**Present:** Allensbank Primary School pupils, Rosalie Phillips (SOP), Ceri Tanti (SOP), Jo Phillips (SOP), Ian Warburton (SOP)

*Please note: The following is not a transcript but a contemporaneous note of the meeting*

### **Welcome and Introductions**

Rosalie Phillips (RP) opened the session by explaining to the pupils that Cardiff Council are planning on making some changes to their school and other schools in the area and wanted to seek their opinions on these changes.

Information was provided in the form of a Mentimeter interactive presentation which allowed for pupils to provide their thoughts/views using live polls, word clouds, questions etc.

The presentation covered the following:

- Who SOP are, Why we were talking to them and What is being proposed
- Favourite Season (test question)
- Chocolate (Yes/No) (test question)
- How do you currently travel to school?
- Primary Schools serving the area
- How many English-medium places are there in each year group?
- How many Welsh-medium places are there in each year group?
- Reasons for change
- Option 1
- Thoughts on Option 1

- Do you like Option 2 (yes/no/partly/no opinion)
- Option 3
- Thoughts on Option 3
- Do you like Option 3? (yes/no/partly/no opinion)
- Questions, suggestions or any other comments

### **Summary of thoughts/views expressed**

A group of 20 pupils took part in the session; not all answered every question.

The points raised are set out below:

- Option 1 – 47% said they did not like this compared to 16% who said they did. 21% partly liked it, 16% had no opinion.

- Option 2 – 57% said they did not like this option, 14% said they did, 29% partly liked it.
- Option 3 – 94% said they did not like this option, 6% said they did.

The comments made relating to Option 1 were mixed and included the following:

- Positive - Get to meet more friends, good for Ysgol Mynydd Bychan pupils, easier for the Council to manage one big school, good as it will create more school places.
- Less Positive - Increased travel, not fair for Gladstone and Allensbank pupils to share the space, not necessary as English is a universal language, sad that younger students won't have the same experience as previous Allensbank pupils, might lose friends if classes are mixed with Gladstone pupils.

The comments made relating to Option 2 were generally negative and included the following:

- I do not want to move.
- Less space to play could affect the mental health of Allensbank pupils.
- Why move just to have a Welsh school when Welsh is only spoken in one country.
- Younger pupils won't get to experience the same things.

Option 3 was the least preferred outcome. The comments made relating to this option included:

- The inadequate size of the Ysgol Mynydd Bychan buildings and playground compared to the Allensbank site.
- It was unfair that a smaller number of pupils currently at Ysgol Mynydd would inherit the larger space at Allensbank.
- Whilst they did not like this option, it would be less disruptive to students in the other schools.

I personally don't really like the first option due to the schools moving and all the memories that have been made here and all the past where Allensbank has been here for 100's of years

This is my favourite option because we get to mix with other people. But I don't like the way that ysgol mynych bychan have to move to us if this happens.

bad

I don't like the idea because I live really close to Allensbank ps and I don't want to go a bit far away because I am late sometimes to Allensbank ps.

option 1 is good because we would have more places in primary schools but if the Allensbank and Gladstone classes are mixed we will lose our friends and it won't feel like Allensbank anymore.

it is a good idea

option 1 is a good option because st monicas will go to ysgol myna bychn so st monicas old school will be join up to gladstone and than it will be join together

No. I do not like it because we would have less space to thrive and overall this school is good and I want it to stay as it is.

no because there is no point in moving schools why change schools when you can make a new building and english is a more universal language and welsh is just 1 country !

This option makes sense for ysgol mynyd bychyn but for allensbank and gladstone its not really fair because there would be less space for them and possibly the equipment so it may have to be shared.

I believe that this is the best option as theres room for many mor friends and it would be easier for the council to manage ne big school over two medium sized schools but the bad thing is the cost

option 1 is a good idea because we would have more places for people that need to go school but I am also upset because people that are here under year 4 wont get the same exprience as we did.

in my opinion i would say that its quiet a lot of moving around and might efect some or most of the pupils journey to school and for the of the children that go home on threere own would have to chang

option 1 is good because you can make new friends at this new school. whats not so good is that you might go to this new school with the other kids and your friend from your other school might not.

i dont think it would really be beneficial to everybody there since i think there parents put them in that school because they can drop them off there so it will be good but if they change that there

no way I dont like it because it will be scary without my friends

I really like this idea as it not only allows us to keep those allensbank memmories but it also allows The kids who are staying here for multiple years unlike me to branch out and make new memories

no no no no i do not like it because i do not want to lose my frends

Option 2 we still los ealot of space and we may also have less space to play games so it might directly affect some childrens mental health and if we have to mix classes then we might be separated.

Option 2 I would not like it as much as option 1 because Allensbank got moverd here for a reason

Option 2 is okay but i wouldn't like it that much at all. I wouldn't like it if Allensbank moved because if Allensbank moves the kids in year 3 and younger wouldn't get the same expirence as we did.

it will be ok but the thing is it might be a bit more far for others and the good thing is that allensdbank will be allensbank but i feel a bit bad for the other schools but good for us

then agian with this option it would cause route changes to pupils and we will get mixed up and might get set int different classes. we might not know the teachers and will have to relearn other teac

i hate it i do not want to share a school with gladstone because it might be to tight and i will get sqaushed

Option 2 is not to my liking since I like the memories in these schools that's just my opinion but though I think other places wouldn't like them either and my same opinion as last time

no because why change schools when you can make a new building specifically for a Welsh school and Welsh is only used in one country and English is used all over the world and is more useful!

I wouldn't like Allensbank to move because the kids under year 3 will get affected by this new school building change because they won't get to experience the good things we did

i really like this option because for those of the pupils who go home on their own would probably have to make a minor if not no route change and we would recognise the area

no because why does the Welsh school need to swap with us when they can make a new school for Welsh and Welsh is not that important compared to English because English is universal!

I absolutely despise this idea as why swap Allensbank, a much much bigger school with Ysgol Myyd Bachan, what will they do with all that extra space, and the playground will be smaller

absolutely disgusting even a baby could think better than that

i think it's so sad so  
nooo

I don't like this option because I feel like Allensbank is here for a reason and the children younger than year 3 will not get the same experience. ALLENSBANK STAYS. also just build a school for Welsh

I hate this out of every option because Allensbank is here for a reason of course it will affect a lot of our pupils not just no

This is not a good idea at all. We would drop down maybe 100 spaces and we would move to a very small school. I don't think we should even move from Allensbank since no-one wants to move from here....

NO WAY THIS IS HORRIBLE it has such a small playground and our popularity is 317 but Ysgol Mynu Bughyn is 192

**Record of Pupil Engagement Meeting**  
**Gladstone Primary School**  
**22 June 2023**

**Present:** Gladstone Primary School pupils, Ceri Tanti (SOP), Jo Phillips (SOP), Shirley Karseras (SK)

*Please note: The following is not a transcript but a contemporaneous note of the meeting*

### **Welcome and Introductions**

Jo Phillips opened the sessions by explaining to the pupils that Cardiff Council are planning on making some changes to their school and other schools in the area and wanted to seek their opinions on these changes.

Information was provided in the form of a Mentimeter interactive presentation which allowed for pupils to provide their thoughts/views using live polls, word clouds, questions etc.

The presentation covered the following:

- Who SOP are, Why we were talking to them and What is being proposed
- Favourite Season (test question)
- Chocolate (Yes/No) (test question)
- How do you currently travel to school?
- Primary Schools serving the area
- How many English-medium places are there in each year group?

- Do you like Option 2 (yes/no/partly/no opinion)
- Option 3
- Thoughts on Option 3
- Do you like Option 3? (yes/no/partly/no opinion)
- Questions, suggestions or any other comments

### **Summary of thoughts/views expressed**

Gladstone Primary School pupils were consulted with separately as Year groups 4, 5 and 6, totalling circa 70 pupils; not all answered every question. The summary below is a collective response across these year groups.

- Option 1 – 48% said they liked this compared to 33% who said they did not. 16% partly liked it, 3% had no opinion.

- Option 2 – 47% said they did not like this option, 36% said they did, 10% partly liked it and 7% had no opinion.
- Option 3 – 57% said they liked this option with 31% saying they did not. The remaining 12% were split evenly between having no opinion or partly liking it.

The comments made relating to Option 1 included positive feedback regarding the opportunities to make more friends, whilst less positive feedback included concerns around a name change or just wanting things to stay the same.

The comments relating to Option 2 were similar to Option 1 but included numerous comparative answers such as: I prefer Option 1; I like this better than Option 1.

This group of pupils were quite conflicted about whether Option 1 or Option 2 would be better for their school.

Comments relating to Option 3 were mainly good or bad type statements. However, the overall sentiment was mixed with some feeling that they would not be affected by any changes, which they liked, whilst others felt that this would be unfair.

it is gowing to be a bad

I don't know because I don't really understand so maybe yes

i think option 3 is worser

I think it's is a very good idea

I do not think this is good because my sister is in st monica

I don't like option three cuz I love allensbank and gladstone

good.

I don't understand this option' this teacher did not give a simple explanation

I Think option 3 is bad because we should be able to host as many pupils as possible in bigger schools in Cardiff

I think it a bad idea again because we won't be able to make new friends and learn new things of the other pupils

I think its party good

I think it a bad idea our school should mix because we can make new friends

I think it's not a good idea because we won't have any new people and friends and can't learn what they did

No I think it is better to de alone because we won't be able to make new friends and lean new things

I think it would be a very good idea

Good Idea

i dont like this idea becuase we would get forgeten and ilike that we could have more freinds and have more fun to play with

bad

i think the changes would be good if they combined all the school together

I am ok with it

I think can't we just swap mynych bychan and alensbank around and wouldn't it be fine? Why does are school have to be involved?!

I mean its pretty good but were not mixing names are we? because william gladstone has the right to have the thing to change the name because he thought of this school and hes dead and gladstone owns.

combining the pupils from diffrent schools is very good recomended in my opinion

i like the option 1

I think it is nice to put the school together

I think the mash up would good more pupils more friends more friends more possibilities it is good for us to make the gladbank family.

I think it is nice to put the schools together

I think it would be good for the schools to mix for a new school it would be way bigger and we will have more friends so i think its a good idea

in my opinon i think i would like this but i hope it doesnt mean we have to mix names

I think that the first option is good and you can use the name Allan's-stone. I would like how many new friends I would get if Gladstones population doubled.

I think it is very good idea

**Schools Programme**  
**Record of Pupil Engagement Meeting**  
**St Monica's Church in Wales Primary School**  
**22 June 2023**

**Present:** St Monica's Church in Wales Primary School pupils, Ceri Tanti (SOP), Jo Phillips (SOP), Shirley Karseras (SK)

*Please note: The following is not a transcript but a contemporaneous note of the meeting*

### **Welcome and Introductions**

Shirley Karseras opened the session by explaining to the pupils that Cardiff Council are planning on making some changes to their school and other schools in the area and wanted to seek their opinions on these changes.

Information was provided in the form of a Mentimeter interactive presentation which allowed for pupils to provide their thoughts/views using live polls, word clouds, questions etc.

The presentation covered the following:

- Who SOP are, Why we were talking to them and What is being proposed
- Favourite Season (test question)
- Chocolate (Yes/No) (test question)
- How do you currently travel to school?
- Primary Schools serving the area
- How many English-medium places are there in each year group?
- How many Welsh-medium places are there in each year group?
- Reasons for change
- Option 1
- Thoughts on Option 1
- Do you like Option 1? (yes/no/partly/no opinion)
- Option 2
- Thoughts on Option 2
- Do you like Option 2 (yes/no/partly/no opinion)
- Option 3
- Thoughts on Option 3
- Do you like Option 3? (yes/no/partly/no opinion)
- Questions, suggestions or any other comments

### **Summary of thoughts/views expressed**

A group of 50 pupils from Years 4, 5 and 6 took part in the session; not all answered every question.

The points raised are set out below:

- Option 1 – 62% of pupils liked this option compared to 6% who said they did not; 12% partly liked it, 20% had no opinion.

- Option 2 - 38% said they liked this option, 16% said they did not; 31% partly liked it, 15% had no opinion.
- Option 3 – Over half of the respondents were opposed to this option, with 56% stating they did not like it; only 12% stated they did like it, 20% liked parts of it, 12% had no opinion.

Most comments made relating to Option 1 were positive – I think it is a good idea, I think it would be good to have a bigger playground, more pupils would get to come to St Monica's, we would get a bigger school, would be nice to have a nursery, we would get a better education.

There were other comments that whilst they liked the idea, they would miss their school and they felt some people may have further to travel which would be unfair on them.

The comments for Option 2 were generally less favourable than Option 1 with several respondents stating that Option 1 was better. Lots of comments stated that it was 'ok' rather than good and quite a few responded that they weren't sure. Only 2 of 50 answers stated that Option 2 would be better than Option 1.

Option 3 was not liked by the pupils because they felt it was only fair that everyone should swap, and that St Monica's would not benefit from increased numbers for nursery or a bigger school and playground.

I really want St Monica's but it might take a long way for other people but we will have more playground space

I think it would be best for the schools to have a bigger school and have more places

Moving might be good but this school has stayed liked this for a long time and it has some meanings to the building so for me its not a good idea!!

i think its a good idea so our younger sibilng can go to a good schools nusery but te down-side is that lots of peopol will miss the school how it was at first

We get a bigger school WOW

its good for our school but i don t now about the over school

I think it is a good idea because we would have a nursery and the welsh school would have more space.

i dont know what to think about changing the school because I'll be in high school then

I think that the idea of it is really good but some children in this school for a very long time and having a new school to go to might feel uncomfortable but we would have a bigger playground

I think we should move since we have a bigger waiting list then all of the schools in the area so if we moved to mynad bachan so i think its worth it to move and it would be great for this school.

i think it would be nice because we would ave a nursery and younger children could join

is good because we don't have a nursery here in St. Monica's

i think is good

Sounds superb but i really think that it will take a long way for people to get there and also i want it to be more comfortable for the society and economic grounds it also depends on the students way

i think we should move bc we don't have much space in here bc step 1 are not connected to this big building and that place is probably big to fit all of us

I think we should not move because St. Monica's does not have much money and moving to a bigger school they will send more money

The option does sound good but it would be unfair for some pupils because of the distance. Myndd Bachan is a long way from St. Monica's. But on the good side it is a pretty good option cause of space

i think it would be better to share the school

I love it i really do we get a headteacher 2 heads more staff and also a nursery i am sure the more rooms the more pupils i really respect that opinion and students opinion tooo

I think it would benift all schools so I think it would be good but I think if it affected all schools it would be good for all the schools so I think its a great idea.

it is far from my house and even the first one to but is good for the school it is ok

It's good but Gladstone and Allansbank might not know how to share the space and they might argue over who gets the bigger school. St Monica's will still get a bigger school and playground

I think that's a good option to have Allensbank and Gladstone seperately then they would have different identities, different head and deputy head teachers and different uniform

its ok

i think it is a very good idea .

i thick all those over schools i. don t know if they what to but if they do i agrrey

I think that Stmonicas should move and then have a nursery so i am not sure for this one

No I don't to stay its so cramped and i have claustrophobia and the playground isn't that big

no way becose that they have way more space then us and its not fire

I think option 3 is best and my reason is because we have memories in st monicas.

i like option 1 the most

Its good even if i wont be here because this school wont move and the memories will say the same like in the hall it has a statue of st monica thats where are name came from!

i want gladstone and st monicas to be one school but i dont know for the other schools

No Becuase we have a huge waiting list i think we deserve to move schools and we have a bigger and better school so i think we should move too because we need it and gladstone has empty classrooms.

no

is ok but i think is far from my house

I don't like this option because we St Monicas school needs more space and if we don't move i wouldn't like it and all classes have to be close to each other

i do not like this option because our school would not move and we would not have a nursery so i like option 1 and2

I think it is not good because we need the spec.

I think that is the best possible idea as st Monica's wouldn't have to move from our original building although we would have a smaller playground but it would still be our original school

**Schools Programme  
Record of Pupil Engagement Meeting  
Ysgol Mynydd Bychan  
23 June 2023**

**Present:** Ysgol Mynydd Bychan pupil, Rhian Carbis (SOP), Cai Maxwell (SOP)

*Please note: The following is not a transcript but a contemporaneous note of the meeting*

### **Welcome and Introductions**

Rhian Carbis (RP) opened the session by explaining to the pupils that Cardiff Council are planning on making some changes to their school and other schools in the area and wanted to seek their opinions on these changes.

Information was provided in the form of a Mentimeter interactive presentation which allowed for pupils to provide their thoughts/views using live polls, word clouds, questions etc.

The presentation covered the following:

- Who SOP are, Why we were talking to them and What is being proposed
- Favourite Season (test question)
- Chocolate (Yes/No) (test question)
- How do you currently travel to school?
- Primary Schools serving the area
- How many English-medium places are there in each year group?
- How many Welsh-medium places are there in each year group?
- Reasons for change
- Option 1
- Thoughts on Option 1
- Do you like Option 1? (yes/no/partly/no opinion)
- Option 2
- Thoughts on Option 2
- Do you like Option 2 (yes/no/partly/no opinion)
- Option 3
- Thoughts on Option 3
- Do you like Option 3? (yes/no/partly/no opinion)
- Questions, suggestions or any other comments

### **Summary of thoughts/views expressed**

A group of 20 pupils took part in the session which was held through the medium of Welsh.

The points raised are set out below:

- Option 1 – 35% said they liked this compared to 10% who said they did not like this option, 40% partly liked it, 15% had no opinion.

- Option 2 – 35% said they did not like this option, 20% said they did, 40% partly liked it, 5% had no opinion.
- Option 3 – 95% said they did not like this option, 5% said they did.

The comments made relating to Option 1 were mixed and included the following:

- Positive – It is a great opportunity for more children to receive Welsh-medium education if Ysgol Mynydd Bychan is of a greater size. All schools will have more space which will be fair in terms of Welsh and English places. I think this will help develop the Welsh language in our area as every child will have the opportunity to go to a Welsh language school.
- Less Positive - Increased travel time, we like this building. Ysgol Mynydd Bychan should stay in the same place.

Many pupils didn't have an opinion with regards Option 1 and noted that 'I don't have an opinion'.

The comments made relating to Option 2 were generally mixed, many of the pupils began comparing both Options 1 and 2 and included the following comments:

- Option 2 is a good option for Ysgol Mynydd Bychan but not for the other schools, if we want to be fair then option 1 is better.
- I like this option but perhaps some of the children in the other schools won't like it.
- I hate this option.
- I like this option.
- I like that more children will have the opportunity to speak Welsh.
- Without a shred of doubt, I don't agree with Option 2 because it's too complicated and there's not enough room for all schools.
- Perhaps parents from English speaking schools will like option 2 because the schools will keep the same name and uniform.

Many pupils didn't have an opinion with regards Option 2 and noted that 'I don't have an opinion'.

Option 3 was the least preferred outcome. Many of the pupils began comparing all 3 options.

The comments made relating to this option included:

- Option 3 is not a good idea because the only school that is going to take advantage is our school, which is good for us but not for any other school.
- Without doubt option 3 must be thought about but I think this change will be unfair for Allensbank children as not many children can go to Allensbank.
- I'm contemptuous of this option because Allensbank's playground is the same size as Ysgol Mynydd Bychan's playground and in my opinion that's all that matters.
- In my opinion I think option 3 won't have much impact.
- In my opinion I don't think it's fair for St Monica's because they can't have a nursery
- In my opinion we should have a brand-new building with a big yard and more people to speak Welsh, and a big hall.

Nearly all pupils felt that Option 3 wasn't fair to either Allensbank Primary School or St Monica's Church in Wales Primary School.

## What do you think about Option 1?

I want to stay at ysgol mynydd bychan but I want more reception children but it will take more time to go to the new school

I don't have an opinion

My opinion is good and not good.

In My Opinion option 1 is a great opportunity for children to have more of an option for larger welsh language Schools.

In my opinion moving Ysgol Mynydd Bychan from this site to the Allensbank School site is a good idea because I want more children to learn and speak welsh

In my opinion I like that we have more space in the reception class but on the other hand it can take longer to travel there.

In my opinion I think that mynydd bychan can stay in the same place

The thing that's good about this is that Ysgol Mynydd Bychan can get more children but on the other hand we're going to need to move and Mynydd Bychan gets the play outside bit fof yr. 1, yr.2 and reception class

In my opinion I agree with option 1 because all schools will have more space which will be more fair in terms of welsh and english schools

I am contemptuous of this option because most of the young children who come to school here will need to cross the road to go to school.

I think this will help develop the welsh language in our area as every child will have the opportunity to go welsh language school. But some people might like this building.

Option 1 and 2 are similar but option 1 is better in my opinion.

I like that many more children have the opportunity to speak welsh

In my opinion I like option 2 more than option 1

Without a shred of doubt I don't agree with Option 2 because it's too complicated and there's not enough room for all schools

in my opinion it is good.

On one hand some children want to speak welsh at school on the other hand the school can be bigger

I hate this option.

Without doubt option 2 is a good option for Ysgol Mynydd bychan but not for the other schools and if we want to be fair I think option 1 will be better.

in my opinion i think it is fair

I like this option but perhaps some children in the other schools won't like that

As option 1 we will still get more children but to move our school into another building and leaving this one will not be easy

m

Perhaps parents from English speaking schools will like option 2 because the schools will keep the same name and uniform.

That's not fair for alins bank because they will lose

I don't have an opinion

In my opinion I don't think it's fair for St Monicas because they can't have a nursery

Without a shred of doubt this is the option I hate the most because not all schools improve

On one hand I think it better if we all change schools but on the other hand some children want to stay at the same school

I would think that option 1 and 2 are better than option 3 because children from allensbank will still be able to work in allansbank, without needing to move school

Will be good for us but not for St Monicas

I don't think this option will work because there will be a lack of places at allensbank school.

I'm contemptuous of this option because allensbank's yard is the same size as YMB's yard and in my opinion that's all that matters.

In my opinion we should have a brand new building with a big yard and more people to speak Welsh, and a big hall

I think it's not fair because they lose

In my opinion I think option 3 won't have much impact

Option 3 is good because more children from ymb can start speaking welsh on i think both schools should have the same number of children to be fair

Option 3 is not a good idea because the only school that is going to take advantage is our school, which is good for us but not for any other school.

Option 3 is fine in my opinion but if i was another school and was to move I wouldn't like it because i have been at that school for almost my whole life and i won't like that

In my opinion I think this option is in the worst option

Without doubt option 3 has to be thought about but I think this change will be unfair for Alensbank children as not many children can go to Alensbank.

In my opinion it's not fair that if children want to speak welsh but can't

not sure	Not to move extension anything else	I would like ymb to keep its name
I think option 1 is the best because its fair for all the schools	persuade one of the english schools to be a welsh school	is there another option
option 1 is the best what do you think what are the other schools	not sure	I think that option 1 is the best by far
not sure	keep it as it is is another option not to change extension without church	where the open area is how much yard have we got how big is the school
I think stay here no no	I don't know	option 1 is the best option
no don't know no	I want to stay here	I don't know
extention for ymb		<input type="text"/>
