Please give further details of why you believe this application will have an adverse effect on the licensing objectives

The application will enable the premises to establish an outside permanent bar. (Part of a current planning application, which should be referred to when considering the application) The extended license would create an unsafe environment and general public nuisance for local residents. Currently, young people visit this area of pub closes and have created aggressive nuisances for residents late into the early hours. The bar would be easily seen from the homes opposite and direct access for children from the pavement. The bar location is immediately adjacent to the proposed children's play area. The proposed planning application together with the license application is to increase business for the pub. This would result noise pollution, light pollution which will be detrimental to the local atmosphere and amenity. (There is a 60+ partition lodged with the planning department)

Further Details

Re: Three Arches Public House, Heathwood Rd, Cardiff

The proposed variation from the existing licence will result in an unacceptable increase in noise and light levels for the following reasons:

- The purpose of this application is to attract more patrons and move more patrons to the outside area resulting in more noise and light.
- The extended seating area is open to the main road and residents directly opposite. There is no attempt in the proposed extension to reduce noise and light levels.
- The proposal includes operating the external bar until the pub closes i.e. the noise and light pollution will continue until midnight, which is long after local residents go to bed.

We believe this proposal will result in an increased risk of harm to children for the following reasons:

- The location of the external bar next to a children's playground is wholly inappropriate and would appear to promote a drinking culture to young children.
- The external seating area is not a safe enclosed area i.e. it gives direct access to Heathwood Road (a major arterial road). With parental drinking being promoted around the external bar and playground, it is to be expected that the parental supervision will be less than optimal with an increased risk of children accessing the road. An accident appears to be inevitable on such a busy road.

FURTHER COMMENTS

The proposal states that a temporary bar will be installed. This is contrary to the planning application where a permanent external bar is foreseen.

Address of premises:	HEATHWOOD RD CARDIFF
Application No. (if known)	PLEASE SEE ATTACHED

Please tick one or more of the licensing objectives that your representation relates to:	
Prevention of crime and disorder	<input checked="" type="checkbox"/> yes
Public Safety	<input checked="" type="checkbox"/> yes
Prevention of public nuisance	<input checked="" type="checkbox"/> yes
Protection of children from harm	<input checked="" type="checkbox"/> yes

Please summarise your concerns about this application:
<p>This is a residential area with a number of elderly and young children living within 50 metres of the venue, in particular, of the proposed location of the bar. The venue already has a problem with many of its patrons/customers remaining outside the venue after it closes to carry on drinking or being rowdy. On a daily basis there are broken glass and cider bottles on the street which cause a danger to the local elderly and young residents as they walk past. Some of whom have mobility restrictions.</p>

Please give further details of why you believe this application will have an adverse effect on the licensing objectives

The proposal will increase the noise and nuisance levels outside affecting the quality of the local residents. This will not only be during the day time, but also late into the evening, affecting the ability of the locals to be able to sleep.

With more customers/patrons staying outside to use the outside bar, this will increase the rubbish and broken glass and bottles being left on the street. The situation is bad now, and will only deteriorate with this outside bar, affecting the safety of the elderly, young and some vulnerable local residents.

An increased volume of people standing outside, and overflowing into the public street will cause a public nuisance, and an issue of safety for children that need to walk past the pub.

There are already issues with customers also urinating on the public walls outside the pub, as well as throwing items into the front gardens of the residents. The outside bar will increase this level of crime and public disorder.

The authority deals with all representations received in an open and transparent manner. By law the authority must provide the details of any representation to the applicant. The authority will also provide full details to the Licensing Committee to ensure that members have the full information when determining any application at a hearing. AS residents living directly opposite the said Three Arches the noise and light pollution will have an adverse affect on us, particularly as the variation does not consider the close proximity of our house to the Pub.
