LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

General – all four licensing objectives (b, c, d and e) (please read guidance note 10)

Coffi Co specialises in the sale and service of coffee related products and non-alcoholic beverages.

It envisages that 80% of sales will relate to coffee, non-alcoholic and food relates products with alcohol accounting for just 20% of sales.

The majority of alcohol will be served during Coffi Co hosted special events which will typically commence from 7pm on a Friday or Saturday, in addition the business will take private bookings for parties and special occasions.

It should be noted that the business will only sell craft and premium products and that said products will be priced accordingly, we will not offer any kind of alcohol related promotions and or use low prices as a mechanism to sell alcohol.

As a license holder Mr J Carty has vast experience of running licensed premises and events and has a first class record in running licensed venues that deliver a first class customer experience

Continued from previous page...

with ZERO public nuisance or safety issues occurring.

For all larger special events after 7pm the business will ensure licensed door staff are on hand, the primary aim here will be to manage those allowed to enter the premises ensuring that we attract our core target audience i.e. 25yr and above who demonstrate an ability to drink sensibly and are not impaired by alcohol prior to entry.

As a business, our success is driven through the continued delivery of a family friendly environment where our customers come to relax and socialise, the continued delivery of customer safety and a first class experience is fundamental in every business decision we make.

b) The prevention of crime and disorder

The sale of alcohol will focus on the servicing of special events and pre booked events.

The business will send non-core products to include craft ales and ciders and speciality spirits, etc. Alcohol will be sold at premium price points with absolutely NO discount deals or incentives being used to promote the sale of alcohol.

The business will operate a challenge 25 bar service system.

Licensed security staff will be employed for any larger special occasions where alcohol is served on the premises.

Coffi Co has experience of working closely with local police and community officers with the aim of ensuring that our approach to the sale and service of alcohol to our customers has no negative impact to our local communities.

c) Public safety

The premises will serve craft beer and premium spirits targeting an audience aged 21 years and above.

The business employs experienced team members and the license holder Mr J Carty has run hundreds of licensed events at similar venues / outlets for a period in excess of five years with all events passing peacefully with no public safety or disturbance issues.

In addition, where licensed activity runs past 7pm the business will employ a minimum of two licensed door staff to ensure standards are maintained in terms of customers allowed to enter the premises and that safety is guaranteed once customers are in the restaurant.

d) The prevention of public nuisance

The business has vast experience of working in similar locations and running similar events.

Noise levels will be restricted to levels that can be contained within the premises ensuring peace for our neighbours.

In addition, the business will ensure that all customers are monitored as they enter and leave the premises with guidance re noise levels being given to guests on exit.

Our requested licencing hours and frequency of events (i.e. typically once or twice per week) will ensure that we make a minimum impact in terms of nuisance.

Our core business is the sale of coffee and non-alcoholic drinks and as such the overall ambience of the premises will be set up and managed to reflect this.

e) The protection of children from harm

Coffi Co will primarily operate as a coffee shop, with the sale of food and non-alcoholic beverages envisaged to provide 90% of sales and alcoholic beverages providing 20% of sales, hence Coffi Co aims to target a family audience and provide a family friendly atmosphere.

Private events whereby the majority of sales will be provided from alcoholic beverages will be hosted by ourselves and will be pre-organised, typically taking place after 7pm when children are not present or are under the strict control of their parents.

The business will operate a challenge 25 service policy which will strictly enforce the sale of alcohol based on proven ID. Staff will also closely monitor the consumption of alcohol on site ensuring that it is not consumed by minors.

Subject: Re:-application for a premises licence by Coffi Co (Cardiff)Ltd.

Referring to the above application for a license at "Bayscape" Watkiss Way,Cardiff.

I wish to object to the application for the following reasons:-

- 1 The notice regarding the application is posted in the window of the premises in an area restricted to public access and generally masked by builders vehicles ,equipment and fenced off waste skip.
- 2 At this time there are only a handful of residents in the apartments above the premises who are in a position to object,should they have received individual notification? This entire area is residential with no comparable establishment nearby.
- 3 The extended drinking hours proposed will almost certainly lead to outside smoking with associated noise,fumes and litter contaminating the surrounding area including rubbish,glasses and bottles contaminating the adjacent river and White Water Rafting Centre.
- 4 During purchase of our apartment we were led to believe that the establishment would be a low key coffee shop.(not a high profile bar/restaurant more suited to Mermaid Quay!) and the proposal can only sour our right to quiet enjoyment of the area.
- 5 Where are patrons cars to be parked? Will taxis be arriving and departing early and late at night with associated noise?
- 6 Will large delivery trucks be required at any time during the proposed extended opening hours further adding to the noise contamination issues?
- 7 Reduced alcohol serving times would be more acceptable ,eg between 10am.and 7pm.all days of the week.
- 8 Many families visit the White Water Rafting Centre,are they likely to be confronted by loutish alcohol fuelled behaviour on occasions?

For the above reasons and perhaps many more I request that you turn down the application .Please acknowledge receipt of this objection Yours faithfully ,
