 - (ii) drink as much alcohol as possible (whether within a time limit or otherwise);

(b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective;

(c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective;

6. For the purposes of the condition set out in paragraph 1—

 - (b) “permitted price” is the price found by applying the formula—

$$P = D + (D \times V)$$

7. Where the permitted price given by Paragraph (b) of paragraph 2 would (apart from this paragraph) not be a whole number of pennies, the price given by that sub-paragraph shall be taken to be the price actually given by that sub-paragraph rounded up to the nearest penny.
8. (1) Sub-paragraph (2) applies where the permitted price given by Paragraph (b) of paragraph 2 on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.
- (2) The permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

Mandatory condition where the premises licence includes a Condition that at specified times one or more individuals must be at the premises to carry out a security activity:

- (1) Each such individual must be licensed by the Security Industry Authority.
- (2) But nothing in (1) above requires such a condition to be imposed—
- (a) in respect of premises within paragraph 8(3)(a) of Schedule 2 to the Private Security Industry Act 2001 (c. 12) (premises with premises licences authorising plays or films), or
- (b) in respect of premises in relation to—
- (i) any occasion mentioned in paragraph 8(3)(b) or (c) of that Schedule (premises being used exclusively by club with club premises certificate, under a temporary event notice authorising plays or films or under a gaming licence), or
- (ii) any occasion within paragraph 8(3)(d) of that Schedule (occasions prescribed by regulations under that Act).
- (3) For the purposes of this section—
- (a) "security activity" means an activity to which paragraph 2(1)(a) of that Schedule applies, and
- (b) paragraph 8(5) of that Schedule (interpretation of references to an occasion) applies as it applies in relation to paragraph 8 of that Schedule.

**APPLICATION FOR THE VARIATION OF A PREMISES LICENCE UNDER THE
LICENSING ACT 2003.**

"GATEKEEPER" 9 Westgate Street, Cardiff CF10 1DD.

I, Chief Inspector JONES of the South Wales Police for the district of Cardiff, hereby give notice that an objection shall be made to the application for the variation of the premises licence for "GATEKEEPER" (Westgate Street, Cardiff.

This objection is made under the Licensing Objectives of;
The prevention of Crime and disorder;

(The addition to the later hours proposed for the Westgate Street entrance/exit will create a greater risk of crime and disorder occurring at this door. Currently all persons entering the premises after 2100 hours are screened by staff at the Womanby Street entrance. The creation of a second entrance after 2100 hours will stretch staff. Persons refused entry at one door can walk to the other door and try to enter via that second door. The applicants have not offered any operating procedures to mitigate these risks).

Public nuisance;

(The Westgate Street door is currently closed at 2100 hours each night to minimise noise and other nuisance caused by patrons entering and leaving a very large public house. The nuisance is experienced by residents who live across the road from the Westgate Street door).

p.t.o.

If you have any queries regarding the above objection, please contact Licensing Officer Tony BOWLEY at the Licensing Department, Cardiff Bay Police Station. Telephone 02920 633421.

Prevention of crime and disorder	<input type="checkbox"/>	Yes
Public Safety	<input type="checkbox"/>	Yes
Prevention of public nuisance	<input checked="" type="checkbox"/>	Yes
Protection of children from harm	<input type="checkbox"/>	Yes

Please summarise your concerns about this application:

I would wish to object to this application for a variation to a premises licence under the "Prevention of Public Nuisance" objective.

The current time limit of 21:00 for the closure of the Westgate Street entrance to/from the premises has successfully worked in terms of ensuring there is limited potential for noise disturbance to the residential accommodation in close proximity to the public house. I believe the two hour extension to this closing time of the Westgate entrance could impact on the local residents.

My objection would be overcome should the applicant agree to the following:

1. The entrance onto Westgate Street utilises either a double door with lobby or revolving door entry/exit system;
2. The entrance to Westgate is utilised ONLY for access/egress to the public house;
3. The patrons of the public house are not permitted to take drinks out onto Westgate Street;
4. The patrons of the public house are actively encouraged by the management not to congregate on Westgate Street in order to smoke;

Please give further details of why you believe this application will have an adverse effect on the licensing objectives:

I believe there is the potential for the licensing objective "Prevention of Public Nuisance" not to be met.

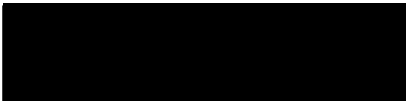

The potential noise from the patrons utilising the Westgate Street entrance between 21:00 and 23:00 could impact upon the nearby residential accommodation on Westgate Street.

The authority deals with all representations received in an open and transparent manner. By law the authority must provide the details of any representation to the applicant. The authority will also provide full details to the Licensing Committee to ensure that members have the full information when determining any application at a hearing. Details of any hearing must be made publically available and will be available on the Council website.

By submitting this form you are giving permission for the authority to make the information supplied publically available.

Please summarise your concerns about this application:

Castle Court is home to 150 flats and includes many young families and elderly residents. Quiet enjoyment is already greatly marred by major events in the Principality Stadium where Westgate Street is closed for revellers. Also Westgate is now the major route for buses to Central Station resulting in air quality well below EU minimum standards. The proposal to extend the opening of Wetherspoon's Westgate Entrance represents even further erosion of residents' night rest throughout the year.

The original permission was to respect these issues and

Should be upheld. Furthermore Cardiff Council designated Womaby Street for music & entertainment and in line with this exit from Wetherspoons after 11pm should remain on that side of the building.

Please resist this application in the interests of the 150 ratepayers opposite and their families.

Who knows who or what might own the licensed premises in future and meanwhile Wetherspoon have managed quite well with current arrangements.

The very least we should expect from our Council is the best night's sleep possible - 11pm is a fair compromise of Wetherspoons' commercial interests and that of residents in Westgate Street if city living is to continue. Please endorse the status quo and refuse to vary the existing licence.

Thank you very much.

Dear Members of the Licencing Committee

RE: The Gatekeeper, 9 Westgate Street, Cardiff, CF10 1DD.

We write to object to the application submitted by The Gatekeeper, Westgate Street, to change the time to close the doors that open onto Westgate Street from 9pm to 11pm each day.

We object on the grounds that it will not help meet the licensing objectives of the Gatekeeper, namely:

- Prevention of Crime and Disorder
- Public Safety
- Prevention of Public Nuisance

We believe that there may be increased crime and disorder, with intoxicated people leaving the premises and smoking outside, especially on weekends and event days. We already have enough to deal with on these nights. Vomit and urine on the steps to our homes, the mess including cups, cans and general rubbish, and the intoxicated people shouting and singing until all hours. Not to mention the fact that we get woken by the street cleaners who are sent in at ungodly hours to clean up after it. It would be hugely unfair to residents to have to put up with this every night.

We also believe that public safety might be compromised due to an increase in drunken behaviour. The Grand has, in the past, had the front door broken. We've had drunken people asleep on our steps in the morning. At the moment it is rare but we feel that if you allow the doors of the Gatekeeper to open until 11 then this kind of behaviour will increase.

Finally in terms of Public Nuisance, we believe that as residents we put up with a lot. We have the noise with Womanby Street to contend with. We have the stadium with all that entails (drunken

behaviour, noise, road closures, mess), the fact that there is no bus station anymore so our street is now an extended bus station which can be incredibly noisy. We have road closures for most major events in the city (Roald Dahl, running events, cycling events, Wales football open top tour etc.) To add a pub that leaves its doors open until 11pm seems remarkably unfair especially given that they have a perfectly serviceable entrance on Womanby Street. There will be an increase of nuisance behaviour on our street from drunken people, possibly every night, as a result.

We hope that you consider our objection and reject the Gatekeepers application.

Yours faithfully,

Re. The Gatekeeper, 9, Westgate Street, Cardiff CF10 1DD

I object to the above premises application to change the time to close the doors that open on to Westgate Street from 9p.m. to 11 p.m. each day. My reasons for the objection are as follows:

1. By allowing persons to spill on to Westgate Street later than 9 p.m. after consuming alcohol will likely lead to crime and disorder.
2. The noise emanating from the building if the doors are left open after 9 p.m. together with the congregation of smokers at the entrance will prove to be a public nuisance.
3. If entry and exit from the premises from 9 p.m. to 11 p.m. is permitted there is a road traffic accident risk of injury to persons under the influence due to the heavy flow of traffic in Westgate Street.

Please summarise your concerns about this application:
<p>I am a resident living in the castle court flats opposite the gatekeeper pub. This proposal would, if approve, adversely affect local residents, businesses and users of Westgate street. There are no conditions of operation attached to the application and at no time has the applicant attempted to engage with local residents to address any possible concerns we may have. The applicant is fully aware of the issues regarding the late opening of the doors of the pub hence why the original license was agreed under the current terms. I see no changes which would reduce risks or mitigate these issues, in fact since the original licensing application Westgate street has continued to grow and become busier meaning circumstances may have changed which would favour an earlier closing of the doors.</p>

Please give further details of <u>why</u> you believe this application will have an adverse effect on the licensing objectives
--

Prevention of Public Nuisance

Westgate street is a busy thoroughfare in Cardiff and one of the key routes into the heart of the city for both vehicular and pedestrian traffic. The street already suffers from noise throughout the week, particularly on a Friday and Saturday night although currently much of this is mitigated as the vast majority of revellers pass down Womanby street. The proposed application would increase noise levels, especially on week nights but particularly on weekends. The entrance to the pub would likely become a pick up/drop off point for taxis and vehicles, especially later in the night. There would be severely increased nuisance from this with people hanging round waiting for collections or being set down with associated noise and litter.

The Westgate street entrance would also become a gathering point for smokers, particularly as it is on the most accessible level for the majority of the establishment and most convenient point based upon the layout of the pub. In addition to the associated litter and further noise caused by congregations of smokers, the large volumes of pedestrian traffic along Westgate street combined with individuals drinking and standing outside the pub is likely to lead to nuisance problems in itself. This would be amplified around events such as during rugby games at the nearby stadia. It must also be noted that there is only 1 small ash tray outside the pub, with no preparations made for increased levels of smokers and litter.

In addition to the above the context of the castle court flats must also be taken into consideration with regards to noise. Historic planning decisions have meant that the majority of the flats facing the road on Westgate street retain single glazed windows due to the conservation status of the street, this means that any noise or sound from patrons leaving, arriving or congregating outside the gatekeeper will have more of an impact on residents than under normal circumstances. To extend the opening hours of the doors would therefore have a profound impact on the residents and their abilities to enjoy their homes in peace.

Public Safety

Any extension of the hours which the doors onto Westgate street are allowed to stay open would lead to a marked increase in foot traffic down Westgate street. There are a number of areas where this could present a risk to public safety.

Although the pavement is a reasonable width it is already under current arrangements a busy stretch of pavement with 2 bus stops present. Any congregation of smokers is likely to lead to congestion of this area and the bus shelters means that pedestrians will have to walk a reasonable distance through the road to pass the pub towards castle street, at night or in bad weather this is particularly dangerous.

The position of the pub right on the roadside and close to obstructions such as the bus stops also means a vastly increased risk of traffic accidents involving pedestrians. This is particularly acute where alcohol is involved and at the proposed later times during the night where patrons are likely to be more inebriated and have associated poorer cognitive and decision making abilities.

As mentioned the entrance to Westgate street is likely to become a popular spot for

pick up and drop off not only by licensed taxis but other vehicles. Again the close vicinity to the bus stops is likely to cause increased disruption where cars are stopped outside and where busses cannot get to the bus stop in the correct manner. Pedestrians getting dropped off entering and exiting vehicles also poses a risk to their own safety, especially on this busy road.

Prevention of Crime and Disorder

Currently the police are able to focus the vast majority of their resources around Womanby street which is contained area with minimal entrances and exits allowing crowd management and control of incidents which do occur. The likely result of the proposed extension would be to disrupt this system and drain police resources.

It is well publicised that Womanby street is a popular area for revelling and drinking particularly on the weekend. Since the beginning of 2018 to the end of June there have been 81 instances of crime on Womanby street, the vast majority of which anti-social behaviour and 17 instances on Westgate street outside castle court, again the vast majority anti-social behaviour (according the UK crime maps). This is obviously unpleasant for residents and the likelihood is that this will either shift crime from Womanby street to Westgate street or increase the overall level of crime, particularly anti-social behaviour from drunken individuals and groups, leaving the pub.

Although only anecdotal I have witnessed individuals urinating and vomiting in the flowerbeds outside castle court and it is a regular occurrence for drunken individuals to attempt to gain entry to the building, either via the security office or one of the front doors.

According to statistics alcohol plays a role in around 40-50% of violent crime. By opening the gatekeeper doors to Westgate street this risk will be increased to both residents and passers-by in an area which rightly receives very little police attention as there is currently little risk of crime being committed.

It is for the reasons stated above that I am requesting this licensing application variation is rejected

Greetings,

My name is [REDACTED], and I'm a resident on Westgate Street, very near The Gatekeeper pub. I'd like to formally object to the door closing time being moved from 9pm to 11pm for the following reasons:

- Due to the flats on Westgate Street being part of a listed building, the majority of the windows are only single-glazed. As a result, even ground-level sober conversations can be heard from my third floor flat. When current drunks rolls by, it wakes me up. I fully accept that Westgate Street is a busy and central location, but sleep is hard to come by, and there's no reason to make it harder. If the doors are open until later, we'll have the smoking drunks bellowing out their conversations past a reasonable hour (my work demands early starts), and hear most of them leaving come closing time. There's no reason to inflict this on the families who live in near-by flats

- I've had to call the police regarding incidents on the street numerous times over the years. Most of these incidents have involved alcohol-fuelled violence, and even an act of self-destruction. If the doors are open later, it leaves these people free to behave like this beside a busy road. At least the Womanby Street entrance is solely pedestrian.

In short, I feel the door closing time being moved to a later hour fails to meet the licensing objectives regarding preventing crime & disorder, preventing public nuisance, and ensuring public safety.

And on a petty note; I know The Gatekeeper is full of people who enjoy drinking from when the doors open to when they close, but is it really that much of a pain to simply use the other door and walk an extra 40ft to Westgate Street? Christ knows their livers are calling out for the exercise.

Many thanks for your time,

Dear Sir / Madam

I object to the application to vary the license to permit Wetherspoons to open the front doors onto Westgate Street until 23:00 rather than the current 21:00 restriction.

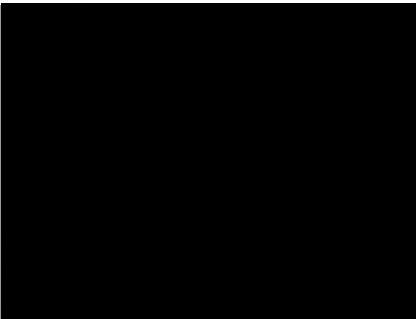

Prior to the current 21:00 restriction being imposed by the Licensing Authority in 2005, the noise caused by the front doors of Wetherspoons being open into Westgate Street as late as 23:00 was a nuisance.

The doors were not only opened as and when customers were arriving between 21:00 and 23:00 or going home between 21:00 and 23:00 but were often wedged open for long periods to accommodate smokers wandering in and out.

The noise level from Wetherspoons when the pub was crowded and the front doors wide open and traffic was less busy at 22:00 or 23:00 meant that Wetherspoons customers' noise could often be heard in residential flats over the traffic noise. That is a level of nuisance that residents as members of the public should be protected from.

Wetherspoons made a commercial decision to open a large pub opposite 148 residential dwellings, and should continue to use the Womanby Street access adjacent to assorted clubs after 21:00 rather than seeking to inflict their customers' noise on residents in Westgate Street.

Kind Regards

Barker, Kirstie

Subject: The Gatekeeper 9 Westgate Street Cardiff CF10 1DD

To whom it may concern,

I am a resident of Castle Court opposite the Gatekeeper on Westgate Street. I have received notice of the Gatekeeper's application to change the time to close the doors that open onto Westgate Street from 9pm to 11pm each day.

I object to the application on the following grounds:

1. **Safety:** I am a 28 year old woman who already feels unsafe in the city at times, especially when subjected to unwanted attention from drunken men. Extending the closing time from 9pm to 11pm will only increase the likelihood of it being unsafe to walk down Westgate Street due to the increase in drunken behaviour. I should be able to walk down Westgate Street to my front door and feel safe - this will no longer be a possibility if the closing time is extended.
2. **Crime:** I am concerned that there will be increased crime if drunken people are permitted to exit the Gatekeeper onto Westgate Street until 11pm daily.
3. **Noise:** As a resident of Castle Court, I already put up with a significant amount of noise until 9pm. It doesn't feel reasonable that I should have to tolerate an additional 2 hours of noise a night, which is guaranteed with drunken people leaving the pub. In fact, the noise would likely last beyond 11pm as people will linger once they've left the pub.
4. **Safety for children:** There are children living in Castle Court and I am concerned that allowing drunken people to spill onto Westgate Street until 11pm every day will cause them to feel unsafe in their own homes and maybe even subject them to harm or verbal abuse.

This application is unfair on all residents of Castle Court and of Westgate Street and will transform a reasonably quiet and safe road into an area I will feel too afraid to enter alone.

The Gatekeeper is a very busy pub, particularly on event days and has ample space for entering and exiting on Womanby Street, so this application feels unnecessary as well as inconsiderate and inappropriate.

Regards,

<p>My wife and I object most strongly to the application by JD Wetherspoon Plc to adjust the closing time of the doors that open on to Westgate Street of the licensed premises, The Gatekeeper, Westgate Street, Cardiff, CF10 1DD from 2100hrs to 2300hrs daily.</p> <p>The grounds of the objection are based on;</p> <p>Prevention of Public Nuisance Public Safety Prevention of Crime and Disorder</p>

Please give further details of why you believe this application will have an adverse effect on the licensing objectives

During the hours the licensed premises are open it is very common for people to gather on the street around the doorway in question to drink and to smoke. On weekends and 'event' days the numbers inevitably increase and it is not unknown to have to walk into the road to circumnavigate the drinkers and smokers. Inevitably during these times there is an increase of noise, which includes laughing, singing, shouting and the occasional argument.

As residents of Castle Court with a bedroom directly opposite the doors in question this is a situation we have grown accustomed to and can tolerate as part of City Centre living. At 2100hrs when the doors close peace returns and it is possible to sleep. Even so occasionally throughout the night there are disturbances with drunken people shouting, singing, arguing or fighting as they proceed along Westgate Street.

If the doors of the Gatekeeper were to remain open until 2300hrs each day the disturbance to residents would be very substantial indeed. Many of the residents in Castle Court are pensioners some of whom are not in the best of health and, as a result, retire to bed early. It would be impossible to sleep in these circumstances.

An increase in the numbers of people who have been drinking or are drunk, present on the busy bus route and main traffic thoroughfare late at night is a serious public safety issue which should be avoided to prevent accidents or unwarranted incidents.

There is also a risk to public disorder with an increased possibility of people urinating and/or vomiting in the flowerbeds of Castle Court, damaging the plants and gardens and attempting to unlawfully enter the premises of Castle Court. This is not some imaginative speculation as each one of these activities has occurred more than once in the past.

There can be little commercial gain for JD Wetherspoons as a result of this proposed policy but the increased risk to public disorder and anti-social behaviour is disproportionately enormous.

The disruption to the lives of law abiding residents of Castle Court, many of whom are elderly, is monumental.

Please, please reject this application forthwith.

Subject: The Gatekeeper Westgate Street Cardiff - Variation of Licence by Wetherspoons

Dear Sirs,

I have now had the opportunity of perusing the original Licence herein and subsequent variation applications. Having previously written to object to the current application I have observed that in such previous applications the applicant, through their legal advisers, have made store of the fact that despite invitations to discuss proposed applications residents have failed to respond. I am not aware of any meetings having been suggested by the Applicant nor for that matter invitations being issued for such discussions.

I would hope therefore that the Committee will bear this in mind when considering this current application if the applicant seeks to introduce the issue of non attendance as a sign of disinterest by residents which it is not.

Dear Members of the Licensing Authority,

I oppose the application by Messrs. J.D. Wetherspoon plc to change to 11 p.m. the time at which the entrance from Westgate Street to The Gatekeeper must be closed to members of the public. The prevention of public nuisance can hardly fail to be impeded by increased noise later into the evening in what is a partly residential area and by obstruction of the pavement and by increased pollution of the atmosphere by smokers, as well as by increased pollution by emissions from vehicles. Should the public nuisance come to include drunken behaviour, public safety in Westgate Street and the prevention of crime and disorder also stand to be adversely affected.

Yours faithfully,

I feel any extension of hours for the doors on Westgate Street to be left open has the potential to cause more disturbance for the residents of Castle Court. Westgate Street is already busy enough especially with events in the Stadiums. I personally use the Gatekeeper on a regular basis and don't see any problem with the current/existing use of the Gatekeeper's doors onto Womankby Street after 9:30 PM

The authority deals with all representations received in an open and transparent manner. By law the authority must provide the details of any representation to the applicant. Dear Sir/Madam

Further to the above submission of variation of a premises licence.

I would **strongly object** to any changes to the licence as it currently stands.

The current licence has led to minimal disruption to the residents of Westgate Street and by extending the opening hours of the street entrance may lead to disruption from noise.

Clients not only would enter and exit later but would also congregate to smoke until the later hours, It would also set a precedent, as if allowed it would only be a matter of weeks before 'Tiny Rebel' pub would seek a similar variation.

The current situation of the use of Womanby Street as entrance/exit assists in keeping late night/early morning disruption away from a residential area.

Regards

Please give further details of why you believe this application will have an adverse effect on the licensing objectives

Prevention of crime and disorder

An extension will encourage further noise pollution in a residential area. People smoking outside, coming in and leaving in an inebriated state will have no regard for the residents (some of us have small children). Further disorder and littering will be encouraged during the frequent high attendance events at the stadium, such as rugby matches. Unless there are bouncers on the doors every night ensuring quiet and order, an unmanned exit/entrance will increase litter, crowding and subsequently noise.

Public safety

The intrusive presence of drunken people (particularly at night) who are usually very noisy is very threatening to most of us, it will encourage cigarette littering and the noise levels will increase. As residents we have a right to a reasonable level of quiet and to extend the access/exit times will encourage those levels to increase. There is no reason why the current arrangement should change, one exit door after 9 o'clock is far better in the event of a disturbance or emergency, people can be policed via one route.

Prevention of public nuisance

9 o'clock is a reasonable time for the doors to be locked. After that time, residents will expect a level of peace and quiet following a day of constant traffic and the inevitable noise pollution. My bedrooms face onto Westgate Street and most of my family are in bed by 9 o'clock and expect to rest without external disturbance from people who obviously after a few drinks, will be noisy and have disregard for the residents in the area.

Protection of children from harm

Children are not allowed in a public house after 9 o'clock at night so the reason to extend will not be in support of their protection. However, children who live in the street will be exposed to higher levels of noise and disturbance late at night and this is unacceptable.

There does not appear to be any reasonable explanation as to why the access/exit door closing time should be increased. What is their reason for asking for it? To allow the door closure times to increase is unacceptable to residents who choose to live in Westgate Street for many reasons, one of which is a reasonable level of noise control that until this point, has been tolerable but it will not be if concessions such as extending the access/exit hours are permitted.

Please summarise your concerns about this application:
The application seeks to amend the condition in respect of the use of the entrance to Westgate street to read as follows: "The entrance to the premises [...] shall shut at 23:00 hours each day". I'm concerned that this will directly impact on the nuisance caused to the residents of my building, since drunken people will go out through that entrance at late night, causing problems and noise to the pedestrians of Westgate street.

Please give further details of why you believe this application will have an adverse effect on the licensing objectives

There may be increased crime and disorder on Westgate street, with drunken people coming out to leave the premises and smoke outside especially on weekends and event days.

Public Safety may be compromised as Westgate street may not be as safe as it is now to walk down after 9pm due to the increase in drunken behaviour.

There is likely to be an increase in disruptive noise to residents and visitors, who already put up with a lot of noise until 9pm.

Dear Kirstie

Re: Licensing Application for The Gatekeeper, 9 Westgate Street Cardiff CF10 1DD

Seeking amend to the condition on their licence to allow the entrance on their premises on Westgate Street to remain open until 11pm.

Cllr S Merry, Cllr C Weaver, Cllr A Ahmed and I wish to object to the above Licence application based on the following Licensing Objectives:

Prevention of Crime and Disorder

Westgate Street residents are already subjected to crime and disorder from intoxicated people using and exiting The Gatekeeper up until 9pm and the situation can only be worse if the doors are allowed to be open for a further 2 hours.

Customers are often drinking in The Gatekeeper all day, especially on rugby, cricket and football match and event days and many of them are very intoxicated by 9pm. There are often incidents when the police and ambulances are called and even more when security have to deal with intoxicated customers becoming violent and disruptive especially if they are not allowed entrance to the pub.

Incidents of vomiting, urinating and littering on the resident's steps, flowerbeds and pavements are common place now.

Public Safety

After 9pm, with the doors closed, there is a visible difference on Westgate Street and it feels safe to walk down the street without being intimidated by intoxicated people.

Extending the opening times of the doors would require extra police presence, which is not required now after 9pm, to ensure the street is safe to walk down for residents to reach their homes and that intoxicated people are not injuring themselves and others.

Prevention of Public Nuisance

There are approximately 200 residences in Westgate Street, mainly at Castle Court and the old Grand Hotel. Many of the residences have 2 or 3 residents and a number with children.

They are already subjected to noise and pollution from traffic, road closures and noise from events along with the disruption of the cleaning of the streets after them. The Gatekeeper contributes to the noise and litter, especially with customers coming out to smoke, littering the pavements and arguing, shouting and singing. This can only get worse as customers become more intoxicated if they were allowed to enter and exit onto Westgate Street until 11pm.

There would also be an increase in taxis and cars used to pick up customers leaving, which would cause extra noise and pollution in one of the worse streets in Cardiff for air quality.

There is nothing that has changed to mitigate the extension of the opening hours of the front doors, if anything, more events are being held making Westgate Street and The Gatekeeper even busier and disruption even greater. The residents should surely be allowed some peace after 9pm.

Customers appear to be quite used to entering and leaving at the Womanby Street exit after 9pm, where the area is supervised well and it is difficult to see what extra trade The

Gatekeeper will attract in those 2 hours to justify the enormous disruption it will make to residents and public services in keeping people safe.

We strongly request that you reject this application.

Yours sincerely,

NMackie
