

PART 5 – CODES AND PROTOCOLS

MEMBERS PLANNING CODE OF GOOD PRACTICE

1 Purpose of the Code

This Code has been being prepared for the guidance of Officers and Members in their dealings with planning matters. This includes decision-making meetings of Council, which exercise the planning function of the planning authority or less formal occasions such as meetings with officers or the public or consultative meetings. Whilst much of this Code of Good Practice relates to the submission and determination of planning applications it also applies to discussions / submission relating to the preparation of the Local Development Plan and to Planning Appeals and enforcement. The Code has been prepared in accordance with: -

- Code of Conduct for Members and Co opted Members of the County Council of the City and Council of Cardiff
- The Royal Town Planning Institute Code of Conduct for Chartered Planners

The Code has the following objectives:-

- To guide and protect Officers and Members in dealing with planning related matters from criticism and challenge
- To inform potential developers and members of the general public of the standards adopted by Cardiff County Council and the performance of its planning function
- To ensure that, in the planning process, there are no grounds for suggesting that a decision has been biased, partial or not well founded in any way.

2 Key Principles

Planning decisions made by Councils can have a considerable effect on the value of land, the nature of its development and on the lives and amenities of people living in the vicinity. The process of arriving at decisions on a planning matter must be open and transparent. The involvement of both Officers and Members must be clearly understood. The main principles which Members should have clear regard for are:-

- The key purpose of planning is to control development in the public interest
- Your overriding duty as a Councillor is to the whole local community
- You have a special duty to your constituents including those who do not vote for you
- Your role as a member of the planning authority is to make planning decisions openly, impartially, with sound judgement, and for justifiable reasons

- Whilst you may be strongly influenced by the views of others and of your party in particular it is your responsibility alone to decide what view to take on any question which Councillors have to decide
- You should never do anything as a Councillor, which you could not justify, to the public. Your conduct and what the public believes about your conduct will effect the reputation of the Council
- It is not enough to avoid actual impropriety. You should at all times avoid any occasion for suspicion and any appearance of improper conduct
- You should treat with extreme caution any offer of gift or favour or hospitality that is made to you personally. You are personally responsible for all decisions connected to the acceptance of such gifts or hospitality and for avoiding the risk of damage to public confidence in local government
- Section 54a of the Town and Country Planning Act requires you to take planning decisions in accordance with the provisions of the development plan unless material considerations indicate otherwise. You should ensure that all decisions that you make have regard to proper planning considerations and are made impartially and in a way, which does not give rise to public suspicion or mistrust
- The Code applies to all decisions of the Council on planning related matters. This includes Members involvement in any planning application, whether or not it is reported to a committee, all applications determined by any committee or by Full Council acting as a local planning authority

3 Relationship to the Code of Conduct for Members and Co Opted Members of the County Council of the City and County of Cardiff

The Code of Conduct adopted by Cardiff County Council on 13th December 2001 sets out requirements and guidance for Members on the disclosure and registration of interests. Not only should impropriety be avoided but also any appearance or ground for suspicion of improper conduct. When considering any planning matter you should have primary regard for the Code of Conduct, and particularly the requirement to properly declare all interests:-

- **Do** apply the rules in the Code of Conduct for Members first which must always be complied with
- **Do** then apply the rules in this planning Code of Best Practice

4 Development Proposals and the Declaration of Members' Interests

When considering planning matters Members may find that they need to:

- Declare a personal and / or prejudicial interest or
- Indicate that they have come to a view prior to the meeting (i.e. fettered their discretion)

The existence and nature of any interest should be disclosed at all relevant meetings including informal meetings or discussions with officers and other Members. A member may at any time declare a personal interest under the Members Code of Conduct however it is preferably disclose your interest at the beginning of the meeting and not just at the commencement of the discussion on that particular matter.

Where your interest is personal and /or prejudicial:

- **Do Not** participate or give the appearance of trying to participate in the making of any decision on the matter by the planning authority
- **Do Not** try to represent Ward/local views. Get another Member who is not a member of DC to do so instead
- **Do Not** get involved in the processing of the application and direct any queries or technical matters to the relevant officer
- **Do Not** seek or accept any preferential treatment or place yourself in a position that could lead the public to see that you are receiving preferential treatment because of your position as a Councillor. This would include using your position to discuss any proposal with Officers or Members when other members of the public would not have the same opportunity to do so. You may need to identify another local member who is prepared to represent local interests
- **Do** be aware that whilst you are not prevented from seeking to explain and justify a proposal in which you have a personal interest to an appropriate Officer in person or in writing, the Member's Code of Conduct places greater limitations on you in representing that proposal than would apply to a normal member of the public (for example where you have a personal and prejudicial interest in a proposal to be put before a meeting you will have to withdraw from the room or Chamber whilst the meeting considers it, whereas an ordinary member of the public would be able to observe the meeting's consideration of it from the public gallery)
- **Do** notify the Monitoring Officer in writing of your own interest and ensure that a proper record of the interest is noted at any meeting (use the form at Appendix 1)

Where you have fettered your discretion

The allowance made for Councillors to be predisposed to a particular view is a practical recognition of:

- the role played by party politics in Local Government
- the need for Councillors to inform constituents of at least an initial view on a matter as part of their public role

- the structure of local government which ultimately requires the same Councillors to make decisions

It is therefore particularly important for elected Councillors to have a clear understanding about the implications of expressing an opinion or view on planning matters. If you make up your mind or clearly appear to have made up your mind (particularly in relation to an external interest or lobby group) on how you will vote on any planning matter prior to formal consideration of that matter (i.e. at the meeting of the planning authority, prior to the hearing of the Officers presentation and evidence and arguments on both sides) you may be seen to have fettered your discretion. For example:-

- Where the Council is the landowner, developer or applicant and you have acted as or could be perceived as being a chief advocate for the proposal. Through your significant personal involvement in preparing or advocating the proposal you may be perceived by the public as being no longer able to act impartially or to determine the proposal purely on its planning merits
- Where you are a member of an organisation or lobbying group, which has publicly expressed a view on the planning matter. (A lobbying group is a body whose principle purposes include the influence of public opinion or policy). You may also have a personal interest in a matter before committee. The test of establishing a prejudicial interest under the Code is analogous to the common law test for bias -"that a member of the public with knowledge of all of the relevant facts would regard your interest as so significant that it is likely to prejudice your judgment of the public interest"

However where you act as part of the consultee body (e.g. where you are also a member of a community council) you may take part in its debate provided that:-

- the proposal does not substantially effect the well-being or financial standing of the consultee body, and
- you make it clear that your views are expressed on limited information before you only, and
- that you reserve judgment and the independence to make up your own mind on each separate proposal based on your overriding duty to the whole community and not just to the people in that area, ward or parish, and
- you clearly state you will not in anyway commit yourself as to how you or others may vote when the proposal comes before the Planning Committee and
- you disclose your personal interest regarding your membership or role when the Planning Committee comes to consider the proposal

In all other circumstances

- **Do not** speak and vote on a proposal as a Member of the Development Control Committee where you have fettered your discretion. You do not also have to withdraw but you may prefer to do so for the sake of appearances
- **Do** explain that you do not intend to speak and vote because you have or could reasonably be perceived as having judged the matter elsewhere so that this may properly be recorded in the minutes
- **Do** take the opportunity to exercise your separate speaking rights as a ward member where you have represented your views or those of local electors and have fettered your discretion but do not have a personal/prejudicial interest. In these circumstances advise the Chair that you wish to speak in this capacity before the commencement of the item, remove yourself from the Members seating area for the duration of that item and ensure that your actions are recorded.

The flow chart at Appendix 2 provides guidance for you in deciding whether you have a declarable interest

Given the issues set out above Members of Planning Committee may wish to consider whether they should take an active role on consultee bodies such as Community Councils.

5 Contact with Applicants, Developers and Objectors

Local Authorities are encouraged by Government policy to enter into pre-application discussions with potential applicants. There will also be discussions and meetings on strategic plans for the Council (e.g. matters arising from the local development plan or major development sites). Such strategic discussions lie within the remit of the Cabinet Member with responsibility for Environment and Transportation and may be distinguished from discussions on specific planning applications, and therefore not subject to the caveat set out below. In addition negotiations and discussions are likely to be ongoing after an individual application has been submitted. Such discussions can often be interpreted by the public (and especially objectors) as prejudicing the planning decision-making process. In order to allay such perceptions all discussions should take place within clear guidelines.

One particular aspect of application discussions relates to lobbying. Lobbying is a normal part of the political process. However, it can lead to impartiality being brought into question and accordingly there is a need to declare publicly that an approach of this nature has taken place. Lobbying can take place by professional agents as well as un-represented applicants/landowners and community action groups.

- **Do not** agree to any formal meeting with applicants, developers or groups of Objectors if you are a member of Development Control Committee and therefore likely to be part of the decision-making process. There may be exceptional circumstances where meetings do take place. Such meetings must always have been formally convened by the Development Control Manager. The officer will then ensure that those present at the meeting are advised from the start that the discussions will not bind the authority to any particular course of action, that the

meeting is properly recorded on the application file, and that a record of the meeting will be made available for public inspection and will form a background paper to any Committee report

- **Do** refer those who approach you for planning procedural or technical advice to officers
- **Do** report to the Development Control Manager any significant contact with the applicant and other party, explaining the nature and purpose of the contacts and your involvement in them and ensure that this is recorded on the planning file
- **Do not** attend any private planning presentation unless an Officer is present and/or that it has been organised by Officers. These may be differentiated from major public presentations when members may seek information but should not enter into discussions or express a view
- **Do** remember that the presentation is not part of the formal process of debate and determination of any subsequent application and that this will be carried out by the appropriate Committee of the planning authority
- **Do** be aware that a presentation is a form of lobbying and you must not express any strong view or state how you or other Members might vote
- **Do** ask relevant questions for the purposes of clarifying your understanding of the proposals
- **Do** explain to those lobbying or attempting to lobby you that whilst you can listen to what is said it prejudices your impartiality and therefore your ability to participate in the Committee's decision-making to express an intention to vote one way or another, or such a firm point of view which amounts to the same thing
- **Do** remember that your overriding duty is to the whole community not just the people in your local area, and taking account of the need to make decisions impartially, you should not improperly favour or appear to improperly favour any person, company, group or locality
- **Do not** accept gifts or hospitality from any person involved in or affected by a planning proposal. If a degree of hospitality is entirely unavoidable ensure that it is of the minimum and its acceptance is declared as soon as possible (remembering to register any gift with a value of over £25).
- **Do** copy or pass on any lobbying correspondence you receive to the Development Control Manager at the earliest opportunity as this will enable proper officer advice to be given in the report and avoid the situation where officers are asked to respond to new information at the meeting itself, leading to deferral or decisions made on partial advice

- **Do** promptly refer to the Development Control Manager any offers made to you of planning gain or constraint of development
- **Do** inform the Monitoring Officer where you feel that you have been exposed to undue or excessive lobbying or approaches
- **Do** note that unless you have a personal and prejudicial interest you will not have fettered your discretion or breached this Planning Code of Good Practice through listening or receiving view points from residents or other interested parties making comments to residents, interested parties, other members or appropriate officers providing they do not consist of or amount to prejudging the issue. Provided that you make clear that you are keeping an open mind, seeking information through appropriate channels or being a vehicle for the expression of opinion or speaking at the meeting as a ward member provided you explain your actions at the start of the meeting or item and make it clear that having expressed the opinion or ward view you have not committed yourself to vote in accordance with those views and you will make up your own mind having heard all of the facts and listened to the debate

6 Ward Interests

A Development Control Committee Member who represents a ward affected by a particular application is in a difficult position particularly if it is a controversial application around which a lot of lobbying takes place. There is a balance to be struck between the duty to be an active ward representative and the overriding duty as a Councillor to the whole local community. In these circumstances

- **Do not** lobby fellow councillors regarding your concerns or views nor attempt to persuade them that they should decide how to vote in advance of the meeting at which any planning decision is to be taken
- **Do not** decide or discuss how to vote on any application at any sort of political group meeting or lobby any other member to do so. Political group meetings should never dictate how Members should vote on a planning issue
- **Do not** become a Member or lead or represent an organisation whose primary purpose is to lobby, to promote or oppose specific planning proposals. If you do you will have fettered your discretion and are likely to have a personal and prejudicial interest and will have to withdraw from any meeting
- **Do** of course join general interest groups which reflect your areas of interest or which concentrate on issues beyond particular planning proposals (such as your local civic society) but make sure that you disclose a personal interest where that organisation has made representations on a particular proposal and make it clear to that organisation and the committee that you have reserved judgement and the independence to make up your own mind on each separate proposal

7 Development Proposals Submitted by Officers or Councillors of the Council (the advice in this section applies to both planning applications and Development Plan Policy matters)

Officers should never act as agents for people pursuing a planning matter with their Authority. Members may in law advocate on behalf of a proposal or act as an agent on behalf of a specific proposal. However, it is likely that you will then have a personal and a prejudicial interest which must be declared in accordance with the Members Code of Conduct and which will debar you from taking part in the decision. Where Members are likely to do this on a regular basis they should not accept membership of the Development Control Committee.

Should any Member or Officer connected with the planning service submit their own proposals to the Authority they should declare the interest to the Monitoring Officer and to the Chief Strategic Planning and Environment Officer at the earliest opportunity and take no part in the processing. Any such proposal/application will be reported to the Development Control Committee **and not** dealt with under delegated powers.

8 The Decision Making Process

A decision on a planning application cannot be made before the committee meeting when all of the relevant information is to hand, any political group meeting prior to a Committee meeting should not be used to decide how Councillors should vote. Accordingly Agenda Briefing meetings and any pre-Committee meetings will solely be for the purpose of enabling an exchange of briefing material between Officers and Members on planning issues of concern in relation to particular applications, and will be open to Members of all political groups. All applications considered by Development Control Committee or by a report on the circulated schedule shall be the subject of written reports and clear recommendations. If the recommendations are contrary to the provisions of the Development Plan the material considerations, which justify this, shall be clearly stated. If in the view of the officer the matter is finely balanced the report will say so. The recommendations put forward by officers and the decisions by members are separate parts of the same process, which should be justified by the report and debate respectively.

The Conduct of the meeting will be in accordance with the Committee Procedure Rules found within the Council's Constitution

- **Do not** put pressure on officers to put forward a particular recommendation (this does not prevent you from asking questions or submitting views to the Development Control Manager which may be incorporated in to any Committee report)
- **Do** recognise that officers are part of a management structure. Only discuss the proposal outside of any arranged meeting with a Chief Officer, or those officers who are authorised by the Chief Officer to deal with the proposal at Member level
- **Do** recognise and respect that Officers involved in the processing and determination of planning matters must act in accordance with the Councils Code of Conduct for Officers and their Professional Code of Conduct. As a result planning officers views, opinions and recommendations will be presented on the

basis of their overriding obligation of professional independence which may on occasions be at odds with the views, opinions or decisions of the Committee or its Members

- **Do** have regard to the Councils Member/Officer Protocol, which governs the working relationships that you have with officers. This is a relationship based on mutual trust and courtesy, and all meetings should be guided by this principle.
- **Do** come to meetings with an open mind and demonstrate that you are open minded
- **Do** ensure that if you have requested a proposal to go before the Committee rather than be determined through officer delegation that your planning reasons are recorded and repeated in the report to the Committee
- **Do** comply with the Section 54a of the Town and Country Planning Act 1990 and make decisions in accordance with the Development Plan unless material considerations indicate otherwise
- **Do** come to your decision only after due consideration of all the information reasonably required upon which to base a decision. If you feel there is insufficient time to digest new information or that there is simply insufficient information before you, request that further information. If necessary defer or refuse
- **Do not** vote or take part in the meeting's discussions on a proposal unless you have been present to hear the debate including the officers introduction to the matter
- **Do** have recorded the reasons for the Committees decision to defer any proposals
- **Do** make sure that if you are proposing, seconding or supporting a decision contrary to officer recommendations or the Development Plan that you clearly identify and understand the planning reasons leading to this conclusion/decision. These reasons must be given prior to the vote and be recorded. Be aware that you may have to justify the resulting decision by giving evidence in the event of any challenge
- **Do not** allow members of the public to communicate with you during the committee's proceedings (or in writing) other than through the scheme for public speaking as this may give the appearance of bias
- **Do** ensure that you comply with the Councils procedures in respect of public speaking

9 Training

Training on planning matters will be made available at convenient times for all Members of the Council, and in particular those serving on the Planning Committee.

Subject to resource availability places will be made available for new Members of the Planning Committee to attend the Annual Planning Summer School (run by the Royal Town Planning Institute "RTPI")

Refresher training for all Members of Planning Committee will be held throughout the year in the form of Briefing Sessions at Planning Policy Committee Meetings.

- **Do** ask the Chair of or the Committee Clerk for the Planning Committee if you have not attended Planning Summer School and you would like to
- **Do** endeavour to attend any training sessions provided since these will be designed to extend your knowledge and thus assist you in carrying out your role properly and effectively

10 Site Visits

Site visits by Committee can be helpful in reaching a decision on issues where site circumstances are clearly fundamental to that decision.

The purpose of a site visit is to enable Committee Members:-

- to view the site of a planning application together with surrounding land;
- to place the application in its physical context;
- to assist the appraisal of constraints and opportunities afforded by the proposed development, and its potential impact on surrounding land;
- to have officers point out material considerations

A consistency of approach is required for site visits to ensure that any site visit undertaken adds to the Planning Process, and also that the interests of the applicant, any objectors and the local community are dealt with equitably

Members are asked to alert officers to impending requests for site visits at the earliest opportunity. This will them to inform the Chairman and consider jointly whether site visits could be arranged in a way which minimises any delay to the processing of the application

When a member makes a request site visit the reason for the request must be stated and will be minuted. The decision on whether to agree a site visit lies with the Committee.

Site visits should only be made where necessary. Consideration should be given to what will the Planning Committee gain from a site visit that is no already evident from the Officer's Report and other supporting information.

Committee members should consider requests critically because they generally cause delay to the process, and are time consuming and costly. Alternative methods of obtaining the information should be considered i.e. digital photography.

When considering a request for a site visit which could lead to the deferment of the determination of the application, the Chairman will require the proposer and seconder of the motion to state the reason for the proposed visit and what the Committee will gain and this shall be recorded in the Minutes.

Whenever a site visit has been agreed by the Committee, it should specify whether the site should be viewed:

- from the public highway or public land only
- from the application site
- from other private land outside the application site

This should be recorded in the Minutes. This will enable officers to make appropriate requests to enter onto private land.

The Head of Development Control (or their representative) will make arrangements for site visits. This will include:

- obtaining the relevant permission to enter private land
- informing Local Members, Petitioners, and anyone who has made observations / representations / comments on the application
- sending a copy of the Site Inspection Protocol to the applicant or owner who has given consent for the site to be entered, the owner of any other land who has agreed that their land may be entered
- arranging for an attendance list to be taken of the visit

On attending a site visit Members should follow the Site Inspections Protocol (attached at Appendix 3)

- **Do** try to attend site visits and ensure that you treat them only as an opportunity to seek information and to observe the site
- **Do** ask the Officers at the site visit questions or seek clarification for them on matters which are relevant to the site inspection
- **Do not** express opinions or views to anyone
- **Do not** hear representations from any parties other than as set out in the Site Inspections Protocol. Make it clear that any representations must focus only on site factors and site issues. Where you are individually approached by an applicant or a third party advise them that they should make their representations in writing to the authority and direct them to or inform the officer present

- **Do not** enter a site which is subject to a proposal other than is part of an official site visit even in response to an invitation as this may give the impression of bias unless:
 - (a) you feel that it is essential for you to visit the site other than through attending the official site visit
 - (b) you have first spoken to the Development Control Manager about your intention to do so and why (which will be recorded on the file) and you can ensure that you will comply with these good practice rules on site visits

11 Sanctions

The purpose of this Code is to provide guidance to Members in relation to the performance of the Councils planning function. The application of and adherence to the Code is intended to build public confidence in the Councils planning system and to produce a strong platform for planning decision-making. The Code does not remove the responsibility of Members to exercise their statutory discretion to determine the merits of individual applications or proposals.

A failure to adhere to the Code gives rise to potential consequences to the Council and individual Members, especially if this results in a pattern of inconsistency. The normal sanction of the democratic process is through the ballot box. Councillors may make a reputation in their community not only for their beliefs but also for their general conduct.

Consistency and fairness are important qualities in the public eye and they are vital to the conduct of the Planning Committee.

Beyond the normal democratic process a number of specific consequences can be identified

- **The Local Government Ombudsman**

Although the Local Government Ombudsman will not investigate the balance of argument in any planning decisions she/he may agree to investigate a planning complaint if it concerns the manner in which a decision was taken. If it is found injustice has been caused by maladministration in the light of statutory or established Council procedures she/he will recommend redress which may take the form of compensation.

Councillors who breach the national Code of Conduct may open themselves up to complaints of misconduct which will be dealt with by the Local Government Ombudsman. The Local Government Ombudsman has extensive powers to investigate a complaint. If a complaint is upheld a formal report can be sent either to the Council's Standards and Ethics Committee or the Adjudication Panel for Wales.

Such complaints may be referred to the Council's Monitoring Officer for investigation and the Standards Committee for determination and remedy.

- **The Adjudication Panel for Wales**

The Adjudication Panel for Wales is an independent body established under Part III of the Local Government Act 2000. The role of the panel is to form tribunals to consider whether Members have breached their authority's statutory Code of Conduct.

The panel will also hear appeals by Members against decisions of the Council's Standards and Ethics Committee.

- **Appeals to the National Assembly for Wales**

An applicant who has been refused planning permission has a right of appeal to the National Assembly for Wales. If an appeal is successful and it is shown that the Council's conduct in dealing with the matter was unreasonable to the appellant costs may be awarded against the Council. All appeals are administered by the Planning Inspectorate.

- **Powers of the National Assembly for Wales**

The National Assembly for Wales possesses a range of powers which could be exercised where a Local Planning Authority appears to make inconsistent decisions or decisions which are seriously in conflict with National and Development Plan Policies. This could involve the greater use of the power to call in applications whereby an application will be determined by the National Assembly following a Public Inquiry. Where permission has already been granted by the Council powers exist to revoke or modify permissions or to require discontinuance of a land use which if exercised would give rise to a liability to compensate on the part of the Council.

- **Judicial Review**

If objectors are convinced that the Council in determining to grant an application did not observe their statutory obligations to carry out all necessary procedures base their decision on the development plan and take in to account all representations they may apply for Judicial Review of the decision which might result in it being quashed. In such circumstances it would be normal for the costs of the applicant to be awarded against the Council.

- **District Auditor**

Each of the above courses of action could result in significant extraordinary costs to the Council. These costs will be closely examined by the District Auditor. Where it appears to an Auditor that a loss has been incurred or a deficiency caused in the Council's accounts by the wilful misconduct of any person she/he is required to certify that the loss or deficiency is due to that person and it may therefore lead to a formal report to Council in accordance with the powers granted to District Auditors under the Local Government Act 2000.
