MOTION 1

Proposed by: Councillor Mia Rees

Seconded by: Councillor Mike Jones-Pritchard

This Council notes:

The quality and value of youth workers and youth work supporting young people in Cardiff

That youth workers are valuable role models for young people

The key role youth work has in supporting young people to realise their full potential

That youth centres can be an important part of communities

The hard work and dedication of volunteers who work with young people across Cardiff

The partners that work with the Council to deliver quality youth work in Cardiff

The needs of young people are not limited to one particular arc of Cardiff and whilst deprivation results in increased need, there is need in every ward

The 15 minute neighbourhood concept includes young people, their needs and access to facilities

This Council calls on the Cabinet to:

Make sure that qualified youth workers are able to cover the whole of Cardiff enabling them to reach young people wherever they are and whenever they are needed

Research the co-ordination between youth workers and the police and ensure best practice is in place across the whole of Cardiff in matters involving young people.

To make sure that young people, no matter where in the city they live, have access to youth facilities and can access youth work based support when they need it

Bring a report outlining how support across the city can be improved within 3 months

MOTION 3

Proposed by: Councillor Norma Mackie

National Energy Crisis

This council recognises the unprecedented energy crisis facing many households across Cardiff, Wales and the UK. In the coming months more and more households will see increases of a magnitude never seen before as the energy price cap is removed or energy deals come to an end.

This comes on top of a cost of living crisis created by the Impacts of Brexit and the Covid Pandemic which have already seen an unprecedented squeeze on peoples incomes.

Inflation remains very high which is putting huge pressure on household budgets as earnings have not kept pace with prices, leaving family budgets squeezed and people worse off.

The additional costs of day to day living are already impacting negatively on every household across Cardiff but even more so on families who are living close to the bread line – many of them working families who nevertheless still need to visit food banks and will now be faced with the terrible choice of heating their home or putting food on the table. This is Tory Britain.

As a Council, we will continue to do everything within our power to help mitigate energy costs. This includes

- *the targeted support available to improve the energy efficiency of homes and help those in fuel poverty,*
- *the work of our Money Advice Service in maximising the claiming of eligible benefits, and signposting residents to the available financial support options*
- *and our significant investment in existing Council homes, to make them cheaper to heat and live in.*
- *Our Council Homes building programme, providing ever increasing numbers of low/zero carbon, energy efficient homes for social rent.*

However, the help families need to deal with the cost of living crisis can only be fixed by decisive action by the UK Government
