City Council of the City & County of Cardiff
29 November 2018

126

THE COUNTY COUNCIL OF THE CITY & COUNTY OF CARDIFF

The County Council of the City & County of Cardiff met at County Hall, Cardiff on 29 November 2018 to transact the business set out in the Council summons dated Friday, 23 November 2018.

Present: County Councillor Dianne Rees (Lord Mayor)

County Councillors Ahmed, Asghar Ali, Dilwar Ali, Bale, Berman, Bowden, Bowen-Thomson, Boyle, Bradbury, Bridgeman, Carter, Cowan, Cunnah, Davies, De'Ath, Derbyshire, Driscoll, Ebrahim, Elsmore, Ford, Goddard, Goodway, Gordon, Henshaw, Gavin Hill-John, Hinchey, Howells, Hudson, Jacobsen, Jenkins, Jones, Owen Jones, Joyce, Kelloway, Lancaster, Lay, Lent, Lister, Mackie, McEvoy, McGarry, McKerlich, Merry, Michael, Molik, Naughton, Owen, Parkhill, Jackie Parry, Keith Parry, Patel, Phillips, Robson, Sandrey, Sattar, Simmons, Singh, Stubbs, Taylor, Graham Thomas, Huw Thomas, Lynda Thorne, Walker, Weaver, Wild, Williams, Wong and Wood

93 : ACKNOWLEDGEMENTS

The Lord Mayor thanked the pupils and teachers of Hawthorn Primary School and Emma Coulthard from the Council's Music Service who had been invited to perform a song composed by Emma especially for the launch of the Cardiff Child Friendly City Strategy.

The Lord Mayor also welcomed pupils from the School Council at St Philip Evans Roman Catholic Primary School who were observing part of the meeting and had met with the Lord Mayor and officers from the Protocol office and Democratic Services prior to the meeting.

94 : APOLOGIES FOR ABSENCE

Apologies for Absence had been received from Councillors Burke Davies, Congreve, P Hill-John, Morgan and Murphy.

The Lord Mayor on behalf of the Council sent her best wishes to Councillor Jim Murphy who was currently unwell.

95 : DECLARATIONS OF INTEREST

The following declaration of interest was received in accordance with the Members Code of Conduct: -

Councillor	Item	Interest
Councillor Hudson	Item 11 - Cabinet Member, Social Care. Health & Well-being – Statement.	Personal Interest as a family member is in receipt of Social Care Services.

This document is available in Welsh / Mae'r ddogfen hon ar gael yn Gymraeg

Councillor	Item	Interest
Councillor Hudson	Item 12 – Motion 1	Personal Interest as a non-licensed breeder of less than 5 dogs.
Councillor McEvoy	Item 12 – Motion 1	Personal Interest as a Member of the Welsh Assembly who proposed an amendment on the issue of Lucy’s Law in the recent Assembly debate.
Councillor Naughton	Item 13 – Motion 2	Personal Interest as a family member suffers from Alzheimer.
Councillor Williams	Item 13 – Motion 2	Personal Interest as a member of the Board of Management of Cartref homes.
Councillors Gavin Hill-John, Lay, Patel, Robson, Sandrey, Simmons and Stubbs	Item 16 – Cardiff Bus – Appointment of Independent Non-Executive Directors	Personal Interest as Non-Executive Directors of Cardiff Bus appointed by Council.

96 : MINUTES

The minutes of the meeting of the Council held on 25 October 2018 were approved as a correct record and signed by the Chairperson subject to the following amendments:

Min No: 85 - ANNUAL STATUTORY WELLBEING REPORT 2017-18 Page 104

Delete: “One amendment was received to the recommendation contained in the report and Councillor Berman was invited to propose the amendment which was seconded by Councillor Boyle.” and replace with:

“One amendment was received to the recommendation contained in the report, as follows:

Amended Cabinet proposal to read:

‘In the light of some of the concerns highlighted in the letter from the Policy Review and Performance Scrutiny Committee, the Council is recommended to defer consideration of the Annual Statutory Well-being Report 2017-18 until a future council meeting, and calls on the Cabinet to revise the report in the interim to ensure that the assessments of progress against the well-being objectives which it contains more accurately reflect the extent of reported progress against performance indicators and targets, particularly those relating to the safeguarding of people deemed to be at risk.’

Councillor Berman was invited to propose the amendment which was seconded by Councillor Boyle.”

Min No: 85 - ANNUAL STATUTORY WELLBEING REPORT 2017-18 Page 105

Correction to the recorded vote on the amendment

For (31) County Councillors Asghar Ali, Berman, Boyle, Carter, Cowan, Davies, Driscoll, Ford, Gavin Hill-John, Philippa Hill-John, Howells, Hudson, Jenkins, Jones-Pritchard, Kelloway, Lancaster, McKerlich, Molik, Morgan, Naughton, Owen, Parkhill, Keith Parry, Phillips, Robson, Sandrey, Taylor, Graham Thomas, Walker, Williams and Wood.

Against (37) County Councillors Ahmed, Dilwar Ali, Bowden, Bowen Thomson, Bradbury, Bridgeman, Burke-Davies, Cunnah, De'Ath, Derbyshire, Ebrahim, Elsmore, Goddard, Goodway, Gordon, Henshaw, Hinchey, Jacobsen, Keith Jones, Owen, Lay, Lent, Mackie, McGarry, Merry, Michael, Murphy, Jackie Parry, Patel, Sattar, Singh, Stubbs, Huw Thomas, Thorne, Weaver, Wild and Wong.

Not Present County Councillor McEvoy

97 : PUBLIC QUESTIONS

Public Question 1 – *Mr Troy Tyler*

In accordance with Council Procedure Rule Public 18 (i) the question was deemed as withdrawn as the questioner was absent.

Public Question 2 – *Mr Lee Canning*

Fake News and false claims have largely taken over social media, how is Cardiff Council ensuring 'Fake News' isn't accidentally pushed by its social media feeds?

Reply – *Councillor Huw Thomas*

The Council produces content for its social media channels, which goes through the same checks and balances as all other Council communications.

If anyone does spot anything on our social media accounts, which they believe is offensive or 'fake news', then we would ask them to report it.

Clearly, if any errors are made – and we become aware of those errors – then officers will look to put them right as soon as is practically possible by either deleting or muting the content so that it cannot be seen by our social media followers. What is harder to control is where people repeat 'fake news' about issues pertaining to the

Council, but don't tag us – there's no easy way for us to see or rectify those comments.

If people do make comments on our social media that are untrue, then we will either mute them or, where possible, respond with the correct information. However, it's important to remember that if some people write something that you disagree with, it is not necessarily offensive or 'fake news'.

Supplementary Question– *Mr Lee Canning*

No matter who publicises it, fake news can be quite distressing to some communities - if not all communities throughout Cardiff. Will you condemn the recent comments made by Cardiff Central AM Jenny Rathbone, and what measures will you be taking to ensure that at this stage the Council is not liable and will not propel that ideology, that sense of singling out certain communities; and does the Council at this stage disagree with some of her statements that actually suggest that the Israeli Government is not responsible and is not carrying out a relentless campaign against the Leader of Her Majesty's opposition Jeremy Corbyn?

Reply – *Councillor Huw Thomas*

That has no relevance to Council business, those statements weren't made in any forum relating to the Council.

I understand the Member for Cardiff Central has apologised for her comments and she was right to do so. There is an ongoing investigation so I'm not prepared to comment any further.

Public Question 3 – *Mrs Jodie Randall*

Why have the school buildings at Glan Yr Afon Primary School been allowed to deteriorate to such an extent that the Council justify this as one of the reasons why the school has to close?

Reply – *Councillor Merry*

The reason for the Council consulting to close Glan Yr Afon was to reduce the number of surplus places in schools in the Llanrumney area, not because of the condition of the buildings.

In January 2017, overall surplus capacity in primary school places in Llanrumney was 20%; in May 2018, the surplus capacity in Glan Yr Afon was 48%. This has an impact on the school in terms of their budget and, as the original cabinet report references, the school's ability to carry out maintenance and invest in their buildings.

Where there are any proposed changes to school provision due to surplus places, the Council must also consider the condition and suitability of buildings, quality and standards, and the effect of any changes on all stakeholders.

The Consultation Document for the proposed reorganisation set out that Glan Yr Afon Primary School has the same condition rating as Pen Y Bryn, Bryn Hafod, St Mellons Church in Wales Primary School and Ysgol Bro Eirwg.

The consultation period ended on 22nd October and, inevitably, parents have expressed their worries and concerns about any proposed changes to their child's school as part of this process. I totally understand those concerns and all I can state at the moment is that the responses, and how to proceed in light of the responses received, will be considered very carefully by the Cabinet at its meeting next month.

Supplementary Question– *Mrs Jodie Randall*

The Education Department states that Glan Yr Afon should close because of the fabric of the school building is in such a poor state and it is not worth putting the cost into maintaining it and get the school back up to standard.

After speaking to our local Councillors we have realised that out of the 5 schools in our area Glan yr Afon Primary School is also classed as being the same rating as four of the other schools.

Will the Council accept that there has been no investment in our school or the fabric of the school?

Reply – *Councillor Merry*

The school building for Glan Yr Afon is condition C it's not one of the worst school buildings but there is an issue in terms of the School Budget, they have less money to put repairs in and that probably will decline.

The reason for the proposal to close is based on the number of surplus places overall, all the schools in the area are condition C but Glan Yr Afon is the one with the largest surplus places, so what we now have to do is look at the responses that parents have made, we need to think is the original comment about number of vacant places – is that shown to be correct or not by responses to the consultation, but the other challenge we have to do even if we accept there is still surplus places, how do we come up with the best solution to resolve the situation.

There are two things we need to consider very carefully in light of the responses, the only reassurance I can give you is that we do give these things a great deal of thought and we will be weighing it very very carefully.

Public Question 4 – *Mr Lee Jones*

Why should children at Glan Yr Afon, an English Medium Primary School be sent to a Roman Catholic Primary School instead?

Reply – *Councillor Merry*

As I outlined in reply to the previous Public Question, the recent consultation regarding primary places in the Llanrumney area proposed the reduction of English-

This document is available in Welsh / Mae'r ddogfen hon ar gael yn Gymraeg

medium community places to be achieved through the closure of Glan Yr Afon Primary School from the end of August 2019.

As a parent myself, I recognise that any proposed changes to your child's or children's school is worrying, but I would emphasise that no decisions have yet been taken in respect of closing the school. The consultation process was an opportunity for the Council to explain the proposal and to seek the views of all stakeholders who may be affected by it.

The Cabinet will meet on 13th December to consider all responses, and any alternative options suggested, when it will decide whether or not to proceed with the proposed changes.

The Council is not instructing parents to send their children to any specific school, nor would it do so, but for some parents this may be their preferred option.

If Glan Yr Afon Primary School were to close, all children could be placed in community primary schools within walking distance, if that is the parental preference.

Supplementary Question– *Mr Lee Jones*

The Education department's consultation was entitled English Medium Primary School places in the Llanrumney area. Our children who attend Glan Yr Afon want to attend an English Language Primary School as opposed to a Faith or Welsh Language Medium School. It is our children's right to be taught through the medium of English in Cardiff in their community as has been the case since the school was opened when the estate was built over five decades ago.

Why then are the Council saying that their answer to closing an English Medium School is for our children to attend a Roman Catholic Faith Primary School leaving with the School Governing Body agreeing, otherwise our children would be scattered across primary schools across the east of the City.

Will the Council give the children of Glan Yr Afon primary school who want to learn through the medium of English in Llanrumney a chance and if the Council will not make this commitment, will the Council commit to reopening the consultation under the new Welsh Governments School Organisational Code that came into force days after our consultation ended?. This places a duty on Local Authority's now to explain why closure is the most appropriate course of action.

Reply – *Councillor Merry*

As I said I do appreciate the concerns of the parents. There is no suggestion that anybody who does not wish to, should send their children to a Catholic School. There is a consultation separate to this that St Cadoc's is running because it is believed that may be an option that parents prefer. Nearly half the children at St Cadoc's are actually not Catholic as it is so it is clearly a choice that many parents in the area are making, but there is no suggestion whatsoever that any parent should make that choice if that isn't what they wish.

98 : PETITIONS

The following petitions were received:

Councillor	No of signatures	Topic
Councillor Berman	40 plus as not complete	Calling on the Council to incorporate a transport solution into the proposed housing development of the former Howardian Adult Learning Centre site to avoid the need for parents dropping off or collecting their children from Howardian Primary School to undertake three-point turns.
Councillor Jacobsen	500	Expressing residents concern with the plan to remove the Maelfa Cross Bridge and replace with two road crossings which they believe will adversely affect Elderly and disabled residents accessing the new shopping centre
Councillor Gordon	73	Calling on the council to urgently consider gating of the back lane that runs parallel with Teilo Street, Riverside.
Councillor Ahmed	492	Calling on the Council to allow the use of privacy glass in both Cardiff registered Hackney and Private Hire Vehicles.
Councillor Bale	536	Calling on the Council to erect 20mph signs to slow vehicles down outside Coed Glas Primary School, Llanishen.

99 : LORD MAYOR'S ANNOUNCEMENTS

The Lord Mayor on behalf of Elected Members of Cardiff Council expressed her sincere condolences to the Rev Canon Stewart Lisk whose mother sadly passed away on 23 November 2018. She advised that she had written to Stewart and his family on behalf of the Council. The funeral was to be held on Monday 10 December at 12.15pm in the Knave at Llandaff Cathedral.

The Lord Mayor welcomed the Chair of the Standards and Ethics Committee, Mr Richard Tebboth to the meeting to present the Committee's Annual Report 2017/18.

A report setting out the details of duties and events undertaken by the Lord Mayor had been published. The Lord Mayor was delighted to report that her Charity Fundraising for the Noah's Ark Tiny Lives Appeal had reached £51,800. The Lord Mayor thanked all who had supported the events or pledged donations over the last month.

The Lord Mayor encouraged Members and residents if they could to take part in the Noah's Ark Big Give Christmas Challenge where every pound donated will become

two pounds. Donations could be made on line before 12.00noon on Tuesday 4 December 2018.

100 : STANDARDS & ETHICS COMMITTEE ANNUAL REPORT 2017-18

The Chair of Standards & Ethics Committee, Mr Richard Tebboth presented the Committee's [Annual Report for 2017/18](#). The Chair was pleased to welcome three new County Council Members and the return of an Independent Member Hollie Edwards Davies who had agreed to come back following the sudden and sad death of Thora Lewis shortly after taking up her office. The Chair also thanked the lead Council officers for their support and guidance.

The Chair was pleased to present the annual report which a marked improvement in conduct. The Committee however recognised that there was no room for complacency and that some Members had expressed concerns around bullying and unacceptable behaviours.

The Committee had continued its monitoring of Council Policies specifically relating to Standards and Ethics such as Whistleblowing and Gifts and Hospitality and had identified key priorities for the year ahead.

The Lord Mayor invited questions and observations from Members during which the following matters were raised:

- concerns that Members are still expressing concerns about discriminatory behaviour and bullying.
- the support of the Committee that these issues could best be tackled through education and the sharing of experiences was welcomed
- it was queried as to why the All Party Women's Group had been asked to look at discriminatory behaviour and bullying, as it could be a matter for any Councillor.
- An update on the current arrangements for the disclosure of Senior Officer Gifts and Hospitality which had been programme.
- a request that the Committee look at Councillors use of Social Media as a public engagement tool to publicise information within their communities about Council Services and Information how links to individual Facebook and twitter feeds for Councillors can be presented on website and business cards.

The Chair responded to the questions received and undertook to liaise with officers and consider how matters could be taken forward. The Chair asked that if there were specific matters around the topics raised that the Member felt needed to be considered then they could contact him directly. The Chair confirmed that Party Leaders and Whips had agreed to include the Independent Member/s in future informal meetings with the Committee.

The Lord Mayor thanked the Chair of Standards & Ethics for his report and responding to the Elected Members.

RESOLVED – That the report be noted.

101 : TRIENNIAL STATEMENT OF GAMBLING POLICY

The Chair of Licensing Committee, Councillor Norma Mackie presented the Council's Statement of Gambling Licensing Policy for approval by Council following the triennial review. She advised that there were no major changes to the policy, however as part of the review consideration had been given to the consultation responses; legislative requirements including the principles of the Wellbeing and Future Generations (Wales) Act 2015; guidance on Gaming Machines and permitted machines; explanation in respect of unlicensed family entertainment centres; small society lottery; codes of practice and social responsibilities.

The proposal was seconded by Councillor Michael.

There was no further debate on this item.

RESOLVED – That

1. the Statement of Gambling Licensing Policy was approved for publication on 31st January 2019 and adopted for use on that date;
2. the Head of Shared Regulatory Services be authorised to make administrative amendments to the policy should the need arise.

102 : COUNCIL TAX UNOCCUPIED DISCOUNTS & PREMIUMS

The Cabinet Member for Finance, Modernisation and Performance, Councillor Weaver, presented the Cabinet proposal to Council for the disapplication of the 50% discount for unoccupied and unfurnished dwellings and the discretionary powers available to the Local Authority in relation to applying the Council Tax Premium which would be subject to consultation.

The Cabinet Member set out the main principles of the proposal, and assured Council on the process in relation to exemptions in place for families who have to deal with properties left to them after the death. The proposal aimed to prevent long-term empty properties in communities which were a blight on communities and became targets of littering, fly-tipping and vandalism

The Cabinet Member, Housing and Communities seconded the proposal and drew attention to

- the need to bring properties back into use to provide safe, secure and affordable homes.
- reduce the current demand of over 8000 persons on the housing waiting list.
- provide housing in areas of high demand such as Adamsdown, Canton and Grangetown.
- provision accommodation opportunities for the homeless.
- the Council was itself reaching its target in getting its own properties back into used.

The Lord Mayor invited debate and there was general support to the proposal and positive encouragement for people to give up properties that are not being used or are in a state of disrepair.

Some concerns about the Council's own void properties and the challenges in this area were raised. It was unclear how many properties and income would be generated however the Cabinet Member advised that there was a level of uncertainty and the information in the report was prudent.

The consultation process was welcomed on the premium tax, however concerns were raised about the importance of managing property in the city and the impact of such a levy on some properties in the city that are empty over 12 months.

The Cabinet Member in response to the issue raised about Council Tax contributions indicated that Council Tax was only part of the funding allocated to services utilised by citizens across Cardiff.

The Cabinet Member welcomed the cross party support and underlined the importance of providing safe, suitable and affordable housing.

RESOLVED – That the Council agreed that the 50% council tax discount that is currently granted to unoccupied and unfurnished dwellings be discontinued with effect from 31st March 2019. This means that from 1st April 2019 there will be no discount awarded to these dwellings.

103 : TREASURY MANAGEMENT MID - YEAR REPORT 2018- 19

The Cabinet Member for Finance, Modernisation and Performance, Councillor Weaver, presented the mid-year report on treasury Management activities since 1 April 2018 and the position as at 30 September 2018.

The Council's treasury management activities are undertaken in accordance with the policies adopted by Council and under professional codes of conduct established by CIPFA, the Welsh Government and the Corporate Director Resources as part of Treasury Management Practices. The mid-year report is part of a suite of reports that Elected Members receive on the Council's treasury management activities during the course of a year.

The Cabinet Member advised that the report provides an update as at 30 September 2018 and covers:-

- the economic background to treasury activities
- investments
- borrowing
- debt rescheduling
- compliance with treasury limits and prudential indicators
- Treasury strategy, accounting and Treasury Management Code update for remainder of year

Councillor Bowen -Thomson seconded the report.

The Lord Mayor invited debate and the following matters were raised:-

- the current level of borrowing and debt and the increasing level of maturity
- the cost of borrowing and likely increases in the Public Loans Board rates of interest
- the effect on revenue budget of the cost £32.2 m on interest
- the importance of benchmarking with 21 other Local Authorities to see how Cardiff stands in levels of reserves and debts.

The Cabinet Member recognised the issues raised which would be considered and debated further as part of the 2019/ 20 budget debate and the future budget strategy. It was a question of balancing investment and the impact on the revenue budget and services. He advised that reserves had increased in the last few year and any further increases would need to be balanced against the provision of services and workforce requirements, and investment in services.

RESOLVED – That the Treasury Management Mid-Year Report 2018-19 be noted.

104 : LEADER AND CABINET MEMBER STATEMENTS

The following statements were received: -

1. [The Leader's Statement](#)

The Leader responded to questions raised on

- Fair funding for Local Authorities and representations to Welsh Government in respect of Cardiff's unique position
- Cardiff Public Services Board
- Cardiff Creative Sector and the Channel 4 Bid and whether the transport infrastructure to Cardiff I particular the Brynglas Tunnels affected the decision to award the bid to Bristol.

2. [Cabinet Member, Finance, Modernisation and Performance Statement](#)

The Cabinet Member responded to questions on

- Budget Consultation 2019/20 process and the need raised by Scrutiny Committees previously of the need to better engage with citizens in the south and the east of the city and hard to reach groups.
- A strategy for consulting young people as part of the city's aim as a Child Friendly City, including if possible children and young people in care.
- With the proposed increase in funding over the next 3 years whether it was proposed to still increase Council Tax by over 4%.
- The Wales Interpretation and Translation Service (WITS)
- The Cardiff Commitment website and involvement of small businesses.
- Welcome in increase in digital reporting and whether there had been an increase in reporting of such matters as Fly-tipping
- Asbestos Management – removal and replacement

3. [Cabinet Member, Housing & Communities Statement](#)

The Cabinet Member responded to questions on:

- Work of the Multi-Agency team for Homelessness and Rough Sleepers and measures in place to cope with a greater increase over the next year particularly over the winter period.
- Query around the alleged removal of tents by Council staff
- The work being undertaken on Private Sector High Rise Cladding
- The success of the Veterans Event at the Central Hub
- Query on the roll out of Wellbeing hubs in other wards such as Rhiwbina

4. [Cabinet Member, Clean Streets, Recycling & Environment Statement](#)

The Cabinet Member responded questions on

- Glass Recycling Pilot and whether it had been successful and will be rolled out to other wards
- A design fault with the Glass caddies
- Central Transport Services Workshop and income generation
- Efforts being made to publicise Cardiff Dogs home who had won a Gold Award in the Stray Dogs category and Silver Award for Animal Activity Licensing in the recent RSPCA Cymru Community Animal Welfare Footprints Awards.

5. [Cabinet Member, Children & Families Statement](#)

The Cabinet Member responded to questions on

- Welsh Government Childcare offer and whether this would be expanded to other parts of the city.
- Feedback from the Staff engagement sessions
- Provision of Corporate Parenting Training for Elected Members

6. [Cabinet Member, Social Care, Health & Well-being Statement](#)

The Cabinet Member responded questions on

- Healthier Wales and action being taken on an Obesity Strategy
- Cardiff and Vale Regional Partnership funding for transparency in how the fund is used the impact the project has in addressing mental health and wellbeing agenda including loneliness, meeting dementia needs and ensuring leisure and housing are also met.
- The timeframe for Cardiff to achieve Dementia Friendly City status.
- Get Me Home pilot was welcomed and working towards getting patients home to safe and supported environment.

7. [Cabinet Member, Strategic Planning & Transport Statement](#)

The Cabinet Member responded questions on

- Air Quality and heavy goods vehicles around schools and play areas.
- Efforts to change the modal split in particular as part of the new development across Cardiff but in particular in the north west (Plasdŵr) and north east of the city.
- The Nextbike scheme and arrangements to collect abandoned cycles.

- The financial viability of the Nextbike scheme.

8. [Cabinet Member, Investment & Development Statement](#)

The Cabinet Member responded to questions on

- The renovation of the Cardiff Bay Station building
- Progress on the Cardiff Bus Station development – this was a matter for the Cabinet Member for Transport and planning
- The availability of office space and tension with the development of sites for student accommodation. The Cabinet Member advised that the demand was for high quality office accommodation and that there was a need to upgrade lower graded accommodation so that we had a range of options for businesses wanting to relocate to Cardiff. The Cabinet Member was not aware of any tension between the requirements for the different range of accommodation need in Cardiff.

9. [Cabinet Member, Culture & Leisure Statement](#)

The Cabinet Member responded to questions on

- Welcomed the participation of the Council in National Tree week.
- Tree planting advice for residents to be available on the website.
- ONS 30% of greenery available in the street scene
- Thanks to staff for the provisioning and supporting getting a Christmas Tree for the Fairwater Ward.

10. [The Deputy Leader and Cabinet Member Education, Employment and Skills Statement](#)

The Cabinet Member responded to questions on

- Welcome the Council's steps in becoming a UNCR Child Friendly through the launch of the Cardiff Child Friendly City Strategy and its 17 goals, and the importance of the work being undertaken across Council with UNICEF. It was important however not to exclude children and young people including disabled children who required assisted transport to enable them to fulfil their learning needs and desires.
- Congratulated Radyr Comprehensive School for its performance in public examination and its achievements resulting in it being named the best Comprehensive school in Wales.

105 : MOTION 1

The Lord Mayor advised that the notice of motion proposed by Councillor Dilwar Ali and seconded by Councillor Mackie had been received for consideration and was included on the Summons for the meeting. One amendment had been received.

The Lord Mayor invited Councillor Dilwar Ali to propose the motion as follows:

This document is available in Welsh / Mae'r ddogfen hon ar gael yn Gymraeg

Cardiff is known to be a dog loving city and many of our residents pay large sums of money for the puppy of their choice, sometimes thousands of pounds. This love of dogs is being abused by illegal puppy farm owners who keep breeding dogs in very poor conditions and continually breed them. They also produce puppies who in poor health, that are taken from their mothers too early, often causing them to have problems socialising. They cost their new owners large sums in vet's bills that often still end in the pup dying or being unmanageable. Lucy was one of these breeding dogs who was rescued from a puppy farm and Lucy's Law is a campaign to ban the third-party sales of pups to help stop this.

Cardiff Dogs Home, a service run by Cardiff Council, is having to take in some of these pups to try and rehome them. We know that areas in West Wales have an increasing number of illegal puppy farms using third parties to sell the pups and that pups are sold in Cardiff.

The UK Government have agreed to ban third party sales of puppies in England and three Assembly Members are asking the Welsh Government to follow suit as without Lucy's Law illegal puppy farm breeding dogs and their puppies in Wales will continue to languish behind closed doors, suffering at the hands of people who put profit before animal welfare.

This Council calls for the Leader of Cardiff Council to write to the Welsh Government, supporting the call for urgent action to ban the third-party sales of puppies.

The motion was formally seconded by Councillor Mackie.

Amendment 1

The Lord Mayor invited Councillor Tim Davies to propose the amendment received in accordance with CPR (r) as follows:

Paragraph 3 - After "...suffering at the hands of people who put profit before animal welfare" add new sentence.

Cardiff Council will continue to recognise that it is important to address the wider problem of cruelty to all animals

The amendment was formally seconded by Councillor Hudson.

The Lord Mayor invited debate on the motion and the amendment.

At the end of the debate Councillor Dilwar Ali confirmed that he did not accept the amendment. The Lord Mayor invited Councillor Dilwar Ali to respond to matters raised during the debate before the votes were taken.

The Vote on the Amendment as proposed by Councillor Tim Davies was **LOST**.

The Vote on the Original Motion as proposed by Councillor Dilwar Ali was **CARRIED** unanimously as follows:

Cardiff is known to be a dog loving city and many of our residents pay large sums of money for the puppy of their choice, sometimes thousands of pounds. This love of dogs is being abused by illegal puppy farm owners who keep breeding dogs in very poor conditions and continually breed them. They also produce puppies who in poor health, that are taken from their mothers too early, often causing them to have problems socialising. They cost their new owners large sums in vet's bills that often still end in the pup dying or being unmanageable. Lucy was one of these breeding dogs who was rescued from a puppy farm and Lucy's Law is a campaign to ban the third-party sales of pups to help stop this.

Cardiff Dogs Home, a service run by Cardiff Council, is having to take in some of these pups to try and rehome them. We know that areas in West Wales have an increasing number of illegal puppy farms using third parties to sell the pups and that pups are sold in Cardiff.

The UK Government have agreed to ban third party sales of puppies in England and three Assembly Members are asking the Welsh Government to follow suit as without Lucy's Law illegal puppy farm breeding dogs and their puppies in Wales will continue to languish behind closed doors, suffering at the hands of people who put profit before animal welfare.

This Council calls for the Leader of Cardiff Council to write to the Welsh Government, supporting the call for urgent action to ban the third-party sales of puppies.

106 : MOTION 2

The Lord Mayor advised that the notice of motion proposed by Councillor Dilwar Ali and seconded by Councillor Mackie had been received for consideration and was included on the Summons for the meeting. One amendment had been received.

The Lord Mayor invited Councillor Hudson to propose the motion as follows:

This Council is committed to supporting citizens and families who live with dementia and to making Cardiff a recognized dementia friendly city, a place where people affected by dementia can continue to prosper and enjoy life safe in the knowledge that the wider community is understanding and supportive of their needs.

This Council notes that

- Familiarity of location and care is considered essential for many people who are suffering from dementia and a local day centre helps prevent citizens from becoming geographically disorientated.
- A day centre with dementia services raises awareness of the issue in the local community.
- The current Council funded day centres are logistically situated in the east and west of the city. There are no direct bus routes from the most northern wards of Cardiff to the current day centres and direct VEST community transport can take up to an hour in heavy traffic. The current

This document is available in Welsh / Mae'r ddogfen hon ar gael yn Gymraeg

day centres, whilst excellent in themselves, do not have the capacity to adequately provide for the needs of all older residents across Cardiff.

This Council calls on the Cabinet to establish a stand-alone Council funded day centre which offers dementia services in the north of the City of Cardiff, where the concentration of older citizens is at its highest, by the end of this Council's term of office in 2022 and draw up a timetable for the accreditation of Cardiff as a Dementia Friendly City.

The motion was formally seconded by Councillor Owen.

Amendment 1

The Lord Mayor invited Councillor Carter to propose the amendment received in accordance with CPR (r) as follows:

Delete the final paragraph and replace with the following:

This Council calls on the Cabinet to:

- *Work with the Cardiff and Vale University Health Board and the Alzheimer's Society to map the needs of people living with dementia across Cardiff and establish where additional services are needed, in particular in the North of Cardiff.*
- *Protect and expand the services available in the two council-run day centres and the Alzheimer's Society service at Oldwell Court.*
- *Draw up a timetable for the accreditation of Cardiff as a Dementia Friendly City.*

The motion was formally seconded by Councillor Howells.

The Lord Mayor invited debate on the motion and the amendment.

At the end of the debate Councillor Hudson confirmed that she did not accept the amendment. The Lord Mayor invited Councillor Hudson to respond to matters raised during the debate before the votes were taken.

The Vote on the Amendment as proposed by Councillor Carter was **CARRIED**.

The Lord Mayor invited Councillor Carter to give the right of reply on the Substantive Motion. Councillor Carter thanked fellow Councillors for their very moving contributions in particular those from Councillors Stubbs, Cowan, Molik and Howells; and thanked the Cabinet Members, Councillors Thorne and Elsmore for their positive contributions to the debate.

The Vote on the Substantive Motion as proposed by Councillor Carter. The motion was **CARRIED** as follows:

This Council is committed to supporting citizens and families who live with dementia and to making Cardiff a recognized dementia friendly city, a place where people affected by dementia can continue to prosper and enjoy life safe in the knowledge that the wider community is understanding and supportive of their needs.

This Council notes that

- Familiarity of location and care is considered essential for many people who are suffering from dementia and a local day centre helps prevent citizens from becoming geographically disorientated.
- A day centre with dementia services raises awareness of the issue in the local community.
- The current Council funded day centres are logistically situated in the east and west of the city. There are no direct bus routes from the most northern wards of Cardiff to the current day centres and direct VEST community transport can take up to an hour in heavy traffic. The current day centres, whilst excellent in themselves, do not have the capacity to adequately provide for the needs of all older residents across Cardiff.

This Council calls on the Cabinet to:

- Work with the Cardiff and Vale University Health Board and the Alzheimer's Society to map the needs of people living with dementia across Cardiff and establish where additional services are needed, in particular in the North of Cardiff.
- Protect and expand the services available in the two council-run day centres and the Alzheimer's Society service at Oldwell Court.
- Draw up a timetable for the accreditation of Cardiff as a Dementia Friendly City.

107 : ORAL QUESTIONS

Point of Order - *from Councillor McKerlich* in relation to a submitted Written Question which he felt had been rejected as the answer referred the Member to a response to a subsequent Oral Question that had been submitted.

The Monitoring Officer clarified the rules in relation to the rejection of questions and duplication of questions and advised that a response had been given to both the Written and Oral questions in accordance with the current rules.

Question – *Councillor McKerlich*

There is outline planning permission for the first of 4 primary schools on the Plasdwr development but, as yet, no detailed planning permission. Can you outline the

necessary steps to ensure that this school will admit pupils in September 2020 and confirm that these steps will be taken in time to achieve this?

Reply – *Councillor Merry*

I will reply in writing as well via email and I'm also very happy to meet with you to discuss the issue with Officers. As I advised Council in September, the Council expects to bring forward proposals for new school provision in the North West of Cardiff and to consult widely on these proposals with stakeholders, including local members, early in 2019.

No commitment has been made to establish the school to serve the Plasdŵr pupils by September 2020.

The Council must comply with the statutory processes set out in the School Organisation Code when establishing new school provision.

The Cabinet will consider a report on new school provision for Plasdŵr prior to consultation and must then consider the outcome of that consultation in order to formally declare its intention to establish a school. A later meeting of the Cabinet would be required to determine the proposal.

I would expect the developers to submit a planning application to build the school in 2019, and for a build programme of 12-14 months, meaning that the school would be ready in summer 2021. The timing of new school provision is extremely important, the phasing of new school provision is carefully planned to avoid destabilising existing schools in closest proximity to the sites. As 30 - 60 additional places of entry to school is a significant risk to the existing schools, as of 21st November 2018, there were 58 houses occupied and 27 pupils in total across all school age groups on the first phases of the development. There are 6 pupils resident who are due to enter reception year in September 2019. Local Members will be consulted on the proposals and the planned establishment date in 2019, I will send you the rest of my reply by email.

Supplementary Question – *Councillor McKerlich*

In teaching and learning, the emphasis nowadays is on outcome rather than process, so when will you manage to get across to Officers that when it comes to building a new school the outcome is just as important as process. In this particular case, they have not even started consultation 2 years after it was agreed in principle. The principle developer on the site has been expecting to be told for quite some time when he could move towards applying for detailed planning permission.

I note that your view based on the officer's advice is that only 6 children will be involved and I hope that my fellow Councillors in Llandaff, Creigiau, Fairwater and Pentyrch, and all wards will be touched by this. For the last 5 years I personally have been involved in endless arguments about children trying to get into schools because of a shortage of school places. I will be astonished if my ward plus the other 4 wards doesn't come to more than 6 children in 1 years' time.

Reply – *Councillor Merry*

This document is available in Welsh / Mae'r ddogfen hon ar gael yn Gymraeg

I think the Officers were very clear what they thought the outcome would be of adding 30-60 additional school places at a time where there are only 6 additional pupils expected on the roll in the next academic year and they have also informed me that Radyr Primary, Bryn Derw, Danescourt, Peter Lea, Ysgol Coed Y Gof and Gwaelod Y Garth were all able to admit all catchment pupils and pupils from outside their catchment area last time around.

The outcome of putting in school places too early isn't going to give parents a better chance of education it will destabilise existing schools and possibly leave them with the financial legacy that can last for years if they then incurred a deficit.

Question – *Councillor Berman*

Because Howardian Primary is accessed by cul-de-sacs on either side of the school site, this means parents dropping off their children at the start of the school day, or collecting them at the end of the school day, have to undertake three-point-turns and this leads to a degree of traffic chaos in those surrounding streets with potentially dangerous manoeuvres having to be undertaken. With the council and its developer partners, Wates Residential, now taking forward plans for a housing development on the adjacent site of the former Howardian Centre, will the council please look again at the idea of incorporating into this new development a transport solution which could avoid the need for three-point turns to be undertaken by parents when dropping off or picking up their children?

Reply – *Councillor Wild*

We are aware of issues around that school and are implementing all sorts of local measures and numerous transport solutions but we are keen to hear which of the transport solutions you would like to take forward and I can respond on that.

Supplementary Question – *Councillor Berman*

I think it's easily solvable, the problem is that parents come in to drop their children off they have to come in by a Cul-de-Sac by the side of the school and therefore they somehow have to turn around to get out of that cul-de-sac again which inevitably means they are doing 3 point turns, that can be dangerous there could be children trying to walk to school going through this chaos so it's just a terrible situation.

We have been suggesting for some time, we have spoken to Council Officers, my predecessor colleagues in the ward submitted petitions. As part of the development there is an opportunity to have a through route from one side to the other passed the school, not as part of the school grounds but would you consider either having a through route or putting aside some of the area so that there can be a turning area so that cars can come in and turn around and come out again in a forward motion where it is not causing a danger.

Reply – *Councillor Wild*

I will ask them to look at it but there are a couple of things that stand out there, one bit of evidence that we know around transport is putting through roads near schools creates more traffic and more speed which is what nearly every other ward comes and tells me, they don't want this by their schools.

What is happening in this ward, from what I can understand, is that the school have been putting forward an active travel plan for the school that includes 20 mph zones, more people cycling to the school, they are starting a school bus, they are the kind of things I would expect you to get behind and support, rather than working out how we can get people in their cars quickly to that school, dropping kids off as quick as they can rather than the longer term impacts. That is what we are working on with that school, if you think that is wrong or you think we should take something else forward then I will take that up with Officers.

Question – *Councillor Ford*

Can you provide an update with the works ongoing at Waungron Road?

Reply – *Councillor Wild*

Contractors are currently on site undertaking clearance and remediation works. This phase of the development is substantially complete.

Supplementary Question – *Councillor Ford*

Could you say why a Labour Party Ward has been updated about Waungron Road but us as Local Ward Councillors haven't been?

Reply – *Councillor Wild*

If anyone asks me questions about Waungron Road I'm happy to answer. You haven't asked me a question previously about Waungron Road I would have given you an update anytime you asked me. We are looking to progress it all the time. Ask me a question, I'll answer.

Question – *Councillor Gordon*

Castle Street from the corner with Working Street to Canton Bridge is risky for cyclists. Yet it is a key connection to the City Centre and an east/west route. The Castle Street road surface is uneven and there are high kerbs by the bus stop outside the Holiday Inn. The challenging cycling experience is particularly difficult from the Holiday Inn entrance to Canton Bridge. Have the Council any proposals to make Castle Street safer for cyclists?

Reply – *Councillor Wild*

As cycling champion long before all these Johnny come lately's that are jumping on the cycling bandwagon now we have a yellow jersey, I know you have been

This document is available in Welsh / Mae'r ddogfen hon ar gael yn Gymraeg

campaigning for many years to see better cycling and infrastructure. That area is problematic that stretch of road, although it should be noted there are a lot of other improvements in that vicinity, it is included in our integrated network map to make improvements around Castle Street and we are going all out to obtain funding as quickly as we can to improve active travel infrastructure in that area.

Supplementary Question – *Councillor Gordon*

What is the proposed timeline for the Castle street improvements?

Reply – *Councillor Wild*

We're currently uncertain of the exact date, it does depend on the funding we receive. We are trying to fast track, what was a fifteen year cycling vision, into the next three to five years we haven't yet obtained that funding however we are hopeful that in January we will have a clearer understanding of when these improvements can take place.

Question – *Councillor Hudson*

Regarding the progress of the hybrid parking scheme which was promised to be initiated in September this year, can we see the start of an outline or consultation questions before too long?

Reply – *Councillor Wild*

We have met and had good conversation with a number of different ward colleagues not just from your ward but from around there as well. There have been a couple of considerations we have had to take into account not least the impact on other wards and we are now going to look to do the scheme across Llandaff North and some of Whitchurch as well so we want to make sure we get that right and consult with those Members, that said it will require a bit of compromise, the streets are very compact, lots of people trying to use it, not least the University Health Board Wales but officers are working up a scheme that hopefully you will be happy with.

Supplementary Question – *Councillor Hudson*

Would it be possible to discuss this so that we can progress as soon as possible?

Reply – *Councillor Wild*

We will have this discussion within the next month or so.

Question – *Councillor Molik*

How many nursing home provisions are we losing in Cardiff with time due to inadequate service or lack of staff?

Reply – *Councillor Elsmore*

At this time 30 registered nursing beds will be lost to Cardiff following the decision taken by a care home provider who has taken the decision to withdraw its nursing registration. The decision was related both to the quality of care, and the corresponding inability to recruit suitably qualified and experienced nursing staff.

Where the Council identifies concerns related to the quality of nursing provision, it works jointly with Cardiff & Vale University Health Board (UHB), Care Inspectorate Wales (CIW), and other stakeholders, together with the provider to ensure that the necessary corrective actions are undertaken in a timely way to enable the provider to continue to operate safely.

For the medium- and longer-term, we are working together with partners to develop a range of services for older people that will enable individuals to live at home, thus preventing the need for people to move into care homes. This includes community support through: the Community Resource Team, Independent Living Services, housing adaptations and assisted technology; reviewing domiciliary care services; and developing a range of housing and support services specifically for older people.

Supplementary Question – *Councillor Molik*

As you would imagine it was devastating for families and residents to find out they have one month to relocate their loved ones who are at a vulnerable stage of their life, within a month, so it's been a difficult phase.

What did you know and when did you know about the potential closure of nursing home at Sunrise care home?

Reply – *Councillor Elsmore*

I don't think it's an appropriate question Lord Mayor in terms of what I knew and when.

I would also just want to ask you to be very cautionary in terms of some of the actions taken by your group in so far as this is concerned. We have proper processes and I am assured by those as I am absolutely assured by the fact that our officers that are working tirelessly with the health board and the regulator in terms of finding new accommodation for the individuals impacted.

Question – *Councillor Parry*

Can you advise if and when the bus exchange is going to open?

Reply – *Councillor Wild*

Can you explain which 'bus exchange' you are referring to because there are about 3 that we are working on at the moment?

Clarification - *Councillor Parry*

This is the Bus exchange that was going to be built on Waungron Road recycling site on Waungron Road and Western Avenue

Reply - *Councillor Wild*

We are working with developers Link Housing to bring that forward, it's in their hands at the moment we are hoping that it comes to planning early in the New Year.

As the project is being taken forward by a third party, I am unable to say when the interchange facility will open; however I can advise that it will be provided as part of the development.

Question – *Councillor Bridgeman*

Will the Cabinet Member provide an update on the Council's progress on moving people into new properties?

Reply – *Councillor Thorne*

I am pleased to say that 13 new Council homes, delivered through the Cardiff Living Programme in St Mellons and Llanrumney, have been offered to applicants on the Housing Waiting List.

4 families have now moved into their new homes and it is anticipated the remainder will be moving in next month.

Properties are built to Lifetime Homes standards, with the potential to adapt, and I am pleased to say that it has been possible to offer two of the homes to families with disabled children.

The allocation of the social rented units will focus on promoting a settled, cohesive and desirable place to live, whilst at the same time meeting demand for applicants on the waiting list.

Special lettings arrangements have also been agreed for each development to achieve this balance, whilst also giving some local people a chance to move and remain within their community. Ward members have also been consulted on this lettings initiative.

Supplementary Question – *Councillor Bridgeman*

With over 8000 people on the Council housing waiting list, every Saturday when Keith Heather and I hold our weekly advice surgery, we are met with people in acute distress as they desperately seek accommodation within a close distance of the communities they are integral to. The news that Cardiff Councils Cardiff living programme is delivering new homes to Cardiff families is wonderful.

Last week I toured the new Council home in Llanrumney with Councillor Jones, the first in Llanrumney for decades, it was stunning it was beautiful, the next day the keys to that property were to be handed over to a new Llanrumney family.

What are the next steps the Council can take to work with developers and the Welsh Government to build much more social housing in our capital city?

Reply – *Councillor Thorne*

I have visited the social housing homes within Llanrumney and agree that they are superb. On the estates that we have developed in Llanrumney and St Mellons you would be hard pressed to find a difference between the private and social sector, the big difference is that the Council home are actually better because the internal standards are much larger.

In terms of building more, we have a commitment to build a further 1000 social houses by 2022. We have also have an ambition to identify potential land to build a further 2175 houses. You may also be aware the Welsh government have lifted the cap so we are looking to see how we can actually move that ambition up to 3000.

Question – *Councillor Graham Thomas*

With multiple LDP strategic sites now at a construction stage all along the A4119, many residents are complaining about HGVs coming through rural villages and using local roads and lanes. How are the Council working with developers and their contractors to prevent this and keep to the agreed routes?

Reply – *Councillor Wild*

It is a concern and it's something I've been paying attention to. Conditions were attached to the outline planning permissions in North West Cardiff to require the submission and approval of a Construction Environmental Management Plan. We have had discussions with the developers to remind them of their duties, local residents have also been putting pressure on some of the developers as well.

Supplementary Question – *Councillor Graham Thomas*

You will be aware of the signs that have gone up around Radyr already diverting these HGV's from Heol Isaf and going through the village. Of course there are other hot spots already suffering from this blight including Church Road and Cardiff Road in Creigiau particularly when planning permission for the site south of Creigiau is fully approved.

Do you think these signs have been effective and can I ask you replicate these signs on other routes the contractors are currently taking but are not a part of the agreed routes?

Reply – *Councillor Wild*

I believe we should replicate the signs. I think they have helped and we have been encouraging the police to get involved. This helps the public understand what is expected of the drivers when taking these routes.

Question – *Councillor Howells*

How long should residents have to wait for publically discarded drug paraphernalia, such as used needles, to be removed from the time that they are reported to the Council?

Reply – *Councillor Michael*

Once reported, cleansing staff aim to remove needles and drug paraphernalia within 48 hours in line with service standards.

Teams are also proactive on their daily rounds and will remove needles and other drug paraphernalia on a daily basis if they come across them.

Supplementary Question – *Councillor Howells*

I asked this question about how quickly glass is removed a few months back and that was within 24 hours, so the fact that needles are taking longer to discard worries me a bit. At the last Adamsdown PACT meeting residents did raise concerns about this with particular reference to Cemetery Park. We heard from residents how, when they reported things like this to the Council the response they received was satisfactory and it took many days for these syringes to be resolved and sometimes the residents had to take the matters into their own hands and collect them which as you know isn't advisable.

Could I ask you liaise with your colleagues to come up with an action plan to see how we can tackle this issue of discarded needles particularly in Cemetery Park?

Reply – *Councillor Michael*

I understand this is an issue within your ward (Adamsdown) and I am more than happy to arrange a meeting involving the relevant councillors to come up with a resolution to this problem.

Question – *Councillor Keith Parry*

What provision does the Council intend to make for the monitoring of air pollution along the heavily congested roads in Fairwater and can you advise on when air quality monitoring stations will be installed in the congestion areas in Fairwater and Pentrebane?

Reply – *Councillor Michael*

In terms of prioritising air quality sampling locations, the Council adopts a risk based approach to the allocation of monitoring sites, considering the requirements of appropriate national guidance.

Currently, there is no local ambient air quality monitoring undertaken in the Fairwater or Pentrebanne areas. However, low background levels of key pollutants in the area provide some reassurance in terms of there being a large margin between these levels and the legal Air Quality Objective for those pollutants.

Supplementary Question – *Councillor Keith Parry*

I have noticed the air quality is monitored on the A119 through Llandaff. I'm concerned about the future when the Plas Dwr development is built that there will be a considerable increase of volume of traffic through Fairwater particularly along St Fagans Rd. between the Green and Waungron Road.

Reply – *Councillor Michael*

I am happy to pass your concerns onto officer that will be meeting soon to discuss when the new monitoring stations will be going out.

Question – *Councillor Lay*

Can the Cabinet Member with responsibility for Ending Violence against Women, Domestic Abuse and Sexual Violence and the Cabinet Member who is the White Ribbon Champion say what the Council has done for White Ribbon Day and is doing during the 16 days of activism following the International Day for the Elimination of Violence against Women?

Reply – *Councillor Elsmore*

The answer is we are doing loads. As my statement outlined some of the things and importantly, the flowerbed outside Cardiff Castle has been replicated internationally. Isn't it great that something that starts in the City of Cardiff, other cities around the world want to copy. This year, a bilingual information plaque has been placed by the flower bed to explain what the White Ribbon Campaign is and where people can seek help.

The Council is also working closely with the Glamorgan Branch of Soroptomist International, which is participating in the UN's #Orange the World campaign. This involves placing orange sashes on statues of women throughout the city to mark the UN International Day to Eliminate Violence against Women and Girls on 25th November (which is also White Ribbon Day), and this will run for 16 days through to Human Rights Day on 10th December. We have sought to align the two campaigns by also pinning a White Ribbon to the orange sashes. Male colleagues did the Walk with Officers 'A Mile in her Shoes'.

The Council has also been promoting an active social media campaign that is running from 23rd November until 10th December, with the hashtag #whiteribboncardiffvale. Information about the White Ribbon campaign and local events has also been shared via the Council's Intranet.

Supplementary Question – *Councillor Lay*

Can we ensure all of that information is accessible to the public in places such as Hubs?

Reply – *Councillor Elsmore*

I completely agree, and will make sure to check all of that information is absolutely accessible. I would also like to note our officers are currently working with groups such as school children, Beavers and Cubs to relay the importance of that message to young children.

Question – *Councillor Robson*

What consideration has been given to formally appointing a Cabinet Member as the Council's Disability and Inclusion Champion?

Reply – *Councillor Weaver*

As you will recall, the Cabinet agreed in July last year to absorb and mainstream Member Champion or Lead Member roles within relevant Cabinet Member portfolio responsibilities.

As the Cabinet Member with responsibility for Finance, Modernisation and Performance, equality and diversity matters fall within my portfolio. I am very committed to working with council officers and Members to progress equality for all.

Supplementary Question – *Councillor Robson*

I have sat through a couple of committees where issues regarding disabled groups particularly had, have been flagged up and coming within different portfolios. So what I'm seeking assurance for is that there is a cross cutting emphasis on helping those who have a disability and access services where either the Council have direct responsibility or even indirect responsibility.

The Public Protection Committee had a very good session with the issues regarding taxis which is indirect. Councillor Bradbury will recall the dog fouling issue where the Guide Dogs for the Blind raised concerns, I'm conscious that is cross cutting across the whole Council.

I appreciate it's your portfolio but does a champion need to be put back in place in this area?

Reply – *Councillor Weaver*

One thing I would reassure you of, every Cabinet Member understands everyone has a role to play in terms of their service area. Wherever we hear the information coming from about a problem that need solving or somewhere we could improve every Cabinet Member would take that very seriously.

I think having the Member Champion roles absorbed within the Cabinet Portfolios does make sense. There are always going to be challenges with those that are as you say are very cross cutting where information can come from anywhere. I hope you have raised this with other Cabinet Members as well as it is always good to hear that feedback from across the city.

Question – *Councillor Taylor*

Following the announcement that Welsh Government will now cover 65% of the costs of council's Band B schemes, what implications does this have for any potential savings for Cardiff Council?

Reply – *Councillor Merry*

The Council is currently in discussion with Welsh Government about the implications of the intervention rate change for Band B of the 21st Century School Programme.

As the amount of capital available from Welsh Government is not increasing at this point, the Council is seeking clarification of the impact that this rate change will have on the capital profiling of the proposed programme.

The Council is funding its share of the programme capital via prudential borrowing and through capital receipts from the disposal of surplus sites. At this early stage, it is not clear what the precise impact on potential savings could be.

Supplementary Question – *Councillor Taylor*

If there are savings to be realised my understanding is we could be looking at tens of millions of pounds in terms of the upfront costs. Will we be looking to develop new schemes particularly for those category C schools and to realise the recent developments around the increasing capacity in the Welsh medium provision in the centre and north of the city?

Reply – *Councillor Merry*

I hope that in the future the circumstances will be better so that we can have that conversation. What I am concerned about it that the suggestion that band B might be extended. To my mind extending band B is in effect putting schools back into band C. That's my understanding at present.

Question – *Councillor Kelloway*

Could the cabinet member please update us on the plans for a new recycling centre in the North of the city?

Reply – *Councillor Michael*

Officers are currently reviewing the business case and location options for a new recycling centre and will be making recommendations back to Cabinet in the New Year.

Supplementary Question – *Councillor Kelloway*

That is welcome news. It has been nine months since the closure of Wedal Road. Residents in the north of the city were promised a replacement centre.

Why have you failed to even identify a site and why is it not up and running yet?

Reply – *Councillor Michael*

I am currently looking for a site in Whitchurch, Rhiwbina, Llanishen, Cyncoed most of the north of Cardiff. When we have located a site I will report back.

Question – *Councillor Boyle*

The share price of IQE, which received almost £40m of City Deal money, has dropped by about 55% in the past year. How robust was the assessment of its business model and who, on Cardiff Council, sanctioned the investment?

Reply – *Councillor Huw Thomas*

It wasn't Cardiff Council who sanctioned the investment this was a matter undertaken by the joint Cabinet of the City Deal. For the record I understand the vote taken on the 2nd May 2017 Cardiff abstained.

Supplementary Question – *Councillor Boyle*

It sounds in that statement that notion of the Capital Region Cabinet collective responsibility just fell off its perch.

We must hope that IQE can find the short sellers though of course Brexit, competitors in Asia, cash shortfalls and so on could of course jeopardise the situation further, but if things do continue to go wrong there will be questions asked about the processes underpinning these decisions, and in particular what due diligence was carried out and by who.

Are you comfortable that the IQE deal was subject to appropriate scrutiny and if so why was this massive share price fall not anticipated?

Reply – *Councillor Huw Thomas*

I think you are in danger of getting a reputation as a doom monger given your question on my statement as well.

It is worth noting that the share price of IQE currently is roughly what the share price was around the time that City Deal took the decision to invest in the combust semiconductor foundry, which is a project of course that has far more stakeholders than just IQE. I think when you look at IQE in the round you will see that it is a company that is in good health with assets of over £30million this year, and when you look at the investment deal, there were good reasons for Cardiff's abstention at the time particularly around the timescales of the decision where the decision was taken 2 days before a local election. However I think the due diligence around the process has been robust, a Welsh Audit Office report I believe will satisfy itself on that case as well and ultimately what we are looking at is a proposition where for a commitment of £38million we unlock close to £400million of private sector investment with the opportunity to create a huge future looking business and industry in South Wales and for that I think we should all be supportive and I think we should do well to look at the rounder picture rather than just look at some headlines.

Question – *Councillor Kelloway*

Could the Cabinet Member please update us on changes to care provision at the Cyncoed Sunrise Care Home?

Reply – *Councillor Elsmore*

Sunrise Senior Living is a residential and nursing home provider situated in the Cyncoed area of Cardiff, which is registered with Care Inspectorate Wales for a total of 107 beds. Currently, there are 14 individuals placed at the home by Cardiff Social Services, of which 8 receive residential care, and 6 nursing care. There are also 12 self-funding individuals who receive nursing care.

As a result of the inability of the registered provider to recruit the quality of nursing staff necessary to address concerns raised by both the Care Inspectorate Wales (CIW) inspections, and Cardiff & Vale University Health Board (UHB) nurse assessors, the provider took the decision to cease nursing care. The care home will continue to operate as a residential care provider only.

Supplementary Question – *Councillor Kelloway*

Just for clarification what actions of the Lib Dems were you referring to but also why did the Council not warn Ward members of the impending closure of the Sunrise Care Home nursing section until residents were told to leave with only 30 days' notice and has the Council secured suitable alternative accommodation for all of those affected?

Reply – *Councillor Elsmore*

What is really important to understand is the sensitivity of the situation. Also to place on record the responsibility. This is an independent care provider and is registered with Care Inspectorate Wales. The nursing care is often provided, commissioned through the Health board. Our role is as the safeguarding authority we also commission some beds.

I am happy to have discussions offline but I'm not going to go into details in relation to when, where and what. What's really important and what I want to avoid going forward, particularly if we have concerns in our market, particularly in relation to nursing care, is that we have transparent and robust processes that local Ward Members can reply upon.

Question – *Councillor Molik*

The Cardiff LDP suggested the importance of equalities impact assessment in communities on planning grounds. Is it right for planning officers and committee to brush all areas in the same colour and apply same policy disregarding differences in population demographics and public transport provisions in the area i.e. should Cyncoed be classed as the same as other areas in city centre?

Reply – *Councillor Wild*

The purpose of the LDP Equalities Impact Assessment was to provide a high level tool, which was used during preparation of the Plan to ensure that its policies and proposals promote equality and diversity and do not adversely or discriminate against any of the groups protected under the Equality Act 2010.

Supplementary Question – *Councillor Molik*

My concern was really are we just paying lip service to those policies and Equalities Act because with Cyncoed being brushed with the same brush as many other wards in Cardiff City Centre where we know we have an older demographic, we know the buses don't reach certain patches of Cyncoed and if they do reach they are either half hourly or hourly as opposed to other wards who have the luxury of buses every 5 to 10 minutes coming into the wards.

Is it right for Cyncoed to be seen through the same lens as other wards in Cardiff centre?

Reply – *Councillor Wild*

In terms of the equality impact assessment of the LDP it would be problematic of us to pick every street and every ward to treat in a different way across all of Cardiff because there's all sorts of different protected characteristic groups. It would almost be impossible to get that right. In terms of the other issues around housing and transport, I'm happy to take that up there is a housing strategy on the way that you and your residents will be interested in.

Question – *Councillor Parkhill*

Do you think it is acceptable that hygiene bags containing human excrement were left for three days uncollected across Llanishen and Thornhill this week?

Reply – *Councillor Michael*

Any non-collection is not acceptable.

Unfortunately, a vehicle breakdown on Friday 23rd November meant that it was not possible to complete the hygiene collections in Llanishen and Thornhill.

The waste was collected the next working day on Monday 26th November. Where hygiene waste is not collected for any reason, we aim to collect within 2 working days and, on this occasion, we remained within our service standards. However, I appreciate that, where operational issues arise on a Friday, this can mean that waste remains uncollected over the weekend.

Supplementary Question – *Councillor Parkhill*

As the Council has its own vehicle maintenance facilities are the servicing regimes that are currently in place suitable based on the number of collections that seemed to be missed on a frequent basis across the city?

Reply – *Councillor Michael*

The Council doesn't run its own servicing facilities. They're currently under contract with our hirer. This will be changing in the future but unfortunately isn't available at present.

Question – *Councillor Hudson*

Are the Council looking to transfer all of our green sports pitches to leisure clubs on long leases?

Reply – *Councillor Bradbury*

No.

Supplementary Question – *Councillor Hudson*

We're effectively losing control of all our green spaces. Is this really what the Council wants for the City of Cardiff or more particularly condones?

Reply – *Councillor Bradbury*

As an experienced Councillor she should know that she can't make assertions like the one she has just made without any evidence. I'm guessing she is looking at the budget consultation document which says "we are continuing to transfer sports buildings to local sporting clubs", something that has been ongoing for several years since austerity started. There are no plans at all to transfer our green spaces neither

This document is available in Welsh / Mae'r ddogfen hon ar gael yn Gymraeg

is there a proposal here to do so and without austerity we wouldn't even be looking to transfer sports buildings either, but who is at fault for that – it is not my side it is yours.

108 : URGENT BUSINESS

There was no urgent business for this meeting.

109 : CARDIFF BUS - APPOINTMENT OF INDEPENDENT NON-EXECUTIVE DIRECTORS

The Council was requested to consider changes to the Council's appointed representatives to Cardiff Bus, including the appointment of two Independent Non-Executive Directors.

RESOLVED – That

1. the reduction in the number of Non-Executive Director positions allocated for the appointment of Councillors to the Board of Cardiff City Transport Services Limited from seven to five was approved;
2. nominations and confirm the appointment of five Councillors to serve as Non-Executive Directors of Cardiff City Transport Services Limited would be requested from Party Groups and reported to the next meeting;
3. subject to the proposed amendments to the Company's Articles, the allocation of two Non-Executive Director positions for the appointment of independent persons to the Board of Cardiff City Transport Services Limited (i.e. who are neither Elected Members of the Council nor employees of the Council or the Company) was approved;
4. subject to the proposed amendments to the Company's Articles, the appointment of two independent Non-Executive Directors (to be selected as set out in recommendation 5) on an interim basis for a 12-month period was approved;
5. subject to the proposed amendments to the Company's Articles, delegate authority to the Corporate Director Resources, in consultation with the Cabinet Member for Finance, Modernisation & Performance, to procure two appropriately qualified individuals to serve as the interim independent Non-Executive Directors was agreed;
6. subject to the proposed amendments to the Company's Articles, delegate authority to the Director of Governance & Legal and Monitoring Officer to undertake a public appointment process in 2019/20 for the two Independent Non-Executive Director positions and oversee the shortlisting and interview process for the appointments based on the establishment of a politically balanced Member Appointment Panel was agreed;

7. it was noted that the Corporate Director Resources continues to carry out the Council's role as Shareholder of Cardiff City Transport Services Limited.

110 : LOCAL AUTHORITY GOVERNOR APPOINTMENTS

The Council was requested to approve the recommendations of the Local Authority Governor Panel 19 November 2018.

RESOLVED – That

1. the following appointments be approved to existing vacancies: -

School	Ward	Start of Vacancy	Appointment Approved

In accordance with the Members’ Code of Conduct Councillor Shaun Jenkins left the meeting prior to the commencement of the debate on Item 3 – Notice of Motion. All

other Elected Members who had declared an interest remained for the debate on Item 3 – Notice of Motion.

115 : NOTICE OF MOTION

The Lord Mayor advised that a Notice of Motion had been received in accordance Council Procedure Rule 4 (b) and (c).

The Lord Mayor reminded Members that the subject matter under discussion in the motion related to the governance arrangements of the Cardiff Bus Board and its membership and not operational or business decisions made by Cardiff Bus, which by law have to be made on a commercial basis. Members should therefore not refer to any commercially sensitive information during the debate.

The Lord Mayor invited Councillor Joel Williams to propose the Motion as follows:

Cardiff Bus is a wholly owned subsidiary of Cardiff Council, it is therefore owned by Cardiff Taxpayers and as a Council we have a duty to ensure the Board of Cardiff Bus is best equipped to deal with present and future business challenges.

The Board of Cardiff Bus currently comprises eleven Directors and there is also a Company Secretary, five are Non-Executive County Councillors who are appointed by Full Council.

In November 2018 Full Council formally agreed to change the level of County Councillor representation from seven to five to allow two independent individuals to be appointed on the basis of their professional skills and experience in areas such as financial & general management; corporate governance; and transport policy and/or management.

In order to ensure Cardiff Bus is best equipped to deal with present and future business challenges the Council formally proposes the following:

It is proposed that the number of Councillors appointed as Non-Executive Directors be reduced from five to one in order to provide for the appointment of an additional four Independent Non-Executive Directors who are neither Elected Members of the Council nor employees of the Council or the Company.

In accordance with good practice in terms of corporate governance, the proposed appointment of an additional four Independent Non-Executive Directors would supplement the expertise of Board members, providing constructive challenge and holding management to account.

It is therefore proposed that the Council, as the Shareholder, will write formally to the Company to notify it of the proposed amendments to the Articles, which can then also be considered formally by the Company in accordance with the Company's decision making process. As the sole shareholder, the Council is able to require such amendment to be made to the Articles.

This provision would not fetter the ability of any future Council to appoint up to seven Councillors as Non-Executive Directors should it wish to do so. The priority at this time must be the appointment of Non-Executive Directors based solely on their professional skills and experience however it is felt there should remain one County Councillor representative.

Councillor Williams under Council Procedure Rule 25 (a) (xiii) (Motions without Notice) requested that a resolution be passed to exclude the public and media to allow discussion of confidential matters. The motion was seconded by Councillor Jayne Cowan.

At this point the Lord Mayor called for a vote on the Motion without notice to exclude the public and media as proposed by Councillor Williams.

The Vote was LOST.

Councillor Williams concluded his proposal of the Motion.

The motion was formally seconded by Councillor Thomas Parkhill.

The Lord Mayor invited debate on the motion and asked Members to structure their contributions to ensure that the opportunity for debate did not stray into business outside of the scope of the motion. The following Members participated in the debate Councillors Bradbury, Bowden, Robson, Stubbs, Carter, Boyle, Walker, Huw Thomas, Michael, Keith Parry, Bale, Goodway and Patel.

At the end of the debate the Lord Mayor invited Councillor Williams to respond to matters raised during the debate before the vote was taken.

The Lord Mayor called for the vote on the Motion as proposed by Councillor Williams and seconded by Councillor Parkhill.

The Vote was LOST.

116 : URGENT BUSINESS

There was no urgent business.

- Coffee Morning & Partnership Celebration, Mansion House - Friday 10th May 2019
- Spring Ball, City Hall – 17th May 2019

HMS DRAGON

Following a recent meeting with Brigadier Fraser, I am pleased to provide the following update on activities of HMS DRAGON which has been deployed from Portsmouth since September 2018 to undertake naval operations in the Gulf region.

The Dragons include a Royal Marines Boarding Team, US military and civilian linguists, and exchange officers from the Australian, French and New Zealand navies. The youngest is 18 and the oldest over 50, with over 30 years of seagoing experience. She also has a Wildcat helicopter on-board to support deployed operations. HMS DRAGON is tasked with providing maritime security in the Gulf region in conjunction with the 32-nation Combined Maritime Forces coalition, and regional reassurance and engagement in support of UK security and prosperity.

It's deployment has been a tremendous success so far, and has included various activities such as escorting UK and coalition shipping through high-threat regional chokepoints; conducting maritime interdiction of narcotics smugglers in support of United Nations Security Council Resolutions; contributed to major exercises with Oman and India; conducted maritime security operations with navies and coastguards from other nations; visiting and engaging with numerous countries, representing the UK to promote peace and stability; and maintained readiness to react to any emergent crisis, be it a natural disaster in the region or beyond, or a situation that requires a more traditional military response to restore peace and stability.

The Dragons are proud to be representing the UK and especially the people of Cardiff and Wales as they complete their missions, and thank the people of Cardiff for their enduring support. They look forward to a warm welcome when they return to the Capital City.

The Queen's New Year Honours List 2019

I am very pleased to congratulate many people from Wales and Cardiff who have been recognised for their varied contributions to life in Wales. In particular, I am delighted that former Councillor and Cabinet Member, Dr Julia Magill was honoured with an MBE for her services to Education.

**CYNGOR CAERDYDD
CARDIFF COUNCIL**

COUNCIL:

31 JANUARY 2019

REPORT OF CORPORATE DIRECTOR RESOURCES

APPOINTMENT OF ELECTORAL REGISTRATION OFFICER AND RETURNING OFFICER

Reason for this Report

1. The Council's current Electoral Registration Officer (ERO) and Returning Officer (RO) is retiring from the Council in April 2019. The Council needs to make an appointment to these two statutory roles in order that there is continuous cover for these functions.

Background

2. In Wales, the Council of every County/County Borough is required to appoint an officer of the Council to be the Electoral Registration Officer for any constituency or part of a constituency coterminous with or situated in the area of the Council. The ERO is the person with statutory responsibility for the creation and maintenance of the register of electors and the absent voters list.
3. In Wales, the Council of every County/County Borough is also required to appoint an officer of the Council to be the Returning Officer for County/County Borough Council and Community Council elections within the area of the Council. The RO is the person who has the overall responsibility for the conduct of elections. The RO may appoint one or more persons to discharge all or any of his/her functions while at an election, the Returning Officer may appoint election specific deputies.
4. Legislation requires that the duties of the Returning Officer at a Parliamentary election are to be discharged by the appointed Electoral Registration Officer.
5. Returning Officers at other elections and referenda are determined by these appointments or designated by the appropriate Secretary of State.

Issues

6. These two roles of Returning Officer and Electoral Registration Officer are typically combined and performed by a single person. Each role is a personal responsibility, independent and separate from their duties as an

employee of the council. Currently the roles are held by the Corporate Director Resources due to her extensive experience of election and registration work although it is noted that the vast majority of councils in Wales have appointed their Heads of Paid Service to undertake both roles. This is also the position that is increasingly favoured by the Electoral Commission and reflected in their performance monitoring arrangements

7. It is therefore proposed that the council's Chief Executive undertakes these roles for Cardiff Council on the retirement of the Corporate Director Resources.

Legal Implications

8. The appointment of Electoral Registration Officer is required by Section 8 of the Representation of the People Act 1983, as amended.
9. The appointment of Returning Officer by Section 35 of the Representation of the People Act 1983, as amended.

Financial Implications

10. There are no additional costs arising from the recommendations in this report with any costs that may be incurred in relation to the roles of Electoral Registration Officer and Returning Officer being met in the usual manner. All elections and referenda apart from local elections are funded from external grants while the costs of local elections are funded by the council within budgets built up over the term of an administration.

RECOMMENDATIONS

Council is recommended to:

1. approve the appointment of the Chief Executive as Electoral Registration Officer for the constituencies contained within the area of the City and County of Cardiff with effect from 3 April 2019;
2. approve the appointment of the Chief Executive as Returning Officer for the election of County Councillors and Community Councillors within the area of the City and County of Cardiff, with effect from 3 April 2019.

CHRISTINE SALTER
Corporate Director Resources
25 January 2019

**CYNGOR CAERDYDD
CARDIFF COUNCIL****COUNCIL:****28 FEBRUARY 2019**

CABINET PROPOSAL

COUNCIL TAX PREMIUMS**Reason for this report**

1. On 29th November 2018 Cabinet resolved to undertake a consultation exercise on the application of a council tax premium on long term empty dwellings. This consultation exercise was completed on 14th January 2019. The purpose of this report is to consider the results of the consultation exercise and inform the final decision that will be made by the Council.

Background**Long term empty dwellings in Cardiff**

2. Many issues of community concern arise from some of the empty properties within the city; these include fly tipping, nuisance, vandalism, criminal activity and visual deterioration, all of which have the potential to adversely affect neighbouring properties and residents. Some empty properties can be a blight on a local community and boarded up dwellings have a significant impact on the way potential investors perceive an area. In addition to the above, empty properties also represent a wasted resource in light of the housing demand within the city. There are currently approximately 1400 properties empty for more than six months at any one time and the Housing enforcement team within the Shared Regulatory Services (SRS) actively monitor 200 of those empty properties on a prioritised basis as part of the Cardiff Housing Strategy.
3. In addition to reactive visits to complaints about empty properties, the SRS also work proactively to capture the wider scope of long term empty properties. The Council seeks to incentivise owners to act positively in bringing properties into beneficial use in a number of ways. These include signposting owners to the Houses into Homes loan scheme, providing a list of private property developers, referring to a Housing Association for lease and repair where feasible or providing proof of empty status letters for VAT reduction on renovation costs. Although some owners may be receptive to this approach, there are of course situations where owners are absent and cannot be traced or are resistant to resolving the issues. In these circumstances, the SRS is able to exercise a number of enforcement powers. These can deal with immediate issues such as fly tipping and making premises secure to more long-term solutions such as enforced sale

or compulsory purchase. The imposition of premiums for long term empty dwellings could act as an added incentive to bring properties back into beneficial occupation.

Council tax premiums

4. The Housing (Wales) Act 2014 has amended the Local Government Finance Act 1992 by inserting section 12A which gives the Council the discretion to apply a premium of up to 100% to long term empty dwellings on top of the standard rate of council tax. A long-term empty dwelling is defined as a dwelling which is both unoccupied and substantially unfurnished for a continuous period of at least a year
5. Where a billing authority makes a determination to charge a premium on long-term empty dwellings, it may specify different percentages (up to a maximum of 100 per cent) based on the length of time for which they have been empty. This gives the discretion to take a stepped approach with incremental increases applying over time
6. The Council can make, vary or revoke a determination made under section 12A of the 1992 Act, but only before the beginning of the financial year to which the determination applies. Where a determination is made to apply a council tax premium, a local authority must publish a notice of the determination in at least one newspaper circulating in its area within 21 days of the date of the determination.
7. Council Tax legislation provides for a number of specific exemptions from the charge including a number of exemptions where a dwelling is unoccupied such as a dwelling that is undergoing structural repairs (for up to 12 months) and a dwelling that is unoccupied and substantially unfurnished (for up to 6 months).
8. A dwelling that is exempt from council tax is not liable for a premium. However, where a dwelling is no longer eligible for an exemption, but remains unoccupied, it may become liable for the premium. In the case of a dwelling that is unoccupied and substantially unfurnished, it could be liable for a premium after it has been empty for a continuous period of one year.
9. When someone dies and the property is left unoccupied there is an exemption from the date of death until probate or letters of administration are granted. Provided that the property continues to be unoccupied there is a further exemption for a period of up to 6 months from this date. A Council Tax premium can only apply when the property is no longer entitled to an exemption and has been unoccupied and substantially unfurnished for at least 12 months.

Exceptions to the Council Tax Premiums on Long Term Empty Properties.

10. A premium also cannot be charged on a dwelling that falls within an exception class. The Council Tax (Exceptions to Higher Amounts Wales) Regulations 2015 sets out the following exceptions –

Classes of Dwellings	Definition	Application
Class 1	Dwellings being marketed for sale – time-limited for one year	Long-Term Empty Homes and Second Homes
Class 2	Dwellings being marketed for let – time-limited for one year	
Class 3	Annexes forming part of, or being treated as part of, the main dwelling	
Class 4	Dwellings which would be someone's sole or main residence if they were not residing in armed forces accommodation	

Numbers and percentages of long term empty dwellings in Cardiff

11. As at 31st December 2018 there were 156,460 dwellings on the Council Tax Valuation list and currently 3135 (2%) are recorded as being unoccupied and substantially unfurnished. Of this figure 1815 are exempt and out of the remaining dwellings 869 (28% of the vacant dwellings and 0.55% of the total number of dwellings) had been unoccupied and substantially unfurnished for more than 12 months.
12. The figures above give an indication of the numbers of properties that may be affected if a decision is made to charge a premium on long term empty dwellings although it should be noted that this is subject to the exceptions detailed in paragraph 10. The number of empty dwellings is also constantly changing so the figures are variable.
13. It is very difficult to estimate how many exceptions there will be. A review of the council tax file was undertaken on 50 of the long term empty dwellings and thirteen of these dwellings were found to be for sale which constitutes 26% and if the premium is applied this figure is likely to significantly increase. Therefore, at this stage and based on the little information we have, a reasonable estimate may be to reduce the potential additional income by 50% for long term empty dwellings

Options for level of premiums

14. The maximum level of premium that can be applied to long term empty dwellings is 100% although the legislation also permits that different percentage premiums can be applied, for example the options of the level of the premiums that could be considered could range from 0%, 25%, 50%, 75% or 100% on top of the standard level of council tax. The Council also has the discretion to extend the time period before applying a premium therefore although the legislation allows the Council to apply a premium after twelve months it can extend this time to allow owners further time to bring a property back into use. For example, the Council could decide to charge a premium after 24 months. If the Council decides to adopt this the

earliest that the premium could apply for long term empty property would be 1st April 2019.

Consultation

15. A determination by a local authority to charge a premium under section 12a of the Local Government Finance Act 1992 must be made by full Council. Prior to doing so a local authority must give due consideration to its statutory duties to carry out equality impact assessments under the Equality Act 2010 and the Welsh Public Sector Equality Duties 2011 (see appendix 1) and to all other relevant considerations. The Welsh Government has also stated that a local authority should give consideration to engagement and consultation with key stake holders, including the local electorate, before taking a decision as to whether or not to charge a premium.
16. Therefore following the Cabinet decision on 29 November an on line consultation exercise has been undertaken from 14th December 2018 to 14th January 2019.

Outcome of consultation exercise

17. Responses were received from over 500 different stake holders including residents, businesses and landlords with the overwhelming majority (85.7%) believing that empty properties are an eyesore.
18. 71% of the responders felt that a council tax premium of 50% or more should be charged on long term empty dwellings with a full 100% council tax premium being the most popular choice of all of the options given (43%).
19. In addition, 63.8% of the responders indicated that a premium should be charged after a property has been left unoccupied and largely unfurnished for a period of a year. See appendix 2 for a summary of the survey results.

Other Councils

20. To date, council tax premiums have been charged by several Welsh Councils including Flintshire, Pembrokeshire, Wrexham, Gwynedd and Ceredigion but this issue is also currently being actively considered by a number of other Welsh Councils. Despite the fact that the legislation permits a premium charge of up to 100% to date all of the Councils have opted for a 50% premium on long term empty dwellings.

Potential additional income

21. The Welsh Government have confirmed that councils are able to retain any additional funds generated by implementing premiums and amendments to the calculation of the tax base will be made to facilitate this. However, authorities are encouraged to use any additional revenue generated to help meet local housing needs in line with the policy intentions of the premiums.

22. An analysis of the potential income from the application of a premium has been undertaken. For the purposes of the estimate we have used the 869 dwellings (see 14 above) that had been unoccupied and substantially unfurnished for twelve months or more and calculated a full charge for these using the 2018/19 council tax charges assuming a Band D charge. The figures have been calculated on the basis that the properties concerned will continue to remain unoccupied for the whole of the financial year.
23. Therefore, for example, if the Council decides to apply a 50% premium for long term empty dwellings it is anticipated that this would raise approximately £600,000 less 50% for excepted dwellings (see 13 above) = £300,000.. This would mean that properties that have been unoccupied and substantially unfurnished for between six and twelve months would see an increase in the charge from 50% to 100% and properties that have been empty for longer than a year would see an increase in charge from 50% to 150%. This should be seen in the context of a policy decision to encourage an increase in dwellings being brought back into use .As stated previously a local authority has the discretion to decide on the level of premium that is charged and apply different percentage premiums for different time periods.

Reason for Recommendations

24. It is necessary for the Council to consider the discretionary powers that are available in relation to applying Council Tax premiums.

Financial Implications

25. Local authorities will be able to retain any additional funds generated by implementing Council Tax premiums on long term empty dwellings although it should be noted that the Welsh Government is encouraging authorities to use any additional revenue generated to help meet local housing needs. The additional cost of administration and recovery will need to be kept under review in order that there is no adverse impact on council tax collection rates because of any diversion of resources to this aspect of recovery.

Legal Implications

26. An equality impact assessment has been carried out and is attached in appendix 2.
27. The Council must consider the consultation responses and take them into account in its decision making.
28. The Council has to satisfy its public sector duties under the Equality Act 2010. Pursuant to these legal duties the Council must, in making decisions, have due regard to the need to (1) eliminate unlawful discrimination, (2) advance equality of opportunity and (3) foster good relations on the basis of protected characteristics.

Protected characteristics are:

Age
Gender reassignment
Sex
Race – including ethnic or national origin, colour or nationality
Disability
Pregnancy and maternity
Marriage and civil partnership
Sexual orientation
Religion or belief – including lack of belief

29. An Equality Impact Assessment has been undertaken to ensure that the Council has properly understood and assessed the potential impacts of the proposal in terms of equality so that it can ensure that it is making proportionate and rational decisions having due regard to its public sector equality duty. The Council must consider and have due regard to the Equality Impact Assessment prior to making the decision recommended in this Report.
30. The Well-Being of Future Generations (Wales) Act 2015 ('the Act') places a 'well-being duty' on public bodies aimed at achieving seven national well-being goals for Wales - a Wales that is prosperous, resilient, healthier, more equal, has cohesive communities, a vibrant culture and thriving Welsh language, and is globally responsible.
31. In discharging its duties under the Act, the Council has set and published well being objectives designed to maximise its contribution to achieving the national well being goals. The well being objectives are set out in Cardiff's Corporate Plan 2018-21: <http://cmsprd.cardiff.gov.uk/ENG/Your-Council/Strategies-plans-and-policies/Corporate-Plan/Documents/Corporate%20Plan%202018-21.pdf> When exercising its functions, the Council is required to take all reasonable steps to meet its well being objectives. This means that the Council should consider how the proposed decision will contribute towards meeting the well being objectives and must be satisfied that all reasonable steps have been taken to meet those objectives.
32. The well being duty also requires the Council to act in accordance with a 'sustainable development principle'. This principle requires the Council to act in a way which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs. Put simply, this means that Council decision makers must take account of the impact of their decisions on people living their lives in Wales in the future. In doing so, the Council must:
 - Look to the long term
 - Focus on prevention by understanding the root causes of problems
 - Deliver an integrated approach to achieving the 7 national well-being goals
 - Work in collaboration with others to find shared sustainable solutions
 - Involve people from all sections of the community in the decisions which affect them

33. The Council must be satisfied that the proposed decision accords with the principles above; and due regard must be given to the Statutory Guidance issued by the Welsh Ministers, which is accessible using the link below: <http://gov.wales/topics/people-and-communities/people/future-generations-act/statutory-guidance/?lang=en>

HR Implications

34. There are no Human Resource Implications for this proposal.

CABINET PROPOSAL

Council is recommended to agree that with effect from 1st April 2019 a 50% council tax premium is applied to long term empty dwellings that have been unoccupied and substantially unfurnished for a period of 12 months or more.

THE CABINET 21 February 2019

The following appendices are attached:

Appendix 1 - Summary of Consultation Exercise
Appendix 2 - Equality Impact Assessment

Mae'r dudalen hon yn wag yn fwriadol

Appendix 1

Council Tax Premiums on Long-Term Empty Dwellings

The Housing (Wales) Act 2014 gives the Council discretionary powers to charge a premium of up to 100% on top of the standard rate of council tax on long-term empty dwellings. These are properties that have been unoccupied and largely unfurnished for a continuous period of at least one year.

Many issues of community concern arise from some empty properties; these include fly tipping, nuisance, vandalism, criminal activity and visual deterioration, all of which have the potential to adversely affect neighbouring properties and residents. Some empty properties can be a blight on a local community and boarded up dwellings have a significant impact on the way potential investors perceive an area. In addition to the above, empty properties also represent a wasted resource in light of the housing demand within the city.

There are currently over 1,600 properties empty for more than six months and the Housing enforcement team within the Shared Regulatory Services (SRS) actively monitor 200 of those empty properties on a prioritised basis as part of the Cardiff Housing Strategy.

In Cardiff unoccupied and largely unfurnished dwellings currently receive 50% discount from the council tax charge. The Council has decided to discontinue this reduction from 1st April 2019, bringing the council tax charges to 100%.

Premiums or extra charges would then be added – these can be added over a period of time and can be of any percentage, up to the maximum of 100% – bringing the total charges payable to a maximum of 200%. Cabinet are currently considering implementing a 50% premium.

Some dwellings are currently exempt from council tax such as; property requiring or undergoing structural repair (for up to 12 months) and property that is unoccupied and largely unfurnished (for up to 6 months). These properties will not be subject to premiums. However, where a dwelling is no longer eligible for an exemption, but remains unoccupied, it may become liable for the premium.

Certain dwellings are exempt from premiums. These include:

- Those being marketed for sale or rent at reasonable prices (for a further year)
- Annexes forming part of a main dwelling
- Dwellings which would be a person's main residence if they were not residing in armed forces accommodation.

There would also be a right of appeal if charging the premiums would cause exceptional hardship to the owner.

If a decision is made by the Council to charge premiums any additional income will

be used to help target and bring empty property back into beneficial use, so increasing the city's housing supply. The Council already seeks to incentivise owners to act positively in bringing properties into beneficial use in a number of ways. These include;

- Signposting owners to the Houses into Homes loan scheme
- Providing a list of private property developers
- Referring to a Housing Association for lease and repair where feasible
- Providing proof of empty status letters for VAT reduction on renovation costs.

This consultation asks whether you think that the Council should charge a premium on long term empty dwellings.

1. Do you think that empty properties are an eyesore?

Yes	478 (85.7%)	No	33 (5.9%)	Don't Know	47 (8.4%)
------------	-------------	-----------	-----------	-------------------	-----------

2. Are you responding to this survey as: (please tick all boxes that apply)

A resident of Cardiff	485 (86.9%)	A local charity	0 (0.0%)
A local business	3 (0.5%)	A local voluntary or community organisation	0 (0.0%)
A landlord	14 (2.5%)	Other	71 (12.7%)

3. What is the first part of your home post code (eg CF5, CF10)

552 replied.

4. Please indicate at what level you think it would be most appropriate to set a Council Tax premium for long-term empty properties in Cardiff? Please note that this will be in addition to the standard council tax charge.

Nil	56 (10.1%)	25%	76 (13.7%)	50%	130 (23.5%)
75%	25 (4.5%)	100%	238 (43.0%)	Other	29 (5.2%)

5. How long do you think the dwelling must be empty (that is, unoccupied and largely unfurnished) before we should charge the premium?

1 Year	355 (63.9%)	2 Years	81 (14.6%)
3 Years	23 (4.1%)	Other	97 (17.4%)

6. Are you the owner of a long-term empty dwelling?

Yes	7 (1.3%)	No	552 (98.7%)
------------	----------	-----------	-------------

a. If yes, is your property currently on the market for sale or to let?

Yes	1 (14.3%)	No	6 (85.7%)
------------	-----------	-----------	-----------

b. If yes, how long has it been on the market?

1 replied for sale for 6 weeks.

7. Please share any further comments you have about this proposal.

225 comments have been received.

Thank you for providing your views on this consultation. Please click '✓' to submit your answers.

Equality Impact Assessment
Corporate Assessment Template

Function Title: Consideration as to whether the Council should charge a council tax premium on long term empty dwellings

New

Who is responsible for developing and implementing the Function?

Name: Mike Taylor

Job Title: Council Tax Manager

Service Team: Revenues

Service Area: Resources

Assessment Date: 18th January 2019

1. What are the objectives of the Function?

Consideration needs to be given as to whether or not the Council should charge a council tax premium on long term empty dwellings.

2. Please provide background information on the Function and any research done

The Housing (Wales) Act 2014 has amended the Local Government Finance Act 1992 by inserting section 12A which gives the Council the discretion to discontinue any discounts granted to long term empty homes and apply a premium of up to 100% on top of the standard rate of council tax. A long-term empty dwelling is defined as a dwelling which is both unoccupied and substantially unfurnished for a continuous period of at least a year.

Many issues of community concern arise from some of the empty properties within the city; these include fly tipping, nuisance, vandalism, criminal activity and visual deterioration, all of which have the potential to adversely affect neighbouring properties and residents. Some empty properties can be a blight on a local community and boarded up dwellings have a significant impact on the way potential investors perceive an area. In addition to the above, empty properties also represent a wasted resource in light of the housing demand within the city. There are currently approximately 1400 properties empty for more than six months at any one time and the Housing enforcement team within the Shared Regulatory Services (SRS) actively monitor 200 of those empty properties on a prioritised basis as part of the Cardiff Housing Strategy

In addition to reactive visits to complaints about empty properties, the SRS also work proactively to capture the wider scope of long term empty properties. The Council seeks to incentivise owners to act positively in bringing properties into beneficial use in a number of ways. These include signposting owners to the Houses into Homes loan scheme, providing a list of private property developers, referring to a Housing Association for lease and repair where feasible or providing proof of empty status letters for VAT reduction on renovation costs. Although some owners may be receptive to this approach, there are of course

CARDIFF COUNCIL

Equality Impact Assessment Corporate Assessment Template

situations where owners are absent and cannot be traced or are resistant to resolving the issues. In these circumstances, the SRS is able to exercise a number of enforcement powers. These can deal with immediate issues such as fly tipping and making premises secure to more long-term solutions such as enforced sale or compulsory purchase. The imposition of premiums for long term empty dwellings could act as an added incentive to bring properties back into beneficial occupation

As at 31st December 2018 there were 156,460 dwellings on the Council Tax Valuation list and currently 3135 (2%) are recorded as being unoccupied and substantially unfurnished. Of this figure 1815 are exempt and out of the remaining dwellings 869 (28% of the vacant dwellings and 0.55% of the total number of dwellings) had been unoccupied and substantially unfurnished for more than 12 months

The table below gives details of how the 869 long term empty properties are split over the parishes within the city and their bands.

Admin Unit Name	Properties	A	B	C	D	E	F	G	H	I
Adamsdown	34	1	6	13	8	2	0	2	1	1
Butetown	31	3	1	2	9	12	2	2	0	0

Riverside	37	0	9	16	8	3	1	0	0	0

CARDIFF COUNCIL

Equality Impact Assessment Corporate Assessment Template

Roath	109	6	32	22	22	15	8	3	0	1
Rumney	19	0	4	4	5	4	2	0	0	0
Splott	32	2	6	8	16	0	0	0	0	0
St Fagans	8	0	0	0	0	3	0	1	3	1
Thornhill	5	0	0	0	4	1	0	0	0	0
Tongwynlais	2	0	0	0	1	1	0	0	0	0
Tremorfa	7	0	1	6	0	0	0	0	0	0
Trowbridge	11	2	0	1	3	3	1	0	0	1
Whitchurch	27	0	0	6	5	10	3	2	1	0
	869	24	140	176	198	181	83	38	10	19

The spread of long term empty property across the parishes seems to be a fairly even one given the size of each parish. Grangetown and Roath are larger parishes hence the higher volume of long term empty dwellings.

A determination by a local authority to charge a premium under section 12a of the Local Government Finance Act 1992 must be made by full Council. The Welsh Government has also stated that a local authority should give consideration to engagement and consultation with key stake holders, including the local electorate, before taking a decision as to whether or not to charge a premium.

Therefore the Council has undertaken an on line consultation exercise from 14th December 2018 to 14th January 2019

Responses were received from over 500 different stake holders including residents, businesses and landlords, the overwhelming majority (85.7%) of which believe that empty properties are an eyesore.

71% of the responders felt that a council tax premium of 50% or more should be charged on long term empty dwellings with a full 100% council tax premium being the most popular choice of all of the options given (43%).

63.8% of the responders indicated that a premium should be charged after a property has been left unoccupied and largely unfurnished for a period of a year

5. Summary of Actions [Listed in the Sections above]

Groups	Actions
Age	None
Disability	None
Gender Reassignment	None
Marriage & Civil Partnership	None
Pregnancy & Maternity	None
Race	None
Religion/Belief	None
Sex	None
Sexual Orientation	None
Welsh Language	None
Generic Over-Arching [applicable to all the above groups]	None

6. Further Action

Any recommendations for action that you plan to take as a result of this Equality Impact Assessment (listed in Summary of Actions) should be included as part of your Service Area's Business Plan to be monitored on a regular basis.

7. Authorisation

The Template should be completed by the Lead Officer of the identified Function and approved by the appropriate Manager in each Service Area.

Completed By : Mike Taylor	Date:
Designation: Council Tax Manager	18 th January 2019
Approved By: Gary Watkins	
Designation: Revenues Services Manager	
Service Area: Resources	

7.1 On completion of this Assessment, please ensure that the Form is posted on your Directorate's Page on CIS - *Council Wide/Management Systems/Equality Impact Assessments* - so that there is a record of all assessments undertaken in the Council.

**CARDIFF COUNCIL
CYNGOR CAERDYDD**

COUNCIL:

28 FEBRUARY 2019

CABINET PROPOSAL

CORPORATE PLAN 2019-22

Reason for this Report

1. To enable the Cabinet to consider the draft Corporate Plan for 2019-22 and recommend it to Council for approval.

Background

2. The Corporate Plan forms part of the strategic policy framework set out in the Council's Constitution and is considered annually by the Council. The document outlines the organisation's strategic policy priorities and forms part of the required statutory improvement framework as it discharges the Council's current obligations under the Local Government (Wales) Measure 2009 to publish a stage one plan, which sets out how the Council plans to achieve its priorities for improvement. The Plan also discharges the Council's responsibilities under the Well-being of Future Generations (Wales) Act 2015.
3. In July 2017, the Cabinet approved a new policy programme for the next five years, entitled 'Capital Ambition', which sets out the Administration's principles, priorities and ambitions for the city. This includes the following four priorities, each of which contains a series of 'commitments for Cardiff' covering a wide-range of Council services:
 - **Working for Cardiff** – Making sure that all our citizens can contribute to, and benefit from, the city's success.
 - **Working for Wales** – A successful Wales needs a successful capital city.
 - **Working for the Future** – Managing the city's growth in a sustainable way.
 - **Working for Public Services** – Making sure our public services are delivered efficiently, effectively and sustainably in the face of the rising demand and reducing budgets.
4. On 14 December 2017, the Cabinet approved the establishment of a 4-year Capital Ambition Delivery Programme, with corresponding corporate governance and performance management arrangements, to support the implementation of the Administration's agenda and to refocus services to meet the challenges faced by the Council and the city's wider public services. This sets out how the Administration's priorities for Cardiff will

be achieved, providing clarity on *what* will be delivered, and *by when*. The Corporate Plan usually covers a 3-year period and is subject to an annual refresh.

Issues

Corporate Priorities

5. To ensure that the Council's resources support the delivery of the Administration's new priorities, a new Corporate Plan for 2019-22 has been developed in tandem with the process for developing and setting the Council's budget for 2019/20. A copy of the draft Corporate Plan 2019-22 is attached as **Appendix A** to this report.
6. This has taken place in the context of sustained and severe financial pressures within public services. The Council is facing an estimated budget reduction requirement of £35.2m in 2019/20 and a projected budget gap of £92.9m over the next three years from 2019/20 to 2021/22. This is in addition to £145m in budget savings which have been achieved over the past five years.
7. The Corporate Plan 2019-22 will be supported by Directorate Delivery Plans, which will set out in greater detail how objectives will be delivered, as well as how directorate business will be taken forward. These key business planning documents will be supported by a significantly strengthened Performance Management Framework.

Well-being Objectives

8. The Well-being of Future Generations (Wales) Act 2015 places a duty on public bodies to carry out sustainable development which means that the Authority must set and publish well-being objectives, supported by a well-being statement, which make progress towards meeting the seven national well-being goals that are set out below:
 - A prosperous Wales
 - A resilient Wales
 - A healthier Wales
 - A more equal Wales
 - A Wales of cohesive communities
 - A Wales of vibrant culture and thriving Welsh Language
 - A globally responsible Wales
9. The Council must also act in accordance with the 'sustainable development principle' by embedding the following five ways of working:
 - Long Term
 - Prevention
 - Integration
 - Collaboration
 - Involvement

10. The Corporate Plan 2019-22 has been developed in accordance with the statutory requirements of the Well-being of Future Generations (Wales) Act 2015. It takes account of the Well-being Plan for Cardiff that has been developed by the Cardiff Public Services Board (PSB) in accordance with the statutory requirements of the Well-being of Future Generations (Wales) Act 2015.
11. The Corporate Plan and the Well-being Plan are key documents in delivering Capital Ambition and translating the Administration's priorities into deliverable organisational objectives. The Corporate Plan focuses on the issues and services that the Council has prioritised and the Well-being Plan focuses on areas of collaborative advantage in the delivery of public services in the city.
12. The Council must agree and publish Well-being Objectives that are designed to maximise the Council's contribution to achieving each of the seven national well-being goals. In accordance with the development of the draft Well-being Plan, Cardiff Council has adopted the same seven Well-being Objectives as the Cardiff PSB:
 - Cardiff is a great place to grow up
 - Cardiff is a great place to grow older
 - Supporting people out of poverty
 - Safe, confident and empowered communities
 - A capital city that works for Wales
 - Cardiff grows in a resilient way
 - Modernising and integrating our public services
13. These Well-being Objectives demonstrate what public services in Cardiff want to achieve, reflect their shared aspirations and the common understanding of the challenges facing the city. The Council must also publish a 'statement' about its well-being objectives at the same time as the objectives are published. Both requirements are discharged through the Corporate Plan.
14. An integrated corporate approach has been developed in order to combine the Council's Well-being and Improvement Objectives. This has been based on a comprehensive audit and self-assessment by directorates, which was undertaken to explore the extent to which the directorates contribute to each of the Well-being Goals, what more could be done and what further action could be taken to make progress towards the goals. Following on from this exercise, a number of steps or actions have been developed, supported by appropriate performance indicators, in order to measure progress.
15. Both the Council and the Cardiff PSB will measure progress towards achieving the Well-being Objectives using the same indicators of city performance. This will enable partners in Cardiff to keep track of how the city is performing and help demonstrate Cardiff's contribution towards achieving the Welsh Government's aims to improve well-being nationally.

Corporate Plan Development

Self-Assessment

16. Each directorate undertook a self-assessment of the steps and Key Performance Indicators (KPIs) included in the Corporate Plan, drawing on the statutory Annual Well-being Assessment that was approved by Council in October 2018, Quarterly Performance Reports and any other relevant performance literature, such as reports of the Council's Scrutiny Committees or statutory regulators. This formed the basis for, where necessary, amending and updating the Corporate Plan.
17. The Corporate Plan 2019-22 includes a basket of performance measures with clear targets, which consist of a mixture of (statutory) National Strategic Indicators (NSIs) and Public Accountability Measures (PAMs), as well as "Local" indicators selected for their particular relevance to directorates. The Council will continue to recognise the importance of statutory indicators and respond to the demands of the external performance landscape; however, an emphasis will also be placed on selecting measures of success which are relevant for Cardiff.
18. A Performance Target Setting Summary for 2019/20 (**Appendix B**) has also been developed, which provides details of past performance targets and results to enable trend analysis; benchmarking information on the Council's relative position (where available), and the proposed targets for 2019/20. It is proposed that authority be delegated to the Chief Executive, in consultation with the Leader of the Council, to make any consequential amendments to the data following publication of the 2018/19 Quarter 4 performance results.

Public Consultation

19. The development of the Corporate Plan 2019-22 has been informed by the findings of the annual Ask Cardiff survey and the budget consultation process for 2019/20.

Policy Development Workshop

20. A cross-public service workshop was held on 20 December 2018 involving representatives from other public service providers in Cardiff. The workshop provided an opportunity to review the Council's corporate policy priorities in the context of long term city wide trends and consider if there were any strategic gaps not addressed by the Plan. The session was also an opportunity to consider the requirements of a number of statutory impact assessments, which included, but was not limited to, a focus on Equality Impact Assessment, Health Impact Assessment, Welsh Language Assessment and Environmental Impact Assessment.
21. The workshop facilitated a detailed consideration of the Plan by lead policy officers from within the Council and across the public sector. This approach allowed for a broad range of practitioners to help shape the Corporate Plan at an early state of policy development. In this way, the approach sought to exemplify the aims of the Well-being of Future

Generations (Wales) Act 2015 and impact assessment tools by enabling a detailed consideration of all identified policy issues with the right partners.

Well-Being Objectives

22. Each individual Well-being Objective contained in the Corporate Plan has been the focus of a formal discussion between Cabinet Members and Directors with responsibility for delivery. This has allowed the political and managerial leadership of the Council to consider the progress made against the Well-being Objectives and to ensure the sustainable development principles of collaboration, integration and involvement – as identified by the Well-being of Future Generations (Wales) Act 2015 – characterised the approach. Each session was also attended by the Leader of the Council and Cabinet Member for Finance, Modernisation & Performance to ensure that a clear corporate overview was provided.

Engagement with the Council's Scrutiny Committees

23. The Council's Policy Review and Performance Scrutiny Committee has been involved throughout the development of the Corporate Plan 2019-22. The Committee considered an early draft of the Corporate Plan on 16 January 2019, which included the proposed objectives and performance measures.
24. The KPIs and the proposed targets contained in the draft Corporate Plan 2019-22 were also considered by the Policy Review and Performance Scrutiny Committee's Performance Panel on 11 February 2019, which was also attended by the Chairs of the other Scrutiny Committees. This session provided an opportunity for the proposed targets to be challenged and cross-scrutiny committee observations to be fed into the target setting process ahead of formal pre-decision scrutiny of the draft Corporate Plan 2019-22 in February 2019. It was also considered by the Committee's Chair to be '*a significant step forward in facilitating scrutiny impact on the Council's strategic planning processes*' with an "*unprecedented*" level of engagement.
25. A copy of the draft version of the Corporate Plan 2019-22 and/or extracts detailing various steps and performance indicators relevant to each committee were considered formally by the Council's five Scrutiny Committees at meetings held on 18-20 February 2019. This enabled consideration of the draft Corporate Plan 2019-22 alongside the Cabinet's draft budget proposals for 2019/20. Copies of the letters received from each of the Scrutiny Committee Chairs following those meetings are compiled within **Appendix C** to this report.
26. A copy of the Corporate Plan 2019-22 will be published on the Council's website by 1 April 2019 and, as in previous years, an interactive and more accessible version of the Corporate Plan that communicates the Council's priorities and objectives will also be provided.

Directorate Delivery Plans

27. The “business as usual” and more service focused commitments will be included in Directorate Delivery Plans to be prepared by Q1 2019. The Directorate Delivery Plans will continue to provide an important link between the Corporate Plan, the work of directorates and the objectives set for individual employees. Directorate Delivery Plans will also further integrate financial and service planning, more detailed action about progressing Corporate Plan well-being and improvement objectives, as well as details of other important activities not included in the Corporate Plan. A Balanced Scorecard approach is also intended to provide a sharper focus on the key issues.
28. In addition, Directorate Delivery Plans will provide clear lines of responsibility, increased accountability and be subject to effective management challenge and scrutiny. This will ensure that team and individual employee objectives are aligned with Council’s key strategic priorities. This will support the Council’s continued drive to improve compliance with organisational performance management requirements, including Personal Reviews. In this way, the Council will maintain an overview and manage the key organisational functions of:
 - identification and delivery of priorities;
 - service and financial planning;
 - timely performance management integrating financial and service performance; and
 - objective setting for, and performance of, individual members of staff.

Reason for Recommendations

29. To enable the Corporate Plan 2019-22 to be considered by the Council on 28 February 2019 and published thereafter by 1 April 2019, subject to any consequential amendments that may be required.

Financial Implications

30. This report sets out the Council’s Corporate Plan for the period up until 2022. Implementing these strategic priorities and improvement objectives are in accordance with the amounts set out in the 15 February 2019 Budget Report which includes both revenue and capital budgets for 2019/20, the indicative Medium Term Financial Plan for the period up to 2023/24 and the indicative Capital Programme for the period up until 2023/24.
31. Some of the objectives contained in this report will be subject to further detailed reports which will be accompanied by a robust business case. The plan clearly identifies the demand and financial pressures within which the Council is operating in terms of both revenue and capital budgets with associated impact on the level of borrowing. The detailed reports and business cases will need to include sufficient financial detail in order to set out the full and robust financial implications as well as be fully informed of associated risks with particular regard to likelihood and value of funding from external sources such as Welsh Government is particularly the case for proposals, which have yet to be developed to be included in the current budget proposals. These proposals will

need to be fully appraised for the financial impact, affordability and considered as part of the Council's Medium Term Financial Plan for future years.

Legal Implications

32. As noted in the body of the report, the Corporate Plan outlines the Council's strategic policy priorities and its plans to achieve its priorities for improvement (in discharge of the statutory improvement duties set out under Part 1 of the Local Government (Wales) Measure 2009). The Plan also fulfils the Council's statutory duties under the Well-being of Future Generations (Wales) Act 2015 (WBFG Act) with regard to the publication of Well-Being Objectives and a Well-Being Statement, as detailed in the body of the report. Decision makers must be satisfied that the Well-Being Objectives, as set out in the Corporate Plan, will contribute towards achievement of the statutory Well-Being Goals (listed in paragraph 8 of the report); and note that once the Well-Being Objectives have been set, decision makers must have regard to the same, and must be satisfied that all reasonable steps have been taken to meet those Objectives.
33. The duties imposed on the Council under the WBFG Act include a duty to act in accordance with the 'sustainable development principle', which is defined as meaning that the Council must act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs. Put simply, this means that Council decision makers must take into account the impact of their decisions on people living their lives in Wales in the future. There are a number of factors which the Council must take into account in this regard, specifically, decision makers must:
- Look to the long term;
 - Focus on prevention by understanding the root causes of problems;
 - Deliver an integrated approach to achieving the seven well-being goals;
 - Work in collaboration with others to find shared sustainable solutions; and
 - Involve people from all sections of the community in the decisions which affect them.
34. Decision makers must be satisfied that the Council's formulation of the Corporate Plan is compliant with the sustainable development principle, having regard to the factors above. In considering the requirements of the WBFG, due regard must be given to the Statutory Guidance issued by the Welsh Ministers, which is accessible using the link below: <http://gov.wales/topics/people-and-communities/people/future-generations-act/statutory-guidance/?lang=en>
35. Effective consultation is required for lawful decision making on policy matters, and the Local Government (Wales) Measure 2009 and the WBFG Act impose express consultation requirements. The report sets out the consultation undertaken in fulfilment of the Council's duties in this regard.

36. In considering this matter, the Council must also have regard to its public sector duties under the Equality Act 2010. The Council's decisions must have due regard to the need to: (a) eliminate unlawful discrimination; (b) advance equality of opportunity; and (c) foster good relations on the basis of the protected characteristics defined in the Act. The protected characteristics are:

- Age
- Gender reassignment
- Sex
- Race – including ethnic or national origin, colour or nationality
- Disability
- Pregnancy and maternity
- Marriage and civil partnership
- Sexual orientation
- Religion or belief – including lack of belief

37. The Corporate Plan is part of the Policy Framework, which is comprised of the key policies and strategies listed in Article 4.2 of the Constitution. The Cabinet is responsible for recommending any policy, plan or strategy which forms part of the Policy Framework, to full Council. The decision on whether to adopt the draft Corporate Plan is a matter for full Council.

CABINET PROPOSAL

Council is recommended to

1. approve the Corporate Plan 2019-22
2. delegate authority to the Chief Executive, in consultation with the Leader of the Council, to make any consequential amendments to the Corporate Plan 2019-22 (Appendix A) following consideration by Council on 28 February 2019 and prior to publication by 1 April 2019; and
3. delegate authority to the Chief Executive, in consultation with the Leader of the Council, to make any consequential amendments to the Performance Target Setting Summary 2019/20 (Appendix B) following publication of the 2018/19 Quarter 4 performance results.

THE CABINET

21 February 2019

The following Appendices are attached:

Appendix A: Corporate Plan 2019-22

Appendix B: Performance Target Setting Summary 2019/20

Appendix C: Letter(s) received from Chair of Policy Review and Planning Committee following consideration of the draft Corporate Plan 2019-22

Delivering Capital Ambition

Cardiff Council Corporate Plan 2019-22

Mae'r ddogfen hon ar gael yn Gymraeg hefyd /
This document is also available in Welsh

WORKING FOR CARDIFF,
WORKING FOR YOU
Tudalen 95

Leader's Introduction

My Administration was elected by the people of Cardiff with a commitment that every citizen – regardless of their creed, race, gender, or inherited wealth – should have the chance to fulfil their potential, and play a full part in the life of our city.

A commitment to continuing Cardiff's remarkable regeneration journey and fulfilling our capital city responsibilities as the economic, cultural and political powerhouse of Wales. This is more important than ever because, as the UK prepares to leave the European Union, Cardiff must reassert its longstanding position as an open and outward-looking capital city connecting Wales and the world.

A commitment to closing the gap between the richest and poorest communities, be it by narrowing the attainment gap in our schools, narrowing the gap in youth and long-term unemployment, or tackling the health inequalities that mean that people in our poorest communities are dying nearly ten years earlier than those in more affluent areas.

In short, a commitment to making sure that each and every citizen has the chance to both contribute to, and benefit from, our city's success.

In Capital Ambition we set out our policy agenda for making this happen. This plan provides a detailed programme of delivery.

It sets out our plans for continuing the improvement of education in Cardiff, a top priority for young people in Cardiff and for my Administration. From being at the bottom of the class at the turn of the decade, GCSE results are now above the national average and, crucially, the gap in attainment between the results of children from our richest and poorest communities is closing year-on-year.

Amongst the most important commitments in this plan are those for supporting our city's most vulnerable children and families. For those young people in care, you have my commitment that we will do everything in our power to give you the support you need to fulfil your potential. I believe that over the decade ahead our schools can be the best in Wales, and our capital can be the best city in Britain in which to grow up. Our young people deserve no less.

This plan details how we are supporting older people, particularly those who are suffering ill health, by continuing our work to join up our care services. This will mean working with hospitals and GPs to ensure we all act as one system of support, focused on keeping people happy and healthy, living in their own homes and local communities, for as long as possible.

It describes how we will enhance our successful Community Hubs programme which brings together a wide range of highly-valued services within the locality, recognising the need to ensure local public services

are delivered as one integrated offer. This is crucial in helping to keep our streets safe and clean and our communities cohesive, confident and welcoming places to live.

The plan makes clear how we are protecting the most vulnerable people in our city, finding both immediate and lasting solutions for those people who are homeless, and the small number of people – particularly children and women – who through no fault of their own are subject to abuse, violence and exploitation.

More broadly, we set out a detailed approach to delivering the houses and communities needed to support Cardiff's rapidly increasing population. I am particularly pleased that, with the keys to the first Council houses built in Cardiff in years now being handed over to tenants, our radical programme for housing delivery is providing high-quality and affordable homes for more and more people. Crucially, the city's growth will be supported by ambitious plans to overhaul our city's transport system so that it is fit for a city of a half a million residents that Cardiff will be in a generation's time.

Of course, all of this requires a strong economy. In partnership with the private sector we will build on the momentum that has seen 25,000 new jobs created in the city over the last five years, placing a sharp focus on making sure that these are accessible to all our citizens, and wherever possible, pay the Real Living Wage.

All this will be underpinned by a comprehensive programme of modernisation using digital technologies to improve public services, investing in our buildings and, most importantly of all, supporting our workforce that delivers public services in our city, each and every day.

We do not underestimate the challenge of delivering this agenda at a time of continuing public sector austerity. And we are honest about the fact that the Council does not control all the levers that will influence Cardiff's success, most especially amidst the continuing uncertainty of Brexit. But we are determined that our services must make a positive difference to the lives of our citizens, across all aspects of city life, from the earliest years of a child's life to the care and support we rely upon in our later years. Our ambition is to continue to improve these services, and this plan sets out how we will do just that.

Cllr Huw Thomas

Leader of Cardiff Council

Capital Ambition Priority 1: Working for Cardiff

- 1.1 Cardiff is a great place to grow up Page 08
- 1.2 Cardiff is a great place to grow older Page 17

Capital Ambition Priority 3: Working for the Future

- 3.1 Cardiff grows in a resilient way Page 42

Capital Ambition Priority 4: Working for Public Services

- 4.1 Modernising and integrating our public services Page 51

Capital Ambition

To outline its ambitions for the city, the Council's Administration set out a policy programme for the five years from 2017 to 2022, entitled 'Capital Ambition'. Capital Ambition identifies four priorities:

- **Working for Cardiff:** Making sure that all our citizens can contribute to, and benefit from, the city's success.
- **Working for Wales:** A successful Wales needs a successful capital city.
- **Working for the Future:** Managing the city's growth in a sustainable way.
- **Working for Public Services:** Making sure our public services are delivered efficiently, effectively and sustainably in the face of the rising demand and reducing budgets.

Delivering Capital Ambition

Delivering Capital Ambition, the Council's Corporate Plan, sets out how the Administration's priorities for Cardiff will be achieved, providing clarity on what will be delivered, and by when.

In accordance with the requirements of the Well-being of Future Generations (Wales) Act, *Delivering Capital Ambition* sets out Cardiff's Well-being Objectives, the steps it will take to achieve them and how we measure progress.

Glossary of Terms

- **Well-being Objective:** sets out what the Council wants to achieve
- **Outcome Indicator:** a measure of city-wide performance
- **Steps:** what the Council will do, and by when, to help achieve each Well-being Objective
- **Key Performance Measures:** measures of operational performance that indicate if the steps the Council are taking are effective
- **Target:** sets out a numerical value on Key Performance Measures to be achieved
- **Budget Setting Process:** how the Council will ensure that resources are allocated annually for the purpose of taking steps to meet its Objectives
- **Self-Assessment:** a process that directorates undertake to help shape Well-being Objectives and identify the steps for inclusion in *Delivering Capital Ambition*

Setting Well-being Objectives

The Well-being Objectives were set following a self-assessment process undertaken by each directorate. This process was designed to ensure that each directorate had due regard to the sustainable development principle by encouraging a consideration of the five ways of working:

- **Long term:** The Objectives and steps in this plan were informed by the Well-being Assessment 2017, the Population Needs Assessment and work on Future Trends undertaken by the Cardiff Public Services Board.
- **Prevention:** Drawing on the evidence, our Objectives and steps are designed to tackle both the immediate demand pressures on public services and the root causes of these pressures, most importantly through tackling poverty and inequality.
- **Collaboration:** The Well-being Objectives in this plan were developed in close collaboration with our public service partners, and the Cardiff Public Services Board has adopted the same seven Well-being Objectives in its Well-being Plan, reflecting our shared aspirations and the common understanding of challenges facing the city.
- **Integration:** The Well-being Objectives cut across departmental silos, focussing on what all Council services can do to improve the well-being of the people of Cardiff, and contribute to the seven national Well-being Goals.
- **Involvement:** In developing the Well-being Objectives we have drawn on the results of the Ask Cardiff citizen survey – which received over 4,500 responses – and on focus groups with 'seldom heard' groups.

The Council's Policy Framework

Capital Ambition sets out the Administration's policy agenda, focused on four priorities. The Corporate Plan and the Well-being Plan are key documents in delivering Capital Ambition, as they translate the Administration's priorities into deliverable organisational objectives.

- **Corporate Plan:** focuses on the issues and services which the Council has prioritised.
- **Well-being Plan:** focuses on areas of collaborative advantage in the delivery of public services. Both the Council and the Public Services Board will measure progress towards achieving the Well-being Objectives using the same indicators of city performance. Not only will this enable partners in Cardiff to keep track of how the city is performing, it will also help demonstrate Cardiff's contribution towards achieving the Welsh Government's aim of improving well-being nationally.

Contribution to National Well-being Goals

The Welsh Government has set out national Well-being Goals. Cardiff Council and the Cardiff Public Services Board have agreed local Well-being Objectives, which are complementary with the national Well-Being Goals. In order to measure Cardiff's progress towards achieving the seven Well-being Objectives, a series of high-level outcome indicators were selected which provide objective measures of the city's performance.

Outcome indicators are high-level indicators which measure long-term trends. They provide an overview of the city's performance, both over time and relative to other cities and Local Authorities. The trends they measure are difficult to influence directly and no single body or organisation can be held accountable for delivering them. Because both Cardiff Council and the Cardiff Public Services Board are working towards the same seven Well-being Objectives, it was agreed that the Council and the Public Services Board should adopt a complementary set of indicators when measuring progress against the Well-being Objectives.

Delivering Capital Ambition focuses on those outcome indicators most relevant to the Council, with most of the data sets allowing Cardiff's contribution to national performance to be tracked and measured.

A full set of outcome indicators is published annually by the Cardiff Public Services Board, most recently in the [Cardiff in 2018](#) report, which provides an annual snapshot of how the city is performing.

Cardiff in 2019: Fast Growing and Changing Demography

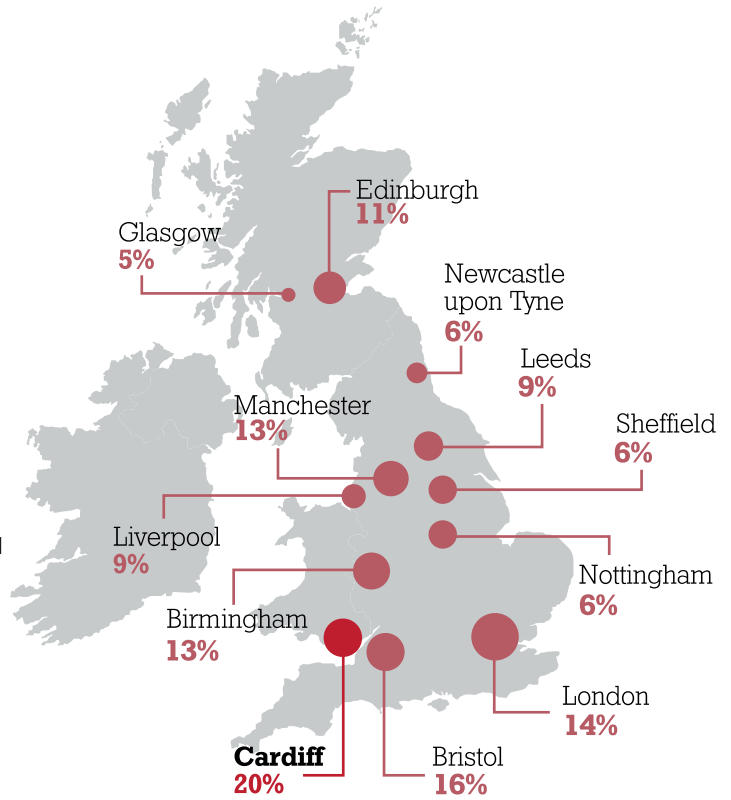

Over the last decade Cardiff grew by around 11%, or 34,600 people, and this growth is set to continue, with the Welsh capital projected to be the fastest-growing major British city.

Cardiff is also by far the fastest-growing Local Authority in Wales. Over the next 20 years the capital city is set to see a larger growth in population than the other 21 Local Authorities in Wales put together.

That so many people are choosing to live and work in Cardiff is good news, but it will strain our city's infrastructures and put new demands on our public services.

This is because the city's population growth will not be spread evenly across age groups. For example, the expected 24% increase in school age children over the next 20 years will mean that more school places and more teachers will be needed.

Similarly older people – particularly those over 85 years old whose numbers are expected to nearly double in the next 20 years – are more likely to need to go to hospital or the GP surgery, or need help from social care services.

Projected Population Growth 2018-2038

Projected Population Growth 2018-2038 by age group

An unequal city

The gap between rich and poor in the city is too wide, and it is growing. For example, unemployment rates in Ely are around fifteen times higher than those in Lisvane.

Differences in health outcomes are even more pronounced, with a healthy life expectancy gap of between 22 and 24 years between the most and least deprived communities and mortality from, for example, heart disease seven times higher in Riverside than it is in Thornhill.

In fact, if the 'Southern Arc' of Cardiff, from Ely in the West to Trowbridge in the East, was considered a single Local Authority, it would be far and away the most deprived in Wales. This deprivation damages too many lives, it places pressure on public services and it breaks the bonds that help to create a strong society.

Percentage of population living in 10% Most Deprived Areas of Wales, 2014

No end to austerity

At the same time as a rapid growth in demand, the city's public services have been enduring a long period of financial austerity.

During the past ten years the Council has made almost a quarter of a billion pounds in cumulative savings, and reduced the number of its non-school staff by 22%.

Looking ahead, the Council must close a budget gap of £105m over the next four years. This is the gap between the

amount of funding available to the Council and the amount needed to maintain services for a fast-growing population. This means that there is no end to austerity in sight for public services in Cardiff. It will also mean that, in the medium term, the amount of funding available for 'non-statutory' services like parks, libraries or waste collection will make their continued delivery very challenging.

Well-being Objective 1.1:

Cardiff is a great place to grow up

For many children and young people in our city, Cardiff is a great place to grow up. Education provision and the achievements of learners are both improving, and the city offers a wealth of opportunities in sports, business, leisure and culture. In view of rapid changes in economy and society, the city will continue to face many opportunities which will call on the collective commitment and resolve of all partners in delivering our future ambitions.

The performance profile in the city has notably improved over the past five years, reflecting the focus on education as a key component of the Council's Capital Ambition. In 2017/18, Cardiff schools are performing well across a wide range of performance indicators at all Key Stages. This positive picture nevertheless contains aspects requiring further improvement. We will need to continue the focus on addressing inequality in achievement, participation and progression.

Measuring Progress against the Well-being Objective: Outcome Indicators

Improving City Performance: Achievement in Primary Schools

Percentage of Key Stage 2 Pupils Achieving the Expected Level (L4+) in the Core Subject Indicator, 2010-2018

Source: Welsh Government

Improving City Performance: Achievement in Secondary Schools

Average Capped 9 Points Score, 2018

The Capped 9 points score measures a learner's results for nine of the qualifications available in Wales. The nine qualifications measured will include the learners' results for five specified subject areas; English/Welsh, Maths/Numeracy, two sciences and the Welsh Baccalaureate. The remaining four results will be based on the best grades from the other qualifications. It is considered a more inclusive measure of performance.

National School Categorisation:

The National School Categorisation System aims to provide a clear structure to review how well a school is performing.

Source: Welsh Government

Progress Made

- **New schools have been opened across the city** – Gabalfa Primary School, Howardian Primary School, Ysgol Gymraeg Glan Ceubal and Ysgol Gymraeg Glan Morfa all opened in September 2018. Eastern Community Campus, the new partnership between Eastern High School and Cardiff & Vale College, was officially opened in April 2018.
- **GCSE results improved again last year and are above the national average.** This is consistent with the strengthening pattern of provision as reflected in Estyn inspections and categorisation during the previous school year.
- **The attainment gap between pupils in receipt of free school meals and those not continues to close** with the

gaps at the end of Key Stages 2 and 4 now both less than the Welsh average.

- **The ‘Cardiff Commitment’ is helping to ensure that every child has access to training, employment, or further education when leaving school.** Over 200 businesses have engaged to date and 120 have made specific pledges to support schools and young people.
- **A new preventative support service for children and families** is being developed and implemented at pace.
- **The Child Friendly Cardiff Strategy has been launched,** charting the path towards becoming a UNICEF accredited Child Friendly City by 2022.

Priorities for 2019/20

Every School in Cardiff is a Great School

Education remains the top priority for young people in Cardiff, the most vital investment into the city’s economy and the surest route out of poverty for our city’s children and young people.

The performance of schools in Cardiff has improved consistently over the past five years. Results for 2017/18 show that Cardiff schools are performing well across a wide range of performance indicators at all Key Stages. In addition to improving overall attainment at Key Stage 2 and Key Stage 4, the gap in attainment, between those eligible for free school meals and those not, has also narrowed, most significantly at the end of primary school.

These improvements are testament to the good work taking place in schools across Cardiff, and will have changed the lives of many young people for the better. We want to see similar gains over the years ahead, and looking to the long term, we will work with schools to embed the new curriculum and to develop, in partnership, a new vision for learning in the city ‘Cardiff 2030.’

To support this we will continue to deliver our £450m investment programme into building new schools, while continuing to upgrade the quality of school buildings across the city, enhancing capacity and improving the city’s teaching and learning environment, particularly in our most deprived communities.

Despite the undoubted progress, there is still much to do to fulfil the ambition for all children and young people to attend a great school and be provided with every opportunity to succeed. Foremost among these is the need to improve educational attainment for key groups of vulnerable young people, including those educated other than at school and

those children currently in care, and to continue to close the socio-economic gap in educational attainment. This plan contains focussed programmes of work to ensure that this happens and that all children and young people in Cardiff can realise their potential.

Becoming a Child Friendly City

Through delivering the Child Friendly Cardiff Strategy we will put the voices, priorities and rights of children and young people at the heart of our policies and strategies, and find new ways to involve young people in the big decisions about their lives, their public services and the city’s future.

Supporting Vulnerable Children and Families

Outcomes for vulnerable children, and particularly for those who enter the care system, are too low, with the impact felt through the life of the child and across the city’s public services. Across the UK, a steep rise in the number of children needing protection is placing huge pressure on local Councils. Cardiff is no exception, with the number of Children Looked After having risen by 62% over the last seven years.

This plan commits to the delivery of transformational change across the child’s journey through a comprehensive programme of interventions to better support vulnerable children and families. This will include the delivery of a new integrated early help and prevention service for children and families designed to reduce the impact of adverse childhood experiences. This plan also contains commitments to increase the range of available placements so that those children who are put into care, where appropriate, are able to retain their support network including family, friends and school.

What we will do to make Cardiff a great place to grow up

Steps	Lead Member	Lead Directorate
Promote and fulfil children’s rights by building a Child Friendly City in partnership with UNICEF UK between 2018 and 2021.	Cllr Sarah Merry	Education & Lifelong Learning
Deliver the new schemes within the £284m ‘Band B’ programme of school investment between April 2019 and 2024 to: <ul style="list-style-type: none"> • Increase the number of school places available; • Improve the condition of school buildings; • Improve the teaching and learning environment. 	Cllr Sarah Merry	Education & Lifelong Learning
Deliver a strengthened programme of academic and vocational provision for learners educated outside of mainstream settings to improve learner outcomes during the academic year 2018/19 and beyond.	Cllr Sarah Merry	Education & Lifelong Learning
Reshape and enhance specialist provision and services for pupils with additional learning needs to ensure sufficient, high-quality provision is available to meet the current and projected need from 2018 to 2022.	Cllr Sarah Merry	Education & Lifelong Learning
Support Cardiff schools to move towards a new curriculum, and to respond to new qualification and assessment frameworks , with effect from Autumn 2019 until 2022.	Cllr Sarah Merry	Education & Lifelong Learning
Address the maintenance backlog in schools, as part of a wider programme of Asset and Estate management , targeting increased investment in schools that require priority action by March 2020.	Cllr Sarah Merry & Cllr Russell Goodway	Education & Lifelong Learning, and Economic Development
Support young people into education, employment or training by delivering the Cardiff Commitment , with a focus during the academic years 2018/19 and 2019/20 upon: <ul style="list-style-type: none"> • Creating school/business partnerships that target skills development in the key economic growth sectors of the Cardiff Capital Region; • Introducing targeted programmes of support and mentoring for young people; • Rolling out the ‘Open Your Eyes’ careers week to seven secondary school clusters. 	Cllr Sarah Merry	Education & Lifelong Learning, and Economic Development
Launch the ‘Cardiff 2030 strategy for Education’ by December 2019.	Cllr Sarah Merry	Education & Lifelong Learning

Number of people supported by the Family Support Team.	No target

Well-being Objective 1.2:

Cardiff is a great place to grow older

Our ambition is for Cardiff to be a great place to grow older, where older people are empowered, healthy and happy, making valuable contributions to community life and the city economy, supported by excellent public and community services.

As the city grows, and life expectancy continues to increase, the number of older people living in Cardiff aged between 65 and 84 is expected to rise significantly; 40% in the next 20 years. The number of people aged 85 and older is also expected to nearly double by 2038. Though the majority of older people are in good health, increased life expectancy has meant a greater number of people suffering from ill health in later life and relying ever more on public services. To meet this challenge, the Council is working with partners to manage demand by joining up social care, health and housing, with the goal of keeping people happy and healthy, living in their own homes and local communities, for as long as possible.

Measuring Progress against the Well-being Objective: Outcome Indicators

Improving City Performance: Health in older people

Source: Public Health Wales

Improving City Performance: Quality of Local Social Care Services

Source: National Survey for Wales, Welsh Government

Progress Made

- **The number of people receiving domiciliary care is at its lowest since December 2015** demonstrating the positive impact of joined-up, preventative work.
- **100% of clients felt able to live independently in their homes** following support from Independent Living Services and the average number of calendar days taken to deliver a Disabled Facilities Grant is better than targeted.
- **An integrated model of dementia care**, delivered with partners including the Cardiff & Vale University Health Board, is being implemented at the refurbished **Grand Avenue Day Centre, which opened in October 2018.**
- **A first falls clinic to support people to remain independent at home** opened in October, delivered through the Health and the First Point of Contact teams.

Priorities for 2019/20

Joining up Social Care, Health and Housing Services

To meet the demand pressures of an aging society, we are re-focussing investment on helping prevent hospital admissions, accelerating safe hospital discharge and promoting independent living. We know that this is what older people and their families prefer, that it saves money across the city's public services, and most importantly, that it delivers better health outcomes.

This plan commits to accelerating our proven approach to integrated working across public services, including greater join-up across our public services and through aligning our resources and services at a community level, allied to the delivery of the new Older Persons Housing Strategy and the programme of work to refurbish Day Centres across the city.

Creating Age-Friendly Communities

Enabling older people to continue to contribute to their communities, developing inter-generational approaches and improving access to community activities can dramatically improve physical and mental health, reducing the risk of falls and of hospital admissions.

Allied to the reform to join up services, this plan commits to an acceleration of community-based preventative action to support older people to live active and independent lives.

Dementia Friendly City

By 2035 it is predicted that over 6,000 people in Cardiff will be living with dementia, up from 3,400 people today. As a Dementia Friendly City the Council is committed to being a city where people with dementia are understood, respected and supported. In practice this will mean creating communities where people with dementia feel active, engaged and valued and public services which understand and respond to the needs of people living with dementia.

What we will do to make Cardiff a great place to grow older

Steps	Lead Member	Lead Directorate
<p>Empower people to remain independent at home and reduce reliance on intensive interventions by preventing hospital admissions, accelerating safe hospital discharge and supporting assisted living. Key activities will include:</p> <ul style="list-style-type: none"> • Commencing a phased implementation of the new model of Community Resource Team, including the Get Me Home Plus Service, to improve and expand the provision to enable people to remain independent at home; • Developing a new way of delivering domiciliary care by March 2021 that fully reflects local and community provision and the priorities of the Older Persons Housing Strategy; • Implementing the ‘Discharge to Assess’ model by March 2021, building on the success of the First Point of Contact (FPoC), enabling more people to be discharged safely through the development of night care services. 	Cllr Susan Elsmore	Social Services
<p>Deliver the Older Persons Housing Strategy to support independent living, fully understanding their housing needs and aligning work between Council and Health Services including:</p> <ul style="list-style-type: none"> • Working to build and refurbish ‘care-ready’ schemes for older people; • Developing an Older Persons & Accessible Homes Unit to provide person-centred information, advice and assistance; • Developing innovative models of care, support and nursing services. 	Cllr Lynda Thorne & Cllr Susan Elsmore	People & Communities
<p>As a Dementia Friendly City, support those affected to contribute to, and participate in, mainstream society by:</p> <ul style="list-style-type: none"> • Undertaking Dementia Friends training across the Authority with the aim of 100% compliance amongst Council staff by April 2021; • Developing e-module training in collaboration with the Alzheimer’s Society that will be delivered through the Cardiff Academy by March 2020; • Encouraging businesses to pledge their commitment to becoming Dementia Friendly by delivering the Council’s awareness and engagement programme; • Developing a dementia-focused website by March 2020 to support those with dementia, carers, families as well as businesses who want to better support those with dementia; • Delivering locality-focused dementia awareness events. 	Cllr Susan Elsmore	Social Services
<p>Address social isolation and enhance quality of life of older people by developing inter-generational working with schools, Hubs, community groups, and private sector partners.</p>	Cllr Susan Elsmore, Cllr Lynda Thorne & Cllr Sarah Merry	People & Communities, and Education & Lifelong Learning

Key Performance Measures

Measures which tell us if the Council is delivering effectively

Managing Demand: Joining up Social Care, Health and Housing

Measure	Target
Adults who are satisfied with the care and support they receive.	80%
Adults reporting that they felt involved in any decisions made about their care and support.	80%
The percentage of clients who felt able to live independently in their homes following support from Independent Living Services.	95%
The percentage of adults who completed a period of reablement and have a reduced package of care and support six months later.	N/A
The number of people who accessed the Community Resource Team.	1,400
The total hours of support provided by the Community Resource Team.	30,000
The percentage of new cases dealt with directly at First Point of Contact (FPoC) with no onward referral to Adult Services.	70% - 80%
The average number of calendar days taken to deliver a Disabled Facilities Grant (from initial contact to certified date).	180
The percentage of Telecare calls resulting in an ambulance being called out.	6% - 10%
The percentage of people who feel reconnected into their community through interventions by the Day Opportunities team.	80%

Measure	Target
The percentage of Council staff completing Dementia Friends training.	40%
The number of businesses pledging their commitment to work towards becoming Dementia Friendly.	40
The number of Dementia Friendly City events held.	200

Well-being Objective 1.3:

Supporting people out of poverty

Making sure that all our citizens are able to contribute to, and benefit from, the city's success is the golden thread running through Capital Ambition. For despite Cardiff's economic growth during the last 30 years, the patterns of poverty and inequality that emerged a generation ago remain. Indeed, if the 'Southern Arc' of Cardiff, from Ely in the West to Trowbridge in the East – an area with a population of over 150,000 people – was considered as a Local Authority area, it would be by far the most deprived in Wales.

A strong economy is vital to tackling poverty, but a focus on job creation alone is not enough. It must go hand-in-hand with concerted efforts to remove the barriers that many people face in getting and keeping a good job, and to improve the quality of employment on offer in the city economy.

Along with the rise in the number of people living in poverty, the rise in those facing destitution and homelessness is one of the most pressing issues facing Cardiff, with the number of those recorded sleeping rough having risen sharply over recent years. Sleeping rough is dangerous and, over the long term, causes severe damage to health: the average life expectancy of a rough sleeper is just 47 years of age, which is over 30 years younger than the general population.

Progress Made

- **The Council has successfully advocated the Real Living Wage** by increasing the number of accredited employers in Cardiff to 84, an increase of 22 in 2018. Almost half of all accredited Living Wage Employers in Wales are based in Cardiff.
- **A new Employment Service has been launched**, bringing together over 40 different services together in a single integrated support service.
- **The Council has supported those affected by Welfare Reform, with over 3,800 people assisted with their claims** since Universal Credit was rolled out in Cardiff in February 2018. In the first nine months of 2018/19, the

Council's Money Advice Team also identified **£10.8million in additional weekly benefit for their clients.**

- **A new Socially Responsible Procurement Policy was launched** in May 2018 designed to help ensure that the Council maximises the benefits for communities through its annual £410 million procurement spend.
- **Last year 204 individuals were supported off the streets and into accommodation** with the Outreach Team working seven days a week. An advocacy service has also been developed to help people with intermittent periods of homelessness.

Priorities for 2019/20

A Living Wage City and Supporting the Foundational Economy

An economy which creates both more and, crucially, better jobs, paying at or above the Living Wage, is vital to tackling poverty. Cardiff Council proudly pays staff the Real Living Wage, providing an honest day's pay for an honest day's work. More broadly, public services in Cardiff employ nearly 46,000 people and contribute over £1bn of spend to the local economy. This plan commits to seek to leverage this spend as effectively as possible for the good of local people and local businesses.

Helping People Into Work

Through our Into Work Service, we have brought over 40 employment services together in one place to help support people to get and keep a good job, whilst also supporting every person and family affected by Welfare Reform and the roll-out of Universal Credit. Over the year ahead we will further enhance the Into Work Service, ensuring that support is available to people to access training and develop the skills they need to succeed in the city's growing economy.

Tackling Homelessness and Rough Sleeping

There is no more striking instance of poverty and inequality than the sight of people sleeping rough on the streets of the nation's capital. What is more, the solution is not as straightforward as offering a roof and a warm bed. With nearly half of those sleeping rough reporting experience of institutional care, substance misuse and other complex needs, delivering lasting solutions will require sustained and intensive support. An integrated response across social care, health, police and housing will continue to be progressed, working with the city's regional partners to help some of the city's most vulnerable citizens to access the support services available and to get the help they need.

What we will do to support people out of poverty

Steps	Lead Member	Lead Directorate
<p>Act as an advocate for the Real Living Wage initiative and promote its adoption by the city's employers.</p>	<p>Cllr Huw Thomas</p>	<p>Resources</p>
<p>Better support people into work by further integrating employment support services. This will include:</p> <ul style="list-style-type: none"> • Ensuring that the Gateway into employment is accessible across the city; • Ensuring that Into Work Advice Services and Adult Community Learning fully align with the new Gateway by September 2019; • Providing effective employer engagement and assistance into self-employment; • Promoting and extending volunteering opportunities by October 2019. 	<p>Cllr Lynda Thorne</p>	<p>People & Communities</p>
<p>Ensure support is available to mitigate potentially negative consequences associated with the roll-out of Universal Credit by:</p> <ul style="list-style-type: none"> • Providing digital access and assistance across the city; • Working with private landlords to identify how the Council can help them with the change by March 2020; • Working with Jobcentre Plus, Registered Social Landlords and other partners to ensure that vulnerable individuals get the budgeting support they need; • Further developing the telephone advice line for customers. 	<p>Cllr Lynda Thorne</p>	<p>People & Communities</p>
<p>Create more paid apprenticeships and trainee opportunities within the Council by March 2020.</p>	<p>Cllr Huw Thomas & Cllr Chris Weaver</p>	<p>Resources</p>
<p>Support the Foundational Economy by implementing the Socially Responsible Procurement Policy, helping ensure that local people and local communities benefit from the money the Council spends on goods and services.</p>	<p>Cllr Chris Weaver</p>	<p>Resources</p>
<ul style="list-style-type: none"> • Deliver the Rough Sleeper Strategy, and the Homelessness Strategy, to address rough sleeping in the city by: • Extending the 'No First Night Out' policy; • Extending the capacity of the Housing First scheme to make better use of the private rented sector; • Building on the multi-agency team around rough sleepers to include substance misuse, probation and mental health services; • Implementing the diversionary pathway for anti-social behaviour and begging in partnership with South Wales Police. 	<p>Cllr Lynda Thorne</p>	<p>People & Communities</p>

Key Performance Measures

Measures which tell us if the Council is delivering effectively

Socially Responsible Employers

Measure	Target
The number of opportunities created for paid apprenticeships and trainees within the Council.	125

Tackling Poverty

Measure	Target
The number of interventions which supported people receiving into work advice through the Gateway.	43,000
The number of clients who have been supported into employment having received tailored support through the Gateway.	623
The number of employers which have been assisted by the Council's employment support service.	200
The number of customers supported and assisted with their claims for Universal Credit.	1,500
Additional weekly benefit identified for clients of the City Centre Advice Team.	£13,000,000

Tackling Homelessness and Rough Sleeping

Measure	Target
The number of multi-agency interventions that supported rough sleepers into accommodation.	168
The percentage of households threatened with homelessness successfully prevented from becoming homeless.	70%
The percentage of people who experienced successful outcomes through the Homelessness Reconnection Service.	70%
The percentage of clients utilising Housing First for whom the cycle of homelessness was broken.	60%
The number of people positively moved on from second-stage accommodation.	150

Well-being Objective 1.4:

Safe, confident and empowered communities

Strong communities are at the heart of any successful city. They play a vital role in connecting people with the social networks and the day-to-day services we all depend on. The Council will therefore prioritise activities to make sure that communities in Cardiff are safe, that people in Cardiff feel safe and that they have easy access to the services that they need.

While Cardiff is safe for the overwhelming majority, a small number of people – particularly children and women – are subject to abuse, violence and exploitation. One of the Council's most important duties is to safeguard people in Cardiff.

We will also continue to deliver services, at the local level, in a well-planned, connected and integrated way. This means that, as well as working to regenerate local communities, we will seek to deliver citizen-centred services with our partners across the city whilst making the best use of our parks and green spaces as well as our sports, leisure and culture offer.

Measuring Progress against the Well-being Objective: Outcome Indicators

Improving City Performance: Community Cohesion

Closing the Inequality Gap: Increase the confidence of victims to report hate crime – to get a sense of the scale of hate-related discrimination in Cardiff

Hate Incidents Monthly Trends 2017 - 19

Source: South Wales Police

Progress Made

- **The St Mellons Hub** was successfully extended in August 2018 as part of our Community Hubs programme.
- A new **Violence Against Women, Domestic Abuse and Sexual Violence service** has been established, bringing together a number of services and funding streams into a single integrated front door.
- A brand new **Community Alcohol Partnership**, bringing together the Council, Health Board and Police and other partners, has been established to tackle the consequences of 18 to 25-year-olds drinking high levels of alcohol.
- **Cardiff was awarded Purple Flag status** for the quality, safety and diversity of the city's Night Time Economy.
- **Twelve of the city's parks and green spaces were awarded the Green Flag award**, the Keep Wales Tidy coveted international mark of quality, in July 2018 including Heath Park which received the recognition for the first time.

Priorities for 2019/20

Investing in Local Communities

Building on the success of our existing Hubs, we will work with the University Health Board and other public service partners to deliver a programme of expanded Community Well-being Hubs bringing all community services under one roof, with new investments in the Cardiff Royal Infirmary, Butetown and Ely, as well as continuing the major regeneration of Maelfa shopping and community centre.

Work will also promote relationships within communities with a strong focus on civic engagement. Just over a quarter of people in Cardiff are participating in some form of volunteering which helps to make communities more resilient, and helps people gain confidence, learn new skills and give back to those around them, benefitting community cohesion.

Safe and Inclusive Communities

Cardiff is a safe city. Cardiff citizens are a third less likely to be the victim of crime than a decade ago. Fear of crime, however, is on the rise and some communities in the city are facing specific challenges associated with drug use and organised crime. Through the newly established Community Safety Leadership Group, the Council will work with partners in the Police, Health and across communities to develop solutions that tackle the immediate issues and support people – particularly young people – who are vulnerable and at risk.

Cardiff has a long tradition of being an open and inclusive city. We will work with partners and local communities to manage the impact of the UK leaving the European Union,

particularly in the case of a 'no deal' or disruptive Brexit, with a focus on supporting the city's most vulnerable citizens. The Council will seek to support the estimated 20,000-25,000 EU nationals who will need to apply for the Citizen Settlement Scheme, with additional support for those who are most vulnerable.

Supporting Sports, Leisure, Culture and Green Spaces

The Council's parks and green spaces make a significant contribution to the social, environmental and economic well-being of the city and are crucial to the health agenda. These attributes are recognised in our vision for our parks service in providing an accessible and diverse network of spaces that are fit for purpose, provide opportunities for sport and physical activity, engage local communities, support biodiversity and resilience to climate change and make the best use of land.

To achieve this vision, the Council will work in partnership with a wide range of stakeholders to maximise the benefits of its natural assets. Healthy communities also require access to a range of leisure facilities and the Council will continue to work with others to support increases in participation in sport and play, particularly in the city's most deprived communities.

What we will do to create safe, confident and empowered communities

Steps	Lead Member	Lead Directorate
<p>Ensure children and adults are protected from risk of harm and abuse by:</p> <ul style="list-style-type: none"> • Implementing the Child and Adult Exploitation Strategy to encompass new and emerging themes of child and adult exploitation; • Initiating regional discussions with the Vale of Glamorgan Council by March 2020 to develop a joint regional Child and Adult Exploitation Strategy; • Implementing the new All Wales Adult Safeguarding Procedures by March 2020 – in consultation with staff and partners – to ensure that adults at risk are protected from harm. 	Cllr Susan Elsmore & Cllr Graham Hinchey	Social Services
<p>Continue the implementation of a strengths-based approach to social work practice to put individuals, families and communities at the centre of their own well-being by:</p> <ul style="list-style-type: none"> • Refreshing the Signs of Safety Implementation Plan to embed strengths-based practice in partnership with families to support children to remain at home, supported by a safety plan by March 2020; • Establishing and embedding strengths-based practice in Adult Services by March 2022. 	Cllr Susan Elsmore & Cllr Graham Hinchey	Social Services
<p>Implement the Cardiff and Vale Regional Partnership Board transformational proposals for a ‘Healthier Wales’ by 2021 to further develop prevention and resilient communities to keep people independent and connected for as long as possible.</p>	Cllr Susan Elsmore & Cllr Graham Hinchey	Social Services
<p>Implement the Council’s Corporate Safeguarding Policy by March 2020 to ensure an effective approach to implementation is embedded across the Council.</p>	Cllr Chris Weaver	Social Services
<p>Continue to develop and support the workforce by:</p> <ul style="list-style-type: none"> • Implementing the requirements of the Regulation and Inspection of Social Care (Wales) Act (RISCA) 2016 and ensuring that all internal and external domiciliary care workers are appropriately qualified and registered by March 2020; • Delivering a reduction in agency workforce and vacancies in the children’s social workers by implementing a recruitment and retention strategy and refreshed workforce plan. 	Cllr Susan Elsmore & Cllr Graham Hinchey	Social Services
<p>Deliver a three-year plan that combines service and financial planning for adults and children’s social services.</p>	Cllr Graham Hinchey & Cllr Susan Elsmore	Social Services

Steps	Lead Member	Lead Directorate
<p>Support people with learning disabilities and mental health issues to be more independent by:</p> <ul style="list-style-type: none"> • Implementing a Regional Learning Disabilities Commissioning Strategy by March 2020; • In collaboration with the University Health Board, implementing the recommendations of the Community Services Review on the future model of the service by March 2020. 	Cllr Susan Elsmore	Social Services
<p>Complete a service review of the Youth Offending Service by 2020 and review the effectiveness of interventions by the service, in order to reduce offending/re-offending rates.</p>	Cllr Graham Hinchey	Social Services
<p>Deliver the actions identified in the Cardiff & Vale of Glamorgan Violence against Women, Domestic Abuse and Sexual Violence Strategy 2018-2023 including the commissioning of a regional service for male victims.</p>	Cllr Susan Elsmore	People & Communities
<p>Deliver a co-ordinated local response to the UK leaving the European Union, including:</p> <ul style="list-style-type: none"> • Putting in place local support to enable EU Citizens in Cardiff to access the EU Citizen Settlement Scheme by April 2019; • Responding to any civil contingencies emerging from a disruptive or 'no deal' Brexit; • Ensuring a cross-public service approach to services and communications through the Cardiff Public Services Board. 	Cllr Huw Thomas & Cllr Lynda Thorne	People & Communities, and Resources
<p>Implement the Welsh Government Cohesion Action Plan and review local delivery from 2019/20.</p>	Cllr Lynda Thorne	People & Communities
<p>Implement the Home Office Counter Extremism Strategy and review local delivery from 2019/20.</p>	Cllr Lynda Thorne	People & Communities
<p>Develop an action plan to deliver the outcomes of the Young People and Drugs Joint Scrutiny Committee Report within six months of the Scrutiny report being approved.</p>	Cllr Lynda Thorne	People & Communities
<p>Invest in the regeneration of local communities by:</p> <ul style="list-style-type: none"> • Delivering a new three-year programme of Neighbourhood Renewal Schemes; • Completing Phase 2 of the Maelfa redevelopment scheme by summer 2020; • Implementing priority schemes identified in the Estate Regeneration Programme; • Progressing opportunities for funding through the Targeted Regeneration Investment Programme. 	Cllr Lynda Thorne	People & Communities
<p>Drive up standards in the private rented housing sector by taking enforcement action against rogue agents and landlords letting and managing properties.</p>	Cllr Lynda Thorne	Resources

Steps	Lead Member	Lead Directorate
<p>Continue to deliver the Community Well-being Hubs programme, in collaboration with partners, including:</p> <ul style="list-style-type: none"> • Progressing plans for Youth Hubs in the City Centre, Butetown and Ely; • Working with the Health Board on the Cardiff Royal Infirmary and other Well-being Hubs; • Exploring opportunities for investment in Community Well-being Hubs; • Ensuring people are connected with local service providers and activities in their neighbourhood through Community Inclusion Officers. 	<p>Cllr Lynda Thorne & Cllr Susan Elsmore</p>	<p>People & Communities</p>
<p>Promote and support the growth of the Welsh Language to help meet the Welsh Government’s ‘Cymraeg 2050: A million Welsh speakers’ strategy by:</p> <ul style="list-style-type: none"> • Delivering Cardiff Council’s commitments in the city-wide Bilingual Cardiff Strategy 2017-2022; • Expanding the provision of Welsh-medium education and promoting Welsh in English-medium education. 	<p>Cllr Huw Thomas & Cllr Sarah Merry</p>	<p>Resources, and Education & Lifelong Learning</p>
<p>Work with partners to develop strategic plans for the development of sport and physical activity by March 2020 that secure increases in participation, attract investment and ensure sustainability of provision.</p>	<p>Cllr Peter Bradbury</p>	<p>Economic Development</p>
<p>Work with our network of ‘Friends of’ and volunteer groups to engender a sense of ownership within local communities in the management and development of our parks and green spaces, and to secure improvements in local environmental quality.</p>	<p>Cllr Peter Bradbury</p>	<p>Economic Development</p>
<p>Work in partnership with Welsh Water to re-open the Lisvane and Llanishen Reservoir sites for recreational purposes and re-introduce sailing to the Llanishen reservoir.</p>	<p>Cllr Peter Bradbury</p>	<p>Economic Development</p>

Key Performance Measures

Measures which tell us if the Council is delivering effectively

Safeguarding and Supporting Vulnerable People

Measure	Target
The percentage of Council Staff completing Safeguarding Awareness Training.	100%
The percentage of Council staff completing the Level 1 online module of the National Training Framework on violence against women, domestic abuse and sexual violence.	100%
The percentage of adult protection enquiries completed within seven days.	99%
Number of domiciliary care workers registered with Social Care Wales.	250
The percentage of Children's Services social work vacancies.	24%
The percentage of children re-offending within six months of their previous offence.	Baseline to be established

Regenerating Local Communities and Citizen-Centred Services

Measure	Target
The percentage of customers satisfied with completed regeneration projects.	75%
The number of visitors to libraries and Hubs across the city.	3,300,000
The percentage of customers who agreed with the statement 'Overall the Hub met my requirements/ I got what I needed'.	95%
The number of visits (page views) to the volunteer portal.	55,000

Supporting Sports, Leisure, Culture and Green Spaces

Measure	Target
The number of Green Flag parks and open spaces.	13
The number of volunteer hours committed to parks and green spaces.	18,000
The number of visits to Local Authority sport and leisure centres during the year per 1,000 population where the visitor will be participating in physical activity.	2% increase
The number of staff with Welsh language skills.	20% increase by 2021/22
The number of staff attending Welsh courses.	10% increase by 2021/22

Well-being Objective 2.1:

A capital city that works for Wales

Cardiff has been transformed from a city weighed down by de-industrialisation in the 1970s to one of the most competitive in the UK. It is a young and talented city with a growing business base, a start-up culture and a thriving visitor economy. If we are to continue to deliver for the people of Cardiff and Wales however, we cannot stand still. We will therefore have a relentless focus on delivering more, and better, jobs for the people of Cardiff. The momentum seen in both the Central Square development and in Cardiff University's Innovation System demonstrates that we are well-placed to respond to the challenge.

Progress Made

- The ongoing **regeneration of the city centre** has continued following the **completion of No 2 Central Square**, locating the **new Cardiff University's School of Journalism, Media & Culture** next to the **new BBC Headquarters**.
- The funding and delivery arrangements for a **new transport interchange** have been agreed. This is at the same time as KeolisAmey being awarded the contract for delivering improvements to the South Wales Metro contract, signalling over a billion pound investment in transport infrastructure.
- Cardiff successfully **won the bid to host the Creative Cities Convention** in 2019 beating Bristol and Glasgow to land one of the UK's leading media conferences.
- Cardiff has been successful in securing a **£10 million Arts and Humanities Research Council's (AHRC) Creative Industries Cluster bid** led by Cardiff University, the University of South Wales and Cardiff Metropolitan University.
- **A series of major events have been successfully delivered**, including the Volvo Ocean Race, which stopped in Cardiff for the first time in its history and in the UK for the first time in twelve years; the homecoming celebration for Geraint Thomas following his Tour de France victory; the 2018 Adrian Flux British FIM Speedway Grand Prix; the Pride Cymru Big Weekend; the Cardiff Bay Beach; the Cardiff Harbour Festival; the 2018 Extreme Sailing Series; and the National Eisteddfod.

Priorities for 2019/20

Whilst Cardiff's economy continues to perform well, growing faster than our competitor cities, we know that there is still significant room for improvement. Productivity lags our competitor cities across a range of sectors, and pockets of deprivation persist across the city. We also know that whilst the city has created tens of thousands of jobs in recent years, not everyone has benefited from that growth. Austerity and Brexit also continues to place pressure on UK cities, and in particular on our ability to fund regeneration activities.

Responding to these challenges requires us to identify opportunities to exploit for the people of Cardiff, delivering a range and choice of jobs and opportunities for all. Working with the private sector, we will continue to take forward major projects, an approach that has delivered so much for our city. At the same time, we will work with the Welsh Government

and UK Government to invest in our city's infrastructure to support business development.

Our approach includes expanding our commercial office offer in the city centre – based around Wales' most accessible location. We are also committed to expanding our visitor economy infrastructure, focussing in Cardiff Bay, to kick-start its next phase of development. To provide a range of choice of opportunities, we will also bring forward an Industrial Strategy for the east of the city, an area that has been overlooked for too long. Underpinning this will be investment in infrastructure, be it improvements to Metro Central, or our city's digital infrastructure.

What we will do to make Cardiff a capital city that works for Wales

Steps	Lead Member	Lead Directorate
Progress delivery of a new Indoor Arena to attract premier national and international events.	Cllr Russell Goodway	Economic Development
Grow the city centre as a location for businesses and investment delivering an additional 300,000ft ² of 'Grade A' office space by 2021.	Cllr Russell Goodway	Economic Development
Work with the UK Government and Welsh Government to implement a programme of investments over the next five years to deliver investment and capacity improvements at Cardiff Central Station which sits at the heart of the South Wales Metro and the Integrated Transport Hub.	Cllr Russell Goodway & Cllr Huw Thomas	Economic Development
Bring forward a new mixed-use development at Dumballs Road through the delivery of 2,000 homes by 2022.	Cllr Russell Goodway	Economic Development
Deliver an Industrial Strategy for Cardiff East, which will support the progression of the Cardiff Parkway development.	Cllr Russell Goodway	Economic Development
Develop a new vision and masterplan for Cardiff Bay by 2020 including taking forward delivery of the next phase of development for the International Sports Village by 2019.	Cllr Russell Goodway & Cllr Peter Bradbury	Economic Development
Launch a new masterplan for the Cardiff Canal Quarter by April 2020.	Cllr Russell Goodway	Economic Development
Work with Cardiff Capital Region partners to ensure that City Deal investment supports the economic development opportunities of the city-region.	Cllr Russell Goodway & Cllr Huw Thomas	Economic Development, and Planning, Transport & Environment
Develop a sustainable events portfolio which builds on Cardiff's event hosting credentials. This will include the development of a 'signature event' and establishing Cardiff as a Music City over the next 5 years.	Cllr Peter Bradbury	Economic Development
Support the development of the creative sector and help unlock investment opportunities by working with partners across the sector to support the growth of creative enterprises through the establishment of a Creative Accelerator programme.	Cllr Peter Bradbury	Economic Development

Key Performance Measures

Measures which tell us if the Council is delivering effectively

Measure	Target
The number of new jobs created.	500
The number of jobs safeguarded.	500
The amount of 'Grade A' office space committed to in Cardiff (sq. ft.). (This is a rolling two-year target.)	300,000 square feet
The number of staying visitors.	2% increase
Total visitor numbers.	2% increase
Attendance at Commercial Venues.	903,000

Well-being Objective 3.1:

Cardiff Grows in a Resilient Way

Cardiff is one of Britain's fastest growing cities, and is by far the fastest growing Local Authority area in Wales. Successful cities are those in which people want to live, and so this growth is welcomed and a sure sign of strength for the city. However, this growth will bring challenges too, putting pressure on both the city's physical infrastructures, community cohesion, its natural environment and public services. Managing the impacts of this population growth and of climate change in a resilient and sustainable fashion is a major long-term challenge for Cardiff.

Measuring Progress against the Well-being Objective: Outcome Indicators

Progress Made

- **The first new Council homes have been built** and tenants moved in at Broughton Crescent in Llanrumney and Willowbrook West in St. Mellons.
- **The on-street cycle scheme has been launched** with highest usage figures outside London.
- £1m funding for Cycling Superhighways has been secured from the Active Travel Fund.
- **A £5.7 million grant to help bring 36 electric buses** to Cardiff has been approved following a joint funding bid by the Council and Cardiff Bus.
- The next phase of funding for **District Heating** has been secured through the Heat Networks Delivery Unit (HNDU) and Council match funding, with detailed plans now being scoped for the next phases of work.
- The out-turn results for responding to **fly-tipping** are significantly above target, with 99.87% (target 90%) cleared within five working days and 90.17% leading to enforcement action (target 70%).

Priorities for 2019/20

Housing

Cardiff's Local Development Plan sets out that 41,415 new homes will need to be built by 2026. Whole new communities will soon be created that do not currently exist and making sure that these communities are well-planned and well-connected, with easy access to public services, community facilities and green and blue spaces, will continue to be a strategic priority. Capital Ambition also sets an ambitious target for building new Council homes, setting in place a requirement that 2,000 new Council homes are built in the longer term, of which at least 1,000 must be delivered by May 2022.

The Council's partnership with Wates Residential - Cardiff Living - will see around 1,500 new homes built across the city on Council land with at 600 of these being new Council homes. On top of Cardiff Living, we have implemented an additional build programme focused on delivering sustainable, accessible and quality Council homes. Furthermore, we are delivering innovative housing schemes looking at modular construction solutions, recycling shipping containers for temporary accommodation and new forms of construction that can reduce the construction time on site.

Transport and Clean Air

Given the projected increase in population, a shift to more sustainable forms of transport will be needed. With 20% more people expected to commute to work and a 32% net increase in traffic, all this will put a strain on already congested roads and local air quality. The Council has therefore set a target for a 50:50 modal split by 2026 with 50% of journeys to be made by sustainable transport.

Getting this right will provide a boost to the city economy, to quality of life overall, and can be expected to bring major health benefits through increased levels of cycling and walking, and improved air quality. Proposals for how to meet these ambitious targets were set out in the Transport & Clean Air Green Paper, and an ambitious package of rail, bus, car and cycling projects will be brought forward in the new Transport & Clean Air Vision in 2019.

Waste, Recycling and Clean Streets

Recycling rates in Cardiff have risen drastically. Cardiff has a good track record for recycling and composting, with recycling increasing from 4% in 2001 to 58% in 2016/2017. These improvements will need to be continued if Cardiff is to meet the Welsh Government targets of recycling 64% of waste by 2020, rising to 70% by 2025. Focus is being placed on minimising the waste produced in the first place, encouraging increased household and business recycling, and optimising our re-use and household waste recycling performance.

Clean streets are a priority for the city's residents. An area-based approach to frontline services will focus on tackling all forms of littering, allied to a zero-tolerance approach to those who litter or fly-tip, and through expanding community action on this important issue by extending the successful 'Love Where You Live' campaign.

What we will do to make sure that Cardiff grows in a resilient way

Steps	Lead Member	Lead Directorate
Work with Welsh Government and Local Authorities to jointly explore a new programme of regional recycling infrastructure over the next three years, focused on delivering facilities to improve and extend the capability and capacity for the sustainable treatment of “difficult to recycle” materials.	Cllr Michael Michael	Planning, Transport & Environment
Meet our recycling targets by working with Welsh Government and WRAP (Waste & Resources Action Programme) to: <ul style="list-style-type: none"> • Develop and deliver short-term recycling objectives by June 2019; • Develop a long-term sustainable approach to the collection of residual wastes, recyclables and food waste by March 2020. 	Cllr Michael Michael	Planning, Transport & Environment
Develop a citizen-based strategic plan for new and existing recycling centres, and promote improved recycling to 80 % in centres by March 2020.	Cllr Michael Michael	Planning, Transport & Environment
Develop and deliver targeted interventions to promote recycling in communities to support achieving the 64 % recycling target for 2019/20.	Cllr Michael Michael	Planning, Transport & Environment
Enhance and expand existing partnership(s) to support re-use in Cardiff by March 2020.	Cllr Michael Michael	Planning, Transport & Environment
Establish for roll-out an area-based model for cleansing and enforcement to support efficient and effective service delivery by June 2019.	Cllr Michael Michael	Planning, Transport & Environment
Develop and deliver an extended campaign for ‘Love Where You Live’ to encourage local volunteering, and engage with citizens and businesses on concerns in their communities by September 2019.	Cllr Michael Michael	Planning, Transport & Environment
Develop and implement a comprehensive programme in the Council’s street scene services to drive productivity and performance improvements from April 2019, with better co-ordination of highways maintenance, waste management and cleansing to improve the public realm.	Cllr Michael Michael	Planning, Transport & Environment
Develop a Cardiff Food Strategy for approval by May 2019 and implement the approved action plan.	Cllr Michael Michael	Planning, Transport & Environment

Steps	Lead Member	Lead Directorate
<p>Deliver a 7.5 Megawatt Solar Farm at Lamby Way by September 2019 – generating renewable energy and supporting carbon-neutral aspirations – subject to the approval of a final business case in April 2019.</p>	Cllr Michael Michael	Planning, Transport & Environment
<p>Ensure the Council can achieve compliance with the EU Limit Value for Nitrogen Dioxide (NO2) in the shortest possible time by:</p> <ul style="list-style-type: none"> • Completing the feasibility study to identify the preferred measure(s); • Submitting the Final Plan – including the full business case for the preferred option – to Welsh Government by 30th June 2019 	Cllr Michael Michael & Cllr Caro Wild	Planning, Transport & Environment
<p>Launch a new Transport & Clean Air Vision for the city and develop a Clean Air Strategy, including Active Travel solutions, by September 2019.</p>	Cllr Caro Wild	Planning, Transport & Environment
<p>Deliver a prioritised programme of highways enhancements through minor road repairs and full-scale resurfacing to address concerns such as potholes, and deteriorating roads and pavements.</p>	Cllr Caro Wild	Planning, Transport & Environment
<p>Support Transport for Wales with the implementation of the Cardiff Metro, increasing the quality of public transport infrastructure, the frequency of train journeys and the deployment of new train/tram extensions and stations across Cardiff.</p>	Cllr Caro Wild	Planning, Transport & Environment
<p>Develop an Electric Vehicles Strategy by December 2019, including the delivery of new electric buses.</p>	Cllr Caro Wild & Cllr Michael Michael	Planning, Transport & Environment
<p>Progress the City Centre Transport Masterplan through achievable and deliverable transport projects from 2019 through to 2021. Projects will focus on delivering the sustainable transport infrastructure improvements and transport deliverables outlined in the Masterplan, Transport Strategy, the new Transport & Clean Air Vision, and Local Development Plan.</p>	Cllr Caro Wild	Planning, Transport & Environment
<p>Support the delivery of the Council’s Active Travel agenda by:</p> <ul style="list-style-type: none"> • Implementing 20mph speed limits across the city, completing Grangetown and developing plans for Splott, Butetown, Canton and Penylan (subject to funding) during 2019/20. • Improving the cycling and walking networks by delivering prioritised routes within the Active Travel Integrated Network Map, including phase 1 of the Cycle Superhighway by 2021. • Expanding the on-street cycle hire scheme to 1,000 bikes by July 2019. • Working with the Active Travel Advisory Groups. 	Cllr Caro Wild	Planning, Transport & Environment

Steps	Lead Member	Lead Directorate
<p>Ensure every school in Cardiff has developed an Active Travel plan – including training and/or infrastructure improvements – by 2022.</p>	<p>Cllr Caro Wild & Cllr Sarah Merry</p>	<p>Planning, Transport & Environment, and Education & Lifelong Learning</p>
<p>Support the delivery of high-quality and well-connected communities – as described by the Council’s Master Planning Principles – ensuring that:</p> <ul style="list-style-type: none"> Supporting infrastructure, such as sustainable transport, schools, community facilities and green spaces, are delivered at all new strategic housing developments; New housing developments are informed by good design and infrastructure planning; Community infrastructure improvements on strategic sites are communicated to the public. 	<p>Cllr Caro Wild</p>	<p>Planning, Transport & Environment</p>
<p>Increase the delivery of new houses to meet housing need through the development of Local Development Plan strategic sites including 6,500 new affordable homes by 2026.</p>	<p>Cllr Caro Wild</p>	<p>Planning, Transport & Environment</p>
<p>Deliver 2,000 new Council homes, of which at least 1,000 will be delivered by May 2022.</p>	<p>Cllr Caro Wild</p>	<p>Planning, Transport & Environment</p>
<p>Secure a contract for the delivery of a heat network to serve areas of the Bay and City Centre, subject to successful national government capital grant award and cabinet approval of a final business case by October 2019.</p>	<p>Cllr Michael Michael</p>	<p>Planning, Transport & Environment</p>
<p>Convene regular Design Review Meetings to consider and make recommendations to development proposals submitted to the Local Planning Authority, publish an annual Design Review Monitoring Report, and complete the Supplementary Planning Guidance programme.</p>	<p>Cllr Caro Wild</p>	<p>Planning, Transport & Environment</p>
<p>Continue to engage with the Pensions Committee to deliver an environmentally-friendly pension policy.</p>	<p>Cllr Chris Weaver</p>	<p>Resources</p>

Key Performance Measures

Measures which tell us if the Council is delivering effectively

Housing

Measure	Target
Total number of new Council homes completed and provided.	400 cumulative
The percentage of householder planning applications determined within agreed time periods.	>85%
The percentage of major planning applications determined within agreed time periods.	>60%
The percentage of affordable housing at completion stage provided in a development on greenfield sites.	30% (LDP)
The percentage of affordable housing at completion stage provided in a development on brownfield sites.	20% (LDP)

Transport and Clean Air

Measure	Target
Modal split for all journeys (2026 target 50:50): Proportion of people travelling to work by sustainable transport modes.	46.6%
The number of schools supported to develop an Active Travel Plan.	40
The percentage reduction in carbon dioxide emissions from Council buildings.	2%
The level of nitrogen dioxide (NO2) across the city.	35µg/m3

Waste and Recycling

Measure	Target
The percentage of total recycling and waste collections reported as missed by customer.	<0.01%
The percentage of municipal waste collected and prepared for re-use and/ or recycled.	64%
The maximum permissible tonnage of biodegradable municipal waste sent to landfill.	<33,557 tonnes
The number of Street Scene investigation actions per month.	500
The number of Street Scene legal enforcement actions per month (with enforcement actions including Fixed Penalty Notices, Cases which proceed to prosecution, Section 46 or other legal notices).	300

Clean Streets

Measure	Target
The percentage of principal (A) roads that are in overall poor condition.	5%
The percentage of non-principal/classified (B) roads that are in overall poor condition.	7%
The percentage of non-principal/classified (C) roads that are in overall poor condition.	7%
The percentage of highways land inspected by the Local Authority found to be of a high or acceptable standard of cleanliness.	90%
The percentage of reported fly-tipping incidents cleared within five working days.	90%
The percentage of reported fly-tipping incidents which lead to enforcement activity.	70%

Well-being Objective 4.1:

Modernising and Integrating Our Public Services

In the face of rising demand and reducing budgets, we are committed to modernising the Council's systems and processes to support service delivery. This will mean streamlining and simplifying the way the Council does business, making better use of the Council's asset base, and finding new and better ways of working to take advantage of new technology. We will also continue to invest in our workforce so that they have the skills to meet the complex challenges facing public services in the 21st century.

Measuring Progress against the Well-being Objective: Outcome Indicators

Improving City Performance: People who agree that 'the Council Provides High Quality Services'

Source: Welsh Government Survey

Improving City Performance: Cumulative Budget Savings (£m) v % Satisfied with Council Services

Source: Ask Cardiff / Cardiff Council Budget Report

Progress Made

- **Citizen satisfaction with Council services has increased from 57% to 64% in the 2018 Ask Cardiff Survey.**
- **The Council's Digital Strategy has been launched and the Cardiff Gov App is now available**, digitising Council services and making them more accessible.
- The number of customer contacts to the Council using digital channels, and those choosing to make payments online, has risen.
- The Council has achieved the Silver Level Corporate Health Standard Award.
- The Council has generated capital receipts in excess of £23m to reinvest in valuable services and reduced the running cost of Council buildings by almost £5m.
- **The Council has increased its income streams** in a number of areas, including:
 - Highway licensing which has seen **an increase in income of 40% – or £150,000**
 - Civil Parking Enforcement where **income has increased from £5.8m to £11.1m** in five years, with a further £200k per annum through advertising contracts.

Priorities for 2019/20

Assets and Property

The Council manages an estate of around 1,000 properties with an estimated use value of over £1.2 billion. The aim is to have fewer but better buildings in order to reduce the maintenance backlog and running costs, whilst also unlocking investment to modernise the Council estate. Since 2015 the Council has generated capital receipts totalling £23m, reduced the maintenance backlog by over £16m and reduced running costs by almost £5m. Plans are also being brought forward to deliver the £40m of capital receipts required to deliver major investment in the city, including significant investment in Cardiff schools. Good progress is also being made across the Corporate Landlord Programme, in particular in managing high priority Health & Safety issues. Even so, the Corporate Landlord functions and responsibilities remain a significant challenge in terms of the level, risk and liability which the Council needs to effectively manage.

Digital Ambition

Modernising Council services will mean using technology to help the Council better manage increasing demand for services, whilst increasingly providing digital access to services indistinguishable from that available to citizens in every other aspect of their lives. The launch of the Digital Strategy has made clear the Council's priorities of increasing the number of services available digitally, providing an accessible, informative, award-winning website and deploying virtual agent to support 24/7 citizen requirements.

The launch of the Cardiff Gov App in 2018 has provided citizens with digital access to a number of Council services, including waste collection information, council tax e-billing

and reporting fly-tipping. The further development of the Cardiff Gov App will enable citizens to report other important issues, such as any instance of waste non-collections, pavement defects as well as ordering bins or bags for waste collection.

Workforce Development

Few organisations deliver such a wide variety of services – through a range of business models – so successfully. Every day, Council officers deliver some of the city's most valuable services with commitment, creativity and compassion. That is why the Council has committed to investing in its workforce. The award-winning programme of staff engagement is supported by a package of measures designed to promote their welfare, which includes a range of health and well-being services such as the 24/7 Employee Assistance Programme and the Employee Counselling Service. The commitment to staff also includes a range of training opportunities through the Cardiff Academy, though more needs to be done to reduce the number of sickness absences which remains too high across the Council. The Council is also taking decisive action to ensure it is representative of the communities it serves, not least by creating more opportunities for young people and increasing the Welsh language skills within the workplace.

Overall Organisational Performance

Despite having to achieve budget savings of over £145m during the last five years and losing 22% of non-school Council staff, Cardiff Council has continued its journey of improvement.

Over the course of recent years, the Council has been able to evidence a broad pattern of year-on-year improvement, which has been consistently reflected by external regulators and comparative data. A corporate focus on improvement and performance management has underpinned the Council's progress, with a sustained increase in the Council's performance relative to other Local Authorities.

The National Accountability Measures provide a set of performance indicators against which all Local Authorities in Wales can be measured. The annual performance data for all 22 Local Authorities in Wales, published in August 2018 by Data Wales, showed that in 2017/18 Cardiff Council was ranked 5th out of the 22 Welsh Local Authorities, compared to 13th in 2016/17. This means that the Council has improved its Local Authority ranking for the third year in a row.

Citizen satisfaction with Council services also increased by 7% over the last year, and Cardiff was also ranked third for the level of citizen satisfaction with Council services and emerged as one of the most trusted public service providers in Wales according to one of the Welsh Government's most wide-reaching opinion surveys. The Council's Annual Complaints Report also shows a decrease in complaints for the fifth year running, whilst noting an increase in compliments received. Whilst the Annual Statutory Well-being Report published by the Council in October 2018 highlights performance challenges, the Corporate Plan identifies the Council's strategic response.

What we will do to modernise and integrate our public services

Steps	Lead Member	Lead Directorate
<p>Progress the seven strands of the Council’s Digital First Agenda, with a focus on:</p> <ul style="list-style-type: none"> Identifying priorities for the ‘connected citizen strategy’ by June 2019; Working with stakeholders to identify the priorities of the remaining ‘connected’ strands by December 2019 	Cllr Chris Weaver	Resources
<p>Modernise the Council’s estate and reduce the footprint through rationalisation and investment in maintenance.</p>	Cllr Russell Goodway	Economic Development
<p>Develop a new five-year Property Strategy by March 2020.</p>	Cllr Russell Goodway	Economic Development
<p>Take forward delivery of the Core Office Strategy.</p>	Cllr Russell Goodway	Economic Development
<p>Improve the health and well-being of our employees by continuing to monitor sickness absence, and proactively provide support for employees and managers.</p>	Cllr Chris Weaver	Resources
<p>Work towards the Gold Level Corporate Health Standard Award by March 2020.</p>	Cllr Chris Weaver	Resources
<p>Continue to deliver the Agency Workers Charter and embed corporate processes to review Agency Worker placements at 12 and 18 months.</p>	Cllr Chris Weaver	Resources
<p>Support people and communities to be more engaged with the work of the Council.</p>	Cllr Huw Thomas & Cllr Chris Weaver	Resources
<p>Ensure that the Council’s workforce is representative of the communities it serves.</p>	Cllr Chris Weaver	Resources
<p>Ensure the Council delivers a high-quality customer service across the organisation by delivering the seven priorities recommended in the Customer & Leadership report by March 2020.</p>	Cllr Chris Weaver	Resources
<p>Deliver the Council’s priorities within the Strategic Equality Plan 2016-2020 and launch a new Strategic Equality Plan by April 2020.</p>	Cllr Chris Weaver	Resources

Key Performance Measures

Measures which tell us if the Council is delivering effectively

Modernisation, Resilience and Organisational Development

Measure	Target
Reduce the gross internal area (GIA) of buildings in operational use.	3%
Reduce the total running cost of occupied operational buildings.	1.7%
Reduce the maintenance backlog.	£4,000,000
Capital income generated.	£15,000,000
The number of customer contacts to the Council using digital channels.	5% increase on the 2018/19 outturn figure
The percentage of staff that have completed a Personal Review (excluding school staff).	100%
The number of working days/shifts per full-time equivalent (FTE) Local Authority employee lost due to sickness absence.	9.5
Maintaining customer/citizen satisfaction with Council services.	75%
The percentage of draft committee minutes published on the Council website within ten working days of the meeting being held.	80%
The total number of webcast hits (Full Council, Planning Committees, Scrutiny Committees, Audit Committee, Cabinet).	5,500
The number of Facebook Followers	24,000
The percentage of voter registration.	90%

Date: 18 January 2019

Councillor Huw Thomas,
Leader
Cardiff Council,
County Hall,
Cardiff
CF10 4UW

Dear Councillor Thomas,

Policy Review & Performance Scrutiny Committee: 17 January 2019

On behalf of all Members of the Policy Review and Performance Scrutiny Committee, thank you for facilitating policy development scrutiny of the draft Corporate Plan once again. We appreciate the opportunity to feed in our suggestions for improvement at this stage and look forward to seeing the final draft alongside budget papers. Captured below are some key issues raised during our discussion at the Way Forward, that we ask you to consider when finalising the draft for Cabinet and Full Council consideration.

The Committee welcomes the inclusion of Steps within this Plan that are a result of your previous engagement with the Committee. We note that you consider there are many examples of Scrutiny influencing and shaping the Corporate Plan. We have some concerns and proposals we would ask you to address as you continue to develop the Plan.

Selecting Key Performance Indicators (KPI's)

Members acknowledge that not all measures for which data is available can be illustrated in the Plan, to prevent it becoming unwieldy, and that it is important to choose those that are representative of overall performance. However, for some Steps Members would like you to re-consider whether the KPI's used are the best ones to illustrate performance. A good example is Youth Justice. The Step within Objective 1.4 to **Modernise the Youth Offending Service**, currently measured by *the number of children entering the criminal justice system*, whilst useful we feel should be supplemented by an additional measure of *the number of children re-offending*. Our view is that an increase in the number of children entering the system

may not be a negative outcome, it is the avoidance of re-offending that is the positive outcome, and as such should be measured. Additionally, we urge you to use consistent terminology in both the Step and the KPI.

Agency Costs

The Committee notes that over the years efforts have been made to reduce agency costs, and we consider that scrutiny concerns have helped to give that process greater visibility and attention. We consider however there is further work to be undertaken, to identify those areas where the Council can make a case for short term use of agency staff; and the actions necessary to reduce or eliminate agency work in other cases. This could well lead to a tightening up of the processes leading to the authorisation of agency use. Justification for agency use could potentially be defined as a last resort requiring authorisation, rather than a first easy option. The £10m annual cost remains at an unacceptably high level. We recommend further corporate oversight of escalation to full employment rights, opportunities and job security for agency workers. We also note that you recognise the potential for improving organisational culture by reducing the use of agency workers, particularly within Waste Management.

We ask that further work be carried out to produce a strategy for reducing agency use and we plan to invite you to return to Committee on this issue. This is an area of work for consideration in the Committee's future work programme.

Directorates with too few KPI's

We welcome your commitment to re-consider the number of performance measures (KPI's) within the Plan for the Economic Development Directorate. We wish to re-iterate our concern, raised this time last year, that performance measures for Objective 4.1 are noticeably light compared with KPI's identified to measure other Objectives and those of other directorates. For example, we would welcome reference to work underway with large developers to generate employment.

Additional issues the Committee would like referenced in the Plan

- **Schools** – you took on board our concerns in respect of Objective 1.1. We would like to strengthen the measures in place to evaluate progress in educational attainment. We would like a clear target for the number of schools in Cardiff that

should achieve good or better ESTYN assessments in any specific year, rather than simply stating 'all schools'. We would also ask that you include a KPI that sets a target for improvement in levels of attainment at KS4 and A level.

- Whilst we are reassured that Cardiff's PSB consider the Well-being Plan strong on the issue of **Health inequalities**, some Members would like to see a commitment to this issue in the Corporate Plan.
- In respect of **Waste Management**, two issues appear to be absent from the Plan. We would expect to see reference to the replacement for Wedal Road HWRC, and also an indication of a plan to raise collection productivity to meet benchmark attainment with accompanying targets. We note that there is a forthcoming Cabinet report on the proposed new HWRC, and a new Street scene strategy under development, and we look forward to scrutinising these in the future. We note also that discussions are ongoing with Trades Unions that you anticipate will enable measurement and improvement of productivity in core data sets in future Corporate Plans.
- Whilst the Plan references improving the health and wellbeing of our employees, measured by the number of working days lost due to **Sickness Absence**, we would like to see an indication of the work underway to understand the causes of stress on employees and proposals to address these causes.

I would be grateful if you would pass my thanks to all who attended PRAP in support of this item. We look forward to considering the final draft alongside the budget on 20 February 2019. I will not require a response to this letter. I assume the matters raised will be taken into account in preparing the final version of the Plan and can be referenced in our informal discussions on 11th February 2019.

Yours sincerely,

COUNCILLOR DAVID WALKER

Date: 12 February 2019

Councillor Huw Thomas,
Leader
Cardiff Council,
County Hall,
Cardiff
CF10 4UW

Dear Huw,

PRAP Performance Panel, target setting session: 11 February 2019

Further to this morning's informal session to consider in detail the Corporate Plan target setting process, on behalf of all Scrutiny Chairs and Members of the Policy Review and Performance Scrutiny Committee's Performance Panel, a sincere thank you for enabling such a useful discussion. All Scrutiny Chairs found this early sight of targets proposed for the Corporate Plan useful, and look forward to seeing the final draft alongside budget papers.

Captured below are the key issues raised during our discussion. Members have requested that you consider their comments in respect of the following Key Performance Indicators, as listed in the data table that sits behind the Corporate Plan, and the proposed Targets the final draft of the Plan will contain when published:

Cardiff is a great place to grow up

KPI's 1 & 4: *The average Capped Nine Points Score achieved by KS4 Pupils, and the attainment gap in the Capped Nine Points score at the end of KS4 for those eligible for free school meals and those not. We consider greater clarity of what exactly this indicator is measuring is required, and an explanation of the terminology used. The previous target at KS4 was clear and well recognised. You agreed to ask officers to review ways of making this target equally clear.*

KPI's 8 & 9: *The % of Year 11 leavers making a successful transition from compulsory schooling to education, employment or training. Pupils registered as EOTAS, **and** the % of Year 11 leavers making a successful transition from*

compulsory schooling to education, employment or training. Children Looked After by Cardiff Council. Whilst we take on board that the above KPI's may be considered indicative of the well-being of young people, several Members would welcome greater visibility of Child Mental Health in the Corporate Plan, in the form of a specific KPI. We acknowledge that with the development of the *Early Help Service* it will be easier to measure interventions from this point onwards, however we would like to see an indication of the direction of travel for the service in this year's Plan. You kindly agreed to consider how this could be achieved, perhaps reflecting pastoral care measures.

In addition Members highlighted that, with the removal of the Welsh Government RAG categorisation of schools, there appears to be no overview of the performance of Cardiff schools in the Plan. We note you would wish to reflect this in some way, and welcome the suggestion that the Plan captures the ESTYN categorisation of Cardiff's schools. It is recommended that specific improvement targets are set rather than a catch-all statement that all schools must be rated good or better.

KPI 15 & 20: *The percentage of children in regulated placements who are placed in Cardiff, and the number of children looked after placed in residential placements.*

We note in future years you consider it will become easier to set a range of targets to address the 'closer to home' placement strategy and would wish to see this included as soon as is feasible.

Supporting people out of poverty

KPI 45: *The percentage of clients utilising Housing First for whom the cycle of homelessness was broken.* We consider it important to ensure people are not excluded from using Housing First, and welcome your suggestion that the proposed target includes a time period.

Safe, confident and empowered communities

KPI's 53 & 54: *Council staff completing the Level 1 online module of the National Training Framework on Violence against women, domestic abuse and sexual violence as a % of all staff and the % of Council staff completing Safeguarding Awareness Training.* We note that despite a 100% target for the current year, at Q3 these indicators are running at 33% and 31.38% respectively, and we suggest there

may need to be a medium and longer term aspiration if the 2019/20 target is to remain at 100%.

Additionally, in respect of this Objective, we wish to re-iterate a point made following PRAP's policy development scrutiny of the Corporate Plan in January 2019. We consider there is work to be undertaken in producing a strategy for reducing the use of agency staff. We note the Step to deliver a reduction in agency workforce and vacancies in children's social workers by implementing a recruitment and retention strategy and a refreshed workforce plan by March 2020. We welcome your agreement to reflect on the suggestion that there should be targets for the reduction of agency staff in social services, but also in other service areas. The last cost figure recalled is that the Council spends around £10m on agency work, down from a high of £20m in previous years, which PRAP had a major role in highlighting and questioning. We consider there is scope to set targets to reduce this £10m cost further.

Members considered there would be merit in adding a mechanism for capturing an overview of anti-social behaviour to add to the predominance of place based indicators for this Objective. We understand setting targets around landlord activities is relatively easy, however capturing a picture of anti-social behaviour is more difficult where there are collaborative responsibilities across PSB partners. We agree such aspirations are best expressed through the narrative of the Plan and in Steps, however we suggest there may be an opportunity for setting a KPI for the Council's anti-social behaviour team. We are therefore pleased you agreed to reflect on the matter.

A capital city that works for Wales

KPI 72 & 73: *Number of staying visitors and Total Visitor Numbers.* We consider it difficult to set a percentage target for these indicators until outturn figures are available.

Cardiff's Population Growth is managed in a resilient way

KPI 79 & 81: *%of non-principal/classified (B) roads that are in overall poor condition, and modal split for all journeys (2026 target 50:50) proportion of people travelling to*

work by sustainable transport modes. We note that data is not yet available for these KPI's, however we believe the data exists and has previously been reported to the Environment Scrutiny Committee. We recommend a further look at this KPI referencing that data.

KPI 89: *The percentage of municipal waste collected and prepared for re-use and / or recycled.* Members consider that a significant issue for the Council is productivity in waste management services. We take on board that this is addressed within the Steps for Objective 3.1, rather than by KPI's, however we consider that there are a number of 'big ticket' cost and efficiency areas which should have KPI's and become priorities. Thank you for inviting suggestions, which could include:

- Productivity measures to increase the size of waste collection rounds, benchmarked against others, specified and targeted.
- Specific targets to reduce absence and sickness levels in Waste Management which need to be separated from the Council's overall figure. They remain at consistently high levels in Waste Management and require targeting separately.
- Quantified cost reduction targets in specific Waste Management areas.

Modernising and integrating our public services

KPI 93: *The number of customer contacts to the Council using Digital Channels.* We note the proposed target for this indicator is expressed in terms of a percentage increase on the previous years' outturn. This would appear to be a useful approach that could be considered for other KPI's.

KPI 97: *Capital income generated.* In light of the 2017/18 outturn of £3,864,321 Members consider the 2018/19 target for Capital receipts of £15,190,000 was ambitious. Similarly with the 2018/19 Q3 outturn standing at £5,802,000, we consider a 2019/20 proposed target of £15,000,000 to be unrealistic.

KPI 96: *Reduce the maintenance backlog.* Members questioned whether a proposed target of £4million for 2019/20 is realistic given the £1,257,500 outturn at Q3 against a target of £5.6million for 2018/19.

Finally, thank you for acknowledging the benefit of progressive interaction of policy development and scrutiny, illustrated by informal engagement sessions such as this. We consider such support for effective scrutiny of the Corporate Planning process was a productive and worthwhile opportunity which we would wish to continue. We look forward to hearing how this session impacted on the detail of the Performance Indicators and Targets and request that officers write to me with the detail of any changes resulting from this meeting and PRAP scrutiny, which I will pass on to my colleagues. Any such changes will have a strong validating impact.

Once again, on behalf of the Committee, please pass my sincere thanks to all who attended the PRAP Performance Panel, I look forward to continuing productive interaction between Policy and Scrutiny functions.

Yours sincerely,

COUNCILLOR DAVID WALKER

CARDIFF COUNCIL**

COUNCIL:

28 FEBRUARY 2019

CABINET PROPOSAL

BUDGET PROPOSALS 2019/20

Appendix 10 (c) is exempt from publication because it contains information of the kind described in paragraphs 14 and 21 of parts 4 and 5 of Schedule 12A to the Local Government Act 1972

Reason for this Report

To enable the Cabinet to:

1. Submit to Council their proposal for the estimates of expenditure and income in order to set the Council Tax in accordance with the Local Government Finance Act 1992, having considered and reflected on the responses to all aspects of the budget consultation.
2. Recommend to Council the strategy and plan, for the control of the Authority's borrowing and investments for the year 2019/20 (the Annual Treasury Management Strategy), including the Council's Minimum Revenue Provision Policy for 2019/20.
3. Recommend to Council the Prudential Code, capital expenditure and treasury indicators for 2019/20 – 2023/24.
4. Recommend to Council the Capital Strategy for 2019/20.
5. Recognise the financial challenges facing the Council, as set out in the Medium Term Financial Plan, and note the opportunities for savings.
6. Recognise the work undertaken to raise awareness of, and to ensure the financial resilience of the Council.
7. Set the rent levels for Housing Revenue Account properties, service charges and management fees for leaseholders for 2019/20.
8. Agree the rates of fees and charges for Council services for 2019/20.

Structure of the Report

9. The Council's Budget Report needs to provide sufficient assurance that a balanced budget and affordable Capital Programme have been set and that robust consideration has been given to the Council's financial

standing. It also needs to set out the Council's financial strategy over the medium term.

10. This year for the first time, the Budget Report is supported by a number of Annexes that can stand alone as documents but are also integral parts of the Report. When taken together they form the essential elements for Members when they are considering the adequacy of resources to support a balanced budget for the Council. While summary positions are included within the Report, the Annexes contain a combination of high-level strategic direction and detailed information in respect of the particular topics.

Annex 1 - Revenue Budget Directorate Commentaries

Annex 2 - Medium Term Financial Plan

Annex 3 - Capital Strategy 2019/20

Annex 4 - Treasury Management Strategy

11. The following table summarises the location of key sections of the report. The implications to the report, particularly the statement made by the Section 151 Officer contained within those implications, should be noted.

Section	From Para No
Background	12
Strategic Context	15
Consultation & Engagement - with public, scrutiny committees and others	22
Revenue Budget - analysis of resources required and resources available	25
Service Implications of Budget	38
Financial Standing - risks, financial resilience and reserves	56
Medium Term Financial Plan and Strategy	88
Cardiff Capital Region City Deal	94
Housing Revenue Account - budget, rent setting and service charges	97
School Organisation Plan - investment programme and reserve	113
Civil Parking Enforcement - income, expenditure and reserve	123
Harbour Authority - income, expenditure and grant arrangements	132
Supporting People Programme Grant Spending Plan	141
Capital Strategy	149
Treasury Management – strategy, borrowing and investment policies	200
Implications – HR, legal and financial implications	227

Background

12. Cabinet received the 2019/20 Budget Strategy Report in July 2018. The report identified a significant budget reduction requirement for the period

2019/20 to 2021/22 and set a framework for addressing the identified gap. Since July, the position has been updated to take account of more recent information, and further review of savings proposals has taken place, including public consultation. All updates are reflected in the Council’s Revenue Budget for 2019/20, which is set out in detail later in this Report.

13. The 2019/20 Budget Strategy Report also sets the approach for the development of the Council’s Capital Programme. Given significant affordability constraints, the approach recommended that capital investment should be limited to existing assets, except where external financing is available, or where there is a robust invest to save business case. Work has been ongoing to set a level of investment in existing assets that is realistic and affordable and this is reflected in the Capital Programme 2019/20 - 2023/24.

Issues

14. Under Section 33 of the Local Government Finance Act 1992, it is a statutory requirement for the Council to produce a balanced budget. This Budget Report sets out the financial issues facing Cardiff Council. Within that context, it outlines the 2019/20 Revenue Budget and the likely position over the medium term. It sets out the Capital Programme for 2019/20 - 2023/24, the Capital Strategy and the Treasury Management Strategy. It also considers the Council’s financial standing in respect of risks, reserves and resilience.

Strategic Context

15. The Administration’s key priorities and principles for change are set out in their policy programme, Capital Ambition. The Wellbeing Plan and the Corporate Plan translate this vision into key objectives. The Council’s key strategic financial documents are framed by these priorities and objectives. This ensures that scarce resources support corporate priorities, and that financial strategy considers future generations.

16. Capital Ambition priorities are set out below:
 - **Working for Cardiff:** making sure that all our citizens can contribute to and benefit from the city’s success.

- **Working for Wales:** a successful Wales needs a successful capital city.
- **Working for the Future:** managing the city's growth in a sustainable way.
- **Working for Public Services:** making sure our public services are delivered efficiently, effectively and sustainably in the face of rising demand and reducing budgets.

17. In translating Capital Ambition into deliverable objectives, the Wellbeing Plan focusses on areas of collaborative advantage in the city. The seven objectives contained in the Wellbeing Plan have been adopted by all Members of the Cardiff Public Services Board (PSB). They were developed in the context of the Wellbeing of Future Generations (Wales) Act, and complement national wellbeing goals. The Corporate Plan focusses on areas that the Council has prioritised. It is supported by Directorate Delivery Plans that provide further detail on how objectives will be delivered, and is supported by the Performance Management Framework.
18. The following table contains examples of how the Council's key priorities are reflected within the 2019/20 Revenue Budget and the 2019/20 – 2023/24 Capital Programme:

	Wellbeing Objectives	2019/20 Revenue Budget 2019/20-2023/24 Capital Programme
Working for Cardiff	<p>Cardiff is a great place to grow up</p> <p>Cardiff is a great place to grow older</p> <p>Supporting people out of poverty</p> <p>Safe, empowered communities</p>	<ul style="list-style-type: none"> • Net additional funding for Social Services • Net additional funding for Schools and investment in the School Estate • Focus on prevention / early intervention • Funding to deliver the Older Persons Accommodation Strategy • Long term investment in new social housing and housing estates • Capital investment in disabled adaptations to help people remain in their own homes
Working for Wales	<p>A Capital City that works for Wales</p>	<ul style="list-style-type: none"> • Capital investment in transport and infrastructure • Support for the Capital City Region City Deal • A capital strategy that promotes engagement with partners to take forward key Economic Development Schemes
Working for the Future	<p>Cardiff grows in a resilient way</p>	<ul style="list-style-type: none"> • Capital investment in energy sustainability and regeneration • Capital investment in strategic cycle routes and active travel • Capital investment to secure match-funding for management of coastal erosion

Working for Public Services	Modernising and integrating our public services	<ul style="list-style-type: none"> • Capital investment in modernising ICT to improve business processes • Savings that focus on how the Council can work differently by generating income, reviewing processes, continuing collaboration and focussing on prevention and early intervention.
------------------------------------	---	---

19. In times of budgetary pressure, it can be more challenging to maintain a focus on the long term. However, it is important to continue to be mindful that decisions taken now have a lasting impact. The Wellbeing of Future Generations (Wales) Act aims to improve the social, economic, environmental and cultural wellbeing of Wales by encouraging public bodies to think about the long term, how they can work together and with communities to prevent problems and take a joined up approach (known as the five ways of working). The previous table outlined how the 2019/20 Budget targets resources in line with the Council's priorities. Further detail on how the Budget invests in the future of the city and supports the five ways of working is contained in Appendix 1.
20. The Medium Term Financial Plan (MTFP) paints a challenging financial outlook. Capital Ambition sets a series of principles for the Council's development, which will inform future financial strategy. They are:
- **Getting the Basics Right:** maintaining a relentless focus on the performance of key statutory services.
 - **Digital First:** making the best use of new technologies to deliver our services, and providing digital access indistinguishable from that available to citizens in every other aspect of their lives.
 - **Putting Communities Front and Centre:** Aligning community services, making sure that developments and investment in local communities are well planned and maximise the impact of public investment through a new approach to 'locality working', building on the success of the Community Hub Programme.
 - **Joining up Frontline Services:** Staff from across the Council, and across public services, will work increasingly across departmental and organisational boundaries, with a focus on delivering the best for citizens, communities and the city.
 - **Purposeful partnerships:** We will build strong partnerships at the local, city, regional and national level to deliver for Cardiff.
 - **A New Deal with Citizens:** Keeping our streets clean, reaching our sustainable transport targets and looking after our most vulnerable people cannot be achieved by the Council alone. We need a new deal with citizens through which we can work together to tackle problems and realise our shared ambitions for Cardiff.
21. Future financial planning will also be linked to the four-year Capital Ambition Delivery Programme, which focusses on areas in which fundamental change is required. The programme is summarised below:

Capital Ambition Delivery Programme	
Modernisation <i>Transformation of corporate systems and processes that support service delivery</i>	Resilient Services <i>Transformation of front line services</i>
Programmes: <ul style="list-style-type: none"> • Digital First • Corporate Landlord • Service Reviews 	Programmes: <ul style="list-style-type: none"> • Improving Outcomes for Children • Improving Outcomes for Adults • Street Scene • Inclusive Growth
Aims: An interlocking programme of work to modernise the Council's corporate systems and processes that support service delivery; streamlining and simplifying internal processes and systems; making better use of the Council's (and partners') asset base; and finding new and better ways of working to take advantage of new technology.	Aims: Addressing the need for the Council to work across the public service in order to deliver lasting solutions to complex problems. Projects in this portfolio will typically require change across services, often working in partnership with other organisations, with local communities and with those who receive the service.

Consultation and Engagement

22. Consultation and engagement on the 2019/20 Budget took a number of forms as set out in the following table while responses received are attached as Appendix 2.

Consultee Group	Nature of Consultation / Engagement
Public Consultation	<p>Public consultation began as part of the Ask Cardiff Survey over the summer. This consulted on budget themes and received 4,587 responses. A more detailed consultation took place between 16 November 2018 and 2 January 2019. There were three strands to this stage of consultation:</p> <ul style="list-style-type: none"> • City-wide public consultation on issues of general interest. Some headlines from the city-wide consultation are summarised below and further detail is included in the "Changes for Cardiff" consultation document at Appendix 2 (a). • Service specific consultation with identified service users / groups of organisations • General council consultation on internal changes within the Council including process changes, staff changes and broader changes around income generation and other service implications.
Scrutiny Committees	<p>Budget briefings and consideration of detailed budget proposals took place during February 2019. Responses received in respect of Scrutiny Committees' deliberations will be tabled and considered as part of the Cabinet meeting.</p>
Trade Unions	<p>Consultation has taken place with the Trade Unions and any comments will be considered in advance of the Cabinet meeting.</p>
Employees	<p>Consultation has taken place both generally through staff meetings and particularly with employees impacted by individual savings proposals.</p>

School Budget Forum	Following a number of briefings over the budget formulation period, the Forum met on 5 December 2018 to consider Cabinet's budget proposals as they affect their remit. Appendix 2 (b) includes their responses.
Audit Committee	As its meeting on 22 January 2019, the Audit Committee considered the Treasury Management Strategy as part of their oversight function. The relevant parts of the report reflect their views.

City-wide Consultation

23. The city-wide survey was primarily online, and was accompanied by a comprehensive communications package to maximise exposure. Alternative mechanisms of engagement focussed on less well represented groups, and were informed by ongoing monitoring of demographic and geographic responses throughout the consultation period. Mechanisms to promote engagement included:

- The consultation was featured on a rolling banner on the front page of the Council's website. Links to the survey and dedicated budget pages were available for further information.
- A link to the consultation was emailed to members of the Citizens' Panel, totaling approximately 6,000 residents, in November 2018 with a reminder in December 2018.
- Direct links were forwarded to PSB Members and approximately 100 third sector organisations working with target groups including Black and Minority Ethnic (BAME), younger people and those with a disability.
- A separate, shorter survey, was distributed to secondary schools across Cardiff.
- There was online promotion of the consultation via Facebook and Twitter both on Cardiff.gov and CardiffDebate.com, representing a combined following of almost 90,000.
- A total of 2,500 hard copies (plus 500 Welsh) of the consultation document were distributed to libraries, hubs, core Council buildings and key community locations.
- Hard copies, with freepost return envelopes, were also delivered to selected streets in St Mellons, Llanrumney, Ely and Caerau (typically areas with a poor response rate).

24. The city-wide consultation received 2,048 responses for the main survey plus 30 responses for the youth survey. The consultation reflected support for budget proposals including:

- More than two-thirds of respondents (68.0%) supported the proposal to increase school budgets.
- Opinion was mixed on whether delegated school budgets should contribute to the financial challenge facing the Council, with 45.1% agreeing, 24.4% disagreeing.
- There was significant support to increase charges for littering, with almost nine in ten respondents (89.6%) in favour.
- Almost two-thirds of respondents (64.7%) supported the principle of reducing the subsidy for entertainment and art events.

- Almost three in five respondents (59.2%) support the proposal to secure a private tenant for the New Theatre to develop and sustain the current theatre offer in the city.
- Just under half of respondents (46.8%) supported the proposal to further transfer park assets to local sporting leagues and governing bodies.
- Overall, there was support to increase 'walking routes' to schools in a bid to improve air quality and encourage walking as a means to get young people to school, with 84.3% in favour of this proposal.
- Over nine in ten (91.8%) supported the pursuit of producing renewable energy at Lamby Way, with just 2.8% against this proposal.
- Just under two-thirds of those surveyed (64.5%) supported the proposal to increase the number of automated citizen enquiries.
- More than half of those responding to this question (55.1%) supported the proposal to increase the cost of cremations and burials, whilst just under a third were against (32.8%).
- More than three quarters of respondents (77.5%) supported the proposal to increase the cost of rehoming a dog or puppy from the Cardiff Dog's Home.

Revenue Budget

25. Preparation of the Revenue Budget involves comparing the resources available to the Council, with the estimated cost of continuing to deliver services. If estimated costs exceed estimated funding, they must be brought back into balance. This can be achieved through:
- **Increasing funding** – this is limited to areas of funding within the Council's control, namely increasing the rate of Council Tax or using reserves.
 - **Decreasing net expenditure** – making savings, increasing service specific income or limiting new financial pressures.
26. The resources available to the Council in 2019/20, the estimated cost of services and the strategy to align them are set out below.

Resources Available

27. The resources available to the Council in funding the budget include non-hypothecated revenue funding from Welsh Government (WG) and Council Tax. The level of these resources for 2019/20, before any Council Tax increase, are set out in the following table:

Resources Available	£000
Aggregate External Finance	444,629
Council Tax at nil increase	167,979
Total Resources Available	612,608

28. Aggregate External Finance (AEF) is the collective term for the Revenue Support Grant (RSG) and re-distributed non-domestic rates (NDR) the Council receives from WG. The Council's AEF for 2019/20 was confirmed by the Final Local Government Revenue and Capital Settlement for 2019/20, on 19 December 2018. The main points to note from the settlement, at an All Wales level are:
- a range of change in AEF of between minus 0.3% and plus 0.9% with a Welsh average of plus 0.4%
 - the provision of top-up funding to ensure that no authority received a settlement decrease of more than 0.3%
 - the transfer into AEF of two specific grants, the 2018/19 Teachers' Pay Grant and the Free School Meals Grant
 - the information published in respect of specific grants is incomplete but currently as known, is set out in Appendix 3. At an All Wales level, grants to the value of £134 million at 2018/19 levels, are yet to be confirmed in 2019/20. In addition, there is currently no information regarding distribution across individual authorities.
29. The published AEF increase for Cardiff in 2019/20 is 0.9%. On a like for like basis, this would usually generate almost £3.9 million additional cash for Cardiff compared to the previous year. However, due to a technical adjustment within the funding formula in respect of the Council Tax Base, Cardiff will only receive £2.2 million additional grant funding in 2019/20, which also included £637,000 as an additional responsibility.
30. The Council Tax Base approved by Cabinet on 13 December 2018 anticipated an increase in the number of Band D equivalent properties by the end of March 2020. In setting the tax base, it was considered prudent to retain the current ultimate collection rate of 98.5%. The change in Council Tax Base results in an increased level of resources of £2.363 million for 2019/20, before any increase to the rate of tax.

Resources Required

31. The following table summarises the resources required to fund services in 2019/20. Appendix 4 contains a more detailed version of this table whilst Appendix 5 contains a detailed list of new directorate pressures.

Resources Required	£000
2018/19 Adjusted Base (after transfers)	610,400
New Responsibilities (per settlement)	637
New Specific Grant funding for Social Services (per settlement)	(3,000)
Employee Costs	4,412
Demographic Pressures	3,500
Commitments	2,997
Directorate Expenditure Realignments	5,599

Exceptional Inflation	3,186
Schools Pressures	12,520
New Directorate Pressures	4,795
Total Resources Required	645,046

Funding Gap

32. Comparing the resources available to the Council (before any increase in the rate of Council Tax) with the resources required results in the following shortfall:

Funding Gap	£000
Resources required	645,046
Resources available	612,608
Funding shortfall before savings	32,438

33. The table below identifies how the funding shortfall will be addressed:

Funding Gap	£000
Directorate Savings	(19,157)
Partial deletion of Financial Resilience Mechanism	(200)
Schools' contribution to meeting pressures	(3,586)
Net Council Tax increase at 4.9%	(6,745)
Use of Reserves	(2,750)
TOTAL	(32,438)

34. The savings of £19.157 million build on the £136 million that were required over the past five years. A full list of savings proposals is set out at Appendix 6. Continued delivery of significant levels of savings over a sustained timeframe becomes increasingly difficult. In recognition of this, work has been ongoing throughout the current financial year to progressively challenge the 2019/20 budget proposals put forward by directorates in order to ensure that all savings:

- included within directorate proposals are owned by the relevant director
- have been properly evaluated for residual and achievability risk
- have been subject to a robust equality impact assessment where relevant
- include wherever possible, the full time equivalent employee implications of the saving proposal
- identify both cross directorate opportunities and risks that have been discussed by relevant senior officers and Cabinet Members

- demonstrate transparency to ensure clarity at scrutiny committees and with other stakeholders.
35. As part of budget proposals, schools will contribute to meeting some of their own pressures. Expressed as a percentage of current schools budgets, the £3.586 million contribution is equivalent to 1.5%. After having made this contribution and taking into account specific grant transfers of £1.487 million, schools will still receive £10.4 million growth in 2019/20, a net increase of 4.5%.
36. The £6.745 million that will be raised from the proposed Council Tax increase of 4.9% is a net figure. In budgeting for the additional income that will be raised from increasing the rate of tax, it must also account for the impact that this will have on the budget for paying Council Tax support to eligible recipients.
37. The drawdown from reserves reflects the planned use of £2.5 million from the Strategic Budget Reserve in 2019/20, as well as £250,000 from the Energy Reserve. The drawdown from the Energy Reserve is to fund potential price increases in this area. Further information on the level of reserves and balances is contained in a later section of the report.

Service Implications of the Budget

38. The following paragraphs describe the general assumptions that are reflected within the 2019/20 Revenue Budget in respect of significant council-wide issues. The specific impact of these issues on individual directorates, along with further detail on those directorates' savings and financial pressures are detailed later in Annex 1 to the Report. In addition, Appendix 7 shows the overall changes to individual directorate budgets between 2018/19 and 2019/20 whilst Appendix 8 shows the same information on a Cabinet Member portfolio basis.
39. The Budget proposal includes £19.157 million in savings. As outlined elsewhere in the Report, wherever possible directorates have sought to minimise the impact on front line services. The savings that are set out in more details in Appendix 6 can be summarised into the following themes:

2019/20 Savings Proposals by Theme	£000
Income Generation	2,114
Collaboration	2,537
Business Processes	7,700
Review of External Expenditure	3,306
Strength Based Practice and Preventing Escalation of Need	3,500
Total	19,157

40. The budget includes significant resources in relation to employee related costs and these are set out in the following table:

	Non-Schools £000	Schools £000	Total £000
National Joint Committee (NJC) Pay Award	4,245	2,447	6,692
Teachers' Pay Award	0	2,390	2,390
Teachers' Pensions Costs	0	4,312	4,312
Teachers' Increments (pay progression)	0	1,351	1,351
Contribution to Redundancy Financial Model	167	0	167
Total	4,412	10,500	14,912

41. For non teaching staff, local government pay is a matter for collective bargaining between the national employers and trade unions through the National Joint Committee (NJC). The pay award for 2019/20 which is not the same for all grades reflects the second year of a two-year agreement. In addition to a pay award, the agreement includes the transition to a revised pay structure. The previous pay structure was no longer deemed fit for purpose due to the erosion of differentials between lower spinal points, following the introduction of the National Living Wage in 2016.
42. The 2019/20 Budget includes the full year effect of the September 2018 teachers' pay award. In the absence of an agreed award for September 2019, an award of 2% has been assumed. Teachers' pensions' costs reflect an anticipated increase in the level of employers' contributions to the Teachers' Pension Scheme (TPS) from 16.48% to 23.6% with effect from September 2019. The rate of increase has been determined by the Government Actuary's Department following the most recent valuation of the fund. It is mainly attributable to a change in the discount rate set by HM Treasury for the valuation of unfunded pension schemes. In England, the Department for Education is providing additional funding to help meet this pressure. Whilst representations have been made for a similar approach to be taken in Wales, no funding has been confirmed to date.
43. The posts deleted or created as part of the budget are set out in Appendix 9. This shows that there will be a net decrease of 54.86 full time equivalent posts, comprising 123.40 FTE deletions offset by the creation of 68.54 new FTE posts. It is anticipated that post deletions will take effect through the following mechanisms.

Employee Implications of Budget	FTE
Voluntary Redundancy	(38.95)
Vacant Posts	(48.32)
Retirement	(0.48)
Redeployment	(0.85)
TBC	(34.80)
Total FTE posts deleted	(123.40)
Total FTE posts created	68.54
Net Impact	(54.86)

44. Employee changes since 2012/13 are shown in the following graph. The figures shown are the net impact as detailed in previous Budget Reports. They show a net reduction of over 1,600 FTE. They include vacant posts and posts that have transferred out of the Council's direct control, as well as posts deleted through redeployment or redundancy. Over the period shown, 2017/18 is the only financial year in which there was a net increase in posts. This was largely attributable to the creation of additional Social Services posts to address demand pressures and the requirements of the Social Services and Wellbeing Act 2014.

Price and Income Inflation

45. Established budgetary policy is that directorates will manage the impact of price inflation within existing resources except in exceptional circumstances. These may relate either to the scale of the increase or the quantum of the budget to which the increase applies. The budget includes inflationary provision for Social Services to meet the cost of anticipated fee increases on commissioned services. Provision is also made for the 2019/20 NDR multiplier uplift, and to allow for anticipated

increases in energy prices that will affect the Council's buildings and street lighting across the city.

46. The Budget does not include a general uplift to fees and charges for Council services. In preparing their fees and charges for 2019/20, directors were advised that they should consider the particular circumstances for which they charge for services and reflect any proposed changes within their savings proposals. In proposing uplifts to fees and charges, directorates are expected to consider statutory frameworks as well as any adverse impact on demand for the service. Appendix 10 sets out the list of proposed revisions to fees and charges in 2019/20.
47. Appendix 6 identifies that a number of savings are based on the generation of income. Some savings have assumed securing a wider market share such as Pest Control (£30,000), whilst others generate additional income through price and volume increases. Bereavement & Registration will increase their income by £301,000 and the Council's Branding team by £100,000, whilst Fleet Services are expected to generate an additional £200,000. The Council's Additional Learning Needs service is expected to generate a further £140,000 and Commercial Waste and Recycling Centres an extra £100,000.
48. In 2019/20, income will also be generated through a number of new initiatives and schemes having taken in account any associated costs. This includes new legislative requirements such as Sustainable Drainage (SuDs) (£220,000), clamping and removal of nuisance vehicles in partnership with the DVLA, (£120,000) and the sale of equipment to those not eligible for support through the Joint Equipment Service (£30,000). Other areas have looked at achieving additional income through improved income recovery and maximising opportunities for recharging existing costs such as Transport Policy (£160,000).
49. It is important that the Council is able to react quickly and appropriately to changing events, both in terms of opportunities and shortfalls. To enable this to happen, it is proposed that the Council continues to delegate to the appropriate officer where necessary in consultation with the Cabinet Member, the ability to introduce and amend fees and charges as and when needed. Such changes also apply where discounts are introduced for a particular time period or clients groups with the same authorisation arrangements followed. Decisions will be taken in consultation with the Section 151 Officer and the Cabinet Member for Finance, Modernisation and Performance. Where appropriate, Cabinet will need to consider a report within a reasonable timescale of the decision.

Capital Financing

50. The Capital Financing Budget includes the Council's external interest on borrowing, interest on temporary cash balances and provision for the prudent repayment of debt. There is an increased budget requirement of £1.208 million in 2019/20. This is based on the following assumptions:

- There will be no new commitments funded by additional borrowing unless they are funded on an invest to save basis or in line with the Affordability Envelope set out later in the report
- The timing and delivery of expenditure will be as profiled in the Capital Programme
- The assumed interest rate for new borrowing is 3.25%
- Capital receipt targets will be met
- The timing and method of managing borrowing repayments will be as set out in the Treasury Management Strategy
- There will be one pool of debt for the General Fund and HRA

Council Tax Reduction Scheme

51. It is proposed that the approach to the Council Tax Reduction Scheme (CTRS) should remain unchanged for 2019/20. The scheme will continue to comply with the relevant WG regulations. In addition, the scheme will continue to provide additional help for war pensioners by disregarding the income from war pensions including War Widows Pensions, War Disablement Pensions and income from the Armed Forces and Reserve Compensation Scheme. This is in line with the Council's commitment to support veterans and their families. The budget provides for the impact on the CTRS of the proposed 2019/20 Council Tax increase.

Amendments since publication of Consultation Proposals

52. Budget proposals were released for consultation in November 2018. Since then the Council's funding position for 2019/20 has been confirmed and a number of other technical updates and new commitments have emerged. These updates, which are set out in full in Appendix 11, include:
- the receipt of the Final Local Government Finance Settlement on 19 December 2018 confirming the level of AEF for 2019/20 along with a new responsibility
 - the approval of the 2019/20 Council Tax base by Cabinet on 13 December 2018
 - confirmation of the 2019/20 levies and contributions the Council must pay to relevant bodies including the South Wales Fire Service and the Coronor service
 - updates in relation to pricing information and projected demand
 - partial reinstatement of the Council's Financial Resilience Mechanism (FRM)
 - The reduction of two savings proposals and minor quantum amendments to several others
 - The increase in financial pressures from £4.496 million to £4.795 million
53. In drafting the final Budget Proposal, Cabinet have had regard to consultation feedback. As the consultation identified significant support for key budget assumptions and themes, no consultation related changes have been made to the budget savings proposals.

54. Since 2016/17, the Council has had a £4 million budget called the FRM that was set up to help the Council deal with the uncertainty of funding. It is used to invest in priority areas, but that investment must be one-off and decided afresh each year. This means that the budget is used proactively, but could be deleted without affecting day-to-day services if required. As the pressures facing the Council far outweigh funding increases in 2019/20, the FRM will be reduced by £200,000 to help balance the budget. This is an improvement on the position outlined at consultation, when it was anticipated that the FRM would have to be completely removed.
55. The table below summarises the proposed use of the mechanism for 2019/20 and further detail is set out in Appendix 12.

Financial Resilience Mechanism – One-off use for 2019/20	
Category	£000
Visible street scene	2,100
Transport initiatives	1,180
Other	520
Grand Total	3,800

Financial Standing, Risks and Financial Resilience

56. When setting the budget, Members must have regard to the Council's financial standing, risks and resilience, both now and in the future. The extended period of financial challenge which the Council has faced, renders these considerations even more important. In order to help provide a rounded view of the Council's financial position, snapshots of financial health are regularly prepared and reported to Cabinet, Council and senior management on a regular basis.
57. Financial snapshots contain information on:
- **Past performance** – including levels of reserves and financial performance ratios
 - **The current year's monitoring position** – for capital and revenue outlining the quantum of savings proposals that are expected to be unachieved
 - **Future outlook** – including a summary of the MTFP and capital financing requirements for future years
58. The Financial Resilience Snapshot at the time of setting this Budget is included at Appendix 13. The information it contains is considered over the next few pages, along with a summary of the more general financial challenges and issues facing the Council.
59. The first column of the snapshot considers historic information. This is important in setting the scene for financial planning, as it helps to

highlight any trends or concerns that may need to be addressed. A key point to note from this column is that the Council has identified savings of over £159 million since 2013/14. This is an extremely challenging backdrop, against which a further £19.157 million savings must be delivered in 2019/20, followed by an anticipated £77 million savings requirement over the medium term. In recognition of the challenges associated with continued delivery of material levels of savings over an extended timeframe, the following practices are aimed at understanding and mitigating risk:

Practice	Description
Initial Risk Assessment	<ul style="list-style-type: none"> • Directorates assess and report the risk associated with their budget proposals in accordance with the Council's risk methodology. • The equalities impact of all proposals is considered and full impact assessments are undertaken for those with a red or red-amber rating. • The planning status of all proposals is regularly reviewed to identify those that are not yet at a detailed planning stage.
Review & Challenge	<ul style="list-style-type: none"> • Cabinet Members and Senior Management Team receive regular updates on the overall components of the budget, emerging financial issues and key areas of risk. • Scrutiny committees are given the opportunity to review and scrutinise budget proposals.
Monitoring	<ul style="list-style-type: none"> • Budgets are monitored closely throughout the year and Cabinet members and directorates receive regular monitoring information. • Progress towards achievement of savings is reviewed as part of the monitoring process and directorates are challenged to bring delivery of savings back on course where issues of achievability are identified.

60. In recognition that it is impossible to eliminate all risk relating to the achievability of savings proposals, the budget retains a general savings contingency of £3.0 million. This is an important part of the Council's financial resilience, especially as the Council's General Reserve, which is intended to help cushion the impact of unexpected events or emergencies, is comparably low for an authority of the size of Cardiff.
61. The first column of the snapshot also shows the components of the Council's funding over a four-year period. The proportion of general funding that is raised through Council Tax has increased over recent years, from 25% in 2014/15 to over 28% in 2017/18. This is largely because AEF, the other main component of funding has been subject to annual real terms reductions over this period. There is a benefit to this subtle shift, as it means the Council is in control of a greater proportion of its funding. However, there are also risks; the most significant being the risk associated with collection rates. If these fall below expected levels, the Council could be left with a significant in-year funding shortfall. In order to mitigate this risk, the collection rate is robustly challenged on an annual basis and review of Council Tax collection statistics is an integral

part of budget monitoring. Collection rate risk is potentially higher for 2019/20, due to a combination of factors, including an increasing number of properties in the city, changes to eligibility for Council Tax discounts and the unknown impact of welfare reform. In light of the additional risk, the 2019/20 Budget provides resources for two additional revenue collection officers.

62. Despite the fact that Council Tax as a proportion of general funding is increasing, the snapshot illustrates that AEF still accounts for the most significant proportion of funding. From a financial planning perspective, this is extremely challenging. Indicative funding allocations, via the Local Government Settlement, are usually limited to the forthcoming financial year, are often not available until October and even then, are on a provisional basis. This means that there is a window of less than five months between the Council being notified of the largest element of its funding and the requirement to set a balanced budget. If indicative funding is worse than the Council's planning assumptions, there may be a need to identify significant additional savings at short notice. This could pose a material risk to the Council's financial resilience, as the achievability risk associated with such savings is likely to be high. In order to address this, the Council has a £3.8 million base budget called a FRM to help the Council deal with uncertainty of funding. It is used to invest in priority areas, but that investment must be one-off and decided afresh each year. This means that the budget is used proactively, but could be deleted without affecting day-to-day services if required.
63. The financial snapshot also contains information on financial ratios. Whilst, care should be taken in interpreting and extrapolating ratios, generally those identified reflect a positive position. Over a four-year period, the "Working Capital Ratio" has increased from 5.02% to 8.69%. The inference from this is that the Council has a good cash flow position and is in a strong position to cover day-to-day expenditure. Both the "Long Term Borrowing to Long Term Assets Ratio" and the "Long Term Borrowing to Taxation and AEF Ratio", increased in 2015/16. This is a result of additional borrowing that was undertaken to facilitate the Housing Subsidy buy-out. Since then, there has been a general plateau in both these measures. Prudential indicators considered later in this report, provide additional consideration of the affordability of borrowing.
64. The other information in the first column of the snapshot focusses on the level of reserves. Reserves are a very important part of resilience as they provide a cash buffer in times of uncertainty, improve the Council's cash position and avoid the need to incur short-term borrowing and its associated costs. The level of both the General Reserve and earmarked reserves as a percentage of expenditure has remained relatively stable over the past three years. Prior to that, there was an increase in the level of earmarked reserves in 2015/16. This was primarily the result of a favourable outturn position, which allowed the opportunity to strengthen financial resilience by increasing reserves. The position on reserves is considered in detail in the next section of this report.

65. The middle column of the snapshot considers the 2018/19 monitoring position as at Month 9. It shows a balanced position against the overall Council Budget. This includes an anticipated contribution of £917,000 to the Council's Strategic Budget Reserve, which will provide funding in support of the budget for 2020/21 and future years.
66. Within the balanced position there is a projected overspend of £4.9 million in relation to directorate budgets. This is partly offset by the £3.0 million general savings contingency and by savings in corporate areas including capital financing, NDR refunds on Council properties and a surplus on Council Tax collection. The overall position also takes into account the release of £1.1 million set aside for grant relief via the FRM, as this budget is no longer required for that purpose in 2018/19.
67. The projected overspend in directorate budgets includes £3.230 million in Social Services. This reflects a projected overspend of £4.206 million in Children's Services, partly offset by savings in Adult Services. As part of due diligence considerations, the 2019/20 budget includes £5.546 million in order to reflect the effect of these budget pressures in Children's Services. The 2019/20 budget also includes £53,000 to reflect the write out of a 2018/19 budget saving in Education, which is no longer considered achievable. This relates to the proposed saving in relation to the Central South Education Consortium, as the confirmed 2018/19 reduction in the Council's funding contribution was lower than anticipated. All other budget saving shortfalls that are reflected within the 2018/19 projected outturn are expected to be achieved in 2019/20.
68. In order to help deal with monitoring risk associated with areas which can be unpredictable or volatile, the 2019/20 Budget will continue to include issue specific contingency allocations. These include:
- A £350,000 contingency to offset potential income shortfalls in relation to the Material Recycling Facility that may result from market volatility for recycling materials.
 - A contingency budget to reflect the potential for further in-year increases in the number of looked after children together with a recognition of the high cost of external placements where these are required. This recognises the difficulty in modelling the likely demand and complexity of services in this area. The external placements budget has seen significant growth in recent years with in-year pressures also contributing to budget overspends during the year as identified in the financial monitoring and final outturn positions of the Social Services Directorate. To assist in mitigating these on-going pressures, the contingency budget has been increased from £950,000 to £2.0 million in 2019/20.
 - A contingency in relation to the CTRS, which is to reflect potential changes in the volume of claimants. The contingency budget includes an additional £1.486 million to reflect the proposed increase in the rate of Council Tax. After reflecting this amendment, the revised balance in contingency for 2019/20 is £2.586 million. This is considered sufficient to meet price and demand pressures in the forthcoming year.

- A contingency budget of £750,000 in order to create a fund to support the Council's approach to providing a social subsidy to bus routes where deemed necessary. This will be funded via the FRM and will be used over a two year period following an assessment of route priorities.
69. The final and forward-looking column of the snapshot identifies the challenges facing the Council over the period to 2023/24. Clearly, the need to address a further budget gap of £105 million will be an enormous task given the historic context already considered. The particular risks associated with the revenue budget over the medium term are detailed in the MTFP and are not repeated in full here. However, it should be emphasised that regular consideration of financial resilience will continue to be crucial to ensuring the Council's long-term financial standing. The importance of adhering to budgetary principles that are designed to protect the Council's resilience should not be understated. Given the scale of savings requirements, robust monitoring of the achievability of savings proposals will be key in this regard.
70. The risk analysis of the 2019/20 budget savings proposals is set out in detail at Appendix 14 (a) and summarised in the table below. The Appendix also indicates the planning status of each saving proposal. This identifies that savings of £571,000 have been realised, £15.062 million are at detailed planning stage and £3.524 million have a higher degree of risk as only general planning has been undertaken to date.

Risk Assessment	Residual Risk £000	Achievability Risk £000	Equality Impact Assessment £000
Red	1,800	850	0
Red-Amber	5,694	7,251	585
Amber-Green	6,330	6,231	6,068
Green	5,333	4,825	12,504
TOTAL	19,157	19,157	19,157

71. The final column of the financial resilience snapshot identifies the Council's capital financing requirement over the medium term, as well as the Council's local affordability indicator. Ongoing monitoring of these indicators is key to understanding the Council's exposure to borrowing and its affordability in light of reducing revenue budgets. A key means of undertaking such monitoring is via Prudential Indicators. These are supported by CIPFA's Prudential Code and CIPFA's Treasury Management Code. These are professional codes of practice aimed at supporting the decisions local authorities have to make when planning capital investment and in undertaking treasury management activities. Authorities are required to have regard to the Codes when carrying out their duties under Part I of the Local Government Act 2003 i.e. compliance with the Code is a statutory requirement. The key objectives of the Codes are to ensure that:

- capital expenditure plans are affordable, prudent and sustainable
 - treasury management decisions arising from capital expenditure plans are taken in accordance with good professional practice
 - local strategic planning, asset management planning and proper option appraisal are part of routine practice
 - governance of activities is clearly defined
 - there is accountability as part of a clear and transparent framework
72. The Code requires various indicators to be prepared. Some are required indicators, whilst the creation and publication of local indicators to support decision-making is encouraged. Although separate indicators are no longer required for the HRA, the Council opts to continue to prepare these, given the significance to the Council of the HRA, its statutory ring-fence and specific income stream from rent. Additional indicators may also be prepared if this is considered to aid the assessment of risk and proportionality.
73. One locally prepared indicator at Cardiff Council is the Affordability Indicator, which is set out in the final column of the snapshot. This identifies the trend in capital financing costs as a proportion of the revenue budget over which the Council has direct influence. This gives a better understanding of affordability over the medium term, taking account of MTFP assumptions regarding future Government funding and revenue pressures. Further Prudential Indicators are included in this Report as part of the section on Treasury and Capital Strategy. Over the past year, CIPFA has been developing and consulting on a further set of financial resilience indicators to be used in England. Welsh Treasurers are currently considering a similar approach but on a voluntary basis and the Council will keep this work under review.
74. Appendix 14 (b) contains a summary of the financial resilience challenges facing the Council, along with mitigating actions. These challenges are regularly reviewed as part of financial resilience updates, the budget monitoring process and updates to the Corporate Risk Register, which contains a specific risk in relation to financial resilience. The Section 151 Officer will continue to highlight the financial standing of the Council on a regular basis, as part of Members' overall awareness of financial matters and as an indicator of financial resilience. As already noted, a key factor in relation to the Council's financial resilience is its General and Earmarked Reserves, which are considered in further detail in the next section.

Council Reserves

75. The Council's strategy for holding and utilising reserves is set out in its Financial Procedure Rules. Members, following advice provided by the Section 151 Officer, will consider both the level of reserves held and whether any amounts should be used to support the budget setting process. As part of this consideration, Members are made aware that the use of reserves is finite in nature and therefore care is required to ensure that their use does not create a significant budget gap which would need to be filled in the following year.

76. CIPFA recommended accounting practice requires the Section 151 officer to create a protocol for reserves and balances which sets out the purpose, usage and the approval processes for transfers in and out of reserves and whether the intended use of the reserve is still valid. The Council's Audit Committee considered and noted the protocol in November 2017.
77. The next table shows the actual balance at 31 March 2018 and projected balances for 31 March 2019 and 31 March 2020 for the General Fund and Housing Revenue Account (HRA) earmarked reserves. The projection at 31 March 2019 includes assumptions contained within the Month 9 Monitoring Report and, as such, there is potential for certain estimates to change before the end of the financial year. The projected balances as at 31 March 2020 include the impact of the movements stated in the following paragraphs as well as the contributions to and from other earmarked reserves in line with the purposes set against each reserve.
78. Previous benchmarking reports published by WG have identified that the Council has one of the lowest levels of general and earmarked reserves in Wales. The financial resilience snapshot in Appendix 13 shows that earmarked reserves represented 7.85% of the gross revenue expenditure in 2017/18 (7.79% in 2016/17). There is no set statutory minimum level of reserves and decisions made should reflect the individual position of each council.
79. The Council's General Fund earmarked reserves which exclude the HRA are outlined in Appendix 15(a) and are held to meet known or predicted commitments. Appendix 15(b) shows the earmarked reserves in relation to the HRA. The General Housing Reserve comprising accumulated housing surpluses from previous financial years is ring-fenced for use in connection with the HRA and cannot be used to fund the Council's overall budget.

	Actual at 31 March 2018 £000	Projection at 31 March 2019 £000	Projection at 31 March 2020 £000
General Fund Reserve	14,255	14,255	14,255
General Fund Earmarked Reserves	54,809	40,736	29,344
HRA General Reserves	8,983	8,983	8,983
HRA Earmarked Reserves	3,223	1,054	254

80. The Council also maintains a General Reserve to help cushion the impact of unexpected events or emergencies. The Council's General Reserve as at the end of the 2017/18 financial year was £14.255 million. This reserve is anticipated to remain the same in the current year with

the Month 9 Monitoring report showing a balanced position with no transfers to or from the General Reserve. Following consideration of the Council's current position, in relation to risks and the advice of the Section 151 Officer, it is the intention of Cabinet not to make any use of the General Reserve to fund the 2019/20 budget.

81. The Council takes a proactive role in relation to the use of its reserves and identified, as part of its 2019/20 budget strategy at consultation stage, that a figure of £2.5 million would be released to support the budget. This will be a contribution of £2.5 million from the Strategic Budget Reserve which was set up specifically to support financial resilience and the future budget requirements of the Council over the medium term.
82. School balances represent the accumulated surplus or deficits generated by individual schools. Although they form part of the Council's overall balance sheet, school balances are different to earmarked reserves in that the annual movements in balances are not directly controlled by the Council. As a result, school balances are not available for use in funding the Council's budget, but may still represent a risk to the Council's overall financial resilience, should a net deficit position occur. On this basis, it is of critical importance that due diligence is undertaken in respect of school spending plans, ensuring that they are in alignment with approved budgets. To ensure that this is the case, work will continue to be carried out with all schools, especially those causing significant financial concern. Where the Council's Section 151 Officer determines that the provisions contained within the relevant schemes or procedure rules have been substantially or persistently breached, or a budget share has not been satisfactorily managed, then intervention powers will be taken to suspend delegations for that school.
83. The total school balances as at 31 March 2018 were a net surplus of £6.0 million. Included within this overall balance was a cumulative deficit balance relating to the Schools' Mutual Supply Fund, amounting to £1.3 million. This means that the total of individual school balances amounted to £7.3 million. The total balance included both surplus and deficit balances in respect of individual schools, with total deficits amounting to £1.6 million. A total of nine schools held deficit balances, with the majority of the deficit balances relating to secondary schools. This included a significant deficit in respect of Cantonian High School. This deficit amounted to £869,000 at 31 March 2018. A planned deficit repayment plan has been agreed with the school, with the aim being to clear this balance over a ten-year period. The position at 31 March 2018 represented an improvement on the position at 31 March 2017 and signalled a continuation in the reduction of the balance.
84. As well as deficit balances, a number of schools held significant surplus balances at the end of the previous financial year. This was partly the effect of late notification and receipt of a WG grant for school maintenance, which amounted to circa £1.4 million and resulted in an increase to overall school balances. However, after allowing for this, a number of schools held balances in excess of 4% of their budget

allocation and have done so for at least a three-year period. This represents a trend where net balances have increased for the last four financial years, particularly in respect of primary schools and there are a number of schools that have persistently held a balance in excess of the 4% threshold. To address the build-up of excess balances, the Council is implementing steps to address this issue, including directions to schools to utilise their balances and clawback of excess balances.

85. The judgement of the Council's Section 151 Officer, taking into account the budget monitoring forecast as at 31 December 2018, the corporate budget position, the General Reserve, as well as the General Contingency budget of £3.0 million is that the projected level of both general and earmarked reserves up until 31 March 2019, is sufficient to allow the £2.75 million drawdown to contribute to funding the 2019/20 budget and that the level of reserves remains adequate to 31 March 2020.
86. Overall, the position in respect of reserves, particularly in light of the achievability of savings and unexpected financial issues that may occur will require careful monitoring throughout the financial year to understand any impact on financial resilience. Beyond this, given the information and uncertainty contained in the MTFP, the position with regard to reserves will continue to be carefully monitored alongside the Council's general standing in respect of financial resilience.

Landfill Tax

87. The Council's Statement of Accounts for 2017/18 included a contingent liability in respect of a purportedly under-declared landfill tax assessment received from HMRC. Given that this is a specialist and technical area, the Council has engaged PWC environmental tax experts to support this work. Analyses continue to understand the quantity and nature of the materials disposed of to demonstrate that the "qualifying fines" regime does not apply. The Council, PWC and HMRC continue to work constructively on the matter but as yet the final outcome is still unclear. The Month 9 monitoring report, also to be considered by Cabinet on 21 February, comments on the position and determines that windfall income of £2.494 million received in respect of a previous year's VAT refund be set aside in order to provide a payment on account in respect of these purported liabilities. The allocation of a payment on account would enable the Council to reduce the impact of any interest payments, should an actual liability arise. At this stage in the discussions with HMRC the actual scale of liability, if any, remains to be determined and so this action is deemed appropriate with no other impact on the 2019/20 budget. The position will be kept under review and a further update included in both the Council's Outturn Report and the 2018/19 Statement of Accounts.

Medium Term Financial Plan and Strategy

88. The Council's MTFP for the period 2019/20 – 2023/24 is contained in Annex 2 to this Report. There is little sign that the extended period of

financial challenge will improve over the medium term. The MTFP estimates that the budget gap of £32 million that has been addressed in this Report, will be followed by a further gap of £105 million between 2020/21 and 2023/24. The budget gap is a result of assumed funding failing to keep pace with expected demand, inflation and other financial pressures as set out in the table below:

Components of Budget Gap	2020/21 £000	2021/22 £000	2022/23 £000	2023/24 £000	TOTAL £000
Financial Pressures	25,909	25,216	22,108	20,851	94,084
Funding Reductions - AEF	2,223	2,212	2,201	2,190	8,826
Funding Reductions - Reserves	2,000	0	0	0	2,000
Budget Requirement Reduction	30,132	27,428	24,309	23,041	104,910

89. The wider context and the assumptions underpinning the above figures are set out in detail in the MTFP. There are a number of uncertainties inherent in the above position. In particular, no indicative AEF figures are available and these are difficult to predict, especially in light of the unknown impact of Brexit and the impending 2019 Spending Review by the UK Government. The MTFP also explains the extremely challenging context of continuing to deliver significant levels of savings, building on the material sums already identified in recent years.

90. The table below identifies the high-level strategy for addressing the budget gap:

Budget Assumptions	2020/21 £000	2021/22 £000	2022/23 £000	2023/24 £000	TOTAL £000
Council Tax Increase	6,464	6,755	7,059	7,376	27,654
Savings	23,668	20,673	17,250	15,665	77,256
Total Strategy	30,132	27,428	24,309	23,041	104,910

91. Council Tax figures are based on the assumption of annual increases of 4.5% although this is not fixed and will be kept under review over the medium term. An increase of this level on the Council Tax generates an overall funding increase of approximately 1%.

92. The MTFP models the longer-term budgetary outlook. This shows that the approach to identifying savings needs to change in order to protect the Council's ongoing financial resilience. There is a need to move beyond the traditional approach of targeted directorate savings and limiting schools growth. There will be a need to:

- Capture the full financial benefit of the significant amount of early intervention and preventative work ongoing across the Authority, in order to manage the pattern of future demand for Council services.

- Consider the level at which it is affordable to continue to subsidise services of a more discretionary nature.
- Continue to maximise income streams and explore the potential for new income streams, particularly where services are not universal.
- Continue to target efficiencies, including baseline efficiencies for *all* services including schools.
- Continue to undertake service reviews and to identify cross-directorate savings in areas such as corporate landlord functions and transport.
- Identify opportunities to work across directorates and in partnership with other organisations.
- Target productivity savings to ensure that optimum value for money is achieved within scarce resources, including making best use of digital technology.
- Consider how targeted capital investment may deliver revenue savings.

93. In developing detailed savings proposals for the medium term, there will be a need to work across directorate boundaries, to review all elements of expenditure that the Council is able to influence. This will include working with delegated schools to identify efficiency opportunities in relation to the £231 million Schools' budget. Further work on developing a fully defined set of proposals for these years and for 2020/21 in particular, will take place over the spring in order to inform the 2020/21 Budget Strategy Report which will be considered by Cabinet in July 2019.

Cardiff Capital Region City Deal

94. The Cardiff Capital Region City Deal (CCRCD) valued at £1.2 billion was signed in Cardiff on 15 March 2016. The core proposition is to provide provision of funding to support investment in projects to stimulate economic growth. There is £734 million allocated to the Metro while £495 million covers a Wider Investment Fund (WIF) to support additional economic development activities. The WIF consists of a Local Government capital contribution of £120 million and UK Government Grant of £375 million provided over a 20-year period. The local authority partners operate within an affordability envelope of £210.8 million within which they will manage the total capital and revenue financing costs of the WIF over its life. The local authority contributions are calculated on a population basis with Cardiff's contribution proportion of 23.7% representing £50 million.

95. The basis of how the CCRCD is governed (Joint Working Agreement), how the WIF is managed and approved (Assurance Framework) and the proposals for implementing the CCRCD (Implementation Plan) were approved by Cabinet and Council in January 2017. Cardiff Council has been approved as the Accountable Body to administer the CCRCD, hold the funds from UK Government, local government and other sources and to ensure financial and legal compliance, for which resources are met from a Regional Cabinet budget. The Cardiff Capital Region Joint

Cabinet (Regional Cabinet) was established in 2017 to oversee the delivery of the CCRC and has overall collective responsibility for decisions relating to the WIF. The Regional Cabinet is being requested to approve its annual budget on 18 February 2019. The budget proposed to be funded by the 10 Local Authority Partners is £1.09 million with Cardiff's contribution being £258,449.

96. Cardiff's capital planning for its WIF contribution is predicated on the Joint Working Assessment Business Plan as approved by all ten Councils in March 2018, following approval by Regional Cabinet. This approval discharged the 'reserved matter' from which time local authorities will be required to contribute their share of funding towards the approved capital project costs incurred. The contribution requirements are in accordance with a Regional Cabinet decision on 15 January 2018 to 'resource switch' and fund the initial investments in 2017/18 from capital funds, in order to preserve the £50 million of UK Government revenue funding for future use.

Housing Revenue Account and Rent Setting 2019/20 and Medium Term Financial Plan

Introduction

97. The Local Government and Housing Act 1989 places a statutory duty on local authorities to maintain a separate HRA for the costs associated with the management and maintenance of Council dwellings. The ring fenced nature of the account means that local authorities must not subsidise costs relating to Council Housing from the General Fund (i.e. from Council Tax or from the RSG) or subsidise General Fund costs from the HRA.
98. The main expenditure items within the account include maintenance and repair costs together with management costs (including rent collection, housing allocations and property and estate management). Capital financing charges include the costs of servicing and repayment of all borrowing including the repayment to the WG/HM Treasury for the borrowing undertaken in 2015/16 to exit the Housing Subsidy System. The proposed HRA budget for the financial years 2019/20 to 2023/24 is shown in Appendix 16.

2019/20 Key Assumptions

99. Key assumptions and factors which make up the HRA budget proposal include the following main items:
- Rents are uplifted by CPI only in line with the ministerial decision
 - An £18.3 million budget has been set for Council Housing Repairs reflecting the estimated requirements for both planned and responsive maintenance
 - The direct revenue financing budget for capital expenditure assumes a contribution of £6.4 million in 2019/20

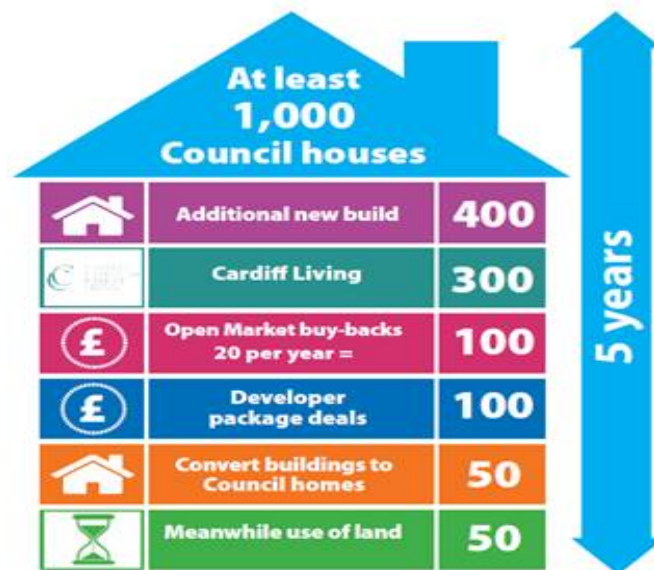

- Continued receipt of the Major Repairs Allowance (MRA) of £9.5 million
- Provision is made for the ongoing estimated impact of Welfare Reform under the Universal Credit scheme on rent income levels and additional costs of collection and recovery
- The HRA's fair contribution to planned corporate and other initiatives where HRA activities are involved

Medium Term HRA Financial Plan

100. For 2020/21 and future years to 2023/24, the budget proposals make provision for pay awards and general inflation increases.

101. Key objectives and priorities in the medium term include the following:

- Maintenance of the Welsh Housing Quality Standard (WHQS) for high quality and sustainable housing
- A new build housing programme to deliver 1,000 new council housing units by 2022 with a further 1,000 to follow by 2026/27
- Remodelling and refurbishment of existing homes with estate regeneration and area improvement works
- Continued delivery of community benefits
- Tenant participation and consultation
- Assistance to tenants with debt management and budgeting advice

Key Risks and Uncertainties

102. The proposed HRA Capital Programme includes significant additional borrowing commitments following the proposed removal of the Housing Borrowing Cap. This borrowing is partly to fund the delivery of new Council social rented homes through a combination of open market buy-backs, developer packages and new builds in order to meet demand for affordable housing in the city and to help meet national targets.

103. The restricted rent uplift for 2019/20 results in lower revenue resources which has necessitated operational savings and efficiencies and reduced flexibility in terms of planned spend and initiatives. Looking forward, the uncertainty in relation to future rent policy makes planning very difficult, particularly in respect of the new build plans. A future rent policy which imposes lower uplifts than previously assumed within the HRA Business Plan will necessitate a remodelling and review of priorities within the Plan.
104. There are no agreed pay awards beyond 2019/20 and in the absence of this, 2% annual uplifts are assumed which is broadly in line with forecast CPI inflation. Forward general inflation indicators are in line with WG guidelines and any significant changes to these assumptions will further impact on budget proposals.
105. The plan makes assumptions in relation to the potential impact of Welfare Reform and the transfer to Universal Credit on rent arrears, particularly as a result of the continuing reductions in Housing Benefit due to property rent/size restrictions. Any increased impact is likely to affect the available revenue resources and may necessitate further offsetting operational savings.
106. As part of the Affordable Housing Supply review being conducted for WG, the MRA in terms of output and value for money is being examined. Any changes to the level of MRA would have a very significant impact on the achievability or otherwise of the HRA Capital Programme.

Rent Policy

107. While the responsibility for setting rents for individual dwellings rests with individual landlords, they are required to operate within average weekly rent levels that fall within the Target Rent Band set by the WG. The WG rent policy and the five-year rent uplift formula agreement ended in March 2019. An independent rent policy review is underway which will consider issues such as affordability and comparisons with rents in England. The results of this review will feed into the Affordable Housing Supply Review conducted for the WG.
108. The Minister for Housing and Regeneration has made the decision to uplift social rents by CPI only for the transitional year 2019/20. As a result of this decision, the CPI increase will be 2.4% which will mean that the average rent for a council home will increase by of £2.42 per week (£2.57 based on the 49 week collection) exclusive of service charges.
109. For future years, the WG policy in relation to potential rent uplifts is currently unknown. Local Authorities have been advised to carry out sensitivity analysis on their 30 year HRA Business Plans on a range of rent uplifts (from CPI +1% to CPI -1%). On this basis, a prudent approach has been applied from 2020/21 onwards with uplifts of CPI plus 0.5% only. The HRA Business Plan will be reported to Cabinet in March 2019.

Tenant Consultation

110. Consultation on the rent increase took place between 18 December 2018 and 16 January 2019. A letter and flyer were sent to 1,350 randomly selected tenants with freepost return address; this represented 10% of tenants. However the numbers responding to the survey were too small to draw any conclusions from the responses.
111. Council rents remain lower than rents charged by private landlords. Approximately 75% of Council tenants are in receipt of financial assistance with their housing costs and in most cases, this will cover the increase. Those tenants most affected will be tenants in work with low earnings and those impacted by Welfare Reform such as the Benefit Cap.
112. A number of ways to mitigate this impact have been identified, including improved Into Work and Employability services to help people upskill and to seek better paid employment together with a more supportive approach to rent arrears and a Hardship Fund for tenants struggling to pay arrears.

School Organisation Plan and 21st Century Schools Programme

113. The School Organisation Plan (SOP) relates to the significant programme of capital investment that aims to ensure sufficiency of school places in Cardiff and address the most acute school building condition issues. The SOP Financial Model includes Cardiff's 21st Century Schools Band A programme, which totals £164.1 million, and the 21st Century Schools Band B programme, which is anticipated to cost in the region of £284 million. The 21st Century Schools programme is due to conclude at the end of the 2018/19 financial year, representing the culmination of a seven year programme. The 21st Century Schools Band A programme is funded on a 50:50 basis with WG, with WG's contribution taking the form of grant and Local Government Borrowing Initiative (LGBI) revenue funding to facilitate additional borrowing. The 21st Century Schools Band B programme will commence in 2019/20 and is anticipated to end in 2023/24. The WG contribution rates for the 21st Century Schools Band B programme are different to those in the 21st Century Schools Band A programme, with mainstream schools funded on a 65:35 basis and special schools funded on a 75:25 basis. Projects involving voluntary aided schools will be funded on an 85:15 basis. WG are set to contribute the higher proportion of funding in all cases, with their contribution taking the form of capital grant.
114. Whilst the capital funding intervention rates for the 21st Century Schools Band B programme have recently been confirmed, there remains a degree of uncertainty as to the final makeup of the Council's 21st Century Schools Band B programme. This is driven by the fact that WG have suggested that the pace of delivery may need to be slowed and that it may not be possible for the Council's programme to be financially supported in line with the original profile, due to WG funding constraints in certain financial years. As a consequence of this, the Council is

required to revise the programme profile and reconsider its position in respect of the Mutual Investment Model (MIM). The WG have confirmed that a revised MIM funding intervention rate will be implemented, with the WG set to fund 81% of the annual payments for schools constructed under this model, and have asked Council to reconsider whether it wants to be a participant in this public-private partnership model of funding. Council officers are currently undertaking work to assess the financial impact of potentially undertaking a MIM scheme and the impact that this will have on the overall programme, should schemes be changed to a MIM funding model, rather than capital funded, as well as elongating the residual capital programme profile to work within WG's funding availability. As part of this work, it is essential that the final programme profile, and mix of funding models, can be accommodated within the current financial envelope.

115. The SOP Financial Model comprises a projection for both capital expenditure and capital funding over the life of the plan. Funding sources that the Council has utilised in meeting its share of the plan include:

- Capital Receipts
- Capital Grants
- Section 106 Contributions
- Capital Programme Allocations
- WG LGBT
- External Borrowing

116. To date, the largest proportion of funding has been met from external grants, with external borrowing and capital receipts making up the majority of the balance. In the case of the 21st Century Schools Band B programme, it is intended that the Council's share will be met from £25 million of capital receipts, with the balance being funded by external borrowing. The £25 million capital receipts will be identified from within the Council's entire asset base.

117. Projects completed to date include four new build primary schools, the new Eastern Community Campus in partnership with Cardiff & Vale College, three replacement primary school buildings and a number of extensions to primary school buildings. The final 21st Century Schools Band A programme project is for a replacement secondary school in the west of Cardiff and is planned for completion by the end of the current financial year. The proposed 21st Century Schools Band B programme projects will see five secondary school buildings replaced or substantially refurbished, three primary school buildings replaced or extended and four special school buildings replaced. A number of these projects will also contribute towards an increase in the overall number of school places in Cardiff. Preparatory work for the first 21st Century Schools Band B programme projects is currently underway in relation to Fitzalan High School, St Mary the Virgin Primary School and a redevelopment of the Doyle Avenue site, which currently hosts Cantonian High School.

118. The capital charges arising from the borrowing undertaken are funded from the SOP Revenue Budget, via the SOP Revenue Reserve. At the

point at which SOP commenced, the revenue budget required was created by revenue release savings, which included savings from facilities management budgets from closed schools as well as efficiency savings and historical adjustments to delegated schools budgets. In order to ensure that sufficient revenue budget exists for the 21st Century Schools Band B programme, a 10-year plan is in place whereby the revenue budget will be built up by applying a reduction to the growth applied to the delegated school budget in each financial year during that period. Excluding LGBT expenditure, which has a dedicated funding stream, capital financing obligations from completed and ongoing SOP schemes are expected to peak at £5.976 million in 2019/20. The capital financing charges arising as a result of the 21st Century Schools Band B programme are expected to peak at £4.795 million in 2024/25, however this figure will change as the profile of expenditure is revised in line with the final programme plan.

119. The SOP also includes significant revenue expenditure in connection with organisational restructuring costs attached to the schemes. These include project management costs, wider Council support for the programme, external advice and additional costs incurred by schools that are transitioning to new buildings. The SOP revenue budget is regularly reviewed and submitted to the SOP Programme Board for approval.

SOP Revenue Expenditure 2019/20	£000
Project Team Costs	1,239
Other Council Support	500
External Advice	150
Ongoing Commitments	380
Contingency	300
Total	2,569

120. The overall SOP Financial Model represents a significant financial exposure for the Council and the following capital and revenue risks have been identified and are continually reviewed:

- changing scope of works as schemes progress
- cost over-runs and fluctuating construction cost inflation
- underachievement of capital receipts, failure to obtain planning consent or changes in Council policy in respect of land sales
- the potential for the revenue costs of transitioning schools to new buildings to increase beyond initial assumptions
- the risk of abortive costs, should schemes be significantly amended or not taken forward
- VAT implications of schemes, particularly those involving land transfers or voluntary-aided schools

121. At the time of developing the overall programme, cost estimates were undertaken as part of a desktop exercise. Therefore, a significant amount of work is being undertaken in respect of the 21st Century Schools Band B programme and there is the potential for changes to the profile of expenditure, and overall scale and scope of projects, as detailed cost

information is gathered. As well as this, there remains some uncertainty around the overall length of the 21st Century Schools Band B programme and further detail is required as to how the change in WG funding contribution rates will impact on affordability of the overall programme. Furthermore, a business case has to be prepared and submitted to WG for each individual project. Only at the point whereby the Full Business Case has been approved by WG, and procurement of a contractor is completed, is an accurate cost known. Until that point, there is a significant risk that unforeseen costs, scope changes and construction inflationary pressures could impact on the overall scale and affordability of the programme.

122. A further challenge for the SOP Financial Model is the cash flow impact of the timing of both capital and revenue expenditure and income. An earmarked reserve has been established for the SOP, and the projected movements on this reserve are shown in Appendix 17. This reserve is used to manage these cash flow implications and the risks as previously identified. In a Cabinet report, considered at a Cabinet meeting on 19 March 2015, the financial implications section referenced the advice of the Council's Investment Review Board, which had suggested that a reserve balance of no less than £1.5 million was considered prudent. Appendix 17 highlights the fact that the reserve balance is projected to decrease to a level below that recommended previously. However, it is felt that, whilst the desired level is for a balance of at least £1.5 million, a minimum level of £500,000 would be recommended, for financial resilience purposes. Appendix 17 shows that the balance is not projected to decrease below that level and that in a number of years the balance will exceed the desired level. These projected fluctuations highlight the need for continued close monitoring activity and robust governance and decision making relating to use of the reserve. This governance will take the form of the SOP Programme Board who will meet regularly and ensure that decisions taken pay due consideration to the minimum reserve level required.

Civil Parking Enforcement

123. Income and expenditure in respect of Civil Parking Enforcement is ring-fenced within the Council's accounts. The income generated from car parking fees, residents' permits, penalty charge notices and moving traffic offences (MTOs) is used to fund the associated operational costs including the cost of the enforcement service. Any surplus or deficit will be transferred to the Parking and Enforcement Reserve and can only be used for specific purposes such as supporting transportation services, parking and highway and environmental services in accordance with Section 55 of the Road Traffic Regulations Act 1984.
124. The anticipated operating surplus for 2018/19 is likely to be £6.986 million. When this, the budgeted and additional eligible expenditure for the current year are applied to the brought forward figure, the balance in the Parking and Enforcement Reserve at 31 March 2019 is estimated at £939,000.

125. For 2019/20, income from car parking fees, residents' permits, penalty charge notices and MTOs is forecast to be £14.190 million. Operating costs include staffing and other costs of enforcement services, traffic regulation orders, maintenance of parking for both on and off street parking and disabled bays. It also includes capital financing costs in respect of repayments in relation to the investment in expanding bus lane and yellow box junction enforcement. It also reflects anticipated savings identified following the Service Review undertaken by the Council in 2018/19. Overall, expenditure is estimated to be £6.963 million, leaving a net in year surplus of £7.227 million. This will be used to meet eligible expenditure commitments supporting overall highway, transportation and environmental improvements total £5.385 million in 2019/20.
126. As part of this budget further eligible expenditure is proposed in respect of other schemes and are set out in the table below:

Additional expenditure in 2019/20	£000
Active travel including cycle way and bus corridor infrastructure improvements and the expansion of 20 mph zones	1,433
Clean air initiatives through the conversion to and provision of electric vehicles and charging points	360
Environment and highway improvements	207
Match funding towards public transport provision as required by WG Bus Grant conditions	150
Contingency for schemes and projects that may emerge during the year	100
Total	2,250

127. As reflected in Appendix 18, the balance on the reserve is expected to increase as set out below. These amounts will be impacted by any new spending commitments that emerge and are approved over the period.

Parking and Enforcement Reserve As at 31 March	Projected Balance £000
2020	531
2021	258
2022	454
2023	693
2024	943

128. The anticipated surpluses provide significant scope for future investment in line with the Local Development Plan and Parking Strategy to assist in delivering improvements and key transport schemes in the City. Use of the reserve for investment in initiatives will be reported as part of the Council's regular monitoring arrangements including consultation with the relevant Cabinet Member.

129. A summary of the overall position on the Civil Parking Enforcement Account including the anticipated balances on the reserve is set out in Appendix 18 to this report.

Joint Committees and Relevant Bodies

130. Cardiff is currently the lead authority for Glamorgan Archives, Prosiect Gwyrdd and Cardiff City Region City Deal (CCRCD); it is also a member of the other Joint Committees shown below. In addition, the Council has to meet a number of levies and contributions.

Joint Committees and relevant Body	2018/19 Approved Revenue Contribution £000	2019/20 Estimated Revenue Contribution £000
Joint Committees		
Glamorgan Archives	209	209
Prosiect Gwyrdd	37	37
CSC Joint Education Service	1,413	1,343
Shared Regulatory Service	3,601	3,381
CCRCD	237	249
Vale, Valleys & Cardiff Regional Adoption Consortium	573	636
Joint Bodies		
South Wales Fire & Rescue	17,181	18,142
Natural Resources Wales	139	139
Cardiff Port Health Authority	114	114
Newport Port Health Authority	5	5
Coroner's Service	667	688

131. The figures shown for 2019/20 are subject to confirmation by the respective Joint Committees. The fees and charges for the Shared Regulatory Service are set by the Joint Committee or externally by statute or other regulation.

Activities inherited from Cardiff Bay Development Corporation including Harbour Authority

132. The Council agreed to take on the role of the Cardiff Harbour Authority (CHA) in April 2000 following the winding up of Cardiff Bay Development Corporation (CBDC). The functions and responsibilities of the Harbour Authority are detailed in the Agreement made between the Council and CBDC (now WG) under Section 165 of the Local Government Planning and Land Act 1980. The funding required to discharge these obligations is provided by a specific grant received from the WG. This funding and any income generated are ring-fenced.
133. The arrangement has been subject to a number of negotiated changes over the past 19 years; the latest variation was signed on 3 April 2014 and included a three year fixed cost budget for April 2014 to March 2017.

The revisions ensured that a sufficient funding level was made available to the Harbour Authority to meet the liabilities under the agreement and any additional duties relating to the Cardiff Bay Barrage Act 1993.

134. The existing agreement expired on 31 March 2017. The WG initially advised they would like an opportunity to review current arrangements and to extend the previous business period by twelve months, up until 31 March 2018. This review has been delayed by WG until recent months, although the WG has continued to have discussions with CHA over the way forward with a view to jointly agreeing a new funding agreement for 2020/21 onwards. The WG have already emphasised the pressures on this budget and indicated that supporting CHA at current funding levels is unsustainable and consequently there is a desire to explore savings with the CHA.
135. The Council has responded positively and constructively to this request and are working jointly with the WG and independent public sector advisors in developing an appropriate settlement within the context of a wide-ranging review of CHA activities. WG are conscious of CHA statutory functions, therefore exploring savings and efficiencies must be undertaken carefully and managed appropriately.
136. For 2018/19, the Council and WG agreed a single year budget of £5.4 million whilst the review was outstanding.
137. For 2019/20, the Council has worked with WG to identify achievable efficiencies, service reductions and savings against the approved Fixed Costs budget and to agree on an appropriate budget for Asset Renewal. The WG have agreed total funding of £5.265 million, representing a cash reduction of £135,000 or 2.5% on the 2018/19 budget.

CHA Funding	2018/19	2019/20
	£000	£000
Fixed Cost Budget	5,204	5,120
Asset Renewal	196	145
Total Budget	5,400	5,265

138. The funding for asset renewal is likely to become a significant issue in the future. Past renewals and replacements have been relatively small in value. This issue will be considered as part of the overall review. It is anticipated that a way forward can be agreed with WG on the basis of a medium to long term asset management plan.
139. The overall reduction in the budget reduces the ability to fund large unforeseen operational costs and consequentially increases the financial risk to the Council. Any unforeseen costs arising will be recoverable from the WG through the additional claims process, but only where those costs are legitimately agreed as part of the Deed of Variation.
140. The CHA maintains a Contingency and Project Fund, which is used to support projects and provides a contingency if the approved budget is exceeded. The Fund receives contributions from a combination of

receipts from the sale and disposal of land and a share of past year underspends on the Fixed Cost budget. The balance at 31 March 2019 is estimated at £40,000 and this is line with the amendments to the Deed of Variation as agreed in April 2018.

Supporting People Programme Grant Spending Plan

141. The Supporting People Programme provides approximately 6,000 units of housing-related support to vulnerable individuals in Cardiff to assist them to live independently and to prevent homelessness. Support can be provided in the client's own home, hostels, sheltered housing or other specialist supported accommodation. A range of third sector organisations deliver this support, the majority of which are charitable organisations and housing associations. However, the Council does provide some services directly including two homeless hostels, supported accommodation, and a homeless outreach team.
142. The WG provides Supporting People funding in the form of a grant and local authorities administer the funds. A multi-agency Regional Collaborative Committee for Cardiff and the Vale of Glamorgan operates to provide opportunities for a collaborative approach and to share best practice. The WG requires each local authority to develop a Local Spending Plan in a prescribed format that indicates the areas where the Council intends to spend the grant. This is prepared following an indicative grant allocation figure from the WG.
143. The indicative grant allocation for Cardiff in 2019/20 is £16.267 million which is unchanged since 2016/17. While no reduction has been made in the overall Supporting People Grant this year, it is anticipated that funding levels may reduce in future years. The level of intended spend within each spend category can be seen at Appendix 19. This is broadly similar to that of the current year in the majority of spend categories, with the exception of the "People over 55 years of age with Support needs Category" which has reduced slightly for 2019/20.
144. This decrease of £64,470 in the Older Person's category is largely a result of efficiency savings which will be refocussed into addressing the current priorities in rough sleeping and homelessness services across the city. The highest anticipated spend is in the spend category that predominately relates to homelessness schemes that do not clearly fit the spend categories prescribed by the WG. This expenditure totalling £3.542 million is referred to as 'Expenditure which does not directly link to the other spend plan categories'. Within this category are homelessness related services including larger frontline hostels, rough sleeper outreach provision, supported housing and young person gateway services.
145. Whilst spend in the Older Person's category will decrease slightly next year as explained above, services available for older people have increased. There is sufficient capacity within the current commissioned Generic Floating Support Service to meet the demand for older people. Also, the addition of Floating Support within the Independent Living

Team has improved service provision. By being part of an integrated team, access to a wider range of support options such as advice on benefits, disabled adaptations, grants, home energy efficiency and support to avoid social isolation are now available to older people in a more effective and streamlined way than before.

146. Alongside the increased number of rough sleepers in Cardiff over recent years, addressing the 'Revolving Door' of Homelessness to better meet those with complex needs will continue to be the priority during 2019/20. The most prominent need recorded in the Supporting People data in 2017/18 is Mental Health at 22.8%, followed by Domestic Abuse at 12.6% and the third is Substance Misuse 12.4%. There has also been a significant increase in demand for housing related services for people affected by combined Mental Health and Substance Misuse issues.
147. A phased approach has been taken to reviewing services. Phase 1 of the Accommodation and Support Review Programme is now complete with the exception of the Gender Specific service for male victims which will be completed in 2019/20.
148. Work has commenced on Phase 2 and 3 of the Support Review Programme with new contracts for services for young people due to be in place by May 2019. A full review of Accommodation and Specialist Support Services for single people with substance misuse and mental health issues is underway, including all second stage supported accommodation within the Single Persons Accommodation and Support Gateway. It is anticipated that this work will be completed by 2020/21.

Capital Strategy 2019/20

149. The Council's Capital Strategy is set out in Annex 3 to this Report. Successfully delivering the commitments set out in Capital Ambition will require capital investment and having a capital strategy in place will support Members making capital investment decisions to deliver their priorities in an informed way. The Capital Strategy will provide a framework which will:
 - provide a longer term view of capital expenditure plans whilst setting out all the financial risks to which the authority is exposed
 - ensure decisions can demonstrate sufficient regard to the long term financing, affordability implications and potential risks to the authority
 - provide an overview of the Council's asset management planning arrangements, which includes any maintenance requirements that have resource and business planning implications.
150. The requirement for the Council to approve a Capital Strategy arises from an update to the CIPFA Prudential Code in 2017. This update was primarily in response to concerns that local authorities were undertaking activities of a more commercial nature such as investment in property and companies primarily for financial benefit.

151. The Capital Strategy is an integral part of the Council's Strategic and Financial Planning Framework. The CIPFA Prudential Code and CIPFA Treasury Management Code require that the Council determine a suite of indicators highlighting the longer term impact of capital investment decisions on the revenue budget, affordability, prudence and sustainability. Indicators for capital expenditure and affordability are set out in the sections below and the Treasury indicators are included in the Treasury Management Strategy (Annex 4).

152. The Capital Strategy sets out the approach to various factors as identified below and covers the Council's approach to:

Working with partners – recognising the enabling role played by the Council in delivering investment and the need for alignment with WG on a longer term and sustained approach to capital investment

Asset Management Planning – how the Council demonstrates stewardship of assets used in service delivery and the need to understand condition and alternative options as a basis for understanding investment requirements

Risk Appetite – the main areas where capital investment paid for by borrowing would be considered and how such decisions are informed by robust business cases

Governance and decision-making – identifying priorities for investment, securing value for money and monitoring and reporting of the approved capital programme.

153. The following sections in this Report set out the

Capital Investment Programme - the detailed five-year capital investment programme proposed for 2019/20 to 2023/24 arising from the Capital Strategy

Funding for the investment programme - the Capital Resources assumed to be used to fund the 2019/20 to 2023/24 investment programme including identification of the borrowing requirement

Managing the borrowing requirement – identifying the Capital Financing Requirement and setting out the strategy to manage Treasury activities including the borrowing requirement and treasury investments

Affordability – understanding the impact of capital investment decisions on the Council's revenue budget and MTFP via the calculation of various prudential indicators. This section also includes approval of the Council's approach to making prudent provision for the repayment of capital investment paid for by borrowing.

154. The Section 151 Officer is required to report explicitly on the affordability and risk associated with the Capital Strategy and where appropriate have access to specialised advice to enable them to reach their conclusions. This statement is incorporated within the financial implications to this Report.

Capital Investment Programme 2019/20 to 2023/24

155. The Capital Programme is set for 2019/20 and on an indicative basis for four years thereafter. It has been profiled in accordance with technical advice relating to regulatory processes, timetables and work plans. Whilst acknowledging that some delay cannot be avoided, directorates are reminded of the importance of:

- their responsibilities to ensure that they have sufficient and capable resources to undertake options appraisals, develop and deliver capital schemes
- minimising slippage wherever possible, but where likely, notifying the Finance Section at an early stage for inclusion in budget monitoring reports to Cabinet
- ensuring costs charged to capital projects meet the definition of capital expenditure
- having contract management processes and procedures in place to ensure value for money and to ensure any contract variations are essential and approved in accordance with the Council's Constitution.

156. The proposed Capital Programme is summarised in the following table:-

Capital Programme	2019/20*	2020/21	2021/22	2022/23	2023/24	Total
	£000	Indicative £000	Indicative £000	Indicative £000	Indicative £000	
Annual Sums Expenditure	28,284	25,277	25,187	18,873	14,815	112,436
Ongoing schemes	14,589	18,335	17,277	9,075	3,224	62,500
New Capital Schemes	3,269	6,220	4,310	16,590	1,060	31,449
Schemes Funded by External Grants and Contributions	36,772	42,610	88,039	50,998	3,550	221,969
Invest to Save Schemes	16,257	19,695	36,988	24,190	3,011	100,141
Total General Fund	99,171	112,137	171,801	119,726	25,660	528,495
Total Public Housing (HRA)	47,385	64,510	79,750	68,750	54,350	314,745
Total Capital Programme	146,556	176,647	251,551	188,476	80,010	843,240

* Includes slippage estimated at Month 9. The final slippage figure, which will be known at outturn, will be reflected in the Month 4 2019/20 budget monitoring report.

157. In comparison, actual capital expenditure in 2017/18 was £138 million (£113 million General Fund, £25 million HRA). Projected capital expenditure in 2018/19 is £151 million (£111 million General Fund, £40 million HRA).

158. The five year programme is detailed in Appendix 20(a) with some of the main items of expenditure highlighted below:

Theme	Types of expenditure
Annual Sums	<ul style="list-style-type: none"> • Disabled adaptations to allow people to remain independent in their homes • Highway infrastructure • Property asset renewal • Neighbourhood regeneration • Parks asset renewal • Road safety; cycle and public transport network improvements
Previously Agreed / Ongoing Schemes	<ul style="list-style-type: none"> • Facility to support victims and those at risk of domestic abuse • Whitchurch High School accessibility for disabled pupils • Bereavement Strategy • Western Transport Interchange • 21st Century Schools Band B programme • Completion of Central Square public realm • Modernising ICT to improve business process • City Centre youth hub and Butetown pavilion • Strategic cycle routes • Council contribution to support WG grant bids for coastal erosion, transport links and a targeted regeneration investment programme • Development of a new household waste recycling centre • Council agreed contribution to CCRCDC expenditure in accordance with profile approved by Regional Cabinet in January 2018
New Capital allocations including invest to save proposed in 2019/20 Budget	<ul style="list-style-type: none"> • Additional support for disabled adaptations grant • Roll out of glass recycling collection service • Works to structures at Millennium Walkway and Roath Park dam • Enabling works, if required to implement economic development schemes • Economic Development schemes at the Chapter Arts Centre and the former Virgin Active site • Contribution towards the cost of the Indoor Arena subject to the level of capital receipts and approved affordability envelope • Road safety and other improvements proposed from parking enforcement income • Lamby Way solar farm and contribution to District Heat Network • LED street lighting in residential areas
External Grant and Contribution assumptions	<ul style="list-style-type: none"> • Targeted regeneration investment programme • 21st Century schools Band B programme • Public highways refurbishment • Local Transport Fund, active travel, road safety and safe routes in communities • Coastal and flood risk management programme design • Planning gain and other contributions received towards a range of schemes
Invest to Save	<ul style="list-style-type: none"> • 21st Century schools Band B programme • Council leisure centre investment as part of alternative service delivery • Loan to Cardiff City Transport Services Limited • New cemetery to increase burial space in the city • Building energy efficiency schemes
Public Housing (HRA)	<ul style="list-style-type: none"> • Improvements to garages, gullies and open spaces • Investment in existing stock to sustain Welsh Housing Quality Standards (WHQS) • Significant increase in new affordable housing proposals including land acquisition following removal of debt cap • Disabled adaptations

New schemes approved in 2019/20

159. While there is significant pressure for investment, a medium term view has been taken with new investment proposed on the following principles:
- directorates to manage emerging priorities within existing budgets where feasible
 - any new investment to be managed within the level of additional General Capital Funding grant allocated by WG between 2018/19 and 2020/21.
 - taking advantage of opportunities for grant match funding or earmarked capital receipts funding to increase the level of investment
 - invest to save / earn.
160. New investment proposals in 2019/20 include investment in structures to meet regulatory requirements and deteriorating condition, roll out of glass recycling service as well as enabling support for economic development initiatives. An additional allocation is provided for disabled adaptations grants in 2019/20, with future years subject to a review to be considered by Cabinet in relation to impact of expenditure in other areas as a result of investment in adaptations. The impact on demand and affordability of expenditure as a result of changes in WG and Council policy in this area will also be considered.
161. Investments approved on the basis that additional investment will pay for itself over a period of time include the roll out of LED lighting in all residential areas, contributions towards infrastructure for a District Heat Network and also expanding the proposed capacity of the solar farm at Lamby Way. It is essential that due diligence is undertaken on business cases for such projects, with sourcing of external expertise where relevant to support decision making and to understand key risks and any financial liabilities that could arise from such investment.

Major Development Projects

162. There are a number of key strategic projects the Council is considering as outlined within Capital Ambition, with due diligence being carried out and business cases being developed for Cabinet to consider during 2019/20. The key projects being considered are the development of an Indoor Arena in Cardiff Bay, Core Office Accommodation and the International Sports Village.
163. Costs are being incurred in terms of surveys, valuations, due diligence and professional advice to ensure Cabinet are informed in relation to the risks and financial implications of these proposals. This includes consideration at the Council's Investment Review Board and through other relevant governance procedures. The projects for Core Office Accommodation, ISV and heritage buildings will seek to be self financing.
164. The Indoor Arena proposal may result in a number of different delivery and funding options with varying risks associated with each of them. As

such the financial implications to the Council are not confirmed, however they may require decisions to be made by the Cabinet during 2019/20 to meet timescales of external partners and to ensure the Council can play a key part in enabling the delivery of significant regeneration and economic development project. This would assist in moving the City forward in line with Capital Ambition for the benefit of the residents, the region and Wales.

Affordability Envelope

165. Subject to the funding approach identified, the project may have no net financial impact to the Council but may require some enabling costs to be financed in the medium term or it may be beneficial for the Council itself to take a leading role in the development. This could also require increases in the Capital Programme and to the Council's borrowing requirement.
166. To manage the risks and to allow such a project to proceed, subject to approval of relevant business cases, it is proposed that an affordability envelope is set for the medium term. The revenue budget implications of the project must be maintained within parameters set out in the Council's MTFP, covering any costs of servicing enabling borrowing, the costs of delivery of the project as well as any operating costs. Where costs fall outside of this envelope they will not proceed without further recourse to Council.
167. It is proposed that Council approve an affordability envelope, so that Cabinet are able to take decisions within this envelope which will commit future year's revenue budgets and also impact on the borrowing requirement.
168. The principles of the Affordability Envelope are:
 - all enabling works will ultimately be self-financing in the long-term, including provision for the repayment of any loan principal
 - In the medium term, defined as seven years, an allocation would be required in the Council's revenue budget via the MTFP to fund interest costs of the enabling works
169. The Affordability Envelope will provide for a maximum revenue exposure in terms of interest costs of up to £3.562 million per annum in the medium term. To enable this the existing revenue budget identified for the Central Enterprise Zone of £1.500 million will be gradually increased from 2020/21 onwards to fund any required borrowing and associated project delivery costs for enabling developments.
170. Whilst this initiative is intended to be self financing, in the first instance the arrangement could equate to financing the interest cost of a capital outlay of a maximum of £115 million. This is the maximum the Council could be exposed to at a defined point in time, and if at any point during the enabling developments this Affordability Envelope is breached (e.g.

net outlay of more than £115 million or financing costs rise above £3.562 million in any single year) this would need to be referred to Council as being outside the Affordability Envelope.

171. In approving the arrangements for the Affordability Envelope, Council will be introducing an additional flexibility to the Budgetary Framework for 2019/20 which will be governed through the arrangements set out in this Report. The key areas of change to the Budgetary Framework, subject to remaining within the Affordability Envelope will include:
- a. Increases to the Capital Programme expenditure to reflect any proposals agreed by Cabinet during 2019/20.
 - b. An increase in the borrowing requirement and affordable borrowing limit and associated treasury management indicators to cover expenditure commitments identified in approved business cases
 - c. Increases in the revenue budget requirement to be included in the MTFP in future years.
172. Subject to the need to trigger the Affordability Envelope, any impact of proposals on the Capital Programme and Treasury indicators set out in this report would be included as part of the periodic reports received by Council in respect of Treasury Management.

Funding the Programme – Capital Resources 2019/20 to 2023/24

173. There are currently no nationally imposed restrictions to the quantum of borrowing that can be undertaken to pay for capital investment. The borrowing cap introduced for the HRA in Wales is proposed to be removed, as has been done in England, and the proposed Capital Programme assumes its removal. However, it should be noted that consideration is being given by Central Government as to how perceived risks to fiscal sustainability of commercial investments undertaken by some councils can be managed. The outcome of this could result in controls and will need to be monitored closely.
174. The Council approves its own affordable borrowing limit as part of the requirement of the Local Government Act 2003 and this is set at a level consistent with the programme of capital investment proposed in this report. Resources to be used to pay for capital expenditure are summarised in the table below and detailed in Appendix 20(b).

Capital Resources	2019/20*	2020/21	2021/22	2022/23	2023/24	Total	%
	£000	Indicative £000	Indicative £000	Indicative £000	Indicative £000	£000	
WG General Capital Funding - Supported Borrowing	8,566	8,566	8,566	8,566	8,566	42,830	5.1
WG General Capital Funding - Grant	7,781	8,512	8,412	5,712	5,212	35,629	4.2
Major Repair Allowance Grant (HRA)	9,500	9,500	9,500	9,500	9,500	47,500	5.6
Additional borrowing	67,111	83,662	111,844	82,812	40,872	386,301	45.8
Earmarked Capital Receipts	4,116	5,480	1,800	16,850	2,800	31,046	3.7
Non-earmarked Capital Receipts	3,000	11,500	13,000	7,000	1,000	35,500	4.2
Revenue & Reserves	8,090	5,687	5,090	5,038	4,810	28,715	3.4
Other External Grants and Contributions	38,392	43,740	93,339	52,998	7,250	235,719	28.0
Total Resources	146,556	176,647	251,551	188,476	80,010	843,240	100.0

General Capital Funding

175. The Council receives a base allocation of General Capital Funding from WG to spend on Council priorities. This is assumed to be £13.778 million in 2019/20 and future years through cash grant (£5.212 million) and supported borrowing approval which forms part of the Council's borrowing requirement (£8.566 million). The allocation for 2019/20 is £147,000 higher than 2018/19 but remains circa 33% lower compared with 2010/11 and does not even meet annual sum expenditure.
176. The WG budget includes proposals for an extra £100 million of General Capital Funding to be made available for local authorities over three years. The first instalment of £50 million will be paid in the 2018/19 financial year with the remaining £30 million paid in 2019/20 and £20 million in 2020/21. This equates to an estimated £4.768 million for Cardiff in 2018/19, which will be carried forward for use in 2019/20, £2.894 million in 2019/20, and £1.907 million in 2020/21. New capital investment excluding invest to save / earn schemes is managed within this additional grant of £9.569 million, thus minimising the impact on the capital financing budget.

Major Repair Allowance

177. The Major Repairs Allowance grant receivable for Public Housing is estimated at £9.500 million per annum and is assumed to remain at that level consistent with WG business planning guidance issued to local authorities in December 2018. However it should be noted that a review of this grant forms part of a work stream being undertaken by WG as part of its affordable housing supply review and as such creates uncertainty for long term planning and affordability of the Council's new build programme.

Additional Borrowing

178. There are two main types of borrowing to pay for capital expenditure which form part of the Council's borrowing requirement which is managed as part of the Council's Treasury Management Strategy: -

- 'Supported Borrowing' - costs of servicing debt are included within the Revenue Support Grant (RSG) the Council receives from WG.
- 'Unsupported Borrowing' – costs of servicing debt to be met by Council tax, rent, savings, additional income or sale of assets. The types of unsupported borrowing typically undertaken by the Council and how capital financing costs are paid for are shown in the next diagram.

179. Expenditure funded by unsupported additional borrowing of £386.301 million is proposed over the five year period of the programme. This covers three main areas:-

- In order to balance the General Fund Capital Programme including expenditure commitments made in previous years amounting to £65.015 million.
- In order to pay for invest to save/earn schemes of £100.141 million modelled to pay for themselves over a set period of time, either from revenue resources expected in future years, revenue savings or income generation. Directorates responsible for such invest to save/earn schemes will need to repay amounts to service the costs of additional borrowing from existing revenue budgets irrespective of whether the level of savings or income materialise.
- In order to meet £221.145 million of public housing capital expenditure to maintain the Welsh Housing Quality Standards for existing stock and to create new Council owned affordable housing.

180. A significant element of the increase in investment to be paid for by borrowing relates to the HRA. This is only possible following the removal of the debt cap imposed by HM Treasury previously set at £316 million.

The cap was a limiting factor in allowing the Council to take steps to meet affordable housing need in the city as well as to contribute to national targets. The increase in new Council housing units is from a number of measures including, acquisitions from the open market, completion of the Cardiff Living Programme as well as major regeneration schemes proposed at Dumballs Road and Channel View.

181. As identified in the Capital Strategy robust business cases and viability assessments for new schemes are essential to ensure a long-term view of the strategic requirement for investment, affordability and risks before commitments for additional borrowing and consequential revenue budget commitments are taken into account.

Capital Receipts

182. The Capital Programme set in 2018/19 included a target of £40 million of non-earmarked capital receipts net of fees. This was a significant increase from previous years and is to be determined from a review of property assets across the Council's estate. A sum of £5.5 million is assumed receivable in 2018/19, leaving a remaining requirement of £34.5 million between 2019/20 and 2022/23. An assumption of £1 million additional receipt has been assumed in the fifth year of the programme.
183. The actual realisation and timing of capital receipts can be uncertain given the number of variable factors involved. In order to take this into account, a Capital Programme that includes assumptions on significant levels of capital receipts needs to be supported by a clear, approved strategy for the realisation and timing of such receipts. To do otherwise would be a significant risk to the Council's borrowing requirement and future revenue budget pressures.
184. The Council's approach to delivery of capital receipts is to be set out in the Corporate Land and Property Management Plan (CLPMP) to be considered by Cabinet in April 2019. The table below sets out the key areas where such receipts are proposed to be realised to meet the capital receipts target.

Source	Anticipated Receipt
Corporate Land and Property Management Plan – 2019/20-22/23	£10.5m
Schools/SOP Band B sites	£15m
Asset Review - Non-Operational Estate	£3m
Asset Review – Land	£6m
Total	£34.5m

185. Progress in delivering receipts will be reported periodically to the Asset Management Board and as part of the Council's budget monitoring reporting process.

186. Releasing capital receipts may also require investment in improving other assets or providing alternative facilities, which means an additional drain on realisable receipts in addition to the professional costs of disposal already allowed to be deducted towards strategic estates costs.
187. Earmarked receipts of £19.196 million have been identified to offset expenditure within the General Fund Capital Programme. This primarily relates to Economic Development initiatives including receipts currently identified and proposed to be used towards the cost of constructing an indoor arena subject to the outcome of a business case.
188. The Council's approach to utilisation of capital receipts is as follows:
- Prioritise receipts required to meet the balance of the £40 million target for General Fund Capital Receipts (net of fees), assumed in the 2018/19– 2022/23 Capital Programme.
 - Receipts in excess of this target to be considered to reduce the level of debt.
 - Where an asset has been funded specifically from prudential borrowing, any receipt arising from it would be utilised to reduce future repayments.
 - To limit the earmarking of capital receipts only for capital expenditure essential to secure a disposal, or where approved by Cabinet as ring-fenced for specific projects or strategies.
189. Where Cabinet approve land to be appropriated between the General Fund and Housing Revenue Account, this is to be at a valuation certified by a registered valuer with the decision delegated to the Section 151 Officer.

Specific External Grants

190. The main source of external grant is from WG, which in most cases follows an application or bidding process for schemes or distributes grants based on a formula basis across Wales. The short term nature of the current process makes long term planning and delivery of strategic schemes very difficult. Where external grant funding bids are made, it is essential that these are in line with Council priorities and include consideration of any revenue budget consequences. Where grants require match funding, the Council will prioritise such support to increase the likelihood of a successful bid.
191. The level of external grants included in the programme are based on assumptions. For 2019/20 specific capital grants available at an all Wales level include:-
- Targeted regeneration investment programme
 - 21st century schools and education programmes
 - Public highways refurbishment
 - Local transport fund, active travel, road safety and safe routes in communities

- Coastal and flood risk management programme
- Gypsy and traveller sites

192. The programme includes grants where they are either approved or approved in principle, however in many cases the level of grant is assumed. Due to uncertainty, no significant assumptions are made beyond 2019/20 and any external grant approvals received during the year are reported as part of the Council's budget monitoring process as a basis for inclusion in the Budget Framework.

External Contributions such as Planning Gain (Section 106)

193. Directorates must use contributions within relevant timescales and in accordance with the terms and conditions of the agreements. The following table summarises the balances forecast to be held by the Council at 31 March 2019 on a service basis, together with a planned profile of spend over future years, as determined by directorates. Due to the level of uncertainty, future amounts potentially receivable have not been included, but could be significant in relation to large sites. Capital Investment to be funded by contributions are only commenced when there is certainty of receipt of those contributions.

Areas of Service	Projected Balance at 31 March 2019 £000	Planned Use 2019/20 £000	Planned Use 2020/21 £000	Planned Use 2021/22 and beyond £000
Traffic & Public Transport	2,780	802	962	1,016
Parks & Sport	3,659	1,342	852	1,465
Strategic Planning & Regulatory	207	156	47	4
Education	2,694	330	90	2,274
Economic Development	449	382	67	0
Neighbourhood Regeneration	1,354	349	991	14
General Fund Total	11,143	3,361	3,009	4,773
Public Housing Total	1,653	520	1,133	0
Total	12,796	3,881	4,142	4,773

194. Some of the schemes included in the above profile for 2019/20 are:

- Traffic & Public Transport – footpath and cycle improvements, in Creigiau/St Fagans (£202,000), public transport (£140,000), highway improvements (£78,000), installation of CCTV and real time information (£44,000), telematics and transportation schemes including bus service improvements and bus boarders (£187,000) and traffic orders throughout the city (£73,000).
- Parks & Sport – Adamsdown open space (£281,000), public realm and footpath improvements in Plasnewydd (£100,000), the Roath Park corridor cycle improvements (£141,000) and play area improvements at Despenser Gardens (£127,000) and Llanishen Park (145,000).
- Strategic Planning & Regulatory – public realm improvements at Mount Stuart Square and City Road district centre regeneration scheme. Air quality monitoring in Cathays and Canton.

- Education – school condition works at Llanishen High School (£274,000) and towards an extension at Pentyrch Primary School (£55,000).
- Economic Development – a proposed new sporting facility as part of a residential scheme in Butetown
- Neighbourhood Regeneration – the refurbishment of community facilities in Butetown, Caerau, Heath and Lisvane.
- Public Housing – contribution towards Council affordable housing projects.

Managing the Borrowing Requirement

The Council's Capital Financing Requirement (CFR)

195. Where capital expenditure has been incurred without a resource to pay for it i.e. when proposed to be paid for by supported or unsupported borrowing, this will increase what is termed the Council's Capital Financing Requirement (CFR) which is the Council's underlying need to borrow. The Council is required to make a prudent provision for the repayment of historic capital expenditure from its revenue budget. This reduces the CFR. Calculation of the CFR is summarised in the table below and results in the need to borrow money.

	Opening Capital Financing Requirement (CFR)
+	Capital expenditure incurred in year
-	Grants, contributions, reserves and receipts used for capital expenditure
-	Prudent Minimum Revenue Provision & Voluntary Repayment
=	Closing Capital Financing Requirement (CFR)

196. The actual CFR as at 31 March 2018 and estimates for current and future years for the General Fund and HRA are shown in the following table:

Capital Financing Requirement as at 31 March - Indicator							
	2018 Actual £m	2019 Estimate £m	2020 Estimate £m	2021 Estimate £m	2022 Estimate £m	2023 Estimate £m	2024 Estimate £m
General Fund	484	495	492	509	538	543	524
HRA	267	281	309	342	387	426	447
Total	751	776	801	851	925	969	971

197. The CFR forecast is based on the Capital Programme and resources proposed to be available to fund it. It is subject to the timing of capital expenditure and capital receipts. The CFR will increase in future years if new schemes proposed to be funded by borrowing are undertaken or if the affordability envelope mentioned earlier in the report is triggered. This continues the increasing trend starting in 2004 when this measure was introduced.

198. It should be noted that the CFR includes capital expenditure commitments for the HRA. This increased significantly by £187 million in 2015/16 as a result of the one off payment made to HM Treasury to exit the HRA subsidy system. The majority of the increase proposed in future periods also relates to the HRA, with increases in expenditure proposed for new affordable housing following the removal of the debt cap imposed by HM Treasury which was previously set at £316 million. The cap was a limiting factor in allowing the Council to take steps to meet affordable housing need in the city as well as to contribute to national targets. The increase in new Council housing units is from a number of measures including, acquisitions from the open market, completion of the Cardiff Living Programme as well as major regeneration schemes proposed at Dumballs Road and Channel View.

199. The MTFPs reflected in this report, for the General Fund and HRA, include the costs of the respective borrowing requirements. The Treasury Management Strategy addresses how the Council will meet the borrowing requirement including any external borrowing.

Treasury Management Strategy 2019/20

200. The Treasury Management Strategy is included at Annex 4 and covers the following areas:

- Borrowing to finance the cash requirements arising from the Council's Capital Programme
- Treasury investments and determining how short term cash flows will be safely managed to meet the Council's financial commitments and objectives
- The approach to Non-Treasury Management Investments, were these to be undertaken.

201. The strategy is an integrated strategy for the Council including the HRA and includes:
- The current treasury position
 - Economic background and prospects for interest rates
 - Borrowing, including:
 - policy
 - council borrowing requirement based on its capital expenditure plans and choice between internal and external borrowing and
 - borrowing strategy
 - Treasury management indicators and limits for 2019/20 to 2023/24 based on the Capital Programme proposed
 - Investment policy and strategy, including security and investments approved for use
 - Non-treasury investments and
 - Training.
202. The Council receives reports on the approach to treasury management at the start of the financial year, a mid-year report and an outturn report.

Affordability

203. Together, historic capital investment and the proposed Capital Programme have revenue budget implications for Council Tax and rent payers. These can include:

Revenue cost	Budget impact
Operating / maintaining new assets	Directorate
Capital financing costs of servicing any borrowing required to pay for investment (Interest and the Council's approach to making prudent provision for repayment of capital investment paid for by borrowing)	Capital Financing budget for General Fund and HRA or Directorate budgets for invest to save/earn schemes
Preparing and delivering projects	Directorate
Abortive costs if schemes do not proceed	Directorate

204. These costs must be met from future revenue budgets, either from savings, revenue income or Council Tax and Housing Rents.

Approach to Prudent Repayment of Capital Expenditure – Annual Minimum Revenue Provision (MRP) Policy Statement for 2019/20

205. Where capital expenditure is paid for using borrowing, the Council has a statutory duty to charge an amount to future revenue budgets for the eventual repayment of that expenditure. This spreads the cost of capital expenditure incurred now, and historically, to future revenue budgets. Decisions in respect of the allocation of MRP have short, medium and very long term impacts across generations.

206. The amount charged to revenue must be considered to be prudent. This results in a reduction in the Council's underlying need to borrow known as the CFR. Legislation does not define what constitutes a 'prudent provision'. Instead WG has provided guidance and examples in order to interpret that term.
207. Every authority's circumstances will differ and may result in different approaches. However, it is important that the range of factors, specific to Cardiff Council's circumstances are considered in determining a long term prudent approach. The following are factors in the decision:
- What we spend our money on in terms of asset life and the period over which the benefits from that expenditure will be felt
 - The appropriateness of our approach and availability of revenue resources to maintain our assets
 - Consistency with the future direction of the Council's level of capital investment
 - Impact on financial resilience
 - The Wellbeing of Future Generations (Wales) Act 2015
 - Ensuring that future generations are fairly charged for past expenditure
 - WG Guidance, last revised in November 2018.
208. A statement on the Council's policy for its annual MRP is required to be submitted to Council for approval before the start of the financial year to which the provision will relate. The proposed policy is shown below. For 2019/20 it remains as considered by Audit Committee in November 2016, but it is intended that the approach will be tested and reviewed during 2019/20 in advance of the decision making process for subsequent years.
209. It is proposed that the Council's MRP Policy is as follows, with any change in the level, timing and method of provision in year delegated to the Section 151 Officer.
210. The broad aim of the 'prudent provision' is to ensure that debt arising from capital expenditure is repaid over a period that is either reasonably commensurate with that over which the capital expenditure provides benefits to service delivery (useful life) or in the case of borrowing supported by the WG, reasonably in line with the period implicit in the determination of any grant. In that regard, the Council's Annual Minimum Revenue provision (MRP) Policy Statement for 2019/20 is set out in the following points:
- Council funded historic expenditure prior to 1 April 2004 as well as subsequent supported borrowing approved by the WG is to be provided for at 4.0% on a reducing balance basis in 2019/20. This is consistent with the support provided by WG as part of the Revenue Support Grant for Supported borrowing. This approach is deemed appropriate unless WG change the approach to providing support as part of the RSG formula or any revision to MRP Guidance either in

Wales or in England, albeit regular reviews of the position will continue.

- HRA supported borrowing, which was part of the previous housing subsidy system is to be provided for at 2% on a straight line basis.
- MRP on the significant £187 million settlement buyout payment is to be on 2% straight line basis as a minimum but with voluntary repayments to create headroom for future development.
- Additional borrowing for a general increase in investment either in the Council Fund or HRA to balance the Capital Programme in a year is to be provided for on a straight line basis over the estimated average life of the assets created.
- Any additional expenditure linked to specific schemes e.g. Invest to Save, 21st Century Schools etc. is to be provided for on a straight line basis, or over the estimated useful life of assets being created or a shorter period as determined by the Section 151 Officer or suggested periods determined by WG as is the case with LGBI.
- Revenue Provision in excess of the above requirements can be made subject to affordability and following advice of the Section 151 Officer.
- Subject to agreement of the Section 151 Officer, MRP may be waived on expenditure recoverable within a prudent period of time through capital receipts (e.g. land purchases, loan repayments) or deferred to when the benefits from investment are scheduled to begin or when confirmed external grant payments towards that expenditure are expected.
- The MRP charged against liabilities under finance leases, or contracts that have the characteristics of finance leases, shall be equal to the principal element of the lease repayment, calculated on an annual basis.

Affordability Indicators

211. The percentage of controllable budget that is committed to capital financing costs is increasing in the long term. Given the pressure on revenue budgets, this clearly limits the affordability for additional borrowing in future years and must be a factor considered by members when determining the Capital Programme.
212. The indicator below identifies the trend in the cost of capital financing (excluding the running costs of schemes). Financing costs include:
- Interest payable on borrowing and receivable on investments
 - Penalties or any benefits receivable on early repayment of debt
 - Prudent revenue budget provision for repayment of capital expenditure paid for by borrowing
 - Reimbursement of borrowing costs from directorates in respect of Invest to Save/Earn schemes.
213. For the General Fund, the net revenue stream is the amount to be met from non-specific WG grants and Council Tax, whilst for the HRA it is the amount to be met from rent payers. An increasing ratio indicates that a

greater proportion of the Council's budget is required for capital financing costs over the planned Capital Programme period.

Ratio of Financing Costs to Net Revenue Budget Stream							
	2017/18 Actual %	2018/19 Estimate %	2019/20 Estimate %	2020/21 Estimate %	2021/22 Estimate %	2022/23 Estimate %	2023/24 Estimate %
General Fund – Net Capital Financing Budget	5.84	5.71	5.59	5.71	6.04	5.90	5.70
General Fund – Gross Capital Financing Budget	7.47	7.60	7.50	7.82	8.40	8.52	8.41
HRA	32.63	31.07	33.14	35.72	36.75	36.26	37.44

214. It should be noted that these figures include a number of assumptions such as:-

- No new approvals of additional borrowing apart from that currently proposed over the period of the programme
- Estimated interest rates
- The level of internal borrowing and timing of external borrowing decisions and capital expenditure
- The total level of the WG revenue support etc. which can fluctuate due to transfers in or out of the settlement.

215. The figures above do not take into account any potential impact as a result of investment undertaken via the Affordability Envelope.

216. These variables have long-term implications and are extremely uncertain. Whilst the indicator above is required by the Prudential Code, it has a number of limitations:

- it does not take into account the fact that some of the Council's revenue budget cannot be directly influenced such as schools delegated budgets, Fire Levy and CTRS payments
- it is impacted by transfers in and out of the Settlement
- it includes investment income which is highly unpredictable, particularly in future years.

217. Although there may be short term implications, Invest to Save/Earn schemes are intended to be net neutral on the capital financing budget. However, there are risks that the level of income, savings or capital receipts anticipated from such schemes will be delayed or not materialise and would have a detrimental long term consequence on the revenue budget. This requires careful monitoring when considering future levels of additional borrowing.

218. Accordingly an additional local indicator is calculated for the General Fund to support decision making and is shown in the table below for the period up to 2023/24. These local indicators show the ratio of capital

financing costs of the Council expressed as a percentage of its controllable budget, excluding treasury investment income:

Capital Financing Costs expressed as percentage of Controllable Budget								
	2011/12 Actual %	2018/19 Estimate %	2019/20 Estimate %	2020/21 Estimate %	2021/22 Estimate %	2022/23 Estimate %	2023/24 Estimate %	Difference 11/12-23/24 %
Net	13.47	13.72	13.75	14.59	15.95	15.90	15.56	15.52
Gross	15.17	18.18	18.38	19.88	22.08	22.83	22.81	50.36

219. In accordance with the principles of Invest to Save/Earn, the net ratio assumes that any costs of undertaking additional investment are recovered over time from directorate budgets, capital receipts or other budgets. The gross ratio indicates the gross capital financing cost i.e. it represents a worst case scenario.

220. An increasing percentage indicates that a greater proportion of the controllable budget is required for capital financing costs, which are committed in the long term. The requirement to meet these additional costs can only come from future savings or from increases in Council Tax. This clearly limits the scope for additional borrowing in future years and reduces the Council's overall flexibility when making decisions on the allocation of its revenue resources. The percentages take into account the impact on the Controllable Base Budget of the significant level of savings having to be found in 2019/20 and over the medium term.

Budgetary Framework

221. Under the Budget and Policy Framework Procedure Rules the Council is able to specify the extent of virement within the budget and the degree of in-year changes. The Council's Financial Procedure Rules also allow virements within directorate budgets as set out in the following table.

Virement levels	Revenue	Capital
Relevant Assistant Director in consultation with the Section 151 Officer	Up to £50,000	Up to £100,000
Relevant Director in consultation with the Section 151 Officer	£50,001 - £250,000	£100,001 - £250,000
Cabinet	Over £250,000	Over £250,000

222. It is proposed to continue the current policy whereby the Cabinet has the authority to vire amounts between directorates of up to £500,000 and, subject to the Section 151 Officer raising no objection, to use reserves and to commit expenditure in future years up to a total in the year of £1.5 million.

223. In addition to the virements shown above, the Section 151 Officer will also undertake all necessary technical adjustments to the budgets and accounts during the year and reflect any changes to the accounting structure as a result of management and organisational changes within the Council.
224. As set out in the Council's Constitution, the Section 151 Officer will also undertake all necessary financial and accounting adjustments required in order to prepare the Council's Statements of Accounts in accordance with Code of Practice on Local Authority Accounting produced by CIPFA.

Reason for Recommendations

225. To enable Cabinet to recommend to Council approval of:
- the Revenue and Capital budget and to set the Council Tax for 2019/20
 - the budget for the Housing Revenue Account
 - the Capital Strategy
 - the Treasury Management Strategy
 - the Prudential Code for Borrowing indicators for 2019/20-2021/22
 - the Capital Programme for 2019/20 and the indicative programme to 2023/24, delegating to the Section 151 Officer authority to bring forward or delay schemes within the programme to match resources where necessary
 - The Minimum Revenue Provision Policy for 2019/20
 - The Affordability Envelope to enable progression of the Indoor Arena subject to approval of the business case and financial exposure limits within the approved Envelope.
226. To enable Cabinet to:
- approve the level of fees and charges for Council goods and services for 2019/20
 - approve the level of rent and charges for 2019/20 in respect of Council Houses, garages and other service charges
 - note the work undertaken to raise awareness of and ensure the financial resilience of the Council
 - note the financial challenges facing the Council as set out in the Medium Term Financial Plan
 - note the opportunities for savings over the medium term and that officers will continue to develop them to inform the Budget Strategy Report in July 2019.

HR Implications

227. The Final Settlement, although on first glance better than anticipated in the Budget Strategy Report, has left significant challenges in the overall budgetary position. The final proposals are based on the outcome of the consultation exercise and the priorities set out in the Corporate Plan to be approved in February 2019. The budgetary position as outlined in this

report represents a necessary response to the identified budget shortfall. Appendix 9 shows that there will be a net decrease of 54.86 FTE Council posts overall made up of the deletion of 123.40 FTEs including the deletion of 48.32 FTE vacant posts 38.95 PTE where voluntary redundancy applications have been approved, and 34.80 FTE posts to be determined. This has been offset, somewhat, by the creation of 68.54 FTEs. The reduction in posts reflects those deleted through a combination of vacant posts, redeployment and voluntary redundancy.

228. Whilst the numbers of staff impacted by this budget proposal may not be as significant as in previous years, the Council retains a range of mechanisms designed to support the people implications of the Council's budget proposals. Through the continued use of such mechanisms, the Council will consistently work hard to reduce the number of compulsory redundancies wherever possible. In addition to redeployment, other mechanisms include use of flexible working policies plus access to skills support through the Cardiff Academy. Access to skills training through the Academy will continue to support staff in either refreshing their existing skills or developing new skills in order to enhance their opportunities to find another role in the Council or externally.
229. The Trade Unions and employees have been consulted throughout the budget planning process and their comments have been considered. As part of the Council's commitment to partnership working, the Trade Unions and employees will continue to be consulted in all the proposals which impact on staff.

Legal Implications

230. The body of the Budget Report sets out certain legal duties and constraints in relation to setting a balanced budget and Council Tax. They form part of the legal implications to which the decision maker must address its mind notwithstanding that they are not repeated in this section of the Report.

Budget duties

231. The Local Government Finance Act 1992, as amended, ('LGFA 1992') requires the Council to set a balanced budget, including the level of the Council Tax. This means the income from all sources must meet the proposed expenditure. Best estimates must be employed to identify all anticipated expenditure and resources. The approval of the Council's budget and Council Tax, and the adoption of a final strategy for the control of the Council's borrowing or capital expenditure are matters reserved, by law, to full Council. However, the Cabinet has responsibility for preparing, revising and submitting to Council estimates of the various amounts which must be aggregated in making the calculations required in order to set the budget and the Council Tax; and may make recommendations on the borrowing and capital expenditure strategy.(Pursuant to the Local Authorities (Executive Arrangements) (Functions and Responsibilities) (Wales) Regulations 2007)).

232. Local authorities must decide every year how much income they are going to raise from Council Tax. This decision must be based on a budget that sets out estimates of what the Council plans to spend on services. As the Council Tax must be set at the start of the financial year and cannot be increased during the year, consideration must be given to risks and uncertainties and allowances made in funds for contingencies and reserves. The budget and the Council Tax must be set by 11th March in the preceding financial year. A failure to comply with the time limit may leave the Council open to challenge by way of judicial review. When the Council is considering its budget, it must have regard to the Section 151 Officer's report on the robustness of the estimates and the adequacy of the reserves in the budget proposals (section 25 of the Local Government Act 2003). This ensures that Members make their decision on the basis of authoritative advice. Members should provide clear reasons if they disagree with the professional advice of the Section 151 Officer. Members should note that, after the Council has approved its budget and Council Tax, it is possible for the Council to make substitute calculations during the year (although the basic amount of Council Tax cannot be increased), subject to certain provisos (s.37 LGFA 1992). The Local Government Act 2003 establishes a system to regulate the capital expenditure and borrowing of the Council. The heart of the prudential borrowing system is the duty imposed upon authorities to determine and keep under review how much money they can afford to borrow. The Local Authorities (Capital Financing and Accounting) (Wales) Regulations 2003 (as amended) specify the prudential code for capital finance to which local authorities in Wales must have regard in setting and reviewing their affordable borrowing limits (sections 3 and 5 of the 2003 Act).
233. The Local Government & Housing Act 1989 Part VI sets a statutory regime for housing finance. The Council has a general duty to review the rents of its houses from time to time and in fixing rents the Council must have regard, in particular, to the principle that the rents of dwellings of any class or description should bear broadly the same proportion to private sector market rents as the rents of dwellings of any other class or description. The review of the rents is a Cabinet function, and is undertaken with regard to the provisions of legislation, which governs housing finance and housing subsidy. Rents for council houses are a credit to the HRA and outgoings a debit. The Council is under a duty to prevent a debit balance on the HRA which is ring-fenced. There are restrictions in the way in which the account can be operated and the proposals in this report must comply with these accounting requirements to ensure that the rent should be set so as to ensure that the Council is able to comply with its duty to prevent a debit balance arising on the HRA.

Equality Duty

234. The Council has to satisfy its public sector duties under the Equalities Act 2010 (including specific Welsh public sector duties) – the Public Sector Equality Duties (PSED). These duties require the Council to have due regard to the need to (1) eliminate unlawful discrimination, (2) advance

equality of opportunity and (3) foster good relations on the basis of 'protected characteristics'. The 'Protected characteristics' are:

- Age
- Gender reassignment
- Sex
- Race – including ethnic or national origin, colour or nationality
- Disability
- Pregnancy and maternity
- Marriage and civil partnership
- Sexual orientation
- Religion or belief – including lack of belief .

235. As noted in the report, consideration has been given to the requirements to carry out Equality Impact Assessments in relation to the various saving proposals and EIAs have been carried out in respect of certain of the saving proposals, so that the decision maker may understand the potential impacts of the proposals in terms of equality. This assists the decision maker to ensure that it is making proportionate and rational decisions having due regard to the public sector equality duty. Where a decision is likely to result in a detrimental impact on any group sharing a Protected Characteristic, consideration must be given to possible ways to mitigate the harm. If the harm cannot be avoided, the decision maker must balance the detrimental impact against the strength of the legitimate public need to pursue the service remodelling to deliver savings. The decision maker must be satisfied that having regard to all the relevant circumstances and the PSED, the proposals can be justified, and that all reasonable efforts have been made to mitigate the harm. It is noted that Equality Impact Assessments (which include consideration of views and information obtained through consultation) are available on the Council's website and as background papers to this report. The decision maker must consider and have due regard to the Equality Impact Assessments prior to making the decisions recommended in the report.

The Well-Being of Future Generations (Wales) Act 2015

236. ('The Act') places a 'well-being duty' on public bodies aimed at achieving 7 national well-being goals for Wales - a Wales that is prosperous, resilient, healthier, more equal, has cohesive communities, a vibrant culture and thriving Welsh language, and is globally responsible. In discharging its duties under the Act, the Council has set and published well being objectives designed to maximise its contribution to achieving the national well being goals. The well being objectives are set out in Cardiff's Corporate Plan. When exercising its functions, the Council is required to take all reasonable steps to meet its well being objectives. This means that the decision makers should consider how the proposed decision will contribute towards meeting the well being objectives and must be satisfied that all reasonable steps have been taken to meet those objectives.

237. The well being duty also requires the Council to act in accordance with a 'sustainable development principle'. This principle requires the Council to act in a way which seeks to ensure that the needs of the present are

met without compromising the ability of future generations to meet their own needs. Put simply, this means that Council decision makers must take account of the impact of their decisions on people living their lives in Wales in the future. In doing so, the Council must:

- Look to the long term
- Focus on prevention by understanding the root causes of problems
- Deliver an integrated approach to achieving the 7 national well-being goals
- Work in collaboration with others to find shared sustainable solutions
- Involve people from all sections of the community in the decisions which affect them

238. The decision maker must be satisfied that the proposed decision accords with the principles above; and due regard must be given to the Statutory Guidance issued by the Welsh Ministers, which is accessible using the link below:

<https://gov.wales/topics/people-and-communities/people/future-generations-act/statutory-guidance/?lang=en>

Employee and Trade Union Consultation

239. The report recognises that notwithstanding efforts to reduce impacts on staff resulting from the level of funding cuts imposed, there will be some staff reductions during the financial year 2019/20. Legal Services are instructed that: (i) engagement has been ongoing between Directors and Trade Unions to discuss budget saving implications and (ii) the Council has formally consulted with Trade Unions about the 2019/20 budget proposals and the likely impact on staff, particularly where posts are at risk of redundancy. Under the general law relating to unfair dismissal all proposals to make redundancies must involve reasonable consultation with the affected employees and their trade unions. In relation to any potential redundancies it is important that all required statutory notices are served. Due to the fact that the potential number of redundancies could exceed 20 posts Section 188 of the Trade Union and Labour Relations (Consolidation) Act 1992 requires consultation to be undertaken with the Unions to include ways of avoiding the dismissals, of reducing numbers of employees being dismissed and or mitigating the consequences of dismissals. To this end Legal Services are instructed that consideration is being given to redeployment opportunities, VR and that consultations are ongoing. It is noted that the budget proposals also provide for the creation of posts.

Charging

240. Each proposal to make or increase charges must comply with the statutory framework (including primary and secondary legislation and any statutory guidance issued) relating to the activity in respect of which charges are being levied, including any limitations on levels of charges. Where reliance is placed on the power to charge for discretionary services (Section 93 of the Local Government Act 2003), any charges must be set so that when the charges are taken as a whole no surpluses

are made (i.e. the power is limited to cost recovery). Where activities are being undertaken for which charges are being made with the intention of producing surplus income, it is necessary to consider whether that activity is material and would amount to “commercial trading”. For commercial trading, the Council must develop a business case and establish an arms’ length company to undertake that activity (in accordance with the general trading power under Section 95 Local Government Act 2003), or identify another statutory power for a particular trading activity.

Civil enforcement

241. The body of the report notes that, the income generated from car parking fees, residents’ permits, penalty charge notices and moving traffic offences (MTOs) will be used to fund the associated operational costs including the cost of the enforcement service. Further, that any surplus or deficit will be transferred to the Parking and Enforcement Reserve and can only be used for specific purposes ... in accordance with Section 55 of the Road Traffic Regulations Act 1984 (‘1984 Act’). The report anticipates a significant surplus. It is apparent from the statutory provision that there is no requirement of revenue neutrality. Further case law provides that budgeting for a surplus is not in itself evidence of an improper purpose. That said, it is important to note that in making orders under the Road Traffic Regulation Act 1984 (as regards parking and other matters), the 1984 Act is not a fiscal measure and does not authorise a local authority to use its powers to charge purely in order to raise surplus revenue for other transport purposes. The approach to car parking fees, residents’ permits, penalty charge notices and moving traffic offences must be based on legitimate considerations that can be taken into account in accordance with the provision of the relevant legislation.

Consultation

242. Duties to consult certain stakeholders in respect of proposals may arise from a number of different sources. Members will note that the Council has engaged in consultations as part of the budget process as set out earlier in the report under the heading “Consultation and Engagement”. In considering this matter, Members must genuinely and conscientiously consider the feedback from each consultation and have proper regard to it when making any decision in relation to the subject matter of that consultation. Members should carefully consider the results of the consultation as set out in the Appendices to the report.

General

243. All decisions taken by or on behalf of the Council must:

- Be within the legal powers of the Council and of the body or person exercising powers on behalf of the Council.
- Comply with any procedural requirement imposed by law.

- Be undertaken in accordance with procedural requirements imposed by the Council e.g. procedure rules.
- Be fully and properly informed.
- Be properly motivated (i.e. for an appropriate, good and relevant reason).
- Be taken having regard to the Council's fiduciary duty to its tax payers as elected members are trustees of the public interest and of its statutory purposes for which public powers are conferred on them. This general duty requires the Council to act prudently and in good faith in the interests of those to whom the duty is owed.
- Otherwise be reasonable and proper in all the circumstances Financial

Financial Implications

244. These financial implications are written as a summary of the significant budgetary and related financial matters facing the Council although it is also important that the details throughout the report, annexes and appendices are considered and understood. These details set out the financial context and risks to the resilience of the Council in 2019/20 and into the medium term. Given the materiality of the current and forthcoming financial challenges, an extract from the 1995/96 Budget Report is interesting to repeat twenty-three years on.

"The introductory remarks to my budget report for the current year concern:

- *Increasing demands for Council services.*
- *Severe restrictions on public spending imposed by Central Government.*
- *Education and Social Services experiencing additional pressures from demographic changes.*
- *Maintenance of County Council buildings at a dangerously low level"*
Keith Bray, Director of Financial Services, South Glamorgan County Council.

245. The financial outlook over the medium term remains a concern and the Medium Term Financial plan details these challenges in respect of ongoing austerity, increasing financial pressures and the difficulty of setting and realising year on year budget savings.

246. The budget for 2019/20 has once again been compiled against the backdrop of continued financial constraint.

247. The details included in the Final Local Government Revenue Settlement announced in December 2018 confirmed that for 2019/20, Cardiff will receive an increase in its funding of 0.9% when compared with 2018/19. On a like for like basis this would usually generate around £3.9 million additional cash for Cardiff compared to the previous year. However, due to a technical adjustment within the funding formula in respect of the Council Tax base, Cardiff will only receive £2.2 million additional grant funding in 2019/20 inclusive of an additional responsibility, amounting to £637,000.

248. The Cabinet in its budget strategy and subsequent budget proposal has been conscious of the impact its proposal may have on the citizens and communities of Cardiff. For 2019/20, budget consultation has been carried out in two stages. A number of budget themed questions were included in the Ask Cardiff Survey during the Summer while a more detailed budget consultation took place during November to early January. Responses to these consultations as well as from other stakeholders have been reflected on by Cabinet and senior officers as part of their final deliberations. The Cabinet's budget proposal has, therefore, considered the issues raised having regard to the WG Settlement, the requirements of the Wellbeing of Future Generations (Wales) Act and in conjunction with the priorities in Capital Ambition as reflected in the draft Corporate Plan.
249. The budget proposals set out in this report will again result in significant operational and financial challenges as evidenced by the risk assessment and planning exercises. The progress with these challenges will be monitored through directorate plans, performance and financial monitoring reports and the Corporate Risk Register when reported to Cabinet, Scrutiny Committees, Audit Committee and the Senior Management Team.
250. Particular financial challenges for 2019/20 and the medium term have been identified and together with mitigations have been set out in Appendix 14(b). The most significant of these include:
- The challenging financial position in respect of reducing WG resources and increasing pressures against a reducing controllable base budget.
 - The level of additional borrowing and its impact on capital financing in future years.
 - The potential financial impact on both capital and revenue of major projects and development initiatives that arise during the year.
 - Uncertainty over rent levels to determine affordability of investment in new affordable housing.
 - Need for a robust approach to develop effective business cases to ensure members can make informed decisions.
 - Inflation and construction price risk on cost of significant planned projects.
 - The risk of WG levying fines if the Council fails to meet recycling or landfill diversion rates.
 - The significant amount of cashable savings that are predicated on preventative strategies and the difficulty of tracking their impact in terms of robust financial monitoring.
 - The impact of Universal Credit on the ability of individuals to continue to contribute to the cost of services and to meet rent liabilities, resulting in increased bad debt provisions and cost of recovery.
251. In formulating their budget proposal, the Cabinet must come to a balanced position between the need to provide for services and the financial impact of the cost of those service needs on Council Tax

payers. In coming to this judgement and as a result of the WG's financial settlements, the Council's budget now stands at £623.589 million, an increase of £14.70 million over 2018/19 after transfers and new responsibilities from WG.

252. It should be noted that although the Council received a better than assumed WG Settlement, the budget for 2019/20 contains a significant element of risk and complex savings proposals which will need to be relentlessly driven if they are all to be achieved as proposed. In summary the revenue budget proposal includes:

- Savings of £19.157 million in respect of directorate and council-wide proposals
- Continued inclusion of the General Contingency of £3.0 million to mitigate the achievability risks associated with the level of savings to be delivered
- Continuation of the specific contingency but increased to £2.0 million to protect against additional external placement costs in Children's Services
- Reinstatement of budget savings amounting to £53,000 outstanding from 2018/19 where, following review they are no longer achievable
- Directorate financial pressures amounting to £4.795 million
- The use of £2.75 million from earmarked reserves to support the budget based on a review of the Council's Balance Sheet
- Continuation of the Financial Resilience Mechanism that was introduced in 2016/17 to reduce future risk, improve resilience, manage the impact of grant reductions and allow one-off investment and development in priority areas but at a reduced level of £3.80 million
- Inclusion of the full liability for the Teachers' Pension increase at the expense of resource allocation for other purposes.
- Estimated net reduction of 54.86 FTE posts made up of the deletion of 123.40 FTE posts partially offset by an increase of 68.54 FTE posts
- Increase in the Schools Budget of £10.421 million including both demographic and 70% of non-demographic growth
- A Council Tax increase of 4.9% resulting in a Band D charge of £1,211.07.

253. Within the budget proposals are a number of initiatives that require option appraisal, complex procurement arrangements or significant levels of partnership working. These elements of work will need to be completed within strict timescales in order that the budgeted level of savings can be achieved. A number of the budget proposals require continued development of a commercial approach that will enable the Council to respond speedily to market changes and financial opportunities albeit with an appropriate risk appetite position. The Investment Review Board will continue to be the forum to test these initiatives before they progress through to the appropriate governance route. In addition, it will be important that the Council retains sufficient support and project management capacity to ensure change is delivered in accordance with the requirements of the Capital Ambition Programme.

254. The continuing financial challenges facing the Council are such that the financial resilience snapshots introduced in 2015/16 now form part of the regular awareness raising of members to the Council's overall financial position. The position in respect of risks and reserves will require careful monitoring throughout the financial year, particularly in light of the achievability of savings and the future financial interventions that may be required. In order to protect the Council's overall financial resilience it is increasingly important to consider any windfall income received in this context, before any use is agreed for other matters.
255. The Council's position in respect of its reserves has been assessed as part of budget preparation. The resultant judgement is that the projected level of both general and earmarked reserves up until 31 March 2020 is adequate after allowing for the planned use when considering the 2019/20 budget. The expected balance on earmarked reserves as at 31 March 2020 is £29.3 million with the Council's General Reserve currently standing at £14.255 million. However, the capacity for earmarked reserves to continue to contribute to the budget at similar levels to 2019/20 in the medium term is uncertain and the assumptions going forward will need to continue to be tested.
256. The level of School Balances requires close attention as these also impact on the Council's overall level of financial resilience albeit that they are not directly controlled by the Council but by School Governing Bodies. The total position as at 31 March 2018 was a net surplus of £6.0 million although within this was a cumulative deficit relating to the Schools' Mutual Supply Fund amounting to £1.3 million which served to reduce the figure. Conversely the figure also includes the impact of a late notification and receipt of a WG grant for school maintenance amounting to £1.4 million.
257. The total balance included both surplus and deficit balances in respect of individual schools, with total deficits amounting to £1.6 million. Nine schools held deficit balances with the most significant relating to Cantonian High School (£869,000) where a ten-year repayment plan has been agreed with the school. Council officers will continue to support schools to ensure that spending plans are in line with their budgets and deficits are avoided or reduced. As part of the funding for the 21st Century Schools Band B Programme will be implemented through further restrictions to the amount of the growth awarded to schools, it will be important for individual schools to examine their spending to take advantage of efficiency savings, collaborations and new ways of working wherever possible.
258. The Council has a statutory duty to ensure that the HRA achieves a balanced budget and this has been evidenced as part of this Budget Report. The average weekly increase in housing rents of £2.42 (excluding service charges) is within the WG's rent policy for 2019/20.
259. The position in respect of the ongoing work with HMRC in relation to purportedly under-declared landfill tax has been considered as part of the

2019/20 budget preparation. It is still not clear as to whether or not there is an actual tax liability for the Council or what the quantum of such a liability might be. Therefore, the setting aside of windfall income to reduce the impact of any interest payments, should such an actual liability arise, is deemed appropriate at this stage. The position will be kept under review and a further update included in both the Council's Out-turn Report and the 2018/19 Statement of Accounts.

260. The Council's MTFP for the period 2019/20 – 2023/24 is contained in Annex 2 of the Report and uses the best available information to assess the financial gap facing the Council over the next four years. It is clear that anticipated resources will not cover emerging pressures and the resulting funding gap will need to be addressed through a combination of directorate budget reductions, judicious use of reserves and increases in the rate of Council Tax. Although the Council has made over £218.0 million savings over the past decade, the base budget has not decreased by this amount. This is because the most significant reason for the Council to need to make savings is due to escalating demand and service pressures as illustrated by the following diagram.

261. The next table demonstrates the funding gaps forecast to 2023/24 using sensitivity analysis to demonstrate a further adverse position. The table shows a base case scenario of the budget gap to be £104.9 million over the next four years and while detailed proposals to meet the gap are yet to be determined, it is clear that the focus will need to be on:

- Capturing the full financial benefit of the significant amount of early intervention and preventative work taking place across the Council.
- Continuing to drive out efficiencies, including new baseline efficiency targets for all services and including schools delegated budgets.
- Identifying further opportunities to work across directorates and in partnership with other organisations.

- Targeting productivity savings to ensure that optimum value for money is achieved within scarce resources, including making best use of digital technology.
- Maximising income streams and exploration of the potential for new income streams, particularly where services are not universal.

Medium Term Financial Plan	2020/21 £000	2021/22 £000	2022/23 £000	2023/24 £000	Total £000
Base Case	30,132	27,428	24,309	23,041	104,910
Worse Case	39,432	36,728	33,609	32,341	142,110

262. In developing detailed savings proposals for the medium term, there will be a need to work across directorate boundaries to review all elements of expenditure that the Council is able to influence. Further work on developing a fully defined set of proposals for these years and for 2020/21 in particular, will take place over the Spring in order to inform the Budget Strategy Report in July 2019.
263. Following the significant cuts that the Council has made in the recent past, either of the above scenarios reaffirms the position originally expressed in the 2015/16 Budget Report that radical changes are required in order for the Council to remain operational and resilient. Since then the Council has responded to the challenge and some significant changes to service delivery have been implemented. However, the Capital Ambition Delivery Team will need to continue to play a key role in understanding these challenges and supporting the Council in realigning the organisation to a lower financially sustainable base. Internal capacity may need to be enhanced through working with specialist partners to ensure success is achieved as quickly as required.
264. Notwithstanding the importance of the four year time horizon for medium term planning, councils also need to consider likely impacts beyond that timeframe. This is because the cumulative impact of decisions taken now can have a significant impact on the Council's budget in later years and it may be that current policies are considered unaffordable when viewed in hindsight over an extended time period. Partially in response to this dilemma and in order to focus councils on how disparate decisions may have an impact on long term financial viability, the CIPFA Prudential Code for Capital Finance in Local Authorities has been updated.
265. The Capital Strategy is an integral part of the Council's Strategic and Financial Planning Framework. The CIPFA Prudential Code and CIPFA Treasury Management Code require that the Council determine a suite of indicators highlighting the longer term impact of capital investment decisions on the revenue budget, affordability, prudence and sustainability. These indicators have been highlighted throughout the Report and Annexes and so are not repeated here but are important in providing assurance to Members when agreeing the Budget Report.

266. It is important that the Council considers the requirements of the Wellbeing and Future Generations Act in developing the Capital Strategy and affordability. The Council's prudent approach to debt is an important factor in this and will need to be continuously reviewed to ensure it is consistent with the strategy and capital expenditure commitments being entered into.
267. The Capital Strategy itself sets out the approach to various factors, some of which will be developed further in future years. These include the Council's approach to:
- Working with partners to enable development
 - Asset Management Planning
 - Risk appetite
 - Governance and decision making
268. Whilst approving the Capital Programme for the period up until 2023/24, Cabinet should be aware that the later years' position will need to be subject to an ongoing review of the Council's financial standing, resilience and risks outlined in this budget report.
269. The schemes included in the Capital Programme have been profiled in accordance with technical advice relating to regulatory processes, timetables, expectation of grants, capital receipts and workflow priorities. In previous years the Council has experienced significant slippage of capital schemes which has prompted adverse comments from the Wales Audit Office and the Audit Committee. Consequently, capital scheme sponsors have again been reminded of the importance of robust profiling in order that capital plans are achieved as expected. In addition progress on capital projects is considered by the Asset Management Board on a regular basis. Nevertheless, with such an extensive programme there is a residual risk that expenditure will slip between years and so any resultant impact on the Programme will be addressed through the monitoring in 2019/20.
270. Accordingly, robust business cases and due diligence on proposals is important and members should receive and consider these carefully when approving projects that create financial liabilities over a long period of time. This should include securing external advice so that Members fully understand the risks inherent in that capital expenditure whether it is being undertaken directly by the Council or via other delivery structures that may be proposed. Investment Review Board has been valuable in supporting the review of business to ensure informed decision making in providing financial implications in reports for members to consider.
271. The percentage of controllable budget that is committed to capital financing costs in the long term is increasing. Given the extreme pressure on the revenue budgets this clearly limits the affordability for additional borrowing in future years and must be a factor considered by members when determining the Capital Programme and approving additional capital expenditure.

272. Resources to finance the General Fund Capital Programme between 2019/20 and 2023/24 include a non-earmarked capital receipt target of £35.5 million as part of the target of £40 million which was set in the February 2018 Budget Report. Work on the development of a Disposal Strategy is ongoing with a detailed approach to delivery of this target being considered by Cabinet early in 2019/20. Following that report regular monitoring of progress will be undertaken and reported as part of Asset Management Plan updates to Cabinet and the Asset Management Board.
273. Additional borrowing of £165.2 million in relation to the General Fund Capital Programme is also required to resource the programme, most of which is in respect of the Council's contribution to the 21st Century Schools Band B Programme.
274. There are a number of key strategic capital projects that the Council is considering as outlined within Capital Ambition, with due diligence being carried out and business cases being developed for Cabinet to consider during 2019/20. These key projects include the development of an Indoor Arena in Cardiff Bay, Core Office Accommodation and the International Sports Village. The projects for Core Office Accommodation, the ISV and the Heritage Buildings will seek to be self financing.
275. The Indoor Arena may result in a number of different delivery and funding options with varying risks associated with each them. As such the financial implications for the Council are not confirmed although they may require decisions to be made by the Cabinet during 2019/20. To manage the risks of this project and to allow it to proceed, subject to approval of relevant business cases, it is proposed that an Affordability Envelope, outside of the approved Capital Programme, is set for the medium term. The revenue implications of this project must also be contained within the defined parameters set out in the MTFP. Where costs breach the Envelope the project will not be able to proceed without further recourse to Council. The principles of the Affordability Envelope are that:
- all enabling works will ultimately be self-financing in the long-term including provision for the repayment of any loan principal
 - in the medium term, defined in this case as seven years, an allocation would be required in the Council's revenue budget via the MTFP to fund interest costs of the enabling works
276. Notwithstanding the implications of the Affordability Envelope as above, particular attention needs to be given to the medium and long term impact of additional borrowing on the Council's Revenue Budget as it is clear that continuing to increase levels of borrowing without specific income streams to support it, is not consistent with the significant levels of savings required to be found. Even where there are specific income streams to support capital financing charges, this still increases the inherent financial risk to the Council and must be kept under review. Accordingly, local affordability indicators are maintained to track the

impact of decisions in the medium term although this is also impacted by the levels of RSG received. It should be noted that whilst approving the Capital Programme for the period up to 2023/24, members need to be aware that the later years of the Programme will be subject to an ongoing review of the Council's financial resilience.

277. The removal of the borrowing cap for the Housing Revenue Account represents an opportunity to increase the level of investment in new build. As the HRA business plan proposed to be approved by Cabinet will show, this is extremely sensitive to changes in rent policy and the same considerations of risk assessment, viability and controls must apply to approval of new build schemes as part of a robust governance framework.
278. The HRA Capital Programme for the period 2019/20–2023/24 is predicated on the removal of the HRA borrowing cap in Wales as has been the case in England. It also facilitates the Capital Ambition objective to build at least 1000 new council houses by 2022 with a further 1000 by 2026/27. Consequently, the capital investment programme for this period stands at £314.7 million of which £221.1 million will be funded from additional borrowing by the Council.
279. Whilst the Council has an Investment Property Strategy, the focus of this remains on making better use of existing assets and investing from the disposal proceeds of those assets. The Council has not had a strategy of investing primarily to make a financial return. Whilst this is not ruled out, this should only be done after consideration of proportionality of such income and risks to the Council following consideration of a business case with any such scheme included as part of the Council's approved Capital Programme.
280. The SOP Financial Model brings together the projected capital expenditure and funding over the life of the WG's 21st Century Schools Band A Programme, ancillary Council projects and the expected 21st Century Schools Band B Programme. These programmes represent long-term significant financial exposure for the Council and therefore risks to delivery and funding are continually monitored. A detailed amount of work is still ongoing in respect of the 21st Century Schools Band B Programme with continued uncertainty around the most economically advantageous funding approach for the Council to take.
281. A further challenge for the SOP Financial Model is the cash flow impact of the timing of both capital and revenue expenditure and income and these are reflected through the earmarked reserve set out in Appendix 17. Previously and in order to protect the resilience of the reserve, a reserve balance of no less than £1.5 million was considered appropriate. In considering the current and future expected movements on the reserve this level has been reviewed and whilst still desirable it is proposed that a minimum balance of £0.5 million should be introduced and monitored by the SOP Programme Board.

282. In the current extensive period of significant budget reductions and consequential loss of employee resources in many parts of the organisation, financial control continues to be of fundamental importance. It is vital that responsible officers take ownership of their budgets and that expenditure remains within approved levels. Compliance with financial rules and governance requirements is expected and this will continue to be monitored and reported on regularly as part of the Council's performance management arrangements.
283. The UK leaving the European Union is a major factor of uncertainty in medium to longer term financial planning. The impact on the economy as a whole, as it is for the Council on a local and regional basis, is unknown with negotiations and Parliamentary approval processes still ongoing at the time of writing this report. The Chancellor of the Exchequer is expected to undertake a full Spending Review in 2019 which will set the tone for Government spending post Brexit. The Council continues to consider the potential implications and any necessary actions, however at this stage it has not been deemed appropriate to allocate additional resources to the issue as part of the 2019/20 budget.
284. In concluding the financial implications of this Budget Report and in recognition of the continuing financial challenges facing the Council, as Section 151 Officer I would bring the following statement to members' attention.

"In the financial implications of the 2015/16 Budget Report I referred to the materiality of the service choices ahead of the Council and that those difficult choices were facing all Councils. The 2016/17 Budget Strategy responded to this challenge through development of the reshaping of the Base Budget approach to determining targets for directorates over the medium term. It is positive that during the period since then some significant decisions in respect of service changes have been taken and the changes implemented.

However, the financial impact of the iteration of the Medium Term Financial Plan to 2023/24 re-emphasises the point that the Council has much more to do if it is to successfully keep within its budgetary framework and maintain a healthy balance sheet for resilience purposes. It is clear that during this next medium term period sustained attention must be paid to the areas giving most concern in terms of spending volatility and that the Council's significant investment in preventative and early intervention strategies must start to deliver financial savings in addition to service benefits. It is vital that business process reviews in their widest application are relentlessly driven through the organisation and linked with partners for maximum impact which will result in simplified processes and increased levels of productivity across the Council.

Despite this agenda, a real risk remains that the Council may not be able to achieve financial savings of sufficient magnitude to meet the target savings over the medium term. I am sure that my successor will keep

this under review and report progress to members as part of the financial monitoring regime. As well as highlighting the very real financial challenges in the medium term, the role of the Section 151 Officer is to advise members if the Cabinet risks setting an unbalanced budget. I do not consider this to be the case in 2019/20.

In addition, from 2019/20 onwards the Council's Section 151 Officer is required to report explicitly on the delivery, affordability and risk associated with the Capital Strategy. I recognise that this is the first year of the requirement of the Capital Strategy and the approach needs to develop over time. This includes the staged development of a longer term planning horizon for capital schemes based on robust understanding of the condition of existing assets and whether we need to hold them. However, information in this Report, Annexes and these financial implications give me assurance that the plans in place and the actions to be taken forward by Members and officers are sufficient for me to advise Cabinet that the Capital Strategy is appropriate for Cardiff for 2019/20."

Cabinet Decision

285. On 21 February 2019, the Cabinet considered this report and having taken account of the comments of the Section 151 Officer in respect of the budget and the adequacy of reserves as required under Section 25 of the Local Government Act 2003 and having considered the responses to the Budget Consultation resolved that:
1. the changes to fees and charges as set out in Appendix 10(a) and 10(c) to this report be approved
 2. authority be delegated to the appropriate Director in consultation with the relevant Cabinet Member, Section 151 Officer and the Cabinet Member for Finance, Modernisation & Performance to amend or introduce new fees and charges during the year.
 3. the rents of all Housing Revenue Account dwellings (including hostels and garages) be increased by 2.4% having taken account of WG guidance.
 4. all service charges and the management fee for leaseholders be approved as set out in Appendix 10(b).
 5. all Housing Revenue Account rent increases take effect from 1 April 2019.
 6. the work undertaken to raise awareness of the financial resilience of the Council be noted and the steps taken within the budget to improve this position be approved
 7. the financial challenges facing the Council as set out in the Medium Term Financial Plan be recognised and the opportunities for savings over the medium term be noted.

CABINET PROPOSAL

(a) Recommendations to Council

The Cabinet, having taken account of the comments of the Section 151 Officer in respect of the robustness of the budget and the adequacy of reserves as required under Section 25 of the Local Government Act 2003, and having considered the responses received to the Budget Consultation recommend that Council:

- 1.0 Approve the Revenue, Capital and Housing Revenue Account budgets including all proposals and increasing the Council Tax by 4.9% as set out in this report and that the Council resolve the following terms.
- 2.0 Note that at its meeting on 13 December 2018 Cabinet calculated the following number of dwelling equivalents for the year 2019/20 in accordance with the regulations made under Section 33(5) of the Local Government Finance Act 1992:-
 - a) 145,499 being the number calculated in accordance with Regulation 3 of the Local Authorities (Calculation of Council Tax Base) (Wales) Regulations 1995, as amended, as its Council Tax base for the year.
 - b)

Lisvane	2,409
Pentyrch	3,280
Radyr	3,783
St. Fagans	1,423
Old St. Mellons	1,828
Tongwynlais	817

being the numbers calculated in accordance with Regulation 6 of the Regulations as the amounts of its Council Tax base for the year for dwellings in those parts of its area to which special items relate.

- 2.1 Agree that the following amounts be now calculated by the County Council of the City and County of Cardiff for the year 2019/20 in accordance with Sections 32 to 36 of the Local Government Finance Act 1992:-
 - a) Aggregate of the amounts which the Council estimates for the items set out in Section 32(2)(a) to (d) (including Community Council precepts totalling £396,847).

£1,026,008,847
 - b) Aggregate of the amounts which the Council estimates for items set out in Section 32(3)(a) and (c).

£405,173,000
 - c) Amount by which the aggregate at 2.1(a) above exceeds the aggregate at 2.1(b) above calculated in accordance with Section 32(4) as the budget requirement for the year.

£620,835,847

- d) Aggregate of the sums which the Council estimates will be payable for the year into its Council Fund in respect of Revenue Support Grant, its council tax reduction scheme, redistributed Non-Domestic Rates.

£444,629,480

- e) The amount at 2.1(c) above less the amount at 2.1(d) (net of the amount for discretionary relief of £400,000), all divided by the amount at 2.0(a) above, calculated in accordance with Section 33(1) as the basic amount of Council Tax for the year.

£1,213.80

- f) Aggregate amount of all special items referred to in Section 34(1).

£396,847

- g) Amount at 2.1(e) above less the result given by dividing the amount at 2.1(f) above by the amount at 2.0(a) above, in accordance with Section 34(2) of the Act, as the basic amount of Council Tax for the year for dwellings in those parts of the area to which no special items relate.

£1,211.07

- h) The amounts given by adding to the amount at 2.1(g) above the amounts of special items relating to dwellings in those parts of the Council's area mentioned below, divided in each case by the amount at 2.0(b) above, calculated in accordance with Section 34(3) as the basic amounts of Council Tax for the year for dwellings in those parts of the area to which special items relate.

	£
Lisvane	1,227.26
Pentyrch	1,258.33
Radyr	1,243.94
St. Fagans	1,225.48
Old St. Mellons	1,231.31
Tongwynlais	1,236.77

- i) The amounts given by multiplying the amounts at 2.1(g) and 2.1(h) above by the number which in the proportion set out in the Council Tax (Valuation Bands) (Wales) Order 2003 is applicable to dwellings listed in a particular valuation band divided by the number which in that proportion is applicable to dwellings listed in valuation band D calculated in accordance with Section 36(1) of the Act as the amounts to be taken into account for the year in respect of categories of dwellings listed in different valuation bands.

Old St. Mellons	992.54	1,157.97	1,323.40	1,488.83	1,819.68	2,150.53	2,481.37	2,977.66	3,473.93
Tongwynlais	996.18	1,162.22	1,328.25	1,494.29	1,826.35	2,158.41	2,490.47	2,988.58	3,486.67
All other parts of the Council's Area	979.05	1,142.23	1,305.41	1,468.59	1,794.94	2,121.29	2,447.64	2,937.18	3,426.70

- 2.4 Authorise the Corporate Director Resources to make payments under Section 38 of the Local Government (Wales) Act 1994 from the Council

Fund by equal instalments on the last working day of each month from April 2019 to March 2020 in respect of the precept levied by the Police and Crime Commissioner for South Wales in the sum of £37,469,009.

- 2.5 Agree that the Common Seal be affixed to the said Council Tax.
- 2.6 Agree that the Common Seal be affixed to precepts for Port Health Expenses for the period 1 April 2019 to 31 March 2020 namely

	£
County Council of the City and County of Cardiff	113,864
Vale of Glamorgan County Borough Council	12,736

- 2.7 Agree that notices of the making of the said Council Taxes signed by the Chief Executive be given by advertisement in the local press under Section 38(2) of the Local Government Finance Act 1992.
- 3.0 In accordance with the Local Government Act 2003, the Local Authority (Capital Finance and Accounting) (Wales) Regulations 2003 and subsequent amendments and the CIPFA Prudential Code and Treasury Management Codes of Practice:
- (a) Approve the Capital Strategy 2019/20
 - (b) Approve the Treasury Management Strategy 2019/20 and authorise the Section 151 Officer to raise such funds as may be required to finance capital expenditure by temporary or long term borrowing
 - (c) Approve the Prudential Indicators for 2019/20 to 2023/24 including the affordable borrowing limit
 - (d) Delegate to the Section 151 Officer the authority to effect movement between the limits for borrowing and long term liabilities within the limit for any year and to bring forward or delay schemes within the Capital Programme.
 - (e) Approve the Minimum Revenue Provision Policy for 2019/20.
- 4.0 To approve the Budgetary Framework outlined in this report including the Affordability Envelope detailed in this report. This will be subject to the approval of a business case in respect of the indoor arena and the financial implications of such a decision being within the affordability and borrowing implications outlined.
- 5.0 Maintain the current Council Tax Reduction Scheme as set out in the report.

THE CABINET
21 FEBRUARY 2019

The following Annexes are attached:

Annex 1	Directorate Commentaries
Annex 2	Medium Term Financial Plan
Annex 3	Capital Strategy 2019/20
Annex 4	Treasury Management Strategy

The following Appendices are attached:

Appendix 1	Budget alignment with Strategic Priorities
Appendix 2	Changes for Cardiff Consultation
Appendix 3	List of Specific Grants from Welsh Government (All Wales)
Appendix 4	Revenue Resources Required
Appendix 5	Directorate Financial Pressures
Appendix 6	2019/20 Budget Savings
Appendix 7	Directorate Revenue Budgets
Appendix 8	Cabinet Portfolio Revenue Budgets
Appendix 9	Employee Implications of Budget
Appendix 10	Summary of Fees and Charges (a) General Fund (b) Housing Revenue Account (c) Fees and Charges - confidential
Appendix 11	Amendments since Publication of Consultation Proposals

Directorate Commentaries

Revenue Budget 2019/20
Cardiff Council

Introduction

The Council's revenue budget provides the means for directorates to deliver services to Council Tax payers of Cardiff and its visitors. This Annex explains in narrative form the changes to directorate budgets that are implicit in sections throughout the report.

The Budget Proposal includes £19.157 million in savings reduced from directorate budgets and are summarised into the following themes

2019/20 Savings Proposals by Theme	£000
Income Generation	2,114
Collaboration	2,537
Business Processes	7,700
Review of External Expenditure	3,306
Strength Based Practice and Preventing Escalation of Need	3,500
Total	19,157

Directorate Commentaries

The following pages provide a commentary on significant areas of change within individual directorate budgets. Appendix 7 shows the overall change to individual directorate budgets between 2018/19 and 2019/20 whilst Appendix 8 shows the same information on a Cabinet Member Portfolio basis.

Corporate Management

The savings proposed in Corporate Management amount to £166,000 and are summarised in the following table:

2019/20 Savings	£000
Business Processes	166
Total	166

A saving of £126,000 is proposed in relation to the Corporate Initiatives budget. This is achievable based on known commitments,

however it will further reduce the funding available to react to emerging opportunities to fund city-wide events. A review of past service pension contributions to be made in respect of ex-employees has also identified that a saving of £40,000 can be made against this budget in 2019/20.

Additional funding of £961,000 has been provided to meet the additional costs arising from the South Wales Fire Service Levy in 2019/20. The increase reflects the impact of population changes amongst the constituent councils but also includes a significant increase in costs by the Fire Service mainly as a result of an increase in the employer's contribution rate to the unfunded pension scheme following the latest valuation by the Government Actuary. The South Wales Fire and Rescue Authority have made the case to WG and in turn via the Minister for Housing & Local Government to HM Treasury, that this technical change to the valuation methodology needs to be centrally funded in order to avoid it falling as a cost to councils in Wales, however to date, this has not been resolved. The Corporate Management budget also includes an additional £110,000 in order to provide base funding for the Council's contribution to the Cardiff Capital Region City Deal and £74,000 to fund additional costs in relation to the Council's contribution to the Coroner's Service.

Economic Development

Within Economic Development, £54,000 has been allocated as part of the FRM. This allocation is to support a programme of playground upgrades and tree maintenance, to be prioritised on the basis of existing condition.

In addition to this allocation, the Directorate has proposed savings to the value of £3.153 million, outlined in the following table:

Directorate Commentaries

2019/20 Savings	£000
Income Generation	172
Collaboration	2,251
Business Processes	515
Review of External Expenditure	215
TOTAL	3,153

Savings totalling £172,000 have been proposed in relation to income generation initiatives. The first of these totals £122,000 and is expected to be achieved through income generated by new attractions at Cardiff Castle, coupled with a review of agency staff and overtime. As well as this, £30,000 has been proposed in relation to pest control and the intention to increase the Council's market share through exploring opportunities to work with the private sector and other public bodies. A saving of £20,000 is also proposed through increasing rental income from workshop units. In addition to the income generation proposals, £2.251 million has been proposed under the heading of collaboration. The most significant proposal totals £1.822 million and reflects a further year's saving following the transfer of the operation of the Council's leisure centres to Greenwich Leisure Limited. The proposal will see a reduction in the level of subsidy provided by the Council. Further savings include £404,000 in relation to the New Theatre and the intention to secure a private tenant for the building. A saving totalling £25,000 is also proposed in relation to Parks & Sport and the continued transfer of buildings to local clubs, organisations, leagues and governing bodies, enabling the reduction of the costs incurred by the Council in holding these assets.

Business process savings have been proposed to the value of £515,000. The largest saving amounts to £157,000 and relates to a review of the Facilities Management staffing resource and the release of six posts. £80,000 is also proposed in relation to the Corporate Landlord model and the review of security costs through the use of digital technologies. Also in connection with Corporate Landlord

are savings amounting to £63,000 and £53,000, which relate to reduced operational costs, through the closure of St Mellons Enterprise Centre and Youth Centre, and a redesign of the cleaning model for operational buildings, respectively. Other savings relating to business processes include £56,000 through the deletion of a vacant Management & Support Services post, £41,000 through the deletion of a vacant Tourism post and reduced budget for tourism initiatives, and £40,000 following the removal of the subsidy for City Centre Management. A total of £25,000 is also expected to be achieved through the deletion of two posts in Venues & Catering and the closure of public conveniences in Caedely Park.

Three savings, totalling £215,000, have been proposed in relation to reviews of external expenditure. The first totals £125,000 and will be achieved by reducing the level of subsidy for the annual events programme, partly through a staffing restructure. In addition, £62,000 is expected to be achieved by reducing the funding for the annual Cultural Projects Scheme. This will result in the removal of the budget and will mean that there will be no scope to support projects going forward. The final saving is for £28,000 and will be achieved by reducing the budget for business and investment initiatives.

Education and Lifelong Learning

Within Education, a total of £604,000 has been allocated in respect of financial pressures. The first allocation amounts to £500,000 and is related to the increased demand for alternative provision for those pupils who are educated other than at schools, reflecting the projected level of expenditure during 2018/19. In addition, £104,000 has been allocated in connection with the new schools planned as part of the Local Development Plan. This allocation will enable the Council to ensure that the schools delivered by developers, as part of the plan, align with the Council's schools building

requirements and strategy for education. Furthermore, the 2019/20 Budget will reflect the transfer of the School Transport budget and proposed savings from the Planning, Transport & Environment Directorate to the Education Directorate.

As part of the due diligence for the 2019/20 budget process, the level of risk attached to current shortfalls against budget savings targets in 2018/19 was assessed. Based on this, a previous year budget saving amounting to £53,000 has been written out of the base budget for 2019/20. This relates to a saving against the 2018/19 contribution to the Central South Consortium Joint Education Service. The reason for the saving having not been achieved in full is due to the actual reduction in contribution not being to the level that had been proposed in the 2018/19 budget savings proposals.

For 2019/20, the delegated school budgets will increase by £10.421 million (4.5%) which is in addition to a 3.3% increase in the previous year. Of the £10.421 million being allocated to schools, £8.238 million relates to non-pupil number growth. Within this figure is £1.487 million which is connected to 2018/19 grants that have transferred into the settlement for 2019/20. These grants relate to the 2018/19 teachers' pay award and increased costs relating to free school meals and are being passported to schools in full. As well as this, non-pupil number growth totalling £6.751 million is being allocated to schools and will go towards identified pressures such as the significant increases in teachers' pensions, taking effect from 1 September 2019, pay inflation, salary increments, non-domestic rate increases and additional learning needs such as specialist resource base provision. The amount being allocated for non-pupil number growth reflects the fact that schools will contribute to meeting some of their own pressures. The balance of additional funding being provided totals £2.183 million and relates to increasing pupil numbers in both mainstream and special school settings.

In addition to the reduction to non-pupil number growth, outlined in the previous paragraph, is an additional reduction to school growth to reflect the continuation of the need to build up a revenue budget to fund the capital financing costs arising from the 21st Century Schools Band B Programme and additional asset renewal. The year 2019/20 represents the second year of a ten year plan to create the necessary budget. In 2019/20, the additional cap amounts to £1.090 million and is planned to remain at this level in future years. Of this amount, £843,000 will remain within the Education budget to specifically fund costs associated with Band B. The balance will form part of the corporate capital financing budget and will fund costs associated with asset renewal. As well as this reduction in growth, schools will also be required to absorb the impact of the savings proposal, outlined in the paragraphs that follow, whereby the responsibility for matchfunding the Education Improvement Grant will be delegated to schools. This proposal amounts to £962,000 and schools will need to identify their matchfunding contribution from within their own budgets.

Whilst additional funds have been allocated to delegated school budgets, the Education Directorate has identified budget savings totalling £1.442 million. These savings are outlined in the following table:

2019/20 Savings	£000
Income Generation	140
Business Processes	1,232
Review of External Expenditure	70
TOTAL	1,442

The savings include £140,000 in relation to income generation, which is expected to be achieved through the generation of additional income for traded Additional Learning Needs (ALN) Services. The intention is to explore opportunities to generate additional income through service level agreements with schools, reduced subsidisation of training and

trading with schools in other local authorities. In addition there is a saving proposal totalling £70,000 in relation to external expenditure. This is intended to be achieved through an approved 5% reduction in the Council's annual contribution towards the running costs of the Central South Consortium Joint Education Service, which was endorsed at the Joint Committee meeting held on 8 November 2018.

Business Process savings totalling £1.232 million have been proposed. These include the full year effect of the ongoing staffing restructure within the Directorate. As well as this, £962,000 will be achieved by delegating the responsibility of the local authority matchfunding contribution to the Education Improvement Grant (EIG) to schools. This saving will not result in an overall reduction in the level of EIG, but schools will be expected to identify the matchfunding requirement from within their own resources, rather than it being provided by the local authority.

People and Communities

Housing and Communities

The following paragraphs below set out directorate specific financial pressures and savings in relation to the Housing & Communities Directorate. The allocation of funding to meet financial pressures includes £500,000 to implement the Support for Families Model as approved by Cabinet on 11 October 2018. This will create a gateway for families as a first point of contact for information, advice and assistance. An amount of £150,000 has also been allocated in relation to the Older Persons Housing Accommodation Strategy. The intention is that this funding will enable the development of an "Older Persons & Accessible Homes Unit" to provide specialist housing advice for all older people and to help them better

understand their housing options. As well as these amounts, the Directorate will also receive a one-off allocation of £300,000 as part of the Council's FRM. The intention is that this will be transferred to the Homelessness Reserve, to provide further flexibility in the use of this reserve going forward.

In addition to the funding increases provided to the Directorate, there has also been a requirement to identify budget savings totalling £868,000. The breakdown of savings is outlined below:

2019/20 Savings	£000
Income Generation	30
Business Processes	775
Review of External Expenditure	63
TOTAL	868

A saving totalling £30,000 has been proposed in relation to income generation. This proposal is connected to the sale of equipment to those not eligible for assessed support through the Joint Equipment Service. In addition, proposals totalling £63,000 have been proposed in connection with a review of third party expenditure. The first proposal is for £33,000 and is to be achieved by providing more employment services in-house, following the implementation of the new Into Work Service and Employability Service Gateway. As well as this, £30,000 is expected to be achieved through an agreed reduction to the Citizens Advice Bureau contract, reflecting the final year of a three year phased reduction in the cost of the Advice Services contract.

The majority of savings proposed are related to business process reviews. These savings total £775,000 and include two proposals that amount to £250,000 in each case. The first is connected to the Homelessness Service and the intention to realign funding and prudently utilise the Homelessness earmarked reserve over a two year period. The use of this reserve, and the availability of grant funding

connected to homelessness, will ensure that the reductions to base budget funding for this area can be managed in a sustainable way. The second is related to the implementation of Community Wellbeing Hubs. This will see the management of libraries and hubs brought under one management structure, enabling an improvement in the range of services being provided in existing stand-alone branches, including advice services for older people. As well as these two proposals, £125,000 is expected to be achieved within the Benefits Service following the rollout of Universal Credit, enabling the deletion of vacant posts and a reduction in postage and printing. Further savings include £60,000 through management efficiencies within the Independent Living Service and £40,000 as a result of deleting an Into Work Advisor post. Two savings totalling £50,000 will be achieved through the realignment of existing grant budgets and a review of the Day Opportunities Team within the Independent Living Service. The latter has been facilitated by the identification of synergies with the new Community Inclusion Service.

Social Services

Significant additional resources have been allocated in the budget in order to meet existing and new financial pressures in Social Services with the overall budget showing a net increase of £5.331 million (3.19%) compared to the controllable base in the current year. This is after taking into account Directorate savings totalling £6.0 million. Additional funding has been provided to both Children's and Adult Services with budget allocated to meet demographic pressures and fee increases and a range of financial pressures. These pressures are partly offset by £3.0 million of specific grant funding which has been assumed and is reflected in the Social Services budget for 2019/20. This is based on an allocation of £30 million at an all Wales level, which was announced by the Minister in October 2018 in order to meet the growing demand for services. The allocation

was confirmed in the announcement of the Final Settlement in December. Based on the usual distribution factors the Council would expect to receive at least £3.0 million from this grant. This is in addition to further grant funding which will be channelled via the Regional Partnership Boards and which will strengthen integrated working and the development of seamless models of care. The Final Settlement from WG also included £637,000 to reflect the transfer of a new responsibility in relation to an increase in the capital limits on charges for residential care. This sum has been allocated to Social Services and is reflected in the budget increase set out above. After taking into account these various factors, the overall position shows a net increase of £4.936 million (8.89%) to the Children's Services Budget and £395,000 (0.35%) to the Adult Services Budget as compared to the controllable base in the current year.

In Children's Services an additional £5.546 million has been allocated in order to reflect the budget pressures in the current financial year. This is largely due to the increasing number and cost of looked after children with on-going pressures on budgets for external placements, internal fostering and leaving care. An allocation of £1.150 million has been made to reflect anticipated demographic pressures in 2019/20 and as in the current financial year a specific contingency allocation will also be maintained in order to fund any further growth in external placements should this become evident during the year. The contingency budget in 2019/20 will be £2.0 million an increase of £1.050 million compared to the equivalent budget in 2018/19. The budget for Adult Services has been increased by £1.2 million in order to meet new demographic growth in 2019/20 with a further allocation of £2.6 million also provided in order to reflect potential fee increases in the coming year.

Funding of £1.339 million has been allocated to meet specific financial pressures identified by the Directorate. This includes £500,000 in relation to the potential cost implications of the Supported Living Tender in 2019/20 with a further potential £500,000 full year effect identified in relation to 2020/21. The £500,000 in 2019/20 will initially be held as a contingency budget, with its release to support costs in Social Services dependent on the final outcome of the tenders. Funding of £335,000 has also been allocated to support an additional team in order to enable an extension of the Adolescent Resource Centre (ARC) which uses best practice approaches to support adolescents and their families to keep older children out of public care. These additional resources will allow this approach to be extended to younger children. Children's Services will also receive an additional £300,000 to support the implementation of a new fostering business model in order to create a resilient structure and be able to generate a robust and engaging recruitment and retention function. The approved financial pressures also include £108,000 to fund four transitional outreach workers at Ty Canna specifically to work with young people transitioning from Children's Services to Adult Mental Health services, £64,000 to provide increased capacity for information governance activity related to disclosures in care proceedings and £32,000 to fund the cost of devices to support safe systems for lone working. The latter are one-off costs in 2019/20 and this will also be supported by an allocation of £31,000 from the FRM. An allocation of £55,000 will also be made via the FRM in order to provide a project management resource to lead a review of the way the Emergency Duty Team operates and to design and implement a new operating model. In addition, one-off funding of £20,000 will also be allocated to scope a pilot project to support care leavers and young carers to overcome transport barriers to them accessing education, employment and training.

The budget savings proposed by the Directorate for 2019/20 total £6.0 million and are summarised in the following table:

2019/20 Savings	£000
Review of External Expenditure	2,500
Strength based practice and preventing escalation of need	3,500
Total	6,000

Savings of £2.5 million are anticipated through a review of external expenditure. This includes £1.5 million as a result of supporting more children in Cardiff and through Council provision thereby reducing the requirement for more expensive external placements. This will require a change to the type and level of provision available in Cardiff and how this is commissioned, purchased and used. To support this a new fostering service will be implemented from April 2019. A saving of £1.0 million is also anticipated through improving the cost effectiveness of Social Services commissioning arrangements by seeking opportunities for rationalisation across the Directorate in terms of commissioning strategy, contract monitoring and financial management.

The saving of £3.5 million in relation to strength based practice and preventing escalation of need includes £1.0 million through maximising the impact of the Community Resource Team (CRT) to support more people to become independent. This builds on initiatives in the current financial year and will enable the right level of support to be provided to the right people thereby reducing the level of care and support required from both Health and Social Care. A saving of £1.0 million is also anticipated through improving the use and effectiveness of community provision to ensure people receive the right type and level of support at the right time of their lives. This will involve joined up working with partners and other organisations to ensure that individuals are supported to access the most appropriate level of provision to maximise their independence. Other savings include

£500,000 through safely reducing the number of children entering local authority care by enhancing protective factors within the child's home and community, £500,000 by enabling people with a learning disability to live the lives they want to live with reduced community support and £500,000 to achieve the same outcome for people with mental health issues.

Planning, Transport & Environment

The paragraphs below set out directorate specific financial pressures, commitments and savings in relation to the Planning, Transport & Environment Directorate. Financial Pressures have been supported to the value of £1.647 million. Included within this total is £704,000 connected to recycling costs which will cover the increased cost of recycling disposal and go towards the achievement of targets. In addition, £200,000 has been allocated to Fleet Services and will contribute towards the additional lease costs associated with the existing fleet. A sum of £50,000 has also been allocated for the maintenance and operation of new hostile vehicle mitigation bollards. Furthermore, £310,000 has been approved for School Transport and will cover the increased cost of transport for pupils with additional learning needs. It should be noted that, with effect from 1 April 2019, the budget responsibility for School Transport, and the growth and savings proposals connected to it, will transfer to the Education Directorate.

Within Street Scene, three financial pressure bids have been accepted. These total £383,000, with the first amounting to £163,000 in relation to separate glass collection. This allocation will enable the city-wide rollout of this initiative. In addition, £120,000 has been allocated for city centre public realm improvements and £100,000 for an increase in street cleansing. The latter is in response to the growth in the night-time economy and food outlets.

In addition to the accepted financial pressures, £160,000 has been allocated in relation to the reduction in the level of the Single Revenue Grant. Furthermore, £328,000 has been allocated in relation to cost pressures within the Shared Regulatory Service and £100,000 is also being allocated to Waste Services to reflect demographic pressures in relation to recycling and waste collections.

As well as the recurring budget provision outlined in the previous paragraphs, a number of one-off budget allocations are being made as part of the use of the FRM. These total £3.310 million, with the majority being allocated to Street Scene. The largest totals £1.0 million and will be used for repair of defective carriage and footways to improve the condition of the network. The "Love where you live" campaign will be supported with £50,000 and a further street cleansing deep clean will be funded by an allocation totalling £312,000. In addition, allocations of £164,000 and £144,000 have been provided to fund the cost of support and communication of the city-wide rollout of separate glass collection, subject to the outcome of the current pilot exercise, and enhanced information about the Waste Service, respectively. As well as these amounts, £250,000 is being provided in relation to road signs and lines and £180,000 is being provided to progress a pilot scheme relating to the use of street cleansing technology.

Other FRM allocations include £250,000 to pilot an approach to discretionary transport support for post-16 students that had a pre-16 statement of special educational needs. In addition, an allocation of £100,000 has been made to deliver the Capital Ambition commitment for all schools to have an Active Travel Plan by 2020 and £60,000 is being provided to Fleet Services to fund a two-year programme to replace the existing fossil fuel fleet with electric vehicles. Furthermore, £50,000 has been allocated to improve facilities in response to the Public Toilet

Directorate Commentaries

Strategy. As well as these allocations, £750,000 is being provided to enable the creation of a fund to support the Council's approach to providing a social subsidy to certain bus routes. The intention is that this fund will be utilised over a two-year period and will initially be held within contingency and drawn down in line with an assessment of route priorities.

The following table sets out Planning, Transport & Environment's Directorate savings proposals for 2019/20:

2019/20 Savings	£000
Income Generation	1,219
Collaboration	286
Business Processes	2,440
Review of External Expenditure	324
TOTAL	4,269

Savings totalling £1.219 million have been proposed under the heading of income generation. The first proposal amounts to £301,000 and is intended to be achieved through increases to fees for burials, cremations and memorial products within Bereavement Services. An amount of £200,000 is proposed within Fleet Services and is anticipated to be achieved through enhanced commercialisation of the service. Within Transport Policy it is planned that digitalisation of the Network Management function will enable £120,000 to be achieved through improved income recovery. A further net saving of £120,000 is proposed in relation to clamping and removal of untaxed vehicles. The income will be generated through the implementation of devolved powers and the requirement of a fee to be paid for vehicles to be released. In addition, a proposal totalling £108,000 has been put forward in relation to the delivery of the approval body for sustainable drainage. Again, this is a net saving where it is anticipated that fee income will exceed the cost of delivering the service. Other income proposals include £100,000 in relation to developing commercial waste and recycling centres, £80,000 within Planning,

which will be achieved through progressing development proposals and enhanced information gathering, and £40,000 through improved recharging within Transport Policy. The final income generation proposals, which total £150,000, include increases to general fees and charges, the Lamby Way solar farm scheme, improved income from developments, Registration Services income and increased income initiatives at the Cardiff Dog's Home.

In relation to collaboration, £286,000 has been proposed. This saving represents a further year's saving in connection with the introduction of a shared service, in conjunction with the Bridgend and the Vale of Glamorgan Councils, for regulatory functions. External expenditure savings total £324,000, the most significant of which is a proposal for £230,000 in relation to energy levies. This saving is the result of a change in government policy, whereby the Carbon Reduction Commitment has been replaced with an increase to the Climate Change Levy, leading to reduced costs overall. Other savings under this heading include £50,000 within School Transport as part of a plan to replace bus routes with safe walking routes, £24,000 within Bereavement Services, to be achieved through carrying out the Public Health funeral contract in-house, and £20,000 through reduced expenditure on the maintenance of structures and tunnels. The latter is to be achieved through a new contract and other efficiencies.

Over half of the Directorate's savings are to be achieved through a review of business processes. These savings total £2.440 million and include a proposal for £600,000 within Fleet Services which is to be achieved through a review of vehicle operations including utilisation and rationalisation. In addition, £400,000 is proposed within School Transport and is intended to be achieved through further route optimisation, in line with requirements for the new academic year, and retendering. In relation to Civil Parking Enforcement, £300,000 is expected to be

achieved by a service review of the service to optimise performance and service delivery. A number of savings have been put forward within Recycling & Waste Management, including £250,000 to be achieved through improved business processes and efficiencies, following a review of waste disposal governance and financial controls, and £134,000 through a review of staffing resources. Two savings are intended to be achieved through redesign and reshaping of services. The first of these totals £160,000 and is planned to be achieved by rebalancing street cleansing rounds within Neighbourhood Services. The second is for £132,000 and relates to Highways Operations, where a review of demand for highways related work has enabled a reduction in resources with no detrimental impact on service provision.

In addition to the savings outlined in the previous paragraph, £122,000 has been put forward in relation to street lighting and savings arising from the introduction of LED lighting, leading to savings on energy usage. As well as this, £80,000 is anticipated to be achieved through a restructure of Transport Services Teams and £52,000 via a restructure of the Service Management & Support team. Improved efficiency and effectiveness, through the implementation of digital working within Environment Enforcement, has enabled a £60,000 saving to be proposed, as has £40,000 through increased productivity and recycling efficiency in relation to Household Waste Recycling Centres. The final three proposals total £110,000 and relate to the deletion of vacant posts in line with active travel plans, employee recharges within Energy Management and the deletion of a vacant administrative post within Planning.

Within the Governance & Legal Services Directorate, a financial pressure totalling £351,000 has been approved. This pressure is in response to the increased demand for safeguarding work and complex cases relating

Resources

Governance & Legal Services

to children. The allocation will fund the creation of new posts and external legal support.

The table below sets out the 2019/20 budget savings proposals for the Governance & Legal Services Directorate:

2019/20 Savings	£000
Income Generation	211
Business Processes	161
TOTAL	372

Budget savings of £211,000 under the heading of income generation are proposed within Legal Services. It is anticipated that this saving will be achieved by increasing charges for work carried out in connection with the City Deal, Highways, Waste and Regeneration, as well as new client contributions towards the cost of a procurement lawyer and general increases to miscellaneous legal charges.

A number of business process changes are proposed, amounting to £161,000. The most significant saving amounts to £119,000 and will be achieved through a restructure of staffing within Legal Services. Other business process savings include £20,000 through a reduction in the annual contribution to the Elections Reserve, which is held to fund local elections and a £3,000 general reduction in the training and development budget for members. In addition, £13,000 is to be achieved through the cessation of printing meeting agendas and reports for councillors and senior officers and £6,000 will be saved through the removal of webcasting equipment from the County Hall Council Chamber. Transitional support will be made available from earmarked reserves in 2019/20 in respect of the webcasting proposal and for almost 50% of the printing savings proposal.

Resources

Budget savings of £2.887 million are proposed in the Resources Directorate and these are summarised in the following table:

2019/20 Savings	£000
Income Generation	342
Business Processes	2,411
Review of External Expenditure	134
Total	2,887

Savings based on income generation total £342,000. This includes £100,000 as a result of operating the Council's internal branding team on a more commercial basis by increasing income collection from internal and external customers. It also includes £99,000 to reflect opportunities for additional income generation in Health and Safety including training in areas such as asbestos. A net saving of £42,000 is also anticipated due to the continued commercialisation of the Council's Bilingual Cardiff Team, increasing the amount of income generated by providing translation services to other organisations. Other income generation savings include £33,000 in relation to Information Governance and £48,000 in Human Resources, the latter based on providing additional support to schools and City Deal. Further savings of £20,000 are also anticipated in Commissioning & Procurement through the Council's wholly owned trading company Atebion Solutions which trades commercial and procurement services to other public sector organisations.

A range of savings totalling £2.411 million have been identified in relation to business processes across the Directorate. These include efficiency savings identified by the various divisions in relation to their staffing structures, external spend and achievement of internal income. Savings totalling £777,000 have been identified in relation to the Finance Service including £359,000 from a restructure

of the Accountancy function and £224,000 from process efficiencies and staff savings within Revenues and Council Tax. The Accountancy saving will be partly mitigated by a £150,000 drawdown from earmarked reserves in the first year of the restructure in 2019/20. The Digital Services Division has identified savings of £754,000 including £374,000 from a restructure of the Capital Ambition Delivery Team and £300,000 as a result of channel shift in C2C. Contributions from earmarked reserves of £190,000 and £50,000 respectively will partly mitigate these savings in 2019/20 with the channel shift saving in C2C also partly offset by a one-off contribution of £30,000 from the FRM. Savings totalling £516,000 have also been identified in Human Resources. This includes a saving of £263,000 in relation to the Human Resources IT system including moving the system onto the Council's private cloud platform, with savings also identified in staff budgets and through the achievement of internal income. Other business process savings include £280,000 in Performance & Partnerships mainly through a restructure of the service and £84,000 in Commissioning & Procurement.

Savings arising from a review of external spend amount to £134,000 and include £44,000 from a reduction in the publicity campaign budget in Communications & Media and £40,000 from a reduction to the Third Sector Council Infrastructure Grant as part of the continuing development of a commissioning relationship between the Council and the sector. Other savings include £25,000 through a review of the current ICT contract arrangements and £25,000 from a reduction to the special projects budget within the Directorate.

The Directorate has received additional funding of £204,000 to reflect identified financial pressures. This includes £150,000 to support a project aimed at modernising customer contact, internal and external, through the implementation of tools to automate transactional services which fall

Directorate Commentaries

under the over-arching concept of the 'virtual assistant'. A financial pressure of £54,000 is also approved in relation to the requirement for additional staff in the Revenues Section to manage the impact of the implementation of Council Tax premiums and to reflect increasing workloads due to significant property growth each year. Additional funding of £91,000 has also been provided to meet the on-going costs in relation to the Council commitment to supporting corporate apprenticeships.

Section 1. Introduction

1.1 Aims and Purpose of MTFP

The Medium Term Financial Plan (MTFP) forecasts the Council's future financial position. Preparation of an MTFP is part of good financial practice. It is especially important in periods of financial challenge. In particular:

- It helps ensure that the Council understands, and can prepare for, the challenges in setting a balanced budget.
- It encourages discussion about the allocation of scarce resources, helping to ensure they are directed towards delivering core responsibilities and policy objectives.
- It is an important part of understanding the Council's financial resilience, helping to protect the Council's long term financial health and viability.

1.2 Governance

The MTFP process is an integrated part of the Council's financial planning framework. It closely aligns with other key aspects of the financial planning process, including the Council's Capital Strategy.

Development of the MTFP is an iterative process. Regular review is required to ensure it reflects most recent information and captures emerging issues. Elected Members and Senior Management are engaged in the process through a series of regular briefings, to scope, inform and scrutinise the plan.

The transition from high-level planning principles, to detailed budgets that align with the Council's priorities, is shaped by Elected Members with support and advice from senior management. As proposals develop, engagement is extended to a wider range of partners including citizens, Scrutiny, staff, School Budget Forum and Trade Unions. Consultation feedback is considered as part of the finalisation of annual budget proposals.

The MTFP is formally reported as part of the Council's Budget Report each February, and Budget Strategy Report each July.

1.3 MTFP Overview

The Council has faced an extended period of financial challenge. Unfortunately, this shows little sign of improving over the medium term. The current MTFP covers the financial years 2019/20 – 2023/24 and estimates a budget gap of £32 million for 2019/20, with a further £105 million over the next four years.

“Budget Gap” is the term used to describe the difference between the funding the Council expects to receive, and the estimated cost of continuing to deliver services at the current level. Put simply, the budget gap is a result of funding failing to keep pace with demand, inflation and other financial pressures.

The 2019/20 position is shown as balanced in the above graph. The 2019/20 Budget Report sets out a detailed draft budget for approval. This is not repeated in this document, which focusses on 2020/21 – 2023/24.

Section 2. Context and Outlook

2.1 Council Priorities

Challenging financial circumstances place even greater emphasis on the need to be clear about priorities. The Administration’s key priorities for Cardiff are set out in Capital Ambition:

The Council’s Corporate Plan and the Wellbeing Plan are key documents in delivering Capital Ambition. They translate the four key priorities into deliverable organisational objectives.

The Corporate Plan focusses on the issues and services that the Council has prioritised, while the Wellbeing Plan focusses on areas of collaborative advantage in the city.

There are seven well-being objectives in the Wellbeing Plan:

These objectives have been adopted by all Members of the Cardiff Public Services Board. They were developed in the context of the Wellbeing of Future Generations (Wales) Act 2015. As well as aiming to improve the social, economic, environmental and cultural wellbeing of Wales, the Act aims to make public bodies think about the long term, how they can work together and with communities to prevent problems and take a joined up approach (known as the five ways of working.)

The Council’s financial strategy documents, including the Budget, MTFP, Capital and Treasury Strategies, are framed by the above priorities and objectives.

This ensures scarce resources are spent in line with priorities and that financial plans have regard for impact on future generations.

Section 2. Context and Outlook

2.2 City Demographics

The demographic profile of the city and its potential financial impact need to be considered in forecasting financial pressures.

Population

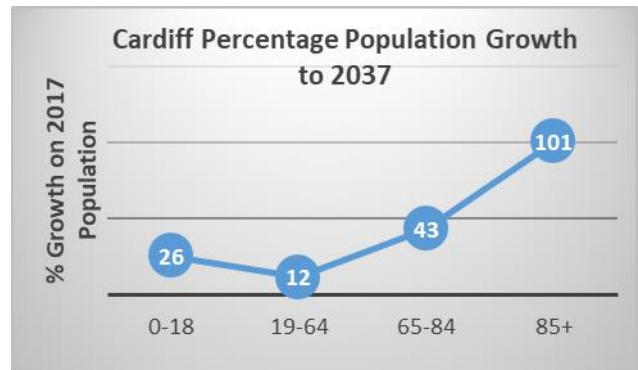

Cardiff has a population of 367,000. Between 2005 and 2015, its population grew by 11%. This trend is set to continue with projected growth of 20% between 2017 and 2037. This outstrips the combined estimated growth of every other authority in Wales.

This will mean an extra 73,000 people living in the city by 2037, with growth expected in all age groups.

Whilst growth is expected in all age groups, it is steeper within the under-18 and the over-65 age brackets. By 2037, the over-85 population is expected to double from its 2017 level.

A growing city places greater demand on Council services, including housing, education, environment and social care. The steeper growth in the under-18 and over-65 age brackets will mean continued demand on social services and education.

Education

In a city with a rapidly growing population, there will be increased demand for schools. With the existing system running at near full capacity, investment will be required to build new schools and to refurbish and improve existing accommodation.

This investment is being taken forward as part of the 21st Century Schools Band B Programme, along with programmed asset renewal works. New schools will also be developed in connection with the Local Development Plan (LDP). The cost of financing works and future operating costs will need to be reflected within forecast financial pressures.

Housing

Cardiff's LDP is a 20 year Plan from 2006 - 2026. It set a target for 41,000 additional homes by 2026. The Wellbeing Plan identifies that in Cardiff, housing remains relatively unaffordable compared to other major British cities with the average house costing around eight times the average salary. The LDP recognised that the need for affordable housing must be addressed, and set a

Section 2. Context and Outlook

target for 6,646 additional affordable homes by 2026.

The planned growth in housing will mean that by 2026, entire new communities will exist. These will need the support of Council services, such as waste collection and schools. Demand for these services will require careful modelling, including the extent to which costs may be offset by additional Council Tax from more dwellings. There will be a need to gauge how demand for services in new communities, including school places, might affect demand in other parts of the city.

Employment

The city economy is growing and jobs and businesses are being created. After several post-recession years, Cardiff's unemployment rate has generally fallen since 2012, and has returned to pre-downturn levels. However, there are large disparities in unemployment levels across the city.

There is in-work poverty within the city. In 2017, just over a fifth of people in employment earned less than the Real Living Wage. The Real Living Wage is an independently calculated hourly rate of pay, set to cover the basic cost of living. It is paid voluntarily by over 4,700 UK business and organisations. Cardiff Council is a Real Living Wage employer and an advocate of the Real Living Wage in the city. Financial forecasts will need to consider future Real Living Wage rates, both as an employer and procurer of services within the city.

Deprivation

Almost a quarter of dependent children under 20 in Cardiff are living in low-income households. The 2016/17 National Survey for Wales indicates that 16% of people aged 16 or over in Cardiff live in households in material deprivation, which is slightly above the Welsh average of 15%. However, there is significant disparity across the city in terms of deprivation. The Wellbeing Plan notes that if the Southern Arc of Cardiff were a

local authority in its own right, it would be by far the most deprived in Wales.

Policies to tackle poverty will need consideration in financial planning. These include the provision of affordable housing, making Cardiff a Living Wage City together with a continued focus on education. The potential impact that welfare reform may have within the city, along with pressures on the homelessness service will be kept under review in terms of potential cost pressures.

2.3 Economic and Financial Outlook

Local financial planning is linked to the wider economic and financial context.

UK Context

Alongside the Autumn Budget in November 2018, the Office for Budget Responsibility (OBR) released medium term forecasts for key economic indicators. Forecasts for 2018-2023 predicted that:

- Gross Domestic Product (GDP) will grow steadily between 1.3% - 1.6% per annum
- Inflation (CPI) will decrease from 2.6% per annum in 2018 to between 2% - 2.1% per annum between 2019 and 2023
- A steady increase in Average Earnings.

At November 2018, inflation (CPI) stood at 2.3% (November 2018), having fallen from a recent peak in November 2017. In theory, relatively

Section 2. Context and Outlook

stable forecasts of inflation between 2019/20 and 2023/24 provide a degree of planning certainty. However, the economic implications of Brexit are still an unknown in these forecasts.

The UK economy has grown every year since 2010. There are over 3.3 million more people in work than in 2010, with a further 800,000 people forecast to be in work by 2023. Wages are anticipated to rise faster than prices over the next five years. General wage growth and the easing of restraints on Public Sector pay awards will mean additional financial pressure for the Council, both terms of its own workforce, and external spend, if suppliers seek to pass on additional costs.

Public finances have performed better than forecast in 2018, with Public Sector Net Borrowing (PSNB) £11.6 billion lower due to an in-year increase in tax receipts and lower public spending. This helped facilitate a UK Government commitment for additional funding for the NHS in England, equivalent to an average real term increase of 3.5% per annum over the next five years. Devolved Governments benefitted from this through the Barnett consequential.

National debt, currently at 80%, is expected to fall by 2022/23, with PSNB now back below its immediate pre-crisis level:

The Chancellor has stated that debt is still too high making the economy vulnerable to shocks. He has indicated that to improve financial sustainability in the long term, the Government will seek to reduce debt, while supporting vital public services. It

would therefore seem imprudent at this stage to assume a significant improvement in Local Government Finance over the medium term.

Brexit

Britain leaving the European Union (Brexit) is a major factor of uncertainty in medium to longer term planning. The impact on the economy is unknown, with negotiations and Parliamentary approval still ongoing at the time of writing. In its most recent report on Brexit, the OBR states the long-term impact on the UK economy and public finances will depend on the agreement that the UK reaches with the European Union, its effect on potential output and how much of that effect will occur within the OBR's five-year forecast horizon. The Chancellor is expected to undertake a full Spending Review in 2019, which will set the tone for Government spending post Brexit. The Council continues to consider potential implications and any necessary actions, however at this stage it is not deemed appropriate to allocate additional resources to the issue.

Welsh Context

The Welsh Budget for 2019/20 was 5% lower in real terms than in 2010/11. This was better than anticipated, due to the Barnett consequential of the July 2018 NHS funding announcement. The Welsh Budget for day to day spend will increase by over 2% in real terms, in 2019/20 (compared to 2018/19). Welsh Government budget allocations provide a real terms increase for the NHS, but a real terms decrease for other areas of the public sector including Local Government.

Due to the impending 2019 UK Spending Review and Brexit uncertainty, the WG Budget covers one year only which means the Council has no indicative funding figures beyond 2019. Estimating funding is extremely difficult; national economic uncertainty may affect public spending generally, and funding distribution decisions must be made by both the Westminster and Welsh Government (WG) before any funding reaches individual Welsh Authorities.

Section 2. Context and Outlook

Wales Fiscal Analysis (WFA) is a research body within Cardiff University's Governance Centre. It undertakes independent research into the public finances, tax and expenditure of Wales. WFA predicts WG's day to day spending will increase over the next five years. However, to put this into perspective, WFA do not expect day to day departmental spending to reach its 2010 levels (in real terms), until 2023. The Welsh population has grown during this period, and so even then, spend per head will still not be restored to 2010 levels.

Although some improvement in funding is predicted at the Welsh level, from a Local Government perspective, it does not seem prudent to anticipate a material improvement in funding over the medium term. Predicted increases to the Welsh Block Grant are set in the context of significant political and economic uncertainty. If they do occur, future WG Budgets may continue to prioritise the NHS.

A number of taxes are devolved to WG control including landfill disposal tax, Non-Domestic Rates (NDR), land transaction tax and Welsh Income Tax. The WG Budget for 2019/20 is the first in which Welsh Income Tax is a direct part of the budget. Whilst WG has the power to vary taxes, the current administration have pledged not to change income tax rates prior to the 2021 election.

2.4 Council Financial Context

Historic Context

Over the past 10 years, the Council has identified cumulative savings of almost £220 million.

Budget savings have resulted in a reduction of over 1,600 full time equivalent (FTE) posts since 2012/13, in services other than schools.

The sharp increase in savings from 2014/15 onwards coincides with a marked deterioration in general grant allocations. The general grant support that Local Authorities receive from Welsh Government includes a Revenue Support Grant and Re-distributed NDR. Collectively these are termed Aggregate External Finance (AEF). AEF represents 73% of the Council's general funding, with the other 27% raised through Council Tax.

Whilst Cardiff has not seen a **cash** reduction in AEF since 2015/16, there have been annual real term reductions. AEF has not kept pace with the level of inflationary and demand pressure that the Council has experienced. **On a like for like basis**, Cardiff's 2018/19 AEF was lower (in cash terms) than it was five years earlier in 2013/14.

This context is important. It will make it more difficult to deliver the material levels of savings required over the medium term and the Council's financial resilience will need to be kept under close review.

Resultant shape of the Council's Budget

The extended period of savings has had a significant impact on the *shape* of the Council's budget. Some directorate budgets have contracted significantly and others have grown.

Section 2. Context and Outlook

Demand and price pressure has been acute in the areas of Social Services and Schools. Over the period 2014/15 – 2018/19, budgets in these areas have increased by £61 million.

Year	Schools £m	Social Services £m	Total £m
2014/15	2.7	0.8	3.5
2015/16	6.6	3.2	9.8
2016/17	11.2	4.1	15.3
2017/18	7.2	9.2	16.4
2018/19	7.4	8.4	15.8
TOTAL	35.1	25.7	60.8

With no real term AEF increases to help meet this demand, it has primarily been financed from savings in other directorates. Over time, budgets for “other services” have contracted significantly.

In 2018/19, almost two thirds of the Council’s Budget is attributable to Schools and Social Services.

- Capital financing includes the budget for interest and repayment of borrowing associated with the Council’s Capital Programme.
- Non-controllable areas are areas in which it is much more difficult for the Council to reduce spend. These include the budgets to pay Council Tax Support to eligible recipients, as well as the levy payable to the South Wales Fire Service.
- The other services budget includes all Council services with the exception of Schools and Social Services for example, highway maintenance, waste collection, parks and homelessness. It contains areas of statutory duty.

The financial forecasts and resultant savings requirements that are outlined in the next sections highlight that it is becoming increasingly untenable for “other services” to continue to absorb the highest proportion of savings through targeted directorate savings.

Section 3. Medium Term Financial Plan

3.1 Forecast Financial Position

The Council's forecast financial pressures, funding and resultant £105 million budget gap are set out below.

	2020/21 £000	2021/22 £000	2022/23 £000	2023/24 £000
Base Budget Brought Forward	623,589	619,366	617,154	614,953
Schools				
Pay Costs	8,402	5,307	5,294	5,282
Price Inflation	65	72	75	73
Pupil Numbers (Primary and Secondary)	990	1,408	852	851
Special School Places / Resource Bases	1,007	955	955	955

BUDGET REDUCTION REQUIREMENT	30,132	27,428	24,309	23,041

Section 3. Medium Term Financial Plan

3.2 Pressures Key Assumptions

Pay Pressures

Potential pressures that should be considered when forecasting future employee costs include:

- Pay Awards
- Voluntary Living Wage
- Employers' National Insurance Contributions
- Employers' Superannuation Contributions
- Incremental pay progression
- Apprenticeship Levy
- Redundancy Costs

There are no agreed pay awards beyond the academic year 2018/19 for teaching staff, or beyond the financial year 2019/20 for non-teaching staff. In the absence of agreed awards, annual uplifts of 2% are assumed for all staff. This is broadly in line with forecast CPI inflation over the same timeframe.

The Council is a Voluntary Living Wage (VLW) Employer. Previously, lower points on the NJC pay spine fell below the VLW rate, and so a VLW supplement was paid to eligible staff. Following the introduction of a new pay spine from April 2019, all pay scales are at or above the VLW rate. It is assumed this will continue to be the case over the medium term. However, this assumption will need to be reviewed if annual VLW increases are consistently higher than the general pay award.

No significant changes to National Insurance rates or thresholds set by HM Treasury are anticipated, but this will be kept under review. Forecast pay pressures allow for Employers' National Insurance budgets to increase in line with assumed pay awards.

Actuarial review of the Local Government Pension Scheme (LGPS) will take place during 2019/20, with an "as at date" of 31 March 2019. It is considered reasonable to assume that there will be no change to the existing contribution rate following this review. This is in light of recent

contribution increases and positive interim reports from the Actuary. Consequently, forecast pay pressures assume that additional costs associated with Employers contributions to the LGPS will be limited to ensuring contributions increase in line with assumed pay awards.

The Teachers' Pension Scheme (TPS) is an unfunded public service pension scheme. The TPS underwent actuarial review in 2016 and the results were published in 2018. These, coupled with a change in the discount rate used to set scheme contributions, mean there will be a significant increase in Employers' contributions from September 2019. This increase is captured in the 2019/20 Budget, and the full year impact is reflected in forecast pressures for 2020/21. In England, the Department for Education is providing funding to help meet these costs. However, at the time of writing, there is no indication of additional funding in Wales.

Forecast pay pressures include an allowance for teachers' pay progression. Estimates are reduced year on year, in recognition that over time, consistent annual budgetary provision should result in an employee budget sufficient to cover the top of each pay grade. No pressures are anticipated in respect of pay progression of non-teaching staff for this reason.

Forecast pay pressures also allow the Council's Apprenticeship Levy to increase in line with general pay uplifts. The Apprenticeship Levy is a Government levy payable by larger employers at 0.5% of annual pay bill.

In times of financial challenge, savings requirements and associated reductions in headcount mean that redundancy costs are an important consideration in financial planning. The Council has a base budget and earmarked reserve set aside to meet these costs. Financial forecasts include potential redundancy costs over and above existing provision.

Section 3. Medium Term Financial Plan

Price Inflation

The Council's budgetary policy is that directorates manage price inflation within existing resources, except in exceptional circumstances. These may relate to the scale of the increase, or the quantum of the budget to which the increase applies.

Areas deemed exceptional and included as forecast price pressures include out of county placement costs, NDR, Social Services commissioned care costs and energy. In the majority of cases, forecast increases are in line with the OBR's estimate for CPI:

2019/20	2020/21	2021/22	2022/23	2023/24
2.00%	2.00%	2.10%	2.10%	2.00%

Commitments

Forecast financial commitments include:

- Capital financing costs associated with the Capital Programme
- Estimated increases to levies or contributions that the Council is committed to paying other bodies
- Operating costs resulting from previous Cabinet or Council decisions

Forecast capital financing costs reflect the 2019/20 – 2023/24 Capital Programme and the cost of commitments made in previous years. The annual cost of the programme as a percentage of the Council's revenue budget is expected to increase over five years. Costs reflect the Council's current MRP policy, which will be tested and reviewed during 2019/20.

Forecast capital financing figures reflect the following key assumptions:

- There will be no new commitments funded by additional borrowing unless they are funded on an invest to save basis
- The timing and delivery of expenditure will be as profiled in the capital programme

- The assumed interest rate for new borrowing is 3.25%
- Capital receipt targets will be met
- The timing and method of managing borrowing repayments will be as set out in the Treasury Management Strategy
- There will be one pool of debt for the General Fund and HRA

There are a number of key strategic priorities, which the Cabinet is currently considering in line with Capital Ambition. These include the development of an Indoor Arena in Cardiff Bay, the development of Core office Accommodation and the International Sports Village. The full extent of potential costs in relation to these schemes is not yet reflected in capital financing forecasts. However, there is an expectation that the core office accommodation and the ISV will be self-financing.

The 2019/20 Budget Report refers to a financial affordability envelope, which sets out potential additional exposure in relation to the Indoor Arena. This does not currently form part of the 2019/20 – 2023/24 Capital Programme, as it requires further definition and due diligence prior to approval. The intention is that updates, including in relation to financial implications will be reported to Cabinet during the 2019/20 financial year. This scheme will be subject to specific Cabinet approval if within the designated financial affordability envelope.

The maximum additional capital financing exposure in future years, as defined by the affordability envelope, is an additional base budget commitment of £1.4 million in 2020/21 and £0.7 million in 2021/22. It is anticipated that this will be recovered through new income streams over the life of the project. However, at present, such recovery is outside the timeframe covered by this MTFP.

Other forecast commitments associated with the Capital Programme include the future operating

Section 3. Medium Term Financial Plan

costs of a new Household Waste Recycling Centre. The timing of this is currently uncertain, but revenue costs are reflected from 2022/23 onwards, which is consistent with the Capital Programme.

Forecast financial commitments include estimated increases to levies and contributions. The most significant of these is the South Wales Fire Services (SWFS), with a current Council contribution level of over £17 million. The budget for the SWFS is levied across constituent local authorities on a population basis. Estimates therefore reflect the Council's future levy increasing because of its growing population, as well because of potential increases to the SWFS' overall budget. WG are currently consulting on the SWFS, including future funding arrangements. Potential changes to the manner in which the SWFS is funded will need to be kept under review.

As well as reflecting anticipated cost increases, forecast commitments also capture instances where existing expenditure is expected to reduce. In line with a December 2016 Cabinet Report, the fall out of a £0.5 million budget for the provision of temporary accommodation at Cantonian High School is anticipated in 2020/21.

Forecast commitments for 2020/21 reflect additional base budget funding for the Council's Corporate Apprentice Scheme. This will ensure there is adequate budgetary provision for the scheme to continue, once associated earmarked reserve funding is exhausted.

Demographic Pressures

Over recent years, Cardiff has had one of the fastest growing populations of any of the UK core cities. As outlined in the section on City Demographics, significant population growth is expected to continue, with faster growth in the under-18 and over 65 age brackets.

The key areas of forecast demographic growth, and the associated financial impact over the

period 2020/21 – 2023/24 are summarised in the next table.

Demographic Increases	£m
Adults Social Services	5.7
Children's Social Services	8.7
Pupil Numbers	6.3
Additional Needs of Pupils	4.7
Local Development Plan - Schools	2.4
Other	0.4
TOTAL	28.2

Estimated growth in Adult Social Services takes into account, projected growth in relevant areas of the population. It estimates the impact on commissioning budgets if demand (as a percentage of the overall population) were to remain consistent. In practice, directorates have preventative strategies and early intervention work in place that should help manage this demand over the medium term, and this will be reflected as part of the Council's strategy to address the budget gap.

Estimated growth in Children's Services is more difficult to predict. The number and complexity of care packages for looked after children can vary significantly year on year. The graph below sets out annual increases in looked after children since 2011/12.

Financial forecasts currently include £2.2 million per annum to reflect potential growth in Children's

Section 3. Medium Term Financial Plan

Services. This assumes some flattening of the recent trend line as preventative measures currently being implemented by the directorate take effect. Figures are based on an average of 54 additional looked after children per annum and average placement costs.

Demand in this area is difficult to predict and numbers of children, the complexity of their need and the nature of their care packages, can all have a significant impact on costs. In recognition that a small number of unanticipated high cost care packages can have serious implications for the annual budget, the Council has a contingency budget of £2 million to help cope with this unpredictability. As with Adult Social Services, the medium term strategy will reflect preventative work in this area.

Pupil number projections reflect the existing pupil population moving up a year group each year. They are adjusted to take account of historic retention rates. New pupils starting nursery each year are modelled using published birth rate data.

Up until September 2023, projections show a reduction in primary pupil numbers and an increase in secondary pupils. Following this, the recent fall off in primary numbers begins to feed through into secondary schools, before pupil numbers in both sectors begin to increase again.

Costs associated with the Associated Learning Needs (ALN) of pupils are more difficult to model. As well as estimating future predicted demand, there is also a need to consider complexity of need as different types of support have different costs.

ALN forecasts are based on estimates by the Education directorate and take into account historic and projected pupil population information. They will be regularly reviewed to take account of most recent information.

Future operating cost of schools in LDP areas are difficult to predict and subject to change. At present, forecast figures assume that starter schools will begin to open in LDP areas in a few years' time. Starter schools refer to schools that begin with reception and year one groups only and then grow year on year. Assumptions are high level and will need refinement as development within the city progresses and demand for school places becomes clearer. There will also be a need to gauge whether the take up of school places in LDP areas affects demand in other areas of the city. There will also be a need to begin to reflect impact on other services, including waste collection.

Emerging Financial Pressures

Forecast financial pressures include £3 million per annum to address emerging financial pressures, which equates to approximately 0.5% of the Council's net budget. This reflects the fact that it is impossible to foresee all issues and that in reality, additional burdens may arise over the next five years, through changes such as new legislation, unforeseen demand, policy change, and specific grant fall out.

The inclusion of a figure against emerging issues provides a margin of headroom within the medium term strategy, avoiding the need to identify additional savings proposals at short notice. Sums included for emerging pressures are kept under regular review and would be removed from plans in the event they are no longer considered necessary.

Section 3. Medium Term Financial Plan

3.3 Funding Key Assumptions

Aggregate External Finance (AEF)

The 2019/20 Local Government Finance Settlement was for one year only. Whilst there is potential for the Welsh Block Grant to increase over the medium term, it would be imprudent for Local Government to assume a significant improvement to recent funding settlements.

The graph below sets out annual AEF changes (in cash terms) since 2014/15, for both Cardiff, and the Welsh average position. It shows that there have been significant fluctuations over the period. Cardiff's position has been consistently above average and this is largely reflective of its growing population and associated demand on services.

Whilst settlements in recent years have seen marginal increases in cash terms, often the benefit is eroded by the inclusion of new responsibilities within the overall funding envelope. This means at least part of the additional cash, comes with additional responsibilities.

In the absence of any indicative funding figures, the MTFP assumes annual AEF reductions of 0.25%. This is more optimistic than previous iterations of the Medium Term Financial plan, which assumed annual decreases of 1% per annum.

The more optimistic assumption, takes account of recent more favourable (albeit still extremely challenging) settlements, the potential for future increases to the Welsh Block Grant and Cardiff's consistent placement above the Welsh average. However, projections are not overly optimistic given the significant economic and political uncertainty, and the potential for additional responsibilities to be included within the overall funding envelope.

If indicative funding is worse than these planning assumptions, there may be a need to identify significant additional savings at short notice. This could pose a material risk to the Council's financial resilience, as the achievability risk associated with such savings is likely to be high. In order to address this risk, the Council has a £3.8 million base budget called a Financial Resilience Mechanism (FRM) to help the Council deal with uncertainty of funding. It is used to invest in priority areas, but that investment must be one-off and decided afresh each year. This means that the budget is used proactively, but could be deleted without affecting day-to-day services if required.

Reserves

In the interests of financial resilience, reserves should not be heavily relied upon to fund the budget. This is because:

- Reserves are cash sums – once they are used, there will be an immediate gap in the finances of the following year.
- Earmarked reserves are set aside for a particular purpose. Using reserves for budget funding would compromise their original purpose, unless circumstances have changed.
- Reserves are an important part of financial resilience. They provide a cash buffer in times of uncertainty.
- Cash in reserves is not idle; it generates investment income in line with the Treasury Management Strategy. It also avoids the need for short-term borrowing and its associated costs.

Section 3. Medium Term Financial Plan

- The level of reserves held by Cardiff Council may be considered to be just at an adequate level for an Authority of this size. As a percentage of gross revenue expenditure (i.e. budgeted running costs before any income), Cardiff has one of the lowest levels of reserves compared to other Welsh Authorities.

Funding forecasts assume that £0.75 million will be used from reserves to support the budget each year between 2020/21 and 2023/24. Together with the 2019/20 sum of £2.75 million, this means a total of £5.75 million will be used from reserves to support the budget over five years.

In 2019/20, the £2.75 million will be funded from the Council's Strategic Budget Reserve, which is projected to have a 2018/19 year-end balance of £3 million. Any opportunities to increase that reserve at year-end will be taken. For future years, in the event that the Strategic Budget Reserve has not been replenished, sums will be identified as part of the annual review of reserves, and amounts released where they are no longer required for the purpose originally intended.

The proposed use of reserves is considered to strike an appropriate balance between the points set out at the start of this section, with the need to support services in times of financial pressure. These assumptions will be kept under review in line with the Council's protocol for reserves and balances.

Specific Grant Funding

Specific grants must be used for a particular purpose, which is defined by the grant provider. The funding may only be used for that purpose, and the Council is audited to ensure compliance. The Council receives a significant amount of specific grant funding, notably from WG.

Over an extended period, Welsh Local Government have pressed WG for "funding flexibility." This means that wherever possible, funding should be directed through AEF. As well as

providing more flexibility for Local Authorities, this would also reduce administrative burdens.

There has been a tendency in recent years, for WG to direct additional funding for Local Government through specific grants. Examples of this, and the sums involved (at a Welsh level), include Teachers' Pay (£7.5m), and support for Social Services pressures (£30m). These grants support day-to-day operational pressures, as opposed to WG policy initiatives.

From a financial planning perspective, there is a risk that specific grants may reduce significantly, or be discontinued altogether. This is particularly problematic where specific grants support day-to-day pressures. Whilst still a challenge where grants support specific initiatives, there is at least an opportunity to review whether those initiatives should continue.

The Council has a budget of £250,000 to deal with in-year specific grant funding issues. In addition, the MTFP reflects anticipated reductions to specific grant streams, where failure to do so could ultimately result in a larger cost, such as a fine. Beyond this, the MTFP is based on the assumption that any future specific grant reductions would be dealt with by:-

- Reviewing the grant funded activity
- Providing transitional funding through the FRM, (if it is still available)
- Providing funding through the sum included within the MTFP to meet emerging financial pressures.

The Council will need to keep WG's intention regarding the Teachers' Pay and Social Services grants under review. In addition, whilst the grant for Minority Ethnic and Gypsy, Roma and Traveller Learners has been confirmed for 2019/20, its future beyond that is unclear.

Section 4. Risk and Uncertainty

4.1 Sensitivity Analysis

Current assumptions within the MTFP are prudent and based on best available information. However, there is always a risk of change. If certain areas within the MTFP fluctuate, they could significantly affect the financial forecast. The table below sets out areas of sensitivity and their potential annual impact.

Assumption	£m
AEF 1% worse than anticipated	4.4
Teachers Pay Award 1% higher	1.4
NJC Award 1% higher	2.1
CPI 1% higher (on permitted heads)	1.4
Total Annual Impact	9.3

If **all** these variables changed unfavourably, they could have a £9.3m adverse impact in any individual year. The cumulative impact across the MTFP would be £37 million. Whilst it is unlikely that **all** variables would shift unfavourably, the scale of the potential impact if they did highlights the importance of regularly reviewing assumptions.

4.2 Horizon Scanning & Known Unknowns

As well as key assumptions, a number of other factors must be closely monitored. These are currently too uncertain to quantify at present, but have the potential to be significant in terms of quantum. These include:

- Brexit, and its resultant impact on the economy
- The expectation that the Spending Review due in 2019 will be another lean one for public services other than the NHS. It is also currently undecided whether the Review will cover one year or three, due to the uncertainty of Brexit.

- The impact of WG’s devolved tax powers and potential changes in tax policy
- The impact of WG’s devolved powers to set teachers’ pay from September 2019
- Local Government Reform in Wales
- WG’s intention to review the Local Government Finance system in Wales
- Future pressures on demand led budgets
- The impact of welfare reform within the city

4.3 Longer Term Outlook

The graph below models the potential long-term outlook for the Council’s budget. It shows “other services” reducing to an extremely small proportion of the Council’s budget. This is not feasible as these services contain statutory functions. The strategy to address the gap will need to try to reshape this profile as far as possible.

It should be noted that it is extremely difficult to model beyond the timeframe covered by the

Section 4. Risk and Uncertainty

MTFP given the number of unknown factors. The above outlook can only be taken as a high-level indication of how things may look in the future if historic trends are extrapolated. Some of the key assumptions underpinning the graph include:

- No further capital financing commitments beyond those required to fund the existing Capital Programme. This means that any new schemes that are dependent on additional borrowing will increase the capital financing section of the graph at the expense of other areas.
- The growth assumed for Social Services and Schools is more modest than in recent years.
- The challenging funding position has been extrapolated over the medium term, moving to a more optimistic view of modest funding increases in later years.

The longer-term outlook emphasises that when funding levels are static or reducing, growth in one area is usually at the expense of others. Policies to address the budget gap, must therefore take into account the future shape of the budget. Otherwise, there is a risk that over a number of years, decisions that are appropriate in the short term, could have a significant and irrevocable impact on the Council’s longer term financial resilience. Robust annual challenge on this point will be a key part of financial planning.

4.4 Key Risks

The key risks associated with the MTFP are recapped below:

Funding	<ul style="list-style-type: none"> • Worse than predicted LG financial settlements. • The potential fall out of specific grants – especially where these are supporting ongoing pressures. • Challenges in relation to capital funding and the associated implications for revenue budgets. These include the impact of additional borrowing beyond that reflected in the current programme, or invest to save schemes that fail to deliver projected income.
Demand	<ul style="list-style-type: none"> • A demographic profile that suggests ongoing demand in Social Services and Education. • The difficulty of modelling complexity of demand, including in Children’s Services and Additional Learning Needs. • The potential impact of Welfare Reform within the city. • The difficulty in modelling increased demand for services resulting from the LDP.
Uncertainty	<ul style="list-style-type: none"> • Brexit and its unknown socio-economic impact. • The 2019 Spending Review and the subsequent outlook for public spending. • The potential for key assumptions in the MTFP to fluctuate.
Financial Resilience	<ul style="list-style-type: none"> • The significant medium term budget gap, particularly when viewed in the context of historic savings levels. • The shape of the Council’s budget – with over 70% now accounted for by capital financing, Social Services and Schools. • The potential impact that delays to savings included in the MTFP may have on the budget monitoring position. • Planned use of reserves to support the budget, which will need to be kept under review • The difficulties associated with predicting the cash impact of preventative strategies.

Section 5. Addressing the Gap

5.1 Budget Gap

The estimated budget gap for the period 2020/21 – 2023/24 is set out below:

2020/21 £m	2021/22 £m	2022/23 £m	2023/24 £m	Total £m
30.1	27.4	24.3	23.1	104.9

This will need to be addressed through a combination of savings, increases to fees and charges and Council Tax increases.

5.2 Council Tax

Council Tax accounts for 27% of the Council's general funding. This means that in order to generate a 1% increase in overall funding, Council Tax would have to increase by almost 4%. This is called the gearing of the tax. It means the Council has little control over the majority of its funding, which is through Government Grant.

Technical variables that must be considered when setting the Council Tax include:

- The Council Tax Base of the Authority
- Council Tax Support Budgets
- The level of the Council Tax

Council Tax Base

The Council Tax Base is the number of Band D equivalent properties in the city. In simple terms, it reflects the number and type of dwellings in the city, and takes into account if they may be eligible for Council Tax discounts or exemptions. Local Authorities use the Council Tax Base to calculate how much Council Tax they can expect to generate.

Whilst there are other factors that affect the Council Tax Base, broadly speaking, property development within an area usually means that the Council Tax Base will increase, generating more Council Tax income. Whilst there is the potential for the Council Tax Base to increase over the medium term given anticipated development

in the city, budget strategy is not to pre-empt such increases within funding forecasts. This is because the funding formula that WG uses to distribute AEF across individual Authorities means that an increase in Council Tax Base will often result in a reduction in AEF. For example, the Council's 2019/20 AEF increase will be £1.6 million lower than originally indicated, due to tax base adjustments within the funding formula.

Council Tax Support Budgets

The Council pays Council Tax support to eligible recipients under the Council Tax Reduction Scheme. Budgetary responsibility for this passed to the Council in 2013/14, and the current annual budget is over £30 million.

The Council Tax Support Budget must be considered when projecting future Council Tax income. Assuming that eligibility for Council Tax Support remains consistent; an increase in the rate of the Council Tax will place additional pressure on the Council Tax Budget. This is because support must be paid at the new, higher rate. Figures quoted in the next section are net, in that they take into account the associated impact on the Council Tax Support Budget.

The level of the Council Tax

In addressing the budget gap, it is assumed that Council Tax will increase by 4.5% per annum. As already explained, increases at this level, contribute around 1% to the Council's overall funding.

An annual 4.5% increase would contribute the following amounts to addressing the budget gap:

2020/21 £m	2021/22 £m	2022/23 £m	2023/24 £m	Total £m
6.5	6.8	7.1	7.4	27.8

The assumption of annual 4.5% increases is not fixed, and will be kept under review over the medium term.

Section 5. Addressing the Gap

5.3 Savings Requirement

The residual budget gap after taking into account assumed Council Tax increases is:

2020/21 £m	2021/22 £m	2022/23 £m	2023/24 £m	Total £m
23.6	20.6	17.2	15.7	77.1

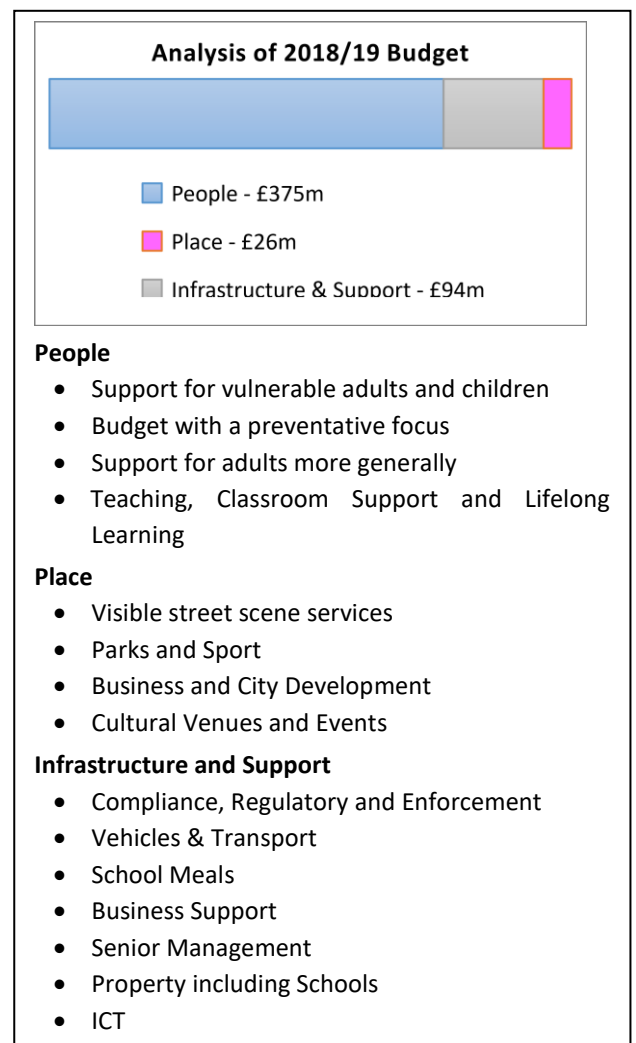

Given the longer-term budgetary outlook previously considered, the approach to addressing the residual gap must move beyond the traditional approach of targeted directorate savings and limiting schools' growth.

There will be a need to:

- Capture the full financial benefit of the significant amount of early intervention and preventative work ongoing across the Authority, in order to manage the pattern of future demand for Council services.
- Consider the level at which it is affordable to continue to subsidise services of a more discretionary nature.
- Continue to maximise income streams and explore the potential for new income streams, particularly where services are not universal.
- Continue to target efficiencies, including baseline efficiencies for *all* services including schools.
- Continue to undertake service reviews and to identify cross-directorate savings in areas such as corporate landlord functions and transport.
- Identify opportunities to work across directorates and in partnership with other organisations.
- Target productivity savings to ensure that optimum value for money is achieved within scarce resources, including making best use of digital technology.
- Consider how targeted capital investment may deliver revenue savings.

In developing detailed savings proposals for the medium term, there will be a need to work across directorate boundaries to review all elements of expenditure that the Council is able to influence. This will include working with delegated schools to identify efficiency opportunities in relation to the £231 million Schools' budget.

The following diagram is an example of how the Council's 2018/19 Budget may be viewed in a way that focusses less on individual directorates, and more on the type of service being provided. The analysis does not include budgets that are less readily influenced in terms of savings, such as the levy to the SWFS, capital financing and Council Tax Support. It **does** include Schools' budgets.

Section 5. Addressing the Gap

This table presents a view of how savings requirements over the medium term may affect the areas of spend identified above.

	2020/21 £m	2021/22 £m	2022/23 £m	2023/24 £m	Total £m
People	14.16	12.36	10.32	9.46	46.30
Place	2.36	2.06	1.72	1.56	7.70
Infrastructure & Support	7.08	6.18	5.16	4.68	23.10
TOTAL	23.60	20.60	17.20	15.70	77.10

This table sets out the above savings targets expressed as a percentage of current budgets.

	2020/21 %	2021/22 %	2022/23 %	2023/24 %	Total %
People	3.81	3.33	2.78	2.52	12.43
Place	8.95	7.81	6.52	5.92	29.20
Infrastructure & Support	7.52	6.56	5.48	4.97	24.52
TOTAL	4.80	4.19	3.50	3.17	15.65

Further work on developing a fully defined set of proposals for these years and for 2020/21 in particular will take place over the spring in order to inform the 2020/21 Budget Strategy Report which will be considered by Cabinet in July 2019.

Mae'r dudalen hon yn wag yn fwriadol

Capital Strategy 2019/20

Cardiff Council

Delivering Capital Ambition

In July 2017, the Council's Administration published Capital Ambition, a policy programme which sets out a series of commitments for Cardiff.

These commitments prioritise accelerating economic growth, creating opportunities for local people and communities, effectively managing growth and transforming public services to ensure their long term sustainability.

Progressing this ambitious agenda will require capital investment if the administration is to deliver on its major commitments. This would include investment in new schools and in modernising school buildings, delivering a significant house building programme and in enabling the continued regeneration of the city's business and transport infrastructure.

It is therefore crucial that, when long term investment decisions are undertaken to deliver for Cardiff, decision makers can rely on clear and informed information. This would include:

- A long term view of capital expenditure plans and any financial risks to which the Council is exposed.
- Ensuring due regard to the long term financing, affordability implications and potential risks.
- A clear overview of the Council's asset management planning arrangements and any maintenance requirements that have resource and business planning implications.

The Capital Strategy will therefore continue to help support informed decision making in the Delivery of Capital Ambition.

Strategic Context

As the capital city of Wales, Cardiff is the commercial, cultural and retail driver of Wales. It is one of the fastest growing cities in the UK, with population growth projected to increase by 20% between 2017 and 2037. This is an additional 73,000 people meaning that population growth in Cardiff will exceed the estimated population growth of every other local authority in Wales.

The city's economy is also growing, jobs and businesses are being created, unemployment is at its lowest level this decade and visitor numbers are increasing every year.

Whilst this growth brings opportunities, it also brings challenges. Rapid population growth will require more school placements and social care provision whilst placing pressure on housing and the city's transport infrastructure. For example, as well as those living in the city, more than 80,000 people, over one third of the city's workforce, commute into Cardiff every day from across the region.

Capital Ambition identifies the opportunities facing the city and sets out the response to these challenges. This is not just a consideration of how we manage decline in a period of austerity, but it is about investing in future economic growth and development, prioritising investment in schools, affordable housing, tackling homelessness, and protecting the city's most vulnerable people. It sets out the approach for tackling congestion and air pollution, improving recycling rates and keeping our streets clean, along with a series of commitments to create opportunities for local people and addressing inequality.

Where Capital Investment is needed to deliver the administration's priorities, in responding to these issues, the Capital Strategy is a framework that the Council can rely on to develop a clear, consistent and informed process in undertaking capital investment decisions.

Working for the future

- Support delivery of the Local Development Plan and measures to bring forward associated infrastructure requirements
- Renewable Energy Strategy
- Continue improvements in recycling rates including a new household waste recycling and re-use centre
- A commercial and self sustaining approach to parks and usable open space
- Transport Strategy – Enhancing public transport infrastructure; Cycling Strategy including superhighways; Active Travel; extending enforcement of Moving Traffic and Parking Offences
- Clean Air Strategy
- Smart City approaches to managing infrastructure
- Increasing burial space

Working for public services

- Digital Strategy including Connected Citizens
- Integrating public services
- Keeping our streets clean
- Hitting sustainable transport targets
- Building strong partnerships at the local, regional and national level

Capital Ambition

Working for Cardiff

- Improving and expanding schools at the heart of communities
- Investment in local communities
- Support for independent living
- Investment Property Strategy
- Fewer but better property assets
- Maintaining Welsh Housing Quality Standards for existing stock and increasing the supply of affordable housing including new council housing
- Older Persons Housing Strategy
- Begin to address historic underinvestment in roads and footways
- Driving the economy forward, creating more and better paid jobs
- Specialist dementia services and day opportunities for older people

Working for Wales

- Broadening the economic power of the City Region moving beyond City Deal
- Grow City Centre as a location for business and investment
- Regeneration of Dumballs Road and refreshed vision for Cardiff Bay as a leisure destination
- New industrial strategy for East Cardiff aligned to completion of the Eastern Bay Link
- Deliver a new multi purpose indoor arena
- New transport interchange at the heart of the Cardiff Metro and support delivery of the first phase of the Metro

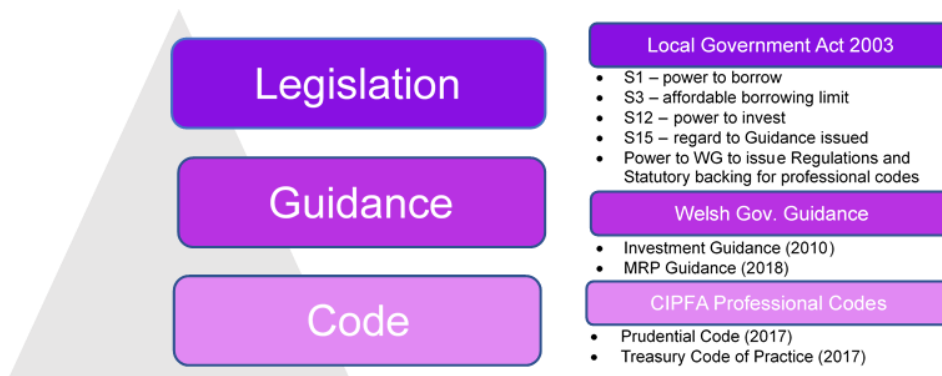

Capital Strategy Framework

The Capital Strategy is an integral part of the Council’s Strategic and Financial Planning Framework.

In 2004, local authorities were provided with the flexibility to make their own capital investment decisions. Legislation, guidance and professional codes of practice were introduced to support decision making and

ensure investment and borrowing is Prudent, Sustainable and Affordable. The Council has complied with these principles since their introduction and in various updates.

The Capital Strategy sets out the Council’s approach to:

- working with partners
- asset management planning
- risk appetite
- governance and decision making
- funding the strategy
- managing the borrowing requirement
- affordability.

The remainder of this strategy considers these in more detail. The Strategy forms an integral part of the Budget report and it is recognised that there are various strategy developments that need to take place over the medium term as part of new regulatory requirements.

The Corporate Director Resources is required to report, in the Budget Report, on the deliverability, affordability and risk associated with the Capital Strategy and where appropriate have access to specialised advice to enable them to reach their conclusions.

Working with Partners

Delivering investment across the City and meeting the Council's ambitions in supporting its role as the economic driver for the wider region and Welsh context needs a strategic approach with the private and public sector. This is particularly relevant given the financial challenges faced by the Council.

The significant re-invention of the City over the years has been driven by the private sector and without this much of the investment seen over the past few years would not have happened.

The Council works closely with regional local authority partners in the Cardiff City region, with partners such as Newport and Bristol in the South West and also as part of the UK Core Cities Group nationally. Within the City the Council has significant partnerships with other public sector bodies via informal or formal boards such as the Public Sector Service Board, Registered Social Housing Landlords, Universities and Colleges to support the delivery of services for its residents, communities and businesses.

The Council will continue to work with Welsh Government to align key priorities and to make a case for a much longer term and sustained approach to capital investment that not only support the City's vital infrastructure, but also projects that can make a stepped change in helping to drive the city, region and nation forward.

The Council will continue to use its enabling role to harness skills and private funding, in order to take forward capital investment to deliver improvements and inclusive growth which would not otherwise be deliverable or affordable. It will set out its vision and co-ordinate activity between business and government bodies to develop a more productive and innovative platform for investment in the City.

Asset Management Planning

The Council has responsibility for assets used in service delivery including property, highway infrastructure (roads, footpaths, structures, lighting) and Council dwellings. It is essential to understand the need, utilisation, condition, the investment and operating cost requirements of assets, whether owned or leased.

The Council's historic retained interests in land assets in various parts of the City has been an enabler in its ability to support development of key capital projects in the City. The Council also has a track record of acquiring significant assets on the basis of future regeneration projects or to secure strategic options. It is recognised that the acquisition of new assets such as land could gain or lose value in the intervening period. However the overarching aim of the Council is to release the value in the asset once the regeneration has been completed, and such benefits may be wider than financial considerations.

When prioritising investment it is essential to understand the long term cost of maintaining and operating existing assets and their fitness for purpose, having consideration of which are deemed essential in continued service delivery or which can be considered for alternative uses. The backlog of maintenance in some key assets is recognised and alternative approaches to longer term solutions will be considered to address the risks this poses rather than continued investment by the Council in the same assets. This is neither an effective asset management approach nor affordable in the long term. These will be considerations in key assets such as schools and administrative buildings required for the long term.

Approved Asset Management Plans are in place for property assets that demonstrate the Council's stewardship of assets. A disposal strategy is also to be put in place to relinquish or find alternative beneficial uses for assets deemed surplus to requirements. This includes using property effectively across the Council by using suitable sites for the building of affordable Council housing.

The Council's Asset Management Board, which is chaired by the Chief Executive and includes service directors, aims to provide

assurance to Cabinet by embedding strategic asset management activity as a corporate activity, not just an activity undertaken by property or transport teams.

In line with best practice, Cabinet will consider development of plans for Highways and other infrastructure assets during 2019/20 and implement Property Asset Management Plans already developed. The Council's approach to asset management and stewardship of assets will be supported by targeted reviews to support the cohesiveness of asset management practices across the Council.

Risk Appetite

In undertaking complex projects decision making will continue to be supported by robust business cases in line with best practice covering a strategic, economic, financial, commercial and management case. For large complex projects, professional external advice and services would be sourced to undertake due diligence to understand risks and inform decision making.

Capital investment can be broadly split into three types:

1. Investment in **existing assets** to ensure they meet the requirements of service delivery, are fit for purpose, meet health and safety guidance, and reduce future costs.
2. Investment in **development projects to meet strategic aims** such as new housing, economic benefits and delivery of other strategies outlined above as part of Capital Ambition. This could include loans or financial guarantees towards capital expenditure incurred by external organisations, or other delivery structures where the Council retains an interest.
3. Investment purely to maximise financial return on assets and generate revenue income. Examples of this are undertaking borrowing to purchase investment property, or provide loans to others.

In respect of 1 and 2, the Council recognises that achieving these aims will require consideration of alternative delivery structures and of all forms of funding including additional borrowing. Financial austerity has had a significant impact on affordability, however taking the City forward is not just a consideration of how we manage decline. Capital investment funded by borrowing will be undertaken in priority areas to meet Capital Ambition, whilst at all times clearly understanding how the affordability of such expenditure can be managed over the longer term supported by robust due diligence, business cases and risk management and monitoring.

In respect of 3, the Capital Strategy does not include proposals to acquire investment property or other non-treasury assets solely to make a financial return. Whilst the Council does generate circa £3.8 million income from commercial investment property landholdings,

these are from historic interests of land in the City and are managed in accordance with an Investment Property Strategy approved by Cabinet. The primary aim of this strategy is to review existing land holdings, maximise yield from the existing estate, remove long term liabilities, and secure future sustainable income streams by acquiring new sites that would support economic regeneration in the City. Acquisitions are paid for from the disposal proceeds of existing investment property which is valued at circa £72 million.

Where investment property is being acquired by additional borrowing, this would only be undertaken after:

- Cabinet approval of a robust business case supported by independent advice.
- Consideration of the legal basis on which the expenditure is being incurred.
- Affordability and risk assessment of such expenditure over the longer term.

It is recognised however that there may be properties that become investment properties, arising from development projects where the ultimate aim is economic development and regeneration.

Robust business cases or viability assessments will be required for all expenditure over £1 million or where there is deemed to be a significant financial or operational risk exposure. These may be reviewed by specific boards such as those for schools organisation planning or housing.

The Council's Investment Review Board is chaired by the Corporate Director Resources. The Board will continue to provide assurance to Cabinet by reviewing business cases in respect of delivery of change initiatives as well as capital projects proposed such as invest to save/earn schemes. It will also support the development of further Council guidance in respect of business cases, to continue to improve the Council's approach and support informed decision making.

The effective monitoring, management and mitigation of risks is a key part of the Capital Strategy and a risk register is developed as part of the Strategy.

Governance and Decision Making

The Council has robust processes in place to approve, manage and monitor capital projects arising from the Capital Strategy.

Prioritisation, Capacity and Skills

Following consideration of resources and affordability, capital expenditure requirements are prioritised on the following basis:

- Firstly, to meet expenditure on Annual Sum requirements, to meet expenditure on mandatory grants and for the renewal of existing assets such as property, parks and highways.
- Secondly, to meet expenditure on schemes previously approved by Cabinet which have been committed to, either contractually or in principal in previous years, and where following a review these are still deemed essential to proceed.
- Thirdly, new expenditure approved by Cabinet on development schemes to be taken forward. These would be proposed after consideration of:
 - Link to strategic objectives.
 - Risk of not undertaking the expenditure.
 - Statutory / legislative requirements.
 - Financial implications and affordability.
 - Review of relevant business cases.

To support prioritisation and to avoid slippage and potentially unanticipated additional costs, the Council will need to ensure access to sufficient skills and capacity both within the Council and externally in order to deliver the investment programme. Such capacity could be project management and development skills; technical and design skills, knowledge, availability of contractors and their capacity as well as wider market factors.

Defining Capital Expenditure

The Council has determined criteria and eligibility for capitalisation and it is important, despite pressures on revenue budgets, that only acceptable costs are charged as capital expenditure. Any internal recharges of costs

should be evidence based and regularly reviewed. Advice would need to be sought where relevant and eligibility is reviewed by Wales Audit Office as part of the external audit of the Council's accounts and external grants.

Constitution, Procurement and Value for Money

The Council's Procurement Strategy ensures that the principles and practices associated with procuring works, goods and services consistently achieve value-for-money and actively contribute to the council's priority outcomes. The Strategy helps to ensure that procurement becomes sufficiently flexible and agile to support the Council to operate in an efficient, compliant and ethical manner to deliver capital projects on time, on budget and to specified quality standards.

Procurement considers third party spend across budgets and taking opportunities to consolidate and aggregate spend and achieve economies of scale are a key focus.

Regional, joint and framework options are utilised where they already exist or are considered for creation where value for money, an appropriate structure and compliance with the Council's Procurement Strategy can be demonstrated.

The Council's process and authority for the acquisition and disposal of land or property is also set out in the Constitution. Transactions over £1 million are required to be approved by Cabinet as part of a business case and verified by an independent valuation.

Approval, Monitoring and Reporting the Capital Programme

The Capital Strategy will inform the Council's Capital Programme which is an integrated part of the Council's Financial Planning Framework and Treasury Management Strategy. This integration is one of the reasons why it is deemed that full Council should continue to consider and approve the affordability of the Capital Strategy and Programme as part of the Council's budget proposals recommended by Cabinet.

Governance and Decision Making

Council approves the capital investment programme having consideration of the requirements of the Prudential Code and indicators highlighting the impact of capital decisions on the revenue budget and affordability, prudence and sustainability.

Directorates are responsible for monitoring capital schemes and the reporting of progress in delivering the Capital Programme periodically to Cabinet as part of the Council's Budget Monitoring and final outturn reports. The reports include:

- forecast expenditure during the year on schemes
- the stage at which projects are in terms of timescale and any issues resulting in delay
- changes in funding available for schemes
- any cost increases and how they are being managed
- variations or other changes required in accordance with the Council's Constitution.

Prior to presentation at Cabinet, monitoring reports on key schemes are provided to the relevant Cabinet members as well as to Asset Management Board, highlighting any key issues and risks in delivery of the programme.

Funding the Strategy

The Council has several funding streams available to support capital investment. There are currently no nationally imposed restrictions to the quantum of borrowing that can be undertaken. The Council approves its own affordable borrowing limit as part of the Local Government Act 2003 and this is set at a level consistent with the programme of capital expenditure proposed.

Cash Resources to pay for Capital Investment

These include:

- Non ring-fenced grants i.e. for use on Council determined priorities.
- Ring-fenced grants to achieve a particular outcome and therefore with restricted use as specified by the funder.
- External Contributions from planning agreements or other sources. Large housing development sites as part of the Council's Local Development Plan will also impact on the city's infrastructure. Developer agreements either in place or to be determined will aim to mitigate impacts in respect of affordable housing, school capacity and public transport infrastructure. The Community Infrastructure Levy (CIL) regulations came into force in April 2010 and sit alongside the existing Section 106 (S106) process. The Council has consulted in the charging schedule but progression onto the next stage depends on the possible devolution of CIL to the Welsh Government.
- Revenue Contributions and earmarked reserves.
- Capital Receipts. The actual realisation and timing of capital receipts can be uncertain. The Council's approach to receipts is as follows:
 - Prioritise receipts required to meet the balance of the £40 million target for General Fund Capital Receipts (net of fees), assumed in the 2018/19 – 2022/23 Capital Programme.

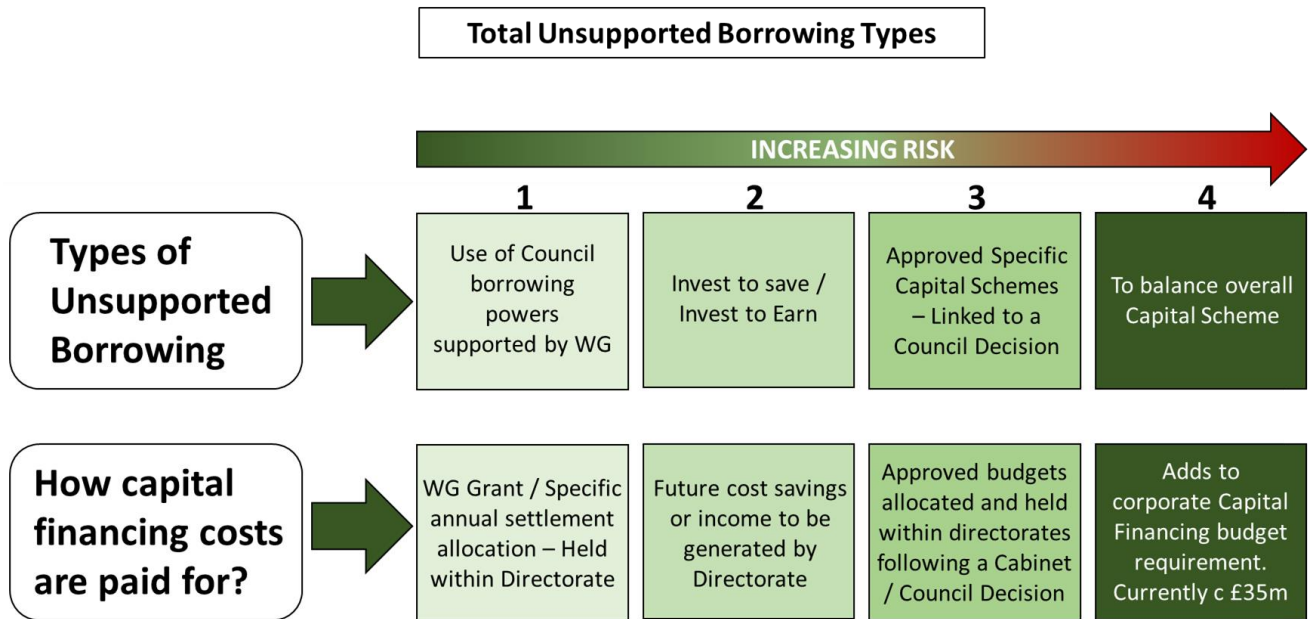

- Use of receipts in excess of this target to be considered to reduce the level of debt.
- Where an asset has been funded specifically from prudential borrowing, any receipt arising from it would be utilised to reduce expenditure not yet paid for.
- To limit the earmarking of capital receipts only for capital expenditure essential to secure a disposal, to meet the terms and conditions of a grant, where approved by Cabinet as ring-fenced for specific projects or strategies, or where required to be ring-fenced by legislation.

Borrowing to pay for Capital Investment

There are two main types of borrowing to pay for capital investment which forms part of the Council's borrowing requirement which is managed as part of the Treasury Management Strategy:

- 'Supported Borrowing' - costs of servicing are included within the annual Revenue Support Grant (RSG) the Council receives from Welsh Government.
- 'Unsupported Borrowing' - costs of servicing to be met from Council Tax, rent, savings, additional income or sale of assets. The types of unsupported borrowing typically undertaken by the Council and how capital financing costs are paid for are shown overleaf.

Welsh Government itself has been utilising and considering different options to meet the cost of investment, primarily by utilising the ability of local authorities to borrow.

This includes schemes such as:

- Local Government Borrowing Initiative for Highways and Schools.
- Providing interest free loans or repayable grants using Financial Flexibility funding available to them for a range of schemes. Whilst welcome, where there is linkage to the strategic aims of Cardiff Council, these present an ongoing risk to the Council as all risk of expenditure remains with the Council and WG require all funding to be paid back in full in future years.

The Council will consider the risks and benefits of new school investment proposed by Welsh Government as part of its Mutual Investment Model (MIM) for 21st Century Schools. This is where new schools would be built under a Public Private Partnership arrangement and Councils will be required to pay a revenue charge per annum for use of the asset over a defined period to which the Welsh Government would contribute a fixed percentage.

The Council will also explore with Welsh Government the development of a Tax Increment Finance pilot, a means of unlocking development value through investing in infrastructure, assumed to be paid for from anticipated future business rates.

In assessing such proposals and any alternative income sources proposed to pay for investment to be paid for by borrowing, the long term risks and responsibility for them would need to be clearly understood in conjunction with lessons learnt where similar schemes have been introduced elsewhere.

Leasing

Lease obligations are similar to borrowing as they have an ongoing revenue budget commitment. Leasing will be considered following due diligence over the life of the asset, comparing the financial and non-financial benefits and risks compared to the Council owning and delivering such assets itself.

Managing the Borrowing Requirement

The Council's Treasury Management Strategy considers how the cash requirements arising from the Council's Capital Programme and Strategy are managed by external borrowing and the timing of any borrowing. This is delegated to the Corporate Director Resources, in line with the Treasury Management Policy approved by Council, with Audit Committee responsible for undertaking scrutiny of the accounting, audit and commercial issues in relation to the Council's Treasury Management Strategy and practices.

The Council's Capital Financing Requirements represent the need for the Council to borrow and future projections are shown in the chart below.

The Council's borrowing requirement includes the Housing Revenue Account, which includes the £187 million payment made to HM Treasury to exit the subsidy system in 2015/16 and also future expenditure to create new Council owned affordable housing from various measures to be set out in the Housing Plan.

The Public Works Loan Board (PWLB) continues to be the Council's preferred source of long term borrowing given the transparency and control that its facilities continue to provide.

The Council can consider various debt instruments. Best treasury management practice is that loans are not taken on a project by project basis. However alternative options could be considered for specific council projects where relevant such as leasing and bonds where these would allow financing requirements to be met in an efficient manner. Advantages and disadvantages of such products would need to be considered including risks, track record and cost of issuance and supported by external advice in respect of different options.

Affordability

Capital investment undertaken historically, and the proposed Capital Programme, form an integral part of the Council's Revenue budget and Medium Term Financial Plan. The revenue budget impact of capital schemes for Council Tax and Rent payers include:

- The costs of operating / maintaining new assets.
- The capital financing costs of servicing any borrowing required to pay for investment (Interest and the Council's approach to making prudent provision for repayment of capital investment paid for by borrowing).
- The revenue costs of preparing and delivering projects.
- Abortive costs required to be charged to revenue budgets if schemes do not proceed.

Some or all costs of that investment may be offset by financial and non-financial benefits such as income, cost avoidance and importantly improved outcomes for residents of the City.

Where capital investment has been undertaken by borrowing, the Council is required to spread the cost of that investment over future years revenue budgets. The Policy on Prudent Provision for the Repayment of Capital Expenditure is approved as part of the Budget Proposals each year, setting out the Council's approach. The approach will be tested and reviewed during 2019/20 in advance of the decision making process for subsequent years.

It is recognised that the Council cannot afford to do everything, however where revenue resources are deemed available to increase the level of council borrowing, where it needs to do so, this will be considered. The Council's approach to affordability of its capital financing budgets in the medium term are as follows:

- General Fund – Additional investment funded by borrowing over the medium term to be minimised unless approved on an invest to save / invest to earn basis.
- Housing Revenue Account - Increasing over the medium term primarily as a result of implementing Capital Ambition target of new affordable housing. Future rent policy will be key to affordability.
- Strategic and major development projects – To create an affordable revenue budget envelope to cover capital financing costs arising from approved business cases.

Prudential indicators and financial resilience indicators included in the Budget Report will be considered in taking a longer term view of affordability, prudence and sustainability. This will require future capital strategies to develop a longer term approach to commitments.

Future Years Strategy Development

The development of a Capital Strategy is a new requirement in Wales and it is recognised some areas will need to develop over time. A number of potential improvement actions will be undertaken between April 2019 and March 2021 as part of a process of continuous improvement to support members in their decision making.

Suggested development actions include:

- Asset management planning to inform decision making and risk.
- Longer term horizon (10-15 years) for capital planning and financial impact of major development projects.
- Business Case and Viability best practice. Review approach ensuring they adequately inform decision making.

- Clear Scope and Post Project evaluation of schemes.
- City-wide approach to investment in the City.
- Self-assessment of skills and knowledge to inform capacity to deliver.

Progress on meeting these improvements will be reviewed by the Corporate Director Resources as part of a review to be commissioned using internal and external advice.

Treasury Management

The Council carries out its treasury management activities in accordance with a Treasury Management Code of Practice for public services, updated by CIPFA in 2017. This requires the Council to set out the policies and objectives of its treasury management activities and adopt four Clauses of Treasury Management. These were formally adopted by the Council in February 2010. The last section of this strategy includes a glossary of terms used in this document.

CIPFA has adopted the following as its definition of treasury management activities:

The management of the organisation's borrowing, investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.

The definition of 'Investments' above includes:

- Treasury Management investments (held for the prudent management of financial affairs), as well as
- Non-Treasury Investments, undertaken as part of a Capital Strategy either in the course of provision of services; or made for commercial reasons purely to make a financial gain. These are managed outside of normal treasury management activity.

The Council's Audit Committee undertakes scrutiny of the accounting, audit and commercial issues in relation to the Council's Treasury Management Strategy and practices and various reports are produced highlighting treasury management activities in accordance with council policy.

Treasury Management Strategy

The strategy covers the following areas:

- Borrowing to finance the cash requirements arising from the Council's Capital Programme and Strategy. Costs of servicing that financing is linked to the Council's Medium Term Financial Plan.
- Treasury investments determining how short term cash flows will be safely managed to meet the Council's financial commitments and objectives.
- Highlighting the approach to Non-Treasury Management Investments were these to be undertaken. Whilst these impact on the treasury function, they arise from capital expenditure plans which are reported separately from day to day treasury management activities. Accordingly this strategy focuses on Treasury investments.

The Council accepts that no treasury management activity is without risk. However the overriding objective is to minimise the risk of adverse

consequences or loss, whilst at the same time not unduly constraining investment returns or unnecessarily incurring interest costs.

The identification, monitoring and control of risk are integral elements of treasury management activities with risks including credit and counterparty, liquidity, interest rate, refinancing, fraud and regulatory. The Council has Treasury Management Practices to address and mitigate these risks which were updated in March 2018 following a review by Internal Audit and Audit Committee.

Responsibility for treasury decisions ultimately remains with the Council however, the Council recognises the value in the use of treasury advisors to support the management of risk and to access specialist skills and resources. Support provided by Link Asset Services, Treasury Solutions includes advice on timing of decision making, training, credit updates, economic forecasts, research, articles and advice on capital finance.

The proposed strategy is an integrated strategy for the Council including the Housing Revenue Account (HRA). The strategy includes:

- the current treasury position
- economic background and prospects for interest rates
- borrowing, including:
 - Policy
 - Annual Minimum Revenue Provision (MRP) Policy Statement
 - Council borrowing requirement based on its capital expenditure plans and choice between internal and external borrowing and
 - Borrowing Strategy
- treasury management indicators and limits for 2019/20 to 2023/24
- investment policy and strategy, including security and investments approved for use
- non treasury investments and
- training.

The Treasury Position

Borrowing and investments as at 31 December 2018 are shown in the following table. Borrowing is predominantly made up of fixed interest rate loans payable on maturity. Investments fluctuate daily and are represented by fixed term deposits, notice deposit accounts and money market funds. These balances arise due to the timing of cash flows and working capital as well as the existence of reserves, provisions and balances required for future use.

	31 December 2017		31 December 2018	
	Principal	Average	Principal	Average
	£m	Rate %	£m	Rate %
External Borrowing				
- Public Works Loan Board (PWLB)	613.8	4.8	643.9	4.7
- Market Loans	51.0	4.0	51.0	4.0
- Welsh Government	4.5	-	4.5	-
- Other	5.1	-	5.3	-
Total Debt	674.4	4.71	704.7	4.58
Treasury Investments (net)	46.0	0.53	72.0	0.84

The Council's current debt maturity profile is shown in the following graph on the assumption that all loans run to their final maturity.

Unless the Council's Lender Option Borrower Option (LOBO) loans are required to be repaid early, very little debt matures within the next ten years. LOBO products are loans to the Council where the lender can request a change in the rate of interest payable by the Council on pre-determined dates. The Council at this point has the option to repay the loan without penalty. The Council has six such loans totalling £51 million.

Apart from the option to increase rates these loans are comparable to PWLB loans and have no other complications such as variation in interest rates or complex terms. Interest rates on these loans range between 3.81% and 4.35% and are below the Council's average rate of interest payable. Details of the loans are shown in the next table.

Lender Option Borrower Option (LOBO) Loans			
Potential Next Repayment Date	Loan Value £m	Option Frequency Every	Full Term Maturity Date
01/03/2019	6	6 months	23/05/2067
21/05/2019	6	6 months	21/11/2041
21/05/2019	6	6 months	21/11/2041
21/05/2019	6	6 months	23/05/2067
21/11/2020	22	5 years	23/11/2065
15/01/2023	5	5 years	17/01/2078

It should be noted that £24 million of the LOBO loans are currently subject to the lender potentially requesting a change in the rate of interest payable every six months. A further £22 million and £5 million have call options in November 2020 and January 2023 respectively and every five years thereafter. The likelihood of a request for an increase in rate is negligible.

The following table gives the Council's treasury management advisor's latest forecast of interest rates taking into account the twenty basis point certainty rate reduction available for PWLB loans. It is a central forecast, acknowledging for example that there are upside and downside risks.

	Actual 31/12/2018	March 2019	March 2020	March 2021	March 2022
Bank Rate	0.75%	0.75%	1.00%	1.50%	2.00%
5yr PWLB rate	1.70%	1.80%	2.20%	2.50%	2.70%
10yr PWLB rate	2.08%	2.20%	2.60%	2.90%	3.00%
25yr PWLB rate	2.65%	2.70%	3.10%	3.40%	3.60%
50yr PWLB rate	2.50%	2.50%	2.90%	3.20%	3.40%

Forecast at February 2019

Economic and interest rate forecasting remains difficult with so many external influences on the UK economy. Growth and consumer confidence for the UK economy was strong over the first three quarters, but is likely to weaken significantly in the last quarter. The bank of England expects inflation to be marginally above its 2% inflation target for at least two years ahead.

International events also impact significantly on the UK economy. In the United States, the Federal Reserve continues to increase its interest rates which are now between 2.25% and 2.5% due to strong growth and a target to unwind a policy of historic lows. Trade tensions and implementation of tariffs, particularly between the United States and China, has also created uncertainty in financial markets in relation to impact on growth and risk of escalation.

In the UK, uncertainty over Brexit has been weighing on both growth and financial markets, with key deadlines over the next few months in relation to the future relationship with the European Union. The rates above are based on the assumption of agreed terms of Brexit.

The above issues including growth, price and wage inflation are key factors used by the Bank of England in determining when to change interest rates. The bank rate increased by 0.25% to 0.75% on 2 August 2018. The Monetary Policy Committee, reiterated their intention to increase rates gradually to a level deemed neither contractionary nor expansionary. Whilst this level is not defined, it is assumed to be 2.5%. The next change in bank rate is expected to be in May 2019, however this is clearly dependent upon the Brexit deal agreed between the UK and European Union.

Another risk that the Bank of England needs to consider is the timing and strength of reversing the quantitative easing undertaken to inject liquidity into economies after 2008. The US is active in reversing this approach due to concerns that economic growth has been too reliant on this stimulus resulting in a search for returns on riskier financial assets.

Investment returns for the Council have increased during 2018/19, and are expected to gently rise over the next few years. PWLB rates are based on Government borrowing rates (Gilts) and can be the subject of exceptional levels

of volatility due to geo-political, sovereign debt crisis and emerging market developments over the forecast period. There will continue to be a 'cost of carry', i.e. where borrowing rates are greater than investment rates. Accordingly, an approach of deferring external borrowing by using temporary cash balances can result in short term savings. However, caution should be adopted to avoid incurring higher borrowing costs in the future when new borrowing is unavoidable.

Downside risks to PWLB rates are:

- Bank of England raises bank rate faster than anticipated causing UK economic growth and increases in inflation, to be weaker than anticipated.
- An approach to Brexit deemed to have a disruptive effect on the UK economy and growth.
- Geopolitical risks in Asia, Europe and the Middle East, which could lead to increasing safe haven flows to the UK.
- Re-emergence of the Eurozone sovereign debt crisis due to its high level of government debt, low rate of economic growth, vulnerable banking system and impact of European Parliament elections in June 2019.
- A sharp downturn in the global economy caused by factors such as rising protectionism.

The potential for upside risks especially for longer term PWLB rates include:

- The Bank of England is too slow in its pace and strength of increases in bank rate and, therefore, allows inflation pressures to build up too strongly within the UK economy.
- Agreement of a compromise on Brexit, that avoids political and economic uncertainty
- UK inflation returning to sustained significantly higher levels.
- Increases in the pace and strength of reversal of quantitative easing.

Borrowing Policy

Borrowing to pay for capital investment has long-term financial consequences and risks, with decisions taken many years ago impacting currently and in the future in the form of interest and provision for repayment of capital expenditure. Expenditure decisions are assumed in the Capital Strategy and detailed programme approved by Council with the recurring cost implications factored into the Council's Medium Term Financial Plan. All borrowing is undertaken in the name of the Council and secured on all revenues of the Council.

The Council can consider various debt instruments. Best Treasury management practice is that loans are not taken on a project by project basis, however alternative options could be considered for specific council investments where relevant such as leasing and bonds where these allow financing requirements to be met in an efficient manner. Advantages and disadvantages of such products would need to be considered including risks, track record and cost of issuance and is supported by external advice in respect of different options.

Whilst interest rates for borrowing are greater than interest rates the Council receives for investments (the cost of carry), it makes financial sense to use any internal cash balances held in the short-term to pay for capital expenditure and minimise costs (internal borrowing), rather than undertake external borrowing. However, there is a risk that the Council may have to borrow at higher rates when it does actually need to borrow in future and so this position is kept under continuous review.

The Council's Borrowing Strategy considers all options to meet the long-term aims of:

- promoting revenue cost stability to aid financial planning and avoid a stop-start approach to service delivery, although it is recognised that this may have a financial impact
- pooling borrowing and investments to ensure the whole Council shares the risks and rewards of treasury activities
- ensuring borrowing plans are aligned to known capital expenditure spending plans and financial reserve levels and are also consistent with the prudent provision for the repayment of any capital expenditure paid for by borrowing
- achieving a balanced maturity profile
- having regard to the effects on current and future Council Tax and rent payers.

The Council does not intend to borrow in advance of need and will not do so just to gain financially. However, this option may be considered if it is felt that borrowing in advance allows opportunities to lock into favourable long-term rates. This will be limited to no more than the expected increase in the Council's borrowing requirement over a three year period.

Prudent Repayment of Capital Expenditure – Annual Minimum Revenue Provision (MRP) Policy Statement for 2019/20

The Council has a statutory duty to calculate and set aside each year from its revenue budget an amount 'which it considers to be prudent'. This results in a reduction in the Council's underlying need to borrow known as the Capital Financing Requirement (CFR).

Legislation does not define what constitutes a 'prudent provision'. Instead WG has provided guidance and examples in order to interpret that term. Decisions in respect of the allocation of MRP have short, medium and very long term impacts.

Every authority's circumstances may differ and will result in different approaches. However, it is important that the range of factors, specific to Cardiff Council's circumstances are considered in determining a long term prudent approach and the following are factors in the decision:

- What we spend our money on in terms of asset life and the period over which the benefits from that expenditure will be felt.
- The appropriateness of our approach and availability of revenue resources to maintain our assets.
- Consistency with the future direction of the Council's level of capital expenditure.
- Impact on financial resilience.
- The Wellbeing of Future Generations (Wales) Act 2015.
- Welsh Government Guidance, last revised in November 2018.

A statement on the Council's policy for its annual MRP is required to be submitted to Council for approval before the start of the financial year to which the provision will relate. The proposed policy is shown below. For 2019/20 it remains as considered by Audit Committee in November 2016, but it is intended that the approach will be tested and reviewed during 2019/20 in advance of the decision making process for subsequent years.

It is proposed that the Council's MRP Policy is as follows, with any change in the level, timing and method of provision in year delegated to the Section 151 Officer.

The broad aim of the 'prudent provision' is to ensure that debt arising from Capital expenditure is repaid over a period that is either reasonably commensurate with that over which the capital expenditure provides benefits to service delivery (useful life) or in the case of borrowing supported by the WG, reasonably in line with the period implicit in the determination of any grant.

- *Council Fund historic expenditure prior to 1 April 2004 as well as subsequent supported borrowing approved by the WG is to be provided for at 4.0% on a reducing balance basis in 2019/20. This is consistent with the support provided by WG as part of the Revenue Support Grant (RSG) for Supported borrowing. This approach will continue unless WG change the approach to providing support as part of the RSG formula or any revision to MRP Guidance either in Wales or in England, albeit regular reviews of the position will continue.*

- *HRA supported borrowing, which was part of the previous housing subsidy system is to be provided for at 2% on a straight line basis. MRP on the significant £187 million settlement buyout payment is to be on 2% straight line basis as a minimum but with voluntary repayments to create headroom for future development,*
- *Additional borrowing for a general increase in investment either in the Council Fund or HRA to balance the Capital Programme in a year is to be provided for on a straight line basis over the estimated average life of the assets created.*
- *Any additional expenditure linked to specific schemes e.g. Invest to Save, 21st Century Schools etc. is to be provided for on a straight line basis, or over the estimated useful life of assets being created or a shorter period as determined by the Section 151 Officer or suggested periods determined by WG as is the case with Local Government Borrowing Initiative.*
- *Revenue Provision in excess of the above requirements can be made subject to affordability and following advice of the Section 151 Officer.*
- *Subject to agreement of the S151 Officer, MRP may be waived on expenditure recoverable within a prudent period of time through capital receipts (e.g. land purchases, loan repayments) or deferred to when the benefits from investment are scheduled to begin or when confirmed external grant payments towards that expenditure are expected.*
- *The MRP charged against liabilities under finance leases, or contracts that have the characteristics of finance leases, shall be equal to the principal element of the lease repayment, calculated on an annual basis.*

Council's Borrowing Requirement

The following table shows the actual level of external borrowing currently held by the Council including planned external borrowing in 2018/19 and scheduled loan repayments in future years. It compares this to the projected CFR i.e the need to borrow based on current, known estimates and timing of the Council's capital expenditure and funding plans as set out in the budget report for 2019/20. The difference between the projected CFR in 2023/24 (£971 million) and the actual level of external borrowing after any planned repayments (£690 million) is £281 million, i.e. there is insufficient cash held by the Council to support this projected level of under borrowing and this means there is a requirement for the Council to undertake further external borrowing over the medium term.

Gross Debt compared to Capital Financing Requirement							
	2017/18 Actual £m	2018/19 Estimate £m	2019/20 Estimate £m	2020/21 Estimate £m	2021/22 Estimate £m	2022/23 Estimate £m	2023/24 Estimate £m
External borrowing at 1 April	674	693	709	706	705	698	694
Known / New borrowing	25	20	tbc	tbc	tbc	tbc	tbc
Scheduled repayments	(6)	(4)	(3)	(1)	(7)	(4)	(4)
External Borrowing at 31 March	693	709	706	705	698	694	690
Capital Financing Requirement	751	776	801	851	925	969	971
Shortfall / (Surplus) borrowing requirement	58	67	95	146	227	275	281
Requirement as % of CFR	7.7%	8.6%	11.9%	17.2%	24.5%	28.4%	28.9%

It should be noted that the borrowing requirement will be increased if the affordability envelope identified in the budget report for economic development activities such as the indoor arena are triggered following consideration of affordability and approval of relevant business cases.

The section below sets out the approach to meeting the known borrowing requirement including use of temporary cash balances, external borrowing, sources of borrowing and timing.

Borrowing Strategy

In the short term, continuing with an approach of internal borrowing, using temporary cash balances available will continue to be a cost effective way of meeting part of the borrowing requirement. A high level balance sheet review undertaken suggests that a maximum level of internal borrowing should be circa £80 million (c10% of the 2019/20 CFR).

Whilst having regard to the risks of comparison, data was compiled by the Council's Treasury Advisors from their Local Authority clients in 2017/18 showing internal borrowing as a percentage of their CFR. This showed that Welsh Councils averaged 13.1%; English Unitary 15.6% and 13.9% for all Authority clients. The Council will continue to undertake various benchmarking activities to support the understanding of treasury performance, position and risk.

However, the Council will need to seek external borrowing for the balance of the borrowing requirement in 2019/20 (£15 million at least) and further amounts in the following years. As mentioned previously, the Council will consider various debt instruments to meet the borrowing requirement, including those specific to particular projects. However, similar to other Councils, the Public Works Loan Board (PWLB) continues to be the Council's preferred source of long term

borrowing given the transparency and control that its facilities continue to provide. The Council qualifies for borrowing at the 'Certainty Rate' (0.20% below the PWLB Standard Rate).

Given the risks within the economic forecasts setting a fixed target for the quantum and timing of borrowing is not deemed appropriate. A pragmatic approach will be adopted by Council's Section 151 Officer due to changing circumstances with the following strategy proposed to manage the Council's Capital Financing Requirement:

- Whilst investment rates remain lower than long term borrowing rates internal borrowing will be used to minimise short-term costs
- External borrowing (short, medium and long term) will be taken for the balance of the Council's borrowing requirement, with timing delegated to the Council's Section 151 Officer. This will aim to keep internal borrowing to approximately £80 million, subject to balance sheet capacity and future interest rate forecasts.
- Any external borrowing is likely to be at fixed rates to meet the long term borrowing policy aims and given the forecasts in rates highlighted above.

If there was a significant risk of a sharp rise in long and medium-term rates than that currently forecast, then fixed rate external borrowing may be undertaken sooner to reduce the level of internal borrowing. If there was a significant risk of a sharp fall in rates, then long-medium term borrowing would be deferred, following consideration of internal borrowing capacity.

Current interest rates on the Council's existing debt portfolio compared to new borrowing rates and penalty rates charged for early debt repayment, results in limited options for restructuring of debt. Options have been considered during 2018/19 for early repayment of LOBO loans, however the penalties, based on the current level of interest rates, outweighed the benefits.

The Council is required to set treasury management indicators as part of the CIPFA Treasury Management Code of Practice 2017.

Authorised Limit

The Council must set and keep under review how much it can afford to borrow from debt or other long-term liabilities for the forthcoming year and the following two financial years (the Affordable Borrowing Limit). It must have regard to the Prudential Code and locally determined indicators when setting this limit and be content that the impact upon future Council Tax payers and Council tenants is acceptable.

Based on the capital programme proposed, it is recommended that the Council approve the following authorised limits (Statutory limit under Section 3 (1) of the Local Government Act 2003) and operational boundaries (figures for 2018/19 are for comparison only). The undertaking of other long-term liabilities, within the overall limit, is delegated to the Section 151 Officer based on the outcome of financial option appraisals and best value considerations.

Authorised limit for external debt	2018/19 £m	2019/20 £m	2020/21 £m	2021/22 £m	2022/23 £m	2023/24 £m
Limit for external borrowing and other long-term liabilities	863	990	990	990	990	990

This limit is consistent with proposals contained within the budget for capital expenditure with the addition of financing and accounting requirements in relation to landfill obligations. The overall limit for the Council has been set at a constant level of £990 million for 2019/20 to 2023/24. It has increased from 2018/19 primarily as a result of increases in capital programme commitments in respect of new affordable housing.

It should be noted that the above limit will be increased if the affordability envelope identified in the budget report for economic development activities such as the indoor arena are triggered following consideration of affordability and approval of relevant business cases. Any increase or change in treasury indicators would be reported to Council as part of the regular reports to Council on treasury management activities.

Following the announcement by the Chancellor of the Exchequer on 29 October that the borrowing cap for the Housing Revenue Account will be removed, there is currently no self-imposed or nationally imposed overall cap on the level of borrowing.

Operational Boundary

The proposed operational boundary or projected level of external debt (excluding landfill) is set at the anticipated level of the CFR at the end of each year. This will be subject to the level and timing of borrowing decisions.

Operational boundary	2018/19 £m	2019/20 £m	2020/21 £m	2021/22 £m	2022/23 £m	2023/24 £m
Boundary for external borrowing and other long-term liabilities	776	801	851	925	969	971

Maturity Structure of Borrowing

Limits are set to guard against a large element of the Council's debt maturing and having to be refinanced in a very short space of time, when it may not be economically favourable to do so. The limits have been set to reflect the current debt portfolio, and to allow enough flexibility to enable new borrowing to be undertaken for the optimum period. The table assumes that loans run to their final maturity, however a separate column is also included to show the maturity profile should the Council repay its LOBO loans early.

Maturity structure of borrowing in 2019/20	Upper limit %	Lower limit %	Actual to Maturity %	Actual if LOBOs Repaid Early %
Under 12 months	10	0	0.47	3.88
12 months and within 24 months	10	0	0.19	0.19
24 months and within 5 years	15	0	2.25	6.09
5 years and within 10 years	20	0	5.94	5.94
10 years and within 20 years	30	0	22.86	22.86
20 years and within 30 years	35	0	23.71	22.00
30 years and within 40 years	35	0	30.19	30.19
40 years and within 50 years	35	0	13.68	8.85
50 years and within 60 years	15	0	0.71	0.00
60 years and within 70 years	5	0	0.00	0.00

Treasury Investment Policy

The Council has regard to the CIPFA Treasury Management Code and also complies with Welsh Government guidance on investments. The latter has recently been amended in England and an update for Wales is expected. The Council's investments include those arising from its own temporary cash balances as well as balances held from the activities of Joint Committees for which it is the Accountable body.

The Council recognises that given the nature of investments, a trade-off between security, liquidity and yield cannot be avoided i.e. there is risk of default. The Council's risk appetite for treasury investments is low. It aims to achieve the optimum return on investments commensurate with proper levels of security and liquidity. Risk will be contained by ensuring:

- all investments and repayments are in sterling
- investment instruments identified for use in the financial year are listed under 'Specified' investments and 'Non-Specified' investment categories, dependant on their complexity and risk
- a list of highly credit worthy counterparties with whom to invest is created and monitored
- diversification of approach, investment product and counterparties are sought where possible to avoid concentration of risk
- any set limits are implemented with immediate effect following approval of this Treasury Management Strategy by the Council
- continual monitoring of treasury activities with the categories of investments that may be used, the credit criteria and associated limits in determining with whom to invest and timing of decisions being delegated to the S151 Officer.

The Markets in Financial Instruments Directive (MiFID II) was implemented from 3 January 2018. Where requested by counterparties to do so, the Council has opted up to be classed as a 'professional' client following the submission of qualitative and quantitative information on its treasury activities.

Treasury Investment Strategy

The Council will retain access to a range of products available to manage short term investment balances and to achieve diversification. Products available for use are defined as specified or non specified and credit criteria are used to mitigate credit risk. These are defined in the sections below. Any funds held by the Council on behalf of joint committees will be managed in accordance with this strategy.

The ability to change credit criteria and the approach to investments is delegated to the S151 Officer. This allows a prompt response to uncertainties in financial markets, with the Council being kept informed of significant changes through the various reports it receives on treasury activities during the course of the year.

Treasury Management Investments

The Council aims to have sufficient liquid funds to ensure it does not become a forced borrower for a significant period of time at rates in excess of what may be earned on such investments. Short term cash flow forecasts and a longer term balance sheet review is undertaken as part of the calculation of Prudential Code indicators to determine maximum periods for investments.

Specified Investments

A specified investment is defined as one:

- being for a period up to one year
- which is in straightforward easily understood low risk products
- not involving corporate share or loan capital
- where the principal sum to be repaid at maturity is the same as the initial principal sum invested.

Specified investments may comprise up to 100% of the Council's total investments.

Instruments approved for use	Minimum Credit Criteria
Term deposits – UK government and other Local Authorities	Assumed Government Guarantee
Term deposits – banks and building societies	Long-term A /Short-term F1 or Government Equity Support
Term deposits with variable rate and variable maturities up to one year e.g. structured investment products	Long-term A /Short-term F1

Non-Specified Investments

These are all other investments not meeting the definition of a specified investment which could be used in order to achieve diversification and manage liquidity needs. A maximum upper level of £90 million is to be set for non-specified investments including investments for greater than one year.

Instruments approved for use	Min Credit Criteria	Max % of total investments	Max. maturity period
Term deposits with Local Authorities (with maturities in excess of 1 year)	Assumed Government Guarantee	30	2 Years
Term deposits – banks and building societies (with maturities in excess of 1 year)	Long-term AA- /Short-term F1+	30	2 Years
Deposits over one year with banks wholly or partly nationalised by a high credit rated (sovereign rating) country	Government equity support	30	2 Years
Term deposits with variable rate and variable maturities in excess of 1 year e.g. structured investment products	Long-term AA- /Short-term F1+	10	2 Years
Certificates of Deposit (In-house)	Long-term AA- /Short-term F1+	10	Maximum 2 year duration

Treasury Management Investments

UK Government Gilts and Gilt funds (In-house)	Assumed Government Guarantee	40	Maximum 3 year duration
Treasury Bills (In-house)	Assumed Government Guarantee	40	6 months
Collective Investment Scheme structures - Money Market Funds	AAA	100	Liquid
Other Collective Investment Scheme Structures – Ultra Short Dated Bond Funds	AAA	20	Liquid
Government Bond Funds, Corporate Bond Funds, Gilt Funds and Floating Rate Notes	AA-	20	Weighted Average Maturity 3 years

The Council uses money market funds and other collective investment funds which pool together investments in a diversified portfolio of products and sectors. These may include short-term money market instruments such as bank deposits, certificates of deposit, government guaranteed bonds, corporate bonds and commercial papers. It should be noted that any such funds are triple A rated and allow instant access.

Security / Creditworthiness Policy

The Council uses Fitch credit ratings as a basis for assessment of credit worthiness of institutions it will invest with. Changes in the criteria and decisions with whom to invest are delegated to the S151 Officer. Commercial organisations (counterparties) on its approved list will have at least the short-term credit rating of F1 and be authorised institutions within the meaning of the Financial Services and Markets Act 2000. The rating F1 infers “Highest Credit Quality” - the strongest capacity for timely payment of financial commitments.

Whilst Fitch ratings form the basis of the Council’s threshold criteria, the Council will also have regard to the following when determining with whom to invest:

- rating updates provided by treasury advisors in respect of all three credit rating agencies, as well as other market data
- media reports as well as sovereign credit ratings. No minimum sovereign rating is applied to the UK, however for non UK based institutions the minimum Fitch sovereign rating is AA-
- the informed judgement of treasury staff and treasury management advisors after consideration of wider economic factors
- financial sector and country exposure
- the extent to which organisations who do not meet the above criteria, are nationalised.

Treasury Management Investments

The Council's lending list for direct investment in an organisation is based on the following credit criteria, with the maximum limit for direct investment in any one group of related companies being £12 million:

Fitch Ratings (minimum)	Long term	Short term	Limit £m
Overnight to one year	A	F1	10
Overnight to two years	AA-	F1+	12
UK Part Nationalised Banks overnight to two years	n/a	n/a	12

The Council's current list of approved counterparties:

	£	Duration
Australia AAA		
Australia and New Zealand Banking Group	12m	2 years
Commonwealth Bank of Australia	12m	2 years
National Australia Bank	12m	2 years
Canada AAA		
Canadian Imperial Bank of Commerce	12m	2 years
Toronto Dominion Bank	12m	2 years
France AA		
Credit Industriel et Commercial	10m	1 year
Societe Generale	10m	1 year
Germany AAA		
DZ Bank (Deutsche Zentral-Genossenschaftsbank)	12m	2 years
Netherlands AAA		
Cooperatieve Rabobank U.A.	12m	2 years
Singapore AAA		
DBS Bank	12m	2 years
Oversea Chinese Banking Corporation	12m	2 years
United Overseas Bank	12m	2 years
Sweden AAA		
Skandinaviska Enskilda Banken	12m	2 years
Svenska Handelsbanken	12m	2 years
Switzerland AAA		
UBS AG	12m	2 years
U.K AA		
Barclays Bank	10m	1 Year
Close Brothers	10m	1 Year
Goldman Sachs International Bank	10m	1 Year
HSBC Bank plc	12m	2 years
Santander UK plc	10m	1 Year
Standard Chartered Bank	10m	1 Year
Bank of Scotland	10m	1 Year
Lloyds Bank	10m	1 Year
Royal Bank of Scotland	12m	2 Years
Coventry BS	10m	1 Year
Nationwide BS	10m	1 Year
UK Local Authority	12m	2 Years
Debt Management Agency Deposit Facility	n/a	6 Months

Treasury Management Investments

	£	Duration
Money Market Funds		
Aberdeen Liquidity Fund	12m	Liquid
BlackRock ICS Sterling Fund	12m	Liquid
Deutsche Managed Sterling Fund	12m	Liquid
Fidelity GBP ICF	12m	Liquid
Goldman Sachs Sterling Reserves Fund	12m	Liquid
Insight Sterling Liquidity Fund	12m	Liquid
LGIM Sterling Liquidity Fund	12m	Liquid

Credit ratings are monitored regularly through use of the treasury management advisor's credit service. If a downgrade results in the counterparty or investment scheme no longer meeting the Council's criteria, its further use for new investment will be withdrawn immediately. Investments already held with that counterparty will be reviewed and options to call back funds before maturity would be investigated. It should be noted that any early repayment is only at the discretion of the borrower and often at a penalty.

In addition to treasury management investment activity, some local authorities have been utilising their powers to borrow in order to invest in other financial assets primarily for financial return. Such activity includes loans supporting service outcomes, investments in subsidiaries, and investment property portfolios. Whilst these impact on Treasury Management activity, they are managed outside of this Treasury Management Strategy and approved separately as part of the Council's Capital expenditure plans arising from its Capital Strategy. Regulator concerns in relation to the extent of this activity have resulted in updates to CIPFA professional Codes of Practice including the Treasury Management Code. Whilst no national monetary, financial or other controls or limits are in place currently, regulations have been updated to ensure the risks and implications of such activities are clearly governed and understood over a long term period.

The most significant investments currently held by the Council and managed outside of normal treasury management activity are the Council's 100% shareholding in Cardiff Bus and the Council's Investment Properties, which include various historic freeholds within the City held for income generation or capital appreciation.

Whilst the Council has no current approved plans for additional investment to be paid for by additional borrowing, it recognises that any future investment for non-treasury management purposes would require careful investment management.

Any proposals for such investments would form part of the approved Capital Strategy and Capital Programme, setting out where relevant, the risk appetite and specific policies and arrangements for non-treasury investments. This will include an appropriate investment management and risk management framework, making it explicit in any decision making:

- the powers under which investment is made
- the governance process including arrangements in place to ensure appropriate due diligence to support decision making
- the extent to which capital invested is placed at risk
- proportionality of any income to resources available to the Council
- the impact of potential losses on financial sustainability
- the methodology and criteria for assessing performance and monitoring process
- how knowledge and skills in managing such investments is arranged and that these are monitored, reported and highlighted explicitly in the decision making process and due diligence.
- creation of Treasury Management practices which specifically deal with how non treasury investments would be carried out and managed

Guidance has indicated the importance of the Council's S151 (Responsible Finance) Officer role in reviewing and informing decisions being made in relation to Non-Treasury Investments.

Treasury staff directly and regularly involved in borrowing and lending activities are provided access to a wide range of training. This includes seminars and workshops organised by treasury advisors bringing together practitioners from different authorities; seminars organised by CIPFA and other national bodies; regular contact with a client relationship manager as well as their briefing notes and articles. Staff responsible for treasury activity on a day to day basis have a recognised accountancy qualification and are encouraged to undertake relevant treasury management training.

Audit Committee Members who are responsible for reviewing and seeking assurance on treasury management activities have also been provided with training. The development of further training will be informed by individual and collective Audit Committee self-assessments, which are currently being undertaken.

Bank Rate

The rate of interest set by the Bank of England as a benchmark rate for British banks.

Bonds

A long-term debt security issued by a company, a financial institution, a local authority, national government or its affiliated agencies. It represents an undertaking to repay the holder the fixed amount of the principal on the maturity date plus a specified rate of interest payable either on a regular basis during the bond's life (coupon) or at maturity.

Borrowing

Loans taken out by the authority to pay for capital expenditure or for the prudent management of the Council's financial affairs, which are repayable with interest.

Capital Expenditure

Capital expenditure pays for improvements to existing and new assets used in the delivery of Council services as well as other items determined by Regulation. Capital resources are scarce, costly and also have long term revenue implications over many years and even generations where capital expenditure is funded by borrowing. Hence the requirement of the Prudential Code to ensure what is charged as Capital Expenditure is Prudent, Sustainable and Affordable.

The statutory definition of capital expenditure is given in the Local Government Act 2003, the Local Authorities (Capital Finance) Regulations 2003 and 2004 as amended. Statute relies on the accounting measurement of cost in International Accounting Standard (IAS) 16 to determine whether expenditure is eligible to be capitalised or whether it should be treated as revenue expenditure. Key to what is eligible as capital spend are the following words in IAS 16 - 'Costs directly attributable to bringing the specific asset into working condition for its intended use'.

Capital Financing Requirement (CFR)

An authority's underlying need to borrow for a capital purpose. It measures capital expenditure incurred but not yet financed by the receipt of grants, contributions and charges to the revenue account.

Capital Market

A market for securities (debt or equity), where companies and governments can raise long-term funds (periods greater than one year). The raising of short-term funds takes place on other markets (e.g. the money market).

Capital Programme

The Capital Programme sets out the Council's capital expenditure plans for the forthcoming financial year as well as for the medium term. It is approved annually at Council and identifies the estimated cost of those schemes, their projected phasing over financial years as well as the method of funding such expenditure.

Certificates of Deposits (CDs)

A certificate issued for deposits made at a deposit-taking institution (generally a bank). The bank agrees to pay a fixed interest rate for the specified period of time, and repays the principal at maturity. CDs can be purchased directly from the banking institution or through a securities broker. An active interbank secondary market exists to buy and sell CDs.

Chartered Institute of Public Finance & Accountancy (CIPFA)

CIPFA is the professional body for accountants in public finance. As a specialised public services body, it provides information, guidance, and determines accounting standards and reporting standards to be followed by Local Government.

Collective Investment Scheme Structures

Schemes whereby monies from a number of investors are pooled and invested as one portfolio in accordance with pre-determined objectives.

Corporate Bonds

Bonds that are issued by a company or other non-government issuers. They represent a form of corporate debt finance and are an alternative means of raising new capital other than equity finance or bank lending.

Counterparty

One of the parties involved in a financial transaction with whom the Council may place investments.

Counterparty / Credit Risk

Risk that a counterparty fails to meet its contractual obligations to the Council to repay sums invested.

Credit Criteria

The parameters used as a starting point in considering with whom the Council may place investments, aimed at ensuring the security of the sums invested.

Credit Default Swaps

A financial transaction which the buyer transfers the credit risk related to a debt security to the seller, who receives a series of fees for assuming this risk. The levels of fees reflect the perceived level of risk.

Credit Rating

A credit rating assesses the credit worthiness of an individual, corporation, or even a country. Credit ratings are calculated from financial history and current assets and liabilities. Typically, a credit rating tells a lender or investor the probability of the subject being able to pay back a loan. Ratings usually consist of a long-term, short term, viability and support indicators. The Fitch credit rating of F1 used by the Council is designated as "Highest Credit Quality" and indicates the strongest capacity for timely payment of financial commitments.

Debt Management Account Deposit Facility (DMADF)

The Debt Management Office provides this service as part of its cash management operations and of a wider series of measures designed to improve local and central government's investment framework and cash management. The key objective of the DMADF is to provide users with a flexible and secure facility to supplement their existing range of investment options while saving interest costs for central government.

Debt Restructuring

Debt restructuring is a process that allows an organisation to reduce, renegotiate and undertake replacement debt.

Diversification of Investments

The process of creating a portfolio of different types of financial instruments with regard to type, price, risk issuer, location, maturity, etc. in order to reduce the overall risk of the portfolio as a whole.

Duration (Maturity)

The length of time between the issue of a security and the date on which it becomes payable.

External Borrowing

Money borrowed from outside of the Council.

Financial Instrument

Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. Typical financial liabilities are borrowing and financial guarantees. Typical financial assets include bank deposits, amounts owed by customers, loans receivable and investments.

Fitch Credit Ratings

A commercial organisation providing an opinion on the relative ability of an entity to meet financial commitments, such as interest, preferred dividends, repayment of principal, insurance claims or counterparty obligations. The opinion is usually provided in the form of a credit rating.

Fixed Rate

An interest rate that does not change over the life of a loan or other form of credit.

Floating Rate Notes

A money market security paying a floating or variable interest rate, which may incorporate a minimum or floor.

Four Clauses of Treasury Management

In compliance with the First Clause, this Council will create and maintain, as the cornerstones for effective treasury management:

- A treasury management policy statement, stating the policies, objectives and approach to risk management of its treasury management activities.
- Suitable Treasury Management Practices (TMPs), setting out the manner in which the organisation will seek to achieve those policies and objectives, and prescribing how it will manage and control those activities.

In compliance with the Second Clause, this Council will receive reports on its treasury management policies, practices and activities, including, as a minimum, an annual strategy in advance of the year, a mid year review and an annual report after its close, in the form prescribed in its TMPs.

In compliance with the Third Clause, this Council delegates responsibility for the implementation and regular monitoring of its treasury management policies and practices to the Cabinet, and for the execution and administration of treasury management decisions to the Corporate Director Resources in accordance with existing delegations, who will act in accordance with the organisation's policy statement, TMPs and CIPFA's Standard of Professional Practice on Treasury Management.

In compliance with the Fourth Clause, this Council requires the scrutiny of the accounting, audit and commercial issues of its Treasury Management Strategy and Practices to be undertaken by the Council's Audit Committee due to the technical nature of the documents.

Fraud / Error Risk

Risk of losses being incurred as a result of fraud, error or corruption in treasury management and failure to institute adequate systems, procedures and other arrangements to prevent irregularities.

Housing Revenue Account (HRA)

The HRA is an account of expenditure and income that every local authority housing department must keep in accordance with the Local Government & Housing Act 1989. The account is kept separate or ring fenced from other Council activities. Income is primarily generated by the rents and service charges paid by tenants, while expenditure is on the management and maintenance of the housing stock, and capital financing charges on the HRA's outstanding loan debt.

Interest Rate Risk

Risk that fluctuations in interest rates could impose extra costs against which the Council has failed to protect itself adequately.

Internal Borrowing

Money borrowed from within the Council, sourced from temporary internal cash balances.

Investments

The purchase of financial assets in order to receive income and/or make capital gain at a future time, however with the prime concern being security of the initial sum invested.

Lender Option Borrower Option Loans (LOBOs)

Loans to the Council where the lender can request a change in the rate of interest payable by the Council at pre-defined dates and intervals. The council at this point has the option to repay the loan.

Liquidity

The ability of the Council to meet its financial obligations as they fall due.

Market Loans

Borrowing that is sourced from the market i.e. organisations other than the Public Works Loan Board or a Public Body.

Medium Term Financial Plan

Plan outlining the financial strategies and actions that are envisaged by the Council in the medium term regarding the budget.

Markets in Financial Instruments Directive (MiFID)

EU legislation that regulates firms who provide financial instrument services. MiFID was applied in the UK from November 2007, but was revised with changes taking effect from **3 January 2018** (MiFID II).

The aim is to ensure financial institutions undertake more extensive checks on their client's suitability for investment products. Organisations undertaking investments will be either classified as 'retail' or 'professional'.

MiFID II requires all Local Authorities to be initially treated as "retail clients" unless they "opt up" to a "professional client". The assumption being that retail clients require a greater level of due diligence and support for investment decision making. Financial institutions will owe a greater duty of care to retail clients, however, they will have no greater financial protection than professional clients.

Minimum Revenue Provision (MRP)

This is the amount which must be charged to the authority's revenue account each year and set aside as provision for repaying external loans and meeting other credit liabilities. The prudent amount is determined having regard to guidance issued by WG. This has the effect of reducing the Capital Financing Requirement (CFR).

Money Market

The market for short-term securities or investments, such as certificates of deposit, commercial paper or treasury bills, with maturities of up to one year.

Money Market Funds

An investment fund which pools the investments of numerous depositors, spreading those investments over a number of different financial instruments and counterparties. Funds with a constant Net Asset Value (NAV) are those where any sum invested is likely to be the same on maturity. Funds with a variable Net Asset Value (NAV) are those where the sum on maturity could be higher or lower due to movements in the value of the underlying investments.

Net Asset Value (NAV)

The market value of an investment fund's portfolio of securities as measured by the price at which an investor will sell a fund's shares or units.

Pooling

The process whereby investments or loans are held corporately rather than for specific projects or parts of the Council, with recharges to those areas for their share of the relevant income and expenditure using an agreed methodology, where such a recharge is required to be made.

Prudential Code for Capital Finance

The system introduced on 1 April 2004 by Part 1 of the Local Government Act 2003 which allows local authorities to borrow without Government consent, provided that they can afford to service the debt from their own resources and that any such borrowing is prudent and sustainable. This requires the preparation and approval of various indicators.

Public Works Loans Board (PWLB)

The Public Works Loans Board is a statutory body operating within the United Kingdom Debt Management Office, an Executive Agency of HM Treasury. PWLB's function is to lend money from the National Loans Fund to local authorities and other prescribed bodies, and to collect the repayments.

Refinancing Risk

Risk that maturing borrowing or other financing of capital projects cannot be renewed on terms that reflect existing assumptions and that the Council will suffer extra costs as a result.

Regulatory Risk

Risk that actions by the Council or by any person outside of it are in breach of legal powers or regulatory requirements resulting in losses to the Council, or the imposition of extra costs.

Security

Protecting investments from the risk of significant loss, either from a fall in value or from default of a counterparty.

Sovereign Credit Ratings

The credit rating of a country. It indicates the risk level of the investing environment of a country, taking into account political risk and other factors.

Sterling

The monetary unit of the United Kingdom (the British pound).

Term Deposits

A term deposit is a money deposit at a banking institution that cannot be withdrawn for a certain "term" or period of time.

Treasury Management

The management of the organisation's borrowing, investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.

Treasury Bills

Debt securities issued by a government with a short-term maturity of up to 6 months.

UK Government Gilts

Fixed-interest debt securities issued or secured by the British Government. Gilts are always denominated in sterling though the Government occasionally also issues instruments in other currencies in the Eurobond market or elsewhere.

Variable Rate

An interest rate that changes in line with market rates.

Yield

The annual rate of return paid out on an investment, expressed as a percentage of the current market price of the relevant investment.

Appendix 1

CARDIFF COUNCIL BUDGET 2019/20

Examples of the five ways of working within the Budget Process

CARDIFF WELLBEING PLAN	2019/20 BUDGET <i>(includes 5 year capital expenditure along with additional revenue investment for 2019/20)</i>
A CAPITAL CITY THAT WORKS FOR WALES	<ul style="list-style-type: none"> • £10.2m - Support for Cardiff Capital Region City Deal (CCRC) Projects • £17m - Economic Development Initiatives • £0.7m - Cardiff Market Restoration • £39.2m – Investment in Highway Infrastructure Assets • £1.8m one off revenue investment through the financial resilience mechanism to support highways and cleansing
POPULATION GROWTH IS MANAGED IN A RESILIENT WAY	<ul style="list-style-type: none"> • £13.9m - Energy sustainability and generation • £38.4m – To develop strategic cycle routes, improve transportation infrastructure and encourage active travel, subject to grant funding • £5.5m – Additional support for recycling activity including a new recycling facility for the north of the city • £2.2m – To secure match-funding to address coastal erosion • £2.9m – New cemetery to increase burial space provision • £0.5m one off revenue investment through the financial resilience mechanism to support recycling, active travel and electric vehicles
SAFE, CONFIDENT & EMPOWERED COMMUNITIES	<ul style="list-style-type: none"> • £1.1m – establish a multi-agency facility at Cardiff Royal Infirmary to support those at risk of, and victims of domestic abuse • £2m – City Centre Youth Hub and Butetown Pavilion • £18.5m – Neighbourhood Regeneration
CARDIFF IS A GREAT PLACE TO GROW UP	<ul style="list-style-type: none"> • £4.9m – net additional revenue support for Children’s Services (+8.9%) • £10.4m - net additional revenue support for schools (+4.5%) • £278m - remaining 21st Century Schools Band B investment programme • £48m investment in the existing schools estate • £5.5m investment in parks infrastructure and playground equipment
SUPPORTING PEOPLE OUT OF POVERTY	<ul style="list-style-type: none"> • £286m – Long term investment in social housing, including at least 1,000 new Council Homes by 2022 • Ongoing commitment to the Voluntary Living Wage
CARDIFF IS A GREAT PLACE TO GROW OLDER	<ul style="list-style-type: none"> • £34.2m - Disabled adaptations to enable people to remain in their home (Adults and Children) • £0.4m – Net additional revenue support for Adult Services (+0.4%) • £0.2m – to support delivery of the Older Persons Accommodation Strategy
MODERNISING & INTEGRATING OUR PUBLIC SERVICES	<ul style="list-style-type: none"> • £4.6m – Investment in modernising ICT and improving business processes • £14.8m – Investment in non schools buildings including options to secure alternative use • Development of a new Corporate Land and Property Management Plan • Savings that seek to optimise digital communication and service delivery

CARDIFF COUNCIL BUDGET 2019/20

Examples of the five ways of working within the Budget Process

<p>The Five Ways of Working at the Heart of the Future Generations Act</p>	
<p>LONG TERM</p>	<ul style="list-style-type: none"> • Long-term affordability of the capital programme - prudential & local indicators • Prudent debt repayment periods to enable future generations to take forward their own investment priorities • Modelling a future budget outlook to understand how today’s decisions and assumptions will affect the future shape of the budget • Identifying current and future risks and their potential financial impact • Carefully evaluating the Council’s financial resilience • Highlighting that budget opportunities forgone in one year will have a cumulative effect over time • Savings that involve removal of services seen as a last resort • Capital investment directed to areas that support the Council’s priorities
<p>PREVENTION</p>	<ul style="list-style-type: none"> • Exploring opportunities for strength based practice and preventing escalation of need – reflected in savings • Increasing the independence of individuals to live in their own homes and signposting to third sector organisations rather than institutionalised care • Carefully evaluating the use of finite resources to try and avoid deterioration of our existing assets, seeking options to relinquish them where feasible to avoid future costs • Revenue support to tackle homelessness and long term investment in new affordable housing
<p>COLLABORATION</p>	<ul style="list-style-type: none"> • Savings predicated upon working with others to continue to deliver services • Work with private and public partners to develop services and investment for the future to support the delivery of Capital Ambition objectives including the Capital Strategy • Multi-Agency Safeguarding Hub – working across multiple organisations and sharing information to promote a joint approach to the safeguarding of vulnerable children and Adults • Hubs – integration with other Agencies to provide the customer with a one-stop service • CCRCDC – working with other Authorities for the benefit of the wider region
<p>INTEGRATION</p>	<ul style="list-style-type: none"> • Integrated working – proposals for joint commissioning between the UHB, Cardiff and the Vale Council • Intermediate Care Fund with Health – promoting joint initiatives between the UHB and Council specifically in relation to discharges from hospitals • Integration of the Budget with the Council’s Priorities and Vision
<p>INVOLVEMENT</p>	<ul style="list-style-type: none"> • Two stage consultation process • Effort to engage with groups that have been traditionally less involved • Service user specific consultation on proposals where appropriate • Consideration of consultation feedback in drafting final budget proposal • Budget Scrutiny and engagement with key stakeholders – Schools Budget Forum, Trade Unions, staff

1. Executive Summary

This Executive Summary provides an overview of the Budget Consultation exercise and a summary of some of the key findings.

The consultation on these proposals ran from **16 November 2018** to **2 January 2019** via electronic survey distributed by social media and email, paper copies at libraries and hubs, postal delivery to selected households and face to face engagement.

A total of 2,078 responses were received to the electronic/postal surveys. Within this:

- More than two-thirds of respondents (68.0%) supported the proposal to increase school delegated budgets by £10.23m.
- Opinion was mixed on whether delegated school budgets should be protected with 45.1% agreeing, a quarter (24.4%) disagreeing, and three in ten (30.4%) unsure.
- Just under half (46.8%) supported the proposal to further transfer park assets to local sporting leagues and governing bodies, with 35.2% opposing.
- Three in five (59.2%) supported the proposal to secure a private tenant for the New Theatre to develop and sustain the current theatre offer in the city.
- Almost two-thirds of respondents (64.7%) supported the principle of reducing the subsidy of entertainment and art events.
- Nine in ten (89.6%) were in favour of increasing fines for littering.
- 91.8% supported a renewable energy scheme at Lamby Way. Investing further in these schemes was also strongly supported (86.7%).
- 84.3% of respondents supported increasing 'walking routes' to schools to improve air quality and encourage walking to school.
- Two thirds (64.5%) of respondents supported increasing the number of automated citizen enquiries. However, those with a disability showed the lowest level of support, with 48.9% in favour and 36.7% against.
- More than half (55.1%) supported increasing the cost of cremations and burials, whilst just under a third were against (32.8%).
- 77.5% supported the proposal to increase the cost of rehoming a dog or puppy.

2. Consultation methodology

Consultation on the Council's budget proposals for 2019/20 was undertaken by the Cardiff Research Centre. The consultation ran from 16 November 2018 to the 2 January 2019 and used a variety of online and face to face engagement methods.

a) Email

The survey was promoted via email to:

- The Citizens' Panel (approximately 6,000 residents)
- Councillors, Council Staff and Cardiff Public Services Board members
- Community Councils
- 100 third sector organisations working with target groups including Minority Ethnic, younger people and those with a disability.

Teams across the Council were encouraged to promote the survey (where GDPR¹ rules allowed) by emailing customers through existing email lists, particularly where budget proposals may affect specific groups.

The consultation was promoted to Council supported networks, including:

- Cardiff 50+ Forum
- Cardiff Access Forum
- Employee Black Minority Ethnic Network
- Cardiff Youth Council

A separate shorter survey of 5 key questions from the main survey and 3 demographic questions was distributed to secondary schools across Cardiff, offering entrance into a Prize Draw to win a £20 shopping voucher.

Any enquiries from the public were directed to consultation@cardiff.gov.uk where they were picked up by Cardiff Research Centre staff and directed to relevant officers across the Council.

b) Internet/Intranet

The consultation was given dedicated pages on the Councils website and promoted to Council employees via DigiGov, the Staff App and the Council's computer screen saver.

c) Social Media

The survey was promoted to almost 90,000 followers via Facebook and Twitter by the Corporate Communications Team throughout the consultation period.

¹ GDPR: General Data Protection Regulations

Targeted promotion was facilitated via stakeholder’s social media accounts and Facebook boosts aimed at those less frequently heard i.e. under 25’s, Minority Ethnic groups and those living in the ‘Southern Arc’² of the city.

A series of online polls³ were hosted on Facebook/Twitter to boost responses to key questions within the consultation.

d) Face to Face and Hard Copies

Posters and 2,500 hard copies of the consultation document (plus 500 Welsh) were distributed to libraries, hubs, core council buildings and community settings (Thornhill Church Centre, Dusty Forge and Chapter Arts). Drop boxes were provided in hubs and libraries for the public to deposit their returns. Council officers were on hand at Central Library and Grangetown Hub to answer questions.

Hard copies, with freepost return envelopes, were also delivered to selected streets in St Mellons, Llanrumney, Ely and Caerau (areas that typically have a poor response rate).

A facilitated focus group session was held with Diverse Cymru members.

² See Appendix B for map of ‘Southern Arc’

³ **Online polls:** Whilst the polls included links to the budget proposals, this detail was not included explicitly alongside each question due to the limit on characters or text visible in a post. Facebook polls also show a running total of responses and so could influence how people respond. These polls should be viewed as a gateway to the wider consultation. The results of the social media polls have not therefore been included in this report.

3. Results

The consultation ran from 16 November 2018 to the 2 January 2019.

A combined total of 2,078 validated responses were received (see **Appendix A** for respondent profile).

The following presents the results by well-being objective - Cardiff Council's priorities as set out in [Capital Ambition](#).

Responses are broken down by age, gender, ethnic background, Welsh Speakers, those with a disability and those living in the least or most deprived areas of the city.

In addition, the analysis includes the response from those living in the 'Southern Arc' of Cardiff which comprises the following electoral divisions: Adamsdown, Butetown, Caerau, Canton, Ely, Grangetown, Llanrumney, Riverside, Rumney, Splott, Trowbridge (see map at **Appendix B**)

Comments most frequently made, including those during face-to-face engagement, are included alongside the core data. For all survey comments please see **Appendix C**.

A summary of comments from the focus group facilitated by Diverse Cymru are included for relevant questions. Results of the Youth Survey are also included for relevant questions.⁴

⁴ 30 responses were received to the Youth Survey. Whilst an important contribution to the consultation, the survey response should be seen as providing contextual feedback and should not be treated as statistically robust.

3.1 Cardiff is a great place to grow up

The Council is committed to making Cardiff a great place to grow up for all children and young people. Priorities for 2019/20 are becoming a Child Friendly City, making every school a great school and reforming services supporting vulnerable children and families.

Residents' views were sought on:

- Increasing delegated funding to schools and protection of delegated school budgets
- Developing children and family help services to manage demand in children services
- Becoming a foster carer

School Budgets

The Councils' budget consultation proposed that the delegated budget to schools be increased by £10.23m in 2019/20. Though representing an increase in funding, this would be c.£3.5m less than the projected cost of delivering education for this financial year.

Q1. Do you support the proposal to increase the funding that the Council provides to schools, known as delegated school budgets by £10.23m or 4.43%?

More than two-thirds of respondents (68.0%) supported the proposal to increase school budgets by £10.23m.

Support was broadly similar across the demographic and geographic groups.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Schools need to share the burden	96	38.9	<ul style="list-style-type: none"> - <i>The protection of this budget to the detriment of other services is neither sustainable nor equitable.</i> - <i>Schools must take a fair share of budget reductions.</i> - <i>Schools should be subject to the same level of austerity as other services.</i>
Concerns over management of the money	64	25.9	<ul style="list-style-type: none"> - <i>Savings can be made with better budget management and more stringent spending and procurement.</i> - <i>I'm not confident in schools managing this budget. This should be managed centrally.</i> - <i>Funding to schools should be reduced, there is already far too much money wasted by schools.</i>
Opposed - protect schools	50	20.2	<ul style="list-style-type: none"> - <i>Schools are already hugely struggling and they should be a priority and given sufficient funding.</i> - <i>The increase should stay in line with what is required - it should be more.</i> - <i>The estimated cost of delivering education in 2019/2020 should be met in full.</i>
Identify extra income streams/savings	49	19.8	<ul style="list-style-type: none"> - <i>They need to look for other sources of funding.</i> - <i>I believe that parents should contribute to their children's education if required. Too much funding.</i> - <i>Too much money from council tax is spent on schools any increase should come from central government.</i>

Participants in the Diverse Cymru session supported the proposal to increase the delegated budget to schools, emphasising that education and early years support is vital to supporting children and families and to the future economy. It was also felt that schools could play a more active role in delivering extra-curricular provision for young people as well as providing a space for community groups and activities for local people of all ages.

Q2. Do you agree that these delegated school budgets should contribute to the financial challenge facing the Council?

Opinion was mixed on whether delegated school budgets should contribute to the financial challenge facing the Council, with 45.1% agreeing, a quarter (24.4%) disagreeing, and three in ten (30.4%) unsure.

Agreement was highest amongst respondents living in the least deprived areas of the city (52.1%), men and those aged 55 or older (both 49.5%).

Welsh speakers (34.5%), respondents under the age of 35 (30.8%) and those from a Minority Ethnicity (30.7%) were most strongly against this idea.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Schools need bigger/protected budget	328	48.1	<ul style="list-style-type: none"> - Education is imperative. I think that education is massively under funded - I believe that safeguarding, and indeed increasing, school budgets should be the primary priority - Schools getting money is more important than Councillors getting a salary increase.
Schools should face same challenges as other service areas	110	16.1	<ul style="list-style-type: none"> - No sector can be immune from the financial pressures affecting the Council, others would suffer. - Given finite resources, giving more to any one group means less to go elsewhere. - We're all in it together.
Schools need to manage their budgets efficiently	67	9.8	<ul style="list-style-type: none"> - If schools faced the same financial pressures they might manage their budgets appropriately - It may make them think about how they use the budgets as they do not seem to now - There must be efficiencies in school management that can be made before increasing budgets

Supporting Vulnerable Children: The Family Help and Support Project

The number of children in care in Cardiff has risen by 29% over the last two years alone. With a limited number of available foster placements and residential placements now costing on average £3,800 per week, taking early action to prevent care placements will both improve outcomes for vulnerable young people and be far more cost effective for the Council. The Family Help and Support Project will introduce three new services to provide support before the point of crisis and help reduce the need for children to be taken into care.

Q3. Would you be interested in being involved as these services are developed further?

12% (233) respondents were interested in being involved in the development of the Family Help and Support Project with 17.6% (342) unsure. Respondents who provided contact details will be invited to help develop the services.

Those most interested in being involved were women (17.8%), respondents living in the most deprived areas of the city (17.6%) and those from a minority ethnicity (17.1%).

Participants in the Diverse Cymru engagement session welcomed supporting children and families earlier. It was felt that community and third sector organisations have a vital role to play in early intervention and prevention and that this role should be further developed as an integral part of the service.

A new Fostering Service

When children in care in Cardiff are fostered by families living in the city not only do they experience better outcomes, it is more cost effective than other forms of care. To significantly increase the number of foster carers in Cardiff, the Council is launching a new fostering service in April 2019.

Q4. Would you be interested in learning more about becoming a foster carer?

77 respondents expressed an interest in learning more about becoming a foster carer. 60 went on to provide contact details and will be invited to information events to find out more and hear the stories of foster carers.

Q5. What would encourage you to consider a career in fostering?

Amongst those expressing an interest, of highest importance was “To be fully supported with the right help when I need it” (13.6%) followed by “Knowledge that you are making a positive change” (10.8%), “More information on the role” (10.5%) and “If I knew I had the skills necessary for the role” (10.3%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Age	85	48.6	<ul style="list-style-type: none"> - <i>I am a pensioner and not in a position to carry out foster care even if I wished to do so.</i> - <i>I just felt you should have had a box to say 'too old' to foster.</i> - <i>I believe that my age would preclude me from this vital work. I am 82 years old.</i>
Commitments	21	12	<ul style="list-style-type: none"> - <i>I would love to help but I have too many personal commitments.</i> - <i>It is not possible to foster and work.</i> - <i>Have grandchildren and time is devoted to them.</i>
Space	18	10.3	<ul style="list-style-type: none"> - <i>I don't have any spare bedrooms in my house currently.</i> - <i>Accommodation is too small.</i> - <i>If I had the space I would gladly help.</i>
Already a carer	17	9.7	<ul style="list-style-type: none"> - <i>I already have time consuming caring responsibilities and voluntary jobs.</i> - <i>I am struggling caring for my Mum - dementia.</i> - <i>I'm already a carer for a disabled family member.</i>

3.2 Cardiff is a great place to grow older

The number of older people aged between 65 and 84 is expected to rise by over 44% in the next 20 years. The number of people aged 85 and older is expected to nearly double by 2038.

Older people are healthier and happier if they are helped to live independently for as long as possible in their own home and communities. It is also far more cost effective, with a place in a residential home costing an average of £782 per week, growing to £888 for nursing home care and £1,925 for a hospital bed.

Priorities for 2019/20 are therefore helping older people live independently in their own homes, delivering a joined up approach to hospital discharge/return home services and delivering on the Council's commitment to becoming a Dementia Friendly City.

Residents' views were sought on:

- Care and support and life in older age
- Access to local facilities
- Purchasing assistive equipment

Q6. When you think about life in old age, what things worry you?

Respondents were most concerned about their “physical health” (75.1%) in older age and “not being able to look after myself” (70.0%).

Housework (19.6%) and shopping (18.1%) were of least worry.

Respondents with a disability and women typically showed a higher level of concern than men for all of the options provided. In particular, women were more likely to be concerned about loneliness in older age compared to men (66.8% and 44.9% respectively).

Q7. If, when you are older, you find it more difficult or are unable to look after yourself, or your home, what sort of care and support would you prefer?

Two-thirds of respondents (67.1%) would prefer support to stay in their own home with the second most preferred option, ‘moving into sheltered housing’, returning 16.9%.

29 respondents who preferred ‘Some other arrangement’ specified what this would be:

- Support to live in the community (mentioned by 10 respondents)
- Euthanasia (mentioned by 10 respondents)
- An appropriate care package meeting my particular needs
- Digital inclusion - online shopping and chat groups
- Outings, more mental health based activities
- Help to downsize but I still own my home.
- Help to buy a home as I worry about affording high rents/being taken advantage of
- Help with home tasks, house maintenance, gardening services.
- Somewhere with access to the outdoors and the option of keeping a pet

Respondents with a disability (76.5%), those aged 55 or over (73.7%), men (72.8%) and those living in the least deprived areas of the city (72.0%) were more likely to prefer being supported to stay in their own home.

Females (20.7%) and those living in the ‘Southern Arc’ (20.2%) were more likely than other groups to indicate a preference to move into sheltered housing.

Respondents from a minority ethnicity showed the greatest interest in moving into a residential care home (11.0% compared with 3.9% of all respondents): respondents under the age of 35 preferred the option of moving in with relatives (10.5% compared with 3.8% of all respondents).

Participants in the Diverse Cymru engagement session emphasised the need to be able to choose to stay in their own homes or move to alternative accommodation. Community support including support from the voluntary sector was seen as playing an important role in alleviating concerns about growing older, social isolation and loneliness. Better awareness of where to find help was seen as key.

Q8. What facilities would it be important for you to have in your close environment?

Doctors and Chemists were seen as the most important facilities to have close by, with 98.3% and 95.3% respectively rating these as ‘very’ or ‘quite’ important, followed by access to a social space (87.5%). This was consistent across demographic and geographic groups.

The majority of respondents felt that hairdressers/salon (68.7%) and a restaurant (61.6%) were not important to have in the close environment.

‘Other’ facilities mentioned were:

- Transport (mentioned by 8 respondents)
- Open Spaces (mentioned by 5 respondents)
- Library (mentioned by 5 respondents)
- Work opportunities
- Fast broadband
- Community Centres with activities and social opportunities
- Opportunity to be an active member of community
- A local bank
- A Pub
- A nutritionist

Respondents under the age of 35, Welsh speakers, and those from a minority ethnicity were most likely to rate a café and, to a lesser extent, a restaurant as important to have within the close environment.

What facilities would it be important for you to have in your close environment?

Restaurant

What facilities would it be important for you to have in your close environment?

Café

The consultation proposed to generate income of around £30k from the sale of assistive equipment ranging from trolleys to walking sticks, over bed tables and kitchen aids in a range of designs.

Q9. Is the purchase of such equipment something that would be of interest to you?

Just under a quarter of respondents (24.8%) expressed an interest in purchasing assistive equipment either for themselves or for a family member.

This service was of most interest to respondents identifying as disabled, of whom 29.5% were interested in purchasing such items for themselves and a further 14.8% for a family member.

3.3 Safe, confident and empowered communities

The Council is committed to making sure that communities are safe, and that people in Cardiff feel safe. Priorities for 2019/20 are continuing work around the delivery of Community and Wellbeing Hubs, supporting communities and citizens impacted by Brexit and community safety including tackling substance misuse and serious organised crime.

Residents' views were sought on:

- Further transfer of park assets to local sporting leagues and governing bodies
- Awareness of Dewis Cymru

Community sports buildings

Transferring sports buildings to local ownership has benefits for local clubs and organisations including greater security in their tenancy and an increased ability to attract external investment and grant aid. Further transfer of these facilities would result in savings to the Council of £25k.

Q10. Do you support the further transfer of park assets to local sporting leagues and governing bodies?

Just under half of those responding to this question (46.8%) supported the proposal to further transfer park assets to local sporting leagues and governing bodies, with 35.2% opposing.

Support for the proposal was highest amongst respondents under the age of 35 (54.2%) and men (51.4%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Opposed to the selling of assets	252	32.1	<ul style="list-style-type: none"> - <i>These are our assets. We've paid for them. Selling them now for short term gain (and on bad deals) is not good value.</i> - <i>These facilities should be owned and managed for everybody in Cardiff, not just small interest groups.</i> - <i>It says park assets - specifically these should remain in public ownership. They belong to all not just those who want to use them for a specific sport.</i> - <i>These are public assets. I strongly oppose handing these over to private groups!! It also ignores the safeguarding issue for disabled persons wishing or needing to use facilities that are becoming unregulated and inaccessible. I am disgusted at this proposal. It assumes all users are able-bodied and neuro-typical individuals with no personal impairment/s.</i>
Concern over sustainability in the long run	234	29.8	<ul style="list-style-type: none"> - <i>The financial business planning of the bodies and the long-term sustainability of them. What protections are in place to protect the use of the facilities and keep them as open as possible to the communities?</i> - <i>Concerned whether bodies can raise sufficient funds to maintain the buildings and facilities in good order. If they don't they should be a clause in the contract that they will pass back to the council.</i> - <i>I am concerned about the viability of this approach in the long term. What happens if a sports club, for whatever reason ceases to exist? Who then will be responsible for the parks etc?</i>
Restricted access	191	24.4	<ul style="list-style-type: none"> - <i>They become privately owned and therefore inaccessible to most people.</i> - <i>Lack of access to the general public i.e. closed clubs.</i> - <i>What safeguards are in place for disadvantaged/low income families to be able to access these facilities if costs spiral?</i>
Rising costs	148	18.9	<ul style="list-style-type: none"> - <i>Prices and management. Have gone up at our local leisure centre.</i> - <i>Doing this will rule out people who do not want to be a part of a club or may feel apprehensive about looking out of place. Also, this will end up with an increased cost of entry which again will alienate those who have the least to spend on exercise.</i> - <i>Park assets & Government bodies ARE PUBLIC PROPERTY and there for the benefit of everyone. Sale or transfer only means to private industry. That will lead to increased charges to the public who already own these facilities. I do understand the financial difficulties for the council, but some things should be sacrosanct. There has to be a way to keep these services in control of the council, while raising funds to support them WITHOUT a large influx of cash from the public purse via local taxation etc.</i>

Participants in the Diverse Cymru engagement session supported the proposal but were concerned that sports clubs and associations would need support before, during and after an asset transfer process to ensure that community sports buildings and associated community groups are not lost.

Dewis Cymru

Dewis Cymru is an online resource providing information and advice on issues relating to well-being to help people help themselves or others.

Awareness of Dewis Cymru was relatively low, with just under a fifth (19.5%) of respondents having heard of this service. 4.9% had used the service.

Q11. Have you head of Dewis Cymru? Have you used Dewis Cymru?

Awareness of the service was highest amongst women (25.9%).

3.4 A capital city that works for Wales

Cardiff plays a vital role in creating jobs and attracting investment into Wales. It aspires to be a capital city of international significance in the post-Brexit global economy.

It is also the home of Welsh sport, politics and culture and provides specialist public services to the people of the wider Capital Region.

Priorities for 2019/20 include the delivery of a new transport hub, a new indoor arena and the launch of a new industrial strategy for East Cardiff.

Residents' views were sought on:

- Securing private tenancy of the New Theatre
- Reducing subsidy of entertainment and art events

New Theatre

There is an opportunity for the Council to secure a private tenant for the New Theatre to develop the current theatre offer in the city. This proposal could secure savings of £404k.

Just under half of those surveyed (44.5%) had visited the New Theatre in the past year compared to 60.5% who had visited a theatre elsewhere in the city over this time period.

Q12. Have you visited the New Theatre in the last 12 months? Have you visited a theatre elsewhere in Cardiff in the last 12 months?

Women and those living in the least deprived areas of the city were most likely to have visited the New Theatre in the last 12 months. Welsh speakers were significantly more likely to have visited a theatre elsewhere in Cardiff than the New Theatre.

Respondents identifying as disabled were the least likely to have been to a theatre in the last year.

Q13. Do you support the proposal to secure a private tenant to develop and sustain the current theatre offer in the city?

Three in five respondents (59.2%) support the proposal to secure a private tenant for the New Theatre to develop and sustain the current theatre offer in the city.

Support for this proposal was highest amongst the under 35s (66.5%), men (65.2%), those living in the 'Southern Arc' (65.0%) and the most deprived areas of the city (64.1%). These groups had visited the New Theatre the least over the past 12 months.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Price increases	221	35.7	<ul style="list-style-type: none"> - <i>Concerned that private ownership may result in prices increasing to the point where theatregoers find them too expensive.</i> - <i>Profit margins will be of more concern to them than quality productions and safety.</i>
Quality /variety	147	23.7	<ul style="list-style-type: none"> - <i>The new tenant may restrict the variety of performances offered.</i> - <i>Continuity of service and standards.</i> - <i>As long as the quality and variation of what's on offer continues. Cardiff has something for everyone currently and I would hate to see that choice in culture and art reduce.</i>
Lack of accountability	138	22.3	<ul style="list-style-type: none"> - <i>What will be the conditions of this tenancy? Will the council have oversight to make sure the theatre remains accessible to people of different income means?</i> - <i>It would need to be safeguarded as a building so a new company couldn't simply knock it down and replace it with more student flats.</i> - <i>They must have the Council represented on the management side, with a veto if necessary to protect Cardiff's interest.</i>
Proposal is detrimental to the city's culture	116	18.7	<ul style="list-style-type: none"> - <i>'Culture' [including libraries] is one of the few locations where people of all ages, colours, classes and creeds can meet and are crucial for community cohesion and we have to be careful before we risk fragile infrastructure for short-term budgetary reasons.</i> - <i>The arts are vital and should not be left entirely to commerce.</i> - <i>The Council should maintain important cultural buildings to avoid the possibility of them being developed in the wrong way by private companies.</i>

Just over half (53.3%) of the young people taking part in the Youth Survey supported this proposal, whilst three in ten (30.0%) were against it.

Participants in the Diverse Cymru focus group session felt that the New Theatre is an important part of the cultural fabric of Cardiff, promoting diversity and understanding of different people's experiences across all protected characteristics. It was highlighted that schemes to ensure access for disabled people (Hynt), diverse communities and people on low incomes should continue under any new tenancy.

City Events

Cardiff Council subsidises a number of entertainment and art events. Whilst many are free and contribute to the economic and cultural vitality of the city, they involve significant costs of around £245k.

The Council is seeking views on the principle of reducing the subsidy and working to ensure that all future events are financially sustainable.

Events that could potentially be affected are Artes Mundi, Speedway Fan Zone, Step into Christmas, Cardiff 10K Run, Tafwyl, Classic Motor Rally and Welsh Proms.

Q14. Do you support the proposal to reduce the subsidy?

Almost two-thirds of respondents (64.7%) supported the principle of reducing the subsidy of entertainment and art events.

Support to reduce subsidies was highest amongst respondents living in the least deprived areas (71.7%) and over 55s (67.7%); it was lowest amongst Welsh Speakers (48.8%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Will adversely affect city in long run	227	34.4	<ul style="list-style-type: none"> - Cardiff is a capital city and we should ensure cultural and family events and activities of interest are maintained. They make Cardiff exciting, cultural and contribute to the city economy. - Further deterioration of the social and amenity fabric of the city. - These are all important events to the residents of Cardiff, as well as important to bring in visitors into the City. They put our city on a national, global stage and are vitally important to the image of our city.
Agree	195	29.6	<ul style="list-style-type: none"> - These events are unnecessary and should not be funded by council tax payers. - If money saved from not supporting these events means basic, essential services such as education, social services and policing gain then, unfortunately, we have to see the above as luxuries we cannot afford during times of austerity. - If funding is tight it is better in my view for the council to spend money on the basics such as dealing with the appalling condition of many roads, pavements and the litter situation across the city.
Investigate alternative funding options	175	26.6	<ul style="list-style-type: none"> - These events can be supported by local businesses who benefit from increased visitor numbers. - Some of these events could become non-free - e.g. a small fee for entry to the "Speedway Fan Zone", a small increase to the entry fee for the Cardiff 10k, etc. Alternatively smarter commercial sponsorship of these events to at least make them cost neutral to taxpayers.
Other event options to reduce funding / event by event cost benefit analysis	156	23.7	<ul style="list-style-type: none"> - Never heard of Tafwyl? Could the funding be reduced based on the success of each event? - The reduction in subsidy must be fairly distributed between the events so that none are put at an unfair disadvantage over another. - Maybe subsidy should be based on how green the event is. Runs and cycle events should get high subsidy. Events should get more if they provide less parking and more active travel.
We need to support these events	129	19.6	<ul style="list-style-type: none"> - I would not want these events to stop as a result of the reduction. I am against however the large new area in the bay, Motorpoint is enough. - Cardiff has a great team who run the events and it works well and is a show case for Cardiff, encouraging people to visit the City - Loss to cultural life in the city. Lack of suitable sponsors. Could affect young artists who can least afford to lose support in developing their artistic careers.

3.5 Cardiff grows in a resilient way

Cardiff's growth will create major economic and cultural opportunities. It will also put pressure on city infrastructures and public services. Ensuring this growth is sustainable and resilient will define Cardiff's development over the next 20 years.

Priorities for 2019/20 include building more Council homes and affordable housing, improving the quality of the road and cycling infrastructure, keeping the city's streets clean, reforming street scene services and hitting our recycling targets.

Residents' views were sought on:

- Increasing fines for littering
- The production of renewable energy at Lamby Way
- Investing further in renewable energy schemes
- 'Walking routes' to reduce reliance on other forms of school transport

Fines for littering

It is proposed to increase the charges for both general littering and smoke-related littering from £80 to £100.

Q15. Do you support the proposal to increase charges for littering?

There was overwhelming support to increase charges for littering, with nine in ten respondents (89.6%) in favour. Support was broadly consistent across all demographic and geographic groups.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Enforcement	358	57.3	<ul style="list-style-type: none"> - Good idea but will need more enforcement teams if it is going to work. - Who actually is monitoring / enforcing it currently - useless unless enforced. - I've never seen anyone being penalized for littering so what difference would £20 make?
A good idea	81	13	<ul style="list-style-type: none"> - No concerns, very good idea! Increase fines for dog fouling as well. - No concerns, this is a can kicked down the road for too long, it has huge implications for individuals & communities particularly. Act now.
£100 is not enough	67	10.7	<ul style="list-style-type: none"> - The charge should be a lot higher, around £150, including for dog fouling and other similar misdemeanours. Parking fines and speeding also. - Increase it further, or include some community service. Far too much litter. Provide more bins in hotspot areas also, if funds allow. - It is not enough. Fines should be backed up with community service orders
More waste bins	66	10.6	<ul style="list-style-type: none"> - Yes, but ensure there are accessible bins or places to dispose of litter so people are encouraged to comply. - Littering charges are understandable but there is a severe lack of bin facilities outside of the city centre, this is particularly an issue for people who walk/cycle who have fewer facilities to store litter on their person before a bin etc. is available. I have walked miles in the suburbs of the city with litter, before I have even come across one bin to dispose of it. - Necessary amount of bins should be around as well as ashtrays on top of these bins. If someone throws a cigarette and there isn't a visible ashtray around then they should not be fined. General litter is different as this should be kept by the person until a bin is found.

Participants in the Diverse Cymru session supported increased fines for littering. Enforcement of any fines was seen as key to tackling the problem of littering and dog fouling and participants highlighted that both issues are a concern for blind and visually impaired people in particular.

Two-thirds of the people taking part in the Youth Survey supported increasing the fines for littering; just under a quarter (23.3%) were against.

Generating Renewable Energy - Lamby Way Solar Farm Scheme

A scheme at Lamby Way Solar Farm will provide a substantial amount of clean, renewable energy to supply the local electricity grid and connected Council buildings and will also generate additional income of £30k for the Council from January 2020.

Q16. Do you support the Council in pursuing the production of renewable energy at Lamby Way?

Almost everyone responding to this question (91.8%) supported the pursuit of producing renewable energy at Lamby Way, with just 2.8% against this proposal. Again, support was broadly consistent across all demographic and geographic groups.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
No concerns	94	30.8	<ul style="list-style-type: none"> - No concerns - think it is important to continue to develop this technology. - Anything to do with renewable energy should be welcome.
Costs	93	30.5	<ul style="list-style-type: none"> - These costings of additional income are not deliverable. - Cost must be proportional to the benefits/output. - I have read the cost of building will be £15m and only start to deliver net cost benefits after c30 years. With current budget issues we should focus elsewhere. Better to wait 10 years for more efficient/cheaper solar harvesting technology.
Need More Info	45	14.8	<ul style="list-style-type: none"> - I would want to know what the economics of setting this up would be up against the savings over time. - Can the energy generated offset energy usage in council buildings, reducing the overall carbon-footprint? Can we explore the use of wind and tidal power also? - Proper long term assessment of the proposals (including future costs) and good contract management to ensure the Council isn't locked into a poor deal in future years.

Q17. Would you support the Council in investing further in renewable energy schemes?

There was also strong support for the Council investing further in renewable energy schemes (86.7%), with a similar response across the demographic and geographic groups.

Improving air quality – more walking routes to schools

Air pollution is a major public health issue particularly affecting the very young, the very old and those suffering ill health. Poor air quality can be a particular problem around schools, with congestion caused by pupils being dropped off and collected by car.

To reduce congestion, improve air quality and encourage young people to walk, the Council is looking to increase walking routes from home to school.

As well as removing transport requirements for schools, it could result in a saving of £30k.

Q18. Do you support an increase in ‘walking routes’ aimed at reducing a reliance on other forms of school transport?

84.3% of respondents supported increasing ‘walking routes’ to schools in a bid to improve air quality and encourage walking to school.

Support dropped slightly amongst respondents with school age children in their household, with 77.8% in favour. The proportion of this group against the proposal was almost double the overall proportion against the proposal (14.0% compared with 7.5%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Safety issues, traffic, dark nights, Anti-social behaviour, security, lighting	192	34.1	<ul style="list-style-type: none"> - Parents do not encourage children to walk to school due to safety issues and I'm not sure if this attitude would change. - Road safety and general safety. - Making these routes safe for children. Some drivers in Cardiff are maniacs and it can be dangerous for children to walk to school. - Poor street lighting, insufficient / poor condition pavements, inconsiderate parking and dangerous driving.
Congestion / Air pollution / Inconsiderate Parking - reduce cars	123	21.8	<ul style="list-style-type: none"> - Air pollution is an issue, and I can see why it's an issue for the Council especially surrounding schools but I do believe this is a wider public issue that Council shouldn't be 100% responsible for. The money the Council has is stretched enough! - The air pollution from wood burning stoves is also significant. But someone would need to be extremely brave to ban these. - Amount of traffic on the roads, pollution caused by stationary traffic and effect of this on school children inhaling these fumes especially asthmatics. - School traffic is a nightmare and adds to pollution. The difference in school holidays is marked, including easier access by bus.
Length of journey - House to School	76	13.5	<ul style="list-style-type: none"> - Distances to high schools are prohibitive for walking routes especially with only 3 Welsh high schools covering the city. - Keep local kids at local schools-my children always walked to school!! - We (and many others) didn't get a place at our catchment primary school, so walking is a pipe-dream for most parents.
Support for the proposal.	67	11.9	<ul style="list-style-type: none"> - None. Walking buses are a superb idea. - As long as it's an option and not forced upon you. - May help obesity problems.

In the Youth Survey, more than three quarters (76.7%) of young people supported the idea of walking routes to schools, compared to just 10.0% against.

3.6 Modernising and integrating our public services

In preparing this budget the priority has been to protect frontline services and therefore to challenge what the Council does to ensure it is getting the best value for money for every pound it spends.

Priorities for 2019/20 are moving as many services as possible online, applying technological solutions to internal business processes, making the most efficient use of the public sector estate and developing more opportunities to generate income.

Residents' views were sought on:

- Increasing 'Digital first' services
- Waste management online
- Council Tax e-billing
- Generating income (Bereavement and Dogs Home services)

'Digital First'

A number of services have adopted a 'Digital First' approach over the last 3 years. Going online gives residents 24/7 access to services, frees up officers to manage the most complex enquiries and results in savings that can be reinvested into front line services.

Q19. Do you support the proposal to increase the number of automated citizen enquiries?

Just under two-thirds of those surveyed (64.5%) supported the proposal.

Respondents who identify as disabled showed the lowest level of support for this proposal, with 48.9% in favour and 36.7% against.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Not everyone can access or is able to use the internet	357	48.4	<ul style="list-style-type: none"> - <i>Must take into account those who do not have access to technology.</i> - <i>Access for people without internet. This includes some vulnerable groups such as the elderly, disabled and poor.</i> - <i>Older residents could feel more isolated if they can't access such technologies.</i>
Prefer / need human interaction as an option	281	38.1	<ul style="list-style-type: none"> - <i>I talk to humans not machine.</i> - <i>Depends on the nature of the query, a person can be more helpful in some situations, it needs a thoughtful approach.</i> - <i>Some people prefer 'face to face' contact.</i> - <i>This is not appropriate for some people who need face to face access.</i>
Online systems are not good enough- slow / inaccurate / lacking options	144	19.5	<ul style="list-style-type: none"> - <i>Your online systems are terrible, I am still being charged for services I never had. You can't just make it all online without investment in decent systems.</i> - <i>Current automated and semi-automated systems already not fit for purpose.</i>

Q20. Would you be willing to access some Council services like waste management, through an online channel such as a website or App rather than communicating directly with a member of Council staff?

Around four in five respondents (79.0%) reported they would be willing to access some Council services via the Cardiff Council website – the most preferred means of contact of options provided. Just under half expressed interest in the Cardiff App (44.6%), with a quarter (25.5%) willing to access services via Hubs across the city.

Respondents were more willing to use the telephone to speak to a member of Council staff (18.5%) than use an automated voice telephone system (13.6%).

A significant proportion across all demographic groups were in favour of accessing services via a website. Respondents under 35 were more likely to be willing to use an App.

Women were more likely to use social media than men (23.7% versus 16.8%).

Respondents who identify as disabled were least likely to use the website (71.1%) or App (30.6%). They were notably more likely to prefer using traditional forms of contact such as telephone (25.6%), letter (10.0%) or face-to-face contact (19.4%) than other demographic groups.

	Overall	Under 35	55+	Female	Male	ME	Disability	Welsh Speaker
Base	1665	213	740	709	833	152	180	85
Yes...								
via the Cardiff Council Website	79.0	85.4	77.8	79.1	81.2	78.9	71.1	76.5
via the Cardiff App	44.6	63.8	33.1	41.6	49.0	42.1	30.6	52.9
via Social Media	19.3	30.0	12.2	23.7	16.8	23.7	20.0	21.2
via Hubs	25.5	35.2	23.5	27.2	24.4	25.0	23.9	22.4
via an automated voice telephone system	13.6	16.9	11.4	16.6	11.5	8.6	10.6	9.4
No, I prefer...								
Telephone	18.5	13.1	19.7	19.3	15.8	20.4	25.6	20.0
Letter	4.7	5.2	5.9	4.7	4.6	7.2	10.0	3.5
Face to face	9.2	8.5	9.9	8.9	8.2	15.1	19.4	7.1

Analysing responses geographically shows a broad consensus of opinion, although respondents living in the most deprived areas of the city were more willing to use the Cardiff App, social media and an automated voice telephone system than those from the least deprived areas.

	Overall	Most Deprived	Least Deprived	'Southern Arc'
Base	1665	102	365	370
Yes...				
via the Cardiff Council Website	79.0	82.4	80.0	80.8
via the Cardiff App	44.6	51.0	40.3	50.3
via Social Media	19.3	28.4	12.9	19.7
via Hubs	25.5	28.4	20.5	27.0
via an automated voice telephone system	13.6	15.7	10.1	14.1
No, I prefer...				
Telephone	18.5	20.6	16.7	15.7
Letter	4.7	3.9	3.0	4.6
Face to face	9.2	7.8	7.1	8.4

Participants in the Diverse Cymru session felt that automated services had their place but telephone and face-to-face options are also required to meet all needs. Language choice (not just English and Welsh) should be explored and the Council should work with disability organisations to ensure digital tools are as accessible as possible. Staff working in hubs and libraries should receive training to help residents access online services.

Two-thirds of those taking part in the Youth Survey (66.7%) supported the proposal for increasing automated services, ten times more than those against it (6.7%). Almost a quarter (23.3%) felt they didn't know.

E-billing for Council Tax

All Cardiff residents can now switch to e-billing for Council Tax meaning that bills, notifications and reminders will be sent electronically.

E-billing is faster and more efficient, it saves money for the Council on paper, materials and postage and has a positive environmental impact.

Residents were asked whether they used e-billing and if not about the barriers to signing up.

Q21. Have you signed-up to e-billing?

27.9% of respondents stated they were already using e-billing and 28.9% were intending to sign up. However, more than two-fifths (43.2%) did not indicate that they would sign up choosing the option 'I have not signed up to e-billing'.

Younger respondents (40.4%) and Welsh Speakers (38.4%) were most likely to have already signed up to e-billing; more than a third of respondents living in the most deprived areas of the city said they intended to sign up (34.0%).

More than half of respondents identifying as disabled (55.9%) stated they had not and did not intend to sign up for e-billing.

116 respondents indicated they would like to be contacted by a Council officer to receive help with setting up an e-billing account; of these, 89 people provided contact details. These people will be contacted following the consultation.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Not Aware	22	39.3	- Wasn't aware until completing this survey that I could do e-billing
Prefer Paper	9	16.1	- Would rather a paper bill for record keeping. - Council tax is a nightmare to deal with so prefer a paper bill and receipt
Don't want to	8	14.3	- Prefer not to - I believe this has an impact on jobs in other organisations. - I don't support online e-billing

Q22. We will be exploring further how digital services can be used to provide our citizens with a 24/7 consistent service for basic council services. With this in mind, would you be interested in becoming a digital tester?

A total of 467 respondents expressed an interest in becoming a digital tester. 408 people provided contact details and will be invited to test webpages for new online services. Webpages are currently been tested face to face in hubs.

Generating income and increasing fees & charges

One of the ways to meet the financial challenge the Council faces is to be more entrepreneurial, generating income that can be reinvested into supporting services.

In a recent survey, two-thirds of respondents agreed with proposals for the Council to undertake commercial activities.

Bereavement

Cardiff Council’s award-winning Bereavement Services are responsible for the undertaking of over 4,000 funerals per year as well as the upkeep and maintenance of seven sites.

Income has been consistently reinvested to ensure this valuable service is as good as it can be. It is proposed to increase the price of a cremation from £560 to £640 (an increase of 14.3%) and a burial from £660 to £760 (an increase of 15.2%).

The charges compare well with other local authority providers and would result in an estimated additional income of £301k.

Q23. Do you support the proposal to increase the cost?

More than half of those responding to this question (55.1%) supported the proposal to increase the cost of cremations and burials, whilst just under a third were against (32.8%).

The highest levels of support for this proposal came from those living in the least deprived areas of the city (64.2%) and men (62.2%).

Fewer than half of those living in the most deprived areas of the city (45.6%), respondents identifying as disabled (47.3%) and women (49.7%) supported this proposal.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Improve affordability	275	51.8	<ul style="list-style-type: none"> - There needs to be a tiered system so those on low incomes are not penalised for a death in their family. - Frankly, those who can pay should. Obviously some system needs to handle those who genuinely cannot pay the costs. - Help should be available to those who needed. People shouldn't be forced into debt to pay for a funeral.
Increases are too high	142	26.7	<ul style="list-style-type: none"> - If increases are needed, it should be in line with inflation (currently 2.51%), not 14.3-15.2%. It is unfair to load inflated costs to grieving families. - Huge increases not justified. People cannot afford these prices and they are only part of funeral costs. - Too expensive as is. You're taking advantage of people when they have no other choice
Unacceptable way to raise money	125	23.5	<ul style="list-style-type: none"> - Not the place to be making money. This is already expensive and hits people in a time of great distress. - Not an area that should be too market driven. - Financial exploitation of people in grief barely beggars belief at how low this Council has sunk.

Dogs Home

Cardiff’s award winning Dogs Home deals with nearly 1,000 dogs every year with the focus on the safety of dogs and residents.

In working towards a position whereby the Dogs Home can become financially self-sustainable in the future, it is proposed that the price of rehoming a puppy be increased from £160 to £170 and for other dogs the price is increased by £30, taking the range of prices from £120-£320 to £150-£350.

Q24. Do you support the proposal to increase the cost?

More than three quarters of respondents (77.5%) supported the proposal to increase the cost of rehoming a dog or puppy.

Support for this proposal was broadly consistent across demographic and geographic groups; respondents with a disability showed the lowest level of support (68.3%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Increased costs means fewer are able to be rehomed	163	45.9	<ul style="list-style-type: none"> - <i>By increasing the cost of rehoming you will reduce the number of people willing to adopt an animal.</i> - <i>It will put people off buying from the home. How about running courses on pet behaviour/ training your animals, to raise income?</i> - <i>An increase of £30 seems quite high in one go and may put some people off.</i>
No concerns - approve of the proposal	43	12.1	<ul style="list-style-type: none"> - <i>This is still a small amount compared to buying a bred pedigree and a vital service for all involved.</i> - <i>Prospective dog owners should be prepared to pay for the privilege of owning a dog.</i> - <i>So long as this doesn't discourage use.</i>

School Budgets

Q1. Do you support the proposal to increase the funding that the Council provides to schools, known as delegated school budgets by £10.23m or 4.43%?

247 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Schools need to share the burden	96	38.9	<ul style="list-style-type: none"> - <i>The protection of this budget to the detriment of other services is neither sustainable nor equitable</i> - <i>Schools must take a fair share of budget reductions.</i> - <i>Schools should be subject to the same level of austerity as other services.</i> - <i>Schools have been shielded from their fair share of making savings for too long.</i>
Concerns over the management of the money	64	25.9	<ul style="list-style-type: none"> - <i>Savings can be made with better budget management and more stringent spending and procurement.</i> - <i>I'm not confident in schools managing this budget. This should be managed centrally.</i> - <i>Funding to schools should be reduced, there is already far too much money wasted by schools.</i> - <i>Schools that I know of have been wasteful with funds. They should manage their finances better.</i>
Opposed/protect schools	50	20.2	<ul style="list-style-type: none"> - <i>Schools are already hugely struggling and they should be a priority and given sufficient funding.</i> - <i>The increase should stay in line with what is required - it should be more.</i> - <i>The estimated cost of delivering education in 2019/2020 should be met in full.</i>
Identify extra income streams/savings	49	19.8	<ul style="list-style-type: none"> - <i>They need to look for other sources of funding.</i> - <i>I believe that parents should contribute to their children's education if required. Too much funding</i> - <i>Too much money from council tax is spent on schools any increase should come from central government.</i>
Incomplete data	3	1.2	<ul style="list-style-type: none"> - <i>Schools currently miss-manage their delegated budgets</i>
Miscellaneous	38	15.4	<ul style="list-style-type: none"> - <i>What is the spend per pupil and what is enough money to provide a good education per pupil?</i> - <i>Those that have only just entered this country should pay to have their children schooled!!</i> - <i>Because I don't have or want children.</i>

Q2. Do you agree that these delegated school budgets should contribute to the financial challenge facing the Council?

682 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Schools need bigger/ protected budget	328	48.1	<ul style="list-style-type: none"> - Schools need as much as they can get! - I believe that safeguarding, and indeed increasing, school budgets should be the primary priority - Schools getting money is more important than councilors getting a salary increase. - Education is imperative. I think that education is massively under funded
Schools should face same challenges as other service areas	110	16.1	<ul style="list-style-type: none"> - No sector can be immune from the financial pressures affecting the Council, others would suffer. - Because when times are lean all areas need to contribute. - Given finite resources, giving more to any one group means less to go elsewhere. - We're all in it together.
Schools need to manage their budgets efficiently	67	9.8	<ul style="list-style-type: none"> - If schools faced the same financial pressures they might manage their budgets appropriately - It may make them think about how they use the budgets as they do not seem to now - There must be efficiencies in school management that can be made before increasing budgets
Utilise reserves/resources from elsewhere	35	5.1	<ul style="list-style-type: none"> - Primary schools carried forward 7 million in 17/18. These reserves should be utilised. - I suggest schools used by well-off parents could possibly have lower funding than those in poorer area - If you cut bilingual education, can contribute even more
Review increase in spending	35	5.1	<ul style="list-style-type: none"> - Any increase in spending should be reviewed and addressed. - All expenditure needs to be analysed. Ideally there would be more money but times are not ideal - Do we really need breakfast clubs? Cap teachers' pay.
Government responsibility/ centralise	32	4.7	<ul style="list-style-type: none"> - Welsh assembly should take control - Central funding from Westminster should be ring-fenced and enough to maintain the current funding pot - Should be adequately funded from government
Schools aren't the only service the council provides	20	2.9	<ul style="list-style-type: none"> - Parks and leisure cannot continue to bear the brunt of cuts, they are also essential to health and well-being - The pressure to support older and sick residents is growing and we are falling short on our provision - Appreciate the need for schools but as a childless person don't want services I use to be impacted
Miscellaneous	104	15.2	<ul style="list-style-type: none"> - I don't understand how they would contribute - Because if the Council was run like a business it would be managed more effectively - I suspect you're asking indirectly for us to agree to put up council tax - don't trust you

Supporting Vulnerable Children

A new Fostering Service

Q4. Would you be interested in learning more about becoming a foster carer?

Q5. What would encourage you to consider a career in fostering?

175 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Age	85	48.6	<ul style="list-style-type: none"> - I am a pensioner and not in a position to carry out foster care even if I wished to do so. - I just felt you should have had a box to say 'too old' to foster. - I believe that my age would preclude me from this vital work. I am 82 years old.
Commitments	21	12	<ul style="list-style-type: none"> - I would love to help but I have too many personal commitments. - It is not possible to foster and work. - Have grandchildren and time is devoted to them.
Space	18	10.3	<ul style="list-style-type: none"> - I don't have any spare bedrooms in my house currently. - Accommodation is too small. - If I had the space I would gladly help.
Already Carer	17	9.7	<ul style="list-style-type: none"> - I already have time consuming caring responsibilities and voluntary jobs. - I am struggling caring for my Mum - dementia. - I'm already a Carer for a disabled family member.
Time	13	7.4	<ul style="list-style-type: none"> - Having the adequate time in my days to offer what a foster child would need. I'd love to do it. - I work full time as a head teacher in one of the city's schools. I would love to foster when I retire.
Maybe in the future	9	5.1	<ul style="list-style-type: none"> - Waiting for the right time for my family to be in a position to take on a foster child. - In the future, when my children are grown-up.
Lack of support	5	2.9	<ul style="list-style-type: none"> - I've seen friends do this and there is insufficient support.
Health difficulties	5	2.9	<ul style="list-style-type: none"> - Sadly the levels of disability I have would make me useless for effective foster caring.
Miscellaneous	18	10.3	<ul style="list-style-type: none"> - I lack the skills to look after myself properly, I don't have the skills to look after anyone else. - I would like to know more about it so I can pass on the information/spread the word.

Safe, confident and empowered communities

Community sports buildings

Opposed to the selling of assets	252	32.1	<ul style="list-style-type: none"> - <i>These are our assets. We've paid for them. Selling them now for short term gain (and on bad deals) is not good value.</i> - <i>These facilities should be owned and managed for everybody in Cardiff, not just small interest groups.</i> - <i>It says park assets - specifically these should remain in public ownership. They belong to all not just those who want to uses them for a specific sport.</i> - <i>These are public assets. I strongly oppose handing these over to private groups!! It also ignores the safeguarding issue for disabled persons wishing or needing to use facilities that are becoming unregulated and inaccessible. I am disgusted at this proposal. It assumes all users are able-bodied and neurotypical individuals with no personal impairment/s.</i>
Concern over sustainability for community groups in the long run	234	29.8	<ul style="list-style-type: none"> - <i>These groups may not be able to sustain maintaining the buildings.</i> - <i>Concerned about whether the facilities will be properly maintained and will continue to be community assets.</i> - <i>The financial business planning of the bodies and the long-term sustainability of them. What protections are put in place to protect the use of the facilities and keep them as open as possible to the communities?</i> - <i>That these bodies can raise sufficient funds to maintain the buildings and facilities in good order. If they don't they should be a clause in the contract that they will pass back to the council.</i> - <i>I am concerned about the viability of this approach in the long term. What happens if a sports club, for whatever reason ceases to exist? Who then will be responsible for the parks etc?</i>
Restricted access	191	24.4	<ul style="list-style-type: none"> - <i>They become privately owned and therefore inaccessible to most people.</i> - <i>Lack of access to the general public i.e. closed clubs.</i> - <i>What safeguards are in place for disadvantaged/low income families to be able to access these facilities if costs spiral?</i>
Rising costs	148	18.9	<ul style="list-style-type: none"> - <i>Prices and management. Prices already up at local leisure centre.</i> - <i>Doing this will rule out people who do not want to be a part of a club or may feel apprehensive about looking out of place. Also, this will end up with an increased cost of entry which again will alienate those who have the least to spend on exercise.</i>

			<ul style="list-style-type: none"> - <i>Park assets & Government bodies ARE PUBLIC PROPERTY and there for the benefit of everyone. Sale or transfer only means to private industry to raise funds etc. That will lead to increase charges to the public who already own these facilities. I do understand the financial difficulties for the council, but some things should be sacrosanct. There has to be a way to keep these services in control of the council, while raising funds to support them WITHOUT a large influx of cash from the public purse via local taxation etc.</i>
Good idea, supportive of the proposal	28	3.6	<ul style="list-style-type: none"> - <i>Yes, as they will show greater care and generate more investment of time and money. Transitional support may be required though.</i> - <i>Cardiff Council aren't capable of looking after these areas, so better to give them to someone who can.</i> - <i>As long as public access is maintained.</i>
Miscellaneous	135	17.2	<ul style="list-style-type: none"> - <i>The usual issue, multiple use causes problems, particularly by inconsiderate cyclists and dog walkers.</i> - <i>Cost savings of £25k appears tiny compared to the likely costs to administer.</i>

A capital city that works for Wales

New Theatre

Q13. Do you support the proposal to secure a private tenant to develop and sustain the current theatre offer in the city?

619 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Price increases	221	35.7	<ul style="list-style-type: none"> - Private company profits meaning increases in ticket prices etc. - Concerned that prices will go sky high when run by private people. - That private ownership may result in prices increasing to the point where theatregoers find them too expensive. - That profit margins would be of more concern to them than quality productions and safety.
Quality /variety	147	23.7	<ul style="list-style-type: none"> - The new tenant may restrict the variety of performances offered. - Quality of show (but currently highly variable) Failure of private company. - Continuity of service and standards. - As long as the quality and variation of what's on offer continues. Cardiff has something for everyone currently and I would hate to see that choice in culture and art reduce.
Lack of accountability	138	22.3	<ul style="list-style-type: none"> - What will be the conditions of this tenancy? Will the council have oversight to make sure the theatre remains accessible to people of different income means? - It would need to be safeguarded as a building so a new company couldn't simply knock it down and replace it with more student flats. - They must have the council represented on the management side, with a veto if necessary to protect Cardiff's interest.
Proposal is detrimental to the city's culture	116	18.7	<ul style="list-style-type: none"> - 'Culture' [incl. libraries] is one of the few locations where people of all ages, colours, classes and creeds can meet and are crucial for community cohesion and we have to be careful before we risk fragile infrastructure for short-term budgetary reasons. - The arts are vital and should not be left entirely to commerce. - The Council should maintain important Cultural building to avoid the possibility of them becoming developed in the wrong way by Private Companies.
Agree with the proposal with no concerns.	53	8.6	<ul style="list-style-type: none"> - No concerns. The New Theatre should be a commercial venture. - As long as the theatre is well-managed by a competent body, this could be a good move. I was involved with the Theatre Royal in Brighton which was very successful and received no public financial support.

			<ul style="list-style-type: none"> - All arts and leisure facilities should be self-sustaining or scrapped. There are too many 'hangers on' in this sector. Council has no obligation to keep subsidising these entertainments. The same should apply to galleries too - this council puts too much into trashy art projects. ensure they are self-sustaining and stop giving them so much money
Need More Info	45	7.3	<ul style="list-style-type: none"> - Need more detail to know if it is sustainable-does this model work elsewhere? - Would need to see further details to make any comments. - What are the implications? What will the relationship be, what are the terms and conditions?
Why can't council manage like proposed new tenant	26	4.2	<ul style="list-style-type: none"> - If a private tenant can operate the New Theatre profitably, why can't the council? - If a private company can make a profit, why can't the council. Ultimately a transfer of ownership will result in higher cost to the consumer. - Why have someone else to make money from something the Council could run, if run properly, it's an opt out!
Model for Leisure Centres was wrong	12	1.9	<ul style="list-style-type: none"> - Same as with leisure centres. We rent these facilities out and get them back in a poor state of repair. Tenants must be made to hand facilities back in same state that they rented them, Private landlords do this with low income tenants, the council should insist on this with private theatre tenants. They should also make one person accountable so that private companies cannot declare bankruptcy and avoid responsibilities to the venues at the end of tenancy. Again, it is absurd that the council cannot operate these facilities either with profit or cost neutral. - It seems that all the council wants to do is to transfer all leisure facilities to the private sector for short term gain if those continues we will need to look at the overall council management costs.
Venue is poor	10	1.6	<ul style="list-style-type: none"> - Seats were very cramped and uncomfortable - won't be going back.
Miscellaneous	80	12.9	<ul style="list-style-type: none"> - That you ask this question every year and still haven't done anything about it. - Ensure they understand Welsh culture and language

A capital city that works for Wales

City Events

Q14. Do you support the proposal to reduce the subsidy?

659 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Will adversely affect city in long run	227	34.4	<ul style="list-style-type: none"> - <i>Events in Cardiff are fantastic for the city in terms of the economy but also the profile of the city and I wouldn't want this to result in fewer major events coming to Cardiff.</i> - <i>Cardiff is a capital city and we absolutely should ensure cultural and family events and activities of interest are maintained. They make Cardiff exciting, vibrant and cultural and contribute to the city economy.</i> - <i>Further deterioration of the social and amenity fabric of the city.</i> - <i>These are all important events to the residents of Cardiff, as well as important to bring in visitors into the City. They put our city on a national, global stage and are vitally important to the image of our city. Our Step into Christmas event was well received last week... just look at the press Swansea's switch on event had when they cut costs - not good press/publicity!</i>
Agree	195	29.6	<ul style="list-style-type: none"> - <i>These events are unnecessary and should not be funded by council tax payers.</i> - <i>How soon can they be ditched?</i> - <i>If money saved from not supporting these events means that basic, essential services such as education, social services and policing gain then, unfortunately, we have to see the above as luxuries we cannot afford during times of austerity.</i> - <i>If funding is tight it is better in my view for the council to spend money on the basics such as dealing with the appalling condition of many roads, pavements and the litter situation across the city.</i>
Investigate alternative funding options	175	26.6	<ul style="list-style-type: none"> - <i>These events can be supported by local businesses who benefit from increased visitor numbers.</i> - <i>Some of these events could become non-free - e.g. a small fee for entry to the "Speedway Fan Zone", a small increase to the entry fee for the Cardiff 10k, etc. Alternatively smarter commercial sponsorship of these events to at least make them cost neutral to taxpayers.</i> - <i>There could be more commercial sponsorship of these events. Business benefits greatly. Some people are inconvenienced by the coca cola Truck visit in recent years is a prime example of inconvenience caused for many for promoting a sugary drink?</i>

Other event options to reduce funding / event by event cost benefit analysis	156	23.7	<ul style="list-style-type: none"> - <i>Never heard of Tafwyl? Could the funding be reduced based on the success of each separately?</i> - <i>The reduction in subsidy must be fairly distributed between the events so that none are put at an unfair disadvantage over another.</i> - <i>Though maybe subsidy should be based on how green the event is. Runs and cycle events should get high subsidy, events should get more if they provide less parking and more active travel.</i>
We need to support these events	129	19.6	<ul style="list-style-type: none"> - <i>I would not want these events to stop as a result of the reduction. I am against however the large new area in the bay, Motorpoint is enough</i> - <i>Cardiff has a great team who run the Events and it works well and is a show case for Cardiff, encouraging people to visit the City</i> - <i>Loss to cultural life in the city. Lack of suitable sponsors. Could affect young artists who can least afford to lose support in developing their artistic careers.</i>
Need more information	30	4.6	<ul style="list-style-type: none"> - <i>This question is too vague to be able to give an informed answer. I would not support any reduction to any event that is for benefit of or supports disabled people for example. Each event should be looked at on its merits in terms of how many people it supports and what it encourages.</i> - <i>Has an efficient report been compiled taking into account possible transfers to other venues for at least some of the above activities?</i> - <i>How are the current subsidies prioritised?</i>
Miscellaneous	52	7.9	<ul style="list-style-type: none"> - <i>Reducing access to the poorest.</i> - <i>The less subsidy the Council pays for events, the more these events are controlled by private interests, and the more exclusive they become.</i> - <i>I don't partake in, nor observe any of the above. I don't even KNOW anybody that takes part in these events. I don't even know what some of these events are.</i>

Cardiff grows in a resilient way

Fines for littering

Q15. Do you support the proposal to increase charges for littering?

625 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Enforcement	358	57.3	<ul style="list-style-type: none"> - Good idea but will need more enforcement teams if it is going to work. - The charge itself isn't the problem, there isn't anywhere near enough enforcement. - Who actually is monitoring / enforcing it currently - useless unless enforced. - I've never seen anyone being penalize for littering so what difference would £20 make?
None, think this is a good idea	81	13	<ul style="list-style-type: none"> - None, very good idea! Increase fines for dog fouling as well. - This is a great idea! - None, this is a can kicked down the road for too long, it has huge implications for individuals & communities particularly. Act now. - No concerns.
£100 is not enough	67	10.7	<ul style="list-style-type: none"> - The charge should be a lot higher, around £150, including for dog fouling and other similar misdemeanours. Parking fines and speeding also. - Increase it further, or include some community service. Far too much litter. Provide more bins in hotspot areas also, if funds allow. - It is not enough. Fines should be backed up with community service orders
Improved waste collection	66	10.6	<ul style="list-style-type: none"> - But ensure there are accessible bins or places to dispose of litter so people are encouraged to comply. - Littering charges are understandable but there is a severe lack of bin facilities outside of the city centre, this is particularly an issue for people who walk/cycle who have less facilities to store litter on their person before a bin etc. is available, as the city wants to increase sustainable transport an eye on supporting infrastructure for these routes need to be considered. I have walked miles in the suburbs with litter, before I have even come across one bin to dispose of it. - Necessary amount of bins should be around as well as ashtrays on top of these bins. If someone throws a cigarette and there isn't a visible ashtray around then they should not be fined. General litter is different as this should be kept by the person until a bin is found.
Education	53	8.5	<ul style="list-style-type: none"> - Better education is needed to change people's views on littering, maybe incentives could be brought in for recycling etc. as they do in the Nordic countries. - It's just a money making exercise rather than raise awareness and educate people about caring for the environment. - We need as much education as punishment, common sense has to be applied to the scheme.

Unfair fining	48	7.7	<ul style="list-style-type: none"> - As long as residents aren't unduly penalised for putting the wrong item in the wrong bin. - 'Petty' officials zeroing in on people who accidentally/ unknowingly litter by pulling a tissue out of pocket to wipe kids nose etc. (e.g.) as reported in the press. - Hasn't worked so far. Fines are disproportionate to a large number of recipients as they are not means tested.
Fly tipping	46	7.4	<ul style="list-style-type: none"> - Open the closed recycling centres. That would reduce fly tipping save money by not having to clear up the mess. - It should have happened already and while you're at it clamp down on fly tipping too. - If fines are imposed, more and more people will fly tip away from their area to avoid detection, this will impact on other areas of the City and green spaces.
What will this cost /generate	38	6.1	<ul style="list-style-type: none"> - Who will administer and enforce these charges? Will payments always be collected? How much will it cost to administer and enforce? - Cardiff is filthy - how are these fines currently enforced? How much was raised from these fines in the last fiscal year?
Put pressure on landlords/ reduce number of fast food and licensed premises	28	4.5	<ul style="list-style-type: none"> - There is a need to focus on the city centre and also streets such as City Road. It is necessary to ensure that private landlords in areas such as Cathays are responsible for litter outside their houses. - Fast food outlet cause most of this rubbish. Why can't people eat largely at home? Fewer fast food outlets which neatly joins up with the health agenda since fast food is high in salt and sugar. Shut down drinking places at midnight to relieve the cost of stewarding the centre of town and reduce drinking to excess. Drastically reduce number of licensed premises. This accords with Council's stated well-being agenda and future generations. You don't need to be drunk to have a good time!
Administration	28	4.5	<ul style="list-style-type: none"> - Catching people who drop litter or 'fly-tippers' would be difficult so the increase in fine s would go to some extend to fund the administration of the process.
Dog Fouling	9	1.4	<ul style="list-style-type: none"> - More should be done to tackle dog and cat fouling too
Miscellaneous	53	8.5	<ul style="list-style-type: none"> - If at today's prices they can afford to smoke/litter they can afford to pay fines!! - Littering is ugly, unhygienic and litter problems are increasing. - Cardiff needs a clean city policy.

Cardiff grows in a resilient way

Generating Renewable Energy - Lamby Way Solar Farm Scheme

Q16. Do you support the Council in pursuing the production of renewable energy at Lamby Way?

305 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
No concerns	94	30.8	<ul style="list-style-type: none"> - Think it is important to continue to develop this technology. - None, this is a superb idea. - Anything to do with renewable energy should be welcome.
Costs	93	30.5	<ul style="list-style-type: none"> - These costings of additional income are not deliverable. - Cost must be proportional to the benefits/output. - I have read the cost of building will be 15 million and only start to deliver net cost benefits after c30 years. With current budget issues we should focus elsewhere. Solar panels are not as efficient as advertised and very costly. Better to wait 10 years for more efficient and cheaper solar harvesting as the technology develops.
Need More Info	45	14.8	<ul style="list-style-type: none"> - I would want to know what the economics of setting this up would be up against the savings over time. - Can the energy generated offset energy usage in council buildings, reducing the overall carbon-footprint? Can we explore the use of wind and tidal power also? - Proper long term assessment of the proposals (including future costs) and good contract management to ensure get the Council isn't locked into a poor deal in future years.
Management	30	9.8	<ul style="list-style-type: none"> - It is poorly managed and becomes uneconomical. - The costs exceed the income. Councils not generally good at running a business?
Other power sources	23	7.5	<ul style="list-style-type: none"> - How about a hydro-electric weir at the bay barrage? - 1. That we don't get enough sunny days! 2. How do we propose to store the power for use at peak periods - Australia's Snowy Mountains Hydro Electric scheme uses off peak power generated by conventional, wind and solar systems, to pump water up the mountain and then run it back down at peak times to put power back into the grid, like a huge potential energy battery. We have enough water and mountains to do something similar in Wales. - I studied renewable energy and solar power as a student and as an engineer for many years both in Wales on Flatholm and elsewhere. I have found that in an effort to convince people to use solar in this country, the figures have been exaggerated and that in reality due to the climate, it does not create the amounts of power claimed.
Environment	14	4.6	<ul style="list-style-type: none"> - Caution about any adverse effect on wildlife. - Impact on environment.

Space	9	3.0	- <i>Could the space be used better?</i>
Incomplete data	1	0.3	- <i>£30k is nothing, how much do you get from the Methane recovery? This is a pointless venture with no rear return.</i>
Miscellaneous	63	20.7	- <i>Must install CCTV and security.</i> - <i>Changing legislation on any central grants that provide part of the payback on this tech.</i>

Cardiff grows in a resilient way

Improving air quality – more walking routes to schools

Q18. Do you support an increase in ‘walking routes’ aimed at reducing a reliance on other forms of school transport?

563 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Safety issues, traffic, dark nights, anti-social behaviour, security, lighting	192	34.1	<ul style="list-style-type: none"> - Parents do not encourage children to walk to school due to safety issues and I’m not sure if this attitude would change. - Road safety and general safety. - Making these routes safe for children. Some drivers in Cardiff are maniacs and it can be dangerous for children to walk to school. - Poor street lighting, insufficient / poor condition pavements, inconsiderate parking and dangerous driving.
Congestion / Air pollution / Inconsiderate Parking - reduce cars	123	21.8	<ul style="list-style-type: none"> - Although air pollution is an issue, and i can see why it’s an issue for the council especially surrounding schools. I do believe this is a wider public issue that council shouldn’t be 100% responsible for. The money the council has is stretched enough! - The air pollution from wood burning stoves is also significant. But someone would need to be extremely brave to ban these. - Amount of traffic on the roads pollution caused by stationery traffic and effect of this on school children inhaling these fumes especially asthmatics. - School traffic is a nightmare and adds to pollution. The difference in school holidays is marked, including easier access by bus.
Length of journey - House to School	76	13.5	<ul style="list-style-type: none"> - Distances to high schools are prohibitive for walking routes especially with only 3 welsh high schools covering the city. - Keep local kids at local schools-my children always walked to school!! - We (and many others) didn't get a place at our catchment primary school, so walking is a pipe-dream for most parents.
Support for the proposal.	67	11.9	<ul style="list-style-type: none"> - None. Walking buses are a superb idea. - As long as it's an option and not forced upon you. - May help obesity problems.
Parents need to get kids to school, get to work etc. Car is the only option	58	10.3	<ul style="list-style-type: none"> - Walking routes are great but with pressures on household income meaning both parents need to work, not practical. - With so many working parents who, although they would like not to be so reliant on motor transport - time constraints take the choice away from them. - Most parents are working and do not have time to get to work if they walk children to school. Not many jobs start at 10.00 am!
Feel this is a losing battle, people are lazy, too dependent on cars/ impractical.	45	8.0	<ul style="list-style-type: none"> - Parents and their kids are lazy. Won't get them to join in easily. - They will simply ignore it, kids these days are bone idle. - People are lazy!

Cycle routes, encourage kids to cycle/improve routes etc.	37	6.6	<ul style="list-style-type: none"> - But it would be good too to focus on safe cycle routes for older children. Lots of older children live too far away to walk but would cycle if it was safer. - It is always an afterthought, and the council are too weak to insist that all new housing developments have the infrastructure in place for dedicated walking or cycling. - Better cycle routes for young people and children for schools, as well as road safety lessons at schools.
Not in the dark, cold & rainy winter months	24	4.3	<ul style="list-style-type: none"> - Great Britain is too cold, wet and windy! They won't be used, it's a 'white elephant'. - Winter usage. Do these only solve the problem for half of the year?
Improve road infrastructure	23	4.1	<ul style="list-style-type: none"> - The transport in Cardiff needs an overhaul especially on east side as there is no train service. - That not enough is spent on this. Road resurfacing can wait, get the cycling, pedestrian and bus routes sorted first.
Cost effective?	23	4.1	<ul style="list-style-type: none"> - I don't believe they would meet cost/benefit criteria. People will continue to use their cars. - Waste of money.
Implement properly.	18	3.2	<ul style="list-style-type: none"> - Bad implementation. Please do this properly, even if it means drastic changes to road access.
School Buses	17	3.0	<ul style="list-style-type: none"> - Have school buses been considered? Many parents are uncomfortable about their children walking to school on their own.
Encourage parents children to walk bike etc. educate them on the health benefits	15	2.7	<ul style="list-style-type: none"> - Not enough children who are able to, are walking to school. It is important for health reasons as well as traffic reduction. Perhaps parents need to be educated. Many secondary pupils could be walking.
Need to consider Ability	11	2.0	<ul style="list-style-type: none"> - Not all children are adequately mobile to walk. They will therefore feel further isolated if they are different because they do not use walking routes.
Need reliable public transport	9	1.6	<ul style="list-style-type: none"> - People used to drive to the start of the walking bus thus just pushing the pollution elsewhere. We need better public transport and safe cycle routes.
Uptake?	10	1.8	<ul style="list-style-type: none"> - It would be worth finding out how many would transfer to walking before investing funds into it.
Miscellaneous	57	10.1	<ul style="list-style-type: none"> - Contact the Welsh government for fairer funding for public services and lobby directly for a significant increase to council budgets as a matter of course. - More information required.

Modernising and integrating our public services

Q19. Do you support the proposal to increase the number of automated citizen enquiries?

737 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Not everyone can access or is able to use the internet	357	48.4	<ul style="list-style-type: none"> - Must take into account those who do not have access to technology. - Access for people without internet. This includes some vulnerable groups such as the elderly, disabled and poor. - Older residents could feel more isolated if they can't access such technologies. - Difficulties for those without easy access to internet.
Prefer / need human interaction as an option	281	38.1	<ul style="list-style-type: none"> - I talk to humans not machine. - Depends on the nature of the query, a person can be more helpful in some situations, it needs a thoughtful approach. - Some people prefer 'face to face' contact. - This is not appropriate for some people who need face to face access.
Online systems are not good enough-slow / inaccurate / lacking options	144	19.5	<ul style="list-style-type: none"> - Your online systems are terrible, I am still being charged for services I never had. You can't just make it all online without investment in decent systems. - Current automated and semi-automated systems already not fit for purpose. - I cannot see how your current could get any worse.
Needs investment / improvement / Bilingual / good user experience	81	11.0	<ul style="list-style-type: none"> - There are some queries that fell outside an online system and telephones should be manned to an appropriate level to ensure call are answered quickly. - A good system must be in place - prompt, clear, user-friendly, with contacts easily re-accessed if there are any on-going problems. 'Automated' must not become anonymous or confusing or unable to accommodate individual needs. Telephone communication must always be an alternative option with experienced knowledgeable staff. - These would all have to available in both official languages to ensure equality of use.
Job Losses	17	2.3	<ul style="list-style-type: none"> - That this will result in redundancies - jobs should be protected in an already overly stretched council - Only concern is front line staff being made redundant. - Loss of jobs - for those people who currently provide the service.

<p>Happy with service</p>	<p>14</p>	<p>1.9</p>	<ul style="list-style-type: none"> - <i>Do it... who wants to wait for the phone to be answered. Actually who wants to speak to a person... online/apps/AI is the future</i> - <i>Certainly is easy to use but it is nice to be able to speak to somebody in times of need.</i> - <i>Prompt service in answering queries.</i>
<p>Miscellaneous</p>	<p>33</p>	<p>4.5</p>	<ul style="list-style-type: none"> - <i>Did you propose this last year.... one year on an no progress?!</i> - <i>Should be a choice.</i> - <i>It's not clear from this page or the last what an automated citizen enquiry is...</i>

E-Billing for Council Tax

Q21. Have you signed-up to e-billing?

56 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Not Aware	22	39.3	<ul style="list-style-type: none"> - <i>Wasn't aware of it.</i> - <i>I didn't know it was available</i> - <i>Wasn't aware until completing this survey that I could do e-billing</i>
Prefer Paper	9	16.1	<ul style="list-style-type: none"> - <i>Would rather a paper bill for record keeping.</i> - <i>Council tax is a nightmare to deal with so prefer a paper bill and receipt</i>
Don't want to	8	14.3	<ul style="list-style-type: none"> - <i>Prefer not to</i> - <i>I believe this has an impact on jobs in other organisations. I don't support on line e billing.</i>
Security	3	5.4	<ul style="list-style-type: none"> - <i>GDPR, privacy and security concerns.</i>
Prior negative experience	3	3.6	<ul style="list-style-type: none"> - <i>Not sure since I have had bad experiences with council tax query taking extra money out of my bank account for 2 months before adjustments were made.</i>
Miscellaneous	13	23.2	<ul style="list-style-type: none"> - <i>Because I am fed up with being in the minority who pay Council tax at all. You have so many people who claim exemptions and contribute nothing to the Council whilst taking everything they can. Why should I make it easier for you to spend my money on wasteful services I don't want.</i> - <i>I live outside Cardiff.</i>

Modernising and integrating our public services

Bereavement

Q23. Do you support the proposal to increase the cost?

531 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Improve affordability	275	51.8	<ul style="list-style-type: none"> - Should be help for those who can't afford it. - There needs to be a tiered system so those on low incomes are not penalised for a death in their family. - Frankly, those who can pay should. Obviously some system needs to handle those who genuinely cannot pay the costs. - Help should be available to those who needed. People shouldn't be forced into debt to pay for a funeral.
Increases are too high	142	26.7	<ul style="list-style-type: none"> - If increases are needed, it should be in line with inflation (currently 2.51%), not 14.3-15.2%. It is unfair to load inflated costs to grieving families. - Funeral costs are escalating far faster than inflation - causing problems for relatives at a difficult time. - Huge increases not justified. People cannot afford these prices and they are only part of funeral costs. - Too expensive as is. You're taking advantage of people when they have no other choice
Unacceptable way to raise money	125	23.5	<ul style="list-style-type: none"> - Not the place to be making money. This is already expensive and hits people in a time of great distress. - Not an area that should be too market driven. - Financial exploitation of people in grief barely beggars belief at how low this Council has sunk.
No Concerns	21	4.0	<ul style="list-style-type: none"> - I am reluctantly agreeing on the basis that I accept your findings. - I don't mind you making it even more expensive so long as poor families get a reduction too. - Whilst depressing, if the cost is competitive and in line with inflation then it should sadly go up.
Need to encourage Cremations not burials	18	3.4	<ul style="list-style-type: none"> - Make grants available to those who cannot meet the cost of cremation. Burials should pay full cost. - Cremations should be incentivised as the long term cost is nil. Burial by contrast requires land, grounds maintenance and public access facilitation. If families are insistent on burial the space required should attract a fee on the land including ongoing rental commensurate with a city centre office space. The fee for the service and procedure needs to reflect the actual cost of the excavation etc. rather than comparison to the incineration. - I don't think there should be an increase for cremation but there should be for burials.
Miscellaneous	57	10.7	<ul style="list-style-type: none"> - Can this not be phased in? - All people should be required to have life insurance. - Cardiff should have a Natural wildflower burial site.

Dogs Home

Q24. Do you support the proposal to increase the cost?

355 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Increased costs means fewer are able to be rehomed	163	45.9	<ul style="list-style-type: none"> - <i>By increasing the cost of rehoming you will reduce the number of people willing to adopt an animal.</i> - <i>It will put people off buying from the home. How about running courses on pet behaviour/ training your animals, to raise income?</i> - <i>An increase of £30 seems quite high in one go and may put some people off</i>
No concerns - approve of the proposal	43	12.1	<ul style="list-style-type: none"> - <i>This is still a small amount compared to buying a bred pedigree and a vital service for all involved.</i> - <i>Prospective dog owners should be prepared to pay for the privilege of owning a dog.</i> - <i>So long as this doesn't discourage use.</i>
Miscellaneous	44	12.4	<ul style="list-style-type: none"> - <i>Need to reduce the number of dogs</i> - <i>Termination would be more cost effective.</i> - <i>Can we increase awareness of the support needed?</i>

Mae'r dudalen hon yn wag yn fwriadol

Cllr C Weaver
County Hall
Cardiff
CF10 4UW

cc. Cllr S Merry

2nd January 2019

Dear Councillor Weaver,

Changes for Cardiff 2019/20 Budget Proposals

I write on behalf of the Cardiff Schools Budget Forum in response to your invitation to comment on the Council's proposals for the 2019/20 budget.

As a School Budget Forum, we welcome the Council's continued commitment to protecting front line services and the reforms that you are suggesting to target scarce resources at preventative provision. As representatives of schools, we would remind you that investing in a high quality education provision in high quality school buildings is the best form of preventative investment that a Council could make.

Whilst we applaud your continued efforts to protect schools delegated budgets from general efficiency savings the impact of a 30% Cap on inflationary pressures being faced by schools will mean a 'Real Terms' cut of £3.5m to schools across the City. The real impact of this will be an overall reduction in staff in schools and in classrooms.

We also welcome your efforts to increase Foster Care provision in the City as this would have a real impact on the life opportunities for this vulnerable group of children across the City and have a positive impact on the numbers of young people having to be educated in Out of County Educational Placements.

Whilst we welcome your proposals to increase the number of safe walking routes to schools any proposals must be shared with schools before implementation and as much as possible be developed with the voice of the young people affected included.

The Council's continued commitment through the Band A and now Band B 21ST Century Schools Investment programme and recent increases in the Asset Renewal programme for schools to invest in the school estate is welcomed. Our cautiousness as a School Budget Forum is the extent to which existing and future Schools Delegated Revenue budgets are now being committed to finance this capital expenditure. As a Forum we would welcome the opportunity to examine and discuss the financial model for this significant investment programme.

In relation to the specific savings proposals that will impact on the Education Directorate we offer the following comments;

- Delegation of EIG contribution – we understand the basis for this proposal but would ask that further detail is provided as to the potential impact on individual schools.
- Reduction in contribution to the Central South Consortium – whilst further reduction to the funding contribution is welcomed the School Budget Forum would welcome further work to be done to fundamentally review the funding basis for these arrangements which take

account also of the significant Welsh Government grants that now are received and distributed.

- Income generation – the School Budget Forum agrees that there should be an opportunity for these services to generate additional income our concern would be if there was a detrimental impact on the existing service provision to Cardiff schools.
- Central Staffing savings – as a School Budget Forum we are aware of the significant savings that have been made by the Education Directorate over the last few years by reducing the central staffing compliment. We would request a sustained period of stability in the service to enable schools to adapt to service changes.

Finally, whilst not appearing in this budget strategy, as a School Budget Forum we would urge you to continue to seek greater clarity regarding the continuation of funding from Welsh Government for Minority Ethnic Achievement and Travellers Education provision as it is still the expectation from schools that this additional funding will end March 2020.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'S. J. Griffiths', with a stylized flourish at the end.

Sarah Griffiths

Sarah Griffiths
Chair, Cardiff Schools Budget Forum

Annwyl / Dear Sarah

Council Budget Proposals 2019/20

I would like to thank you for your letter following the meeting of the Cardiff School Budget Forum in December 2018. Being a regular attendee of the forum provides both myself and the Cabinet Member for Education & Lifelong Learning with a valuable insight into the views held by school representatives and this information is invaluable when discussing the significant issue of school funding with Cabinet colleagues. As a Cabinet, we continue to view school funding as one of our key priorities and will continue to do so over the forthcoming years. I have considered the points raised in your letter and have addressed as many as possible in my response below.

Regarding the investment required to the school estate, we recognise the importance of this and are committed to maximising the Council's investment in both new and existing assets. This is demonstrated by both the significantly increased level of annual asset renewal funding and a significant financial commitment in respect of the 21st Century Schools Band B Programme. Identifying the funding required for this investment has presented, and continues to present, a challenge. In reducing the overall amount of growth to the school budget, we recognise that this has an impact upon individual school budgets, however we feel that this is a solution that enables the significant investment to proceed. In response to your request for more information on the use of funding withheld from school budgets, I am aware that officers intend to bring an update to a future meeting of the Forum.

As part of the budget for 2019/20 the Cabinet has been able to ensure that schools receive significant cash increases to their budgets, whilst recognising that schools will have to identify some efficiencies in their overall expenditure or actively look to increase income generation. Whilst the Cabinet understands that placing a 30% cap on non-demographic schools growth presents a challenge for

WORKING FOR CARDIFF, WORKING FOR YOU

The Council welcomes correspondence in Welsh, English or bilingually. We will ensure that we communicate with you in the language of your choice, as long as you let us know which you prefer. Corresponding in Welsh will not lead to delay.

Tudalen 413

individual schools it is hoped that they will be able to continue to identify creative, alternative, ways of meeting the needs of pupils, continuing the excellent work undertaken in a number of schools to date.

It is pleasing to note your comments in relation to the investment in foster care provision and your support for safe walking routes to schools. Regarding, active travel proposals, the Council and Cabinet will continue to place the views of young people at the heart of our decision making, both in terms of this initiative and more widely.

In terms of other issues raised in your letter, I recognise the impact that the delegation of the EIG matchfunding contribution will have and believe that figures have been shared with the Forum, subsequent to your letter. Although the impact will not be insignificant for individual schools, I can assure you that the decision to delegate this responsibility has not been taken lightly. In terms of the Central South Consortium, we will continue to represent Cardiff's interests as strongly as possible and will demand that value for money is maximised as much as possible. Regarding income generation and central staffing savings, the intention is not to have a detrimental impact on schools. These measures are being implemented as a way of protecting services, enabling schools to continue to receive the required level of support from a variety of services.

Regarding the Minority Ethnic Achievement and Travellers grant, I can assure you that the Cabinet continues to lobby Welsh Government for a resolution to this matter. We are aware of the importance of this funding source to Cardiff in particular and, whilst we are pleased that the funding has been committed for a further year, the absence of a clear way forward in relation to 2020/21 is a cause of great concern. We are aware that the Welsh Government is working with local authorities to deliver an alternative model of provision for Wales, however we will press for this matter to be resolved as a matter of urgency.

I hope that this response to your letter addresses the points you raised, however, as ever, I am happy to have further discussions on any specific points, should you wish. I look forward to continuing to engage with the School Budget Forum, and value its views and contribution to the Council. I want to reassure you that the Cabinet is committed to investing in schools, whilst continuing to operate within an extremely difficult financial outlook, and ensuring that individual schools are supported as they continue to prepare for what will no doubt be a very challenging period.

Councillor Chris Weaver,
Cabinet Member for Finance, Modernisation & Performance,
Room 519,
County Hall,
Atlantic Wharf,
Cardiff CF10 4UW.

Dear Councillor Weaver,

Environmental Scrutiny Committee – 18 February 2019

On behalf of the Environmental Scrutiny Committee I would like to thank you, Councillor Wild and the officers for attending the Committee meeting on Monday 18 February 2019. As you are aware the meeting received items titled 'Draft Budget Proposals 2019/20 – Corporate Overview' and 'Draft Corporate Plan 2019 to 2022 & 2019/20 Draft Budget Proposals'.

The meeting initially considered the Corporate Overview and was followed by scrutiny of the draft budget proposals and sections of the draft corporate plan relevant to the terms of reference of the Environmental Scrutiny Committee. Presentations were made by officers from the Resources and Planning, Transport & Environment Directorates. Following the presentations Members had the opportunity to question the relevant Cabinet portfolio holders and supporting officers. The comments and observations made by Members following this item are set out in this letter.

Corporate Overview

- **Capital Programme & Future Revenue Budget Pressures** – During the meeting Members asked how sustainable the Council's proposed Capital Programme was over the next five years, and questioned the impact that this might have on a wide range of services funded through the revenue budget. The five year capital programme contains just over £843 million in proposals; much of which needs to be repaid by funds from the Council's revenue budget. An officer explained to the Committee that the current

proposals are both affordable and sustainable; however, further expansion of the Capital Programme could place large pressures on the Council's finances. Given the current financial challenges facing the Council, the Committee believe that all future capital investment decisions should be based on prudence and supported by a robust business case. In particular, capital investment should be self-funding in the long term and used as a catalyst for the ongoing provision of important front line services.

- **Achieving Savings** – The month six budget report indicates that only £11.24 million of the Council's £14.296 million savings will be delivered during 2018/19; this means that the Council is projecting an overall savings shortfall of £3.056 million for the current financial year. The Planning, Transport & Environment Directorate in particular has struggled with achieving savings in 2018/19 – it is projected that only £1.105 million of the £1.838 million in savings will be achieved in year, leaving a savings shortfall of approximately 40%. The Committee is disappointed at these results and asks for assurance that the 2019/20 savings proposals have been better planned and are more deliverable than those presented in the 2018/19 budget. This is particularly important as the savings for 2019/20 (£19.157 million for the Council as a whole and £4.269 million for the Planning, Transport & Environment Directorate) are significantly higher than those put forward in 2018/19, and that many of the unachieved savings from 2018/19 will need to be delivered in the new financial year.
- **Brexit** – An officer suggested that budget pressures had been placed on the Planning, Transport & Environment Directorate as a consequence of Brexit. For example, some evidence pointed to a slow down in development in the city which in turn will impact on planning fees raised by the Council. A Member raised the point that the question of Brexit planning had been asked at the October Environmental Scrutiny meeting, and that the response was that there were other priorities for the service area to address before focusing on the uncertainty of Brexit. The Committee was disappointed by this response and would like confirmation

of the current and proposed work that the Council and Planning, Transport & Environment Directorate are undertaking to mitigate any potential impacts from Brexit.

Strategic Planning & Transport Portfolio - Draft Budget Proposals 2019/20

- **Smart City Infrastructure** – At the meeting a Member asked an officer which types of smart city infrastructure the Council was looking to introduce in the city, for example, is the Council considering smarter traffic lights. He was told that the Council is currently reviewing best practice from across the United Kingdom (with particular reference to core cities) and that the result from this piece of work would help the Directorate to identify the smart city highways infrastructure that needed to be purchased. I would be grateful if you could provide the Committee with a copy of the best practice report once it is completed.
- **Civil Parking Enforcement – Fundamental Service Review** – Line 58 of the draft budget savings set out a £300,000 income based saving to be delivered as a part of a fundamental service review. During the meeting a Member asked how this saving would be achieved and was informed that it would be created through efficiency savings. When discussing this matter in the way forward it was pointed out that the saving was allocated against the income column and, therefore, could not be an efficiency saving. I would be grateful if you could provide the Committee with the ‘Detailed plan’ that has been developed for this proposal so that Members can have clarification of exactly how this saving will be achieved.
- **Highways Investment – Financial Resilience Mechanism** – The Financial Resilience Mechanism for 2019/20 has allocated £1 million for ‘localised highway asset improvement works’ and £250,000 for ‘road signs and lines’. In the last three years the Council has also allocated £320,000, £620,000 and £537,000 respectively into the Highways budget using the same mechanism. As you will be aware the Financial Resilience

Mechanism is only designed to provide funding for one year initiatives, however, over a four year period it looks set to invest £2.727 million into the Highways budget. It is clear that this investment is something that the Council has to do every year; therefore, the Committee recommends that instead of using the Financial Resilience Mechanism on an annual basis it builds the required amount into the Highways base budget. Members believe that this approach will provide Highways officers with a better opportunity to plan instead of having to wait each year to see how much they might receive from the Financial Resilience Mechanism.

- **Clamping & Removal of Nuisance Vehicles** – Line 45 of the draft budget savings includes a £120,000 saving that is to be created by a newly formed partnership with the DVLA for the clamping and removal of nuisance vehicles. The Committee scrutinised this new working arrangement in November 2018 and were informed that the service would commence in January 2019. At the meeting Members were told that there had been delays in the implementation of the scheme due to ‘slippage’, which left them concerned about the deliverability of the saving. I would be grateful if you could confirm why the projected start date of the scheme has been delayed; when is it anticipated that the scheme will begin and if you are confident that the £120,000 saving will be delivered in 2019/20.
- **Millennium Walkway** – Members were surprised to see that £2.25 million had been added to the Capital Programme to replace the timber surface of the Millennium Walkway. A Member asked if this was a Council responsibility and if other parties were contributing to the cost of this refurbishment. He was told that responsibility for this maintenance currently fell on the Council and that no other parties were offering to provide financial assistance to undertake this work. The Committee feel that the primary purpose of this walkway is to allow access to and from the Principality Stadium, therefore, the Council should ask the parties that control the stadium to contribute to the work.

- Welsh Government Sustainable Transport Investment** - It was pleasing to see a significant capital investment in the Capital Programme for the delivery of sustainable transport initiatives. Investments of £10.852 million from the 'Local Transport Fund'; £950 for the roll out of 20mph zones and £5.5million for new cycling infrastructure are very welcome and as they will help the Council achieve its sustainable travel ambitions for Cardiff. Members acknowledge that such investment is not something that the Council can achieve on its own; therefore, feel that thanks should be passed onto the Welsh Government for the valuable support that they provide in this area.

Clean Streets, Recycling & Environment Portfolio - Draft Budget Proposals 2019/20

- Neighbourhood Services Cleansing** – Members were confused that the draft budget savings included a £160,000 savings proposal to rebalance street cleansing rounds on an area basis, and then added in £312,000 via the Financial Resilience Mechanism for *“Additional Deep Clean’ to fund a new team of joined resources to provide a deep clean to localised central areas, outer wards and gateways”*. They felt that one of the budget lines justified the savings, and then the other refunded the saving with interest. I would be grateful if you could provide the Committee with the rationale for these budget proposals.
- Zonal Cleansing** – Members were told that the Council was in the process of developing a new zonal cleansing approach that was being piloted in St Mellons. Several Members were surprised at this since no wider Member engagement had taken place on the proposals. They were told that wider Member engagement would take place should the proposals be taken further. The Committee agrees with this and recommends that local councillor engagement should happen well in advance of any zonal cleansing roll out. They believe that local councillor knowledge is essential in successfully delivering this type of change.

- **Cardiff North Household Waste Recycling Centre** – A Member asked if line 43 of the Capital Programme meant that the residents of north Cardiff would have to wait three years for a new Household Waste Recycling Centre (line 43 allocates £2.925 million for the scheme in 2021/22 and 2022/23). He was told that a Cabinet paper was being prepared to provide an update on the proposal, and that this would be received by Cabinet on the 21st March 2019. The Committee is very interested in the progress of the Cardiff North Household Waste Recycling Centre, therefore, I would be grateful if you could arrange for this item to be made available for scrutiny in advance of the paper being received by Cabinet.
- **Achieving Recycling Targets** – The issue of reaching the future recycling target of 64% was discussed at the meeting. Officers ran through a series of measures that they are looking to implement in the coming year to achieve this target, and commented on additional challenges that they currently face in the area of recycling, for example, the potential of a complete change in the structure of the recycling targets. I would be grateful if officers could provide the Committee with:

 - A summary of the actions that they are proposing to use to increase recycling rates and the anticipated impact that they hope that these will have;
 - Any plans that the Council has created to deal with any changes in Welsh Government recycling targets.
- **Council Commercial Waste Contracts for Schools** – The Committee was told that only 75% of Cardiff schools currently use the Council's Commercial Waste Service for waste collection. Several Members were disappointed at this figure and felt that it should be higher. The Committee asks that the Council's Commercial Waste Service to do what it can to win the business of the 25% of schools who do not currently use the service. This it is felt would provide a valuable new source of business and help to raise valuable income to offset future budget savings.

- **Electric Vehicle Conversion** - The draft budget proposals allocated £550,000 in the Capital Programme to support the roll out of electric vehicle charging points and £60,000 for converting existing Council fleet into electric powered vehicles. I would be grateful if you could confirm the number of vehicles that will be converted; the number of charging points that will be installed and the timescale for completing both of these pieces of work.

I would be grateful if you would consider the above comments and work with the relevant Cabinet portfolio holders to provide a response to the content of this letter.

Regards,

Councillor Ramesh Patel

Annwyl / Dear Ramesh

Environmental Scrutiny Committee – 18 February 2019

Thank you for your letter dated 19 February 2019 and the useful comments raised. I can assure you that Cabinet was able to reflect on the points raised prior to our meeting on 21 February 2019.

Capital Programme & future revenue budget pressures

The Committee's comments reflect the approach taken in the Budget Report and as set out in the Capital Strategy. This identifies that whilst the proposed Capital Programme and the potential for further investment via the Affordability Envelope are both considered affordable and sustainable, further future investment will need careful consideration to identify any impact on the Council's borrowing levels and costs to the Revenue Account. In particular, where possible, capital investment should be self-funding in the long term and must be supported by a robust business case.

Achieving Savings

All savings proposals have been reviewed with directorates during the budget process with 81% of the total value of savings targets either already having been realised or having detailed plans in place. There will however always be some level of risk to the in-year achievement of savings targets and these are set out in the risk ratings that have been applied by directorates to individual saving

Tudalen 423

proposals. This is particularly so, given the challenging level of savings that the Council has already had to achieve over a number of years as part of previous budgets. As I advised the Committee, whilst there may be savings that would be easier to achieve or that would have more certainty in terms of achievement, these often have significant negative implications for service delivery and to service users. This therefore requires more creative and more challenging savings to be identified through reviewing business processes and utilising digital technology, by identifying additional income sources and by putting in place measures to prevent escalation of need in areas such as Social Services. Whilst there will be risks associated with the achievement of these savings I believe it is important that the Council challenges itself in these areas before identifying savings that will reduce service delivery and impact negatively on service users. To reflect the fact that risks will be evident in this approach the proposed budget continues to maintain a £3.0 million General Contingency to mitigate for such risks and to support the on-going financial resilience of the Council.

Brexit

PTE is developing a detailed assessment of the risks associated with Brexit, this work is being progressed as part of the Directorates risk register (Quarter 4 2018/19). The register will include identification of risk and the proposed mitigation to be out in place.

In respect of a Council-wide response, an officer Brexit Response Group chaired by the Chief Executive, has been in operation which supports the wider PSB work in preparing for the outcome of Brexit deliberations. Business Continuity plans continue to be tested in respect of the potential impact that Brexit may have as well as the new plans that are being put in place for Brexit specific risks such as the EU Settlement Scheme

Smart City Infrastructure

I can confirm that the directorate will arrange to share the report to Scrutiny once completed.

Civil Parking Enforcement

The budget saving will be achieved through a combination of reduced costs and increased income within the Civil Parking Enforcement (CPE) Account. This will include efficiencies associated with the review of the Appeals Policy and expansion of Moving Traffic Offences (no associated increase in administration costs). This is a ring-fenced account with any surplus achieved transferring initially into the Parking & Enforcement Reserve. Detailed projections for the CPE account and transfers to the reserve are set out in Appendix 18 to the Budget Report. The reason that the saving is identified as additional income in the budget savings proposal set out in Appendix 6 is that in relation to the revenue budget for Planning, Transport & Environment, this will be based on an additional contribution from the Parking & Enforcement Reserve.

Highways Investment – Financial Resilience Mechanism

As identified in the Committee's letter, significant investment has been made in recent years in relation to localised highway asset improvement works and for road signs and lines. This has been possible because the Financial Resilience Mechanism (FRM) has provided an opportunity to allocate additional one-off

funding to priority areas, over and above the levels that might otherwise have been able to be funded as part of the financial pressures awarded in the budget. The FRM was initially set up as part of the 2016/17 budget in order to help the Council deal with the uncertainty around the funding levels it receives and is an important element in the overall financial resilience of the Council. It is used to invest in priority areas, but that investment must be one-off and decided afresh each year.

Clamping and Removal of nuisance vehicles

Although the project commenced in January 2019 as expected, there remain some technical issues to be resolved between the Council and the DVLA before full roll-out can be achieved. It is anticipated that these will be resolved by the end of March and therefore the 2019/20 savings should be achievable.

WG Sustainable Transport Investment

I can confirm that a letter will be sent to Welsh Government thanking them for their support.

Neighbourhood Services Cleansing

The budget saving relates to re-balancing core street cleansing rounds and reshaping on an area basis to optimise the use of resources. The additional funding from the FRM, however, is to enable the continuation of the additional blitz team and slip road and roundabout cleansing currently funded by the FRM in 2018/19.

Zonal Cleansing

I can confirm that Local Members are being engaged on the pilots and feedback sought on the pilot work will support improving the city wide area based working model.

Cardiff North Household Waste Recycling Centre

I can confirm that the Cabinet report will be shared with your Scrutiny Committee prior to it going to Cabinet.

Achieving Recycling Targets

I can confirm that a briefing paper is being developed and that the briefing will be presented at the next Environmental Scrutiny meeting.

Commercial Waste Contracts

It would clearly be beneficial to increase the buy-in of the service by schools and the directorate will continue to work with the schools service to raise awareness of the commercial waste collection service.

Electric Vehicle Conversion

The current proposal is to initially convert cars and smaller vans – 92 vehicles over the next 2 years. The infrastructure will need to be in place before acquisition of the electric vehicles. The capital infrastructure funding

will cover the purchase and installation of charge points at the Council sites. It is intended that a briefing will be presented at the next Environmental Scrutiny Meeting.

I hope that this letter captures all the points raised in your letter and thank you again for your support in the budget process.

Dear Chris

CHILDREN AND YOUNG PEOPLE SCRUTINY COMMITTEE - Corporate Plan and Draft Cabinet Budget proposals 2019/20

Thank you for attending the Children and Young People Scrutiny Committee on 18 February 2019. The Committee would also like me to thank Councillor Hinchey, Councillor Merry, Christine Slater and relevant Directors and Officers for their attendance. The Committee welcomed the presentations on the Corporate Plan, Cabinet draft Budget proposals overview and the draft budget proposals for Children's Services, and Education.

The Committee welcomed the increases in funding for both Children's Services and Education, particularly at these difficult times. Following the consideration of the information presented and the answers provided to Members' questions, during the way forward section of the meeting. The Committee agreed to provide you and the Cabinet Members with the following comments, concerns and recommendations:

Corporate Plan and Overview

- The Committee considered that there was a clear link between Cardiff Ambition's four priorities, the Corporate Plan 2019-22 and Well Being Plan that has been developed in accordance with the statutory requirements of the well-being of Future generations (Wales) Act 2015.

Consultation

- The Committee expressed some concern around the validity of the consultation undertaken this year as it did not provide people with the opportunity to offer their views on the prioritisation of proposed savings and increase spending;

- The Committee also expressed its considerable unease at the meagre level of consultation and engagement with Children and Young People. The Members noted that you were also concerned, however the Committee recommended that future consultations must be reviewed, to ensure that Children and Young People, across the City, are provided with the opportunity to express their views on the Budget proposals and priorities of the Council.
- The Committee was also interested to hear about effectiveness of the delivery to selected streets, where previous response rates were poor, and requested that further details of which roads were targeted, be provided to the Committee.

Revenue Budget

- The Committee inquired about the level of achieved savings through the digital first programme, the Members were unclear as to what would be achieved, this year, and requested further information on the level of savings achieved in 2018/19 together with the anticipated savings for 2019/20, be included in the response to this letter.

Children's Services

- The Committee noted that the Children's Service Budget would be realigned for 2019/20, however the Members considered that the savings proposals were quite ambitious, at this early stage in the development of programmes to safely reduce the number of children entering local authority care changing the level and type of provision available in Cardiff, and sought assurance that the £2M would be achievable in 2019/20.
- The Committee discussed at some length the performance target for "The percentage of Children's Services Social Worker vacancies" which was set at 18%. The Committee was aware that the current level of Social Worker vacancies is 30%, as a result, the Committee recommended that a more realistic target should be included in the Corporate Plan, with the ambition to reduce the level to 18% over a few years. In addition the Committee requested that a

briefing report be presented to Committee, in the summer, on the development of the recruitment and retention strategy together with an updated workforce plan.

Education

- The Committee welcome the inclusion of a pressure bid for Education Other Than At School (EOTAS) provision, to the value of £500,000, and fully supports this pressure bid. The Members also expressed their interest in how this extra resources would be used to support young people who are educated other than at schools and requested that a briefing paper be presented to Committee, in the summer, setting out the plans for this funding.
- The Committee also noted that the Directorate had received additional grant funding across a number of areas, and requested that the additional resources should not just cover anticipated overspending, but should be also utilised to support service improvements.
- The Committee welcomed the announcement that the Minority Ethnic Achievement Grant and Travellers funding was being continued into 2019/20. However the Committee recommended that the Director utilise this additional year to prepare for the future loss of this grant.

School Transport

- The Members discussed the introduction of the Travel Support Allowances, and requested details, later in the year, on the uptake of the Travel Support Allowance, to determine its effectiveness.
- The Committee also noted that savings were proposed from the implementation of the Active Travel Plans for schools. The Members requested that the Directorate monitors Plans to ensure that it does not have an adverse effect on the environment, through an increase in car journeys to school the Members and provides the Committee with a briefing on the implementation of these plans later in the year.

I will be copying this letter to all the relevant Cabinet Members and Directors as well as the Chair of Policy Review and Performance Scrutiny Committee in advance of its meeting on Wednesday 20 February and it is possible that these points will be raised with you in greater detail at that meeting.

I hope that these comments will have been of assistance to you and the Cabinet in considering the Budget proposals on Thursday 21 February and look forward to a positive response to the points raised in the letter, from you and the other Cabinet Members, within the next month.

Yours sincerely

**Children and Young People Scrutiny Committee – Corporate Plan and Draft
Cabinet Budget Proposals 2019/20**

Thank you for your letter dated 20 February 2019 and the useful comments raised. I can assure you that Cabinet was able to reflect on the points raised prior to our meeting on 21 February 2019.

Consultation

In this year's consultation we endeavoured to engage with our city's most seldom heard communities through a variety of approaches to supplement the online consultation. To ensure that the approach we adopt is as inclusive as possible, and to strengthen the approach to consultation more generally, officers have agreed to work with the Policy Review and Performance Committee on the development of the consultation document for the 2020/21 budget and will seek to engage with all Scrutiny Chairs via the Scrutiny Liaison Forum as this work develops.

As stated at the committee, the need to do more to engage with Children and Young People in our consultations and in the wider civic conversation is recognised, and is one of the central themes of our approach to becoming a Child Friendly City.

GWEITHIO DROS GAERDYDD, GWEITHIO DROSOCH CHI

Mae'r Cyngor yn croesawu gohebiaeth yn Gymraeg, Saesneg neu'n ddwyieithog. Byddwn yn cyfathrebu â chi yn ôl eich dewis, dim ond i chi roi gwybod i ni pa un sydd well gennych. Ni fydd gohebu yn Gymraeg yn arwain at oedi.

WORKING FOR CARDIFF, WORKING FOR YOU

The Council welcomes correspondence in Welsh, English or bilingually. We will ensure that we communicate with you in the language of your choice, as long as you let us know which you prefer. Corresponding in Welsh will not lead to delay.

Finally, in targeting selected areas of low response with hard copies, work was undertaken in the following wards: St Mellons, Llanrumney, Ely, Caerau. Further details will be provided to the committee on the streets and the effectiveness of this initiative.

Revenue Budget

The Council's Digital Strategy has enabled a range of savings to be achieved in the current financial year, with £479,000 of savings specifically linked to digital technology anticipated to be achieved and reflected as such in the Month 9 Monitoring Report. In addition, a number of other 2018/19 savings proposals linked to digitalisation are also continuing to be progressed and these will realise further savings during 2019/20. The budget proposals for 2019/20 also include a number of savings specifically linked to the Council's Digital Strategy and these total £925,000. The Digital Strategy will also support a range of other savings linked to changes to business processes and will continue to be a key driver for change within the Council.

Children's Services

The realignment of Children's Services, alongside investment in pressure areas including early help, fostering and expanding 'ARC' edge of care services, mean that new models of service can be developed which should enable more children and families to be supported to stay together. This is the right outcome for children and families but is also more cost effective than independent foster agency and residential placements. The level of investment means that overall assurance can be given that Children's Services should be in a position to balance their budget allocation, whilst recognising the shift to work more preventatively is a long term strategy.

The challenges of the social work vacancy position in Children's Services are recognised. It is right that there is an ambitious target which is kept under close scrutiny. In response to the recommendation that a phased approach should be adopted in achieving the 18% target set against the percentage of Children's Services Social Worker vacancies, it is recognised that this would enable the recruitment and retention strategy and refreshed workforce plan to be fully embedded. It is therefore proposed that a phased target is adopted, with a target of 24% by the end of March 2020, working towards achieving 18% by March 2021.

The Directorate will also prepare a briefing report for the Committee, to be brought forward in due course, on the development of the recruitment and retention strategy together with an updated workforce plan. It will be helpful to discuss the Strategy and workforce plan with scrutiny as there are a number of actions that need to be taken to retain and attract social workers and to review the skill mix across the service.

Education

Your comments on these points are noted:

- The Committee's support of the pressure bid for EOTAS funding is appreciated and Councillor Merry has agreed to bring back a briefing paper explaining how this additional funding will assist young people who are educated other than at school to a future Committee meeting.

- Your comments regarding the utilisation of additional grant to support service improvements are noted, as confirmed by officers in responding to the specific question regarding the Music Service grant.
- I can confirm that officers are working with Welsh Government officials to formulate potential Welsh Government funded proposals for Minority Ethnic Achievement and Travellers support after the end of the current transitional grant in April 2020.

School Transport

The directorate will develop a briefing paper on the uptake and effectiveness of the travel support allowance and will liaise with Scrutiny Services to programme this accordingly. A paper will also be prepared on the implementation of active travel plans for schools for the Committee's consideration later in the year.

I hope that this letter captures all the points raised in your letter and thank you again for your support in the budget process.

Dear Chris,

**COMMUNITY & ADULT SERVICES SCRUTINY COMMITTEE – 18 FEBRUARY 2018
DRAFT BUDGET PROPOSALS 2019/20**

As Chair of the Community & Adult Services Scrutiny Committee, I wish to thank you and officers for attending Committee and providing Members with an opportunity to consider the corporate overview of the Draft Budget Proposals 2019/20 and Corporate Plan 2019 – 2022. Members of the Committee have requested that I feed back the following comments and observations to you:

Members were pleased with the content of the presentation, given by Christine Salter, and appreciated the work that has been done for 2019/20 to address continuing challenges in balancing finite resources with increasing demand pressures. More specifically;

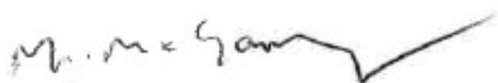

- Members were initially concerned that the level of savings (36%) identified for the service areas was significant and would impact on provision of services to the most vulnerable people. During the meeting, it was identified that these savings were a small part of a large budget; with many of the savings relating to service transformation rather than service reductions. In addition, the strong financial control and monitoring measures that were established during 2018/19 would continue and assist to minimise any risk to achieve the savings without adversely impacting service provision.
- Although the level of Red and Red/Amber savings risks were reduced compared with previous years, confirmation was sought to ensure that these savings would be achieved. The provision of detailed plans for progressing the savings was welcomed with an understanding that the growth in Social Services budgets from Welsh Government funding negated some of the savings that were being made.

- The indicative 4.9% annual increase in Council tax was likely to have a significant impact on the residents of Cardiff and needed to be kept under review. The continued development of creative solutions for service delivery and the identification of additional sources of funding could provide opportunities to minimise increases in the level of Council tax in future years.
- Concerns were raised regarding children and young people currently in out of county placements being brought back into Cardiff without the appropriate accommodation and support. The Committee were heartened to hear that the needs of the individual were the primary driver for service provision and that appropriate funding would be identified.
- The Committee were satisfied that due diligence had been taken regarding the savings proposals; and support the ongoing commitment made by Directors and other Senior Officers across the authority in working together to achieve a balanced set of proposals.
- Members were content with responses from yourself and officers in relation to the amount of borrowing by the Council, and the affordability of borrowing.
- Members were happy with the balance of delivering capital programmes and the effect that they have on the revenue budget.

In relation to the Corporate Plan, the Committee would be very grateful if you could take forward Members' thanks and appreciation to all involved in bringing together a Plan that not only addresses how the Council would deliver its services but also links with the commitments of the Capital Ambition and the wider commitments in relation to well-being objectives.

Thank you again to you and officers for attending. I hope you find the Committee's comments useful.

Yours sincerely,

**Community & Adult Services Scrutiny Committee – 18 February 2019
Draft Budget Proposals 2019/20**

I would like to thank you for your letter dated 20 February 2019 and for the letters to Cabinet colleagues, Councillor Thorne and Councillor Elsmore. We were grateful for the useful observations raised and can assure you that Cabinet were able to reflect on these prior to our meeting on 21 February 2019.

In respect of the particular comments addressed to Councillor Thorne, I would make the following points:

Rent increase

I recognise and share Members concerns about the possible impact that Welsh Government rent policy will have on future housing development and I will keep the Committee updated as and when further information is available.

With regard to impact of the rent increase on tenants, council rents remain very good value for money when compared with private sector rents. There are various measures in place to help tenants who struggle with their rent payments including a dedicated Welfare Liaison visiting team to assist with income maximisation and budgeting.

Council tax

I note Members concerns about those who may struggle to meet their council tax payments. The Money Advice service works very closely with the Council Tax teams to identify and assist anyone who is struggling with payments, whether they are in work or unemployed, and steps have been taken recently to promote the availability of Council Tax Reduction for those claiming Universal Credit. It is accepted however that more can be done to raise awareness and officers will consider any further steps that can be taken to publicise the services available, particularly to those in work.

Homelessness

I would like to reassure Committee that our key focus is to help homeless individuals into accommodation and provide the support they need to sustain that accommodation. Officers will work with Welsh Government to secure the funding necessary to maintain and improve services for rough sleepers and other homeless people in the city.

I hope that this letter captures all the points raised in your letter and thank you again for your support in the budget process.

Councillor Susan Elsmore
Cabinet Member Social Care, Health & Well-Being
County Hall
Cardiff
CF10 4UW

Dear Susan,

**COMMUNITY & ADULT SERVICES SCRUTINY COMMITTEE – 18 FEBRUARY 2019
DRAFT CORPORATE PLAN 2019-22 AND DRAFT BUDGET PROPOSALS 2019/20**

As Chair of the Community & Adult Services Scrutiny Committee, I wish to thank you and officers for attending Committee and providing Members with an opportunity to consider the draft Corporate Plan 2019-22 and the Draft Budget Proposals for 2019/20 relevant to your Portfolio. Members of the Committee have requested that I feed back the following comments and observations to you:

Communities, Housing & Customer Services Directorate

In relation to your commitments within this Directorate, Members were very pleased to receive details on how you are continuing to drive forward services. This includes the planned provision of a Multi Agency Hub in the Cardiff Royal Infirmary and the use of Enable Grant funding to provide adaptations which facilitate the speedy return to the community following a period of time in hospital.

Social Services Directorate

Members of the Committee wanted to pass on their appreciation of how you and officers have worked to improve the delivery and efficiency of key services. Some further specific comments are:

- Elected Members provide a key interface with their constituents particularly with the Black, Asian and Minority Ethnic (BAME) communities within their wards. However, concerns were raised regarding the proportion of BAME care workers, which did not reflect the same diversity as the communities that they supported.

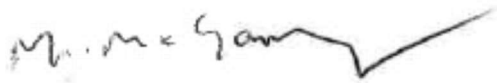

It was proposed that when services were commissioned, consideration be given to the proportion of BAME care workers being employed to better reflect the communities. This would also encourage greater engagement and enhance the provision of services to minority groups. The Committee was pleased to hear that the locality approach which was planned following a review of commissioning, would potentially address these concerns. Additionally, a bespoke workforce would be better positioned to serve our communities.

- Although the level of Red and Red/Amber savings risks were reduced compared with previous years, confirmation was sought to ensure that these savings would be achieved. The provision of detailed plans for progressing the savings was welcomed with an understanding that the growth in Social Services budgets from Welsh Government funding negated some of the saving that were being made.
- Additionally, the committee welcomed the provision of the right services for individuals, which also enabled financial efficiencies to be made. This was also supported by the move away from institutional support to community-based services with appropriate levels of support.
- The committee also requested confirmation that the planned savings would retain enablement support rather than becoming a call centre service. It was pleasing to hear that the most appropriate services were to be provided for individuals and that services provided in the community continue to be improved.
- Members queried how the cost of supporting those individuals with the most serious learning disabilities could be achieved with the budget savings that had been identified. The Committee welcomed the explanation that the overall cost of the services was still cost effective as those with less serious learning disabilities balanced the costs of those with high level of need.

Members were very reassured by the work you and Councillor Thorne are doing together across both Directorates (and further) in ensuring that the Council continues to develop a more joined-up, communicative culture in delivering services.

Thank you again to you and officers for attending. I hope you find the Committee's comments useful.

Yours sincerely,

20 February 2019

Councillor Lynda Thorne
Cabinet Member Communities & Housing
County Hall
Cardiff
CF10 4UW

Dear Lynda,

**COMMUNITY & ADULT SERVICES SCRUTINY COMMITTEE – 18 FEBRUARY 2019
DRAFT CORPORATE PLAN 2019-22 AND DRAFT BUDGET PROPOSALS 2019/20**

As Chair of the Community & Adult Services Scrutiny Committee, I wish to thank you and officers for attending Committee and providing Members with an opportunity to consider the draft Corporate Plan 2019-22 and the Draft Budget Proposals for 2019/20 relevant to your Portfolio. Members of the Committee have requested that I feed back the following comments and observations to you.

- Members expressed their concerns that the rent increases of 2.4% will have a dual effect. Firstly, the rent increases which were lower than planned due to the cap imposed by the Welsh Government in advance of its review of Rent Policy would decrease the funding available to develop new homes. Secondly, this increased the burden on low income tenants who may not be able to afford this rent increase and result in the level of unpaid rent to increase. The committee welcomed the debt management arrangements and the explanation of the ongoing review of rent policy by the Welsh Government. Members were also supportive that the quality of new buildings would not be diminished with the reduction in funding.
- The Committee queried the proposed rise in Council Tax, which would result in an increase in arrears and reduce the overall collection rate and expected income. The explanation was that the collection rate was quite high and that the number of properties was increasing which enables the financial position to be

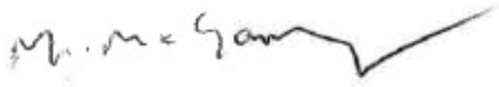

maintained. The support for those low income families who were experiencing financial difficulties had increased with the Hubs providing support to claim £11m in benefits over the last year. It was acknowledged that further work was needed to promote this support which was available to everyone and not just the unemployed.

- The Committee were keen to ensure that homeless people in Cardiff were provided with support rather than having enforcement action taken against them. The Committee welcomed that tents were not being taken and that Outreach and Highways Officers were working together to engage with rough sleepers to identify and provide the support they needed.
- Members queried if further funding was being sought from Welsh Government to support Cardiff Council with the additional austerity it faced as the Capital City. The Committee were grateful for the work that was ongoing to identify possible grant funding opportunities from the Welsh Government. These grants provided short term funding or possible additional financial support at the end of a financial period. Grant funding could not be guaranteed, but at present was supporting Housing First which provided opportunities for the Salvation Army and the authority to provide flats and enable homeless people to get off the streets.
- A reduction in the availability of the private rented sector housing was identified and the Committee queried how this could be addressed. It was explained that the Private rented sector was being engaged and encouraged in those locations where there was no social housing available.

Finally, Members were very reassured by the work you and Councillor Elsmore are doing together across Portfolios (and further) in ensuring that the Council continues to develop a more joined-up, communicative culture in delivering services.

Thank you again to you and officers for attending. I hope you find the Committee's comments useful.

Yours sincerely,

Councillor Weaver
Cabinet Member, Finance, Modernisation and Performance
Cardiff Council
County Hall
Cardiff
CF10 4UW

Dear Councillor Weaver,

Economy & Culture and Environmental Scrutiny Committee: 19 February 2019

On behalf of the Economy & Culture Scrutiny Committee, please accept Members' thanks for attending, along with Cabinet colleagues and officers, for our scrutiny of the draft Corporate Plan 2019-2022 and Budgetary Proposals. Members have asked that I pass on the following recommendations, comments and observations.

Corporate Plan 2019 – 2022

Overall, Members are content with the aims, priorities, measures and targets set out in the Corporate Plan. At the meeting, Members raised the fact that the step '*to develop a business plan to protect the city's historic assets*', which was in the Corporate Plan 2018-2021, is not included in this year's Plan. Whilst Members understand the points made at the meeting that the Plan cannot include all the work undertaken by the Council, Members feel that this particular piece of work is of great significance to the heritage and people of Cardiff and therefore we recommend that this step be included in the final version of the Corporate Plan presented to Council. This will demonstrate the commitment of the Council to continue with this work, give it visibility and help to retain focus on delivery.

In the way forward, Members discussed the step '*Develop a new vision and masterplan for Cardiff Bay by 2020, including taking forward delivery of the next phase of development for the International Sports Village by 2019*'. Members look forward to scrutinising detailed proposals when these are available and scrutiny is practicable.

Overall Budget

Members wish to thank Christine Salter for her clear presentation on the overall budgetary position. Members note the following points in particular:

- That the 'affordability envelope' outlined in the report to Cabinet sets affordability limits for the Indoor Arena costings and that, were these affordability limits to be not met, there would need to be a separate report to Council for discussion and approval
- That the capital financing costs are deemed to be prudent, sustainable and affordable both now and in the future; if further costs are proposed, these would need to be carefully assessed to ensure this position is not changed
- That 18% of the savings proposed are at a General Planning stage and that these savings will be subject to enhanced monitoring by finance officers and directors. This is an increase on the 10% last year and 5% the year before re savings with no detailed planning.

The above points are of particular interest to this Committee and we will make time to scrutinise progress on these, within our terms of reference.

With regard to the consultation undertaken to inform the budgetary proposals, Members can see that more efforts have been made this year to try to engage with seldom heard from groups and communities. It is disappointing that these efforts did not result in higher response levels and Members appreciate your frankness in acknowledging this and wanting to address it. Members welcome and appreciate your proposal to bring ideas to Scrutiny Chairs Liaison Forum for discussion with Scrutiny Chairs and all Scrutiny members and we look forward to being able to share and exchange ideas and practices to help make consultation in 2020 as inclusive as possible.

Members also wish to take this opportunity to pass on their sincere thanks and appreciation to Christine for all her work and tremendous commitment to Cardiff Council; we wish her well in her retirement.

Economic Directorate

Members wish to pass on their thanks to Councillor Thomas, Councillor Bradbury and officers for attending and engaging in discussion about the difficulties and

challenges of doing the same, or more, with less resource. Members can see that, overall, the Economic Directorate has put forward significant levels of savings, with 'employee costs' and 'other spend' savings equating to £8,555,000, offset by loss of income of £5,402,000 to make overall savings of £3,153,000 or 16% of the overall savings. This level of saving will indeed make it challenging to ensure continued service delivery and we explored some of these in more detail at the meeting.

Members raised their concerns about the impact of the savings relating to events, tourism, marketing and business events (Lines 1, 14, 18, 19 & 20), which are key to the future economic health of Cardiff. Members note the points made in response regarding the need to work in partnership, for example with Visit Wales, Cardiff Hoteliers Association and ICCW. Members agree with this but strike a note of caution in that many partner organisations will themselves be subject to budget reductions.

Regarding Events, Members note the intention to move from subvention towards supporting events to grow and become self-sustaining. This Committee has recently completed its Inquiry on Events in Cardiff and our report will be presented to Cabinet shortly for your consideration; we trust you find it of use.

With regard to Line 12, Members note the response that this will not have an impact on service delivery as the post is already vacant and the service has adjusted accordingly.

With regard to Line 15, City Centre Management, Members note that alternative arrangements are in place and that there is a positive relationship with For Cardiff, the Business Improvement District.

Members note the double-pronged approach being taken to the New Theatre, Line 7, seeking expressions of interest from private companies at the same time as tightly managing operations to control spend. Members are clear that they wish to scrutinise any new proposed operating model for the New Theatre and ask that officers liaise with scrutiny services to ensure that this happens at the appropriate time.

Regarding the Parks, Leisure and Sport areas, Members note the continued saving accruing from the new operating model for leisure centres, Line 6. Members are

pleased to see that £54,000, from the Financial Resilience Mechanism monies, has been put into play areas and trees maintenance and that work is on-going to confirm precisely where these monies will be spent. Members note the Corporate Plan step to work with 'Friends of' and volunteer groups re parks and green spaces and we re-iterate our long-standing desire to boost the number of park rangers, whose roles are critical in managing the interface with these groups and others, as well as in ensuring our parks are safe spaces for all. These roles are a clear example of 'invest to save'.

Members were interested to understand the latest position regarding the Welsh Government's review regarding the Cardiff Harbour Authority funding arrangements and note that the review is due to be completed by end of March 2019. Members are interested to understand the review and what it will mean for future arrangements. I ask that officers liaise with scrutiny services to ensure that we are able to scrutinise this at the appropriate time.

Finally, many of the Economic Directorate items in the Corporate Plan and budgetary proposals, including in the capital programme, are of interest to Members of this committee and we will be recommending to a future Committee that they pay close attention to these when setting their work programme for the 2019/2020 municipal year.

Communities & Housing

Members wish to thank Councillor Merry, Councillor Thorne and Jane Thomas for attending committee.

With regard to Adult Community Learning, Members thank Councillor Merry for highlighting that Learning for Life courses are on track to becoming self-sustaining and that Learning for Work courses, funded by Welsh Government, are expected to have a 50% cut in funding following the recent Wales-wide review of funding. Members note that a service review is underway in anticipation of this and that a report will be brought for scrutiny consideration, prior to decision. Further to our comments at last year's scrutiny regarding working more with volunteers and cross-subsiding courses, Members note: volunteers in hubs are helping re digital inclusion courses; and that take-up of certain courses, such as pottery classes and theatre

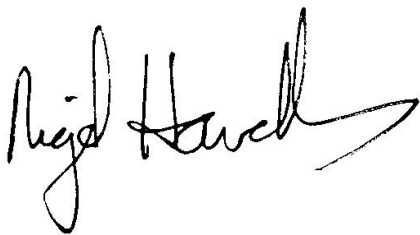

classes, has increased and it is hoped that this will enable subsidised places to be offered to increase access and inclusivity.

With regard to the continued changes to libraries and hubs, Members welcome the fact that plans are amended following local consultation events to ensure that services reflect local communities' preferences and needs. Members are keen to play a role in this, as local ward members, and are pleased to hear that officers ensure local ward members are made aware of consultation events in their areas.

With regard to Line 33, Members note that this saving accrues from the management costs that form part of available grants used re Into Work services in Cardiff.

Thank you once again for your attendance at Committee. I would be grateful if you would consider the above recommendations and comments and work with the relevant Cabinet portfolio holders to provide a response to this letter.

Yours sincerely,

Economy & Culture Scrutiny Committee – 19 February 2019

Thank you for your letter dated 20 February 2019 and the useful comments raised. I can assure you that Cabinet was able to reflect on the points raised prior to our meeting on 21 February 2019.

Corporate Plan 2019-2022

With regard to the reference to the previous Corporate Plan commitment 'to develop a business plan to protect the city's historic assets', it should be noted that this has now been operationalised. The *Securing the Future of Cardiff's Heritage Buildings* report that was taken to Cabinet in November 2018 outlined the approach to supporting our city's heritage buildings, and commits to subsequent decisions on specific proposals being brought back to Cabinet, as well as scrutiny, at a future date.

The request to scrutinise the detail of the Cardiff Bay masterplan and next phase of development of the International Sports Village is noted, and officers will liaise with Scrutiny Services to programme this as soon as is practicable.

WORKING FOR CARDIFF, WORKING FOR YOU

The Council welcomes correspondence in Welsh, English or bilingually. We will ensure that we communicate with you in the language of your choice, as long as you let us know which you prefer. Corresponding in Welsh will not lead to delay.

Consultation

As you note in your letter, additional efforts were made this year to engage a wider and representative sample of our city, but it is my view we must try to do more. I will be working with PRAP scrutiny committee on how we prepare for consultation for next year, and will welcome the input and ideas that come via the Scrutiny Chairs Liason Forum. We intend to specifically try to engage and hear from more children and younger people, which we tried this year but did not get the level of response I would like to see. The consultation was successful in many aspects and engaged a wide number of people from across the city, but I am keen to improve still further.

Economic Directorate

Your comments on these points are noted:

- Officers recognise the financial challenges also faced by partner organisations but remain committed to seeking collaborative and sustainable funding solutions to deliver valued discretionary services.
- The presentation of the Inquiry into Events conducted by the Economy and Culture Scrutiny Task & Finish Group will be helpful in informing the City's future events strategy.
- The request to scrutinise any new lease arrangements in respect of the New Theatre is noted and officers will liaise with scrutiny services to ensure this is programmed accordingly.

Communities & Housing

Your comments on these points are noted:

- As soon as changes to the Welsh Government Grant for Adult Learning are confirmed, the Directorate would welcome the opportunity to bring a paper to this committee on how any reduction will impact the service.
- The Directorate will continue to work closely with ward members on any proposed changes to libraries and hubs, and appreciate the role that they play in informing future plans and encouraging take up from residents in their ward.

I hope that this letter captures all the points raised in your letter and thank you again for your support in the budget process.

Yours sincerely

Y Cyngorydd/Councillor Christopher Weaver

for Finance, Modernisation & Performance

My Ref: T: Scrutiny/PRAP/Comm Papers/Correspondence

Date: 21 February 2019

Councillors Huw Thomas
Leader, and Chris Weaver, Cabinet Member
Finance, Modernisation and Performance,
City of Cardiff Council
County Hall
Cardiff
CF10 4UW

Dear Huw & Chris,

Policy Review & Performance Scrutiny Committee: 20 February 2019.

As Chair I wish to pass on the thanks of the Policy Review and Performance Scrutiny Committee to you both for attending Committee yesterday to facilitate consideration of the draft Corporate Plan 2019-22 and the draft Budget Proposals 2019-20. We are grateful for the co-operation of the Directors and officers in attendance to answer Members' questions. This letter captures the observations and concerns of the Committee in a structure that reflects the Committee proceedings. Firstly, comments on the Corporate Plan, secondly on the overarching budget position and the Capital Strategy, followed by comments on the budget proposals of the specific service areas that fall within the terms of reference of this Committee.

Draft Corporate Plan 2019-22

The Committee welcomes the significant adjustments made to the Corporate Plan following Members comments and observations at the two previous scrutiny engagement sessions. The list of amendments you tabled provides us with important evidence of the impact of scrutiny. We feel that such a summary should become the future norm to summarise the accepted scrutiny input. At yesterday's meeting there was clear recognition by both Cabinet and PRAP Members of the value of effective collaboration between the Authority's strategic policy making and scrutiny functions. There are however a few further observations as follows:

Appendix 2i

We understand that the Corporate Plan cannot be all encompassing, however we would stress that we consider having a performance target where there is a Step to achieve is essential and that the link between them should be clearly shown.

The Committee considers there is an opportunity to capitalise on the Council's community role to improve the Plan's content in respect of healthy lifestyles. We note there is evidence of the Administration's commitment to healthy outcomes in areas such as active travel and we are pleased to hear that the PSB will be taking a lead on healthy lifestyles, but we feel the Council could perhaps play a bigger part in the healthy choices agenda through its community role and reference that in the Corporate Plan.

We note there has been progress in delivering Capital Ambition and this Corporate Plan demonstrates continuity. However, in our capacity as the scrutiny committee with responsibility for oversight of corporate improvement, we are reassured to hear that you are already looking ahead at how to further refresh the Corporate Plan.

Overarching Budget Proposals 2018-19

We note your comment that scrutiny of the budget has some value and has occasionally led to last minute adjustments. However this is rare and the timing of the Budget Scrutiny leaves little scope for changes unlike that of the Corporate Plan. We note the view that closing the budgetary gap of £34.2m this year is challenging and we offer the following observations, and request some additional information to assist in our work planning:

- The Committee would like a clearer picture of the budget allocated to the employment of agency workers. We note this is a significant issue for Social Care services particularly and request more information on the cost and justification for agency work from the Director of Social Services and the breakdown of agency costs in other directorates and its rationale.
- We would be grateful for additional information in respect of employee turnover rates and replacement policy.

Appendix 2i

- We note that you have been assured by officers that all anticipated savings are robust and achievable, even those risk assessed as red which led to some questions about the colour coding process. Savings rated as red risks should come with some detail of how the risk will be overcome or mitigated.
- In respect of the Financial Resilience Mechanism, we note this was created to deal with budgetary 'shocks' at annual budget setting, rather than use in year. If unused at the end of the year it is used for one off payments and is considered a useful mechanism.
- We have some concerns that smaller service areas are expected to deliver disproportionately large savings, such as the Governance and Legal Services Directorate compared with Waste management budgets. A good example is also line 91, the Policy, Performance and Research restructure where the service is delivering £204,000 saving on a £722,000 budget. This imbalance gives the appearance that some service areas are considered too difficult to modernise or may have industrial relations issues which the administration is reluctant to challenge. We urge fairness of treatment and consistency to ensure all areas of the Council are being treated similarly and contributing proportionally when large savings are needed.

Capital Strategy 2019/20

- The Committee found the presentation on the Council's Capital strategy highlighting the link between Capital and Revenue budgets a useful context to its scrutiny of the overall budget.
- The Committee had some concerns regarding how the Council assesses the robustness of capital resourcing. We heard the clarification that where the budget includes proposed capital expenditure then approval in principle is usually in place and no capital project proceeds without grant approval. We note that a delay in grant funding of capital projects can impact on decision making and decisions sometimes depend on what the Council is allowed to fund.

Resources Proposals

- We consider overall savings of 18% across the Resources Directorate to be high, but note that the Directorate has experienced similar levels of saving at the peak of previous budget cuts. It reinforces our previous point about savings not being consistent across the board.
- Line 82 – Generation of additional income within Health & Safety. The Committee notes that the generation of additional income through selling training expertise in asbestos removal is a case of spare capacity. We believe it is important to ensure a clear delineation between council work and income generating work for other bodies.
- Line 90 – Connect to Cardiff (C2C) Channel shift. We note your confidence that service users will move to automated interactions to allow the release of contact centre staff. We would caution this could also make services more accessible and simply increase total demand.
- Line 96 – Deletion of vacant Enterprise Architecture Posts. We expressed some concerns that appropriate expertise would be lost with the deletion of these posts, however note this follows a review and the creation of a Digital Delivery Team, and were interested to hear you are working closely with Microsoft.
- Members observed that it is unclear where in the budget papers Council expenditure on external consultants could be found. We note this would be within Directorate budgets, and that for the Resources Directorate they are relatively small sums such as the use of a Treasury Management Advisor. A total for all Council consultancy work in any financial year would be a useful figure to be able to scrutinise.

Economic Development Proposals

- Line 10 – Review of Security costs. The Committee is of the view that the achievability risk assessment of this saving should be reduced from Red-Amber.
- We have noted that the delivery of the 2020 Property Strategy presents the biggest challenge for property services. We look forward to scrutinising the Strategy, and suggest it may be useful from a Capital strategy perspective to produce an overarching asset strategy.

Governance & Legal Services Proposals

- The Committee supports the Cabinet's recognition of the cost of democracy and that savings in Democratic Services should be reflective of this.
- Line 76 – Review of Legal Services Staffing Resource. The Committee is interested in the number of agency lawyers the Council uses to maintain its legal services. We note there are just two, and were concerned to hear that despite productive recruitment exercises lawyers have chosen to leave within a short timescale, often creating a gap as Council employees are obliged to give one months' notice, whereas many incoming recruits are required to give three months' notice.
- Line 79 – Removal of Webcasting equipment from County Hall Council Chamber. Members are of the view that this is a relatively small saving compared with the level of inconvenience caused should Council need to be diverted from City Hall to County Hall, and removes flexibility. We are therefore pleased to hear that, as Council will need to be held at County Hall due to maintenance issues at City Hall, this saving will be delayed.

Appendix 2i

- Line 78 - Cease printing meeting agenda and reports for Councillors and Senior Officers. The Committee feels strongly that there are several instances where it is important that Members have access to hard copies. For example, budget scrutiny. Whereas many Members are happy to routinely receive digital papers through Modern.Gov, all Members consider budget papers are the exception to the rule, and should be circulated in hard copy to enable successful cross referencing, and equip them with the tools to undertake good scrutiny. Additionally some Chairs of Committees with complex papers will always require hard copies, and in addition to the implications of the Equality Act 2010, some Members are uncomfortable with reading long documents digitally. We are therefore pleased to hear the Director of Governance and Legal Services will consider re-wording the proposed saving.

On behalf of the Committee and the Scrutiny service as a whole, I wish to acknowledge your commitment to engaging with the five Scrutiny Committees, both in respect of the Corporate Plan 2019-22 and of the Budget Proposals 2019-20. I look forward to an ongoing positive connection between Cabinet and Scrutiny, for the benefit of Cardiff citizens.

Yours sincerely,

COUNCILLOR DAVID WALKER

Annwyl / Dear David

Policy Review & Performance Scrutiny Committee – 20 February 2019

Thank you for your letter dated 21 February 2019 and the useful comments raised. I can assure you that Cabinet was able to reflect on the points raised prior to our meeting on 21 February 2019.

I'd like to take this opportunity to thank the Committee for their role in developing the Corporate Plan, as well as the Chairs of all the other Scrutiny Committees in supporting the target setting exercise. I also welcome the fact that the Chair acknowledged the open and inclusive approach we have undertaken. I believe the approach can only strengthen the governance of the organisation and demonstrates why this Council is recognised as having one of the most progressive policy development and scrutiny arrangements in Wales.

In respect of the point that each Step needs a Performance Target, we do not believe there needs to be a one to one relationship, in all cases between, Steps and KPIs. Because it is not always appropriate to measure the progress made in delivering a step via a key performance indicator, the Council reports quarterly on the progress made against both the Steps and the KPIs within the Corporate Plan. For example, many of the Steps which relate to delivering major projects do not lend themselves to an organisational KPI. Furthermore, the significant improvement achieved in the Key Stage 4 Performance Indicator over the last 5 years cannot be directly attributed to any single Step, but a concerted body of work across a number of Steps. For these reasons a one to one relationship

The Council welcomes correspondence in Welsh, English or bilingually. We will ensure that we communicate with you in the language of your choice, as long as you let us know which you prefer. Corresponding in Welsh will not lead to delay.

Tudalen 465

between Steps and KPIs is not always the most appropriate way of tracking performance. However, where it is appropriate to include a KPI in relation to a Step, such as the number of Council Homes the Council has committed to delivering, then the Plan does include a corresponding KPI.

Improving the health and wellbeing of the citizens of Cardiff is one of the primary goals of Capital Ambition, with a particular focus on reducing the inequalities in health between our most and least prosperous communities. As discussed at the committee meeting, the Corporate Plan contains a wide range of commitments to address the wider determinants of health as defined by the Director of Public Health on behalf of the Cardiff PSB, including a focus on ensuring a good start in life, preventing violence and abuse, increasing and improving employment opportunities, improving the city's housing and its education system, creating strong and resilient communities with high quality parks and green space.

In addition to the above the plan contains a number of commitments in respect of encouraging health lifestyles. These include:

- Ambitious plans in relation to active travel including investing in walking and cycling infrastructure, expanding the successful NextBike scheme and ensuring all schools have active travel plans.
- A commitment to work with partners to increase participation in sport and physical activity
- The development of a Cardiff Food Strategy

As discussed at the Committee, the Director of Public Health is leading the development of a local response to the recently published healthy weight : healthy Wales consultation on behalf of the Cardiff PSB. I will seek to ensure that members have the opportunity to contribute to this work as it develops over the course of 2019.

Within your letter, you have requested several items of information. I have asked officers for the information in respect of cost and justification of agency work within Social Services and the other directorates. I have also asked the Head of Human Resources to provide the Committee with employee turnover rates and an overview of how posts are reviewed when they become vacant.

I would like to point out that all directorates are asked to identify savings of an equivalent level but it is at the discretion of each director as to how the savings target is allocated across their service having considered priorities and constraints. Over a period of time Cabinet Members work with directors, and collectively, to ensure that the savings proposed for consultation accord with cabinet priorities, service opportunities and pressures. In this way, the final savings proposals may not be consistent in quantum or proportion but are determined as fair and equitable across directorates within the financial constraints of the budget.

I repeat the point made at the meeting that Health & Safety appointed a dedicated training officer who as part of their duties will be able to provide training services to other customers thus delivering an income without an impact on the Council's Health & Safety service.

Your request that external consultant expenditure for the financial year would be useful to consider when scrutinising the following year's budget is noted and I will ask officers to note this for future years.

I note your view that the Review of Security costs saving proposal could be reduced in respect of its achievability risk rating and have asked officers to consider that amendment.

Having reflected on your views in respect of the savings proposals relating to both webcasting and ceasing the printing of papers for members and senior officers, I have asked that the savings proposals be mitigated during 2019/20 by a drawdown from the Governance & Legal Services earmarked reserve. The webcasting saving will be offset entirely in order to create time for new arrangements to be considered while the printing of papers saving will be supported by £6000 to enable officers to ensure that appropriate levels of printing can continue in 2019/20 while a longer term assessment of need is developed. This will enable officers to maximise the saving as much as possible but with recourse to the earmarked reserve where it is not possible.

I hope that this letter captures all the points raised in your letter and thank you again for your support in the budget process.

Yn gwyir/Yours sincerely

All Grants excluding NA and RSG transfers (for like-for like comparison)	689,767	751,400

i The information shown above details the total amount of each grant. Some grants may be split between local authorities and other bodies.

ii It is important to note that amounts for future years are indicative at this stage and are liable to change.

iii Formal notification of grant allocations is a matter for the relevant policy area.

NA = figures not available at time of publication

RSG = funding transferring to Revenue Support Grant

¹ These programmes are part of the Regional Consortia School Improvement Grant

² The 2019-20 allocation will include an additional £1.074m in respect of the sixth form funding element of the Teacher's Pay Grant

³ These programmes are part of the Local Authority Education Grant

⁴ The Supporting People Grant will be included in 2019-20 within the Housing Support Grant

⁵ These programmes are part of the new Children and Communities Grant from 1 April 2019

⁶ £35m of the Sustainable Waste Management Grant transferred to Revenue Support Grant 2018-19.

⁷ The Single Revenue Grant will end on the 31st March 2019. The new Enabling Natural Resources and Well Being Grant (ENRaW) was launched on 7th September.

Financial Pressures Summary 2019/20

No.	Pressures Title	Value of Pressure 2019/20 £000	Risk Assessment	
			Residual	EIA
FP1	Education Other Than At School (EOTAS) Budget requirement for pupils being educated other than at school or in the city wide Pupil Referral Unit provision.	500	Red-Amber	Green
FP2	Local Development Plan - Educational Implications To create the officer capacity necessary to properly plan for, consult upon, and manage the construction of additional schools arising from the Local Development Plan.	104	Amber-Green	Green
TOTAL EDUCATION & LIFELONG LEARNING		604		
FP3	Older Persons & Accessible Homes Unit Developing an "Older Persons & Accessible Homes Unit" to: - Provide specialist housing advice for all older people, to help them better understand their housing options. - Ensure that high quality advice and information is available on the Council's websites, in Hubs and through information sessions and events. - Support people with disabilities to access adapted properties. - Actively promote Extra Care Housing as an alternative to residential care and as step down from hospital – raising awareness of the advantages with older people and professionals. The £150,000 will fund the five posts required for this unit.	150	Amber-Green	Amber-Green
FP4	Implementation of the Support For Families Model A Cabinet report in October 2018 sought authorisation to create a Gateway for families as a first point of contact for information, advice and assistance. This new approach proposed the bringing together of common services that are both provided in-house and commissioned, to ensure that services are person-centred. It is anticipated that the join up of these services and being able to provide the right intervention at the right time will lead to a reduction in families reaching crisis and the number of new children being looked after. This comprehensive approach will also support the step-down of children from care.	500	Red-Amber	Red-Amber
TOTAL HOUSING & COMMUNITIES		650		
FP5	Create new additional workers at Ty Canna- Transitional Outreach Workers To recruit four Transitional Outreach Workers (Grade 5) at Ty Canna. These workers will specifically work with young people in the process of transitioning from Children's Services / Child and Adolescent Mental Health Services to Adult Mental Health Services. Four workers are needed to meet demand - two will work in the north and two in the south, though they would work flexibly across the city to meet demand as required. This structure will align with the Locality Model and the plans for two Community Mental Health Teams to replace the existing five.	108	Red-Amber	Red
FP6	Extension of Adolescent Resource Centre (ARC) To provide funding for a team made up of 1 x Principal Social Worker (Grade 9), 1 x Senior Intervention Worker (Grade 6), 4 x Intervention Workers (Grade 5), 1 x Business Support Officer (Grade 4). The team will work with 50 families. This resource will be added to the existing infrastructure known as the ARC (Adolescent Resource Centre), which uses best practice approaches to support adolescents and their families to keep older children out of public care. These additional resources will allow this approach to be extended to younger children.	335	Red-Amber	Green
FP7	Safe systems for lone workers To fund the ongoing monthly costs of 300 'Archie' devices (lone working devices), the purchase of which will be funded through the Financial Resilience Mechanism in 2019/20. It is estimated that potentially 1100 staff within Social Services work alone and this presents varying levels of risk, depending on their roles and the situations they are in. The 300 devices would be allocated to those staff assessed as having the highest levels of risk, to help safeguard employees working on the front line. The bid follows-on from a six month pilot of the Archie device during 2017/18, where 24 randomly selected members of staff across Childrens and Adults (various roles that were not necessarily the highest risk rated) tested and used the device. Those staff working on the front line and in particularly challenging situations found the device to be an effective safeguarding tool.	32	Green	Green

Appendix 5

Tudalen 474

No.	Pressures Title	2019/20 £000	Residual	EIA
FP8	<p>Implement new Fostering Business Model</p> <p>This funding is required to allow the creation of a new structure that will incorporate the new specialist functions within the service. The current operating model of the Fostering Service and the reduced number of Council Carers available means the Council is spending an increasing amount on child placements. This is not sustainable, so investment and change is needed in order to facilitate a significant reduction in costs of child placements and to create the best life experience for children and young people being looked after.</p> <p>The Fostering Service Review Project aims to develop an effective business model for the Fostering Service in Cardiff. This will focus on three key aspects of the service:</p> <ul style="list-style-type: none"> • The marketing of the Service and the recruitment of Foster Carers • The support provided to Foster Carers once they have been approved • The need to reduce the cost of Fostering to the Council <p>The project will be delivered initially in three phases, run concurrently:</p> <ol style="list-style-type: none"> 1. The development of the Fostering Services Business Model 2. The development of the Cardiff Fostering Services Offer for the support and development of Foster Carers 3. A review of the current Fostering Services structure to support the implementation and delivery of the new business model. 	300	Red-Amber	Amber-Green
FP9	<p>Potential Cost Implications of Supported Living Tender in 2019</p> <p>The Directorate has in place a sustainable supported living service model where providers deliver services which meet the outcomes of individuals as set out in their support plans, offering individuals more choice, control and independence in their lives. This model was introduced in August 2015, with the award of contracts for the provision of Personal Domiciliary Care Supported Living Services contracts and the Housing Related Support Supported Living Services commenced on 1 August 2015. In line with contract extension clauses, these arrangements have been extended until end of September 2019. New contracts will be introduced from October 2019. This funding is a contingent sum to be used in the event that the new contract costs are higher than current.</p>	500	Red	Amber-Green
FP10	<p>Increased capacity for information governance activity related to disclosures in care proceedings</p> <p>To create two additional Information Request Case Officers, two case management system licences and ICT equipment to undertake redaction as a proof of concept. There is a Memorandum of Understanding between Information Governance and Social Services which considers service volumes and compliance on a monthly basis. The increase in activity of disclosures plus the need to identify a resource for rolling disclosures has resulted in the need for these additional posts.</p>	64	Red-Amber	Green
TOTAL SOCIAL SERVICES		1,339		
TOTAL PEOPLE & COMMUNITIES		1,989		
FP11	<p>City Centre Public Realm improvements - including Central Square (no S278/commuted sums etc)</p> <p>Maintenance of the City Centre with its prestige walking zones and shopping areas requires special consideration. The use of high quality paving materials and street furniture in this location means its maintenance costs are not comparable to other areas of the city.</p>	120	Red-Amber	Amber-Green
FP12	<p>Maintenance and operation of new hostile vehicle mitigation bollards</p> <p>Ongoing maintenance and operation resource to manage bollards during retail delivery window each day.</p>	50	Red	Green
FP13	<p>Street Scene - Cleansing growth due to night time economy & increase in food outlets (2-10pm shift)</p> <p>To create an additional cleansing team with working hours of 2-10pm to cover areas such as Roath, Cathays & Canton. This would support cleansing & enforcement activities outside of "normal" working hours in areas of significant night time activity.</p> <p>There has been an increased amount of waste deposited in or alongside litter bins & this new team would alleviate the pressure on cleansing teams, particularly in these high footfall areas.</p>	100	Red-Amber	Green

Appendix 5

No.	Pressures Title	2019/20 £000	Residual	EIA
FP14	<p>Street Scene - Increased recycling costs Achieve recycling target - £250k The Council has to meet statutory recycling targets, therefore to achieve annual increases in performance more tonnage is required to be recycled. The recycling target will increase from 58% to 64% in 2019/20.</p> <p>Increased cost of recycling disposal & treatment - £454k Anticipated increase in the cost per tonne of the disposal/treatment of the following materials; Mattresses, wood, paint, carpets, paints, hard plastics, organic food and garden waste. <i>Prices have started to increase during 2018/19 and any funding would be utilised to improve recycling in terms of best value.</i></p>	704	Red	Green
FP15	<p>Street Scene - City Wide Roll Out of Separate Glass Collections To support the city wide rollout of separate glass recycling collections (domestic) from September 2019, to protect against future market changes and reduce the risk of failing statutory recycling targets.</p>	163	Red-Amber	Green
FP16	<p>Fleet - Additional lease cost of existing fleet Increase in lease costs of replacement vehicles and plant due to previous rental agreements expiring.</p>	200	Red	Green
FP17	<p>Additional Learning Needs (ALN) Transport New routes resulting from additional "revolving door" and for children with autism.</p>	310	Red	Red-Amber
TOTAL PLANNING, TRANSPORT & ENVIRONMENT		1,647		
FP18	<p>Legal Services - Increase in demand for Children's Safeguarding Work The number and complexity of children's safeguarding cases have continued to increase. This is an issue across the UK not just in Cardiff and Wales. Because of this the external legal fees budget is projected to overspend this financial year. While there will always be a need to use barristers for some cases because of capacity or the skills needed, it is more cost effective to employ additional legal staff (one lawyer, one legal assistant and one admin assistant (total £131,000)), as well as making additional budget provision for external legal fees (£220,000) where necessary.</p>	351	Red	Red
TOTAL GOVERNANCE & LEGAL SERVICES		351		
FP19	<p>Council Tax Premiums and Growth Additional staff required to implement Council Tax Premiums and increasing workloads (two Grade 4) due to significant property growth each year.</p>	54	Red-Amber	Green
FP20	<p>Deployment of Virtual Assistant Technologies (Supporting the Digital Agenda) This project aims to modernise customer contact (internal and external) through the implementation of tools to automate transactional services which fall under the overarching concept of the 'virtual assistant'. The tools and technologies proposed will produce an automated, conversational response at the first point of customer contact, using artificial intelligence to guide transactions. The £150,000 reflects the licensing costs and additional staff resource associated with the project.</p>	150	Red	Amber-Green

DIRECTORATE BUDGET SAVINGS PROPOSAL SUMMARY 2019/20

No	Directorate	Theme	Proposal	Saving				Risk Analysis				Cabinet Portfolio
				Employee Costs	Other Spend	Income	2019/20	Status	Residual	Achievability	EIA	
				£000	£000	£000	£000					
1	Corporate Management	Business Processes	Reduction of funding available to react to opportunities to fund City wide events Further reduction of funding available to react to opportunities to fund City wide events. The current budget in respect of this area is £274,000.	0	126	0	126	Detailed plan	Amber-Green	Amber-Green	Amber-Green	Leader's Portfolio
2			Reduction in Past Service Contributions A review of past service contributions to be made in respect of ex-employees has identified that there will be a £40,000 reduction in costs for the year 2019/20. The current budget in respect of this area is £865,000.	40	0	0	40	Detailed plan	Green	Green	Green	Leader's Portfolio
Corporate Management Total				40	126	0	166					
3	Economic Development	Income Generation	Cardiff Castle - Income / Staff Rationalisation Saving to be achieved through the rationalisation of agency staff and overtime and the deletion of one post through voluntary redundancy, and the generation of additional income through new attractions (Black Tower Tales and Dr Who). The current staffing budget for Cardiff Castle is £1.359 million with an income target of £4.076 million.	52	0	70	122	Detailed plan	Amber-Green	Green	Green	Culture & Leisure
4			Pest Control - Exploring opportunities for expanding markets Further expanding the Council's market share through exploring opportunities for working with the private sector and other public bodies. The current staffing budget for the Pest Control service within Facilities Management is £321,000 with related income targets of £282,000.	(30)	0	60	30	General planning	Green	Amber-Green	Green	Investment & Development
5			Workshops Income Increased rental income from workshop units. The current rental and service charge income target for Workshops is £728,000.	0	0	20	20	Detailed plan	Amber-Green	Amber-Green	Green	Investment & Development
6		Collaboration	New Operating model for Leisure Centres Further year's saving as a result of the transfer of the operation of Cardiff Council's Leisure Centres to the new operator, Greenwich Leisure Ltd. The current budget for the Leisure Client Management Fee is £1.988 million.	0	1,822	0	1,822	Detailed plan	Green	Green	Green	Culture & Leisure
7			New Theatre Secure a private theatre tenant for the New Theatre building to develop and sustain the current theatre offer in the city. The current net budget for the Arts Venues (St David's Hall and New Theatre) is £808,000.	1,380	4,576	(5,552)	404	General planning	Red-Amber	Red-Amber	Red-Amber	Culture & Leisure
8			Parks and Sport – Continue transfer of parks buildings to reduce costs to the Council and attract investment The further transfer of changing rooms and other sports buildings to local clubs, organisations, leagues and governing bodies to provide security of tenure, enabling external investment and grant aid and to reduce the cost to the Council of holding these assets. The Facilities Management premises budget for Outdoor Leisure is currently £232,000.	0	25	0	25	General planning	Amber-Green	Amber-Green	Green	Culture & Leisure
9		Business Processes	Review of Facilities Management Staffing Resource A restructure of Facilities Management will result in the deletion of six posts within the service through voluntary redundancy. These posts are part of the Building Maintenance unit which currently has a staffing budget of £2.235 million.	157	0	0	157	Detailed plan	Amber-Green	Amber-Green	Green	Investment & Development
10			Corporate Landlord - Review of Security Costs Saving will be achieved through the increased use of digital technologies in enhanced security plans for some Council sites. The current staffing budget for the Security and Portering service within Facilities Management is £972,000 with related income targets of £1.066 million.	80	0	0	80	General planning	Amber-Green	Amber-Green	Green	Investment & Development
11			Corporate Landlord Model - Reduced Operational Cost of the Estate Reduced utility and operational costs through the closure of St Mellons Enterprise Centre and St Mellons Youth Centre, with youth provision transferring to St Mellons Hub. The Facilities Management budget for these premises is currently £87,000.	0	63	0	63	Detailed plan	Green	Amber-Green	Green	Investment & Development

Tudalen 477

No	Directorate	Theme	Proposal	Saving				Risk Analysis				Cabinet Portfolio
				Employee Costs	Other Spend	Income	2019/20	Status	Residual	Achievability	EIA	
				£000	£000	£000	£000					
12	Economic Development	Business Processes	Revised and restructured model for Economic Development Restructure within Economic Development which will allow the deletion of a vacant post. This proposal relates to Economic Development Management and Support Services with a current staffing budget of £813,000.	56	0	0	56	Detailed plan	Amber-Green	Amber-Green	Green	Investment & Development
13			Corporate Landlord Model - Cleaning of operational buildings Redesign of the programme for the cleaning of Council operational buildings to align with a reduced budget. The current staffing budget for the Cleaning Service within Facilities Management is £5.092 million. The related income targets are currently set at £5.589 million.	53	0	0	53	General planning	Green	Amber-Green	Green	Investment & Development
14			Revised and restructured model for the Tourism service and reduction in Tourism budget Deletion of a vacant post in the Tourism team along with a reduction in the budget for tourism initiatives. The current net budget for Tourism Development and Visitor Services is £411,000.	31	10	0	41	Detailed plan	Amber-Green	Green	Green	Investment & Development
15			City Centre Management - Remove Subsidy Reduce costs in order to make City Centre Management cost neutral. The current net budget for the City Centre Management function is £40,000.	40	0	0	40	Detailed plan	Amber-Green	Green	Green	Investment & Development
16			Review of Venues & Catering Staffing Resource Deletion of two 0.5 FTE posts through voluntary redundancy. The current staffing budget for Retail Catering is £155,000.	19	0	0	19	Detailed plan	Green	Green	Green	Culture & Leisure
17			Closure of Public Conveniences in Caedelyn Park The public conveniences in Caedelyn park are unused and in poor condition with no electrical supply, sinks or hand driers. Toilets will continue to be provided in the changing room block when there are pitch bookings. The public conveniences premises budget within Parks is £59,000.	0	6	0	6	Detailed plan	Amber-Green	Green	Red-Amber	Culture & Leisure
18			Review of External Expenditure	Reduced Subsidisation of Events Seek to reduce the level of subsidy of the current annual events programme through a staff restructure and removal of a level of subsidy for the events programme. The current staffing budget for the Events Operational Support service is £310,000 with Council subsidies for the Events Programme in the region of £216,000.	38	87	0	125	General planning	Red-Amber	Red-Amber	Red-Amber
19		Reduction in funding for annual Cultural Project Schemes The Cultural Projects Scheme is a financial award scheme designed to support one-off cultural projects that meet the corporate priorities of the council. The saving will be achieved by removing the funding for the scheme. Given the one-off nature of projects, there is no impact for those that have been supported previously. The existing budget for Arts Revenue Grants is £62,000.		0	62	0	62	Detailed plan	Amber-Green	Red-Amber	Amber-Green	Culture & Leisure
20		Economic Development Projects and Initiatives Reduction in the Business & Investment initiatives budget. This proposal relates to the Cardiff Convention budget which currently stands at £50,000.		0	28	0	28	Detailed plan	Amber-Green	Green	Green	Investment & Development
Economic Development Total				1,876	6,679	(5,402)	3,153					
21	Education	Income Generation	Generation of additional income for traded Additional Learning Needs (ALN) services Exploring opportunities to generate additional income through increases to School Service Level Agreements, reduced subsidisation of training and opening up the trading base to schools in other Local Authorities. The current level of income generated through traded ALN services with Cardiff schools is £3.014 million.	0	0	140	140	Detailed plan	Green	Amber-Green	Green	Education, Employment & Skills
22		Business Processes	Delegation of responsibility for the Local Authority contribution to the Education Improvement Grant This saving would be achieved by delegating the responsibility for the Council's contribution to the Education Improvement Grant to schools. The proposal delegates the current budget for the Council's contribution to the Education Improvement Grant in full.	0	962	0	962	Detailed plan	Amber-Green	Amber-Green	Amber-Green	Education, Employment & Skills

No	Directorate	Theme	Proposal	Saving				Risk Analysis				Cabinet Portfolio
				Employee Costs	Other Spend	Income	2019/20	Status	Residual	Achievability	EIA	
				£000	£000	£000	£000					
23	Education	Business	Full Year financial impact of Education Directorate Restructure This is the full financial year impact of the staffing restructure of the Education directorate which took place in the 2018/19 financial year. The current base budget funded staffing budget is £4.215 million.	270	0	0	270	Detailed plan	Amber-Green	Amber-Green	Green	Education, Employment & Skills
24		Review of External Expenditure	Reduction in contribution to the Central South Education Consortium (CSC) The Joint Committee of the Central South Consortium determined the 2019/20 budget during the Autumn term. Directors from each of the partner Local Authorities asked for a reduction in budget together with a closer examination of the opportunities for the Consortium to use grant funding to offset core budget costs. There will be a 5% reduction in the required contribution from each LA in 2019/20. The current budget in respect of the contribution is £1.43 million.	0	70	0	70	Detailed plan	Amber-Green	Amber-Green	Green	Education, Employment & Skills
Education Total				270	1,032	140	1,442					
25	People & Communities - Housing & Communities	Income Generation	Smart House/Shop Services Income generation from the sale of equipment to those not eligible for assessed support through the Joint Equipment Service. It is also possible that sales could potentially be made from one of the new wellbeing hub facilities in the future. This is a new scheme with no existing income target.	0	0	30	30	Detailed plan	Green	Red-Amber	Green	Social Care, Health & Well-being
26		Business Processes	Realignment of funding for homelessness service delivery The saving will be achieved through a prudent use of the Homelessness Reserve over the following two years. The current net General Fund budget for Homelessness prevention and provision is £2.035 million. The anticipated balance on the Homelessness Reserve at March 2019 is £1.256 million.	0	0	250	250	Detailed plan	Green	Green	Amber-Green	Housing & Communities
27			Community Wellbeing Hubs implementation Delivery of the Community Wellbeing Hubs brings together Libraries and Hubs under one management structure. There the saving will result from greater join up of services between libraries and hubs, however the new structure does require significant changes to staffing. The new model will improve on the range of services being provided at our existing standalone branches especially around the provision of advice services for older people. The current General Fund staffing budget for Community Wellbeing Hubs and Libraries is £2.396 million.	250	0	0	250	Detailed plan	Green	Green	Green	Housing & Communities
28			Review of Benefits Service in line with rollout of Universal Credit The implementation of new business processes and the new online application will allow the deletion of vacant posts and a reduction in postage and printing costs. The current Housing Benefit Assessment staffing budget is £2.574 million of which £1.760 million is externally funded, with postage costs budgeted at £57,000.	113	12	0	125	Detailed plan	Green	Amber-Green	Amber-Green	Housing & Communities
29	Communities - Communities	Business Processes	Review of Independent Living Service As the Council continues to expand the range of services that are provided by the Independent Living Service, including the rollout of the First Point of Contact to Hospitals, there is an opportunity to better align existing grant funding which would offset management costs, thereby releasing savings. The net budget for this service is £570,000.	0	0	60	60	Detailed plan	Green	Green	Green	Social Care, Health & Well-being
30			Deletion of an Into Work Advisor Post Following the creation of the employability gateway, efficiencies have enabled the deletion of this vacant Into Work Advisor post. The current net budget for the Into Work Service is £118,000.	40	0	0	40	Realised	Green	Green	Green	Housing & Communities
31			Review of Adams Court and realignment of grant funding Realignment of existing grant budgets to reflect activities undertaken at Adams Court Supported Housing Project and a reduction in the amount required to be spent on furniture. The Adams Court budget currently stands at £45,000.	0	20	10	30	Detailed plan	Green	Green	Green	Housing & Communities

No	Directorate	Theme	Proposal	Saving				Risk Analysis				Cabinet Portfolio
				Employee Costs	Other Spend	Income	2019/20	Status	Residual	Achievability	EIA	
				£000	£000	£000	£000					
32	People & Communities - Housing & Communities	Review of External Expenditure	Review of the Day Opportunities Team within Independent Living Services Following a review of the work undertaken by the Day Opportunities Team there is an opportunity to join up with the new Community Inclusion Service to find opportunities to integrate individuals in local groups. The current staffing budget for Day Opportunities is £413,000.	20	0	0	20	Detailed plan	Green	Amber-Green	Green	Social Care, Health & Well-being
33			Provision of all Into Work Services in-house Following the implementation of the new model for Into Work Services in Cardiff, which included the creation of the Employability Service Gateway, there is the opportunity to provide more of the employment services in-house and reduce the management costs. The current net budget for the Into Work Service is £118,000.	0	33	0	33	General planning	Green	Green	Green	Housing & Communities
34			Citizen Advice Bureau (CAB) Contract - Agreed Reduction This saving reflects the third year of a three year phased reduction in the cost of the Advice Services Contract. The related budget for the Cardiff Advice Services contract is £380,000.	0	30	0	30	Detailed plan	Green	Green	Green	Housing & Communities
People & Communities - Housing & Communities Total				423	95	350	868					
35	People & Communities - Social Services	Strength Based Practice and Preventing Escalation of Need	Maximise use of Community Resource Team (CRT) to support people to become more independent Reduction in the use of externally commissioned homecare services by reducing the need for intensive and long term packages of care. This will be achieved by increasing the capacity and impact of CRT to support people to become more independent, through a review of the Council element of CRT, changes to staffing structures to create additional capacity to assess service users, performance management, and a system review with Cardiff & Vale Health Board in order to repurpose the integrated elements of the CRT. The current budget for domiciliary care commissioning totals £22.531 million.	0	1,000	0	1,000	Detailed Plan	Amber-Green	Red-Amber	Green	Social Care, Health & Well-being
36			Community Provision for older people - Improve the use and effectiveness of community provision to ensure people receive the right type and level of support at the right time in their lives The Directorate will improve the availability of community provision and ensure that individuals are supported to access the most appropriate level of provision to maximise their independence. This support will be joined-up with partners and other organisations where appropriate and take into account social, cultural and family networks. This will include making better use of night time care, the introduction of a Hospital First Point of Contact (FPOC) and the implementation of a strengths based practice approach to ensure assessment / review takes place in the right way at the right time. All these steps will seek to support more people to remain living in their own home. The current Older People commissioning budget totals £48.01 million.	0	1,000	0	1,000	Detailed Plan	Red-Amber	Red-Amber	Green	Social Care, Health & Well-being
37			Safely reduce the number of children entering local authority care by enhancing protective factors within the child's home and community Build on prevention models and service delivery that enables work with families to take place at an earlier opportunity, using the range of professionals within the early help context. This could involve extending the ARC model of intervention to younger children. The current budget for placement costs for children totals £25.211 million.	0	500	0	500	Detailed Plan	Amber-Green	Amber-Green	Amber-Green	Children & Families

38	People & Communities - Social Services	Strength Based Practice and Preventing Escalation of Need	<p>Enabling people with a Learning Disability to live the lives they want to live with reduced levels of community support</p> <p>To improve the lives of people with learning disabilities and reduce the overall cost of provision. This will be achieved by implementing a strengths based practice approach to ensure assessment/review takes place in the right way at the right time, increased use of community facilities and services to enable people to participate fully in local communities with improved networks and rights, the identification of future accommodation needs to ensure appropriate local provision and reduce use of residential care and an increased use of adult placements for accommodation and respite where appropriate. The current Learning Disability commissioning budget totals £34.316 million.</p>	0	500	0	500	Detailed Plan	Red-Amber	Red-Amber	Green	Social Care, Health & Well-being
39			<p>Enabling people with a Mental Health Issue to live the lives they want to live with reduced levels of community support</p> <p>Deliver improvements in practice and use of provision, to improve the lives of people with a mental health issue and reduce the overall cost of provision. This will be achieved by implementing a strengths based practice approach to ensure assessment/review takes place in the right way at the right time, continuing to reduce the number of people moving into Supported Living accommodation through the development of appropriate step down accommodation solutions, and investigating opportunities to reduce the use of residential home placements or to 'step-down' individuals into lower level forms of supported accommodation. The current Mental Health commissioning budget totals £6.12 million.</p>	0	500	0	500	Detailed Plan	Red-Amber	Red-Amber	Green	Social Care, Health & Well-being
40		Review of External Expenditure	<p>More children supported in Cardiff and through Council provision - Change the type and level of provision available in Cardiff and how this is commissioned, purchased and used</p> <p>Of the children that are supported by the Council to live in residential homes, more of them will live in or close to Cardiff than at present. To achieve this, the Council will support the opening of 5 new residential homes in Cardiff during 2019. We will also take action to ensure that of the children in foster care, a greater proportion are in internal placements and live within Cardiff, than currently do. To support this, a new fostering service will be implemented from April 2019. The current budget for placement costs for children totals £25.211 million.</p>	0	1,500	0	1,500	Detailed Plan	Red	Red-Amber	Amber-Green	Children & Families
41			<p>Improve the cost effectiveness of Social Services commissioning arrangements</p> <p>To improve the cost-effectiveness of the service's commissioning arrangements by seeking opportunities for rationalisation across the Directorate in terms of commissioning strategy, contract monitoring and financial management. To continue to use commissioning opportunities to seek higher quality services and added value for money where possible, through the implementation of an evidence based fee setting methodology for adults care home services and Care Home Charging Policy, and ensuring the best arrangements are in place for the commissioning of children's residential and foster placements. The current budgets for children's placements, and adult residential and nursing care commissioning total £69.795 million.</p>	0	750	250	1,000	Detailed Plan	Red-Amber	Red-Amber	Green	Children & Families / Social Care, Health & Well-being

45	Planning, Transport & Environment	Income Generation	Clamping and Removal of Nuisance Vehicles This saving will be achieved following the DVLA's authorisation of Cardiff Council to enforce against untaxed vehicles under devolved powers to use the Vehicle Excise Duty (Immobilisation, Removal and Disposal of Vehicles) Regulations 1997. This would allow the Council to monitor, report and with the permission of the DVLA, either to clamp and/or remove untaxed vehicles from the highway and Council-owned land, which would require payment of a release fee. This is a new initiative and therefore no existing budgets.	(50)	(55)	225	120	Detailed plan	Green	Amber-Green	Amber-Green	Strategic Planning & Transport
46			Delivery of approval body for Sustainable Drainage The delivery of the approval body for Sustainable Drainage will provide a net income through applications after taking into account additional staff costs. This is a new legislative requirement so does not currently have any budget.	(112)	0	220	108	Detailed plan	Amber-Green	Amber-Green	Green	Strategic Planning & Transport
47			Commercial Waste and Recycling Increase income by growing the commercial waste and recycling centres at Bessemer Close and Lamby Way. The current income target is £978,000.	0	0	100	100	General planning	Green	Amber-Green	Green	Clean Streets, Recycling and Environment
48			Planning - Progressing development proposals and enhanced information gathering Enhanced income opportunities in relation to the role of the Planning Service in progressing development proposals and enhanced information gathering in respect of new applications in the pipeline. The income target is currently £2.4 million.	0	0	80	80	General planning	Green	Amber-Green	Green	Strategic Planning & Transport
49			Improved income from Developments Increased income from enhanced delivery of key developments across the City. The current income target is £756,000.	(25)	0	70	45	General planning	Amber-Green	Amber-Green	Green	Strategic Planning & Transport
50			Transport Policy - Improved Recharging Maximising opportunities for recharging of services to grant funding streams. The current income target is £273,000.	0	0	40	40	General planning	Green	Red-Amber	Green	Strategic Planning & Transport
51			General Fees & Charges Increase in fees & Charges across the Planning, Transport and Environment directorate including licensing and fixed penalty notices. The current income target for licensing is £564,000 and for fixed penalty notices £413,000.	0	0	32	32	Detailed plan	Amber-Green	Green	Green	Strategic Planning & Transport / Clean Streets, Recycling and Environment
52			Lamby Way Solar Farm Scheme Lamby Way Solar Farm will provide a substantial amount of clean, renewable energy to supply the local electricity grid and connected Council buildings. It will make a positive contribution to national and local renewable energy generation and carbon reduction targets. Through this solar farm scheme additional income will be generated from January 2020. This is a new scheme so there is no existing budget.	0	0	30	30	Detailed plan	Amber-Green	Red-Amber	Green	Clean Streets, Recycling and Environment
53			Registration Services Income Generate additional income through increases to fees for marriage ceremony room hire and private citizenship ceremonies. The income target is currently £798,000.	0	0	23	23	Detailed plan	Amber-Green	Amber-Green	Green	Clean Streets, Recycling and Environment
54			Income Generation	Cardiff Dogs Home Improved coordination of volunteers and increased income opportunities. This is a new initiative. The net budget provision for Cardiff Dogs Home is currently £284,000.	(28)	0	48	20	Detailed plan	Amber-Green	Amber-Green	Green
55	Collaboration	Regulatory Collaboration Reflects a further year's saving for Cardiff from the creation of a single shared service for Environmental Health, Trading Standards and Licensing functions of Cardiff, Bridgend and the Vale of Glamorgan Councils under a single management structure. As agreed in the service's financial business plan, this equates to 5% compounded over three years. The current budget provision is £4.978 million.	0	286	0	286	Detailed plan	Amber-Green	Amber-Green	Green	Clean Streets, Recycling and Environment

Savings		
Reduce proposed reduction to Events Subsidy	120	To reduce the proposal from £245,000 to £125,000
Reduce saving in Revenues and Council Tax	100	To reduce the proposal to £174,000 to reflect challenges of collection re: new Council Tax Base
Total	220	
Net Overall Impact	0	

Mae'r dudalen hon yn wag yn fwriadol

Financial Resilience Mechanism - one-off use for 2019/20		£000	Description
Visible Street Scene	Localised highway asset improvement works	1,000	Repairing defective carriage and footways to improve the condition of the network.
	Roadsigns and lines	250	Improvement works to address network safety issues and replacement / renewal of unsafe, defective or missing traffic signs and road markings.
	Additional Deep Clean	312	To fund a new team of joined resources (2 cleansing teams) who will provide a deep clean to the localised central areas, outer wards and gateways.
	Piloting Street Cleansing Technology	180	To fund a pilot scheme to improve existing technologies, and introduce new technologies in Street Scene services.
	Separate Glass Collection – one off set up and communications	164	Non recurring cost to support and communicate the city wide rollout of separate glass recycling collection changes subject to the outcome of the current pilot exercise.
	Love where you live	50	Funding to support the Love where you live campaign, which seeks to create meaningful engagement with the citizens of Cardiff, encouraging pride in their urban spaces and a sense of influence in the places we work, live and play.
	Waste Service communications	144	Non-recurring cost to support and communicate enhanced information to residents in respect of the Council's Waste service.
Total	2,100		
Transport Initiatives	Electric Cars and & Small Vans – conversion of fleet	60	First year of a two year programme to replace existing fossil fuel fleet with electric vehicles.
	School Active Travel Plans	100	To deliver the Capital Ambition commitment for all schools to have an Active Travel Plan by 2020.
	Travel support for care leavers and young carers	20	To scope a pilot project to support care leavers and young carers to overcome transport barriers to them accessing education, employment and training.
	Travel support for Post-16 Additional Learning Needs students	250	To pilot an approach to discretionary transport support for Post 16 students who had a statement of SEN pre 16 and who plan to continue their learning on a Further Education course.
	Bus Routes - Subsidy	750	To create a fund to support the Council's approach to providing a social subsidy to bus routes where deemed necessary. The resource to be used over a two-year period following an assessment of route priorities.
	Total	1,180	
Other	Safe System for Lone Workers	31	To fund the purchase of 300 'Archie' devices (lone working devices) to be allocated to those Social Services staff assessed as having the highest levels of risk, to help safeguard employees working on the front line.
	Emergency Duty Team	55	To provide one year of Project Management resource to lead a review of the way the Emergency Duty Team currently operates, the design of a new operating model and the implementation of this model.
	Homelessness Reserve	300	To reinstate the drawdown from the Homelessness Reserve that was previously committed as funding towards the 2019/20 Budget. This will increase the Council's ability to finance initiatives and deal with emerging pressures in future years.
	Improve Public Toilets	50	To improve facilities in response to the Public Toilet Strategy
	Channel Shift	30	To assist in the transition to a modernised customer contact (internal and external) experience through the implementation of tools to automate transactional services which fall under the over-arching concept of the 'virtual assistant'.
	Parks - Playground upgrades and Tree Maintenance	54	To support a programme of playground upgrades and tree maintenance in areas to be prioritised based on existing condition.
	Total	520	
Grand Total	3,800

Financial Challenges and Mitigation

The effective monitoring, management and mitigation of challenges is a key part of the managing the Council's financial resilience. Financial challenges are set out below with key mitigations

		Description	Capital Strategy	Council MTFP	HRA MTFP	Mitigations
Tudalen 529	Funding /Financial Resilience	The challenging financial position in respect of reducing WG resources and increasing financial pressures against a reducing controllable base budget				Strategic discussions with Welsh Government in respect of longer term funding certainty, flexibility and adequacy. Robust financial planning over the medium term.
		The level and certainty of capital funding from Welsh Government towards meeting strategic ambitions				Strategic discussions with Welsh Government and other funding partners in respect of longer term funding certainty and funding flexibility.
		The review of the Major Repair Allowance (MRA) grant for Public Housing as part of the Affordable Housing Supply review by Welsh Government				Review of capital programme. Early discussion with Welsh Local Government Association (WLGA) and Welsh Government.
		The level of additional borrowing and its impact on capital financing in future years.				Continue to monitor local affordability indicators and maintain strong links between capital strategy and MTFP.
		Securing proposed capital receipts to fund expenditure commitments.				Detailed delivery plan approved by Cabinet. Annual monitoring as part of corporate land and property Asset Management Plan.
		National controls over borrowing and expenditure for which borrowing could be used.				Consider review of Capital Strategy and non-committed expenditure.
		The potential financial impact on both capital and revenue of major projects and development initiatives which arise during the year.				Setting a financial affordability envelope in respect of projects where financial implications are currently unknown.
		Managing the condition of assets at acceptable levels in light of reducing revenue resources and scarce capital resources.				Asset Management Plans informed by condition surveys. Disposal Strategy to divest of surplus assets. Agreed approaches to managing risk of declining condition of assets.
		Capital schemes undertaken by additional borrowing on the basis of future income or savings.				Consideration of robust business cases and seeking external advice to challenge and review where appropriate. Continued post-project appraisal.
		Certainty over rent levels to determine affordability of investment in new affordable housing.				Engagement with Welsh Government in relation to long term rent setting policy / flexibility. Reduce new build programme or implement operational savings, efficiencies and review of planned spend and initiatives if required to correspond with affordability.
		Approach to prudent provision for repayment of debt.				Regular review of asset life, guidance and alternative options. Detailed review to be undertaken in 2019/20.
		The potential impact on funding if there are any negative redistributive impacts of specific grants transferred into the Revenue Support Grant (RSG).				Early involvement in discussions with Distribution Sub-Group, including WLGA.
		The conclusion of the ongoing work with HMRC in respect of purportedly under declared landfill tax.				Proactive engagement with HMRC and PWC environmental tax experts. Set aside windfall income in 2018/19 as a payment on account should an actual liability materialise. Provide updates in future finance reports.
		The impact of increasing volatility and uncertainty in respect of hypothecated grants.				Continued representations to WG with WLGA for funding flexibility, i.e. transferring grants to RSG where possible.
The intention of WG to revisit reform of Local Government Finance in Wales.				Continued monitoring of WG's position and engagement with any consultation at an early stage.		

	Description	Capital Strategy	Council MTFP	HRA MTFP	Mitigations
	The potential requirement to address significant specific grant reductions at short notice where these are integral to the functions of the authority.				Review of grant funded activity and consideration of flexibility to fund from other grant streams.
Capital Project Risk	Supplier availability and capacity				Pool of suppliers to undertake works. Encouraging training and development.
	Supplier financial stability				Use of approved procurement frameworks and financial standing assurance
	Abortive costs of capital projects which would be required to be charged to a revenue budget				Due diligence at the outset of projects. Clear identification of scope and undertake feasibility studies where required.
	Costs, capacity and skills to deliver capital projects				Workforce planning, securing external advice and services where required
	Approach to ensuring effective business cases to ensure members can make informed decisions				Use of HMT five case model. Due diligence via officer boards such as IRB to provide assurance. Projects to maintain risk registers
	Risk that initial estimated project costs are inaccurate and the actual costs of projects are higher than anticipated				Robust business case and due diligence via officer boards. Clear project scope from the outset.
	The proximity in recent years of the Council's partial exemption calculation (VAT) to the 5% threshold.				Early consideration of VAT issues, particularly in respect of land acquisition and when working with other public and charitable organisations.
	Ineligible costs charged to capital projects, resulting in revenue budget impact				Capitalisation guidance. Financial and External audit review. Need for regular review and evidenced basis charging. Compliance with terms and conditions of external grant awards
External / Economic	Treasury Management risks such as interest rate risk, credit risk, fraud risk.				Treasury Management Practices, Treasury Strategy and use of Treasury Management Advisors. Borrowing at fixed rates.
	Economic / Commercial risks – e.g. Property values, willingness of private sector to invest.				Demonstrating the long term benefits of investment in the city.
	Inflation and construction price risk impact on cost of projects.				Minimise time frame of projects. Contingencies as part of contracts. Fixed price contracts.
	Inflation over the MTFP period with potential impact on pricing				Close monitoring of OBR forecasts and relevant indices.
	Changes in law and need for compliance with latest laws and regulations in construction				Awareness of pipeline of legislative change. Contingencies.
	Investments and liabilities fail to perform as expected				Post project appraisal. Periodic monitoring including annual review as part of Statement of Accounts. New accounting requirements for reporting valuations of investments

	Description	Capital Strategy	Council MTFP	HRA MTFP	Mitigations
	Brexit				Impact, particularly in respect of construction costs and property values will continue to be monitored on an ongoing basis. Monitoring of risks in line with the Council's corporate risk register.
Demand / Service delivery	The impact of Universal Credit, on the ability of individuals to contribute to the cost of services and to meet rent liabilities, resulting in increased bad debt and cost of recovery. This links with the impact of progressive implementation of welfare reforms <u>together with financial risks in respect of the (CTRS).</u>				Early intervention to support residents - this could be back into work or ensuring that they are claiming all benefits to which they are entitled. Review of debt recovery policies and bad debt <u>provision as part of budget monitoring.</u>
	Continuing demographic demand for social care services – reflecting both volume and complexity of need				Early intervention, prevention and reablement measures.
	Pressures on supported additional learning needs due to both continuing pupil number growth and complexity of need				Pupil number modelling on an ongoing basis, with particular reference being paid to the impact of the LDP. Also, implementation of proposals contained in the ALN Strategy and <u>consideration of the upcoming change in ALN legislation.</u>
	Additional pressures on the homelessness service.				Continued review of available resources, including maximisation of <u>available grant schemes.</u>
	The risk of WG levying fines if the Council fails to meet recycling or landfill diversion rates				Education of residents and continued investment in recycling initiatives.
	Demand for affordable housing and the different types of housing suitable to meet the needs of older people and young families				Older persons housing strategy, new council house build and acquisition programme and partnerships with Registered Social Landlords.
	Reducing demand for services where the Council has historically charged for the activity, creating an income shortfall				Encouraging directorates to take a strategic view of income generation and to consider the impact of fee-setting on demand for services.
Savings	The significant amount of cashable savings predicated on preventative strategies and <u>the difficulty of tracking their impact in terms of financial monitoring.</u>				Robust due diligence. Encouraging directorates to undertake detailed planning at an early stage. Monitoring the achievements of savings throughout the year so that, remedial action can be taken in a timely manner if required.
	The necessity to deliver budgeted savings from change proposals that are not yet fully defined.				
	The significant level of savings based on income initiatives that are yet to be tested in <u>the market.</u>				
	The need to deliver significant levels of savings during a period of prolonged financial austerity, particularly given the impact delays to delivery of the proposal have on the <u>budget monitoring position.</u>				
	The cumulative impact of achieving savings, in addition to the unachieved 2018/19 savings which remain to be realised.				
Organisational Change	The on-going service impact of the past reduction in headcount that has taken place over an extended period and the potential for a negative impact on the financial <u>control environment.</u>				Workforce planning. Training and development. Internal Audit of processes.
	The impact for functions delivered as part of a collaborative arrangement if the <u>planned benefits are not realised.</u>				Robust governance and contract management arrangements.
	The capacity to deliver organisational change in conjunction with increasing demands on business as usual activities.				Draw on expertise of Capital Ambition Delivery Team

EARMARKED RESERVES GENERAL FUND

	Reserve	Estimated balance at 31.03.19 £000	Estimated Movements		Estimated balance at 31.03.20 £000	Purpose
			To finance budget £000	Other Commitments £000		
1	Apprenticeships and Trainees	933	0	(461)	472	To support the Council's commitment to young people through funding for apprenticeships and trainees.
2	Bereavement Services	294	0	(57)	237	To fund a planned programme of refurbishment and improvement.
3	Building Control Fee Earning	266	0	(111)	155	Represents historic surpluses relating to the ringfenced building control account which will be used to smooth the effects of any future deficits.
4	Bute Park Match Funding	106	0	(25)	81	To provide match funding for grant funded initiatives in relation to Bute Park, as per Heritage Lottery Fund agreement.
5	Capital Ambition Delivery	638	0	(513)	125	To fund additional advice/support for the delivery of Capital Ambition projects. Requests for funding are presented to the Investment Review Board for approval within existing levels of officer delegation.
6	Cardiff Academy Training	80	0	(16)	64	To support initiatives undertaken by the Academy.
7	Cardiff Capital Region City Deal	218	0	(1)	217	Towards costs of the Joint Cabinet for the Cardiff Capital Region in collaboration with Local Authorities, Welsh and UK Governments.
8	Cardiff Dogs Home Legacy	100	0	(5)	95	Donations left to Cardiff Dogs Home to be used for improvements to the home.
9	Cardiff Enterprise Zone	2,464	0	(490)	1,974	Budget set aside to fund expenditure on the Cardiff Enterprise Zone in future years.
10	Central Market Works	280	0	(15)	265	To fund works at Cardiff Central Market and as potential match funding for external grant bids.
11	Cardiff Works	77	0	0	77	To support initiatives undertaken by Cardiff Works.
12	Central Transport Service	251	0	(150)	101	To fund costs relating to the CTS vehicle service in future years.
13	City Wide Management & Initiatives	353	0	(250)	103	City wide management and initiatives including supporting marketing and infrastructure in relation to the City.
14	Community Based Services Transition	237	0	(50)	187	To enable the better integration of community facilities across the public sector
15	Corporate Events & Cultural Services	615	0	(72)	543	To support feasibility studies and costs of major events including the potential Signature Music Event and also to offset future pressures arising from fluctuations in income within Venues and Cultural Services.
16	Corporate Landlord Function	41	0	(41)	0	To support the corporate landlord functions across the Council in order to provide a cohesive and commercial operating model.
17	Discretionary Rate Relief	100	0	0	100	To fund changes to the NDR discretionary rate relief scheme.
18	Emergency Management, Safeguarding and Prevent	138	0	(30)	108	Preventative measures in relation to safeguarding, Prevent agenda and emergency management.

Tudalen 533

Appendix 15(a)

	Reserve	Estimated balance at 31.03.19 £000	Estimated Movements		Estimated balance at 31.03.20 £000	Purpose
			To finance budget £000	Other Commitments £000		
19	Employee Changes	6,737	0	(662)	6,075	In accordance with the projected model, this is required to meet the costs associated with voluntary redundancy and other employee costs in future years.
20	Energy Conservation	144	0	(144)	0	To fund initiatives in connection with energy conservation.
21	Energy Market Volatility	587	(250)	0	337	To provide funding for unexpected fluctuations in the cost of energy.
22	Fraud Detection	111	0	(45)	66	To supplement staffing and other costs associated with fraud detection.
23	Governance & Legal Services	207	0	(75)	132	To fund future Governance & Legal Services initiatives, including projects in connection with ICT upgrades and to manage fluctuations in demand for external legal services.
24	Harbour Authority Project and Contingency Fund	40	0	0	40	To fund expenditure for the improvement and enhancement of infrastructure, assets, activities or services in or around Cardiff Bay.
25	Highways Section 278	532	0	(68)	464	To support highway investment
26	Homelessness	1,256	0	(290)	966	To be used to meet increases in homelessness pressures.
27	Houses in Multiple Occupation Licensing	12	0	(12)	0	To spread the income in line with costs for the five year length of licences.
28	Housing Options Centre	681	0	(121)	560	To meet the capital financing costs of the Housing Options Centre.
29	Housing Support	896	0	(210)	686	To improve sustainability by maintaining people's independence in their own homes.
30	ICT Holding Account	752	0	(80)	672	To fund future Business Process Improvement initiatives and other future ICT initiatives.
31	Inspectorate Support	207	0	0	207	To procure necessary consultancy for inspections and regulatory environment.
32	Insurance	5,688	0	0	5,688	To protect the Council from future potential insurance claims.
33	Invest to Save	179	0	171	350	To fund revenue invest to save schemes.
34	Joint Equipment Store - Pooled Budget	220	0	0	220	To be utilised to offset deficits or one off expenditure items in the pooled budget, in future years.
35	Local Plan	99	0	0	99	To support the cost of the Local Development Plan and any potential appeals or judicial reviews.
36	Major Projects	580	0	(55)	525	To contribute towards the cost of Major Projects.
37	Members Development	61	0	(51)	10	To support any additional Members' ICT software.
38	Municipal Election	433	0	76	509	To support the cost of local elections.
39	Municipal Mutual Insurance	805	0	0	805	To protect the Council from a scheme that was triggered on 13 November 2012 and will involve the claw back of a percentage of previously paid claims, as well as a percentage of future claims.
40	Non-Domestic Rates Due Diligence	60	0	0	60	To fund the costs of NDR due diligence.

Appendix 15(a)

	Reserve	Estimated balance at 31.03.19 £000	Estimated Movements		Estimated balance at 31.03.20 £000	Purpose
			To finance budget £000	Other Commitments £000		
41	Out of School Childcare	73	0	0	73	Surplus balances from each school operating an out of school childcare scheme. These can be drawn upon by each school to balance in year.
42	Parking & Enforcement	939	0	(408)	531	This represents surpluses on parking & enforcement schemes which, under the Road Traffic Act 1984, have to be reinvested in Road Traffic Schemes.
43	Policy, Partnerships and Performance	182	0	(102)	80	To support initiatives within the area including Bilingual Cardiff.
44	Projects, Design and Development	137	0	(137)	0	To cover unattributable anomalies in building design and construction.
45	Property Asset Management	129	0	(50)	79	To be used by Strategic Estates, as a tool for managing timing and fluctuations of income from fees re disposal of properties.
46	Rentsmart Wales	444	0	0	444	To reinvest in training and service delivery in respect of Rentsmart Wales.
47	Resources	1,371	0	(728)	643	To provide funding to a number of areas within the Resources Directorate particularly where transition to new methods of operation are required.
48	Schools Catering and Kitchen Improvements	409	0	(409)	0	To be used to support the Schools Catering Service, including kitchen improvements, the implementation of a cashless transaction system and the costs associated with a temporary catering unit at Cantonian High School.
49	Schools Formula Funding	719	0	(239)	480	Contingency Fund set aside to meet unplanned and unforeseen expenditure incurred by or on behalf of the delegated schools' budgets.
50	Schools Organisation Plan	1,691	0	(1,100)	591	To be used to manage the cash flow implications of the School Organisational Plan financial model.
51	Scrutiny Development & Training	124	0	(90)	34	To fund Member development and training.
52	Shared Regulatory	39	0	0	39	To support changes to the Council's contribution to the Shared Regulatory Service.
53	Social Care Technology	502	0	(200)	302	Support for social care IT developments.
54	South East Wales Construction Framework	381	0	(381)	0	Ringfenced revenue to fund future costs of the project. Remaining funding to be distributed amongst the participating authorities
55	Strategic Budget	3,032	(2,500)	0	532	To support financial resilience and the future budget requirements of the Council over the period within the Medium Term Financial Plan.
56	Waste Management	711	0	(125)	586	To support additional waste management initiatives to achieve recycling targets and offset the impact of additional tonnage and associated waste management costs.

Appendix 15(a)

	Reserve	Estimated balance at 31.03.19 £000	Estimated Movements		Estimated balance at 31.03.20 £000	Purpose
			To finance budget £000	Other Commitments £000		
57	Welfare Reform	1,956	0	(566)	1,390	To fund costs in connection with potential future welfare reform and Council Tax Reduction Scheme.
58	Wales Interpretation and Translation Service	165	0	0	165	To Manage in-year fluctuation in funding.
59	Workshops Asset Maintenance	84	0	(84)	0	To assist in the asset maintenance requirements of the Council's managed workshops.
60	Youth and Community Education	169	0	(169)	0	To fund costs connected with the refurbishment of youth centres and potential initiatives in adult and community learning.

CYNGOR CAERDYDD CARDIFF COUNCIL

COUNCIL:

28 FEBRUARY 2019

REPORT OF THE DIRECTOR OF GOVERNANCE & LEGAL SERVICES

COMMITTEE APPOINTMENTS

Reason for Report

1. To receive and make appointments to current committee vacancies as set out in the report in accordance with political group wishes

Background

2. The Annual Council 24 May 2018 established the Committees and Panels of the Council and their composition. The seats allocated to political groups on each committee were calculated in accordance with political balance, and nominations were received for each committee from the political groups.
3. In accordance with the Welsh Audit Office Statement of Action P3b (report March 2016), - Membership of Committees is a standing item on monthly Group Whips meetings and Full Council, as appropriate.

Issues

Committee Membership

4. The following Committees currently have vacancies:

Committee	Vacancy	Group
Audit Committee	2 vacancies	1 x Labour 1 x Conservative
Corporate Parenting Advisory Committee	1 vacancy	1 x Conservative
Council Appeal Committee	1 vacancy	1 x Labour
Democratic Services Committee	1 vacancy	1 x Labour
Licensing Committee	2 vacancies	1 x Labour 1 x Conservative
Public Protection	2 vacancies	1 x Labour 1 x Plaid Cymru
Planning Committee	1 vacancy	1 x Labour
Children & Young People Scrutiny	1 vacancy	1 x Labour

Committee	Vacancy	Group
Community & Adult Services Scrutiny Committee	1 vacancy	1 x Conservative
Policy Review & Performance Scrutiny	1 vacancy	1 x Labour
Bilingual Cardiff Working Group	1 vacancy	1 x Conservative
Health & Safety Forum	1 vacancy	1 x Labour
Appointment Committee – Head of Performance & Partnerships	2 vacancies	1 x Conservative 1 x Liberal Democrat

5. Any nominations to fill existing vacancies on Committees received from political groups prior to Full Council on 28 February 2019 will be reported on the amendment sheet.

Legal Implications

6. The Council is under a duty to make appointments to Committees, in accordance with the approved allocation of seats to political groups, so as to give effect to the wishes of the political groups (pursuant to Section 16 of the 1989 Act).
7. Under the Council and Committee Meeting Procedure Rules (Rules 2(b) (xv) and 1.2 respectively), the Council may elect a Chair and Deputy for each of its committees. The Council may elect any member of the appropriate Committee as its Chair or Deputy Chair.

Financial Implications

8. There are no financial implications directly arising from this report

RECOMMENDATION

The Council is recommended to appoint to the vacancies on Committees in accordance with Party Group wishes and as set out on the Amendment Sheet.

DAVINA FIORE

Director Governance and Legal Services

CARDIFF COUNCIL****COUNCIL:****28 FEBRUARY 2019**

REPORT OF THE DIRECTOR OF GOVERNANCE & LEGAL SERVICES

APPOINTMENT OF MEMBERS TO SERVE ON OUTSIDE BODIES**Reasons for the Report**

1. To receive nominations and make appointments of Council representatives to statutory and non-statutory outside bodies.

Background

2. The Constitution provides that the Council will, from time to time, receive nominations and make Member appointments as necessary to serve as representatives of the Council on outside bodies.
3. The Council at its Annual meeting on 24 May 2018 and Ordinary meeting on 21 June 2018 received nominations and agreed appointments of Members to serve on bodies which are required on an annual basis and other vacancies.
4. The Council from time to time receives nominations to vacancies that occur during the Municipal Year.

Issues

5. The Council is asked to receive a nomination to the Cardiff and Vale Community Council to replace Councillor Lyn Hudson. The appointment is to be made for a period up to Annual Council in May 2022.
6. The Party Groups, following the approval of the change in allocation of Non Executive Directors on Cardiff City Transport Services Limited (otherwise known as 'Cardiff Bus') at Full Council 29 November 2018, have been asked to confirm their nomination/s to the Board in accordance with the revised Company's Articles. The appointments are for for a period up to Annual Council in May 2022.
7. The Council is required to nominate five Councillors as Non-Executive Directors, and these have been allocated proportionally;- three Labour, one Conservative and one Liberal Democrat.

8. The Party Group Whips have been advised of the vacancies and nominations received will be detailed on the Amendment Sheet to be circulated at the Council meeting.

Legal Implications

9. The appointment of individuals to serve on outside bodies is a Local Choice function under the Local Authorities (Executive Arrangements) (Functions and Responsibilities) (Wales) Regulations 2007. In the approved Scheme of Delegations the Council has determined that responsibility for the proposed appointments shall rest with Full Council.

Financial Implications

10. There are no financial implications arising as a direct consequence of this report.

RECOMMENDATION

The Council is requested to receive nominations and approve appointments as set out on the amendment sheet to the following bodies:

- (a) Cardiff and Vale Community Council; and
- (b) Cardiff City Transport Services Limited (otherwise known as 'Cardiff Bus').

CARDIFF COUNCIL**

COUNCIL:

28 FEBRUARY 2019

**REPORT OF THE DIRECTOR GOVERNANCE & LEGAL
SERVICES**

**URGENT DECISION: INTERVENTION IN ST PETER'S ROMAN CATHOLIC
PRIMARY SCHOOL**

Reason for this Report

1. In accordance with the Council's Scrutiny Procedure Rule 13(a), the urgent officer decisions taken in respect of an intervention at St Peter's RC Primary School, is reported to Council for information.

Background

2. The Council's power to intervene has arisen by virtue of Section 4(4) of the School Standards and Organisation (Wales) Act 2013 and Ground 8 of the grounds for intervention which are set out in Section 2 of the Act.
3. The Director of Education has taken an Officer Decision in accordance with the delegation DEd1 in Section 4F of the Council's Scheme of Delegations.

Issues

4. An Officer Decision – Intervention in St Peter's RC Primary School was taken on 15 January 2019 by the Director of Education as an urgent decision in accordance with his delegation.
5. The decision taken is as follows: -
 - (a) Suspending the right of the Governing Body to a delegated budget pursuant to Section 8 of the School Standards and Organisation (Wales) Act 2013; and
 - (b) Directing the governing body to secure advice or collaborate; and
 - (c) Appointing three additional governors.
6. The decision was taken in consultation with the Cabinet Member Education, Skills and Employment with portfolio responsibility for Education and Local Ward Members, who were all fully supportive of the decision.

7. The Monitoring Officer and the Chair of the Children and Young People agreed the decision should be taken on an urgent basis.

Legal Implications

8. There are no direct legal implications arising from this report. Legal implications were considered and included as part of the Officer Decision process.

Financial Implications

9. The decision to intervene in St. Peter's RC Primary School does not, in itself, result in any direct financial implications arising. The costs associated with intervening and monitoring the school going forward will be met from within existing budgets.
10. In respect of the school's budget, control will revert to the local authority with all decisions in respect of staffing resources and the overall budget to be taken by the relevant Council officers. Whilst the school will retain operational responsibility for its finances, variances to the agreed spending plan must have prior agreement from the Council.

RECOMMENDATION

That Council receives the report for information.

COUNCIL:

28 FEBRUARY 2019

REPORT OF THE DIRECTOR OF PLANNING, TRANSPORT & ENVIRONMENT

URGENT DECISION: PURCHASE OF STREETSCENE VEHICLES

Reason for this Report

1. To report for information the Urgent Decision taken by a meeting of the Cabinet on 9 January 2019 in accordance with the Council's Constitution Part 3 Section 2 (2) to purchase Streetscene Vehicles.

Background

2. The Council was offered an opportunity to purchase, at an appropriate market value, a range of Streetscene vehicles (Refuse Collection Vehicles and Road Gritters) that it currently leased under contract from Gulliver's Truck Hire Ltd (GTH) who went into administration on 18 December 2018.
3. The Cabinet at a Special meeting on [9 January 2019](#) received a report seeking approval to purchase these vehicles.

Issues

4. The purchase of the Streetscene vehicles falls outside of the Budget Framework agreed for 2018/19. Ordinarily, such decisions are referred to full Council. However, this was considered by Cabinet to be an exceptional and unforeseen circumstance that required an urgent decision.
5. In view of the practicalities of convening a quorate meeting of the full Council to consider this issue within the timescales required for the Council to secure the vehicles for business continuity purposes, the Cabinet has determined this matter under its powers to "*take a decision which is... contrary to or not wholly in accordance with the Budget approved by Council if the decision is urgent*" (Constitution, Scheme of Delegations, Section 2 paragraph 2).
6. As part of the Cabinet process all Party Group Leaders were advised of the proposal and that Cabinet would be considering this issue.
7. The Monitoring Officer also certified that any delay caused by a Call-in of the decision could seriously prejudice the public interest and Councillor David Walker as Chairperson of the relevant scrutiny was consulted and agreed that the decision was of an urgent nature and was therefore not subject to call in.

Legal Implications

8. This report provides full Council with information in relation to an urgent decision taken by the Cabinet outside of the budgetary framework. The Cabinet is authorised to take urgent decisions which are contrary to, or not wholly in accordance with, the approved budget (under Part 3 of the Constitution, Section 2, paragraph 2), However, the Constitution imposes certain procedural requirements:
- (i) The Budget and Policy Framework Procedure Rules confirm that urgent decisions outside the budget or policy framework may be taken if the decision is urgent; and a quorate meeting of the full Council cannot be called in time; and provided the chair of the relevant Scrutiny Committee agrees that the decision is urgent. Following the decision, the decision taker is required to provide a full report to the next available Council meeting explaining the decision, the reasons for it and why the decision was treated as a matter of urgency. This is that report.
 - (ii) Under the Scrutiny Procedure Rules, an urgent decision may be exempted from the call-in procedure, provided the Head of Paid Service, the Monitoring Officer or the S151 Officer certifies that any delay likely to be caused by the call-in process could seriously prejudice the Council, or the public interest; and the Chair of the relevant scrutiny committee (or, in his/her absence, the Chair of the Council, or in both their absences, the Vice-Chair of the Council) agrees that the matter is urgent. Urgent decisions which have not been subject to call-in must also be reported for information to the next available meeting of the Council, together with the reasons for urgency. This report also provides that information to full Council.

Financial Implications

9. The decision required that a new budget line be created in the Council's Capital Programme for 2018/19 for the acquisition of vehicles on an invest to save basis. Existing revenue budgets for lease hire costs including maintenance would be utilised as the first priority to repay the acquisition costs. Any vehicles acquired are to be maintained by the Council.

RECOMMENDATION

That Council receives the report for information.
