Recommendations, requests & observations for further reflection

The recommendations, requests and observations of the Performance Panel have been welcomed. The responses have been grouped into four categories (below), depending on the nature of the Panel's comments, with a response or explanatory note included as necessary.

- Recommendation Accepted
- Recommendation Partially Accepted
- Recommendation Not Accepted
- Observation Noted

Corporate Plan 2023-26 Target Setting Observations

REF Lead Cabinet Member	Lead Directorate	Recommendation/for Cabinet's further reflection	Proposed Response
WBO1			
S1.07 Cllr Sarah Merry	Education & Lifelong Learning	Workforce development programmes Following discussion on the need for KPIs to measure progress in delivering the action detailed in this step regarding increasing the diversity of the school workforce, Scrutiny Chairs request: i) Information on the diversity data held by Cardiff Council on school workforce and school governors ii) Confirmation of how it is proposed to measure progress in this area, in line with the Race Equality Taskforce recommendations and proposals	The Education Directorate will work with HR to undertake a full workforce survey to better understand the diversity of the workforce and review the approach to capturing data on the diversity of governing bodies. This will give the directorate a baseline upon which to measure progress. This will also allow for the prioritisation of future interventions to respond to any issues identified. The Cabinet response to the Race Equality Task Force also identified a number of KPIs which would be monitored within the directorate going forward and

			iii) Identification of an appropriate KPI to measure diversity in the school workforce and capture the direction of travel.	 Percentage of teaching workforce from an ethnic minority background in Cardiff schools. Number of people from an ethnic minority background in leadership positions in Cardiff schools. Number of schools with a governor who is responsible for 'Equality, Diversity and Inclusion'.
\$1.07 and	Cllr Sarah Merry	Education & Lifelong	Recruitment and Retention of Staff in Social Work and Schools Chairs noted responses in relation to	Accepted The Corporate Plan already includes a commitment to

			vi) How is the information provided to the Panel safeguarded? Are parents required to give permission?vii) What work is being done to fill any "gaps" in current membership, such as age; areas of the city with low membership etc.	• Identi	fy as disabl fy as from 1 e – 49%		background	– 29%

 Non-Binary – 5% Identify as LGBTQ+ – 11% 	İ
• Identify as I GRTO+ – 11%	
i dentity as ESBTQ! 1176	1
Identify as in care/looked after – 10%	
As the Panel is newly established, the prog	ramme of
engagement will be enhanced going forwa	rd, however
it has already engaged directly on the Cou	ıcil's Budget
Proposals for 2023/24. The Child Friendly (ity team will
also review the Council's Forward plan to i	dentify
engagement opportunities on major decisi	ons over the
coming months. Consultations that have a	ready been
considered by panel members are:	•
Children Commissioners Survey – parti	cipation rate
unknown as external survey.	•
Child Friendly Evaluation Committee (U	NICEF) - 27%
participation rate.	,
Budget consultation - 13% participation	ı rate.
Every child attending schools in Cardiff is in	vited to join
the Panel, with invitations also shared with	•
members and promoted on social media. F	
will be undertaken to promote participation	
Panel.	
In terms of recruiting panel members, safe	guarding
arrangements, data protection and monitor	_
arrangements:	_

• Panel members are contacted via email.

				 Information provided by panel members is subject to the same controls as the Cardiff Citizen's Panel. Parental permission for participation is sought for those under 13. An evaluation of the membership will be undertaken with young people and a targeted approach progressed to address gaps. As it currently stands, all profile, age and locality numbers show a positive reach with the membership.
General	All Cabinet Members		Joined up working across Well-being Objectives and Cabinet Member Portfolios Chairs welcome the allocation of WBO1 commitments across Cabinet Member portfolios. Using the example of WBO3, S3.13 we request that a further review be undertaken to ensure more joined up working across Cabinet Member portfolios occurs for all well-being objectives. The Leader stated that he would reflect on this, therefore we request that an update be provided, with his conclusions.	The process for developing the Corporate Plan places a significant emphasis on collaboration and integration, across services areas, across organisational boundaries and across Cabinet Portfolios. That is why the thematic challenge sessions, convened by Well-being Objective and chaired by the Leader, involve the lead Cabinet portfolio holders, the Cabinet Member for Finance, Modernisation and Performance, Chief Executive and relevant Directors with responsibility for delivery. For this reason, it is considered that the Corporate Plan is characterised by a high level of cross-Cabinet portfolio working.
WBO2	1			
S2.01 – S2.03	Cllr Norma Mackie	Adult Services, Housing & Communities	Age-Friendly City The ongoing work around 'Age Friendly City' is noted – however more emphasis on the outcomes of such work is required. For example,	Recommendation 1: Partially Accepted The Corporate Plan already commits the Council to address loneliness amongst older people. Relevant page of the Corporate Plan:

Cllr	stronger emphasis is required on the need and	Pages 21-22
Lynda	action to tackle loneliness and isolation.	
Thorne		Recommendation 2: Partially Accepted
(S2.03	We make two recommendations :	The Corporate Plan already contains a number of KPIs
only)	 Steps be included in the Corporate Plan which specifically and directly reference how loneliness and isolation within the older cohort will be addressed. Undertake a review of all proposed KPI's, particularly where they relate to front line services providing care to vulnerable residents, ensuring the KPI's measure and clearly demonstrate positive outcomes for individuals receiving services. The review should also consider introducing a KPI around service provisions offered in local hubs and people accessing hub services. 	relating to the provision of care for vulnerable residents, including: • The percentage of clients who felt able to live independently in their homes following support from Independent Living Services • The percentage of service users of the Community Resource Team – Homecare Service who were satisfied with the service received from the carers who supported them • The total number of domiciliary care workers in Cardiff registered with Social Care Wales • The number of domiciliary care workers registered with Social Care Wales in Cardiff as a percentage of the total number of domiciliary care workers registered in Wales • The average time from referral to the Brokerage Team to the start of domiciliary care However it is accepted that more can be done to measure the quality of the commissioned care provided. It is proposed that a bullet point in S2.06 is expanded as follows (new text in italics): • Embedding a Quality Assurance Framework and developing a set of performance indicators to

measure the quality of commissioned care provision.
Relevant page of the Corporate Plan:
Page 24 With regard to KPIs around service provisions offered in local hubs – the following new indicators were added
into the draft corporate plan:
The number of events held to support people to keep active and stay mobile The appropriate of continuous states at the continuous states.
 The number of participants at the events held to support people to keep active and stay mobile The number of events held to support people to
 remain connected and stay social The number of participants at the events held to support people to remain connected and stay social.
Recognising the opportunity to more effectively measure the impact of Council activity, the following bullet point is proposed for inclusion under S2.03:
 Developing further monitoring to demonstrate the effectiveness of the actions taken to prevent loneliness and isolation.
Relevant page of the Corporate Plan: Page 21-22

NEW	Cllr	Adult	Satisfaction with Adult Social Care	Recommendation 1: Not Accepted
	Norma Mackie	Services,	Chairs queried the rationale for determining a target of 70% for the new KPI 'The percentage of	As this is a new indicator, a maderate target is being

				decision to go into residential or nursing care. This is
				why a simple indicator is not appropriate and a suite of
				indicators are needed to fully understand the issues.
				and the location

				 New indicators have already been included in the draft Corporate Plan as follows: The average time from referral to the Brokerage Team to the start of domiciliary care The average number of people waiting for domiciliary care at month end. These will help to gauge whether there is delay once a care package has been prescribed.
WBO3	au		I	
S3.03	Cllr Peter	Adult	Into Work services	Accepted
	Bradbury	Services, Housing &	Following discussion on the need for Into Work services to focus on deprived communities and	It is proposed that the following KPI is included in the
		Communities	to help move the dial on employment equality	Corporate Plan:
			and diversity issues, Scrutiny Chairs recommend:	corporate riam.
			i) that specific KPIs capturing Into Work's work with Black and Minority Ethnic people be included in the Corporate Plan, in addition to	The percentage of Into Work clients who identify as being from a Black, Asian or Minority Ethnic background
			KPIs 3.01-3.07	Relevant page of the Corporate Plan:
			ii) that 'good news' stories on the Council's successes in this area are promoted, to	Page 29
			encourage further engagement.	Good news stories are already collected and can be
				made more widely available.
\$3.03	Cllr Peter	Adult	Into Work services	Accepted
	Bradbury	Services,	Chairs recommend that an additional action is	-
		Housing &	included in this step to make it clear that Into	It is proposed that the following bullet point is included
		Communities	Work support access to Into Work and In Work	in the Corporate Plan:

			benefits that support the sustainability of employment.	 Supporting people who are in work to secure higher paid and more sustained employment, through intensive in-work mentoring and upskilling. Relevant page in the Corporate Plan: Page 28
K3.13	Cllr Lynda Thorne	Adult Services, Housing & Communities	Homelessness Recommend K3.13 be amended to detail the number of people successfully prevented from becoming homeless to demonstrate the volume.	Accepted The number of people successfully prevented from becoming homeless will be included as part of quarterly reporting alongside the percentage.
K3.16 and K3.17	Cllr Lynda Thorne	Adult Services, Housing & Communities	Homelessness Clarity was sought on the deletion of two KPI's in relation to homelessness: - number of rough sleepers housed who have maintained accommodation - successful outcomes from homeless reconnection service. Chairs noted the introduction of two new KPIs on homelessness however consider they do not measure outcomes and so recommend the KPI in relation to successful outcomes from homeless reconnection service is reinstated.	Not accepted The new KPIs are intended to measure the service's success in engaging with people at an early stage – so they do not present as "homeless on the day" when prevention help is not possible, as such it is a key measure of the Council's prevention service. The two indicators removed from the Corporate Plan will still be included in the Directorate Delivery Plan. These indicators affect small numbers of individuals, and the figures can be impacted by one or two individuals. For example, the number of rough sleepers is relatively low, so the number housed will be small and they are likely to be individuals with complex needs who are entrenched rough sleepers. This means they may need to be housed multiple times before they can sustain accommodation, even a short stay in

				accommodation for these individuals can be a significant success.
WBO4 S4.09	Cllr Norma Mackie	Adult Services, Housing & Communities	Retaining a person's voice in their care Recommend step S4.09 is strengthened to ensure it provides a strong level of assurance that a minimum level of safety in care services will be provided.	Accepted A bullet point in the step has been amended as follows: • Identifying additional accommodation and support solutions to support people with mental health issues to move from residential services to live independently, taking all necessary steps to ensure alternative solutions are safe and appropriate; Relevant page of the Corporate Plan:
				Pages 37-38
S4.22	Cllr Julie Sangani	Performance & Partnerships	Support refugees and asylum seekers Chairs recommend step S4.22 is strengthened, or additional steps created, detailing the work of the Council in supporting refugees and asylum seekers. For example, the Council's work with the Home Office around equity of funding, how we help migrant groups access accommodation, education opportunities, mental health services, and also the Council's work with external organisations and other local authorities to develop a 'One Wales' approach. Although Chairs note the potential sensitivities around developing a KPI on how the Council are supporting migrant groups, we recommend	Recommendation 1: Accepted The step has been amended as follows: Continue to lead a city-wide response to support refugees and asylum seekers, including: Welcoming Ukrainian nationals under the Sponsorship Scheme; Delivering the Afghan Resettlement Scheme; Supporting refugees and asylum seekers into accommodation, education, employment and health services; Working with Welsh and UK Governments to ensure equity of funding and deliver a Wales-wide approach.

			consideration is given to how this could be developed. We note it may be that internal measures are developed to provide assurance on the work and level of support to relevant stakeholders.	Recommendation 2: Partially Accepted The Performance Panel should be assured that the Council already collects and monitors a wide range of data and internal measures in relation to the support provided to refugees and asylum seekers, and that this includes access to Council and other public services. As discussed, we do not consider it appropriate to publish and monitor this data in the Corporate Plan.
K4.04 & 4.05	Cllr Lynda Thorne	Economic Development (SRS)	Regenerating communities Given the acute level of demand for affordable housing in the city, we recommend targets in KP4.04 & 4.05 be raised to ensure we stimulate and drive substantial change and action in this vital area of work (bringing empty properties back into use).	Partially accepted The target for K4.04 will be reviewed in April when the Council Tax register (which shows empty properties in the city) is available. Any change will be determined on the number of empty homes and the resources available. The performance against K4.05 is below target for this year, so the target is not being increased.
K4.12	Cllr Chris Weaver	Performance & Partnerships	Corporate Safeguarding training The difficulties previously faced around ensuring staff undertake Corporate Safeguarding training is noted, however given each member of staff should be undertaking an induction period, it is	Not accepted The 85% target reflects the staff turnover-rate within the Council. This means that, over the course of the year, around 15% of staff are anticipated to be new starters so an 85% target represents an informed and appropriate target.

			recommended the target for K4.12 be raised to 100%.	
WBO5		l		···
S5.09	Cllr Jennifer Burke	Economic Development	Grow Cardiff as a centre of creativity and culture Chairs welcome your assurance that the Council is committed to funding investment into St David's Hall.	Noted
S5.10	Cllr Jennifer Burke	Economic Development	Cultural Strategy Chairs welcome the Leader's assurance that the ambition for a public arts endowment fund remains and that the Cultural Strategy referenced in this step will provide an opportunity to focus work on other mediums to music, such as visual arts.	Noted
K5.01	Cllr Russell Goodway	Economic Development	Grade A office space Chairs recommend that officers explore the feasibility of including an additional KPI to measure changing work patterns post pandemic, including co-working/ multi-use spaces, and include a new KPI in the Corporate Plan where data is available.	Partially accepted Ways of quantifying changing patterns of work will be explored, including measuring the post-Covid working practices.
KPI deleted K5.07	Cllr Russell Goodway	Economic Development	City centre footfall Chairs recommend that the KPI on City centre footfall is retained in this year's Corporate Plan.	Accepted This KPI has been retained in the Corporate Plan. Relevant page of the Corporate Plan: Page 46

WBO6				
General		Performance & Partnerships	Corporate Plan audience Chairs consider there is an opportunity to improve the continuity between current and previous years plans to address the audience the document is written for more effectively. Scrutiny Chairs would like to see what the previous plan said would be done, what was achieved, and therefore the next steps going forward in the new refreshed plan. We welcome the access to performance information enabled by the Corporate Plan Dashboard; however, it is recommended that the Dashboard is updated in a timely manner going forward. Whilst we note that a completed Step becomes 'Business as Usual' and forms part of a Directorate Delivery Plan, there remain examples of BAU in this draft Corporate Plan e.g. S6.27, replacing lighting and S6.28, filling potholes.	Accepted Scrutiny Committee members have access to the Corporate Plan dashboard, which provides updates, by quarter on the Steps and KPIs in the Corporate Plan. At the end of each quarter the data presented within the Dashboard is updated following a process of quality assurance and approval.
S6.12 S6.15	Cllr Dan De'Ath	Planning, Transport & Environment	Public Transport & Active Travel It is recommended that milestones are included for step/ bullet points to be actioned during the year are included to allow progress monitoring as timescales for some actions have slipped.	Not Accepted Milestones against Corporate Plan steps are captured in Directorate Delivery Plans.

			For example: New stations at Crwys Road, Butetown, Cardiff Parkway, Ely Mill, Roath Park, Gabalfa, Newport Road and Pierhead Street by 2028; • Planning permission will be passed at two of these sites by 2024. • Funding to be secured for all sites by 2025?	Delivery will require the Council to continue working in close partnership with Welsh Government, Transport for Wales and the Burns Transport Commission Delivery Unit. Detailed milestones for these stations are to be determined following agreements with partners on the prioritisation of works and confirmation of funding through the stablished governance arrangements.
K6.05 -K6.08	Clir Dan De'Ath	Planning, Transport & Environment	Modal split Given the slippage in many of the proposed improvements linked to public transport and cycleways noted above, are the targets for these KPI's achievable?	Noted The targets are projected to achieve the overall sustainability target of 76% by 2030. The projected walking and cycling targets in K6.06 and K60.7 are also likely to be achieved. The public transport target in K6.08 is considered challenging due to the level of uncertainty in the bus market. Maintaining these targets is considered important to understand where future intervention may need to be prioritised. The 2023/24 Survey will provide the latest data on sustainable travel.
S6.17 & K6.09	Clir Dan De'Ath & Clir Sarah Merry	Planning, Transport & Environment	Active Travel - schools Scrutiny Chairs welcome the work ongoing exploring how best to capture active travel school journeys, to enable future measurement to focus on outcomes achieved; we look forward to these KPIs being included in future Corporate Plans	Noted

\$6.24 \$6.25 \$6.26	Cllr Caro Wild (S6.24 & S6.25) Cllr Dan De'Ath (S6.26)	Planning, Transport & Environment	Flood defences It is recommended that milestones are included for step/bullet points that are to be actioned during the year are included to allow progress monitoring as timescales for some actions have slipped. What is the rational for the inclusion of the Canal quarter in this area of work, as the primary reason for development in the area was 'economic' and all reports have gone through the Economy & Culture Scrutiny Committee?	Milestones against the Corporate Plan steps are captured in Directorate Delivery Plans, and major milestones have been inserted into S6.25 – Coastal Defence Improvements. Relevant page of the Corporate Plan: Page 56 The Canal Quarter represents a major city regeneration project however the Corporate Plan also recognises that specific Sustainable Urban Drainage components of the scheme, its contribution to drainage improvements and the role it plays in enhancing the resilience of the city centre. For this reason, the scheme is also included in this section to retain a focus on drainage improvement and environmental sustainability.
K6.12 & K6.13	Cllr Dan De'Ath	Planning, Transport & Environment	Sustainability - RLDP We look forward to new PIs being developed alongside the Replacement Local Development Plan.	Noted
WBO7				
K7.07	Cllr	Economic	Delivering leaner and greener Council buildings	Accepted
K7.08	Russell	Development	·	Interim targets are available; these are set out each
K7.09	Goodway		Property Strategy, and progress can be uneven	year in the Annual Property Plan alongside the results
K7.10			over time, we note that Finance work closely with Directorates on running costs, and	for the previous financial year. However as the Annual Property Plan is approved by Cabinet in September

			therefore data exists that would make it possible to set interim targets. It is therefore recommended Cabinet reflects on the need for interim targets to monitor progress over the 3-year span of this Corporate Plan.	targets Februa in the (include approv	ear, it is not possible to include the in the Corporate Plan which is approximate. Therefore the five-year targets a Corporate Plan and the annual target of on the Performance Dashboard for all of the Annual Property Plan.	oved in re included ets will be
				Ref	Key Performance Indicator	2022/23 Target
				K7.07	Reduce the carbon footprint in the built environment (Target of 30% to be achieved by 2026)	Maintain current position
				K7.08	Reduce the annual running cost of the operational property estate (Target of £6m to be achieved by 2026)	£100k
				K7.09	The percentage completion of all Priority 1 works	100%
				K7.10	General fund capital receipts (Target of £25m to be achieved by 2026)	£5.5m
K7.02	Cllr Chris	Resources	Digital channels	Noted		
S7.07	Weaver		Chairs note that budget savings are a driver of seeking efficiencies through digitalisation, particularly manual processes, and that longer term budget challenges in 2024/25 make such efficiencies even more important.	amend workst	y in which the KPI is measured has led for 2023/24 and will now reflect reams that were not included previousle a far more accurate measure of	a number of ously. This

K7.12	Cllr Chris Weaver	Resources	Sickness Absence	Noted
K7.12	Cllr Chris Weaver	Resources	Webcasting Given the general increase in webcasting figures, and whilst we recognise there may be a flatlining of this KPI post pandemic, chairs consider the target for webcasting views is not a stretching one. We recommend you reconsider this target. Sickness Absence	 Not accepted Initial calculations indicate that If we continue achieving the average number of views: for all meetings we could potentially get a total of 13,758 views for the planned schedule of meetings for 2023/24. by meeting type i.e. Cabinet, Council etc we could potentially get a total of 15,486 views for the planned schedule of meetings for 2023/24. This needs to be tempered with: the many meetings that have sparked public interest this year. the uncertainty that public interest will be sustained throughout 2023/24. and that the meeting schedule will be deliver the number of meetings expected. A target of 12,500 is a sensible target that is likely to be achieved.
			However, last year the Council just missed the target for this KPI, and at Q3 we are a way off this year's target which may pose a challenge for the target set at 5% increase on 2022/23 outturn.	against digital channels which are continuously being developed. It should be noted that performance is reported cumulatively on a quarterly basis and that performance to date suggests the Council will be close to meeting its targets based on trend data.

			Chairs note it is not considered the right time to review this challenging target. Post pandemic the Council has higher numbers of complex cases and therefore better timing for a full review would be when post pandemic stability has been established.	
S7.18	Cllr Chris Weaver & Cllr Julie Sangani	Resources	Workforce representativeness Given there appears to be no measurement of the difference made by the Council's work on diversity (and that of the Race Equality Taskforce) we recommend you develop a KPI that measures the difference the Council's actions are making on workforce representativeness over time.	Partially Accepted The Corporate Plan makes clear the Council's commitment to ensuring the Council represents and responds to the diversity of Cardiff's communities. Crucial to the success of this approach is ensuring that robust processes for equality monitoring are in place. The Council already published extensive ethnicity data on an annual basis as part of existing practice. To build on this, the Council has also developed a new Management Dashboard which provides each manager with access to a wide range of workforce demographic data, including information on workforce diversity, the number of Welsh speakers and the number of apprenticeships and trainees within the service area. Work will also be undertaken to raise awareness of the city's demographic profile so that managers can critically assess the diversity of their workforce and consider any issues which may impact service delivery. This forms part of a broader programme of work to strengthen workforce planning, which includes

				embedding workforce planning into the corporate Planning and Performance Framework. This means that Directorates will review workforce diversity as part of directorate and corporate planning arrangements, with improved access to workforce data supporting this.
S7.15	Cllr Julie	Performance	Equality Awareness training	Partially accepted
