Good afternoon, please see below representation in respect of Premises Licence Applications - Wine Republic.

Thank you very much.

Details of premises representation is about:

Name of Premises: **Wine Republic**

Address of premises: **6C Heol Y Deri, Rhiwbina, Cardiff, CF14 6HF**

Dear Sir/Madam,

Please see below my objections to the proposal for a wine shop/bar in Rhiwbina village.

Licensing objectives relate to:

- Prevention of crime and disorder
- Public Safety
- Prevention of public nuisance
- Protection of Children from Harm

I respectfully but strongly object to the proposal of another establishment selling alcohol on premises in such a small street in a suburban village setting as it will adversely affect the life of the immediate residents of Rhiwbina Village, and the neighbourhood character of Rhiwbina village.

The applicant is disguising the application as a mere wine shop and tasting house, while the application is for the sale of alcohol for consumption on and off the premises, and the proposed opening hours: **every day** from 12.00 to 22.00 **with 30 minutes drinking up time**. A rather extended opening days and times for a mere wine shop. It's a bar, taking any dispersal times past 11.00 pm every day of the week, which is unreasonable for the residents of the flats and houses above and opposite. Even the other existing licenced premises close two days a week and have more limited opening times.

Already the Co-op is selling alcohol off premises and two restaurants, a Delicatessen shop/bar and a specific Tap & Cellar bar are selling alcohol on premises just in front of the proposed location for the wine shop. The commercial street, a small and an already **crowded** village street, cannot absorb more alcohol licence premises. Furthermore, it is not only a small commercial street, it is, and remains, predominantly a **residential** area.

There is already a degree of **nuisance** and **disturbance** to the residents from the above licenced premises with the late-night drinking with noise coming from people talking loudly or shouting, continuing their conversations outside, smoking outside and littering the pavement, customers lingering outside after closing hours, noise from the increase late night traffic and cars beeping, and people peeing on the access alley behind the Co-op.

In addition to the above alcohol licenced premises, Parsons Bakery, Co-op, Coffi Lab and nearby Secret Garden have a takeaway coffee/drinks service which produces an ever-increasing amount of litter that overflows from the rubbish bins at Heol y Deri.

But the noise not only occurs when these premises are open but also **after hours** when staff are clearing up, disposing of rubbish or bottles into waste containers producing loud sounds from shattered glasses, etc, and early morning hours when loud and polluting waste collection lorries come every day -very early in the morning- to pick up their waste, or delivery vehicles bringing more wine or beer or any other supply, and due to limited parking area obstructing traffic and endangering **people safety**.

If licenced, the new wine bar will increase considerably the cacophony of noises at unsociable hours, every day, leaving little respite and reduced quiet hours of sleep for the residents. Even worst during the spring and summer months when one has no option but to open the windows to breathe.

Directly above the proposed unit are residential flats where people live and expect to have a quiet enjoyment of their life without undue interference. Noise and vibration emanating from the premises will disrupt that enjoyment and have detriment to our quality of life and mental health. I doubt the unit is conditioned with the appropriate sound insulation as was the case with a previous licenced premises in the same building, causing no end of complaints and disturbance.

In addition, the premises proposed for the wine shop/bar is rather a small unit with no access to the rear, therefore all waste containers will be located and collected in front of the shop/bar like Rhiwbina Tap, creating more noise and obstruction in front of the proposed premises. Is it acceptable for businesses to use permanently public space to keep their waste bins, and narrowing the pedestrian area, because they have not fit for purpose premises? I don't think so. Not from the point of view of **public health**, **public safety** and not from the point of view of the attractiveness of Rhiwbina village.

There is already an existing licenced premises just in front of the proposed location, Tap Rhiwbina, where the supply of alcohol for consumption on the premises is the exclusive or primary purpose of the service provided. Granting a licence would provide a further source of alcohol within a small area already so heavily populated with alcohol licensed premises. This is against the **Protection of Children** from Harm licensing objective.

It is well documented that an increase of alcohol licence premises in a small area attract anti-social behaviour, littering and the potential for street drinking and street **disorder**. Rhiwbina village has become a popular shopping destination for gifts and art, so why another alcohol selling premises – do we want to promote Rhiwbina village as a drinking destination?

Furthermore, the premises is situated in, what has become a very busy access route for vehicles heading towards the city centre or joining the A470 and the M4 motorway. Further delivery vehicles for the proposed shop/bar will add to existing street noise, congestion and cause further obstruction to the flow of vehicles through the village. And the increase of customers to the shop/bar will also increase congestion and parking issues in the village.

The proposed location of the wine shop/bar is a unit used as A1 retailer shop which was vacated by a furnishing retailer. It is a small unit with no rear access, and with the potential high customer occupancy of the shop/bar at certain times of the day one can only wonder about compliance with ventilation requirements, and fire **safety**. Ventilation is key to safeguard of employees and customers. The applicant may then be looking to install some kind of flue, but due to the limitation of the unit and building, it's likely this will impact the residents of Lloft Deri with more noise and another source of air pollution. There is already a pending consideration application for variation to planning permission (18/01847/MNR) relevant to 4a Heol-Y-Deri, precisely about noise levels.

I quote from the Cardiff Council [Statement of Licensing Policy 2020 – 2025](#) "Generally in most areas of Cardiff, ambient noise levels fall significantly after 23:00 hours but noise even from well behaved customers leaving licensed

premises late at night, can disturb residents especially during the working week. As a consequence what would be acceptable in the City Centre where there are fewer residents would not be acceptable in heavily populated residential areas”.

Heol y Deri is already a drink & food selling premises saturated street with limited and **over-stretched facilities**, another licenced premises, will tip the balance and will give rise to a negative **cumulative impact**, increasing noise and disturbance, traffic congestion, traffic pollution, litter pollution to unacceptable levels and decreasing the quality of life of the many people who have chosen Rhiwbina village as their home precisely for its friendly family community spirit.

Enabling the premises to sell alcohol on premises does **not** promote the Licensing objectives for the area. It caters for a specific type of clientele with emphasis on high consumption of alcohol; it is not a family-friendly venue where people with children can attend, it does not take into consideration the area in which the premises is situated and does not give due regards to the health and well-being implications to the residents of Lloft Deri, and the promotion of a safe environment for people visiting, working and living in the area.

I respectfully ask that consideration is given to the above arguments and to the plea of the residents of Lloft Deri, as well as neighbouring residents of Heol Y Deri, Pen Y Dre and Beulah Road, who will be strongly impacted by the increase noise and disturbance over and above existing levels already experienced in the village and decline granting a licence to sell alcohol on premises to Wine Republic.

Thank you,

Yours sincerely
