WORKING FOR CARDIFF,
WORKING FOR YOU

Leader's Introduction

2020-2023

As my Administration enters the second half of its municipal term, we have reaffirmed our Capital Ambition commitments to create a greener, fairer and stronger capital city.

This plan describes in detail how we will deliver our Capital Ambition programme.

With the UK having now left the European Union, the plan sets out a positive and progressive response, with the Council investing alongside the private sector in a programme of major regeneration projects, placing a relentless focus on job creation and attracting inward investment. This work will include completing Central Square and the city centre's transformation as a business district, launching the next phase of Cardiff Bay's regeneration and delivering a new Industrial Strategy for the east of the city, which will create new jobs in this too often overlooked part of the city.

But a strong economy is about much more than simply creating jobs and attracting investment. It is a scandal that many of the poorest communities in Wales – including the one I represent - are less than a stone's throw away from the nation's economic centre. And so, through initiatives like the Living Wage City, we will place an equal emphasis on ensuring that the jobs and opportunities created in Cardiff are taken by citizens of all our communities.

Education remains our top priority. This plan describes how we will continue to drive up school performance and reduce the attainment gap between children from our most affluent and deprived communities, led by our hundreds of millions pound investment in building new, and improving existing, schools, and our commitment to becoming a Child Friendly City.

We will only achieve our ambition of becoming a Child Friendly City when Cardiff is a great place to grow up for all our children. Indeed, there can scarcely be a more important issue for the Council or the city than how we look after our most vulnerable children, particularly those in our care. We have invested in a new preventative, early help service for families that will put the right intervention in place, at the right time, in the right way. Over the next year, I expect this approach to begin making a big impact in helping families well before they reach a point of crisis. And we will make sure that the children in our care have the support from us, as a Corporate Parent, that any child would expect from their parent.

As with our youngest citizens, so too our oldest. The partnership working between the Council and the Health Board, be it Council staff working alongside the nurses and doctors on the wards in the Heath or in facilities like the Dementia Centre in Ely, is an inspiration. As the cuts continue to come, these teams are lighting the path that other public services will need to follow. They are a perfect example of what I mean when I talk about creating in our public services 'One Team, working for Cardiff.'

We will continue to invest in our communities, building new Council houses for the first time in a generation, delivering our programme of community regeneration schemes and making services more accessible through our locality approach, which joins up all public services at the community level, centred on our successful Community Hubs. Allied to this approach, we will break down barriers between council departments, acting as one team to keep our streets and communities clean, targeting our efforts intensively on inner city wards and areas of greatest need.

This plan also sets out how we will respond to the Climate Emergency and ensure that Cardiff grows in a resilient and sustainable way. In no area of city life will this be more important than in shifting to sustainable transport. We have set out a £1 billion programme of rail, bus and bike projects to drastically reduce our carbon emissions, air pollution and congestion, in addition to a range of initiatives in sustainable energy, housing and food. For those young people worried about your future, you have my commitment that we will do everything in our power to deliver this Green New Deal, and that Cardiff will play its part in meeting the challenge of the Climate Emergency.

We do not underestimate the difficulty of delivering our agenda. It will require bold solutions and big ideas, allied to ambitious and determined leadership, prepared to assemble a coalition of the willing. But I approach the years ahead with confidence, because I know that these are qualities that we in Cardiff have in abundance.

I look forward to working with partners from every community of our great city to deliver our Capital Ambition of creating a greener, fairer, stronger future for Cardiff.

Capital Ambition

To outline its ambitions for the city, the Council's Administration initially set out a policy programme for the five years from 2017 to 2022, entitled 'Capital Ambition'. These policy commitments were updated in January 2020.

Capital Ambition identifies four priorities:

- **Working for Cardiff:** Making sure that all our citizens can contribute to, and benefit from, the city's success.
- **Working for Wales:** A successful Wales needs a successful capital city.
- **Working for the Future:** Managing the city's growth in a sustainable way.
- **Working for Public Services:** Making sure our public services are delivered efficiently, effectively and sustainably in the face of the rising demand and reducing budgets.

Delivering Capital Ambition

Delivering Capital Ambition, the Council's Corporate Plan, sets out how the Administration's priorities for Cardiff will be achieved, providing clarity on what will be delivered, and by when.

In accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015, *Delivering Capital Ambition* sets out Cardiff's Well-being Objectives, the steps we will take to achieve them and how we will measure progress.

Glossary of Terms

- **Well-being Objective:** sets out what the Council wants to achieve
- **Outcome Indicator:** a measure of city-wide performance
- **Step:** what the Council will do, and by when, to help achieve each Well-being Objective
- **Key Performance Indicator:** an indicator of operational performance that shows if the steps the Council are taking are effective
- **Target:** sets out a numerical value on Key Performance Indicators to be achieved
- **Budget Setting Process:** how the Council will ensure that resources are allocated annually for the purpose of taking steps to meet its Objectives
- **Self-Assessment:** a process that directorates undertake to help shape Well-being Objectives and identify the steps for inclusion in *Delivering Capital Ambition*

Setting Well-being Objectives

The Well-being Objectives were set following a self-assessment process undertaken by each directorate. This process was designed to ensure that each directorate had due regard to the sustainable development principle by encouraging a consideration of the five ways of working:

- **Long term:** The Well-being Objectives and steps in this plan were informed by the Well-being Assessment 2017, the Population Needs Assessment and work on Future Trends undertaken by the Cardiff Public Services Board (PSB).
- **Prevention:** Drawing on the evidence, our Well-being Objectives and steps are designed to tackle both the immediate demand pressures on public services and the root causes of these pressures, most importantly through tackling poverty and inequality.
- **Collaboration:** The Well-being Objectives in this plan were developed in close collaboration with our public service partners, and the Cardiff PSB has adopted the same seven Well-being Objectives in its Well-being Plan, reflecting our shared aspirations and the common understanding of challenges facing the city.
- **Integration:** The Well-being Objectives cut across departmental silos, focussing on what all Council services can do to improve the well-being of the people of Cardiff, and contribute to the seven national Well-being Goals. The Council has also integrated its Strategic Equality Objectives into the Corporate Plan to ensure that the strategic actions for creating a more equal city are embedded in the Council's Planning and Delivery Framework.
- **Involvement:** In developing the Well-being Objectives we have drawn on the results of the annual Ask Cardiff citizen survey - which received over 3,800 responses - and on focus groups with 'seldom heard' groups. We have also drawn on the results of the Child Friendly City Survey - which received over 6,000 responses from children and young people - as well as feedback from specific consultation exercises, such as the Transport Green Paper.

The Council's Policy Framework

Capital Ambition sets out the Administration's policy agenda. The Corporate Plan and the Well-being Plan are key documents in delivering Capital Ambition, as they translate the Administration's priorities into deliverable organisational objectives.

- **Corporate Plan:** focuses on the issues and services which the Council has prioritised.

- **Well-being Plan:** focuses on areas of collaborative advantage in the delivery of public services. Both the Council and the Public Services Board will measure progress towards achieving the Well-being Objectives using the same indicators of city performance. Not only will this enable partners in Cardiff to keep track of how the city is performing, it will also help demonstrate Cardiff's contribution towards achieving the Welsh Government's aim of improving well-being nationally.

Contribution to National Well-being Goals

The Welsh Government has set out national Well-being Goals under which Cardiff Council and the Cardiff PSB have agreed complementary local Well-being Objectives. In order to measure Cardiff's progress towards achieving the seven Well-being Objectives, a series of high-level outcome indicators were selected which provide objective measures of the city's performance.

Outcome indicators are high-level indicators which measure long-term trends. They provide an overview of the city's performance, both over time and relative to other cities and Local Authorities. The trends they measure are difficult to influence directly and no single body or organisation can be held accountable for delivering them.

A full set of outcome indicators is published annually by the Cardiff Public Services Board, most recently in the [Cardiff in 2019](#) report, which provides an annual snapshot of how the city is performing.

Cardiff in 2020

A Fast Growing and Changing City

In the ten years from 2008 to 2018, Cardiff's population grew by 9.5%, or 31,500 people, and this growth is set to continue, with the Welsh capital projected to be one of the fastest-growing major British city.

Cardiff is also by far the fastest-growing Local Authority in Wales. Over the next twenty years the capital city is set to see a larger growth in population than the other 21 Local Authorities in Wales put together. The number of people working in Cardiff has risen sharply over the past year, resulting in a net increase in the number of jobs in the city of some 25,000. In fact, five out of every six new jobs in Wales have been created in the capital over the past five years.

That so many people are choosing to live and work in Cardiff is good news, but it will strain our city's infrastructures and put new demands on our public services.

This is because the city's population growth will not be spread evenly across age groups. For example, the expected 22% increase in school children aged 5-15 years over the next twenty years will mean that more school places and more teachers will be needed.

Similarly older people – particularly those over 85 years old whose numbers are expected to more than double in the next twenty years – are more likely to need to go to hospital or the GP surgery, or need help from social care services.

Projected Population Growth 2019-2039

Cardiff Projected Population Growth by Age Group, 2019-2039

Climate Emergency

In March 2019 the Council declared a Climate Emergency, recognising the conclusions of the Intergovernmental Panel on Climate Change that limiting global warming to 1.5°C would require the city to lead on rapid and far-reaching transitions in land, energy, buildings and transport. The Council is already invested in a number of activities that will help decarbonise

the city and is committed to accelerating this agenda moving forward. This will include bringing forward a revised One Planet Cardiff strategy to set out the Council's aspiration and begin a city-wide conversation about what more the Council, the city and residents could be doing to tackle the Climate Emergency.

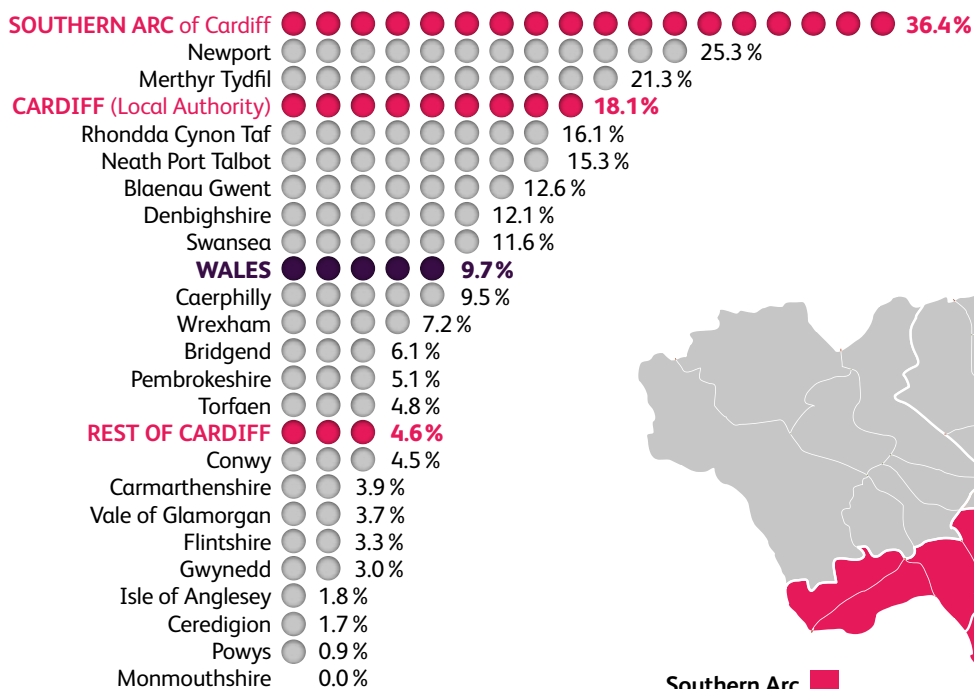

An unequal city

The gap between rich and poor in the city is too wide, and it is growing. For example, unemployment rates in Ely are around ten times higher than those in Lisvane.

Differences in health outcomes are even more pronounced, with a healthy life expectancy gap of between 22 and 24 years between the most and least deprived communities, and premature death rates from key non communicable diseases in Splott being around six times higher than in Thornhill.

In fact, if the 'Southern Arc' of Cardiff, from Ely in the West to Trowbridge in the East, was considered a single Local Authority, it would be far and away the most deprived in Wales. This deprivation damages too many lives, it places pressure on public services and it breaks the bonds that help to create a strong society.

No end to austerity

At the same time as a rapid growth in demand, the city's public services have been enduring a long period of financial austerity. During the past ten years, the Council has made almost a quarter of a billion pounds in cumulative savings and reduced the number of its non-school staff by 22%.

Looking ahead, the Council must close a budget gap of £73m over the next four years. This is the gap between the amount of funding available to the Council and the amount

needed to maintain services for a fast-growing population. This means that there is no end in sight to austerity for public services in Cardiff. It will also mean that, in the medium term, the amount of funding available for 'non-statutory' services like parks, libraries or waste collection will make their continued delivery very challenging. This will form the backdrop to public service delivery as the City responds to the realities of the post-Brexit world and the Council continues to deliver its agenda for the city.

Well-being Objective 1:

Cardiff is a great place to grow up

For many children and young people in our city, Cardiff is a great place to grow up. Educational provision and learner achievement are both improving, and the city offers a wealth of opportunities in sports, business, leisure and culture.

Although the performance of our schools has significantly improved over recent years, we need to continue the focus on addressing inequality in achievement, participation and progression, which for certain groups of young people remains too high in Cardiff. Through 'Cardiff 2030' – our vision for education and learning in Cardiff – we will continue to transform our education system and deliver our commitment that every child in Cardiff goes to a good or excellent school.

Cardiff, like all major cities, is facing acute pressures in Children's Services – driven by a combination of austerity and poverty and complex issues facing many families. Through supporting families way before crisis point, through providing excellent care and support for all children in care and through supporting those leaving or who have left care, we will do all we can to make sure that Cardiff is a great place to grow up for **all** our children.

² The Capped 9 points score which measures a learner's results for nine of the qualifications available in Wales changed in 2018/19. Only three of the qualifications now cover specific GCSE subjects, down from five in previous years. The specific subjects are English or Welsh first language or Literature, Mathematics or Numeracy and a Science. In addition, only the results of the first awarding of a complete qualification will count towards performance measures (i.e. retakes are not counted).

Progress Made

- **A new vision for education in the city ‘Cardiff 2030’ was launched in November 2019**, beginning an era of ambitious, innovative and learner-focused education that will help our young people thrive in the future.
- **GCSE results improved again last year and remain above the national average.** This is consistent with the strengthening pattern of provision as reflected in Estyn inspections and categorisation during the previous school year.
- **We have continued to narrow the attainment gap between those eligible for Free School Meals and those not.**
- **Through our commitment to becoming a Unicef Child Friendly City, Cardiff is leading the way in ensuring that every child and young person has their voice heard.** An increasing number of schools have joined the **Rights Respecting Schools Programme**. Since September 2018, 56 schools have received a bronze award, 15 schools have received silver and 3 have received gold.
- **The ‘Cardiff Commitment’ is helping to ensure that every child has access to training, employment or further education when leaving school.** 219 businesses have engaged to date and 150 have made specific pledges to support schools and young people. **The percentage of young people not in education, employment or training at the end of the year 2017/18 was 1.7%**, reflecting sustained improvement in progression.
- **The new Cardiff Family Advice and Support (CFAS) service was launched in November 2019**, bringing together information, advice and assistance services for children, young people and their families through a single point of entry – the Family Gateway – with a focus on preventative support.
- **Cardiff’s Children’s Services “Delivering Excellent Outcomes” Strategy was launched in July 2019**, designed to help meet the needs of our children and young people, work with them to fulfil their ambitions and achieve the best outcomes.
- **The Social Care Commissioning Strategy “The Right Home and the Right Support for our Children Looked After” was launched in November 2019.**

Priorities for 2020/21

All children and young people in Cardiff experience high-quality education

Through our vision for education and learning ‘Cardiff 2030’, we will continue to transform our education system to ensure every child in Cardiff goes to a good or excellent school.

As well as building on a period of consistent improvement in educational attainment since 2012, with Cardiff schools now ranking amongst the top performers in Wales, our focus will be on narrowing the attainment gap, ensuring that everyone benefits from a good education regardless of background.

Central to this will be transforming learning environments through the continued roll-out of our £450m programme of investment in school buildings and supporting the continuous professional development of teachers and support staff so that we build a world-class educational workforce.

We will also work to realise the new Curriculum for Wales, ensuring children and young people in Cardiff benefit from an inspiring, relevant, real world curriculum that meets their needs and equips them for their future lives.

More than ever before, schools are also working with partners to make sure that children and young people are ready and able to learn. This means easily accessed support is available to improve their emotional, mental and physical well-being. Through our

commitment to becoming a Unicef Child Friendly City, Cardiff will lead the way in ensuring that every child and young person has their voice heard and their needs taken into account, with a child’s rights approach embedded not just into our schools system, but across all aspects of public services and city life.

Supporting young people into employment

We will continue to deliver the Cardiff Commitment. With over 200 employers now working with us to offer young people employment and training opportunities, it has helped ensure the number of young people in Cardiff leaving school at 16 without a secure place in further education, training or employment is continuing to fall.

Supporting vulnerable children and families

Working with our partners, the Council will continue to focus on prevention, improving practice, supporting and developing the workforce, enhancing the range of services offered and achieving improved performance.

We will continue to work with families and place an emphasis on preventative approaches to ensure that fewer children enter the care system because outcomes for children are best when they are supported to grow and achieve within their

own families. We continue to implement the Signs of Safety approach to build on the strengths of children and young people and their families, undertaking robust assessment and analysis that hears the voice of the child and places the child at the centre of everything that we do.

For children and young people who are not able to remain at home, we will be implementing a Reunification Framework to support children to return safely to their own homes wherever possible; this will include initiatives to prevent the escalation of needs, such as Family Group Conferencing. We will also be working with fostering and residential providers to develop sufficiency of local accommodation to ensure that young people can remain as close to home as possible. This includes the development of a residential assessment unit that will provide step-up / step-down provision for young people and support robust permanency planning.

In relation to workforce, we will be implementing a market supplement in 2020/21 to ensure competitive rates of pay for front line teams. We are exploring longer term solutions to recruitment and retention that also contribute to this, along with ensuring that social workers are well supported in their roles and have access to good career development opportunities.

The Council will also place an emphasis on continuing to improve child protection and safeguarding arrangements. Every good parent knows that children require a safe and secure environment in which to grow and thrive. That is why every child who is cared for by the Council has the right to expect everything from a corporate parent that would be expected from a good parent and it is why we are updating the Corporate Parenting Strategy, working with the children and young people themselves.

Well-being Objective 2:

Cardiff is a great place to grow older

As the city grows, and life expectancy continues to increase, the number of older people living in Cardiff aged between 65 and 84 is expected to rise significantly; almost 40% in the next 20 years. The number of people aged 85 and older is also expected to more than double by 2039. Though the majority of older people are in good health, increased life expectancy has meant a greater number of people suffering from ill health in later life and relying ever more on public services. To meet this challenge, the Council is working with partners to manage demand by joining up social care, health and housing, with the goal of helping people living in their own homes and local communities, for as long as possible.

- **97% of clients feel able to live independently in their own homes** following support from Independent Living Services.
- **The programme to refurbish our three day centres was completed in July 2019** when the centre in Fairwater re-opened to existing and new clients.
- **Sandown Court**, a sheltered housing scheme in Caerau, **has been awarded the highest level of the RNIB's Visibly Better accreditation, Platinum Level.**
- **The Dementia Day Service in Grand Avenue, which is integrated with health services, was opened in March 2019** to provide a supportive environment for people living with dementia.
- **20 businesses in the city have pledged their commitment to become dementia friendly.** Over 23% of Council staff are now accredited Dementia Friends and City Hall was illuminated on World Alzheimer's Day in September 2019 to increase public awareness.
- The Independent Living Service **expanded the First Point of Contact service in hospitals** to nine wards across the University Hospital of Wales, further integrating services and **offering more effective hospital discharge arrangements.**
- **The Council hosted the Active Body Healthy Mind festival to promote the local services** which can improve the well-being of Cardiff residents.

Priorities for 2020/21

Work with people with care and support needs, helping them to live the lives they want to lead

Through Cardiff's Independent Living Services, joined-up preventative support measures are empowering older people to lead their own lives, in their own homes. We will continue to enhance this support and also work with partners in Cardiff & Vale University Health Board and those in the Regional Partnership Board to make sure all individuals admitted to hospital are enabled to return home safely as soon as they are fit and healthy.

Fundamentally, we recognise the importance of new communities being designed in a way that accommodates the needs of older people, with housing options developed that enable people to live in their own homes and communities for as long as possible. We will increase the provision of extra care housing, using this as an alternative to the use of general residential care beds, alongside the supply of 'care-ready' housing, which allows domiciliary care to be easily provided.

Become an Age Friendly City

Cardiff must be a city where older people are empowered, healthy and happy, supported by excellent public and community services and play an active part in all aspects of community life. We will therefore continue to move forward towards Cardiff being an Age Friendly City, improving the provision and coordination of services in our communities to tackle social isolation, enhancing inter-generational working with schools, Hubs, community groups, and private sector partners.

Become a Dementia Friendly City

By 2025 there are projected to be approximately 7,000 people living with dementia across Cardiff and the Vale of Glamorgan. In line with the Regional Partnership Board's priorities, Cardiff's Public Services Board has committed to making Cardiff a Dementia Friendly City.

As a member of the Public Services Board, the Council will support staff to become accredited Dementia Friends, with an ambitious 100% compliance target set for April 2021. We will also develop a website providing access to information, advice and links to community support to help those with dementia, their carers and families as well as encouraging businesses and community groups to become more dementia friendly. Community Hubs hold regular 'dementia cafés'. We will continue to build on the success of these, increasing the number of dementia events held across the city.

Well-being Objective 3:

Supporting people out of poverty

Making sure that all our citizens are able to contribute to, and benefit from, the city's success is the golden thread running through Capital Ambition. For despite Cardiff's economic growth during the last 30 years, the patterns of poverty and inequality that emerged a generation ago remain. Over 150,000 people in the city live in some of the most deprived communities in Wales.

A strong economy is vital to tackling poverty, but a focus on job creation alone is not enough. It must go hand-in-hand with concerted efforts to ensure that the jobs created are good jobs, paying the real Living Wage, and to remove the barriers that many people face in getting, and keeping, a good job.

Along with the rise in the number of people living in poverty, the rise in those facing destitution and homelessness is one of the most pressing issues facing Cardiff. Sleeping rough is dangerous and, over the long term, causes severe damage to health: the average life expectancy of a rough sleeper is just 45 years of age, which is over 30 years younger than the general population.

Progress Made

- **Cardiff has become the first major urban area in the UK to be a Living Wage City.** 107 employers in the city are now accredited Living Wage employers.
- **The Council has created 127 paid apprenticeship and trainee opportunities to date in 2019/20** with further work undertaken to ensure qualifications can be accessed through recognised training providers whilst on placement.
- **In 2019, the Council's employment support services helped over 1,000 people into employment and engaged with 193 local employers.**
- **The City Centre Advice Team identified £16m additional weekly benefits for people in 2019,** and supported over 4,000 customers with their claims for Universal Credit.
- **The number of rough sleepers has fallen to its lowest level in six years.** As at 23rd January 2020, 34 people were sleeping on the city's streets, less than half of the previous figures recorded in January 2018 and January 2019 (both 73).
- **Over 1,700 people were successfully prevented from becoming homeless in 2019.**
- **The capacity of the Housing First scheme, which moves rough sleepers straight from the streets into a home, continues to expand,** with 26 tenancies now in place with private rented sector properties and Registered Social Landlords, including two prison leavers housed through the scheme.
- The first families have moved into the refurbished shipping container accommodation at Greenfarm Hostel, **providing safe, warm and secure two-bed homes until more permanent accommodation becomes available.**

Priorities for 2020/21

Living Wage City

Paying the real Living Wage is vital to tackling poverty. Having become an accredited Living Wage City, we will roll out our ambitious Living Wage City programme across all sectors of the city economy.

Helping People Into Work

Through our Into Work Service, we have brought over 40 employment services together in one place to help support people to get and keep a good job, whilst also supporting every person and family affected by Welfare Reform and the roll-out of Universal Credit. Over the year ahead we will further enhance the Into Work Service, ensuring that support is available to people to access training and develop the skills they need to succeed in the city's growing economy.

Tackle homelessness and end rough sleeping

Like all major British cities, Cardiff has experienced a dramatic rise in the number of people homeless or rough sleeping. Working with partners we have put support in place so that nobody has to spend a night out on the streets. We have made significant progress in reducing the number of individuals sleeping rough, which is now at its lowest level for six years. The next step is to review our services for single homeless and vulnerable people to improve prevention, assessment of need and to ensure we have the right accommodation pathways in place.

Well-being Objective 4:

Safe, confident and empowered communities

Safe, confident and empowered communities are at the heart of any successful city. They play a vital role in connecting people with the social networks and day-to-day services we all depend on.

We will continue our investment programme into local communities, building new, affordable homes, regenerating district centres and continuing our successful programme of Community and Well-being Hubs. We will make sure our parks and green spaces, which make a significant contribution to the city's health and well-being, are maintained to the highest standards and we will work with our partners to support increased participation in sport and play, particularly in the city's most deprived communities.

Even though Cardiff is one of the safest cities in Britain, we know that crime and anti-social behaviour remains a problem in some of our most deprived communities and that a small number of people – particularly women and children – are subject to abuse, violence and exploitation. Working closely with South Wales Police, public service partners and with communities we will ensure that all our communities are safe and that our most vulnerable citizens are safeguarded.

As a bilingual Capital we will continue to champion the Welsh language, taking forward the new Bilingual Cardiff policy to support Welsh in the workplace and ensure that services are easily accessible in both English and Welsh. We will also continue to explore innovative ways to support the Welsh language across the city, building on the Street Naming policy and the success of Tafwyl.

Progress Made

- **During 2019, the number of new council homes completed increased to 185**, and we are on track to deliver on our commitment of 1000 new council homes by 2022.
- Since the beginning of the Administration, **the Council has invested nearly £9 million in delivering Community Hubs, and over 98% of customers** were satisfied with the offer during the last financial year.
- **Good progress has been made in the Maelfa regeneration scheme**, with the demolition of the old shopping centre now complete and Phase 2 underway, which will deliver 16 new town houses by summer 2020.
- **Cardiff Council, the Vale of Glamorgan Council and Cardiff and Vale University Health Board launched their first Joint Commissioning Strategy for Adults with a Learning Disability in June 2019**, providing a clear direction for the planning and delivery of adult learning disability services across the region.
- **The Council has been awarded a capital grant of £6 million from Welsh Government** to facilitate further growth in Welsh-medium education and use of the Welsh language across the city.
- **Since April 2019, 15,351 volunteer hours have contributed to the development of parks and green spaces in the city.** This equates to £126,038 in monetary value using the National Living Wage.

Priorities for 2020/21

Work to end the city's housing crisis

To tackle the city's housing crisis, we are building new Council houses for the first time in a generation, and reducing the number of people on the waiting list through radically improving the offer in the private rented sector.

Our new housing strategy represents the largest Council house-building programme in Wales and a £280m investment into building affordable, high-quality, sustainable and energy-efficient homes across the city.

Invest in local communities

Access to services and a healthy local economy is essential for strong and safe communities, so we are working with our partners to design and deliver a wide range of regeneration schemes across the city. Major projects include leading on the regeneration of the Channel View Estate and South Riverside Business Corridor, the second phase of the Maelfa scheme, new youth hubs in Butetown and the city centre, and the introduction of a domestic abuse one-stop shop in the Cardiff Royal Infirmary. We will also deliver new Community Hubs in Whitchurch, Rhydypennau, and Maelfa as well as expanding the provision at Ely & Careau Hub, particularly aimed at meeting the specific needs of our city's growing elderly population.

Create safe communities

Cardiff is one of the safest cities in Britain. Taking into account population growth, overall crime has fallen by nearly a third over the last 10 years. Working with communities and public sector partners, we will continue to develop our locality approach,

bringing resources together to tackle crime and anti-social behaviour head-on in communities with the greatest need. We will also prioritise tackling the emerging threats of knife crime, County Lines and serious organised crime which many cities across the UK face.

Ensure children and adults are protected from risk of harm and abuse

Safeguarding is a key duty of the Council. A small number of people, particularly women and children, are subject to abuse, violence and exploitation, but these adverse experiences can have lifelong repercussions. We will therefore prioritise the development and implementation of a joint child and adult Exploitation Strategy that responds to new and emerging issues, including modern slavery.

Continue to lead an inclusive and open city to migrants, refugees and asylum seekers

Cardiff is, and has always been, an open and inclusive city. We will continue to work with partners and local communities to manage the impact of the UK leaving the European Union, with a focus on supporting the city's most vulnerable citizens. As a founding city of the Inclusive Cities Programme, we will provide leadership on the inclusion of newcomers in Cardiff, including EU citizens, refugees and asylum seekers, advocating for their rights and valuing their contribution to our city. We will also deliver our Community Cohesion action plan, working in partnership to actively monitor community tensions, building resilience to hateful extremism and providing support to witnesses and victims of hate crime.

Well-being Objective 5:

A capital city that works for Wales

Cardiff has been transformed from a city weighed down by de-industrialisation in the 1970s to one of the most competitive in the UK. It is a young and talented city with a growing business base, a start-up culture and a thriving visitor economy. However, if we are to continue delivering for the people of Cardiff and Wales, we cannot afford to stand still. We will therefore maintain a relentless focus on delivering more and better jobs for the people of Cardiff and the Capital Region.

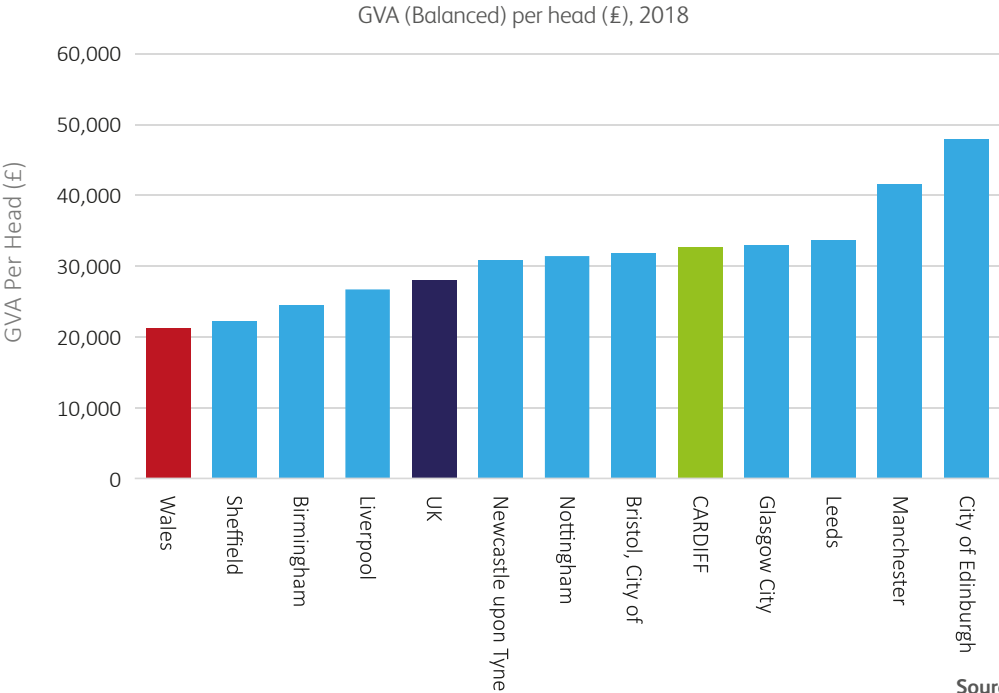

The capital city continues to attract new businesses and serve as a focus for investment, supporting the development of new industries across the financial services, creative, life sciences and advanced manufacturing sectors. Central Square also marks the city's first business district of scale built around the needs of the Cardiff's key sectors, and will support the development of competitive clusters across the Council's identified key priority sectors.

Our focus on economic growth is paired with a firm commitment to ensure that the benefits of development are shared by all parts of the city. In the coming years, historically deprived and overlooked areas of Cardiff will be transformed by major projects to improve access to public transport, good jobs and a higher quality of life.

Progress Made

- **Over the last two years around 25,000 net new jobs have been created in Cardiff**, and five out of every six new jobs in Wales have been created in the capital over the past five years.
- **Phase 2 of Central Square's regeneration has been successfully delivered**, with Phase 3 just short of completion, **delivering over 300,000 square feet of 'Grade A' office space over the last two years** to support the development of the city's first central business district based around the needs of its key growth sectors.
- **The Cardiff East Industrial Strategy has been approved**, with the aim of improving public transport connectivity and employment opportunities in the east of the city. This includes the development of a new railway station and business park in St. Mellons, as well as green infrastructure, in order to attract new businesses to Cardiff East.
- **The Central Station upgrade project has been awarded funding support of £58.3m** from the UK Government, completing the required funding package. Work to develop a masterplan vision for Central Station has already begun, focusing on integrating bus, bike and train travel.
- **A Cardiff Music Board has been established to lead Cardiff's journey into becoming the UK's first Music City.** The Music Board will promote and attract investment for the local music industry, delivering a Cardiff Music Strategy which includes the development of an annual signature music event for the city.
- **The next phase of the International Sports Village's development has been approved.** Plans include a new 'Leisure Box' facility for hosting a range of adventure sport activities, new attractions at Cardiff International White Water centre, a new public space for year-round outdoor events and a destination food and beverage promenade on the waterfront.
- **With the Council's support, Clwstwr Creadigol have announced the first of a series of investments in Research and Development innovation support** for a range of projects delivered by production companies in Cardiff and the region. New creative incubation spaces are being made available by the University of South Wales at their Atrium Building campus, located in the heart of Cardiff.
- **Cardiff hosted the Creative Cities Convention in April 2019**, bringing together the major players of Britain's creative media and screen industry and cementing Cardiff's status as a dynamic, leading force in this growing sector.
- **A series of major events have been successfully delivered**, including the 2019 Cricket World Cup, the 2019 Homeless World Cup and the Pride Cymru Big Weekend.
- **The Museum of Cardiff (formerly the Cardiff Story Museum) was awarded a Gold Award** by Visit Wales for "delivering an outstanding and memorable experience for visitors in all aspects of the attraction".

Priorities for 2020/21

Lead a capital city that works for Wales

In recent years, Cardiff has become the undeniable economic powerhouse of Wales, creating the vast majority of the new jobs and industries that will drive our nation's economy over the coming decades. In this context, it has become essential to strike a new deal between the capital city, the Capital Region and Welsh Government, placing Cardiff in a leading role to build a new post-Brexit, city-regional economy which capitalises on the opportunities presented by effective regional working in economic development, planning and transport. Working with the UK Government, Welsh Government and fellow member cities, we will also develop the Western Gateway initiative, in order to create a new regional economic powerhouse based around the economic, educational, energy and transport assets of the Western Gateway region.

Continue the development of the city centre as a business location

To build on our recent success in job creation, we will continue to attract major inward investment. Cardiff Central Square is in its final phase and so attention will now turn to the Central Quay development, extending the central business district south of Cardiff Central Station. We will also focus on the completion of the Capital Quarter, further regeneration of Callaghan Square and the launch of a new vision for the city's Canal Quarter.

Write a new chapter in Cardiff Bay's regeneration story

The regeneration of Cardiff Bay is establishing the area as a major UK destination for leisure, culture and tourism, and the next steps will be transformational. In addition to delivering a new 15,000 capacity Indoor Arena and the next phase of the International Sports Village, we will invest in cycling and walking routes to significantly improve links between the city centre and Cardiff Bay, bringing major benefits to the local economy.

Support innovation and business development

The new industrial strategy, focused on the east of Cardiff, is designed to re-invigorate areas of the city that have long suffered from under-investment. Centred on the planned Cardiff Parkway train station and business park, we will work with businesses, the creative industries and the city's universities to develop Cardiff East as a hub for employment and innovation.

Bring world events to Wales and take the best of Wales to the world

Cardiff's sports offer and cultural scene are two of its major draws for residents and visitors, and both play a vital role in the city's economic success. Building on the success of the Champions League Final in 2017, we now have our sights on working with Welsh and UK governments to compete for the 2030 FIFA World Cup. Recognising the contribution of the music sector to the economy, we also want to make Cardiff an international destination for music, and we will develop a cultural strategy and a Music City strategy, well in advance of the new indoor arena opening its doors.

Well-being Objective 6:

Cardiff Grows in a Resilient Way

Climate change is one of the most serious threats facing not only Cardiff but the rest of the world, with impacts such as rising sea levels and increased frequency of extreme weather events putting the city at direct risk. As a result, we have declared a Climate Emergency, viewing this as an opportunity to reduce carbon emissions across the city. Additionally, as one of Britain's fastest growing cities, Cardiff is facing unprecedented change in its population. This growth, although a sign of success, means further pressure will be felt on the city's physical infrastructures, community cohesion, the natural environment and public services.

Managing the impacts of this population change and of climate change in a resilient and sustainable fashion is a major long-term challenge for Cardiff, requiring adaptability, flexibility and creativity.

Progress Made

- **A new Transport Vision has been launched for Cardiff**, an ambitious 10-year plan to tackle the climate emergency, reduce congestion and improve air quality in the city.
- **A Clean Air Plan and wider strategy were agreed in June 2019**, outlining the Council's actions for targeted improvements in the city centre and some of the worst polluted areas across Cardiff.
- **The first ten electric vehicle charge points have been installed in residential areas in Cardiff**, with work commenced to identify locations for additional on-street electric vehicle charge points in the city.
- **The Senghennydd Road Cycleway was completed in October 2019**, progressing improvements to the city's cycling and walking networks.
- **Area-wide 20mph limits have been introduced in Grangetown and Penylan**, and plans have been developed for 20mph limit areas in Splott, Butetown, Canton and other areas south of the A48.
- **56 of Cardiff's schools were supported to develop an Active Travel Plan last year**, with a bespoke programme to support all schools to develop plans formally launched in January 2020.
- **11 'Love Your Parks' litter picks took place over the summer of 2019**, which saw 138 volunteer hours being given and 172 bags of litter collected.

Priorities for 2020/21

Respond to the climate emergency, leading Cardiff's low-carbon transition

Climate change is the defining global challenge of our generation. The Council has recognised the challenge and declared a Climate Emergency. In response, a new One Planet Cardiff Strategy will be brought forward, bringing together plans to de-carbonise the city across energy, transport, the built environment, waste, food, and water management. Over the decade ahead we are committed to leading the transition to a cleaner, greener Wales.

Lead a transformation of Cardiff's public transport system, alongside promoting more active forms of travel

Improving our transport system and travel around the city remains a strategic priority. Getting this right can help us tackle congestion, increase active travel and improve air quality. As well as redeveloping the city's main transport hub, including a new central bus station and the modernisation of Cardiff Central train station, we will commence work on the Cardiff Crossrail and Cardiff Circle tramlines.

To enhance active travel in Cardiff, we will deliver a fully segregated, safe cycling network across the city. This will be supported by a new Active Travel Network Map, which will indicate future walking and cycling routes. We are also committed to ensuring that all schools have developed Active Travel Plans and will deliver infrastructure improvements, where necessary, to enable safe walking and cycling to and from school.

Put sustainability at the heart of our plans for Cardiff's future development

Sustainable communities must be well-planned and well-connected, with infrastructure and public services that are fit for the future. The upcoming review of Cardiff's Local Development Plan will draw on UK best practice to ensure that all new developments meet the highest design quality and are underpinned by sustainable development and well-being principles.

Work as one team to keep our streets clean

We will deliver a comprehensive programme of improvement to the Council's Street Scene services by adopting targeted, data-led approaches to street cleaning and waste management. We are committed to working with residents to ensure that each waste bag contains the correct content so that no bag is left behind.

We will also extend the successful 'Love Where You Live' campaign to encourage greater community and volunteer action in relation to social responsibility for alleyways, woodland, public open spaces, recycling, smoking litter and single-use plastics.

Make Cardiff a world-leading recycling city

Cardiff is Britain's leading major city for recycling, with rates having increased from 4% to 59% since 2001. However, we still have some work to do to meet Welsh Government's target of 70% by 2025.

Working with partners we will drive up city recycling rates and promote a circular economy for recycled materials. This includes exploring options for new Household Waste Recycling Centres in the north of the city and working with residents to maximise what we recycle.

Well-being Objective 7:

Modernising and Integrating Our Public Services

In the face of rising demand and reducing budgets, we are committed to modernising the Council's systems and processes to support service delivery. This will mean streamlining and simplifying the way the Council does business, making better use of the Council's asset base, finding new and better ways of working to take advantage of new technology and investing in our workforce so that they have the resources and skills to meet the complex challenges facing public services in the 21st Century.

Progress Made

- **The Cardiff Gov App has been downloaded more than 20,000 times** since its launch last year and has been expanded to include new services such as reporting problems on roads such as potholes as well as reporting litter, broken glass or dog fouling.
- The number of customer contacts to the Council using digital channels, and those choosing to make payments online, has continued to increase – **over 945,000 digital contacts were made during 2018/19.**
- **Since 2015, the Council has generated capital receipts in excess of £40m to re-invest in valuable services**
- **and reduced the running cost of Council buildings by circa £6.3m.**
- **In 2018, the Council achieved the Corporate Health Standard Award at Silver Level,** demonstrating the organisation's commitment to supporting the health and well-being of staff.
- The Council has established a refreshed programme of regular equality awareness training for Council staff, alongside an Equality Impact Assessment training programme for managers and policy makers.

Priorities for 2020/21

To meet our aspiration to become one of the best-run Councils in the UK, we must continue our pattern of year-on-year improvement, raising citizen satisfaction and improving the performance of Council services compared to other Welsh authorities and major British cities. Through public service reform we will protect and enhance frontline services to respond to rapidly increasing levels of demand, while implementing modernised, more efficient and more agile working practices across our workplaces. Our services will become more responsive and flexible for both citizen and staff alike.

Assets and Property

Major work has been undertaken on the long-term commitment to modernise the Council's estate. Following the successful delivery of the Assets and Property Strategy, capital receipts amounting to some £40m have already been generated and are being re-invested in delivering the Council's priorities. A new Corporate Landlord function has been established to ensure the management and maintenance of Council buildings meets all related responsibilities that fall to the Council as a property owner. In particular, significant progress has been made right across the estate, especially in the city's schools, to ensure the Council's buildings meet Health and Safety compliance standards and to ensure that this continues to be monitored and managed effectively.

Workforce

Few organisations deliver such a wide variety of services – through a range of business models – so successfully. Every day, Council officers deliver some of the city's most valuable services with commitment, creativity and compassion. That is why the Council is committed to investing in and supporting its workforce. In doing so, we will continue to focus on

supporting staff well-being and reducing the number of days lost as a result of sickness absence, placing a particular focus on reducing long-term sickness absence.

Digital Ambition

Delivering improvement while reducing resources has relied on a bold and ambitious approach to leading change. We will continue to introduce new technologies to support the residents of Cardiff in their personal lives, as well as the Council's workforce in their professional lives. Nowhere is this change more evident than in how citizens can access services and interact with the Council, with more and more services now available online, the new Cardiff Gov App topping 20,000 downloads and our Twitter followers at 90,000 - doubling since 2017. We now need to push harder at applying digital thinking way past the front door, using this to reconfigure and automate countless processes and services, delivering savings and improving the services for citizens in the process.

Make sure that we are a Council that better talks to and listens to the city we serve

A modern Council must be one that talks to and listens to the people of the city, and one which responds to the voice of citizens. At the heart of this will be an ambitious participation strategy aimed at increasing public engagement in local democracy and decision making, with specific focus being placed on increasing participation from the most deprived, most disconnected and seldom heard groups in society.
