Members were advised that procurement process for a Pool Operator is still ongoing. A recommendation will be made to the Joint Governance Committee (JGC), thereafter this committee will be asked to approve the JGC's recommendation.

**RESOLVED:** To note the establishment of the Wales Pension Partnership and the progress in the procurement of the Pool Operator.

### 34 : MIFID II

Members were advised that the report outlines the impact of the implementation of the Markets in Financial Instrument Directive 2014/65 (MiFID II) and in particular the risk to the administering authority of becoming a retail client on 3 January 2018.

Members sought clarification of the status of retail clients and were advised that retail clients have protections against investing in an inappropriate product, investment firms have to explain the risks and/or restrict the range of investments offered and therefore the costs are greater and the returns lower whereas professional clients are expected to carry out their own risk assessments with proper advice, so can access a wider range of investments at cheaper fees. The new regulations require a demonstration of the authority's professional capabilities to each firm dealt with to be

in a position to continue as professional clients. A “qualitative test” will need to be applied, including an assessment of the experience and knowledge of committee members as evidenced by attendance at training events. The authority is also declaring that it is understood that it would not benefit from the protections given to retail clients.

RESOLVED: That the Committee: -

- a) Notes the potential impact on the Fund’s investment strategy of becoming a retail client with effect from 3 January 2018.
- b) Agrees to the immediate commencement of applications for elected professional client status with all relevant institutions in order to ensure that it can continue to implement an effective investment strategy.
- c) Acknowledges that in electing for professional client status it will forgo the protections available to retail clients listed in Appendix 1 of the report.
- d) Delegates responsibility to the Corporate Directors Resources for the purpose of completing the applications and determining the appropriate basis of each application as either full or single service.
