Tudalen 5

Allocation per site per annum

2019/20 - £409

2020/21 - £793

2022/23 - £963

Typical replacement equipment costs in 2022/23

£5,000
plus surfacing

£48,000
Timber unit with
10 year life span
plus surfacing

£15,000
plus surfacing

£102,000
For whole MUGA
unit, including
surfacing

Current issues and pressures

- **Public expectations** – new ‘value’ placed on playgrounds particularly since Covid and expectations exceed resources. We have one of the highest numbers of playgrounds in the UK, twice the number of London per child.
- **Continuing budget constraints** - increasing costs and reduced availability of equipment since Covid, Brexit and the war in Ukraine. This impacts on cost and availability of replacement items, parts, materials and surfacing e.g. some safety surfacing costs increased by 20% since spring 2022
- **Lack of specialist contractors** – consequently increasing competition for those that are in business causing delays and increased costs. Contractors also delivering across neighbouring authorities with similar delivery pressures.
- **Aging equipment** - concerns over viability of existing playground equipment, much of which is currently past end of life.
- **Increasing litigation** - inspection requirements are becoming more rigorous in response to a more aggressive litigation environment. This is being flagged up more and more in annual independent inspections and end of life assessment will become more and more of an issue.
- **Limited capital and S106 resources** – leading to a lack of funding for investment in sites where there is no section 106 monies/capital programme allocation and dependency on revenue budget

Prioritising sites / works

Audit being undertaken by Playground Management team to determine priorities

Updated Name <small>Pink fill shows sites that have deteriorated since July 2017</small>	Urgency	Change since last assessment	Well used or abused?	Manager	Vested in	Ward	End of life (year)	Missing Aug 2022	Notes (August 2022)	Equipment			
										Replace all (yes / no)	Remove playground?	Work required

Playground Programme Section 106 & Capital

- 21/22 Achievements
- 22/23 Objectives
- 22/23 Programme
- Project Process & Timeline
- Section 106 - Ward Analysis
- Issues

2021/22 Achievements

- 17 Completed projects including Play areas, anti motor cycle fencing and path works. (Picture references in papers)
- £2.1 Million financial spend (Previous years have averaged £450k)
- Llandaff Fields voted in top 17 play areas in Wales online survey.
- Outdoor Riding School complete in partnership with Friends group increasing capacity and ability to generate income.

2022/23 Objectives

- Design brief to be more creative using natural resources such as Logs, Boulder, earth mounds and educational features.
- Increase the number of inclusive units for children with additional needs
- Deliver Skate Park Strategy
- Consider ongoing maintenance and revenue strain
- Brighter, fun and challenging (See before and after picture references)
- Full audit and review of condition and need
- Improved Social Media and Comms to promote new schemes
- Longer term master planning and projecting new Sec 106

22/23 Programme

- 22/23 Programme on schedule to spend circa £3.5 Million (An increase of £1.2Million on the 21/22 programme.)
- 30 Schemes projected to complete in 22/23 (17 in 21/22)
- Increase use of local Landscape Architect firms
- Improved Procurement Pipeline
- Improved Ward Member communications

Ward Analysis

- Varied levels of Section 106 availability across the city
- Not always in priority areas
- No Capital growth in 22/23 budget
- Ward Member Expectations managed through communication
- Restrictions on use of Sec 106 across wards due to Planning law.

Issues

- Lack of Capital funding to address Play across the city and in targeted areas
- There is a small team of in house Landscape Architects who carry out project work (design and delivery)
- Retention and Recruitment is a difficulty as the JE Salary Point compares unfavorably with similar posts in other Local Authorities and the Private Sector
- There are no specialist Playground or Landscape construction Frameworks in place to improve procurement process (Now developing through SEWSCAP/SEWTAP)
- Equipment supply and delivery is an issue as competing with other LA`s
- New drainage regulations (SAB) are increasing costs and time significantly
