
**QUARTERLY COMPLAINTS AND REPRESENTATIONS REPORT
QUARTER 1 2019-20**

Reason for the Report

1. The Committee's terms of reference state that it will receive Children's Services Complaints reports.
2. This Quarter 1 report covers complaints and representations from 1st April to 30th June 2019

Introduction

3. The current Welsh Government guidance and regulations in relation to social services complaints and representations came into being on 1st August 2014.
4. The procedure places the emphasis on the initial local resolution stage – Stage 1 - with complainants being offered a discussion to resolve the matter. The second formal stage (Stage 2) provides for independent investigation. If the outcome of Stage 2 does not satisfy the complainant s/he has recourse to the Public Services Ombudsman for Wales.
5. Citizens making complaints have a right to be listened to properly and have their concerns resolved quickly and effectively. Children's Services emphasis is on listening to concerns and using this learning to improve services for everyone who uses them.
6. Complaints should be handled in such a way that the complainant is the focus, not the process, and that the particular circumstances of the complainant are taken into account (including their age or disability). Where the complaint relates to a looked after child, a child in need or a care leaver the local authority has a duty to provide an advocate as required. All children or young people who make

complaints are offered a meeting and all children and families will receive a written response to the concerns they have raised.

7. The Social Services and Wellbeing (Wales) Act 2014 devotes Part 10 to complaints and this reflects Welsh Government guidance and regulations and Council procedures. The Council is mindful that the Act will further promote people's rights and collaborative working will be actively encouraged.

Examples of complaints concluded during the quarter are:

A complaint where we were able to put things right

We received a complaint from a foster carer who felt that they were not getting the support they needed for their foster child.

The Operational Manager discussed the issues with the foster carers. An assessment was planned with a specialist assessment in relation to the emotional and psychological wellbeing of the child.

A request was made to Health and Education for an assessment of needs to ensure that the correct provision was in place regarding the child's additional needs. The Social Worker also arrange regular respite for the family.

A complaint where we had no case to answer

We received a complaint from a parent who was unhappy about the number of times their family had been referred to Children's Services.

We explained that, while we are aware that being referred to Children's Services can be distressing, Children's Services are required by law to act on all referrals that are made to them regarding the wellbeing of a child.

Stage 2 Independent Investigations

10. If complainants remain unsatisfied at the conclusion of the informal Stage 1, they are entitled to seek a formal Independent Investigation under Stage 2 of the procedure.

11.3 Stage 2 complaints were initiated during Quarter 1.

Ombudsman Investigations

12. There was 0 Ombudsman activity in relation complaints during this quarter.

Learning from Complaints

13. Action Plans are initiated after each Stage 2 investigation to ensure that the recommendations are implemented, lessons are learned and themes recognised. Issues about staff conduct are sent to an Operational Manager to consider.

Themes Emerging During the Quarter

14. Quarterly complaints reports are shared with managers so any emerging themes can be considered and actions can be taken to improve practice. Outside of this avenue the Complaints Manager can highlight issues to an Operational Manager (as above).
15. There were no specific themes that emerged during this quarter.

Update on Progress from Themes Identified in Previous Periods

16. In Quarter 4 there was an increase in complaints from young people via advocates. This theme did not continue in Quarter 1, there were just 5 complaints from young people.

Early Resolution

17. Children's Services place an emphasis on resolving issues at the earliest possible opportunity, and where these concerns are dealt with immediately they are not opened as a formal complaint. During this quarter there were 27 enquiries, the issues in these were brought to the attention of the relevant Team or Operational Managers who acted promptly to address the issues raised to the satisfaction of the individual. This prevented 27 complaints being formally opened as stage 1 complaints, resolving the issue at the earliest opportunity.

Summary of Compliments

18. Teams are more readily sharing the compliments they receive from a variety of sources, e.g. service users and professionals, although it is recognised that further work is required to ensure that all compliments are captured and reported.

19.25 compliments were received in Quarter 1. A breakdown of compliments by teams is provided below. This will help Children's Services build upon positive work and can assist in identifying improvements

Team	No. of Compliments
Targeted Services	16
Specialist Services	6

From Llamau to Personal Adviser
