

COUNCIL

25 OCTOBER 2018

AMENDMENT 1 TO MOTION 1

Proposed by: Councillor Joe Carter

Seconded by: Councillor Rodney Berman

Delete Bullet Points 4 and 5 and replace with the following 3 paragraphs:

- ***An immediate review into the provision of different types of housing in the city, to ensure that new social housing increases to meet demand, that the private rented market meets demand and that the amount of social housing for supported living accommodation is increased;***
- ***The effectiveness of the green wedge in the North and North West of Cardiff is reviewed in 2026;***
- ***Ahead of the first full review of the plan, re-examine the possibility of including proposals aimed at managing the location of fast food takeaways near schools. This should include lobbying the Welsh Government to change Welsh planning policies, allowing the council to consider adopting policies that could enable other factors, such as the number of hot food takeaways already present and the existence of high levels of obesity, to be taken into account before permission for new takeaways are considered.***

The Amended Motion would read as follows:

Considering the major impact the LDP process will have on the city over the next 10 years, we call on this Council to consider and approve the following proposal:

- The Annual LDP Monitoring report should come before full Council for consideration and review. It should detail progress against targets set, houses sold and whether trigger points for key infrastructure measures are being met; and
- an overarching communication strategy should be adopted and implemented as a means to keep residents informed of the key stages of the LDP, including a central information point to maintain transparency and clarity; and

- a named officer should be assigned to coordinate and oversee the entire LDP process for the city and be available to liaise with elected members and representative bodies; and
- An immediate review into the provision of different types of housing in the city, to ensure that new social housing increases to meet demand, that the private rented market meets demand and that the amount of social housing for supported living accommodation is increased;
- The effectiveness of the green wedge in the North and North West of Cardiff is reviewed in 2026;
- Ahead of the first full review of the plan, re-examine the possibility of including proposals aimed at managing the location of fast food takeaways near schools. This should include lobbying the Welsh Government to change Welsh planning policies, allowing the council to consider adopting policies that could enable other factors, such as the number of hot food takeaways already present and the existence of high levels of obesity, to be taken into account before permission for new takeaways are considered.
