Subject: RE: Licensing Act 2003: Application for the grant of a Premises Licence - Buzzing Bee, First Floor, 4 St Mary Street, Cardiff

Good Morning Kirstie,

In regard to the above application to grant premises license, I wish to advise that the Licensing Authority of Cardiff Council will be objecting to the application.

A Cumulative impact Policy has been adopted for the City Centre area of Cardiff. The Licensing Authority has adopted the policy due to high levels of alcohol related crime and disorder, in the interests of public safety and the avoidance of nuisance.

The policy creates a presumption that new applications for Premises Licences will be refused unless the applicant can demonstrate the business will have no negative effect on any of the licensing objectives.

The premises detailed above falls within the boundary of the Cumulative Impact Zone and therefore an objection is submitted in respect to the following Licensing Objectives.

The prevention of crime and disorder.
The prevention of public nuisance.

There has been some detail in the application and within the operating schedule for how the promotion of the licensing objectives will be undertaken, however there is no reference to cumulative impact and the councils policy. The premise currently falls within the red classification under the statement of licensing policy and no proposal for any additional steps has been proposed, Consequently the Licensing Sub-Committee will need consider this application in line with Cardiff Councils Cumulative Impact Policy.

You will need to demonstrate to the Licensing Sub-Committee that there will be no negative cumulative impact on one or more of the licensing objectives if the Premises Licence were to be granted.

Kind regards

Subject: FW: Licensing Act 2003: New Application: Head of Steam, 18-19 Church Street, Cardiff, CF10 1BG

Hi Kirstie,

In regard to the above application to grant premises license, I wish to advise that the Licensing Authority of Cardiff Council will be objecting to the application.

A Cumulative impact Policy has been adopted for the City Centre area of Cardiff. The Licensing Authority has adopted the policy due to high levels of alcohol related crime and disorder, in the interests of public safety and the avoidance of nuisance.

The policy creates a presumption that new applications for Premises Licences will be refused unless the applicant can demonstrate the business will have no negative effect on any of the licensing objectives.

The premises detailed above falls within the boundary of the Cumulative Impact Zone and therefore an objection is submitted in respect to the following Licensing Objectives.

The prevention of crime and disorder.
The prevention of public nuisance.

Details have been submitted in the applications operating schedule for how the promotion of the licensing objectives will be undertaken within cumulative impact policy along with the prevention of crime and disorder and Public Nuisance. Following further discussion during a site meeting conditions have been put forward meeting some of the additional steps as detailed in the policy. However the premise currently still falls within the red classification under the statement of licensing policy and Consequently the Licensing Sub-Committee will need consider this application in line with Cardiff Councils Cumulative Impact Policy.

You will need to demonstrate to the Licensing Sub-Committee that there will be no negative cumulative impact on one or more of the licensing objectives if the Premises Licence were to be granted.

Kind regards

Rhys Morgan
