SPECIALIST TEAMS...based on people not funding Adult team

Team of adult Mentors to support those aged 25 +
Support for **in / out** of work across the city. **Funding** for childcare, transport and bespoke training. Many face multiple barriers to work, have never worked or have not worked for a very long time

Currently 478 adults being supported mentors across the projects

179 families affected by the benefit cap supported

239 adults from mentoring projects supported into work to date

Adult Case Study

Miss A had a history of domestic violence and moved to Cardiff to be closer to family. She was sofa surfing with her young daughter when she attended the Hub for housing advice, the Hub officer sent her to the job club for some help with looking for work. After completing an initial assessment, the into work officer referred Miss A to a **mentoring project** as additional support was required.

Miss A's **low confidence** had been holding her back for a very long time. After 3 engagements she failed to attend. Eventually Miss A contacted the mentor to advise that she had to change her mobile number as her ex-partner got in contact with her.

At this point Miss A really started to build a **rapport** with the mentor and began to trust her. Engagements were more productive. Miss A had experience of working within the retail sector. As well as applying for a number of jobs, Miss A completed a level 2 customer service training course with the Adult Learning team and was given one to one interview skills training. Her application for an **interview with Tesco was successful**.

Prior to the interview, Miss A informed the mentor that she **did not have sufficient clothing for the interview**. She was too nervous to let the mentor know in advance and now she only had a day to get herself ready. The mentor used the **barriers fund** to purchase suitable clothing in time for the interview.

Following the interview, Miss A met with the mentor. She was **excited, full of energy and happy**. She thanked the mentor for everything she had supported her with and the **confidence** that she had given her to even attend an interview. Miss A said that she had been **offered a permanent 16 hour contract with Tesco**.

As well as her **wages** she would be able to claim **Working Tax Credits** and so she would be better off not only financially but was looking forward to a great future with her and her daughter.

SPECIALIST TEAMS...youth team

Team of youth Mentors to support those aged 16-24
Support NEET young people across the city joining up with **Youth Services, Cardiff Commitment and supporting young people living in Hostels.** Funding for training and barriers also available.

There are currently **254** young people being supported by the mentors

Barriers include, substance misuse issues, family breakdown, lack of experience, lack of skills, disengaged / poor experience of school, offending behaviour, peer pressure

Page 11

The team have supported **60 NEETS** into employment to date

Youth Case Study

HH left school with **minimal qualifications**. When he joined the project, he was involved in some **offending behaviour**. HH was an engaging young person who clearly wanted better for himself, so listened to the advice, appreciated the mentoring and gradually removed himself from this.

During the initial work, HH had many **pitfalls** along the way where he struggled to move on. Previously, if HH made bad choices he **didn't have anyone around to talk** through why he made certain choices and he also didn't have anyone he would have to face afterwards who would be disappointed in him.

One incident involved HH being in a stolen car that was crashed and another saw him stabbed at a house party trying to stop someone attacking a girl. These were serious incidents that could have had huge consequences to his life.

He was interested in working in the **construction industry**. He was enrolled on a two week construction course for young people with criminal records. HH thoroughly enjoyed the course and had glowing praise from everyone involved. It did a great job in boosting his confidence. Following the course, the mentor and HH attended a **training open day**. HH was really engaging, spoke really well to the various professionals there and looked genuinely enthused by what they could offer. During the event, he was **offered groundwork** and started the very next day !

HH has been on the apprenticeship **for five weeks** now and it is going well. He is thoroughly enjoying learning all the **new skills** and gaining his various digger licences. He shows great progress in his general outlook and ability to handle new situations in a much calmer and logical manner. HH is extremely grateful for the support he has received and is on his way to a good career.

SPECIALIST TEAMS...Self employment

With **15%** of the labour force in the UK now working for themselves, the new service needed to help those who were looking to set up their own businesses

Self Employment Advisor-providing practical advice

Pop Up Business School in Cardiff May 2018 – **64 people** started their own business

In total **95** people have been supported to start their own business and are still trading !

Page 13

POPUP CARDIFF OVERVIEW

EVENT IMPACT

WHAT IS THE POP UP BUSINESS SCHOOL?

The PopUp Business School is a start-up training course that's the complete opposite of the traditional approach to starting a business. Forget business plans and funding we get people going quickly, testing their ideas to make money doing what they love.

THERE WERE 10 DAYS OF WORKSHOPS INCLUDING:

- How to start a business with NO money
- How to build a website for free
- How to make money from your sofa
- And so many more.

The PopUp was jointly funded by:

Feedback from the Pop Up Business School

“They made the right decision when they agreed to fund this workshop, cuz for many this is a true life changer”

“This is the best course I have ever done and it has changed my life and greatly improved my future prospects”

“Top class tuition, very motivating and captured everyones attention which was impressive considering the huge variety of people who attended. Made it fun to learn and was open and welcoming to all”

“Dear funders, I don't know how I can thank you but I can promise that we gonna use the skills we got to create our own employment opportunities and to develop ourselves, community and the country in general ! “

“This course helped me very much, I achieved new skills that I can use not only in a business scenario but in daily life. I think these could help a lot of other people to find their future, whether that is a new business, project or anything else”

SPECIALIST TEAMS...Employer Engagement

Co locating with Economic Development Team. Linking in with **Community Benefits** and holding **major and local job fairs** events.

In September 2018 the Cardiff Job Fair, in partnership with Job Centre Plus was held at St. David's Hall. It attracted over **1,100 jobseekers** and **40 employers** who were offering thousands of jobs across a wide range of sectors.

To date worked with **189** employers (target of 125 for the year)

Page 15

Case Study

In May, the Officer coordinated an information and registration day on behalf of Celsa UK for their summer apprenticeship intake. The event, which took place at Butetown Youth Pavilion, attracted 15 young people of which two local young people were subsequently accepted into the apprenticeship programme. The Officer created promotional materials and publicised the day, performed pre-vetting of candidates and was present on the day to assist with facilitation.

Celsa UK stated that they were grateful for the service and were impressed with the high quality of candidates present.

The Officer continues to work with Celsa UK, assisting with the creation of a proposed engineering skills academy for Celsa UK employees and learners throughout the city region.

SPECIALIST TEAMS...volunteering

Started in April 2014 with 4 volunteers - November 2018 service has **126** volunteers with varying roles across Hubs and libraries, including specific youth volunteers in Butetown

In total over **24,000** volunteer hours have been given.

62% of volunteers leave volunteering for a positive reason, this is to move into employment or on to education.

32 volunteers now work for Cardiff Council – pathway to work.

Award Winning !!!

Won Wales Council Voluntary Action Award
(digital volunteers in 2017)

Second place in Digital 100 Leaders award
(Digital Inclusion and Skills Initiative of the Year)

SPECIALIST TEAMS...Working together... Adult Learning

93% pass rate for accredited courses

496 learners have enrolled onto Learning for Work programme for term 1

Linking in with Employer Engagement to provide training employees need to meet the skills required by Employers, guaranteed interviews

Page 18

Learning for Work Enrolment Events

Learning for Work courses are funded by the Welsh Government and are designed to support eligible individuals to return to employment, training or further education. The courses are free to eligible individuals. Those eligible to enrol on these courses include:

- Those who are not currently in education, training or employment and are in receipt of state benefits or support (excluding state retirement pension).
- Those aged 50 plus who are not in full-time employment and who are seeking work.

We also welcome enrolments from those with few or no formal qualifications. Referrals from Trust Sector organisations and charities who are supporting individuals back into education are also welcome.

HOW TO ENROL ON A LEARNING FOR WORK COURSE

We will be holding a series of enrolment events across the City. At these events you can find out more about the courses we offer, and complete your enrolment form.

DATABASE

One database that is linked with schools database for a cradle to the grave picture of the people we work with

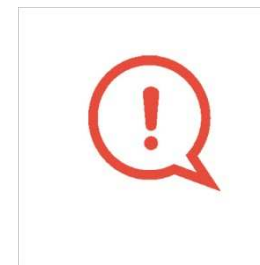

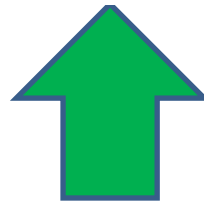

Performance team monitor quality of work and stats

Page 19

Look at new prevent technology so we can intervene earlier to provide the right help and support (before they leave school)

Early Intervention

Targeting help to the most vulnerable using data we hold and going to them!

REACH
A hub for ESOL
in Cardiff

ESOL is now provided by Cardiff and Vale College. All learners assessed through the Hub and put into relevant provision. Work closely with the team

Benefit Cap

141 clients supported into work who are affected by the Benefit Cap since April 2018

34 people in hostel accommodation supported by the service since June 2018

71 young people EOTAS (Educated Other Than at School) obtaining work skills qualifications since April 2018

REFUGEES
WELCOME

150 refugees supported since April 2018 **29** now working

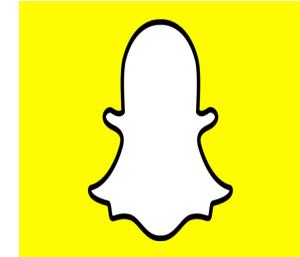

39 homeless young people and those leaving care supported since May 2018 (actively engaged) **5** now working

The Future

- Expansive publicity campaign in January 2019 “New Year, New Job”
- Use of new forms of communication (SnapChat and Instagram)
- Extended funding agreed for refugee project
- Further interrogation of the database to look at more preventative / targeted work
- Bidding for additional funding when eligible

Main Concern

- Various funding issues as funding for projects will be reducing / ceasing in the coming years. (Currently looking at the details of this to fully understand the implications and how we may be able to mitigate this)

Thanks for Listening
