For the fouling of a vehicle	£50.00

2<sup>nd</sup> December 2019

Dear Sir / Madam,

**Re: Proposed Hackney Carriage Fare Increase 1<sup>st</sup> February 2020**

I would like to apply to Cardiff County Council for an increase to the Hackney Carriage Tariff, to come into force on 1<sup>st</sup> February 2020.

The last increase in the fare tariff was applied 1<sup>st</sup> March 2018, this should have been 1<sup>st</sup> October 2017 but was held up at committee. Since that time the RPI inflation index according to the office for national statistics was 3.3% in October 2018 and 2.1% in October 2019.

In real terms driver partners are now earning 5.4% less than they were just over 2 years ago and this application will bring them back up within a reasonable level of inflation.

I am proposing an increase to the drop on the meter of £0.10, bringing the initial start of the meter from £2.50 to £2.60. Also, an increase to the ongoing mileage rate of £0.10 per mile, bringing the rate up from £1.80 per mile to £1.90 per mile.

In addition to the above I am asking for the timing of the £1.00 extra charge between midnight and 06:00am to be brought forward to 10:00pm.

Mileage	Current	Proposed	% Increase
<b>1st Mile inc. advanced payment</b>	£4.40	£4.60	4.55%
<b>2.5 Mile average fare</b>	£7.10	£7.45	4.93%
<b>5 Mile fare</b>	£11.60	£12.20	5.17%

This application is for a 4.93% increase on the average 2.5 mile fare, which I believe is a reasonable amount when you take into account the increases in costs that are affecting drivers.

Kind Regards

Ryan Owen

**Managing Director**
