Delivering a Child Friendly Recovery

Children and Young People Scrutiny Committee

11th May

The Capital Ambition: Recovery and Renewal Programme

The Council's approach to adapting to the challenges and opportunities as we emerge from the current phase of the pandemic is based on 10 key principles:

- Child, family, citizen at the centre
- Community/Locality-focussed
- Flexibility
- Partnership
- Prevention over cure
- Digital by Default
- Data and evidence-led
- Service innovation
- Leading an inclusive economic recovery

A Child Friendly Recovery

- Proposals to deliver a programme that will ensure shared responsibility to address the needs of **all** children.
- Aligned to the ambitions to become a Unicef Child Friendly City.
- Identifies the short and medium to longer term actions that will be delivered in partnership as we move forward as a city.
- Actions and workstreams form a universal and targeted response that have been developed through ongoing dialogue and evaluation with schools, children and young people and aligned to the Council's Corporate Plan 2021-23.
