**COUNCIL**

**21 OCTOBER 2021**

**MOTION**

Proposed by: Councillor Joe Carter

Seconded by: Councillor Ashley Wood

The Council notes that:

- Since 2017, Cardiff has seen increasing rates of anti-social behaviour, public order, knife and drug related crimes.
- A recent poll of residents across 15 major UK cities, Cardiff was rated the least safe place to live
- 38% of people said that didn't feel safe at all on the streets at night, while another 31% worry about their safety during the daytime.
- 26% of adults in the poll had witnessed a crime
- In 2020, the most common crimes were anti-social behaviour, followed by violence and sexual assault.
- Interventions to reduce crime, or the fear of crime, are linked to improved health and well-being within communities.

The Council calls on the Cabinet to:

- Expand the number of anti-social behaviour officers working for the council and improve links with the police
- Commission a review of youth provision to engage children and young people in what they need. Youth clubs are recognised as important ways to prevent vulnerable young people from joining gangs and engaging in crime
- Increase the support available to community organisations and sports clubs to expand services in areas of high anti-social behaviour
- To better use planning and design to build out crime through lighting and minimising dangerous locations. All public space projects should include a statement on how the design is expected to impact on criminal activity
- Expand the ARC CCTV network into outer Cardiff wards to tackle crime and anti-social behaviour.

- Work with bus companies to re-establish night buses to reduce the risk of people becoming victims of crime on their way home.
- Expand the neighbourhood watch network, supporting the development of new groups and recruiting volunteers.
- Develop a trusted tradesperson register of qualified trade people working in the city to avoid rogue traders profiting from vulnerable residents.
- Safeguard funding for specialist services for victims of violence to adequately meet anticipated demand during and after the pandemic.
- Work with South Wales Police to commission a review of crime and community safety and learn from other cities.
- Work with the South Wales Police and Crime Commissioner to drive forward harm reduction policy, including the creation of legal drug consumption rooms to take dangerous drugs off our streets.

**COUNCIL**

**21 OCTOBER 2021**

**MOTION**

Proposed by: Councillor Adrian Robson

Seconded by: Councillor Lyn Hudson

This Council notes that:

1. Cardiff's parks and open spaces are a major feature of the city which are a valuable resource and safe space for residents and visitors.
2. Parks are places where individuals and families should feel safe and during the Coronavirus pandemic, many residents enjoyed and appreciated their local park to be able to get outside.
3. There are a number of volunteer groups, including "Friends" groups, who make a valuable contribution and help to enhance our parks. This Council expresses its thanks to them for their hard work.
4. The work of parks rangers is crucial in both enabling work carried out by Friends groups and ensuring that Cardiff parks are safe and well-manged.

This Council also notes that there has sadly been a spate of incidents in parks over the past few months, ranging from serious crimes to low-level anti-social behaviour.

This Council calls on the Cabinet to bring forward a report which includes:

- Increases the funding available for park rangers. More rangers will both assist with making our parks safer and encouraging friends groups to develop.
- A policy on where and when it is appropriate to introduce lighting in parks, and what consultation would be undertaken to identify any paths that need lighting.
- Consideration of whether when serious vandalism occurs in parks the Council should, after seeking advice from the Police, offer a reward for information which leads to arrests.

Such a report should be brought to Cabinet within four months.
