Annual audit summary 2020

This is our audit summary for Cardiff Council.

It shows the work completed since the last Annual Improvement Report, which was issued in October 2019. Our audit summary forms part of the Auditor General for Wales' duties.

About the Council

Some of the Services the Council provides

Key facts

The Council is made up of 75 councillors who represent the following political parties:

- Labour 38
- Conservative 21
- Liberal Democrats 11
- Welsh National Party 4
- Independent 1

The Council spent £712.1 million on providing services during 2019-20, the highest spend of the 22 unitary councils in Wales.

As at 31 March 2020, the Council had £69 million of usable financial reserves. This is equivalent to 10% of the Council's annual spend on services, joint sixth lowest percentage of the 22 unitary councils in Wales.

Key facts

The City has 39 (18%) of its 214 areas deemed the most deprived 10% of areas in Wales, this is the joint third highest of the 22 unitary councils in Wales¹.

The City's population is projected to increase by 5.6% between 2020 and 2040 from 366,311 to 386,861, including a 5.3% decrease in the number of children, a 3.6% increase in the number of the working-age population and a 29.2% increase in the number of people aged 65 and over².

The Auditor General's duties

We complete work each year to meet the following duties

Audit of Accounts

Each year the Auditor General audits the Council's financial statements to make sure that public money is being properly accounted for.

Value for money

The Council has to put in place arrangements to get value for money for the resources it uses, and the Auditor General has to be satisfied that it has done this.

Continuous improvement

The Council also has to put in place arrangements to make continuous improvements, including related plans and reports, and the Auditor General has to assess whether the Council is likely to (or has) met these requirements.

Sustainable development principle

Public bodies need to comply with the sustainable development principle when setting and taking steps to meet their well-being objectives. The Auditor General must assess the extent to which they are doing this.

Since the Spring of 2020, the ongoing pandemic has affected our audit work. We recognise the huge strain on public services and have reshaped our work programme, and found new ways of working to reduce its impact on public bodies' response to COVID-19, while still meeting our statutory duties.

To meet the Auditor General's duties we complete specific projects, but we also rely on other audit work, and the work of regulators such as Care Inspectorate Wales and Estyn (the education inspectorate). We take the findings of our audit work into account when assessing whether the Council has put in place arrangements to secure value for money. Our findings and conclusions are summarised below.

What we found

Audit of Cardiff Council's 2019-20 Accounts

Each year we audit the Council's financial statements.

For 2019-20:

- The Auditor General gave an unqualified true and fair opinion on the Council's financial statements on 26 October 2020, which was prior to the extended 30 November deadline approved by the Welsh Government.
- Whilst the audit opinion was unqualified, it contained Emphasis of Matter paragraphs in relation to material valuation uncertainties of Property, Plant and Equipment Assets and Investment Properties and Pension Fund Pooled Property Unit Trust Investments. It also contained an Emphasis of Matter paragraph in relation to the Going Concern of the Council's subsidiary company Cardiff City Transport Services.
- The Council's Annual Governance Statement and Narrative Report were prepared in line with the CIPFA Code and relevant guidance. They were also consistent with the financial statements prepared by the Council and with our knowledge of the Council;
- Despite the challenges faced by the Council as a result of the COVID-19 pandemic, the Council presented its draft statement of accounts financial statements on 15 June 2020, which was a significant achievement. The draft statement of accounts was generally of a good standard.
- A number of changes were made to the Council's financial statements arising from our audit work, which were reported to the Audit Committee in our Audit of Financial Statements Report in October 2020.
- In addition to the Auditor General's responsibilities for auditing the Council's financial statements, he also has responsibility for the certification of a number of grant claims and returns. Our audit work on the grant claims is ongoing, and should we identify any significant issues arising from our work we will inform the Council in due course.

- The Auditor General issued the certificate confirming that the audit of accounts for 2019-20 has been completed.
- Key facts and figures from the 2019-20 financial statements can be accessed <u>here</u>.

Well-being of Future Generations Examination – Review of leisure services (October 2020)

The examination that we undertook in 2019-20 considered the extent to which the Council has acted in accordance with the sustainable development principle when taking steps to deliver leisure services. We concluded that overall, the Council has achieved its key aim of keeping its leisure centres open. But there is significant scope for the Council to better apply the sustainable development principle and strengthen its arrangements to assure itself that its contract with GLL is delivering value for money. The report can be viewed here.

Continuous Improvement

The Auditor General certified that the Council has met its legal duties for improvement planning and reporting, and believes that it is likely to meet the requirements of the Local Government (Wales) Measure 2009 during 2020-21.

Financial Sustainability (March 2020)

During 2019-20 we examined the financial sustainability of each council in Wales. We concluded that currently, we have no major concerns about the Council's financial resilience. However, the Council continues to face significant financial challenges over the medium term given the level of savings required, and the Council needs to have more of a focus on how it will narrow the gap over the medium term, including improving its savings planning. The report can be viewed here.

National Fraud Initiative

In October 2020, the Auditor General published his report on the findings of the latest National Fraud Initiative (NFI) data-matching exercise in Wales. The exercise helped public bodies in Wales, including the 22 unitary authorities, identify fraud and overpayments amounting to £8 million. The report can be accessed on our website here. NFI continues to be developed and in the forthcoming NFI exercise (NFI 2020-2022) local authorities will have access to matches designed to help identify potential fraudulent applications for COVID-19 business support grants.

Waste Management

In March 2020 we completed a review of the Council's plans to reduce waste and achieve the national recycling targets. We found that the Council's necessary focus on resolving some long-standing operational issues meant that they were at a very early stage of deciding what its future direction will be in terms of recycling. We will consider whether to do a further review during 2021-22, when the Council's plans are more advanced.

Other Inspectorates

We also took into account the reports of Care Inspectorate Wales (CIW) and Estyn as well as any subsequent actions taken by the Council in response.

CIW issued <u>a Local Authority Performance Review</u> in August 2020. CIW undertook a risk-based inspection of adults' and children's services in Cardiff Council in December 2020. Outcomes from this will be formally shared with the Council in the new year.

Estyn did not undertake an inspection of Local Government Education Services in Cardiff during 2019-20.

In July 2020, Her Majesty's Inspectorate of Probation published their inspection of <u>youth offending services in Cardiff</u>. Overall, Cardiff youth offending service was rated as 'inadequate'.

Local Government Studies

As well as local work at each council, each year we also carry out studies across the local government sector to make recommendations for improving value for money. Since the last annual improvement report we have published the following reports:

Review of Public Services Boards (October 2019)

We inspected how Public Services Boards are operating; looking at their membership, terms of reference, frequency and focus of meetings, alignment with other partnerships, resources and scrutiny arrangements. We concluded that Public Services Boards are unlikely to realise their potential unless they are given freedom to work more flexibly and think and act differently. The full report can be viewed here.

Progress in implementing the Violence Against Women, Domestic Abuse and Sexual Violence Act (November 2019)

We examined how the new duties and responsibilities of the Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act are being rolled out and delivered. We found that victims and survivors of domestic abuse and sexual violence are often let down by an inconsistent, complex and fragmented system. The full report can be viewed here.

Rough Sleeping in Wales – Everyone's Problem; No One's Responsibility (July 2020)

Better Law Making (September 2020)

This report draws on five reports published between 2019 and today looking at how local authorities are responding to the challenge of implementing new legislation. Implementation is a complex task which needs to be fully thought through by the Welsh Government and the Senedd whenever they bring forward and make any new legislation. The paper highlights the difficulties faced by local authorities and their public sector partners in implementing their new responsibilities. Commercialisation in Local Government (October 2020)

Councils have conducted commercial activity for a long time, and many councils are exploring additional commercial opportunities to mitigate against the financial pressures they face. Our report is specifically targeted at helping elected members and senior officers to examine and judge the potential impact on their organisations when considering whether to undertake commercialisation. It will also help councils to demonstrate how well they are discharging their value for money responsibilities. The full report can be viewed here.

Planned work for 2020-21

We also looked at the key challenges and opportunities facing the Council. These risks could have an effect on the Council's ability to meet its legal obligations in relation to the sustainable development principle, the use of its resources and continuous improvement.

The most significant risk and issue facing councils and the wider public sector during 2020-21 is the COVID-19 pandemic. We have shaped our work to provide assurance and challenge in a way which helps to support the Council through this period. Our work for 2020-21 includes:

- Recovery planning in response to the COVID-19 pandemic
- COVID-learning project helping to identify and share learning from the way in which public bodies have responded to the pandemic
- Assurance and risk assessment
- A review of the Council's financial sustainability
- Modernisation of workforce.

The Auditor General is independent of government, and is appointed by Her Majesty the Queen. The Auditor General undertakes his work using staff and other resources provided by the Wales Audit Office, which is a statutory board established for that purpose and to monitor and advise the Auditor General. The Wales Audit Office is held to account by the Senedd.

The Auditor General audits local government bodies in Wales, including unitary authorities, police, probation, fire and rescue authorities, national parks and community councils. He also conducts local government value for money studies and assesses compliance with the requirements of the Local Government (Wales) Measure 2009.

Beyond local government, the Auditor General is the external auditor of the Welsh Government and its sponsored and related public bodies, the Senedd Commission and National Health Service bodies in Wales.

Audit Wales is the non-statutory collective name for the Auditor General for Wales and the Wales Audit Office, which are separate legal entities with their own legal functions, as described above. Audit Wales is not a legal entity.
