CARDIFF COUNCIL BUDGET 2023/24
Budget Support for the Corporate Plan and Future Generations

| The Five Ways of Working at the Heart of the Future Generations Act | |
|--|--|
| LONG TERM | <ul style="list-style-type: none"> • Long-term affordability of the capital programme - prudential & local indicators • Modelling a future budget outlook to understand how today's decisions and assumptions will affect the future shape of the budget • Identifying current and future risks and their potential financial impact • Carefully evaluating the Council's financial resilience and ensuring mechanisms are in place to protect this position • Highlighting that budget opportunities forgone in one year will have a cumulative effect over time • Savings that involve removal of services seen as a last resort • Capital investment directed to areas that support the Council's priorities and emerging issues |
| PREVENTION | <ul style="list-style-type: none"> • Exploring opportunities for early intervention and preventing escalation of need – reflected in savings • Increasing the independence of individuals to live in their own homes and signposting to third sector organisations rather than institutionalised care • Carefully evaluating the use of finite resources to try and avoid deterioration of our existing assets, seeking options to relinquish them where feasible to avoid future costs • Revenue support to tackle homelessness and long term investment in new affordable housing |
| COLLABORATION | <ul style="list-style-type: none"> • Savings predicated upon working with others to continue to deliver services • Work with private and public partners to develop services and investment for the future to support the delivery of Stronger, Fairer, Greener, objectives including the Capital Strategy • Support delivery of Cardiff Capital Region City Deal and Corporate Joint Committee |
| INTEGRATION | <ul style="list-style-type: none"> • Budget proposals are not considered in isolation, with consideration given to the potential impact of any decision on other council services, external partners and service users • Areas of integrated working include Health and Social Services, Community Safety, Regulatory Services and Third Sector • Integration between the key elements of the Financial Strategy (Budget, Capital Programme, Treasury Management Strategy, Capital Strategy, MTFP) as well as the Council's key priorities as reflected Stronger, Fairer, Greener and the Corporate Plan |
| INVOLVEMENT | <ul style="list-style-type: none"> • City wide consultation • Effort to engage with groups that have been traditionally less involved • Service user specific consultation on proposals where appropriate • Consideration of consultation feedback in drafting final budget proposal • Budget Scrutiny and engagement with key stakeholders – Schools Budget Forum, Trade Unions, staff |
