WEBCASTING

This meeting will be filmed for live and/or subsequent broadcast on the Council's website. The whole of the meeting will be filmed, except where there are confidential or exempt items, and the footage will be on the website for 6 months. A copy of it will also be retained in accordance with the Council's data retention policy.

If you make a representation to the meeting you will be deemed to have consented to being filmed. By entering the body of the Chamber you are also consenting to being filmed and to the possible use of those images and sound recordings for webcasting and/or training purposes. If you do not wish to have your image captured you should sit in the public gallery area.

If you have any queries regarding webcasting of meetings, please contact Committee Services on 02920 872020 or email [Democratic Services](#)

Notice of Motion			
21	<p>Motion 1</p> <p>Proposed by: Councillor John Lancaster</p> <p>Seconded by: Councillor Thomas Parkhill</p> <p>This Council notes:</p> <ol style="list-style-type: none"> 1) That many young people have their own mobile phone (including smartphones) and that many choose to take them into school; 2) There is evidence that mobile phones distract children from learning in the classroom. One study* indicates that banning mobile phones in the classroom significantly increased performance in high stakes exams and that increases in achievement are driven by the lowest performing students, thereby reducing educational inequality; 3) In Llanishen High School, the use of mobile phones has been banned on school premises and the result has been an overall improvement in pupil behaviour; 4) There are instances where mobile phones are needed in school by pupils and that each school is best placed to make the decision. <p>This Council calls on the Executive to bring forward a report considering the advantages and disadvantages of schools banning the use of phones on school premises for pupils up to and including Year 11. The report should contain a clear recommendation asking Governing bodies to consider this in their school. Any such ban should complement existing teaching of pupils in the safe and responsible usage of mobile devices.</p> <p><i>*Beland, L & Murphy R: Ill Communication: Technology, Distraction & Student Performance. London School of Economics and Political Science, Centre for Economic Performance Discussion Paper 1350 (May 2015).</i></p>	8.45 pm	30 mins

22	<p>Motion 2</p> <p>Proposed by: Councillor Ed Stubbs</p> <p>Seconded by: Councillor Chris Lay</p> <p>This Council:</p> <ul style="list-style-type: none"> • Notes the conclusions of the Intergovernmental Panel on Climate Change that <i>“we are already seeing the consequences of 1°C of global warming through more extreme weather, rising sea levels and diminishing Arctic sea ice”</i>; • Notes the Panel’s finding that <i>“warming of 1.5°C or higher increases the risk associated with long-lasting or irreversible changes, such as the loss of some ecosystems,”</i> and that <i>“limiting global warming to 1.5°C would require ‘rapid and far-reaching’ transitions in land, energy, industry, buildings, transport, and cities. Global net human-caused emissions of carbon dioxide (CO2) would need to fall by about 45 percent from 2010 levels by 2030, reaching ‘net zero’ around 2050.”</i>; • Notes the campaigning and research by Friends of the Earth, and others, on the holdings Local Government Pension funds, including Cardiff & the Vale, have in fossil fuel companies; • Welcomes the recent decision of the Pension Committee to move 10% (approx. £200 million) of fund assets to a fund tracking a Global Low Carbon index; and • Welcomes the Pension Committee’s recent decision to state its <i>“support in principle for disinvestment in companies engaged in fossil fuel extraction, subject to this being consistent with its fiduciary duties and regular assessment of the impact of such an investment decision; and states its support for further development of Climate Change Investment Policy to reflect this work and ensure investment decisions are consistent with the aims of the Paris Agreement”</i> 	9.15 pm	30 mins
