm Addysg Gymraeg yn y broses a byddai'n siomedig iawn pe na byddai'r Cyngor yn defnyddio rhanddeiliad fel hyn wrth ddeall effaith y newidiadau arfaethedig ar sector sydd wedi profi twf sylweddol mewn blynyddoedd diweddar a fydd yn tyfu eto.*

#### Ymateb i farn Grŵp Democratiaid Rhyddfrydol y Cyngor

95. Nodir cefnogaeth y Grŵp dros y newidiadau arfaethedig i'r meini prawf derbyn i addysg feithrin.
96. Mae'r pryderon a fynegwyd mewn perthynas â'r cynnig i ddiddymu'r maen prawf yn ymwneud â chyfeirio brodyr a chwiorydd yn cael eu trafod ym mharagraffau 34 - 41.
97. Fel y nodwyd yn yr adroddiad Cabinet ar 16 Mawrth 2017, Trefniadau Derbyn i Ysgolion 2018/19 a Threfniadau Derbyn i Ysgolion Uwchradd Cydlynol 2018 – 2020, ni fyddai ychwanegu maen prawf 'hyd cyfnod byw yn y dalgylch' yn cael ei gydnabod fel arfer gorau.
98. Cyfeirir at hyn yng Nghod Derbyn i Ysgolion 2.63 Llywodraeth Cymru sy'n cyfeirio at ysgolion cynradd bwydo ac yn nodi os yw Awdurdodau Derbyn yn defnyddio'r maen prawf hwn, bod angen bod yn ofalus oherwydd gall trefniadau o'r fath roi plant sy'n symud i ardal yn hwyr dan anfantais, a dylid ystyried effaith trefniadau o'r fath ar allu ysgol i wasanaethu ei chymuned leol. Byddai'n rhaid bod yn ofalus, a byddai'r un anfantais posibl, yn berthnasol i faen prawf 'hyd y cyfnod byw yn y dalgylch'.
99. Dan Adran 19 Deddf Cydraddoldeb 2010, ni chaniateir gwahaniaethu anuniongyrchol a dan Adran 85 ni chaniateir gwahaniaethu mewn perthynas â Derbyn i Ysgolion. Mae'r Cyngor hefyd wedi ymrwymo i Ddyletswydd Cydraddoldeb y Sector Cyhoeddus ym mhob un o'i benderfyniadau. Byddai maen prawf 'hyd cyfnod byw yn y dalgylch' yn enghraifft o wahaniaethu anuniongyrchol posibl, gan y byddai'r

rhai dan anfantais oherwydd y maen prawf hyn yn fwy tebygol o fod o grwpiau cymdeithasol sy'n agored i niwed gyda nodweddion a ddiogelir; er enghraifft, plant sipsiwn a theithwyr, ceiswyr lloches/ffoaduriaid a rhai disgyblion tramor eraill.

100. Gwnaeth yr adroddiad WISERD ar Feini Prawf Derbyn a gomisiynwyd gan y Cyngor yn 2017, a ystyriwyd gan y Cabinet yn ei gyfarfod ar 16 Tachwedd 2017, nodi sylwadau o adolygiad o drefniadau awdurdodau lleol, gan gynnwys:
- Y trefniadau derbyn hawsaf eu deall yw'r rhai sy'n cynnwys nifer gymharol fychan o feini prawf
  - Y trefniadau derbyn oedd fwyaf anodd eu deall oedd y rhai lle cyflwynir meini prawf pan fo mwy o geisiadau na lleoedd ar gyfer pob ysgol ar wahân.
  - Mae meini prawf pan fo mwy o geisiadau na lleoedd yn anos eu deall pan fônt yn nodi grwpiau blaenoriaeth yn hytrach na meini prawf i'w blaenoriaethu.
  - Gellid ystyried meini prawf pan fo mwy o geisiadau na lleoedd sydd â blaenoriaeth gyfartal yn gymhleth i ymgeiswyr wrth geisio deall graddfeydd y meini prawf.
101. Ni fyddai meini prawf pan fo mwy o geisiadau na lleoedd yn seiliedig ar bwyntiau yn eglur ac yn hawdd i bob rhiant eu deall.
102. Ymgynghorwyd â'r Fforwm Addysg Gymraeg yn rhan o'r ymgynghoriad statudol gyda phob partner arall.

#### Ymateb Jenny Rathbone AC

103. Roedd ymateb Jenny Rathbone AC yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3):
104. *Mae dalgylchoedd yn annheg ac yn achosi anawsterau ariannol sylweddol i deuluoedd yn Llanedern/Pentwyn oherwydd nad oes ysgol anghrefyddol yno mwyach.*
105. *Mae angen ystyried newid dalgylchoedd i sicrhau ffrwd dderbyn gynhwysfawr a chytbwys ym mhob ysgol, gan ddefnyddio Grant Amddifadedd Disgyblion (PDG) i dargedu adnoddau i ddisgyblion tlotach a chynnig llwybrau cerdded/beicio diogel i bob ysgol gyda hyfforddiant cymhwysedd beicio a chynlluniau benthyg ar gyfer prynu beics o lefel gynradd ymlaen.*

#### Ymateb i farn Jenny Rathbone AC

106. Mae'r Cyngor yn cydnabod pa mor bwysig yw sicrhau bod trefniadau dalgylch yn eglur a bod gwybodaeth am dderbyniadau yn galluogi rhieni i wneud penderfyniadau effeithiol ynghylch lle y dylent ymgeisio am ysgol i'w plentyn/plant.

107. Mae Llanedern a Pentwyn yn cael eu gwasanaethu gan ddwy ysgol uwchradd gymunedol, sef Ysgol Uwchradd Llanisien ac Ysgol Gyfun Gymraeg Bro Edern.
108. Mae trefniadau derbyn Ysgol Uwchradd yr Eglwys yng Nghymru Teilo Sant hefyd yn cynnig 80 o leoedd agored sy'n rhoi blaenoriaeth i blant sy'n mynd i Ysgolion Cynradd yr Eglwys yng Nghymru nad yw'r teulu'n bodloni'r meini prawf derbyn am le sefydledig, ac yna i blant y mae eu teuluoedd yn byw yn nalgylchoedd Ysgolion Cynradd Bryn Celyn, Glyncoed, Llanedern a Springwood nad ydynt yn bodloni'r meini prawf derbyn am le sefydledig.
109. Trafodwyd yr awgrymiad i ystyried sut y gellid helpu'r rhai mewn tloidi yn Adroddiad WISERD a ystyriwyd yn y cyfarfod Cabinet ar 16 Tachwedd 2017.
110. Fel y cytunwyd yn y cyfarfod Cabinet ar 16 Tachwedd 2017, bydd swyddogion yn ystyried sut gall meini prawf derbyn eraill effeithio'n bositif ar amrywiaeth a/neu ddisgyblion sydd dan anfantais gymdeithasol neu economaidd.

#### Ymateb Corff Llywodraethu Ysgol Gynradd Llwynbedw

111. Roedd ymateb Corff Llywodraethu Ysgol Gynradd Llwynbedw yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).
112. *O ran derbyniadau i addysg uwchradd, mae'r ysgol yn credu mai Opsiwn A yw'r cynnig mwyaf teg i ddisgyblion a rhieni.*
113. *Mae'r Corff Llywodraethu o'r farn bod cynnig Opsiwn B i ychwanegu maen prawf o ran mynychu ysgol gynradd fwydo yn annheg. Mae llawer o ysgolion yng Nghaerdydd yn derbyn mwy o geisiadau na lleoedd a gall yr opsiwn arwain at blant sy'n byw'n agos iawn at ysgol uwchradd y maent yn dymuno ei mynychu yn methu â gwneud hynny, gan eu bod wedi symud i Gaerdydd ac felly heb fynychu ysgol gynradd leol.*
114. *Gallai Opsiwn B fod yn anodd i deuluoedd gyda phlant sydd ar y gofrestr yr ysgol ar hyn o bryd.*

#### Ymateb i farn Corff Llywodraethu Ysgol Gynradd Llwynbedw

115. Nodir cefnogaeth y Corff Llywodraethu dros Opsiwn A o ran derbyniadau i addysg uwchradd.

#### Ymateb Corff Llywodraethu Ysgol Gynradd Howardian

116. Roedd ymateb Corff Llywodraethu a Rhieni Ysgol Gynradd Howardian yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).

117. *Mae Opsiwn B ar y cyd â'r cynnig i gynyddu capasiti Ysgol Uwchradd Caerdydd yn 2020 yn rhoi'r cyfle gorau i'n plant allu symud i ysgol uwchradd eu dalgylch gyda'u grŵp cyfoedion.*
118. *Mae'r ysgolion bwydo arfaethedig yn amlwg ac yn eglur ac wedi'u creu yn rhesymegol.*
119. *Byddai Opsiwn B yn helpu'r ysgol uwchradd leol i gynnal partneriaethau agos gyda'r ysgolion cynradd lleol.*
120. *Mae'r niferoedd derbyn yn yr ysgolion cynradd bron yn gyfartal â nifer derbyn Ysgol Uwchradd Caerdydd a bydd estyniad arfaethedig Ysgol Uwchradd Caerdydd gan ddwy ffrwd ychwanegol yn cynnig digon o gapasiti ar gyfer carfan 2 ffrwd o Howardian o 2022 ymlaen.*
121. *Bydd Opsiwn B yn cynnig parhad addysg i ddisgyblion ac yn galluogi rhan fwyaf y plant yn yr ysgolion bwydo i symud fel grŵp cyfoedion gyda'i gilydd i ysgol uwchradd y dalgylch lleol. Mae hyn yn ategu ac yn cynnal cysylltiadau cymunedol a chymorth cyfoedion ac yn hyrwyddo lles disgyblion, sydd wrth galon diwygiadau Llywodraeth Cymru. Mae hefyd yn cefnogi agendau cenedlaethol eraill megis Gyda'n Gilydd dros Blant a Phobl Ifanc a Deddf Llesiant Cenedlaethau'r Dyfodol.*
122. *Mae Opsiwn B yn rhoi mwy o sicrwydd i blant yn ein Blwyddyn 6, yn lleihau'r straen ychwanegol a achosir gan eu symud nhw o'u grwpiau cyfoedion sefydledig ac yn gwella llesiant disgyblion ac yn eu tro, eu canlyniadau academaidd.*
123. *Byddai'r prosesau pontio o CA2 i CA3 yn well a byddai cydweithrediad ledled y Cyfnodau Sylfaen yn fwy effeithiol.*
124. *Byddai meini prawf ysgolion bwydo yn sicrhau mewnbwn a sail disgyblion mwy amrywiol o ran ffactorau economaidd-gymdeithasol, y gymuned ac ethnigrwydd, yn hytrach na bod pellter oddi wrth faestref gyfoethog yn ffactor mwy sylweddol.*
125. *Mae Opsiwn B yn creu mwy o gyfleoedd o ran opsiynau trafnidiaeth gynaliadwy.*

Ymateb i farn Corff Llywodraethu Ysgol Gynradd Howardian

126. Nodir cefnogaeth y Corff Llywodraethu dros Opsiwn B o ran derbyniadau i addysg uwchradd.
127. Cydnabyddir bod Niferoedd Derbyn Cyhoeddedig agrededig Ysgolion Cynradd Lakeside, Marlborough, Rhydypennau a Pharc y Rhath bron yn gyfartal â Nifer Derbyn Cyhoeddedig Ysgol Uwchradd Caerdydd ac y byddai estyniad arfaethedig Ysgol Uwchradd Caerdydd yn cynnig digon o gapasiti ar gyfer dau ddsbarth mynediad ychwanegol. Fodd bynnag, fel y nodir ym **mharagraffau 65-65**, nid oes llawer o gysondeb rhwng niferoedd derbyn agrededig ysgolion

cynradd cymunedol ledled Caerdydd a'r ysgolion uwchradd sy'n gwasanaethu eu dalgylchoedd.

#### Ymateb Corff Llywodraethu Ysgol Gynradd Marlborough

128. Roedd ymateb Corff Llywodraethu Ysgol Gynradd Marlborough yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).
129. *Mae'r Corff Llywodraethu yn dal i boeni bod y meini prawf pan fo mwy o geisiadau na lleoedd yn annheg i deuluoedd sy'n byw yn nalgylch Ysgol Gynradd Marlborough oherwydd eu pellter daearyddol i'r ysgol uwchradd (Ysgol Uwchradd Caerdydd) o'i chymharu â thair ysgol gynradd bartner arall sy'n agosach.*
130. *Mae'r Corff Llywodraethu'n cynnig y dylai hyd y cyfnod y bu'r teulu yn byw yn y dalgylch fod yn fwy o flaenoriaeth nag agoswydd y cartref at yr ysgol uwchradd (neu faen prawf arall sy'n gwaredu'r annhegwch o agoswydd).*
131. *Mae'r Corff Llywodraethu yn unfryd o blaid Opsiwn B o ran derbyn i ysgolion uwchradd, sy'n cynnig opsiwn llawer tecach i'r gymuned ac yn helpu i ddiddymu'r meini prawf annheg pan fo mwy o geisiadau na lleoedd ar hyn o bryd, sy'n defnyddio'r pellter daearyddol at ysgol uwchradd y dalgylch.*

#### Ymateb i farn Corff Llywodraethu Ysgol Gynradd Marlborough

133. Nodir cefnogaeth y Corff Llywodraethu dros Opsiwn B o ran derbyniadau i addysg uwchradd.
134. Trafodir y pryderon ynghylch agoswydd/hyd cyfnod ym mharagraffau 97 - 99.

#### Ymateb Corff Llywodraethu Ysgol Gynradd Parc y Rhath

135. Roedd ymateb Corff Llywodraethu Ysgol Gynradd Parc y Rhath yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).
136. *Mae'r Corff Llywodraethu yn unfryd o blaid dewis Derbyniadau i Ysgolion Uwchradd: Opsiwn B. Dyma yw'r opsiwn gorau a fydd yn sicrhau bod gan rieni plant yr ysgol y cyfle gorau o gael lle i'w plant yn Ysgol Uwchradd Caerdydd os yw'r teulu'n byw yn nalgylch Ysgol Gynradd Parc y Rhath.*
137. *Ystyrir bod pontio i'r ysgol uwchradd yn hanfodol bwysig i les plant felly mae'n bwysig bod plant yn pontio gyda'u carfan/cyfoedion.*

138. *Mae'n hanfodol bwysig amddiffyn yr amrywiaeth y mae Ysgol Gynradd Parc y Rhath yn ei chyflwyno i Ysgol Uwchradd Caerdydd.*
139. *Dylai bod dyletswydd ar bob ysgol uwchradd eglwysig a sefydledig i roi gwybod i rieni bob plentyn Blwyddyn 7 yn y dyfodol ar yr un diwrnod ag y mae'r awdurdod lleol yn rhyddhau'r derbyniadau i blant a fydd yn mynychu ysgolion uwchradd cymunedol.*
140. *Mae'r Corff Llywodraethu'n poeni y bydd plant sy'n dewis addysg Gymraeg neu addysg breifat i'w plant ar lefel ysgol gynradd yn cael lle yn Ysgol Uwchradd Caerdydd pan fyddant eisiau i'w plant newid i'r system Saesneg neu'r system wladol. Ni ddylid caniatáu hyn ar draul plant sy'n byw yn nalgylch Ysgol Gynradd Parc y Rhath ac sy'n mynd i'w hysgol ddalgylch leol.*
141. *Mae angen i'r Cyngor fod yn strategol ac yn rhagweithiol iawn wrth gyhoeddi cynlluniau posibl ar gyfer addysg uwchradd ledled y ddinas cyn gynted â phosibl - a fydd ysgol uwchradd newydd ym Mhontpennau? Pa ysgol uwchradd y bydd disgwyl i ddisgyblion Ysgol Gynradd Howardian ei mynychu mewn pedair blynedd?*

Ymateb i farn Corff Llywodraethu Ysgol Gynradd Parc y Rhath

142. Nodir cefnogaeth y Corff Llywodraethu dros Opsiwn B o ran derbyniadau i addysg uwchradd.
143. Fel y nodir ym mharagraff 2.23 Cod Derbyn i Ysgolion Llywodraeth Cymru, er mwyn sicrhau cysondeb rhwng awdurdodau derbyn ac osgoi dryswch i rieni, mae'n rhaid bod dyddiadau cyffredin gan bob awdurdod derbyn mewn unrhyw ardal ALI ar gyfer dychwelyd ceisiadau cynradd ac uwchradd ar gyfer y flwyddyn fynediad arferol. Gellid cytuno ar ddyddiadau cyffredin gwahanol ar gyfer ceisiadau cynradd ac uwchradd.
144. Mae dyddiad cyffredin yr holl ysgolion uwchradd, gan gynnwys ysgolion uwchradd eglwysig a sefydledig wedi bod ar waith ers 2015/16, yn unol â gofynion y Cod Derbyn i Ysgolion.
145. Ni chaiff y Cyngor atal rhieni disgyblion sydd wedi cofrestru mewn ysgolion cynradd Cymraeg neu addysg breifat rhag nodi ysgol gyfrwng Saesneg fel dewis nac ychwaith atal unrhyw ddisgyblion sy'n gymwys, yn ôl eu dyddiad geni, rhag eu derbyn.
146. Ysgol Uwchradd Llanisien sy'n gwasanaethu Pontpennau. Cafodd pob disgybl sy'n byw ym Mhontpennau a geisiodd am lle yn Ysgol Uwchradd Llanisien yn y broses dderbyn ar gyfer mis Medi 2018 le yn yr ysgol.
147. Roedd Cynllun Seilwaith Addysg y Cyngor wedi'i gynnwys yn y Cynllun Datblygu Lleol Adnau (CDLI) yn 2013. Mae'r Cynllun Seilwaith yn amlygu cynigion buddsoddi / datblygu ac yn nodi

gofynion seilwaith i'r dyfodol yn seiliedig ar lefel y twf a ragfynegir yng Nghaerdydd, gan gynnwys darpariaeth ysgol uwchradd ychwanegol i wasanaethu datblygiadau tai arfaethedig yng ngogledd ddwyrain Caerdydd. Mae amserlenni'r cynigion hyn yn dibynnu ar amserau'r datblygiadau tai sy'n cael eu cyflwyno.

148. Mae Ysgol Gynradd Howardian yn nalgyloch Ysgol Uwchradd Caerdydd. Rhestrir trefniadau ysgolion bwydo pob ysgol gynradd ac uwchradd cymunedol ar gyfer derbyn i'r ysgol yn 2019/2020 ym Mholisi Derbyn i Ysgolion drafft 2019/2020 . Yn unol â gofynion Cod Derbyn i Ysgolion LIC, ni chaiff y Cyngor ymgynghori ar drefniadau a fyddai'n weithredol yn 2022/2023. Ni chaniateir ymgynghori ar drefniadau ar gyfer y flwyddyn ysgol 2022/2023 ond rhwng 1 Medi 2020 a 1 Mawrth 2021.
149. Cadarnhaodd y Cyngor ei raglen fuddsoddi Band B Ysgolion yr 21ain Ganrif ym mis Rhagfyr 2017. Bydd angen ystyried yr adolygu dalgyloedd a sefydlu dalgyloedd newydd, er mwyn cynnig gwell cysondeb o ran maint dalgyloedd a phoblogaeth yn yr ysgol. Byddai unrhyw newidiadau arfaethedig o'r fath yn cael eu hategu gan newidiadau i ddarpariaeth gynradd a/neu uwchradd a ddaw yn sgil rhaglen Band B Ysgolion yr 21ain Ganrif Llywodraeth Cymru.

#### Ymateb Ysgol Gynradd yr Eglwys yng Nghymru Sant Monica

150. Roedd ymateb gan Bennaeth Ysgol Gynradd yr Eglwys yng Nghymru Sant Monica yn cynnwys y pwyntiau canlynol (mae copi o'r ymateb llawn yn Atodiad 3).
151. *Ydych chi'n cefnogi'r trefniadau derbyn meithrin 2019/2020 a gynigir?*  
- Ydw
152. *Ydych chi'n cefnogi'r trefniadau derbyn cynradd 2019/2020 a gynigir?*  
- Ydw.
153. *Ar y cyfan, mae hyn yn ymddangos yn symlach ac mae'n debyg mai agoswydd yw'r system decaf. Dylai cadw brodyr a chwiorydd gyda'i gilydd yn y cyfnod cynradd fod yn flaenoriaeth o hyd - mae diddymu'r maen prawf 'cyfeirio brodyr a chwiorydd' i'w weld yn annheg os yw'r Cyngor yn gwneud newidiadau i'r dalgyloch tra mae'r teulu yn mynychu'r ysgol.*
154. *Ydych chi'n cefnogi'r trefniadau derbyn uwchradd 2019/2020 a gynigir?* - Nac ydw
155. *Os ydych chi'n cefnogi'r trefniadau a gynigir, pa opsiynau uwchradd sydd orau gennych chi – Opsiwn A*
156. *Byddai cyflwyno system ysgol fwydo yn rhoi plant o ysgolion cynradd yr Eglwys yng Nghymru dan anfantais sylweddol. Nid oes digon o leoedd ysgol uwchradd yr Eglwys yng Nghymru i ateb y galw. Byddai plant sydd o gefndir lleiafrifoedd ethnig (yn benodol y rhai y*

*mae gan eu rhieni sgiliau Saesneg a/neu sgiliau llythrennedd gwael) dan anfantais yn sylweddol gan eu bod yn llai tebygol o allu fforddio teithio i ac o ysgol uwchradd yr Eglwys yng Nghymru. Mae llawer o rieni'n dewis ysgolion eglwysig gan fod addysg yn seiliedig ar ffydd yn cael ei hystyried yn elfen hanfodol o unrhyw addysg gyflawn; nid yw'r dewis hwn ar gael i lawer. I ble byddai plant mewn ysgolion cynradd yr Eglwys yng Nghymru yn mynd? Mae system ysgol fwydo'n creu hollt yn fwy fyth o ran argraff rhieni, a bydd yn rhannu ysgolion ymhellach i ysgolion 'gyda' ac ysgolion sydd 'heb'. Mae hyn yn cyfyngu ar y dewis o ysgolion i bawb.*

157. *Mae'n ymddangos mai lleoedd ysgol yn seiliedig ar agosrwydd yw'r ffordd decaf. Ni ddylid ystyried am ba hyd y mae disgybl wedi bod yn byw mewn cyfeiriad. Mae rhai o'n dysgwyr sydd fwyaf agored i niwed wedi byw mewn cyfeiriadau gwahanol ac wedi bod mewn sawl ysgol wahanol. Ni ddylent fod dan anfantais o ganlyniad i hyn, maent wedi gorfod symud yn aml oherwydd cost uchel llety rhent ac maent eisoes yn agored i dangyflawni oherwydd amddifadedd.*

#### Ymateb i farn Ysgol Gynradd yr Eglwys yng Nghymru Sant Monica

158. Nodir cefnogaeth y Pennaeth ar gyfer y newidiadau arfaethedig i feini prawf pan fo mwy o geisiadau na lleoedd yn addysg feithrin a chynradd.
159. Nodir cefnogaeth y Pennaeth dros Opsiwn A o ran derbyniadau i addysg uwchradd.
160. Trafodir y pryderon ynghylch cynnwys maen prawf 'ysgol fwydo' ar gyfer derbyn i addysg uwchradd ym mharagraffau 68 – 71.

#### Ymateb Corff Llywodraethu Ysgol Hamadryad

161. Roedd ymateb Corff Llywodraethu Ysgol Hamadryad yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).
162. *Er bod yr adroddiad WISERD yn trafod yr heriau a wynebhir gan y sector cyfrwng Saesneg ac ysgolion cyfun cyfrwng Saesneg yn benodol, mae'n amlwg nad oes unrhyw drafodaeth am addysg gyfrwng Cymraeg. Mae'n debyg y bydd newid y polisi derbyn ac yn benodol y rheol brodyr a chwirydd yn cael effaith sylweddol ar ysgolion cyfrwng Cymraeg gan fod nifer o ysgolion cyfrwng Cymraeg eisoes yn llawn, ac mae ysgolion cynradd cyfrwng Cymraeg ymhellach oddi wrth ei gilydd nag ysgolion cyfrwng Saesneg cyffelyb.*
163. *Nid oes gan Ysgol Hamadryad ddalgylch ar hyn o bryd a phe byddai'r newid arfaethedig yn cael ei gyflwyno byddai nifer o rieni gyda mwy nac un plentyn yn gorfod dyfalu ym mha ddalgylch byddai'r cyfeiriad yn y dyfodol er mwyn ceisio sicrhau y byddai eu plant yn mynd i'r un ysgol.*

164. *Mae'r Corff Llywodraethu'n credu'n gryf na ddylid diddymu'r rheol brodyr a chwiorydd oherwydd yr effaith benodol a gâi ar addysg gyfwng Cymraeg. Os nad yw hynny'n bosibl, dylid sicrhau bod rhieni yn Grangetown a Butetown yn cael eu trin yn deg os ydynt yn penderfynu anfon eu plant i Ysgol Hamadryad (neu Ysgol Pwll Coch neu Ysgol Mynydd Bychan).*

#### Ymateb i farn Corff Llywodraethu Ysgol Hamadryad

165. Trafodir y pryderon ynghylch yr heriau sy'n wynebu addysg gyfrwng Cymraeg a chyfrwng Saesneg ym mharagraff 52.
166. Trafodir y pryderon ynghylch diddymu'r maen prawf 'cyfeirio brodyr a chwiorydd' ym mharagraffau 34 – 41.

#### Ymateb Pennaeth Ysgol Pencae

167. Roedd ymateb gan Bennaeth Ysgol Pencae'n cynnwys y pwyntiau canlynol (mae copi o'r ymateb llawn yn Atodiad 3).
168. *O ystyried y ffaith bod y Sir eisoes wedi newid dalgylch Ysgol Pencae i fwydo Ysgol Glantaf yn lle Ysgol Plasmawr (Medi 2017), roedd amod yn y trefniadau Derbyn a oedd yn gwarantu y byddai brodyr a chwiorydd iau yn Ysgol Pencae yn cael mynd i Ysgol Plasmawr er mwyn mynd i'r un ysgol â'u teulu, yn hytrach nag Ysgol Glantaf.*
169. *Mae'r addewid hwn yn cael ei dorri yn y trefniadau newydd ac felly rydw i, fel Pennaeth, yn erbyn rhan hon yr ymgynghoriad. Nid yw hyn yn deg gan y rhoddir pwyslais ar yr addewid hwn yn ystod y cyfnod o newid. Bydd hyn yn achosi llawer o broblemau i deuluoedd, ac yn fwy na hynny, yn gwneud i'r Sir edrych yn ddrwg iawn am newid trefniadau unwaith eto!*

#### Ymateb i farn Pennaeth Ysgol Pencae

170. Trafodir y pryderon ynghylch diddymu'r maen prawf 'cyfeirio brodyr a chwiorydd' ym mharagraffau 34 – 41.

#### Ymateb Corff Llywodraethu Ysgol Gymraeg Pwll Coch

171. Roedd ymateb Corff Llywodraethu Ysgol Gymraeg Pwll Coch yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).
172. *Mae Ysgol Pwll Coch wedi profi newidiadau dalgylchoedd yn ddiweddar yn dilyn agor Ysgol Treganna newydd, ac mae mwy o newidiadau yn debygol yn y dyfodol agos wrth lunio dalgylch Ysgol Hamadryad. Felly, mae'r ysgol a'r gymuned y mae'n ei gwasanaethu wedi hen arfer â'r materion sy'n deillio o dderbyniadau a'u heffaith ar blant a theuluoedd.*

173. *Mae Ysgol Pwll Coch yn falch o weld yr ymchwil a wnaeth yr Athro Chris Taylor ar feini prawf derbyn ac mae o blaid cynllunio'n seiliedig ar ymchwil.*
174. *Mae'r ysgol yn poeni bod yr ymchwil wedi canolbwyntio ar un sector yn unig (ysgolion uwchradd cyfrwng Saesneg) sydd felly'n sail i'r newidiadau arfaethedig ym mhob sector.*
175. *Mae'r ymchwil yn ymdrin ag addysg Gymraeg mewn modd arwynebol iawn, heb unrhyw drafodaeth ar y berthynas rhwng y meini prawf derbyn, y dalgylchoedd a'r nod o gynyddu'r niferoedd sy'n derbyn addysg Gymraeg, ac mae'n gwneud awgrymiadau uchelgeisiol megis annog Llywodraeth Cymru i ystyried newid ei pholisiau mewn sawl ffordd, gan gynnwys ystyried bandio a newid natur yr ysgolion eu hunain.*
176. *Mae gan y Cyngor ei Fforwm Addysg Gymraeg ei hun ac mae'n anffodus nad yw'r adroddiad na'r broses cyn yr ymgynghoriad wedi gweithio gyda'r corff hwn.*
177. *Mae Ysgol Pwll Coch yn croesawu'r ystyriaeth a roddir i ddisgyblion sy'n gymwys i dderbyn prydau ysgol am ddim, disgyblion ag anghenion dysgu ychwanegol, disgyblion o leiafrifoedd ethnig a disgyblion nad yw'r Gymraeg na'r Saesneg yn brif iaith eu cartref, ond rydym yn siomedig am y diffyg trafodaeth ar y cyd-destun cyfrwng Gymraeg.*
178. *Mae'r adroddiad yn dweud bod hollt mawr yn yr ysgolion uwchradd cyfrwng Cymraeg, yn benodol mewn perthynas â'r nifer isel o ddisgyblion du a lleiafrifoedd ethnig ar y gofrestr a'r nifer is o blant sy'n gymwys ar gyfer prydau ysgol am ddim ynddynt. Mae hollt mawr yn yr ysgolion cyfrwng Cymraeg ond dim ond mewn perthynas ag ysgolion uwchradd cyfrwng Saesneg. Mae'r hollt yn llawer llai sylweddol wrth ystyried yr ysgolion cyfrwng Cymraeg yn cael eu hystyried mewn perthynas â'i gilydd ac â'u hysgolion cynradd. Mae'r hollt a welir yn ysgolion uwchradd cyfrwng Cymraeg yn ganlyniad demograffig o'r sector cynradd cyfrwng Cymraeg yng Nghaerdydd yn hytrach na'r ffordd y caiff derbyniadau eu gweinyddu, fodd bynnag, nid yw'r adroddiad yn ystyried y cyfrwng cynradd Cymraeg na'r ffyrdd y gellid lleihau unrhyw hollt cymdeithasol. Byddai Ysgol Pwll Coch yn falch o weld ymchwil a fyddai'n cynorthwyo i liniaru'r hollt hwn mewn ysgolion cynradd cyfrwng Cymraeg.*
179. *Mae'r adroddiad yn adolygu trefniadau derbyn mewn pymtheng awdurdod lleol arall, mae dau o'r rhain yng Nghymru, ond nid yw'n trafod yn fanwl pam na sut mae ALLau yn Lloegr yn debyg i Gaerdydd, o ystyried y ffaith amlwg nad oes unrhyw addysg gyfrwng Cymraeg yn Lloegr. Ni thrafodir y ffordd y mae Casnewydd ac Abertawe'n ymdrin ag addysg gyfrwng Cymraeg o gwbl.*
180. *Nid yw'r adroddiad yn ystyried maint y dalgylchoedd cyfrwng Cymraeg sydd fel arfer yn llawer mwy na dalgylchoedd cyfrwng*

*Saesneg. Nid oes unrhyw dystiolaeth bod y Corff Llywodraethu'n ymwybodol o'r ffaith bod dalgylchoedd cyfrwng Cymraeg yn effeithio ar brisiau tai.*

181. *Mae dalgylchoedd cyfrwng Cymraeg yn profi mwy o newidiadau rheolaidd na dalgylchoedd addysg gyfrwng Saesneg, ac mae angen ystyried yn ofalus yr effaith ar deuluoedd a phlant sydd eisoes mewn ysgol benodol; roedd Ysgol Pwll Coch yn cytuno'n gryf â'r pwyntiau pwysig a wnaed ar yr effeithiau negyddol a ddaw o ganlyniad i roi brodyr a chwiorydd mewn ysgolion gwahanol. Mae'r materion hyn yn waeth yn gyffredinol i blant oedran cynradd a byddai'n anos fyth i'r rhai sy'n dewis addysg Gymraeg gan fod dalgylchoedd cyfrwng Cymraeg yn gyffredinol yn llawer mwy.*
182. *Mae Ysgol Pwll Coch o'r farn nad oes achos ar hyn o bryd dros newid y maen prawf cyfeirio brodyr a chwiorydd; yr ateb amlwg yw symleiddio'r meini prawf dan ystyriaeth.*
183. *Mae'r awgrymiad bod y Cyngor yn ei gwneud hi'n glir nad yw byw mewn dalgylch penodol yn gwarantu lle i blentyn yn hollol rhesymol.*
184. *Ni all Ysgol Pwll Coch fod yn hyderus bod y cynigion presennol yn seiliedig ar ddealltwriaeth drylwyr o'u goblygiadau ar addysg Gymraeg ac mewn rhai achosion byddent yn effeithio'n negyddol arni.*
185. *Nid yw Ysgol Pwll Coch felly'n cefnogi'r cynigion ymgynghori a hoffai weld ymchwil perthnasol yn cael ei wneud, sy'n ystyried addysg Gymraeg cyn newid y system gyfredol.*

#### Ymateb i farn Corff Llywodraethu Ysgol Gymraeg Pwll Coch.

186. *Trafodir y pryderon ynghylch ystyried addysg Gymraeg a'r ymgysylltiad â'r Fforwm Addysg Gymraeg ym mharagraff 52 a pharagraff 102.*
187. *Trafodir y pryderon ynghylch gwaredu'r maen prawf 'cyfeirio brodyr a chwiorydd' ym mharagraffau 34 – 41.*

#### Ymateb Ysgol Uwchradd (Sefydledig) yr Eglwys Newydd

188. *Roedd ymateb Corff Llywodraethu Ysgol Uwchradd yr Eglwys Newydd yn cynnwys y pwyntiau canlynol (gallwch weld copi o'r ymateb llawn yn Atodiad 3).*
189. *Er bod yr Adroddiad Meini Prawf Derbyn (WISERD) yn cynnig llawer o awgrymiadau ar gyfer gwneud meini prawf presennol yn haws eu deall ac yn llai cymhleth a pharhau i fodloni'r gofynion statudol angenrheidiol, nid yw'r awdurdod wedi cymryd cyfle i fireinio'r meini prawf i'w gwneud nhw'n haws eu deall a thrwy hynny'n fwy teg a hygyrch.*

190. *Nid yw'n glir pam mae Caerdydd yn dal i ddefnyddio 'sail feddygol neu gymdeithasol gryf' fel maen prawf ac nid yw'r llywodraethwyr o blaid parhau i ddefnyddio'r maen prawf hwn.*
191. *Mae'r llywodraethwyr yn cefnogi ail-gyflwyno 'mynychu ysgol fwydo' fel maen prawf, y mae Ysgol Uwchradd (Sefydledig) yr Eglwys Newydd yn ei ddefnyddio erioed, gan gydnabod ei fod yn helpu i gynnig parhad yn y gymuned leol, yn benodol i ddisgyblion a theuluoedd sy'n fwy agored i niwed. Yn rhan o'r trefniadau pontio, mae hefyd yn cynnig parhad cwricwlaidd drwy brofiadau cwricwlaidd a rennir.*
192. *Er bod ychydig o bryder y byddai'r maen prawf 'ysgol fwydo' yn rhoi teuluoedd sy'n symud i mewn i'r ardal dan anfantais, mae'n debyg y byddai'r holl leoedd mewn ysgolion uwchradd sydd â mwy o geisiadau na lleoedd wedi'u dyrannu cyn unrhyw symud. Rydym hefyd yn gwybod bod rhai teuluoedd yn symud o'r ardal ar ôl iddynt gael lle yn yr ysgol, felly mewn ardaloedd â mwy o symudedd mae'n bosibl y deuai lleoedd ar gael i deuluoedd sy'n symud i mewn i'r ardal.*
193. *Nid yw'n glir pam mae Cynlluniau Gofal Iechyd Unigol a Ariennir yn cael eu hystyried yn faen prawf ar gyfer ysgolion uwchradd. Bydd plant ifanc fel arfer yn cael eu hasesu yn ystod y flwyddyn feithrin neu'n gynnar yn y cyfnod cynradd ac os yw'n briodol yn derbyn Datganiad o Angen Addysgol Arbennig. Nid yw'r llywodraethwyr yn cefnogi'r maen prawf hwn.*

#### Ymateb i farn Ysgol Uwchradd (Sefydledig) yr Eglwys Newydd

194. *Nid yw'r mwyafrif y blaenoriaethau a gyflwynir gan rieni ar sail feddygol neu gymdeithasol yn bodloni'r maen prawf cyhoeddedig sy'n gofyn am dystiolaeth benodol. Mae gweithredu'r maen prawf hwn dros nifer o flynyddoedd yn awgrymu nad yw rhieni'n deall yn llwyr beth yw 'sail feddygol neu gymdeithasol gryf', ac yn aml mae'n anodd ei mesur yn wrthrychol. Mae modd ystyried asesiad gan ymarferydd meddygol unigol neu weithiwr cymdeithasol sy'n argymhell mynd i ysgol benodol yn oddrychol a heb unrhyw gyd-destun ehangach, oherwydd mae'n bosibl ateb anghenion disgyblion heb ddatganiad o angen addysgol meddygol neu anghenion addysgol arbennig mewn unrhyw ysgol prif lif.*
195. *Ni fodlonir y maen prawf hwn ond pan fo amgylchiadau teilwng penodol y bu gofyn am lefel o gefnogaeth gan feddyg ymgynghorol ar eu cyfer, neu pan fo'r plentyn yn derbyn cymorth gan y Gwasanaethau Cymdeithasol ond heb ei ystyried yn Blentyn sy'n Derbyn Gofal, a phan fo'r cyngor a ddarperir gan y gweithwyr proffesiynol hyn yn nodi mai dim ond yn yr ysgol ddewis y gellid ateb anghenion o'r fath. Mae amgylchiadau o'r fath yn cynnwys, ond heb fod yn gyfyngedig i: plant â materion iechyd meddwl; plant sy'n profi trawma corfforol neu emosiynol neu drais domestig, a'r plant a ystyrir yn agored i niwed yng nghyd-destun materion teulu.*

196. Mae'r Cyngor yn cydnabod er bod cynnwys y maen prawf hwn o bosibl yn agored i ddehongliad, mae'r maen prawf yn galluogi ystyriaeth berthnasol i amgylchiadau plant sydd ymhlith y mwyaf agored i niwed yng Nghaerdydd. Ystyrir cynnwys canllaw ychwanegol yn y llyfryn Derbyn i Ysgolion (Gwybodaeth i Rien) er mwyn ceisio osgoi camddealltwriaeth.
197. Nodir cefnogaeth y Corff Llywodraethu dros Opsiwn B o ran derbyniadau i addysg uwchradd.
198. Mae cynnwys y maen prawf Cynllun Gofal Iechyd Unigol a Ariennir yn y meini prawf pan fo mwy o geisiadau na lleoedd o ran derbyniadau i addysg uwchradd yn galluogi ystyried blaenoriaethu derbyn dysgwyr y byddai eu hanghenion gofal iechyd yn cael eu bodloni'n fwyaf priodol mewn ysgol uwchradd benodol. Ni fyddai angen Datganiad o Anghenion Addysgol Arbennig ar ddysgwyr heb anghenion dysgu dwys.

#### Ymateb Ysgol Gyfun Gymraeg Plasmawr

199. Roedd ymateb gan Bennaeth Ysgol Gyfun Gymraeg Plasmawr yn cynnwys y pwyntiau canlynol (mae copi o'r ymateb llawn yn Atodiad 3).
200. *Mae Llywodraethwyr Ysgol Plasmawr yn falch o weld 'Ysgolion Bwydo' yn cael eu hystyried mewn perthynas â meini prawf derbyn i addysg uwchradd. Fodd bynnag, credir na roddwyd digon o sylw yn y ddogfen ymgynghori i'r sefyllfa unigryw sy'n wynebu addysg Gymraeg pan sefydlir ysgolion newydd heb ddalgylch penodol am gyfnodau hir neu pan addasir ysgolion.*
201. *Teimlir y dylai'r ddogfen roi ystyriaeth ar wahân i ysgolion newydd drwy gynnwys 'brawd/chwaer' er mwyn cefnogi teuluoedd sy'n awyddus i gefnogi ysgolion newydd ond sydd hefyd am i'w plant fynychu'r un ysgol, yn enwedig yn y sector cynradd.*

#### Ymateb i farn Ysgol Gyfun Gymraeg Plasmawr

202. Nodir cefnogaeth y Corff Llywodraethu dros Opsiwn B o ran derbyniadau i addysg uwchradd.
203. Trafodir y farn a fynegwyd ynghylch cynnwys maen prawf yn benodol i ysgolion sydd newydd eu sefydlu ym mharagraffau 34 - 41.

#### Ymateb Cyfreithwyr Albany

204. Roedd ymateb gan Gyfreithwyr Albany yn cynnwys y pwyntiau canlynol (mae copi o'r ymateb llawn yn Atodiad 3).
205. *Mae ail-gynnwys y system fwydo yng Nghaerdydd yn gwahaniaethu yn weithredol yn erbyn rhannau o'r gymuned sy'n fwy mudol ac sydd*

*felly'n llai tebygol o fod ar gofrestr yr ysgol trwy gydol y cyfnod cynradd neu'r rhai sy'n symud i'r dalgylch yn hwyrach yn y cyfnod cynradd. Gall hyn gynnwys cymunedau pobl dduon a lleiafrifoedd ethnig, plant ceiswyr lloches a ffoaduriaid a'r gymuned deithiol.*

206. *Mae'r system arfaethedig yn gwahaniaethu yn erbyn teuluoedd sy'n agored i niwed ar incwm isel nad ydynt yn cynnal llety parhaol a sicr ac felly mae'n ymddangos fel ei fod yn ffafrio rhieni mwy cefnog sy'n gallu symud i gartref parhaol mewn dalgylch "deniadol" pan fo eu plant mewn oedran cyn cynradd.*
207. *Mae'r system fwydo yn amlwg yn rhoi cymunedau pobl dduon a lleiafrifoedd ethnig, plant ceiswyr lloches a ffoaduriaid a'r gymuned deithiol dan anfantais sylweddol wrth geisio cael lle mewn ysgol.*
208. *Mae'n ymddangos yn afresymegol ceisio cynnwys system ysgol fwydo nawr, heb roi unrhyw ystyriaeth fanwl bellach i oblygiadau maint a lleoliadau ffiniau'r dalgylch.*
209. *Byddai'n afresymol gweithredu polisi sy'n ymddangos yn fanteisiol i ran fechan o ardal yr Awdurdod Lleol, ac yn rhoi grwpiau eraill, yn benodol y rhai o gefndir economaidd-gymdeithasol llai ffodus ledled yr Awdurdod Lleol, dan anfantais sylweddol.*

#### Ymateb i farn Cyfreithwyr Albany

210. Nodir barn Cyfreithwyr Albany.
211. Nododd dogfen ymgynghori Trefniadau Derbyn i Ysgolion 2019-2020 y gallai gweithredu Opsiwn B Uwchradd ddwyn effaith negyddol ar rai o gymunedau Caerdydd.
212. Byddai cynnwys maen prawf pan fo mwy o geisiadau na lleoedd o ran ysgolion uwchradd mewn perthynas ag 'ysgol fwydo' yn fanteisiol i'r teuluoedd sy'n gallu sicrhau lle ysgol fwydo yn ysgol gynradd eu dalgylch yn gynnar mewn ardaloedd gydag ysgolion cynradd poblogaidd / llawn.
213. Dangosodd dadansoddiad yn cymharu disgyblion ar y gofrestr mewn ysgolion cynradd ym Mlwyddyn Derbyn mis Ionawr 2011 â data ar gyfer yr un garfan o ddisgyblion ym Mlwyddyn 6 ym mis Ionawr 2017 hefyd y gallai cyflwyno maen prawf 'ysgol fwydo' arwain at effaith andwyol.
  - Mae'n bosibl y bydd oddeutu 1 o bob 7 disgybl sy'n byw yn ei dalgylch lleol dan anfantais wrth drosglwyddo i'r ysgol uwchradd pe cyflwynid maen prawf bwydo gan ei fod wedi symud i'r dalgylch yn hwyrach ymlaen yn y cyfnod cynradd.
  - Mae'n bosibl y byddai disgyblion Du / Affricanaidd / Caribïaidd / Du Prydeinig, teuluoedd Teithwyr (er bod maint y sampl yn fychan) a grwpiau ethnig eraill dan anfantais gan eu bod nhw'n llai tebygol o

fod ar y gofrestr mewn ysgol gynradd o'r Flwyddyn Derbyn tan Flwyddyn 6.

214. Mae'r rhesymau dros symud i'r dalgylch yn ystod y cyfnod cynradd yn amrywiol, gallai'r rhain gynnwys symud o du allan i'r ddinas, symud yn fewnol o un rhan o Gaerdydd i ran arall mewn perthynas â fforddiadwyedd neu eiddo priodol ac ati.
215. Mae'r dadansoddiad a gynhaliwyd yn nodi bod disgyblion sy'n derbyn Prydau Ysgol am Ddim bron deirgwaith (29.1%) yn fwy tebygol o drosglwyddo o'r ysgol ddalgylch yn y cyfnod addysg gynradd gan na'r rhai sy'n derbyn prydau ysgol am ddim (10.8%), ac felly byddant yn llai tebygol o fodloni gofynion maen prawf 'ysgol fwydo'.

<b>Prydau Ysgol Am Ddim (PYDd)</b>	<b>Dosbarth Derbyn o fis Medi 2010</b>	<b>BI6 o fis Medi 2016</b>	<b>% sy'n dal yno</b>
Yn derbyn PYDd	330	234	70.9%
Ddim yn derbyn PYDd	1389	1239	89.2%
<b>Cyfanswm</b>	1719	1473	85.7%

216. Byddai defnyddio maen prawf ysgol fwydo gyda phob disgybl yn gwahaniaethu yn erbyn poblogaethau sy'n fwy symudol. Os yw grŵp penodol yn dangos graddfa symudedd uwch yn cael ei orgynrychioli mewn modd anghyfrannol, gellir ystyried bod y grŵp hwn dan anfantais (gwahaniaethu anuniongyrchol).
217. Er mwyn osgoi effaith wahaniaethol ar sail y cyfnod amser y mae disgyblion wedi byw yn y dalgylch a/neu a lwyddont i gael lle mewn ysgol fwydo oherwydd eu bod yn byw yn yr ardal pan ymgeisio, gallai'r Cyngor weithredu'r meini prawf derbyn a nodir yn Opsiwn A, nad yw'n dibynnu ar faen prawf bwydo (mae'r ddau opsiwn yn defnyddio agosrwydd).
218. Byddai swyddogion yn gweithio gydag unrhyw grŵp cymunedol i sicrhau bod y cynigion yn osgoi effeithio'n negyddol arno lle bo'n bosibl.

#### Ymateb gan Grŵp Gweithredu dros Blant Marlborough

219. Roedd ymateb Grŵp Gweithredu dros Blant Marlborough yn cynnwys y pwyntiau canlynol (mae copi o'r ymateb llawn yn Atodiad 3).
220. *Er bod Opsiwn A yn diddymu rhai meini prawf, dim ond 7 ymgeisydd o 8618 gafodd le dan y meini prawf hyn yn 2017; mae Opsiwn A yn fersiwn wedi ei diwygio, ychydig yn wahanol o'r meini prawf presennol. Felly mae'n amlwg nad yw Opsiwn A yn addas nac yn ddeniadol.*

221. *Bydd y pwysau cynyddol ar leoedd ysgol uwchradd yng Nghaerdydd dros yr ychydig flynyddoedd nesaf yn cyfyngu ymhellach ar yr opsiynau i'r disgyblion nad ydynt yn gallu cael lle yn ysgol uwchradd eu dalgylch gyda'u cyfoedion os nad oes maen prawf ysgol fwydo pan fo mwy o geisiadau na lleoedd.*
222. *Mae maen prawf yn ymwneud â mynychu ysgol gynradd fwydo yn glir ac yn hawdd ei ddeall.*
223. *Mae'r ysgolion bwydo a gynigir yn glir ac yn amlwg ac wedi'u creu ar sail resymol; maent yn cynnwys ysgolion cynradd yn dalgylch yr ysgol uwchradd, felly byddai Opsiwn B yn helpu i gynnal perthnasau agos rhwng ysgolion cynradd lleol a'u hysgol uwchradd partner.*
224. *Mae nifer derbyn yr ysgolion cynradd (Marlborough, Parc y Rhath, Lakeside, Rhydypennau a Howardian) bron yn gyfartal â nifer derbyn presennol Ysgol Uwchradd Caerdydd.*
225. *Mae ysgolion bwydo yn cynnig y fantais o barhad mewn addysg i ddisgyblion ac yn galluogi'r rhan fwyaf o blant mewn ysgolion bwydo i symud fel grŵp cyfoedion cyfan i ysgol uwchradd eu dalgylch lleol. Mae hyn yn atgyfnerthu a chynnal cysylltiadau cymunedol a chymorth cyfoedion.*
226. *Mae ysgolion bwydo yn lleihau trafferthion pontio ac yn annog cydweithrediad cryf rhwng y sectorau cynradd ac uwchradd.*
227. *Nid oes Asesiad o'r Effaith ar Gydraddoldeb ar gyfer Opsiwn A a gynigir felly nid yw'n bosibl cymharu'r effaith a gaiff y meini prawf agosrwydd presennol ar grwpiau ethnig gwahanol.*
228. *Mae Ysgol Uwchradd Caerdydd yn un o ardaloedd mwyaf cefnog a drud Caerdydd. Mae'r meini prawf presennol ac Opsiwn A yn fanteisiol i'r rhai sy'n byw yn yr ardaloedd mwyaf cefnog yn agosach at yr ysgol ac yn anfanteisiol i'r rhai o ran fwy amrywiol a thlotach y dalgylch. Byddai maen prawf ysgol fwydo yn sicrhau derbyn poblogaeth ddisgyblion amrywiol o ran ffactorau economaidd-gymdeithasol, y gymuned ac ethnigrwydd.*
229. *Ni fyddai ysgolion bwydo'n cael effaith sylweddol ar ddisgyblion ysgolion Cymraeg a fydd sy'n dal i fanteisio o gael aml i opsiynau ymgeisio, nad yw'n wir yn achos disgyblion cyfrwng Saesneg mewn gwirionedd. Gall disgyblion sy'n mynd i ysgol gynradd Gymraeg neu ffydd barhau i wneud cais i'r ysgol uwchradd Cymraeg/Ffydd. Nid oes unrhyw beth yn eu hatal nhw rhag ymgeisio am le mewn ysgol gyfrwng Saesneg, ond mewn achosion pan fo mwy o geisiadau na lleoedd, bydd y plant sydd mewn ysgolion bwydo Saesneg yn cael blaenoriaeth.*
230. *Byddai ysgolion bwydo yn galluogi defnyddio opsiynau trafndiaeth gynaliadwy yn well ac yn annog arferion ac iechyd da e.e. rhannu car, disgyblion yn cerdded neu'n beicio gyda'i gilydd.*

## Ymateb i farn Grŵp Gweithredu dros Blant Marlborough

231. Nodir cefnogaeth Grŵp Gweithredu dros Blant Marlborough dros Opsiwn B ar gyfer derbyniadau i ysgolion uwchradd.
232. Mae rhaglen fuddsoddi Band B Ysgolion yr 21ain Ganrif y Cyngor yn cynnwys nifer o gynigion sy'n ymateb i'r galw cynyddol am leoedd ysgol uwchradd, gan gynnwys cynigion i ehangu Ysgol Uwchradd Cantonian, Ysgol Uwchradd Caerdydd, Ysgol Uwchradd Cathays ac Ysgol Uwchradd Willows.
233. Cydnabyddir bod Niferoedd Derbyn Cyhoeddedig agregedig Ysgolion Cynradd Lakeside, Marlborough, Rhydypennau a Pharc y Rhath bron yn gyfartal â Nifer Derbyn Cyhoeddedig Ysgol Uwchradd Caerdydd ac y byddai'r estyniad arfaethedig yn Ysgol Uwchradd Caerdydd yn cynnig digon o gapasiti ar gyfer dau ddsbarth mynediad ychwanegol. Fodd bynnag, fel y nodir ym **mharagraffau 65-66**, nid oes llawer o gysondeb rhwng niferoedd derbyn agregedig ysgolion cynradd cymunedol ledled Caerdydd a'r ysgolion uwchradd sy'n gwasanaethu eu dalgylchoedd.
234. Mae ystod eang ac amrywiol o waith ymchwil sy'n dangos bod nifer o ffactorau yr un mor bwysig neu'n bwysicach o ran cefnogi pontio effeithiol o addysg gynradd i ysgol uwchradd.
235. Awgryma waith ymchwil (Weller, S. 2006) y gallai cyfeillion o'r grŵp cyfoedion gynnig y teimlad cyfarwydd y mae ei angen wrth ddechrau mewn ysgol uwchradd, a gallai weithio'n dda fel cymorth pontio i helpu plant i setlo yn ystod y cyfnod pontio cychwynnol hyd yn oed os nad ydynt yn datblygu yn ffrindiau oes. Yn achos Ysgol Gynradd Marlborough, nid oes disgwyl y byddai angen i blant drosglwyddo i ysgol uwchradd arall ar eu pennau eu hunain ac felly byddant yn elwa ar symud ymlaen gyda ffrindiau. Anogir/disgwylir i ysgolion cynradd sicrhau y gwneir trefniadau pontio llyfn gyda'r ysgol uwchradd benodol.
236. Gall ail-alinio dalgylchoedd ysgol gynradd ac ysgol uwchradd i gyd-bwyso'r boblogaeth yn y dalgylch â chapasiti'r ysgol uwchradd gynorthwyo i alluogi mwyafrif y disgyblion ysgol gynradd i symud i addysg uwchradd gyda'u grŵp cyfoedion.
237. Nodir effaith y trefniadau derbyn ar ymgeiswyr sy'n byw yn nalgylch Ysgol Uwchradd Caerdydd, ac mae'n rhaid ei hystyried yng nghydestun dalgylchoedd y 13 ysgol uwchradd gymunedol yng Nghaerdydd.
238. Nid oes tystiolaeth yn dangos y byddai cadw meini prawf pan fo mwy o geisiadau na lleoedd presennol neu weithredu Opsiwn A yn fanteisiol i'r rhai sy'n byw yn yr ardal gyfoethocach yn nes at yr ysgol o'i gymharu ag Opsiwn B.

- 239. Gallai gweithredu Opsiwn B arwain o bosibl at fod y rhai sy'n gallu byw'n nes at ysgolion cynradd bwydo, saith mlynedd cyn trosglwyddo i'r ysgol uwchradd gysylltiedig, yn fwy tebygol o gael lle yn yr ysgol uwchradd gysylltiedig.
- 240. Mae'n bosibl y byddai cynnwys maen prawf yn ymwneud ag ysgol gynradd fwydo yn rhoi disgyblion nad ydynt yn mynd i ysgol fwydo ond sy'n byw'n agosach at ysgol uwchradd dan anfantais. Felly, mae'n bosibl y bydd disgyblion o'r fath yn fwy tebygol o ystyried dulliau trafndiaeth lai cynaliadwy.

#### Ymateb Rhieni dros Addysg Gymraeg (RhAG)

- 241. Roedd ymateb RhAG yn cynnwys y pwyntiau canlynol (mae copi o'r ymateb llawn yn Atodiad 3).
- 242. Nod RhAG yw cefnogi datblygiad addysg Gymraeg ym mhob rhan o Gymru ac mae'r sylwadau'n ymdrin ag addysg Gymraeg, sef prif destun diddordeb RhAG fel mudiad.
- 243. Mae RhAG yn falch o weld yr ymchwil a gynhaliodd yr Athro Chris Taylor ac maent yn gefnogol iawn o benderfyniadau'n seiliedig ar dystiolaeth.
- 244. Yn yr adroddiad, mae diffyg ystyriaeth i'r Gymraeg, arwynebol ar y gorau yw'r ystyriaeth a roddir i'r sector.
- 245. Nid oes llawer o gyfeiriad at bolisi cenedlaethol a'r disgwyliad ar ALLau i hyrwyddo a datblygu twf y Gymraeg. Nid oes unrhyw drafodaeth ar y berthynas rhwng dalgylchoedd polisi Derbyn i Ysgolion a'r angen i gynyddu'r nifer sy'n derbyn addysg Gymraeg. Yn ogystal, nid oes cyfeiriad at Gynllun Strategol Cymraeg mewn Addysg y Cyngor.
- 246. Mae prif bwyslais yr adroddiad ar addysg uwchradd ac mae'n rhoi blaenoriaeth i anghenion ysgolion cyfrwng Saesneg. Mae'r adroddiad yn anwybyddu ac nid yw'n deall yr anghenion gwahanol sy'n wynebu addysg gynradd Gymraeg yn benodol, ond hefyd y sector cynradd Saesneg.
- 247. Hyd y gwyddom, ni ystyriwyd y dogfennau hyn gan y Fforwm Iaith Gymraeg, sy'n fethiant sylweddol ac yn tanseilio rôl a chyfraniad y grŵp ymgynghori hwn.
- 248. Mae dalgylchoedd cyfrwng Cymraeg yn newidiol ac mae angen ystyried yr effaith ar deuluoedd gyda phlant sydd eisoes mewn ysgol. Rydym yn cytuno â'r pwynt a wnaed ynghylch yr effaith negyddol pan wahanir brodyr a chwiorydd.
- 249. Y pryder yw bod bwriad o wneud newidiadau cwbl ymatebol ac y bydd eu heffaith yn fawr, ond bydd angen newidiadau eraill eto pan gaiff ysgolion newydd eu hagor.

250. Byddai'n annoeth ceisio creu polisi cyffredinol er mwyn ceisio ateb anghenion un sector y mae ei anghenion yn wahanol iawn i'r sector cyfrwng Cymraeg. Mae disgyblion sy'n dymuno derbyn addysg Gymraeg yn wynebu her sy'n llawer mwy (yn ddaearyddol ac yn ymarferol) ac felly dylai polisïau a strategaethau'r Cyngor adlewyrchu hyn.
251. Byddai gwaredu'r rheol brodyr a chwiorydd yn creu rhagor o rwystrau i addysg Gymraeg, yn sefydlu polisi sy'n mynd yn groes i'r ddyletswydd o hyrwyddo mynediad at addysg Gymraeg ac yn creu sefyllfa sydd heb ddewis addysg Gymraeg rhagweithiol.
252. Sicrhau bod digon o ysgolion o fewn pellter rhesymol o ansawdd digonol yw'r ffordd orau o osgoi sefyllfa lle bo rhieni a disgyblion yn teithio allan o'u dalgylch naturiol neu 'swyddogol'.
253. Nid yw RhAG yn hyderus bod y cynigion yn seiliedig ar ddealltwriaeth gadarn o'r effaith ar addysg Gymraeg. Yr unig ateb rhesymol yw ysgrifennu adroddiad newydd yn seiliedig ar ffeithiau cadarn, sy'n ystyried mynediad at ysgolion a dalgylchoedd addysg Gymraeg, ac ymgynghori'n llawn â chyrff llywodraethu, Fforwm Iaith Gymraeg Caerdydd a randdeiliaid hollbwysig eraill.

#### Ymateb i farn Rhieni dros Addysg Gymraeg (RhAG)

254. Trafodir y pryderon ynghylch ystyried addysg Gymraeg a'r ymgysylltiad â'r Fforwm Addysg Gymraeg ym mharagraff 52 a pharagraff 102.
255. Trafodir y pryderon ynghylch diddymu'r maen prawf 'cyfeirio brodyr a chwiorydd' ym mharagraffau 34 – 41.

#### **Ymatebion a dderbyniwyd gan ymgynghoreion eraill**

##### Ymatebion parthed ysgolion bwydo

256. Roedd mwyafrif yr ymatebion a dderbyniwyd yn ymwneud â chyflwyno arfaethedig ar system ysgolion bwydo (Dewis Uwchradd B)
257. Roedd barn a fynegwyd o blaid cyflwyno system ysgolion bwydo yn cynnwys y canlynol:
258. *Mae ysgolion bwydo yn cynnig mantais parhad addysg i ddisgyblion ac yn galluogi'r rhan fwyaf o blant yn yr ysgolion bwydo i symud yn eu blaenau fel grŵp cyfoedion cydlynus i'w hysgol ddalgylch leol. Mae hyn yn atgyfnerthu a chynnal clymau cymunedol a chymorth gan gyfoedion.*

259. *Byddai ysgolion bwydo yn sicrhau y byddai grwpiau cyfeillgarwch plant yn aros gyda'i gilydd gan leihau'r straen o bontio i ysgol uwchradd gan osgoi gorbryder diangen.*
260. *Byddai ysgolion bwydo yn lleihau problemau pontio ac yn annog cydweithredu agos rhwng y sectorau cynradd ac uwchradd.*
261. *Mae ysgolion bwydo yn sicrhau derbyn mwy amrywiol ymhlith disgyblion i hwyluso cydlyniad cymdeithasol mewn cymunedau amrywiol.*
262. *Mae ysgol fwydo a enwir yn rhoi peth sicrwydd i rieni am addysg eu plant o'r Cyfnod Sylfaen ymlaen i Gyfnod Allweddol 4.*
263. *Byddai ysgolion bwydo yn atal llawer o bobl rhag symud neu rentu mewn panig, e.e. "parasiwtio i mewn ac allan" o ddalgylchoedd poblogaidd.*
264. *Mae nifer o bobl yn symud cartref wrth i'w plant ddynesu at ysgol uwchradd a hynny'n unswydd er mwyn cael lle mewn ysgol uwchradd benodol, yn aml symudiad dros dro yw hyn ac unwaith iddynt sicrhau lle byddant yn symud allan o'r dalgylch. Mae'r polisi presennol yn galluogi teuluoedd sydd â digon o arian i symud tŷ neu hyd yn oed i rentu am gyfnod byr mewn ardaloedd penodol er mwyn ennill mantais annheg drwy sicrhau lle mewn ysgol uwchradd benodol er nad oes ganddynt gysylltiad â'r gymuned.*
265. *Roedd barn a fynegwyd yn erbyn cyflwyno system ysgolion bwydo yn cynnwys y canlynol:*
266. *Byddai dychwelyd at fformat ysgol fwydo yn effeithio'n negyddol ar y bobl na lwyddodd i sicrhau lle yn eu hysgol gynradd leol er eu bod yn byw o fewn y dalgylch. Byddai peidio â mynychu "ysgol fwydo" ar gyfer yr ysgol uwchradd leol yn golygu mai annhebygol fyddent o ennill lle yn yr ysgol uwchradd leol ac y byddai'n rhaid iddynt deithio cryn bellter i un arall. Byddai hyn â'r potensial i greu sefyllfa chwerthinllyd o fyw bron drws nesaf i ysgol uwchradd ond yn gorfod teithio beth pellter mewn car i ysgol amgen.*
267. *Mae cyflwyno system ysgol fwydo ar y lefel uwchradd yn gwneud dim byd ond trosglwyddo problem gordanysgrifio i'r lefel cynradd.*
268. *Mae'n bosib y byddai cyflwyno system ysgol fwydo yn atal rhieni rhag ystyried addysgu eu plentyn trwy gyfrwng y Gymraeg, yn enwedig y rhai hynny o gartrefi Saesneg. Byddai system o'r fath yn dileu'r dewis i ymrestru plentyn mewn ysgol gynradd Gymraeg a throsglwyddo draw i ysgol uwchradd Saesneg.*
269. *Dylai plant sydd wedi bod mewn addysg gynradd Gymraeg, ond sydd wedi cael trafferth ymdopi gyda dwy iaith gael y cyfle i fwrw ymlaen â'u haddysg trwy gyfrwng y Saesneg a mynd i'w hysgol uwchradd*

*ddalgylch. Mae'r system ysgol fwydo yn rhagfarnu yn erbyn pobl sy'n cefnogi'r diwylliant Cymraeg.*

270. *Penderfyniadau ar ba ysgol gynradd yn seiliedig ar y dybiaeth y byddai'r ysgol uwchradd leol yn parhau i fod yn opsiwn ysgol uwchradd. Nid yw newidiadau polisi gyda chyn lleied o rybudd o ran amser wedi galluogi rhieni i wneud penderfyniadau gwybyddus ynghylch addysg eu plant.*
271. *Nid yw cyflwyno arfaethedig ar ysgolion bwydo yn caniatáu unrhyw le i ddisgyblion gaiff eu haddysgu yn y cartref yn y cyfnod cynradd.*

#### Gwerthusiad o'r safbwyntiau a fynegwyd

272. Mae gofyn i ysgolion wneud trefniadau priodol i'r holl ddisgyblion sy'n pontio o addysg gynradd i addysg uwchradd.
273. Mae dadansoddiad o'r data ar gyfer y garfan sy'n pontio i addysg uwchradd yn 2019/20 yn dangos na fyddai oddeutu chwarter y disgyblion yn cwrdd â meini prawf yn seiliedig ar ysgol fwydo. Byddai'r mwyafrif o ysgolion cynradd felly yn parhau i wneud trefniadau pontio gyda nifer o ysgolion uwchradd pe byddai Dewis A neu Ddewis B yn cael ei weithredu.
274. Yn yr un modd, pe bai Dewis A neu Ddewis B yn cael ei weithredu, ni fyddai pob disgybl mewn ysgol gynradd yn cael lle yn yr un ysgol uwchradd a gallai grwpiau cyfeillgarwch gael eu rhannu.
275. Ni ddarparwyd unrhyw dystiolaeth i gefnogi'r haerid y byddai cyflwyno meini prawf ysgol fwydo yn hwyluso cydlynid cymdeithasol mewn cymunedau amrywiol.
276. Ystyriwyd problem symud i ddalgylch Ysgol Uwchradd Caerdydd yn yr adroddiad i'r Cabinet ar 16 Mawrth 2017 ar Drefniadau Derbyn Ysgolion 2018/19 a Threfniadau Derbyn Cydlynus Ysgolion Uwchradd 2018-2020. Roedd canran y disgyblion a oedd yn byw yn nalgylch Ysgol Uwchradd Caerdydd ar gyfer 1 flwyddyn, 3 blynedd a 5 mlynedd yn uwch na'r cyfartaledd ledled y ddinas. Nifer y disgyblion a dderbyniwyd i Ysgol Uwchradd Caerdydd yn seiliedig ar y maen prawf dalgylch, a oedd ar y gofrestr yn Ysgol Uwchradd Caerdydd ar gyfer blynnyddoedd cwricwlwm 7 – 11 nad oedd bellach yn byw yn nalgylch yr ysgol, oedd 10 disgybl y flwyddyn.
277. Ni fyddai cyflwyno ysgolion bwydo yn atal rhieni rhag symud cyfeiriad cyn y broses ymgeisio ac ni fyddai chwaith yn atal rhieni rhag symud cyfeiriad wedi ymrestru eu plentyn(plant).
278. Mewn ardaloedd lle byddai ysgolion cynradd ac uwchradd yn llawn, byddai cyflwyno maen prawf ysgol fwydo i ysgolion uwchradd yn ffafrio'r rhieni hynny sy'n gallu sicrhau lle mewn ysgol gynradd yn gynnar yn y broses. Y rhieni hynny a fyddai'n fwyaf tebygol o allu

sicrhau lle mewn ysgol gynradd fyddai'r rheiny o fewn y dalgylch ac yn byw yn agos i'r ysgol gynradd.

279. Byddai cyflwyno maen prawf ysgol fwydo yn golygu y byddai'r disgyblion hynny na lwyddai i sicrhau lle yn eu hysgol gynradd ddalgylch ddim ond yn gallu cael eu hystyried o dan feini prawf is wrth wneud cais am le i unrhyw ysgol uwchradd gymunedol, ac eithrio Plant sy'n Derbyn Gofal a phlant a Datganiad o Anghenion Addysg Arbennig.
280. Nid yw'r Cyngor wedi cynnig cynnwys ysgolion cynradd Cymraeg nac ysgolion cynradd ffydd yn y trefniadau ysgol fwydo ar gyfer ysgolion cynradd Saesneg. Byddai ychwanegu ysgolion bwydo pellach yn golygu y byddai diffyg cyfatebiaeth hyd yn oed yn fwy rhwng y nifer o lefydd ar gael mewn ysgolion uwchradd a'r ysgolion cynradd bwydo.
281. Dylid ystyried hefyd yr effaith ar y Gymraeg pe byddai ysgolion cynradd Cymraeg yn cael eu cynnwys fel ysgolion bwydo i ysgolion uwchradd Saesneg.
282. Gallai eithrio ysgolion Cymraeg o'r trefniadau bwydo i ysgolion uwchradd Saesneg gynyddu cyfradd cadw disgyblion yn y sector Cymraeg. Fodd bynnag, mae perygl na fyddai rhai rhieni am ystyried cofrestru ar gyfer addysg gynradd Gymraeg pe byddai hyn efallai yn lleihau'r tebygolrwydd o gael lle mewn ysgol uwchradd Saesneg.
283. Byddai cyflwyno trefniadau bwydo yn golygu y byddai plant a addysgwyd gartref yn y cyfnod sylfaen yn cael eu hystyried o dan feini prawf is wrth wneud cais i gael eu derbyn mewn unrhyw ysgol uwchradd gymunedol. Byddai unrhyw blentyn nad oedd yn llwydo i gael lle mewn ysgol uwchradd gymunedol o fewn 3 milltir i'w cyfeiriad cartref yn derbyn cludiant cartref i ysgol am ddim i'r ysgol agosaf nesaf.

#### Ymatebion parthed meini prawf 'cyfarwyddyd brawd/chwaer'

284. *Dylai brodyr/chwiorydd allu dilyn ei gilydd i'r un ysgol uwchradd hyd yn oed os yw dalgylchoedd ac ysgolion bwydo cysylltiedig yn newid maes o law. Mae'n bwysig iawn i deuluoedd aros gyda'i gilydd drwy sicrhau bod brodyr/chwiorydd yn gallu mynychu'r un ysgol uwchradd hyd yn oed os yw meini prawf derbyn yn newid yn y blynyddoedd rhyngddynt nhw.*
285. *Mae rhai ysgolion yng Nghaerdydd sydd heb ddalgylch. Yn y sefyllfa hon, dylid rhoi blaenoriaeth uwch i frodyr/chwiorydd na phlant o fewn y dalgylch heb frawd/chwaer yn mynychu gan fod cael plant mewn ysgolion gwahanol yn anghynaliadwy.*
286. *Byddai diddymu cyfarwyddo brawd/chwaer yn peri hunllefau trefniadol i deuluoedd i gael plant i'r ysgol ac adre yn ôl ynghyd â threfniadau cofleidio cysylltiedig e.e. clybiau ar ôl ysgol/oriau gweithio*

*rhieni a chynyddu'r gwariant i rieni ar wisgoedd ysgol ac offer gwahanol.*

287. *Mae'r dogfennau yn nodi na chaiff y cyfarwyddyd brawd/chwaer ei ddefnyddio yn aml ond gyda'r holl ysgolion newydd ar y gweill drwy Fand B a'r Cynllun Datblygu Lleol a'r cynnydd yn y pwysau ar lefydd ysgol uwchradd wedi 2019, bydd gofyn i'r Cyngor newid dalgylchoedd ac mae posibilrwydd cryf y gallai'r cyfarwyddyd brawd/chwaer gael ei ddefnyddio llawer mwy.*

#### Gwerthusiad o'r safbwyntiau a fynegwyd

288. Eir i'r afael â'r pryderon a fynegwyd parthed dileu arfaethedig ar y maen prawf cyfarwyddo brawd/chwaer ym mharagraffau 34 - 41. Mae'r Cyngor yn cynnig ychwanegu meini prawf gan roi blaenoriaeth o fewn y meini prawf gordanysgrifiad ar gyfer derbyn i addysg gynradd i deuluoedd a effeithiwyd gan newidiadau mewn dalgylchoedd ysgolion.

#### Ymatebion parthed yr effaith ar y Gymraeg

289. *Ni roddwyd digon o sylw yn y ddogfen ymgynghori i'r sefyllfa unigryw sydd yn wynebu addysg Gymraeg pan fo ysgolion newydd yn cael eu sefydlu heb ddalgylch ddiffiniedig am gyfnodau estynedig neu pan fo ysgolion yn cael eu haddasu.*
290. *Dylai'r Cyngor ystyried effaith ysgolion bwydo ar nifer y llefydd a gaiff eu cymryd mewn ysgolion cynradd Cymraeg er mwyn sicrhau ei fod yn gyson ag ymrwymiad a ddatganwyd gan y Cyngor i ddiogelu a thyfu'r Gymraeg. Mae anfantais i rieni sydd wedi cynllunio i roi addysg yn y ddwy iaith ar gyfnodau gwahanol yn eu haddysg i'w plant.*

#### Gwerthusiad o'r safbwyntiau a fynegwyd

291. Eir i'r afael â'r pryderon a fynegwyd ar effaith newidiadau i ddalgylchoedd ar y Gymraeg ym mharagraffau 34 - 41.
292. Eir i'r afael â'r pryderon a fynegwyd parthed effaith ychwanegu ysgolion bwydo ar y niferoedd a gaiff eu derbyn i ysgolion Cymraeg ym mharagraffau 331 - 337.

#### Ymatebion parthed agosatrydd a theithio i'r ysgol

293. *Tra'n anodd ei gydbwyso, mae'n rhaid bod agosrwydd ysgol o'r budd blaenaf i blentyn. Gyda chystadleuaeth am lefydd mor uchel, ymddengys Dewis A yn deg. Mae presenoldeb yn unig mewn ysgol fwydo yn llai cynaliadwy.*
294. *Mae blaenoriaethu meini prawf eraill dros breswylid mewn dalgylch yn arwain at deithio diangen ar draws y ddinas gan ychwanegu at broblemau traffig*

295. *Byddai cyflwyno system fwydo ysgolion yn debygol o arwain at broblemau traffig sylweddol o ran tagfeydd ar rwydwaith y ddinas, a'r Awdurdod Lleol yn gorfod cyllido cludiant i'r disgyblion hyn ar draws y ddinas i'r Ysgol Uwchradd benodedig.*

#### Gwerthusiad o'r safbwyntiau a fynegwyd

296. Fel y nodwyd yng Nghod Derbyn Llywodraeth Cymru (2.48) 'mae pellter rhwng cartref ac ysgol yn faen prawf gordanysgrifio clir a gwrthrychol'.
297. Er mwyn ateb y meini prawf seiliedig ar fwydo sydd wedi ei gynnwys ym meini prawf gordanysgrifio Dewis B, byddai gofyn i ddisgyblion hefyd fyw o fewn dalgylch yr ysgol uwchradd a ffefrir.
298. Eir i'r afael â'r pryderon a fynegwyd parthed cludiant yn y goblygiadau trafniadaeth ym mharagraffau 367 - 368.

#### Ymatebion parthed dalgylchoedd

299. *Dylid cael gwared ar ddalgylchoedd ac wedi edrych ar y meini prawf cymdeithasol, meddygol, derbyn gofal a brawd/chwaer yna dylid edrych yn syml ar bellter er mwyn pennu'r flaenoriaeth.*
300. *Mae cyflwyno system ysgol fwydo ar y pwynt hwn yn afresymegol, heb roi ystyriaeth fwy manwl i oblygiadau maint a lleoliad ffiniau'r dalgylchoedd.*
301. *Dylai preswyllo mewn dalgylch ddod uwchlaw pob maen prawf arall. Mae rhieni eraill yn byw ledled Caerdydd a gallant gyrchu yr un ysgolion o hyd.*

#### Gwerthusiad o'r safbwyntiau a fynegwyd

302. Cyflwynodd adroddiad y Sefydliad Ymchwil, Data a Methodoleg Gymdeithasol ac Economaidd Cymru a ystyriwyd gan y Cabinet yn ei gyfarfod ar 16 Tachwedd 2017 fanteision gweithredu meini prawf yn seiliedig ar ddalgylch. Dalgylchoedd yw'r maen prawf a gordanysgrifio a ddefnyddir fwyaf gan awdurdodau derbyn, ac mae'r fantais ganddynt hefyd o ganiatáu awdurdodau lleol (ac ysgolion) i gynllunio'u darpariaeth yn well, gan helpu ysgolion i adnabod eu cymuned 'leol' a rhoi elfen gref o ragweld i deuluoedd ac ysgolion pan ddaw hi at fater derbyn i ysgol.
303. Eir i'r afael â newid i ddalgylchoedd ym mharagraff 149.

#### Ymatebion parthed dileu maen prawf 'pellaf o ysgol amgen'

304. *Gallai dileu maen prawf 'pellaf o ysgol amgen' olygu y gallai fod gan deulu ddau ddewis ar gyfer ysgol o fewn pellter rhesymol i gartref y*

*teulu yn cael eu dewis gan orfodi teulu arall i deithio ffordd bell i'w hysgol 'amgen' os yn colli allan i'r teulu cyntaf o ychydig lathenni.*

#### Gwerthusiad o'r safbwyntiau a fynegwyd

305. Prin iawn y mae galw i ddefnyddio'r maen prawf 'pellaf o ysgol amgen' sy'n rhoi blaenoriaeth i blant sy'n byw bellaf o'r ysgol amgen agosaf sydd ar gael, a chaiff ei ddefnyddio dim ond pan yw'r meini prawf uwch wedi eu hateb gan ddau ddisgybl neu fwy.
306. Mae gwella'r pennu ar y maen prawf agosatrwydd agosaf o ddau le degol i bedwar lle degol yn lleihau'r tebygolrwydd o'r maen prawf hwn yn cael ei ystyried ac felly mae ei gynnwys yn ddiangen. Ni ddyrannwyd llefydd i'r Dosbarth Derbyn na Blwyddyn 7 o dan y maen prawf hwn ar gyfer y rhai ddechreuodd ym mis Medi 2017.

#### Ymatebion yn awgrymu meini prawf amgen

307. *Tra bod cyflwyno presenoldeb i faen prawf ysgol fwydo yn gam i'r cyfeiriad cywir ac y bydd yn arwain at lai o achosion o blant yn methu cyrraedd eu dewis ysgol uwchradd wedi mynychu ysgol gynradd yn y dalgylch, dylid hefyd ystyried am ba hyd y bu'r teulu yn preswyllo yn y dalgylch.*
308. *Dylai'r Cyngor gyflwyno system bwyntiau tebyg i'r un ar gyfer adrannau mewnfudo gyda phwyntiau yn cael eu rhoi am breswyllo o fewn dalgylch, hyd y preswyliaid, perchen tŷ neu rentu, brawd/chwaer, rhesymau meddygol ayb.*
309. *Dylid rhoi ystyriaeth hefyd i broblemau symudedd/iechyd rhieni gan alluogi rhieni i wneud cais am a chael blaenoriaeth mewn ysgolion di-dalgylch y gellir eu cyrchu a thrafnidiaeth gyhoeddus.*

#### Gwerthusiad o'r safbwyntiau a fynegwyd

310. Roedd adroddiad y Sefydliad Ymchwil, Data a Methodoleg Gymdeithasol ac Economaidd Cymru a ystyriwyd gan y Cabinet yn ei gyfarfod ar 16 Tachwedd wedi ystyried y meini prawf gordanysgrifio oedd yn weithredol gan 15 Awdurdod Lleol arall. Nid oedd yr un o'r rhain yn gweithredu maen prawf o'r fath.
311. Eir i'r afael â'r ystyriaeth i gyflwyno maen prawf yn seiliedig ar hyd preswyliaid ym mharagraffau 97 – 99.
312. Eir i'r afael â'r ystyriaeth i gyflwyno maen prawf yn seiliedig ar ordanysgrifio yn seiliedig ar bwyntiau ym mharagraffau 100 – 101.
313. *Gellid ystyried seiliau meddygol a/neu gymdeithasol cryfion sy'n atal gallu teulu rhag cyrchu ysgol o dan y maen prawf seiliau meddygol/cymdeithasol presennol, os rhoddwyd digon o dystiolaeth gefnogol gan weithwyr proffesiynol perthnasol er mwyn egluro pam na allai'r plentyn fynychu ysgolion amgen.*

## **Ymatebion i Arolwg Disgyblion**

314. Derbyniwyd cyfanswm o 413 o ymatebion ar-lein, gan gynnwys 158 o ymatebion gan ddisgyblion cynradd Blwyddyn 4, 5 a 6 a 255 o ddisgyblion uwchradd Blwyddyn 7, 8, 9 a 10.
315. Mae dadansoddiad o'r ymatebion a dderbyniwyd yn dangos bod disgyblion cynradd yn ystyried mai mynd i ysgol agos at y cartref oedd bwysicaf (sgôr pwysigrwydd o 7.52 ar gyfartaledd) ac mai mynd i'r un ysgol uwchradd â ffrindiau a disgyblion eraill o'r ysgol gynradd oedd leiaf pwysig (sgôr pwysigrwydd o 6.61 ar gyfartaledd).
316. Nododd disgyblion uwchradd mai mynd i ysgol agos at y cartref oedd bwysicaf (sgôr pwysigrwydd o 6.86 ar gyfartaledd) ac mai mynd i'r un ysgol uwchradd â ffrindiau a disgyblion eraill o'r ysgol gynradd oedd leiaf pwysig (sgôr pwysigrwydd o 6.13 ar gyfartaledd).
317. Mae modd gweld manylion yr arolwg a'r ymatebion a dderbyniwyd yn Atodiad 5.

### Gwerthusiad o ymatebion disgyblion

318. Nodir y farn a fynegwyd gan ddisgyblion.
319. Parthed awydd disgyblion i fynychu ysgol yn agos i'w cartref mae mwyafrif disgyblion ysgol cynradd yn byw o fewn dwy filltir i'w hysgol, gyda mwyafrif y disgyblion uwchradd yn byw o fewn tair milltir i'w hysgol.
320. Ar gyfer y disgyblion hynny sy'n byw ymhellach o'u hysgol, gall fod cludiant cartref i'r ysgol ar gael yn unol â gofynion Mesur Teithio Dysgwyr Cymru 2008 (yn amodol ar gymhwysedd).

## **Newidiadau ychwanegol a gynigir i'r Polisi Derbyn**

### Eglurhad ar y Meini Prawf Gor-danysgrifio

321. Mae eglurhad ar y meini prawf brawd/chwaer ac agosrwydd i gael eu cynnwys yn y polisi.

### Maen prawf brawd/chwaer

322. Caiff cais ei ystyried dan y maen prawf brodyr a chwirydd os byddai'r brawd/chwaer, a'r ymgeisydd wrth gael ei dderbyn, yn mynychu'r un ysgol ar yr un pryd.

### Agosrwydd

323. Ar gyfer ceisiadau i ddisgyblion sy'n byw o fewn tir mawr y DU ond y tu allan i ardal y rhwydwaith trafndiaeth integredig, caiff pellteroedd

preswylfa i'r ysgol eu cyfrifo fel y pellter gyrru byrraf yn ôl mapiau google.

324. Pan fo ymgeiswyr yn y byw y tu allan i dir mawr Prydain, caiff pellteroedd llwybrau eu pennu fel y llwybr byrraf yn ôl mapiau google gan ddefnyddio'r mathau o drafnidiaeth sydd ar gael.

#### Dyddiadau Cynnig Cyffredin

325. Mae'r dyddiad cynnig cenedlaethol ar gyfer mynediad i Ddosbarth Derbyn yn 2019/20 wedi ei osod gan Lywodraeth Cymru sef Dydd Mawrth 19 Ebrill 2019. Nodwyd gan y Fforwm Derbyn fod hyn yn ystod cyfnod gwyliau'r Pasg a chytunwyd mai dyddiad derbyn neu wrthod cynigion Cynradd fyddai Dydd Llun 13 Mai 2019.
326. Cytunwyd hefyd mai dyddiad derbyn neu wrthod y cynigion Uwchradd fyddai Dydd Llun 18 Mawrth 2019.

#### **Effaith ar y Gymraeg**

327. Fel y nodwyd yn y ddogfen ymgynghori a atodwyd yn Atodiad 2, ni ragwelwyd y byddai unrhyw effaith wahaniaethol ar y Gymraeg yn sgil y newidiadau arfaethedig i'r meini prawf gordanysgrifio.
328. Fodd bynnag, cododd nifer o ymatebion i'r ymgynghoriad bryderon ynghylch effaith bosibl y newidiadau arfaethedig ar addysg Gymraeg.
329. Roedd y pryderon hyn yn ymwneud â'r bwriad arfaethedig i ddileu'r maen prawf 'cyfarwyddo brawd/chwaer' yn enwedig wrth ystyried sefydlu ysgolion Cymraeg newydd a'r newidiadau dalgylch cysylltiedig â hynny.
330. Mae'r Cyngor yn cydnabod y pryderon ac, fel y nodir ym mharagraff 32 – 38, felly yn cynnig cynnwys maen prawf 'blaenoriaeth brawd/chwaer yn dilyn newid dalgylch' o fewn y meini prawf gordanysgrifio ar gyfer mynediad i addysg gynradd a fyddai'n negyddu unrhyw anfanteision a fyddai'n codi o newidiadau dalgylch yn yr amgylchiadau penodol hyn.
331. Mynegwyd pryder hefyd ynghylch yr effaith posib ar nifer y disgyblion yn dewis addysg gynradd Gymraeg o ystyried y potensial fyddai gan cyflwyno system ysgol fwydo i gyfyngu ar allu plant i drosglwyddo i addysg Saesneg yn ystod y cyfnod cynradd neu'r lefel uwchradd.
332. Mae'r Cyngor yn cydnabod y byddai cyflwyno maen prawf ysgol fwydo yn anfantais i rieni fyddai'n dymuno trosglwyddo o addysg gynradd Gymraeg i addysg uwchradd Saesneg (ac fel arall) ac y gallai cyflwyno maen prawf o'r fath atal rhai rhieni rhag ystyried addysg Gymraeg.
333. Mae canran net y disgyblion yng Nghaerdydd sy'n mynd yn eu blaen yn dilyn cofrestru adeg oed Derbyn mewn ysgol gynradd Gymraeg i

gofrestru ar gyfer addysg uwchradd Gymraeg wedi amrywio rhwng 87% - 95% yn y carfannau mwyaf diweddar. Gallai cyflwyno meini prawf yn seiliedig ar ysgolion bwydo, felly, gynyddu'r canran o ddisgyblion sydd, yn dilyn cofrestru ar gyfer addysg gynradd Gymraeg, yn mynd yn eu blaenau wedyn i addysg uwchradd Gymraeg, tra ar yr un pryd o bosib yn gweithredu fel gwrth-anogaeth i rieni sy'n ystyried cofrestru eu plant ar gyfer addysg gynradd Gymraeg.

334. Mae Cyngor wedi ymrwymo i ddatblygu Caerdydd Ddwyeithog. Bydd Cynllun Strategol Cymraeg mewn Addysg (CSCA) 2017-2020 y Cyngor yn helpu Caerdydd i gefnogi gweledigaeth Llywodraeth Cymru i weld miliwn o siaradwyr Cymraeg yng Nghymru erbyn 2050.
335. Mae CSCA yn rhan greiddiol o Strategaeth Ddwyeithog 5 mlynedd y Cyngor. Mae'r Cyngor yn cydnabod bod sector addysg Gymraeg gref a chynhwysol yn hanfodol os yw Caerdydd i ddatblygu fel dinas gwirioneddol ddwyieithog lle bydd y Gymraeg yn iaith fywiog a byw.
336. Nod Strategaeth Caerdydd ddwyieithog yw cynyddu nifer y siaradwyr Cymraeg yn y ddinas a chynyddu'r defnydd o'r iaith ledled y ddinas. Mae'r Cyngor yn cydnabod bod y system addysg yn elfen allweddol er mwyn sicrhau bod plant yn gallu datblygu eu sgiliau Cymraeg, ac i greu siaradwyr newydd.
337. Felly er nad yw effaith debygol nod y Cyngor o gynyddu niferoedd y siaradwyr Cymraeg yng Nghaerdydd yn wybyddus, mae risg amlwg y gallai cyflwyno trefniant ysgol fwydo gael effaith negyddol yn gyffredinol ar y Gymraeg.
338. Bydd swyddogion yn parhau i fonitro cyfraddau geni, ffrwyth tai newydd arfaethedig a'r patrymau mabwysiadu darpariaeth Gymraeg ar oed cynradd ac uwchradd gyda golwg i ddwyn cynlluniau priodol ger bron i ateb unrhyw gynnydd yn y galw.
339. Mae dysgu'r Gymraeg o fewn sefyllfa addysg Saesneg yn amodol ar ofynion y Cwricwlwm Cenedlaethol. Ni fyddai hyn yn newid.

### **Crynodeb**

340. Ceisiodd yr ymgynghoriad ar Drefniadau Derbyn i Ysgolion ar gyfer 2019/2020 ymateb i ganfyddiadau ymchwil y Sefydliad Ymchwil, Data a Methodoleg Gymdeithasol ac Economaidd Cymru drwy symleiddio'r meini prawf presennol, a thrwy wahodd sylwadau ar ddewisiadau eraill ar gyfer derbyn i addysg uwchradd.
341. Wrth i nifer y lleoedd dros ben mewn ysgolion uwchradd leihau ac wrth i nifer gynyddol o ysgolion gael mwy o geisiadau na'r lleoedd sydd ar gael wrth i'r boblogaeth gynyddol fwy o ddisgyblion symud yn eu blaen i addysg uwchradd, mae'n amlwg yn hollbwysig ystyried a gwerthuso materion yn ymwneud â meini prawf gordanysgrifio.

342. Roedd yr ymatebion a dderbyniwyd i'r ymgynghoriad yn gyffredinol yn cefnogi'r newidiadau i'r Polisi Derbyn i Ysgolion gan gynnwys newidiadau i'r meini prawf gordanysgrifio ar gyfer derbyn i addysg feithrin, cynradd a rhan fwyaf yr agweddau ar addysg uwchradd mewn ymateb i ganfyddiadau ymchwil y Sefydliad Ymchwil, Data a Methodoleg Gymdeithasol ac Economaidd Cymru. Fodd bynnag, mynegwyd gwahaniaethau barn sylweddol ynghylch y ddau ddewis a ymgynghorwyd arnynt o ran a ddylai ysgolion bwydo gael eu cynnwys yn y meini prawf uwchradd.

#### Derbyn i Addysg Feithrin

343. Ychydig o bryderon a godwyd parthed newidiadau arfaethedig i feini prawf gor-danysgrifio i addysg feithrin ac felly cynigir y gweithredir y meini prawf yn unol â'r ymgynghoriad.

#### Derbyn i Addysg Gynradd

344. Ychydig o bryderon a godwyd parthed newidiadau arfaethedig i feini prawf gor-danysgrifio i addysg gynradd.
345. Mynegodd nifer o ymatebion ffurfiol, ac ymatebion gan randdeiliaid eraill gan gynnwys rhieni, ynghylch y cynnig i beidio mwyach a rhoi blaenoriaeth benodol i ddisgyblion a effeithiwyd gan newidiadau i ddalgylchoedd ysgolion cynradd. Mae'r Cyngor yn cydnabod mantais parhaus i roi blaenoriaeth i'r disgyblion hynny a allai gael eu heffeithio gan newidiadau i ddalgylchoedd ysgol ac felly yn cynnig cynnwys maen prawf ychwanegol.

#### Derbyn i Addysg Uwchradd

346. Parthed y trefniadau ar gyfer disgyblion yn pontio i addysg uwchradd, ceisiwyd ymatebion i ddau ddewis a oedd, i bob pwrpas, yn cynrychioli fersiwn symlach o'r trefniadau 'status quo' presennol sydd wedi eu gweithredu yng Nghaerdydd ers sawl blwyddyn, ond â rhai elfennau o'r meini prawf wedi'u diddymu (Dewis A), neu fersiwn arall (Dewis B) sy'n cynrychioli newid mwy sylweddol yn y trefniadau drwy gyflwyno meini prawf sy'n seiliedig ar yr ysgol fwydo. Rhaid, felly, i ddadansoddiad o ymatebion yr ymgynghoriad ystyried a fydd Caerdydd gyfan yn elwa'n ddigonol ar roi newid o'r fath ar waith.
347. Codwyd nifer o faterion a phryderon yn yr ymatebion ymgynghoriad a ddaeth i law.
348. Nododd ymatebion yr ymgynghoriad, a oedd o blaid gweithredu Dewis A / yn erbyn gweithredu Dewis B, y canlynol:
- Mae Dewis A yn fuddiol i'r disgyblion hynny sy'n byw agosaf at yr ysgol uwchradd, ni waeth pa ysgol gynradd y maent wedi ei mynychu
  - Mae Dewis A yn galluogi disgyblion na chafodd eu derbyn i'w hysgol gynradd leol i gael eu derbyn i'w hysgol uwchradd leol

- Mae Dewis B o bosibl yn rhoi teuluoedd sy'n symud i Gaerdydd, oherwydd cyfleodd am swyddi wrth i'r economi dyfu, dan anfantais
  - Mae Dewis B yn rhoi disgyblion o rai grwpiau ethnig syn fwy tebygol o symud tŷ, gan gynnwys ceiswyr lloches, ffoaduriaid ac aelodau o rai cymunedau pobl dduon a lleiafrifoedd ethnig, dan anfantais
  - Mae Dewis B yn rhoi teuluoedd sy'n symud tŷ yn sgil adleoliad neu resymau teuluol eraill, gan gynnwys teuluoedd agored i niwed ac ar incwm isel nad ydynt yn cynnal llety parhaol, diogel, dan anfantais.
  - Mae Dewis B yn rhoi disgyblion sy'n dymuno symud o ysgol gynradd ffydd i ysgol uwchradd gymunedol dan anfantais, yn arbennig y disgyblion nad ydynt yn bodloni meini prawf blaenoriaeth derbyn ysgol ffydd
  - Mae Dewis B yn rhoi disgyblion sy'n dymuno trosglwyddo o ysgol gynradd Gymraeg i ysgol uwchradd Saesneg (neu'r ffordd arall), dan anfantais, a gall hyn atal rhieni rhag ystyried addysg gynradd Gymraeg
349. Nododd ymatebion yr ymgynghoriad, a oedd o blaid gweithredu Dewis B / yn erbyn gweithredu Dewis A, y canlynol:
- Mae Dewis B yn rhoi mwy o sicrwydd i rieni o ran ysgol uwchradd debygol eu plentyn
  - Byddai maen prawf yn seiliedig ar ysgol fwydo yn gwella parhad wrth bontio o addysg gynradd i addysg uwchradd
  - Mae Dewis A yn rhoi disgyblion sy'n byw yn y dalgylch ond ymhell o'r ysgol, dan anfantais, ac yn golygu y byddant yn llai tebygol o gael eu derbyn.
  - Nid yw Dewis A yn ystyried am ba hyd y mae teulu wedi byw mewn ardal nac am ba hyd y mae disgybl wedi mynychu ysgol
350. Dylid nodi bod mwyafrif sylweddol ymatebwyr yr ymholiad, a mwyafrif yr ymatebwyr a ffafriai Ddewis B dros Ddewis A, yn byw yn nalgylchoedd Ysgol Gynradd Marlborough neu ysgol Gynradd Parc y Rhath a/neu fod ganddynt blant yn mynychu'r ysgolion hyn. I'r disgyblion hynny sy'n mynychu'r ysgolion hyn ac sy'n byw o fewn dalgylch Ysgol Uwchradd Caerdydd, byddai cyflwyno trefniadau ysgolion bwydo yn rhoi mwy o sicrwydd o gael eu derbyn i Ysgol Uwchradd Caerdydd yn 2019/20 a hefyd yn 2020/21 a 2021/22. Byddai derbyn disgyblion dan drefniant ysgol fwydo yn golygu y byddai disgyblion sy'n byw yn weddol agos i'r ysgol, nad ydynt wedi'u cofrestru gydag ysgol fwydo, yn annhebygol o gael eu derbyn.
351. Fodd bynnag, mae'n rhaid i unrhyw addasiad ar y polisi derbyn neu feini prawf gordanysgrifio ar gyfer ysgolion cymunedol fod yn berthnasol i Gaerdydd gyfan. Prin iawn oedd yr ymatebion i'r ymgynghoriad ar yr agwedd hon a dderbyniwyd gan unigolion mewn ardaloedd eraill yng Nghaerdydd.
352. Mewn ysgolion cynradd a dalgylchoedd eraill, ni fyddai mwy o sicrwydd derbyn dan feini prawf sy'n seiliedig ar ysgol fwydo. Yn

nalgylchoedd Ysgol Uwchradd Gymunedol Gorllewin Caerdydd, Ysgol Uwchradd y Dwyrain, Ysgol Uwchradd Fitzalan ac Ysgol Uwchradd Llanisien byddai disgyblion yn parhau i fod yn y dalgylch ac sydd ar gofrestrau ysgolion bwydo cynradd na fyddai'n debygol o gael eu derbyn yn mlwyddyn derbyn 2019/2020. Byddai rhai disgyblion yn yr ysgolion cynradd a/neu'r dalgylchoedd yma hefyd dan anfantais wrth wneud cais i gael eu derbyn mewn ysgolion amgen dan drefniadau derbyn yn seiliedig ar ddalgylchoedd ac hefyd dan drefniadau yn seiliedig ar ysgol fwydo.

353. Tra bod llawer o ymatebion wedi datgan y byddai maen prawf presenoldeb mewn ysgol fwydo yn eglur a hawdd ei ddeall, roedd nifer o'r ymatebion o blaid Dewis B nad oeddent yn cydnabod, yn rhinwedd eu cyfeiriad cartref, na fyddent yn cael eu hystyried dan y meini prawf bwydo yr ymgynghorwyd arno, ac na fyddai eu plant o'r herwydd yn gallu manteisio ar bontio gyda mwyafrif eu cyfoedion ysgol gynradd fel yr ymddengys i'w hymatebion awgrymu.
354. Mae ymatebion Esgobaeth Llandaf yr Eglwys yng Nghymru, Esgobaeth Mynwy yr Eglwys yng Nghymru a rhai rhieni i blant mewn ysgolion cynradd Cymraeg yn nodi y byddai disgyblion yn y sectorau hynny dan anfantais gyda maen prawf ysgol fwydo o fewn dalgylch ar gyfer ysgolion uwchradd cymunedol Saesneg nad oedd yn cynnwys ysgolion yr Eglwys yng Nghymru neu ysgolion cynradd Cymraeg. Fodd bynnag, pe byddai'r ysgolion hynny yn cael eu dynodi yn ysgolion bwydo cynradd i ysgolion uwchradd cymunedol Saesneg (yn ychwanegol i ysgolion ffydd neu ysgolion Cymraeg) yna byddai'r disgyblion oedd yn mynychu'r ysgolion yna yn derbyn mantais bellach ar draul disgyblion eraill.
355. Mae'n amlwg, o werthuso'r ymatebion i'r ymgynghoriad, y byddai gweithredu'r newidiadau sylweddol i'r meini prawf gordanysgrifio fel y nodwyd yn Dewis B, yn cael effaith negyddol ar ddisgyblion mewn nifer o ardaloedd yn y ddinas ac ym mhob sector. Nid oes achos digon cryf sy'n dangos y byddai gwneud newid o'r fath ar yr adeg hon yn cyflawni'r nod o gyflwyno trefniadau derbyn mwy addas ar gyfer holl ddisgyblion Caerdydd.
356. I grynhoi, nid oes digon o dystiolaeth i brofi y byddai newid o fersiwn fwy syml o'r trefniadau presennol (Dewis A) i weithredu trefniadau sy'n seiliedig ar ysgolion bwydo (Dewis B) o fudd i Gaerdydd gyfan. Cynigir, felly, gweithredu Dewis A ar gyfer derbyn i addysg uwchradd.
357. Dylid nodi bod y Polisi Derbyn i Ysgolion yn berthnasol ar gyfer blwyddyn fynediad 2019/20 yn unig a thra y bydd rhai disgyblion yn methu mynychu eu hysgol ddalgylch, bydd newidiadau i ddalgylchoedd a fydd yn rhoi ystyriaeth i newidiadau arfaethedig i gapasiti ysgolion yn cael eu hystyried ar gyfer blynyddoedd derbyn diweddarach.

358. Ymgynghorwyd â phob aelod ar y Trefniadau Derbyn drafft 2019/2020. Mae ymateb ffurfiol Grŵp Democratiaid Rhyddfrydol y Cyngor wedi'i atodi yn Atodiad 3.

### **Rheswm dros yr Argymhellion**

359. Mae angen i'r Cyngor adolygu ei drefniadau derbyn i ysgolion yn flynyddol a chytuno ar drefniadau'n dilyn ymgynghoriad priodol.

### **Goblygiadau Ariannol**

360. Nid oes unrhyw oblygiadau ariannol yn deillio'n uniongyrchol o'r adroddiad hwn. Mae'r arian a ddarperir i ysgolion unigol, gan gynnwys cyllid grant allanol, yn cael ei seilio ar niferoedd disgyblion. Felly, pe byddai'r cynnig yn arwain at newidiadau i nifer y disgyblion a dderbynnir i ysgol unigol, mae'n bosibl y byddai cyllideb yr ysgol yn cynyddu neu'n lleihau. Yn ychwanegol i hyn, pe byddai'r cynnig yn arwain at newid i ddarpariaeth y drafndiaeth ysgol y mae ei hangen, byddai angen ei nodi a'i ystyried yn rhan o broses gynllunio cyllidebol y Cyngor a'i adlewyrchu yn y Cynllun Ariannol Tymor Canolig.

### **Goblygiadau Cyfreithiol (gan gynnwys Asesiad o'r Effaith ar Gydraddoldeb lle bo'n briodol)**

361. Mae gofyniad statudol ar y Cyngor dan Ddeddf Addysg 1996 i hyrwyddo safonau addysg uchel yn ysgolion cynradd ac uwchradd yn eu hardal awdurdod lleol. Mae Adran 89 Deddf Safonau a Fframwaith Ysgolion 1998 fel y'i diwygiwyd gan Ddeddf Addysg 2002 yn nodi bod rhaid i Awdurdodau Derbyn gynnal ymgynghoriad cyn pennu'r trefniadau derbyn a fydd yn berthnasol. Mae'r adroddiad yn nodi bod ymgynghoriad wedi'i gynnal.
362. Mae'r Rheoliadau Addysg (Pennu Trefniadau Derbyn) (Cymru) 2006 yn nodi'r weithdrefn y dylai Awdurdodau Derbyn ei dilyn wrth bennu eu trefniadau derbyn, gan gynnwys yr ymgynghoriad a'r broses hysbysu ynghyd ag amserlenni. Yn benodol, mae'n rhaid i'r Awdurdod Derbyn bennu trefniadau yn y flwyddyn ysgol sy'n dechrau dwy flynedd cyn y flwyddyn ysgol y gwneir y trefniadau ar ei chyfer, gan gymryd yr holl gamau sy'n angenrheidiol i sicrhau eu bod nhw wedi cynnal yr ymgynghoriad sy'n ofynnol dan adran 89(2) cyn 1 Mawrth ac i bennu'r trefniadau derbyn erbyn 15 Ebrill. Yna, bydd yn rhaid cyhoeddi'r trefniadau o fewn 14 diwrnod wedi gwneud penderfyniad a rhoi gwybod i'r cyrff priodol. Mae'r adroddiad yn dangos bod yr ymgynghoriad wedi'i gynnal cyn 1 Mawrth.
363. Mae Llywodraeth Cymru wedi cyflwyno'r Cod Derbyn i Ysgolion, sy'n nodi'r broses y dylai Awdurdodau Lleol ei dilyn wrth bennu eu trefniadau derbyn. Mae'r Cod Derbyn i Ysgolion yn nodi nad oes unrhyw feini prawf a waherddir (fel y nodir ar dudalen 12 y Cod) wedi'u cynnwys yn y trefniadau derbyn, ac mae'n rhoi canllawiau ar ddefnyddio mathau amrywiol o feini prawf derbyn pan fo mwy o

geisiadau na lleoedd. Mae'r adroddiad hwn yn adlewyrchu'r gofynion hyn.

364. Rhaid i'r Cyngor hefyd gyflawni ei ddyletswyddau sector cyhoeddus dan Ddeddf Cydraddoldeb 2010 (gan gynnwys dyletswyddau sector cyhoeddus sy'n benodol i'r Gymraeg). Yn unol â'r dyletswyddau cyfreithiol hyn, rhaid i'r Cyngor, wrth wneud penderfyniadau, roi ystyriaeth briodol i'r angen i (1) osgoi gwahaniaethu anghyfreithlon; (2) hybu cyfle cyfartal a (3) meithrin perthnasau da ar sail y nodweddion a ddiogelir. Rhaid i'r Cyngor hefyd beidio â gwahaniaethu'n uniongyrchol nac yn anuniongyrchol yn erbyn unrhyw ddisgybl yn ei drefniadau derbyn, golyga hyn na fydd unrhyw ddisgybl na grŵp o ddisgyblion yn cael ei drin yn llai ffafriol yn seiliedig ar nodwedd a ddiogelir. Y nodweddion a ddiogelir yw:
- Oedran
  - Ailbennu Rhywedd
  - Rhyw
  - Hil – gan gynnwys gwreiddiau ethnig neu genedlaethol, lliw neu genedligrwydd
  - Anabledd
  - Beichiogrwydd a Mamolaeth
  - Priodas a Phartneriaeth Sifil
  - Tueddfryd Rhywiol
  - Crefydd neu gred – gan gynnwys diffyg cred
365. Mae'r Asesiad o'r Effaith ar Gydraddoldeb yn benodol yn ystyried sut mae'r cynigion yn effeithio ar ddisgyblion gyda nodweddion a ddiogelir. Diben Asesiad o'r Effaith ar Gydraddoldeb yw sicrhau bod y Cyngor wedi deall effaith bosibl y cynnig yn nhermau cydraddoldeb fel y gall sicrhau ei fod yn gwneud penderfyniadau rhesymol a chymesur gan dalu sylw dyledus i'w ddyletswydd i sicrhau cydraddoldeb yn y sector cyhoeddus. Mae'n rhaid i'r Cyngor ystyried y goblygiadau hyn wrth wneud y penderfyniad hwn ar drefniadau derbyn i ysgolion.
366. Yn unol â Mesur y Gymraeg (Cymru) 2011 a Safonau'r Gymraeg, mae'n rhaid i'r Cyngor hefyd ystyried effaith unrhyw benderfyniad a wneir ar y Gymraeg ac yn unol â Chynllun Strategol Addysg Gymraeg, mae'n rhaid i'r Cyngor ystyried sut y gall hyrwyddo addysg Gymraeg. Mae'r adroddiad hwn yn adlewyrchu'r gofynion hyn.
367. Mae'n rhaid i'r Cyngor hefyd ystyried ei oblygiadau cyfreithiol dan Ddeddf Llesiant Cenedlaethau'r Dyfodol (Cymru) 2015 i feddwl mwy am y tymor hir, gweithio'n well gyda phobl a chymunedau gyda'i gilydd, ceisio atal problemau a chymryd dull cydlynol.
368. Mae hefyd ymrwymadau cyfreithiol dan Ddeddf Addysg 1996 sy'n nodi y dylai disgyblion â datganiadau anghenion addysgol arbennig gael eu derbyn i'r ysgol a nodir yn y datganiad a'r Rheoliadau Addysg (Derbyn Plant sy'n Derbyn Gofal) (Cymru) 2009 sy'n gofyn i'r Cyngor dderbyn plant sy'n derbyn gofal (yn unol â'r diffiniad yn adran

74 Deddf Gwasanaethau Cymdeithasol a Llesiant (Cymru) 2014). Mae'r adroddiad a'r trefniadau derbyn arfaethedig yn adlewyrchu'r ymrwymadau hyn.

### **Goblygiadau Trafnidiaeth**

369. Mae gwasanaeth Gweithrediadau'r Ddinas wedi ymrwymo i hwyluso trafndiaeth gynaliadwy yng Nghaerdydd. Un o'r meysydd pwysicaf mewn perthynas â hyn yw sut mae rhieni a phlant yn teithio i ac o'r ysgol. Mae annog rhieni a phlant i fabwysiadu dulliau trafndiaeth gynaliadwy yn dwyn y manteision canlynol (mae'r ddau gyntaf yn berthnasol i'r pwysau ar y rhwydwaith trafndiaeth).
- Effaith ar rwydwaith – Mae teithio i ac o'r ysgol gan ddefnyddio dulliau teithio anghynaliadwy (e.e. petrol neu ddisel, cerbydau preifat) yn dwyn effaith andwyol ar yr amgylchedd leol a'r rhwydwaith priffyrdd ac yn ychwanegu pwysau sylweddol ar y ffyrdd perthnasol. Mae hyn yn achosi oedi ychwanegol i draffig cyffredinol ac, yn bwysicach fyth, i ddulliau trafndiaeth gynaliadwy. Felly, mae'n bwysig bod rhieni a phlant yn defnyddio dulliau teithio cynaliadwy er mwyn lleihau'r effaith negyddol ar y rhwydwaith.
  - Arferion - Bydd annog plant i ddeall manteision, a mabwysiadu dulliau trafndiaeth gynaliadwy yn creu meddylfryd a fydd yn parhau i'r dyfodol. Felly mae'n bwysig ein bod ni'n addysgu plant am fanteision trafndiaeth gynaliadwy ac yn eu hannog nhw i deithio i ac o'r ysgol gyda hyn dan sylw.
  - Iechyd – Mae pob dull trafndiaeth gynaliadwy yn tueddu i gynnwys mwy o weithgarwch corfforol yn ystod y daith i ac o'r ysgol. Mae hyn yn benodol berthnasol i gerdded a beicio ond hefyd i ddefnyddio trafndiaeth gyhoeddus (e.e. cerdded i ac o'r safle bws). Bydd annog plant i ddefnyddio dulliau trafndiaeth gynaliadwy felly'n cael effaith positif uniongyrchol ar eu hiechyd ynghyd â'r effeithiau anuniongyrchol a fydd yn deillio o'r meddylfryd sy'n parchu dulliau teithio.
370. Ni wyddys beth fydd goblygiadau traffig y cynnig hwn. Fodd bynnag, argymhellir yn gryf y dylid ystyried yn ofalus sicrhau bod plant yn gallu teithio i ac o'r ysgol gan ddefnyddio dull teithio cynaliadwy. Un o'r ffactorau mwyaf sy'n hwyluso hyn yw agosrwydd y plant at yr ysgol. Dylai'r ysgol fod o fewn pellter cerdded neu feicio i gymaint o blant ag sy'n bosibl. Os nad yw beicio neu gerdded yn opsiwn, dylid sicrhau bod gwasanaethau bws dibynadwy o safon ar gael. Argymhellir y dylid cynnal asesiad o'r manteision cymharol o bob opsiwn mewn perthynas â'r nodau uchod. Dylid pennu ffactorau megis pellter disgybl ar gyfartaledd o'r ysgol a dibynadwyedd a hwylustod trafndiaeth gyhoeddus. Gellid gwneud hyn gan ddefnyddio'r un dulliau a ddefnyddir ar gyfer Aseidiadau Trafnidiaeth mewn perthynas â datblygiadau newydd.

## **Goblygiadau AD**

371. Nid oes unrhyw oblygiadau AD yn deillio o'r adroddiad hwn na'i argymhellion.

## **Llesiant Cenedlaethau'r Dyfodol**

372. Mae Deddf Llesiant Cenedlaethau'r Dyfodol (Cymru) 2015 yn gofyn i gyrrff cyhoeddus sicrhau bod eu penderfyniadau yn ystyried yr effaith y gallant ei chael ar bobl a fydd yn byw yng Nghymru yn y dyfodol. Mae'r Cyngor wedi gwneud hynny mewn perthynas â'i drefniadau derbyn i ysgolion arfaethedig. Mae gofyn cyfreithiol ar bob Awdurdod Derbyn yng Nghymru yn ôl Adran 84 Deddf Safonau a Fframwaith Ysgolion (1998) (Cod Derbyn i Ysgolion Llywodraeth Cymru) ac mae'r Cyngor hefyd wedi cydymffurfio â'r ddeddfwriaeth honno. Ystyrir hefyd gyfrifoldeb y Cyngor i ddarparu a hyrwyddo safonau uchel o Addysg dan Ddeddf Addysg 1996.

## **ARGYMHELLION**

Argymhellir i'r Cabinet wneud y canlynol:

1. pennu Trefniadau Derbyn i Ysgolion drafft y Cyngor ar gyfer 2019/2020 fel y'u nodwyd ym Mholisi Derbyn 2019/2020.
2. nodi bod Trefniadau Derbyn i Ysgolion 2019/20 yn gweithredu Dewis A ar gyfer derbyn i addysg uwchradd, fel y'i nodwyd yn y Ddogfen Ymgynghori (Atodiad 2).
3. nodi y bydd y Cabinet yn cael adroddiad dilynol ar ddiwygio dalgylchoedd ysgol ar gyfer 2020/2021.

## **Esboniad o'r Termau a ddefnyddir**

**Awdurdod Derbyn** – Y corff sy'n gyfrifol am osod a rhoi trefniadau derbyn i ysgolion ar waith. Y Cyngor sydd yn gyfrifol am osod a gweithredu trefniadau ysgolion cymunedol yng Nghaerdydd.

**Ysgolion Cymunedol** – ysgol feithrin, cynradd neu uwchradd a gynhelir lle mae gan yr Awdurdod Lleol gyfrifoldebau staffio, eiddo a derbyn.

**Meini Prawf Gordanystrifio** – y rhestr o feini prawf y mae'n rhaid i awdurdod eu mabwysiadu ar gyfer ei ysgol(ion) a ddefnyddir pan fo'r ysgol wedi'i gordanystrifio er mwyn asesu pa blant gaiff gynnig lle.

**Asesiad o'r Effaith ar Gydraddoldeb (AEG)** – proses a ddyluniwyd i sicrhau nad yw polisi, project neu gynllun yn gwahaniaethu yn erbyn unrhyw bobl dan anfantais neu sy'n agored i niwed.

**Anghenion Addysgol Arbennig (AAA)** - Mae gan blentyn AAA os oes ganddo anhawster dysgu y mae angen darpariaeth addysgol arbennig ar ei gyfer. Mae anhawster dysgu yn golygu bod plentyn yn cael mwy o anhawster yn dysgu na'r mwyafrif o blant o'r un oedran neu fod gan y plentyn anabledd y mae angen cyfleusterau addysgol gwahanol arno i'r rheiny mae'r ysgol yn eu darparu fel arfer i blant.

**Cynllun Iechyd Unigol a Ariennir (CIUA)** – Mae CIUA wedi eu haseinio i blant y dyrannwyd cyllid meithrin ar eu cyfer gan Banel Asesu'r Blynyddoedd Cynnar, neu'r Panel Cynghori ar Achosion. Mae paneli aml-asiantaeth yn dyrannu cyllid i blentyn Blynyddoedd Cynnar gydag anghenion sylweddol a/neu gymhleth drwy Gynllun Datblygiad Unigol er mwyn sicrhau y gall y plentyn gael mynediad at eu hawl i ysgol.

**Blwyddyn Academaidd** – cyfnod y flwyddyn pan yw disgyblion yn mynychu ysgol. Mae'r flwyddyn academaidd yn mynd o 1 Medi i 31 Awst yn y flwyddyn galendr ddilynol.

**Nifer Derbyn Cyhoeddedig (NDC)** – mwyafswm nifer y plant y bydd yr awdurdod derbyn yn eu derbyn i bob grŵp blwyddyn mewn ysgol.

**Ysgol Fwydo** - un o grŵp o ysgolion cynradd sy'n gweithio mewn partneriaeth anffurfiol gydag ysgol uwchradd leol. Byddai gan blant sy'n mynychu ysgol fwydo flaenoriaeth o ran derbyn i ysgol uwchradd dros y rheiny nad sy'n mynychu ysgol fwydo.

**Cynllun Strategol Cymraeg mewn Addysg (CSCA)** – Mae gofyn ar i Awdurdodau Lleol yng Nghymru gynhyrchu Cynllun Strategol Cymraeg mewn Addysg sy'n manylu ar sut y cyflawnir y canlyniadau a'r targedau a osodwyd yn y Cynllun Strategol Cymraeg mewn Addysg.

**Cyfrifiad Ysgolion Blynyddol ar Lefel Disgyblion (CYBLD)** – Fis Ionawr bob blwyddyn, caiff gwybodaeth a wiriwyd ei gasglu gan ysgolion i'w chyflwyno i Lywodraeth Cymru. Mae hyn yn cynnwys nifer y disgyblion a gofrestrwyd ym mhob ysgol, eu grŵp oed, cyfeiriadau cartref, ethnigrwydd a data ar y Gymraeg, cymhwysedd Prydau Ysgol Am Ddim, Anghenion Addysgol Arbennig ac iaith gyntaf.

## **Swyddogaeth Cyngor Caerdydd fel Awdurdod Derbynn**

Awdurdod derbyn yw'r corff sy'n gyfrifol am osod a chymhwyso trefniadau derbyn ysgol.

Awdurdodau Lleol yw'r awdurdodau derbyn ar gyfer ysgolion cymunedol ac ysgolion gwirfoddol a reolir, oni bai bod y swyddogaeth wedi'i dirprwyo'n llawn i'r corff llywodraethu.

Cyrrff llywodraethu yw'r awdurdodau lleol ar gyfer ysgolion sefydledig ac ysgolion gwirfoddol a gynorthwyr.

Yng Nghaerdydd, ceir 30 o Awdurdodau Derbynn ac mae 23 ohonynt yn Gyrrff Llywodraethu Ysgolion Cynradd, mae 6 yn Gyrrff Llywodraethu Ysgolion Uwchradd a'r Cyngor yw un.

Y Cyngor yw'r Awdurdod Derbynn ar gyfer y canlynol:

- Ysgolion Meithrin Cymunedol/Dosbarthiadau Meithrin mewn Ysgolion Cymunedol
- Ysgolion Cynradd Cymunedol
- Ysgolion Uwchradd Cymunedol

Mae Cyngor Caerdydd wedi ymrwmo i gyfle cyfartal a dileu gwahaniaethu anghyfreithlon. O ran derbyniadau i ysgolion cymunedol, caiff pob disgybl a darpar ddisgybl eu trin yn gyfartal, beth bynnag yw eu rhyw, hil, ethnigrwydd, diwylliant, cenedligrwydd, laith, abledd/anabledd neu gred crefyddol/anghrefyddol.

Wrth hwyluso'r broses dderbyn, mae'n rhaid i'r Awdurdod Lleol ystyried:

- Mae gan blant yr hawl i le meithrin rhan amser o ddechrau'r tymor sy'n dilyn eu pen-blwydd yn dair oed, a rhaid iddynt fynychu am bum hanner diwrnod.
- Derbynnir plant i ddsbarthiadau derbyn yn y mis Medi ar ôl eu pen-blwydd yn bedair oed.
- Mae plant yn symud i addysg uwchradd yn y mis Medi ar ôl eu pen-blwydd yn un ar ddeg.
- Rhaid i bob ysgol a gynhelir dderbyn disgyblion hyd at y nifer derbyn cyhoeddedig.

Mae gan rieni yr hawl i fynegi dewis a fydd yn cael ei ystyried yn unigol, a bydd y dewis hwn yn cael ei fodloni lle y bo'n bosibl.

Mae rhai ysgolion yn cael mwy o geisiadau na nifer y lleoedd sydd ar gael. Pan mae ysgol yn derbyn gormod o geisiadau caiff y dewisiadau eu hystyried o hyd ond rhoddir y meini prawf pan fo mwy o geisiadau na lleoedd a bennwyd gan y Cyngor ar waith. Wrth benderfynu pa blant i'w derbyn i ysgol, mae'r cyngor yn gweithredu'r meini prawf a nodwyd yn ei Ddogfen Bolisi Derbynn i ysgolion sydd ar gael i'w ddarllen / lawrlwytho yma [www.caerdydd.gov.uk/trefniadauderbyn](http://www.caerdydd.gov.uk/trefniadauderbyn). Mae swyddogion hefyd yn archwilio gwybodaeth a ddarparwyd a'r rhesymau a gynigir i gefnogi dewisiadau a fynegwyd.

Os nad yw rhieni yn fodlon ar ganlyniad cais am le mewn ysgol gynradd neu uwchradd gymunedol benodol, gallant gyflwyno apêl i'r Panel Apeliadau Annibynnol Statudol ar Dderbyn i Ysgolion.

Nid oes hawl i apelio penderfyniad derbyn i Ysgol Feithrin Gymunedol/Dosbarthiadau Derbyn mewn Ysgolion Cymunedol.

## Derbyn i addysg Uwchradd

Mae'r newidiadau arfaethedig ar gyfer derbyn i addysg uwchradd, o'i gymharu â threfniadau 2018/19, yn ymwneud â'r meini prawf canlynol:

### **Uwchradd**

- Diddymu maen prawf cyfeirio oherwydd brawd/chwaer
- Diddymu'r maen prawf pellaf o ysgol amgen
- Diddymu mae prawf derbyn cynamserol
- Cynnwys presenoldeb mewn ysgol fwydo gynradd (**dan Opsiwn B yn unig**)
- Cynnwys Plant sydd â Chynlluniau Iechyd Unigol a Ariennir (CIUA)
- Disodli defnyddio is-feini prawf i ddatrys sefyllfa pan na ellir gwahaniaethu rhwng disgyblion i'w derbyn, gydag agosrwydd ysgol i gyfeiriad cartref fel datrysiad o fewn pob maen prawf pan na ellir gwahaniaethu rhwng disgyblion i'w derbyn.

Ceir eglurhad o'r newidiadau, ac effaith y newidiadau, ar dudalen 10.

## **Effaith y newidiadau arfaethedig i'r meini prawf**

### **Cynnwys arfaethedig faen prawf Cynllun Iechyd Unigol a Ariennir (CIUA)**

Mae CIUAau wedi eu neilltuo i blant y dyrannwyd cyllid meithrin ar eu cyfer gan Banel Aseu'r Blynyddoedd Cynnar neu'r Panel Cyngori ar Achosion. Mae paneli aml-asiantaeth yn dyrannu cyllid i blentyn ag anghenion sylweddol a/neu gymhleth, drwy Gynllun Datblygiad Unigol er mwyn sicrhau y gall y plentyn dderbyn cymorth i gael mynediad at eu hawl i ysgol.

### **Diddymiad arfaethedig y maen prawf 'Cyfeirio oherwydd brawd/chwaer'**

Cafodd y meini prawf hyn eu cynnwys gan y Cyngor o fewn y trefniadau derbyn er mwyn lliniaru ar yr anawsterau a wynebid gan rieni pan nad fedrent gael lle i'w plentyn yn eu hysgol ddalgylch flaenorol, ac i leihau effaith y newidiadau ar ddalgylchoedd a/neu ganlyniad ad-drefnu ysgolion.

Dim ond ychydig o geisiadau (0.06% ar gyfer pob dewis ysgol) a gyflwynwyd i dderbyn i ysgolion yn 2017 a wnaed ar sail diwallu'r meini prawf hyn, a allasai fod yn arwydd nad yw'r meini prawf yn ddigon clir neu wedi'u deall yn iawn gan rieni. Dyrannwyd cyfanswm o saith lle o dan y meini prawf hyn ar gyfer derbyn i ysgol yn 2017, y byddai pedwar wedi eu derbyn dan faen prawf arall.

Ers cyflwyno'r maen prawf 'Cyfeirio oherwydd brawd/chwaer', mae nifer o ddatblygiadau wedi'u gwneud i broses dderbyn y Cyngor (o ganlyniad i newidiadau i'r Cod Derbyn i Ysgolion) gan gynnwys y gallu i gyflwyno sawl dewis.

Er bod rhai disgyblion yn elwa drwy sicrhau lleoedd drwy ddiwallu un o'r meini prawf 'cyfeirio oherwydd brawd/chwaer', caiff y disgyblion hyn flaenoriaeth dros y plant hynny sy'n byw yn nalgylch yr ysgol ar hyn o bryd. Mae hyn yn peri problemau cynllunio adnoddau i rai ysgolion ac, yn sgil derbyn disgyblion yn unol â'r meini prawf hyn, mae'n bosib na all rhai disgyblion sy'n byw o fewn y dalgylch fynychu eu hysgol ddalgylch.

### **Diddymu arfaethedig ar y maen prawf 'Pellaf o Ysgol Amgen'**

Nid yw'r maen prawf sy'n rhoi blaenoriaeth i blant sy'n byw bellaf o'r ysgol amgen agosaf sydd ar gael yn cael ei ddefnyddio lawer, dim ond pan fo'r holl feini prawf uwch wedi'u hateb gan ddau ddisgybl neu fwy. Mae'r gwelliant i'r maen prawf pellter o 2 le degol i 4 lle degol yn lleihau ymhellach y tebygolrwydd i'r maen prawf hwn gael ei ystyried ac mae ei gynnwys felly yn ddiangen. Ni ddyrannwyd unrhyw leoedd Dosbarth Derbyn na Blwyddyn 7 o dan y maen prawf hwn ar gyfer y rhai oedd yn dechrau fis Medi 2017.

### **Diddymu arfaethedig ar fae prawf 'Derbyn Cynamserol'**

Gellid yn rhesymol dynnu derbyn cynamserol o'r meini prawf pan na ellir gwahaniaethu rhwng disgyblion i'w derbyn. Ni ddyrannwyd unrhyw leoedd Dosbarth Derbyn na Blwyddyn 7 o dan y maen prawf hwn ar gyfer y rhai oedd yn dechrau fis Medi 2017.

### **Cynnwys arfaethedig faen prawf 'Ysgol Fwydo' (Dan Ail Ddewis B yn unig)**

Gweithredwyd presenoldeb mewn ysgol fwydo fel maen prawf, pan fo mwy o geisiadau na lleoedd, ddiwethaf yng Nghaerdydd yn ystod blwyddyn fynediad 2000/2001.

Mae'r maen prawf 'presenoldeb disgybl mewn ysgol fwydo' yn faen prawf clir a hawdd ei ddeall, ac mae mantais parhad i ddisgyblion ac i'r ysgolion cyswllt hynny sy'n gweithredu'r maen prawf hwn.

Fodd bynnag, gall ailgyflwyno maen prawf o'r fath yng Nghaerdydd achosi nifer o anawsterau i rieni, yn enwedig y rheiny sy'n symud i ardal ar ôl yr adeg derbyn i addysg gynradd lle mae ysgolion cynradd eisoes yn llawn, neu i'r disgyblion hynny sy'n byw mewn dalgyrch ar adeg derbyn i addysg gynradd sydd wedi bod yn aflwyddiannus o ran eu cais ar gyfer derbyn i ysgol fwydo.

Byddai ychwanegu ysgolion cynradd bwydo dynodedig fel maen prawf pan fo mwy o geisiadau na lleoedd islaw byw yn dalgyrch ysgol yn rhoi blaenoriaeth i ddisgybl sy'n mynychu ysgol gynradd fwydo dros ddisgybl nad yw'n mynychu ysgol gynradd o'r fath ond sy'n byw yn nes at yr ysgol uwchradd.

Mae dadansoddiad a wnaed o'r cohort disgyblion y dyrannwyd llefydd iddynt yn rownd gyntaf y derbyn i ysgolion uwchradd yn 2017 wedi nodi sawl disgybl dderbyniodd le ar sail pa faen prawf. Ystyriodd y dadansoddiad ymhellach y modd y gall hyn gael ei ddylanwadu drwy gynnwys maen prawf newydd ar gyfer y pant hynny sydd yn gyw o fewn dalgyrch ysgol ac sydd hefyd yn mynychu ysgol fwydo o fewn y dalgyrch.

At ddibenion dadansoddi, yr ysgolion y mae eu dalgyrch wedi'i leoli o fewn dalgyrch yr ysgol uwchradd a ystyrir fel yr 'ysgolion bwydo'. Yn unigryw, mae dalgyrch Ysgol Gynradd Llanisien Fach yn gorwedd o fewn dalgyrch Ysgol Uwchradd Llanisien ac Ysgol Uwchradd yr Eglwys Newydd.

Byddai effaith cynnwys maen prawf a fyddai wedi rhoi blaenoriaeth i ddisgyblion sy'n mynychu ysgol gynradd bwydo yn 2017/18 wedi amrywio, ond byddai'n blaenoriaethu rhai disgyblion sy'n byw yn dalgyrch yr ysgol ac sy'n mynychu ysgol gynradd fwydo dros y rheiny sy'n byw o fewn y dalgyrch ond sy'n byw lawer nes at yr ysgol uwchradd.

Ystyriodd y dadansoddiad yr effaith ar dderbyniadau'r pum ysgol uwchradd gymunedol (Ysgol Uwchradd Caerdydd, Ysgol Uwchradd Fitzalan, Ysgol Uwchradd Llanisien, Ysgol Uwchradd Radur, Ysgol Gyfun Gymraeg Plasmawr) oedd â mwy o alw am lefydd na llefydd ar gael ar gyfer mynediad Blwyddyn 7 ym mis Medi 2017.

Dadansoddwyd dewisiadau cyntaf i sefydlu nifer y ceisiadau derbyn o ysgolion bwydo a fyddai wedi derbyn cynnig am le yn eu dewis o ysgol uwchradd.

Drwy gymharu'r disgyblion a dderbyniwyd i'r ysgolion hyn dan faen prawf cyfarwyddo brawd/chwaer yn 2017 canfuwyd y byddai pob plentyn a dderbyniwyd yn ôl y maen prawf hwn hefyd wedi eu derbyn pe byddai maen prawf ysgol fwydo wedi bod ar waith.

O safbwynt ysgolion unigol, byddai'r llefydd a gynigwyd yn Ysgol Uwchradd Caerdydd yn y dyraniad cyntaf wedi cynnwys 213 disgybl a fynychodd ysgol fwydo. Pe byddai meini prawf oedd yn cynnwys disgyblion oedd yn byw yn y dalgyrch a hefyd yn mynychu ysgol fwydo wedi eu cynnwys, byddai 33 o blant oedd yn mynychu ysgolion bwydo y gwrthodwyd lle iddynt yn 2017 wedi eu derbyn dan y drefn wahanol hon o ran meini prawf, ac o ganlyniad byddai 33 o blant a oedd yn byw o fewn y dalgyrch ond nad oedd yn mynychu ysgol fwydo heb dderbyn lle yn yr ysgol.

Byddai'r disgyblion hynny oedd yn byw yn dalgyrch Ysgol Uwchradd Caerdydd y dyrannwyd lle iddynt yn rhinwedd y ffaith eu bod yn byw yn y dalgyrch ac agoswyd yn unig, ac nad oedd yn mynychu ysgol fwydo, heb gael eu derbyn i'r ysgol os oedd eu cyfeiriad cartref yn fwy na 0.268 milltir o'r ysgol yn y dyraniad cyntaf o lefydd derbyn.

Byddai'r llefydd a gynigwyd yn Ysgol Uwchradd Fitzalan yn y dyraniad cyntaf wedi cynnwys 260 disgybl a fynychodd ysgol fwydo. Pe byddai meini prawf oedd yn cynnwys disgyblion oedd yn byw yn y dalgylch a hefyd yn mynychu ysgol fwydo wedi eu cynnwys, byddai 17 o blant a oedd yn mynychu ysgolion bwydo y gwrthodwyd lle iddynt yn 2017 wedi eu derbyn dan y drefn wahanol hon o ran meini prawf, ac o ganlyniad byddai 17 o blant a oedd yn byw o fewn y dalgylch ond nad oedd yn mynychu ysgol fwydo heb dderbyn lle yn yr ysgol.

Byddai'r disgyblion hynny oedd yn byw yn dalgylch Ysgol Uwchradd Fitzalan y dyrannwyd lle iddynt yn rhinwedd y ffaith eu bod yn byw yn y dalgylch ac agosrwydd yn unig, ac nad oedd yn mynychu ysgol fwydo, heb gael eu derbyn i'r ysgol os oedd eu cyfeiriad cartref yn fwy na 1.278 milltir o'r ysgol yn y dyraniad cyntaf o lefydd derbyn.

Byddai'r llefydd a gynigwyd yn Ysgol Uwchradd Llanisien yn y dyraniad cyntaf wedi cynnwys 238 disgybl a fynychodd ysgol fwydo gynradd. Pe byddai meini prawf oedd yn cynnwys disgyblion oedd yn byw yn y dalgylch a hefyd yn mynychu ysgol fwydo wedi eu cynnwys, byddai 23 o blant a oedd yn mynychu ysgolion bwydo y gwrthodwyd lle iddynt yn 2017 wedi eu derbyn dan y drefn wahanol hon o ran meini prawf, ac o ganlyniad byddai 23 o blant a oedd yn byw o fewn y dalgylch ond nad oedd yn mynychu ysgol fwydo heb dderbyn lle yn yr ysgol.

Byddai pob disgybl a oedd yn byw yn dalgylch Ysgol uwchradd Llanisien, nad oedd yn mynychu ysgol fwydo gynradd, wedi eu gwrthod yn 2017.

Ni fyddai unrhyw effaith wedi bod ar y llefydd a gynigwyd yn Ysgol Gyfun Radur ac Ysgol Gyfun Plasmawr yn y dyraniad cyntaf.

Byddai effaith cynnwys meini prawf o'r fath yn amrywio yn ôl ardal ac o flwyddyn i flwyddyn ond mae perthynas agos rhwng hyd a lled effaith hyn a chapasiti cymharol ysgolion uwchradd ac ysgolion cynradd o fewn eu dalgylchoedd, a phoblogaeth y disgyblion o fewn y dalgylchoedd.

Yn seiliedig ar ddadansoddiad data CYBLD Ionawr 2017 a'r llefydd oedd ar gael mewn ysgolion uwchradd, nid oedd 39% (1,656 disgybl) o grŵp oed Blwyddyn 4 bryd hynny (4,266) a fydd yn pontio i ysgol uwchradd ym mis Medi 2019 yn mynychu ysgol fwydo gynradd. Ni fyddai disgyblion yn y grŵp hwn nad oedd yn ateb gofynion meini prawf uwch, megis mynychiad brawd neu chwaer neu resymau meddygol / cymdeithasol cymhellol, yn ateb meini prawf 4 na 6 pe rhoddid Opsiwn B ar waith.

## **Ansawdd a Safonau**

Cyhoeddodd y Cyngor ei weledigaeth dros addysg yng Nghaerdydd yn ddiweddar – Caerdydd 2020: gweledigaeth newydd ar gyfer addysg a dysgu yng Nghaerdydd fis Mehefin 2016. Mae hwn yn sefydlu ymrwymiad y Cyngor i gyfle cyfartal; cydweithio'n agored, codi uchelgais a disgwyliadau dysgwyr a chofleidio amrywiaeth.

Ni ragwelir y bydd unrhyw effaith negyddol ar ansawdd safonau addysg nac o ran cyflwyno'r cwricwlwm o ganlyniad i'r cynigion hyn.

## **Pa effaith fyddai ar ddarpariaeth Anghenion Addysgol Arbennig (AAA)?**

Mae ysgolion yng Nghaerdydd yn derbyn cyllid wedi ei ddirprwyo i'w galluogi i gynnig cymorth ychwanegol ac ymyriadau sy'n canolbwyntio ar gyfer disgyblion sydd ag AAA.

Ni fyddai unrhyw effaith negyddol gan y cynigion hyn ar ddarpariaeth AAA yn yr ysgolion a byddai'r ysgolion yn parhau i gynnig cymorth AAA i ddisgyblion sy'n addas i faint yr angen.

## **Materion Cydraddoldeb**

Mae modd gweld yr Asesiad o'r Effaith ar Gydraddoldeb (AEG) ar gyfer y meini prawf a gynnigir ar wefan y Cyngor drwy gyfrwng y ddolen isod:

[www.caerdydd.gov.uk/trefniadauderbyn](http://www.caerdydd.gov.uk/trefniadauderbyn)

Yn benodol mae'r AEG yn ystyried sut gall y cynnig effeithio ar ddisgyblion sydd â nodweddion a ddiogelir, a hefyd sut gall y cynigion effeithio ar y Gymraeg.

Fel y nodwyd yn yr AEG gallai gwahaniaethau godi lle:

- rhoddir blaenoriaeth i Anghenion Addysgol Arbennig sy'n rhoi cymorth i ddisgyblion ag anabledau sydd hefyd ag anawsterau dysgu
- rhoddir blaenoriaeth i ymgeiswyr lle gellid dangos tystiolaeth yn dynodi anghenion penodol ar dir meddygol a/neu gymdeithasol cymhellol.

Ar ben hynny, mewn ardaloedd ysgolion poblogaidd / ysgolion llawn, byddai cynnwys maen prawf 'ysgol fwydo' ysgol uwchradd mwy o geisiadau nag sydd o lefydd yn:

- Rhoi mantais bosib i'r teuluoedd hynny sy'n gallu sicrhau lle mewn ysgol gynradd yn ysgol gynradd eu dalgylch yn gynnar.
- Efallai y byddai anfantais i ddisgyblion sy'n symud i ddalgylch ysgol lawn yn hwyrach, oherwydd efallai na fyddai lle iddynt yn eu hysgol leol.

Nododd dadansoddiad yn cymharu disgyblion a gofrestrwyd ym Mlwyddyn Dosbarth Derbyn ysgol gynradd ym mis Ionawr 2011 gyda'r un cohort o ddisgyblion yn Blwyddyn 6 ym mis Ionawr 2017 hefyd y gallai gwahaniaethau ddigwydd o ran effaith pe cyflwynid maen prawf 'ysgol fwydo'.

- Gallai oddeutu hyd at 1 disgybl mewn 7 yn byw yn eu dalgylch lleol adeg pontio i ysgol uwchradd fod dan anfantais drwy gyflwyno maen prawf ysgol fwydo yn sgil y ffaith iddynt symud i'r dalgylch yn ddiweddarach yn y cyfnod cynradd.
- Mae'n bosib y byddai disgyblion DU / Affricanaidd / Caribïaidd / Du Prydeinig, teuluoedd Teithwyr (er mai bychan yw'r sampl) a grwpiau ethnig eraill dan anfantais am eu bod yn llai tebygol o fod ar gofrestr ysgol gynradd o'r Dosbarth Derbyn i Blwyddyn 6.

Mae'r rhesymau dros symud i ddalgylch yn ystod y cyfnod cynradd yn amrywiol, maent yn cynnwys mewnfudo o'r tu allan i'r ddinas, adleoli o fewn Caerdydd sydd yn ymwneud â fforddiadwyedd ac argaeledd eiddo priodol ayb.

Byddai rhoi maen prawf ysgol fwydo ar waith i bob disgybl yn ddiwahân yn creu effaith o wahaniaethu yn erbyn poblogaethau sy'n fwy symudol. Os cynrychiolir yn anghymesur grŵp penodol sydd yn arddangos lefel uwch o symudedd, gellid barnu bod y grŵp hwn dan anfantais (gwahaniaethu anuniongyrchol).

Er mwyn atal effaith wahaniaethol ar sail hyd cyfnod mae disgybl wedi byw mewn dalgylch a/neu pa un ai a lwyddont i sicrhau lle mewn ysgol fwydo ar gorn y ffaith eu bod yn byw yn yr ardal adeg gwneud y cais, gallasai'r cyngor roi meini prawf Opsiwn A ar waith, nad sydd yn dibynnu ar faen prawf ysgol fwydo (mae'r ddau opsiwn yn defnyddio maen prawf agosrwydd).

Bydd y Cyngor yn ystyried canlyniadau'r ymgynghoriad cyn pennu'r meini prawf terfynol.

### **Effaith y newidiadau arfaethedig ar y Gymraeg**

Ni ragwelir y bydd unrhyw effaith wahaniaethol ar y Gymraeg yn sgil newidiadau i feini prawf pan fo mwy o geisiadau na llefydd.

Mae addysgu Cymraeg mewn lleoliad cyfrwng Saesneg yn un o ofynion y Cwricwlwm Cenedlaethol. Ni fyddai newid ar hyn.

Fel sydd wedi ei nodi yn y ddogfen Caerdydd 2020 – Gweledigaeth Newydd i Addysg a Dysgu bydd y Cyngor yn parhau i gynnig mwy o lefydd i ysgolion cyfrwng Cymraeg yn unol â Chynllun Strategol Cymraeg mewn Addysg (CSGA) ar gyfer Caerdydd. Mae swyddogion yn monitro cyfraddau genedigaethau, effaith tai arfaethedig a phatrymau mynychu addysg gynradd ac uwchradd Gymraeg gyda golwg i ddwyn cynlluniau ger bron i ateb unrhyw gynnydd mewn galw.

### **Ystyried Effaith Gymunedol**

Mae angen system decach, fwy cydradd o ddyrannu lleoedd ysgol yng Nghaerdydd heb gael effaith negyddol ar y gymuned.

Barn y Cyngor yw y gallai rhoi yr Opsiwn B Uwchradd ar waith rywfaint o effaith negyddol cyfyngedig ar rai cymunedau yng Nghaerdydd. Cyfeirir at yr effaith posibl ar rai grwpiau ethnig yn yr adran 'Mae Cydraddoldeb yn Bwysig'.

Byddai cynnwys meini prawf 'ysgol fwydo' ysgol uwchradd pan fo mwy o geisiadau na llefydd mewn ardaloedd lle ceir ysgolion cynradd poblogaidd / llawn, yn rhoi mantais i'r teuluoedd hynny sydd fwyaf abl i allu sicrhau lle mewn ysgol fwydo yn ysgol gynradd eu dalgylch yn gynnar.

Mae dadansoddiad a gwblhawyd i gymharu data CYBLD (cyfrifiad disgyblion) o ddisgyblion ar gofrestrau Blwyddyn Dosbarth Derbyn ysgolion cynradd yn Ionawr 2011 gyda data CYBLD ar gyfer y cohort ym Mlwyddyn 6 yn Ionawr 2017 yn dangos fod disgyblion sydd yn derbyn PYADd bron i deirgwaith (29.1%) yn fwy tebygol o bontio o'u hysgol ddalgylch yn eu cyfnod cynradd na'r rhai nad sy'n ei dderbyn (10.8%), ac felly byddent yn llai tebygol o ateb gofynion meini prawf 'ysgol fwydo'.

Bydd swyddogion yn gweithio gydag unrhyw grwpiau cymunedol er mwyn sicrhau y byddai'r cynnig yn osgoi effaith andwyol pan fo hynny'n bosibl.

Mae'r ysgolion ddaw o dan y cynnig yn ysgolion sydd yn bodoli sy'n cynnig ystod o weithgareddau ar ôl ysgol ac efallai sydd â sefydliadau cymunedol yn cynnig gwasanaethau gan ddefnyddio cyfleusterau'r ysgol. Ni ddisgwylir unrhyw effaith negyddol ar unrhyw un o'r gweithgareddau hyn.

### **Trefniadau Dalgylch**

Mae modd cyflawni cyfatebiaeth well rhwng cyflenwad a galw am lefydd ysgol drwy roi ystyriaeth fanwl i boblogaethau o'u cymharu â maint a lleoliad yr ysgolion ar draws Caerdydd.

Mae'r Cyngor wedi cyflwyno cais am arian cyllid cyfalaf Ysgolion yr 21ain Ganrif i Lywodraeth Cymru sy'n cynnwys cynigion ar gyfer aildrefnu rhywfaint ar y ddarpariaeth ysgolion. Byddai gofyn ystyried unrhyw newid i faint ysgolion y gellid eu gweithredu trwy gyfrwng Rhaglen Ysgolion yr 21ain Ganrif.

Byddai pennu trefniadau dalgylchoedd newydd yn seiliedig ar boblogaethau presennol a'r ddarpariaeth ysgolion cyn hyn yn annoeth oherwydd, pe newidid maint ysgolion, mae'n bosib y byddai angen diwygio dalgylchoedd unwaith eto mewn cyfnod byr o amser.

Nid oes unrhyw newid i ddalgylchoedd yn cael eu cynnig ar gyfer blwyddyn academaidd 2019/20. Mae'r Cyngor wedi ymrwymo i wneud newidiadau i ddalgylchoedd ar adeg pan fydd patrwm ysgolion yn y dyfodol wedi ei benderfynu.

### **Materion Cludiant**

Mae'r Cyngor yn ymrwymedig i hwyluso trafndiaeth gynaliadwy yn y ddinas. Un o'r meysydd pwysicaf i dalu sylw iddynt parthed hyn yw o ran y modd y bydd rhieni a phlant yn teithio yn ôl a blaen i'r ysgol.

Ni wyddys beth fydd y maen prawf pan fydd mwy o geisiadau na llefydd yn ei gael oblygiadau traffig. Fodd bynnag, mae'r Cyngor yn argymhell y gall plant deithio yn ôl a blaen i'w hysgol gan ddefnyddio dull teithio cynaliadwy. Un o'r ffactorau pennaf sy'n hwyluso hyn yw agosrwydd y plant i'r ysgol.

### **Trefniadau Teithio Dysgwyr**

Dan y cynigion hyn nid oes cynlluniau i newid polisi'r Cyngor ar gludo plant yn ôl a blaen i ysgolion. Gellir gweld polisi trafndiaeth y Cyngor ar gyfer plant ysgol ar wefan y Cyngor ([www.caerdydd.gov.uk](http://www.caerdydd.gov.uk)).

## **Esboniad o'r Termau a ddefnyddir**

**Awdurdod Derbyn** – Y corff sy'n gyfrifol am osod a rhoi trefniadau derbyn i ysgolion ar waith. Y Cyngor sydd yn gyfrifol am osod a gweithredu trefniadau ysgolion cymunedol yng Nghaerdydd.

**Ysgolion Cymunedol** – ysgol feithrin, cynradd neu uwchradd a gynhelir lle mae gan yr Awdurdod Lleol gyfrifoldebau staffio, eiddo a derbyn.

**Meini Prawf Gordanystrifio** – y rhestr o feini prawf y mae'n rhaid i awdurdod eu mabwysiadu ar gyfer ei ysgol(ion) a ddefnyddir pan fo'r ysgol wedi'i gordanystrifio er mwyn asesu pa blant gaiff gynnig lle.

**Asesiad o'r Effaith ar Gydraddoldeb (AEG)** – proses a ddyluniwyd i sicrhau nad yw polisi, project neu gynllun yn gwahaniaethu yn erbyn unrhyw bobl dan anfantais neu sy'n agored i niwed.

**Anghenion Addysgol Arbennig (AAA)** - Mae gan blentyn AAA os oes ganddo anhawster dysgu y mae angen darpariaeth addysgol arbennig ar ei gyfer. Mae anhawster dysgu yn golygu bod plentyn yn cael mwy o anhawster yn dysgu na'r mwyafrif o blant o'r un oedran neu fod gan y plentyn anabledd y mae angen cyfleusterau addysgol gwahanol arno i'r rheiny mae'r ysgol yn eu darparu fel arfer i blant.

**Cynllun Iechyd Unigol a Ariennir (CIUA)** – Mae CIUA wedi eu haseinio i blant y dyrannwyd cyllid meithrin ar eu cyfer gan Banel Asesu'r Blynyddoedd Cynnar, neu'r Panel Cynghori ar Achosion. Mae paneli aml-asiantaeth yn dyrannu cyllid i blentyn Blynyddoedd Cynnar gydag anghenion sylweddol a/neu gymhleth drwy Gynllun Datblygiad Unigol er mwyn sicrhau y gall y plentyn gael mynediad at eu hawl i ysgol.

**Blwyddyn Academaidd** – cyfnod y flwyddyn pan yw disgyblion yn mynychu ysgol. Mae'r flwyddyn academaidd yn mynd o 1 Medi i 31 Awst yn y flwyddyn galendr ddilynol.

**Nifer Derbyn Cyhoeddedig (NDC)** – mwyafswm nifer y plant y bydd yr awdurdod derbyn yn eu derbyn i bob grŵp blwyddyn mewn ysgol.

**Ysgol Fwydo** - un o grŵp o ysgolion cynradd sy'n gweithio mewn partneriaeth anffurfiol gydag ysgol uwchradd leol. Byddai gan blant sy'n mynychu ysgol fwydo flaenoriaeth o ran derbyn i ysgol uwchradd dros y rheiny nad sy'n mynychu ysgol fwydo.

**Cynllun Strategol Cymraeg mewn Addysg (CSCA)** – Mae gofyn ar i Awdurdodau Lleol yng Nghymru gynhyrchu Cynllun Strategol Cymraeg mewn Addysg sy'n manylu ar sut y cyflawnir y canlyniadau a'r targedau a osodwyd yn y Cynllun Strategol Cymraeg mewn Addysg.

**Cyfrifiad Ysgolion Blynyddol ar Lefel Disgyblion (CYBLD)** – Fis Ionawr bob blwyddyn, caiff gwybodaeth a wiriwyd ei gasglu gan ysgolion i'w chyflwyno i Lywodraeth Cymru. Mae hyn yn cynnwys nifer y disgyblion a gofrestrwyd ym mhob ysgol, eu grŵp oed, cyfeiriadau cartref, ethnigrwydd a data ar y Gymraeg, cymhwysedd Prydau Ysgol Am Ddim, Anghenion Addysgol Arbennig ac iaith gyntaf.

## **Swyddogaeth Cyngor Caerdydd fel Awdurdod Derbyn**

Awdurdod derbyn yw'r corff sy'n gyfrifol am osod a chymhwyso trefniadau derbyn ysgol.

Awdurdodau Lleol yw'r awdurdodau derbyn ar gyfer ysgolion cymunedol ac ysgolion gwirfoddol a reolir, oni bai bod y swyddogaeth wedi'i dirprwyo'n llawn i'r corff llywodraethu.

Cyrrff llywodraethu yw'r awdurdodau lleol ar gyfer ysgolion sefydledig ac ysgolion gwirfoddol a gynorthwyr.

Yng Nghaerdydd, ceir 30 o Awdurdodau Derbyn ac mae 23 ohonynt yn Gyrrff Llywodraethu Ysgolion Cynradd, mae 6 yn Gyrrff Llywodraethu Ysgolion Uwchradd a'r Cyngor yw un.

Y Cyngor yw'r Awdurdod Derbyn ar gyfer y canlynol:

- Ysgolion Meithrin Cymunedol/Dosbarthiadau Meithrin mewn Ysgolion Cymunedol
- Ysgolion Cynradd Cymunedol
- Ysgolion Uwchradd Cymunedol

Mae Cyngor Caerdydd wedi ymrwymo i gyfle cyfartal a dileu gwahaniaethu anghyfreithlon. O ran derbyniadau i ysgolion cymunedol, caiff pob disgybl a darpar ddisgybl eu trin yn gyfartal, beth bynnag yw eu rhyw, hil, ethnigrwydd, diwylliant, cenedligrwydd, laith, abledd/anabledd neu gred crefyddol/anghrefyddol.

Wrth hwyluso'r broses dderbyn, mae'n rhaid i'r Awdurdod Lleol ystyried:

- Mae gan blant yr hawl i le meithrin rhan amser o ddechrau'r tymor sy'n dilyn eu pen-blwydd yn dair oed, a rhaid iddynt fynychu am bum hanner diwrnod.
- Derbynnir plant i ddsbarthiadau derbyn yn y mis Medi ar ôl eu pen-blwydd yn bedair oed.
- Mae plant yn symud i addysg uwchradd yn y mis Medi ar ôl eu pen-blwydd yn un ar ddeg.
- Rhaid i bob ysgol a gynhelir dderbyn disgyblion hyd at y nifer derbyn cyhoeddedig.

Mae gan rieni yr hawl i fynegi dewis a fydd yn cael ei ystyried yn unigol, a bydd y dewis hwn yn cael ei fodloni lle y bo'n bosibl.

Mae rhai ysgolion yn cael mwy o geisiadau na nifer y lleoedd sydd ar gael. Pan mae ysgol yn derbyn gormod o geisiadau caiff y dewisiadau eu hystyried o hyd ond rhoddir y meini prawf pan fo mwy o geisiadau na lleoedd a bennwyd gan y Cyngor ar waith. Wrth benderfynu pa blant i'w derbyn i ysgol, mae'r cyngor yn gweithredu'r meini prawf a nodwyd yn ei Ddogfen Bolisi Derbyn i ysgolion sydd ar gael i'w ddarllen / lawrlwytho yma [www.caerdydd.gov.uk/trefniadauderbyn](http://www.caerdydd.gov.uk/trefniadauderbyn). Mae swyddogion hefyd yn archwilio gwybodaeth a ddarparwyd a'r rhesymau a gynigir i gefnogi dewisiadau a fynegwyd.

Os nad yw rhieni yn fodlon ar ganlyniad cais am le mewn ysgol gynradd neu uwchradd gymunedol benodol, gallant gyflwyno apêl i'r Panel Apeliadau Annibynnol Statudol ar Dderbyn i Ysgolion.

Nid oes hawl i apelio penderfyniad derbyn i Ysgol Feithrin Gymunedol/Dosbarthiadau Derbyn mewn Ysgolion Cymunedol.

## Derbyn i addysg Uwchradd

Mae'r newidiadau arfaethedig ar gyfer derbyn i addysg uwchradd, o'i gymharu â threfniadau 2018/19, yn ymwneud â'r meini prawf canlynol:

### **Uwchradd**

- Diddymu maen prawf cyfeirio oherwydd brawd/chwaer
- Diddymu'r maen prawf pellaf o ysgol amgen
- Diddymu mae prawf derbyn cynamserol
- Cynnwys presenoldeb mewn ysgol fwydo gynradd (**dan Opsiwn B yn unig**)
- Cynnwys Plant sydd â Chynlluniau Iechyd Unigol a Ariennir (CIUA)
- Disodli defnyddio is-feini prawf i ddatrys sefyllfa pan na ellir gwahaniaethu rhwng disgyblion i'w derbyn, gydag agosrwydd ysgol i gyfeiriad cartref fel datrysiad o fewn pob maen prawf pan na ellir gwahaniaethu rhwng disgyblion i'w derbyn.

Ceir eglurhad o'r newidiadau, ac effaith y newidiadau, ar dudalen 10.

## **Effaith y newidiadau arfaethedig i'r meini prawf**

### **Cynnwys arfaethedig faen prawf Cynllun Iechyd Unigol a Ariennir (CIUA)**

Mae CIUAu wedi eu neilltuo i blant y dyrannwyd cyllid meithrin ar eu cyfer gan Banel Aseu'r Blynnyddoedd Cynnar neu'r Panel Cyngori ar Achosion. Mae paneli aml-asiantaeth yn dyrannu cyllid i blentyn ag anghenion sylweddol a/neu gymhleth, drwy Gynllun Datblygiad Unigol er mwyn sicrhau y gall y plentyn dderbyn cymorth i gael mynediad at eu hawl i ysgol.

### **Diddymiad arfaethedig y maen prawf 'Cyfeirio oherwydd brawd/chwaer'**

Cafodd y meini prawf hyn eu cynnwys gan y Cyngor o fewn y trefniadau derbyn er mwyn lliniaru ar yr anawsterau a wynebid gan rieni pan nad fedrent gael lle i'w plentyn yn eu hysgol ddalgylch flaenorol, ac i leihau effaith y newidiadau ar ddalgylchoedd a/neu ganlyniad ad-drefnu ysgolion.

Dim ond ychydig o geisiadau (0.06% ar gyfer pob dewis ysgol) a gyflwynwyd i dderbyn i ysgolion yn 2017 a wnaed ar sail diwallu'r meini prawf hyn, a allasai fod yn arwydd nad yw'r meini prawf yn ddigon clir neu wedi'u deall yn iawn gan rieni. Dyrannwyd cyfanswm o saith lle o dan y meini prawf hyn ar gyfer derbyn i ysgol yn 2017, y byddai pedwar wedi eu derbyn dan faen prawf arall.

Ers cyflwyno'r maen prawf 'Cyfeirio oherwydd brawd/chwaer', mae nifer o ddatblygiadau wedi'u gwneud i broses dderbyn y Cyngor (o ganlyniad i newidiadau i'r Cod Derbyn i Ysgolion) gan gynnwys y gallu i gyflwyno sawl dewis.

Er bod rhai disgyblion yn elwa drwy sicrhau lleoedd drwy ddiwallu un o'r meini prawf 'cyfeirio oherwydd brawd/chwaer', caiff y disgyblion hyn flaenoriaeth dros y plant hynny sy'n byw yn nalgylch yr ysgol ar hyn o bryd. Mae hyn yn peri problemau cynllunio adnoddau i rai ysgolion ac, yn sgil derbyn disgyblion yn unol â'r meini prawf hyn, mae'n bosib na all rhai disgyblion sy'n byw o fewn y dalgylch fynychu eu hysgol ddalgylch.

### **Diddymu arfaethedig ar y maen prawf 'Pellaf o Ysgol Amgen'**

Nid yw'r maen prawf sy'n rhoi blaenoriaeth i blant sy'n byw bellaf o'r ysgol amgen agosaf sydd ar gael yn cael ei ddefnyddio lawer, dim ond pan fo'r holl feini prawf uwch wedi'u hateb gan ddau ddisgybl neu fwy. Mae'r gwelliant i'r maen prawf pellter o 2 le degol i 4 lle degol yn lleihau ymhellach y tebygolrwydd i'r maen prawf hwn gael ei ystyried ac mae ei gynnwys felly yn ddiangen. Ni ddyrannwyd unrhyw leoedd Dosbarth Derbyn na Blwyddyn 7 o dan y maen prawf hwn ar gyfer y rhai oedd yn dechrau fis Medi 2017.

### **Diddymu arfaethedig ar fae prawf 'Derbyn Cynamserol'**

Gellid yn rhesymol dynnu derbyn cynamserol o'r meini prawf pan na ellir gwahaniaethu rhwng disgyblion i'w derbyn. Ni ddyrannwyd unrhyw leoedd Dosbarth Derbyn na Blwyddyn 7 o dan y maen prawf hwn ar gyfer y rhai oedd yn dechrau fis Medi 2017.

### **Cynnwys arfaethedig faen prawf 'Ysgol Fwydo' (Dan Ail Ddewis B yn unig)**

Gweithredwyd presenoldeb mewn ysgol fwydo fel maen prawf, pan fo mwy o geisiadau na lleoedd, ddiwethaf yng Nghaerdydd yn ystod blwyddyn fynediad 2000/2001.

Mae'r maen prawf 'presenoldeb disgybl mewn ysgol fwydo' yn faen prawf clir a hawdd ei ddeall, ac mae mantais parhad i ddisgyblion ac i'r ysgolion cyswllt hynny sy'n gweithredu'r maen prawf hwn.

Fodd bynnag, gall ailgyflwyno maen prawf o'r fath yng Nghaerdydd achosi nifer o anawsterau i rieni, yn enwedig y rheiny sy'n symud i ardal ar ôl yr adeg derbyn i addysg gynradd lle mae ysgolion cynradd eisoes yn llawn, neu i'r disgyblion hynny sy'n byw mewn dalgyrch ar adeg derbyn i addysg gynradd sydd wedi bod yn aflwyddiannus o ran eu cais ar gyfer derbyn i ysgol fwydo.

Byddai ychwanegu ysgolion cynradd bwydo dynodedig fel maen prawf pan fo mwy o geisiadau na lleoedd islaw byw yn dalgyrch ysgol yn rhoi blaenoriaeth i ddisgybl sy'n mynychu ysgol gynradd fwydo dros ddisgybl nad yw'n mynychu ysgol gynradd o'r fath ond sy'n byw yn nes at yr ysgol uwchradd.

Mae dadansoddiad a wnaed o'r cohort disgyblion y dyrannwyd llefydd iddynt yn rownd gyntaf y derbyn i ysgolion uwchradd yn 2017 wedi nodi sawl disgybl dderbyniodd le ar sail pa faen prawf. Ystyriodd y dadansoddiad ymhellach y modd y gall hyn gael ei ddylanwadu drwy gynnwys maen prawf newydd ar gyfer y pant hynny sydd yn gyw o fewn dalgyrch ysgol ac sydd hefyd yn mynychu ysgol fwydo o fewn y dalgyrch.

At ddibenion dadansoddi, yr ysgolion y mae eu dalgyrch wedi'i leoli o fewn dalgyrch yr ysgol uwchradd a ystyrir fel yr 'ysgolion bwydo'. Yn unigryw, mae dalgyrch Ysgol Gynradd Llanisien Fach yn gorwedd o fewn dalgyrch Ysgol Uwchradd Llanisien ac Ysgol Uwchradd yr Eglwys Newydd.

Byddai effaith cynnwys maen prawf a fyddai wedi rhoi blaenoriaeth i ddisgyblion sy'n mynychu ysgol gynradd bwydo yn 2017/18 wedi amrywio, ond byddai'n blaenoriaethu rhai disgyblion sy'n byw yn dalgyrch yr ysgol ac sy'n mynychu ysgol gynradd fwydo dros y rheiny sy'n byw o fewn y dalgyrch ond sy'n byw lawer nes at yr ysgol uwchradd.

Ystyriodd y dadansoddiad yr effaith ar dderbyniadau'r pum ysgol uwchradd gymunedol (Ysgol Uwchradd Caerdydd, Ysgol Uwchradd Fitzalan, Ysgol Uwchradd Llanisien, Ysgol Uwchradd Radur, Ysgol Gyfun Gymraeg Plasmawr) oedd â mwy o alw am lefydd na llefydd ar gael ar gyfer mynediad Blwyddyn 7 ym mis Medi 2017.

Dadansoddwyd dewisiadau cyntaf i sefydlu nifer y ceisiadau derbyn o ysgolion bwydo a fyddai wedi derbyn cynnig am le yn eu dewis o ysgol uwchradd.

Drwy gymharu'r disgyblion a dderbyniwyd i'r ysgolion hyn dan faen prawf cyfarwyddo brawd/chwaer yn 2017 canfuwyd y byddai pob plentyn a dderbyniwyd yn ôl y maen prawf hwn hefyd wedi eu derbyn pe byddai maen prawf ysgol fwydo wedi bod ar waith.

O safbwynt ysgolion unigol, byddai'r llefydd a gynigwyd yn Ysgol Uwchradd Caerdydd yn y dyraniad cyntaf wedi cynnwys 213 disgybl a fynychodd ysgol fwydo. Pe byddai meini prawf oedd yn cynnwys disgyblion oedd yn byw yn y dalgyrch a hefyd yn mynychu ysgol fwydo wedi eu cynnwys, byddai 33 o blant oedd yn mynychu ysgolion bwydo y gwrthodwyd lle iddynt yn 2017 wedi eu derbyn dan y drefn wahanol hon o ran meini prawf, ac o ganlyniad byddai 33 o blant a oedd yn byw o fewn y dalgyrch ond nad oedd yn mynychu ysgol fwydo heb dderbyn lle yn yr ysgol.

Byddai'r disgyblion hynny oedd yn byw yn dalgyrch Ysgol Uwchradd Caerdydd y dyrannwyd lle iddynt yn rhinwedd y ffaith eu bod yn byw yn y dalgyrch ac agoswyd yn unig, ac nad oedd yn mynychu ysgol fwydo, heb gael eu derbyn i'r ysgol os oedd eu cyfeiriad cartref yn fwy na 0.268 milltir o'r ysgol yn y dyraniad cyntaf o lefydd derbyn.

Byddai'r llefydd a gynigwyd yn Ysgol Uwchradd Fitzalan yn y dyraniad cyntaf wedi cynnwys 260 disgybl a fynychodd ysgol fwydo. Pe byddai meini prawf oedd yn cynnwys disgyblion oedd yn byw yn y dalgylch a hefyd yn mynychu ysgol fwydo wedi eu cynnwys, byddai 17 o blant a oedd yn mynychu ysgolion bwydo y gwrthodwyd lle iddynt yn 2017 wedi eu derbyn dan y drefn wahanol hon o ran meini prawf, ac o ganlyniad byddai 17 o blant a oedd yn byw o fewn y dalgylch ond nad oedd yn mynychu ysgol fwydo heb dderbyn lle yn yr ysgol.

Byddai'r disgyblion hynny oedd yn byw yn dalgylch Ysgol Uwchradd Fitzalan y dyrannwyd lle iddynt yn rhinwedd y ffaith eu bod yn byw yn y dalgylch ac agosrwydd yn unig, ac nad oedd yn mynychu ysgol fwydo, heb gael eu derbyn i'r ysgol os oedd eu cyfeiriad cartref yn fwy na 1.278 milltir o'r ysgol yn y dyraniad cyntaf o lefydd derbyn.

Byddai'r llefydd a gynigwyd yn Ysgol Uwchradd Llanisien yn y dyraniad cyntaf wedi cynnwys 238 disgybl a fynychodd ysgol fwydo gynradd. Pe byddai meini prawf oedd yn cynnwys disgyblion oedd yn byw yn y dalgylch a hefyd yn mynychu ysgol fwydo wedi eu cynnwys, byddai 23 o blant a oedd yn mynychu ysgolion bwydo y gwrthodwyd lle iddynt yn 2017 wedi eu derbyn dan y drefn wahanol hon o ran meini prawf, ac o ganlyniad byddai 23 o blant a oedd yn byw o fewn y dalgylch ond nad oedd yn mynychu ysgol fwydo heb dderbyn lle yn yr ysgol.

Byddai pob disgybl a oedd yn byw yn dalgylch Ysgol uwchradd Llanisien, nad oedd yn mynychu ysgol fwydo gynradd, wedi eu gwrthod yn 2017.

Ni fyddai unrhyw effaith wedi bod ar y llefydd a gynigwyd yn Ysgol Gyfun Radur ac Ysgol Gyfun Plasmawr yn y dyraniad cyntaf.

Byddai effaith cynnwys meini prawf o'r fath yn amrywio yn ôl ardal ac o flwyddyn i flwyddyn ond mae perthynas agos rhwng hyd a lled effaith hyn a chapasiti cymharol ysgolion uwchradd ac ysgolion cynradd o fewn eu dalgylchoedd, a phoblogaeth y disgyblion o fewn y dalgylchoedd.

Yn seiliedig ar ddadansoddiad data CYBLD Ionawr 2017 a'r llefydd oedd ar gael mewn ysgolion uwchradd, nid oedd 39% (1,656 disgybl) o grŵp oed Blwyddyn 4 bryd hynny (4,266) a fydd yn pontio i ysgol uwchradd ym mis Medi 2019 yn mynychu ysgol fwydo gynradd. Ni fyddai disgyblion yn y grŵp hwn nad oedd yn ateb gofynion meini prawf uwch, megis mynychiad brawd neu chwaer neu resymau meddygol / cymdeithasol cymhellol, yn ateb meini prawf 4 na 6 pe rhoddid Opsiwn B ar waith.

## **Ansawdd a Safonau**

Cyhoeddodd y Cyngor ei weledigaeth dros addysg yng Nghaerdydd yn ddiweddar – Caerdydd 2020: gweledigaeth newydd ar gyfer addysg a dysgu yng Nghaerdydd fis Mehefin 2016. Mae hwn yn sefydlu ymrwymiad y Cyngor i gyfle cyfartal; cydweithio'n agored, codi uchelgais a disgwyliadau dysgwyr a chofleidio amrywiaeth.

Ni ragwelir y bydd unrhyw effaith negyddol ar ansawdd safonau addysg nac o ran cyflwyno'r cwricwlwm o ganlyniad i'r cynigion hyn.

## **Pa effaith fyddai ar ddarpariaeth Anghenion Addysgol Arbennig (AAA)?**

Mae ysgolion yng Nghaerdydd yn derbyn cyllid wedi ei ddirprwyo i'w galluogi i gynnig cymorth ychwanegol ac ymyriadau sy'n canolbwyntio ar gyfer disgyblion sydd ag AAA.

Ni fyddai unrhyw effaith negyddol gan y cynigion hyn ar ddarpariaeth AAA yn yr ysgolion a byddai'r ysgolion yn parhau i gynnig cymorth AAA i ddisgyblion sy'n addas i faint yr angen.

## **Materion Cydraddoldeb**

Mae modd gweld yr Asesiad o'r Effaith ar Gydraddoldeb (AEG) ar gyfer y meini prawf a gynnigir ar wefan y Cyngor drwy gyfrwng y ddolen isod:

[www.caerdydd.gov.uk/trefniadauderbyn](http://www.caerdydd.gov.uk/trefniadauderbyn)

Yn benodol mae'r AEG yn ystyried sut gall y cynnig effeithio ar ddisgyblion sydd â nodweddion a ddiogelir, a hefyd sut gall y cynigion effeithio ar y Gymraeg.

Fel y nodwyd yn yr AEG gallai gwahaniaethau godi lle:

- rhoddir blaenoriaeth i Anghenion Addysgol Arbennig sy'n rhoi cymorth i ddisgyblion ag anabledau sydd hefyd ag anawsterau dysgu
- rhoddir blaenoriaeth i ymgeiswyr lle gellid dangos tystiolaeth yn dynodi anghenion penodol ar dir meddygol a/neu gymdeithasol cymhellol.

Ar ben hynny, mewn ardaloedd ysgolion poblogaidd / ysgolion llawn, byddai cynnwys maen prawf 'ysgol fwydo' ysgol uwchradd mwy o geisiadau nag sydd o lefydd yn:

- Rhoi mantais bosib i'r teuluoedd hynny sy'n gallu sicrhau lle mewn ysgol gynradd yn ysgol gynradd eu dalgylch yn gynnar.
- Efallai y byddai anfantais i ddisgyblion sy'n symud i ddalgylch ysgol lawn yn hwyrach, oherwydd efallai na fyddai lle iddynt yn eu hysgol leol.

Nododd dadansoddiad yn cymharu disgyblion a gofrestrwyd ym Mlwyddyn Dosbarth Derbyn ysgol gynradd ym mis Ionawr 2011 gyda'r un cohort o ddisgyblion yn Blwyddyn 6 ym mis Ionawr 2017 hefyd y gallai gwahaniaethau ddigwydd o ran effaith pe cyflwynid maen prawf 'ysgol fwydo'.

- Gallai oddeutu hyd at 1 disgybl mewn 7 yn byw yn eu dalgylch lleol adeg pontio i ysgol uwchradd fod dan anfantais drwy gyflwyno maen prawf ysgol fwydo yn sgil y ffaith iddynt symud i'r dalgylch yn ddiweddarach yn y cyfnod cynradd.
- Mae'n bosib y byddai disgyblion DU / Affricanaidd / Caribïaidd / Du Prydeinig, teuluoedd Teithwyr (er mai bychan yw'r sampl) a grwpiau ethnig eraill dan anfantais am eu bod yn llai tebygol o fod ar gofrestr ysgol gynradd o'r Dosbarth Derbyn i Blwyddyn 6.

Mae'r rhesymau dros symud i ddalgylch yn ystod y cyfnod cynradd yn amrywiol, maent yn cynnwys mewnfudo o'r tu allan i'r ddinas, adleoli o fewn Caerdydd sydd yn ymwneud â fforddiadwyedd ac argaeledd eiddo priodol ayb.

Byddai rhoi maen prawf ysgol fwydo ar waith i bob disgybl yn ddiwahân yn creu effaith o wahaniaethu yn erbyn poblogaethau sy'n fwy symudol. Os cynrychiolir yn anghymesur grŵp penodol sydd yn arddangos lefel uwch o symudedd, gellid barnu bod y grŵp hwn dan anfantais (gwahaniaethu anuniongyrchol).

Er mwyn atal effaith wahaniaethol ar sail hyd cyfnod mae disgybl wedi byw mewn dalgylch a/neu pa un ai a lwyddont i sicrhau lle mewn ysgol fwydo ar gorn y ffaith eu bod yn byw yn yr ardal adeg gwneud y cais, gallasai'r cyngor roi meini prawf Opsiwn A ar waith, nad sydd yn dibynnu ar faen prawf ysgol fwydo (mae'r ddau opsiwn yn defnyddio maen prawf agosrwydd).

Bydd y Cyngor yn ystyried canlyniadau'r ymgynghoriad cyn pennu'r meini prawf terfynol.

### **Effaith y newidiadau arfaethedig ar y Gymraeg**

Ni ragwelir y bydd unrhyw effaith wahaniaethol ar y Gymraeg yn sgil newidiadau i feini prawf pan fo mwy o geisiadau na llefydd.

Mae addysgu Cymraeg mewn lleoliad cyfrwng Saesneg yn un o ofynion y Cwricwlwm Cenedlaethol. Ni fyddai newid ar hyn.

Fel sydd wedi ei nodi yn y ddogfen Caerdydd 2020 – Gweledigaeth Newydd i Addysg a Dysgu bydd y Cyngor yn parhau i gynnig mwy o lefydd i ysgolion cyfrwng Cymraeg yn unol â Chynllun Strategol Cymraeg mewn Addysg (CSGA) ar gyfer Caerdydd. Mae swyddogion yn monitro cyfraddau genedigaethau, effaith tai arfaethedig a phatrymau mynychu addysg gynradd ac uwchradd Gymraeg gyda golwg i ddwyn cynlluniau ger bron i ateb unrhyw gynnydd mewn galw.

### **Ystyried Effaith Gymunedol**

Mae angen system decach, fwy cydradd o ddyrannu lleoedd ysgol yng Nghaerdydd heb gael effaith negyddol ar y gymuned.

Barn y Cyngor yw y gallai rhoi yr Opsiwn B Uwchradd ar waith rywfaint o effaith negyddol cyfyngedig ar rai cymunedau yng Nghaerdydd. Cyfeirir at yr effaith posibl ar rai grwpiau ethnig yn yr adran 'Mae Cydraddoldeb yn Bwysig'.

Byddai cynnwys meini prawf 'ysgol fwydo' ysgol uwchradd pan fo mwy o geisiadau na llefydd mewn ardaloedd lle ceir ysgolion cynradd poblogaidd / llawn, yn rhoi mantais i'r teuluoedd hynny sydd fwyaf abl i allu sicrhau lle mewn ysgol fwydo yn ysgol gynradd eu dalgylch yn gynnar.

Mae dadansoddiad a gwblhawyd i gymharu data CYBLD (cyfrifiad disgyblion) o ddisgyblion ar gofrestrau Blwyddyn Dosbarth Derbyn ysgolion cynradd yn Ionawr 2011 gyda data CYBLD ar gyfer y cohort ym Mlwyddyn 6 yn Ionawr 2017 yn dangos fod disgyblion sydd yn derbyn PYADd bron i deirgwaith (29.1%) yn fwy tebygol o bontio o'u hysgol ddalgylch yn eu cyfnod cynradd na'r rhai nad sy'n ei dderbyn (10.8%), ac felly byddent yn llai tebygol o ateb gofynion meini prawf 'ysgol fwydo'.

<b>Prydau Ysgol Am Ddim (PYADd)</b>	<b>Derb o Medi 2010</b>	<b>Bi 6 o Medi 2016</b>	<b>% yn Weddill</b>
Yn derbyn PYADd	330	234	70.9%
Ddim yn derbyn PYADd	1389	1239	89.2%

<b>Cyfanswm</b>	1719	1473	85.7%
-----------------	------	------	-------

Bydd swyddogion yn gweithio gydag unrhyw grwpiau cymunedol er mwyn sicrhau y byddai'r cynnig yn osgoi effaith andwyol pan fo hynny'n bosibl.

Mae'r ysgolion ddaw o dan y cynnig yn ysgolion sydd yn bodoli sy'n cynnig ystod o weithgareddau ar ôl ysgol ac efallai sydd â sefydliadau cymunedol yn cynnig gwasanaethau gan ddefnyddio cyfleusterau'r ysgol. Ni ddisgwylir unrhyw effaith negyddol ar unrhyw un o'r gweithgareddau hyn.

### **Trefniadau Dalgylch**

Mae modd cyflawni cyfatebiaeth well rhwng cyflenwad a galw am lefydd ysgol drwy roi ystyriaeth fanwl i boblogaethau o'u cymharu â maint a lleoliad yr ysgolion ar draws Caerdydd.

Mae'r Cyngor wedi cyflwyno cais am arian cyllid cyfalaf Ysgolion yr 21ain Ganrif i Lywodraeth Cymru sy'n cynnwys cynigion ar gyfer aildrefnu rhywfaint ar y ddarpariaeth ysgolion. ## **ADMISSION FORUM RESPONSE TO THE CARDIFF COUNCIL SCHOOL ADMISSIONS POLICY 2019-20 CONSULTATION**

Following discussion the Cardiff Admissions Forum have an agreed position regarding each set of over subscription criteria. These are set out below along with the rationale for each.

### **Nursery – proposed criteria agreed without alteration.**

### **Primary – proposed criteria partial agreement with recommendation.**

The forum recommended changes to the proposed primary criteria in order to ensure that Cardiff Council's criteria sufficiently take account of the needs of families appropriately and equitably given the changing pattern of education provision now and in the future.

Concerns regarding the proposed criteria for primary were predominantly concentrated on the proposal to remove the current 3a 'directed sibling' criteria. Admissions forum members expressed these concerns were owing to the high number of catchment area changes and/or school organisation proposals and that the frequency of changes meant that families accessing education for their children in areas subject to change were more likely to be disadvantaged and split. This was felt to be particularly relevant at primary age when the logistical challenge of transporting siblings to different schools would present the most difficulties.

Members recognised that the national policy to increase the number of Welsh-speakers (particularly the ambition to increase the number of pupils accessing Welsh-medium education) could result in further change and that this sector may be more affected as a whole with future changes (in the form of catchment area change and enlarged/new schools) expected which would be in addition to the growth anticipated as a result of the new homes planned through the LDP.

It is suggested that each criterion included in the proposed primary over subscription criteria remains, and that a variation of the existing 'directed sibling' criteria also be included immediately above the 'residence in catchment area' only criteria.

This criterion would assist those impacted by organisational changes brought about by the Council, i.e. those affected by catchment area change and/or SOP projects.

It was agreed that the other directed criteria (current criteria 3b) be removed as proposed.

### **Secondary criteria – Option A agreed without alteration.**

The decision on this aspect of the proposed criteria was debated at length by those present. There were advantages and disadvantages to both options. Several liked the benefit of transition with peers, others felt this would put families that had been keen to educate their children through the medium of Welsh (and found that they did

not feel it suit their child) at a disadvantage should they wish to change to their first language.

Furthermore, many children attending faith primary schools do not succeed in securing a place at a faith secondary schools as they cannot meet the higher criteria. Children meeting high the criteria but significantly further distance (including out of county) succeed ahead of them and Option B would work against them securing a local place.

Members also discussed how there are areas of the city where mobility can be significant, for example in the central part of the city (Cathays, Adamsdown, Grangetown, Riverside etc). Children that may have to move through no fault of the family, many of which would be vulnerable already would be further disadvantaged.

This was put to a vote and the majority was in favour of option A.

### **General**

Other aspects proposed for change regarding the simplification of the criteria to make them easier for families to understand was welcome and supported by members.

## **WELSH EDUCATION FORUM RESPONSE TO THE CARDIFF COUNCIL SCHOOL ADMISSIONS POLICY 2019-20 CONSULTATION**

Following discussion the Welsh Education Forum have an agreed position regarding each set of over subscription criteria. These are set out below along with the rationale for each.

### **Nursery – proposed criteria agreed without alteration.**

Sufficiency of Welsh-medium nursery education places continues to cause concern in some parts of the city but in terms of oversubscription criteria the members present were in agreement with the proposed criteria.

### **Primary – proposed criteria partial agreement with recommendation.**

The forum is firmly of the view that the issues affecting the Welsh-medium sector and admissions to it are different to those issues presenting in and affecting families expressing preference to access English-medium schools. Whilst it is broadly accepted that there is no appetite for separate criteria for the different language mediums, the WEF recommended changes to the proposed primary criteria in order to ensure that Cardiff Council's criteria sufficiently take account of both sectors needs appropriately and equitably.

Concerns predominantly concentrate on the proposal to remove the 'directed sibling' criteria. WEF members expressed these concerns were owing to the high number of catchment area changes and/or school organisation proposals that have affected the Welsh-medium sector and that the frequency of changes meant that families accessing Welsh-medium education for their children were more likely to be disadvantaged and split. This is particularly relevant at primary age when the logistical challenge of transporting siblings to different schools would present the most difficulties.

Furthermore if the national policy to increase the number of Welsh-speakers (particularly the ambition to increase the number of pupils accessing Welsh-medium education) were to be realised there would be further changes (in the form of catchment area change and enlarged/new schools) expected, in addition to the growth anticipated as a result of the new homes planned through the LDP.

WEF members acknowledged the number of variables that impact on the planning of places, particularly if there is a policy drive to move away from a traditional demand-led model to one which aims to stimulate demand. Furthermore there is no desire for an admission policy which would benefit a few individual families in the short term but would undermine the overall longer term position. The overriding aim is to support the growth and uptake of places in the sector and contribute toward the quality of provision and smooth transition.

It is suggested that each criterion included in the proposed primary over subscription criteria remains, and that a variation of the existing 'directed sibling' criteria also be included immediately above the 'residence in catchment area' only criteria.

This criterion would assist those impacted by organisational changes brought about by the Council, i.e. those affected by catchment area change and/or SOP projects. The recommended criterion and definition are as set out below:

*'Prioritised sibling post catchment area change'*

a) Where an older sibling was admitted to and continues to attend a school that was previously the catchment area school, if the parent desires, the Council will admit younger siblings to the former catchment school.

b) Where an older sibling was admitted to and continues to attend a newly established community school without a determined catchment area, if the parent desires, the Council will admit younger siblings to this school.

**Secondary criteria – Option B agreed without alteration.**

The WEF members are in broad agreement with the proposed criteria as set out in both options A and B.

The WEF stated a preference for Option B over A because the transfer of pupils with their primary school peer group was felt to be of importance.. Members agreed that there were disadvantages to some as set out in the supporting documentation but, on balance, feel the advantages were greater when considering the impact on children and families accessing Welsh-medium education in the Cardiff context. These included the planning for an effective, efficient curriculum delivery and high quality transition which are felt to be better supported by a criterion which enables peers moving together where possible.

The WEF agreed that the removal of the 'directed sibling' criteria would be appropriate at this phase and would support both the planning and provision of places more efficiently particularly given the potential range of changes that could impact on the sector in coming years. The protection of siblings was felt to be less important in the secondary context as children are more independent at this phase and therefore the logistics concerns were less relevant and, on balance, the advantages would not outweigh the potential disadvantages at this phase.

### Diocese of Llandaff response to draft School Admission Policy 2019/20

The Diocese of Llandaff is committed to the education of all children within the community and, in line with guidance of the Church in Wales, to provide an inclusive education. We therefore submit this response to the draft Admission Policy for 2019/20 with particular reference to the proposed changes to the oversubscription criteria for admission to secondary schools.

The draft Admission Policy 2019/20 sets out the proposed changes to the oversubscription criteria for admission to secondary schools as Option A or Option B. Option A makes no reference to feeder schools as one of the criteria but does refer to residence in a defined catchment area. However, Option B refers to children resident in the school's defined catchment area, either with or without a brother or sister already in attendance at the secondary, and in attendance at a *linked* feeder school. However, Appendix 2 consists of a list of secondary schools with their respective feeder schools. No Church in Wales schools are included in that list and there is no recognition that in fact there already exists strong and meaningful links, often more than the informal partnerships that define what a feeder school is, with local secondary schools. Section 7.7 of the draft Admission Policy is explicit that those attending feeder schools have priority over those in the catchment area not attending a feeder school. Using the Authority's own definition of a feeder school as one where there are informal links, these should include Church in Wales schools.

The Consultation Document includes a definition of what constitutes a feeder primary school. It says that a feeder school is one of a group of primary schools working in an *informal partnership* with a local secondary school. We strongly maintain that the Church in Wales primary schools have close and mutually beneficial relationships with their local secondary schools that often go beyond informal links. In many cases Church primary schools are working closely with secondary schools sharing resources and teaching. For example, St Pauls in Grangetown works with its local secondary who provide expertise in teaching Welsh language.

So, Church in Wales schools fulfil the Authority's definition of a feeder school. However, there is no recognition that they will be included under this definition should Option B be accepted. The introduction of Option B for the basis for oversubscription would significantly disadvantage children from Church in Wales primary schools who either do not wish to transfer to one of the Church in Wales high schools or who were not given a place at one of the Church in Wales high schools. This is particularly relevant as there are not enough places at the Church in Wales high schools to meet demand. These children would be seriously disadvantaged if Option B were chosen. Similarly, children from an ethnic minority background, especially those whose parents may have poor English or literacy skills, would be at a disadvantage as they are less likely to be able to afford the travel to and from a Church in Wales high school. Using feeder schools as criteria for admission would be divisive because parents' perceptions would further divide Church schools from community schools at a time when all schools are working hard to welcome all children regardless of background.

The current Cardiff City Admission Policy is compliant with the Equality Act 2010 and the Welsh Government's School Admissions Code E.3. This has been subject to the authority's equality impact statement which states that an admission authority **must not** discriminate on grounds of disability, gender assignment, race and, amongst others, **religion or belief**. Whether Option B would still fulfil this requirement or be in breach of it is not clear.

The Diocese of Llandaff is a major and long-term provider of education. It seeks close and purposeful relationships with all its partners to secure the best outcomes for all children. We feel strongly that Option B as a set of criteria as oversubscription for admission to secondary schools would significantly disadvantage children from Church in Wales primary schools. Church in Wales primary schools have had purposeful links with local secondary schools for many years and fulfil the authority's definition of a feeder school. Should Option B be accepted then we strongly maintain that, to ensure equality of opportunity, Church in Wales primary schools are recognised as feeder schools in any future Admission Policy. The Diocese recommends that Option A be accepted.

## Proposed changes to the School Admission Arrangements 2019/20 – response from Diocese of Monmouth, Church in Wales (CinW)

Dear Mr Nick Batchelar and colleagues,

I write with some concern, on behalf of the Diocese of Monmouth, in response to your proposed changes for School Admission Arrangements in 2019/20. This concern is particularly around your proposed changes for admission to secondary level education within Cardiff. We understand that admissions processes can be very complicated and, at times, controversial and we appreciate your desire to consider alternative processes that might better serve communities in Cardiff. However, any alternatives need to ensure that they are inclusive and representative of the communities they serve and this is where we encounter serious concerns with what you are proposing.

For admission to secondary level education, you are proposing two alternatives – Option A and Option B. The key particular difference between these options is to do with the inclusion (within Option B) of the “feeder school” criterion. You define feeder schools as “one of a group of primary schools working in an informal partnership with a local secondary school”. [There doesn’t appear to be any clarification of what constitutes “an informal partnership” or what might be deemed to be the minimum number of participants within this partnership for it to be deemed a valid.] You helpfully identify feeder school links in Appendix 2, so that there is no confusion about the specific details of your intentions. However, there is a major issue with this, in that, within your lists in Appendix 2 (Draft policy document), you have completely omitted all the church schools – Church in Wales and Roman Catholic. [This is discrepant with the fact that you have listed all these church schools within Appendix A.] Therefore, the explanation (pages 11-13 of consultation document) of your data explorations comparing the impact of Options A and B are flawed due to incomplete data sets which exclude the significant impact of children from feeder church schools.

Furthermore, in your equality impact assessment, you state that “The City of Cardiff Council is committed to equality of opportunity and to eliminating unlawful discrimination. In respect of admissions to community schools, all pupils and prospective pupils are treated equitably, regardless of gender, race, ethnicity, culture, nationality, language, ability/disability or religious belief” and in the consultation documents there is mention of the “council’s commitment to equality of opportunity”. Yet, section 3.7 states that you deem the new admissions proposals to have no differential impact on people with different religions, beliefs or non-beliefs. This is something we challenge strongly. By putting forward a proposal with a feeder school criterion which ignores all church schools, there is a very clear negative differential impact being outlined.

The commentary below this erroneous assessment claims that the proposal has been:

*developed in accordance with the requirements of the Equality Act 2010 throughout and in compliance with the Welsh Government’s School Admissions Code E.3 which states: “An admission authority **must not** discriminate on the grounds of disability; gender*

and goes on to mention "There are a number of maintained voluntary aided faith schools in Cardiff which are either Roman Catholic or Church in Wales which deal with their own admissions and admit children of those faiths...as a result there may be a lower number of pupils of these faiths within community schools."

However, as you are already aware, there are not sufficient places in CinW high schools within Cardiff to accommodate all those leaving CinW primary schools. The fact is that many of these maintained voluntary aided faith schools (and St Mellons CinW Primary School which is voluntary controlled, but manages its own admissions) are established and significant feeder schools to (and have strong partnerships with) community secondary schools. Regardless of whether the numbers of these pupils might be smaller than those coming from other schools (see above "as a result there may be a lower number of pupils of these faiths within community schools"), this constitutes discriminatory practice. Therefore, your claim - that "the Council's admission arrangements do not differentiate between applicants of differing belief systems who apply to attend Community Schools" - is very much unfounded.

We are aware that the Diocese of Llandaff have also expressed their concerns to you and we add our comments to theirs and urge serious reconsideration of the terms of this proposal, since, as it stands, Option B clearly discriminates against our Church in Wales schools, as co-providers of education, and is seriously flawed, making it an unviable option for consideration. Therefore, by process of elimination, Option A is the only viable way forward. The Diocese of Monmouth recommends that, as the proposal document stands, Option A be accepted.

We very much value our partnership with Cardiff Council, as co-providers of education. However, we are very alarmed by this serious omission and trust that you will address it as a matter of urgency before considering any further possible changes.

We look forward to hearing from you in this regard.

Yours sincerely,

Annette Daly (Dr)

## **Liberal Democrat Council Group Consultation Response**

### **Do you support the proposed 2019/20 school admission arrangements?**

**Nursery Admissions - Yes**

**Primary Admissions – Yes**

We recognise that the council is attempting to clarify the admissions criteria in order to ensure parents and guardians are better informed and better able to use the admissions criteria, reducing the number of children refused a place at their local primary school.

We are concerned, however, at the impact of the proposed changes to the sibling rule on the provision of and access to Welsh medium education. Given that Welsh medium school catchments are far larger than those of English medium schools, this poses additional difficulties for parents facing the possibility of having siblings in different schools, particularly where provision is limited. There is a real danger that these proposals may have an adverse effect on families seeking Welsh medium education.

### **Secondary Admissions**

Cardiff Lib Dems believe that the use of proximity alone in prioritising the allocation of places in over-subscribed schools means relying on one arbitrary measure, which enshrines unfairness and is open to abuse. There is enough evidence to show that parents play the school admissions system by moving into the catchment area of a popular school late in their child's time at primary school. Although this may not break any current rules, it is unfair on families who have lived in a community all their lives and who have an expectation that their child will be able to attend their local community school.

We therefore welcome the attempt to deal with this unfairness but feel the council has missed an opportunity. There is a risk that amending admissions criteria in order to address one element of unfairness in the system will disadvantage some children even while it benefits others. The introduction of a feeder system could create an unfairness of its own. Those who miss out on a place in a feeder primary school, through no fault of their own, will be less likely to secure a place at their local secondary school as a result of the criteria outlined by Option B. We know of families who live within the catchment area of a high school and also within the catchment area of one of its proposed feeder schools who have missed out on a place at that feeder school. In some instances, this was because they moved into an area just months after the cut-off point for applying for a primary school place. In other instances, children have missed out on a place at a feeder primary school due to over-subscription. They have been required, as a result, to accept a place in a non-feeder primary school. Under the proposals in Option B, this would lead to a double-whammy of missing out on both their local primary and then their local secondary school. We find this unacceptable.

That is why, a year ago, we argued that the council could introduce a points-based tie-breaker, based on a system of both proximity to a high school and length of residence in that school's catchment area. Mathematically, this is not complicated. In crude terms, it would look something like this (the gradations would of course have to be a great deal finer):

		Distance from school (metres)							
		500m	1000m	1500m	2000m	2500m	3000m	3500m	4000m
Length of residence (years)	0	93	92	91	90	89	88	87	86
	1	94	93	92	91	90	89	88	87
	2	95	94	93	92	91	90	89	88
	3	96	95	94	93	92	91	90	89
	4	97	96	95	94	93	92	91	90
	5	98	97	96	95	94	93	92	91
	6	99	98	97	96	95	94	93	92
	7	100	99	98	97	96	95	94	93

So, for example, Family A lives 1000m away and has been there for 5 years. They would accrue 97 points. Family B lives 500m away and has lived there for two years. They would accrue 95 points. In the situation of a tie-break, the place would be given to Family A.

In response to these comments, the Director of Education wrote:

'Thank you for these detailed points....

'I will ensure that they are included in the further consideration of admission arrangements which will be undertaken in time to inform the admission arrangements which are consulted on for 2019/20.'

We are disappointed they have not been given any consideration in what has emerged in this current consultation.

However, when faced by a choice between the two options presented, we feel that the status quo (albeit modified by a few superficial tweaks) offered in Option A does nothing to address the sense of unfairness felt by many families. Option B, despite its flaws, is the better of the two. Tying both catchment and the sibling rule to each criterion above that of a pure feeder-criterion will mitigate against some of the unintended unfairness of a feeder system.

Better than both, however, would have been Option C, as suggested by us a year ago: a points-based tie-breaker, based on a co-efficient of both proximity to the school and length of residence in its catchment area.

### Further comments

In the WISERD report commissioned by Cardiff Council to consider its school admissions arrangements, the report noted a high level of social segregation in Cardiff's secondary schools. Whilst recognising that it is difficult to address this within the scope of the criteria permitted by the Schools Organisation Code, it is our

view that Cardiff Council should work with Welsh Government to update the Schools Organisation Code to permit the use of Pupil Development Grant eligibility as a criterion for school admissions. Despite the additional complexity this may bring to parents' understanding of the admissions code, a points-based system, as described in our core response to this consultation, would address a degree of this complexity.

It was also concerning that the paving report, noted above, made very little reference to Welsh medium provision in the city. We also note that in the consultation's Equality Impact Report, in relation to the Welsh language, the council makes reference to statutory obligations, rather than to any further assessment conducted by the council of the impact of the proposed changes on Welsh medium education and those seeking a Welsh medium education. It is also our understanding that the Welsh Education Forum was not formally engaged in this process. It would be disappointing if the council did not make use of a stakeholder such as this in understanding the impact of the proposed changes on a sector which has experienced significant growth in recent years and will also grow further in the years ahead.

Dear Sarah

Re: Consultation on School Admissions

I have submitted some comments through the online form but wanted to add that I think you should make it mandatory for all schools in receipt of Council funding to be part of a unified admissions process. Unacceptable that Bishop of Llandaff and others have refused to cooperate.

There remains a fundamental problem that catchment areas are themselves unfair and cause considerable financial hardship to families in Llanedeyrn/Pentwyn where there is no longer a non religious school. Special consideration needs to be given to

- a) Changing the catchment areas to achieve a more balanced, comprehensive intake in all schools
- b) Using PDG more intensively to target resources to poorer pupils who are also more likely to have lower attainment based on EPPE evidence
- c) Providing safe walking/biking routes to all schools to reduce the unlawful levels of air pollution. This needs to start in primary schools with cycling proficiency training and loan schemes for purchasing bikes.

Yours sincerely

## **Birchgrove Primary School response**

As Chair of Birchgrove Primary School, I would like to submit a response on behalf of the Governing Body, having considered the matter at our meeting last week. I apologise for our submission being late in the day but would point out the tight window given to Governing Bodies to consider this matter.

The school considers "Option A" to be the fairest proposal for pupils and parents. We feel that "Option B" proposal to add a criteria for attending a feeder primary to be unfair. Many schools in Cardiff are oversubscribed and may result in children who live very close to a high school that they wish to attend, based on the fact they may have moved into Cardiff and not been able to attend the local primary and had to settle for a school outside their expected area.

We are aware that Option B could prove difficult for families with children currently on roll at the school.

We would be happy to discuss this face to face if that is helpful to the Council. We are aware that consultation sessions were held but we did not feel able to make any of the suggested sessions held due to the sessions being overwhelming scheduled in school time.

I am copying Mrs Morgan as headteacher.

RE: PROPOSED CHANGES TO THE SCHOOL ADMISSION ARRANGEMENTS 2019/20

Dear School Admissions,

We are writing to you on behalf of the Howardian Primary School Parents and Governing Body regarding the consultation on the proposed changes to the school admissions policy.

We believe that option B coupled with the proposal to increase capacity at Cardiff High School (CHS) in 2020 offer the best chance for our children to be able to move to their local catchment secondary school with their peer group.

We support Option B which has the feeder school oversubscription criteria, for the following reasons:

- We fully understand the criterion proposing attendance at a feeder school.
- The proposed feeder schools are clear and transparent and made on reasonable grounds:
  - a) It includes the Primary Schools that the children of our community attend that are located within the high school's catchment, so Option B would help the local secondary to maintain close partnerships with the local primary schools.
  - b) For the purpose of our local catchment secondary school, Cardiff High school (CHS), the feeder primaries are listed as Howardian, Marlborough, Roath Park Lakeside and Rhydypenau.
  - c) The intake numbers at the Primaries broadly equate to the current CHS intake and the proposed expansion of CHS by two additional forms will provide capacity for 2 form cohorts from Howardian from 2022.
- The independent report commissioned by Cardiff Council to look at options for admissions arrangements recommends it - "consider adding designated feeder schools as an oversubscription criterion (after sibling and catchment criteria)."

- If the Option B feeder school criteria had been included in the admissions for Cardiff schools for the last academic year (2017/18), we understand that 73 children attending the proposed feeder schools and living in catchment would have proceeded with their peer group to their catchment high school.
- They offer the benefit of continuity of education for pupils and enables most children in the feeder schools to move as a cohesive peer group to their local catchment secondary school. This reinforces and continues community ties and peer support and promotes positive pupil wellbeing, which is at the heart of the Welsh Government's curriculum reforms. It also supports other national agendas such as Together for Children and Young People and the Well-being of Future Generations Act.
- Creating greater certainty for our children in Year 6, reduces added stress caused by removing them from their established peer groups and improves pupil wellbeing and in turn their academic outcomes.
- Transition from KS2 to KS3 would be enhanced and collaboration across the Key Stages would be more impactful. In Howardian's case the school is part of the Cardiff High School, School Improvement Group (SIG).
- Feeder school criterion would ensure a more diverse pupil intake and base – in terms of socio- economic factors, community and ethnicity, as opposed to distance from an affluent suburb being a more significant determining factor.
- Facilitates greater opportunities for sustainable transport options.

Finally at Howardian our current Year 2 students have been disadvantaged by a 3 year delay waiting for their new school to be built. During this time our children have not had access to the high quality foundation phase learning environments that their peers in other local schools have benefited from. This will be resolved as they progress into Key Stage 2, but we are keen to ensure that our students are not further disadvantaged as they progress into Key Stage 3.

We trust that you take our views into consideration.

Yours sincerely

Dr James Cording (Educational Psychologist/ Parent Governor)

Mrs Stephanie Reid (Teacher/ Parent Governor)

On behalf of the Parents and Governing Body of Howardian Primary School.

Dear Sir,

I write on behalf of the Full Governing Body in response to the council's consultation on proposed school admission arrangements for 2019/20. Specifically the section on admissions to secondary schools.

Following a recent meeting with parents and our response last year to the consultation on proposed school admission arrangements for 2018/19 (sent to you on 21st January 2017), we remain concerned that the current oversubscription criteria unfairly penalises families resident in the Marlborough Primary School catchment area by virtue of their geographic distance to the secondary school when compared with the other three partner primary schools who are closer to the secondary school.

Last year we proposed that in advance of proximity from home to the secondary school that family longevity of residence (or other similar criteria that removes the unfairness of proximity) should take precedence to proximity.

We are heartened that the consultation provides two options and we as a Full Governing body at our meeting on 24th January 2018 were **unanimously in favour of admission to secondary education option B** on page 10 of your consultation document.

We feel that Option B provides a better more fair option for our community as it helps to remove the current unfair oversubscription criteria of the geographical distance to the catchment secondary school. In recent years this has caused significant concern for families and a lot of uncertainty and angst for the young people that we have responsibilities for in our school. This is of concern to us. Option B will better enable friendship groups that the pupils form in primary school to remain together in the transition to secondary school and assist in significantly reducing the level of worry and concern that currently exists.

I have also been alerted to a potential issue with the on-line feedback form for this consultation at [www.cardiff.gov.uk/admissionarrangements](http://www.cardiff.gov.uk/admissionarrangements) whereby consultees are invited to leave their address should they wish to participate in further consultations. However, it has been suggested to me that unless this section is completed then their response to the consultation on School Admission Arrangements 2019-2020 is not considered by the Local Authority.

On this last point I would specifically ask for your response by return and if it is true, how any responses to this consultation made without this section being completed are to be considered?

Yours faithfully,

To the School Organisation Planning Team,

**Re: Secondary School Admission consultation 2019-2020.**

In response to the current consultation, the Governing Body of Roath Park Primary School wishes to make the following points:

The Governing Body are unanimous in opting for Secondary Admissions: Option B. We feel that this is the best option that will ensure that the parents of children at our school will have the optimal chance of being able to attend Cardiff High School if the family reside within the catchment area of Roath Park primary school. Transition to high school is recognised as being vitally important to children's wellbeing therefore it is essential that children experience transition with their cohort/peers. It is crucially important to preserve and protect the diversity that Roath Park Primary brings to Cardiff High School.

- We feel that all Church and Foundation Secondary schools should be compelled to inform the parents of all future Year 7 children **on the same day that the local authority release the admissions for children who will be attending Community Secondary schools.**
- We are concerned that parents who opt for Welsh medium or private education for their children in the primary school will be given a place at Cardiff High School when they want their children to switch to English medium or the state system. This should not be allowed to happen at the expense of children who reside within our catchment area and who attend their local catchment school.
- We feel that the Council need to be really strategic and proactive in announcing as soon as possible their plans for secondary education across the city – will there be a new secondary school built in Pontprennau? Which high school will the pupils of Howardian Primary School be expected to attend in four years' time?

We would welcome a member of the SOP team coming to our next Governing Body meeting on the 14<sup>th</sup> February to advise Governors on the plans that Cardiff have for the next phase of admissions that may or may not adversely affect the admission of our children into secondary education.

Yours sincerely,  
Sue Lent - Councillor Sue Lent,

**Do you support the proposed 2019/20 school admission arrangements to nursery**

Yes

Simpler criteria

**Do you support the proposed 2019/20 school admission arrangements to primary**

Yes.

On the whole this seems to be simpler and proximity seems to be fairest system. Keeping siblings together at primary age should always be a priority - removal of 'directed sibling' seems unfair if the council have made changes to the catchment area whilst the family have been attending the school.

**Do you support the proposed 2019/20 school admission arrangements to secondary**

No

**If you support the proposed arrangements, which secondary options do you prefer**

Option A

Needs to be simpler for all to understand - info to parents also needs significant simplification for those with English as an additional language

The introduction of a feeder school system would significantly disadvantage children from Church in Wales primary schools. There are not enough Church in Wales high school places to meet demand. Children who are from an ethnic minority background (particularly those with parents who have very poor English and/or poor literacy skills) would be significantly disadvantaged as they are less likely to be able to afford to travel to and from a CiW high school. Church schools are chosen by many parents because a faith based education is seen as being an essential component of any well rounded education, this choice is not on offer for many. Where would children in primary CiW schools go to? A feeder school system is even more divisive in terms of parent perception and will further divide schools into 'haves' and 'have nots'. This narrows the choice of schools for all. School places based on proximity seems to be the fairest way. How long someone has been at an address should not be taken into account. Some of our most vulnerable learners have lived in many different addresses and have been to many different schools. They should not be disadvantaged because of this, they have very frequently had to move due to the high cost of rented accommodation and are already vulnerable to underachievement due to deprivation.

### **Ymateb Llywodraethwyr Hamadryad i'r Ymgynghoriad ar Bolisi Derbyn Cyngor Caerdydd**

Mae'n dda iawn gennyf gyflwyno ymateb ar ran Llywodraethwyr Ysgol Hamadryad i'r cynigion i newid polisi derbyn y Cyngor.

Mae'r materion yma yn gwbl allweddol yng nghyd-destun Ysgol Hamadryad – ysgol sydd ar hyn o bryd heb dalgylch – er y bydd yr ymgynghoriad ar hynny yn cychwyn yn ystod 2018. Mae'r Cyngor hefyd wedi ymrwymo i dwf Addysg Gymraeg yn y ddinas ac felly mae'n dra phosib y gallai newidiadau pellach cael eu cyflwyno i dalgylch Ysgol Hamadryad ac ysgolion cyfagos yn y blynyddoedd i ddod.

Mae'r ddogfen sy'n sail i'r ymgynghoriad yn trafod yn fanwl yr heriau sy'n gwynebu'r sector cyfrwng Saesneg, ac yn benodol ysgolion Cyfun cyfrwng Saesneg; ond mae'r dadansoddiad o sefyllfa addysg cyfrwng Cymraeg yn nodedig am ei absenoldeb. Mae newid polisi derbyn – yn enwedig y rheol brawd/chwaer (*sibling rule*) yn debygol o gael effaith sylweddol ar ysgolion cyfrwng Cymraeg; a hynny am ddau rheswm. Yn y man cyntaf mae sawl ysgol cyfrwng Cymraeg eisoes yn llawn; ac yn ail mae'r ysgolion cynradd cyfrwng Cymraeg dipyn yn bellach oddi wrth ei gilydd na'r ysgolion cyffelyb cyfrwng Saesneg. Fe fyddai, er enghraifft, yn anymarferol yn ôl pob tebyg i riant sy'n gweithio i dywys un plentyn i Ysgol Hamadryad ac wedyn mynd ag ail blentyn i Ysgol Pwll Coch.

Mae'r sefyllfa yn waeth yn achos Ysgol Hamadryad gan nad oes gennym dalgylch ar hyn o bryd. Pe tai'r newid yma yn cael ei gyflwyno byddai'n rhaid i riant, i fwy nag un plentyn, sy'n byw ar Virgil St dyweder, neu ar Cornwall St ddyfalu ym mha dalgylch y bydd eu cyfeiriad maes o law – er mwyn sicrhau fod y plant yn gallu mynychu'r un ysgol.

Credwn felly yn gryf na ddylid cael gwared ar y rheol brawd/chwaer a hynny yn benodol oherwydd yr effaith ar addysg Cyfrwng Cymraeg. Fan lleiaf pe tai'r Cyngor yn benderfynol o gael gwared ar y rheol, dylid rhag blaen sicrhau fod rhieni yn Grangetown a Butetown yn cael eu trin yn deg os ydynt yn dewis danfon eu plant i Ysgol Hamadryad (neu o ran hynny i Ysgolion Pwll Coch neu Ysgol Mynydd Bychan).

Yn gywir iawn

## Ymateb Corff Llywodraethol Ysgol Pwll Coch i'r Ymgynghoriad ar y Drefn Derbyniadau, Ionawr 2017

- 1 Hoffai Corff Llywodraethol Ysgol Pwll Coch [YPC] ddiolch am y cyfle i ymateb i'r ymgynghoriad pwysig hwn. (<https://www.cardiff.gov.uk/CYM/preswlyydd/Ysgolion-a-dysgu/Ysgolion/Gwneud-cais-am-le-mewn-ysgol/Ymgynghoriad-ar-broses-ddyrannu-ysgolion/Pages/default.aspx>)
- 2 Mae'r ysgol wedi profi newidiadau dalgylch yn ddiweddar yn sgil agor yr Ysgol Treganna newydd mewn rhan o'n dalgylch blaenorol. Bydd newidiadau pellach yn digwydd yn y dyfodol agos oherwydd creu dalgylch ar gyfer Ysgol Hamadryad. Felly, mae gan yr ysgol a'r gymuned y mae'n ei gwasanaethu brofiad ymarferol sylweddol o'r materion sy'n ymwneud â derbyniadau a'u heffaith ar blant a'u teuluoedd.

### Sylwadau cyffredinol ar yr adroddiad 'Cardiff Council: Admissions Criteria' (Taylor 2017) a'r ymgynghoriad cysylltiedig

- 3 Mae YPC yn croesawu'r ymchwil a wnaed gan yr Athro Chris Taylor ar feini prawf derbyn ac mae'n gryf o blaid cynllunio sydd wedi ei seilio ar ymchwil.
- 4 Serch hynny, yn ei gyfanrwydd, mae cynnwys yr adroddiad yn codi pryderon. Y mwyaf amlwg yw'r diffyg sylw i'r sector cyfrwng Cymraeg [CC]. (Nid yw YPC wedi gweld y briff ar gyfer yr adroddiad, ac felly nid yw'r feirniadaeth a'r pryderon a fynegir yn yr ymateb hwn o reidrwydd yn feirniadaeth ar yr adroddiad ei hun ond yn hytrach ar ei ddefnydd i lywio proses ymgynghori heb ymchwil gyfatebol ar y sector CC.)
- 5 Fel y nodir mewn mwy nag un man, mae'r ymchwil yn canolbwyntio ar addysg uwchradd: 'secondary schools [are] the main focus of this research' (Taylor 2017, t. 1), '[g]enerally the review has largely focussed on secondary school admissions' (Taylor 2017, t. 16). Fodd bynnag, mae'r ymgynghoriad cyfredol yn ymwneud â derbyniadau i ysgolion cymunedol o bob math. Mae YPC yn pryderu mai ymchwil sy'n canolbwyntio ar un sector yn unig, sef ysgolion uwchradd cyfrwng Saesneg [CS], sy'n sail ar gyfer newidiadau arfaethedig ym mhob sector.
- 6 Nid yw'r ymchwil ond yn ymwneud yn arwynebol iawn ag addysg CC. Mae'n nodi'r ddyletswydd statudol ar awdurdodau lleol i asesu'r galw am addysg CC trwy eu Cynlluniau Strategol Cymraeg mewn Addysg [CSCA] a bod yn rhaid bodloni dewis rheini oni bai fod hynny'n ddefnydd aneffeithlon o adnoddau (Taylor 2017, t. 3). Mae hefyd yn nodi bod gweledigaeth *Caerdydd 2020* yn datgan y bydd yr awdurdod lleol [ALL] yn 'continue to provide more Welsh medium school places in line with the Welsh in Education Strategic Plan for Cardiff' (Taylor 2017, t. 44; *Caerdydd 2020*, t. 15). Fodd bynnag, nid oes trafodaeth yn yr ymchwil ar y berthynas rhwng dalgylchoedd, meini prawf derbyn a'r nod o gynyddu'r nifer sy'n derbyn addysg CC, er enghraifft. Mewn meysydd eraill, fodd bynnag, mae'r adroddiad yn gwneud awgrymiadau eang iawn, megis annog Llywodraeth Cymru i ystyried newid ei pholisïau mewn amryw o ffyrdd,

gan gynnwys ystyried bandio a newid natur yr ysgolion eu hunain. Yn y cyd-destun hwn, mae'r diffyg trafodaeth neu argymhellion gyda'r bwriad o ddatblygu addysg CC yn arbennig o amlwg.

- 7 Nid yw'r adran 'Schools admissions research' (Taylor 2017, tt. 21–5) yn cyfeirio at unrhyw ymchwil ar addysg CC, ac nid oes dim yn yr adroddiad sy'n ystyried oblygiadau y diffyg hwnnw.
- 8 O ystyried y diffyg ymchwil sy'n berthnasol i'r sector CC, dylai gwybodaeth o ffynonellau eraill fod wedi ei hystyried fel rhan o'r paratoi ar gyfer yr ymgynghoriad hwn. Yn benodol, mae gan y Cyngor ei Fforwm Addysg Gymraeg y mae ei aelodau'n cynnwys gweithwyr proffesiynol o amrywiaeth o feysydd yn y sector CC. Mae'n anffodus nad yw'r adroddiad na'r broses cyn yr ymgynghori wedi ymgysylltu â'r corff hwn.
- 9 Mae'r adroddiad yn rhoi cryn sylw i ddisgyblion sy'n gymwys i gael prydau ysgol am ddi, disgyblion ag anghenion dysgu ychwanegol, disgyblion o gefndir ethnig lleiafrifol, a disgyblion sydd heb y Gymraeg na'r Saenseg yn brif iaith y cartref. Mae YPC yn croesawu'r ffocws hwn, ond mae'n siomedig am y diffyg trafodaeth o fewn cyd-destun CC.
- 10 Mae un o'r ychydig sylwadau penodol am addysg CC yn nodi, 'In the main, Welsh-medium secondary school intakes are heavily polarised, particularly in relation to the low number of BAME students on roll. They are also considerably less likely to admit pupils eligible for free school meals' (Taylor 2017, t. 8). Mae'r rhain yn bwyntiau pwysig, ond nid yw'r adroddiad yn eu trafod mewn modd ystyrion. Mae ysgolion uwchradd CC wedi eu 'polareiddio' ond dim ond o'u cymharu ag ysgolion uwchradd CS. Mae'r polareiddio hwn yn llawer llai pan gaiff eu hystyried mewn perthynas â'i gilydd a chyda'u hysgolion cynradd. Mewn geiriau eraill, mae 'polareiddio' ysgolion uwchradd CC yn gynnyrch demograffeg sector cynradd CC yng Nghaerdydd yn hytrach na sut y gweinyddir derbyniadau. Ond nid yw'r adroddiad yn ystyried y sector cynradd CC a'r ffyrdd y gellid lleihau unrhyw 'bolareiddio' cymdeithasol.
- 11 Byddai YPC yn croesawu ymchwil a fyddai'n helpu i leihau'r polareiddio hwn mewn ysgolion cynradd CC. Byddai'n rhesymol tybio bod y sefyllfa bresennol yn seiliedig ar nifer o ffactorau, gan gynnwys lleoliadau ysgolion cynradd CC a'u dalgylchoedd, canfyddiadau a lefelau ymwybyddiaeth o addysg CC mewn gwahanol gymunedau, yr wybodaeth am addysg CC a roddir i rieni gan yr ALL, ymhlith eraill. Mae'r adroddiad yn ymwneud â dalgylchoedd a'r wybodaeth a roddir i rieni mewn rhai cyd-destunau, ond nid yw'n gwneud unrhyw sylwadau neu awgrymiadau cyfatebol yn achos addysg CC.
- 12 Mae'r adolygiad o drefniadau derbyn awdurdodau lleol eraill yn seiliedig ar bymtheg ALL, a dim ond dau ohonynt (Casnewydd ac Abertawe) yng Nghymru. Mae'r adroddiad yn nodi bod y sefyllfa yn Lloegr yn wahanol gyda 'proliferation of Academies and Free Schools' (Taylor 2017, t. 16), ond nid yw'n trafod yn fanwl pam na sut mae'r ALLau yn Lloegr yn debyg i Gaerdydd, o ystyried y ffaith amlwg nad oes addysg CC yn Lloegr. Yn

yr un modd, ni chaiff y mae modd y mae Casnewydd ac Abertawe yn ymdrin ag addysg CC ei drafod o gwbl.

- 13 Nid yw'r ffaith fod dalgylchoedd CC fel rheol yn sylweddol fwy na dalgylchoedd CS wedi ei hystyried yn yr adroddiad wrth werthuso'r system gyfredol (Taylor 2017, t. 28).
- 14 Yn yr un modd, nid yw'r drafodaeth am brisiau tai (Taylor 2017, tt. 23 a 31) yn gwneud y pwynt sylfaenol nad oes unrhyw dystiolaeth (yr ydym yn ymwybodol ohoni) fod dalgylchoedd CC yn cael unrhyw effaith ar brisiau tai.
- 15 Un pwynt sylfaenol arall nad yw'n cael ei ystyried yw bod addysg CC yn profi newidiadau mwy cyson o ran dalgylchoedd nag addysg CS. Er enghraifft, yn 1979 dim ond un ysgol gynradd CC oedd yng Nghaerdydd. Ers hynny mae tair ar ddeg wedi agor ac mae'r un wreiddiol wedi cau. Mae hyn wedi achosi llawer o newidiadau i ddalgylchoedd (gydag ysgol newydd yn agor ar gyfartaledd bob tair blynedd, yn fras) a bydd yn parhau i wneud hynny yn y dyfodol, gyda chreu dalgylch Ysgol Hamadryad maes o law. Er bod newid dalgylchoedd yn achosi rhai anawsterau, fel y nodir yn yr adroddiad (Taylor 2017, t. 26), mae YPC yn derbyn bod hynny'n ganlyniad anochel i sector CC sydd ar gynnydd. Mae angen ystyried yn fanwl yr effaith ar deuluoedd â phlant sydd eisoes mewn ysgol benodol, fodd bynnag, sef rhywbeth nad yw'r adroddiad yn ei wneud yn ddigon manwl.
- 16 Mae YPC yn cytuno'n gryf â'r pwynt pwysig a wneir am effeithiau negyddol cael brodyr a chworydd mewn ysgolion gwahanol:

There are also very compelling reasons for why siblings should attend the same school – for logistic reasons (e.g. travel to/from school, particularly for younger children), for financial reasons (e.g. recycling of school uniforms) and for educational reasons (e.g. familiarity with the organisation, curriculum and pedagogy of a school). (Taylor 2017, t. 27)

Er bod yr adroddiad yn canolbwyntio ar ysgolion uwchradd, byddem yn nodi bod y problemau hyn yn waeth, ar y cyfan, i blant ysgol gynradd. Fe fyddem hefyd yn nodi bod cael plant mewn ysgolion cynradd gwahanol yn anos i deuluoedd sy'n dewis addysg CC yn hytrach na CS, gan fod dalgylchoedd CC yn gyffredinol yn llawer mwy (er nad ystyrir y pwynt hwn yn yr ymchwil, fel y nodir uchod §13). Fe fyddem hefyd yn nodi ein bod yn ymwybodol o achosion lle mae plant hŷn wedi eu cymryd allan o addysg CC oherwydd bod plant iau yn methu â sicrhau lle yn yr un ysgol.

- 17 O gofio bod yr adroddiad yn tynnu sylw at effaith negyddol rhannu brodyr neu chworydd — am resymau logistaidd, ariannol ac addysgol — mae'n syndod canfod bod y meini prawf a gynlluniwyd i atal hyn rhag digwydd (yn arbennig 2a a 2b [sef 3a a 3b mewn ysgolion cynradd]) yn cael eu diystyru heb fawr o drafodaeth:

Cardiff contains a number of relatively 'unique' admissions criteria. Most notably criteria 2a, 2b, 7 and 8. The first two of these appear to relate to historic decisions to change catchment areas and the Council's attempt to try to 'mitigate' the impact of these changes. It is not clear how necessary this

really is or what it achieves. (Taylor 2017, t. 28)

Nid yw'n glir beth yw ystyr 'relatively "unique"'— a oes gan ALLau eraill y meini prawf hyn? Yn yr un modd, nid yw arwyddocâd y cyfeiriad at 'historic decisions' yn amlwg. Mae'r polisi derbyn cyfredol ar ei hyd yn adlewyrchu cyfres o benderfyniadau hanesyddol i fabwysiadu gwahanol feini prawf. Mae'r defnydd o ddyfynodau o gwmpas 'mitigate' yn anodd i'w ddeall, yn enwedig o ystyried sylwadau'r adroddiad ar bwysigrwydd peidio â gwahanu brodyr a chwiorydd (gweler §16 uchod). Yna dywed yr adroddiad nad yw'n glir 'how necessary this really is or what it achieves'. O ystyried y diffyg sicrwydd a gwybodaeth am effaith y rheolau hyn (2a a 2b), a'r ffaith nad oes ystyriaeth i'w heffaith yn y sector cynradd CC (rheolau 3 a 3b ydynt yno), mae YPC yn teimlo nad oes unrhyw achos ar hyn o bryd i'w newid, yn enwedig o ystyried y ffaith y byddai eu newid yn cael effaith anghymesur ar addysg CC (oherwydd newidiadau dalgylch mwy rheolaidd a hefyd maint dalgylchoedd). Nodir yn yr adroddiad fod geiriad y meini prawf hyn yn gymhleth ac felly'n broblemus. Ond nid yw'r datrysiad amlwg, sef symleiddio'r geiriad hwnnw, wedi ei ystyried.

- 18 Mae YPC yn derbyn y gall y drefn bresennol ar gyfer lliniaru effaith newidiadau dalgylch arwain at blant yn y dalgylch yn methu sicrhau lleoedd. Ond rydym yn teimlo nad yw methu sicrhau lle mewn ysgol dalgylch, er mor siomedig yw hynny, mor broblematig â chael dau blentyn mewn ysgolion gwahanol (nid yw'r problemau ariannol ac addysgol a nodir yn yr adroddiad yn berthnasol yn yr achos cyntaf). Teimlwn y dylai'r meini prawf gael eu cynllunio yn y lle cyntaf i atal teuluoedd rhag cael eu rhoi yn y sefyllfa honno oherwydd penderfyniadau y tu hwnt i'w rheolaeth (e.e. newidiadau dalgylch gan y Cyngor). Wedi dweud hynny, mae'r awgrym y dylai'r Cyngor ei gwneud yn glir nad yw byw mewn dalgylch yn gwarantu lle yn gwbl resymol, a gellid ei weithredu heb yr angen am ymgynghori.
19. Mae Cyngor Caerdydd wedi dewis ymgynghori ar awgrym yr adroddiad i ddileu meini prawf 2a a 2b (neu 3a a 3b yn y sector cynradd). Ond nid yw'r sail dros hynny yn glir. Ar y naill law, mae Atodiad 3 (p.4) yn dweud mai prin oedd y defnydd o'r meini prawf hyn yn 2017. Ond ar y llaw arall, dywedir bod eu bodolaeth yn achosi 'resource planning issues for some schools, and there is a cumulative effect for those in-catchment pupils who in turn are unable to attend their catchment area school'. Mae'r senario olaf yn awgrymu eu bod yn cael eu defnyddio'n rheolaidd. Os felly, byddai hynny'n golygu y bydd llawer o deuluoedd yn y dyfodol yn dioddef y sgîl- effeithiau logistaidd, ariannol ac addysgol a grybwyllwyd uchod. Ond os nad ydynt mewn gwirionedd yn cael eu defnyddio'n rheolaidd, yna mae'n annhebygol y bydd effaith sylweddol. Nid ydym yn dilyn y rhesymu yma.
- 20 Mae YPC yn teimlo, fodd bynnag, na ddylai amllder defnydd maen prawf fod yn ystyriaeth sylfaenol. Mewn byd delfrydol, ni fyddai unrhyw un o'r meini prawf yn cael ei ddefnyddio, ac felly mae'r ffaith nad oes defnydd helaeth ar faen prawf yn beth da, yn hytrach nag yn rheswm dros ei ddileu. Dylai mesur gwerth meini prawf ymwneud â'u defnydd mewn sefyllfaoedd llai cyffredin a llai na delfrydol.
- 21 Hyd yn oed pan na chânt eu ddefnyddio, gall meini prawf ddal i hwyluso dewis addysg CC. Gallai dileu meini prawf 2a a 2b (neu 3a a 3b) gael effaith negyddol ar

rieni sy'n ystyried addysg CC, yn enwedig mewn ardaloedd lle mae cynllunio am ysgol newydd a/neu addasu dalgylchoedd.

### **Materion o berthnasedd arbennig i Ysgol Pwll Coch**

- 22 Pe byddai'r cynigion hyn yn cael eu derbyn, byddent yn cael effaith sylweddol pan grëir dalgylch Ysgol Hamadryad. Mae'n debygol y bydd y dalgylch newydd yn cynnwys y rhan fwyaf o Grangetown a rhan sylweddol o Butetown. Ar hyn o bryd, mae'r ardal hon yn nalgylch YPC. Pe bai rheol 2a (3a cynradd) yn cael ei dileu byddai hyn yn golygu y byddai pob teulu yn yr ardal hon gyda phlant yn YPC yn cael eu cael eu hunain y tu allan i'r dalgylch ar gyfer brodyr a chwiorydd iau heb fod dim ar waith i liniaru'r sefyllfa honno. Ar y gorau, gallai newid o'r fath greu ansicrwydd a straen diangen i lawer o'n teuluoedd.
- 23 Pe derbynnid y cynigion, byddai'n rhaid i deuluoedd sy'n meddwl am addysg CC yn Grangetown ac ardaloedd cyfagos yn ystod y ddwy flynedd nesaf (o leiaf) ddyfalu beth fyddai eu hysgol dalgylch, YPC ynteu Ysgol Hamadryad, ar ôl aildrefnu dalgylchoedd. Gan fod y ddwy ysgol yn 2.5 milltir ar wahân, prin bod gyrru plant i'r ddwy yn opsiwn. Wrth gwrs, mae'n ddigon posibl y bydd lle yn y ddwy ysgol, ond mae ysgolion a'r ALL yn gwybod na allant warantu hyn i rieni o flaen llaw. Mae hyn yn creu ansicrwydd ac yn gwneud dewis addysg CC yn fwy o risg. Mae hefyd yn tanseilio ymdrechion i leihau polareiddio, gan fod grwpiau sydd heb gynrychiolaeth ddigonol ar hyn o bryd yn llai tebygol o gael mynediad i'r wybodaeth sydd ei hangen i ddeall goblygiadau'r newidiadau hyn.

### **Casgliadau**

- 24 Yn anffodus, ni all YPC fod yn hyderus bod y cynigion presennol wedi eu seilio ar ddealltwriaeth drylwyr o'u heffeithiau ar addysg CC. Mewn rhai achosion, teimlwn y byddai'r newidiadau arfaethedig yn cael effaith negyddol ar addysg CC.
- 25 Nid yw'r adroddiad y mae'r cynigion hyn wedi ei seilio arno yn ystyried addysg CC mewn modd ystyrion, nac yn ystyried o gwbl sut y gellid defnyddio gweithdrefnau derbyn i annog twf yn y sector CC.
- 26 Rydym yn nodi bod Asesiad Effaith Cydraddoldeb wedi ei baratoi (Atodiad 5). O ran yr iaith Gymraeg, mae'n dweud: 'The Council will continue to implement its Welsh in Education Strategic Plan and will ensure that there are schools to meet the demand for Welsh medium education'. Mae'r rhain yn rhwymedigaethau statudol ac maent yn amherthnasol i'r newidiadau arfaethedig. Ar sail yr wybodaeth a ddarparwyd, a'r ffaith na ddaethpwyd â'r cynigion gerbron y Fforwm Addysg Gymraeg, rydym yn pryderu nad yw effaith y cynigion ar yr iaith Gymraeg wedi cael ei hystyried mewn modd ystyrion.
- 27 Nid ydym felly yn gallu cefnogi'r cynigion yn yr ymgynghoriad. Byddem yn dymuno gweld ymchwil berthnasol sy'n ystyried addysg CC cyn newid y drefn bresennol.

Bore da

Hoffwn ymateb yn fyr fel Pennaeth i'r ymgynghoriad hwn – trosglwyddo o'r Cynradd i'r Uwchradd.

Yn dilyn y ffaith fod y Sir wedi newid talgylch Ysgol Pnecae i fod yn bwydo Ysgol Glantaf yn hytrach nag Ysgol Plasmawr (Medi 2017), roedd amod yn y trefniadau Derbyn oedd yn gwarantu mynediad i frodyr a chwiorydd ieuengach Ysgol Pnecae i fynychu Ysgol Plasmawr fel eu bodyn gallu dilyn aelodau o'u teulu 'r ysgol honno yn hytrach nag Ysgol Glantaf. Mae'r addewid yma yn cael ei thorri yn y drefn newydd felly rwyf i fel Pennaeth yn gwrthwynebu'r rhan hon o'r ymgynghoriad. Nid yw hyn yn deg gan fod yr addewid wedi cael ei phwysleisio yn ystod y cyfnod trosi hwn. Bydd hyn yn achosi llawer iawn o drafferthion i deuluoedd ac yn fwy na dim yn adlewyrchu'n wael ar y Sir am newid trefniadau unwaith yn rhagor!

Dear Sir

### Response to draft Admissions Policy 2019-2020

I am writing on behalf of the governing body of Whitchurch High School regarding the authority's draft Admissions Policy 2019-2020. The governors' comments are as follows:

1. The Admissions Criteria Research Report (WISERD) commissioned by Cardiff Council makes several suggestions about making the existing criteria easier to understand and less complex whilst still meeting the necessary statutory requirements. However, the current proposals for primary and secondary schools are more complex and difficult to understand. Even though we are experienced in dealing with admissions criteria it took us some time to understand the meaning of the proposals.

Why hasn't the authority taken this opportunity to refine the criteria for admissions as suggested in their research report to make them easier to understand and more equitable and accessible as a result?

2. The Admissions Criteria Research Report recommends removing compelling medical or social grounds as a criterion. It indicates that only a 'very small number of places' are allocated as a result of this criterion yet it is hard to judge what is compelling medical or social grounds or who is best placed to give objective 'expert' advice on this matter.

This suggestion seemed a way to provide fewer and fairer criteria and as a result the governors of Whitchurch High School have now removed this criterion from their draft Admissions Policy 2019/20. It is not clear why Cardiff County Council continues to use 'compelling medical or social grounds' as a criterion. The governors do not support the continued use of this criterion.

3. The governors support the re-introduction of 'attendance of pupil at a feeder school' as a criterion. Whitchurch High (Foundation) School has always had this as a criterion recognising that it helps provide continuity within the local community particularly for more vulnerable students and families. With our transition programme, which operates throughout the year with Year 6 pupils, it also provides curriculum continuity through shared curriculum experiences.

Although there is some concern that this criteria could disadvantage families moving into the area; in oversubscribed secondary schools all places are likely to have been allocated prior to any move. In Whitchurch High we also find that some families move out of the

area after they have been awarded a place at the school; it is worth noting, therefore that in areas of greater mobility there is some possibility of places becoming available to families who move into the area.

4. It's not clear why FIHPs are being used as an admission criterion for secondary schools. The consultation document states 'FIHPs are assigned to children allocated nursery funding by the Early Years Assessment Panel or Case Advisory Panel'. Young children are usually assessed in nursery and early primary years and if appropriate in receipt of a Statement of Special Educational Needs during their primary years.

The governors do not support this admission criterion. It is to the benefit of pupils if they are in receipt of a Statement of Special Educational Needs when appropriate to enable them to have the most appropriate placement and levels of support.

Thank you for your consideration of our comments.

Yours sincerely

## Ysgol Gyfun Gymraeg Plasmawr – Headteacher response

Mae Llywodraethwyr Ysgol Plasmawr yn falch o weld cydnabyddiaeth i 'ysgolion bwydo' yn dychwelyd i'r meini prawf ar gyfer derbyn i addysg uwchradd. Teimlir er hynny nad oes digon o sylw wedi ei roi yn y ddogfen ymgynghori i'r sefyllfa unigryw sydd wedi wynebu addysg Gymraeg yn ddiweddar lle mae ysgolion newydd yn cael eu sefydlu a lle nad oes dalgylchoedd clir yn cael eu diffinio ar eu cyfer am gyfnod estynedig neu lle bo dalgylchoedd ysgolion yn cael eu addasu.

Credir y dylid cynnwys ystyriaeth ar wahân i ysgolion newydd yn y ddogfen fyddai'n cynnwys y cymal am 'brawd / chwaer' fel bo cefnogaeth i deuluoedd sydd yn awyddus i gefnogi ysgolion newydd ond am sicrhau bod eu plant yn cael mynychu'r ru'n ysgol yn enwedig yn y Sector Cynradd.

## **School Admission Arrangements 2019-20**

We understand that the Council are currently giving consideration to amending the schools admissions arrangements for the academic year 2019/2020, with specific consideration to be given to a feeder school system for admission to Secondary education. We believe that this is to address over subscription in some particular schools in the Local Authority area.

We write as the largest legal firm representing asylum seekers, refugees and members of the BME communities across Cardiff. We wish to raise concerns about this proposal as we do not believe that it addresses the issue of over subscription and is in fact detrimental to particular communities. It is acknowledged that oversubscription in the Local Authority area is an issue, and has indeed been an issue for a number of years. It is noted that the Local Authority previously maintained a feeder school system but that this was changed over 15 years ago to the current system, in line with many local authorities across Wales and the rest of the UK. It is submitted that the re-introduction of the feeder system in Cardiff actively discriminates against sections of the community which are more mobile and hence are less likely to be on the school roll throughout the primary phase or move into catchment later in the primary phase. This may include BME communities, children of asylum seekers and refugees, and the traveller community.

The Local Authority may not be aware that children of Asylum Seekers are accommodated by the National Asylum Support Service (NASS) and as such have no choice in their accommodation location. Families are given little notice of a change of accommodation and that accommodation could be located in any catchment area in the city. There is no consideration by NASS as to the impact this would have on a child in accessing education in a Local Authority where a feeder school system has been implemented.

The proposed system prejudices vulnerable, low income families who do not maintain permanent, secure accommodation and as such yet seems to benefit wealthier parents who are able to move into a permanent home in a "desirable" catchment area whilst their children are pre-primary age. The feeder system clearly places BME communities, children of asylum seekers and refugees, and the traveller community at a significant disadvantage when seeking admission.

Given the fact that the above groups are more "mobile" then this is likely to lead to significant transport issues in both congestion on the city network, and the Local Authority having to fund the transportation of these pupils across the city to the specified Secondary School. The Local Authority encourages children to walk or cycle to school or use sustainable transport for the purposes of healthy living and mind-set but this would not be encouraged by the suggested proposals.

It is acknowledged that the oversubscription of some schools is problematic in the Local Authority area but it seems illogical to seek to introduce a feeder school system at this stage, without giving more detailed consideration to the implications of the size and locations of catchment boundaries. It would unreasonable to implement

a policy which appears to benefit a small section of the Local Authority area, and place other groups, in particular those from a less fortunate socio-economic background across the Local Authority area at significant disadvantage.

In addition, given the significant implications of the admissions policy change, should the local Authority seek to implement the proposed feeder school system it is submitted that children currently in the primary school system are not prejudiced by the change.

Finally, we confirm that we are happy to contribute any further information as might be needed by the Local Authority on the impact of admissions arrangements changes on Asylum Seeker, Refugee and Immigrant families if required.

Yours sincerely

## **Marlborough Children's Action Group Response**

### **Proposed Changes to the Community School Admission Arrangements 2019-20 – Consultation Response**

We, as a parent campaign and support group, support the Council's proposed 2019/2020 Secondary school admissions arrangements with the Option B feeder school oversubscription criteria.

We refer to our letter dated 4/9/2017 to the Cabinet Member for Education & Skills and the Director of Education and Life Long Learning in which we set out our arguments regarding the unsuitability of the current school admissions arrangements and the need to change the oversubscription criteria to achieve a fairer system. We do not propose to repeat those arguments - that letter should be read in conjunction with this consultation response please.

In its consultation document, the Council acknowledges " a need for a fairer, more equitable system of allocating school places in Cardiff without impacting adversely on the community", and that with regard to social segregation the current arrangements have " done little to mitigate disadvantage". Whilst Option A does remove some criteria, only 7 out of 8618 applicants were allocated places under these criteria in 2017. With respect, Option A is a slightly revised regurgitated version of the current criteria. It therefore follows that Option A is neither suitable nor desirable. It does not have reasonable prospects of addressing the difficulties faced by pupils and their families embarking upon the application process in catchments for oversubscribed high schools. The mounting pressures upon secondary high school places in Cardiff for the next few years will further limit the options for those pupils who are unable to secure a place at their in catchment high school with their peers if a feeder school oversubscription criterion is not introduced.

Our reasons for supporting Option B which has the feeder school oversubscription criteria are as follows :

- Attendance at a feeder school criterion is clear and easily understood
- The proposed feeder schools are clear and transparent and made on reasonable grounds:
  - a) They consist of the primary schools nested in the high school's catchment, so Option B would help maintain close relationships between local primaries and their partner secondary
  - b) For the purpose of our local catchment secondary school, Cardiff High school (CHS), the feeder primaries are listed as Marlborough, Roath Park Lakeside, Rhydypennau and Howardian.
  - c) The intake numbers at the Primaries broadly equate to the current CHS intake. Howardian will not be producing an intake for approx. four years by which time the proposed expansion of CHS by an additional two form intake using Plan B funding will have occurred.
- If oversubscription criteria had included the Option B feeder school one last year then the following numbers of children attending the proposed feeder schools and living in catchment who were refused places at their partner catchment high school in 2017, and would have got them are:

Cardiff High School – 33  
Fitzalan High School – 17  
Llanishen High School – 23

A staggering 73 children would have been able to proceed with their peer group to their catchment high school if a feeder over subscription criteria had applied.

- The independent report commissioned by Cardiff Council to look at options for admissions arrangements **recommends it** - "consider adding designated feeder schools as an oversubscription criterion (after sibling and catchment criteria)."
- They offer the benefit of continuity of education for pupils and enables most children in the feeder schools to move as a cohesive peer group to their local catchment secondary school. This reinforces and continues community ties and peer support.
- They minimise issues of transition and encourage close cooperation between the primary and secondary school sectors. In Marlborough's case examples of this include:
  - A longstanding partnership with CHS – pupil visits, staff visits, regular meetings between key subject leaders and Heads to ensure continuity of education and standards and strategies, support to ensure smooth transition, compatible and shared resources, links between Primary School Councils and CHS School Parliament, shared governors, shared community ties.
  - Buying IT and software equipment compatible with CHS.
- The Equality Impact Assessment conducted on option B shows that overall there is no significant impact on protected characteristics such as disability or religion, with the exception of race. The assessment states that whilst there is not a significant difference between different ethnic groups, there could be a small disadvantage for Black / African / Caribbean / Black British pupils, and Traveller families. The ethnic group most likely to benefit from option B would be Asian/ Asian British pupils, followed by White British pupils. The difference is down to how likely pupils of different ethnicities are to stay at the same primary school until they move to secondary school. So, for example 92% of Asian / British Asian pupils are likely to stay at the same school, compared to 75% Black / African / Caribbean / Black British pupils.
- However, there is no Equality Impact Assessment for the proposed Option A so it is not possible to compare what impact the current proximity criteria has on different ethnic groups. Given the diverse makeup of Marlborough and Roath Park compared to areas closer to CHS, the current criteria are likely to adversely affect ethnic minority pupils more than the proposed option B. Approx 33% of Marlborough's children are from ethnic minorities. Currently Marlborough has 172 pupils on its roll from 33 ethnic minority groups, of which 22 are Black / African/Caribbean/Black British.
- In addition to this the Council accepts that the current criteria "have done little to mitigate disadvantage" and address segregation.
- CHS is based within one of the most affluent and expensive parts of Cardiff. The current criteria and Option A benefits those living in the more affluent

area closer to the school, and disadvantages those from the more diverse and less affluent parts of the catchment area as we have seen in recent years.

- Feeder school criterion would ensure a more diverse pupil intake and base – in terms of socio- economic factors, community and ethnicity.
- The admissions report confirms that the opportunity to ‘choose’ a school “privileges 2 key groups- high household income families and church goers” and that is what we are beginning to see at the 3-main oversubscribed secondary schools.
- It has no significant impact upon the Welsh language and faith who continue to have the benefit of multiple application options which most English medium pupils in reality do not have. There are no current issues with place availability in the Welsh Medium High Schools. Pupils attending Welsh medium and faith primary schools can continue to ‘feed’ into their Welsh Medium/ Faith High school. They are not prevented from applying to an English medium school, simply that in the event of oversubscription, those children at the English medium feeder schools will have priority.
- Enables better use of green sustainable transport options and encourages good habits and health.e.g. lift shares, pupils walking/ cycling together. The increased certainty should assist the Council in planning cycling routes with children in mind.

Yours faithfully

Marlborough Children's Action Group

- 1 Mudiad yw Rhieni dros Addysg Gymraeg sy'n cynrychioli rhieni sydd â phlant mewn ysgolion Cymraeg.  
Nod RhAG fel mudiad yw cefnogi datblygiad addysg Gymraeg ledled Cymru.
- 2 Mae RhAG yn gwerthfawrogi'r cyfle i ymateb i'r ymgynghoriad dan sylw. Hyderwn y rhowch sylw dyladwy i'r ymateb canlynol. Bydd y sylwadau hyn yn ymdrin ag addysg Gymraeg, sef ein prif diddordeb fel mudiad.

## **Sylwadau cyffredinol**

- 3 Rydym yn croesawu'r ymchwil a gynhaliwyd gan yr Athro Chris Taylor ac yn gwbl gefnogol o benderfyniadau a wneir ar sail tystiolaeth.
- 4 Serch hynny, roedd yn gryn siom i ddarllen yr adroddiad dan sylw, sy'n cynnig newidiadau pellgyrhaeddol i drefniadau Derbyn i Ysgolion yn 2019/10, a hynny ar sail dogfen sy'n ddiffygiol iawn.
- 5 Yn ei gyfanrwydd, mae'r diffyg ystyriaeth i'r Gymraeg yn yr adroddiad a'r argymhellion yn dorcalonnus, yn wir, arwynebol ar y gorau yw'r ymdriniaeth o'r sector cyfrwng Cymraeg, mewn unrhyw ystyr.
- 6 Mewn adroddiad sy'n ymdrin ag ystod eang o argymhellion ac awgrymiadau, byddai'n rhesymol disgwyl iddo osod y cyd-destun o safbwynt addysg cyfrwng Cymraeg, gan gynnwys polisiâu a strategaethau cenedlaethol a lleol, ymchwil perthnasol ayb. Mae methiant yr adroddiad i wneud hynny yn drawiadol.
- 7 Prin yw'r gyfeiriadaeth at bolisi cenedlaethol sydd bellach yn gosod disgwyliad bod ALL yn ysgogi a chreu'r twf yn hytrach na dim ond diwallu'r galw. Nid oes unrhyw drafodaeth yn yr adroddiad o'r berthynas rhwng dalgychoedd, polisi Derbyn Ysgolion a'r angen i gynyddu'r niferoedd sy'n derbyn addysg Gymraeg. Nid oes ychwaith unrhyw gyfeiriad at Gynllun Strategol y Gymraeg mewn Addysg 2017-20 Cyngor Caerdydd, sef y prif offeryn statudol o ran cynllunio ac ehangu darpariaeth cyfrwng Cymraeg yn y ddinas.
- 8 Dyma enghraifft o'r perygl sy'n codi wrth hepgor ystyriaethau o'r Gymraeg mewn perthynas ag adroddiadau o'r fath. Daw'n amlwg bod prif bwyslais yr adroddiad ar addysg uwchradd, ond yn naturiol byddai gweithredu'r argymhellion yn effeithio ar addysg trwyddi draw. Mae llunio adroddiad sydd i bob pwrpas yn rhoi blaenoriaeth amlwg i anghenion ysgolion uwchradd Saesneg, yn gogwyddo'r holl adroddiad mewn ffordd sy'n diystyru ac yn methu amgyffred yr anghenion gwahanol sydd gan addysg gynradd Gymraeg yn arbennig, ond hefyd o safbwynt addysg gynradd cyfrwng Saesneg.
- 9 Ymhellach at hynny, nodwn bod holl ogwydd yr adroddiad wedi ei ysgrifennu o safbwynt a chyd-destun Seisnig, sy'n rhoi'r camagraff nad yw addysg wedi ei ddatganoli yng Nghymru. Mae ystyriaethau megis ysgolion bonedd, ysgolion gramadeg, ysgolion 'rhydd' (free schools), academiâu ayb yn gwbl

- amherthnasol. Collwyd cyfle i osod y cyd-destun Cymreig ac i wneud cymhariaethau ystyrion gyda pholisi Derbyn i Ysgolion ALI eraill yng Nghymru.
- 10 Yn wir, nid ydym yn ymwybodol bod y dogfennau hyn wedi mynd gerbron y Fforwm Addysg Gymraeg, sy'n gyfrifol am fonitro a gwerthuso cynnydd mewn perthynas â'r gwaith hwnnw. Mae hynny'n fethiant sylfaenol ac yn tanseilio swyddogaeth a chyfraniad y grŵp ymgynghorol hwn. Pe bai'r Fforwm wedi cael bod yn rhan o'r broses o bennu briff yr adroddiad yn y lle cyntaf, yna mae'n bosib iawn y byddem wedi llwyddo i osgoi'r sefyllfa hon.
  - 11 Mae tirwedd y sector cyfrwng Cymraeg yng Nghaerdydd wedi ei drawsnewid yn y blynyddoedd diwethaf, a hynny wedi arwain at newidiadau llawer mwy o ran dalgylchoedd na welwyd o safbwynt addysg cyfrwng Saesneg. Agorwyd 13 o ysgolion cyfrwng Cymraeg newydd ers 1979. Mae hyn wedi achosi llawer o newidiadau i ddalgylchoedd (gydag ysgol newydd yn agor ar gyfartaledd bob tair blynedd neu fwy). Er bod dalgylchoedd newidiol yn achosi aflonyddwch, fel y nodwyd yn yr adroddiad, rydym yn derbyn bod hynny'n rhan anorfod o ehangu'r sector cyfrwng Cymraeg. Mae angen ystyried yr effaith ar deuluoedd sydd â phlant sydd eisoes mewn ysgol, fodd bynnag, sy'n rhywbeth nad yw'r adroddiad yn llwyddo i'w wneud yn ddigon manwl.
  - 12 Rydym yn cytuno'n llwyr gyda'r pwynt a wneir yn yr adroddiad, sef yr effaith negyddol a geir wrth wahanu brodyr a chwiorydd (t.27) ar sail ymarferol, addysgol ac ariannol. Nodwn mai cyfeirio'n benodol at y sector uwchradd a wneir yma, ond byddem yn dadlau bod hynny hyd yn oed yn fwy perthnasol o ran y sector cynradd, lle mae dalgylchoedd yr ysgolion cyfrwng Cymraeg ar gyfartaledd yn fwy. Er nad yw'r adroddiad yn cyfeirio o gwbl at hynny.
  13. O ystyried hyn, mae'n ein taro'n rhyfedd bod yr union feini prawf a luniwyd i osgoi hynny - sef maen prawf 2a, 2b, 7 a 8 – yn cael eu diystyru heb fawr o drafodaeth.
  - 14 Mae'r adroddiad yn cyfeirio at y ffaith bod gan Gyngor Caerdydd feini prawf derbyn i ysgolion sy'n 'gymharol unigryw'. Yn wir, mae RhAG wedi cyfeirio yn gyson at bolisi presennol Caerdydd fel un sy'n oleuedig mewn apeliadau derbyn ysgolion mewn siroedd eraill. Byddai'n siom gweld y Sir yn troi cefn ar agwedd flaengar y dylai bod siroedd eraill yn eu mabwysiadu.
  - 15 Pryderwn fod bwriad yma i wneud newidiadau pellgyrhaeddol ar sail cwbl adweithiol ac y bydd rheidwydd yn fuan iawn i gyflwyno newidiadau pellach wrth agor mwy o ysgolion. Mewn cyfnod newidiol o safbwynt addysg Gymraeg, lle mae polisi cenedlaethol yn pennu'r disgwyliad y bydd newidiadau sylweddol pellach dros y blynyddoedd nesaf, rhaid osgoi ymateb o'r fath.
  - 16 Byddai gweithredu ar y cynnig hwn yn cael effaith afresymol ar addysg Gymraeg oherwydd newidiadau cyson i ddalgylchoedd. Mae dalgychoedd ysgolion cyfrwng Cymraeg ar gyfartaledd yn fwy, a'r pellter ac amseroedd teithio yn uwch, felly byddai'n arwain at fabwysiadu polisi sy'n debygol o gael

effaith anghymesur ar deuluoedd sydd wedi neu'n bwriadu dewis addysg Gymraeg.

- 17 Rhaid tynnu sylw arbennig at y goblygiadau, o ran newid rheolau, i deuluoedd mewn dalgyloedd Cymraeg mawr, fel Grangetown. Mae'r argymhellid i hepgor y maen prawf sy'n blaenoriaethu brodyr a chwiorydd yn rhwym o greu problemau enbyd i rai teuluoedd, lle bydd gofyn mynd a phlant i wahanol ysgolion Cymraeg. Mae'r syniad o orfod teithio o ganol Grangetown i Dre-biwt i hebrwng un plentyn i'r ysgol, cyn dychwelyd i Ysgol Pwll Coch gyda phlentyn arall yn frawychus.
- 18 Awgrymwn felly nad yw'n ddoeth amcanu i greu polisi cyffredinol wrth geisio ateb anghenion un sector sydd ag anghenion cwbl wahanol i'r sector cyfrwng Cymraeg.
- 19 Nid yw amcanu i drin pawb yr un fath gyfystyr â thrin pawb yn deg. Mae llawer mwy o her (yn ddaearyddol ac ymarferol) i ddisgyblion i gael mynediad i ddarpariaeth cyfrwng Cymraeg, felly dylai polisiâu a strategaethau'r Cyngor adlewyrchu hyn.
- 20 Mae'n glir i ni y byddai gweithredu ar y newidiadau arfaethedig, yn benodol i waredu'r maen prawf brodyr a chwiorydd, yn arwain at y canlyniadau anfwriadol canlynol:
  - Creu rhwystrau ychwanegol at addysg Gymraeg i lawer o deuluoedd, ac yn arbennig o ran grwpiau sydd heb gynrychiolaeth ddigonol ar hyn o bryd, gan gynnwys teuluoedd o gefndiroedd llai breintiedig ac o gymunedau lleiafrifoedd ethnig;
  - Sefydlu polisi sy'n mynd yn groes i'r dyletswydd i hyrwyddo mynediad at addysg Gymraeg;
  - Creu sefyllfa lle na fydd cynnig rhagweithiol o Addysg Gymraeg i bob teulu;
  - Gwneud y dewis o addysg Gymraeg yn fwy o risg a chynyddu ansicrwydd a phoen meddwl i deuluoedd;
  - Rhieni ddim yn ystyried addysg Gymraeg o gwbl, yn arbennig mewn ardal lle mae ysgol newydd yn cael ei sefydlu a/neu gynnig i newid dalgyloedd yn yr arfaeth;
  - Colli plant o'r sector, h.y. brodyr neu chwiorydd hyn yn cael eu tynnu allan o ysgolion cyfrwng Cymraeg oherwydd bod plant iau yn methu a chael lle yn yr un ysgol. Noder mai traffig un ffordd yw hyn. Pe bai plentyn yn methu cael lle mewn ysgol cyfrwng Saesneg, yna mae llawer mwy o opsiynau gan rieni a'r cyfan ohonynt trwy gyfrwng y Saesneg.
  - Colli ewyllys da tuag at addysg Gymraeg
- 21 Rhaid osgoi creu strwythurau sy'n atal neu lesteirio twf addysg Gymraeg yn y ddinas. Rhaid osgoi hefyd gosbi rhieni am sefyllfa sy'n ganlyniad uniongyrchol o ddiffyg cynllunio rhagweithiol a digonol i'r galw am addysg Gymraeg yn y ddinas. Nid oes modd dadlau fod teuluoedd wedi gorfod teithio allan o'u

cymuned leol i gael mynediad at addysg Gymraeg oherwydd diffyg darpariaeth mewn cymaint o ardaloedd.

- 22 O safbwynt addysg Gymraeg, ac yn wir o safbwynt unrhyw fath o addysg, sicrhau bod digon o ysgolion lleol, o fewn pellter rhesymol ac o ansawdd dda yw'r ffordd orau o osgoi sefyllfa lle mae rhieni a disgyblion yn teithio allan o'u dalgylch naturiol neu 'swyddogol'.
- 23 Nid yw'n glir inni pam fod y Cyngor yn bwriadu ymgynghori i gael gwared ar feini prawf 2a a 2b. Ar un llaw mae'r papurau ymgynghori yn nodi na ddefnyddwyd y rheolau hyn yn aml yn 2017 ond ar y llaw arall yn crybwyll fod eu bodolaeth yn 'achosi heriau o ran cynllunio adnoddau ar gyfer rhai ysgolion, ac mae effaith gronol ar y disgyblion hynny sy'n byw o fewn y dalgylch ac sydd, yn eu tro, yn methu â mynychu ysgol eu dalgylch'. Os felly, mae'r awgrym eu bod yn cael eu defnyddio yn gyson yn golygu y byddai nifer llawer uwch o deuluoedd yn y dyfodol yn gorfod wynebu'r canlyniadau negyddol ymarferol, ariannol ac addysgol y nodwyd uchod. Os nad ydynt yn cael eu defnyddio'n aml, yna mae'n anhebygol y caiff y plant sy'n byw o fewn y dalgylch eu heffeithio. Byddai'n dda cael eglurder ar yr amwysedd o ran ysgogiad yr ymgynghoriad i waredu'r meini prawf hyn.
- 24 Mewn byd delfrydol wrth gwrs, ni fyddai angen defnyddio'r meini prawf o gwbl, ac mae eu pwysigrwydd yn fwy, er mwyn diogelu teuluoedd sy'n canfod eu hunain mewn sefyllfa llai na delfrydol ac sydd y tu hwnt i'w rheolaeth. Mae'n holl bwysig cynnal y rhwyd diogelwch i deuluoedd sydd am ddewis addysg Gymraeg.
- 25 Mae hyn yn tanlinellu'r angen i sicrhau bod y polisi cynradd yn gywir er mwyn sicrhau bod y polisi uwchradd yn llifo'n iawn.

### **Sylwadau i gloi**

- 26 Am y rhesymau a amlinellir uchod, nid yw RhAG yn hyderus bod yr argymhellion yn seiliedig ar ddealltwriaeth ddigonol o'u heffaith ar addysg Gymraeg. Oherwydd hynny, gofynnwn i chi oedi cyn gweithredu ar y cynigion dan sylw.
- 27 Yn ein barn ni, yr unig ymateb synhwyrol yw mynd ati i lunio adroddiad arall, ar sail ffeithiol gadarn, sy'n ystyried mynediad i ysgolion a dalgylchoedd o safbwynt Addysg Gymraeg, a hynny mewn ymgynghoriad llawn â chyrrff llywodraethol, Fforwm Addysg Gymraeg Caerdydd a rhanddeiliaid allweddol eraill, er mwyn sicrhau bod yr argymhellion a gaiff eu gweithredu yn y pen draw yn rhesymol a chymesur, ac yn gweithio er lles holl ysgolion y ddinas.
- 28 Byddai RhAG yn croesawu ymrwymiad gan y Cyngor i gynnal ymchwil o safbwynt yr heriau sy'n wynebu addysg Gymraeg, gan roi ystyriaeth lawn i faterion megis; lleoliadau'r ysgolion presennol, hygyrchedd y ddarpariaeth, maint dalgylchoedd, ymwybyddiaeth, gwybodaeth a chanfyddiadau cyffredinol am addysg Gymraeg ayb

- 29 Byddwch yn ymwybodol fod RhAG eisoes wedi bod yn galw am adolygu ac aildrefnu'r dalgylchoedd cyfrwng Cymraeg ledled y ddinas, ac mae'r angen i wneud hynny yn Ne'r Ddinas yn fater o frys. Dylai hynny fod yn flaenoriaeth.
- 30 Mae'r papurau ymgynghori yn cynnwys Asesiad Effaith Cydraddoldeb, ac mewn perthynas a'r Gymraeg, yn nodi, 'Bydd y Cyngor yn parhau i weithredu ei Gynllun Strategol Cymraeg mewn Addysg a bydd yn sicrhau bod ysgolion yn cwrdd â'r galw am addysg cyfrwng Cymraeg'. Mae'r rhain yn ddyletswyddau statudol ac yn amherthnasol i'r cynigion arfaethedig. Ar sail y dystiolaeth a gyflwynwyd yn yr adroddiad, neu yn hytrach yng ngwyneb diffyg tystiolaeth, yn ogystal â'r ffaith na chyflwynwyd y briff gwreiddiol na'r cynigion gerbron y Fforwm Addysg Gymraeg, ofnwn nad ydym wedi ein bodloni fod unrhyw ystyriaeth ystyrion wedi ei roi i effaith gweithredu'r newidiadau hyn ar yr iaith Gymraeg. Dylai bod asesiad mesur effaith penodol wedi ei gynnal o ran y Gymraeg a hynny wedi ei gynnwys fel rhan o'r ymgynghoriad.
- 31 Mae dyletswydd ar Gyngor Caerdydd i weithredu mewn modd sy'n ysgogi twf mewn addysg Gymraeg ac yn cyfrannu mewn modd ystyrion at darged Llywodraeth Lafur Cymru i gyrraedd miliwn o siaradwyr Cymraeg erbyn 2050. Byddai gweithredu'r argymhellion dan sylw yn tansellio unrhyw ymdrechion i gyflawni hyn.

## Atodiad 6

### **Dadansoddiad Effaith: patrymau galw presennol trwy'r ddinas yng nghyd-destun dewis maen prawf derbyn ysgol fwydo (Dewis B).**

Mae dadansoddiad o ddata'r Cyfrifiad Ysgolion Blynyddol ar Lefel Disgyblion diweddaraf wedi'i ddilysu wedi ei gwblhau er mwyn rhoi syniad o'r gydberthynas rhwng patrymau presennol y llefydd ysgol sydd ar gael a'r galw amdanynt, pe gweithredid maen prawf ysgol fwydo (Dewis B).

At ddibenion dadansoddi data, canolbwyntiwyd ar gohort Blwyddyn 4 oherwydd mai dyma'r grŵp a fyddai'n pontio i'r ysgol uwchradd yn y flwyddyn y byddai trefniant derbyn 2019/20 yn weithredol.

Gwnaed ymarferiad cymharu rhwng Nifer Derbyn a Gyhoeddwyd (NDG) ar gyfer yr ysgolion uwchradd o'i gymharu â nifer y disgyblion sy'n byw yn y dalgylch ac sydd hefyd yn mynd i ysgolion cynradd cymunedol yn nalgylch yr ysgol uwchradd. Canfuwyd, yn achos 4 o'r 13 ysgol, fod rhagor o ddisgyblion yn byw yn y dalgylch ac yn mynd i ysgolion bwydo na sydd o lefydd ar eu cyfer yn eu hysgolion uwchradd cysylltiedig.

- Ysgol Uwchradd Gymunedol Gorllewin Caerdydd (270 disgybl yn y dalgylch, 240 NDG)
- Ysgol Uwchradd y Dwyrain (343 disgybl, 240 NDG)
- Ysgol Uwchradd Fitzalan (386 disgybl, 300 NDG)
- Ysgol Uwchradd Llanisien (394 disgybl, 300 NDG)

Yn ogystal â'r dull hwn, dangosodd cymhariaeth o gyfanswm Nifer Derbyn a Gyhoeddwyd gan yr ysgolion bwydo â'r ysgolion uwchradd cysylltiedig mai dim ond 6 o'r 13 ysgol uwchradd o bosib a allai dderbyn holl ddisgyblion eu hysgolion bwydo perthnasol gan fod cyfanswm y NDG yn yr ysgolion cynradd yn is na hwnnw yn yr ysgolion uwchradd:

- Ysgol Uwchradd Cantonian
- Ysgol Uwchradd Caerdydd
- Ysgol Uwchradd Cathays
- Ysgol Uwchradd Willows
- Ysgol Uwchradd (Sefydledig) yr Eglwys Newydd
- Ysgol Gyfun Gymraeg Bro Edern

Mae'n bosibl na allai'r ysgolion canlynol dderbyn holl ddisgyblion eu hysgolion bwydo oherwydd bod cyfanswm NDG yn yr ysgolion cynradd yn uwch na hwnnw yn yr ysgol uwchradd:

- Ysgol Uwchradd Gymunedol Gorllewin Caerdydd (NDG uwchradd 240, NDG cynradd 300)
- Ysgol Uwchradd y Dwyrain (NDG uwchradd 240, NDG cynradd 416)
- Ysgol Uwchradd Fitzalan (NDG uwchradd 300, NDG cynradd 435)
- Ysgol Uwchradd Llanisien (NDG uwchradd 300, NDG cynradd 465)
- Ysgol Gyfun Radur (NDG uwchradd 210, NDG cynradd 234)
- Ysgol Gyfun Gymraeg Glantaf (NDG uwchradd 240, NDG cynradd 325)

- Ysgol Gyfun Gymraeg Plasmawr (NDG uwchradd 180, NDG cynradd 265)

Dim ond un ysgol uwchradd yng Nghaerdydd sydd lle mae cyfanswm y nifer derbyn a gyhoeddwyd gan yr hysgolion bwydo yn cyfateb â nifer derbyn yr ysgol uwchradd gysylltiedig, sef Ysgol Gyfun Gymraeg Bro Edern.

Er mwyn cael cyd-destun dinas gyfan, dadansoddwyd cohort y flwyddyn ysgol gyfan mewn ysgolion cymunedol trwy'r ddinas. 76% yw'r ganran o gyfanswm disgyblion ysgolion cymunedol Caerdydd sydd ym Mlwyddyn 4 ac yn mynd i ysgol gymunedol o'r un cyfrwng, yn yr un dalgylch ysgol uwchradd. Golyga hyn na ellid ystyried tua chwarter yr holl ddisgyblion sy'n mynd i ysgol gymunedol ar hyn o bryd, ac a fydd yn pontio i'r ysgol uwchradd ym mis Medi 2019, ar gyfer ysgol uwchradd eu dalgylch dan y meini prawf ar sail rhoi blaenoriaeth uwch i'r ysgolion bwydo.

Bydd rhaglen fuddsoddi Band B Ysgolion yr 21ain Ganrif yn arwain at newidiadau sylweddol i'r ddarpariaeth ysgol uwchradd trwy rannau eang o'r ddinas.. Byddai hyn yn gofyn am adolygu ac ail-lunio dalgylchoedd i gynrychioli'r newidiadau hyn a than y gwneir hynny, ni fydd yn bosibl asesu effaith meini prawf derbyn ar sail ysgol fwydo yn gywir yn y cyd-destun hwn.

#### Sylwer:

Nid yw cyfanswm NDG ysgolion bwydo Ysgol Gyfun Gymraeg Glantaf, sef 315, yn cynnwys Ysgol Gynradd Gymraeg Hamadryad yn 2019/20. Aiff y flwyddyn ysgol gyntaf o Ysgol Gynradd Gymraeg Hamadryad i'r ysgol uwchradd yn 2022/23. Byddai cyfanswm NDG yr ysgolion cynradd bwydo yn codi i 375 yn cynnwys Ysgol Gynradd Gymraeg Hamadryad.

Nid yw cyfanswm NDG ysgolion bwydo Ysgol Uwchradd Caerdydd, sef 238, yn cynnwys Ysgol Gynradd Howardian yn 2019/20. Aiff y flwyddyn ysgol gyntaf o Ysgol Gynradd Howardian i'r ysgol uwchradd yn 2022/23. Byddai cyfanswm NDG yr ysgolion cynradd bwydo yn codi i 298 yn cynnwys Ysgol Gynradd Howardian.

Atodiad 1 – Niferoedd Derbyn i Ysgolion 2019/20

## 1. CYFLWYNIAD

### 1.1 Derbyn i Ysgolion

Mae'r Cyngor yn ymrwymedig i ddarparu ysgolion lleol i blant lleol lle y bo'n bosibl.

Mae gan rieni (y cyfeirir atynt hefyd fel 'ymgeiswyr' yn y ddogfen bolisi hon) yr hawl i fynegi dewis ysgol(ion) a fydd yn cael ei ystyried yn unigol a'i fodloni ati lle bo'n bosibl.

Mae Cyngor Caerdydd yn ymrwymedig i gyfle cyfartal a diddymu gwahaniaethu. O ran derbyn i ysgolion, caiff pob disgybl a darpar ddisgybl ei drin yn deg, beth bynnag fo'i ryw, hil, ethnigrwydd, diwylliant, cenedligrwydd, iaith, gallu/anabledd neu gred grefyddol. Mae camau ar waith i sicrhau nad yw gweithdrefnau derbyn i ysgolion yn rhoi mantais annheg neu anfantais annheg i unrhyw grwpiau drwy weithredu rheolau neu amodau nad yw'n bosibl i bawb gydymffurfio â hwy.

Caiff yr holl dderbyniadau i ddsbarthiadau cymunedol ac ysgolion cymunedol eu cymeradwyo gan Gyfarwyddwr Addysg a Dysgu Gydol Oes Cyngor Caerdydd.

### 1.2 Maes Perthnasol i'w Ymgynghori

Yn unol â Rheoliadau Addysg (Ardaloedd Ymgynghori Perthnasol ar Drefniadau Derbyn) 1999, yr ardal berthnasol ar gyfer ysgolion cymunedol yng Nghaerdydd yw ardal weinyddol Cyngor Sir Dinas a Sir Caerdydd (y Cyngor Sir).

### 1.3 Nifer Derbyn Cyhoeddedig

Yn y cylch derbyn arferol, mae'n rhaid i bob ysgol a gynhelir dderbyn disgyblion tan y byddant wedi cyrraedd eu Nifer Derbyn Cyhoeddedig. Ni fydd cais derbyn i ysgol yn cael ei wrthod mewn unrhyw ysgol nes bydd y Nifer Derbyn Cyhoeddedig wedi'i gyrraedd (oni bai am ddisgyblion sydd wedi'u gwahardd ddwywaith [cyfeiriwch at 3.58 – 3.60 Cod Derbyn i Ysgolion Llywodraeth Cymru rhif dogfen 005/2013]). Cyfrifwyd y nifer derbyn cyhoeddedig yn unol â methodoleg cyfrifo capasiti ysgolion Llywodraeth Cymru, "Mesur Capasiti Ysgolion yng Nghymru" cylchlythyr 021/2011. Gan fod y nifer hwn yn seiliedig ar gapasiti ffisegol yr ysgol i dderbyn disgyblion, ni ddylid derbyn mwy na'r nifer hwn dan amgylchiadau arferol.

### 1.4 Ardaloedd Dalgylch Ysgolion Cymunedol

Mae gwybodaeth am ddalgylchoedd ar gael ar wefan y Cyngor. Mae'r rhan fwyaf o ddalgylchoedd ysgolion sydd ag ysgolion cynradd cymunedol a gynhelir wedi'u grwpio gyda'i gilydd i ffurfio dalgylchoedd ysgolion uwchradd a gynhelir yng Nghaerdydd.

**Gall dalgylchoedd newid, a chynhelir ymgynghoriad ar unrhyw newidiadau cyn eu gweithredu. Ni allwn warantu lle i blentyn yn ei ysgol ddalgylch.**

- 1.5 Plant sydd â datganiad Anghenion Addysgol Arbennig (AAA)**  
Pan fo ysgol gymunedol yn cael ei henwi mewn datganiad o Anghenion Addysgol Arbennig (AAA), mae gan y Cyngor ddyletswydd i roi lle i'r plentyn yn yr ysgol.
- 1.6 Trefniadau Derbyn i Ysgolion Uwchradd Cydlynol**  
Bydd y Cyngor yn dal i gydlynu trefniadau derbyn i ysgolion uwchradd, sy'n berthnasol i'r holl ysgolion uwchradd cymunedol; Ysgol Uwchradd Gatholig Corpus Christi; Ysgol Uwchradd yr Eglwys yng Nghymru Teilo Sant ac Ysgol Uwchradd (Sefydledig) yr Eglwys Newydd.
- 1.7 Diogelu Data a Rheoliad Diogelu Data Cyffredinol yr UE**  
Bydd yr holl wybodaeth yn cael ei phrosesu'n unol â Deddf Diogelu Data 1998.

## 2. CYFLWYNO CAIS

### 2.1 Sut i Ymgeisio

Mae'n rhaid cyflwyno cais i'r ysgol y mae rhiant yn dymuno i'w plentyn fynd iddi. Mae'r Cyngor yn derbyn ceisiadau drwy Wasanaeth Ymgeisio Ar-lein y Cyngor neu drwy ffurflen ddewis wedi'i chwblhau a'i hanfon dros e-bost at [derbyniysgolion@caerdydd.gov.uk](mailto:derbyniysgolion@caerdydd.gov.uk) neu at Derbyniadau i Ysgolion, Ystafell 422, Neuadd y Sir, Glanfa'r Iwerydd, Caerdydd, CF10 4UW. Nid yw'r Cyngor yn cymryd unrhyw gyfrifoldeb am unrhyw ddata sy'n mynd ar goll o ganlyniad i'r dull y dewisodd yr ymgeisydd ei ddefnyddio i anfon y data.

### 2.2 Cyn Ymgeisio

Dylai rhieni sydd wedi cofrestru manylion y plentyn cyn iddynt gyrraedd oed meithrin gyda'r Cyngor ymgeisio am le meithrin cymunedol drwy ddefnyddio Gwasanaeth Ymgeisio Ar-lein y Cyngor neu drwy gwblhau ffurflen dewis.

Yn ystod Tymor yr Hydref, cyn derbyn, gwahoddir rhieni plant yn ngrŵp oedran Blwyddyn 6 i enwebu eu hysgol(ion) uwchradd ddewis drwy ddefnyddio Gwasanaeth Ymgeisio Ar-lein y Cyngor neu drwy gwblhau ffurflen dewis.

### 3. DERBYNIADAU I YSGOLION MEITHRIN CYMUNEDOL A DOSBARTHADAU MEITHRIN

Cyngor Caerdydd yw'r Awdurdod Derbyn ar gyfer yr holl Ysgolion Meithrin Cymunedol a gynhelir a Dosbarthiadau Meithrin mewn Ysgolion Cymunedol yn Ninas a Sir Caerdydd.

Mae gan blant yr hawl i le meithrin rhan amser o ddechrau'r tymor sy'n dilyn eu pen-blwydd yn dair oed. Er bod addysg feithrin yn ddarpariaeth anstatudol, mae'n rhaid i blant fynychu am bump hanner diwrnod os yw'r cynnig o le mewn ysgol feithrin cymunedol wedi'i dderbyn.

Gall plant gael eu derbyn neu eu trosglwyddo i ysgol feithrin gymunedol drwy gydol y flwyddyn academaidd yn dibynnu ar faint o leoedd sydd ar gael.

Pan mae llawer o leoedd ar ôl mewn ysgol feithrin gymunedol, bydd pob ymgeisydd yn cael lle meithrin.

#### 3.1 Meini prawf pan fo mwy o geisiadau na lleoedd

Os oes mwy o geisiadau na lleoedd mewn ysgol feithrin gymunedol, bydd ceisiadau a dderbynnir erbyn y dyddiad cau yn cael eu hystyried yn unol â meini prawf pan fo mwy o geisiadau na lleoedd y Cyngor yn nhrefn blaenoriaeth [1.(a) yr uchaf] hyd at y capasiti cymeradwy:

1. Ar gyfer ceisiadau a dderbyniwyd cyn y dyddiad cau cyhoeddedig sef Dydd Llun 18 Chwefror 2019 ar gyfer plant a anwyd rhwng 1 Medi 2015 a 31 Awst 2016 (cynhwysol):
  - (a) Plant sy'n derbyn gofal gan Awdurdod Lleol yng Nghymru neu Lloegr **neu** blant oedd yn arfer derbyn gofal gan Awdurdod Lleol yng Nghymru neu Lloegr. \*
  - (b) Plant sy'n destun Cynllun Gofal Iechyd Unigol a Ariennir. \*
  - (c) Plant sydd â brawd neu chwaer (mewn unrhyw grŵp oedran rhwng Dosbarth Derbyn a Blwyddyn 6 yn gynhwysol) fydd ar gofrestr yr ysgol y mae'r dosbarth meithrin ynddi pan fyddant yn cael eu derbyn. Pan fo mwy o geisiadau na nifer y lleoedd sydd ar gael, rhoddir blaenoriaeth i frodyr/chwiorydd genedigaeth luosog. \*
  - (d) Plant y mae, ym marn y Cyngor, resymau meddygol neu gymdeithasol cymhellol dros eu derbyn i ysgol/dosbarth meithrin penodol. Pan fo mwy o geisiadau na nifer y lleoedd sydd ar gael, rhoddir blaenoriaeth i frodyr/chwiorydd genedigaeth luosog. \*

\*Pan fo nifer y dewisiadau a fynegwyd fwy na nifer y lleoedd sydd ar gael, gweler paragraff '7.8 Agosrwydd'.

3. Ar gyfer ceisiadau a dderbyniwyd cyn y dyddiad cau cyhoeddedig sef Dydd Llun 01 Gorffennaf 2019 ar gyfer plant a anwyd rhwng 1 Ionawr 2017 a 31 Mawrth 2017 (cynhwysol), mae meini prawf (a) i (e) [fel yr uchod] yn berthnasol.

### 3.2 Ceisiadau Hwyr

Bydd y Cyngor yn ystyried ceisiadau hwyr gydag ymgeiswyr 'ar amser' aflwyddiannus pan fo lleoedd gwag yn codi mewn ysgol feithrin gymunedol sydd â mwy o geisiadau na lleoedd a defnyddio'r meini prawf uchod a nodwyd gan y Cyngor.

### 3.3 Dim Hawl i gyflwyno Apêl Statudol

Gan fod addysg feithrin yn ddarpariaeth anstatudol, nid oes gan rieni hawl statudol i apelio dan Ddeddf Safonau a Fframwaith Ysgolion 1998 os na fyddant yn llwyddo i gael lle meithrin.

**Nid yw mynychu Dosbarth Meithrin yn golygu bod gan y plentyn hwnnw hawl awtomatig i gael lle mewn dosbarth derbyn yn yr un ysgol. Rhaid gwneud cais newydd am le mewn dosbarth derbyn.**

### 3.4 Cyllid y Blynnyddoedd Cynnar (CBC)

Mae'n rhaid i'r disgyblion fod yn byw yng Nghaerdydd ac mae'n rhaid cyflwyno tystysgrif geni plentyn gyda chais am CBC. Efallai bydd gofyn hefyd i ymgeiswyr gyflwyno tystiolaeth o'u cyfeiriad.

Rhaid i argymhelliad ysgrifenedig gan feddyg ymgynghorol neu weithiwr cymdeithasol dyddiedig ddim mwy na thri (3) mis cyn dyddiad cyflwyno'r cais roi manylion yn egluro pam na all y plentyn fynychu unrhyw un o'r Ysgolion Meithrin Cymunedol sydd ar gael.

Dylid cyflwyno ceisiadau CBC yn ystod y tymor cyn y bydd y plentyn yn gymwys i gael cyllid neu os yw'r plentyn yn dechrau mewn ysgol feithrin gyda darparwr cydnabyddedig yn hwyrach ymlaen, dylid cyflwyno ceisiadau yn ystod y tymor y cafodd y plentyn ei dderbyn. Ni fydd y Cyngor yn derbyn ceisiadau ôl-weithredol am gyllid pan fyddai lle mewn Ysgol Feithrin Cymunedol wedi bod ar gael o fewn dwy (2) filltir i gyfeiriad cartref y plentyn (wedi'i fesur yn unol â'r llwybr byrraf a mwyaf diogel sydd ar gael), ond nid yw ar gael mwyach gan fod yr ymgeisydd wedi oedi wrth ymgeisio.

Yn ogystal, ni fydd y Cyngor yn cymeradwyo ceisiadau am CBC pan gynigodd y Cyngor le mewn Ysgol neu Ddosbarth Meithrin Cymunedol ar adeg ymgeisio ond cafodd ei wrthod gan yr ymgeisydd.

Bydd y Cyngor ond yn ystyried brodyr a chwirydd oed ysgol gofynnol (ar gyfer ceisiadau ysgol feithrin a chynradd mae hyn yn cyfeirio at Ddosbarth Derbyn tan Blwyddyn 6 ac ar gyfer ceisiadau i ysgolion uwchradd mae hyn yn golygu o Flwyddyn 7 i Flwyddyn 11):

#### 7.8 **Agosrwydd**

\*Y maen prawf yma yw'r olaf fydd yn cael ei ddefnyddio o'r holl feini prawf pan fo mwy o geisiadau na lleoedd. Os yw nifer y blaenoriaethau'n fwy na nifer y lleoedd sydd ar gael mewn unrhyw faen prawf uwch, bydd agosrwydd yn cael ei ddefnyddio er mwyn penderfynu pa ddisgyblion fydd yn cael eu derbyn.

Mae'r Cyngor wedi datblygu System Wybodaeth Ddaearyddol (SWD), y cyfeirir ati fel 'Rhwydwaith Trafnidiaeth Integredig' (RTI), wedi'i greu yn unol â Gorchymyn Mesur Teithio gan Ddysgwyr (Cymru) 2008 a'r meini prawf pennu llwybrau yn Narpariaeth Statudol Teithio gan Ddysgwyr a Chanllawiau Gweithredol 2014. - a) Pan nad oes llwybr diogel ar gael, defnyddir y pwynt agosaf ar yr RTI i gyfeiriad cartref yr ymgeisydd i gyfrifo'r llwybr gyrru byrraf i'r gât ysgol agored agosaf.
- b) Dyrannu'r Lleoedd Olaf: Yn achos fflatiau penderfynir ar y llwybr asesu o fynedfa flaen pob fflat.

Ar gyfer ceisiadau i ddisgyblion sy'n byw o fewn tir mawr y DU ond y tu allan i ardal y rhwydwaith trafniadaeth integredig, caiff pellteroedd preswylfa i'r ysgol eu cyfrifo fel y pellter gyrru byrraf yn ôl mapiau google.

Pan fo ymgeiswyr yn y byw y tu allan i dir mawr Prydain, caiff pellteroedd llwybrau eu pennu fel y llwybr byrraf yn ôl mapiau google gan ddefnyddio'r mathau o drafnidiaeth sydd ar gael.

Pan nad yw tystiolaeth ddogfennol foddhaol yn cael ei derbyn, ni fydd lle yn cael ei gynnig mewn ysgol sydd â mwy o geisiadau na lleoedd yn seiliedig ar y rhesymau derbyn.

Yn ddibynnol ar ganiatâd ymgeisydd wrth gyflwyno cais, gall asiantau llywodraeth eraill wirio'r dystiolaeth gan gynnwys (os yw'n briodol) ysgol bresennol y plentyn.

### 8.1 Cyflwyno dogfennau sy'n ymwneud â phlentyn Personél Gwasanaeth y DU neu Weision eraill y Goron

Bydd plant personél gwasanaeth y DU (Lluoedd Arfog y DU) neu Weision eraill y Goron yn cael eu trin fel eu bod yn byw mewn cyfeiriad i'r dyfodol os yw'r cais yn cynnwys llythyr swyddogol gan y Weinyddiaeth Amddiffyn neu'r Swyddfa Dramor a'r Gymanwlad yn datgan dyddiad dychwelyd sicr a chadarnhad o'r cartref newydd neu'r cyfeiriad post newydd.

Bydd ceisiadau ar gyfer plant cyn-bersonél gwasanaeth y DU neu Weision y Goron eraill yn cael eu trin fel pob cais arall.

### 8.2 Cyflwyno dogfennau'n ymwneud â Chyfeiriad Cartref Plentyn

Er mwyn profi preswylfa mewn 'Cyfeiriad Cartref Plentyn' honedig, bydd angen y ddogfennaeth ganlynol.

#### Prawf Preswylfa yn y Cyfeiriad Presennol

##### **Cytundeb tenantiaeth:**

- Mae'n rhaid i Ddyddiad Dechrau'r Tenantiaeth fod ar neu cyn dyddiad cyflwyno'r cais **ac** mae'n rhaid i Ddyddiad Gorffen y Tenantiaeth fod ar neu cyn y dyddiad y byddai'r plentyn yn dechrau yn yr ysgol.

##### **Datganiad Morgais:**

- Rhaid i ddyddiad y datganiad fod yn ddim mwy na 6 (chwech) mis cyn dyddiad cyflwyno'r cais.

**Gohebiaeth y Dreth Gyngor (bil/llythyr/datganiad):**

- Yn cyfeirio at daliadau a wnaed yn y flwyddyn ariannol ddiwethaf ar gyfer yr eiddo sydd wedi'i nodi fel cyfeiriad cartref y plentyn.

**Gohebiaeth gan Gyflenwyr Gwasanaethau (bil/llythyr/datganiad trydan/nwy/dŵr):**

- Yn cyfeirio at daliadau a wnaed yn y flwyddyn ariannol ddiwethaf ar gyfer yr eiddo sydd wedi'i nodi fel cyfeiriad cartref y plentyn;
- Mae'n rhaid i ddyddiadau biliau Trydan a Nwy (neu Danwydd Deuol) fod â dyddiad ddim mwy na 6 mis cyn dyddiad cyflwyno'r cais.

**Gohebiaeth am Fudd-daliadau Plant:**

- Rhaid i ddyddiad yr ohebiaeth fod ddim mwy na 6 mis cyn dyddiad cyflwyno'r cais.

**Prawf Preswylfa yn y Cyfeiriad Newydd**

Os bydd plentyn yn symud i gyfeiriad newydd ar ôl dyddiad cyflwyno'r cais a chyn y dyddiad y bydd y plentyn yn dechrau yn yr ysgol:

**Eiddo ar Les:**

- Bydd angen cytundeb tenantiaeth newydd sy'n gorfod nodi dyddiad diwedd ar neu ar ôl y dyddiad y byddai'r plentyn yn dechrau yn yr ysgol;

**Eiddo a Berchnogir:**

- Bydd angen derbyn dogfen contractau â dyddiad ddim mwy na 6 (chwech) mis cyn dyddiad cyflwyno'r cais.

Yn ddibynnol ar ganiatâd ymgeisydd wrth gyflwyno cais, bydd y dystiolaeth yn cael ei gwirio yn erbyn cofnodion gan y Dreth Gyngor, y Gofrestr Etholiadol, plentyn yr ysgol (os yw'n briodol) a sefydliadau allanol gan gynnwys asiantaethau gwirio credyd. Os nad yw'r Cyngor yn fodlon ar y dystiolaeth a gyflwynwyd, ni fydd 'cyfeiriad cartref y plentyn' honedig yn cael ei dderbyn at ddibenion y cais am le.

**8.3 Cyflwyno dogfennau'n ymwneud â Rhesymau Meddygol Cymhellol neu Resymau Cymdeithasol Cymhellol**

Er mwyn bod yn gymwys ar gyfer rhesymau meddygol neu gymdeithasol cymhellol, rhaid i argymhelliad ysgrifenedig gan feddyg ymgynghorol neu weithiwr cymdeithasol dyddiedig ddim mwy na 6 (chwech) mis cyn dyddiad cyflwyno'r cais roi resymau manwl dros dderbyn y plentyn i ysgol benodol.

Yn ddibynnol ar ganiatâd ymgeisydd wrth gyflwyno'r cais, efallai y bydd asiantau llywodraeth eraill yn gwirio'r dystiolaeth a ddarperir gan gynnwys ysgol bresennol y plentyn (os yw'n briodol).

## **9. Y BROSES GYNIGION**

### **9.1 Cynigion Ysgol**

Os oes modd cynnig mwy nag un lle i blentyn, bydd blaenoriaeth uchaf yr ymgeisydd yn cael ei gynnig. Bydd unrhyw le ysgol arall all gael ei gynnig yn cael ei gynnig i blentyn arall.

Ni fydd penderfyniadau nac ymatebion yn cael eu datgan dros y ffôn. Byddwch yn derbyn cadarnhad ysgrifenedig (e-bost neu lythyr).

Bydd unrhyw gynnig nad yw'n cael ei dderbyn erbyn y dyddiad a nodir ar yr hysbysiad penderfyn'n cael ei dynnu yn ôl a'i gynnig i blentyn arall.

Os caiff cynnig i flaenoriaeth ysgol gymunedol uwch ei wrthod gan yr ymgeisydd ar sail yr ymgeisydd yn nodi bod ysgol wahanol wedi dod yn ysgol ddewis, mae'n rhaid i ymgeiswyr gyflwyno cais newydd er mwyn ystyried blaenoriaeth ysgol gymunedol.

### **9.2 Dim Cynigion Ysgol**

Bydd ymgeiswyr sy'n derbyn cadarnhad ysgrifenedig (e-bost neu lythyr) yn rhoi gwybod nad yw'r plentyn wedi cael cynnig mewn unrhyw un o'u blaenoriaethau ysgol, yn derbyn ffurflen ddewis arall, manylion am ysgolion cymunedol gyda lleoedd gwag ac (ar gyfer ceisiadau derbyn i grŵp oedran ysgol gorfodol) gwybodaeth ynghylch eu hawl i apelio yn erbyn penderfyniad y Cyngor.

### **9.3 Tynnu Cynnig i Ysgol yn ôl**

Cyn y dyddiad y byddai'r plentyn yn dechrau yn yr ysgol, byddai unrhyw le posibl yn gallu cael ei dynnu yn ôl os yw'n dod i'r amlwg bod amgylchiadau'r plentyn yn wahanol i'r amgylchiadau pan gynigiwyd lle iddo. Bydd penderfyniad ysgrifenedig newydd (e-bost neu lythyr) yn cael ei anfon.

### **9.4 Rhestrau Aros**

Os nad yw ymgeisydd yn cael lle mewn ysgol feithrin, cynradd nac uwchradd cymunedol, bydd yr ymgeisydd yn cael ei roi ar restr aros ar gyfer yr ysgol flaenoriaeth oni bai bod yr ymgeisydd yn rhoi gwybod i'r Cyngor bod angen tynnu'r plentyn oddi ar y rhestr aros.

Bydd ymgeiswyr sydd heb gael lle mewn Dosbarth Meithrin ar ddechrau'r tymor ar ôl eu pen-blwydd yn 3 oed yn aros ar restr aros tan diwedd Tymor yr Haf 2020.

Bydd ymgeiswyr 'ar amser' aflwyddiannus ar gyfer lle mewn Dosbarth Derbyn neu Flwyddyn 7 i ddechrau yn yr ysgol ar ddechrau'r flwyddyn academaidd (y cyfeirir ato hefyd fel y 'rownd dderbyn arferol'), yn dal i fod ar restr aros tan diwedd Tymor yr Hydref 2019.

Bydd ymgeiswyr aflwyddiannus sydd heb gael lle o Ddosbarth Derbyn i Flwyddyn 11 (cynhwysol) lle derbyniwyd y cais y tu allan i'r rownd dderbyn arferol (y cyfeirir ato hefyd fel 'cais yn y flwyddyn'), yn dal i fod ar y rhestr aros tan diwedd y tymor pan fyddai'r plentyn yn dechrau yn yr ysgol.

Sylwch nad ydym yn blaenoriaethu lleoedd ar sail y cyfnod y mae'r plentyn wedi bod ar y rhestr aros. Mae'r flaenoriaeth yn amrywio yn unol â'r meini prawf cyhoeddus pan fo mwy o geisiadau lleoedd. Caiff eich cais ei ystyried yn

unol â'r meini prawf a chaiff unrhyw leoedd sy'n dod ar gael eu dyrannu ar y sail honno. Gallai safle plentyn ar y rhestr aros newid, gan y gallai ceisiadau ddod i law sydd â blaenoriaeth uwch dan y meini prawf pan fo mwy o geisiadau na lleoedd.

Os yw plentyn yn cael ei ddyrannu oddi ar y rhestr aros, byddai'r Cyngor yn cysylltu â'r ymgeisydd ac yn gofyn iddynt gadarnhau a ydynt yn derbyn lle. Ar ôl derbyn, bydd unrhyw le ysgol arall y gallai'r plentyn fod wedi'i gael yn cael ei ryddhau a'i gynnig i blentyn arall.

Unwaith y mae dyddiad gorffen y rhestr aros wedi mynd heibio, os yw plentyn am i'w plentyn barhau i gael ei ystyried am le, bydd angen cyflwyno cais newydd.

**Ni allwn warantu lle i blentyn yn ei ysgol ddalgyrch nac yn yr ysgol y mae ei frodyr neu chworydd yn ei mynychu.**

I sefydlu trefniadau derbyn nad oes ganddynt feini prawf gwahaniaethol yn unol â Chod Derbyn yr Ysgol a gweinyddu'n deg derbyn plant cymwys i ddsbarthiadau/ysgolion meithrin, cynradd ac uwchradd yn seiliedig ar ddewis rhiant/gwarcheidwaid yn unol â'r meini prawf derbyn a fanylir ym Mholisi Derbyniadau Ysgol 2019/20 Cyngor Caerdydd.

gwahaniaethu.

O ran derbyn i ysgolion cymunedol, caiff pob disgybl a darpar ddisgybl eu trin yn gydradd waeth beth fo'u rhywedd, hil, ethnigrwydd, diwylliant, cenedligrwydd, iaith, gallu/anabledd neu gred grefyddol.

Y Cyngor yw Awdurdod Derbyn y canlynol:

- Ysgolion Meithrin Cymunedol/Dosbarthiadau Meithrin mewn Ysgolion Cymunedol
- Ysgolion Cynradd Cymunedol
- Ysgolion Uwchradd Cymunedol

Er mwyn hwyluso'r broses dderbyn, rhaid i'r Awdurdod Lleol ystyried y canlynol:

- Mae gan blant yr hawl i le meithrin rhan amser o ddechrau'r tymor yn dilyn eu pen-blwydd yn dair oed a rhaid iddynt ei fynychu am bum hanner diwrnod.
- Caiff plant eu derbyn i ddsbarthiadau derbyn yn y mis Medi'n dilyn eu pen-blwydd yn bedair oed.
- Mae plant yn trosglwyddo i addysg uwchradd ym mis Medi yn dilyn eu pen-blwydd yn un-ar-ddeg oed.
- Rhaid i bob ysgol a gynhelir dderbyn disgyblion hyd at eu Nifer Derbyn cyhoeddedig.

Mae gan rieni'r hawl i fynegi dewis ysgol, caiff rhain eu hystyried yn unigol, ac chydymffurfir â hwy lle bynnag y bo'n bosibl. Bydd rhai ysgolion yn derbyn mwy o geisiadau am leoedd nag sydd o leoedd ar gael. Pan fo hyn yn digwydd, ystyrir y dewis ysgol o hyd ond bydd y meini prawf pan fo mwy o geisiadau na lleoedd a bennir gan y Cyngor yn cael eu gweithredu. Wrth benderfynu pa plant i'w derbyn i ysgol, mae'r Cyngor yn defnyddio'r meini prawf a osodwyd yn ei Ddogfen Polisi Derbyn i Ysgolion ac yn archwilio'r rhinweddau i gefnogi pob achos drwy ystyried unrhyw resymau a gyflwynir yn cefnogi unrhyw ddewis a nodir.

Os yw rhieni'n anfodlon ar ganlyniad cais am Ysgol benodol, gallant apelio i'r Panel Apeliadau Statudol Annibynnol. Bydd unrhyw benderfyniad a wna'r Panel yn rhwymo'r Cyngor, yr ysgol a'r apelydd. Os na fydd yr apêl yn llwyddiannus, ni fydd ceisiadau pellach i apelio am le yn yr un ysgol yn cael eu hystyried tra bod y disgybl ar y rhestr aros, oni bai bod y Cyfarwyddwr Addysg a Dysgu Gydol Oes yn penderfynu bod newidiadau sylweddol a materol yn amgylchiadau'r disgybl/rhieni neu ysgol.

Nid oes hawl i apelio derbyn i Ysgol Feithrin Gymunedol/Dosbarthiadau Meithrin mewn Ysgolion Cymunedol.

Datblygwyd y cynnig hwn yn unol â gofynion Deddf Cydraddoldeb 2010 drwyddi draw a chan gydymffurfio â Chod Derbyn i Ysgolion Llywodraeth Cymru E.3 sy'n nodi:

**CYNGOR CAERDYDD**  
**Asesiad o'r Effaith ar Gydraddoldeb**  
**Templed Asesu Corfforaethol**

**"Ni chaiff** awdurdod derbyn wahaniaethu ar sail anabledd; ailbennu rhywedd; beichiogrwydd a mamolaeth; hil; crefydd neu gred; rhyw na chyfeiriadedd rhywiol, yn erbyn rhywun yn y trefniadau a'r penderfyniadau a wna o ran pwy a gaiff gynnig lle fel disgybl."

Yn unol ag Adran 89 Deddf Safonau a Fframwaith Ysgolion 1998 a Rheoliadau Addysg (Penderfynu ar Drefniadau Derbyn) (Cymru) 2006, mae gofyn i'r Awdurdodau Derbyn adolygu eu Trefniadau Derbyn i Ysgolion bob blwyddyn.

Rhaid i'r Cyngor hefyd gyflawni ei ddyletswyddau sector cyhoeddus dan Ddeddf Cydraddoldeb 2010 (gan gynnwys dyletswyddau sector cyhoeddus sy'n benodol i Gymru). Yn unol â'r dyletswyddau cyfreithiol hyn, rhaid i'r Cyngor, wrth wneud penderfyniadau, roi ystyriaeth briodol i'r angen i (1) osgoi gwahaniaethu anghyfreithlon; (2) hybu cyfle cyfartal a (3) meithrin perthnasau da ar sail y nodweddion a ddiogelir.

Rhaid i'r Cyngor hefyd beidio â gwahaniaethu'n uniongyrchol nac yn anuniongyrchol yn erbyn unrhyw ddisgybl yn ei drefniadau derbyn, golyga hyn na fydd unrhyw ddisgybl na grŵp o ddisgyblion yn cael ei drin yn llai ffafriol yn seiliedig ar nodwedd a ddiogelir.

Y nodweddion a ddiogelir yw:

- Oedran
- Anabledd
- Ailbennu Rhywedd
- Priodas a Phartneriaeth Sifil
- Beichiogrwydd a Mamolaeth
- Hil – gan gynnwys tarddiad ethnig neu genedlaethol, lliw neu genedligrwydd
- Crefydd neu gred – gan gynnwys diffyg cred
- Rhyw
- Cyfeiriadedd rhywiol

**Rhowch fanylion/canlyniadau'r effaith wahaniaethol, a rhowch dystiolaeth ategol, os yw ar gael.**

Ni ddisgwylir i gynnwys Cynllun Gofal Iechyd Unigol a Ariennir (FIHP) fel diwygiad i'r Panel Asesu'r Blynyddoedd Cynnar (EYAP)/ Panel Cynghori Ar Achosion (CAP) a disodli defnydd meini prawf is fel rhywbeth i dorri dadl gydag agosrwydd yr ysgol i'r cyfeiriad gartref fel rhywbeth i dorri dadl o fewn pob un o'r meini prawf, i gael unrhyw effaith wahaniaethol yn erbyn y nodwedd hon a ddiogelir.

Ni ddisgwylir i ail-raddio'r maen prawf brodyr a chwirydd a gyfarwyddwyd gael unrhyw effaith wahaniaethol yn erbyn y nodwedd hon a ddiogelir oherwydd byddai'r rhai a dderbyniwyd o dan y maen prawf hen ar gyfer derbyniad mis Medi 2017 (7 o ddisgyblion) wedi cael eu derbyn o dan feini prawf eraill.

Ni ddisgwylir i ddileu'r maen prawf o ran yr un bellaf o ysgol amgen a'r maen prawf ar dderbyn cyn amser gael unrhyw effaith wahaniaethol yn erbyn y nodwedd hon a ddiogelir - ni chafodd y naill na'r llall ei weithredu ar gyfer unrhyw ymgeisydd a ystyriwyd ar gyfer derbyniad Medi 2017.

Yn y bôn, disgwylir na fyddai unrhyw effaith wahaniaethol, yn effeithio ar y nodwedd warchoddedig hon, o ganlyniad i weithredu'r Polisi Derbyniadau Ysgolion.

Yn y bôn, disgwylir na fyddai unrhyw effaith wahaniaethol, yn effeithio ar y nodwedd warchoddedig hon, o ganlyniad i weithredu'r Polisi Derbyniadau Ysgolion.

Datblygwyd y cynnig hwn yn unol â gofynion Deddf Cydraddoldeb 2010 drwyddi draw a chan gydymffurfio â Chod Derbyn i Ysgolion Llywodraeth Cymru E.3 sy'n nodi:

**"Ni chaiff** awdurdod derbyn wahaniaethu ar sail **anabledd**; ailbennu rhywedd; beichiogrwydd a mamolaeth; hil; crefydd neu gred; rhyw na chyfeiriadedd rhywiol, yn erbyn rhywun yn y trefniadau a'r penderfyniadau a wna o ran pwy a gaiff gynnig lle fel disgybl."

Gallai fod effaith wahaniaethol gan y byddai rhoi'r Polisi Derbyn i Ysgolion ar waith yn caniatáu i flaenoriaeth gael ei rhoi i ymgeiswyr pan fo'r deddfwriaeth a'r mesurau diogelu'n rhagnodi cynnwys meini prawf penodol o ran Anghenion Addysgol Arbennig sy'n cefnogi disgyblion ag anableddau sydd hefyd yn anawsterau dysgu.

Mae deddfwriaeth AAA yn rhoi blaenoriaeth absoliwt i'r disgyblion hyn mewn perthynas â derbyniadau ac mae ganddi broses apelio annibynnol ar wahân i dribiwnlys AAA Cymru. Byddai hyn yn effaith bositif os oedd y radd angen cymaint fel bod lleoli ffafriol yn berthnasol.

Mae gan bob ysgol ymrwymiad i wneud darpariaeth ar gyfer disgyblion ag AAA ac i wneud addasiadau rhesymol o dan Ddeddf Cydraddoldeb 2010 i adeiladau'r ysgol ac ym mhob maes arall ar gyfer disgyblion ag anableddau.

Yn yr un modd gallai fod effaith wahaniaethol gan y byddai rhoi'r Polisi Derbyn i Ysgolion ar waith yn caniatáu rhoi blaenoriaeth i ymgeiswyr y gellid profi bod ganddynt anghenion penodol am resymau meddygol a/neu gymdeithasol cymhellol. Câi effaith gadarnhaol petai maint yr angen yn gofyn am leoliad ffafriol.

Mae yna botensial o ran effaith yn y dyfodol, fodd bynnag mae'r polisi derbyn yn cael ei adolygu, yr ymgynghorir arno a'i benderfynu bob blwyddyn.

Fel y cytunwyd yn y cyfarfod Cabinet ar 16 Tachwedd 2017, mae swyddogion wedi cael awdurdod i ystyried ymhellach sut gall meini prawf derbyn eraill effeithio'n bositif ar amrywiaeth a/neu ddisgyblion sydd dan anfantais gymdeithasol neu economaidd.

**CARDIFF COUNCIL  
CYNGOR CAERDYDD****CABINET MEETING: 15 MARCH 2018**

---

**PAY POLICY STATEMENT 2018/19****FINANCE, MODERNISATION AND PERFORMANCE (COUNCILLOR  
CHRIS WEAVER)****AGENDA ITEM: 8**

---

**REPORT OF CORPORATE DIRECTOR RESOURCES****Reason for this Report**

1. To ask the Council to agree a Pay Policy Statement for 2018/19, in accordance with the requirements of the Localism Act 2011.

**Background**

2. The Council understands the importance of having a clear written policy on pay for employees. The Pay Policy Statement (Appendix 1) provides a framework to ensure that employees are rewarded fairly and objectively without discrimination.
3. This Pay Policy Statement complies with the statutory requirement under the Localism Act 2011, which has led to the Council adopting annual pay policy statements since 2012. Agreement to (and subsequent publication) of this seventh annual Pay Policy Statement will ensure continued compliance with this legislation.
4. The focus of the legislation is about transparency of pay for Chief Officers and how their pay compares with lower paid employees in the Council. However, in the interests of transparency and accountability the Council has chosen since 2011 to take a broader approach and produce a Pay Policy Statement covering all employee groups, with the exception of teachers (as the remuneration for this latter group is set by the Secretary of State and therefore not in local authority control). This Pay Policy Statement excludes Members of the Council as they are not employees and are governed by separate legislation via the Independent Remuneration Panel for Wales.
5. The legislation also requires the Council to provide information about redundancy payments that are made to employees who leave the organisation. The current Voluntary Redundancy Policy has been in place since 3<sup>rd</sup> April 2015, and annual reviews since then have resulted in no further changes.

6. Redundancy payments made under the Policy are calculated with reference to a week's pay up to a maximum of £489.00. It should be noted that due to a ruling by an Employment Appeal Tribunal (EAT) in the case of *University of Sunderland v Drossou*, in June 2017, employers must ensure that a week's pay includes remuneration 'payable by the employer under the contract of employment' and that this value should not be limited by what the employee directly receives. The rationale offered by the EAT was that employer's pension contributions formed part of the overall package of 'remuneration' offered to an employee in return for their services. The result of this is that retrospective to 13 June 2017, where appropriate, the employer's pension contributions have been included in the calculation of an employee's weekly pay, subject to the £489 maximum stated in the Voluntary Redundancy Policy. There will be no change to the Voluntary Redundancy Policy for 2018/19.

#### Chief Officer Pay

7. The Standing Orders (Wales) Amendment Regulations 2014 introduced a requirement that: "*The relevant authority [i.e. full Council] must determine the level, and any change in the level, of the remuneration to be paid to a Chief Officer*".
8. Chief Officers of this Authority are employed under JNC terms and conditions which are incorporated into their contracts of employment. They are therefore contractually entitled to any JNC pay rises and the withholding of such increases, pending agreement by full Council, could result in claims against the Authority of 'unlawful deduction from wages' or 'breach of contract'.
9. Due to the practical implications of this requirement, Welsh Government, agreed that the requirement could be met by full Council voting on a resolution to pay the nationally agreed pay awards, as and when determined by the JNC for Chief Officers. Such a resolution was made by full Council and a clause has been included to this effect in the 2015/16 and subsequent Pay Policy Statements. This clause can only be revoked by full Council, and if such a decision was taken, the Pay Policy Statement would need to be amended accordingly.

#### NJC Local Government Services Pay Award 2018

10. The National Employers for Local Government Services are currently consulting the trade unions on the pay offer for the period 1<sup>st</sup> April 2018 to 31<sup>st</sup> March 2020. The Council's current pay scale is attached in Annex 2, and details of the NJC pay offer are set out in Annex 3.
11. The proposals effective from 1 April 2018 seek to ensure that the gap with the National Living Wage is closed by bottom loading on the lower spine points to Point 19. For all other Spine Points a flat rate increase of 2% is proposed. The National Employers for Local Government Services estimate that the first year of the pay offer would increase the national pay bill by 2.707%.

12. The proposals effective from 1<sup>st</sup> April 2019 would result in a review of the national range of spine points which would include the merging of spine points at the lower end of the range. The full implications of this will be assessed and reported once the national position is confirmed.

### Redundancy Packages

13. Currently, Welsh Government guidance on Pay Policy Statements states that where a Chief Officer will be in receipt of a redundancy package above £100,000 this must be agreed by full Council. In Cardiff, the cap on redundancy payments is £22,005 from 6<sup>th</sup> April 2017 (current weekly maximum is £489, and the April 2018 increase is yet to be confirmed by the Department for Business, Innovation and Skills). Therefore, a redundancy payment alone will not need to go to full Council. However, as salary paid in lieu and the full cost of early release of pension must be included in the total cost of a redundancy package there may be instances where the agreement of full Council will be required. This is incorporated into the proposed Pay Policy Statement in paragraph 58.

### UK Government Changes

14. Alongside the position set out in paragraph 9 above, the UK Government is in the process of introducing a number of changes which impact on public sector exit payments. These changes, which have not progressed further since they were reported to Cabinet in 2017, are as follows:
  - (i) Introduction of a £95k Exit Payment Cap

As a result of the Enterprise Act 2016, the UK Government introduced legislation which included provisions to cap the total value of public sector exit payments, (including payment of compensation and pension strain) at £95,000. HM Treasury are yet to finalise the regulations and therefore the cap is not yet in place. Welsh Government will have the power to relax the cap in relation to exit payments made by authorities that wholly or mainly exercise devolved functions, which includes local authority staff. Until the regulations are finalised it is unclear as to how Welsh Government will operate the waiver in practice.
  - (ii) Wider Review of the Public Sector Exit Payment Schemes

Concurrently, the UK Government intend to introduce a framework of changes to the terms of public sector exit payment schemes which will affect local government employees, including teachers. Although it was expected that changes will be made to the relevant schemes by June 2017 the UK Government has not provided details on their proposed approach to date.
  - (iii) Recovery of Exit Payments (Clawback)

The final change will be the ability to recover exit payments made to employees earning over £80,000 who leave the public sector but are then re-engaged in the public sector within a 12 month period.

15. There is a clear link between the changes outlined in (i) and (ii) above. Indications are that the changes to the terms used to calculate exit payments will (most likely) be less beneficial to the employee, and the consequence of this is that the cap of £95,000 is less likely to be breached in future.

### Gender Pay Gap

16. The Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017, which relate to public sector employers in England and Wales, requires the publication of gender pay gap data based on a 'snapshot' date of 31<sup>st</sup> March.
17. Since the publication of the regulations it has been clarified that local authorities in Wales are not covered by the requirement to formally publish a Gender Pay Gap report, but instead must manage gender pay differences. On this basis, there is no requirement on the Council to publish anything other than the data we have published to date.
18. With more public sector employers being required to report on their Gender Pay Gap, and with increasing media and public interest, the Council has been in receipt of requests for information under the Freedom of Information Act. It is anticipated that such requests will further increase, and in line with the Council's commitment to fairness and transparency, it is proposed that the Council voluntarily publishes its Gender Pay gap report as part of the annual Pay Policy Statement, effective from the proposed 2018/19 statement, which will be published by 31<sup>st</sup> March 2018.

### Non-Guaranteed Working Hours

19. In December 2016 the Welsh Government issued principles and guidance on the appropriate use of non-guaranteed hours arrangements in the devolved public services in Wales. These principles and guidance were developed by the Public Services Staff Commission in social partnership with the Welsh Government's Partnership Council and its sector groups. The Council is committed to the principles determined by Welsh Government which apply to those employees who are employed on a relief, casual or sessional basis. These employees are used in services within the Council where there is either a need to bring in an additional workforce in order to cover peaks in workload, such as in the Emergency Duty Team, or where the workload is on a one off basis, such as Events.

### **Reason for Recommendations**

20. To comply with the legal requirement under the Localism Act 2011 to produce a Pay Policy Statement, and at the same time to provide transparency and accountability in the Council's arrangements for rewarding its staff.

## **Legal Implications**

21. Under Section 38 of the Localism Act 2011 the Council must prepare a Pay Policy Statement for each financial year before the commencement of that year. The Pay Policy Statement for 2018/19 must therefore be approved by 31<sup>st</sup> March 2018.
22. The Act requires that the Pay Policy Statement covers certain specific matters and the Welsh Government has issued statutory Guidance in relation to Pay Policies.
23. The proposed Pay Policy Statement for 2018/19 meets the requirements of the Act and Welsh Government Guidance.
24. The Pay Policy Statement must be published on the Council's website.
25. The Council's pay structures are considered to be compliant with Equalities legislation.

## **Financial Implications**

26. The rates of pay and conditions set out in the Pay Policy Statement are reflected in the Council's budget for 2018/19.

## **Human Resource Implications**

27. The recommendation will not impact on employees across the Council as it merely outlines in one policy, existing and agreed arrangements for pay and remuneration of employees.
28. The implications of the Local Government Services 2018/20 national pay award will be assessed once the position national employers conclude negotiations.

## **RECOMMENDATIONS**

Cabinet is recommended to approve the attached Pay Policy Statement 2018/19 (Appendix 1) for consideration by Council on 22 March 2018 and notes:

- (i) the employer's pension contributions have been included in the calculation of an employee's weekly pay, where appropriate
- (ii) that the Council will need to take steps to implement changes arising from the NJC for Local Government Pay for 2018/20
- (iii) the inclusion of the Gender Pay Gap report
- (iv) the commitment to the principles and guidance on the appropriate use of non-guaranteed hours arrangements in the devolved public services in Wales, as developed by the Public Services Staff

Commission in social partnership with the Welsh Government's Partnership Council and its sector groups.

**CARDIFF COUNCIL**

**PAY POLICY STATEMENT 2018/19**

**INTRODUCTION AND PURPOSE**

1. Cardiff Council recognises the importance of managing pay fairly and consistently in a way that motivates employees to make a positive contribution to the Council's business. The decisions that are taken regarding pay are crucial to maintaining equality across the Council. The production of a Pay Policy Statement supports this approach and will provide transparency.

**SCOPE**

2. The Localism Act 2011 requires authorities to develop and make public a pay policy statement on all aspects of Chief Officer remuneration (including on ceasing to hold office), and that pertaining to the 'lowest paid' in the authority, explaining their policy on the relationship between remuneration for Chief Officer and other groups. However, in the interests of transparency and accountability the Council has chosen to take a broader approach and produce a policy statement covering all employee groups with the exception of teachers (as the remuneration for this latter group is set by the Secretary of State and therefore not in local authority control). This policy does not apply to Members of the Council as they are not employees and are governed by separate legislation via the Independent Remuneration Panel for Wales.

**LEGISLATION**

3. In determining the pay and remuneration of all its employees, the Council will comply with all relevant legislation. This includes the Equality Act 2010, Part Time Employment (Prevention of Less Favourable Treatment) Regulations 2000, Agency Workers Regulations 2010 and where relevant the Transfer of Undertakings (Protection of Employment) Regulations 2006. With regard to the Equal Pay requirements contained within the Equality Act, the Council will ensure there is no pay discrimination within its pay structures and that all pay differentials can be objectively justified through the use of equality proofed Job Evaluation mechanisms which directly relate salaries to the requirements, demands and responsibilities of the role.
4. This policy statement incorporates the Cardiff Council's Pay Policy Statement as required by the Localism Act 2011.

**RESPONSIBILITY AND SCOPE**

5. The Council is directly responsible for a budget of £587 million (2017/18) and for the employment of 13,268 employees (as at December 2017). The Council provides services to a total population of 361,500 (rounded to the nearest 100) according to Nomis, a service within the Office of National Statistics. In the 2016-21 Cardiff

Housing Strategy report, the Council was recorded as having a Council housing stock of 13,657 and in September 2017 there were 53,997 pupils enrolled in our schools.

## DEFINITIONS

6. **Chief Officer** – the Localism Act 2011 defines Chief Officer as:
  - Head of Paid Service - in Cardiff this is the Chief Executive
  - Monitoring Officer – in Cardiff this is the Director of Governance & Legal Services
  - Statutory Chief Officers – in Cardiff these are -
    - Director for Education and Lifelong Learning,
    - Director of Social Services
    - Corporate Director Resources who undertakes the role of Section 151 Officer
  - Non-statutory Chief Officers – this refers to non-statutory posts that report directly to the Head of Paid Service so in Cardiff this would be –
    - Corporate Director for People and Communities
    - Director for Economic Development
    - Director for Planning, Transport and Environment
  - Deputy Chief Officers – this refers to officers that report directly to statutory or non-statutory Chief Officers. In Cardiff this includes –
    - Assistant Director for Education and Lifelong Learning
    - Assistant Director for Children’s Services
    - Assistant Director for Corporate Landlord
    - Assistant Director for Housing and Communities
    - Assistant Director for Customer Services
    - Assistant Director for Street Scene
    - Head of Service for Finance
    - Head of Performance and Partnerships
    - Head of Democratic Services – statutory role which reports to the Monitoring Officer
    - Chief Officer for HR People Services
    - Chief Digital Officer
  - There are also some Operational Managers that report directly to statutory or non-statutory Chief Officers (Corporate Director Resources, Directors of Economic Development; Governance and Legal Services; Social Services) and so for the purposes of this policy these posts are included within this definition. Operational Managers are employed on the same terms and conditions as the Council’s Heads of Service and Chief Officers as indicated in paragraph 17.
7. **Lowest Paid Employees** – the Localism Act 2011 requires the Council to define its ‘lowest paid employee’ within the pay policy statement. Within the Council the lowest paid employees are those appointed on SCP6 of the NJC nationally agreed pay spine. However, with effect from 1st September 2012 the Council adopted the Voluntary Living Wage for its employees. Therefore, the minimum pay is currently £8.45 per hour. This is to rise to £8.75 per hour from 1st April 2018.
8. The Voluntary Living Wage paid by the Council is higher than the Government’s compulsory National Living Wage for over 25 year olds which currently is £7.50 per hour (from April 2017).

9. **Pay** – the Localism Act 2011 defines remuneration as ‘salary, bonuses, charges, fees or allowances payable, any benefits in kind, increase or enhancement of pension entitlement. This definition is adopted for the term **pay** used in this policy.

## **KEY PRINCIPLES**

10. This policy statement aims to ensure that all employees are rewarded fairly and without discrimination for the work that they do. It reflects fairness and equality of opportunity, the need to encourage and enable employees to perform to the best of their ability and the commitment to operate a transparent pay and grading structure.
11. The Council recognises that pay is not the only means of rewarding and supporting employees and offers a wider range of benefits, such as flexible working arrangements, access to learning and development, a Health and Wellbeing Charter and an Employee Assistance Programme, etc.
12. To ensure these principles are embedded the Council will ensure that there are clear and rational processes for setting and reviewing salaries for all employees, and that there is sufficient flexibility to take into account the pay market and recruitment and retention factors.
13. Any policy statement on pay has to be affordable and support the provision of high quality public service.

## **PAY DETAILS**

### Pay Ranges – previous ‘NJC Green Book’ and ‘JNC Craft’ Employees

14. All former NJC Green Book and JNC Craft positions within the Council went through a job evaluation (JE) process using the Greater London Provincial Council (GLPC) scheme, and the Council has Collective Agreements in place with UNISON, GMB and Unite.(NJC Green Book) and UNISON, GMB, Unite and UCATT (JNC Craft). The JE process is also used to determine the grades for all new posts in these employee groups and ensures that men and woman receive equal pay for work of equal value.
15. The Council’s pay and grading structure links the scores from the job evaluation process directly to the NJC pay structure. This national pay structure ranges from spinal column point (SCP) 6 to 49 which equates to £15,014 to £43,821 at 1<sup>st</sup> April 2017. Within Cardiff we have in place 10 grades that span across SCPs 6-46 which equates to £15,014 to £41,025, at 1<sup>st</sup> April 2017. Each grade has a number of incremental points. More information about the GLPC Scheme and the grades of the Council can be found in the Council’s Single Status Collective Agreement. The agreed grades can be seen at Annex1.
16. As a result of the Single Status Collective Agreement the Council ceased to use the lowest point of SCP4 from 1<sup>st</sup> April 2012, and SCP5 was deleted from 1<sup>st</sup> October 2015. This had a positive impact on the lowest paid employees of the Council.

However, it is important to note that as set out in paragraph 8, since September 2012 the Council has paid the Voluntary Living Wage.

17. From 1<sup>st</sup> April 2018 the National Employers for Local Government Services are proposing a two year pay offer, which is fully set out in Annex 2, and summarised as follows:

Year One – 1<sup>st</sup> April 2018

**Bottom Loading on SCPs 6 to 19 inclusive** - resulting in a new bottom rate of £8.50 per hour. It must be noted that the Council will continue to pay the Voluntary Living Wage where applicable.

**Increase on SCPs 20 and above** – resulting in a flat rate increase of 2.0%

Year Two – 1<sup>st</sup> April 2019

The ‘pairing off’ of the bottom twelve pay points into six new pay points, starting with a bottom rate (merged SCP 1 and SCP2 of £9.00. In addition. The proposal is to ‘iron out’ the random gaps between pay points and have increments of 2.0% between the new SCP1 and SCP 22.

From SCP 23 onwards, a flat increase of 2.0% is proposed, with the retention of the current random differentials.

18. If agreement is reached on the above proposals there may be a need to realign some the Council’s pay and grading structure with the new national scale.

Pay Ranges – Chief Officers and Operational Managers

- 19 Posts at Operational Manager and above are employed on JNC Chief Officer terms and conditions, and pay levels for these posts have been evaluated using the Korn Ferry Hay (formerly Hay) Job Evaluation Scheme since 1999.
20. The JNC for Chief Officers negotiates on national (UK) annual cost of living pay increases for this group, and any award of same is determined on this basis. Chief Officers employed under JNC terms and conditions are contractually entitled to any national JNC pay rises. This Council will therefore pay these nationally agreed pay awards as and when determined, unless full Council decides otherwise.
21. The following table shows the pay for the Senior Management structure:

<b>Level</b>	<b>Salary*</b>
Chief Executive	£173,417
Corporate Director for Resources and Corporate Director for People and Communities	£132,613
Directors	£122,412
Chief Digital Officer	£98,270

Chief Officers, Assistant Directors	£83,240

\* Effective from 1<sup>st</sup> April 2017 in line with JNC for Chief Officers and JNC Chief Executive national pay agreement.

22. When evaluating Chief Officer posts, Korn Ferry Hay are asked to provide information on salary levels based on their assessment of relative job sizes and benchmarking against market comparisons for posts of similar size and complexity. Any report from Korn Ferry Hay on changes to salary levels would be presented to the Council's Employment Conditions Committee (ECC) which has the following functions delegated to it under the Council's Constitution:

(i) *To consider and determine policy and issues arising from the organisation, terms and conditions of Chief Officers and Deputy Chief Officers (as defined in the Local Authorities (Standing Orders) (Wales) Regulations 2006), together with any other category of employee specified in Regulation from time to time where this is necessary, subject to the approval of Council in respect of any determination or variation of the remuneration of Chief Officers.*

(ii) *To decide requests for re-grading of Chief Officers and Deputy Chief Officers (as defined in the Local Authorities (Standing Orders) (Wales) Regulations 2006), together with any other category of employee specified in Regulation from time to time, whether by way of appeal by an employee against a decision to refuse a re-grading application or to decide applications for re-grading which are supported, subject to the approval of Council in respect of any determination or variation of the remuneration of a Chief Officer.*

23. Since 2009/10 the Council has published pay details for Chief Officer posts on its website. Previous to this, the number of officers at each salary band over £60,000 were set out. The information can be found in the 'Statement of Accounts' which is accessed via the tab 'Your Council' and then the link to 'Council Finance'. The Chief Executive pay has been published on the website since 2010.

24. The current pay levels within the Council define the multiple between the lowest paid (full time equivalent) employee (£16,302) and the Chief Executive (£173,417) as [1:11] and; between the lowest paid employee (£16,302) and median Chief Officer (£83,240) as [1:5].

The multiple between the median full time equivalent earnings (£22,658) and the Chief Executive (£173,417) is [1:7] and; between the median full time equivalent earnings (£22,658) and median Chief Officer (£83,240) is [1:4].

These figures are based on basic salary on 1st April 2017.

25. The Council does not use performance related pay or bonuses for Chief Officers.

### Pay Ranges – Employees other than Chief Officer and previous ‘Green Book’ and ‘Craft’ employees

26. The Council also has employees on other national terms and conditions, i.e. JNC Youth and Community, Soulbury and Teacher terms and conditions. Pay for these employees is based on the relevant nationally agreed rates of pay. Pay rates are included in Appendix 4 for information.

### Incremental Progression – all employees

27. Incremental progression for ‘Green Book’, ‘Craft’ employees and Operational Managers is not automatic but is dependent upon a successful performance review. Following a successful performance review, increments are normally effective from the 1<sup>st</sup> April each year. For ‘Green Book’ and ‘Craft’ employees, this requirement is detailed in the relevant Single Status Collective Agreement, and for Operational Managers this is contained within their terms and conditions.

### Salary on Appointment – all employees

28. Posts are advertised on the agreed grade and the minimum and maximum salary is stated. In practice, most appointments are made at the bottom of the range, but there is discretion to appoint at a higher point on the range. This would usually be to match a candidate’s current level of pay or in particular circumstances.

### Pay Review – all employees

29. All pay is reviewed in line with the national pay awards negotiated by the Local Government Employers in conjunction with the recognised Trade Unions at a national level. Please see paragraph 20 in relation to JNC for Chief Officer national pay awards.

### Market Supplements – all employees

30. It is recognised that there will be exceptional occasions where the market rate for certain key jobs is higher than that provided for by the new pay and grading structure. In these circumstances, the grading of the post will be reviewed in accordance with the new Market Supplement Scheme agreed as part of the Council’s single status package. The scheme is applicable to all those covered by the green book, Craft employees, JNC for Chief Officers, JNC for Youth & Community Workers and those on Soulbury terms and conditions. Proposals to pay a Market Supplement must be supported by a full evidence based business case, and follow the agreed decision making processes of the Council.

## **ADDITIONAL PAYMENTS**

31. Employees employed under the previous ‘Green Book’ and ‘Craft’ terms and conditions are paid on the same terms and conditions and pay scales through Single Status. However, a tool allowance has been retained for relevant craft posts.

### NJC ‘Green Book’ and JNC ‘Craft’ Employees

32. Additional payments are made as detailed in their respective Collective Agreements. The types of additional payments made include: overtime and Saturday and Sunday working at time and a half, recalls to work attract a minimum payment of 2 hours payment, public holiday payments, car allowances, motorcycle and bicycle allowances, stand by and call out payments, night /evening /unsocial hours payments, shift work allowance, sleeping in duty payment, first aid allowance, relocation payment and payment for professional subscriptions. In order to manage an ongoing budgetary pressure, in the financial year 2018/19 payments for interview expenses, relocation expenses and professional subscriptions (which are not legal requirements of a post) will not be made. This has consistently been applied since the 2016/17 financial year.

#### Chief Officers and Operational Managers

33. Additional payments made include car, motorcycle and bicycle allowances which have been harmonised for all Council employees using the single rate based on the HMRC arrangements paid for business mileage, i.e. currently 45p per mile.
34. Interview Expenses and Relocation Assistance – Consistent with a decision applied since the 2016/17 financial year, these payments will not be made for the 2018/19 financial year.
35. Professional Subscriptions – For the financial year 2018/19 these will continue to only be paid by the Council where it is an essential requirement of the post.
36. Returning Officer Fees - The appointment of Electoral Registration Officer is required by S8 Representation of the People Act 1983, and the appointment of Returning officer by S35 Representation of the People Act, 1983. In Cardiff, whilst the role of Electoral Registration Officer and Returning Officer is part of the job description of the Chief Executive, it continues to be carried out by the Corporate Director Resources. The fee for parliamentary, European Union, Welsh Government, Police and Crime Commissioner elections and all referenda are set by legislation. For these externally sponsored elections the fee is funded through grant awarded by the Welsh Government in respect of its election, and by Central Government in respect of the other elections. Local authorities have the discretion to set the fee for local elections. In the Council the fee for local elections (including ordinary and casual) is set in line with the fee agreed for the Welsh Government elections.

#### Other Employees

37. The Council is looking to negotiate with trade unions to harmonise the additional payments for JNC Youth and Community and Soulbury employees with those paid to 'Green Book' and 'Craft' employees. The Council's intention is to commence negotiations in the next financial year.

#### **HONORARIA AND ACTING UP SCHEMES**

38. The Council has schemes for payment where an employee acts up into a post at a higher level of pay (Acting Up Scheme) or where they undertake additional duties at a

higher level of responsibility (Honouraria Scheme). These schemes are applicable for all Council employees, excluding teachers, however for the financial year 2018/19 use of the Honouraria Scheme will continue to be withdrawn in order to manage an ongoing budgetary pressure.

## ANNUAL LEAVE

### Green Book and Craft employees, Chief Officers and Operational Managers

39. The annual leave entitlement is 27 days, rising to 32 days after 5 years' service. Plus 8 bank holidays.

### Other Employees

40. The annual leave entitlement for JNC Youth & Community is 30 days, rising to 35 days after 5 years' service. The Soulbury entitlement is 25 days rising to 30 days after 5 years' service. Plus 8 bank holidays and 4 extra statutory days for both groups.
41. The entitlements to annual leave are pro rata for part time employees.
42. The Council has in place an Annual Leave Purchase scheme, whereby employees can purchase up to 10 days annual leave, which is then payable by monthly deductions during the leave year. As at January 2018, 192 employees had accessed the scheme in the 2017/18 annual leave year.

## GENDER PAY GAP REPORT

43. The Council has published a Gender Pay Gap report as part of its Annual Equalities Monitoring Report. The Council has a Job Evaluation process to determine the grades for all posts which ensures that men and woman receive equal pay for work of equal value. The following Gender Pay Gap information sets out the differences in the average pay between men and women as at 31<sup>st</sup> March 2017:

	Mean Hourly Rate	Median Hourly Rate
<b>Male</b>	13.40	12.01
<b>Female</b>	12.97	11.27
<b>Pay Gap</b>	<b>3.21%</b>	<b>6.16%</b>

44. The **mean** average involves adding up all of the hourly rates and dividing the result by how many numbers were in the list. The **median** average involved listing all of the hourly rates in numerical order. If there is an odd number of results, the median average is the middle number. If there is an even number of results, the median will be the mean of the two central numbers.
45. The quartile table below shows the proportion of male and female full-pay relevant employees in four quartile pay bands, which is calculated by dividing the workforce

into four equal parts. If there are number of employees on the same hourly rate of pay crossing two of the quartiles, males and females are split as evenly as possible across the quartiles.

<b>Quartiles</b>	<b>No of Male</b>	<b>%</b>	<b>No of Female</b>	<b>%</b>	<b>Total</b>
Q1	648	33.4	1295	66.6	1943

Q3	863	47.9	937	52.1	1800
Q4	805	44.1	1019	55.9	1824

## **PENSIONS AND REDUNDANCY/ SEVERANCE PAYMENTS**

46. All Council employees (with the exception of teachers) are entitled to join the local government pension scheme (LGPS) which is offered by the Local Government Employers. If employees are eligible they will automatically become a member of the scheme (to join they must have a contract for at least 3 months duration and be under the age of 75). Employees can decide to opt out of the scheme. The benefits and contributions payable under the Fund are set out in the LGPS regulations.
47. The current level of contribution to the scheme by employees is:

8	£102,201 to £153,300	11.4%	5.7%
9	£153,301 or more	12.5%	6.25%

48. Teachers are entitled to join the Teachers' Pensions scheme. As the Teachers Pensions scheme is operated externally further information can be found on [www.teacherspensions.co.uk](http://www.teacherspensions.co.uk).
49. The Council's current published statement relating to pensions was agreed by the Cabinet on 12<sup>th</sup> June 2014 for implementation in 30<sup>th</sup> June 2014 and the relevant document is available on the Council's website. A change to the way redundancy

payments are calculated was agreed by Cabinet on 26<sup>th</sup> January 2015 as part of the Voluntary Redundancy Policy, and is detailed below in paragraph 51.

50. The document provides details of the Council's policy on making discretionary payments on early termination of employment under Regulation 7 of the Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations 2006. The document also provides details of the Council's policy on increasing an employee's total pension scheme membership and on awarding additional pension under Regulation 66 of the Local Government Pension Scheme (Administration) Regulations 2008.
51. The arrangements set out in the document referred to in paragraph 49 apply to all employees of the Council irrespective of grade or status. The most relevant sections are detailed below:
  - (i) **The power to pay lump sum compensation of up to 104 weeks** - the Council's policy for utilising this discretion is that the statutory redundancy table is multiplied by a factor of 1.5 subject to a maximum of 45 weeks from 3<sup>rd</sup> April 2015.
  - (ii) **The power to increase a Statutory Redundancy Payment** – the Council's policy for utilising this discretion is that redundancy payments to be based on actual week's pay up to a maximum of £489 per week (as at 3<sup>rd</sup> April 2017) or actual pay whichever is the lesser. The maximum figure to be adjusted by the statutory amount for a week's pay, as announced annually by the Department of Business Innovation and Skills.
52. The policy effective since 5 April 2015 has been amended to take account of the decision of an Employment Appeal Tribunal (EAT) in the case of *University of Sunderland v Drossou (13 June 2017)*. The EAT ruled that employer's pension contributions should be included in the calculation of a week's pay for calculations made under the Employment Rights Act 1996 (ERA). Sections 220-229 of the ERA set out the rules regarding the 'week's pay provisions' and the way a week's pay is used, which includes the calculation of redundancy pay.
53. The EAT held that a week's pay should include remuneration 'payable by the employer under the contract of employment' and that this value should not be limited by what the employee directly receives. The rationale offered by the EAT was that employer's pension contributions formed part of the overall package of 'remuneration' offered to an employee in return for their services. The result of this is that retrospective to 13 June 2017, where appropriate, the employer's pension contributions have been included in the calculation, subject to the £489 maximum.

## **RE-EMPLOYMENT OF STAFF**

54. Since 1<sup>st</sup> April 2015, the Council has had a policy regarding re-employment of employees (at any level) who take voluntary redundancy from the Council which was agreed at Cabinet on 26<sup>th</sup> January 2015.

55. The Council's agreed policy is that employees requesting voluntary redundancy have to agree to the condition that given the Council's obligation to safeguard public funds, they will be precluded from returning to employment (which includes permanent, temporary, casual and agency) within the Council (including schools) for a period of 12 months from the date of their termination.
53. The Council does not believe that it employs any individual in a manner that seeks to avoid tax.
54. Within the Council, under the pension fund discretionary policies there is generally no abatement of pension following re-employment except under the following circumstances:
- (i) Where a person has been awarded compensatory added years (CAY's) under the LGPS Compensation Regulations the pension may be abated. This is a requirement of the compensation regulations but these will be historical cases as CAY's can no longer be granted.
  - (ii) Where a person has retired under tier 1 ill health provisions and is subsequently re-employed. This is because the certification for tier 1 supposes that the person is permanently unfit for all work. Other tiers of ill health or other retirements would not lead to abatement on re-employment.
55. Abatement, where it applies, would be based on non betterment that is the pension together with the pay in the new employment should not exceed the pay at the point of retirement (adjusted for pension increases). Under (a) the abatement would only apply to the pension from CAY's.

## **NON GUARANTEED WORKING HOURS**

56. In December 2016 the Welsh Government issued principles and guidance on the appropriate use of non-guaranteed hours arrangements in the devolved public services in Wales. These principles and guidance were developed by the Public Services Staff Commission in social partnership with the Welsh Government's Partnership Council and its sector groups. The Council is committed to the principles determined by Welsh Government which apply to those employees who are employed on a relief, casual or sessional basis. These employees are used in services within the Council where there is either a need to bring in an additional workforce in order to cover peaks in workload or where the workload is on a one off basis.

## **ACCOUNTABILITY AND DECISION MAKING**

57. In accordance with the Constitution of the Council the Cabinet are responsible for decision making in terms of pay, terms and conditions and redundancy arrangements in relation to employees of the Council. The exception to this is that the Employment Conditions Committee is responsible for posts at Chief Officer level and above.

58. In accordance with the Localism Act 2011 redundancy packages above £100,000 for Chief Officers must be agreed by full Council. The redundancy package includes any redundancy payment (from 3 April 2015, statutory redundancy pay of 30 weeks plus an additional 15 weeks), contractual notice period and full cost of early release of pension (as required under Regulation 68(2) of the Local Government Pension Scheme).
59. An updated Pay Policy Statement will be agreed by the full Council annually in line with the legislation and full Council will ensure compliance with the Pay Policy Statement.

## **REVIEW OF THE POLICY**

60. This Pay Policy Statement will be kept under review and developments considered in the light of external best practice and legislation. The Pay Policy Statement may also be reviewed as part of the Council's existing Scrutiny arrangements. The Council will ensure the Pay Policy Statement is updated on an annual basis in line with the requirement of the Localism Act 2011. The annual Pay Policy Statement will be submitted to Cabinet, and then full Council by March of each year.

# National Employers for Local Government Services

**To: Chief Executives in England, Wales and N Ireland  
(additional copies for HR Director and Finance Director)  
Members of the National Employers' Side  
Regional Directors**

5 December 2017

Dear Chief Executive,

## **LOCAL GOVERNMENT PAY 2018**

I am writing to update you on the work we have been doing on your behalf on the local government national pay negotiations for 2018.

The National Employers have today made a final pay offer covering the period 1 April 2018 to 31 March 2020. A letter sent to the trade unions setting out the detailed offer is attached at **Annex A** and a copy of the Employers' press release is attached at **Annex B**.

### **The Pay Offer**

#### **1 April 2018 ('Year One'):**

##### ***Bottom-Loading on SCPs 6-19 incl***

The Employers considered it was necessary for higher increases on the lower pay points in order to continue to close the significant gap with the National Living Wage (NLW). Therefore this part of the offer would result in a new bottom rate of £8.50 per hour on SCP6

##### ***Increase on SCPs 20 and above***

A flat-rate increase of 2.0%

This first year of the pay offer would increase the national paybill by 2.707%

#### **1 April 2019 ('Year Two'):**

The Employers agreed that the bottom rate of the new pay spine should not be pegged to the NLW rate but should allow for some 'headroom'. Therefore the offer is for a bottom rate of £9.00 per hour

In order to deal with the compacting of differentials at the lower end of the spine it is proposed that the existing bottom twelve pay points are 'paired off' into six new pay points, ie. current SCPs 6 & 7 become the new SCP1; current SCPs 8 & 9 become the new SCP2 etc until you reach current SCPs 16 & 17 which become the new SCP6

To further dilute the impact of compacting the lower pay points, the offer includes 'ironing out' the current random gaps between pay points and having even increments of 2.0% between new SCPs 1 to 22 incl (equivalent to SCPs 6 to 28 on the current spine). This portion of the pay spine covers approximately 60% of NJC employees

From new SCP23 onwards, a flat-rate increase of 2.0% and retention of the current random differentials

This second year of the pay offer would increase the national paybill by 2.802%

The total increase to the national paybill over the two-year period would be 5.584%

## **Background**

This pay offer is much more complex than any offer since the Single Status agreement in the mid-1990s, so I want to set out in detail the reasons behind it.

The introduction of the National Living Wage (NLW) was announced by George Osborne in his July 2015 Budget. He indicated that its target level was to reach 60% of median hourly earnings by 2020. At the time of the announcement, the forecast for 2020 was £9.35 per hour and in his speech Mr Osborne referred to it being "at least £9.00", although the most recent (November 2017) Office of Budgetary Responsibility forecast was £8.56.

At the time of the Chancellor's statement in 2015 the minimum hourly rate on the 'Green Book' pay spine was £7.00. That meant that it would have to increase by approximately £2.00 in five years if the initial 'target' for the NLW in 2020 of £9.00 was to be reached. By way of context, the increase in the bottom rate from £5.00 to £7.00 had taken thirteen years to achieve (2002-15).

The current two-year pay agreement covering 1 April 2016 to 31 March 2018, made some headway in bridging that gap and introduced minimum hourly rates of £7.52 (1 April 2016) and £7.78 (1 April 2017). This agreement included some further bottom-loading in each of the two years to assist in maintaining differentials and then annual pay awards of 1.0% further up the pay spine. This two-year deal added 2.40% to the national pay bill. The two-year increase for the lowest pay point was 10.28%. These rates provided some headroom in relation the NLW which was £7.20 (1 April 2016) and £7.50 (1 April 2017). The 1 April 2018 rate announced in the Budget is £7.83.

The 2016-18 pay deal included a commitment for the NJC to review its pay spine. To support the development of an employers' position, a sounding board of about a dozen officers from councils across the country was established. This included a balance in terms of: types of council; geography; those paying / not paying the voluntary living wage; and it also included councils that have local pay bargaining and representation from the regional employers' organisations.

The NJC set up a pay spine review working group to look at what could be done from a technical point of view. It was not a negotiating group and on the Employers' Side included three or four members of our sounding board.

The working group initially agreed to concentrate on potential models that covered one, two and three year options. A one-year settlement assimilating on to a new pay spine in 2018 could not realistically be implemented by councils in the time available. It would also be too costly if it were to start at a level that could ensure compliance with the likely levels of the NLW in 2019 and 2020, without further significant changes to its structure. A three-year settlement, whilst potentially attractive to councils from a financial planning aspect, would involve too much second-guessing of the broader economic position in 2020 and would be much more difficult for the unions to sell to their members.

All the work highlighted above was undertaken in the context of the Government's public sector pay policy remaining at 1.0% until 2020.

The unions' claim was lodged in mid-June. It was for one year and sought a 5.0% increase on all NJC pay points, plus the deletion of the bottom four NJC pay points. The unions made clear in private conversations that in the current climate it would not be possible for them to agree any offer that included 1.0% as the headline rate.

Regional pay consultation briefings took place between late June and August. There was widespread recognition that the work on the pay spine was a necessity as a result of the introduction of the NLW. It was also recognised that this could not be delivered within 1.0% increases to the overall pay bill and there was no suggestion that the additional costs be funded through providing for increases of less than 1.0% for better paid employees.

There was broad consensus on the need to have some 'headroom' from the statutory minimum NLW rate and for a two-year agreement. It was recognised that achieving a collective agreement with 1.0% as the headline rate would be nearly impossible. It was acknowledged that any agreement was likely to add between 4.5%-6.0% to the national pay bill over two years. It was also recognised that costs locally could vary significantly from this depending on a council's workforce profile and that it would have a significant impact on schools' budgets.

The political deliberations over the past few months have been difficult and while there was broad political consensus on issues such as the length of any deal, the need for headroom from the NLW and the need to reconfigure the lower end of the pay spine, this was not the case regarding the headline rate within a potential offer, which meant that in the end the only way to make a decision was to hold a vote in a meeting of the Employers' Side of the National Joint Council, which is the body that is ultimately responsible for these decisions. This is only the second vote on a pay offer since 1997 when the Local Government Services NJC was established.

Therefore whilst the decision to make a headline offer of 2.0% was not reached through consensus, it was achieved in line with the clear voting arrangements set out in the Employers' Side Constitution.

For colleagues in London Boroughs, you will be aware that there are separate pay spines for inner and outer London and in normal circumstances the nationally agreed percentage increases would be applied to the London pay points. However, given the proposed significant changes to the national pay spine, discussions are currently taking

place between London employers and trade unions and further updates will be issued by them in due course.

Finally, there has been a huge amount of technical work involving many colleagues from councils and Regional Employer Organisations from across England, Wales and Northern Ireland that has brought us to this point and we would like to thank them for the advice and assistance that they have provided to the national Secretariat.

Yours sincerely,

*Simon Pannell*

Dear Heather, Rehana and Jim,

**LOCAL GOVERNMENT PAY 2018**

I am writing on behalf of the Employers' Side of the NJC to respond formally to the Trade Union Side's pay claim.

The National Employers wish to make the following final offer:

**From 1 April 2018:**

- On SCP 6, £1,380 (equivalent to 9.191%)
- On SCP 7, £1,380 (equivalent to 9.130%)
- On SCP 8, £1,380 (equivalent to 9.052%)
- On SCP 9, £1,380 (equivalent to 8.976%)
- On SCP 10, £1,250 (equivalent to 8.006%)
- On SCP 11, £1,200 (equivalent to 7.592%)
- On SCP 12, £1,050 (equivalent to 6.512%)
- On SCP 13, £900 (equivalent to 5.458%)
- On SCP 14, £900 (equivalent to 5.363%)
- On SCP 15, £900 (equivalent to 5.272%)
- On SCP 16, £900 (equivalent to 5.167%)
- On SCP 17, £900 (equivalent to 5.064%)
- On SCP 18, £800 (equivalent to 4.427%)
- On SCP 19, £700 (equivalent to 3.734%)
- On SCPs 20 and above, 2.0%

The Employers acknowledge the constructive way in which the NJC Pay Spine Review Group has worked together over the past eighteen months and therefore propose that a revised pay spine be introduced with effect from **1 April 2019**. The Employers' detailed offer in regard to this is attached as **Annex 1**.

The proposed 2019 pay spine is based on the following:

- A bottom rate of £9.00 per hour (£17,364) on new SCP1 (equivalent to old SCP6)
- 'Pairing off' old SCPs 6-17 incl to create new SCPs 1-6 incl
- Equal steps of 2.0% between each new SCPs 1 to 21 incl (equivalent to old SCPs 6-28 incl)
- By creating equal steps between these pay points new SCPs 10, 13, 16, 18 and 21 are generated to which no old SCPs would assimilate. This would mean that in some organisations the current number of pay points in a grade would change. The Employers therefore suggest that we work together to consider appropriate advice as such issues arise
- On new SCPs 23 and above (equivalent to old SCPs 29 and above), 2.0%

We hope that you will now put this offer to your members for consultation and understand that you will be considering this over the next few days.

Yours sincerely,

*Simon Pannell*

**PRESS RELEASE: 5 DECEMBER 2017**

**Council employees' pay offer announced**

Council employees have been offered a two-year pay increase from 1 April 2018. The majority of employees - those on salaries starting at £19,430 per annum - would receive an uplift of 2 per cent on 1 April 2018 and a further 2 per cent on 1 April 2019, with those on lower salaries receiving higher increases.

The offer also includes the introduction of a new national pay spine on 1 April 2019.

The National Employers, who negotiate pay on behalf of 350 local authorities in England, Wales and Northern Ireland, made the offer to unions today. It will affect over 1 million employees.

**Notes to editors**

The total increase to the national paybill resulting from this offer is 5.6% over two years (covering the period 1 April 2018 to 31 March 2020).

This pay offer does not apply to council chief executives, senior officers, teachers or firefighters, who are covered by separate national pay arrangements.

The National Joint Council negotiates the pay, terms and conditions of staff in local authorities. It agrees an annual uplift to the national pay spine, on which each individual council decides where to place its employees. Each council takes into account a number of factors such as job size and local labour market conditions when deciding an employee's salary. There are no nationally determined jobs or pay grades in local government, unlike in other parts of the public sector.

**REPORT OF CORPORATE DIRECTOR RESOURCES**

*Appendices A and B to this report are exempt from publication by virtue of paragraph 14 of Part 4 and paragraph 21 of Part 5 of Schedule 12A of the Local Government Act 1972*

**Reason for this Report**

1. The purpose of this report is to obtain formal authorisation to write off Non-Domestic Rate debts which exceed £100,000 in value. This request is made in accordance with Part 3, section 2, of the Cardiff Council Constitution, Executive Decision making function number 20.

**Background**

2. Cardiff Council has a statutory obligation to levy and collect business rates from all relevant non-domestic properties in its area. There are around 12,500 rating assessments currently shown in the Rating List leading to rate liabilities varying in size from £250 to over £1.75 million per year. All business rate income collected is paid into a National Pool for Wales and redistributed back to local authorities on a per capita basis. This year Cardiff Council is responsible for billing and collecting approximately £200 million worth of business rates and inevitably there are occasions where collection of the full tax is not possible resulting in the writing off the outstanding debt. This course of action is taken only after all possible recovery options have been exhausted. These include sending reminders, final notices, and the obtaining of liability orders from the Magistrate's Court, which then entitles the authority to instigate further action such as bankruptcy/liquidation proceedings or the ability to levy distress, (the distraining and selling of taxpayer's goods, the proceeds then being used to offset against the debt).

## **Issues**

3. The confidential appendices provide details of an account which has an outstanding rate liability in excess of £100,000 and gives a brief history of the case. The liability relates to empty property rate charges and despite the best efforts of officers it is highly unlikely that the outstanding debt will ever be recovered. (If any money is subsequently received the accounts will be adjusted accordingly).

## **Reason for Recommendation**

4. It is recommended that the debts are written off as they are irrecoverable.

## **Financial Implications**

5. Business rates are collected on behalf of the Welsh Government. All collections are pooled and redistributed back to local government on a per capita basis. The cost of all write offs are borne by the pool and not directly by the Council.

## **Legal Implications**

6. Authorisation is required from the Cabinet to write off the debts as they exceed the level that Officers have delegated powers to write off.

## **RECOMMENDATION**

Cabinet is recommended to authorise the write off of debts amounting to £508,959.09.

**CARDIFF COUNCIL  
CYNGOR CAERDYDD**

**CABINET MEETING: 15 MARCH 2018**

**HOUSING REVENUE ACCOUNT (HRA) BUSINESS PLAN**

**HOUSING AND COMMUNITIES (COUNCILLOR LYNDA THORNE)**

**AGENDA ITEM: 10**

**REPORT OF CORPORATE DIRECTOR PEOPLE & COMMUNITIES**

**Reason for this Report**

1. To present the Housing Revenue Account (HRA) Business Plan 2018-2019 for Cabinet approval.

**Background**

2. All Local Authorities in Wales have the responsibility to plan for the housing needs of their population in their role as Strategic Housing Authority. However only 11 of the of the 22 authorities in Wales have retained their council housing stock and consequently a role in the direct delivery of affordable, good quality homes as a social housing landlord.
3. The Council's landlord functions are managed within a ring-fenced Housing Revenue Account. Since 2015 stock retaining authorities have operated on a self-financing basis following a "buy-out" from the previous HRA subsidy system. A borrowing cap was imposed by UK Treasury as part of the buy-out arrangements but Cardiff was successful in obtaining borrowing capacity for new build homes having already achieved the Welsh Quality Housing Standard (WHQS) for its existing properties.
4. The 11 stock remaining authorities in Wales are required to present an "acceptable" Housing Revenue Account (HRA) Business Plan (including a 30 year financial model) to the Welsh Government each year in order that the Welsh Government can assess the progress of local authorities towards meeting and/or maintaining the WHQS and be eligible for the Major Repairs Allowance (MRA) Grant (currently £9.5m).
5. The Plan must conform to a structure and include business plan parameters set out by the Welsh Government.
6. This plan also provides the link with the Communities, Housing and Customer Services Delivery Plan.

## Issues

### Housing Revenue Account Business Plan

7. The HRA Business Plan attached in appendix 1 aims to;
  - set out Cardiff's purpose and vision as a social housing landlord;
  - set out it's objectives and standards for the service;
  - plan how the service aims to achieve the objectives and standards set out (the strategies);
  - plan resource and financial requirements;
  - provide a framework for monitoring and evaluating the progress of the housing 'business';
  - communicate Cardiff's plans to its tenants, members, the Welsh Government, other key stakeholders, partners and the wider community.
8. The Business Plan ensures;
  - efficient use of housing assets;
  - increased transparency of the HRA;
  - precise planning of our housing management strategy;
9. The Welsh Government set a recommended rent increase for 2018/19 of 4.5%, with the option to add an additional £2 per week to raise further rental income to invest in new build council housing and improving existing council housing and neighbourhoods. Cardiff will apply the full increase to all tenants for 2018/19 and this was agreed at Budget Council on 22<sup>nd</sup> February 2018.
10. Cardiff Council was the first authority in Wales to declare achievement of the Welsh Housing Quality Standard (WHQS), almost two months ahead of the Welsh Government deadline date of December 2012.
11. Following the completion of the WHQS for existing council housing, the Business Plan ensures the **maintenance of the WHQS** and sets out the Council's objective to deliver high quality and sustainable housing. The individual component details of every council property is held on a stock condition database which includes date it was installed or upgraded with an associated component lifespan e.g. kitchen lifespan 15 years. This enables planned programmes of work to be developed for future works and the setting aside of sufficient financial budgets.

12. A **new build housing** programme is being undertaken which will deliver 2,000 new council housing units, of which 1,000 will be completed by 2022. It is anticipated that the first phase will be structured as per the table below over the next four years.

Year	New units
2018/19	200
2019/20	400
2020/21	700
2021/22	1000

13. The speed of delivery for the second phase of the programme to complete the 2,000 unit total is subject to increasing the flexibility around the management of the current All Wales cap on borrowing. Discussions are underway with the Welsh Government regarding this issue.
14. A partnership with a national housing developer is already in place via the **Cardiff Living** innovative building partnership. 3 schemes are already on site and the first handovers are planned for autumn 2018. This 10 year development programme will deliver around 1,500 new homes in total with a minimum of 40% being affordable housing. These homes will be built over 40 sites across Cardiff split into 3 phases of development.
15. Other **new build housing projects** (outside of Cardiff Living) are being developed in order to achieve the overall target of building 1,000 new council homes by 2022. A number of delivery methods are being used including:
- Buying property from the open market.
  - Conversion of buildings for housing – (both general needs and supported housing schemes).
  - Innovative housing solutions such off-site modular systems.
  - Package deals (where the Council buys new properties straight from a developer).
16. As part of the overall strategy to build 2,000 new homes work is underway to identify suitable council owned land or property for council house development. In the case where council land or property is identified as being suitable for development consideration will be given to the appropriation of this land/property from the General Fund into the Housing Revenue Account. Each case will be considered on its merits and if approved an assessed price representing a market value will be transferred.
17. The Council's buy-back policy sets out the criteria for the purchase of properties (both flats and houses) from the market. Often these properties will be ex-council properties, although this will not always be the case. In determining which properties to purchase there is a focus on those in high demand and where the new build programme is unlikely to meet the need, such as larger 3 or 4 bedrooomed family homes, which

would be costly to build, as well as adapted properties and ground floor flats suitable for tenants who are less mobile. It is planned that approximately 20 properties will be bought each financial year subject to affordability. Properties will also be purchased where necessary to deliver redevelopment or improvement schemes and to meet social care needs. The properties are all surveyed and valued by an independent surveyor before purchase to ensure value for money.

18. The application to suspend the Right to Buy in Cardiff was approved by the Welsh Government in July 2017 which means that any properties purchased or built will remain available for those in housing need in Cardiff.
19. Delivering **energy efficiency** has been a key part of the HRA Business Plan in recent years with the upgrading of boilers in the housing stock being a key focus. 98.4% of all council homes have “A” rated energy efficient boilers delivering energy cost savings for tenants. The energy efficiency of a property is assessed using a government approved Standard Assessment Rating (SAP). Cardiff’s average SAP rating is 70.7 which is well above the Welsh Government good practice level of 65.
20. The Business Plan also sets out plans for:
  - The **Remodelling and Refurbishment** of existing homes over the life of the plan. Following a review of the suitability of the Council’s sheltered housing accommodation a phased plan to upgrade the schemes has been agreed. One sheltered block (Sandown Court) was refurbished and rebranded as the Council’s first Community Living Scheme. The official opening was in June 2017, and the scheme offers a modern and welcoming environment which allows older persons living outside of the scheme to access the health care and social activities on site. Improvements to individual flats included removal of bedsits, wheelchair accessibility and upgraded kitchen and bathrooms which are more flexible for residents. Similar works are programmed in three further sheltered blocks; Brentwood Court, Nelson House and Clos Y Nant.
  - Major **Estate Regeneration**, works are underway at Anderson Place, Belmont Walk & Alice Street. Other smaller scale projects are planned throughout the city and include garage sites, courtyard improvements, gullies and alley gating schemes.
  - Large scale **Capital Improvement Works**, including the upgrading of communal heating systems in sheltered accommodation and high-rise blocks; the re-commencement of the fire door installation programme and the remaining lift upgrades in the last 4 high-rise blocks in the city. The biggest single capital investment in 2018/19 is the high-rise upgrade work at the Maelfa high-rise flats which fundamentally improve the block through major ground floor modernisation works combined with window and balcony upgrades which will dovetail with the surrounding neighbourhood redevelopment.

- **Fire Safety works** following the recent tragic events in London all high rise blocks in Cardiff will be fitted with sprinklers and 60 minute fire doors will also be installed in all blocks.
  - The current and future investment in **Neighbourhood Regeneration** and **Area Improvement Strategies** included garage site & courtyard improvement projects.
  - The continued delivery of **Community Benefits** in partnership with our external building contractors, delivery apprenticeships for people living in Cardiff communities and the volunteering of staff time.
21. The Business Plan also sets out how the Council manages its homes as effective housing management is a key part of WHQS. This includes:
- Using key **Performance Indicators** and **Tenant Satisfaction Surveys** to measure the success of services.
  - Focusing on improving **Tenant Participation and Consultation** including examples of community projects and information on grants available and advice on how to make a difference in a community.
  - **Supporting vulnerable tenants**, assisting the elderly with independent living services or housing vulnerable homeless people through hostels and rough sleeping projects.
22. **Providing advice and information to tenants is a key focus of the Business Plan. Community Hubs** are designed to bring together services, share resources and enable integrated investment in better quality facilities. Services delivered through the community hubs are responsive to the needs and priorities of individual neighbourhoods with housing services being a key component. During 2017/18 the following Hubs were delivered:
- **Powerhouse Hub (Llanedeyrn)**
  - **Llanishen Hub**
- Building on this success, during 2018 we will further rollout the Hub Programme through the development of:
- **St Mellons (Phase 2 Hub).**
23. The impact of Welfare Reform has been taken into account in developing the business plan. Financial modelling has been carried out to account for potential increases in rent arrears and the additional costs of collection. The service has put in place various measures to minimise this impact: tenants have been provided with detailed information about the changes that may affect them and their options have been set out including home swapping and property transfers for those tenants who need to downsize. Assistance has been made available to tenants who transfer to Universal Credit and there has been an increase in staffing to

assist and advise tenants with debt management and budgeting, minimising the impact of the change as far as possible.

## **Scrutiny**

24. The draft HRA Business Plan was presented at Communities and Adult Services Scrutiny Committee on 14 March 2018. The letter from Scrutiny is tabled and considered as part of the Cabinet meeting.

## **Reason for Recommendations**

25. To comply with the requirement to forward the HRA Business Plan to the Welsh Government.

## **Legal Implications**

26. There are no direct legal implications but the requirement for a plan is set out in the body of the report. The approval of the business plan is an executive function which does not have to be referred to Council.

## **Financial Implications**

27. The financial model includes many assumptions, particularly in respect of expenditure forecasts, capital financing, projected income levels and inflation rates. Due to the long term nature of the forecasts within the Business Plan, the uncertainty of the economic climate and the demands on the housing environment generally, these assumptions are extremely sensitive to change.

28. A number of crucial assumptions are, as follows:

- Rent increases of 3% are forecast for the financial years 2019/20 through to 2021/22 and at 2.5% thereafter.
- Service charges are increased for future years in line with inflation for full cost recovery.
- Void rent loss projections vary within a range of 1.46% to 2.96%.
- Bad debts vary within a range of 1.06% and 3% over the life of the plan. This takes into account the potential impact of Welfare Reform and the transfer to Universal Credit on rent arrears and void properties, particularly as a result of the continuing reductions in Housing Benefit due to property rent/size restrictions. Any increase above this level is likely to impact on available revenue resources and may necessitate further offsetting operational savings.
- CPI is estimated to be at 2% and RPI at 2.9% throughout the model.
- The Welsh Government Major Repairs Allowance receivable is assumed to remain at previous levels of £9.5 per annum over the course of the Business Plan. Any allowance less than this will have an impact on the sustainability of the plan and the ability to maintain investment already incurred in the housing stock. The allocation of Major Repairs Allowance to Cardiff in 2018/19 will be communicated by WG following submission of this business plan.

29. The Business Plan details the capital and revenue funding implications of the proposed Capital Programme. The Programme assumes additional borrowing to be undertaken in order to build new housing and support investment in the existing stock. This will result in additional revenue implications in terms of interest payments and provision of repayment for borrowing. Viability or payback assessments should be undertaken before approval of new developments or acquisitions. This should be against set benchmarks to ensure value for money for rent payers and to ensure investment is repaid over a prudent period.
30. Any financial deficit and liabilities of the HRA are ultimately liabilities of the Council. As part of the agreement to exit from the subsidy system, the Council must adhere to a debt cap of £316 million based on its Capital Financing Requirement. Discussions are taking place with WG to determine how the cap can be increased in the medium term to allow further development of new council houses.
31. Subject to remaining within any approved Cap over the life of the plan, consideration will be given to bringing budgets forward for dwellings construction as well as for the acquisition or appropriation of other suitable Council owned sites. This would only be after consideration of viability and affordability. Any increase in costs of capital schemes must be managed within the medium term HRA Capital Programme approved by Council in February 2018.
32. The 30 year business plan should be subject to regular review to ensure new expenditure to be paid for by borrowing is for essential improvements or for schemes that have an element of pay back so that there are no long term issues of affordability and sustainability in respect of borrowing. Any plans for additional borrowing should also consider the impact that future regulation changes can have on income levels and therefore the proposals included in the plan.

## **RECOMMENDATIONS**

Cabinet is recommended to:

1. Approve the HRA Business Plan 2018-2019.
2. Note that the approved Plan will be submitted to the Welsh Government.

# Foreword

I understand that having a good-quality home, in a community where people feel safe and connected, is important to each and every one of our citizens. I know that, for many people, finding and securing the right home is a real cause of concern.

Cardiff Council is one of only a handful of local authorities who have committed to building new Council homes, and as your member for Housing and Communities I have set a target to build 1,000 new Council homes by 2022.

## *Cardiff Council is committed to building new Council homes*

I also want to make sure that our housing waiting list is fair, that people understand why we have to prioritise some people over others, and that we act quickly to help the homeless.

A focus on job creation must go hand in hand with effectively removing the barriers to work – whatever they may be - helping people into good jobs and good careers. I will work with partners to help remove the barriers people face to getting and keeping a job, joining up our into-work services, whilst also supporting every person and family affected by Welfare Reform and the roll-out of Universal Credit.

**Councillor Lynda Thorne**  
Cabinet Member for Housing and Communities

How we support vulnerable people is important to me and is one of the Council's key priorities.

We have invested heavily in developing integrated service provision particularly to older persons through our sheltered housing redevelopment strategy.

## *Helping People to Live Independently*

I will be implementing additional strategies to enable potentially vulnerable people to develop the skills they need to live on their own where they are supported and have access to the services they need.

# The Welsh Housing Quality Standard and Beyond

## Introduction to the Welsh Housing Quality Standard (WHQS)

The WHQS arose from the National Housing Strategy for Wales 'Better Homes for People in Wales'. The Standard was developed by the Welsh Government to provide a common target standard for the condition of all housing in Wales.

The Welsh Housing Quality Standard states that all households should have the opportunity to live in good quality homes that are:

- In a good state of repair.
- Safe and secure.
- Adequately heated, fuel efficient and well insulated.
- Contain up-to-date kitchens and bathrooms.
- Well managed.
- Located in attractive and safe environments.
- As far as possible suit the specific requirements of the household, (e.g. specific disabilities).

The Welsh Government has recognised that the standard cannot always be reached because of issues outside of the control of the Council. It has therefore introduced the concept of "Acceptable Fails" into the Welsh Housing Quality Standard revised guidance in order to recognise legitimate areas which would restrict a Council from reaching the required standard. We have a number of acceptable fails, (largely due to Resident's Choice) and have implemented measures in order to re-visit and maximise achievement of the Standard.

There are four elements:

• Cost of remedy 	• Timing of remedy 
• Resident's choice 	• Physical constraint 

We review the standard when properties become vacant and are working closely with the Tenants Participation Team to enable tenants that have not received WHQS works or have changed their minds to contact us.

# Capital Ambition

Cardiff Council's 'Capital Ambition' sets out a programme of action to continue to drive Cardiff forward whilst ensuring that the benefits of success are felt by all residents.

In delivering its Capital Ambition, the administration propose to focus on four main areas:

- **Working for Cardiff** – Making sure that everyone who lives here can contribute to and benefit from, the city's success.
- **Working for Wales** – A successful Wales needs a successful capital city.
- **Working for the Future** – Managing the city's growth in a sustainable way.
- **Working for Public Services** – Making sure public services are delivered efficiently, effectively and sustainably in the face of rising demand and reducing budgets.

# Cardiff Local Development Plan 2006-2026

Cardiff experiences some significant social needs, with particularly high housing demand projected to continue over the Local Development Plan period 2006-2026.

## The Cardiff Context:

- Largest urban area in Wales with a population of 345,400.
- Key driver of city-region economy in South East Wales.
- 1.4 million live within a 45 minute drive time of the city.
- Capital city of Wales, seat of Welsh Government.
- Cardiff's population has risen steadily over the past 20 years - 3,500+ each year since 2001.
- Official projections indicate continued population growth over the Plan period.
- Significant need for affordable housing– over 8,000 people currently on combined housing waiting list.
- A need for 108 permanent Gypsy and Traveller pitches and a regional need for a 10 pitch transit site have been identified over the Plan period to 2026.
- Cardiff Council commissioned DCA in January 2015 to carry out a Local Housing Market Assessment (LHMA) including a Housing Needs Survey.
- The Local Housing Market Assessment (2015) indicates a need for 5,637 affordable dwellings over the next 3 years to address need.

# Housing Development, New Homes

Cardiff Council has set a target of building at least 1,000 new Council homes by 2022 to meet the increasing demand for good quality, affordable social housing. The need for housing is increasing year on year and the Council is committed to delivering new Council housing schemes and finding new and innovative ways of doing this. Of the 1,000 new homes that we will build at least 150 of these will be from innovative solutions which will enable new homes to be built quicker.

Our aspiration to build Council homes directly complements the Welsh Government's target of delivering 20,000 affordable homes throughout Wales over this term of government. Furthermore, the Welsh Government has recently launched an Innovative Housing Programme (providing £20 million over the next 2 years) to help fund innovative building solutions. We want to be part of this and have successfully been awarded funding for 2 innovative housing schemes using shipping containers to help provide temporary accommodation for homeless families.

*Proposed shipping container scheme at Greenfarm Hostel, Ely.*

In addition to building 1,000 homes by 2022 we are developing further plans with the aim of delivering a further 1,000 homes over the longer term.

Our ambitious plans for building new homes will require an increase in the borrowing cap. Discussions are underway with the Welsh Government about this.

The diagram below identifies the different routes we intend to use to meet our target:

# Cardiff Living

Cardiff Living is an innovative partnership with national developer Wates Residential. The 10 year development programme will deliver around 1500 new homes in total (of which at least 600 will be Council homes) across 40 mixed tenure sites. All properties will be built to high sustainability and energy efficiency standards, helping to tackle fuel poverty and creating places where people want to live.

The programme is split into three phases of development with work on phase 1 having commenced earlier this year. There are three Development schemes actively on site at Willowbrook West, Braunton Crescent and on our former depot at Mount Pleasant Lane Llanrumney. These 3 schemes alone will deliver 130 new Council homes with the first handovers planned for Autumn 2018. Not only will Cardiff Living deliver high quality, much needed new homes, it will also provide a wide ranging community benefits package providing training opportunities, apprenticeships, local jobs and promoting the use of local supply chains.

*Cardiff Living Willowbrook West site being surveyed*

Page 778

*Image of proposed flats at Courtney Road (Package Deal)*

Cardiff Council's Cabinet recently approved a proposal to enter into a 'package deal' arrangement with Cadwyn Housing Association for the delivery of 30 flats at Courtney Road – it is anticipated this scheme will be on site in Spring 2018.

'Package deals' are a way of generating new affordable housing developments where the scheme proposal, site layout and unit designs are led by the developer or landowner who then agree to sell the completed units directly to us.

Remodelling of the former children's home at Thornhill Road, Llanishen, creating 8 'Independent Living' flats for older people is complete, we are looking for other refurbishments opportunities.

Finally, we are buying homes from the market – targeting larger family homes and former Council properties. We aim to complete 20 buy-backs each year until 2022.

# Capital Ambition – New Homes

In addition to the Cardiff Living Project we are taking forward a second ambitious build programme. We have been assembling land for this project and are actively working on a further 12 sites capable of delivering at least 400 additional Council homes.

Work is well underway to take forward new development schemes in order to meet our overall target of additional new build. Schemes vary in density from 16 units to 60 units and through this programme we are able to deliver a complete mix of council properties, targeting the specific housing needs that we have.

Working as a traditional development team, The Housing Development Team based in county hall identifies suitable development sites, runs viability options to determine the best mix of units for the site, manages the planning process and then appoints a contractor to develop the scheme out.

# Managing Our Homes

## Performance Indicators

The performance of the Housing Management Service is monitored through a range of performance indicators. Results for December 2017 in a range of key areas are shown below:

Indicator	Target	Result
Percentage of general clean and clears completed within 10 working days.	95%	99%
The percentage of emergency repairs completed within target time (24 hrs).	90%	99%
Vacant Council stock as a percentage of overall stock.	1.5%	1.3%
% of Into Work Service users who complete an accredited course who gain a qualification.	85%	92%

*Residents visiting the recycling centre in Lamby Way*

# Maintaining Our Homes

The Responsive Repairs Unit have arranged for more repairs to be undertaken by in-house operatives instead of external contractors. This means the service is able to retain more oversight of the jobs reported and take ownership of reported issues. These changes have reduced costs and improved the service to our tenants, which is clearly demonstrated by a significantly reduced number of complaints.

- 95% of appointments kept (94% March 16) - Target 95%
- 99% of emergency repairs completed in 24hrs - Target 95%
- 86% of planned Gas servicing completed ahead of year target
- Customer Satisfaction 98% April-December 2017.

*The whole process from reporting an issue with the seal to the front door right up to the finish of the works went ahead smoothly.*

*Very happy the operative worked all day in the rain to complete the work .*

*The operative was on time, did a great job and cleaned up afterwards, it was excellent, great job, 10/10!*

## Developing the Workforce

Cardiff Council is committed to developing its workforce. The Responsive Repairs Unit currently has 5 apprentices. The Council work closely with the Cardiff and Vale College in Dumballs Road to give learners opportunities to work for the unit. The Responsive Repairs Unit has a long history of apprenticeships going back almost 30 years, both RRU managers and a lot

***The work is really good, very enjoyable***

of the team were former Cardiff Council apprentices.

Owain is 16 and started his apprenticeship with the Council straight from school. Owain is a full time apprentice and is able to have one day in college to complete his NVQ level 2 course in plumbing. Owain has been placed with experienced plumber and mentor Paul to receive full on the job training. Owain's work mainly consists of fitting taps, repairing broken guttering and working in kitchens and bathrooms.

*"The work is really good, very enjoyable, Paul shows me how to do the job and then lets me get on with it. If I get stuck he gives me a hand. Its really practical work, very hands on, and there are no two jobs the same."*

# Managing Anti-Social Behaviour (ASB)

As a landlord we will take firm action to eliminate ASB. We have a dedicated Antisocial Behaviour Team. Our response will be:

- To provide support to victims.
- To be proportionate.
- To work with perpetrators to help them change their behaviour.
- To act against perpetrators who continue to be anti-social.
- To work with the police to share and gather evidence.
- To take the most appropriate action to solve the problem.

Council action from April to September 2017:

- 8 injunctions for abusive behaviour, domestic violence and threats to life.
- 39 target Notices seeking possession for ASB offenders.
- 1 prison sentence.

Between July and December 2017, in 100% of urgent cases tenants were contacted within 24 hours. (Target 95%).

In this coming year we will be reviewing our ASB Service to ensure it is meeting the needs of our tenants, particularly those with complex needs. We will take a psychologically informed approach recognising the impact of Adverse Childhood Experiences (ACES).

*Officers enjoying a smoothie at St Mellons community day*

## Tenancy Management

We aim to ensure that our tenants and leaseholders have the advice and information they need to maintain their tenancy or lease conditions, ensuring that properties are kept in good condition; preventing tenancy fraud and ensuring any pets are appropriate and well controlled. The team carry out proactive visits to provide advice and remind tenants of their obligations. Where necessary the team gather evidence and take appropriate action including obtaining orders and carrying out evictions where necessary.

Action from April to December 2017:

- 1,062 Tenancy Audit visits were carried out - inspecting all the flats for property condition, checking identity to the tenant to prevent tenancy fraud, reviewing pets, and identifying any general issues.
- 2,268 Proactive visits were carried out - inspecting houses for property and garden condition.
- 347 Abandoned Properties were reported and investigated
- 816 overdue gas service cases dealt with and access obtained
- 686 property and garden condition problems were addressed

The tenancy team also provide additional help to vulnerable people such as hoarders and young people leaving care and others who need more help to maintain their tenancies.

# Caretaking Services

Caretaking Services provides cleaning and caretaking services for tenants and leaseholders. This includes:

- Cleaning and safety inspections for the communal areas of 852 low-rise blocks and 9 High-rise blocks. All blocks are cleaned fortnightly
- Clearances of empty properties, garden and overgrowth clearance, including tree cutting.
- Cleaning of courtyards by high pressure water to provide a deep clean once a year.
- Graffiti removal over the whole of Cardiff. Abusive or offensive graffiti is removed within 24 hrs and other graffiti in 10 working days. In 2017 the team dealt with over 800 cases of graffiti.

## Hub Development Programme

A network of 12 Hubs in priority neighbourhoods has been established through the Community Hubs programme, providing joined-up customer services by investing in high quality community buildings. In 2017/18, two Hub projects were completed both of which involved partnership working with South Wales Police and the Police and Crime Commissioner.

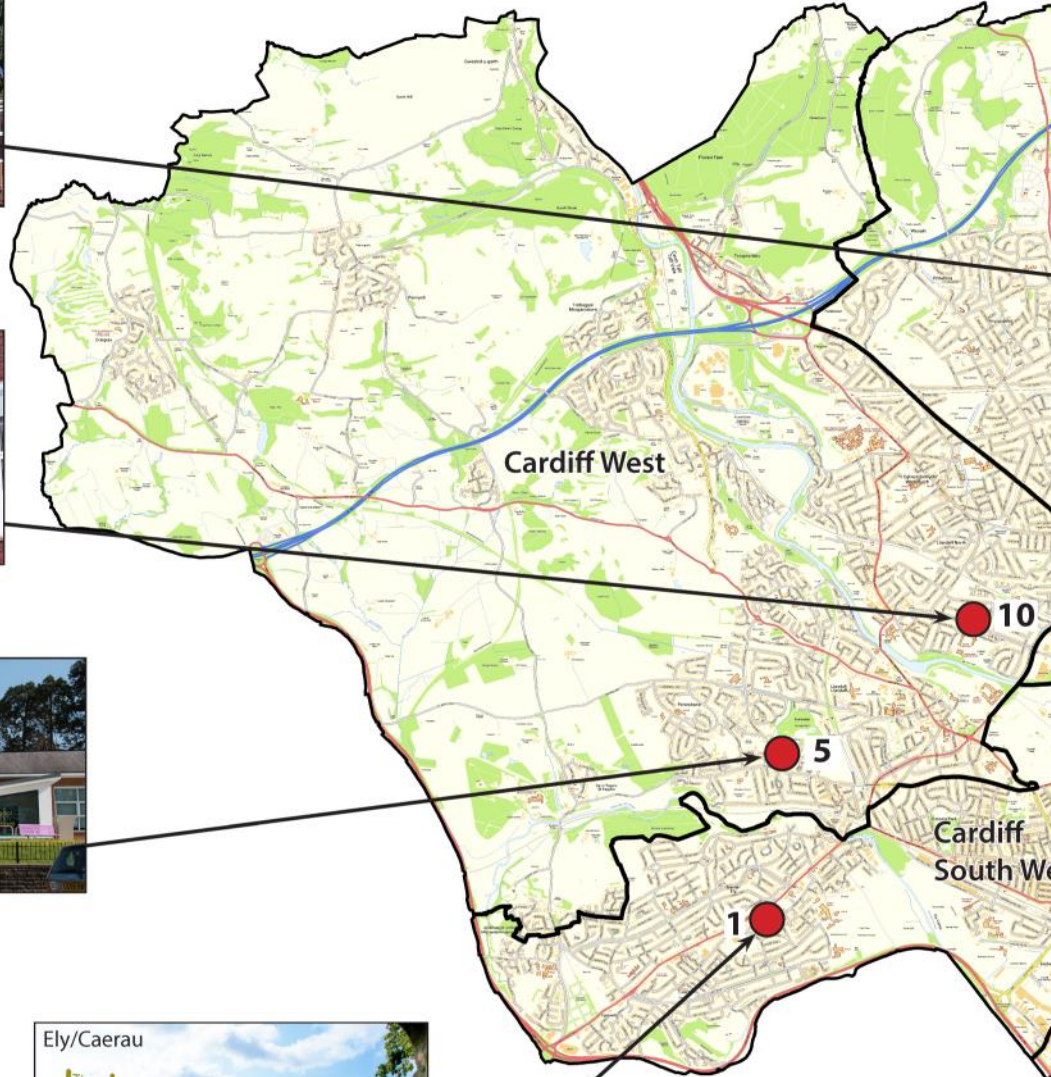

**Powerhouse Hub, Llanedeyrn:** A 2-storey extension was added to the existing Powerhouse building, providing accommodation for South Wales Police on the first-floor and a Community Hub on the ground-floor. The bright, colourful Hub includes a modern library with a children's corner, drop-in PC's, an IT training room, advice desks, a community café, private interview rooms and new reception area. The Hub opened in July, 2017 and has received positive feedback from customers.

**Llanishen Hub:** The ground-floor of Llanishen police station has been converted into a Community Hub, through an extensive refurbishment programme. The new facility includes a library space, IT suite, community room and interview rooms. Located in the heart of Llanishen village, the Hub has proved popular with the local community since it opened in November, 2017.

A major extension to the **St Mellons Hub** is currently under construction. This will bring all neighbourhood services together in an integrated facility, providing a multi-purpose community hall, activity rooms, youth den, community café and child-care provision, in addition to the advice, information and library facilities on offer in the existing Hub. The extended Hub is due to open in summer, 2018.

# Community Hubs

The Powerhouse in Llanedeyrn is Cardiff's latest Hub bringing services and facilities to the heart of the community, it opened its doors in July 2017. The building has been extended and underwent major refurbishment to provide a wide range of services and improved facilities to local people.

*It's going to be a real asset for local people*

Cllr Lynda Thorne said, "Another new hub for the city is great news, especially for the communities of Llanedeyrn and Pentwyn. Our other hubs have proved very popular and have helped us increase the take up of services. I'm sure this new hub will be no different – it's going to be a real asset for local people."

The opening of the new Powerhouse is part of the wider development of the Maelfa estate in Llanedeyrn and work is well underway on the project that will deliver new modern shops, community facilities and a mix of social rented and private housing on the current site.

South Wales Police, who previously had a local station in the Maelfa Centre, have now relocated to the Powerhouse and will have self-contained offices on the first floor.

## Money Advice Team

The Money Advice Team are based in Central Library Hub and also provide outreach services from Hubs across the city. The team can help with budgeting and debt, completing welfare benefit forms and can help clients to claim all the grants and discounts they are entitled to. They can also assist clients to open a basic bank account.

The Money Advice Team are experts in giving advice to those who have been affected by the Welfare Reform changes. Including helping those who have been affected by the Benefit Cap or need support as they are now claiming Universal Credit. For clients that have had a negative decision about their benefit claims, the team can also help with mandatory reconsiderations, which is the first stage in the appeal process.

Central Library Hub also offers services from partner organisations including, Cardiff Advice Service (made up of Citizens Advice and the Speakeasy Advice Centre), Cardiff and Vale Credit Union, Shelter, and NEST.

# Volunteering Scheme

Working with Into Work Advice Services, the Volunteer Coordinator with the support of the Volunteer Mentor have grown the volunteering opportunities in the Hubs throughout the city. There are approximately 65 volunteers at any one time.

There are many volunteering roles– these include;

- Digital Champion volunteers
- Money Advice volunteers
- Administration volunteers
- Reception volunteers
- Library volunteers

People volunteer for a variety of reasons but the main reason is that they are looking to return to work and volunteering significantly improves the chances of getting a job. The Council will provide the volunteers with job references too – which sometimes is the biggest barrier to finding work for inexperienced job seekers. In fact 5 former volunteers are now paid members of staff working in various teams in the Council.

Last year 68 volunteers who left volunteering did so because they returned to work.

## **Into Work Advice Service**

The Into Work Advice Service can help anyone living in Cardiff who is unemployed or looking to upskill from their current job. Job Club and digital sessions are held at 14 different locations across the city with a 5 day presence in Central Library Hub, Ely / Caerau Community Hub, St Mellons Hub and Grangetown Hub.

The job club is a drop in service where an advisor is available to help the individual with CV's, job applications, job searching, Universal Job Match, helping to claim Universal Credit, and also helping to write cover letters. An advisor will provide a detailed bespoke action plan to return to work, ensuring they are tailored to meet the individual needs of the client.

The Digital Inclusion officers can also support people to get on-line, create social media accounts, use the internet and set up e-mails. On average the job clubs see over 3,600 clients a month.

The Into Work Advice scheme also delivers a range of accredited and non accredited training courses. A range of 1 or 2 day training courses including Emergency First Aid, Food Safety, Manual Handling and Health and Safety training courses can be accessed across the city in various Hubs. On average over 270 individuals complete work skills training per month with Into Work Advice Service and the service helps to support over 390 clients into employment annually.

# Impact of Welfare Reform

The Business Plan has given consideration to the impact of Welfare Reform. Financial modelling was carried out in an attempt to consider likely scenarios, particularly in respect of potential increases to rent. In addition, the modelling considered the potential additional costs of collection and arrears recovery.

Universal Credit Full Service is due to arrive in Cardiff in early 2018. Universal Credit is a working age benefit that is replacing 6 means tested benefits and tax credits now termed “legacy” benefits. Once Universal Credit Full Service arrives, if a new claim would need to be made for one of the benefits listed below and the household has less than three children, a claim for Universal Credit will be required instead.

Changes to circumstances could also mean that a claim for Universal Credit will need to be made. These include (but are not limited to):

- Move into or out of work
- Becoming a carer
- Becoming sick
- Having a first child
- Becoming fit for work
- Youngest child turning 5
- Gaining or losing a partner
- Child leaving school / household

## Benefit Cap

The Benefit Cap is a limit placed on the total amount of benefits a working age

Example of Financial Support: Mr John was affected by the benefit cap. He attended a local Hub and was given financial help towards his rent while he engaged with the Into Work Advice Service. This meant the shortfall in his rent was paid by a Discretionary Housing Payment.

He is now in work and is over £130 a week better off and no longer affected by the benefit cap.

# Homelessness and Housing Need

## **The Scale of Rough Sleeping in Cardiff**

The amount of people sleeping rough in Cardiff has approximately doubled since 2014.

Figures for the last 3 single night counts show an upward trend in the number of rough sleepers actually observed, with 26 individuals recorded in 2014, 30 in 2015 and 53 in 2016.

## **Ty Tresillian Pods**

Ty Tresillain is a council run hostel for single people. The hostel has 24 hostel beds for some of the most vulnerable homeless people. In addition the hostel has 8 internal pods (emergency rooms).

An additional 3 pods were added in 2017 and there are plans to develop more in the coming year.

*Rough Sleeper Pods Ty Tresillian*

*Early morning breakfast run*

## **Frontline Services**

Cardiff has a comprehensive range of frontline services working with its rough sleepers: The Council's Homeless Outreach Team undertakes day-time and evening outreach 7 days a week, engaging with people sleeping rough or who are at risk of sleeping rough.

The team has recently been expanded and trained to undertake statutory homelessness assessments on the streets.

## **Rough Sleeper Project**

Cardiff Council's Rough Sleeper Project offers an alternative accommodation model based on Housing First principles. Direct referrals are made into self-contained accommodation, without preconditions or the need to move through a staged approach to independent living. Since its establishment, 26 clients who had previously failed to engage or maintain other homeless provision have been positively resettled.

The project uses council flats and the number of properties made available been expanded from August 2017 to help address the growing issue of rough sleeping.

# Common Housing Waiting List

There is a high demand for social housing in Cardiff and a limited number of properties become available to let each year. Cardiff Council, Cadwyn, Cardiff Community, Hafod, Linc Cymru, Newydd, Taff, United Welsh and Wales & West Housing Associations operate a Common Housing Waiting List for social housing, from which suitable applicants are identified to be offered available properties.

In order to offer applicants the widest choice of accommodation applicants are considered for suitable properties regardless of landlord. All applicants are given the opportunity to express preferences about the areas of the city in which they want to live and will be offered up to date information about likely waiting times for social housing in their preferred areas. Applicants who choose to join the Housing Waiting List based on the information they have been given will be able to register for as many preferred areas as they wish.

The partners aim to assist applicants who are in housing need before those without identified need. The level of housing need is used as one of the measures to determine an applicant's position on the Waiting List :

- Immediate, urgent, high and medium levels of housing need are recognised and used to inform applicants' position on the Waiting List.
- Applicants with no identified housing need may be admitted to the Housing Waiting List, but will be registered in a lower Band than those with identified housing need.

Where it becomes apparent during the application / assessment process that the applicant may be homeless / threatened with homelessness a referral is made to the Housing Options Service.

- No of applicants on Common Housing waiting List: **7856** (Jan 2018)
- No of applicants identified as homeless: **584** (Jan 2018)
- Number of properties let in 2017: **1405**, (711 Council and 714 partner).

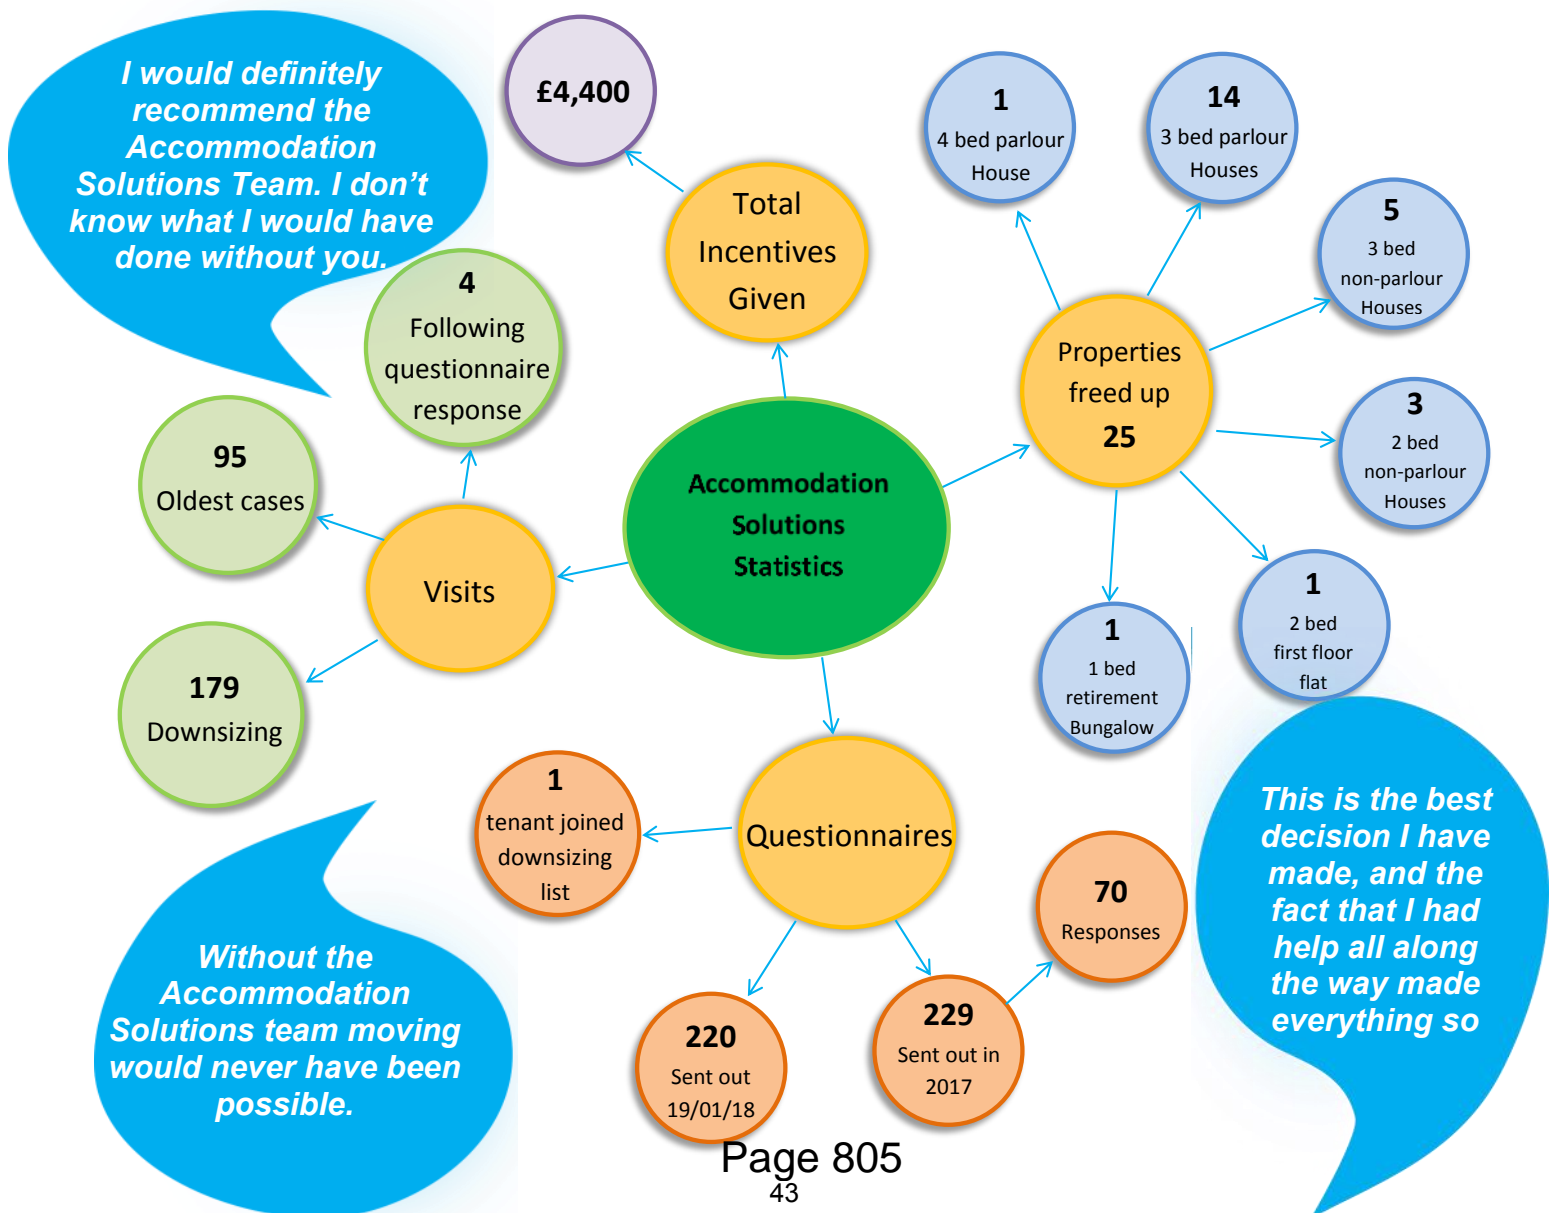

## Accommodation Solutions Team

The Accommodation Solutions team was set up to provide assistance for those who are looking to downsize from large family accommodation. Particularly those who wish to move to more appropriate accommodation for their needs and who may find the whole process a bit daunting.

The Team are available to assist from the time a tenant joins the waiting list until after they have moved in, ensuring they have settled in comfortably. The aim is to give people the peace of mind of having one single contact and a face they know when taking on the task of moving from their current accommodation.

Accommodation Solutions officers understand that moving can be a big decision for tenants, especially if this has been their long term family home. The aim is to make the process as easy as possible.

The Accommodation Solutions team can help tenants think about how they will move, what to do with any unwanted items and give the support the tenant may need following the move. They can also offer financial assistance to help towards moving costs or to decorate their new home.

# Tenant Participation

## **Growing Together and Blooming Marvellous**

The Tenant Participation Team's city-wide gardening project 'Growing Together' encourages tenants and residents to start community gardens. Tenants are given expert advice, access to tools and equipment through our special project grant.

Gardens have now been set up in different areas across the city to be used by council tenants and leaseholders including in residential areas, sheltered living complexes and schools.

As part of the Growing Together theme we also ran our largest ever Blooming Marvellous competition, a gardening competition open to all tenants and leaseholders of Cardiff Council. This competition has proved very popular and has encouraged our tenants to look after their gardens and add colour to their communities.

The winners are announced at our annual tenant's conference where different teams in the Council and other council tenants get to hear about each garden's background and story.

## **Special Project Grants**

The Tenant Participation Team offer a grant of up to £1000 for constituted groups of council tenants and leaseholders to support community projects or activities such as street parties, crafting groups and other community led events.

## **Working with Schools**

The Tenant Participation Team recognises that parents can be pressed for time due to childcare commitments so has started to run outreach sessions and community gardens in schools such as Hywell Dda in Ely to encourage council tenants and leaseholders to get involved within their communities. Examples of courses include First Aid, Food Safety and Customer Service. The community garden at Hywell Dda was also used for a gardening action day where council tenants and leaseholders got to speak to experts about bees, fruit and veg and ways to improve their own gardening spaces.

*Community garden in Shelly Walk Plansnewydd*

### **Let us know**

The Tenant Participation Team have organised several Community Let Us Know events in 2017, and more are planned for 2018. With lots of fun events for families and children, an opportunity to speak with council officers and external partner organisations, these events have been a big success.

A Community Action Day was held in Whitchurch at the Hollybush estate in June. It was an opportunity for residents to address any issues with council officers as well as an opportunity to plant a herb garden within the estate with the help of Tenant Participation Team.

The team works with different departments such as Land and Assets and Antisocial Behaviour, (ASB) to hold workshops and surgeries related to issues that communities are facing city wide.

### **Passport to work**

The Tenant Participation Team work alongside Into Work Services, Job Centre, the Hub and the Money Advice Team to provide and fund courses for council tenants to find work. The Tenant Participation Team places emphasis on the importance of the tenant sourcing the course themselves so they can pick a career path which suits them in the future. The council tenant only needs to attend a week long course with Into Work Services to prove their commitment to the training.

Tenants have gone onto courses for forklift licences, HGV Licences, Asbestos Removal, Carpet fitting courses and many more.

# Effective Consultation and Communication

## Tenant Participation

2017 has been a busy, productive and successful year for Tenant Participation. The team now has five members of staff dedicated to engaging with the tenants and leaseholders of Cardiff Council, on all the issues affecting them.

## Bus Tour

The team organised the annual Tenants' Bus Tour during which tenants and leaseholders were taken around the city to be shown examples of capital investment projects. Examples of these were the Llandaff North and Gabalfa Hub and the regeneration of Trenchard Drive before residents of the community living complexes were shown the newly renovated Sandown Court community living complex.

## Aging Well in community living

Officers from the Tenant Participation Team have been attending sheltered housing complexes across Cardiff in order to hold different types of community led events. These include Christmas card crafting, coffee mornings, lunch clubs and choir sessions which offer the tenants and leaseholders an opportunity to socialise and get together. The Tenant Participation Team has also facilitated healthy living days in schemes such as Sandown court, with stalls from Independent Living, Telecare and other organisations such as Specsavers to give tenants and leaseholders advice and answer any queries.

*The annual Tenants' Bus Tour*

*2017 Tenants Conference*

## **Tenants Conference**

A very successful Tenants Conference was held in November 2017. The theme of this year's conference was 'Tenants Together' and focused on working with tenants and leaseholders to find ways to improve communities across Cardiff. Tenants and leaseholders were also shown presentations on recycling, Independent Living Services as well as a presentation by a council tenant on our mystery shopping programme. Over 20 organisations came from within the Council and outside to take questions and inform council tenants of the services available as well as hosting workshops throughout on a variety of subjects including; First Aid, volunteering, tips from waste management and upcycle garden crafts.

## **Tenants' Voice**

A series of Tenants' Voice meetings were held, which allow tenants and leaseholders the opportunity to meet with cabinet members, senior officers and managers.

Tenants and leaseholders are kept up to date with the work being carried out by the Housing Service, and also ask questions and put forward their own concerns. At the latest meeting, a brief presentation was given on the major housing improvements planned in the city over this next financial year.

# Keeping in Touch

We aim to keep our residents informed of all issues and campaigns that may affect them by making use of different methods of communication in the most effective way possible.

Tenants' Times is produced and delivered to all council tenants on a quarterly basis. It is used to provide tenants with information about community services, campaigns and initiatives. Tenants' Times is also the main way that we inform our tenants about major works and general improvements to housing stock. A reading group made up of tenants and council officers makes sure that the articles are relevant to our customers.

The Cardiff Tenants website, ([www.cardifftenants.co.uk](http://www.cardifftenants.co.uk)) and Facebook pages, ([www.facebook.com/TPCardiff](http://www.facebook.com/TPCardiff)) are continually evolving and developing to reflect information that is up-to-date and relevant. They are aimed at all communities within Cardiff.

# Independent Living

Mr Omar had lived in Sandown court for 15 years, when he moved into the complex he was living in a bedsit, he has now moved to a flat and since the recent refurbishment the size of his flat has increased. *“I was over the moon, I now have a flat and a half! “I can’t fault the finish, It’s gone from the dark ages to the 21st century.”*

Mr Omar said that there have been new people moving in, they are welcomed into the community *“we have breakfast club, the afternoon movie club it helps people gel, I’m hoping we do some bingo as well.”*

Each flat is connected to the CCTV cameras and Tunstall Care-line intercom system, the system is also connected to smoke and heat detectors. *“If someone knocks my door I can quickly check on the CCTV who they are. If I don’t know them I’m not letting them in!”*

There is a community spirit in the complex and Mr Omar is very well known , *“I painted the benches in the gardens for when the “royalty” arrived, (when the complex refurbishment was officially opened) and if someone needs help with a flat pack building or change a lightbulb I’m always happy to help.”*

*Mr Omar in his newly refurbished flat*

## Independent Living Services

Focusing on the elderly and disabled people, our Independent Living Services can help residents to access a wide range of support to help them live as independently as possible.

Independent Living Services has a team of multi-skilled visiting officers who complete holistic assessments in the client's home. They provide help and advice on benefits to maximise the client's income. The team also help reduce outgoings by advising on how to make homes more energy-efficient and informing about any grants or discounts residents may be entitled to. The offices can also advise about equipment and adaptations and provide options to help prevent social isolation.

Adaptations to the home can help the tenant improve their movement in and around your home. The types of adaptations provided include:

- Better heating and lighting system and controls
- Additional bathing facilities, e.g. a level access showers
- Easier cooking facilities, e.g. Providing low level units
- Improved movement around the house and access to rooms and facilities, e.g. widening doors, installing ramps or stair lift

In 2016/17 - 416 preventative works and 250 disabled adaptations were carried out to Council homes to help our tenants stay independent at home.

### Performance Figures 2017:

- 2,469 visits undertaken.

# Asset and Regeneration Schemes

The Land and Asset Team develops strategies and delivers effective management of housing land, assets and sustainable housing solutions for mainstream and specialist accommodation. These include:

- Sheltered housing refurbishment schemes
- Garage site improvement projects
- Courtyards and defensible space improvement projects

## Future Schemes

As part of the Council's commitment to improving all of the Sheltered Accommodation. Brentwood Court, Clos-y-Nant and Nelson House will have large scale refurbishments to the communal areas. The refurbishments to these schemes will encompass the same principles that we have used in the communal areas of Sandown Court.

*Nelson House proposed design*

*Sandown Court community room*

## **Sandown Court, Community Living**

The refurbishment and rebranding of Sandown Court was completed and officially opened in June 2017 and is the first Community Living Scheme in Cardiff.

The scheme has undergone a complete internal refurbishment and has allowed us to remove bedsits and use the space to create more fully wheelchair accessible flats and more two bedroom flats. All flats have also benefitted from updated kitchens and all now have wet rooms which are more flexible for residents.

The communal facilities have also been upgraded to provide a modern and welcoming environment that enhances the resident experience and improves the community living feeling. Activities have been arranged to allow older persons living outside of the scheme to share these activities and the improvements have allowed us to do this in a safe and welcoming environment for all. To allow us to arrange these varied activities the communal rooms have been upgraded and improved and wellness suites have been created.

We have also completed the scheme to RNIB Visibly Better standards which ensures that the scheme is refurbished in a way that is suitable for people with sight loss and dementia. We will soon be receiving accreditation that the scheme is of a RNIB Platinum standard.

## Edinburgh Court and South Morgan Place Regeneration

The regeneration of Edinburgh Court and South Morgan Place housing estate was completed in November 2017.

Both estates have benefited from the delivery of sustainable building and associated infrastructure improvements to address poor estate design, improve accessibility and combat anti-social behaviour.

Increased vehicle and bicycle parking provision and improved pedestrian routes, improved lighting, resurfacing, landscaping and wayfinding have enhanced accessibility and safety.

New bin stores have been created to meet the requirements of the Councils future waste management strategy.

The creation of new boundary walls, defensible space, secure shared amenity spaces, together with a community garden has reduced anti-social behaviour and engendered a new community spirit amongst residents.

## Edinburgh Court Mural

### Powering Pollination

As part of the Edinburgh Court regeneration residents had a desire to brighten up the natural and built environment.

The Mural is part of a wider 'Powering Pollination' community scheme that has been inspired and delivered by volunteers in Riverside and Canton, alongside artists from Peaceful Progress, with an aim to enhance the quality of the built and natural environment and improve school walking routes by providing colour and interest to the neighbourhood in a public space, with this site having the highest footfall of school bound groups in the area.

The project has included community clean up events and installed numerous planters, trees and bushes across the area, with over 1000 participants involved.

## Sycamore Place Courtyard Improvement

As this courtyard was in poor condition, it was on the courtyard improvement scheme for this year. The courtyard surface was improved, and facilities improved including rotary lines, a bin store, new shed doors and handrails.

The improvements provided the residents with additional privacy and security.

## Defensible Space

The aim of these schemes is to create defensible space to a number of properties that do not benefit from adequate front boundaries between the public and private space.

One such scheme was for 22 designated elderly bungalows in Llangranog Road and Llangranog Place that had no defensible space to the front gardens.

All bungalows had new railing and gates, while some were provided with new driveways to create off street parking. Another property was given level access by having the steps up to the front door removed. The scheme was very successful and the residents living in the bungalows now have privacy and security.

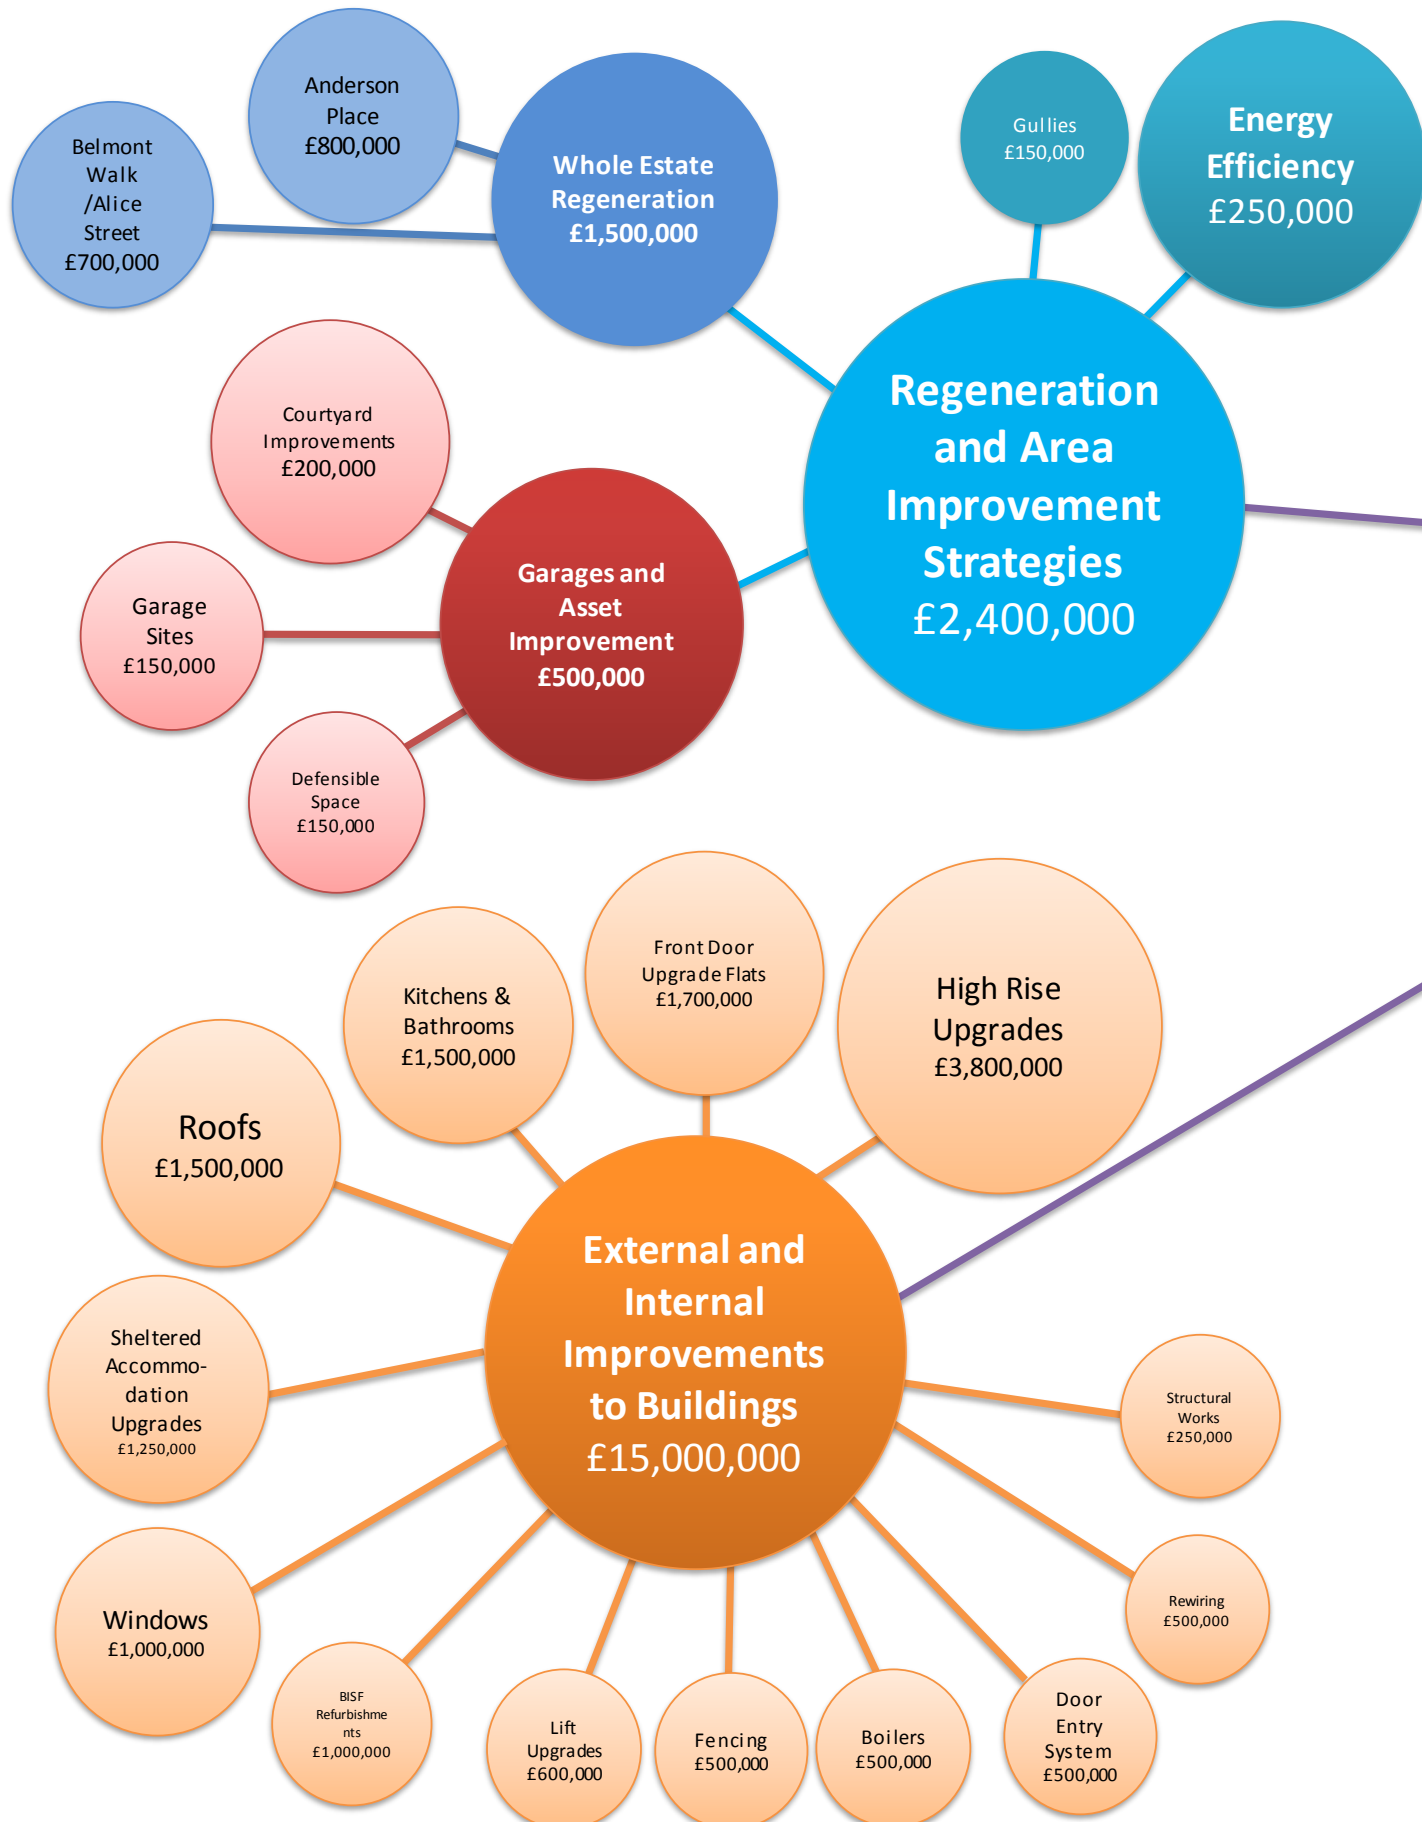

*Proposed refurbishment to Maelfa High Rise*

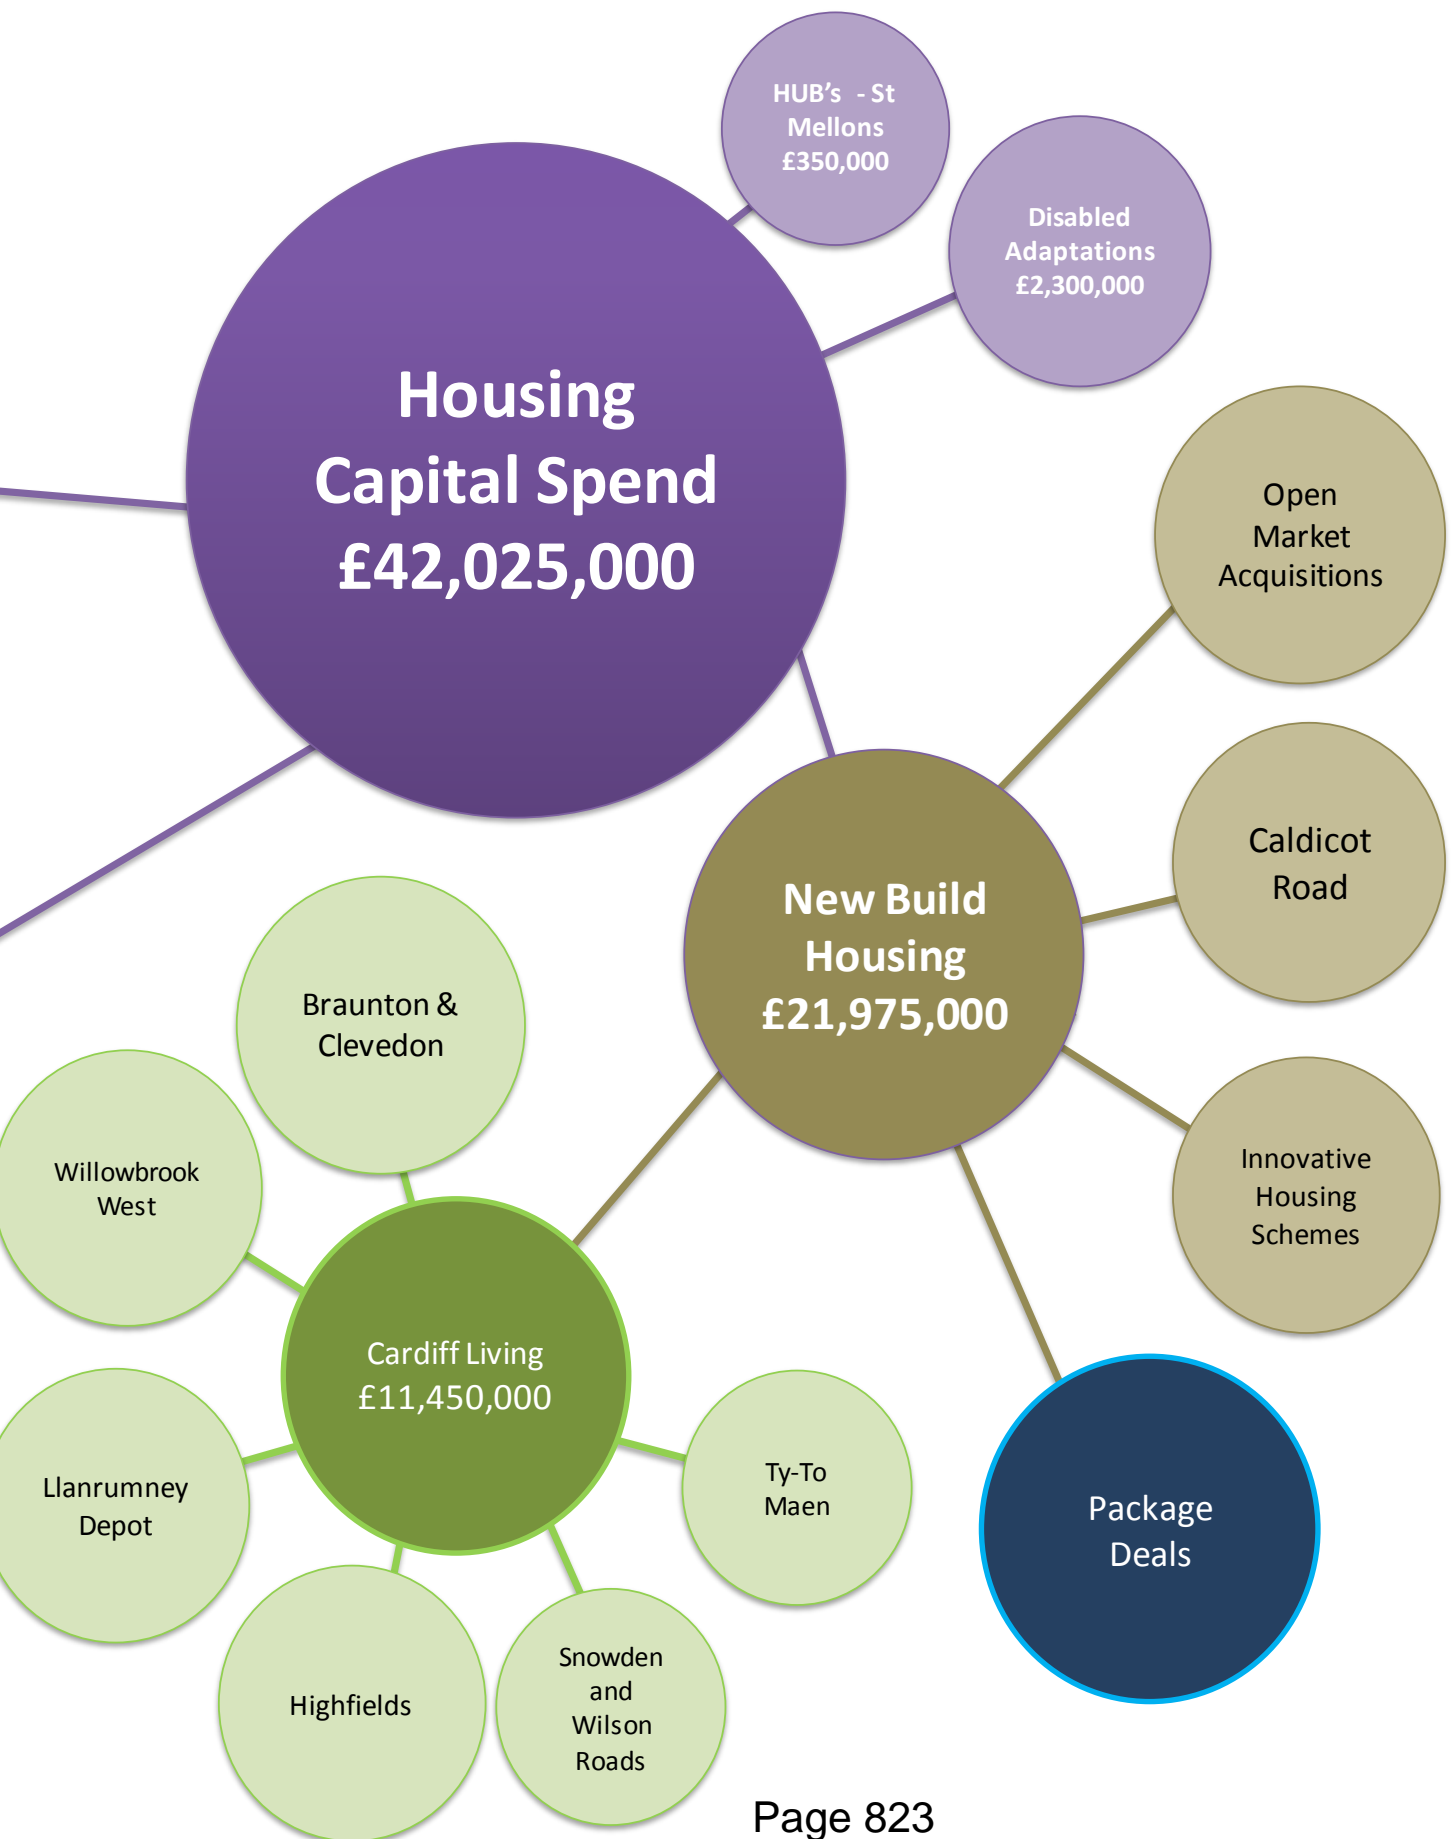

## Neighbourhood Redevelopment

An external refurbishment scheme is also in progress at Maelfa House, Llanedeyrn to enhance the quality of this high-rise block and to complement the surrounding redevelopment.

Further redevelopment of the Maelfa shopping centre and surrounding land in Llanedeyrn is a key regeneration priority for the Council and phase 1 of the redevelopment is now under construction. This includes a new shopping parade with 9 new retail units on the ground-floor and 38 one and two-bed apartments above, together with off-street parking and attractive public realm. It is anticipated that the new shops will open late 2018. New private homes have also been completed as part of the redevelopment.

## Capital work: Delivering Warmer Homes

Broadlands House is a sheltered housing complex in St Mellons with 33 flats. The complex has a communal central heating system providing heating and hot water to all the flats.

The old system was ineffective with poor circulation throughout the complex. The boilers became unreliable and at one point stopped working for 5 days.

It was decided to upgrade the central heating system with work beginning in 2017. The new boiler system was installed with workers being sensitive to keep disruption down to a minimum. The whole installation took 12 weeks to complete.

Regarding the central heating Marilyn said, *“Before it was really bad, I didn’t need to put the heating on at all because the pipes were always so hot, sometimes it reached 25c in my flat without the radiators on, in the communal areas it was reaching 30c. Now everything is on a thermostat and I can set the room to a comfortable temperature. The workers could not have been more helpful, they were friendly and they even moved my radiator for me, it was a bit of upheaval but worth it.”*

Marilyn said about the complex, *“It’s a lovely place in a good location, there are bus stops around the corner and Tesco over the road, the warden Chantelle is great, she’s a real pocket rocket, very helpful, fair and accommodating.”*

# New Domestic Building Maintenance Framework

A new Domestic Building Maintenance Framework was put in place in 2017. The city has been divided into 3 geographical districts, with a different contractor in each district. Each contractor will be delivering a similar mix of work, to include responsive repairs, vacant repairs and minor planned works. The estimated annual value is £9.5m (£3.16m per Lot / District).

## Desired Outcomes:

- Deliver a high quality service that focuses on the customer.
- Deliver a Building Maintenance Service that works alongside the in-house workforce to improve and maintain flexibility of provision.
- Deliver value for money.
- Reduce costs for the Council and Contractors alike, through electronic ordering, confirmation and payment processing.
- Improve the quality of management and performance information in relation to the provision of Building Maintenance Services.
- Improve our demand management for Building Maintenance Services.
- Take a partnership working approach to delivering and improving services.
- Support the Council's Open Doors Charter and Sustainable Policy. (Maximising access to opportunities to Small and Medium-sized Enterprises, (SME's) and local supply chain.)
- Support the Council's Sustainable Development Agenda by maximising the tender opportunities to local providers and opportunities to provide training and skill development to the local work-force.

# Equalities

In June 2017 Cardiff Council and the RNIB signed a partnership agreement which aims to provide a structured approach to the achievement of Visibly Better Standards in Cardiff's Community Living Schemes (former Sheltered Schemes) and in doing so closing the gap between policy and practice to promote independence and safety for the tenants.

## Sandown Court

All flats have had a kitchen and bathroom upgrade that achieves the RNIB colour contrast standards. In addition to this wide colour pad switches and sockets which provide colour contrast will be installed.

The internal doors have a colour contrasted strip that stands out from the surrounding walls and lever style handles.

In communal areas, accent walls have been colour contrasted to the main walls in the communal areas. This visibly indicates changes of direction and supports hallway depths, wayfinding, turns and zonal recognition by the use of its colour. In addition the following changes have been made:

- RNIB Compliant signage
- Appropriate daylight controls (vertical blinds as one example) in south and west facing windows as a minimum
- Communal rooms have contrasted light and socket switches.
- Lighting – whether sensor or switch activated will reach optimum lighting level immediately and have sufficient range so that tenants will approach a lit environment before they are within the respective area. Lighting will be fully diffused and provide an even spread of light.

# Compliments and Complaints

Customer feedback is important to us, it helps provide valuable information about how we are performing and what our customers, Cardiff citizens and communities think about our services. We use this information to improve our services, strengthen our relationships with other customers and make better use of our resources.

We are pleased to report that our complaints and compliment figures are showing a healthy improvement. We deliver a number of different services and during the period from April 2016 to the end of March 2017, the Housing and Communities section received a total of 404 complaints, which is a decrease of 5% on the previous year. Housing and Communities also received 508 compliments in 2017 for staff and services provided.

All the feedback received does make a difference, helping us improve our services. Any lessons that can be learned from a complaint are used to deliver service improvements.

A customer sent a card to thank Finance Officer, Tracy. She wrote, "thank you very much for your care and concern... your time is precious and you are very helpful."

A tenant wanted to thank the housing department for moving them into above disabled adapted address sooner than expected. He advises it's improved his and his partners life massively and they cannot thank us enough for sorting this. They are very appreciative and they wanted their gratitude to be passed along.

Compliment received for Chris the gas engineer who attended the commission test at property on Harlech Road on Monday morning. "He was very patient with customer who was a new tenant in a bungalow after living in the same house for the last 40 years." He walked her through how the boiler worked, told her how it would function differently from the boiler in her old property and was very comfortable and confident which I felt put her at ease. I'm very grateful for all the help he provided.

Following his visit to the Central Library Hub, the customer wrote "Thank you for the safe receipt of my bus pass. Your understanding of and attention given to my problem was outstanding."

A customer complimented CMS on the "excellent service" the team always provides. She added that the CMS Operatives who recently carried out work at her home were very polite and efficient.

Housing & Communities continue to adopt a positive, constructive approach to complaints. Each case is investigated thoroughly to establish exactly what has gone wrong; the primary aim being to resolve the matter for the individual and improve future service delivery.

# Learning from complaints – Responsive Repairs Unit

One of the Council’s main success stories with regards to complaints is the repeated annual decrease in complaints received by the Responsive Repairs Unit. It is of great importance that the Council attempts to get repairs ‘right first time’ and the service has conducted regular reviews on the number and type of complaints received. The improvements implemented speak for themselves as the service has received a consecutive decrease in the number of complaints for four years in a row.

RRU Complaints

A common theme amongst complaints received has been about delays to the work taking place. The Responsive Repair Unit are now able to keep our customers informed about potential delays as customers will now receive a text message notifying them of their appointment and a reminder text 24 hours before the appointment and a further reminder when the operative is on his way. All Responsive Repairs Unit operatives have also been issued with smart phones to enable mobile working and scheduling. This change has allowed the Responsive Repairs Unit to start offering morning or afternoon appointments to customers, or a slot to avoid the school run.

# Community Benefits

The Wates Team and partners from Glamorgan-Gwent Archaeological Trust (GGAT) were delighted to welcome pupils from Oakfield and Meadowlane Primary Schools for an archaeology workshop. Following a safety talk from the team they showed pupils through how they work to uncover and preserve archaeological finds. The children were given the opportunity to handle and clean example finds and learn about the history and original purpose of each object.

Pupils from these two schools also took part in our hoarding design competition, creating character-driven posters inspired by Roald Dahl's stories. The winning entries are now on display and the site name is derived from one of Dahl's books. Winners were announced and awarded with prizes at a school assembly.

# Resource Planning

## Financial Resources

Now that Cardiff has met the Welsh Housing Quality Standard it is important to ensure the standard is maintained and investment is planned accordingly. The level of actual investment required will vary year on year and consequently detailed programmes of work require adjustment on a yearly basis. A detailed draft programme of works for the next five financial years is included on the Five Year Capital and Revenue Budgets pages.

The Business Plan includes a provision for kitchens and bathrooms that are deemed as acceptable fails, e.g. tenant refusal. These will be improved as properties become vacant or tenants change their minds. Despite publishing articles in the local press there has been limited take up in respect of acceptable fails.

A 30-year financial Business Plan model has been produced for the Housing Revenue Account. Most of the day-to-day income and expenditure estimates within the Business Plan model are based on historic trends and/or reflect current HRA budgets.

Estimated data has been incorporated from 2018/19 onwards with the key assumptions as set out in the Housing Revenue Account Business Plan parameters and as advised by the Welsh Government.

Therefore, for 2018/19, the model assumes that rent increases will be 4.5% per annum plus the maximum £2 per week. For the financial years 2019/20 through to 2021/22, the model assumes rent increases of 3% per annum and 2.5% for future years. With respect to service charges, these are increased for future years in line with inflation for full cost recovery. Voids and bad debts are currently 1.46% and 1.06% respectively. These have been increased to 2.96% and 3.00% by year 7 of the plan, and are fixed at this level over the remainder 30 year period. Consumer and retail prices indexes are estimated to be within a range of 2% and 2.9% throughout the model.

The Council's stock condition database provides details of the improvements carried out to each individual property, block of flats or maisonette within the Council. This will provide more accurate forecasts and will allow for the programmed works to be planned and costed accordingly. The Council will seek to achieve value for money in all respects by the most efficient, effective and economic use of resources.

## People

The Council recognises that its employees are the single most important part of its capability to successfully deliver its aims and aspirations, and to deliver the best services possible for the citizens and communities of Cardiff. The Personal Performance and Development Reviews (PPDR) are a crucial aspect in developing, maintaining and motivating the workforce. As such the Directorate is committed to ensuring that, where possible, all employees receive a PPDR and know exactly how they are doing in their jobs and how their role relates to the overall objectives and vision of the Council.

## Capital Resources

The capital resources assumed for future years and the planned expenditure using those resources are identified in this section. The Business Plan assumes that the Council continues to receive the Major Repairs Allowance (MRA) Grant from the Welsh Government at existing levels of £9.5m per year for the term of the Plan. Any reductions to this will have an impact on affordability and the level of borrowing required if the improvements made in achieving WHQS are to be maintained. No provision for Council house sales has been included in the financial plan post 2019/20. A prudent provision of £500k pa has been made for land receipts within the financial model from 2020/21 onwards.

## Component Lifespan

Typical Components	Roof	Wiring systems	Bathroom	Windows	Boiler	Doors	Door entry systems	Kitchen	Smoke alarms	Painting
Average Lifespan (Years)	40	30	25	25	20	20	15	15	10	8
Average cost of replacement	£7,000	£1,300	£1,000	£2,500	£3,000	£1,500	£5,000	£1,500	£250	£400

## 30 Year Plan

The 30 year plan incorporates life cycles of property elements and budgetary commitments. Due to the high amount of work completed on properties in the run up becoming WHQS compliant a large number of elements become due for renewal in a short space of time. To ease budget constraints and improve efficiency of renewal the 30 year plan goes through a smoothing process.

30 Year Programme Smoothed

## Sustainability

The Council works in partnership with suppliers and contractors to acquire the best quality materials for the best value. We ensure that environmental criteria are used in the award of contracts, when assessing value we consider the whole life cycle of a material, including installation, maintenance and final disposal. The Council will source green energy wherever possible and consider suppliers environmental credentials. This means that the cheapest product does not necessarily deliver the best value.

## HRA Limit of Indebtedness

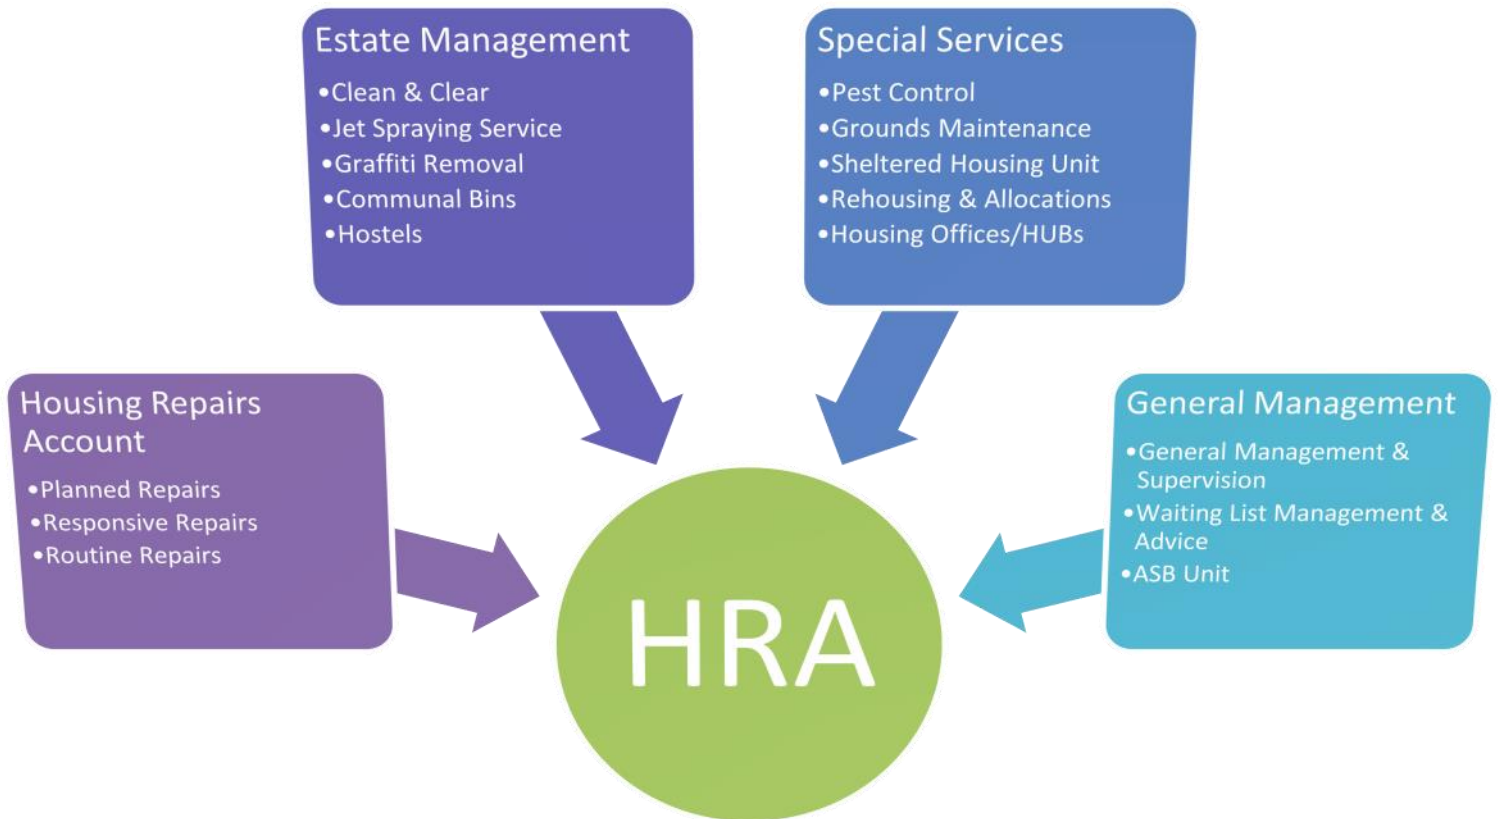

The Housing Revenue Account Capital Finance Requirement, (£273.9m at 31 March 2017) remains within the Councils borrowing cap, (£316.5m set by Welsh Government) over the period of the business plan and is compliant with the minimum annual interest payments.

## Sensitivity Analysis

The projections within the financial model are extremely sensitive to changes in forecast expenditure levels, capital financing assumptions, and the projected income levels and inflation rate changes. The table below shows the impact of changes to cost/income assumptions.

**CARDIFF COUNCIL  
CYNGOR CAERDYDD**

**CABINET MEETING: 15 MARCH 2018**

---

**TARGETED REGENERATION INVESTMENT PROGRAMME**

**HOUSING & COMMUNITIES (COUNCILLOR LYNDA THORNE)**

**AGENDA ITEM: 11**

---

**REPORT OF CORPORATE DIRECTOR PEOPLE & COMMUNITIES**

**Reason for this Report**

1. To outline opportunities under the Welsh Government's new Targeted Regeneration Investment Programme and seek approval for priority themes and projects.

**Background**

2. The Welsh Government has announced a new funding programme to support economic regeneration projects. Guidance on the new Targeted Regeneration Investment Programme (TRIP) was issued in October, 2017. TRIP is the successor programme to the Vibrant & Viable Places (VVP) programme, under which grant funding was secured for improvements to Clare Rd/ Penarth Rd District Centre, Grangetown Hub, and the St Mellons Hub extension.
3. The overarching aim of TRIP is to support projects which promote economic regeneration, with activities focussed on individuals and areas most in need. Local authorities are invited to submit capital investment proposals aimed at widening prosperity and improving community well-being.
4. The aim is to support 'regionally significant' investment in defined 'Regeneration Areas', where a programme of projects will tackle the complex range of challenges facing the area and reverse this decline.
5. The programme begins in April, 2018 initially for a 3-year period, although the guidance also encourages authorities to identify projects which could feature in a rolling programme for future years.
6. The all-Wales budget for the 3-year period 2018/19 – 2020/21 is £100 million, with a notional allocation to the South-East Wales region of £44 million. The maximum intervention rate is 70%, and all projects must

have a minimum contribution of 30% from non-Welsh Government sources.

7. A break-down of the £44 million regional allocation on a 'per capita' basis would equate to some £10 million for Cardiff. While this provides an indication of the level of resources available, actual funding awards are based on the merits of individual project applications from across the region.
8. Based on preliminary work, funding of £1.3 million over the 3 year period is included in the Council's capital programme. Match-funding requirements will be further reviewed as projects are worked up, and other sources of funding identified.

### **Regional Framework**

9. A requirement of the new programme, as set out by the Welsh Government, is that it is aligned regionally. This includes the development of an overall regional regeneration strategy and establishing a means for regional endorsement of project proposals. All project proposals put forward for consideration under the programme will need to demonstrate how they align with regional priorities. A regional regeneration plan is currently being drafted based on contributions from the ten local authorities of the Cardiff Capital Region. This will be a high-level framework document, identifying key regeneration themes and priority areas for TRIP funding.
10. Only projects which link to the regional plan and have been endorsed by the region may be submitted for Welsh Government assessment. There is however no current mechanism in place for regional approval of projects, therefore there will need to be further work undertaken to develop appropriate governance. It should be noted that the Cardiff Capital Region Joint Committee does not currently have the authority to approve or endorse projects regionally.
11. Any governance established to provide formal regional approval for TRIP funded projects would require the prior approval of all ten participating local authorities.

### **Target Regeneration Area**

12. The majority of the city's most deprived wards are located in the 'Southern Arc' of the city, which if it were considered a single local authority would be far and away the poorest area of Wales. Employment rates and earnings in the area lag behind the city-region average by some distance, whilst unemployment and inactivity are significantly greater than the Cardiff Capital Region figure.

13. For the purposes of TRIP, the 'Southern Arc,' stretching from Trowbridge in the east to Ely in the west, is proposed as Cardiff's Regeneration Area. This target area has been proposed for inclusion the draft regional plan. Regeneration investment in these communities has potential to deliver significant economic outcomes which will help address inequalities, enhance community well-being, and promote inclusive growth. The aim would be to develop a comprehensive phased programme of schemes within this 'Southern Arc'.

## **Project Themes**

### Business Corridors

14. The Southern Arc contains a number of District and Local Centres which, together with adjoining residential/mixed use areas, are in need of investment if their economic role is to be sustained and further developed. Two specific 'Business Corridors/Areas' have been identified which are significant locations of economic activity and employment, as well as regionally important access routes into the city centre.
15. The South Riverside Business Area, which focusses on Tudor Street, Wellington Street and Cowbridge Road East, and interconnecting areas, is proposed as the initial focus for targeted investment under TRIP. As well as serving a wide catchment area in the west of the city, it functions as a key gateway into the city centre and includes communities which are amongst the most deprived in Wales.
16. A package of regeneration measures will be brought forward under TRIP, linking in to the regional theme of urban centre regeneration. These could include :
  - commercial property enhancement scheme to uplift retail frontages and facilitate business development;
  - gateway improvements leading to key city centre destinations including the Central Square redevelopment;
  - improvements to the commercial environment, including public realm and community safety improvements;
  - bringing vacant and under-used floor-space into beneficial use including opportunities for low-cost, flexible business start-up units;
  - active travel measures to link with major new infrastructure proposals including measures (walking, cycling and public transport) which encourage access to, and through the corridor;
  - identification of new residential/mixed use and wider investment opportunities.
17. To factor in effective partner engagement and community consultation, and to have fully worked up and deliverable project proposals, it is anticipated that Year 1 (2018/19) will be devoted to planning and bid preparation, with project implementation starting in Year 2 (2019/20).

18. A further inner city economic corridor, the Adamsdown/Roath Business Area – which could include City Road, Clifton Street and surrounding areas – has been identified as a potential future target area. It is proposed that a feasibility assessment for this target area is undertaken in 2019/20, with the aim of commencing project delivery in 2020/21. Investment themes could include:
- improvements to the eastern gateway to the city centre.
  - active travel measures to link with major new infrastructure proposals and promote safe cycling and walking routes to, and within the Corridor;
  - improvements to commercial frontages and the public realm, building on previous District Centre investments;
  - measures to bring longer-term vacant properties into beneficial use and opportunities for business start-up accommodation;
  - enhancements to the setting of Cardiff Royal Infirmary, which is being converted into a locality health and well-being centre.
19. Further phases tackling the key regeneration issues in other areas of the Southern Arc will be programmed for subsequent years and will be based upon the good practice developed in these two initial phases.

#### Community & Well-Being Hubs

20. Community Hubs serve as a focus for economic and social well-being for individuals and areas in need. Working closely with partner organisations, the Council has delivered a highly successful Community Hubs programme, bringing together community services in a sustainable and customer-focussed way and investing in better quality facilities. A network of 11 Community Hubs has now been established, 8 of which are located in the Southern Arc. 'Into work', training, advice and employability services are a key element of the Hubs core service offer.
21. Opportunities have been identified for further embedding Hub services, based on the experience of developing and operating Hubs to date and responding to the particular needs of individual communities. These include investment in reshaping existing Hubs as well as integrating Hub services in other community buildings, with a particular focus on employability services and economic outcomes for young people.
22. Proposals for new health and well-being hubs in Llanedeyrn, Ely and at the Cardiff Royal Infirmary are the subject of partnership working with Cardiff & Vale University Health Board. In view of the multi-agency, multi-service nature of well-being hubs, support from a number of funding streams, such as TRIP, is likely to be required.
23. Equality Impact Assessments will be undertaken for specific regeneration proposals put forward under the programme.

24. The proposed investments in Business Corridors and Hubs outlined above formed the basis of a preliminary submission for the regional plan, and this is attached at Appendix 1.

### **Local Member Consultation**

25. Local Members, as key community stakeholders, will be fully consulted on any projects taking place in their Wards.

### **Reason for Recommendations**

26. To ensure that priority themes and projects in Cardiff are included in the Capital Region regeneration plan, which will form the framework for Targeted Regeneration Investment Programme bids to the Welsh Government.

### **Financial Implications**

27. The report proposes priority themes and areas as the basis for making capital grant funding bids. Welsh Government Guidance for the bid process sets out the key outputs and assessment criteria against which bids will be assessed on a regional basis. The terms and conditions of grant require that match funding must come from non Welsh Government sources. This would need to come from any approved Council funding or other public and private sources with achievability considered before commitments are entered into. The Council's capital programme for 2018/19 to 2022/23 includes £1.3 million as Council match funding to support towards eligible grant expenditure as well as funding towards development of further hubs projects as outlined in the report.
28. Any funding bids should be considered at an early stage with financial services and clearly set out the project brief and estimates of cost, including consideration of any ongoing revenue implications of delivering the schemes and managing the grant process as well as in relation to operating and maintaining any improvements made from any successful grant bid.

### **Legal Implications**

29. No direct legal implications arise from this Report. The Council should, however, be aware that it will have to abide by the conditions attached to any grants that are awarded

### **HR Implications**

30. There are no Human Resources implications to this report.

## **RECOMMENDATIONS**

The Cabinet is recommended to:

1. Note the funding opportunity presented by the Welsh Government's Targeted Regeneration Investment Programme and associated match-funding requirements;
2. Agree the priority themes and projects for the Targeted Regeneration Investment Programme set out in the report;
3. Delegate authority to the Corporate Director, People and Communities, Director of Economic Development, and Director of Planning, Transport and Environment, in consultation with the Cabinet Member for Housing & Communities, Cabinet Member for Investment and Development and Cabinet Member for Strategic Planning and Transport, to finalise details of the Council's contribution to the Regional Regeneration Plan and prepare funding bids for consideration under the Targeted Regeneration Investment Programme.

Targeted Regeneration Investment: Guidance for Local Authorities & Delivery Partners - Welsh Government: October, 2017.

Draft Submission for Regional Regeneration Plan**CARDIFF TARGETED REGENERATION INVESTMENT PROGRAMME****Introduction**

1. A simple overview of city performance suggests that Cardiff is performing well economically. However, significant and entrenched inequalities exist in Cardiff. Over 60,000 people in Cardiff live in the 10% most deprived communities in Wales. Almost a third of Cardiff households are living in poverty with a high percentage of children living in workless and low income households.
2. The majority of the city's most deprived wards are located in the 'Southern Arc' of the city, which if it were considered a single local authority would be far and away the poorest area of Wales. Employment rates and earnings in the area lag the city-region average by some distance, whilst unemployment and inactivity are significantly greater than the Cardiff Capital Region figure. Targeted regeneration investment in these communities can therefore deliver significant results in addressing poverty, given the large numbers, high population density and the proximity to regionally-significant economic development projects. Cardiff's Regeneration Area is, therefore, defined as the 'Southern Arc' stretching from Trowbridge in the east to Ely in the west.
3. The Council and its partners are committed to a range of interventions and investments to improve the quality of life and expand opportunities in the Southern Arc communities. Major investment is taking place in 21<sup>st</sup>-century schools, including the new Eastern High in Trowbridge and Cardiff West High in Caerau, which will be centres of learning excellence. New affordable housing is being brought forward through the Cardiff Living partnership programme, including sites in St Mellons and Llanrumney. A network of 8 Community Hubs have been delivered, providing a range of advice, support and training from customer-focussed facilities and tailored to the needs of individual communities.
4. The Council is also taking forward major regeneration activity around Central Station. This development has the potential for creating over 30,000 jobs for the entire city-region, and leveraging £2bn of private sector investment. It will also provide business opportunities for the areas to the immediate West, East and South of the station, primarily areas of high deprivation. It is important that local regeneration activities can maximise the potential of this opportunity.
5. The Targeted Regeneration Investment Programme (TRIP) offers the opportunity to complement, and build on other interventions, with a specific focus on economic regeneration projects which support job creation, enhance employability and create the right environment for businesses to prosper.

**Project Proposal – Business Corridors**

6. The Southern Arc contains a number of District Centres and Local Centres which are in need of investment if their economic role is to be sustained and further developed. These Business Corridors/ Areas are important urban centres of economic activity and employment and form key entrance routes in to the city centre.

7. The South Riverside Business Corridor, which focusses on Tudor Street, Lower Cathedral Road and Cowbridge Road East, and interconnecting areas, is proposed as the initial target area for investment under the TRIP programme. It includes a major district centre serving a wide catchment area from Ely to Riverside; it represents a regionally significant gateway to the city centre; and includes communities which are amongst the most deprived in Wales.
8. A package of regeneration measures will be brought forward under the TRIP programme, linking in to the regional theme of urban centre regeneration. These will include :
  - building enhancement scheme to uplift commercial frontages and facilitate business development;
  - improvements to the commercial environment, including public realm and community safety improvements;
  - bringing vacant and under-used floor-space into beneficial use;
  - active travel measures ( walking, cycling and public transport) which encourage access to, and through the corridor;
  - gateway improvements leading to Central Square redevelopment and other key city centre destinations.
9. To factor in effective partner engagement and community engagement and to have fully worked up and deliverable project proposals, it is anticipated that Year 1 ( 18/19) will be devoted to development activity, with project implementation starting in Year 2 ( 19/20).
10. A further inner city economic corridor, the Adamsdown/Roath Business Area – which could include City Road, Clifton Street and surrounding areas – has been identified as a potential future target area. It is proposed that a feasibility assessment for this target area is undertaken in 19/20, with the aim of commencing project delivery in 20/21.
11. Cardiff is lacking centrally located, cost competitive business starter units offering a mix of uses and providing flexible easy-in easy-out lease terms. A lack of affordable local units in areas of deprivation close to the city centre therefore inhibits the ability to provide a range and choice of employment opportunities in the places where they are most needed. Opportunities to address this need will be investigated as part of the business corridor plans.
12. Further phases tackling the key regeneration issues in other areas of the Southern Arc will be programmed for subsequent years and will be based upon the good practice developed in the two initial phases.

#### **Project Proposal – Community & Well-Being Hubs**

13. Working closely with partner organisations, the Council has delivered a highly successful Community Hubs programme, bringing together community services in a sustainable and customer-focussed way and investing in better quality facilities. 11 Community Hubs have now been completed, 8 of which are located in the Southern Arc. ‘Into work’, training, advice and employability services are a key element of the Hubs core service offer.
14. Further opportunities have been identified for expanding Hub service delivery, which will contribute to economic regeneration objectives and link to one of the key regional themes. These include :

- Cardiff Royal Infirmary Chapel – The converted CRI chapel will provide a range of information, advice and community services as part of a regeneration master-plan for the site.
- City Centre Youth Hub – Investment in the Grassroots Centre will provide a one-stop shop advice centre for young people, with partners delivering housing, health, employment, training and lifestyle advice for vulnerable young people.
- Butetown Pavilion – Remodelling part of the Pavilion to incorporate a wider range of employability and community services.
- Llanrumney Hub – Remodelling one of the early pilot hubs, to improve and extend the customer offer.

15. Partnership working is also taking place with the Health Board to bring forward proposals for new health and well-being centres in Ely and Llanedeyrn which are physically joined and integrated with Community Hubs. Timescales are, at this stage, still to be determined, but draw-down of finances from a number of funding streams including TRIP may be required in view of the multi-agency, multi-service nature of the projects.

### **Conclusion**

16. As capital city and the largest urban area in Wales, Cardiff has a broad range of regeneration challenges. Targeted investment in the Southern Arc will support the efforts and commitments of the Council and its partners to address long-standing and deep-seated inequalities within the city, and improve the life chances of those in greatest need.
17. Capital investment in these project proposals will help deliver positive, regionally-significant economic regeneration outcomes in an area of recognised need.
18. The project proposals outlined are subject to agreement and approval by the Council's Cabinet.

CYNGOR CAERDYDD**

**CABINET MEETING: 15 MARCH 2018**

**CARDIFF INTERNATIONAL SPORTS VILLAGE LAND  
ACQUISITION**

**INVESTMENT & DEVELOPMENT (COUNCILLOR RUSSELL  
GOODWAY)**

**AGENDA ITEM:**

**REPORT OF DIRECTOR OF ECONOMIC DEVELOPMENT**

*Appendix 3 is not for publication as it contains exempt information of the description contained in paragraphs 14 of part 4 and paragraph 21 of part 5 of Schedule 12A of the Local Government Act 1972.*

**Reason for this Report**

1. To seek authority for the Council to acquire the leasehold interests in the property at Cardiff International Sports Village currently occupied by Toys 'R' Us.

**Background**

2. *Capital Ambition*, the Administration's overarching policy document, contains a commitment to :

*"Set a refreshed vision for Cardiff Bay as a leisure destination, by securing a new visitor attraction, with the possible creation of a permanent "beach style" facility and revitalising the strategy for the International Sports Village"*

3. The Council's involvement in the regeneration of the peninsula at the International Sports Village commenced in 1999. It has proved to be a complex long-term project involving significant land reclamation works and remediation works and significant investment in infrastructure. During that period the Council has secured the delivery of the Cardiff International Pool, the Cardiff International White Water Rafting Centre and Ice Arena Wales. Prior to the 2012 County Council elections, the Council entered into a development agreement with Greenbank Partnership who are also the developers of the adjacent *Cardiff Pointe* Housing Scheme.
4. The Council retains a significant land holding on the peninsula as illustrated by the plan attached at Appendix 1. The Toys 'R' Us property (shaded blue on the plan) currently divides the two principal Council

owned development land holdings parcels, namely the Waterfront site and the Retail 3 site.

## **Issues**

5. On 28 February 2018, Toys 'R' Us announced that their UK operations had been placed in administration which has given rise to an opportunity for the Council to acquire the leasehold interest in the site (the Council already owns the freehold interest) and thereby consolidate its land ownership. The leasehold interest comprises two parts: an interim lease owned by a private investor; and a sub-lease owned by Toys 'R' Us both of which were signed in 2006 and expire in 2256. The property occupies 4.32 acres and consists of a modern retail/warehouse building totalling 37,130 sq ft, a large service yard and circa 300 car parking spaces. Further details are provided in the property particulars attached at Appendix 2.
6. The interim lease contains a number of covenants that affect the development potential of the Council's adjoining Retail 3 site. In particular, the covenants constrain land use and limit access arrangements. This in turn constrains the potential value the Council can realise through the development or disposal of its Retail 3 site. The interim lease also has a ground rent obligation details of which are set out in the confidential paper attached at Appendix 3. The location of the property directly in between the Waterfront site and the Retail 3 site further constrains the broader development potential of the International Sports Village. This has resulted in the Council having to develop plans for the delivery of its Sports Village leisure destination on the Waterfront site rather than the Retail 3 site, when the Waterfront site, given its location, can potentially generate higher value uses and therefore enhanced capital receipts to support completion of a consolidated leisure destination.

## **Disposal Process**

7. Toys 'R' Us appointed property agents Morgan Williams to dispose of their leasehold interest prior to going into administration. Interested parties were invited to submit bids by 23 February 2018. The Council submitted a conditional bid, subject to Cabinet approval. The Council has been informed that despite being the third highest bidder the Administrator has decided to take forward the bid from the Council.

## **Terms**

8. The proposed terms for the acquisition of the property are set out in Confidential Appendix 3. In order to secure the full freehold reversion the Council has also agreed terms to acquire the interim lease from the private investor. Details of this proposed transaction is also set out in Confidential Appendix 3. Both transactions will need to be supported by independent valuations to demonstrate value for money.

## **Holding Costs**

9. Until the Council has agreed how the property will fit in to its wider plans for delivery of a leisure destination, it is intended to cover any holding costs such as rates payable and through short term lettings and potential car parking income from the 300 spaces available on the site.

## **Scrutiny**

10. The Economy & Culture and Environmental Scrutiny Committee at its meeting on 8 March 2018 considered this report and were supportive of the recommendation to Cabinet. A copy of the committee's letter is attached at Appendix 4.

## **Reason for Recommendation**

11. To support delivery of one of Cardiff's key regeneration projects.

## **Financial Implications**

12. The issues section of this report states that the acquisition of the Toys'R'Us site will provide the Council with an opportunity to consolidate its land ownership and potentially generate higher value uses and enhanced capital receipts. The cost of acquisition therefore will be funded initially from forthcoming capital receipts and fully recovered at a later date.
13. The report sets out that the transactions will be supported by independent valuations, which demonstrate value for money. The independent valuations will need to be received and considered value for money before the purchase can be completed. The costs of acquisition do not include additional costs for stamp duty, VAT and associated costs of securing the site until a future use is determined and will need to be fully understood before committing to the purchase.
14. The Council will need to consider the proposed short-term uses of the site in order to ensure the costs of holding the site (security, management and maintenance) are minimised or covered by income until any longer terms plans are realised.

## **Legal Implications**

15. The Council has power to acquire land for the benefit, improvement or development of its area pursuant to section 120 of the Local Government Act 1972. The Council's Procedure Rules for the Acquisition of Land require the advice of a professional valuer to be taken. The Council also has economic, social and environmental well-being powers in relation to matters contained within its community plan, subject to value for money being achieved.

## **RECOMMENDATION**

Cabinet is recommended to delegate authority to the Director of Economic Development in consultation with the Cabinet Member for Investment and Development and statutory officers to acquire the leasehold interests in the Toys 'R' Us site shaded blue on the plan attached at Appendix 1, on the terms set out in Confidential Appendix 3 and subject to a full independent valuations.

**REPORT OF DIRECTOR OF SOCIAL SERVICES**

**Reason for this Report**

1. To seek Cabinet approval of the Cardiff and Vale of Glamorgan Area Plan and Area Action Plan for Care and Support Needs 2018-2023.

**Background**

2. The Well-being of Future Generations (Wales) Act 2015 inserted section 14A into the Social Services and Well-being (Wales) Act 2014 which requires local authorities and local health boards to prepare and publish a plan (the Area Plan) setting out the range and level of services they propose to provide, or arrange to be provided, in response to the Population Needs Assessment (PNA).
3. The Area Plan and supporting Action Plan provides the response of the Cardiff and Vale of Glamorgan Regional Partnership Board (CVGRP) to the findings of the regional Population Needs Assessment (PNA), published on 31st March 2017.
4. The Plan has been prepared on the basis of a 5 year period in line with the requirements for the preparation of a PNA.

**Issues**

***Development of the Plan***

5. In response to the findings of the Population Needs Assessment, a review was undertaken by the CVGRP in relation to all suggested areas for action. This was done against existing or planned activity in current partnerships or

organisational delivery mechanisms across the region to identify where this work is already being progressed. The mapping work also reviewed where accountability lies (e.g. Public Service Board, Community Safety Partnership, Youth Progression Board, Safeguarding Board etc) as it is recognised that not everything identified within the PNA falls under the auspices of the CVGRPB.

6. The mapping also identified the existing Strategies and Plans in place to respond to these priorities; resources and pooled/aligned budgets; and current performance management/reporting arrangements.
7. Two documents have been produced as a result of this review. The first is the **Area Plan (Appendix 1)** which sets out the key needs identified within the PNA, along with the priority areas for action in response to the findings. In addition an **Area Action Plan (Appendix 2)** has also been developed, which provides the detail of how these priorities will be delivered. Both documents also set out the contributions to Cardiff and Vale of Glamorgan's Well-being Objectives and the National Social Services Outcomes Framework.

### ***Cardiff and Vale of Glamorgan Regional Partnership Board Priorities***

8. The main focus of the Area Plan and Area Action Plan is the CVGRPB's responsibilities for the integration of services in relation to:
  - Older people with long term conditions, including people with dementia;
  - Children with complex needs;
  - Learning disability and autism;
  - Integrated Family Support Services;
  - Adult and young carers.
9. The identified priorities for the CVGRPB will be incorporated into the RPB's future work programme from 2018/19 and progress will be reported as part of the CVGRPB's Annual Report. Priorities and actions will also be reviewed on an annual basis as part of this process and updated/amended as required.
10. Where there are other care and support themes identified, which are led by other Partnerships and planning arrangements across the region, both Plans signpost to existing reporting mechanisms to enable progress to be monitored.
11. The development of the Plans has been undertaken alongside the production of the Well-being Plans in both Cardiff and Vale of Glamorgan to ensure alignment. Similarly, the development of Cardiff and Vale University Health Board's Integrated Medium Term Plan has included appropriate consideration of the key findings and proposed actions in the Action Plan. The CVGRPB also recognises the need to work closely with the two Public Service Boards in the region to ensure that there is alignment of objectives and actions, along with clear accountability arrangements for taking lead responsibility on issues.

### ***Consultation and Engagement***

12. The production of the PNA involved a number of engagement mechanisms including public surveys tailored to the audience; focus group interviews with

local residents; and a survey of local professionals and organisations providing care or support, including the third sector.

13. Building on this engagement, a stakeholder workshop was held on 5<sup>th</sup> October 2017 where people involved in the production of the PNA were invited to provide input to the draft Area Plan and Area Action Plan prior to consultation.
14. Whilst there is no requirement to undertake formal consultation on the Area Plan, an on-line public survey was developed to give people an opportunity to provide comments between Monday 23<sup>rd</sup> October and Sunday 3<sup>rd</sup> December 2017. Work has also taken place with Public Service Board colleagues to participate in the engagement on the Well-being Plans and to enable discussion to occur on care and support needs.
15. Over 115 responses were received in a range of formats as part of the consultation, including survey responses, completed 'postcards' at events and comments captured from facilitated focus groups. The key themes emerging from the consultation included:
  - Positive feedback regarding the draft content, such as both reports being people focused and targeting the main (vulnerable) population groups across the region.
  - Requests for greater reference to the issue of homelessness and how the Plans propose to address this issue – this has been shared with the leads in both local authorities to be considered in relation to greater partnership working and as part of the ongoing delivery of the Housing Strategies and Supporting People Plans.
  - Requests for some additional relevant strategies/areas of work not previously included in the draft Area Action Plan to be added, such as 'Ageing Well in Wales' and the remodelling of learning disability services - these have been included.
  - Requests for some additional specific actions to be added, including a focus on falls prevention in relation to older people – these have been included.
16. All feedback received as part of the development of the Plans and subsequent consultation has been considered and reflected in the final documents as appropriate.

### **Next Steps**

17. The final drafts of the Area Plan and Area Action Plan were approved by the CVGRP on 1<sup>st</sup> February 2018 for consideration by the Cabinets of Cardiff Council and Vale of Glamorgan Council, and the Board of Cardiff and Vale University Health Board in March 2018.
18. Following approval of the Area Plan and Area Action Plan by statutory partners the documents must be published by 1<sup>st</sup> April 2018 and submitted to Welsh Ministers at the time of publication, in line with the Statutory Guidance. The Plans will also be published on the Cardiff and Vale of Glamorgan Integrated Health and Social Care Partnership's website at [www.cvihsc.co.uk](http://www.cvihsc.co.uk).

## **Reason for Recommendations**

19. To enable the Cabinet to approve the Cardiff and Vale of Glamorgan Area Plan and Area Action Plan for Care and Support Needs 2018-2023.

## **Financial Implications**

20. There are no direct financial implications arising from this report.

## **Legal Implications**

21. The Well-being of Future Generations (Wales) Act 2015 inserted section 14A into the Social Services and Well-being (Wales) Act 2014 which requires local authorities and local health boards to prepare and publish a plan (the Area Plan) setting out the range and level of services they propose to provide, or arrange to be provided, in response to the Population Needs Assessment (PNA).
22. An Equality and Health Impact Assessment has been completed for the Area Plan and Area Action Plan and is available on the Partnership's website at [www.cvihsc.co.uk](http://www.cvihsc.co.uk).

## **RECOMMENDATIONS**

Cabinet is recommended to:

1. approve the Cardiff and Vale of Glamorgan Area Plan (as set out in Appendix 1)
2. approve the Area Action Plan (as set out in Appendix 2) for Care and Support Needs 2018-2023.

# What is the Purpose of the Area Plan?

This Area Plan provides the response of the Cardiff and Vale of Glamorgan Regional Partnership Board to the findings of the regional [Population Needs Assessment](#) published on 31st March 2017.

It has been prepared to meet the requirements of the [Statutory Guidance](#) in relation to Area Plans under section 14A of the Social Services and Well-being (Wales) Act 2014. The Act requires a description of the range and level of services proposed to be provided or arranged in response to care and support needs, including the support needs of carers, identified in the population assessment reports.

This Plan has been prepared on the basis of a 5 year period in line with the requirements for the preparation of a Population Needs Assessment.

# What is the Population Needs Assessment?

The Social Services and Well-being (Wales) Act 2014 introduced a duty on local authorities and local health boards to prepare and publish an assessment of the care and support needs of the population, including carers who need support.

Partners from the public and voluntary sectors in Cardiff and the Vale of Glamorgan joined forces under the banner 'Let's Talk' to identify the key care and support needs, prevention issues and assets (such as people, buildings, organisations or services which contribute to enhancing or maintaining well-being) in the region.

An assessment was undertaken between February 2016 and January 2017. Over this time, information was brought together from a number of sources: public surveys tailored to the audience; focus group interviews with local residents; a survey of local professionals and organisations providing care or support, including the third sector; service and population data; key documents; and previous work.

Detailed findings on the assessment of the care and support needs across a number of population groups as set out by Welsh Government are presented in the report, which include:

Older People, including People with Dementia

Children & Young People

Learning Disability & Autism

Adult & Young Carers

Health & Physical Disabilities

Sensory Loss & Impairment

Adult Mental Health & Cognitive Impairment

Violence Against Women, Domestic Abuse & Sexual Violence

In our region, we also identified the following groups/themes as priorities to review:

Asylum Seekers & Refugees

Veterans

Offenders

Substance Misuse

The Population Needs Assessment highlighted a number of cross-cutting key care and support needs for the Cardiff and Vale of Glamorgan population. These include:

**Key Care and Support Needs Identified**  
Key Findings

**Key Finding 1 (KF1)**

Increase citizen involvement in shaping both preventative and reactionary services

**Key Finding 2 (KF2)**

**Key Finding 12 (KF12)**

Improve organisational working practices, to ensure that services help people to achieve the outcomes they seek

The response of the Regional Partnership Board and other Partnerships/delivery mechanisms to these key findings is reflected in each of the relevant population/theme chapters included in this Plan.

# Addressing the Identified Care and Support Needs

In response to the findings of the Population Needs Assessment, a review was undertaken in relation to all suggested areas for action in the report. This review was done against existing or planned activity in current Partnerships or organisational delivery mechanisms to identify where this work is already being progressed.

Two reports have been produced as a result of this review. The first is this Area Plan, which sets out the key needs identified within the Population Assessment, along with the priority areas for action in response to the findings. In addition, an [Area Action Plan](#) has also been developed, which provides the detail of how these priorities will be delivered. Both reports also set out the contributions to Cardiff and Vale of Glamorgan's Well-being Objectives and the National Social Services Outcomes Framework.

The main focus of both Plans will be the Regional Partnership Board's responsibilities for the integration of services in relation to:

Where there are other care and support themes identified which are led by other Partnerships and planning arrangements across the region, both Plans will signpost to existing reporting mechanisms to enable progress to be monitored.

The Area Plan and Area Action Plan are both available at: [www.cvihs.co.uk/about/what-we-do/cardiff-vale-glamorgan-area-plan/](http://www.cvihs.co.uk/about/what-we-do/cardiff-vale-glamorgan-area-plan/)

## Developing the Area Plan

The development of the Area Plan and Area Action Plan has been informed by a number of sources, including public surveys, focus group interviews with local residents, a survey of local professionals and organisations providing care or support, service and population data, key documents, and current work being undertaken by partner organisations.

Whilst there is no requirement to undertake formal consultation on the Area Plan, those people involved in the production of the Population Needs Assessment were invited to comment on the draft document and to provide input to the Action Plan.

In addition, an online public survey was developed to give people an opportunity to provide comments. Work also took place with Public Service Board colleagues to participate in the engagement on the Well-being Plans and to enable discussion to occur on care and support needs.

As part of the process to develop the Plan, the Partnership has undertaken an Equality and Health Impact Assessment. The Cardiff and Vale of Glamorgan Regional Partnership Board serves a very diverse population and takes into account the requirements of the Equality Act 2010 and Public Health (Wales) Act 2017 to progress equal opportunities for all. The Partnership is committed, through the delivery of this Plan, to promoting positive measures that address inequalities in health and eliminate all forms of unlawful or unfair discrimination on the grounds of age, marriage and civil partnership, disability, race, gender, religion/belief, sexual orientation, gender reassignment or gender identity and pregnancy/maternity.

All feedback received as part of the development of the Plan and subsequent consultation has been considered and reflected in the final documents, as appropriate.

# Contributing towards Local Well-being Objectives

The development of this Plan has been undertaken in close synergy with the Cardiff and Vale of Glamorgan Public Service Boards, in recognition that many of the priorities in this Area Plan will represent the care and support elements of each of the two Well-being Plans.

Well-being Assessments and Plans are a statutory requirement under the Well-being of Future Generations (Wales) Act 2015, which is about improving the economic, social, environmental and cultural well-being of Wales through sustainable development.

The Act places a well-being duty on public sector bodies to take action to achieve 7 well-being goals in accordance with a 'sustainable development principle'. The 7 well-being goals are:

- A prosperous Wales
- A resilient Wales
- A healthier Wales
- A more equal Wales
- A Wales of cohesive communities
- A Wales of vibrant culture and thriving Welsh Language
- A globally responsible Wales

To demonstrate application of the 'sustainable development principle', public sector bodies need to:

<u>Prevention</u>	<u>Integration</u>	<u>Collaborate</u>	<u>Involvement</u>	<u>Long-term</u>
Focus on prevention by looking at the root causes of issues	Deliver services using an integrated approach	Work in collaboration to find shared, sustainable solutions	Involve others in the achievement of the well-being goals	Look at both short-term and long-term needs

Each of the population/theme chapters in the Area Plan outlines which of the Cardiff and Vale of Glamorgan Well-being Objectives the key actions contribute to as part of a wider understanding of a shared contribution to well-being outcomes. Many of the key actions taken forward in this Plan will contribute to more than one well-being objective given the cross-cutting impact of care and support services:

## Cardiff's Well-being Plan Objectives

A Capital City that works for Wales	Cardiff's population growth is managed in a resilient way	Safe, confident and empowered communities	Cardiff is a great place to grow up	Supporting people out of poverty	Cardiff is a great place to grow old	Modernising and integrating our public services

## Vale of Glamorgan's Well-being Plan Objectives

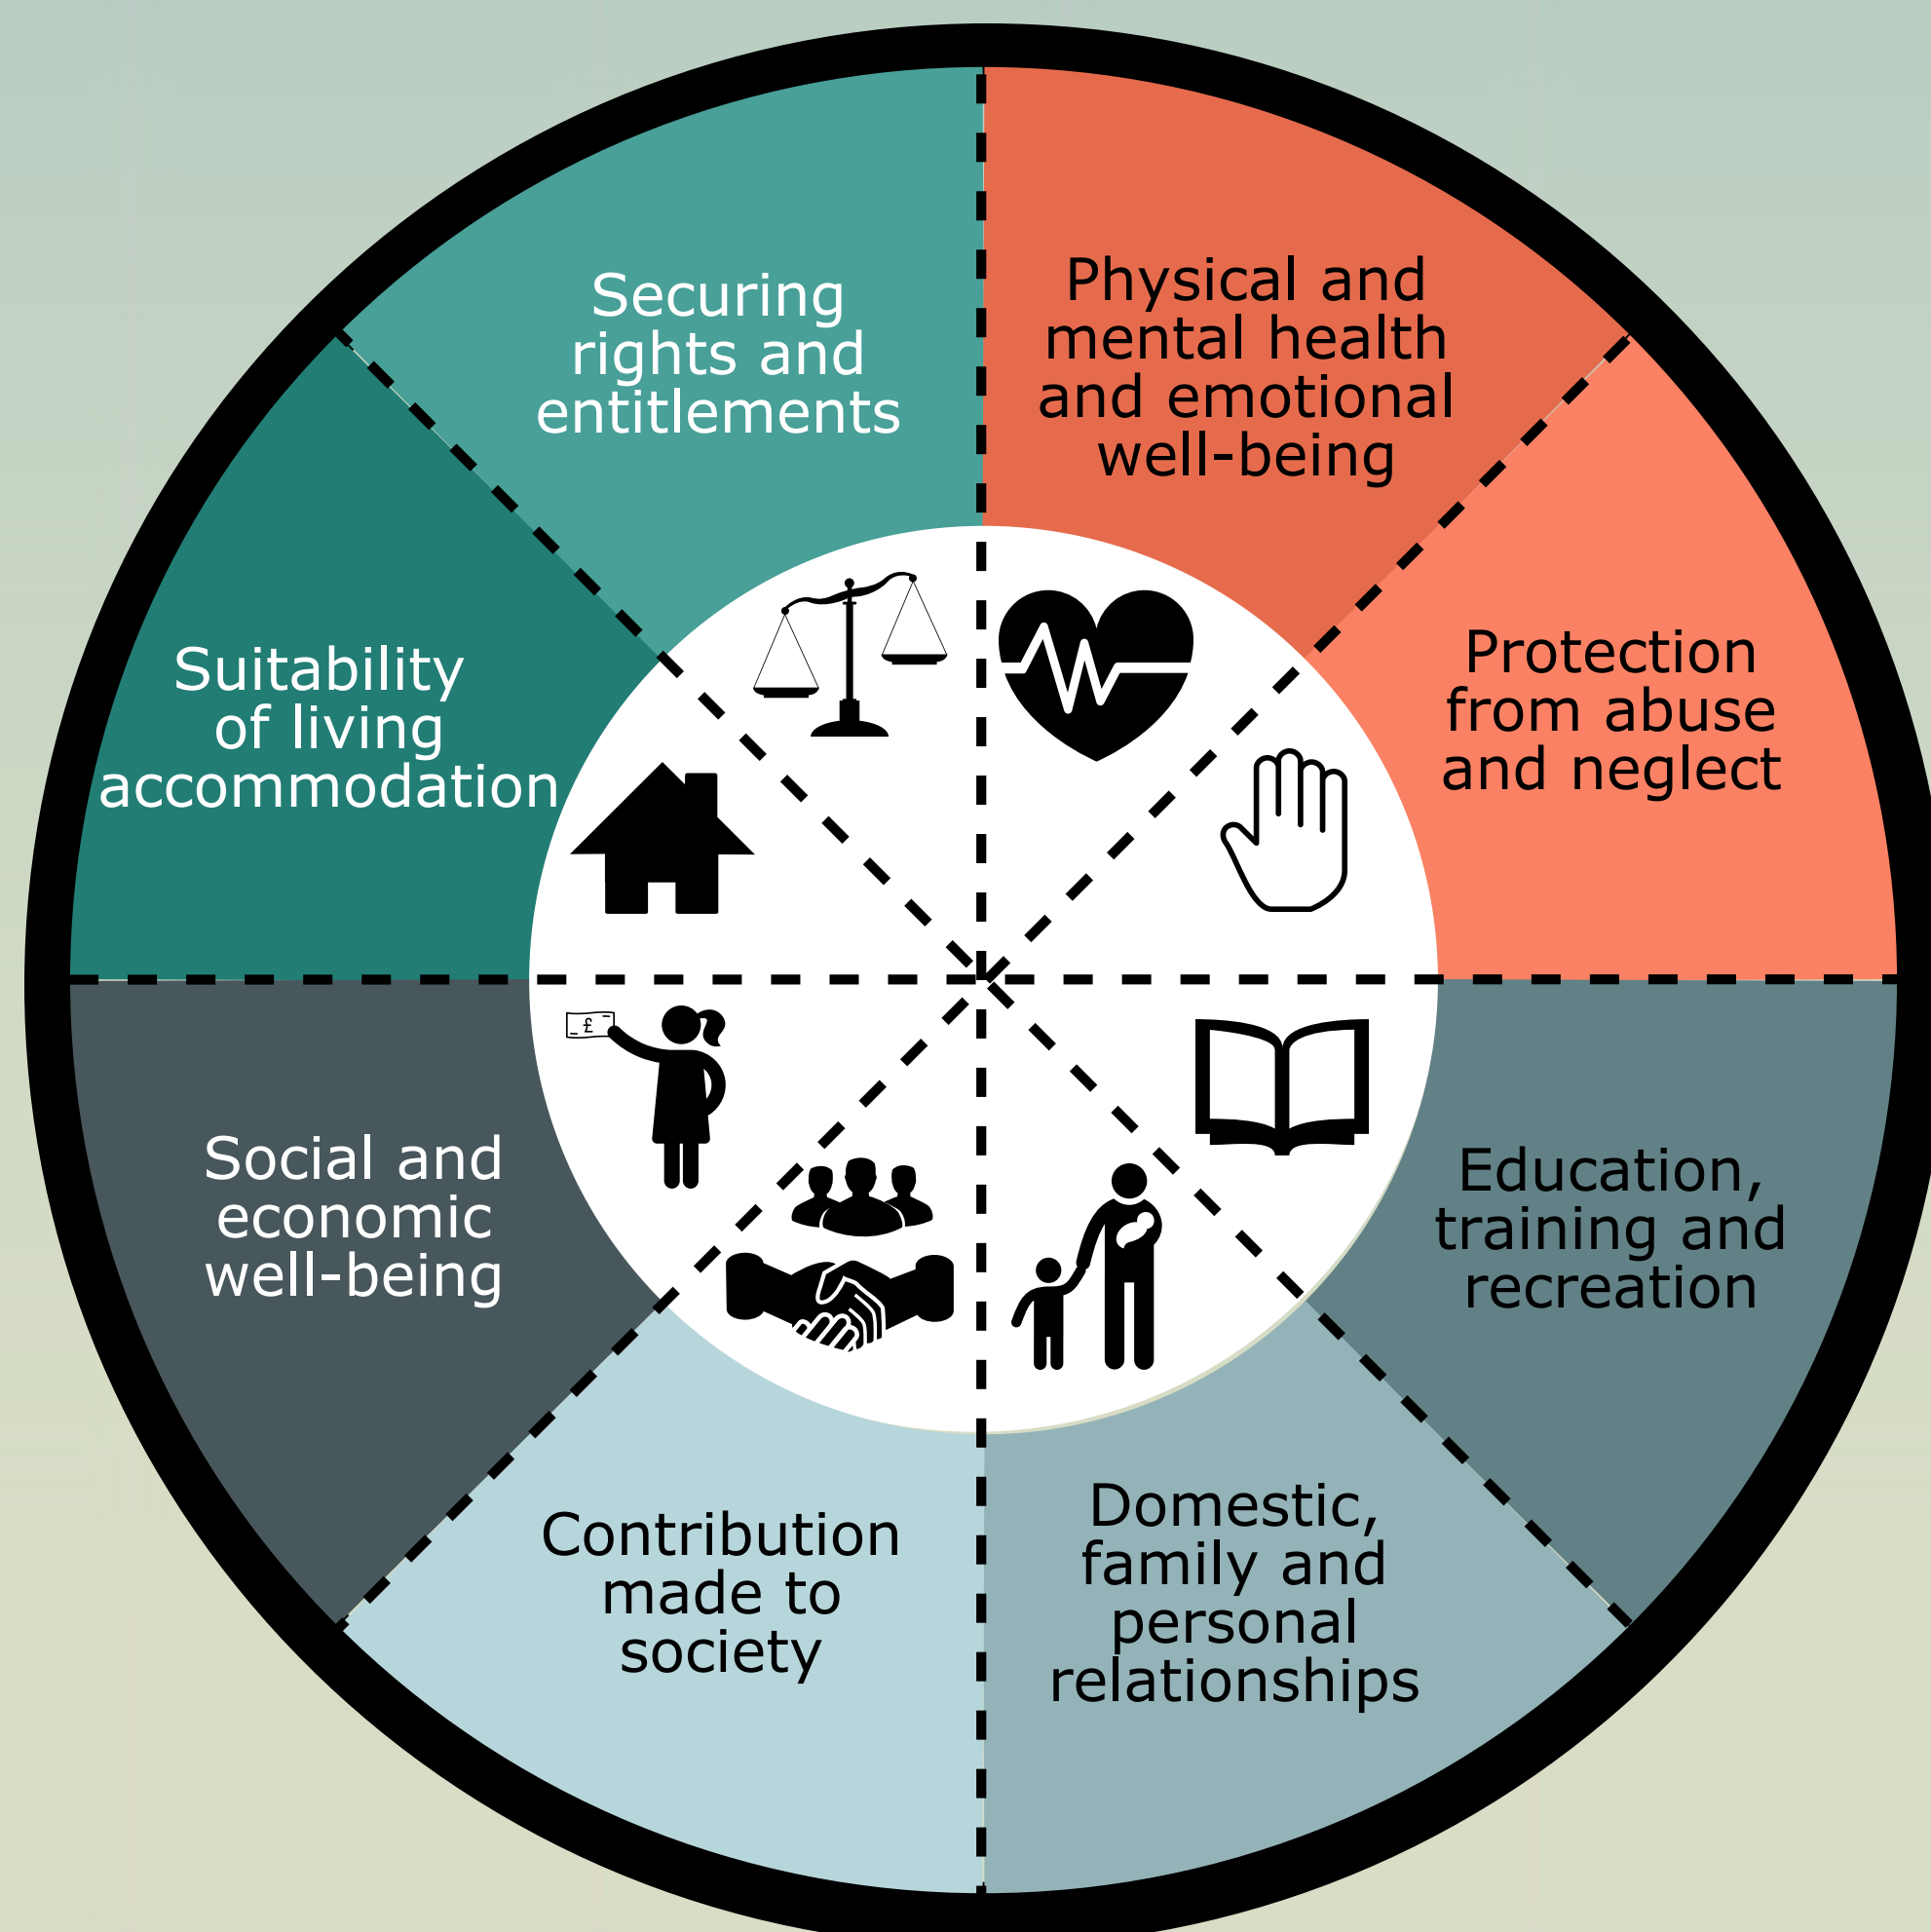

Enable people to get involved, participate in their communities and shape local services	Reduce poverty and tackle inequalities linked to deprivation	Give children the best start in life	Protect, enhance and value our environment

# Contributing towards the Social Services National Outcomes Framework

The [Social Services National Outcomes Framework](#) was developed to fulfil a requirement in the Social Services and Well-being (Wales) Act 2014 to describe well-being for people and carers who need care and support, and provide a consistent approach to measuring well-being.

The Social Services and Well-being (Wales) Act 2014 defines well-being as:

National outcomes for each of the 8 aspects of well-being that are to be achieved by people and carers needing care and support have been developed. For example:

Each chapter details which aspects of well-being the listed key priorities are expected to contribute towards. Further information on the outcomes can also be found in the Action Plan which accompanies this Area Plan at: [www.cvihs.co.uk/about/what-we-do/cardiff-vale-glamorgan-area-plan/](http://www.cvihs.co.uk/about/what-we-do/cardiff-vale-glamorgan-area-plan/)

## Monitoring and Review

Progress against the delivery of Regional Partnership Board's priorities will be monitored and reviewed within the Board's annual report, which will be published in early 2018/19. The Area Action Plan will be updated and amended as appropriate to reflect the changing policy context, demographics or service pressures.

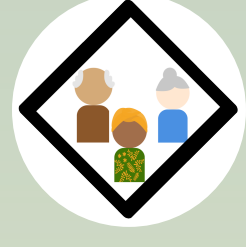

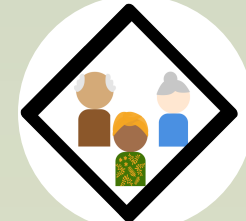

The priorities being progressed by other Partnerships will be reported via other mechanisms, such as the Public Service Board, or by organisational planning mechanisms, such as the local authority Corporate/Improvement Plans and Cardiff and Vale University Health Board's Integrated Medium Term Plan.

# 1: Older People, including People with Dementia

## What did the Population Needs Assessment Tell Us?

- In general, Cardiff has a younger population, while the Vale of Glamorgan has a larger older age population more in line with the Wales average. Both areas however, are anticipated to see a continued increase in the number of people over the ages of 65 and 85.
- The Vale of Glamorgan is projected to see the largest increase across both age groups, with 20.5% of their population in 2025 expected to be aged 65-84 (compared to 17.5% in 2015), and 3.8% aged 85 years and above (compared to 2.8% in 2015). Both of these figures are above the projected Wales average of 19.1% and 3.5%, respectively.
- The number of people living with dementia is also projected to rise significantly, with 1 in 3 expected to be affected by dementia in the future. The driver for this is mostly the increase in the over 85 population.

- Referrals are made due to there being serious child protection concerns as a result of parental / carer substance misuse. In line with Part 9 of the SSWb Act, the referral criteria has been expanded to now also include families presenting with issues around domestic violence or abuse and mental disorder.
- Since 2012, a joint service has operated across Cardiff and Vale of Glamorgan, with a pooled budget and formal agreement in place between the City of Cardiff Council, Vale of Glamorgan Council and Cardiff & Vale UHB. Cardiff Council acts as the lead authority for the IFST hosted within the single team. Other partners including Cwm Taf Local Health Board (for CAMHS), South Wales Police, National Probation Service, Barnardo's and Action for Children are also signatories to the agreement.

## Introduction

*This Action Plan should be read in conjunction with the ‘**Cardiff and Vale of Glamorgan Area Plan for Care and Support Needs 2018-2023**’ which sets out the Key Population Needs identified in the Population Assessment and the priorities developed in response by the Cardiff and Vale of Glamorgan Regional Partnership Board (RPB). This document can be found at <http://www.cvihsc.co.uk/about/what-we-do/cardiff-vale-glamorgan-area-plan/>*

### How was the Area Plan and Area Action Plan developed?

The development of the Area Plan and Area Action Plan have been informed by a number of sources including public surveys; focus group interviews with local residents; consultation at community events and venues; a survey of local professionals and organisations providing care or support; stakeholder workshops; service and population data; key documents, and current work being undertaken by partner organisations.

Two reports have been produced as a result of this review. The first is the [Area Plan](#), which sets out the key needs identified within the Population Assessment, along with the priority areas for action in response to the findings. In addition, this **Area Action Plan** has also been developed, which provides the detail of how these priorities will be delivered. Both reports also set out the contributions to Cardiff and Vale of Glamorgan's Well-being Objectives and the National Social Services Outcomes Framework.

The main focus of the Area Plan and Action Plan will be the Regional Partnership Board's responsibilities for the integration of services in relation to:

Where there are other care and support themes identified which are led by other Partnerships and planning arrangements across the region, both Plans will signpost to existing reporting mechanisms to enable progress to be monitored.

### Consultation and Engagement

Whilst there is no requirement to undertake formal consultation on the Area Plan, those people involved in the production of the Population Needs Assessment were invited to comment on the draft document and to provide input to the Action Plan.

In addition, an online public survey was developed to give people an opportunity to provide comments. Work also took place with Public Service Board colleagues to participate in the engagement on the Well-being Plans and to enable discussion to occur on care and support needs.

As part of the process to develop the Plan, the Partnership has undertaken an Equality and Health Impact Assessment. The Cardiff and Vale of Glamorgan Regional Partnership Board serves a very diverse population and takes into account the requirements of the Equality Act 2010 and Public Health (Wales) Act 2017 to progress equal opportunities for all. The Partnership is committed, through the delivery of this Plan, to promoting positive measures that address health inequalities and eliminate all forms of unlawful or unfair discrimination on the grounds of age, marriage and civil partnership, disability, race, gender, religion/belief, sexual orientation, gender reassignment or gender identity and pregnancy/maternity.

All feedback received as part of the development of the Plan and subsequent consultation has been considered and reflected in the final documents as appropriate.

### **Monitoring and Review**

The Action Plan will be reviewed and updated as required by the Cardiff and Vale of Glamorgan RPB, and progress will be reported within the Board's Annual Report.

***This Action Plan is available in Welsh upon request***
