

APPENDIX B

Scrutiny Annual Report 2022 – 2023: CASSC's indicative 'looking ahead' for 2023-2024

- Examine the work of the council, and local health board, in facilitating hospital patient discharge.
- Explore the accessibility of ethnic minorities access to social care.
- Assess how the council, and partners, are working to keep communities safe and tackle repeat offending of antisocial behaviour.
- Ensure the long-term well-being impacts of Covid-19, are adequately recognised and resourced.
- Assess how the council is responding to the continued increased demand for homeless prevention services.
- Evaluate the council's response to the ongoing recruitment challenges within the care sector.
- Engage with the service area on the development of effective, technology enabled care.
- Review the development of direct payment systems.
- Continue to monitor the progress, and quality, of Cardiff Council's new council houses.
- Explore an individual's pathway toward receiving community mental health support.
- Continue to work closely with the Cardiff & Vale Regional Partnership Board, Regional Safeguarding Board, and local Community Safety Partnership.
