

Cardiff & Vale of Glamorgan Pension Fund – Detailed Audit Plan 2023

Audit year: 2022-23 Date issued: August 2023 Document reference: 3485A2023

This document has been prepared as part of work performed in accordance with statutory functions. Further information can be found in our <u>Statement of Responsibilities</u>.

Audit Wales is the non-statutory collective name for the Auditor General for Wales and the Wales Audit Office, which are separate legal entities each with their own legal functions as described above. Audit Wales is not a legal entity and itself does not have any functions.

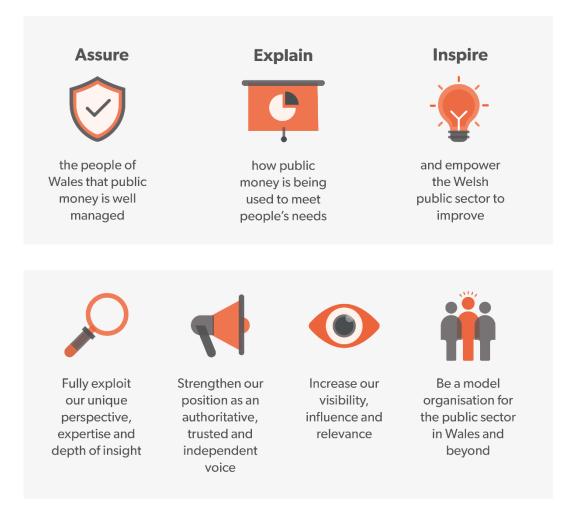

No responsibility is taken by the Auditor General, the staff of the Wales Audit Office or, where applicable, the appointed auditor in relation to any member, director, officer or other employee in their individual capacity, or to any third party.

In the event of receiving a request for information to which this document may be relevant, attention is drawn to the Code of Practice issued under section 45 of the Freedom of Information Act 2000. The section 45 Code sets out the practice in the handling of requests that is expected of public authorities, including consultation with relevant third parties. In relation to this document, the Auditor General for Wales, the Wales Audit Office and, where applicable, the appointed auditor are relevant third parties. Any enquiries regarding disclosure or re-use of this document should be sent to the Wales Audit Office at infoofficer@audit.wales.

We welcome correspondence and telephone calls in Welsh and English. Corresponding in Welsh will not lead to delay. Rydym yn croesawu gohebiaeth a galwadau ffôn yn Gymraeg a Saesneg. Ni fydd gohebu yn Gymraeg yn arwain at oedi.

Introduction

I have now largely completed my planning work.

This Detailed Audit Plan specifies my statutory responsibilities as your external auditor and to fulfil my obligations under the Code of Audit Practice.

It sets out the work my team intends undertaking to address the audit risks identified and other key areas of focus during 2023.

It also sets out my estimated audit fee, details of my audit team and key dates for delivering my audit team's activities and planned outputs.

Adrian Crompton Auditor General for Wales

Audit of financial statements

I am required to certify whether the Cardiff & Vale of Glamorgan Pension Fund financial statements are 'true and fair'. The audit work I undertake to fulfil my responsibilities responds to my assessment of risks. This allows us to develop an audit approach which focuses on addressing specific risks whilst providing assurance for the Pension Fund financial statements as a whole.

I also have responsibility to receive questions and objections to the financial statements from local electors (additional fees will be charged for this work, if necessary).

I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material is set out later in this plan.

I will also report by exception on a number of matters which are set out in more detail in our <u>Statement of Responsibilities</u>.

There have been no limitations imposed on me in planning the scope of this audit

Financial statements materiality

Materiality £26.4 million

My aim is to identify and correct material misstatements, that is, those that might other cause the user of the accounts into being misled.

Materiality is calculated using:

- 2022-23 gross assets of £2,641 million
- Materiality percentage of 1%

I report to those charged with governance any misstatements above a trivial level (set at 5% of materiality).

Areas of specific interest

There are some areas of the accounts that may be of more importance to the user of the accounts and we have set a lower materiality level for these:

- Key management personnel £1,000
- Related party disclosures £10,000 (individuals); £26.4million (other bodies)

Significant financial statements risks

Significant risks are identified risks of material misstatement for which the assessment of inherent risk is close to the upper end of the spectrum of inherent risk or those which are to be treated as a significant risk in accordance with the requirements of other ISAs. The ISAs require us to focus more attention on these significant risks.

Exhibit 1: significant financial statement risks

Significant risk	Our planned response
The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.32-33].	 The audit team will: test the appropriateness of journal entries and other adjustments made in preparing the financial statements; review accounting estimates for bias; and evaluate the rationale for any significant transactions outside the normal course of business.

Other areas of focus

I set out other identified risks of material misstatement which, whilst not determined to be significant risks as above, I would like to bring to your attention.

Exhibit 2: other areas of focus

Audit risk	Our planned response
The fair value of private equity investments cannot be determined using readily observable inputs or measures such as market prices. The year-end valuations for these investments are provided by management based on fund manager reports at Q3 and using forward-looking estimates and judgements and industry guidelines. The Pension Fund holds material assets in this category (£109m in 22-23; £103m in 21-22) and as such, the valuation of these investments represents an audit risk.	 My audit team will: review the estimate methodology applied by management to ensure that it has been calculated on a reasonable basis; confirm the Q3 valuation to fund manager reports; and Seek additional assurance over the valuation basis from control assurance reports.
The Pension Fund discloses the actuarial present value of promised retirement benefits within its Notes to the financial statements. This represents a significant estimate in the financial statements and as such, is identified as an audit risk	 My audit team will: review of the work of the actuary responsible for providing the valuation; assess the accuracy and completeness of the information provided by the Fund to the actuary to estimate the liability; Test the consistency of disclosures with the actuarial report from the actuary; and Confirm the reasonableness of the actuarial assumptions made by reviewing the consulting actuary report.
There have been instances in prior years where the movements in investments have been classified incorrectly between changes in market value and other	My audit team will:

Audit risk	Our planned response
categories of movements such as investment income and sale proceeds. The accounts include material values of changes in market value (£110m in 2022-23 and £150million in 2021-22), and as such, this is identified as an audit risk	 agree investment movements to fund manager reports to ensure the correct classification of movement has been reported.

Financial statements audit timetable

I set out below key dates for delivery of my accounts audit work and planned outputs.

Planned output	Work undertaken	Report finalised
2023 Outline Audit Plan	June 2023	June 2023
2023 Detailed Audit Plan	August 2023	August 2023
 Audit of financial statements work: Audit of Financial Statements Report Opinion on the Financial Statements 	August – October 2023	November 2023

Exhibit 3: key dates for delivery of planned outputs

Statutory audit functions

Statutory audit functions

In addition to the audit of the accounts, I have statutory responsibilities to receive questions and objections to the accounts from local electors. These responsibilities are set out in the Public Audit (Wales) Act 2004:

- Section 30 Inspection of documents and questions at audit; and
- Section 31 Right to make objections at audit.

As this work is reactive, I have made no allowance in the estimated audit fee. If I do receive questions or objections, I will discuss potential audit fees at the time.

Fee and audit team

In January 2023 I published the fee scheme for the 2023-24 year as approved by the Senedd Finance Committee. My fee rates for 2023-24 have increased by 4.8% for inflationary pressures. In addition, my financial audit fee has a further increase of 10.2% for the impact of the revised auditing standard ISA 315 on my financial audit approach. More details of the revised auditing standard and what it means for the audit I undertake is set out in **Appendix 1**.

I estimate your total audit fee will be £43,204 (2022 £37,783)1.

Planning will be ongoing, and changes to my programme of audit work, and therefore my fee, may be required if any key new risks emerge. I shall make no changes without first discussing them with the Pension Fund.

Our financial audit fee is based on the following assumptions:

- The agreed audit deliverables sets out the expected working paper requirements to support the financial statements and includes timescales and responsibilities.
- No matters of significance, other than as summarised in this plan, are identified during the audit.

The main members of my team, together with their contact details, are summarised in **Exhibit 4**.

Exhibit 4: my local audit team

Name	Role	E-mail address
Richard Harries	Engagement Director	Richard.harries@audit.wales
Julie Rees	Audit Manager	Julie.rees@audit.wales
Steve Stark	Audit Lead	Steve.stark@audit.wales

I can confirm that my team members are all independent of Cardiff & Vale of Glamorgan Pension fund and your officers.

¹ The audit fee is exclusive of VAT, which is not charged to you.

Audit quality

Our commitment to audit quality in Audit Wales is absolute. We believe that audit quality is about getting things right first time.

We use a three lines of assurance model to demonstrate how we achieve this. We have established an Audit Quality Committee to co-ordinate and oversee those arrangements. We subject our work to independent scrutiny by QAD* and our Chair, acts as a link to our Board on audit quality. For more information see our <u>Audit Quality Report 2022.</u>

Our People

The first line of assurance is formed by our staff and management who are individually and collectively responsible for achieving the standards of audit quality to which we aspire.

- Selection of right team
- Use of specialists
- Supervisions and review

Arrangements for achieving audit quality

The second line of assurance is formed by the policies, tools, learning & development, guidance, and leadership we provide to our staff to support them in achieving those standards of audit quality.

- · Audit platform
- Ethics
- Guidance
- Culture
- · Learning and development
- Leadership
- Technical support

Independent assurance

The third line of assurance is formed by those activities that provide independent assurance over the effectiveness of the first two lines of assurance.

- EQCRs
- Themed reviews
- Cold reviews
- Root cause analysis
- Peer review
- Audit Quality Committee
- · External monitoring

* QAD is the quality monitoring arm of ICAEW.

Appendix 1

The key changes to ISA315 and the potential impact on your organisation

Key change	Potential impact on your organisation
More detailed and extensive risk identification and assessment procedures	 Your finance team and others in your organisation may receive a greater number of enquiries from our audit teams at the planning stage of the audit. Requests for information may include: information on your organisation's business model and how it integrates the use of information technology (IT); information about your organisation's risk assessment process and how your organisation monitors the system of internal control; more detailed information on how transactions are initiated, recorded, processed, and reported. This may include access to supporting documentation such as policy and procedure manuals; and more detailed discussions with your organisation to support the audit team's assessment of inherent risk.
Obtaining an enhanced understanding of your organisation's environment, particularly in relation to IT	 Your organisation may receive more enquiries to assist the audit team in understanding the IT environment. This may include information on: IT applications relevant to financial reporting; the supporting IT infrastructure (e.g. the network, databases); IT processes (e.g. managing program changes, IT operations); and the IT personnel involved in the IT processes. Audit teams may need to test the general IT controls and this may require obtaining more detailed audit evidence on the operation of IT controls within your organisation. On some audits, our audit teams may involve IT audit specialists to assist with their work. Our IT auditors may need to engage with members of your IT team who have not previously been involved in the audit process.

Key change	Potential impact on your organisation
Enhanced requirements relating to exercising professional scepticism	Our audit teams may make additional inquiries if they identify information which appears to contradict what they have already learned in the audit.
Risk assessments are scalable depending on the nature and complexity of the audited body	The audit team's expectations regarding the formality of your organisation's policies, procedures, processes, and systems will depend on the complexity of your organisation.
Audit teams may make greater use of technology in the performance of their audit	Our audit teams may make use of automated tools and techniques such as data analytics when performing their audit. Our teams may request different information or information in a different format from previous audits so that they can perform their audit procedures.

Through our Good Practice work we share emerging practice and insights from our audit work in support of our objectives to assure, to explain and to inspire. Our newsletter provides you with regular updates on our public service audit work, good practice and events, which can be tailored to your preferences.
