
**PLANNING, TRANSPORT & ENVIRONMENT DIRECTORATE – QUARTER 1
& 2 PERFORMANCE REPORTS 2018/19**

Reason for the Report

1. To present and review the performance reports relevant to the terms of reference of the Environmental Scrutiny Committee for Quarter 1 (April to June) and Quarter 2 (July to September) of 2018/19. In doing this the Committee will focus on the work delivered by the Planning, Transport & Environment Directorate which falls within the Strategic Planning & Transport and Clean Streets, Recycling & Environment Cabinet Portfolios.

Background & Supporting Information

2. The Environmental Scrutiny Committee has a role in reviewing the performance of Council services that fall within the Committee terms of reference. Members agreed to consider performance issues during the municipal year 2018/19. In doing this the Committee decided to look at the sections of the Quarterly Performance Reports relevant to the terms of reference of the Committee twice a year.
3. In May 2018, Council approved the Corporate Plan 2018-21. The Corporate Plan sets out the Council's Well-being objectives for 2018-19 in accordance with the Well-being of Future Generations Act (2015). The Corporate Plan also set out the Council's key priorities, the steps it will take to deliver Capital Ambition and the key Performance Indicators to assess performance against the Corporate Plan.

4. The Council's refreshed performance management framework includes quarterly production of the Delivering Capital Ambition Performance Report 2018-19 for the Cabinet.
5. To facilitate this scrutiny the Delivering Capital Ambition Quarter 1 & 2 Performance Reports are provided along with the supporting Quarterly Performance Report Appendices.
6. The Delivering Capital Ambition Quarterly Reports reflect and align the Welsh Government Well-being Objectives. The two Well-being objectives relevant to the terms of reference of the Environmental Scrutiny Committee are:
 - Well-being Objective: 2.1 – A Capital City that works for Wales;
 - Well-being Objective: 3.1 – Cardiff grows in a resilient way.

8. The priorities of Capital Ambition have been being built into the Corporate Plan 2018-21 and follow the existing performance management structure which spans the City's overall performance (the Public Services Board Wellbeing Plan); Council performance via the Corporate Plan; Directorate performance via Directorate Delivery Plans; through to individual performance via Personal Reviews.

Performance Support Group

9. The Council's approach to performance management focuses on the use of performance information within the most strategic parts of the organisation, to ensure that these strategic audiences are considering strategic performance issues. It is also critical to ensure that underneath the strategic layer there are mechanisms in place, which allow for effective engagement and support of operational performance issues.
10. In parallel with developing a coherent cross-organisation approach to service planning (which will by default create a new body of consistent performance information) the Council has introduced the Performance Support Group. The Performance Support Group provides support to service performance and allows the Cabinet, scrutiny committees and the Senior Management Team to focus on strategic performance issues.
11. The primary roles of the Performance Support Group is to support specific areas of service improvement and investigate areas of performance that are highlighted by robust data analysis. It is hoped that this approach will provide the organisation with confidence that measures mandated by Welsh Government but not included in outcomes-focused scorecards are receiving due attention.
12. The Planning, Transport & Environment Directorate has a lead performance officer who along with the Corporate Performance Team, analyse and challenge work to help inform the Performance Support Group's agenda.

Improved Reporting Timelines

13. The Council refresh of performance arrangements has examined opportunities to increase the speed with which information flows through its performance-related processes. An essential part of moving the organisation away from monitoring performance and onto managing performance is providing information within a timescale that allows the use of data to influence decision-making and prompt appropriate intervention.
14. The final reports for Cabinet and scrutiny committees contain confirmed information; however, the reports that are used by the Performance Support Group and Senior

Management Team can contain draft performance information, provided it is flagged as such.

Publishing Performance Information on the Internet

15. To reinforce the Council's move to a culture of accountability, the refresh of performance arrangements presents an opportunity for Cardiff residents to access key performance information in a way that is immediately engaging. Council employees should also have access to online performance information that helps them understand the contribution they are making towards achieving organisational aims.
16. As with the newly developed performance reports, the published information will focus on the outcomes the Council is trying to achieve, i.e. the Well-being Objectives and, therefore, correlate to the performance measures used at Cabinet and scrutiny committees.

Refresh the Council's Performance Management Strategy

17. In light of recommendations made by WAO's, the Framework element of the Performance Management Strategy has been updated to include guidance around timelines that support current processes. The most significant aspect of the refresh has been the embedding of it into the organisation's culture. Mostly, this has been achieved through changing practices as outlined above. However, ensuring that the Council's Performance Management Strategy is acknowledged, understood and used will require the Corporate Performance Team to engage and work proactively with service managers and performance leads.
