2. This report has been prepared to update the Committee on progress towards the establishment of pooled investment arrangements for the eight LGPS funds in Wales under the oversight of the Wales Pensions Partnership.

Background

3. The Committee and Board has received regular updates on the development of the Wales Pension Partnership by the eight LGPS administering authorities in Wales. The proposals for a Wales Investment Pool were approved by the Minister for Local Government in November 2016.
4. A Joint Governance Committee (JGC) has been established by the eight administering authorities to provide oversight of the Pool. The JGC is supported by the Officer Working Group (OWG) comprising the Treasurers (Section 151 Officers) and Investment Officers of the eight funds. Link Fund Solutions have been appointed as the Pool Operator and Russell Investments will provide consultative services including advice on fund design and manager selection. Carmarthenshire Council have been approved as the Host Authority, providing administrative support to the WPP. Hymans Robertson were appointed, in January 2020, as Oversight Advisors to support the WPP in managing its relationship with Link and Russell Investments as well as providing advice on governance and strategic investment strategy.
5. Three Equity Sub Funds had been launched prior to 2020/21 financial year, a UK Equity Fund and two Global Equity Funds. Cardiff and the Vale Pension Fund (the Fund) had invested in the UK Equity Fund. During 2020/21 the WPP Fixed Income sub-funds were launched with this Fund investing in 3 of the WPP Fixed Income sub-funds in August 2020.

The November Pension Committee meeting approved the transfer of the fund's existing Regional Equity mandates into the WPP Global sub-funds with 70% invested into the Global Opportunities Fund and 30% into the Global Growth fund. The valuation as at 31 December 2020 of the fund's assets to be transferred to WPP is c£650 million. Activity has commenced to appoint a Transition Manager to deliver the transfer to WPP which is still expected to take place early in 2021/22 financial year. Baillie Gifford who are one of the sub-managers in the Global Growth Fund have developed their proposals to work to ensure that their portfolio complies with the Paris Agreement to address the impacts of climate change.
 8. Work is continuing on proposals for an Emerging Markets Equities sub fund where a prospectus has been submitted to the FCA for approval. Due to the length of time required to invest in India this Fund is not expected to be operational until September 2021. Cardiff currently holds assets totaling £127 million in Emerging Markets equity.
 9. Officer led work has also continued with regard to options for WPP Private Market Funds which will cover Property, Private Debt, Private Equity and Infrastructure assets. The initial focus has been on Private Debt and Infrastructure which are asset classes this fund has not currently invested in. Once the options for WPP Funds in these areas are further developed a report will be submitted to Pensions Committee to approve any future transition of assets.

The results of the ESG questionnaire that was circulated to Officers and Members , will be reviewed by Hymans Robertson and WPP officers assist in the development of WPP policy objectives to facilitate the implementation of individual authorities' ESG requirements through the WPP where possible.

Legal Implications

11. This report has been prepared to update the Committee on progress in the establishment of pooled investment arrangements for the eight LGPS funds in Wales and as such does not raise any direct legal implications however the general legal advice set out below should be considered.

General Legal Advice

Any decision must (a) be within the legal powers of the Council; (b) comply with any procedural requirement imposed by law; (c) be within the powers of the body or person exercising powers on behalf of the Council; (d) be undertaken in accordance with the procedural requirements imposed by the Council eg. standing orders and financial regulations; (e) be fully and properly informed; (f) be properly motivated; (g) be taken

having regard to the Council's fiduciary duty to its tax payers; and (h) be reasonable and proper in all the circumstances and comply with any equalities legislation.

The Council also has to satisfy its public sector duties under the Equality Act 2010 (including specific Welsh public sector duties). Pursuant to these legal duties, Councils must in making decisions have due regard to the need to (1) eliminate unlawful discrimination, (2) advance equality of opportunity and (3) foster good relations on the basis of protected characteristics. The Protected characteristics are: age, gender reassignment, sex, race – including ethnic or national origin, colour or nationality, disability, pregnancy and maternity, marriage and civil partnership, sexual orientation, religion or belief – including lack of belief.

The Well-Being of Future Generations (Wales) Act 2015 (“the Act”) places a ‘well-being duty’ on public bodies aimed at achieving 7 national well-being goals for Wales – a Wales that is prosperous, resilient, healthier, more equal, has cohesive communities, a vibrant culture and thriving Welsh language, and is globally responsible.

In discharging its duties under the Act, the Council has set and published well-being objectives designed to maximise its contribution to achieving the national well-being goals. The well-being objectives are set out in Cardiff's Corporate Plan 2019-22: <https://www.cardiff.gov.uk/ENG/Your-Council/Strategies-plans-and-policies/Corporate-Plan/Pages/Corporate-Plan.aspx>

The well-being duty also requires the Council to act in accordance with ‘sustainable development principle’. This principle requires the Council to act in a way, which seeks to ensure that the needs of the present are met without comprising the ability of future generations to meet their own needs. Put simply, this means that Council decision makers must take account of the impact of their decisions on people living their lives in Wales in the future. In doing so, the Council must:

- Look to the long term
- Focus on prevention by understanding the root causes of problems
- Deliver an integrates approach to achieving the 7 national well-being goals
- Work in collaboration with others to find shared sustainable solutions
- Involve people from all sections of the community in the decisions which affect them

The decision maker must be satisfied that the proposed decision accords with the principles above; and due regard must be given to the Statutory Guidance issued by the Welsh Ministers, which is accessible using the link below: <http://gov.wales/topics/people-and-communities/people/future-generations-act/statutory-guidance/?lang=en>

The Council has to be mindful of the Welsh Language (Wales) Measure 2011 and the Welsh Language Standards when making any policy decisions and consider the impact upon the Welsh language, the report and Equality Impact Assessment deals with all these obligations. The Council has to consider the Well-being of Future Guidance (Wales) Act 2015 and how this strategy may improve the social, economic, environmental and cultural well-being of Wales.

Financial Implications

12. The costs of the WPP will be apportioned between the constituent authorities in accordance with the Inter Authority Agreement. All costs allocated to Cardiff will be charged to the Pension Fund

Recommendations

13. That the Committee notes the recent developments related to the WPP Investment Pool.
