**COUNCIL**

**17 MARCH 2022**

**NOTICE OF MOTION 1**

Proposed by: Councillor Neil McEvoy

Seconded by: Councillor Keith Parry

The Council asks the Cabinet to consider:

Bringing a report to a future Council outlining the economic and cultural benefits St David's Day bank holiday, including assigning financial and in kind support for all future St David's civilian parades.

Furthermore, the Council calls on the Westminster Government to devolve to Welsh Government the power to create bank holidays for Wales (via the Banking and Financial Dealings Act 1971) – in the same manner as already happens in Scotland and Northern Ireland

## **NOTICE OF MOTION 2**

Proposed by: Councillor Rhys Taylor

Seconded by: Councillor Ashley Wood

### **Action on Building Fire Safety**

This council is deeply concerned that years later, there are still thousands of people living in buildings with potentially dangerous fire safety defects.

This council notes that the Welsh Government's Building Safety Fund and Building Safety Passport Scheme is designed to identify which buildings have fire safety failures and the cost of remediating those.

This council notes with regret that leaseholders are no closer to a solution to the problem and are facing large bills in order to fund remediation work and Waking Watch schemes.

This council believes that no leaseholder should bear the burden of putting right the failures of developers and the building safety system – whether they are landlords or otherwise.

This council calls on the Cabinet to:

- Bring forward a report on establishing a Building Safety Support Hub to provide in-person and online advice and guidance on such issues as: completing funding applications for the different Government funding pots; advice on the EWS1 process and advising leaseholders of their rights.
- Once the outcome of the Building Safety Fund is published, bring forward a report on the cost of providing a council tax exemption for all residents directly impacted by the fire safety crisis.

**Action on Building Fire Safety**

Delete: 'This Council notes that .....Waking and Watch Schemes.  
Insert the following after '....landlords or otherwise':

Welcomes the Welsh Government approach of ensuring that remediation of buildings are undertaken on a holistic basis, meaning that we must go beyond replacement of non-compliant cladding and deal with the range of fire safety issues found in some buildings which may include factors such as inadequate compartmentation and the need for smoke control or fire suppression systems because it only by addressing the full range of fire safety issues in this manner can residents be confident that these buildings are returned to a 'fit for purpose' condition.

Acknowledges and supports the significant bid for funding put forward by the Council to Welsh Government to support the installation of sprinkler systems in all affected buildings in the city to address the immediate fire safety risk and reduce the current additional costs being borne by residents'.

After 'This Council calls on the Cabinet to' insert:

- Write to the UK Government to ensure that a UK wide approach is taken to negotiation and use of funding raised from industry contributions

After 'Bring forward a' delete from 'Building Safety ..... their reports report' and replace that with 'report that outlines the Council's plan to implement and respond to the requirements of the UK Governments Building Safety Bill (BSB) including issuing of all necessary Orders, in liaison with SW Fire and Rescue and all other relevant partners and stakeholders.
