Cardiff City Expansion Plans

A COMPACT CITY CORE

A key factor for the potential success of Central Cardiff as a sustainable urban district is the compactness of the core and its proximity to mass transit and public transport networks. Key destinations are closely located north of Cardiff Central station and at the Bay within 15-20 mins walk and 7-10 mins cycle time. A critical factor for capitalising on this opportunity in the framework is the creation of a legible and safe network of routes and connections to and in between key destinations, city spaces and communities.

Location and context

VASTINT

1. Bute Park & Cardiff Castle.
2. Cathays Park.
3. Cardiff Boat Centre.
4. Retail centre.
5. Principality Stadium.

15. DEPOT Cardiff.
16. Canal Park.
17. Century Wharf
18. Cardiff Bay Rail Station.
19. Wales Millennium Centre.
20. Roald Dahl Plass.
21. Porth Teigr.

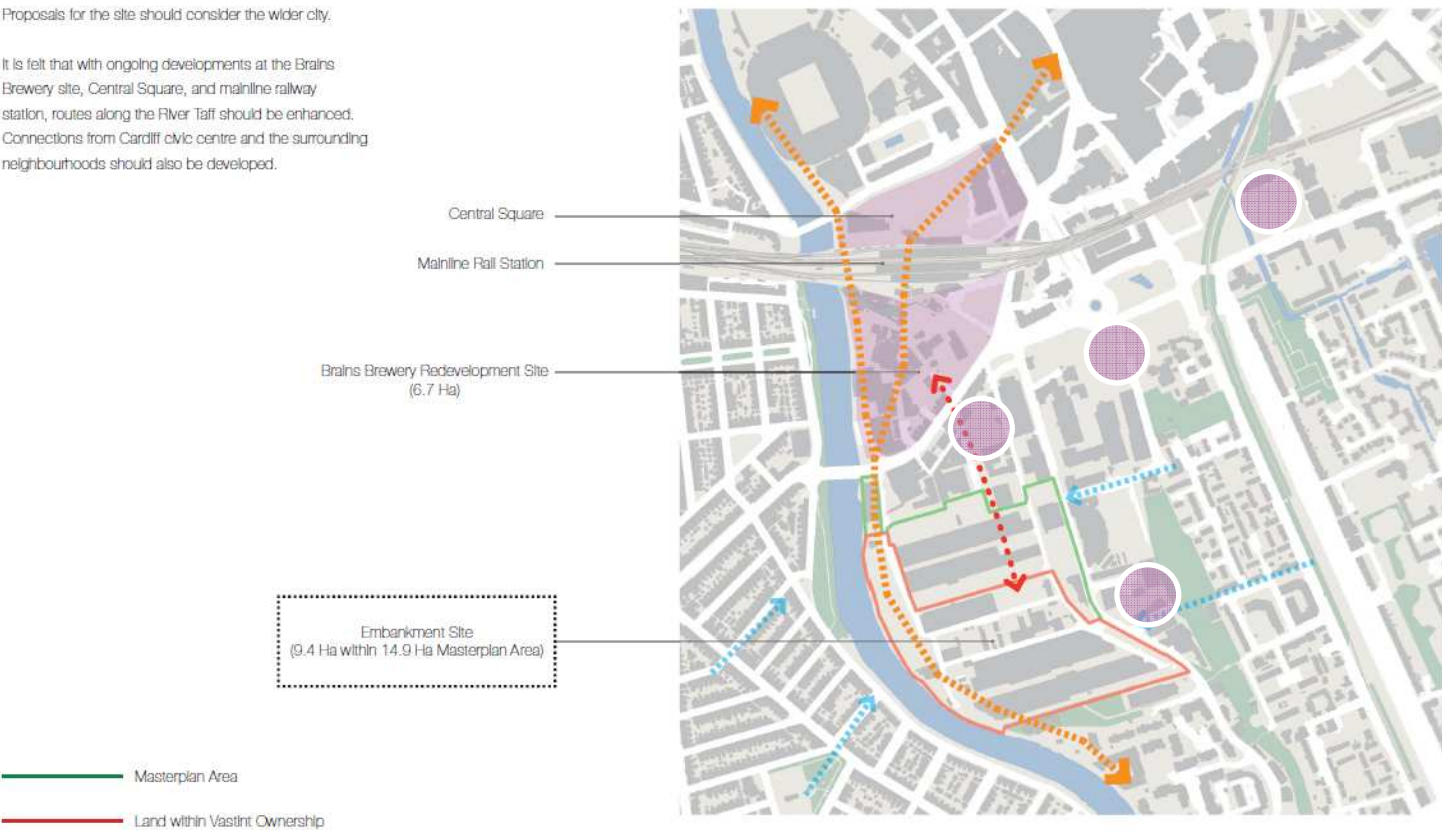

Local areas of change

City-Wide Opportunities

Proposals for the site should consider the wider city.

It is felt that with ongoing developments at the Brains Brewery site, Central Square, and mainline railway station, routes along the River Taff should be enhanced. Connections from Cardiff civic centre and the surrounding neighbourhoods should also be developed.

Working Collaboratively

Vastint and the Council to work together to deliver:

A comprehensive masterplan for the area

Site Assembly

Delivery of housing and job creation

Connectivity

VASTINT

The site today

VASTINT

Much of the area is occupied and can remain so for at least 12 months

1st set of vacant buildings to be demolished before the end of the year

Tenant relocations

Meanwhile uses being explored
