48	Education and Lifelong Learning	Income / Commercialisation	Rationalisation of costing base for Traded Services Over the past four financial years the Education Directorate has moved towards a net nil subsidy position for its three traded services: Music Services, the Storey Arms outdoor pursuits centre and, in 2017/18, the School Meals Service. However, in moving towards that position, there is now a requirement for a thorough review and realignment of the support costs attributable to those services, thus releasing budget elsewhere within the Directorate.	x	(6,419)	0	0	500	500	Detailed plan	Amber- Green	Amber- Green		Education
49	Education and Lifelong Learning		Rationalisation of staff and costs centrally retained to provide services of a specialised nature In 2014/15 the Education Directorate delegated to schools the budget and responsibility for staff employed to support schools in their Special Education Needs provision for pupils. These savings will be achieved by passing onto schools the responsibility for the remaining resources used by these teams.	Н	901	0	140	0	140	Detailed plan	Amber- Green	Amber- Green	Green	Education
50	Education and Lifelong Learning	Internally Facing / C&P	Rationalisation of the costs of the Pupil Referral Unit The Council has a statutory duty to provide an appropriate quality education to children between the ages of 5 and 16. Where pupils of secondary age are unable to remain in a secondary school due to behavioural issues, the Council has a Pupil Referral Unit based on its Mynachdy site which can cater for pupils at Key Stage 4 (14 to 16) to provide an alternative education provision retaining these pupils in the education system. Although not a school the Pupil Referral Unit is externally inspected by Estyn using the same Inspection Framework as schools. This savings target would be achieved through the delegation of the Pupil Referral Unit facility by commissioning a school to manage the provision. This would enable the financial responsibility for this provision to be passed onto the Schools Delegated budget enabling the realisation of savings from centrally retained budgets. There would be no reduction to the funding level available for the PRU.	J	739	382	0	0	382	Detailed plan	Amber- Green	Red-Amber		Education
51	Education and Lifelong Learning	5	Rationalisation of centrally held budgets for school related issues A reduction in centrally held budgets that fund school initiatives which will fall out in 2017/18. This will include savings identified nationally, through the revision of the All Wales Service Level Agreement with the Welsh Joint Education Committee for the provision of educational services to schools and the current energy efficiency invest to save scheme. 52	Education and Lifelong Learning		Reduction in Central budget for the Education Welfare Team In recent years much work has been done between schools and the Central Team to improve the attendance service, which has resulted in a significant improvement in pupil attendance across the city. This budget saving will be achieved through a reduction in the staffing capacity within the service.	Н	849	100	0	0	100	Detailed plan	Amber- Green	Amber- Green	Green	Education

81	Social Services	Internally Facing / C&P	Remodelling of Children's Services As part of the remodelling of Children's Services it is proposed that the centralised Family Intervention and Support (FISS) teams are disbanded and merged with the case-management teams in Targeted Services. It is not envisaged that this will reduce the level of service but it will provide an opportunity to make a saving against management and business support costs associated with delivering a central family support service. Separately, this proposal includes the reduction of a Child Health and Disability (CHAD) related home support worker post, reflecting changing workloads resulting from the increased take up of direct payments.
