LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

We will promote the four licensing objectives by the following:

CCTV in all areas to make sure we have full control over the venue and environment. We will also have CCTV signs around the venue.

Signs around the bars in order for us to demonstrate the challenge 18 or 25 years old.

Fully qualified staff who can offer first aid, have knowledge of how to offer a responsible duty of care.

Have a lost and found procedure.

Make sure our FRA is always up to date.

Ensure our public liability insurance is more than sufficient.

Continue to liaise with South Wales Police on a event by event basis providing event operational schedules and post event reports.

b) The prevention of crime and disorder

We will always make sure that we have enough licensed door staff in order to maintain the safety of the attendees.

Furthermore, and depending on the nature of the event we will always try to have 1 security staff to every 75 attendees. All events will be ticketed events and we will make sure that no glass cups or bottles will be available. All drinks will be offered in plastic cups. We will also have a number of stewards present to help with crowd control and the fire exits. All our security team will have radio communication, some will have cameras fitted to them, management and bar staff will also have radios so that everyone has full communication with each other. All our staff and door team will also undergo monthly vulnerability workshops carried out by Rubicon Training.

c) Public safety

On events such as those we hold in The Vaults, we will make sure that we have a trained medic on site so that should there be any injuries or issues then we have someone available. After doing some research its known that this has helped make other venues in the city more efficient with public safety. On all events we will also make sure that we have staff outside assisting attendees into taxi's so that we can monitor that they are with friends or not vulnerable when going home. On events that fall on the same day as major events in the City, we will also make sure that we arrange with a taxi firm to have as many taxi's outside of the venue as possible so that when people are leaving they have taxi's waiting for them.

d) The prevention of public nuisance

With the prevention of public nuisance we will always make sure that not only do we have the internal areas of the building/venue covered but also the surrounding areas/locations. We will have our security staff & stewards regularly circle the building and make sure that there is no activity. Furthermore we also take regular sound tests from the lane and the rear of the building to monitor the noise levels throughout the night. If we think the noise is too much we then make sure that we inform our sound engineer of the night to turn it down. We also have limiters on the system controls that are in another room altogether so that no DJ has the ability to turn it up. There are only a few people who have access to this room.

e) The protection of children from harm

Whenever we have an event on in the vault we make sure that ID's are checked before entering. We have a system on the

door which allows us to ID, search, ticket check, then wrist band. This do take a number of door staff and general staff but the system is fast and it does work effectively. All events that have alcohol available will always be 18 and over. We will also keep up on signs around the venue to state the challenge 18 or 25 years.

Subject: Objection to application

Sirs

Application: Mount Events Barry
Premises: Portland House 113 – 116 Bute Street

I write to raise a formal objection to the licensing application to the above premises for the following part of the application:

Thursday to Sunday 0900 to 0500

My reasons are as follows:

These premises are located in a mainly residential area. Noise until 0500hrs will be to the detriment of residents living nearby. Indeed at present you can hear music from the venue late at night around 100yards away. In summer you cannot sleep with your windows open because of this. There would be noise also from persons leaving the venue in the early hours. There has previously been assurances from the venue to keep noise to a minimum but this has not happened.

There is the potential for anti social behaviour within the area from persons attending the venue leaving drunk, thereby causing annoyance to residents and the potential for assaults and damage.

There is also an ongoing problem with litter generated from the venue especially within the alley way leading from West Bute Street to Bute Street.

There would also be more traffic around the location particularly in the early hours from private vehicles and taxis.

I respectfully request that the licence only be approved for the hours of 0900 until 0000 throughout the week and not later than this time from Thursday onwards.
