**VALE, VALLEYS & CARDIFF REGIONAL ADOPTION SERVICE – ANNUAL  
REPORT**

---

**Purpose of the Report**

1. The purpose of this report is to provide the Committee with a copy of the Vale, Valleys and Cardiff (VVC) Regional Adoption Collaborative's Annual Report 2016/17 (copy attached at **Appendix A**). The report sets out the key information about the Regional services together with quarterly performance information for the period 2016 – 2017.

**Background**

2. As a key part of the implementation of the Social Services and Well Being Act (Wales) 2014, the National Adoption Service for Wales has been created to bring together existing local government services into a three tier system, with partnership arrangements for services provided in other sectors, to co-ordinate and deliver adoption services in a different way.

These tiers are:

- local authority level – where all local authorities will continue to identify and meet needs of children for whom adoption is the most appropriate plan;
- regional level – where five local authority collaboratives have been created to deliver agreed adoption functions and develop operational links, as appropriate, with voluntary sector and other services to develop and improve service delivery; and at

- national level – a small team to co-ordinate and drive improvement and consistency, while maintaining strategic and planning links with Voluntary Adoption Agencies (VAAs) and the delivery of certain national functions.
3. The previous Committee scrutinised the National and Regional Adoption Service proposals in December 2014. Members supported the key principles contained within the proposals, but expressed some concern about the role of this scrutiny committee in the governance of the National and VVC Regional Adoption Service, to ensure that plans are put in place to optimise performance monitoring and future service delivery.
  4. The Regional Adoption Service agreed to provide its annual report to committee to enable Members to review performance and assess the services future priorities.
  5. The Collaboration's Annual Report for last year, 2015- 2016, included a number of specific improvements and priorities for implementation during the year 2016-17, these included:
    - To review the feasibility of implementing a more specialised, functional model of service delivery.
    - To improve efficiency and reduce administrative costs of the Adoption Panel by implementing a paperless Panel system.
    - To develop VVC's website and to improve the range of information available for users of our service.
    - To develop the family finding process within the region to improve practice in relation to the timely placement of children
    - To target the recruitment and assessment of adoptive families to better meet the needs of children awaiting placements within the region and reduce reliance upon external sources of placement.
    - To develop the plan to enhance the Adoption Support service in the short term and evaluate its' effectiveness to inform future planning of the service

- To further develop processes, procedures and guidance to support the work of the Collaborative ensuring compliance with Welsh language requirements.
- To develop opportunities for engaging and obtaining feedback from service users.
