

Cardiff Council Statutory Screening Tool Guidance

If you are developing a strategy, policy or activity that is likely to impact people, communities or land use in any way then there are a number of statutory requirements that apply. Failure to comply with these requirements, or demonstrate due regard, can expose the Council to legal challenge or other forms of reproach.

For instance, this will apply to strategies (i.e. Housing Strategy or Disabled Play Strategy), policies (i.e. Procurement Policy) or activity (i.e. developing new play area).

Completing the Statutory Screening Tool will ensure that all Cardiff Council strategies, policies and activities comply with relevant statutory obligations and responsibilities. Where a more detailed consideration of an issue is required, the Screening Tool will identify if there is a need for a full impact assessment, as relevant.

The main statutory requirements that strategies, policies or activities must reflect include:

- **Equality Act 2010 - Equality Impact Assessment**
- **Welsh Government's Sustainable Development Bill**
- **Welsh Government's Statutory Guidance - Shared Purpose Shared Delivery**
- **United Nations Convention on the Rights of the Child**
- **United Nations Principles for Older Persons**
- **Welsh Language Measure 2011**
- **Health Impact Assessment**
- **Habitats Regulations Assessment**
- **Strategic Environmental Assessment**

This Statutory Screening Tool allows us to meet all the requirements of all these pieces of legislation as part of an integrated screening method that usually taken no longer than an hour.

The Screening Tool can be completed as a self assessment or as part of a facilitated session, should further support be needed. For further information or if you require a facilitated session please contact the Policy, Partnerships and Citizen Focus Team on 2078 8563 e-mail: siadavies@cardiff.gov.uk. Please note:

- **The completed Screening Tool must be submitted as an appendix with the Cabinet report.**
- **The completed screening tool will be published on the intranet.**

SCHOOL ORGANISATION PLANNING: BAND B: REDEVELOPMENT OF CANTONIAN, RIVERBANK AND WOODLANDS SCHOOLS	October 2022
Service Area/Section: Education, School Organisation Planning	Lead Officer: Richard Portas
Attendees: Self-assessment	

What are the objectives of the Policy/Strategy/Project/Procedure/ Service/Function	Please provide background information on the Policy/Strategy/Project/Procedure/Service/Function and any research done [e.g. service users data against demographic statistics, similar EIAs done etc.]
<p>Proposal:</p> <ul style="list-style-type: none"> • Replace the Cantonian High School buildings with new build accommodation on the same site expanding the school from six forms of entry (6FE) to eight forms of entry (8FE) with sixth form provision for up to 250 pupils; and expanding the current Specialist Resource Base (SRB) for learners with an Autism Spectrum Condition (ASC), hosted at Cantonian High School from 20 to 30 places in purpose built accommodation in the new school buildings • Maximise the opportunities afforded by one of the largest educational sites in Cardiff to locate other new school provision on the same site, in addition to Cantonian High School but organised as separate entities, to: • Transfer Woodlands Special School, part of the Western Learning Federation, to the Fairwater Road site and increase the capacity from 140 places to 240 places in new build accommodation; • Transfer Riverbank Special School, part of the Western Learning Federation, to Fairwater Road site and increase the capacity from 70 to 112 places in new build accommodation. 	<p>At its meeting on 13 June 2019 the Cabinet agreed the publication of statutory notices to:</p> <ul style="list-style-type: none"> • Increase the capacity of Cantonian High from 6 forms of entry (6FE) to eight forms of entry (8FE) with sixth form provision for up to 250 pupils in new build accommodation; • Expand the Specialist Resource Base (SRB) for learners with an Autism Spectrum Condition (ASC), hosted at Cantonian High School from 20 to 30 places in purpose built accommodation in the new school buildings; • Transfer Woodlands Special School to the Fairwater Road site and increase the capacity from 140 places to 240 places in new build accommodation; • Transfer Riverbank Special School to the Fairwater Road site and increase the capacity from 70 to 112 places in new build accommodation. <p>As part of the prioritisation of schools within the Band B programme, all properties across the school estate were given a rating from A to D for the following issues, with D being the worst category:</p> <ul style="list-style-type: none"> • Sufficiency of places available; • Condition of the school buildings; • Suitability of the environment for teaching.

Cantonian High School is rated “D” category, which means the buildings are life expired. The Welsh Government is committed to removing all “D” condition schools from Wales so Cantonian High School should be automatically prioritised for investment under Band B.

Woodlands Special School and Riverbank Special School are both rated ‘D’ for suitability, with ‘unsuitable’ environments which seriously inhibit the school’s capacity to deliver the curriculum.

Replacing and significantly expanding these schools is therefore essential if the Council is to fulfil statutory responsibility to provide appropriate education for children with additional learning needs.

The statutory notices were published on 28 June for 6 weeks with one objection received by the statutory notices closing date. The Council published the objection report on 21 August 2019. As the proposals affect sixth form provision they required the approval of Welsh Ministers. A copy of the statutory objection and the objection report were submitted to the Welsh Ministers for determination of the proposal on 28 August 2019.

In a letter dated 21 July 2020, the Welsh Government advised that the Minister for Education had decided to approve the proposal. (A copy of the letter can be seen at appendix 1).

The Minister has approved the proposal on the basis that it is likely to maintain at least equivalent outcomes and offer provisions at least equivalent to that which is currently available to learners at the schools. In addition, she considers that the proposal will:

Provide new school buildings, removing reliance on temporary classrooms, offering an improved learning environment and accommodation with 21st Century facilities;

- Contribute to the effective funding of education;
- Increase the number of English medium secondary school places and contribute towards meeting projected demand for places;
- Increase the number of places in special schools for learners aged 4-19 with complex additional learning needs and autistic spectrum condition and contribute towards meeting projected demand for places.

SUMMARY OF APPRAISAL (highlight positive and negative effects of the policy / plan / project being assessed, demonstrating how it contributes to the economic, social and environmental sustainability of the city):

Economic

- Investment in new build facilities that would support the delivery of a broad and balanced curriculum.
- The new accommodation and expansion of provision would provide employment opportunities.
- Consideration would be given to using local contractors and suppliers.

Social

- There is potential for community use of school facilities outside of school hours.

Environmental sustainability

- This proposal would result in the pupils attending a new build designed to be Net Zero Carbon in operation, minimising running costs and detrimental environmental impact.

WHAT ACTIONS HAVE BEEN IDENTIFIED OR CHANGES BEEN MADE TO THE POLICY / PLAN / PROJECT AS A RESULT OF THIS APPRAISAL:

An equality impact assessment would be carried out to identify accessibility to the new build high school site. The equality impact assessment would take into account policies such as the Equality Act 2010, TAN 12: Design 2014 as well as building regulations such as, BS8300, Part M and relevant Building Bulletins.

Statutory Requirements

It is possible that the Impact Screening Tool will identify the need to undertake specific statutory assessments:

- **Equality Impact Assessment:** *This assessment is required by the Equality Act 2010 and Welsh Government's Equality Regulations 2011.*
- **Sustainable Development Bill:** *The Bill, when it comes into effect, will require sustainable development (SD) to be a central organising principle for the organisation. This means that there is a duty to consider SD in the strategic decision making processes.*
- **Shared Purpose Shared Delivery-** *The Welsh Government requires local authorities to produce a single integrated plan to meet statutory requirements under a range of legislation. Cardiff Council must therefore demonstrate its contribution towards Cardiff's own integrated plan; "What Matters".*
- **United Nations Convention on the Rights of the Child:** *The Children Act 2004 guidance for Wales requires local authorities and their partners to have regard to the United Nations Convention on the Rights of a Child.*
- **United Nations Principles for Older Persons:** *The principles require a consideration of independence, participation, care, self-fulfillment and dignity.*
- **The Welsh Language Measure 2011:** *The measure sets out official status for the Welsh language, a Welsh language Commissioner, and the freedom to speak Welsh.*
- **Health Impact Assessment:** *(HIA) considers policies, programmes or projects for their potential effects on the health of a population*
- **Strategic Environmental Impact Assessment:** *A Strategic Environmental Assessment (SEA) is an European Directive for plans, programmes and policies with land use implications and significant environmental effects.*
- **Habitats Regulations Assessment:** *The Conservation (Natural Habitats, &c.) (Amendment) Regulations 2007 provides a requirement to undertake Habitats Regulations Assessment (HRA) of land use plans.*

<p>The Band B Programme seeks to address the most acute sufficiency, suitability and condition issues in Cardiff.</p> <p>There has been an increased demand for places at entry to secondary education city wide in the past five years. City-wide projections indicate that the demand for places in English-medium secondary schools will exceed the combined capacity of such schools in future years. The areas that are presenting as having the most acute shortage of places and require a strategic solution taking account of neighbouring catchment capacity are those concentrated in the central area of the city. These are primarily focused in the areas that serve the catchment for Fitzalan High School, Cantonian High School, Willows High School, Cathays High School and Cardiff High School.</p> <p>As the City's population has grown, so has the number of children with Additional Learning Needs. Cardiff Council is committed to the principles of inclusion and recognises that the majority of children and young people with additional needs are best supported in their local mainstream schools. The council will continue to provide support, training and resources to schools, and to promote the sharing of best inclusive practice, to ensure that learners with ALN access effective support in their local school.</p> <p>However, it is recognised that in order to thrive and fulfil their potential, children and young people with the most complex additional needs require access to the specialist environments and expertise of a special school. Whilst there are a number of specialist settings across Cardiff, the projected future needs will significantly exceed the number of specialist places currently available. The number of special school and specialist resource base placements has increased steadily every year for the last 5 years and current projections show the number of places will continue to grow over the next 5 to 10 years.</p>

1. What are the objectives of the Policy/Strategy/Project/ Procedure/ Service/Function?

To address sufficiency, building condition and suitability issues by developing the existing Cantonian High School site located in Fairwater in line with Band B priority schemes.

2. Please provide background information on the Policy/ Strategy / Project / Procedure / Service / Function and any research done [e.g. service users data against demographic statistics, similar EIAs done etc.]

At its meeting on 13 June 2019 the Cabinet agreed the publication of statutory notices for the proposal outlined above. The statutory notices were published on 28 June with one objection received by the statutory notices closing date.

Where objections are received to the statutory notices, an objection report must be published summarising the statutory objections and the proposer's response to those objections. The Council published the objection report on 21 August 2019.

As the proposals affect sixth form provision, they required the approval of Welsh Ministers. A copy of the statutory objection and the objection report were submitted to the Welsh Ministers for determination of the proposal on 28 August 2019.

In a letter dated 21 July 2020, the Welsh Government advised that the Minister for Education had decided to approve the proposal. (A copy of the letter can be seen at appendix 1).

The Minister has approved the proposal on the basis that it is likely to maintain at least equivalent outcomes and offer provisions at least equivalent to that which is currently available to learners at the schools.

In addition, she considers that the proposal will:

Provide new school buildings, removing reliance on temporary classrooms, offering an improved learning environment and accommodation with 21st Century facilities;

- Contribute to the effective funding of education;
- Increase the number of English medium secondary school places and contribute towards meeting projected demand for places;
- Increase the number of places in special schools for learners aged 4-19 with complex additional learning needs and autistic spectrum condition and contribute towards meeting projected demand for places.

Equality Impact Assessment

Please give details/consequences of the differential impact, and provide supporting evidence, if any.
What action(s) can you take to address the differential impact?
If no differential impact, explain the reason(s) for this assessment:
<p>Language support</p> <p>The proposal will not directly impact on the level of support provided. The allocation of teachers and TAs is usually in place for the period of the academic year but is liable to change throughout the year to meet fluctuations in demand.</p> <p>Welsh Language</p> <p>It is not anticipated that there will be any negative impact on the Welsh Language, as a result of this proposal.</p> <p>The teaching of Welsh within an English medium setting is subject to the requirements of the National Curriculum. This would not change with the expansion of the school. This proposal does not seek to change the number of Welsh-medium primary or secondary school places available in the area.</p> <p>The Council works closely and constructively with partners on its Welsh Education Forum, which includes representatives of nursery, primary, secondary and further education, childcare, RhAG and the Welsh Government. The Forum actively informs the planning of Welsh-medium places, to continue to drive the Council's plan to sustainably increase the number of learners within Welsh-medium schools and those learning Welsh in English-medium schools.</p> <p>The council monitors birth rates, the yield from proposed housing and the patterns of take-up in Welsh-medium provision at primary and secondary age, with a view to bringing forward appropriate plans to meet any increased demand. Whilst forecasts, based on the number of children in the Welsh-medium primary, indicate that additional capacity will be required to meet the demand for places in Welsh-medium secondary schools, separate proposals will be brought forward at the appropriate time to ensure there are sufficient places available.</p> <p>The Council, and its partners on the Welsh Education Forum, are committed to driving the increase in number of pupils educated through the medium of Welsh, to meet the targets within Cardiff's WESP, and to meet the targets set out in the Welsh Government's Cymraeg 2050 strategy. The Council must ensure that the expansion of school provision is brought forward in a strategic and timely manner, which does not compromise existing provision. Expanding Welsh-medium secondary school provision would, inevitably, have an impact on the take-up of places in other schools, and in turn on the ability of schools to balance budgets and to attract or retain staff.</p> <p>The proposals for Fairwater Campus do not include opportunities for developing Welsh medium ALN provision. Steps to expand specialist ALN provision in the Welsh medium sector are being taken forward separately through the Welsh Education Strategic Plan (WESP), the Educational Tribunal (ALNET) Act Regional Implementation Plan and through the Cardiff ALN Strategy.</p>
