**Section 18 of 21**

**LICENSING OBJECTIVES**

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

**Continued from previous page...**

List here steps you will take to promote all four licensing objectives together.

Maes B is a 16+ event and an important part of the Eisteddfod festival. We are aware of the implications of having 16+ in the venue and of our duty of care towards them. The event plans are based on a number of years experience of the holding the event on greenfield sites.

This site was chosen as it is adjacent to the main Eisteddfod site in the Bay and would reduce the numbers of 16+ wandering across the city. The site is not close to any residential areas so lessening public nuisance issues.

The campsite associated with Maes B will be on fields in the suburbs and a shuttle bus service will operate till 0300 taking festival goers back at the end of the night - again reducing the risk of them wandering through the city.

- Operating schedule provided
- 16+ ID has to be provided before entry. See operating schedule
- 18+ ID to be provided for alcohol purchase. See operating schedule
- Challenge 25 at the bar.
- SIA security and CCTV
- First Aid and welfare provision. See operating schedule
- Catering concession
- Phone number provided for public nuisance issues
- Vigilance re: drug taking and sales. See operating schedule
- Vulnerable persons policy available

**b) The prevention of crime and disorder**

Streamline Leisure will provide SIA stewards and CCTV on all main entries/exits and bar areas.

- Bag searches - before entry
- No alcohol allowed to be carried in
- No sales to drunk or intoxicated customers
- Capacity count
- Drugs safe. See operating schedule

**c) Public safety**

- Site is adjacent to harbour. Harbour wall has high level chain link fencing.
- Lighting - Exterior: street lighting will be boosted as required. Interior - emergency lighting in case of mains failure
- Certifications - Owners (CCC) to provide proof of recent checks to fire detection system, water system, gas installation, electrical installation.
- Log book to enter incidents
- Drink served in plastic glasses

**d) The prevention of public nuisance**

- Phone number provided to contact site management
- Campers to travel by shuttle bus after the event back to campsite
- PA system to be set up facing east i.e. towards the solid part of the building.
- Directional bass speakers
- Mailshots and meetings to be arranged with residents and businesses
- Cleaning contractor on site

**e) The protection of children from harm**

- It's crucial to us that 16+ (and their parents) know that they are in a safe environment and therefore have a good time.
- Detailed advice on the Maes B website regarding personal safety and security of property.

**Continued from previous page...**

- Cardiff Street Pastors and St John will be present to provide first aid and welfare
- No under 16 allowed on site - even if accompanied by adult
- 16+ must provide proof of age - passport (original no photocopy), ID card with PASS hologram. See operating schedule
- Shuttle buses from Bay to camp site
- Volunteer stewards with previous experience of Maes B
- Child protection policy in place

**Section 19 of 21**

They do this by providing with this application copies or scanned copies of the following documents (which do not need to be certified).

**Documents which demonstrate entitlement to work in the UK**

Protection of Children from Harm

It's crucial to us that 16+ { and their parents } know that they are in a safe environment and therefore have a good time.

Detailed advice on the Maes B website regarding personal safety and security of property.

I now make the following representations on behalf of South Wales Police and therefore request that the Licensing Committee hear these representations when determining the grant of this application.

**POLICE REPRESENTATIONS.**

Whilst the Police acknowledge the above conditions offered by the applicant, it is felt that these are insufficient to uphold and promote the licensing objectives and the Police now make the following representations, made to support the following licensing objectives;

**Prevention of Crime and Disorder;**

1.

The DPS will be on the premise at all times licensable activity takes place.

The Maes B event is open to persons aged from 16yrs who will mix with persons aged 18 and above. As such the Police feel it appropriate that the Designated premises Supervisor is on the

OFFICIAL - SWYDDOGOL  
RESTRICTED

premises at all times licensable activity takes place to ensure compliance with the premises licence conditions and safeguarding issues are addressed.

2.

A CCTV system shall be installed to a standard as approved by South Wales Police and maintained and operated at all times the premises are open to the public. The system will cover all internal areas of the premises where the public have access {excluding toilets} including all entrances and exits and any external areas associated with the premises. The images shall be kept for a minimum of 30 days and shall be produced to a Police employee in a readily playable format immediately upon request when the premises are open and at all other times as soon as reasonably practicable. There will be sufficient trained staff to facilitate the above.

Whilst the Police acknowledge the above condition offered by the applicant, the proposed condition sets out exactly what is required of such a condition to the avoidance of doubt.

3.

An incident book shall be kept at the premises and maintained on site for a period of twelve months. It shall be made available on request to an authorised officer of the local authority or a member of police staff, which will record the following:

All crimes reported to the venue

Any complaints received (of a Criminal or Licensing nature)

Any incidents of disorder

Any refusal of the sale of alcohol

Any visit by a representative of a relevant authority or a member of the emergency services.

Any failures of the CCTV system.

The above condition will allow the accurate documenting of incidents likely to arise at the premises.

4.

All drinks will be dispensed in 'non glass' vessels.

This condition is requested to prevent the use of glass vessels, in the form of either bottles or glasses being used to inflict injury on others, or accidental injury being caused. This condition also supports Public Safety.

5.

All patrons aged 18yrs or over will be readily identifiable by way of a neon wristband worn at all times when licensable activity is being conducted. The colour of these wristbands will be changed on a daily basis with no two nights using the same colour wristbands.

This condition is requested to Protect Children from Harm at an event where persons aged between 16-18 are present.

6.

All sales of alcohol will be conducted from static bars.

**RESTRICTED**  
**OFFICIAL - SWYDDOGOL**

This condition supports Public safety by requiring patrons to visit static bars at their own volition where they will be seen by door staff and their sobriety monitored as opposed to being visited by mobile drink sellers. Better monitoring of intoxication levels will reduce the likelihood of persons becoming involved in incidents, thereby preventing crime and disorder at the premises.

7.

The will be a minimum of 24 SIA Registered door supervisors at the premises from premises open until premises close.

Due to the age of the patrons the Police request a heavy SIA presence from the outset to ensure compliance with conditons relating to the queuing of patrons prior to entry, recovery of glass from patrons prior to entry, and in order to ensure sufficient resources are on premises at all times.

Without accredited doorstaff, reliance is placed upon Bar staff and management to interact with these persons and require them to leave if necessary. This condition will promote both the Prevention of Crime and disorder and that of Public Safety;

8.

Queues of patrons waiting to enter the premises shall be supervised by SIA registered Door Supervisors , in such a way that they do not cause any inconvenience to neighbouring premises or members of public. High visibility vests, tabards or jackets shall be worn by Door Supervisors when employed in this function.

This condition will promote both the Prevention of Crime and disorder and that of Public Safety by allowing the monitoring of patrons prior to entry and the confiscation of any glass vessels from these persons.

9.

Suitable Bins will be provided for any glass drinks containers confiscated from patrons, prior to entry to the event.

This condition will promote both the Prevention of Crime and disorder and that of Public Safety by ensuring that glass vessels are not taken into the venue, glass vessels are not discarded in the area of the premises and consequently used to either inflict injury in the course of an assault or accidental injury being caused to patrons falling or stepping on glass.

10.

Door supervisors shall each be equipped with a two-way radio, to facilitate communication between themselves and premises management.

This condition will promote both the Prevention of Crime and disorder and that of Public Safety by ensuring that Security staff are able to respond to incidents in a timely and appropriate manner.

11.

The DPS will ensure that an adequate system for measuring the number of patrons in the premise is used by Door Supervisors - such as clicker devices. Numbers of patrons on the premises will be recorded each half-hour.

OFFICIAL - SWYDDOGOL  
RESTRICTED

Overcrowding of the premises can lead to Crime and disorder and has an obvious adverse effect on Public safety therefore the Police request provision is in place for the monitoring of numbers of patrons at any one time.

12.

Body worn cameras shall be utilised by door supervisors at the premises on a ratio of one body worn camera to every three SIA registered door supervisors. The device(s) used shall be capable of recording video images and sound. Images from the body worn cameras shall be stored for a minimum of 31 days and shall be produced to a police employee, or other responsible authority representative, in a readily playable format, immediately upon request when the premise is open to the public and at all other times as soon as reasonably practicable, subject to data protection legislation. There will be sufficient trained staff to facilitate the above condition.

This condition is requested to assist in the Prevention of Crime and Disorder in that the intervention of SIA staff in possession of Body worn cameras can de-escalate incidents when involved persons are informed their actions are being recorded in this manner. Should this not resolve matters then they provide best evidence in relation to capturing the behaviour of individuals.

13.

The Designated Premises Supervisor shall maintain a duty register of all persons engaged as door and security staff. This register must include the name and SIA registration number of the person employed, time and date of duty commenced/finished with a signed acknowledgement by that person. The register must include the company employed or through whom the services of that person are engaged. The register shall be kept so that it can be readily inspected by a police employee or an authorised officer of the council.

14.

Alco blow devices will be utilised at the premises.

The use of Breathyliser devices at the premises will promote Public Safety by identifying those patrons who have consumed an excessive amount of alcohol prior to entry. Patrons identified as such can be offered support at the on-premises welfare facility.

15.

30 minutes before the premises close to the public and for an additional period of at least 30 minutes after the last patron leaves, the premises will provide at least 2 SIA registered door supervisors in high visibility tabards or jackets outside the venue to assist in the safe dispersal of patrons as they leave the premises. These door supervisors will wear body worn cameras at all times whilst outside the premises. As the numbers of patrons reduces within the premises additional SIA registered door supervisors will be employed in this capacity.

This condition is requested to promote the Prevention of Crime and Disorder, that of maintaining Public Safety, Protecting Children from Harm and preventing Public Nuisance. Early intervention in disorder by SIA staff carrying out this role will prevent crime and disorder. Patrons will be directed from the area to suitable transport and those who remain will have a security presence in the area who will be expected to address any rowdy behaviour. As stated patrons will include persons aged between 16-18 and given the lateness of the event could be viewed as being vulnerable due to their age.

**RESTRICTED**  
**OFFICIAL - SWYDDOGOL**

**16.**

**A search policy shall be in place and will include procedures for the confiscation of prohibited articles such as controlled drugs and weapons. A metal detecting device will be used to assist in searching. Searches will be conducted at the discretion of Door Supervisors.**

**This condition will promote the Prevention of Crime and Disorder, Public safety and Protect Children from harm by addressing the need to keep prohibited items such as drugs and bladed weapons out of the venue.**

**17.**

**The premises will adopt the drug safe scheme. A lockable Drugs safe will be installed at the premises and accessible only to a Police officer or member of Police staff. Any drugs seized at the premises will be recorded in the premises incident book. This entry will record the date and time of the seizure, the details of the person seizing the items, a description of the items and the circumstances of the seizure. Where it is suspected that a person is supplying drugs then Police will be contacted at the time.**

**This condition supports the above Condition 16.**

**18.**

**Suitably medically trained staff will be on the premises whenever said premise is open to the public. A dedicated area shall be provided for the purpose of providing care to patrons who are in need of assistance through injury or intoxication, or awaiting collection. In cases where patrons refuse all offer of assistance, all steps taken by staff at the premise shall be recorded, to evidence what efforts were made to ensure the safety of the individual concerned.**

**This condition promotes Public safety and the Protection of Children by providing a welfare area within the event staffed by medically trained personal.**

**19.**

**Toilet checks will be conducted twice each hour, at irregular intervals, to deter patrons from illegal activity. A register of toilet checks will be kept by the DPS for a minimum of 31 days and made available to the police or other responsible authority representative on request.**

**This condition supports Conditions 16 and 17.**

**20.**

**There shall be no admission or re-admission to the premises later than 00:00 hrs on any date.**

**This condition will reduce demand on SIA door supervisors at what will be a peak time at the event and as such will promote the Prevention of Crime and Disorder and that of Public Safety.**

**21.**

**A minimum of six stewards will be employed as 'intox marshalls. It will be the responsibility of these members of staff to monitor the levels of intoxication of all patrons and to ensure that no**

OFFICIAL - SWYDDOGOL  
RESTRICTED

persons under the age of 18yrs are in possession of alcoholic beverages. These intox marshalls will be readily identifiable by way of hi vis tabards or jackets.

This condition is requested to Protect Children from Harm at an event where persons aged between 16-18 are present.

However, should the applicant confirm they are in agreement with the above representations made to promote and uphold the licensing objectives, then please accept that the Police will automatically withdraw their request for a hearing before the Licensing Committee.

Yours faithfully,

J. Jones.

Hi Folks,

I've had a look at this application and have some concerns about the music from this venue continuing until 02:00.

With this in mind, would it be OK if I could ask for the following conditions to be added to the licence please?

- 1) For indoor venues used for up to about 30 events per calendar year an MNL not exceeding the background noise by more than 5dB(A) over a fifteen minute period is recommended for events finishing no later than 23:00 hours; and
- 2) For events continuing or held between the hours 23:00 and 09:00 the music noise should not be audible within noise-sensitive premises with windows open in a typical manner for ventilation.

I hope this is OK.

Dear Sir/Madam,

I object to the above licence application for the former Dr Who Experience building at Discovery Quay.

I am particularly concerned about the possible noise levels until 02.00/03.00 am, Wednesday-Saturday.

Noise levels at a recent event (The Lady Boys of Bangkok) in Roald Dahl Plass were deemed unacceptable.(Ref 610187) When you consider the above application, I do hope you will also consider the possible impact on residents in Cardiff Bay.

Yours sincerely,
