

# Bilingual Cardiff: 5 Year Strategy Draft for Consultation

If you would prefer to complete this survey in Welsh, please click [here](#)

Our vision is to develop a truly bilingual Cardiff. A Cardiff where our citizens can live, work and play, as well as access services and support in Welsh or English equally. A capital city where bilingualism is promoted as something completely natural, and where the Welsh language is protected and nurtured for future generations to use and enjoy.

One of the statutory requirements of the new [Welsh language standards](#) is to create and publish a five year strategy which sets out how we will promote and facilitate the use of Welsh.

We have developed a draft strategy which outlines our proposed strategic priorities based on initial consultation. We have also included a target to increase the number and percentage of Welsh speakers and learners in Cardiff to ensure that we play our part in supporting the Welsh Government's vision of a million Welsh speakers by 2050.

This is a strategy for the city as a whole, not for any one organisation. Delivering the strategy will therefore rely on partnership working, between the public, private and education sectors and, most importantly of all, with the people of Cardiff. We will achieve this through the effective implementation of an action plan which will be developed following full consultation with our partners and citizens.

If you wish to receive a paper copy of the consultation please contact the Bilingual Cardiff team:
