1. Executive Summary

This Executive Summary provides an overview of the Budget Consultation exercise and a summary of some of the key findings.

The consultation on these proposals ran from **16 November 2018** to **2 January 2019** via electronic survey distributed by social media and email, paper copies at libraries and hubs, postal delivery to selected households and face to face engagement.

A total of 2,078 responses were received to the electronic/postal surveys. Within this:

- More than two-thirds of respondents (68.0%) supported the proposal to increase school delegated budgets by £10.23m.
- Opinion was mixed on whether delegated school budgets should be protected with 45.1% agreeing, a quarter (24.4%) disagreeing, and three in ten (30.4%) unsure.
- Just under half (46.8%) supported the proposal to further transfer park assets to local sporting leagues and governing bodies, with 35.2% opposing.
- Three in five (59.2%) supported the proposal to secure a private tenant for the New Theatre to develop and sustain the current theatre offer in the city.
- Almost two-thirds of respondents (64.7%) supported the principle of reducing the subsidy of entertainment and art events.
- Nine in ten (89.6%) were in favour of increasing fines for littering.
- 91.8% supported a renewable energy scheme at Lamby Way. Investing further in these schemes was also strongly supported (86.7%).
- 84.3% of respondents supported increasing 'walking routes' to schools to improve air quality and encourage walking to school.
- Two thirds (64.5%) of respondents supported increasing the number of automated citizen enquiries. However, those with a disability showed the lowest level of support, with 48.9% in favour and 36.7% against.
- More than half (55.1%) supported increasing the cost of cremations and burials, whilst just under a third were against (32.8%).
- 77.5% supported the proposal to increase the cost of rehoming a dog or puppy.

2. Consultation methodology

Consultation on the Council's budget proposals for 2019/20 was undertaken by the Cardiff Research Centre. The consultation ran from 16 November 2018 to the 2 January 2019 and used a variety of online and face to face engagement methods.

a) Email

The survey was promoted via email to:

- The Citizens' Panel (approximately 6,000 residents)
- Councillors, Council Staff and Cardiff Public Services Board members
- Community Councils
- 100 third sector organisations working with target groups including Minority Ethnic, younger people and those with a disability.

Teams across the Council were encouraged to promote the survey (where GDPR¹ rules allowed) by emailing customers through existing email lists, particularly where budget proposals may affect specific groups.

The consultation was promoted to Council supported networks, including:

- Cardiff 50+ Forum
- Cardiff Access Forum
- Employee Black Minority Ethnic Network
- Cardiff Youth Council

A separate shorter survey of 5 key questions from the main survey and 3 demographic questions was distributed to secondary schools across Cardiff, offering entrance into a Prize Draw to win a £20 shopping voucher.

Any enquiries from the public were directed to consultation@cardiff.gov.uk where they were picked up by Cardiff Research Centre staff and directed to relevant officers across the Council.

b) Internet/Intranet

The consultation was given dedicated pages on the Council's website and promoted to Council employees via DigiGov, the Staff App and the Council's computer screen saver.

c) Social Media

The survey was promoted to almost 90,000 followers via Facebook and Twitter by the Corporate Communications Team throughout the consultation period.

¹ GDPR: General Data Protection Regulations

Targeted promotion was facilitated via stakeholder's social media accounts and Facebook boosts aimed at those less frequently heard i.e. under 25's, Minority Ethnic groups and those living in the 'Southern Arc'² of the city.

A series of online polls³ were hosted on Facebook/Twitter to boost responses to key questions within the consultation.

d) Face to Face and Hard Copies

Posters and 2,500 hard copies of the consultation document (plus 500 Welsh) were distributed to libraries, hubs, core council buildings and community settings (Thornhill Church Centre, Dusty Forge and Chapter Arts). Drop boxes were provided in hubs and libraries for the public to deposit their returns. Council officers were on hand at Central Library and Grangetown Hub to answer questions.

Hard copies, with freepost return envelopes, were also delivered to selected streets in St Mellons, Llanrumney, Ely and Caerau (areas that typically have a poor response rate).

A facilitated focus group session was held with Diverse Cymru members.

² See Appendix B for map of 'Southern Arc'

³ **Online polls:** Whilst the polls included links to the budget proposals, this detail was not included explicitly alongside each question due to the limit on characters or text visible in a post. Facebook polls also show a running total of responses and so could influence how people respond. These polls should be viewed as a gateway to the wider consultation. The results of the social media polls have not therefore been included in this report.

3. Results

The consultation ran from 16 November 2018 to the 2 January 2019.

A combined total of 2,078 validated responses were received (see **Appendix A** for respondent profile).

The following presents the results by well-being objective - Cardiff Council's priorities as set out in [Capital Ambition](#).

Responses are broken down by age, gender, ethnic background, Welsh Speakers, those with a disability and those living in the least or most deprived areas of the city.

In addition, the analysis includes the response from those living in the 'Southern Arc' of Cardiff which comprises the following electoral divisions: Adamsdown, Butetown, Caerau, Canton, Ely, Grangetown, Llanrumney, Riverside, Rumney, Splott, Trowbridge (see map at **Appendix B**)

Comments most frequently made, including those during face-to-face engagement, are included alongside the core data. For all survey comments please see **Appendix C**.

A summary of comments from the focus group facilitated by Diverse Cymru are included for relevant questions. Results of the Youth Survey are also included for relevant questions.⁴

⁴ 30 responses were received to the Youth Survey. Whilst an important contribution to the consultation, the survey response should be seen as providing contextual feedback and should not be treated as statistically robust.

3.1 Cardiff is a great place to grow up

The Council is committed to making Cardiff a great place to grow up for all children and young people. Priorities for 2019/20 are becoming a Child Friendly City, making every school a great school and reforming services supporting vulnerable children and families.

Residents' views were sought on:

- Increasing delegated funding to schools and protection of delegated school budgets
- Developing children and family help services to manage demand in children services
- Becoming a foster carer

School Budgets

The Councils' budget consultation proposed that the delegated budget to schools be increased by £10.23m in 2019/20. Though representing an increase in funding, this would be c.£3.5m less than the projected cost of delivering education for this financial year.

Q1. Do you support the proposal to increase the funding that the Council provides to schools, known as delegated school budgets by £10.23m or 4.43%?

More than two-thirds of respondents (68.0%) supported the proposal to increase school budgets by £10.23m.

Support was broadly similar across the demographic and geographic groups.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Schools need to share the burden	96	38.9	<ul style="list-style-type: none"> - <i>The protection of this budget to the detriment of other services is neither sustainable nor equitable.</i> - <i>Schools must take a fair share of budget reductions.</i> - <i>Schools should be subject to the same level of austerity as other services.</i>
Concerns over management of the money	64	25.9	<ul style="list-style-type: none"> - <i>Savings can be made with better budget management and more stringent spending and procurement.</i> - <i>I'm not confident in schools managing this budget. This should be managed centrally.</i> - <i>Funding to schools should be reduced, there is already far too much money wasted by schools.</i>
Opposed - protect schools	50	20.2	<ul style="list-style-type: none"> - <i>Schools are already hugely struggling and they should be a priority and given sufficient funding.</i> - <i>The increase should stay in line with what is required - it should be more.</i> - <i>The estimated cost of delivering education in 2019/2020 should be met in full.</i>
Identify extra income streams/savings	49	19.8	<ul style="list-style-type: none"> - <i>They need to look for other sources of funding.</i> - <i>I believe that parents should contribute to their children's education if required. Too much funding.</i> - <i>Too much money from council tax is spent on schools any increase should come from central government.</i>

Participants in the Diverse Cymru session supported the proposal to increase the delegated budget to schools, emphasising that education and early years support is vital to supporting children and families and to the future economy. It was also felt that schools could play a more active role in delivering extra-curricular provision for young people as well as providing a space for community groups and activities for local people of all ages.

Q2. Do you agree that these delegated school budgets should contribute to the financial challenge facing the Council?

Opinion was mixed on whether delegated school budgets should contribute to the financial challenge facing the Council, with 45.1% agreeing, a quarter (24.4%) disagreeing, and three in ten (30.4%) unsure.

Agreement was highest amongst respondents living in the least deprived areas of the city (52.1%), men and those aged 55 or older (both 49.5%).

Welsh speakers (34.5%), respondents under the age of 35 (30.8%) and those from a Minority Ethnicity (30.7%) were most strongly against this idea.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Schools need bigger/protected budget	328	48.1	<ul style="list-style-type: none"> - Education is imperative. I think that education is massively under funded - I believe that safeguarding, and indeed increasing, school budgets should be the primary priority - Schools getting money is more important than Councillors getting a salary increase.
Schools should face same challenges as other service areas	110	16.1	<ul style="list-style-type: none"> - No sector can be immune from the financial pressures affecting the Council, others would suffer. - Given finite resources, giving more to any one group means less to go elsewhere. - We're all in it together.
Schools need to manage their budgets efficiently	67	9.8	<ul style="list-style-type: none"> - If schools faced the same financial pressures they might manage their budgets appropriately - It may make them think about how they use the budgets as they do not seem to now - There must be efficiencies in school management that can be made before increasing budgets

Supporting Vulnerable Children: The Family Help and Support Project

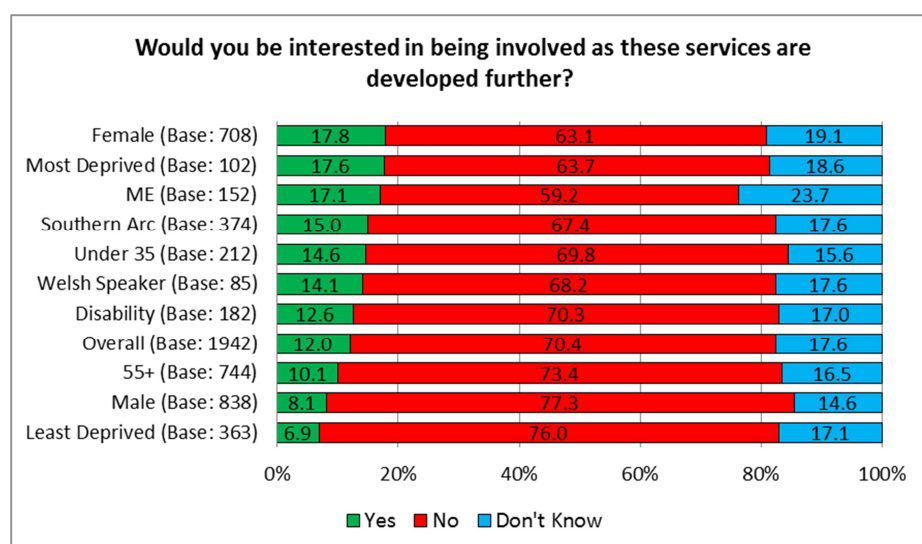

The number of children in care in Cardiff has risen by 29% over the last two years alone. With a limited number of available foster placements and residential placements now costing on average £3,800 per week, taking early action to prevent care placements will both improve outcomes for vulnerable young people and be far more cost effective for the Council. The Family Help and Support Project will introduce three new services to provide support before the point of crisis and help reduce the need for children to be taken into care.

Q3. Would you be interested in being involved as these services are developed further?

12% (233) respondents were interested in being involved in the development of the Family Help and Support Project with 17.6% (342) unsure. Respondents who provided contact details will be invited to help develop the services.

Those most interested in being involved were women (17.8%), respondents living in the most deprived areas of the city (17.6%) and those from a minority ethnicity (17.1%).

Participants in the Diverse Cymru engagement session welcomed supporting children and families earlier. It was felt that community and third sector organisations have a vital role to play in early intervention and prevention and that this role should be further developed as an integral part of the service.

A new Fostering Service

When children in care in Cardiff are fostered by families living in the city not only do they experience better outcomes, it is more cost effective than other forms of care. To significantly increase the number of foster carers in Cardiff, the Council is launching a new fostering service in April 2019.

Q4. Would you be interested in learning more about becoming a foster carer?

77 respondents expressed an interest in learning more about becoming a foster carer. 60 went on to provide contact details and will be invited to information events to find out more and hear the stories of foster carers.

Q5. What would encourage you to consider a career in fostering?

Amongst those expressing an interest, of highest importance was “To be fully supported with the right help when I need it”(13.6%) followed by “Knowledge that you are making a positive change” (10.8%), “More information on the role” (10.5%) and “If I knew I had the skills necessary for the role” (10.3%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Age	85	48.6	<ul style="list-style-type: none"> - I am a pensioner and not in a position to carry out foster care even if I wished to do so. - I just felt you should have had a box to say 'too old' to foster. - I believe that my age would preclude me from this vital work. I am 82 years old.
Commitments	21	12	<ul style="list-style-type: none"> - I would love to help but I have too many personal commitments. - It is not possible to foster and work. - Have grandchildren and time is devoted to them.
Space	18	10.3	<ul style="list-style-type: none"> - I don't have any spare bedrooms in my house currently. - Accommodation is too small. - If I had the space I would gladly help.
Already a carer	17	9.7	<ul style="list-style-type: none"> - I already have time consuming caring responsibilities and voluntary jobs. - I am struggling caring for my Mum - dementia. - I'm already a carer for a disabled family member.

3.2 Cardiff is a great place to grow older

The number of older people aged between 65 and 84 is expected to rise by over 44% in the next 20 years. The number of people aged 85 and older is expected to nearly double by 2038.

Older people are healthier and happier if they are helped to live independently for as long as possible in their own home and communities. It is also far more cost effective, with a place in a residential home costing an average of £782 per week, growing to £888 for nursing home care and £1,925 for a hospital bed.

Priorities for 2019/20 are therefore helping older people live independently in their own homes, delivering a joined up approach to hospital discharge/return home services and delivering on the Council's commitment to becoming a Dementia Friendly City.

Residents' views were sought on:

- Care and support and life in older age
- Access to local facilities
- Purchasing assistive equipment

Q6. When you think about life in old age, what things worry you?

Respondents were most concerned about their “physical health” (75.1%) in older age and “not being able to look after myself” (70.0%).

Housework (19.6%) and shopping (18.1%) were of least worry.

Respondents with a disability and women typically showed a higher level of concern than men for all of the options provided. In particular, women were more likely to be concerned about loneliness in older age compared to men (66.8% and 44.9% respectively).

Q7. If, when you are older, you find it more difficult or are unable to look after yourself, or your home, what sort of care and support would you prefer?

Two-thirds of respondents (67.1%) would prefer support to stay in their own home with the second most preferred option, 'moving into sheltered housing', returning 16.9%.

29 respondents who preferred 'Some other arrangement' specified what this would be:

- Support to live in the community (mentioned by 10 respondents)
- Euthanasia (mentioned by 10 respondents)
- An appropriate care package meeting my particular needs
- Digital inclusion - online shopping and chat groups
- Outings, more mental health based activities
- Help to downsize but I still own my home.
- Help to buy a home as I worry about affording high rents/being taken advantage of
- Help with home tasks, house maintenance, gardening services.
- Somewhere with access to the outdoors and the option of keeping a pet

Respondents with a disability (76.5%), those aged 55 or over (73.7%), men (72.8%) and those living in the least deprived areas of the city (72.0%) were more likely to prefer being supported to stay in their own home.

Females (20.7%) and those living in the 'Southern Arc' (20.2%) were more likely than other groups to indicate a preference to move into sheltered housing.

Respondents from a minority ethnicity showed the greatest interest in moving into a residential care home (11.0% compared with 3.9% of all respondents): respondents under the age of 35 preferred the option of moving in with relatives (10.5% compared with 3.8% of all respondents).

Participants in the Diverse Cymru engagement session emphasised the need to be able to choose to stay in their own homes or move to alternative accommodation. Community support including support from the voluntary sector was seen as playing an important role in alleviating concerns about growing older, social isolation and loneliness. Better awareness of where to find help was seen as key.

Q8. What facilities would it be important for you to have in your close environment?

Doctors and Chemists were seen as the most important facilities to have close by, with 98.3% and 95.3% respectively rating these as 'very' or 'quite' important, followed by access to a social space (87.5%). This was consistent across demographic and geographic groups.

The majority of respondents felt that hairdressers/salon (68.7%) and a restaurant (61.6%) were not important to have in the close environment.

'Other' facilities mentioned were:

- Transport (mentioned by 8 respondents)
- Open Spaces (mentioned by 5 respondents)
- Library (mentioned by 5 respondents)
- Work opportunities
- Fast broadband
- Community Centres with activities and social opportunities
- Opportunity to be an active member of community
- A local bank
- A Pub
- A nutritionist

Respondents under the age of 35, Welsh speakers, and those from a minority ethnicity were most likely to rate a café and, to a lesser extent, a restaurant as important to have within the close environment.

What facilities would it be important for you to have in your close environment?

Restaurant

What facilities would it be important for you to have in your close environment?

Café

The consultation proposed to generate income of around £30k from the sale of assistive equipment ranging from trolleys to walking sticks, over bed tables and kitchen aids in a range of designs.

Q9. Is the purchase of such equipment something that would be of interest to you?

Just under a quarter of respondents (24.8%) expressed an interest in purchasing assistive equipment either for themselves or for a family member.

This service was of most interest to respondents identifying as disabled, of whom 29.5% were interested in purchasing such items for themselves and a further 14.8% for a family member.

3.3 Safe, confident and empowered communities

The Council is committed to making sure that communities are safe, and that people in Cardiff feel safe. Priorities for 2019/20 are continuing work around the delivery of Community and Wellbeing Hubs, supporting communities and citizens impacted by Brexit and community safety including tackling substance misuse and serious organised crime.

Residents' views were sought on:

- Further transfer of park assets to local sporting leagues and governing bodies
- Awareness of Dewis Cymru

Community sports buildings

Transferring sports buildings to local ownership has benefits for local clubs and organisations including greater security in their tenancy and an increased ability to attract external investment and grant aid. Further transfer of these facilities would result in savings to the Council of £25k.

Q10. Do you support the further transfer of park assets to local sporting leagues and governing bodies?

Just under half of those responding to this question (46.8%) supported the proposal to further transfer park assets to local sporting leagues and governing bodies, with 35.2% opposing.

Support for the proposal was highest amongst respondents under the age of 35 (54.2%) and men (51.4%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Opposed to the selling of assets	252	32.1	<ul style="list-style-type: none"> - These are our assets. We've paid for them. Selling them now for short term gain (and on bad deals) is not good value. - These facilities should be owned and managed for everybody in Cardiff, not just small interest groups. - It says park assets - specifically these should remain in public ownership. They belong to all not just those who want to use them for a specific sport. - These are public assets. I strongly oppose handing these over to private groups!! It also ignores the safeguarding issue for disabled persons wishing or needing to use facilities that are becoming unregulated and inaccessible. I am disgusted at this proposal. It assumes all users are able-bodied and neuro-typical individuals with no personal impairment/s.
Concern over sustainability in the long run	234	29.8	<ul style="list-style-type: none"> - The financial business planning of the bodies and the long-term sustainability of them. What protections are in place to protect the use of the facilities and keep them as open as possible to the communities? - Concerned whether bodies can raise sufficient funds to maintain the buildings and facilities in good order. If they don't they should be a clause in the contract that they will pass back to the council. - I am concerned about the viability of this approach in the long term. What happens if a sports club, for whatever reason ceases to exist? Who then will be responsible for the parks etc?
Restricted access	191	24.4	<ul style="list-style-type: none"> - They become privately owned and therefore inaccessible to most people. - Lack of access to the general public i.e. closed clubs. - What safeguards are in place for disadvantaged/low income families to be able to access these facilities if costs spiral?
Rising costs	148	18.9	<ul style="list-style-type: none"> - Prices and management. Have gone up at our local leisure centre. - Doing this will rule out people who do not want to be a part of a club or may feel apprehensive about looking out of place. Also, this will end up with an increased cost of entry which again will alienate those who have the least to spend on exercise. - Park assets & Government bodies ARE PUBLIC PROPERTY and there for the benefit of everyone. Sale or transfer only means to private industry. That will lead to increased charges to the public who already own these facilities. I do understand the financial difficulties for the council, but some things should be sacrosanct. There has to be a way to keep these services in control of the council, while raising funds to support them WITHOUT a large influx of cash from the public purse via local taxation etc.

Participants in the Diverse Cymru engagement session supported the proposal but were concerned that sports clubs and associations would need support before, during and after an asset transfer process to ensure that community sports buildings and associated community groups are not lost.

Dewis Cymru

Dewis Cymru is an online resource providing information and advice on issues relating to well-being to help people help themselves or others.

Awareness of Dewis Cymru was relatively low, with just under a fifth (19.5%) of respondents having heard of this service. 4.9% had used the service.

Q11. Have you heard of Dewis Cymru? Have you used Dewis Cymru?

Awareness of the service was highest amongst women (25.9%).

3.4 A capital city that works for Wales

Cardiff plays a vital role in creating jobs and attracting investment into Wales. It aspires to be a capital city of international significance in the post-Brexit global economy.

It is also the home of Welsh sport, politics and culture and provides specialist public services to the people of the wider Capital Region.

Priorities for 2019/20 include the delivery of a new transport hub, a new indoor arena and the launch of a new industrial strategy for East Cardiff.

Residents' views were sought on:

- Securing private tenancy of the New Theatre
- Reducing subsidy of entertainment and art events

New Theatre

There is an opportunity for the Council to secure a private tenant for the New Theatre to develop the current theatre offer in the city. This proposal could secure savings of £404k.

Just under half of those surveyed (44.5%) had visited the New Theatre in the past year compared to 60.5% who had visited a theatre elsewhere in the city over this time period.

Q12. Have you visited the New Theatre in the last 12 months? Have you visited a theatre elsewhere in Cardiff in the last 12 months?

Women and those living in the least deprived areas of the city were most likely to have visited the New Theatre in the last 12 months. Welsh speakers were significantly more likely to have visited a theatre elsewhere in Cardiff than the New Theatre.

Respondents identifying as disabled were the least likely to have been to a theatre in the last year.

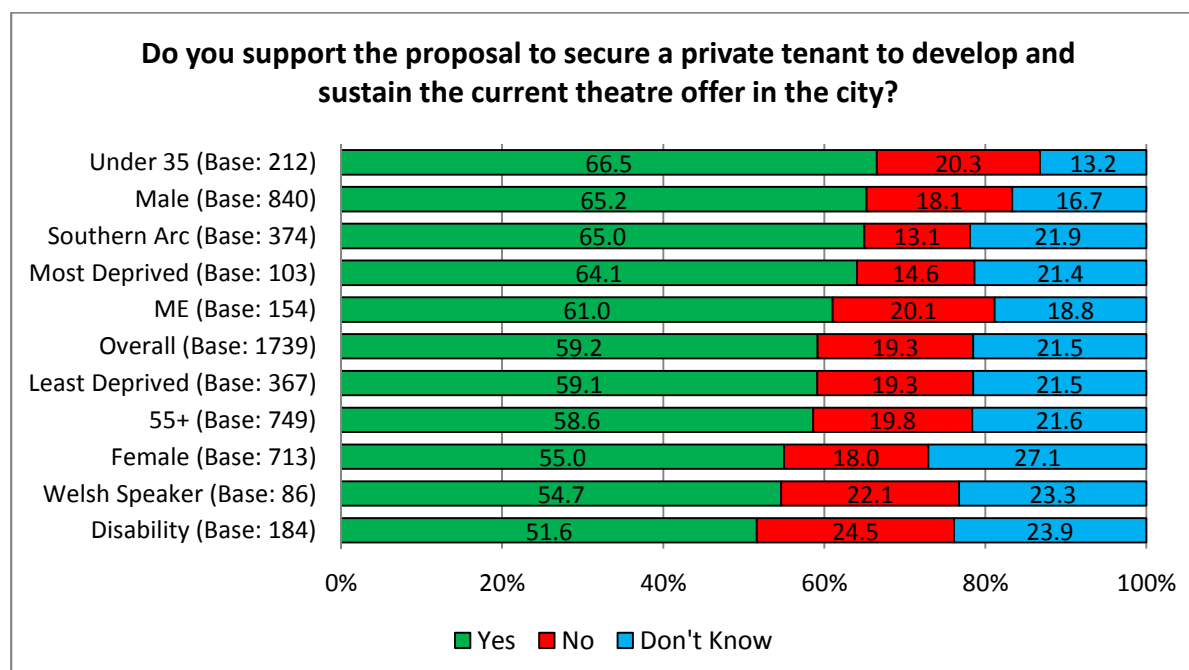

Q13. Do you support the proposal to secure a private tenant to develop and sustain the current theatre offer in the city?

Three in five respondents (59.2%) support the proposal to secure a private tenant for the New Theatre to develop and sustain the current theatre offer in the city.

Support for this proposal was highest amongst the under 35s (66.5%), men (65.2%), those living in the 'Southern Arc' (65.0%) and the most deprived areas of the city (64.1%). These groups had visited the New Theatre the least over the past 12 months.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Price increases	221	35.7	<ul style="list-style-type: none"> - Concerned that private ownership may result in prices increasing to the point where theatregoers find them too expensive. - Profit margins will be of more concern to them than quality productions and safety.
Quality /variety	147	23.7	<ul style="list-style-type: none"> - The new tenant may restrict the variety of performances offered. - Continuity of service and standards. - As long as the quality and variation of what's on offer continues. Cardiff has something for everyone currently and I would hate to see that choice in culture and art reduce.
Lack of accountability	138	22.3	<ul style="list-style-type: none"> - What will be the conditions of this tenancy? Will the council have oversight to make sure the theatre remains accessible to people of different income means? - It would need to be safeguarded as a building so a new company couldn't simply knock it down and replace it with more student flats. - They must have the Council represented on the management side, with a veto if necessary to protect Cardiff's interest.
Proposal is detrimental to the city's culture	116	18.7	<ul style="list-style-type: none"> - 'Culture' [including libraries] is one of the few locations where people of all ages, colours, classes and creeds can meet and are crucial for community cohesion and we have to be careful before we risk fragile infrastructure for short-term budgetary reasons. - The arts are vital and should not be left entirely to commerce. - The Council should maintain important cultural buildings to avoid the possibility of them being developed in the wrong way by private companies.

Just over half (53.3%) of the young people taking part in the Youth Survey supported this proposal, whilst three in ten (30.0%) were against it.

Participants in the Diverse Cymru focus group session felt that the New Theatre is an important part of the cultural fabric of Cardiff, promoting diversity and understanding of different people's experiences across all protected characteristics. It was highlighted that schemes to ensure access for disabled people (Hynt), diverse communities and people on low incomes should continue under any new tenancy.

City Events

Cardiff Council subsidises a number of entertainment and art events. Whilst many are free and contribute to the economic and cultural vitality of the city, they involve significant costs of around £245k.

The Council is seeking views on the principle of reducing the subsidy and working to ensure that all future events are financially sustainable.

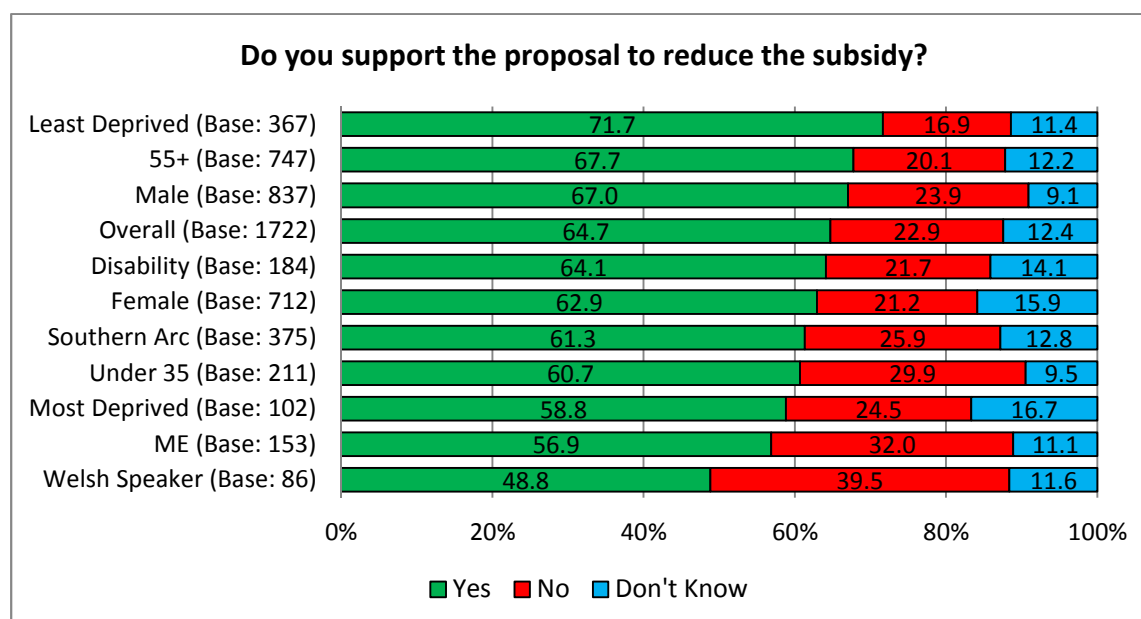

Events that could potentially be affected are Artes Mundi, Speedway Fan Zone, Step into Christmas, Cardiff 10K Run, Tafwyl, Classic Motor Rally and Welsh Proms.

Q14. Do you support the proposal to reduce the subsidy?

Almost two-thirds of respondents (64.7%) supported the principle of reducing the subsidy of entertainment and art events.

Support to reduce subsidies was highest amongst respondents living in the least deprived areas (71.7%) and over 55s (67.7%); it was lowest amongst Welsh Speakers (48.8%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Will adversely affect city in long run	227	34.4	<ul style="list-style-type: none"> - Cardiff is a capital city and we should ensure cultural and family events and activities of interest are maintained. They make Cardiff exciting, cultural and contribute to the city economy. - Further deterioration of the social and amenity fabric of the city. - These are all important events to the residents of Cardiff, as well as important to bring in visitors into the City. They put our city on a national, global stage and are vitally important to the image of our city.
Agree	195	29.6	<ul style="list-style-type: none"> - These events are unnecessary and should not be funded by council tax payers. - If money saved from not supporting these events means basic, essential services such as education, social services and policing gain then, unfortunately, we have to see the above as luxuries we cannot afford during times of austerity. - If funding is tight it is better in my view for the council to spend money on the basics such as dealing with the appalling condition of many roads, pavements and the litter situation across the city.
Investigate alternative funding options	175	26.6	<ul style="list-style-type: none"> - These events can be supported by local businesses who benefit from increased visitor numbers. - Some of these events could become non-free - e.g. a small fee for entry to the "Speedway Fan Zone", a small increase to the entry fee for the Cardiff 10k, etc. Alternatively smarter commercial sponsorship of these events to at least make them cost neutral to taxpayers.
Other event options to reduce funding / event by event cost benefit analysis	156	23.7	<ul style="list-style-type: none"> - Never heard of Tafwyl? Could the funding be reduced based on the success of each event? - The reduction in subsidy must be fairly distributed between the events so that none are put at an unfair disadvantage over another. - Maybe subsidy should be based on how green the event is. Runs and cycle events should get high subsidy. Events should get more if they provide less parking and more active travel.
We need to support these events	129	19.6	<ul style="list-style-type: none"> - I would not want these events to stop as a result of the reduction. I am against however the large new area in the bay, Motorpoint is enough. - Cardiff has a great team who run the events and it works well and is a show case for Cardiff, encouraging people to visit the City - Loss to cultural life in the city. Lack of suitable sponsors. Could affect young artists who can least afford to lose support in developing their artistic careers.

3.5 Cardiff grows in a resilient way

Cardiff's growth will create major economic and cultural opportunities. It will also put pressure on city infrastructures and public services. Ensuring this growth is sustainable and resilient will define Cardiff's development over the next 20 years.

Priorities for 2019/20 include building more Council homes and affordable housing, improving the quality of the road and cycling infrastructure, keeping the city's streets clean, reforming street scene services and hitting our recycling targets.

Residents' views were sought on:

- Increasing fines for littering
- The production of renewable energy at Lamby Way
- Investing further in renewable energy schemes
- 'Walking routes' to reduce reliance on other forms of school transport

Fines for littering

It is proposed to increase the charges for both general littering and smoke-related littering from £80 to £100.

Q15. Do you support the proposal to increase charges for littering?

There was overwhelming support to increase charges for littering, with nine in ten respondents (89.6%) in favour. Support was broadly consistent across all demographic and geographic groups.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Enforcement	358	57.3	<ul style="list-style-type: none"> - Good idea but will need more enforcement teams if it is going to work. - Who actually is monitoring / enforcing it currently - useless unless enforced. - I've never seen anyone being penalized for littering so what difference would £20 make?
A good idea	81	13	<ul style="list-style-type: none"> - No concerns, very good idea! Increase fines for dog fouling as well. - No concerns, this is a can kicked down the road for too long, it has huge implications for individuals & communities particularly. Act now.
£100 is not enough	67	10.7	<ul style="list-style-type: none"> - The charge should be a lot higher, around £150, including for dog fouling and other similar misdemeanours. Parking fines and speeding also. - Increase it further, or include some community service. Far too much litter. Provide more bins in hotspot areas also, if funds allow. - It is not enough. Fines should be backed up with community service orders
More waste bins	66	10.6	<ul style="list-style-type: none"> - Yes, but ensure there are accessible bins or places to dispose of litter so people are encouraged to comply. - Littering charges are understandable but there is a severe lack of bin facilities outside of the city centre, this is particularly an issue for people who walk/cycle who have fewer facilities to store litter on their person before a bin etc. is available. I have walked miles in the suburbs of the city with litter, before I have even come across one bin to dispose of it. - Necessary amount of bins should be around as well as ashtrays on top of these bins. If someone throws a cigarette and there isn't a visible ashtray around then they should not be fined. General litter is different as this should be kept by the person until a bin is found.

Participants in the Diverse Cymru session supported increased fines for littering. Enforcement of any fines was seen as key to tackling the problem of littering and dog fouling and participants highlighted that both issues are a concern for blind and visually impaired people in particular.

Two-thirds of the people taking part in the Youth Survey supported increasing the fines for littering; just under a quarter (23.3%) were against.

Generating Renewable Energy - Lamby Way Solar Farm Scheme

A scheme at Lamby Way Solar Farm will provide a substantial amount of clean, renewable energy to supply the local electricity grid and connected Council buildings and will also generate additional income of £30k for the Council from January 2020.

Q16. Do you support the Council in pursuing the production of renewable energy at Lamby Way?

Almost everyone responding to this question (91.8%) supported the pursuit of producing renewable energy at Lamby Way, with just 2.8% against this proposal. Again, support was broadly consistent across all demographic and geographic groups.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
No concerns	94	30.8	<ul style="list-style-type: none"> - No concerns - think it is important to continue to develop this technology. - Anything to do with renewable energy should be welcome.
Costs	93	30.5	<ul style="list-style-type: none"> - These costings of additional income are not deliverable. - Cost must be proportional to the benefits/output. - I have read the cost of building will be £15m and only start to deliver net cost benefits after c30 years. With current budget issues we should focus elsewhere. Better to wait 10 years for more efficient/cheaper solar harvesting technology.
Need More Info	45	14.8	<ul style="list-style-type: none"> - I would want to know what the economics of setting this up would be up against the savings over time. - Can the energy generated offset energy usage in council buildings, reducing the overall carbon-footprint? Can we explore the use of wind and tidal power also? - Proper long term assessment of the proposals (including future costs) and good contract management to ensure the Council isn't locked into a poor deal in future years.

Q17. Would you support the Council in investing further in renewable energy schemes?

There was also strong support for the Council investing further in renewable energy schemes (86.7%), with a similar response across the demographic and geographic groups.

Improving air quality – more walking routes to schools

Air pollution is a major public health issue particularly affecting the very young, the very old and those suffering ill health. Poor air quality can be a particular problem around schools, with congestion caused by pupils being dropped off and collected by car.

To reduce congestion, improve air quality and encourage young people to walk, the Council is looking to increase walking routes from home to school.

As well as removing transport requirements for schools, it could result in a saving of £30k.

Q18. Do you support an increase in ‘walking routes’ aimed at reducing a reliance on other forms of school transport?

84.3% of respondents supported increasing ‘walking routes’ to schools in a bid to improve air quality and encourage walking to school.

Support dropped slightly amongst respondents with school age children in their household, with 77.8% in favour. The proportion of this group against the proposal was almost double the overall proportion against the proposal (14.0% compared with 7.5%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Safety issues, traffic, dark nights, Anti-social behaviour, security, lighting	192	34.1	<ul style="list-style-type: none"> - Parents do not encourage children to walk to school due to safety issues and I'm not sure if this attitude would change. - Road safety and general safety. - Making these routes safe for children. Some drivers in Cardiff are maniacs and it can be dangerous for children to walk to school. - Poor street lighting, insufficient / poor condition pavements, inconsiderate parking and dangerous driving.
Congestion / Air pollution / Inconsiderate Parking - reduce cars	123	21.8	<ul style="list-style-type: none"> - Air pollution is an issue, and I can see why it's an issue for the Council especially surrounding schools but I do believe this is a wider public issue that Council shouldn't be 100% responsible for. The money the Council has is stretched enough! - The air pollution from wood burning stoves is also significant. But someone would need to be extremely brave to ban these. - Amount of traffic on the roads, pollution caused by stationary traffic and effect of this on school children inhaling these fumes especially asthmatics. - School traffic is a nightmare and adds to pollution. The difference in school holidays is marked, including easier access by bus.
Length of journey - House to School	76	13.5	<ul style="list-style-type: none"> - Distances to high schools are prohibitive for walking routes especially with only 3 Welsh high schools covering the city. - Keep local kids at local schools-my children always walked to school!! - We (and many others) didn't get a place at our catchment primary school, so walking is a pipe-dream for most parents.
Support for the proposal.	67	11.9	<ul style="list-style-type: none"> - None. Walking buses are a superb idea. - As long as it's an option and not forced upon you. - May help obesity problems.

In the Youth Survey, more than three quarters (76.7%) of young people supported the idea of walking routes to schools, compared to just 10.0% against.

3.6 Modernising and integrating our public services

In preparing this budget the priority has been to protect frontline services and therefore to challenge what the Council does to ensure it is getting the best value for money for every pound it spends.

Priorities for 2019/20 are moving as many services as possible online, applying technological solutions to internal business processes, making the most efficient use of the public sector estate and developing more opportunities to generate income.

Residents' views were sought on:

- Increasing 'Digital first' services
- Waste management online
- Council Tax e-billing
- Generating income (Bereavement and Dogs Home services)

'Digital First'

A number of services have adopted a 'Digital First' approach over the last 3 years. Going online gives residents 24/7 access to services, frees up officers to manage the most complex enquiries and results in savings that can be reinvested into front line services.

Q19. Do you support the proposal to increase the number of automated citizen enquiries?

Just under two-thirds of those surveyed (64.5%) supported the proposal.

Respondents who identify as disabled showed the lowest level of support for this proposal, with 48.9% in favour and 36.7% against.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Not everyone can access or is able to use the internet	357	48.4	<ul style="list-style-type: none"> - Must take into account those who do not have access to technology. - Access for people without internet. This includes some vulnerable groups such as the elderly, disabled and poor. - Older residents could feel more isolated if they can't access such technologies.
Prefer / need human interaction as an option	281	38.1	<ul style="list-style-type: none"> - I talk to humans not machine. - Depends on the nature of the query, a person can be more helpful in some situations, it needs a thoughtful approach. - Some people prefer 'face to face' contact. - This is not appropriate for some people who need face to face access.
Online systems are not good enough- slow / inaccurate / lacking options	144	19.5	<ul style="list-style-type: none"> - Your online systems are terrible, I am still being charged for services I never had. You can't just make it all online without investment in decent systems. - Current automated and semi-automated systems already not fit for purpose.

Q20. Would you be willing to access some Council services like waste management, through an online channel such as a website or App rather than communicating directly with a member of Council staff?

Around four in five respondents (79.0%) reported they would be willing to access some Council services via the Cardiff Council website – the most preferred means of contact of options provided. Just under half expressed interest in the Cardiff App (44.6%), with a quarter (25.5%) willing to access services via Hubs across the city.

Respondents were more willing to use the telephone to speak to a member of Council staff (18.5%) than use an automated voice telephone system (13.6%).

A significant proportion across all demographic groups were in favour of accessing services via a website. Respondents under 35 were more likely to be willing to use an App.

Women were more likely to use social media than men (23.7% versus 16.8%).

Respondents who identify as disabled were least likely to use the website (71.1%) or App (30.6%). They were notably more likely to prefer using traditional forms of contact such as telephone (25.6%), letter (10.0%) or face-to-face contact (19.4%) than other demographic groups.

	Overall	Under 35	55+	Female	Male	ME	Disability	Welsh Speaker
Base	1665	213	740	709	833	152	180	85
Yes...								
via the Cardiff Council Website	79.0	85.4	77.8	79.1	81.2	78.9	71.1	76.5
via the Cardiff App	44.6	63.8	33.1	41.6	49.0	42.1	30.6	52.9
via Social Media	19.3	30.0	12.2	23.7	16.8	23.7	20.0	21.2
via Hubs	25.5	35.2	23.5	27.2	24.4	25.0	23.9	22.4
via an automated voice telephone system	13.6	16.9	11.4	16.6	11.5	8.6	10.6	9.4
No, I prefer...								
Telephone	18.5	13.1	19.7	19.3	15.8	20.4	25.6	20.0
Letter	4.7	5.2	5.9	4.7	4.6	7.2	10.0	3.5
Face to face	9.2	8.5	9.9	8.9	8.2	15.1	19.4	7.1

Analysing responses geographically shows a broad consensus of opinion, although respondents living in the most deprived areas of the city were more willing to use the Cardiff App, social media and an automated voice telephone system than those from the least deprived areas.

	Overall	Most Deprived	Least Deprived	'Southern Arc'
Base	1665	102	365	370
Yes...				
via the Cardiff Council Website	79.0	82.4	80.0	80.8
via the Cardiff App	44.6	51.0	40.3	50.3
via Social Media	19.3	28.4	12.9	19.7
via Hubs	25.5	28.4	20.5	27.0
via an automated voice telephone system	13.6	15.7	10.1	14.1
No, I prefer...				
Telephone	18.5	20.6	16.7	15.7
Letter	4.7	3.9	3.0	4.6
Face to face	9.2	7.8	7.1	8.4

Participants in the Diverse Cymru session felt that automated services had their place but telephone and face-to-face options are also required to meet all needs. Language choice (not just English and Welsh) should be explored and the Council should work with disability organisations to ensure digital tools are as accessible as possible. Staff working in hubs and libraries should receive training to help residents access online services.

Two-thirds of those taking part in the Youth Survey (66.7%) supported the proposal for increasing automated services, ten times more than those against it (6.7%). Almost a quarter (23.3%) felt they didn't know.

E-billing for Council Tax

All Cardiff residents can now switch to e-billing for Council Tax meaning that bills, notifications and reminders will be sent electronically.

E-billing is faster and more efficient, it saves money for the Council on paper, materials and postage and has a positive environmental impact.

Residents were asked whether they used e-billing and if not about the barriers to signing up.

Q21. Have you signed-up to e-billing?

27.9% of respondents stated they were already using e-billing and 28.9% were intending to sign up. However, more than two-fifths (43.2%) did not indicate that they would sign up choosing the option 'I have not signed up to e-billing'.

Younger respondents (40.4%) and Welsh Speakers (38.4%) were most likely to have already signed up to e-billing; more than a third of respondents living in the most deprived areas of the city said they intended to sign up (34.0%).

More than half of respondents identifying as disabled (55.9%) stated they had not and did not intend to sign up for e-billing.

116 respondents indicated they would like to be contacted by a Council officer to receive help with setting up an e-billing account; of these, 89 people provided contact details. These people will be contacted following the consultation.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Not Aware	22	39.3	- Wasn't aware until completing this survey that I could do e-billing
Prefer Paper	9	16.1	- Would rather a paper bill for record keeping. - Council tax is a nightmare to deal with so prefer a paper bill and receipt
Don't want to	8	14.3	- Prefer not to - I believe this has an impact on jobs in other organisations. - I don't support online e-billing

Q22. We will be exploring further how digital services can be used to provide our citizens with a 24/7 consistent service for basic council services. With this in mind, would you be interested in becoming a digital tester?

A total of 467 respondents expressed an interest in becoming a digital tester. 408 people provided contact details and will be invited to test webpages for new online services. Webpages are currently been tested face to face in hubs.

Generating income and increasing fees & charges

One of the ways to meet the financial challenge the Council faces is to be more entrepreneurial, generating income that can be reinvested into supporting services.

In a recent survey, two-thirds of respondents agreed with proposals for the Council to undertake commercial activities.

Bereavement

Cardiff Council's award-winning Bereavement Services are responsible for the undertaking of over 4,000 funerals per year as well as the upkeep and maintenance of seven sites.

Income has been consistently reinvested to ensure this valuable service is as good as it can be. It is proposed to increase the price of a cremation from £560 to £640 (an increase of 14.3%) and a burial from £660 to £760 (an increase of 15.2%).

The charges compare well with other local authority providers and would result in an estimated additional income of £301k.

Q23. Do you support the proposal to increase the cost?

More than half of those responding to this question (55.1%) supported the proposal to increase the cost of cremations and burials, whilst just under a third were against (32.8%).

The highest levels of support for this proposal came from those living in the least deprived areas of the city (64.2%) and men (62.2%).

Fewer than half of those living in the most deprived areas of the city (45.6%), respondents identifying as disabled (47.3%) and women (49.7%) supported this proposal.

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Improve affordability	275	51.8	<ul style="list-style-type: none"> - There needs to be a tiered system so those on low incomes are not penalised for a death in their family. - Frankly, those who can pay should. Obviously some system needs to handle those who genuinely cannot pay the costs. - Help should be available to those who needed. People shouldn't be forced into debt to pay for a funeral.
Increases are too high	142	26.7	<ul style="list-style-type: none"> - If increases are needed, it should be in line with inflation (currently 2.51%), not 14.3-15.2%. It is unfair to load inflated costs to grieving families. - Huge increases not justified. People cannot afford these prices and they are only part of funeral costs. - Too expensive as is. You're taking advantage of people when they have no other choice
Unacceptable way to raise money	125	23.5	<ul style="list-style-type: none"> - Not the place to be making money. This is already expensive and hits people in a time of great distress. - Not an area that should be too market driven. - Financial exploitation of people in grief barely beggars belief at how low this Council has sunk.

Dogs Home

Cardiff’s award winning Dogs Home deals with nearly 1,000 dogs every year with the focus on the safety of dogs and residents.

In working towards a position whereby the Dogs Home can become financially self-sustainable in the future, it is proposed that the price of rehoming a puppy be increased from £160 to £170 and for other dogs the price is increased by £30, taking the range of prices from £120-£320 to £150-£350.

Q24. Do you support the proposal to increase the cost?

More than three quarters of respondents (77.5%) supported the proposal to increase the cost of rehoming a dog or puppy.

Support for this proposal was broadly consistent across demographic and geographic groups; respondents with a disability showed the lowest level of support (68.3%).

The most frequent comments, grouped by theme were as follows:

Theme	No	%	Example comments
Increased costs means fewer are able to be rehomed	163	45.9	<ul style="list-style-type: none"> - By increasing the cost of rehoming you will reduce the number of people willing to adopt an animal. - It will put people off buying from the home. How about running courses on pet behaviour/ training your animals, to raise income? - An increase of £30 seems quite high in one go and may put some people off.
No concerns - approve of the proposal	43	12.1	<ul style="list-style-type: none"> - This is still a small amount compared to buying a bred pedigree and a vital service for all involved. - Prospective dog owners should be prepared to pay for the privilege of owning a dog. - So long as this doesn't discourage use.

School Budgets

Q1. Do you support the proposal to increase the funding that the Council provides to schools, known as delegated school budgets by £10.23m or 4.43%?

247 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Schools need to share the burden	96	38.9	<ul style="list-style-type: none"> - The protection of this budget to the detriment of other services is neither sustainable nor equitable - Schools must take a fair share of budget reductions. - Schools should be subject to the same level of austerity as other services. - Schools have been shielded from their fair share of making savings for too long.
Concerns over the management of the money	64	25.9	<ul style="list-style-type: none"> - Savings can be made with better budget management and more stringent spending and procurement. - I'm not confident in schools managing this budget. This should be managed centrally. - Funding to schools should be reduced, there is already far too much money wasted by schools. - Schools that I know of have been wasteful with funds. They should manage their finances better.
Opposed/protect schools	50	20.2	<ul style="list-style-type: none"> - Schools are already hugely struggling and they should be a priority and given sufficient funding. - The increase should stay in line with what is required - it should be more. - The estimated cost of delivering education in 2019/2020 should be met in full.
Identify extra income streams/savings	49	19.8	<ul style="list-style-type: none"> - They need to look for other sources of funding. - I believe that parents should contribute to their children's education if required. Too much funding - Too much money from council tax is spent on schools any increase should come from central government.
Incomplete data	3	1.2	<ul style="list-style-type: none"> - Schools currently miss-manage their delegated budgets
Miscellaneous	38	15.4	<ul style="list-style-type: none"> - What is the spend per pupil and what is enough money to provide a good education per pupil? - Those that have only just entered this country should pay to have their children schooled!! - Because I don't have or want children.

Q2. Do you agree that these delegated school budgets should contribute to the financial challenge facing the Council?

682 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Schools need bigger/ protected budget	328	48.1	<ul style="list-style-type: none"> - Schools need as much as they can get! - I believe that safeguarding, and indeed increasing, school budgets should be the primary priority - Schools getting money is more important than councilors getting a salary increase. - Education is imperative. I think that education is massively under funded
Schools should face same challenges as other service areas	110	16.1	<ul style="list-style-type: none"> - No sector can be immune from the financial pressures affecting the Council, others would suffer. - Because when times are lean all areas need to contribute. - Given finite resources, giving more to any one group means less to go elsewhere. - We're all in it together.
Schools need to manage their budgets efficiently	67	9.8	<ul style="list-style-type: none"> - If schools faced the same financial pressures they might manage their budgets appropriately - It may make them think about how they use the budgets as they do not seem to now - There must be efficiencies in school management that can be made before increasing budgets
Utilise reserves/resources from elsewhere	35	5.1	<ul style="list-style-type: none"> - Primary schools carried forward 7 million in 17/18. These reserves should be utilised. - I suggest schools used by well-off parents could possibly have lower funding than those in poorer area - If you cut bilingual education, can contribute even more
Review increase in spending	35	5.1	<ul style="list-style-type: none"> - Any increase in spending should be reviewed and addressed. - All expenditure needs to be analysed. Ideally there would be more money but times are not ideal - Do we really need breakfast clubs? Cap teachers' pay.
Government responsibility/ centralise	32	4.7	<ul style="list-style-type: none"> - Welsh assembly should take control - Central funding from Westminster should be ring-fenced and enough to maintain the current funding pot - Should be adequately funded from government
Schools aren't the only service the council provides	20	2.9	<ul style="list-style-type: none"> - Parks and leisure cannot continue to bear the brunt of cuts, they are also essential to health and well-being - The pressure to support older and sick residents is growing and we are falling short on our provision - Appreciate the need for schools but as a childless person don't want services I use to be impacted
Miscellaneous	104	15.2	<ul style="list-style-type: none"> - I don't understand how they would contribute - Because if the Council was run like a business it would be managed more effectively - I suspect you're asking indirectly for us to agree to put up council tax - don't trust you

Supporting Vulnerable Children

A new Fostering Service

Q4. Would you be interested in learning more about becoming a foster carer?

Q5. What would encourage you to consider a career in fostering?

175 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Age	85	48.6	<ul style="list-style-type: none"> - I am a pensioner and not in a position to carry out foster care even if I wished to do so. - I just felt you should have had a box to say 'too old' to foster. - I believe that my age would preclude me from this vital work. I am 82 years old.
Commitments	21	12	<ul style="list-style-type: none"> - I would love to help but I have too many personal commitments. - It is not possible to foster and work. - Have grandchildren and time is devoted to them.
Space	18	10.3	<ul style="list-style-type: none"> - I don't have any spare bedrooms in my house currently. - Accommodation is too small. - If I had the space I would gladly help.
Already Carer	17	9.7	<ul style="list-style-type: none"> - I already have time consuming caring responsibilities and voluntary jobs. - I am struggling caring for my Mum - dementia. - I'm already a Carer for a disabled family member.
Time	13	7.4	<ul style="list-style-type: none"> - Having the adequate time in my days to offer what a foster child would need. I'd love to do it. - I work full time as a head teacher in one of the city's schools. I would love to foster when I retire.
Maybe in the future	9	5.1	<ul style="list-style-type: none"> - Waiting for the right time for my family to be in a position to take on a foster child. - In the future, when my children are grown-up.
Lack of support	5	2.9	<ul style="list-style-type: none"> - I've seen friends do this and there is insufficient support.
Health difficulties	5	2.9	<ul style="list-style-type: none"> - Sadly the levels of disability I have would make me useless for effective foster caring.
Miscellaneous	18	10.3	<ul style="list-style-type: none"> - I lack the skills to look after myself properly, I don't have the skills to look after anyone else. - I would like to know more about it so I can pass on the information/spread the word.

Safe, confident and empowered communities

Community sports buildings

Q10. Do you support the further transfer of park assets to local sporting leagues and governing bodies?

784 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Opposed to the selling of assets	252	32.1	<ul style="list-style-type: none"> - These are our assets. We've paid for them. Selling them now for short term gain (and on bad deals) is not good value. - These facilities should be owned and managed for everybody in Cardiff, not just small interest groups. - It says park assets - specifically these should remain in public ownership. They belong to all not just those who want to use them for a specific sport. - These are public assets. I strongly oppose handing these over to private groups!! It also ignores the safeguarding issue for disabled persons wishing or needing to use facilities that are becoming unregulated and inaccessible. I am disgusted at this proposal. It assumes all users are able-bodied and neurotypical individuals with no personal impairment/s.
Concern over sustainability for community groups in the long run	234	29.8	<ul style="list-style-type: none"> - These groups may not be able to sustain maintaining the buildings. - Concerned about whether the facilities will be properly maintained and will continue to be community assets. - The financial business planning of the bodies and the long-term sustainability of them. What protections are put in place to protect the use of the facilities and keep them as open as possible to the communities? - That these bodies can raise sufficient funds to maintain the buildings and facilities in good order. If they don't they should be a clause in the contract that they will pass back to the council. - I am concerned about the viability of this approach in the long term. What happens if a sports club, for whatever reason ceases to exist? Who then will be responsible for the parks etc?
Restricted access	191	24.4	<ul style="list-style-type: none"> - They become privately owned and therefore inaccessible to most people. - Lack of access to the general public i.e. closed clubs. - What safeguards are in place for disadvantaged/low income families to be able to access these facilities if costs spiral?
Rising costs	148	18.9	<ul style="list-style-type: none"> - Prices and management. Prices already up at local leisure centre. - Doing this will rule out people who do not want to be a part of a club or may feel apprehensive about looking out of place. Also, this will end up with an increased cost of entry which again will alienate those who have the least to spend on exercise.

			<ul style="list-style-type: none"> - <i>Park assets & Government bodies ARE PUBLIC PROPERTY and there for the benefit of everyone. Sale or transfer only means to private industry to raise funds etc. That will lead to increase charges to the public who already own these facilities. I do understand the financial difficulties for the council, but some things should be sacrosanct. There has to be a way to keep these services in control of the council, while raising funds to support them WITHOUT a large influx of cash from the public purse via local taxation etc.</i>
Good idea, supportive of the proposal	28	3.6	<ul style="list-style-type: none"> - <i>Yes, as they will show greater care and generate more investment of time and money. Transitional support may be required though.</i> - <i>Cardiff Council aren't capable of looking after these areas, so better to give them to someone who can.</i> - <i>As long as public access is maintained.</i>
Miscellaneous	135	17.2	<ul style="list-style-type: none"> - <i>The usual issue, multiple use causes problems, particularly by inconsiderate cyclists and dog walkers.</i> - <i>Cost savings of £25k appears tiny compared to the likely costs to administer.</i>

A capital city that works for Wales

New Theatre

Q13. Do you support the proposal to secure a private tenant to develop and sustain the current theatre offer in the city?

619 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Price increases	221	35.7	<ul style="list-style-type: none"> - Private company profits meaning increases in ticket prices etc. - Concerned that prices will go sky high when run by private people. - That private ownership may result in prices increasing to the point where theatregoers find them too expensive. - That profit margins would be of more concern to them than quality productions and safety.
Quality /variety	147	23.7	<ul style="list-style-type: none"> - The new tenant may restrict the variety of performances offered. - Quality of show (but currently highly variable) Failure of private company. - Continuity of service and standards. - As long as the quality and variation of what's on offer continues. Cardiff has something for everyone currently and I would hate to see that choice in culture and art reduce.
Lack of accountability	138	22.3	<ul style="list-style-type: none"> - What will be the conditions of this tenancy? Will the council have oversight to make sure the theatre remains accessible to people of different income means? - It would need to be safeguarded as a building so a new company couldn't simply knock it down and replace it with more student flats. - They must have the council represented on the management side, with a veto if necessary to protect Cardiff's interest.
Proposal is detrimental to the city's culture	116	18.7	<ul style="list-style-type: none"> - 'Culture' [incl. libraries] is one of the few locations where people of all ages, colours, classes and creeds can meet and are crucial for community cohesion and we have to be careful before we risk fragile infrastructure for short-term budgetary reasons. - The arts are vital and should not be left entirely to commerce. - The Council should maintain important Cultural building to avoid the possibility of them becoming developed in the wrong way by Private Companies.
Agree with the proposal with no concerns.	53	8.6	<ul style="list-style-type: none"> - No concerns. The New Theatre should be a commercial venture. - As long as the theatre is well-managed by a competent body, this could be a good move. I was involved with the Theatre Royal in Brighton which was very successful and received no public financial support.

			<ul style="list-style-type: none"> - All arts and leisure facilities should be self-sustaining or scrapped. There are too many 'hangers on' in this sector. Council has no obligation to keep subsidising these entertainments. The same should apply to galleries too - this council puts too much into trashy art projects. ensure they are self-sustaining and stop giving them so much money
Need More Info	45	7.3	<ul style="list-style-type: none"> - Need more detail to know if it is sustainable-does this model work elsewhere? - Would need to see further details to make any comments. - What are the implications? What will the relationship be, what are the terms and conditions?
Why can't council manage like proposed new tenant	26	4.2	<ul style="list-style-type: none"> - If a private tenant can operate the New Theatre profitably, why can't the council? - If a private company can make a profit, why can't the council. Ultimately a transfer of ownership will result in higher cost to the consumer. - Why have someone else to make money from something the Council could run, if run properly, it's an opt out!
Model for Leisure Centres was wrong	12	1.9	<ul style="list-style-type: none"> - Same as with leisure centres. We rent these facilities out and get them back in a poor state of repair. Tenants must be made to hand facilities back in same state that they rented them, Private landlords do this with low income tenants, the council should insist on this with private theatre tenants. They should also make one person accountable so that private companies cannot declare bankruptcy and avoid responsibilities to the venues at the end of tenancy. Again, it is absurd that the council cannot operate these facilities either with profit or cost neutral. - It seems that all the council wants to do is to transfer all leisure facilities to the private sector for short term gain if those continues we will need to look at the overall council management costs.
Venue is poor	10	1.6	<ul style="list-style-type: none"> - Seats were very cramped and uncomfortable - won't be going back.
Miscellaneous	80	12.9	<ul style="list-style-type: none"> - That you ask this question every year and still haven't done anything about it. - Ensure they understand Welsh culture and language

A capital city that works for Wales

City Events

Q14. Do you support the proposal to reduce the subsidy?

659 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Will adversely affect city in long run	227	34.4	<ul style="list-style-type: none"> - Events in Cardiff are fantastic for the city in terms of the economy but also the profile of the city and I wouldn't want this to result in fewer major events coming to Cardiff. - Cardiff is a capital city and we absolutely should ensure cultural and family events and activities of interest are maintained. They make Cardiff exciting, vibrant and cultural and contribute to the city economy. - Further deterioration of the social and amenity fabric of the city. - These are all important events to the residents of Cardiff, as well as important to bring in visitors into the City. They put our city on a national, global stage and are vitally important to the image of our city. Our Step into Christmas event was well received last week... just look at the press Swansea's switch on event had when they cut costs - not good press/publicity!
Agree	195	29.6	<ul style="list-style-type: none"> - These events are unnecessary and should not be funded by council tax payers. - How soon can they be ditched? - If money saved from not supporting these events means that basic, essential services such as education, social services and policing gain then, unfortunately, we have to see the above as luxuries we cannot afford during times of austerity. - If funding is tight it is better in my view for the council to spend money on the basics such as dealing with the appalling condition of many roads, pavements and the litter situation across the city.
Investigate alternative funding options	175	26.6	<ul style="list-style-type: none"> - These events can be supported by local businesses who benefit from increased visitor numbers. - Some of these events could become non-free - e.g. a small fee for entry to the "Speedway Fan Zone", a small increase to the entry fee for the Cardiff 10k, etc. Alternatively smarter commercial sponsorship of these events to at least make them cost neutral to taxpayers. - There could be more commercial sponsorship of these events. Business benefits greatly. Some people are inconvenienced by the coca cola Truck visit in recent years is a prime example of inconvenience caused for many for promoting a sugary drink?

Other event options to reduce funding / event by event cost benefit analysis	156	23.7	<ul style="list-style-type: none"> - Never heard of Tafwyl? Could the funding be reduced based on the success of each separately? - The reduction in subsidy must be fairly distributed between the events so that none are put at an unfair disadvantage over another. - Though maybe subsidy should be based on how green the event is. Runs and cycle events should get high subsidy, events should get more if they provide less parking and more active travel.
We need to support these events	129	19.6	<ul style="list-style-type: none"> - I would not want these events to stop as a result of the reduction. I am against however the large new area in the bay, Motorpoint is enough - Cardiff has a great team who run the Events and it works well and is a show case for Cardiff, encouraging people to visit the City - Loss to cultural life in the city. Lack of suitable sponsors. Could affect young artists who can least afford to lose support in developing their artistic careers.
Need more information	30	4.6	<ul style="list-style-type: none"> - This question is too vague to be able to give an informed answer. I would not support any reduction to any event that is for benefit of or supports disabled people for example. Each event should be looked at on its merits in terms of how many people it supports and what it encourages. - Has an efficient report been compiled taking into account possible transfers to other venues for at least some of the above activities? - How are the current subsidies prioritised?
Miscellaneous	52	7.9	<ul style="list-style-type: none"> - Reducing access to the poorest. - The less subsidy the Council pays for events, the more these events are controlled by private interests, and the more exclusive they become. - I don't partake in, nor observe any of the above. I don't even KNOW anybody that takes part in these events. I don't even know what some of these events are.

Cardiff grows in a resilient way

Fines for littering

Q15. Do you support the proposal to increase charges for littering?

625 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Enforcement	358	57.3	<ul style="list-style-type: none"> - Good idea but will need more enforcement teams if it is going to work. - The charge itself isn't the problem, there isn't anywhere near enough enforcement. - Who actually is monitoring / enforcing it currently - useless unless enforced. - I've never seen anyone being penalize for littering so what difference would £20 make?
None, think this is a good idea	81	13	<ul style="list-style-type: none"> - None, very good idea! Increase fines for dog fouling as well. - This is a great idea! - None, this is a can kicked down the road for too long, it has huge implications for individuals & communities particularly. Act now. - No concerns.
£100 is not enough	67	10.7	<ul style="list-style-type: none"> - The charge should be a lot higher, around £150, including for dog fouling and other similar misdemeanours. Parking fines and speeding also. - Increase it further, or include some community service. Far too much litter. Provide more bins in hotspot areas also, if funds allow. - It is not enough. Fines should be backed up with community service orders
Improved waste collection	66	10.6	<ul style="list-style-type: none"> - But ensure there are accessible bins or places to dispose of litter so people are encouraged to comply. - Littering charges are understandable but there is a severe lack of bin facilities outside of the city centre, this is particularly an issue for people who walk/cycle who have less facilities to store litter on their person before a bin etc. is available, as the city wants to increase sustainable transport an eye on supporting infrastructure for these routes need to be considered. I have walked miles in the suburbs with litter, before I have even come across one bin to dispose of it. - Necessary amount of bins should be around as well as ashtrays on top of these bins. If someone throws a cigarette and there isn't a visible ashtray around then they should not be fined. General litter is different as this should be kept by the person until a bin is found.
Education	53	8.5	<ul style="list-style-type: none"> - Better education is needed to change people's views on littering, maybe incentives could be brought in for recycling etc. as they do in the Nordic countries. - It's just a money making exercise rather than raise awareness and educate people about caring for the environment. - We need as much education as punishment, common sense has to be applied to the scheme.

Unfair fining	48	7.7	<ul style="list-style-type: none"> - As long as residents aren't unduly penalised for putting the wrong item in the wrong bin. - 'Petty' officials zeroing in on people who accidentally/ unknowingly litter by pulling a tissue out of pocket to wipe kids nose etc. (e.g.) as reported in the press. - Hasn't worked so far. Fines are disproportionate to a large number of recipients as they are not means tested.
Fly tipping	46	7.4	<ul style="list-style-type: none"> - Open the closed recycling centres. That would reduce fly tipping save money by not having to clear up the mess. - It should have happened already and while you're at it clamp down on fly tipping too. - If fines are imposed, more and more people will fly tip away from their area to avoid detection, this will impact on other areas of the City and green spaces.
What will this cost /generate	38	6.1	<ul style="list-style-type: none"> - Who will administer and enforce these charges? Will payments always be collected? How much will it cost to administer and enforce? - Cardiff is filthy - how are these fines currently enforced? How much was raised from these fines in the last fiscal year?
Put pressure on landlords/ reduce number of fast food and licensed premises	28	4.5	<ul style="list-style-type: none"> - There is a need to focus on the city centre and also streets such as City Road. It is necessary to ensure that private landlords in areas such as Cathays are responsible for litter outside their houses. - Fast food outlet cause most of this rubbish. Why can't people eat largely at home? Fewer fast food outlets which neatly joins up with the health agenda since fast food is high in salt and sugar. Shut down drinking places at midnight to relieve the cost of stewarding the centre of town and reduce drinking to excess. Drastically reduce number of licensed premises. This accords with Council's stated well-being agenda and future generations. You don't need to be drunk to have a good time!
Administration	28	4.5	<ul style="list-style-type: none"> - Catching people who drop litter or 'fly-tippers' would be difficult so the increase in fine s would go to some extend to fund the administration of the process.
Dog Fouling	9	1.4	<ul style="list-style-type: none"> - More should be done to tackle dog and cat fouling too
Miscellaneous	53	8.5	<ul style="list-style-type: none"> - If at today's prices they can afford to smoke/litter they can afford to pay fines!! - Littering is ugly, unhygienic and litter problems are increasing. - Cardiff needs a clean city policy.

Cardiff grows in a resilient way

Generating Renewable Energy - Lamby Way Solar Farm Scheme

Q16. Do you support the Council in pursuing the production of renewable energy at Lamby Way?

305 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
No concerns	94	30.8	<ul style="list-style-type: none"> - Think it is important to continue to develop this technology. - None, this is a superb idea. - Anything to do with renewable energy should be welcome.
Costs	93	30.5	<ul style="list-style-type: none"> - These costings of additional income are not deliverable. - Cost must be proportional to the benefits/output. - I have read the cost of building will be 15 million and only start to deliver net cost benefits after c30 years. With current budget issues we should focus elsewhere. Solar panels are not as efficient as advertised and very costly. Better to wait 10 years for more efficient and cheaper solar harvesting as the technology develops.
Need More Info	45	14.8	<ul style="list-style-type: none"> - I would want to know what the economics of setting this up would be up against the savings over time. - Can the energy generated offset energy usage in council buildings, reducing the overall carbon-footprint? Can we explore the use of wind and tidal power also? - Proper long term assessment of the proposals (including future costs) and good contract management to ensure get the Council isn't locked into a poor deal in future years.
Management	30	9.8	<ul style="list-style-type: none"> - It is poorly managed and becomes uneconomical. - The costs exceed the income. Councils not generally good at running a business?
Other power sources	23	7.5	<ul style="list-style-type: none"> - How about a hydro-electric weir at the bay barrage? - 1. That we don't get enough sunny days! 2. How do we propose to store the power for use at peak periods - Australia's Snowy Mountains Hydro Electric scheme uses off peak power generated by conventional, wind and solar systems, to pump water up the mountain and then run it back down at peak times to put power back into the grid, like a huge potential energy battery. We have enough water and mountains to do something similar in Wales. - I studied renewable energy and solar power as a student and as an engineer for many years both in Wales on Flatholm and elsewhere. I have found that in an effort to convince people to use solar in this country, the figures have been exaggerated and that in reality due to the climate, it does not create the amounts of power claimed.
Environment	14	4.6	<ul style="list-style-type: none"> - Caution about any adverse effect on wildlife. - Impact on environment.

Space	9	3.0	- <i>Could the space be used better?</i>
Incomplete data	1	0.3	- <i>£30k is nothing, how much do you get from the Methane recovery? This is a pointless venture with no rear return.</i>
Miscellaneous	63	20.7	- <i>Must install CCTV and security.</i> - <i>Changing legislation on any central grants that provide part of the payback on this tech.</i>

Cardiff grows in a resilient way

Improving air quality – more walking routes to schools

Q18. Do you support an increase in ‘walking routes’ aimed at reducing a reliance on other forms of school transport?

563 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Safety issues, traffic, dark nights, anti-social behaviour, security, lighting	192	34.1	<ul style="list-style-type: none"> - Parents do not encourage children to walk to school due to safety issues and I'm not sure if this attitude would change. - Road safety and general safety. - Making these routes safe for children. Some drivers in Cardiff are maniacs and it can be dangerous for children to walk to school. - Poor street lighting, insufficient / poor condition pavements, inconsiderate parking and dangerous driving.
Congestion / Air pollution / Inconsiderate Parking - reduce cars	123	21.8	<ul style="list-style-type: none"> - Although air pollution is an issue, and i can see why it's an issue for the council especially surrounding schools. I do believe this is a wider public issue that council shouldn't be 100% responsible for. The money the council has is stretched enough! - The air pollution from wood burning stoves is also significant. But someone would need to be extremely brave to ban these. - Amount of traffic on the roads pollution caused by stationery traffic and effect of this on school children inhaling these fumes especially asthmatics. - School traffic is a nightmare and adds to pollution. The difference in school holidays is marked, including easier access by bus.
Length of journey - House to School	76	13.5	<ul style="list-style-type: none"> - Distances to high schools are prohibitive for walking routes especially with only 3 welsh high schools covering the city. - Keep local kids at local schools-my children always walked to school!! - We (and many others) didn't get a place at our catchment primary school, so walking is a pipe-dream for most parents.
Support for the proposal.	67	11.9	<ul style="list-style-type: none"> - None. Walking buses are a superb idea. - As long as it's an option and not forced upon you. - May help obesity problems.
Parents need to get kids to school, get to work etc. Car is the only option	58	10.3	<ul style="list-style-type: none"> - Walking routes are great but with pressures on household income meaning both parents need to work, not practical. - With so many working parents who, although they would like not to be so reliant on motor transport - time constraints take the choice away from them. - Most parents are working and do not have time to get to work if they walk children to school. Not many jobs start at 10.00 am!
Feel this is a losing battle, people are lazy, too dependent on cars/ impractical.	45	8.0	<ul style="list-style-type: none"> - Parents and their kids are lazy. Won't get them to join in easily. - They will simply ignore it, kids these days are bone idle. - People are lazy!

Cycle routes, encourage kids to cycle/improve routes etc.	37	6.6	<ul style="list-style-type: none"> - But it would be good too to focus on safe cycle routes for older children. Lots of older children live too far away to walk but would cycle if it was safer. - It is always an afterthought, and the council are too weak to insist that all new housing developments have the infrastructure in place for dedicated walking or cycling. - Better cycle routes for young people and children for schools, as well as road safety lessons at schools.
Not in the dark, cold & rainy winter months	24	4.3	<ul style="list-style-type: none"> - Great Britain is too cold, wet and windy! They won't be used, it's a 'white elephant'. - Winter usage. Do these only solve the problem for half of the year?
Improve road infrastructure	23	4.1	<ul style="list-style-type: none"> - The transport in Cardiff needs an overhaul especially on east side as there is no train service. - That not enough is spent on this. Road resurfacing can wait, get the cycling, pedestrian and bus routes sorted first.
Cost effective?	23	4.1	<ul style="list-style-type: none"> - I don't believe they would meet cost/benefit criteria. People will continue to use their cars. - Waste of money.
Implement properly.	18	3.2	<ul style="list-style-type: none"> - Bad implementation. Please do this properly, even if it means drastic changes to road access.
School Buses	17	3.0	<ul style="list-style-type: none"> - Have school buses been considered? Many parents are uncomfortable about their children walking to school on their own.
Encourage parents children to walk bike etc. educate them on the health benefits	15	2.7	<ul style="list-style-type: none"> - Not enough children who are able to, are walking to school. It is important for health reasons as well as traffic reduction. Perhaps parents need to be educated. Many secondary pupils could be walking.
Need to consider Ability	11	2.0	<ul style="list-style-type: none"> - Not all children are adequately mobile to walk. They will therefore feel further isolated if they are different because they do not use walking routes.
Need reliable public transport	9	1.6	<ul style="list-style-type: none"> - People used to drive to the start of the walking bus thus just pushing the pollution elsewhere. We need better public transport and safe cycle routes.
Uptake?	10	1.8	<ul style="list-style-type: none"> - It would be worth finding out how many would transfer to walking before investing funds into it.
Miscellaneous	57	10.1	<ul style="list-style-type: none"> - Contact the welsh government for fairer funding for public services and lobby directly for a significant increase to council budgets as a matter of course. - More information required.

Modernising and integrating our public services

Q19. Do you support the proposal to increase the number of automated citizen enquiries?

737 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Not everyone can access or is able to use the internet	357	48.4	<ul style="list-style-type: none"> - Must take into account those who do not have access to technology. - Access for people without internet. This includes some vulnerable groups such as the elderly, disabled and poor. - Older residents could feel more isolated if they can't access such technologies. - Difficulties for those without easy access to internet.
Prefer / need human interaction as an option	281	38.1	<ul style="list-style-type: none"> - I talk to humans not machine. - Depends on the nature of the query, a person can be more helpful in some situations, it needs a thoughtful approach. - Some people prefer 'face to face' contact. - This is not appropriate for some people who need face to face access.
Online systems are not good enough-slow / inaccurate / lacking options	144	19.5	<ul style="list-style-type: none"> - Your online systems are terrible, I am still being charged for services I never had. You can't just make it all online without investment in decent systems. - Current automated and semi-automated systems already not fit for purpose. - I cannot see how your current could get any worse.
Needs investment / improvement / Bilingual / good user experience	81	11.0	<ul style="list-style-type: none"> - There are some queries that fell outside an online system and telephones should be manned to an appropriate level to ensure call are answered quickly. - A good system must be in place - prompt, clear, user-friendly, with contacts easily re-accessed if there are any on-going problems. 'Automated' must not become anonymous or confusing or unable to accommodate individual needs. Telephone communication must always be an alternative option with experienced knowledgeable staff. - These would all have to be available in both official languages to ensure equality of use.
Job Losses	17	2.3	<ul style="list-style-type: none"> - That this will result in redundancies - jobs should be protected in an already overly stretched council - Only concern is front line staff being made redundant. - Loss of jobs - for those people who currently provide the service.

Happy with service	14	1.9	<ul style="list-style-type: none"> - <i>Do it... who wants to wait for the phone to be answered. Actually who wants to speak to a person... online/apps/AI is the future</i> - <i>Certainly is easy to use but it is nice to be able to speak to somebody in times of need.</i> - <i>Prompt service in answering queries.</i>
Miscellaneous	33	4.5	<ul style="list-style-type: none"> - <i>Did you propose this last year.... one year on an no progress?!</i> - <i>Should be a choice.</i> - <i>It's not clear from this page or the last what an automated citizen enquiry is...</i>

E-Billing for Council Tax

Q21. Have you signed-up to e-billing?

56 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Not Aware	22	39.3	<ul style="list-style-type: none"> - Wasn't aware of it. - I didn't know it was available - Wasn't aware until completing this survey that I could do e-billing
Prefer Paper	9	16.1	<ul style="list-style-type: none"> - Would rather a paper bill for record keeping. - Council tax is a nightmare to deal with so prefer a paper bill and receipt
Don't want to	8	14.3	<ul style="list-style-type: none"> - Prefer not to - I believe this has an impact on jobs in other organisations. I don't support on line e billing.
Security	3	5.4	<ul style="list-style-type: none"> - GDPR, privacy and security concerns.
Prior negative experience	3	3.6	<ul style="list-style-type: none"> - Not sure since I have had bad experiences with council tax query taking extra money out of my bank account for 2 months before adjustments were made.
Miscellaneous	13	23.2	<ul style="list-style-type: none"> - Because I am fed up with being in the minority who pay Council tax at all. You have so many people who claim exemptions and contribute nothing to the Council whilst taking everything they can. Why should I make it easier for you to spend my money on wasteful services I don't want. - I live outside Cardiff.

Bereavement

Q23. Do you support the proposal to increase the cost?

531 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Improve affordability	275	51.8	<ul style="list-style-type: none"> - Should be help for those who can't afford it. - There needs to be a tiered system so those on low incomes are not penalised for a death in their family. - Frankly, those who can pay should. Obviously some system needs to handle those who genuinely cannot pay the costs. - Help should be available to those who needed. People shouldn't be forced into debt to pay for a funeral.
Increases are too high	142	26.7	<ul style="list-style-type: none"> - If increases are needed, it should be in line with inflation (currently 2.51%), not 14.3-15.2%. It is unfair to load inflated costs to grieving families. - Funeral costs are escalating far faster than inflation - causing problems for relatives at a difficult time. - Huge increases not justified. People cannot afford these prices and they are only part of funeral costs. - Too expensive as is. You're taking advantage of people when they have no other choice
Unacceptable way to raise money	125	23.5	<ul style="list-style-type: none"> - Not the place to be making money. This is already expensive and hits people in a time of great distress. - Not an area that should be too market driven. - Financial exploitation of people in grief barely beggars belief at how low this Council has sunk.
No Concerns	21	4.0	<ul style="list-style-type: none"> - I am reluctantly agreeing on the basis that I accept your findings. - I don't mind you making it even more expensive so long as poor families get a reduction too. - Whilst depressing, if the cost is competitive and in line with inflation then it should sadly go up.
Need to encourage Cremations not burials	18	3.4	<ul style="list-style-type: none"> - Make grants available to those who cannot meet the cost of cremation. Burials should pay full cost. - Cremations should be incentivised as the long term cost is nil. Burial by contrast requires land, grounds maintenance and public access facilitation. If families are insistent on burial the space required should attract a fee on the land including ongoing rental commensurate with a city centre office space. The fee for the service and procedure needs to reflect the actual cost of the excavation etc. rather than comparison to the incineration. - I don't think there should be an increase for cremation but there should be for burials.
Miscellaneous	57	10.7	<ul style="list-style-type: none"> - Can this not be phased in? - All people should be required to have life insurance. - Cardiff should have a Natural wildflower burial site.

Dogs Home

Q24. Do you support the proposal to increase the cost?

355 respondents left a comment. These have been grouped into the following themes:

Theme	No	%	Example comments
Increased costs means fewer are able to be rehomed	163	45.9	<ul style="list-style-type: none"> - By increasing the cost of rehoming you will reduce the number of people willing to adopt an animal. - It will put people off buying from the home. How about running courses on pet behaviour/ training your animals, to raise income? - An increase of £30 seems quite high in one go and may put some people off
No concerns - approve of the proposal	43	12.1	<ul style="list-style-type: none"> - This is still a small amount compared to buying a bred pedigree and a vital service for all involved. - Prospective dog owners should be prepared to pay for the privilege of owning a dog. - So long as this doesn't discourage use.
Miscellaneous	44	12.4	<ul style="list-style-type: none"> - Need to reduce the number of dogs - Termination would be more cost effective. - Can we increase awareness of the support needed?
