### 3 Assess Impact on the Protected Characteristics

### 3.1 Age

Will this Policy/Strategy/Project/Procedure/Service/Function have a **differential impact [positive/negative/]** on younger/older people?

|                | Yes | No | N/A |
|----------------|-----|----|-----|
| Up to 18 years | Χ   |    |     |
| 18 - 65 years  | Χ   |    |     |
| Over 65 years  | Χ   |    |     |

## Please give details/consequences of the differential impact, and provide supporting evidence, if any.

The impact will be positive as the proposals will support the sufficiency of places in suitable specialist learning environments.

This provision is age dependent and therefore not accessible to pupils outside of this age range, or adults, either locally or in the wider community.

The Council would manage admissions to special school and specialist resource base provision in accordance with the ALN Code.

### What action(s) can you take to address the differential impact?

If the proposals were to proceed, an equality impact assessment would be carried out to identify the accessibility of any new accommodation. The equality impact assessment would take into account policies such as the Equality Act 2010, TAN 12: Design 2014 as well as building regulations such as, BS8300, Part M and relevant Building Bulletins.

The Council's procedure for managing staffing changes arising from the proposal would be used in implementing any changes as a result of this proposal. This would ensure that good practice is followed, including the application of the Council's policies on equal opportunities.

The proposed changes are expected to have a positive impact on the Socioeconomic Duty. The Council's has made a clear commitment to continuing the investment in, and improvement of, Cardiff schools to make sure every child has the best possible start in life (www.cardiffcommitment.co.uk).

The delivery of 21st Century Learning environments will ensure that there are appropriate, high quality school places for young people, which meet the needs of Cardiff's growing and changing population.

The Council works closely with the governing bodies of schools to ensure that standards in schools are high, that teaching is good, and that leadership and governance is strong.

The Council does not expect the proposal to have any negative impact on the quality of standards of education for pupils, at these schools.

Some of the funding that a school receives is based on the number of pupils in the school who receive Free School Meals. All schools in Cardiff would receive funding for these pupils. There is no information available that suggests that the proposals would have a negative effect on pupils who receive Free School Meals.

The level of special educational needs/ additional learning needs in the Welsh medium sector has historically been lower than in the English medium sector. This has been changing over the last 4-5 years, with schools reporting an

# Equality Impact Assessment Corporate Assessment Template

increased incidence of ALN, in all areas of need.

A review of ALN in the Welsh medium sector was undertaken with Welsh medium schools in 2016 to inform the Welsh in Education Strategic Plan (WESP). Schools reported a small but significant number of examples of pupils with ALN leaving the Welsh medium sector in order to access specialist resource bases or special schools.

There was also some anecdotal evidence to suggest that some families who would otherwise choose Welsh medium education, opt instead for English medium if their child has ALN, in case their child needs to transfer to the specialist sector at a later date.

Through the WESP, Cardiff has invested in specialist provision in the sector, including some capacity to respond to growing demand and to generate more confidence in the availability of specialist provision in the sector.

A new primary base was established at Ysgol Pwll Coch; a 'feeder' school for Ysgol Glantaf, where the secondary base is established. The two bases cater for learners with severe learning difficulties, providing a specialist curriculum and supporting a range of secondary needs including physical and medical needs, speech and language difficulties and autism.

In 2021 there is growing demand for resource bases for pupils with autism, who are average to high achievers, and would need a more integrative model of support than that provided by the two existing bases. There are currently 8 secondary aged learners, and 15 primary aged learners who would benefit from placement in an ASD base. This is a short term priority, given the risk that if current placements fail, the only option would be to offer a transfer to an English medium setting.

A primary wellbeing class has been established, hosted at Ysgol Pen y Groes. The wellbeing class works flexibly to address needs in different age phases, or to provide an outreach model, depending on current need.

To support emotional health and wellbeing needs in secondary phase, a 'virtual' base/ PRU has been piloted across the three secondary schools, starting in 2018. The pilot is due for further review in 2021.

The priority is to ensure the three schools have adequate facilities and accommodation to provide effective Step 3 and 4 proviso, complemented by the virtual base/ PRU. Medium term, the virtual base/ PRU will eventually need a fixed location at one of the schools, with designated accommodation, to reduce the risk that young people with the most complex needs may need to leave the Welsh sector to access more specialist provision.

As the Welsh sector continues to grow it will be important to develop additional

provision in anticipation of the need, to ensure Welsh medium education is a genuine choice for learners with complex ALN.

The pool of ALN qualified and experienced teaching staff is limited in comparison to the English sector. Any plan to develop Welsh medium specialist provision will need to be supported by an ALN Workforce Development Plan.

In accordance with the timetable set by Welsh Government, the Council is working closely with its partners on the Cardiff Welsh Education Forum to develop the new ten-year WESP for the city. It is expected the plan will be available for public consultation in autumn 2021 before being submitted for approval to the Welsh Government in early 2022. The first ten-year Plan will commence on 1 September 2022 and expire on 31 August 2032.

Consultation on the draft WESP will seek views on how best to grow Welsh-medium education and on how to meet the local targets set by Welsh Government, in order to inform future proposals. The WESP will set out how the Council will increase the provision of Welsh-medium education for pupils with additional learning needs.

### What action(s) can you take to address the differential impact?

Demand for WM ALN places will be kept under review and proposals brought forward in line with the Welsh in Education Strategic Plan

### 4. Consultation and Engagement

What arrangements have been made to consult/engage with the various Equalities Groups?

The Council's Accessibility Officer would be given the opportunity to comment on the schemes.
