This Council puts on record its thanks and appreciation to council staff for their contribution to the city's efforts to ensure that essential services continued to operate throughout the pandemic.

Insert new sentences after "...on a regular basis."

That since the new 4-day collection model was introduced in February this year there have been 9,430 missed collection reports of which 1,817 were recycling, 2,721 were food waste, 2,601 were residual household, 1,907 were garden waste, and 384 hygiene waste. The Amended Motion will read as follows

This Council puts on record its thanks and appreciation to council staff for their contribution to the city's efforts to ensure that essential services continued to operate throughout the pandemic.

This Council remains bitterly disappointed that waste problems continue throughout many wards on a regular basis. That since the new 4-day collection model was introduced in February this year there have been 9,430 missed collection reports of which 1,817 were recycling, 2,721 were food waste, 2,601 were residual household, 1,907 were garden waste, and 384 hygiene waste. This will not capture those residents who did not or were unable to raise a report. Furthermore, we are no further forward on finding a much promised and needed replacement site in Cardiff North for the much-missed Wedal Road and Waungron Road Household Recycling Centres.

This Council notes the principle that the Cabinet operates under collective responsibility, but feels that the Cabinet Member for Clean Streets, Recycling and

Environment needs to be accountable for overseeing these regular and sustained failings.

Therefore, this Council has no confidence in the Cabinet.

Further, this Council calls upon the next Cabinet Member overseeing Waste Services to report back to full Council with a review and progress report in three months. They will need to update members on how the service has been turned around and is working effectively and efficiently for Cardiff residents.
