- 1. Please provide background information on the Strategy and any research done [e.g. service users data against demographic statistics, similar EIAs done etc.]**

The purpose of this strategy is to set out the policy and procedure for the adoption of SuDS features.

Cardiff Council as the SAB (SuDS approval body) has a statutory duty under Schedule 3 of The Flood and Water Management Act 2010 to adopt SuDS features that serve 2 or more properties.

There are 2 avenues of adoption:

1. Commuted Sums (CMS)
2. Management Companies (Manco)

Legal advice has been sought and it has been confirmed that Cardiff Council will have a step in right should the Manco cease to trade however the council has no legal powers to charge residents for the services should there be a refusal to pay fees.

All other local authorities in Wales have chosen the CMS option.

3 Assess Impact on the Protected Characteristics

3.1 Age

Will this Strategy have a **differential impact [positive]** on younger/older people?

	Yes	No	N/A
Up to 18 years	Y		
18 - 65 years	Y		
Over 65 years	Y		

Please give details/consequences of the differential impact, and provide supporting evidence, if any.

The adoption of the SuDS assets by Cardiff Council will ensure effective operation and maintenance and as a result lower pluvial (rainfall and surface water) flood risk to nearby properties.

Ensuring the SuDS assets are in council ownership will allow educational institutions to utilise the features to aid in the teaching of flood risk and climate change.

What action(s) can you take to address the differential impact?

Liaise and consult with local residents and educational institutions to advise of the SuDS features and their operational abilities.

Offer schools the opportunity of officer led talks and site visits to SuDS features.
