Version	Author	Job Title	Date
1	Fiona Gibson	Senior Corporate Policy Officer	12/10/2022

2. Overview of the Proposal

What action is the Council considering and why?

Please provide an outline of the proposal.

The project will deliver gigabit capable fibre broadband to premises in Cardiff which are identified by the commercial marketplace as being excluded from their roll-out plans over the next 3 years.

Currently, 39% of premises in Cardiff have access to a Full Fibre services, in comparison to 42% across the whole of the UK. Cardiff is committed to ensuring that full fibre connectivity is available across the city and as such, bid to Welsh Government for funding to address those premises being excluded.

The Council was successful in its bid and has been awarded £7.7million to undertake this project.

This will ensure that our citizens and businesses will be able to access those online services which will help them develop and grow. It will enable our learners to access greater online content, which will meet their educational needs and will give greater access to our services to the public via the growing number of online platforms we now offer, from online payments and school admissions, to waste enquiries and web chat with our virtual Chatbot Bobi, which can assist 24/7, 365 days of the year.

What are the costs and/or savings?

What will the proposal cost and how will it be funded?

How might costs be reduced through involvement and collaboration, across Cardiff Council and/or with external stakeholders?

Are there savings and how will these be realised?

The project has been awarded a Grant of £7.7million over 3 financial years (2022-23/ 2023-24 / 2024-25).

There are a total of 20,251 premises which are identified as outside commercial roll-out plans. At this stage, it is not known exactly how many of those premises the financial allocation of £7.7million will address. It is proposed that a procurement will be carried out via an existing Crown Commercial Service Framework, specifically for the delivery of

gigabit capable fibre broadband infrastructure. The procurement process will seek to achieve best value and maximum coverage of the premises identified. In addition, the project will seek to align with existing roll-out plans of the marketplace and maximising benefits and cost savings of a co-ordinated approach in aligning the delivery of premises identified in this project with those plans.

For further information or assistance in completing the Child Rights Impact Assessment, please contact the Child Friendly Cardiff Team ChildFriendlyCardiff@cardiff.gov.uk

STAGE 1: PURPOSE/ SCOPE

What is the policy/ strategy/ project/ procedure/ service? Summarise/ describe its overall aims and any aims specific to children.

The project will deliver gigabit capable fibre broadband to premises in Cardiff which are identified by the commercial marketplace as being excluded from their roll-out plans over the next 3 years.

Currently, 39% of premises in Cardiff have access to a Full Fibre services, in comparison to 42% across the whole of the UK. Cardiff is committed to ensuring that full fibre connectivity is available across the city and as such, bid to Welsh Government for funding to address those premises being excluded.

The Council was successful in its bid and has been awarded £7.7million to undertake this project.

This will ensure that our citizens and businesses will be able to access those online services which will help them develop and grow. It will enable our learners to access greater online content, which will meet their educational needs and will give greater access to our services to the public via the growing number of online platforms we now offer, from online payments and school admissions, to waste enquiries and web chat with our virtual Chatbot Bobi, which can assist 24/7, 365 days of the year.

Will the policy/ strategy/ project/ procedure/ service affect children and young people? Please think about which groups of children and young people it will affect.

The project delivers to premises and not specific groups and therefore does not target children or young people specifically.

They will benefit in general terms in facilitating access to online content which may assist with their development and the opportunities which are open to them.

STAGE 2: BUILD AND ASSESS

Which UNCRC (United Nations Convention on the Rights of the Child) articles are relevant to the policy/ strategy/ project/ procedure/ service? Read the articles [here](#) and add any relevant ones to the table below.

The articles which form the four General Principles of the UNCRC are pre-populated in the table.

For further information or assistance on UNCRC Articles, please email the Child Friendly Cardiff Team ChildFriendlyCardiff@cardiff.gov.uk

Article 2 (non-discrimination): The Convention applies to every child without discrimination, whatever their ethnicity, sex, religion, language, abilities or any other status, whatever they think or say, whatever their family background.

Article 3 (best interests of the child): The best interests of the child must be a top priority in all decisions and actions that affect children.

Article 6 (life, survival and development): Every child has the right to life. Governments must do all they can to ensure that children survive and develop to their full potential.

Article 12 (respect for the views of the child): Every child has the right to express their views, feelings and wishes in all matters affecting them, and to have their views considered and taken seriously.

Article 17 (access to information from the media) Every child has the right to reliable information from a variety of sources

What is the likely/ actual impact of the proposal on children’s rights? Is it positive, negative or neutral?

(If a negative impact is assessed for any area of rights or any group of children and young people, you must list and recommend options to modify the proposal or mitigate the impact.)

Neutral

STAGE 3: VOICE AND EVIDENCE

Have you sourced and included the views and experiences of children and young people? What do you know about children and young people’s views and experiences that are relevant to the proposal?

Engagement with stakeholder groups will be undertaken closer to the deliver stage. At the very early stages of the project, where the project roll-out is not known, it would be abortive to undertake such engagement as this may change over time.

How do you plan to review the policy/ strategy/ project/ procedure/ service to ensure that it respects, protects and fulfils children’s rights?

Please provide an outline of the monitoring and review process for the implementation and/or delivery of the proposal and how children and young people will be included in this process.

Working with the supplier, we will engage with stakeholders on roll-out plans and programmes. This is not specific to but will include groups representing children.

STAGE 4: BUDGET

What is the budget for this proposal? Are any parts of it specifically allocated to children and young people?

The financial allocation is £7.7million.
There is no specific funding relating to children and young people. The funding relates to infrastructure delivery.

STAGE 5: IDENTIFIED ACTIONS

What actions have been identified or changes made to the proposal as a result of this assessment?

None are required

Next Steps

Where it is considered that a Child Rights Impact Assessment is required, you must append the completed form to the Cabinet or Officer Decision Report. A copy must also be emailed to the Child Friendly Cardiff Team ChildFriendlyCardiff@cardiff.gov.uk

D: Habitats Regulations Assessment

	Yes	No
Will the proposal affect a European site designated for its nature conservation interest*, or steer development towards an area that includes a European site, or indirectly affect a European site?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

** Only two European sites designated for nature conservation interest lie within Cardiff's boundaries – the Severn Estuary and Cardiff Beech Woods, but be aware if your project affects an area close to a neighbouring authority.*

If the answer is 'Yes', then a screening exercise may need to be conducted to determine if a Habitats Regulations Assessment is required or not.

Contact the [Biodiversity Team](#) who will guide you through the process.

E: Strategic Environmental Assessment

	Yes	No
Does the strategy, policy or activity set the framework for future development consent?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Yes	No
Is the strategy, policy or activity likely to have significant environmental effects (positive or negative)?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

If you have answered 'Yes' to both of the above questions, then a full Strategic Environmental Assessment Screening is needed.

Contact the [Sustainable Development Unit](#) who will guide you through the process.

F: Data Protection Impact Assessment

	Yes	No
Will the proposal involve processing information that could be used to identify individuals?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

If the answer is 'Yes', then a Data Protection Impact Assessment may be required.

Click [here](#) to read the guidance and start the Data Protection Impact Assessment process if needed.

For further information, contact the [Data Protection Service](#).

G: Health Impact Assessment

A Health Impact Assessment helps to develop policies and projects that consider the mental, physical and social health and well-being of a population during planning and development. Considering health inequalities and their impacts on local communities is an essential part of any Health Impact Assessment.

Health Impact Assessments will become a statutory requirement for public bodies in specific circumstances in the future. These circumstances have yet to be published by Welsh Government.
