Annwyl / Dear Lee,

**Re: Joint Children & Young People and Community & Adult Services
Scrutiny Committee Meeting – 26th June 2019**

Thank you for your letter of 5th July following our attendance with the Director at the Joint Scrutiny Committee on 26th June to consider the Local Authority Social Services Annual Report for 2018-19.

We would like to thank members for their constructive comments and we are pleased to provide the following response to your queries below.

In reply to your comments, observations and recommendations please see enclosed briefing notes in relation to Children's Services complaints (Appendix A) and Families First (Appendix B).

With regard to staff retention; reasons for leaving are captured via exit interviews where staff are willing to give them. A recent analysis of exit questionnaires and formal exit interviews found that the predominant exit reason over the last 3 years has been due to finding alternative employment, followed by personal reasons and normal retirement. Staff are often reluctant to give an exit interview, and the reason for leaving is not always given by those who do. This analysis was followed up by a post exit telephone review in June 2019 which supported previously recorded exit reasons, these being money – cost of living / transport.

WORKING FOR CARDIFF, WORKING FOR YOU

The Council welcomes correspondence in Welsh, English or bilingually. We will ensure that we communicate with you in the language of your choice, as long as you let us know which you prefer. Corresponding in Welsh will not lead to delay.

Benchmarking work has been undertaken to understand how Cardiff's Social Worker salaries compare to those in other neighbouring Local Authorities and development work is underway to consider the most appropriate way of addressing the findings, understanding that whilst salary levels are key to recruitment and retention, other key elements must also be addressed such as support, supervision and mentoring; particularly as a small number of social workers cited high caseloads and work-related stress as a reason for leaving.

Whilst no interviews to date have cited cultural changes as the reason for leaving, recent anecdotal feedback suggests that there has been some staff turnover as a result of this. Work is being undertaken to better understand whether this applies to directly employed staff or agency staff and action will be taken to support workers through the changes by ensuring regular, transparent communication, opportunities for staff to provide feedback and ask questions (e.g. through the Ambassador Group) and working to ensure that changes are embedded with minimal disruption for staff. A social worker staff survey has recently been issued and the feedback from this will be used to inform recruitment and retention strategies going forward.

The Director looks forward to meeting with you to develop CYP's work programme for the next 12 months.

Appendix A - Children's Services Complaints

We are pleased to enclose a briefing note which provides a breakdown of the stage one Children's Services complaints received during 2018/19.

Table 1, below, defines complaints by category and the number of categories reflects the variety of complaints made to the service.

A complainant 'disputing a decision' made by the Local Authority (for example, the outcome of an assessment or child placement) was the most dominant theme within complaints and accounted for over a quarter (25.9%) of complaints made during the year.

'Staff attitude / behaviour' and 'poor communication' were also common themes as they accounted for just under a quarter (23.3%) of complaints made whereas a complainant's 'relationship with a social worker' accounted for 14.1% of complaints. Over a third of complaints therefore relate to a perceived lack of customer care from a staff member. General 'standard of service' (overall rather than a specific staff member) accounted for 9.2% of complaints.

Table 2 shows the number of complaints received by team. 65 complaints were received regarding the Child in Need Service whereas 43 were received about the Children Looked After Service and 34 about the Intake & Assessment Service. In relation to Child Health & Disability Services, there were 15 complaints during 2018/19.

Finally, table 3 displays the outcome of complaints during 2018/19. 41.6% of Children's Services complaints were not upheld whereas only 1 in 4 complaints (25.9%) were upheld in part. Just over 1 in 5 complaints (22.1%) were upheld.

Families First Outcomes

In addition to these services a contribution was made to the new RISE project to support a pregnant women's Independent Domestic Violence Advocate (IDVA).

In 2018/19 the Families First funding enabled 12,509 families, young people and parents, to access support. This includes over 2,738 families affected by a disability that accessed specialist support through the Disability Focus package.

The below highlights some of the key outcomes in relation to the impact services have had on the families and individuals they worked with.

Next steps

Further to a cabinet report on 11th October 2018 the Cardiff Family Advice and Support service is now operational having commenced on 1st April. This innovative new service comprises of three key areas:

- A Family Gateway service responding to all referrals and enquiries and offering information and advice.
- A closely linked Family Help service to respond promptly to families who need some short term support, including signposting, practical assistance and help with parenting.
- A Family Support Service which is able to work with families with more complex problems where there is a risk that without intensive support a more significant intervention would be needed.

A full launch of the service is to take place in the autumn.
