Into Work Advice Service

Providing community based support to individuals looking to upskill or find employment

“Great to have Adult Learning Courses back running in the school; lots of our parents have lacked in confidence but have gone on to secure work or back to full time education. It’s lovely to see them blossom and has really helped with the relationship!”

“The services in the school are invaluable; the classes are so important for helping our parents socialise and increase confidence as many of them are new to the school and often this is the only place they visit apart from their own home.”

Council's Student Support Service

Work with:

- CV/Cover Letter Writing
- Job Search
- Universal Credit Support
- Skills Training
- Employability Projects
- Funding for DBS and Qualifications*

*subject to eligibility
