# Letter from the Leader

#### **Dear Applicant**

Thank you for your interest in this exciting and challenging role.

Cardiff has been reinvented over the past quarter of a century as an internationally recognised capital city. This success can be seen in the rapid growth of the city's population with Cardiff now one of the fastest growing and most highly skilled city in the UK. It can also be evidenced by strong performance in a number of headline economic indicators with unemployment down, employment growth up and visitor numbers having doubled over the last decade.

However, the proceeds of Cardiff's growth over recent decades have not been felt by all of the city's residents. The gap between the most and least prosperous communities in Cardiff is substantial. Similarly, while Cardiff's population growth is a sign of strength for the city, unless it is well-planned and well-managed it will put the city's physical and social infrastructures under real strain. This risk to the city's productivity, quality of life and standard of public services must be addressed. Tackling inequality and managing growth sustainably will therefore be at the heart of the Council's agenda.

The administration also recognises that it must deliver for Cardiff during a period of unprecedented financial austerity for the Council, and its public service partners. Protecting the services that are most important to residents will mean challenging old ways of working and embracing change where we are convinced it will deliver better services for the people of Cardiff.

As an organisation we must move away from dealing with problems in isolation and begin to integrate frontline teams that are empowered to address the day-to-day issues we know need solving. In the same way, individual directorates can no longer operate as silos: the Council must act as one seamless team to drive improvement across the city.

More broadly, the Council must work across the public services to deliver lasting solutions to complex problems. Removing the barriers that prevent people from getting a job, delivering the best outcomes for children in our care and helping people to live independently all require services to be delivered without boundaries. It demands a relentless focus on service integration to deliver the outcomes that we want to achieve.

A successful capital city is also a national, not just a regional, asset. We must be an outward-looking city, working with all our partners to make sure that Cardiff's success is shared with local people, regional partners and the country as a whole. Cardiff must be a capital city that works for Wales.

The Administration has therefore set out in its policy statement- 'Capital Ambition'- a programme of action to create opportunity, manage growth and reform public services whilst ensuring that the benefits of success are felt by all residents.

We invite you to take up the challenge with us.

#### **Dear Applicant**

Serving the Capital of a devolved nation, Cardiff Council is the largest Council in Wales with a net revenue budget of £609 million and around 15000 employees. In addition, the Council has an extensive capital programme and is the administering authority for the Cardiff and Vale of Glamorgan Pension Fund.

The Council's Medium Term Financial Plan currently shows a budgetary gap of £91 million to 2021/22. We are therefore looking for an experienced individual to support the strategic management of the Council's budget planning process and respond to the challenge of financial austerity by working closely with the Senior Management Team, Cabinet Members, Councillors and our partners.

As strategic leader for a range of corporate services, the post holder will play a leading role in developing a fully joined-up, cross-council approach to implementing the Council's change agenda. This will involve leading on the modernisation of working arrangements within the Council, which includes the adoption of new technology to improve services and generate efficiencies. This work forms a key part of the Council's financial resilience.

Cardiff Council has a track record of leading the local government agenda at regional and national levels in Wales– and is a member of Core Cities UK. The Council is also the Accountable Body for the £1.2 billion Cardiff Capital Region City Deal, which involves the ten councils of south east Wales.

Having led on transformative regeneration projects over a number of years, the Council is also involved in a number of ambitious capital projects, often being delivered with a broad range of partners. The Statutory Finance Officer (S151) will play a crucial role in managing and developing these relationships, which demand an understanding of funding sources and delivery options in order to advise the Council on issues such as best value, return on investment and risk.

You will be joining an experienced, talented and committed Senior Management Team providing the professional leadership needed to deliver the administration's Capital Ambition programme. It is an exciting opportunity.

Yours sincerely

Paul Orders Chief Executive
