WORKING FOR CARDIFF,
WORKING FOR YOU

Leader's Foreword

When elected in 2017, my administration set out our five-year vision for Cardiff to become a greener, fairer and stronger capital city. To achieve this vision, we focused on promoting inclusive economic growth, addressing inequality, and managing the city's growth in a sustainable way, all whilst retaining an unrelenting focus on the performance of key council services. Five years on, this Corporate Plan points to the progress made and reasserts our ambition for the city.

Children and young people have been at the heart of our plans as we worked toward becoming a UNICEF Child Friendly City. As part of this approach, we have demonstrably prioritised investment in schools and improving outcomes for children and young people. Since 2017, our Education Service has seen significant and sustained improvements – with new schools delivered across the city and performance amongst the highest in Wales. The latest Estyn inspection report recognised the “bold and ambitious vision for learners”, the work undertaken to make “education everyone’s business in Cardiff” and the excellent service being delivered.

Beyond ensuring good educational outcomes, we have made good progress in supporting young people thrive after leaving school. Through the Cardiff Commitment, over 300 employers now work with the Council to offer young people employment and training opportunities. We have leveraged the size and scale of our own organisation to make a difference, making at least 125 trainee and apprenticeship placements available for young people each year, creating a pipeline of opportunities.

As well as delivering new schools, we have built the first Council houses in Cardiff in a generation as part of one of the UK’s most ambitious Council house-building programmes. As we are on track to deliver, we have now raised our aspirations further and pledged to deliver 4,000 new Council homes whilst implementing measures to accelerate delivery.

We are continuing to support the delivery of key Transport White Paper projects, including expanding on the Metro plans for new tram-train routes and stations across the city. Over 15 kilometres of new cycleways have either been delivered or are under construction, almost every school now has an active travel plan and communities across the city are safer for pedestrians and cyclists thanks to the roll-out of 20mph zones.

Our work to support the Cardiff economy has ensured that it continues to deliver opportunities for the people of Cardiff and the wider region. With almost four out of every five net new job in Wales created in Cardiff between 2015 and 2020, this work is of national economic significance. Momentum will be maintained with the development of Central Square providing the city with its first central business district right next to a new regional transport hub.

We have championed the Living Wage across the public and private sectors and are proud that Cardiff has been awarded Living Wage City status. With over 160 employers now accredited Living Wage employers, Cardiff University has calculated that an additional £39m has gone into Cardiff’s economy as a result.

We have formally recognised climate emergency as the greatest challenge facing the city and taken major steps on the road to net zero. Since 2017, we have reduced our total carbon emissions from 23,958 t/CO₂e (tonnes of carbon dioxide equivalent) to 12,800 t/CO₂e, a year-on-year reduction of around 17%. As part of this work, we have opened a 9MW solar farm, progressed the first phase of a low-carbon, district-heat-network serving Cardiff Bay and added 36 new electric buses to the municipal bus fleet. To accelerate progress, we launched a new One Planet Cardiff Strategy to deliver a carbon neutral council and city by 2030.

We have also led a city-wide response to the pandemic and, whilst the public health crisis has brought with it unprecedented challenges, it has brought out the best in the city, its communities and those who work on their behalf. At the start of the pandemic, tens of thousands of food parcels were delivered to our city’s most vulnerable residents and hotels repurposed so that nobody need sleep on our city’s street, leading to our transformative ‘No Going Back’ homelessness strategy. Joint working with our partners across the public services have been taken to another level as we worked together to deliver the highly effective Test, Trace, Protect Service and a mass vaccination programme, at speed, to save lives.

With Covid-19 increasingly being considered a vaccine preventable disease, the Council will be turning its attention to leading a city-wide recovery. As well as being a devastating public health crisis, Covid-19 has brought significant economic hardship to bear, particularly on the poorest and most vulnerable. The Recovery and Renewal programme launched last year recognises the need to re-animate the city centre, protect jobs and support the recovery of key sectors. The effort to support the recovery should also, at every opportunity, seek to create lasting employment opportunities and support the transition to net zero. That is why this Corporate Plan contains a number of new commitments on leading a child friendly recovery, supporting the economic recovery, accelerating decarbonisation projects and delivering a programme of organisational development to lock in the benefits of hybrid working for staff and residents.

Clearly, we have made great progress since first launching our vision in 2017, however the journey doesn’t stop there. With the talent and dedication of our staff and our partnerships with Trade Union colleagues, public service providers, communities, and organisations across the city, we can raise our sights even higher.

I remain confident that we can emerge even stronger post-Covid-19, and deliver a better future for our citizens, our businesses, for the Capital Region and for Wales.

Capital Ambition: Recovery and Renewal

Leading a city-wide response to the Covid-19 pandemic

Over the last two years, the Council and its public service partners have led the response to the pandemic, preventing the spread of the virus whilst ensuring the continued delivery of key frontline services and the protection of the city's most vulnerable people. From establishing a successful Test, Trace, Protect (TTP) service with its partners to supporting the local NHS roll-out of the vaccination programme, the Council has played an instrumental role in helping to keep staff and citizens safe.

In response to the extraordinary challenges presented by Covid-19, the Council has had to adapt a range of services to meet the latest advice and guidance issued by Public Health Wales and Welsh Government. Whilst this involved suspending the delivery of some services during lockdown, the Council's pandemic management response was centred on stopping the spread of the virus, ensuring the health and safety of staff and residents and ensuring the delivery of essential services, particularly to the most vulnerable.

Due to the success of the vaccination programme, as well as falling case numbers, the national policy direction is moving towards recognising Covid-19 as a vaccine-preventable disease, where immunisation is the most critical first line of defence. In preparation for the city emerging from the pandemic, the Council has set out its priorities for recovery and renewal, and for creating a greener, fairer and stronger city.

A Child Friendly Recovery

The pandemic has had a particularly disruptive impact on children and young people's education, rights, well-being, and job prospects. A programme of activity has therefore been put in place to ensure that Cardiff's recovery and renewal post-Covid-19 is 'Child Friendly', with the voice, rights and interests of children and young people front and centre.

Over the course of 2020/21 the focus has been on the re-engagement and well-being of children and young people, through programmes such as last year's successful 'Summer of Smiles' and 'Winter of Well-being'; supporting schools to continue to provide high-quality learning; as well as supporting young people to thrive after leaving school. This has included enabling our young people to progress into the world of work, through initiatives such as the Cardiff Commitment and UK Kickstart scheme. While

acknowledging that all children and young people have been affected by the disruption of the past year, it is clear that the impact of the pandemic has been greater for the city's most vulnerable children and young people. Support for young people, particularly vulnerable young people, is therefore a key feature of recovery plans.

The Council's Child Friendly Recovery agenda has been recognised by UNICEF UK, who have recommended that Cardiff submits its application for formal Child Friendly City Status later this year.

A Greener, Fairer, Stronger Recovery

The Covid-19 pandemic has had a major impact on every aspect of city life. Due to lockdowns and restrictions, businesses have had to shut for extended periods, with certain sectors such as retail, hospitality, and close contact services, many of which are located in the city-centre, particularly affected. Different communities and groups of people will have also had very different experiences; the most impacted sectors tend to employ more young people, women, and people from an ethnic minority background. The cost-of-living crisis, the upcoming National Insurance increases and rising inflation and energy prices will put further pressure on the incomes of households across the city, and will likely hit vulnerable individuals and families the hardest.

In May 2021, the Council put forward its initial plans for a Greener, Fairer, Stronger city. After several months of consulting with residents, businesses, the cultural sector, and other stakeholders – with several child-friendly events held to gather the opinions of young people – a final strategy was published in December 2021. The strategy details how we can shape and lead the recovery and renewal of the capital city, to not just 'bounce-back' but 'bounce-forward'. This includes placing a key focus on making the city centre attractive to visitors, workers, and businesses in a post-Covid landscape, retaining and building on our status as a major events city for both sports and culture, as well as ensuring the city remains healthy to live in with clean air, high-quality public spaces, parks, and green areas. It acknowledges that the city must continue to transition to net zero, develop the technology and knowledge sectors, attract high-quality investment and deliver jobs. All this will be supported by the development of a leading public transport network that makes business more competitive, connects people with opportunity and supports our One Planet aspirations.

One Planet Cardiff: Responding to the Climate Emergency

Notwithstanding the depth of the Covid-19 crisis, the Council has recognised that climate change remains the defining global challenge of our generation.

Cardiff Council officially declared a climate emergency in 2019 and has since developed a One Planet Cardiff Strategy and Action Plan, which set out how we will respond and become carbon neutral as both a council and a city by 2030. In producing the strategy, the Council has completed a detailed carbon baselining and impact assessment. This has enabled an understanding of the current carbon position, both of Council operations and of the wider city, and what we must do to reduce our overall energy demand and reliance on fossil fuels.

Moving forward, the Council will progress projects that reduce Cardiff's greenhouse gas emissions and sequester any residual emissions, such as the Cardiff Heat Network, Cardiff's urban forest, private and Council housing retrofit, and a major programme of investment to support a shift to active and sustainable travel.

Organisational Recovery and Renewal

Despite being one of the most challenging periods for Council services and staff, the pandemic has also been a time of significant change, dynamism and innovation, with almost all services having to adapt their operating models, new technologies being applied, partnership working on a depth and scale not seen before, and working from home and agile working becoming the norm.

While the pandemic still presents risks to a number of services, and a focus will need to be placed on their recovery over the year ahead, the Council wishes to build on the momentum and achievements of the past two years to help address complex public services delivery challenges that will come in the pandemic's wake. A major part of this agenda will be the transition to hybrid working, with the majority of non-front-line staff working in a more flexible way, supported by technology, but with a focus maintained on quality of service and outcomes for citizens.

Well-being Objective 1:

Cardiff is a great place to grow up

Cardiff is already a good place for many of its children and young people to grow up, with a fast-improving school system alongside the advantages that a capital city can bring such as an extensive range of leisure, sporting, and cultural opportunities.

However, as is the case nationally, there is still a significant gap in educational outcomes for certain groups of learners. Covid-19 has further exacerbated existing inequalities, with the daily lives of all children and young people disrupted by the pandemic – particularly the most vulnerable children. As the city emerges from the Covid-19 crisis, the Council is committed to a Child Friendly Recovery; understanding the lived experience of children and putting their voice, needs and rights at the heart of the renewal programme.

A key part of this agenda is to ensure the well-being of vulnerable children, young people and families whilst securing the best possible outcomes. This is one of the Council's foremost responsibilities and will remain an ongoing priority..

Our priorities for delivering Capital Ambition and leading the recovery in 2022/23:

- Supporting a Child Friendly recovery
- Continuing to deliver the Cardiff 2030 vision for education and learning
- Protecting the well-being of vulnerable children, young people and families

Progress Made

- **The health and safety of children, teachers and all school staff has been prioritised during the pandemic, with extensive work undertaken to diminish the disruption to learners in Cardiff.** *Cardiff's response to the pandemic has been commended, with Estyn citing its "sustained strategic leadership", noting that "a strength of Cardiff's response to providing support for children and young people... was its collaboration with partners in the public and private sectors."*
- *In the absence of a National School Improvement Framework, Cardiff has established robust arrangements for providing challenge and support to schools.*
- **School organisation consultations and proposals have continued, despite delays in rolling out schemes.** *Recent proposals show commitment to increasing capacity in Welsh-medium schools and for learners with Additional Learning Needs.*
- **A transformative ICT programme has been implemented to address the digital deprivation experienced by some young people across the city.**
- **The 'Summer of Smiles' re-engagement and well-being programme for children and young people was delivered as part of the Child Friendly Recovery, which was attended by over 20,000 participants.**
- **There has been a significant increase in the number of Rights Respecting Schools in Cardiff; 60.6% of schools have received a bronze, silver or gold award as of January 2022. This compares to 51.1% in 2020/21.**
- **Welsh-medium primary school provision has continued to grow, with 764 pupils allocated Reception places at Welsh-medium primary schools in 2020/21, representing a record 18.5% of the total intake across the city. This expansion directly supports the Welsh Government's ambition of one million Welsh speakers in Wales by 2050.**
- **Support to improve the educational outcomes of Children Looked After has improved significantly with the adoption of a new Corporate Parenting Strategy.** *Information sharing practices, particularly within Children's Services, have enhanced and additional capacity has been established within the Looked After Children in Education team.*
- **The Council has sustained a reduction in learners not progressing to education, employment, or training (EET).** *In 2021, 98.5% of learners progressed.*
- **The Youth Service has continued to provide enhanced support to learners at risk of disengagement throughout the pandemic, including the development of a digital youth offer.**
- **The Cardiff Commitment team has worked with partners to continue to provide opportunities to support transition into the world of work, including 'Open Your Eyes' weeks and Business Forums.**
- **Cost avoidance savings of £4.5 million have been realised as a result of shifting the balance of care, with real gains achieved in relation to in-house fostering provision for pre-school and primary age children.**
- **There has been a significant reduction in the percentage of children's social worker vacancies; from 29% in March 2021 to 21% in December 2021.**

Priorities for 2022/23

Supporting a Child Friendly recovery

Supporting a Child Friendly recovery from the Covid-19 pandemic continues to be a key priority for the Council. Since March 2020, the pandemic has resulted in substantial changes to education, with several extended periods of school closures and a switch to online learning. Moving forward, the Council will do all that it can do ensure that all Cardiff schools can stay open and maintain safe learning environments for all pupils and staff whilst ensuring the impact of the pandemic has no lasting effect on attainment and outcomes, particularly for the city's most vulnerable learners.

Child friendly ambitions will continue to be considered throughout the delivery and development of other recovery and renewal plans, ensuring joint efforts and purposeful partnership across Council departments, public services, and partners across the city region. This includes progressing work to become the UK's first Child Friendly City; the UNICEF assessment is due to take place in summer 2022.

Continuing to deliver the Cardiff 2030 vision for education and learning

The Covid-19 pandemic has disrupted the daily lives of Cardiff's children and young people. Supporting schools to continue to provide high quality learning, whilst protecting the well-being of learners, remains a key priority for the Council. As a result of the substantial changes to education, the Council is looking to reset the Cardiff 2030 Vision, considering the experiences of the last two years, with a view to publishing a three-year plan in the spring of 2022. The plan will consider the significant work required to progress reforms for Curriculum for Wales 2022 and Additional Learning Needs.

In the absence of a national Accountability & Assessment Framework in Wales, with no clarity on national arrangements for the examination cycle of 2021/22, a programme of work has been developed in Cardiff to support school improvement. This has strengthened collective intelligence around schools to ensure a systematic approach to school development plans and school improvement priorities, which will continue to be embedded. Greater alignment of the work of the Central South Consortium with the priorities of the Education Directorate will be a priority over the next year.

A continued emphasis will be placed on improving outcomes for vulnerable groups, including pupils in receipt of free school meals, Children Looked After, and those educated other than at school, who may have been more adversely affected by the pandemic.

With a significant increase in the number of requests for statutory assessments of Additional Learning Needs/ Special Educational Needs, as well as an anticipated increase in free school meal eligibility, the Council will also be mindful of additional demand challenges and associated delivery pressures whilst resetting the vision.

Protecting the well-being of vulnerable children, young people and families

Like every Local Authority across the UK, Cardiff's Children's Services continue to face high and increasing demand and increases in case complexity, compounded by challenges with the recruitment of social workers. Demand pressure is reflected throughout the child's journey, including increasing demand on services to address children's mental health and emotional well-being.

To respond to this demand work will continue to shift the balance of care, which will help to ensure that children are supported with the lowest safe level of intervention whilst receiving the right help in the right place, at the right time. Key initiatives to deliver this crucial commitment include embedding the Reunification Framework across Children's Services – helping children to remain at home with their families where it is safe for them to do so – and implementing a new Reviewing Hub to ensure that cases are appropriately stepped up or down.

A sharp focus will continue to be placed on working with partners to identify and address any safeguarding concerns, particularly protecting vulnerable young people from criminal exploitation and addressing the recent rise in serious youth violence.

In terms of recruitment challenges, the Council will place a focus on workforce development by maintaining momentum with improvements to practice and working to attract more newly-qualified and experienced social workers to Cardiff.

Furthermore, to support the emotional health and mental well-being of children, a whole-system approach is needed, including specialist services for those who need them. Working with partners, frameworks that focus on preventative measures and building resilience will be implemented moving forward.

Well-being Objective 2:

Cardiff is a great place to grow older

The population in Cardiff is ageing, as it is across Wales. To help ensure good quality of life as people grow older, the Council and its partners recognise the number of older people with life-limiting conditions, and in particular living with dementia, is also increasing. More immediately, Covid-19 has had a major impact on the city's older people, bringing into sharp focus the challenges facing adult social care – particularly a significant increase in demand for care.

The policy decisions and actions that are taken now – in partnership across public services – will be crucial in helping support people to remain in good health and live independently at home as they grow older. A key part of this will be the ongoing focus on joined-up planning and integrated service delivery across all Council directorates. This approach is also instrumental in helping prevent unsustainable demand for services, as well as managing budgetary challenges.

Our priorities for delivering Capital Ambition and leading the recovery in 2022/23:

- **Supporting older people to stay active and connected in an age-friendly city**
- **Supporting older people to live independently at home through strengths-based preventative services**
- **Working in partnership to deliver high-quality sustainable care and support**
- **Supporting informal carers and valuing their role**
- **Ensuring our services meet the needs of the most vulnerable**
- **Proactively modernising our services**

Progress Made

- **A new Ageing Well Strategy was approved in January 2022**, which sets out the proposed direction of travel for services and support for older people over the next five years.
- **Joint working between the Hubs and Day Centres has introduced opportunities such as exercise classes to support citizens and promote well-being.** Hubs and libraries across Cardiff have also implemented a programme of face-to-face events designed to help older people reconnect, such as Meet Up Mondays, craft sessions, as well as sporting activities.
- **The number of people accessing acute, residential or nursing care across the city has reduced.** An established Occupational Therapy team provides both proactive and reactive reviews or care, and a Hospital Review team is in place to enable a speedy discharge from hospital.
- **Independent Living and Ageing Well services have been enhanced**, with a focus placed on greater alignment between Health's Single Point of Access team and with the Council's Community First Point of Contact teams.
- **Activities to promote and raise awareness of services aimed at individuals affected by dementia continue to be undertaken**, including the launch of a pen pal scheme linking care homes with local schools.
- **Over 600 digital Dementia Friendly City events have been held during 2021**, raising awareness and promoting the support available across Cardiff. Cardiff's Dementia Friendly website has also been the focus of extensive promotion.
- **An e-reader loan scheme has been launched, expanding the availability of e-books.** Training has been developed to ensure that any digital exclusion concerns are resolved, and users are comfortable with the technology.
- **The 'Working Towards an Age-Friendly City' action plan has been finalised and approved** by the Regional Partnership Board and the Older People's Commissioner for Wales.

Priorities for 2022/23

Supporting older people to stay active and connected in an age-friendly city

It is crucial that older people in Cardiff have access to the right advice, support, activities, and services to help them stay healthy and independent. The Council's Community Hubs are well placed to assist in tackling many of the issues that affect the health and well-being of older people, particularly social isolation. Moving forward, the Council will strengthen the independent living and well-being advice provided in the Hubs for both older people and their carers, providing virtual activities and events, as well as face-to-face activities through a hybrid model of community engagement.

As part of the ambition for the city to be a great place to grow older, work is ongoing for Cardiff to become a World Health Organisation Age-Friendly City, as well as a Dementia Friendly City, and the Council has recently committed to an Age-Friendly City Action Plan. This cross-cutting community activity is essential to support people to age well and the Plan forms a crucial part of the Council's new Ageing Well Strategy.

Supporting older people to live independently at home through strengths-based preventative services

In order to enhance existing core services, the Council will work to develop and join up services to better support older people to stay independent at home. This includes embedding a strengths-based, outcome-focused and preventative approach across services for older people. As part of this work, the Council will streamline services to make a single route into all our services for older people to support prevention and reablement, as well as a timely and safe hospital discharge.

Greater user of technology is crucial to helping more people stay independent for longer. To encourage the use of technology, the Council will develop a Cardiff Tech Strategy, introduce and develop proposals for an Independent Living Well-being Centre, which will ensure that residents have easy access to equipment that is appropriate to their needs as they grow older.

Appropriate housing is also widely recognised as a key factor in supporting independence. The Council is committed to ensuring its building programme delivers care-ready, adapted, and adaptable homes, as well as specialist community living schemes for older people that can adjust to meet Cardiff's changing housing need.

Working in partnership to deliver high-quality sustainable care and support

The Council's commissioned care providers deliver the majority of care for older people, providing an essential service to the most vulnerable people in Cardiff. The national

issues currently being faced by the sector, particularly the difficulty in the recruitment and retention of staff as well as the inability of the sector to grow to meet the surge in demand following the end of Covid restrictions, has revealed the fragility of the market.

It has also revealed systemic issues, such as low pay and a lack of job security, within the sector. The Council is therefore committed to working in partnership with commissioned care providers to better understand the issues that they face.

Valuing and developing the Social Care Workforce is key if good quality care is to be provided. Welsh Government has recently announced additional funding to enable local authorities to implement the Real Living Wage within the care sector. The Council will therefore work with Welsh Government to ensure that this is achieved in the most effective way possible. Additionally, Cardiff Cares Academy will be further developed to ensure that training, mentoring and employer support is available across the sector.

Supporting informal carers and valuing their role

The Council recognises the vital contribution that informal or unpaid carers make to communities and the people they care for and understands the pressure that caring for a loved one can cause. As a result, the Council is committed to ensuring that carers are recognised, and that every step is taken to ensure the highest quality of life – both for those providing and in receipt of care. Looking ahead, support for carers will be reviewed in full consultation with carer representatives.

Ensuring our services meet the needs of the most vulnerable

The Council's ambition is for Cardiff to be a Dementia Friendly City. As part of this ambition, it is crucial to understand how to best support people with dementia to live in the community. As a result, the Council will embed research-based best practice into approaches, ensuring that this influences the way in which services are commissioned in social care. Ensuring that the voices of Cardiff's citizens are heard – particularly when their mental capacity is compromised – is of utmost importance. Social workers will take a strengths-based approach to mental capacity moving forward, and the Council will continue to commission effective advocacy services.

Proactively modernising our services

To ensure that the Council is able to deliver its priorities, it will be necessary to modernise services for older people, embedding a strengths-based and independence-focused approach that is supported by training and quality monitoring. The way that services are provided will also need to change to remove duplication and costly bureaucracy, ensuring that professionals have the time to support the most

vulnerable older people effectively, while wider help is available to older people through a range of other Council and partner services. Quality monitoring work will be undertaken through the Quality Assurance Framework which delivers high-quality,

strengths-based social work and care. This will ensure that the assessments meet regulatory requirements and identify outcomes for individuals that reflect their voices and needs.

Well-being Objective 3:

Supporting people out of poverty

The Covid-19 pandemic has had significant impacts beyond the public health crisis, with a number of existing inequalities deepening over the past two years. The cost-of-living crisis is also having an impact on many households with inflationary pressures making essential day-to-day items more expensive.

We will therefore continue our efforts to tackle poverty and reduce inequality in all its forms, ensuring that everyone who lives and works in Cardiff can contribute to and benefit from the city's success – a theme which runs throughout this Corporate Plan.

Our priorities for delivering Capital Ambition and leading the recovery in 2022/23:

- Supporting those most impacted by the economic crisis into work, education or training
- Continuing our Living Wage City ambition
- Embedding our new approach to tackling homelessness and ending rough sleeping

Progress Made

- **Cardiff's Living Wage City Steering Group achieved all three of its targets ahead of the 2022 deadline** in October 2021, with a record 32 organisations in Cardiff – employing 1,986 people – receiving Living Wage accreditation in 2021. This means that 150 organisations are now accredited in total, and 61,183 employees are working for a Living Wage employer. Furthermore, a total of 7,894 workers in Cardiff have received a pay rise to the real Living Wage. Cardiff University has calculated that **an additional £39m has gone into the Cardiff economy** as a result of uplifts to employees' salaries following their employer becoming an accredited Living Wage employer. In July 2021, the new Cardiff University SbarclSpark building became the first Living Wage building in Wales.
- **The Money Advice Team identified £12.6m of additional weekly benefit for their clients** between April and December 2021. In the same period **984 people secured work following tailored support from the Into Work Service.**
- **A new Housing Support Programme Strategy was approved in January 2022**, which aims to prevent homelessness and accelerate the shift to a rapid re-housing approach.
- **The Council opened Cardiff's first family homelessness centre** in Briardene, Gabalfa, which offers good-quality, family accommodation with staff on site during the day, as well as other provision, including Early Help family services, health visiting and parenting support.
- **The Colum Road development providing single person supported accommodation is due to be completed at the end of February 2022.** This development will deliver specialist and supported housing to help meet the needs of the most vulnerable.

Priorities for 2022/23

Supporting those most impacted by the economic crisis into work, education or training

The local labour market has been significantly impacted by the pandemic – with many people in the hardest-hit sectors losing their jobs – as well as by the acute shortages of HGV drivers, hospitality staff and social care staff. To address these challenges, our Into Work Service will continue bringing together employers and potential employees with suitable skills. By working with employers to identify in-demand skills, the Service can ensure that relevant training courses are being offered at the right time and in the right areas.

Following the UK’s decision to leave the European Union, there is ongoing uncertainty over the future funding of some programmes undertaken by the Into Work Service. In advance of the full details of the new Shared Prosperity Fund, the ten Local Authorities of the Capital City Region have sought to create a single, clear, consistent framework for future employability programmes in the region.

Continuing our Living Wage City ambition

Paying staff the real Living Wage not only helps each individual employee, but it also helps local businesses by retaining additional income within the city. Cardiff University have calculated that an additional £39m has gone into Cardiff’s economy due to this initiative.

Following the achievement of the three targets ahead of schedule, the Living Wage City Action Plan is being reviewed to set new targets and to develop a list of target organisations for 2022. Over the coming year, the Council will continue to explore how to raise the profile of the real Living Wage across the Cardiff Capital Region given the wider economic and health benefits.

Embedding our new approach to tackling homelessness and ending rough sleeping

‘No Going Back’, our vision for homelessness prevention, set out a new pathway for accommodation and support services in Cardiff in 2020. Building on that work, the new Housing Support Programme Strategy will provide a single strategic view of the Council’s approach to homelessness prevention and housing support services. Key areas of work going forward will include providing additional emergency accommodation, creating a rapid re-housing plan in line with Welsh Government guidelines and developing leasing schemes and move-on provision.

Well-being Objective 4:

Safe, confident and empowered communities

Communities are at the heart of well-being. They play a vital role in connecting people with the social networks and the day-to-day services we all depend on – as made evident during the Covid-19 pandemic.

The Council will therefore prioritise activities to make sure that communities in Cardiff are safe, that people in Cardiff feel safe and that they have easy access to the services that they need. The Council will also continue to deliver services, at the local level, in a well-planned, connected, and integrated way.

Our priorities for delivering Capital Ambition and leading the recovery in 2022/23:

- Building new Council homes and investing in community facilities
- Ensuring children and adults are protected from risk of harm and abuse
- Creating safe and inclusive communities
- Promoting the Welsh language
- Working together to support a healthier and more active population

Progress Made

- The Council has **delivered 591 new Council homes** as part of a £1 billion Council-led programme to build 4,000 homes over a ten-year period.
- The redevelopment of Maelfa in Llandeyrn has transformed the area with a new and modern shopping centre, infrastructural and environmental improvements, and affordable new homes.
- The roll-out of the Council's Hubs programme has seen the **opening of the Butetown Creative Hub**, supporting young people into the creative sector; as well as the **opening of refurbished Community Hubs in Whitchurch and Rhydypennau**, introducing additional and enhanced services to serve these communities.
- A new Hubs website has been launched to improve access to services, including advice services, Adult Learning and the Into Work Service, which now has more than 2,000 users.
- Welsh Government funding has been secured to support investment of over £4 million in Tudor Street in Riverside, which will deliver improvements to the business environment, transport infrastructure and the regeneration of 30 business premises. Two phases of shop front improvements have been completed and work on outdoor spaces is underway.
- A highly successful Council engagement and digital support programme helped EU nationals who had not yet done so to apply to the EU Settlement Scheme. By the deadline in June 2021, 23,990 applications had been made to the scheme, in line with the highest estimate for the number of eligible EU nationals in Cardiff.
- Cardiff's response to the Afghanistan crisis, in partnership with the Urdd, is to be recognised in 2022 with an item on Channel 4 news and as part of a Welsh-language S4C documentary exploring the experiences of refugees and asylum seekers in Wales.
- The Council's Bilingual Cardiff Strategy 2022-2027 and Welsh in Education Strategic Plan 2022-2032 have been published, both of which are integral to the city's vision of becoming a truly bilingual capital of Wales and meeting the target of doubling the number of Welsh speakers in Cardiff by 2050.
- Tafwyl 2021 was held as part of the Welsh Government's pilot test series, with 500 people welcomed to Cardiff Castle for the first live music event since the beginning of the pandemic. A further 35,000 people attended virtually to enjoy artists from the thriving Welsh music and cultural scene.
- 15 Council parks and green spaces have been awarded Full Green Flag status, with Waterloo Gardens meeting the international standard for the first time.

Priorities for 2022/23

Building new Council homes and investing in community facilities

Delivery of the 'Cardiff Living' and community housing schemes – part of the largest house-building programme in Wales – will be accelerated over the coming year.

Developments such as those at Channel View, the Gasworks site in Grangetown and the former Eastern High School site will deliver low-carbon Council and affordable private homes, as well as improved access to green spaces, facilities and sustainable transport networks.

To further the provision of essential services within our communities, the roll-out of the Community Hub programme will continue over the coming year, including the Maelfa Health & Wellbeing Hub and Rhiwbina Hub.

Ensuring children and adults are protected from risk of harm and abuse

Over the coming year, the Council will continue to take forward the new joint Child and Adult Exploitation Strategy, which addresses all identified forms of exploitation, including modern slavery. This work will include developing a new approach to safeguarding young people from exploitation, working with partners to strengthen our response to exploitation and enhancing engagement with families and carers to support them in keeping our young people safe.

Creating safe and inclusive communities

Cardiff's Community Safety Partnership will continue to focus on its established priorities, including addressing street-based lifestyles, complex needs and violence in communities, as well as implementing area-based working. As part of this work, a new statutory Violence Prevention Strategy will be developed with partners, focusing on building local intelligence, protecting those who are vulnerable, targeting violent offenders, and progressing a preventative approach to serious violence.

Building more inclusive communities will remain a key priority over the coming year. The Council will build on the support provided to recently arrived evacuees from the Afghanistan crisis, continue to lead on the co-ordination of the Inclusive Cities Programme and provide legal assistance and other support for migrant communities who face additional risk as a result of the pandemic.

Furthermore, the Council will focus on the agreed actions emerging from the Race Equality Taskforce's proposals, continue to monitor the impact of Brexit on community cohesion and progress applications of both Children Looked After and vulnerable adults to the EU Settlement Scheme.

Promoting the Welsh language

Over the coming year, the Council will take forward the Council's new Bilingual Cardiff Strategy 2022-2027 and Welsh in Education Strategic Plan 2022-2032 to support our vision for making Cardiff a truly bilingual capital of Wales, as well as the national target to double the number of Welsh speakers in Cardiff by 2050.

The Bilingual Cardiff Strategy sets out actions for achieving this ambition across various aspects of city life, including the growth of Welsh-medium education and promotion of Welsh across all schools so that every young person has the opportunity to hear and speak the Welsh language.

Working together to support a healthier and more active population

In light of the Covid-19 pandemic, supporting a healthier and more active population which is more resilient to future health crises will be a key priority. Working with partners, the Council will support the delivery of the 'Move More, Eat Well' plan to promote healthy weight, healthy food, active travel, and physical activity. As part of this approach, the Council will ensure alignment with other major strategies, such as Food Cardiff's 'Good Food Strategy 2021-2024' and the 'Physical Activity and Sport Strategy 2022-2027'. Furthermore, maintaining the quality of our award-winning parks and green spaces will continue to play a key part in the health and mental well-being of our residents.

More broadly the work of Shared Regulatory Services will continue to play a vital role in ensuring public health and public safety. Having played a crucial role in responding to the Covid-19 crisis, the service is now re-focusing on core business provision in the context of rising demand pressures and ongoing pandemic management support. The expertise of the service will be effectively deployed as part of a joined up partnership approach to public health and public protection.

Well-being Objective 5:

A capital city that works for Wales

The Cardiff economy is of regional and national significance. To continue to deliver for the people of Wales, respond to the challenges of the pandemic and drive up productivity, the focus on delivering more, and better, jobs will be maintained. The Council's vision for a Greener, Fairer, Stronger economy recognises the need to re-animate the city centre, protect jobs and support the recovery of key sectors following the pandemic.

This will form part of an ongoing commitment to support businesses growth and create a high-value economy. An ambitious city development agenda remains a key component of this approach, creating major supply chain opportunities and delivering a modern, well-connected capital served by the best business infrastructure.

Our priorities for delivering Capital Ambition and leading the recovery in 2022/23:

- **Leading the economic recovery in Wales**
- **Leading a recovery programme for the City Centre and Bay**
- **Supporting innovation and business development, with an enhanced package of interventions to help the sectors worst affected by the pandemic**
- **Supporting the recovery of the cultural sector and major events programme**

Progress Made

- *The Council's city recovery and renewal strategy, 'Greener, Fairer, Stronger,' as well as the City Centre Recovery Strategy and Action Plan were approved and published, after being informed by constructive engagement sessions over the summer. Strong progress has already been made, with city centre footfall back to pre-pandemic levels.*
- **The Canal Quarter Development Framework was approved in May 2021, setting out the delivery aspirations for the area and representing an important step forward for the Canal Quarter project, which will bring new life to the eastern edge of the city centre.**
- **The Capital Quarter and John Street developments have been progressed, which will expand the city's 'grade-A' office space offer, helping to attract new businesses and create jobs during the recovery period.**
- *The delivery of the new 15,000-capacity Indoor Arena in Cardiff Bay has taken a crucial step forward, with the Council's appointment of the consortium of Live Nation and Oak View Group as operators and Robertson as the developer.*
- *The successful Cardiff University-led, Council-supported Strength in Places (SIP) bid has been awarded, bringing £50m worth of funding into the region, which will help develop the city's emerging creative sector and contribute to a strong local recovery.*
- **The future of Merchant Place and Cory's buildings – two of Cardiff Bay's finest heritage buildings – has been secured, with the Council approving the sale of the buildings to Duke Education for redevelopment as a college. This development will allow for the full restoration of the buildings, support the regeneration of the wider local environment and progress the Council's aspirations for the area.**
- **The New Theatre's long-term sustainability has been assured as a result of the Council concluding the property lease with HQ Theatres & Hospitality, which enabled its reopening in September.**
- **The Norwegian Church has been revived, following the Council's transfer of the lease to a charitable body which will invest in the building, hold music and cultural events, whilst respecting its historical links with Norway.**
- *The Council supported the delivery of the first large-scale outdoor music events since the onset of the pandemic, including the Titan Event at Alexandra Head and four nights of concerts at Cardiff Castle curated by local music venues*
- **Good progress has been made on the Council's 'Music City' ambition, with new planning application monitoring arrangements established to support venues and a new Busking Strategy developed to support street music and animate public spaces.**
- **St David's Hall, The Museum of Cardiff, Cardiff Castle and City Hall have all reopened and are hosting events and activities in line with current guidelines, with encouraging bookings across all venues.**
- **Business rates for hospitality and retail businesses were suspended for the entire year, providing crucial relief to two of the sectors hit hardest by the pandemic and creating the conditions to accelerate recovery.**

Priorities for 2022/23

Leading the economic recovery in Wales

As the city emerges from the pandemic, it is essential that we consider the steps we need to take to accelerate recovery, whilst at the same time recognising that we need to use the crisis as a catalyst to build back stronger, greener, and fairer. To lead the economic recovery in Wales, the Council will play a key role in establishing the new Corporate Joint Committee (CJC) for South Wales and attracting inward investment into our priority sectors through the Western Gateway partnership, ensuring that we support the creation of a sustainable and dynamic post-Covid economy. Furthermore, the Council will progress improvements to Cardiff Central and the Interchange to ensure that the new jobs created in Central Square and the rest of the city are accessible to the wider city-region, in line with our ambition of inclusive economic growth.

It is recognised that labour shortages in certain key sectors, material shortages and cost inflation represent risks to a successful recovery and will need to be mitigated. The Council will therefore continue to collaborate with impacted sectors to identify the necessary support, deliver enhanced into work schemes and progress key infrastructure projects.

Leading a recovery programme for the City Centre and Bay

City centres and high streets must become destination experiences and places of choice. We no longer have to be there, but we must want to; therefore, our longer-term recovery efforts will be balanced between creating and curating a more dynamic, unique, green and inclusive city centre for residents, businesses and visitors, and developing interconnected, thriving '15-minute neighbourhoods,' where residents have easy access to services, green spaces, culture and workspaces by active travel.

Over the coming year, the Council will progress major infrastructure projects that will transform the city, support green, inclusive growth and create good-quality jobs for all of our communities during the pandemic recovery. For example, the Indoor Arena will lead the regeneration and inclusive development of the wider Atlantic Wharf area, while the Canal Quarter will revive a long-overlooked part of the city centre and the Central Quay development will finally provide Cardiff with a seamless link between Cardiff Bay and the city centre.

Supporting innovation and business development, with an enhanced package of interventions to help the sectors worst affected by the pandemic

As we recover from the pandemic, the Council will need to support the growth of our key high-value sectors – including fintech, cyber and creative – which will create well-paid jobs for our residents, help boost Cardiff's productivity and make our city a globally-attractive place for inward investment. The pandemic has fundamentally changed the way that many of us work, so our initiatives will focus on transforming existing buildings to create flexible and affordable working space for start-ups in our priority sectors.

For example, the Council will work with our partners to develop and bring forward proposals for creating new incubation office space as part of the regeneration scheme for Tudor Street, the extension of Chapter Arts Centre and the repurposing of Landmark Place in Churchill Way. Furthermore, our collaboration with Welsh Government to establish a new fund to support business growth will complement these efforts and help us deliver a strong economic recovery.

Supporting the recovery of the cultural sector and major events programme

Culture and events will be placed at the centre of the recovery, embracing the role the sector plays in shaping our city centre. Our cultural and major events sectors have been amongst the most affected by the pandemic, so the Council will continue working with Welsh Government to ensure the delivery of events delayed or cancelled by the pandemic, as well as to explore future opportunities.

Over the coming year, the Council will finalise plans for developing an annual international music festival and we will explore a potential bid to host a major international sporting event. Furthermore, to support the recovery of our cultural venues, the Council will begin delivering the Music Strategy, Cultural City Compact and Tourism Strategy, which will help attract higher numbers of visitors and cement Cardiff's reputation as a thriving cultural capital.

Well-being Objective 6: Cardiff grows in a resilient way

The Council recognises that climate change remains the defining global challenge of our generation. In response, the Council has developed and approved a One Planet Cardiff Strategy and Action Plan, which sets out a roadmap of projects in key areas such as transport, energy, housing, and food that will lead our journey to net zero carbon by 2030.

The Council's recovery and renewal strategy also recognises the opportunities to emerge from the pandemic as a greener and more resilient city. The transformational work to make Cardiff's public spaces Covid-secure has not only helped to safeguard residents and visitors but has also improved the local environment – including reductions in air pollution and carbon emissions.

Our priorities for delivering Capital Ambition and leading the recovery in 2022/23:

- Delivering One Planet Cardiff to decarbonise the city and lead a green recovery
- Transforming Cardiff's public transport and active travel systems
- Putting sustainability and well-being at the heart of the city's growth
- Enhancing Cardiff's flood defences
- Building resilience into our highway network
- Making Cardiff a world-leading recycling city
- Working as one team to keep our streets clean

Cardiff's Transport
White Paper:

Transport Vision to 2030

Changing how we move around a growing city

Progress Made

- **A Final One Planet Cardiff Strategy and Action Plan were approved by Cabinet in October 2021, setting out plans to deliver a carbon neutral council and city by 2030.**
- **A number of key One Planet Cardiff projects have been progressed, including securing the first phase of a low carbon district heat network serving Cardiff Bay, continuing the energy-efficiency retrofit of the Council's estate and making a commitment to design all forthcoming new buildings to near zero carbon performance levels from 2024.**
- **The Clean Air Plan continues to be delivered in collaboration with Welsh Government.** As part of this work, the Council has completed its Bus Retrofit Scheme; 49 buses have been upgraded to meet the latest Euro 6 emission standard, improving Nitrogen Oxide (NOx) emissions by over 90%.
- **36 new electric buses started operating across the city during December 2021 and January 2022.** These new vehicles were purchased following a successful joint bid by the Council and Cardiff Bus, and make up almost a quarter of Cardiff Bus's fleet.
- **The Council is continuing to expand its safe cycling network with 11km of new high-quality routes added since 2017.** An east-west segregated 'pop-up' route linking Canton and Adamsdown via Castle Street and Newport Road was opened at the end of January 2022. A further 'pop-up' route connecting Splott and Lloyd George Avenue is nearing completion and construction of Cycleway 1.2 connecting Senghenydd Road in Cathays with the University Hospital of Wales is progressing well.
- **122 of Cardiff's 127 schools have either produced or are progressing the development of Active Travel Plans.**
- **Consultation on the Replacement LDP draft Vision and Objectives is complete, which has helped to ensure that the economic, social and environmental needs of all our communities are reflected in the future development of the city.**
- **Strengthened operational management arrangements are now in place across Waste Services.** Work has been progressed to establish a modern fleet, with digital system that provide real-time information on delivery. A four-day working week has also been introduced, which has eliminated the bank holiday disruption.

Priorities for 2022/23

Delivering One Planet Cardiff to decarbonise the city and lead a green recovery

One Planet Cardiff sets out an ambitious agenda to meet our carbon neutral commitment, by reducing greenhouse gas emission. As part of this work the Council has completed a detailed carbon baselining and impact assessment to provide a comprehensive understanding of the Council's carbon footprint. Furthermore, a Carbon Impact Evaluation Tool has been developed to appraise proposed projects for carbon and social benefit.

Transforming Cardiff's public transport and active travel systems

Improving Cardiff's transport system remains a strategic priority, particularly the shift to more sustainable and more active modes of transport. Plans to replace as many single-user, fossil-fuelled trips as possible with sustainable modes of travel are fundamental to the wider decarbonisation of the city. Moving forward, the Council will continue to support the delivery of key Transport White Paper projects, including expanding on the Metro plans for new tram-train routes and stations, creating more space in our streets for walking and cycling, and supporting the transition to electric vehicles.

Beyond the Climate Emergency, the pandemic has made supporting public transport even more urgent. Lockdowns and social distancing restrictions have had a major impact on public transport, particularly municipal bus companies, with passenger numbers falling drastically and services reduced. To address this situation, we will work to manage this impact on mobility and ensure passenger numbers recover over the coming year.

Putting sustainability and well-being at the heart of the city's growth

Sustainable communities must be well-planned and well-connected, with infrastructure and public services that are fit for the future. The Council is currently preparing a Replacement Local Development Plan (LDP) for Cardiff, which will help shape the city for the next 15 years to 2036, ensuring the right development happens in the right place at the right time, benefitting communities and the economy and setting out which areas need to be protected. A consultation on the preferred strategy will take place in October 2022, which will help ensure that the voices of all our communities inform the inclusive and sustainable development of our city.

Enhancing Cardiff's flood defences

The frequency and severity of floods is increasing and is expected to further increase as a result of climate change. Recognising the risk flooding presents to the city, as well as the impact that it has on families whose homes and communities experience flooding, the Council has delivered a number of flood risk management schemes across the city. Looking to the year ahead, Cardiff, along with all other Local Authorities in the south-east Wales region, have commissioned a Strategic Flood Consequences Assessment (SFCA), which is due to be completed in the summer of 2022.

This Assessment will inform the Welsh Government's proposed revised guidance on planning for flood and coastal erosion, to recognise the varying degrees of flood risk, now and in the future.

Building resilience into our highway network

The city's highway network is used daily by those who live and work in the city and is fundamental to the economic, social and environmental well-being of the community. Over the coming year, it will remain crucial that localised resurfacing, patching, reconstruction and treatment works continue, in order to build resilience into the network and ensure that it remains the robust and high-quality asset that our residents, communities and businesses rely on.

Making Cardiff a world-leading recycling city

Whilst Cardiff is Britain's leading major city for recycling it is still falling short of the Welsh Government's statutory target of 64%. To improve recycling performance the Council has developed a new Recycling Services Strategy which sets out plans to provide more opportunities for communities to recycle, developing targeted, data-based action, reduce single-use plastics and support the development of a circular economy.

Working as one team to keep our streets clean

Clean streets are a top priority for the city's residents; however, street cleanliness in parts of the city remains a persistent challenge. A number of wards, particularly in the city centre and south of the city, fall under the 90% target for high or acceptable standards of cleanliness. Moving forward, the Council will take forward an area-based approach to frontline services, focused on tackling all forms of littering.

Well-being Objective 7:

Modernising and integrating our public services

The Council is committed to a programme of ongoing service improvements, with the need to respond to the demands of the pandemic bringing into sharp focus areas of organisational development.

The Council is therefore progressing a permanent shift to hybrid working to lock in the productivity gains realised during the Covid-19 by maximising the use of assets, making increased use of technology and further supporting the workforce.

Taken together, this will allow the Council to become a greener, more agile organisation, providing more responsible and adaptable services for citizens, and a more flexible working environment for staff.

Our priorities for delivering Capital Ambition and leading the recovery in 2022/23:

- **Developing a comprehensive programme of organisational recovery and renewal**
- **Building upon our digital agenda, incorporating technology into service delivery and exploiting data to drive performance**
- **Delivering leaner and greener Council buildings**
- **Supporting a highly-skilled and productive workforce with the well-being of staff at its core**
- **Using the power of the public purse to support the city's recovery**
- **Making sure that the Council better talks to and listens to the city that it serves**

Progress Made

- **Residents are increasingly connecting with the Council through digital media channels:** the Council now has 46,000 followers on Facebook and over 9,500 followers on Instagram. Additionally, the number of residents accessing the Cardiff App has exceeded 50,000, enabling residents to access services such as reporting potholes and making Council Tax enquires.
- **Audit Wales have praised the Council's response to organisational recovery,** noting that "the Council is harnessing the positive change in working practice arising from the pandemic to inform its future operating model for its workforce".
- **A comprehensive programme has been undertaken with staff as part of the work to develop a hybrid working model,** with a survey launched in the summer of 2021 receiving 2,851 responses. 70% described themselves as 'more' or 'a little more' productive since working from home and two-thirds of respondents reported an improved sense of well-being. 44% of line managers reported an increase in productivity, and a quarter reported an increase in improved staff morale and improved well-being amongst the team.
- **All targets within the Corporate Property Strategy 2015-20 were achieved,** with capital receipts amounting to over £35.8m and a reduction of over £20.5m in total running costs secured. A new five-year (2021-26) strategy was approved by Cabinet in December 2021.
- **Work has been undertaken with the Council's Employee Networks to understand the potential barriers and challenges to recruitment.** As part of this, a Joint Employee Network Survey has been created to establish a benchmark of membership and to understand the lived experiences of employees working for the Council.
- **Over the past 12 months the Council has been developing and implementing improved contract management arrangements** which will provide improved oversight of contract performance against six key performance themes.
- **The Council's scrutiny committees have played a full role in informing Council policy and service improvement.** A number of steps have been undertaken to strengthen the role of the scrutiny committees, including the introduction of a 'tracker' approach to monitoring scrutiny recommendations.

Priorities for 2022/23

Delivering a comprehensive programme of organisational recovery and renewal

Capital Ambition set out a programme of modernisation to improve efficiency, better support service delivery, and promote social and environmental change. Covid-19 has rapidly accelerated this agenda, catalysing a shift to hybrid working and the delivery of service innovation at an unprecedented pace and scale.

To retain the opportunities realised during the pandemic, the Council has developed – and is in the process of delivering – a programme of organisational recovery and renewal.

As part of this work, the Council is implementing a hybrid working model, which seeks to maintain the benefits of increased home and flexible working arrangements, whilst mitigating risks identified. The transition to this working model is enabled by the Council's investment in digital infrastructures, services and skills.

This will need to be continued post-pandemic, including the allocation of agile working devices and investment in meeting room facilities, 'touch down' points, and desk booking and utilisation technology.

Building upon our digital agenda, incorporating technology into service delivery and exploiting data to drive performance

Technology offers residents greater choice and convenience when accessing services, whilst providing staff with even greater flexibility to deliver. An increasing number of citizens are choosing to access services via digital means, with this trend only becoming more evident during the Covid-19 pandemic.

Providing access to an enhanced range of services online will therefore continue to be a priority post-pandemic, as the Council continues to accelerate its digital agenda.

The Council is also continuing work to improve the collection, presentation, and analysis of data across the public service system to inform decision-making. Work to align the Council's Data Strategy with the delivery priorities and improvement challenges identified through the planning and policy framework will help make the best use of Council data.

Delivering leaner and greener Council buildings

The Council uses property to deliver or support the delivery of statutory and community services. As the Council's new Corporate Property Strategy 2021-2026 recognises, it is therefore important that the estate is modernised and configured to align with the wider strategic and financial objectives of the Council.

For instance, the One Planet Cardiff strategy identifies a clear role for the Council's estate in de-carbonising the city by 2030. To meet this target, the Council will progress new physical adaptations and behavioural approaches across the estate. Furthermore, the hybrid working programme will also change the way we work, how we use our properties and will lead to a re-assessment of operational property requirements. The Council will work to align service need to workforce change, ensuring investment in reconfigured working environments.

Moving forward, it is important that the estate is managed in a dynamic way, able to respond to changing service need and enhance service delivery through provision of good-quality environments.

Supporting a highly skilled and productive workforce with the well-being of staff at its core

The Council's award-winning programme of staff engagement is supported by a package of measures designed to promote welfare, including a range of health and well-being services, such as the 24/7 Employee Assistance Programme and the Employee Counselling Service.

The Council's commitment to staff also includes a range of training opportunities through Cardiff Academy. Work is also being progressed to understand the potential barriers and challenges to recruitment, including developing appropriate interventions.

Sickness absence, however, remains too high. Although a number of service areas are characterised by good performance and discounting Covid-related sickness significantly improves Council performance, there is an ongoing need to reduce sickness absence levels. A targeted approach will continue to be applied to improve performance, including a continued focus on reducing long-term sickness absence through effective case management.

Using the power of the public purse to support the city's recovery

The Council spends over £390 million a year procuring a diverse range of goods, services and works from over 8,000 suppliers, service providers and contractors. The Council therefore has a responsibility to manage public money with probity, to ensure that value for money is achieved and to manage it in such a way that wider Council objectives can be supported.

Capital Ambition makes clear that the power of the Council's spending and investment decisions must be fully leveraged to create local employment opportunities whilst promoting social and environmental improvements. The changes to working practices realised during the pandemic, paired with the urgent need to support the city's economic recovery, means that this agenda must be accelerated.

Making sure that the Council better talks to and listens to the city that it serves

The Council has, over a number of years, placed an emphasis on engaging with residents. The Council's Ask Cardiff Survey has one of the largest sample sizes in Wales and provides invaluable insight into the needs of our communities.

Following national trends, the latest Ask Cardiff Survey shows that citizen satisfaction with Council services has fallen over the last year. Work will be undertaken to address this moving forward, along with further work to engage with, and involve, hard-to-reach groups in decision-making. This will ensure that the Council is alert to the voice of the community.

Appendix

This appendix sets out how the delivery of the Administration's priorities through the Corporate Plan has been informed by and is compliant with statutory requirements.

Delivering Capital Ambition

Delivering Capital Ambition, the Council's Corporate Plan, sets out how the Administration's priorities for Cardiff will be achieved, providing clarity on what will be delivered, and by when.

In accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015, Delivering Capital Ambition sets out Cardiff's Well-being Objectives, the steps we will take to achieve them and how we will measure progress.

Glossary of Terms

- **Well-being Objective:** sets out what the Council wants to achieve
- **Outcome Indicator:** a measure of city-wide performance
- **Step:** what the Council will do, and by when, to help achieve each Well-being Objective
- **Key Performance Indicator:** an indicator of operational performance that shows if the steps the Council are taking are effective
- **Target:** sets out a numerical value on Key Performance Indicators to be achieved
- **Self-Assessment:** a process that directorates undertake to help shape Well-being Objectives and identify the steps for inclusion in Delivering Capital Ambition

Setting Well-being Objectives

The Well-being Objectives were set following a self-assessment process undertaken by each directorate. As a result of this exercise a new Well-being Objective – Managing the Covid-19 Pandemic – was adopted for 2021/22.

This process was designed to ensure that each directorate had due regard to the Sustainable Development Principle by encouraging a consideration of the five ways of working:

- **Long term:** The Well-being Objectives and steps in this plan were informed by the Well-being Assessment 2017, the Population Needs Assessment and work on Future Trends undertaken by the Cardiff Public Services Board (PSB).

- **Prevention:** Drawing on the evidence, our Well-being Objectives and steps are designed to tackle both the immediate demand pressures on public services and the root causes of these pressures, most importantly through tackling poverty and inequality.
- **Collaboration:** The Well-being Objectives in this plan were developed in close collaboration with our public service partners, and the Cardiff PSB has adopted the same seven Well-being Objectives in its Well-being Plan, reflecting our shared aspirations and the common understanding of challenges facing the city.
- **Integration:** The Well-being Objectives cut across departmental silos, focussing on what all Council services can do to improve the well-being of the people of Cardiff, and contribute to the seven national Well-being Goals. The Council has also integrated its Strategic Equality Objectives into the Corporate Plan to ensure that the strategic actions for creating a more equal city are embedded in the Council's Planning and Delivery Framework.
- **Involvement:** In developing the Well-being Objectives we have drawn on the results of the annual Ask Cardiff citizen survey – which received over 2,700 responses in 2021 – and on focus groups with 'seldom heard' groups. We continue to involve residents in decisions which affect them; consultation has taken place on specific strategies such as the replacement Local Development Plan, the International Sports Village Masterplan and the draft recycling strategy.

The Council's Policy Framework

Capital Ambition sets out the Administration's policy agenda. The Corporate Plan and the Well-being Plan are key documents in delivering Capital Ambition, as they translate the Administration's priorities into deliverable organisational objectives.

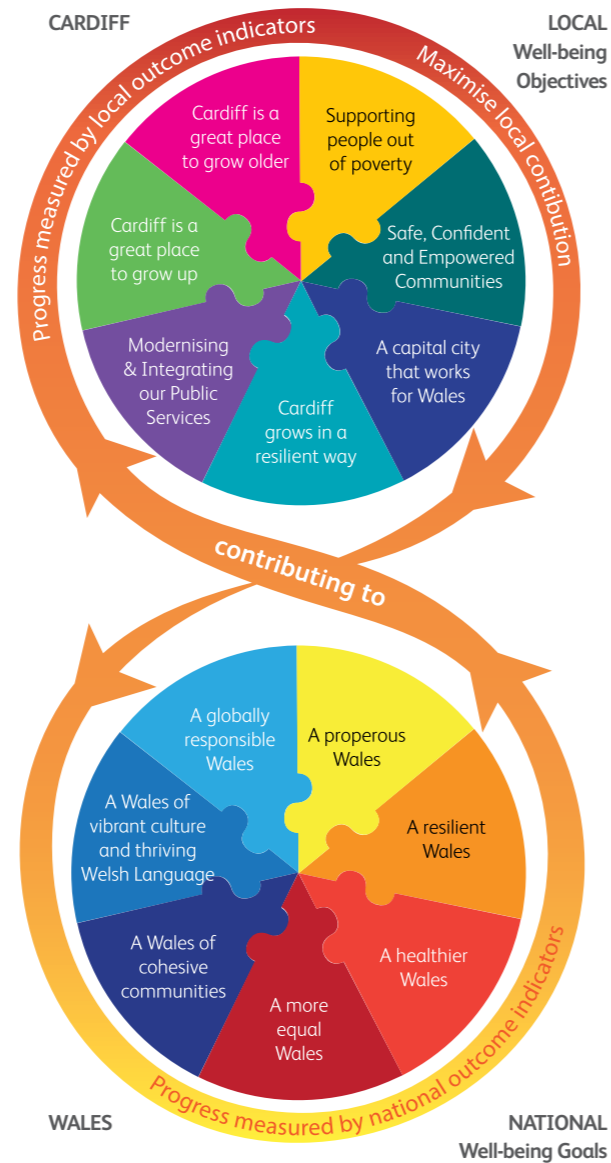

- **Corporate Plan:** focuses on the issues and services which the Council has prioritised.
- **Well-being Plan:** focuses on areas of collaborative advantage in the delivery of public services. Both the Council and the Public Services Board will measure progress towards achieving the Well-being Objectives using the same indicators of city performance. Not only will this enable partners in Cardiff to keep track of how the city is performing, it will also help demonstrate Cardiff's contribution towards achieving the Welsh Government's aim of improving well-being nationally.

Contribution to National Well-being Goals

The Welsh Government has set out national Well-being Goals under which Cardiff Council and the Cardiff PSB have agreed complementary local Well-being Objectives. In order to measure Cardiff's progress towards achieving the seven Well-being Objectives, a series of high-level outcome indicators were selected which provide objective measures of the city's performance.

Outcome indicators are high-level indicators which measure long-term trends. They provide an overview of the city's performance, both over time and relative to other cities and Local Authorities. The trends they measure are difficult to influence directly and no single body or organisation can be held accountable for delivering them.

A full set of outcome indicators is published annually by the Cardiff Public Services Board, most recently in the [Cardiff in 2021](#) analysis, which provides an annual snapshot of how the city is performing.
