Subject: RE: Licensing Act 2003: Application for the grant of a Premises Licence - Chilli Flames, 95 St Mary Street, Cardiff
Date: 13 January 2020 13:02:43
Attachments: [image001.png](#)

Good Afternoon Kirstie,

I wish to advise that the Licensing Authority of Cardiff Council will be objecting to the above application.

A Cumulative impact Policy has been adopted for the City Centre area of Cardiff. The Licensing Authority has adopted the policy due to high levels of alcohol related crime and disorder, in the interests of public safety and the avoidance of nuisance.

The policy creates a presumption that new applications for Premises Licences will be refused unless the applicant can demonstrate the business will have no negative effect on any of the licensing objectives.

The premises detailed above falls within the boundary of the Cumulative Impact Zone and therefore an objection is submitted in respect to the following Licensing Objectives.

The prevention of crime and disorder.
The prevention of public nuisance.

The operating schedule contains sparse information on how the premises intend to promote the licensing objectives with little consideration to the potential cumulative impact. Consequently the Licensing Sub-Committee will need consider this application in line with Cardiff Councils Statement of Licensing Policy and Cumulative Impact Policy. Reliance on operating without incident alone would ignore the purpose of cumulative impact policies, which are not intended to address individual problems at the premises themselves but problems in the wider area.

If representation is sufficient to overturn the rebuttable presumption. It will need to be demonstrated to the Licensing Sub-Committee that there will be no negative cumulative impact on one or more of the licensing objectives if the Premises Licence were to be granted.

Kind regards

Rhys Morgan
